

Catalog Home

Welcome to the Xavier University Catalog

The *Xavier University Undergraduate and Graduate Catalog* is the official source of the university's academic programs, policies, and procedures. It is published annually by the Office of the Registrar. The 2022-2023 edition includes academic and programmatic requirements for students entering the university during the fall 2022, spring 2023, and summer 2023 semesters. Although every effort is made to ensure the accuracy and currency of its contents, this catalog is not intended to state contractual terms and should not be regarded as a contract between the student and the institution.

Accessing Current Course Information

To access course information, click on the Course Descriptions link in the left-hand navigation. Please be aware that the course offerings at Xavier University are continually under examination and revision. To locate the most current course prerequisites, co-requisites, registration restrictions, as well as times and locations for courses offered, please visit one of the following:

A Message from the President

Greetings!

As I approach my first anniversary as Xavier University's 35th President, allow me to welcome you to this remarkable community. Xavier is a comprehensive university offering a full range of undergraduate and graduate degree programs and, as a Jesuit Catholic university rooted in the liberal arts tradition, we embrace our mission of educating each student intellectually, morally and spiritually. We create distinctive learning opportunities through rigorous academic and professional programs integrated with co-curricular engagement.

At Xavier, we provide countless opportunities in and beyond the classroom for academic and community service learning. Our outreach programs enhance and complete the educational experience through an inclusive environment of open and free inquiry, used to prepare students for a world that is diverse, connected and increasingly complex. Driven by our commitment to the common good and to the education of the whole person, the Xavier community challenges and supports students as they cultivate lives of reflection, compassion and informed action.

At Xavier, students are welcomed into a deeply personal community that encourages them to develop skills in order to become successful and achieve their goals. Our students are prepared to embrace lives of success and service after they graduate, always in pursuit of the greater good.

We are also proud to serve as an educational and cultural resource for the communities that border our campus, the City of Cincinnati and, indeed, for the broader world into which our students venture to continue their journeys. I am confident that, as you learn more about this unique community at Xavier University, you will find a place in which to continue your journey.

All the best,

Colleen M. Hanycz, Ph.D.

President

Mission and History

University Mission Statement

Xavier is a Jesuit Catholic university rooted in the liberal arts tradition. Our mission is to educate each student intellectually, morally, and spiritually. We create learning opportunities through rigorous academic and professional programs integrated with co-curricular engagement. In an inclusive environment of open and free inquiry, we prepare students for a world that is increasingly diverse, complex and interdependent. Driven by our commitment to educating the whole person, promoting the common good, and serving others, the Xavier community challenges and supports all our members as we cultivate lives of reflection, compassion and informed action.

University Vision Statement

Xavier men and women become people of learning and reflection, integrity and achievement, in solidarity for and with others.

Xavier Student Commitment

We are Xavier Musketeers.
We are unique individuals who come together in the spirit of St. Ignatius,
To learn together, to serve together
And we will succeed in changing the world together.
We act with integrity, justice and generosity.
All for one and one for all.

History

Xavier University was established in 1831 when the first bishop of Cincinnati, Edward Fenwick, raised a two-story building near the cathedral in downtown Cincinnati and opened its doors to educate seminarians and other young men in the Ohio area. This institute of arts and sciences was the first Catholic institution of higher learning in the Northwest Territory. The original name of the college was The Athenaeum, but it was dedicated from the beginning to the patronage of St. Francis Xavier.

At first, the college was administered by the bishop and his diocesan priests, but as it grew, it began to require professional academic leadership. In 1840, John Roothaan, the Jesuit Superior General, responded to the request of Fenwick's successor, Bishop John Purcell, and appointed three Jesuit priests, two brothers and two scholastics, to assume leadership of the college. Its name was changed to St. Xavier College in honor of the Jesuit educator under whose patronage the college was originally placed.

It was during these first few years as a Jesuit institution that Xavier began to take on the unique character and special role that it fulfills today. For example, a mercantile program was added to the curriculum in 1840 because the Jesuit educators recognized the need to supplement the traditional humanities education with a sound business program. Today, the University is recognized for its development of the Williams College of Business, which together with the other academic colleges - the College of Arts and Sciences and the College of Professional Sciences - provide students with a broad-based learning experience.

In 1841, Xavier offered its first night courses, beginning a tradition of serving the unique needs and schedules of professionals in the Cincinnati community, a tradition it proudly continues today.

St. Xavier College moved to its present location in the geographic center of the city in 1919, when its growth and development called for new and larger facilities. To reflect that growth and development, the name was changed to Xavier University in 1930. Since that time, the University has become coeducational (1969) and has implemented a host of new academic programs, faculties, community projects and student services.

A historical development at Xavier was the addition on July 1, 1980, of a second campus and a fourth undergraduate college, Edgecliff College. Founded in 1935 by the Sisters of Mercy as a women's liberal arts college, Edgecliff brought with it 45 years of dedication and academic excellence. In 1985, the Edgecliff campus was sold, and all programs were moved to the main campus. In 1999, Alumni Hall was renovated and renamed Edgecliff Hall to bring to campus a physical presence of the legacy of Edgecliff College.

The campus grew in the 1980s with donations of property by the U.S. Shoe Corporation in 1982 and the Rainbo Baking Company in 1986 (including an 84,000-square-foot building) that increased Xavier's total campus acreage to 80 acres.

Other expansions included Xavier Village, a 56-unit student apartment complex constructed on 5.6 acres of property purchased from Peggy Becker Jackson in May 1988, and the Link complex, three acres received through a charitable trust from Joseph Link Jr. on Jan. 2, 1989. These additions brought Xavier's total area to 89 acres.

On April 21, 1991, James E. Hoff, S.J., was inaugurated as Xavier's 33rd president. Under Hoff's leadership, the University experienced a remarkable growth spurt. The addition of the Lindner Family Physics Building (1991) and the closing of a portion of Ledgewood Avenue in 1993 were followed by the creation of the residential and academic malls in the mid-1990's. The restoration of Hinkle, Schmidt and Edgecliff (formerly Alumni) halls, Bellarmine Chapel, and the construction of the Cintas Center and student recreation park soon followed. Academically, Hoff brought about some substantial changes, including the creation of the academic service-learning semesters, the Brueggeman Center for Dialogue, the doctoral program in psychology - Xavier's first doctoral-level course of study and the second PsyD program in Ohio - and the Weekend Degree Program. He also created the National Alumni Association.

In the fall of 2001, Michael J. Graham, S.J., was inaugurated as Xavier's 34th president, continuing the pattern of growth and prosperity, with particular focus on academics. A new academic vision statement helped drive Xavier to a significant increase in national recognition for its academics. A third honors program was added. The Conaton Learning Commons was constructed with 21st-century teaching and learning styles in mind. The addition of Smith Hall helped make the Williams College of Business one of the nation's most dynamic business schools by any measure. And a new four-dorm residence hall and dining complex named Fenwick Place was built to accommodate the growing demand for enrollment in the University. In 2006, Xavier celebrated its 175th anniversary, and Xavier's growth since its founding reflects its origins as a teaching institution that soundly prepares students for careers, graduate study or both. A Xavier education, particularly at the undergraduate level, is marked by an emphasis on liberal arts learning contained in Xavier's core curriculum. Equally important in the Xavier tradition is the synthesis of human, cultural and ethical values, concern and respect for all people, and an appreciation of the worth and dignity of the self and others.

A continued emphasis was also placed on Xavier's Jesuit heritage with the creation of the Center for Mission and Identity, which includes the Conway Institute for Jesuit Education, Ignatian programs and an online Jesuit resource service. The Dorothy Day Center for Faith and Justice and the Center for Interfaith Community Engagement were created to challenge and support students as they deepen their spiritual lives.

In the fall of 2021, Dr. Colleen Hanycz., will be inaugurated as Xavier's 35th president

Jesuit Education

Xavier University offers its students the advantages of a quality liberal education, which has always been the center of a Jesuit university. Such an education enables the student to put personal academic goals in the context of the diverse achievements of civilization and the vast potential of the human person. Jesuit and Catholic education presumes that the truth about the world and humankind, discovered through human reason, cannot ultimately conflict with the truth of faith, since the two have a common origin in God. Indeed, the continuing dialogue between religious tradition and developing human wisdom is of primary importance in the search for ultimate truth.

The goal of a Jesuit and Catholic education is integration of the intellectual dimension of learning and the spiritual experience of the student, along with the development of a strong system of personal moral values. Such an education strives for the formation of the student's mind and heart into a habit of reaching out to the needs of today's and tomorrow's global society and, in the process, of reaching out to God.

The institution is committed to making available a rigorous academic learning environment, which educates each student intellectually, morally and spiritually.

Xavier at a Glance

Location: On 189 acres in a residential section of Cincinnati, Ohio, which was ranked by Money magazine as the fifth best place to live in the Midwest, and is home to 13 Fortune 1000 companies and two professional sports teams. The city is known for its neighborhoods, parks, cultural activities, zoo, amusement parks, and seasonal events and festivals along the Ohio River.

Affiliation: Founded in 1831, Xavier University is a private, coeducational university. It is third largest independent institution in Ohio. It is the fourth oldest of the 27 Jesuit institutions of higher education in the United States, the sixth oldest Catholic university in the nation, and the first Catholic institution of higher education in the Northwest Territory.

National Honors: Xavier has been ranked among the top 10 for 17 consecutive years by *U.S. News & World Report*. Xavier is ranked among the nation's best colleges and universities by *The Princeton Review* and is on *Forbes.com's* list of America's best colleges.

Curriculum: Xavier offers 85 undergraduate areas of study from which to choose in the College of Arts and Sciences, the College of Professional Sciences, and the Williams College of Business. Undergraduate minors are offered in 66 areas of study. In addition, Xavier offers comprehensive preparation for admission to professional schools in the areas of medicine, dentistry, veterinary, optometry, pharmacy, and law. Graduate programs are offered in 34 areas, including a doctorate in psychology and a doctorate of education in Leadership Studies. Xavier also offers several certificate programs.

Enrollment: Approximately 6,800 students with about 4,650 undergraduates, and 2,150 graduate students. More than 89 percent of the freshman and sophomore students live on campus. Of the full-time undergraduates, 46 percent are men and 54 percent are women. Students come here from 48 states and 47 countries.

Typical Freshman Profile: The middle 50 percent of new students at Xavier have High School GPAs between 3.2 and 3.9; ACT composites from 22 to 28; SAT composites from 1070 to 1240. More than 80 percent rank in the top half of their high school class. Approximately 91 percent live on campus in our modern residential facilities. The average freshman retention rate is 84 percent.

Faculty: Xavier has 352 full-time faculty and 393 part-time faculty. The student-faculty ratio is 12:1.

Activities: Students choose from approximately 150 different academic clubs and social organizations. Some of those organizations include student government association, student activities council, jazz and pep bands, choir, campus ministry, academic clubs, and intramurals.

Athletics: Division I in all 16 varsity sports and a member of the prestigious Big East Conference. Sports include men's and women's basketball, cross country, golf, soccer, swimming, tennis, track, men's baseball and women's volleyball. A few of the club sports offered include boxing, crew, gymnastics, ice hockey, lacrosse, ultimate Frisbee, triathlon, rugby, soccer, volleyball, tennis and fencing. Intramural programs are available in 12 sports including basketball, racquetball, volleyball, floor hockey, soccer, and softball.

Scholarship Opportunities: Academic scholarships, which are competitive and renewable for four years, are offered in five categories. Departmental, alumni, athletic, performing and visual arts, multicultural, and other scholarships are also available.

Accreditation and Memberships

[Return to About the University](#)

Accreditation

Xavier University is accredited by the Higher Learning Commission. Xavier has been continuously accredited by the Commission since 1935. The Commission may be contacted via their website at <https://www.hlcommission.org/>, by mail at 30 N. LaSalle Street, Suite 2400, Chicago, Illinois 60602-2504, or by phone 1-800-621-7440.

Xavier University is also accredited by the Ohio Department of Higher Education as a degree-granting institution, and is approved by Department of Education of the State of Ohio for teacher certification, and counseling.

Program Accreditations

- The Athletic Training Education program is accredited by the Commission on Accreditation of Athletic Training Education (CAATE).
- The Chemistry program is recognized by the American Chemical Society (ACS) for its training in chemistry.
- The Bachelor of Science program in Computer Science with Concentration in Cybersecurity has been validated by the National Security Agency as a Center of Academic Excellence in Cybersecurity
- The College of Nursing's Bachelor of Science degree (BSN), Accelerated Bachelor of Science degree in Nursing (ABSN) and the Masters of Science in Nursing: Direct entry as a second degree (MIDAS) are fully approved by the Ohio Board of Nursing.
- The baccalaureate degree program in nursing, master's degree program in nursing, the doctor of nursing practice and the post graduate APRN certificates programs of Xavier University are accredited by the Commission on Collegiate Nursing Education (<http://www.ccnaccreditation.org>)
- The BSN, ABSN, MSN, FNP and MIDAS programs are endorsed by the American Holistic Nurses Credentialing Corporation
- Xavier is accredited by the Council on Social Work Education (CSWE) for its baccalaureate social work program
- Xavier's Master of Occupational Therapy program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA).
- Xavier's Doctor of Occupational Therapy program has Candidacy Status as granted by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA).
- The Montessori program is affiliated with the American Montessori Society (AMS) and is accredited by the Montessori Accreditation Council for Teacher Education (MACTE).
- The Master of Arts Program in School Counseling and the Master of Arts Program in Community Mental Health Counseling are accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP).
- Programs in the School of Education are accredited by the Council for the Accreditation of Educator Preparation (CAEP).
- The graduate program in Health Services Administration is accredited by the Commission on the Accreditation of Health Management Education (CAHME).
- The undergraduate BSHSA Program is certified by the Association of University Programs in Health Administration (AUPHA).
- The English as a Second Language Program is accredited by The Commission on English Language Program Accreditation (CEA).
- The Williams College of Business is accredited by the Association to Advance Collegiate Schools of Business International (AACSB International).
- The Department of Music is accredited by the National Association of Schools of Music (NASM).
- The doctoral program in clinical psychology is accredited by the APA Office of Program Consultation and Accreditation, 750 First Street, NE; Washington DC 20002-4242, Phone 202 336-5979.

Assessment

Xavier University has demonstrated its commitment to excellence by instituting an assessment program that includes all aspects of the University and is ongoing. The goal of this program is the continual improvement of the educational experience at Xavier. The involvement of every member of the Xavier community-faculty, staff and students-is necessary to ensure that the assessment program is a success.

Institutional Memberships

The University maintains memberships in these educational and learned organizations:

Academy of Criminal Justice Sciences; Academy of Management; Academy of Political Science; American Academy of Political and Social Science; American Academy of Religion; American Accounting Association; American Art Therapy Association; American Association for State and Local History; American Association of Colleges of Nursing; American Association of Collegiate Registrars and Admissions Officers; American Association of School Administrators; American Association of University Professors; American Association for Employment in Education; American Catholic Philosophical Association; American College Personnel Association; American Correctional Association; American Council on Consumer Interests; American College and University President's Climate Commitment; American Council on Education; American Council on Teaching of Foreign Languages; American Economic Society; American Film Institute; American Finance Association; American Historical Association; American Library Association; American Management Association; American Marketing Association; American Mathematical Society; American Montessori Society; American Psychological Association; American Occupational Therapy Association; American Philological Association; American Political Science Association; American Production and Inventory Control Society; American Society for Training and Development; American Society of Composers, Authors, and Publishers; Association for Communication Administration; Association for Computer Machinery; Association for Continuing Higher Education; Association for Quality and

Productivity; Association for Women in Mathematics; Association of American Colleges and Universities; Association of Catholic Colleges & Universities; Association of College Unions-International; Association of Departments of English; United States Green Building Coalition.

Honor Societies and Professional Fraternities

- *Alpha Epsilon Delta* The Ohio Kappa Chapter of Alpha Epsilon Delta was installed at Xavier University in April of 2001. AED is the national honor society for students preparing for careers in health professions. The mission of the society is to encourage excellence in pre-health professions scholarship, and to benefit health organizations, charities and the community. Members are chosen in recognition of their commitment to health care professions, academic scholarship and service.
- *Alpha Sigma Nu* A chapter of this national honor fraternity for students of Jesuit colleges and universities was established at Xavier in 1939. Candidates for membership, chosen during their junior or senior year or from the graduate programs, must be outstanding in scholarship, in loyalty, and in service to the university.
- *Chi Sigma Iota* The Xavier University Sigma Seta Chi chapter of Chi Sigma Iota is an international honor society open to professional counselors and counselors in training. Its mission is to promote scholarship, research, professionalism and leadership in the counseling field.
- *Beta Gamma Sigma* is the international honor society serving business programs accredited by AACSB International -The Association to Advance Collegiate Schools of Business. Membership in Beta Gamma Sigma is the highest recognition a business student anywhere in the world can receive in a business program accredited by AACSB International.
- *Delta Sigma Pi* The Theta Lambda Chapter of the International Fraternity of Delta Sigma Pi, a professional business fraternity, promotes academic achievement, leadership, and a closer affiliation between the business world and business students.
- *Mortar Board* The D'Artagnan Chapter of Mortar Board was installed at Xavier in the spring of 1994. Mortar Board, founded in 1918 as the first national honor society for senior college women, is now a coeducational senior honor society which promotes equal opportunities among all people and emphasizes the advancement of the status of women. Members are chosen in recognition of their leadership, scholarship, and service.
- *Omicron Delta Epsilon* ODE is the international honors society in economics, with 535 chapters. The Xavier University chapter was founded in 1970. Among the objectives of ODE are recognition of scholastic attainment, the honoring of outstanding achievements in economics, and the establishment of closer ties between students and faculty in economics within the college and with other universities.
- *Phi Alpha Theta* Kappa Nu Chapter of the international honor society of history is open to history students (whether majors or not) who have distinguished themselves academically.
- *Phi Beta Kappa* celebrates and advocates excellence in the liberal arts and sciences. Founded in 1776, it is the nation's oldest academic honor society and has more than 500,000 members with 276 chapters nationwide. Its campus chapters invite for induction the most outstanding arts and sciences students at America's leading colleges and universities.
- *Pi Delta Phi* The purpose of this society is to recognize outstanding scholarship in the French language and its literature. To increase the knowledge and appreciation of Americans for the cultural contributions of the French-speaking world.
- *Psi Chi* is the national honorary society that recognizes academic achievement by psychology majors. The Psi Chi chapter at Xavier is a member of the national Psi Chi society. Membership in the society is recognized throughout the profession of psychology as a mark of distinction.
- *Sigma Delta Pi's* purpose is to honor those who attain excellence in the study of the Spanish language and in the study of the literature and culture of the Spanish-speaking peoples.
- *Sigma Pi Sigma* The Xavier University chapter of Sigma Pi Sigma, national physics honor society, honors students having high scholarship and promise of achievement in physics, promotes their interest in research, encourages professional spirit and friendship among physics students, and popularizes interest in physics.

- *Sigma*: a global honor society for nurses .

The Seal of Xavier University

The seal of Xavier University reflects the Jesuit order and the life of St. Xavier. The five vertical stripes suggest the coat of arms of the Xavier family. A right arm wearing the Jesuit robe holds aloft a cross signifies Xavier's preaching and missionary works. The three seashells denote his three journeys into Asia. Above the shield is the Jesuit seal, IHS, the first three letters of the name Jesus in Greek. Below is the Jesuit motto, A.M.D.G. [*Ad Majorem Dei Gloriam*], which translates "to the Greater Glory of God," and *Vidit Mirabilia Magna*, a phrase from the Roman Breviary applied to St. Francis Xavier which translates "He has seen great wonders."

Vision Statement

Xavier men and women become people of learning and reflection, integrity and achievement, in solidarity for and with others.

The Xavier Student Commitment
We are Xavier Musketeers.
We are unique individuals who come together in the spirit of St. Ignatius,
to learn together, to serve together
and we will succeed in changing the world together.
We act with integrity, justice and generosity.
All for one and one for all.

Academic Calendar

Fall Semester 2022

Date	Event
August 22	Full Term Classes begin
August 28	Last day for late registration or changes in registration for full-term classes.
September 5	Labor Day Holiday. University Closed.
September 13	Mass of the Holy Spirit. No Classes 11:30 AM-1:00 PM. Clinicals, practicums, student teaching, and internships may still meet in-person during this time.
September 16	Deadline to submit Application for Graduation for Fall 2022 graduation.
October 6 & October 7	Fall Break , no classes except evening once-a-week lecture classes. Please check your class syllabus. Offices are open.
November 8	Election Day Holiday. No classes, except clinicals, practicums, student teaching, internships, and once-a-week labs may still meet. Please check your class syllabus. Offices are open.
November 22	Final day for withdrawal from full-term classes for Undergraduate students.
November 23 - 27	Thanksgiving Holiday , Classes do not meet.
November 24 - 27	Thanksgiving Holiday: University Closed
December 9	Last day of full-term classes. Final day for withdrawal from full-term classes for Graduate students.
December 10 - 11	Study Weekend.
December 12 - 16	Final Examination.
December 16	Last day of Fall Semester. Official Fall 2022 graduation date.
December 20	Final grades due.

Spring Semester 2023

Date	Event
January 9	Full-term classes begin
January 15	Last day for late registration or changes in registration for full-term classes.
January 16	Martin Luther King Jr. Holiday , University closed.
January 20	Deadline to submit Application for Graduation for Spring 2023 graduation.
March 6 - 10	Spring Break. No classes March 6-10.
April 6 - 10	Easter Holiday . No Classes April 6 - 10, with the exception of Monday once-a-week classes which meet after 4 PM on April 10. University closes on 3 PM on April 6 and reopens at 4 PM on April 10.
April 11	Final day for withdrawal from full-term classes for Undergraduate students.
April 29 - 30	Study Weekend
May 1 - 5	Final Examinations
May 5	Last day of Spring Semester. Official Spring 2023 graduation date.
May 9	Final Grades Due
May 13	Commencement

Summer Semester 2023

Date	Event
May 15	Summer sessions begin.
May 27	Deadline to submit Application for Graduation for Summer 2023 graduation.
May 29	Memorial Day Holiday , University closed
June 19	Juneteenth Holiday , University closed.
June 27	1st Session final grades due.
July 4	Independence Day , University closed.
August 4	Official Summer 2023 graduation date.
August 8	2nd Session final grades due.

The University reserves the right to change these dates as deemed necessary.

Admission to the University

- Undergraduate Admission
- Graduate Admission

Undergraduate Admission

<http://www.xavier.edu/admission>

Email address: Undergraduate Students xuadmit@xavier.edu

Xavier University seeks to enroll students who are prepared to be successful academically and to contribute positively to the Xavier community as a whole. With this general guideline in mind, the admitting offices individually evaluate each applicant and the complete set of credentials submitted for consideration.

Admission Process for Freshmen

Xavier has a rolling admission process. Students may submit applications beginning in late summer (before the senior year) for fall or spring semester admission. Decisions will be mailed beginning in October and will continue on a rolling basis within three to four weeks of receiving all required application materials. Decisions are typically made based upon grades earned through the junior year as well as other criteria including the essay, activities and community involvement, guidance counselor

recommendation, and ACT or SAT scores (when submitted for review).

For deadlines and up to date admission information, please visit the Undergraduate Admission Office website at <http://www.xavier.edu/undergraduate-admission> or contact the office toll free at 877.982.3648.

Application Procedures

Students who wish to apply for undergraduate admission must do the following (note specific sections below dedicated to adult, transfer, and international applicants):

1. Submit one of the following admission applications, including all required credentials and documentation:
 - a. The Xavier University electronic application (no fee) at <https://www.xavier.edu/apply/>.
 - b. The Common Application online (no fee) at www.commonapp.org.
2. Request that the high school (and any post-secondary institutions attended) forward directly to the Office of Admission a complete, official transcript of the academic record (in English).
3. Arrange for official results of the Scholastic Assessment Test (SAT: Xavier's CEEB Code is 1965) and/or the American College Test (ACT: Xavier's ACT Code is 003366) to be forwarded directly to the Office of Admission. Results from the SAT and/or ACT may also be submitted on an official high school transcript. Most applicants may elect to be reviewed for admission without standardized test scores. Reference additional details at www.xavier.edu/test-optional.
4. Submit an essay of no fewer than 250 and no more than 500 words. The essay can be any sample of your original writing (e.g. a high school paper).
5. Request that your high school counselor complete the Xavier Counselor Recommendation form and/or submit a letter of recommendation on your behalf. A teacher recommendation may also be submitted.
6. Any additional supportive documents required by the student's major of interest. More information available at <http://www.xavier.edu/undergraduate-admission/admission-process/>.
7. Applicants must have earned a high school diploma or its equivalent at the time of enrollment and submit final, official transcripts affirming diploma and graduation date

Once admitted, and deposited, students must:

1. Purchase the Xavier-sponsored student health insurance plan or provide proof of other current, comparable coverage. All full-time students, regardless of age, must follow this requirement each academic year.
2. Present proof of either two MMR immunizations or immunity via measles, mumps rubella titer. International students may be required to have a TB test as determined by recommendation of the Health Services staff physician and based on Center for Disease Control guidelines. Present proof of meningitis vaccination received on or after the sixteenth birthday.

Further information will be sent to admitted students. Credentials submitted for admission consideration become the property of the University. All credentials should be on file by the appropriate deadline or at least one month before the first day of classes for desired semester of entrance. Please contact the Office of Admission for deadline information.

Those offered admission to Xavier are held accountable for inappropriate behavior both on-campus and off-campus and there are consequences to unwise decisions and choices. Those consequences may include revocation of the offer of admission. Any falsification of information on the application, transcripts, recommendations (where required), or test scores will be sufficient cause for disqualification for admission and/or scholarships, or dismissal from the University if the individual has enrolled. All tuition and fees paid and credit earned are forfeited under such dismissal.

Freshman Class Admission

Factors considered in making admission decisions for the freshman class include, but are not limited to, the following: the candidate's previous academic performance at the secondary school level, including the rigor of the curriculum pursued and the overall grade-point average achieved; results from either the ACT or SAT exams (when submitted for review); the candidate's rank in class (when available); the candidate's application essay; letters of recommendation, particularly from the candidate's guidance/college counselor; the candidate's extracurricular profile; life or work experiences (adult students); and any other factors which help to determine the candidate's potential for academic success.

Students who are offered admission must graduate from high school or, in some cases, present minimum results from the G.E.D. Home-schooled and transfer students are also evaluated on an individual basis. Each candidate is given a thorough, individual evaluation. The following secondary school course of study is recommended:

English	4 units
Foreign Language	2 units
Health/Physical Education	1 unit
Mathematics	3 units
Physical/Natural Sciences	3 units
Social Sciences	3 units
Electives	5+ units
TOTAL	<hr/> 21 units

Transfer Student Admission

<https://www.xavier.edu/transfer-admission/index>

Xavier University welcomes students who have earned college credits after graduating from high school.

Transfer students must forward to the Office of Admission complete and official transcripts from all post-secondary institutions attended and a listing of all courses which may be in progress and their corresponding credit hours. Please note, however, students who transfer to Xavier with 12 or more credit hours are not required to submit results of the ACT or SAT tests. The high school transcript is required.

All unmarried traditional-aged freshman and sophomore students (including transfer students) not residing with their legal guardian, or whose home addresses are located beyond a 35 mile radius from Xavier, are expected to reside on campus. Requests for exceptions to this regulation must be submitted in writing to the Director of Residence Life.

For information on acceptance of transfer credit, see the section on "[Transfer Credit Policies](#)."

Transfer Students Who Have Been Dismissed from Another Institution

If you have been dismissed from your home institution, Xavier University will honor the sanction that is part of your dismissal. The duration of your dismissal holds true at Xavier University. If you are eligible to return to your home institution in one term or one year, we will review your application for the equivalent term following the completion of your sanction.

International Student Admission

<http://www.xavier.edu/international-admission/>

Email: xuadmit@xavier.edu

To be considered for admission to Xavier University, international students must submit the following documents:

1. The Xavier Application for Admission at <https://www.xavier.edu/apply/> or the Common Application online at www.commonapp.org.
2. An English translation of a current secondary school (high school) degree or the diploma/certificate of the highest academic degree earned.
3. Evidence of English language proficiency demonstrated by
 - a. A TOEFL (Test of English as a Foreign Language) test score of 550 on the paper based test, or
 - b. 79 on the IBT for undergraduates, or
 - c. 6.5 on the IELTS test
 - d. PTE: 55
 - e. MELAB: 75
 - f. Step-Eiken: Grade Pre-1 (Japanese Students Only)

4. For transfers, an official transcript from each college or university attended is required. All transcripts must contain an official signature and institutional seal. Credit is granted from international schools that are recognized by the Ministry of Education in that country.

Once a student has been admitted, they must submit the following financial documentation to be issued a Form I-20.

1. An affidavit of payment of all expenses, educational and personal, signed by the person (sponsor) who will be responsible for the expenses. The affidavit must be signed in the presence of an official or notary public and must be a raised seal.
2. Official supporting statement from a bank stating that the sponsor is able to meet the required expenses should be signed and certified with a raised seal.
3. The photo page of the student's passport.

All documents must be received by the Office of Admission before a Form I-20 will be issued. International students who have been admitted to the University must meet the University's campus housing requirement.

Prior to the start of classes, students must submit an immunization record and medical history. International students may be required to have a TB test or other medical testing as determined by the Medical Director. International students must also present proof of health insurance equivalent to what is offered through Xavier University. All students will be required to present proof of health insurance or purchase health insurance through Xavier University each academic year. Students with F1 or J1 visa types cannot waive the Xavier health insurance.

High School Equivalence (G.E.D.) Admission

The G.E.D. (General Educational Development) examination is recognized in certain individual cases as a replacement for the high school diploma. Applicants should have copies of their scores and of the certificate forwarded directly to the Office of Admission. Candidates for admission who have taken the G.E.D. must complete an application for admission.

Home-Schooled Admission

Home-schooled students are recognized by the Office of Admission as eligible candidates for admission. Students who are home-schooled must submit an application for admission, a letter of recommendation from an outside source (not your home schooled educator), the appropriate documentation **from state and/or national home schooling accrediting agencies**, official transcripts, and scores of the ACT or SAT. More information is available at <https://www.xavier.edu/undergraduate-admission/admission-process/home-school-students>

A Home-schooled transcript must include:

1. Student's name and address
2. A full listing of courses and grades
3. Graduation date
4. Signature of parent/guardian/home-school educator

Provisional Admission

Provisional admission may be granted by the Dean of Admission to a student who has been unable to complete arrangements for admission before registration dates. If the student fails to complete arrangements for formal admission within one month of the first day of class, the student's admission and registration will be canceled. Tuition paid will be refunded, but no fees can be refunded. Room and board charges will be prorated.

Enrollment Options for Current High School Students

Xavier University offers academically talented high school students the opportunity to apply and enroll as non-degree students in undergraduate courses on a space available basis. The non-degree application can be found at <https://admissions.xavier.edu/apply/>

Summer Junior Program

Offered to high school students who have completed their junior year and who have a grade point average of at least a "B." Accepted students may take one course from selected offerings during the regular summer sessions at a nominal tuition charge. See <https://www.xavier.edu/adult-and-professional/index> for more information.

Admission Process for Adult Students

In general, an adult student is someone aged 24 years or older. Learn more and complete free on-line application at <https://www.xavier.edu/adult-and-professional/index> The following steps are required for admission:

1. Essay 250 - 500 word essay included with application submission.
2. Request High school transcripts and/or G.E.D. test scores to be sent to admission office..
3. An official transcript for each previously attended college or university.

An interview and/or letter of recommendation may be requested.

A credential submitted for admission consideration becomes the property of the University. All credentials should be on file by the appropriate deadline.

Any falsification of information on the application or transcripts will be sufficient cause for disqualification for admission or dismissal from the University if the individual has enrolled. All tuition and fees paid and credit earned are forfeited under such dismissal.

Factors considered in making admission decisions for non-traditional students and adult students include, but are not limited to, the following: the candidate's previous academic performance at the secondary school and/or college level, including the rigor of the curriculum pursued and the overall grade-point average achieved; results from

either the ACT or SAT I exams if available; the candidate's rank in class (when available); life or work experiences; and any other factors which help to determine the candidate's potential for academic success.

Non-Degree Student Admission

Students who do not wish to pursue a degree but wish to take undergraduate courses at Xavier may be admitted through the Admissions Office. The application for non-degree admission can be located at <https://www.xavier.edu/adult-and-professional/index>. There is no application fee, and transcripts do not have to be submitted. Non-degree students who wish to change to degree-seeking status at Xavier must follow the appropriate admission process.

Transfer Credit Policies

Any student who has successfully completed college-level course work at another institution of higher education must arrange to have an official transcript sent directly from each college/university attended to Xavier's Office of Admission.

Credit will be accepted for all college-level academic courses (except co-op and life experience) in which a grade of "C" or better has been earned at institutions of higher education that are accredited by one of the accrediting associations listed below:

- Accrediting Commission for Community and Junior Colleges (ACCJC) Western Association of Schools and Colleges
- Higher Learning Commission (HLC)
- Middle States Commission on Higher Education (MSCHE)
- New England Commission of Higher Education (NECHE)
- Northwest Commission on Colleges and Universities (NWCCU)
- Southern Association of Colleges and Schools Commission on Colleges (SACSCOC)
- WASC Senior College and University Commission (WSCUC)

Xavier's undergraduate colleges will accept course work successfully completed within the last ten years; credit over ten years old will not be accepted if the course in question belongs to the student's major, minor, or, in the case of business students, pertains to the "business core." Credits over ten years old which pertain to the undergraduate core curriculum or are general electives will usually be accepted.

The transfer credit, but not the grade, is recorded on the student's transcript. The grades are not computed in the student's Xavier grade-point average.

Application of Credit to Xavier Degrees (Degree Residency Requirement)

At least one-half of the course requirements of the major or minor and the last 30 semester hours must be completed at Xavier University for all undergraduate degrees. At least 60 semester hours toward a bachelor's degree must be earned in accredited four-year institutions.

Earning Credit for Military or Other Professional Training

Students who have completed training courses through the armed forces or other professional training programs may be eligible to receive college credit for courses completed. The *Guide to the Evaluation of Educational Experience in the Armed Services*, published by the American Council on Education, is used to determine what credit might be granted for military training. For courses completed through business and professional organizations, the *National Guide to Educational Credit for Training Programs*, published by the American Council on Education, is used to determine what credit can be granted. To request credit for military or other professional training, students must submit transcripts or certificates of completion to the Office of Admission.

Earning Credit through Advanced Placement (AP) Examinations

Students who have successfully completed Advanced Placement courses and have taken the appropriate AP examinations may apply for college credit for this work. Xavier grants credit in a number of disciplines depending on the student's score on the appropriate AP examination. Ordinarily, a score of "4" or better in an Advanced Placement (AP) examination will earn the student an advanced placement with credit in that discipline. To see how AP exams equate to Xavier credit, see <https://www.xavier.edu/undergraduate-admission/ap-ib-and-clep-credit/index>. Students must arrange to have official test scores sent to Xavier's Office of Admission. Xavier's school code is 1965.

Earning Credit through the College Level Examination Program (CLEP)

Xavier University participates on a limited basis in the College Level Examination Program (CLEP) of The College Board. Students should contact the Office of Admission. To see how CLEP exams equate to Xavier credit, please see <https://www.xavier.edu/undergraduate-admission/ap-ib-and-clep-credit/index>

Earning Credit through the International Baccalaureate (IB) Program

Students who have successfully completed International Baccalaureate (IB) courses and have taken the appropriate Higher Level examinations may apply for college credit for this work. Xavier grants credit in a number of disciplines on an individual basis for the grades of 5, 6 and 7 earned in the IB higher level examinations. To see how IB exams equate to Xavier credit, please see <https://www.xavier.edu/undergraduate-admission/ap-ib-and-clep-credit/index>. Students must arrange to have official test scores sent to Xavier University. Xavier's school code is 1965.

Undergraduate Reactivation (Readmission)

An undergraduate student who previously attended Xavier and has not been registered for one year or previously withdrew from the university is required to complete a Reactivation Form before registering. The form is available on the Office of the Registrar website. Applicants who wish to receive credit for coursework taken at another university during their absence from Xavier must submit an official transcript to the Office of Credential Evaluation. See the section on "[Transfer Credit Policies](#)" for limitations on the acceptance of coursework. Students are reactivated under the current catalog year, unless an exception is made by the dean.

Students suspended from Xavier or from other institutions for poor academic performance will not be eligible for reactivation before the lapse of at least one fall or spring semester. In all cases, reactivation and the conditions for such will be determined by the dean of the appropriate college. All prior financial obligations must be settled with the Office of the Bursar prior to reactivation, and the student must be in good standing with the Division of Student Affairs..

Veterans' Education

Xavier University is approved for the education and training of veterans and their eligible dependents under all existing public laws. Requests for information should be referred to the Director of Veterans' Educational Benefits (DVA), Xavier University. Xavier is a Servicemembers Opportunity College (SOC). The toll-free number for DVA and SOC information is 1.800.368.5622.

Veterans Benefits and Transition Act of 2018

Pursuant to the Veterans Benefits and Transition Act of 2018, section 3679 of title 38, United States Code, effective August 1, 2019 Xavier University will not impose any penalty, including the assessment of late fees, the denial of access to classes, libraries, or other institutional facilities, or the requirement that a covered individual borrow additional funds, on any covered individual because of the individual's inability to meet his or her financial obligations to the institution, when the delay is due to the delayed disbursement funding from Department of Veterans Affairs (VA) under Post 9/11 G.I. Bill® (Ch. 33) or Vocational Rehabilitation and Employment (Ch. 31). The University will not: Prevent their enrollment; Assess a late penalty fee to; Require they secure alternative or additional funding; Deny their access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution.

Covered Individuals MUST submit the following information to the University Certifying Official in a timely manner: Their Certificate of Eligibility OR Statement of Benefits (obtained from the eBenefits website), The GI Bill Enrollment Certification, and Any other information necessary to their GI Bill certification.

NOTE: A Covered Individual is any individual who is entitled to educational assistance under chapter 31, Vocational Rehabilitation and Employment, or chapter 33, Post-9/11 GI Bill benefits.

Admission Status

Graduate students who have been admitted to Xavier University are designated as:

1. Degree students - those students officially accepted into a graduate degree program.
2. Non-degree students - those students who have not been officially accepted into a graduate degree program. No more than six semester hours earned while classified as a non-degree student may be transferred to a degree program. Please note: some graduate programs require the director's permission to enroll as a non-degree student. Not all programs permit non-degree studies. Check with the respective office for details.
3. Licensure/Endorsement seeking - those students officially accepted in a licensure/endorsement program.

Admission-Degree Students

Materials for admission to most graduate programs should be submitted to the Office of The Graduate School. Master of Business Administration (MBA) applicants should submit all materials to the Operations Center, ML 5131. Master of Health Services Administration (MHSA) applicants should submit all materials to the MHSA Office. Admission materials for graduate programs in psychology (MA, & PsyD) should be submitted to the Department of Psychology. Admission materials for graduate programs in nursing (MSN) should be sent to the School of Nursing. Non-degree admission is not available for the MBA program.

To be considered for admission, a student must do the following:

1. Submit a completed degree application form <http://www.xavier.edu/graduate-admission>.
2. Send one official transcript from all colleges or universities previously attended. The bachelor's degree must have been earned from a regionally accredited institution. In some instances, three year bachelor degrees are not acceptable for admission consideration.
3. Arrange for applicable official test scores to be sent:
 - a. Master of Business Administration applicants - Graduate Management Admission Test (GMAT) or the Graduate Record Exam (GRE);
 - b. Master of Health Services Administration applicants - Graduate Management Admission Test (GMAT) or Graduate Record Exam (GRE);
 - c. Master of Science in Nursing applicants - Graduate Record Exam (GRE) or Graduate Management Admission Test (GMAT) is accepted;
 - d. Occupational Therapy - Graduate Record Exam (GRE);
 - e. Doctor of Psychology and Master of Arts in Industrial/Organizational Psychology and General Experimental Psychology - Graduate Record Exam (GRE) general knowledge required and Psychology Subject Test recommended. Psychology Subject Test required for those without psychology as their major or minor;
 - f. Other Graduate Programs:
The Miller Analogies Test (MAT) or the Graduate Record Exam (GRE) is accepted for the following programs: The MA programs in counseling and theology; the MEd programs; and the MS in criminal justice or the MS in Human Resource Development. The MA program in English requires either the GRE or two academic letters of reference. In most cases, the test requirement is waived for students who currently hold a graduate degree.
4. A student for whom English is not the primary language may be asked to demonstrate proficiency in the English language by taking the Test of English as a Foreign Language (TOEFL) or similar English language proficiency exams.
5. Submit other required documents as specified for individual programs.

Credentials received become the property of the University. Notification of acceptance or denial is sent to each applicant as soon as possible after receipt of all required materials. Official acceptance for graduate study is valid for a one-year period from the date of acceptance. Failure to enroll within the one-year period invalidates the acceptance and the individual must be readmitted to the program. Contact the Office of The Graduate School to inquire about readmission.

Admission-Non-degree Students

(does not include MBA)

To apply for admission as a non-degree student, one must submit a completed non-degree application form and current application fee to the Office of The Graduate School. Credentials received for admission become the property of the University. Non-degree admission is not available for the MBA program. Non-degree students are subject to the following restrictions:

1. Some courses are not available to non-degree students. Contact the Office of The Graduate School 513 745-3360 for information about specific courses. MHSA courses may not be taken without permission of the director of the Graduate Program in Health Services Administration. Psychology courses may not be taken without permission of the chair of the Psychology Department. Doctoral courses in leadership studies may not be taken without permission of the Chair of the Department of Educational Leadership & Human Resource Development.
2. Although there is no limit to the number of courses that may be taken as a non-degree student, **no more than six hours taken in non-degree status may be applied toward a graduate degree.**
3. A non-degree student may apply to a degree program by completing the application process for degree status.
4. Non-degree students are subject to all University policies described in the catalog.

Teacher Licensure/Endorsement Admissions

The Licensure/Endorsement admission is used for the following programs: Traditional Early Childhood, Middle Childhood, Secondary, Special Education, Montessori Early Childhood, Educational Administration, Reading and Teaching of English Speakers of Other Languages (TESOL). To be considered for admission in one of these licensure

or endorsement programs, a student must do the following.

1. Submit a completed licensure/endorsement application form. Applications can be obtained through the Office of The Graduate School.
2. Send one official transcript from all colleges and universities previously attended. The bachelor's degree must have been earned from a regionally accredited institution.
3. Before you may be considered for the traditional Early Childhood Licensure Cohort, you must be admitted into the Master of Education program. Meet with an advisor to determine any prerequisite courses that might need to be taken before consideration is made for the early childhood cohort group that is selected during the spring semester each year.
4. To be considered for the licensure programs in early childhood education, secondary education, Montessori, middle childhood or special education, you must first meet with an advisor in that program.
5. A student for whom English is not the primary language may be asked to demonstrate proficiency in the English language by taking the Test of English as a Foreign Language (TOEFL).
6. A statement of moral character must be signed.
7. Some programs also require three letters of recommendation.

Credentials received become the property of the University. Notification of acceptance or denial is sent to each applicant as soon as possible after receipt of all required materials. Official acceptance for a licensure program is valid for a one-year period from the date of acceptance. Failure to enroll within the one-year period invalidates the acceptance and the individual must be readmitted to the program. Contact the Office of The Graduate School to inquire about readmission.

Admission-International Students

international@xavier.edu

To apply for admission, the student must submit the following items to the appropriate graduate admission office. Credentials received for admission become the property of the University.

1. An international student application form.
2. Evidence of proficiency in the English language. A Test of English as a Foreign Language (TOEFL) score of 550, or a computer based test score of 213, for graduate students is required. Students who want to improve their English skills can enroll in Xavier's English as a Second Language (ESL) program. To enter graduate degree programs, graduate ESL students need to obtain a TOEFL score of 550 (or a computer based test score of 213) and an average of "B" in ESL courses; and meet all other admission requirements. Internet based score should be 80 or higher with sub-scores of 20 or higher in each of the four subsections.
3. Official transcripts of the total college or university academic record (not just a diploma) from all schools attended (mark sheets should be provided where pertinent). Transcripts must have original signature and institution seal. Attested or "true" copies are not acceptable unless certified by an authorized official. An official evaluation of undergraduate transcripts by the World Education Service or equivalent agency placing the foreign education into the American system.
4. Recommendation letters are required by some programs.
5. Graduate Management Admissions Test (GMAT), Graduate Record Exam (GRE), or other necessary test scores.
6. Certified English translation accompanying all documents not issued in English.
7. (a) All documents must be received by the appropriate admission office for an admission decision to be made and hence for an I-20 form to be issued. (b) a separate statement from an official source to show that the student or sponsor is able to meet the expenses.

All documents must be received by the appropriate admission office before a Form I-20 will be issued. International students who have been admitted to the University must meet the University's campus housing requirement (see Residence Life). Prior to the start of classes, students must submit immunization records and personal health history. International students must have health insurance equivalent to what is offered through Xavier University.

Graduate Reactivation

A degree-seeking graduate student who previously attended Xavier and has not been registered for one full academic year must complete a Reactivation Form before attempting to register for classes again and continuing in the course of study. Applicants who want credit for coursework taken at another university during their absence from Xavier must submit an official transcript to their respective program director for credit review. See the entry [Transfer Students](#) below for time limitations on the acceptance of coursework. Students are reactivated under the current catalog year, unless an exception is made by the dean.

Students suspended from Xavier or from other institutions for poor scholarship will not be eligible for reactivation before the lapse of at least one fall or spring semester. In all cases, reactivation and the conditions for such will be determined by the dean of the appropriate college. All prior financial obligations must be settled with the Office of the Bursar prior to reactivation and the student must be in good standing with the Division of Student Affairs.

Transfer Students

Master's Degree

A maximum of six semester hours (or the equivalent) of graduate work completed at another accredited graduate school prior to initial admission to Xavier University may be transferred with the permission of the program director, the chair and the dean. In some cases, exceptions are made to the maximum number of transfer hours. Coursework that is part of a previously earned graduate degree is not accepted for transfer credit. Courses in which grades of "A" or "B" (3.000 or higher) are transferable. Credit earned through correspondence or television courses is not accepted. Decisions regarding transfer credit are made at the time of admission to degree seeking status.

A consortium of AACSB accredited Jesuit business schools has a reciprocity agreement stating that the majority of MBA credits taken by a student may be transferred into or from one consortium member to another, up to half of the core curriculum of any program, dependent upon the rules of each university or college. Contact the MBA Office or visit www.JesuitMBA.org for details.

Doctor of Psychology

Students accepted into the doctoral program who already hold a master's degree in a field akin to clinical psychology, may expect a portion of the previous graduate work to be credited toward fulfillment of the doctoral degree requirements. The allowable number of transferable credit hours may vary. In all cases a minimum of 75 hours of the required 114 must be completed at Xavier University.

Petitions for transfer of credit will be granted with the recommendation of the Department Chair and approval of the Dean of the College of Professional Sciences. Courses taken more than six years prior to entering the doctoral program will normally not be accepted for transfer.

Doctor of Education (Ed.D.) in Leadership Studies

Students who have completed post-master's coursework equivalent to an Ed.D. program at accredited institutions may receive some credit toward a portion of the fulfillment of the Ed.D. leadership, research and cognate courses. In all cases, a minimum of 45 hours of the required 60 for the Ed.D. degree must be completed at Xavier University. Courses graded on a pass/fail basis, or the equivalent, will not be accepted as transfer credit. Petitions for transfer of credit will be evaluated individually and will only be granted with the recommendation of the Dean, Associate Dean or department/program chair.

Courses Taken at Other Institutions

Graduate credit for a degree completed at another university is not transferable toward a graduate degree at Xavier once the student has begun a graduate program at Xavier. Exceptions to this policy may be made when:

1. A student is permanently transferred to another city by family obligations.
2. A student is specifically directed by the program director, chair or dean to take a course not available at Xavier.
3. Up to six semester hours of graduate course work obtained in the Greater Cincinnati Consortium of Colleges and Universities may be applied to a master's degree taken at Xavier, with the advanced written permission of the program director or dean. As a matter of policy, the official academic record lists only those graduate courses from other universities which apply toward an advanced degree or pertain to certification.

Undergraduate Enrollment in Graduate Courses

A currently enrolled Xavier University undergraduate student may begin graduate course work in certain areas of study, excluding the MBA, the M.S. in Human Resource Development, the Ed.D. in Leadership Studies and psychology (M.A. and Psy.D.) programs, as a non-degree graduate student if the student is within 12 hours of completing the undergraduate degree. The student must be in good academic standing and must obtain written approval from the appropriate dean and program director. The student must complete the non-degree graduate application for admission and return it to the appropriate admission office with the written permission attached.

All graduate courses taken will be for graduate credit only; the credit hours completed for graduate credit may not count toward the student's undergraduate degree. No more than 6 credit hours taken as a non-degree graduate student may apply toward a graduate degree. Some courses are not available to non-degree graduate students.

NOTE: Students enrolled in the "Accounting 150 Credit Hour Program", the "Life Sciences/MBA Program" or other combination Bachelor/ Master programs approved by the university should consult their department for exceptions to these policies.

Veterans' Education

Xavier University is approved for the education and training of veterans and their eligible dependents under all existing public laws. Requests for information should be referred to the Director of Veterans' Educational Benefits, Xavier University. Xavier is a Servicemembers Opportunity College (SOC). The toll free number for DVA and SOC information is 1-800-368-5622.

Veterans Benefits and Transition Act of 2018

Pursuant to the Veterans Benefits and Transition Act of 2018, section 3679 of title 38, United States Code, effective August 1, 2019 Xavier University will not impose any penalty, including the assessment of late fees, the denial of access to classes, libraries, or other institutional facilities, or the requirement that a covered individual borrow additional funds, on any covered individual because of the individual's inability to meet his or her financial obligations to the institution, when the delay is due to the delayed disbursement funding from Department of Veterans Affairs (VA) under Post 9/11 G.I. Bill® (Ch. 33) or Vocational Rehabilitation and Employment (Ch. 31). The University will not: Prevent their enrollment; Assess a late penalty fee to; Require they secure alternative or additional funding; Deny their access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution.

Covered Individuals MUST submit the following information to the University Certifying Official in a timely manner: Their Certificate of Eligibility OR Statement of Benefits (obtained from the eBenefits website), The GI Bill Enrollment Certification, and Any other information necessary to their GI Bill certification.

NOTE: A Covered Individual is any individual who is entitled to educational assistance under chapter 31, Vocational Rehabilitation and Employment, or chapter 33, Post-9/11 GI Bill benefits.

Reservation of Rights

Xavier reserves the right to modify its graduation and other requirements as deemed necessary from time to time. The University will attempt to comply with the requirements published in the catalog for the year a student initially registers, provided the student continues in attendance without interruption of more than a year. Students who interrupt their attendance by more than a year and who later return must meet curricular requirements as determined by their dean.

Financial Information

- Financial Aid
- Tuition and Fees

Financial Aid

The purpose of the Office for Student Financial Services is to provide the best possible service and information to students desiring a Xavier education.

The office is located in Schott Hall, 1st floor. Office hours are Monday-Friday, 8:30 a.m.-5:00 p.m.; Walk-In Hours are Monday 9:30 am - 4:00 pm, Tuesday 10:30am - 4:00 pm, Wednesday 1:00 pm - 5:00 pm, Thursday 9:30 am - 4:00 pm, Friday 9:30 am -4:00 pm; phone is 513 745-3142. Email address is: xufinaid@xavier.edu.

Satisfactory Academic Progress Policy

The Higher Education Act of 1965, as amended, requires Xavier University to develop and enforce Standards of Academic Progress prior to awarding any federal financial aid funds to students. Standards of Academic Progress (SAP) were established to encourage students to successfully complete courses for which federal financial aid is received, and to progress satisfactorily toward degree completion. The standards apply to Federal financial aid programs, including Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, Federal Work Study, Federal Perkins Loan, Federal Direct Stafford Loan, Federal Direct Parent Loan for Undergraduate Students (PLUS), Graduate Plus Loans, and Federal Teach Grant. These financial aid standards of academic progress are separate from, and in addition to, academic standards required by the University for continued enrollment.

The criteria used to determine SAP are cumulative grade point average, cumulative completion rate (or pace), and maximum time frame for completion of educational objective. **At the end of spring semester, the Office of Student Financial Services reviews students' academic progress.** All periods of enrollment are reviewed, including semesters during which no financial aid was received.

Qualitative Requirement - Cumulative Grade Point Average (CGPA)

Undergraduates at the freshman level must achieve a minimum cumulative GPA of 1.750.

Undergraduates at the sophomore level and above must achieve a minimum cumulative GPA of 2.000.

Graduate students must maintain a minimum cumulative GPA of 2.800.

Quantitative Requirement - Completion Rate (Pace)

Students must successfully complete a minimum of 66.7% (two-thirds) of cumulative credit hours attempted. Attempted hours are hours for which a charge was incurred, excluding audited hours. Transfer hours are included as both attempted and earned hours.

Maximum Time Frame for Completion of Educational Objective

Students must complete their degree program within 150% of the published length of their degree program. For example, if a major requires 120 credit hours to graduate, a student cannot receive financial aid beyond 180 credits attempted (including transfer hours) whether or not financial aid was received for those credits.

Incomplete Grades

Incomplete grades are calculated as an 'F' until the incomplete grade is changed to a complete grade.

A grade of "IP" (In Progress) will indicate the student is continuing a long-term project related to the course, and should only be used when such continuation is the expectation of the program. The grade of "IP" does not count toward the GPA.

Grades of "I" (Incomplete) may be granted only rarely and only for serious reasons. The grade "I" does not count toward the GPA. If the Incomplete is not resolved by the last day of the subsequent semester, the student will fail the course and "I" will be permanently changed to an "F."

Grades of "W" for courses dropped after the add/drop period will count as hours attempted.

Pass/Fail

Pass/Fail grades at Xavier are recorded as S for Pass and U for Fail. Grades of S/Pass do not impact the student's CGPA and therefore are not factored into the SAP calculation. Grades of U/Fail do impact the student's CGPA as a failing grade and are therefore factored into the SAP calculation.

Grades of S and U both impact the student's Completion Rate and Maximum Timeframe as hours attempted, and hours earned (S) and unearned (U), and are therefore factored into the SAP calculation.

Repeated Coursework

Repeated courses affect academic progress as follows:

- Cumulative Grade Point Average - Only the most recent grade counts in the student's CGPA.
- Cumulative Completion Rate - When a course is repeated it will be counted as attempted hours.
- Maximum Time Frame - A course that is repeated will be counted as attempted hours.

Remedial Coursework

Remedial courses and English as a Second Language (ESL) courses are treated the same as other courses for satisfactory academic progress purposes. If a student who was enrolled in remedial course work does not maintain the minimum academic standards and he or she requests an appeal, the financial aid appeal committee will take into consideration the courses in which the student was enrolled.

Transfer Hours

Transfer hours that are accepted toward the student's academic program count in the overall maximum time frame calculation and in the cumulative completion (pace) calculation. Transfer hours have no effect upon the cumulative grade point average.

Changes of Major/Degree Program

Students who change majors or change programs are still held to the 150% maximum time frame rule. All credits attempted from the first major/program will count as attempted hours for the new major/program. The 150% maximum limit will be measured based on the number of credits required for the new major/program.

Second Bachelor Degrees

Students who enroll in a second bachelor degree program are still held to the 150% maximum time frame rule. However, only the credit hours from the first degree which apply to the second degree will be counted as attempted hours.

Students in the Accelerated Bachelors of Science in Nursing degree are required to have a prior Bachelor's Degree for admittance to the program. These students will be expected to complete their second Bachelor's degree within 150% of the length of the Xavier ABSN program.

Timing of Reviews

Current financial aid recipients will have their academic progress reviewed at the end of the academic year in May. All programs are offered in credit hours with terms. The standard academic year consists of two terms: fall and spring. Summer term is a header, so if a student is attending year-round, their academic year will be considered summer/fall/spring. All periods of enrollment for the academic year will be evaluated for SAP.

Because Summer term is the start of a new academic year and often overlaps with the end of the previous academic year, students who enroll and receive federal aid for summer term, and then later are determined not to be meeting SAP, will no longer be eligible for their summer federal aid disbursements and will forfeit that aid, pending a SAP appeal.

New financial aid recipients (i.e., those students who had never previously applied for aid) will have their academic progress reviewed when the Office of Financial Aid receives the results of the Free Application for Federal Student Aid (FAFSA). Students not meeting SAP standards will be ineligible for federal student aid for future periods of enrollment.

Financial Aid Suspension

At the time of the review, students who are not meeting the minimum requirements for SAP will be placed on financial aid suspension. Students who are placed on financial aid suspension are ineligible for federal financial aid for subsequent enrollment periods. Students are notified of their SAP status by email to their Xavier student account in June. During financial aid suspension students may be permitted to attend Xavier at their own expense to demonstrate academic progress. Financial aid suspension is different from University suspension, and only pertains to the student's ability to receive federal financial aid funds.

SAP Appeals

Appeal is a process by which a student, who is not meeting the institution's SAP standards for the receipt of federal student aid, petitions the institution for reconsideration of the student's eligibility for Title IV, HEA program assistance. A student on financial aid suspension may appeal the loss of aid if extenuating circumstances prevented the student from making satisfactory progress. Acceptable extenuating circumstances include the death of a relative, illness or injury of the student, financial difficulties, or interpersonal conflicts. When the student is notified of failure to meet SAP requirements, they are offered the opportunity to appeal and are provided with the link to the

appeal form. The appeal must include a description of the extenuating circumstances, and what has changed that will allow the student to make SAP at the next evaluation. In order to be considered, appeals must be received no later than the second week of the semester for which the student is appealing. Appeals received after the second week will not be considered until the next semester. A student may appeal no more than three times during their college career at Xavier.

Approved Appeals

Students who successfully appeal may be granted **one semester of Probation**, during which they are eligible to receive federal student aid. At the end of the probationary semester, students must be meeting the Satisfactory Academic Progress requirements or financial aid will again be suspended. If the student is not making SAP by the end of their probationary period, they may appeal again for aid reinstatement if they have a new set of mitigating circumstances. If approved then the student **must** be placed on an **Academic Plan**. Another consecutive semester of probation is not permitted.

If it is not mathematically possible for a student to return to good SAP standing in one probationary semester, an approved student may be placed directly on an **Academic Plan** for the academic year for which they are appealing. Academic Plans are developed and administered by Student Success Coaches. Approved students can continue to receive federal student aid while making progress on an Academic Plan. Students on Academic Plans will be evaluated by the Financial Aid Office at the end of each term for which a valid plan exists. Students must sign an Academic Plan Contract, meet regularly with their Student Success Coach, and achieve specific academic benchmarks at the end of each semester on their Plan in order to continue receiving financial aid. Students who do not meet the terms of their Plan and fail to achieve stated goals, will be considered in violation of their Academic Plan and financial aid will be suspended for subsequent enrollment periods. A student may appeal their Academic Plan if new circumstances arose that impacted their ability to meet the Plan requirements. A student who requires more than one academic year to meet SAP requirements may have their Plan renewed for an additional period of time, to be determined by the Financial Aid Office. Renewal requires the student to be making satisfactory progress on their Plan, and to reaffirm their understanding of the Plan requirements.

Denied Appeals

If an appeal is denied, students may choose to attend Xavier while on financial aid suspension, at their own expense. They will not be automatically eligible for federal or institutional financial aid upon seeking reinstatement. Students must be meeting the academic progress standards in order to regain eligibility for subsequent enrollment periods. A minimum of six credit hours earned at Xavier must be successfully completed in order to be considered for reinstatement.

Graduate Students

Graduate students who are failing to meet the SAP standards, and have an approved appeal, may also be placed on an Academic Plan Contract with the Financial Aid Office if they require more than one semester of probation to achieve the required academic standards. Grad students attending under the terms of an Academic Plan Contract will be evaluated by the Financial Aid Office each semester while on their Plan to determine if they are meeting the Plan requirements. As with undergraduate students, any deviation from the Academic Plan will be considered a violation of the contract, and financial aid will be suspended for subsequent enrollment periods. A student may appeal their Academic Plan if new circumstances arose that impacted their ability to meet the Plan requirements. A student who requires more than one academic year to meet SAP requirements may have their Plan renewed for an additional period of time, to be determined by the Financial Aid Office. Renewal requires the student to be making satisfactory progress on their Plan, and to reaffirm their understanding of the Plan requirements.

Xavier Scholarships

Scholarships are funds awarded to students based on academic, athletic, artistic or other talents. Scholarships do not have to be repaid. All students are automatically considered for scholarships when they apply for admission.

Xavier offers scholarships in the following areas:

- Academic
- Service
- Performing & Visual Arts
- Alumni
- Multicultural
- Special
- Athletic
- ROTC
- Returning Students

For detailed information regarding each type of scholarship, visit <https://www.xavier.edu/undergraduate-admission/tuition-and-aid/scholarships/index>

Regulations Concerning Scholarships

With the exception of the Fredin Memorial Scholarships, all Xavier-sponsored scholarships are applicable to tuition only. They may not be applied to the cost of room, board, fees, or summer school courses, nor are they applicable to courses taken during the senior year in the programs of Medical Technology, Applied Biology, Applied Chemistry and Applied Physics.

Only full-time students are eligible for scholarships. Full-time enrollment is defined as students enrolled 12 or more credit hours per semester.

Scholarships must be accepted for the period of time indicated in the award notification from the Office of Student Financial Services, and they are forfeited in the event that the recipient does not enroll.

It is understood that the scholarship stipend will be divided evenly between the fall and spring semesters. Hence, recipients who attend only one semester will receive only one-half of their award.

Scholarships may be pro-rated in the final year if the recipient does not need to take a full course load to graduate. Students must contact their financial aid counselor in the Office of Student Financial Services to request pro-ration.

Use of scholarships during the summer term will be considered on an individual basis.

All scholarships are awarded at the discretion of the Financial Aid and Scholarship Committee of Xavier University. The committee reserves the right to adjust the scholarship stipend if the holder receives financial aid from some other source.

Xavier Financial Aid

Xavier Grants

Xavier University awards grants to students who demonstrate financial need. Students must complete the Free Application for Federal Student Aid (FAFSA). Students whose FAFSA is received at the federal processor by February 15 will receive priority consideration.

Family Grants

Xavier University provides partial grants when there are two or more siblings enrolled full-time as undergraduates at Xavier during the same semester. Contact the Office of Student Financial Services for additional information.

Athletic Grants-in-Aid

These grants are available through the Office of Athletics. Contact the Office of Athletics for information and assistance 513 745-3413.

Grants - Adult, Evening, and Weekend Students

Students in the Accelerated Degree Completion Program will be awarded the Xavier ADC grant upon admission for the first semester based on enrolled credit hours. This grant is awarded annually and will be adjusted if enrolled hours change. This award may be renewed each year based on funds available, student academic status and financial need. Students must be in good academic standing by achieving a 2.0 or better cumulative GPA each semester to be eligible for renewal.

Tuition Payment Plans

A payment plan is available through the Office of the Bursar. For further information, contact the Office of the Bursar at (513) 745-3435 or visit www.xavier.edu/payment-plans.

Federal Grants

Students must complete the Free Application for Federal Student Aid (FAFSA) each year. In addition, students must meet the following requirements to apply for federal financial aid:

1. Be a U.S. citizen or an eligible non-citizen.
2. Maintain satisfactory academic progress.
3. Be enrolled as a student in a degree program.
4. Not be in default on any federal loan or owe a refund on a federal grant.
5. Have demonstrated financial need.
6. Not have been convicted of an offense involving either the possession or sale of illegal drugs.

Federal Pell Grant

The Pell Grant Program provides grants to students with exceptional financial need. In order to be eligible for the Pell Grant the student must file the FAFSA. The amount of the Pell grant varies based on the level of financial need and the number of credit hours in which the student enrolls.

Federal Supplemental Educational Opportunity Grant (SEOG)

The Supplemental Educational Opportunity Grant is also for students with exceptional financial need (with priority given to Pell Grant recipients). The amount of the award varies and is limited by federal funding.

Federal Work-Study Program (FWS)

The Federal Work-Study Program provides students who have financial need the opportunity to earn income from jobs. Earnings for this program are funded by both the federal government and the university. The student's total FWS award depends on the student's financial need, the amount of money the university has for the program and the aid the student has from other programs. Students who accept employment are paid bi-weekly by direct deposit or can have the earnings applied to their Bursar account.

Federal Direct Loan (subsidized)

A subsidized Direct Loan is a low-interest loan made to college students by the federal government. The student pays an origination fee and the federal government pays the interest while the student is enrolled in college as at least a half-time student. The student is responsible for interest upon graduation; principal repayment starts six months after the borrower ceases to be at least half-time.

Federal Direct Loan (unsubsidized)

An unsubsidized Direct Loan is similar to the subsidized Direct loan, except the student is responsible for interest that accumulates while enrolled. Eligibility is not based on financial need.

Federal Direct Parent Loan for Undergraduate Students (PLUS)

Parents may borrow up to the total cost of attendance (tuition, room, board, books, etc.), minus financial aid, for each of their dependents attending college. There is no limit on family earnings. The interest rate is fixed. Interest begins accruing when funds disburse. Standard repayment is for parents to start making interest repayments approximately 60 days after the final disbursement; deferment is an option that may be selected. The loan must be completely repaid within 10 years from the most recent loan.

State Scholarships and Grants

Ohio College Opportunity Grant (OCOG)

OCOG is a need based grant from the state of Ohio to assist resident undergraduate students from low and moderate income families. Awards are based on family income with consideration given to the number of dependents in the family. Application is made when residents complete the federal [FAFSA](#) form.

Other State Grants

Students who qualify for state grants from their home states of Pennsylvania or Vermont may use those funds at Xavier. For information on grant programs available to residents of these states, contact the Board of Education in each state.

How Withdrawing from School Affects Financial Aid

Federal Aid

When a student completely withdraws (both officially and unofficially) from Xavier before completing the term, federal regulations require that the University determine whether any of the student's federal aid, other than Federal Work Study, has to be returned. Federal aid includes the Federal Direct Subsidized and Unsubsidized Loan, Federal Pell Grant, Federal Supplemental Opportunity Grant (FSEOG), Federal TEACH Grant, and the Federal Direct PLUS Loan. A student "earns" federal aid based upon the length of time he or she remained enrolled for the semester. The amount of federal aid earned is in direct proportion to the percentage of time the student completed. The percentage of time completed is calculated by dividing the number of days in the semester by the number of days completed. If a student completed more than 60% of the semester, all federal aid is considered earned.

To determine the number of days completed, Xavier identifies the date the student withdrew from the University. The date of withdrawal for students who officially withdraw is the date that the student begins the withdrawal process. To begin the withdrawal process, the student must notify the appropriate college dean in person or in writing. A student who "unofficially" withdraws (stops attending all classes without notifying the University) is considered to be withdrawn as of the midpoint of the semester.

In those cases where federal aid must be returned, the University and the student share the responsibility. Xavier will notify the student in writing of his or her responsibility to return any federal aid. Federal grant funds must be returned immediately after the student is notified by the University. Until the student returns the federal grant money, he

or she is ineligible for further federal assistance should he or she return to Xavier or transfer to another school. Federal loan funds are returned under the terms of the student's promissory note.

Federal aid that is considered "unearned" is returned in the following order:

1. Unsubsidized Direct Loan
2. Subsidized Direct Loan
3. Federal PLUS Loan
4. Federal Pell Grant
5. Federal Supplemental Opportunity Grant
6. Federal TEACH Grant

In some cases, the return of federal aid may cause a balance due on the student's account. The student must contact Xavier University's Bursar's Office to arrange for payment of the amount due.

Xavier University Aid and State Aid

Students who withdraw prior to the end of Xavier University's published refund schedule, may receive a reduction in charges. If a reduction of charges occurs, the student's Xavier University funds and state funds may also be reduced. Xavier and state aid are reduced by the percentage at which the student's charges were reduced.

In some cases, the reduction of Xavier University funds and state funds may cause a balance due on the student's account. The student must contact Xavier University's Office of the Bursar to arrange payment of the amount due.

Graduate Study Grants and Assistantships

Xavier University offers a limited number of departmental scholarships, graduate study grants and graduate assistantships. Part-time or full-time graduate students may apply for graduate study grants, available for most students pursuing MA, MEd, MS, HRDE, MBA, and licensure programs/degrees.

To apply, students must complete the Free Application for Federal Student Aid (FAFSA). Receipt of the FAFSA indicates your interest in being considered for grants.

Graduate assistantship positions, offering tuition remission and an hourly wage, are available in many departments. Graduate assistantship positions are posted each February and October. Other positions are posted as they become available. Contact the Office of Graduate Services for specific information and applications.

MBA, MHSA, and Psychology graduate students should contact their respective admission offices for information on graduate assistantships and scholarships within those departments or programs.

Tuition and Fees

The University reviews its financial policies and procedures on a continuing basis in order to operate in an efficient and effective manner. Policies contained in this section are those in effect as of publication and subject to change as deemed necessary by the University.

Fee Payment

The Office of the Bursar is responsible for the assessment and collection of tuition and fees payable to Xavier University. Inquiries should be directed to the Office of the Bursar, 3800 Victory Parkway, Cincinnati OH 45207-3361. You may contact the Bursar's Office staff at (513) 745-3435, by email at xubursar@xavier.edu or by visiting the office located in the Musketeer Mezzanine, Fenwick Place, Suite 8. More information about the Office of the Bursar can be obtained by visiting our website at www.xavier.edu/bursar.

All prior financial obligations to the University must be paid in full before registration will be permitted for any term. If payment or other arrangement is not made by the announced deadline for the upcoming term, the student's registration may be cancelled. University regulations prohibit class registration and the release of transcripts and diplomas for students whose accounts with the University are delinquent. The Office of the Bursar accepts cash, checks, money orders, and X-Cash over the counter as well as checks and money orders by U.S. Mail. Credit card (Discover Card, MasterCard, Visa, and American Express), electronic check (eChecks) payments, and select 529 Plans are accepted online. Payments from 529 Plans can also be made by notifying the Plan to issue a payment to Xavier University. Credit card payments have a convenience fee associated with each transaction. Students' bursar accounts are subject to late fees. More information can be obtained by visiting www.xavier.edu/bursar.

Payment Plan, Bill Dates and Due Dates

In an effort to be environmentally and cost conscious, Xavier University does not mail paper bills. Electronic bills (eBills) are published on or about the 1st of each month. The due date for each eBill is the 21st of that month. For example, the first eBill for the fall semester is published on or about July 1st and the due date is July 21st. The next

eBill is published on August 1st with a due date of August 21st and so on. For the spring semester, the first eBill is published on or about January 1st with a due date of January 21st. For the summer semester, the first eBill is published on or about May 1st with a due date of May 21st.

Students who intend to pay their balance in full each month do not need to enroll in a payment plan, however, they must pay in full on or before the due date. If payment in full is not made on or before the due date, a late fee may be assessed. It is important for students and/or Authorized Users to view their eBills on a monthly basis in the event additional charges have been assessed that need to be paid by the 21st of the month. For more information on late fees, visit the Frequently Asked Questions section at www.xavier.edu/bursar.

Students who intend to pay their balance over time, in monthly installments, must enroll in an X-Flex Payment Plan (X-Flex) each semester. This is done by the student through their online access via the Student Hub or by an Authorized User using their own online access to their student's ePayment site. By enrolling in an X-Flex plan, the student agrees to the Terms and Conditions associated with being a registered student at Xavier University.

Here are the features of the X-Flex Payment Plan:

Students can spread their Total Balance for the fall and spring semesters over 4, 5, or 6 monthly installments for each semester (2 monthly installments for summer semester) or pay their Total Balance in full each month. Students' bursar accounts are subject to late fees if payments are not made on or before the due date. Visit www.xavier.edu/payment-plans for more information.

The minimum amount that must be paid each month is the amount shown on the student's X-Flex Payment Plan schedule. Review the Frequently Asked Questions on the Bursar's web site, <http://www.xavier.edu/bursar/Xavier-Pay-Frequently-Asked-Questions.cfm> for information on where to view your payment schedule.

Late fees are assessed on the 28th of each month or the prior business day. If the 1st falls on a weekend or holiday, the eBill will be published on the following business day.

An enrollment fee is due and payable when a student enrolls in an X-Flex Payment Plan. The X-Flex Payment Plan is term-based which means that the student has to enroll each semester and pay the enrollment fee each semester they are in an X-Flex Payment Plan. For more information on the enrollment fee, late fees, and payment plan, visit <http://www.xavier.edu/payment-plans/>. All charges and payments that took place as of the last eBill are shown on the next monthly eBill.

The X-Flex Payment Plan is available to most students. ABSN students are not eligible. If the student has financial aid and has completed all of the necessary paperwork, this payment plan will subtract the financial aid from the Total Balance and then calculate the minimum monthly installment payment.

Xavier has partnered with Dewar, LLC in offering students and families insurance coverage or a Tuition Refund Plan (TRP) for tuition and mandatory fees. This should not be confused with the mandatory health insurance charge that appears on the student's bursar account each fall semester. The TRP insurance is automatically charged to the student's bursar account and will cover up to 85% of the tuition and mandatory fees for any student who might suffer a serious illness or accident and has the need to take a medical leave before the semester is completed. Room and Board are not covered. Xavier is offering this product through Dewar, LLC to minimize the risk of financial loss in the case of withdrawal for medical or mental health reasons. If a student does NOT want to have the insurance, the student will have to pro-actively waive the insurance online at www.tuitionprotection.com/xavier.

For students who work for an employer that provides tuition reimbursement, it is recommended that the student pay for their first semester on their own by enrolling in the X-Flex Payment Plan, taking out a federal loan(s) (must complete the FAFSA), applying for scholarships/grants, etc. then get reimbursed at the end of the semester by their employer. They can then use that reimbursement to help pay for the next semester and this will repeat until their final semester when they will receive one last reimbursement that can be used to pay off/reduce their first semester debt, if any was incurred. This process helps to safeguard against changes that may take place with employee benefits or employment status.

Registration

Students who register during priority registration for the fall and spring semesters will receive an eBill detailing charges for tuition, fees, housing and meal plan (if applicable), in addition to estimated financial aid arranged through the University's Office of Student Financial Assistance as of that date. Payment must be made by the due date, or the student's class registration may be cancelled and the student would have to re-register during formal registration. If a student's class registration is cancelled for non-payment, there is no guarantee that the student will be able to obtain the same class schedule once they are able to re-register. Visit <https://www.xavier.edu/bursar/xavierpay/holds-cancellations> for more information on Class Cancellation.

All students who register after the first billing cycle of the semester are required to pay 100% of tuition and fees within 48 hours of registering for classes. The only exception would be students using the approved payment plan who would then fall under the Terms and Conditions of their Plan.

Tuition and Fees

The tuition rates assessed to a student are based on the student's primary matriculation as a graduate or undergraduate student as determined by the academic policies of the University. Please visit our website at <https://www.xavier.edu/tuition-fees/index> to see the current rates.

Undergraduate Programs

Each academic year the University publishes the Schedule of Tuition and Fees which lists the charges for tuition, housing, meal plans and other fees in effect for the next academic year. Specific course fees, lab fees and deposits are listed in the current Schedule of Classes, but not on the tuition and fees website. Please visit our website at <https://www.xavier.edu/tuition-fees/index> to see the current rates.

Deposits are required for:

- New full-time students - This deposit is a nonrefundable tuition deposit. This deposit is credited to the student's bursar account when a) the term starts and b) the student is registered for classes, and it will be deducted from the charges for that term.
- Certain study abroad and graduate programs - Students should check with their respective department to determine if a deposit is required. Deposits are made to the student's bursar account but may not be posted until certain dates or requirements have been met.

Graduate Programs

Current tuition and fee rates, special course/lab fees, and other relevant information are on the Bursar's website <https://www.xavier.edu/tuition-fees/index>. All courses taken as a graduate student will be at the graduate rate (based on the student's primary matriculation), including audited and undergraduate courses. Applicable course fees are charged in all cases.

Refunds

Xavier University Institutional Policy

Students who officially withdraw from the University or withdraw from class(es) may be eligible for a credit of tuition dollars based upon the amount of tuition assessed and the date of official withdrawal. Fees of any kind, including lab and course fees, are not refundable after the Course Drop period. Students must officially withdraw through the Office of the Registrar or via Self-Service on the Student Hub to be eligible for any credit of tuition dollars. Upon withdrawal from a class(es) or from the University, all financial aid must be recalculated and adjusted, if applicable. Tuition credits for summer sessions are prorated based on the official withdrawal date and the portion of the session elapsed. Since students are billed by the credit hour, a tuition credit for several courses may not result in a refund since an undergraduate student could still be liable for more than 12 credit hours, even if he or she were to withdraw within the tuition credit window. More information about tuition credit can be found on our website at <https://www.xavier.edu/tuition-fees/policies/index>

If the adjustment(s) results in a credit balance on the student's bursar account, a refund would be issued. Refunds are processed once a week for students who meet certain criteria and are eligible to receive one. For students who cannot wait for the weekly refund process, an expedited refund may be ordered by contacting the Bursar's Office. There is a fee associated with an expedited refund. If the adjustment(s) results in a balance due on the student's bursar account, that balance needs to be paid in full upon withdrawal from the University. To receive a refund, follow the directions on the Bursar's website at <https://www.xavier.edu/bursar/about-refunds/>. If a refund preference is not selected, a paper check will eventually be mailed to the student's address on file. Refund checks are not available for pick up. If a paper check goes stale and is returned to the University a \$20 fee is charged to the student's Bursar account. After two returned refund checks, another check will not be issued and the student will need to contact the Bursar's Office to receive their refund.

Refunds for students leaving on-campus housing are pro-rated on a daily basis. Additionally a cancellation fee, as described in the housing agreement signed by each student, will also be assessed. Meal plan refunds are based on the tuition credit schedule with one exception. Meal plan refunds issued the first through seventh calendar day of the term will be based on actual usage.

Undergraduate students who reduce their course load from full-time (12 credit hours or more) to part-time (11 credit hours or less) may receive a tuition dollar credit based on the number of hours dropped and the Credit/Refund schedule percentage. This reduction may also affect the student's financial aid. It is important that a student understand the implications of dropping down to part-time before withdrawing/dropping courses.

On-Campus Living Requirement

All students must live on campus for their first and second year at Xavier unless living with a parent or legal guardian within a 35 mile radius of the University. Students will be required to sign a two-year housing agreement upon moving onto campus. All students who live in a University residence hall are required to select one of the residential meal plan options offered by the Auxiliary Services.

Federal Refund Policy

Students with federal financial aid must comply with federal refund policies. Contact the Office of Student Financial Assistance for further information. All students are encouraged to make their Title IV Selection via the Self-Service portal under Billing & Payments/Bursar Information -> Title IV Selections.

Collection Policy

If a student's bursar account balance is delinquent to the point of being sent to a collection agency, the student will be responsible for continuing late fees as well as all collection fees incurred by the University. Once the account is paid in full through the collection agency, and if the student wants to return to the University, the student is required to sign a master promissory note before registering for class(es). In addition, the Office of the Bursar reserves the right to place a hold(s) on a student's bursar account. Holds are typically used for students who have unresolved financial issues with the University. The hold(s) may block the student from registering for classes, receiving transcripts, and/or receiving a diploma. Once the outstanding issue(s) is resolved, the hold(s) may be released.

Fees

See the published Schedule of Tuition and Fees that is available online each year on the Office of the Bursar's website at <https://www.xavier.edu/tuition-fees/2020-2021-undergraduate>. The following is a description of some of the most common fees charged by the University.

Application Fee - payable once and covers the costs of processing applications for enrollment and the setting up of student records.

WCB Cooperative Education Fee - payable for each co-op term in which a student participates; covers job assistance fee, application processing, and record-keeping.

Graduation Fee - covers the cost of administering the graduation process and is payable by all students who graduate, whether in person or in absentia. Late application results in an additional fee being charged. In the event that a student is deferred from graduating for any reason, it is the responsibility of the student to reapply for a degree. There is no additional fee when applying for the same degree.

Late Fee - assessed to a student's bursar account if payments are not made within the grace period. The grace period extends from the Due Date to two business days prior to the next eBill publication.

Parking Permit Fee - allows parking in University student parking lots. Permits valid only on evenings and weekends are available at a reduced rate.

Special Course/Lab Fees - covers extraordinary course costs or private music lessons. See the Schedule of Classes for course/lab fees.

Student Orientation Fee - covers the costs for the Manresa orientation program for freshmen and traditional undergraduate transfer students.

Transcript Fee - covers the costs of processing the transcript. There is an additional fee for rush processing.

Graduate Student Association Fee - used to fund all organizations under the Graduate Student Association (GSA).

Student Activity Fee - used to fund all organizations under the Student Government Association (SGA).

Services and Resources for Students

True to its Jesuit and Catholic identity, Xavier's mission is to promote the growth and development of the whole student in a social, cultural, spiritual, physical, and academic context. Toward this end, the University offers a wide range of services and resources for students.

Academic and Career Resources

Career Development

<http://www.xavier.edu/career/>

513.745.3141

Conaton Learning Commons, Room 530 & Smith Hall, Room 120A

Career Development provides opportunities for students to gain essential career development and lifelong learning skills through a variety of developmental programs, services, and practical experiences. Staff members assist students in identifying career interests and developing necessary experiential, job and graduate school search and application skills such as resume writing, interviewing, employer/school identification and research. The office also manages the on-campus employment of financial aid awarded students and graduate assistants as well as assist students with identifying off campus part-time summer work experiences related to their career interest area. Further services include a Mentor program, on-campus interviews, a web-based job posting and resume system, and three annual career fairs.

The structure and institutional design of the Xavier University Montessori Teacher Education Program, contained within a university setting, is a unique one, as students are made aware of the variety of available career related resources through channels within the University. Students have access to multiple sources of information regarding employment, salary, and occupational advancement via the Career Development Office and website. Owing to its status as a not for profit university, Xavier University does not guarantee employment, salary, and occupational advancement.

Center for International Education (CIE)

Education Abroad

<http://www.xavier.edu/study-abroad/>

studyabroad@xavier.edu

Phone 513-745-2864 Fax 513-745-2876

Center for International Education, Gallagher Student Center, Room 230

The Center for International Education provides opportunities for Xavier students to enhance their academic experience by studying abroad. Programs offered vary in length from one week to a semester or full academic year. Courses are available in a variety of academic disciplines, meaning students are easily able to study abroad and stay on track toward graduation. Some programs allow students to apply institutional scholarships toward the travel, and other programs offer additional funding. Students are advised to consult with the Center for International Education early in order to plan ahead and explore all the options.

Programs are offered in a multitude of locations around the world. Students can choose direct exchange programs, short-term faculty-led programs offered during winter, spring, and summer breaks, service or internship programs, or programs through Xavier's extensive partner network. Again, it is best to meet with an advisor in the Center for International Education as soon as possible to help find the best program fit and experience abroad.

Study Abroad Credit: Any student who is interested in registering for study abroad must complete an application first within [Xaver's application system](#), which can be accessed through the website. Additionally, the student must complete the Study Abroad Approval form prior to their study abroad experience. Upon completion of the course(s), the student must have an official transcripts of the credits sent directly from the institution to Xavier University. The credit received is dependent on the type of study abroad the student completes.

- **Xavier Faculty-led Programs, Solidary Semester:** The student receives the letter grade for the course and the grade is computed into the student's Xavier grade point average.
- **Xavier affiliated Study Abroad, Direct Exchanges, Non-Xavier affiliated programs:** The student receives transfer credit for courses in which a grade of C or better (or its equivalent) is earned. The transfer credit, but not the grade, is recorded on the student's transcript and the grades are not computed in the student's Xavier grade point average.

International Student & Scholar Services (ISSS)

<http://www.xavier.edu/international-students/>

international@xavier.edu

Phone 513-745-2864 Fax 513-745-2876

Center for International Education, Gallagher Student Center, Room 230

International Student and Scholar Services (ISSS) is a unit within the Center for International Education (CIE) that directly serves international students, scholars, and their families. ISSS staff provides support and advising to international students and scholars to help maintain visa statuses and legal compliance. Additionally, ISSS offer orientation, mentoring, leadership opportunities, and additional support to assist students and scholars in their personal development and academic goals. The Center for International Education serves as the focal point on campus to deal with the unique needs, questions and concerns to those who come to Xavier University from abroad. The CIE staff works collaboratively with campus faculty/staff, student organizations, and community members to enrich the campus community with intercultural programs throughout the year.

The Connection Center

<http://www.xavier.edu/ts/about/Connection-Center.cfm>

513.745.3881

Conaton Learning Commons

The Connection Center in the Conaton Learning Commons is an integrated collection of informational and technological resources that support the University's teaching and learning activities, including the Digital Media Lab (where students can check out digital cameras, video cameras, and audio recorders), the Technology Training room, a student computing lab, instructional design studios and private and public group study spaces. The Connection Center desk is the hub of the Center, blending the Library's research help and circulation with the technical help desk to provide informational and technological support for the Xavier community. The Connection Center is located in the main lobby of the Conaton Learning Commons.

Library

<http://www.xavier.edu/library/>

513.745.3881

askus@xavier.edu

The Xavier University Library is committed to providing ample and equitable resources and services for all members of the Xavier community, to promote research and pedagogy.

Professional librarians are available to teach information literacy concepts to students, provide in-depth reference and research assistance, help faculty develop course materials and assessments, orient students to the Library, help find resources available from the Library, help find information related to classroom assignments, and more.

Librarians can be reached by phone, email, text, chat, or in person at the Connection Center.

The Library provides access to electronic and print resources through its web site: www.xavier.edu/library. More than 80,000 electronic journals, 120,000 electronic books, 350 subscription research databases, and 7,000 streaming videos and 60,000 streaming video segments are accessible online. The Library's print collections consist of more than 350,000 items, including books, print journals, and audiovisual materials.

Beyond Xavier's own library collections, additional library resources are accessible through the OhioLINK Library Catalog - nearly 50 million items from 88 colleges, universities, affiliated hospitals and public libraries throughout the state are available to the Xavier community through this resource. OhioLINK items may be requested online and will be delivered in about 3 days through a state-wide courier system at no cost to students or faculty. Journal articles from collections at other libraries may also be requested online and will be delivered in digital format through the Library's document delivery services at no cost to students or faculty. The web site also provides detailed subject guides to Library resources, as well as web-based education and tutorials relating to copyright, technology, research skills, and more.

The Library has areas for group and individual studying as well as carrels and lounge seating. The Library provides dozens of computer workstations (laptops can be checked out at the Connection Center as well), plus facilities for viewing and listening to audiovisual materials, and facilities for printing, scanning and copying. Two rooms are available for Library instruction with an instructor's podium and computer projection: one is equipped with 24-computer workstations and the other provides seating for 36 with room for laptops. Wireless access is provided throughout the building.

The Library is located on the Academic Mall, and opens onto the Conaton Learning Commons and the Connection Center, complementing the services offered there.

Mathematics Tutoring Lab

<http://www.xavier.edu/mathematics/About-the-Department.cfm>

513.745.3069

Conaton Learning Commons

The Mathematics Tutoring Lab provides mathematics assistance in both major and non-major courses through MATH 171 (Calculus II). No appointment is necessary, and the services are free to Xavier students. Visit the website for operating hours.

Office of Academic Support

<http://www.xavier.edu/academic-support/>

513.745.2866

5th Floor, Conaton Learning Commons

The Office of Academic Support provides support services to facilitate learning. We offer academic support programs, which include subject specific tutoring and study skills assistance by appointment, as well as study groups, and Supplemental Instruction (SI) for undergraduate students. The peer facilitated services are free to Xavier students. Additionally, the Office of Academic Support manages the Goa program (courses CORE 101, CORE 102, and CORE 103):

Office of Disability Services

<http://www.xavier.edu/disability-services>

513.745.3280

Conaton Learning Commons Room 514

Disability services provides accommodations to approximately 200 students with disabilities each semester, including but not limited to students with mental health/psychological diagnoses, learning disabilities, attention deficit disorders, low vision/blindness, hard of hearing/deafness and medical conditions to name a few. Examples of accommodations may include extended time on exams/quizzes, alternative testing site with reduced distractions, books in an alternate format, note taking assistance, assistive technology, housing accommodations, and numerous additional accommodations designed to provide access to the learning environment. To receive academic accommodations to ensure equal access to your educational opportunities, please contact Disability services to begin the process or to address any questions you may have regarding accommodations. Please note that IEP's, 504 Plans and Service Plans do not automatically transfer from high school to college. You must contact Disability Services to reestablish academic accommodations as a college student.

Registrar

<http://www.xavier.edu/registrar/>

513.745.3941 phone 513.745.2969 fax

Musketeer Mezzanine in Fenwick Place

The Office of the Registrar provides services to support the instructional mission of the University for students, faculty, staff, and alumni in the following areas: class registration, academic records maintenance, schedule of classes, degree audit, academic transcripts, consortium, grade processing, degree certification, diploma production,

commencement, transfer credit evaluation, enrollment verification, and catalog.

Student Success Center

<http://www.xavier.edu/student-success>

513.745.3141 phone

Conaton Learning Commons (CLC), 5th floor

success@xavier.edu

The Student Success Center (SSC) supports students holistically by facilitating student intervention efforts and working with various campus resources to foster student persistence and success. Success Coaches support first and second year students by helping students navigate the Xavier experience.

Our proactive approach to success coaching provides holistic support and builds meaningful relationships between students and university faculty and staff. The SSC utilizes EAB Navigate to schedule appointments, receive faculty feedback through progress reports, manage cases, and communicate with campus partners. We develop monthly family newsletters and regular communication to our students. Success Coaches are available to meet with students as needed.

TRiO-Student Support Services

<http://www.xavier.edu/sss/>

513.745.3758

5th Floor, Conaton Learning Commons

TRiO, Student Support Services (SSS) is an educational program funded by the United States Department of Education, whose goal is to graduate eligible students and prepare them for a post-baccalaureate education or career. The staff, three full-time professionals and a secretary, is committed to providing an academic, professional, financial and personal support system that guides student participants to benefit from educational opportunities and achieve a greater quality of life. To qualify for the program the student must meet the following guidelines: U.S. citizen or permanent resident, be a first generation college student (neither parent nor guardian has a bachelor's degree) and/or, meet federal income guidelines as outlined by the U.S. Department of Education and/or, have a verifiable disability. The TRiO, SSS program collaborates with several offices on campus that provide academic support and tutoring. Retention of TRiO, SSS students exceeds that of our typical student as does their graduation rate.

Writing Center

http://www.xavier.edu/writing_center/

513.745.2875

Room 400, Conaton Learning Commons

The James A. Glenn Writing Center provides free assistance with all aspects of the writing process for both undergraduate and graduate students, for any level of writing ability or field of study. Although most tutorials focus on a particular assignment or writing project, our broader mission is to improve students' overall writing skills and their understanding of the writing process. The Center is staffed by nine undergraduate peer tutors, two graduate tutors and the Director. All the tutors have taken a seminar-long training course on how to work one-on-one with people about their writing. The Center has a library of writing-related references and provides computers and printing for those who need a quiet place to write. Staff and faculty are also welcome to use the Center's resources. The Writing Center is open approximately fifty-eight hours each week during the academic year.

Campus Events, Activities, and Involvement

Gallagher Student Center (GSC)

<http://www.xavier.edu/gsc/>

513.745.3201

The Gallagher Student Center provides two primary services to the Xavier community: the Welcome Desk, and facility reservations. The Welcome Desk is the customer service center for the Gallagher Student Center. The Welcome Desk student staff act as campus operator, assist with the identification of campus resources, maintain information on staff telephone numbers, and provide general referrals for the campus. In addition, the GSC provides a wireless environment for laptops and houses a 350+ seat theater, five retail outlets, the University Bookstore, lounges, meeting rooms, and designated space for student organizations and clubs. The GSC is open 24/7 during the academic year, excluding holidays.

Recreational Sports

<http://www.xavier.edu/recsports/>

513.745.3208

Xavier University Recreational Sports provides the Xavier community with a broad, diversified sports program and activities that meet the needs and interests of the entire campus. It provides an environment that focuses on the total development of all students and, during that process, maintaining an atmosphere of fun.

O'Connor Sports Center is a student/faculty/staff use facility that provides opportunities to participate in informal recreation and fitness, instructional programs and intramural competitions. Located within the facility is a 10,000 square foot gymnasium, a 6-lane meter pool, 2 racquetball/handball courts, a weight/cardiovascular room, and locker rooms.

In addition, there are several leadership opportunities for students, including student managers, club sport team officers, intramural officials, lifeguards, and customer service and weight room supervisors. Students learn and enhance their teamwork, communication, and customer service skills. Several of these positions are also available during the summer and school vacations. Contact the Recreational Sports Department for further information regarding any of these positions.

Student Involvement

<http://www.xavier.edu/involvement>

513.745.3004

2nd Floor, Gallagher Student Center

The Office of Student Involvement believes that, through involvement, individuals discover their passions and develop their strengths to lead a purposeful life. As such, Student Involvement facilitates learning and social integration by providing students with experiences in leadership development, student organizations, campus events, and orientation.

The Office of Student Involvement coordinates campus-wide events such as Manresa New Student Orientation, Week of Welcome, and Family Weekend. Student involvement provides oversight and support for student clubs and organizations and directly advises the Student Government Association, Student Activities Council, and Senior Week Planning Committee. A full listing of student clubs and organizations is available at www.xavier.edu/clubs

The XU Bands

Symphonic Winds

The Xavier University Symphonic Winds is an auditioned ensemble dedicated to the excellent performance of quality traditional and contemporary literature, including original works for wind band as well as outstanding orchestral transcriptions. This is the premiere wind ensemble at Xavier University. In rehearsal and performance, the aesthetic aspect of the music is stressed and special emphasis is placed on musical style. The group maintains an active performance schedule in the Cincinnati area, but the Symphonic Winds also represent the Department of Music throughout Ohio and the surrounding states. Membership is open to all university students; the ensemble represents virtually every department across campus.

Jazz Ensemble

The Xavier University Jazz Ensemble enables students to experience the jazz idiom in a jazz big band. Selected pieces by the jazz masters and standards of the jazz idiom constitute the majority of performance material, but student arrangements are also vital component to rehearsals and concerts. All chosen material is varied in style, tempo, and difficulty while keeping in mind the educational needs of the ensemble. The Jazz Ensemble provides students an opportunity to play both in a traditional big band and learn small group improvisation skills. Membership is open to all Xavier students by audition.

Pep Band

The Xavier University Pep Band is a performance ensemble, with its members serving as musical ambassadors for the University. This ensemble performs at home men's and women's basketball games, and also does special performances at several other on-campus University events. The band also travels to tournament games for men's and women's basketball. Students enrolled in this course will learn a repertoire of "audience-pleasing" (popular music) literature. Students are exposed to select, specially arranged music, designed for this particular idiom, drawn from various musical genres. Membership is open to all Xavier students by audition.

Chamber Orchestra

The main goal of this course is to explore and perform the finest and most appropriate literature available for Chamber Orchestra. The ensemble is designed to be a professionally nurturing and meaningful music experience for string players through engaging rehearsals and performances. The content of this course will expose participants to both basic and new repertoire for Chamber Orchestra; this includes music for all periods and will include contemporary music. Membership is open to all

Xavier students, faculty and staff by audition.

Health, Wellbeing, and Safety Resources

Campus Police

<http://www.xavier.edu/police/>

<http://www.xavier.edu/safety/>

513.745.1000 (Emergency)

513.745.2000 (Non-Emergency)

1648 Musketeer Drive (across from the Common's Apartment Complex).

The mission of the Xavier University Campus Police Department is to protect life and property, to understand and serve the needs of any and all persons within the university community, to actively seek to identify community problems and solutions to these problems, to identify and prevent any criminal activity which may occur, and to improve the quality of life in this community.

Campus Police is staffed by professional officers 24 hours a day year round and provides general assistance to the Xavier community. In addition to providing for a safe and secure environment, Campus Police is also responsible for parking enforcement, crime prevention, and criminal investigations. The officers are State Certified and provide a full range of law enforcement services.

Quick Facts About Us

- Officers within the Department are State Certified with police powers and authority as set forth under section 1713.50 of the Ohio Revised Code. All officers have obtained at least 600 hours of specialized training through the Ohio Peace Officer's Training Academy as mandated under section 109.78(D) of the Ohio Revised Code.
- The Xavier University Police Department has Mutual Aid and Concurrent Jurisdiction Agreements with the Cincinnati and Norwood Police Departments.
- The Xavier University Police Department has direct radio communications with the surrounding police, fire and EMS agencies servicing the Xavier community.
- The Xavier University Police Department is committed to Community Oriented Policing and provides on-campus vehicle jump-starts and lockouts. Officers are also available for campus escorts during the hours of darkness.
- The Xavier University Police Department administers the university's compliance with the [Clery Act](#).

Dean of Students

513.745.3166

www.xavier.edu/dean-of-students

The Office of the Dean of Students is committed to supporting Xavier students and creating a safe and inclusive campus community. We promote integrity, wellbeing, and success as we help students learn to make healthy and responsible choices. We do this through student behavioral response and support, student conduct and integrity, and supporting student wellbeing initiatives. The Dean of Students staff facilitates the student conduct process, as found in the [Student Handbook](#), promotes wellbeing through [Care Management Services](#), and provides resources such as The Store (Xavier's food pantry) and the Student Emergency Fund to assist students in their success at Xavier.

Dining Services

xavier.edu/dining

513.745.4874

dining@xavier.edu

The James E. Hoff, S.J. Dining Commons, affectionately known as "The Caf," located in Justice Hall, is open to the campus community, family, friends, and guests for breakfast, lunch, and dinner seven days a week during the academic year. Dining Services is a nationally award-winning dining program that takes you beyond the typical "cafeteria" style cuisine. Each area is designed with you in mind. Guests will find multiple entree options each day to meet their various needs. With health, wellness, and community our top priorities, you will discover made-from-scratch options at every platform, including our Avoiding Gluten station for individuals with dietary restrictions or food allergies.

In addition to our residential dining program, our University offers multiple retail locations throughout campus as well as our Starbucks located in the All For One Shop at University Station. Adjacent to campus, University Station has off-campus dining options to serve our local community. Daily menus and hours of operation can be found online at xavier.edu/dining.

The University offers a variety of Meal Plan options to the Xavier University Community, usable during the academic semesters. To get the most out of your Xavier experience and encourage wellness, students living in Buenger, Brockman, Husman, Fenwick, and Kuhlman may choose between Xavier Blue or Silver meal plans.

For on-campus apartment and commuter students, meal plans are optional and strongly recommended. These students may choose from all meal plans available. Approximately 70% of the student body enjoys a meal plan to satisfy their dining needs! Students with special dietary restrictions or food allergies should contact Xavier

Dining to discuss their specific needs.

McGrath Health and Wellness Center

<http://www.xavier.edu/health-wellness/>

513.745.3022

1714 Cleneay Avenue

The Health and Counseling Center offers primary medical care, mental and Behavioral health counseling, and other health services to Xavier students.

Medical services are provided by board certified physicians and licensed registered nurses. Services include primary care, allergy treatment, travel medicine, lab tests, immunizations, and pharmacy. Health Services can provide individualised care for students with special or ongoing medical needs. There is no charge to see a physician or nurse, but there may be charges for medications, lab tests, and other services.

Counseling services are provided by licensed psychologists and counselors. The counselors provide for a wide range of mental and behavioral health matters, including anxiety, depression, adjustment, relationships, eating disorders, alcohol and drug issues, family, and other problems. There are no charges for counseling services.

The services of the Health and We Center are available to all Xavier students, full or part-time, graduate and undergraduate, commuter or resident.

Psychological Services Center

<http://www.xavier.edu/psychologicalservices/>

513.745.3531

Sycamore House, Winding Way Avenue

The Psychological Services Center provides a wide range of professional services to the Xavier community. The Center serves students, faculty, and staff who are seeking assistance for the many difficulties which can accompany college and/or family life. Individual, couple, and family therapy are available for concerns which may include depression, stress, eating disorders, difficulties in relationships, family issues, sexual concerns, or sports-related difficulties of student athletes and coaches.

Although most concerns are handled through short-term counseling, the staff is equipped to deal with more serious difficulties which may require longer term treatment.

Title IX Office

<http://www.xavier.edu/titleix/>

513-745-3046

Title IX is the federal civil rights law that prohibits discrimination based on sex in all federally funded education programs and activities. Sex discrimination includes sexual harassment, sexual assault, dating violence, domestic violence, stalking, and other forms of gender-based harassment or violence. Xavier University does not tolerate sex discrimination. If students believe they have experienced sex discrimination or have questions about Title IX, please contact Xavier's Chief Title IX Officer Kate Lawson at 513-745-3046, lawsonk1@xavier.edu or visit the [Title IX Office website](#). For free, confidential advocacy and support, contact [Xavier's Advocacy & Prevention Coordinator](#) at 513-904-9013.

Spirituality and Jesuit Mission and Identity

Center for Mission and Identity

<http://www.xavier.edu/jesuitresource/index.cfm>

By supporting our faculty and staff in realizing the Academic Vision and affirming the Jesuit tradition of pedagogical excellence, the Center for Mission and Identity ensures that students gain an education at Xavier University as pledged by the Mission Statement, which prepares them to be people of outstanding competence and compassion.

The Dorothy Day Center for Faith and Justice

<http://www.xavier.edu/cfj/>

513.745.3567

We challenge and support students as they deepen their spiritual lives, pursue justice and promote pluralism.

As a Jesuit Catholic University we are committed to deepen our recognition of the sacred and pursue the common good. In a community forged from diversity, the Dorothy Day Center for Faith and Justice challenges and supports Xavier's diverse constituents as they pursue these complimentary ends. Through faith formation, education for

social change and dialogue, we seek to equip students to live in a diverse world where faith matters and justice is imperative. Inspired by Ignatian spirituality and Catholic Social Teaching, the Center is built on the invitation to find God in all things and the principles of solidarity and common good. The doors of the Dorothy Day Center for Faith and Justice are open to all.

In pursuit of our mission, we challenge and support students as they:

- Deepen their spiritual lives and create communities of practice
- Respond to today's complex social problems and to become agents of social transformation
- Build relationships, with diverse constituents, anchored in an appreciation of shared values, difference and common action

We do this by facilitating:

- Support and resources for faith development to students of diverse religious and philosophical traditions
- Education through community action and social analysis
- Liturgy, prayer services and faith sharing groups
- Exploration of the intersection of faith and justice
- Interfaith dialogue amongst diverse constituents about complex social issues
- Reflection and discernment
- Leadership development for ministry and the common good

Additional Resources for Students

Center For Diversity and Inclusion

513.745.3181

2nd Floor, Gallagher Student Center

Mission & Vision

The mission of the center is to serve as an educational resource, rooted in inclusive excellence, that invites the entire campus to engage academically and socially with identity development, intersectionality, intergroup relations and justice in order to achieve a unifying consciousness for the common good at Xavier and the world at large.

We envision Xavier students, staff and faculty taking advantage of the rich diverse fabric of the university by embracing and grappling with issues of diversity, inclusion and social justice.

Engagement & Learning Outcomes

- All students will practice critical reflection and develop an appreciation for cultural differences.
- All students will develop cross-cultural communication competencies to promote intergroup engagement and global citizenship.
- Underrepresented students will be able to identify campus resources (i.e. faculty, support staff and mentors) to help them transition into the university setting and gain a better sense of identity and self-confidence.
- Underrepresented students will demonstrate a development of professional skills as evidenced by the ability to clearly articulate professional goals and to name two strategies for successful networking.

Commuter Services

<http://www.xavier.edu/commuter/>

513.745.3824

Office of Residence Life, Musketeer Mezzanine/Fenwick Place

Commuter Services provides programs and services designed to meet the diverse needs of Xavier's commuter and nontraditional student populations. Commuter Services offers information about offcampus housing, transportation alternatives, and campus events. The office maintains evening hours to ensure accessibility for commuter students and adult learners. The commuter lounge is located on the third floor of the Gallagher Student Center.

Day One Textbook Program

<https://www.xavier.edu/day-one/>

513-745-3311 ext. 4

afoshops@xavier.edu

The Day One Program makes getting your required course materials one of the easiest things to do as you start your Xavier University experience. Day One takes the guess work out of textbook selection, and we take care of the cost of your rented textbooks. The program ensures you have the right textbooks and course materials to be successful

from Day One.

Once registered, your classes are sent to the Day One Book Depot, where they are packaged for pickup located in the Innovation Center. Digital content is available through Canvas.

If you drop a class or change sections; you must return any books to the Day One Book Depots within 7 days of the start of the semester to avoid any penalties. This includes any digital access cards, do not throw them away.

Intensive English Program (ESL)

<http://www.xavier.edu/esl>

international@xavier.edu

phone 513.745.2847 and 513.745.2842

Schott Hall Room 740

The Intensive English program offers language instruction for international students who have the goal of entering American colleges and universities or improving their ability to use English for professional purposes. The program is accredited by the Commission for English Language Program Accreditation (CEA), and it holds membership in the American Association of Intensive English Programs (AAIEP). ESL students at Xavier University receive instruction in English language and academic skills, including grammar, reading, composition, listening and pronunciation. In addition, optional electives such as speaking, TOEFL preparation, and oral fluency are available on a rotating basis. Please note that admission to the ESL program does not guarantee admission to a degree program at Xavier University; a separate application must be made for a degree program.

For more information on the Intensive English Program, please see English as a Second Language (ESL) Program

For information on the English as a Second Language Bridge Program, please see English as a Second Language (ESL) Bridge Program .

Mailing Services

<http://www.xavier.edu/mailling-services>

513.745.3558

mailingservices@xavier.edu

As a part of Auxiliary Services, we take pride in delivering excellent customer service while you and your students are on campus. The goal of the Mailing Services is to provide the University community with timely and accurate handling, distribution, and processing of all mail, utilizing staff and resources most cost-effectively. To prepare and meter all outgoing classes of domestic and international mail, packages, and courier services for the University departments and ensure that all departments comply with all USPS regulations.

Please visit the Auxiliary Services Hours Of Operation webpage for our most recent hours. The Mailing Services Department adheres to the Xavier University holiday schedule.

Outgoing mail is sent off campus daily at 2:00 pm. Any mail dropped off after 2 pm is NOT guaranteed to be sent out that day.

[Click here](#) for a complete listing of the building addresses and [click here](#) for additional USPS rules and regulations.

PARENTS & STUDENTS - All mail/packages should be addressed

*Xavier University
Attn: Jane/John Doe
3800 Victory Parkway
Hall name-exp: Kuhlman #414
Cincinnati, OH 45207*

Students will be notified via email from our office when their mail or packages are ready for pickup. Any student packages still in our possession after two weeks of arriving at the Mail Center will be Returned to Sender if not picked up by the student.

Parking Services

<http://www.xavier.edu/parking>

513.745.1050

parkingservices@xavier.edu

Parking Services at Xavier University is a collaborative service between the Office of Auxiliary Services which manages the permit distribution and the Xavier Police Department which manages the enforcement of parking rules and regulations and issuance of citations.

All vehicle parked on campus must have a valid Xavier permit displayed. Please visit xavier.edu/parking for all of your general parking information regarding parking areas, rules and regulations and much more.

This web site is also your avenue for self service management of all your parking needs around the clock, including Personal and Vehicle information, Permit Ordering and review, as well as Citation payments and/or appeal processing.

Residence Life

<http://www.xavier.edu/residence-life/>

513.745.3203

Musketeer Mezzanine in Justice Hall

reslife@xavier.edu

The Office of Residence Life provides learning opportunities in a unique living environment, including programming, leadership and advocacy. A full-time, Master's degree-level Hall Director lives and works in each of the residence halls and an Apartment Director oversees all the Apartment buildings on campus.

In every community, the student staff are comprised of Senior Resident Assistants and Resident Assistants (RAs) who serve as peer leaders to their residents. The Residence Life staff strive to create an inclusive community atmosphere through social and educational programming.

Student Financial Services

<http://www.xavier.edu/financial-aid/>

513.745.3142

1st Floor, Schott Hall

The Office of Student Financial Services' purpose is to provide the best possible service and information to students seeking a Xavier education. The Office of Student Financial Services is responsible for the administration of federal, state, and institutional resources, including scholarships, grants, and loans. It also awards Federal Work Study and acts as the liaison office between many private sources of student aid and the University. Students seeking financial assistance should submit the Free Application for Federal Student Aid (FAFSA) and may contact the Office for individual counseling.

Student Identification Card (One Pass or ALL Card)

<https://www.xavier.edu/auxiliary-services>

513 745-3374

allcard@xavier.edu

The student identification card, One Pass (Digital) or ALL Card (Physical), is required for all full-time and part-time students. The One Pass and ALL Card are provided through the All Card Center located in the Musketeer Mezzanine. The One Pass and ALL Card are the official University identification and must be in your possession while on campus. The ID services include access for the library, recreational sports center, athletic and special event ticketing.

In addition to serving as your identification card for easy access to campus facilities and programs, the One Pass and ALL Card can be used as a prepaid debit card to pay for on-campus services such as: All For One Shops, food services, copying, library fees, and vending. The ALL Card technology includes the student's ability to integrate U.S. Bank's complete banking as well as Internet banking services.

The system eliminates issues related to multiple cards for campus access and funds management. Convenience, simplicity and security... your student ID does it all!

Policies and Procedures

- Undergraduate Academic Policies and Regulations
- Graduate Academic Policies and Regulations
- Registration Policies and Procedures
- Privacy Rights
- Title IX

Undergraduate Academic Policies and Regulations

General Policies

The policies listed here affect all undergraduate students. Some degree programs have special policies which are specified within individual program descriptions. Refer to the "Registration" section of the catalog for general registration policies which affect both undergraduate and graduate students.

Reservation of Rights

Xavier reserves the right to modify its graduation and other requirements as deemed necessary from time to time. The University will attempt to comply with the requirements published in the catalog for the year a student initially registers, provided the student continues in attendance without interruption of more than a year. Students who interrupt their attendance by more than a year and who later return must meet curricular requirements as determined by their dean.

Student Responsibility

It is the responsibility of the student to become informed about all regulations and procedures required by the program and by the University. **In no case will a regulation be waived or an exception granted because a student pleads ignorance of the regulation or asserts that information was not given by an advisor or other authority.** The advisor should be consulted concerning requirements, deficiencies, the planning of a program, and special regulations.

Academic Grievances

Consistent with its mission, Xavier welcomes opinions and feedback about our policies, programs, and services in order to ensure that student rights are protected and, when necessary, to make changes that more effectively contribute to student success. The University is accountable to its students, its other constituents, and its institutional accrediting body to provide a mechanism to ensure that students have access to appropriate procedures for registering complaints when they feel that their rights have been violated.

Complaints can be made by a student or group of students alleging improper, unfair, or arbitrary treatment. A complaint may address issues of institutional or program quality such as Xavier's compliance with the standards of the Higher Learning Commission of the North Central Association of Colleges and Schools or other pertinent accrediting bodies.

Exclusions to this policy include complaints regarding grade grievances, academic honesty, non-academic misconduct, sexual violence, harassment, and discrimination, which have separate, specific policies and procedures.

Concerns or complaints about academic procedures or personnel should be filed with the appropriate unit: College of Arts and Sciences, College of Nursing, College of Professional Sciences, or the Williams College of Business. A student with a complaint that a policy or procedure has been incorrectly or unfairly applied, or a complaint against a faculty member or academic staff member's behavior, has recourse through this process.

Students should address the complaint by first discussing the matter with the staff or faculty personnel with whom the issue originated. If students are uncomfortable talking directly with the person about whom they have a complaint, they may contact the supervisor or department chair directly.

If the issue is not resolved at the staff or faculty level, the next step would be discussion about the allegation with the supervisor or the department chair. Ideally, the student should document in writing the incident that has occurred. If possible, the student should include dates, locations, context, and as much detail as possible. In addition, the student should identify the resolution they are seeking and explain in writing why they feel that the issue was not resolved directly with the staff or faculty personnel.

If the issue is not resolved at the supervisor/chair level, students should then contact the respective dean's office where the dean or their designee will investigate the issue or allegation, and render a judgment.

Class Attendance

In order to earn credit in any course for which he/she is registered, the student is required to attend classroom and laboratory exercises regularly and promptly. Unexcused absence from a previously announced test may incur the penalty of a failure in that particular test. Regular attendance and missed class and test procedures are determined by the individual faculty members. Students should consult the class syllabi for current policy regarding attendance, grading, procedures, etc., by individual faculty members.

Writing Standards

In written work for class assignments, the University requires a high quality of writing. Instruction is available, through course work and through the James E. Glenn Writing Center, to help students attain this high level of quality. Faculty members may refuse to accept an assignment that does not meet acceptable standards.

Academic Honesty

The pursuit of truth demands high standards of personal honesty. Academic and professional life requires a trust based upon integrity of the written and spoken word. Accordingly, violations of certain standards of ethical behavior will not be tolerated at Xavier University. These include cheating, plagiarism, falsification of records for academic gain, collusion, copyright infringement, or abuse of physical or intellectual property.

All work submitted for academic evaluation must be the student's own. Certainly, the activities of other scholars will influence all students. However, the direct and unattributed use of another's efforts is prohibited as is the use of any work untruthfully submitted as one's own.

Penalties for violations of this policy may include, but are not limited to, one or more of the following: a written warning, academic integrity training, a zero or an "F" for that assignment or test, an "F" in the course, university probation, suspension, or expulsion from the University. This violation is to be submitted to the dean of the college of the student's major(s), via the Academic Integrity reporting system, though the instructor has full authority to assign the grade for the assignment, test, or course. If disputes of interpretation arise the student, faculty member, and appropriate chair/program director/school director should attempt to resolve the difficulty. If this is unsatisfactory, the dean will rule in the matter. As a final appeal, the Provost or their designee(s) will make a final determination.

Disciplinary Action

Xavier University expects the behavior of its students on and off campus to be in accordance with the rules of conduct specified in the Code of Student Conduct and the Student Handbook. A student violating any University policy will be subject to disciplinary action, facilitated by the Office of Residence Life or Dean of Students Office). Serious cases of misconduct may result in a student's sanctions that include suspension or expulsion. Academic credits for courses in which the student is currently enrolled may be lost by a student who is suspended or expelled from the University before the end of the semester. Refer to the Student Handbook (www.xavier.edu/handbook) for specific information regarding the student conduct process and procedures.

Disciplinary records are confidential and are maintained by the Dean of Students Office for a period of seven years, unless the student has been suspended or expelled from Xavier, in which case student conduct records may be kept indefinitely. The University may choose to notify parents of disciplinary action taken against a student in accordance with the permissible disclosures as outlined in the Student Handbook.

Academically related discipline problems will be addressed through the appropriate department chair, dean, and Provost.

Xavier University reserves the right to dismiss a student for academic misconduct if, in the judgment of University officials, such action is necessary to preserve and support the general welfare and academic experience of one or more students and/or the Xavier community. A student also may be required to withdraw for reasons of poor scholarship, failure to remove academic probation, or misconduct.

Xavier University Institutional Review Board (IRB)

Xavier has established an Institutional Review Board (IRB) for the protection of human subjects participating in research conducted by or on students, faculty or staff of the University. This includes research performed at Xavier under contractual arrangements with outside research organizations. In these cases, such contracts are subject to review and the research protocol portion of the contract is subject to Xavier IRB review.

The Xavier IRB is guided by the ethical principles set forth by the National Commission for the Protection of Human Subjects of Biomedical and Behavioral Research in Ethical Principles and Guidelines for the Protection of Human Subjects of Research: The Belmont Report.

In addition, the IRB attempts to insure compliance with the requirements set forth in Title 45, Part 46 of the Code of Federal Regulations.

Xavier University Professional Review Board (PRB)

A number of programs offered by the University qualify graduates to stand for certificates to practice professions involving vulnerable individuals (children, the ill, the mentally or physically challenged). Besides having academic knowledge and skills, they must also have the capacity to serve and help their future clients through intimate human contact.

When a student is found by their program or department to lack interpersonal skills necessary for activity as a professional, this Review Board, made up of certified, practicing professionals, serves as the student's appeal source. Instructors may also appeal to the Board if they are dissatisfied with their department's or program's lack of concern about an individual student's behavior.

Enrollment

Classification of Undergraduate Students

1. Freshmen - students who have earned 0 through 23.99 credit hours
2. Sophomores - students who have earned 24 through 54.99 credit hours
3. Juniors - students who have earned 55 through 89.99 credit hours
4. Seniors - students who have earned a minimum of 90 credit hours
5. Non-degree - students who have not declared themselves candidates for a degree at Xavier
6. Visiting (transient) - students from another college or university taking courses as a non-degree student at Xavier for transfer back to their home institution

7. Auditors - students taking courses but not for college credit

Enrollment Status of Undergraduate Students

- Full-time Status: summer, fall or spring
 - Any student attempting 12 or more semester credit hours (enrollment in selected programs/courses have semesters designated full-time regardless of hours attempted)
- Part-time Statuses: summer, fall or spring
 - Any student attempting up to 11.99 semester credit hours
 - Three Quarters time: 9 - 11.99 semester credit hours
 - Half-time is 6 - 8.99
 - Less than Half time: 5.99 and below

Course Numbering

Courses are numbered in the following way:

100 to 199 - undergraduate lower division courses

200 to 499 - undergraduate upper division courses

500 and above - graduate level courses; open only to graduate students

Prerequisites and Course Restrictions

When selecting courses, students must adhere to required prerequisites and special course restrictions established by the colleges and academic departments. Prerequisites must be passed with the minimum acceptable grade before subsequent courses may be taken.

Credit Hours, Semester

At Xavier University, the number of credit hours awarded depends on the course workload and overall contact with the subject matter, including the amount of direct instruction and the amount of student study/preparation time. A semester course typically requires two units of student study/preparation time for every one unit of direct instruction. Credit hour minimums are the same for both the undergraduate and graduate level. Actual hours of course work may exceed these minimums to ensure students meet course student learning outcomes.

A **direct instruction hour** consists of 50 minutes of formalized faculty-directed instruction presented to students, either in a synchronous or asynchronous format.

A **study or preparation hour** consists of 50 minutes of independent work, outside-of-class study, or preparation coursework that the typical student is expected to complete. Examples include, but are not limited to, reading assignments, working out problems, preparing for exams, completing online and face-to-face group work, writing papers, and working on a project.

A **semester credit hour** is the amount of credit awarded for successful completion of a total of 2250 minutes of course work comprised of faculty-directed instruction and independent student work. For example, one semester credit hour of traditional face-to-face lecture courses represents 750 minutes of direct instruction supplemented by a minimum of 1500 minutes of student independent study or preparation. An equivalent amount of time and work is required for shorter semesters or course duration.

The ratio of direct instruction to independent student work may differ by modality of instruction, but all courses require a **minimum of 2,250 total minutes of student work per credit hour** (e.g., 750 minutes of direct instruction plus 1,500 minutes of study/preparation time). A three credit-hour course requires a minimum of 6,750 minutes of interaction with the subject matter, including both direct instruction and independent student work.

Xavier University includes a week of final exams as part of the required minutes for full-term courses. A laboratory course that meets for two or three class hours weekly over the course of a full term is considered equivalent to one credit hour. Fully online courses include the same credit hour minimums as face-to-face courses. The credit hours for work in internships, practica, and student teaching vary. Class and study time may exceed these minimums to ensure students meet course student-learning outcomes.

The standard number of credit hours which each course carries is provided in the course description section of this catalog. The courses are listed in numerical order within the sections for the various academic departments.

Faculty are responsible for ensuring that overall credit-hour minimums are met for each of the courses they teach, including the make-up of any unanticipated class cancellations that occur due to weather or other extenuating circumstances. Faculty may use alternative activities or assignments to make up missed class time. It is general practice for faculty to notify their chairs when a class session is cancelled.

Excess Credit Hour Courseload

The following maximum course loads may only be exceeded with permission from the student's dean, even if the additional hours are to be taken for audit. Excess hours carry additional fees, unless departmental policy requires the excess.

1. Fall or spring - 18 hours
2. Summer - 7 hours each session, not to exceed 14 hours for the entire summer.

Auditing Courses

Anyone wishing to audit a course may do so. An audited course does not carry credit or earn quality points or fulfill a requirement. The credit hours of an audited course do not count towards the student's enrollment status for financial aid purposes. Regular tuition rates apply. If audit requirements are not met a "W" grade may be assigned.

Undergraduate Enrollment in Graduate Courses

A currently enrolled Xavier University undergraduate student may begin graduate course work as a non-degree graduate student if the student is within 12 hours of completing the undergraduate degree. The student must be in good academic standing and must obtain written approval from the appropriate dean and program director. The student must complete the nondegree graduate application for admission and return it to the Graduate Services Office or the MBA Office with the written permission attached.

All graduate courses taken will be for graduate credit only; the credit hours completed for graduate credit may not count towards the student's undergraduate degree. No more than 6 credit hours taken as a non-degree graduate student may apply toward a graduate degree. Some courses are not available to non-degree graduate students. Psychology graduate courses are not available.

NOTE: Students enrolled in the "Accounting 150 Credit Hour Program" or dual Bachelor/Master degree programs approved by the university should consult their department for exceptions to these policies.

NOTE: Students in the Masters of Occupational Therapy program may take eleven graduate hours after they have completed 114 undergraduate hours.

Course Repeat Policy

A course previously taken for credit may be repeated up to two additional times, including any withdrawals. The credit hours of the repeated course are counted only once. While all grades are entered on the student's official academic record, and appears on a student's transcript only the most recent grade counts in the student's grade point average, even if it is the lowest. Academic bankruptcy does not eliminate the term's courses from counting as repeated courses.

Some courses may not be repeated:

Undergraduate

- MATH 105, MATH 120, and MATH 150 may not be repeated after successful completion of a more advanced math course.
- An elementary or intermediate foreign language course may not be repeated after successful completion of a more advanced course in the same language.

Graduate

- Courses completed in a student's undergraduate program or in another graduate program cannot be repeated for graduate credit. Courses applied to another degree, either at Xavier or another institution, may not be applied to any master's degree at Xavier.

Pass/Fail Grade Option

The purpose of this policy is to encourage students to pursue coursework of interest outside of their areas of study. Students must petition or apply for consideration for a Pass/Fail grade from the department chair and consult their academic advisor to determine eligibility to ensure that the Pass/Fail option is appropriate. Licensure or advancement in a program or transfer of course credit to other universities may be affected by a Pass/Fail grade. There may also be implications for a student's academic standing eligibility in athletics, financial aid qualifications, or eligibility for the Dean's list. Students planning on entering graduate or professional school (e.g., Medical School, Law School) at any time after graduation should be aware that required or pre-requisite courses listed as Pass/Fail very often are not accepted. The policy has certain restrictions, listed below, that will protect students from any negative ramifications of choosing the Pass/Fail (P/F) option.

Purpose of Pass/Fail grade option

The purpose of this policy is to encourage students to pursue coursework of interest outside of their areas of study. Policies may vary by college, school or program.

Stipulations and rules of Pass/Fail option

- In order to elect the Pass/Fail option, the student must fill out the Pass/Fail form available from the Office of the Registrar online and attain the signatures of the instructor, advisor and dean of their college/school.
- Students may select the Pass/Fail option only during the add/drop period for the given course. A return to regular grading is also restricted to this timeframe. These deadlines include half-semester classes, intersession, and summer classes.

- An undergraduate student may take a maximum of 9 hours of Pass/Fail coursework during the student's undergraduate career.
- No more than 6 hours of Pass/Fail coursework can be taken in a single semester.
- This option is available to students in good academic standing, sophomore status or higher.
- Only electives can be taken as Pass/Fail option. Courses cannot be used to fulfill a major, minor, Core requirement, or corequisites. Additionally, study abroad programs are excluded from the Pass/Fail option.
- Students may petition to have the Pass/Fail course satisfy a requirement in the event they change their major to that new area, on a case-by-case basis, but their petition can be denied.
- Each academic department will determine if a given course can be taken as Pass/Fail based on degree requirements, program restrictions, etc.
- Pass/Fail grades will appear as P(pass), or F(fail) on students' official academic transcripts.
 - Pass (P): a permanent grade/credit indicating equivalent work of D or better and will count as earned hours toward graduation. A grade of P is not computed as part of a student's semester or cumulative GPA.
 - Fail (F): no credit, a permanent grade indicating equivalent work of less than a D in the course. Students who earn a grade lower than a D will receive that grade, and it will be included in the computation of overall GPA.
 - Pass/Fail grades may not be converted to any other grade (except W (withdrawal)).

Changing, Adding, or Dropping a Major or Minor

A student wishing to change, add, or drop a major or minor must see the appropriate Dean. A student wishing to change majors from one undergraduate college (Arts & Sciences, Business, and Professional Sciences) must go the office of the Dean of the new program so that they may begin the major/minor change process. A student wishing to change majors within the same college must see the Dean of their current college so that they may begin the change process.

Grading and Academic Standing

Undergraduate Grading System

A = Exceptional

A-

B+

B = Good

B-

C+

C = Satisfactory

C-

D+

D = Minimum passing

F = Failure

VF = Failure to officially withdraw

W = Official withdrawal

I = Incomplete, changed when grade is assigned.(see [Incomplete Work](#))

IP = In Progress, changed when grade is assigned

AU = Audit - no credit or grade earned (see [Auditing Courses](#))

P = Passing/Satisfactory, credit earned

S = Passing/Satisfactory, credit earned

U = Not passing/Unsatisfactory, no credit earned

NC = No credit earned, non-graded course

NR = No grade reported

No grade change can be made later than the 15th calendar day after the beginning of the next academic semester (fall or spring) except in the case of a completed Incomplete grade or a resolved Grade Grievance. "S/U" grades are given in certain pass/fail courses, in place of letter grades. The grade of "S" does not equate with letter grades and is transferable to other universities only upon their approval.

Quality Points

The quality point is the unit used to measure student achievement in a course. The number of quality points received for any course is equal to the number of points attached to the grade received, multiplied by the number of credit hours for the course. Quality points are calculated as follows:

A = 4.00 quality points per credit hour

A- = 3.67 quality points per credit hour

B+ = 3.33 quality points per credit hour

B = 3.00 quality points per credit hour

B- = 2.67 quality points per credit hour

C+ = 2.33 quality points per credit hour

C = 2.00 quality points per credit hour

C- = 1.67 quality points per credit hour

D+ = 1.33 quality points per credit hour

D = 1.00 quality point per credit hour

F = 0.00 quality points per credit hour

VF = 0.00 quality points per credit hour

I = 0.00 quality points per credit hour (earned prior to Fall 2019)

U = 0.00 quality points per credit hour

Incomplete Work

Grades of "IP" (In Progress) indicate that the student is continuing a long-term project related to the course, and should only be used when such continuation is the expectation of the program (eg for long-term research or other dissertation-related work). The grade "IP" does not count toward the GPA. The faculty member or department head initiates the grade change process once the work is completed.

Grade of "I" (Incomplete) may be granted only rarely and only for serious reasons. Course assignments are due at the time specified by the instructor. If an extension is granted beyond the termination of the course, the grade of "I" will be assigned. The grade "I" does not count toward the GPA. Unless the work is completed and submitted by the last day of the subsequent semester (Fall incomplete = last day of Spring Semester; Spring incomplete = last day of final Summer Semester; Summer incomplete = last day of Fall Semester), the student will fail the course and the "I" will be permanently changed to an "F." Exceptions to this policy must be approved in writing by the appropriate dean prior to the last day of the subsequent semester. The faculty member initiates the grade change process once the student has made up the incomplete work. Deadlines for short-term courses may vary; please refer to program handbook or director.

If a student ceases to attend class or misses the final exam the instructor should assign a grade of 'F' or 'VF'.

If the student is deferred for graduation due to a grade of 'IP' or 'I', he or she may be eligible for the original date of graduation. Work must be completed, graded and recorded within thirty calendar days of that term's graduation date.

Dean's List

In any term, undergraduate students who complete at least six credit hours for grades that earn quality points (A, A-, B+, B, B-, C+, C, C-, D+, D, F, VF, I, U) with a grade point average of at least 3.500 are placed on the Dean's List for that term.

Academic Standing

Actions regarding academic warning, probation, academic suspension, and academic dismissal will be noted on the student's permanent academic record.

Good Standing

- A student in "good standing" is defined as a student who has earned a cumulative grade point average of 2.000 or better (a "C" average or better).

Academic Warning

- Any freshman in a baccalaureate program whose cumulative average is 1.750 to 1.999 receives an academic warning. A warning may be issued for one semester only and may not follow a term on probation.

Academic Probation

- Any student in an associate's degree program whose cumulative average falls below 2.000 is placed on academic probation.
- A freshman in a baccalaureate program whose cumulative average falls below 1.750 is placed on academic probation.
- Any upperclassman in a baccalaureate program whose cumulative average falls below 2.000 is placed on academic probation.
- Academic probation can be imposed by a dean at the end of any term. While on probation a student may be restricted to a reduced course load, and/or receive other stipulations intended to improve the student's academic success. Academic probation is removed when the student's cumulative average rises to 2.000 or above.

Academic Suspension

- Students on academic probation who fail to restore their cumulative grade point average to 2.000 within two semesters will be suspended. In addition, Freshmen and probationary students who receive more than one failing grade within a single term will be suspended. Suspension will be enforced unless in the judgment of the dean there are extenuating circumstances. One fall or spring term must elapse before a suspended student may reapply.

Academic Dismissal

- A student who has been readmitted after a period of suspension and who fails to meet the terms of the readmission as stipulated by the appropriate college dean will be dismissed from Xavier and is not eligible to return.

Academic Bankruptcy

Academic bankruptcy allows an undergraduate to continue work toward a college degree without being severely burdened by a term with a high proportion of low or failing grades. Academic bankruptcy means that all credits and all grades for a given term are excluded from the computation of a student's grade point average, and the hours earned during the term will not be counted toward graduation. The courses and grades earned will remain on the student's permanent academic record, along with a notation of the Academic Bankruptcy. For this policy, the entire summer is considered one term.

A student may apply to the college dean for academic bankruptcy after the completion of a subsequent term of satisfactory performance. Satisfactory performance is defined as a grade point average of 2.000 in a term at Xavier that includes at least 6 credits of graded courses and no course withdrawals. The granting of academic bankruptcy may occur only once in a student's academic career at Xavier University and is irrevocable. Actions regarding course repetition, warning, probation, suspension, dismissal, and reactivation are not modified by this policy.

Academic Reactivation

An undergraduate student who previously attended Xavier and has not been registered for one year is required to complete a Reactivation Form before registering. The form is available on the Office of the Registrar website. Applicants who wish to receive credit for coursework taken at another university during their absence from Xavier must submit an official transcript to the Office of the Registrar. See the section on "Transfer Credit" for limitations on the acceptance of coursework. Students are reactivated under the current catalog year, unless an exception is made by the dean.

For Students Previously Placed on Academic Suspension

Students suspended from Xavier or from other institutions for poor academic performance will not be eligible for reactivation before the lapse of at least one fall or spring semester. In all cases, reactivation and the conditions for such will be determined by the dean of the appropriate college which issued the suspension. All prior financial obligations must be settled with the Office of the Bursar prior to reactivation, and the student must be in good standing with the Division of Student Affairs.

Grade Grievance Procedure

This policy applies to both graduate and undergraduate students.

Students may appeal final grades if they believe that the grade was awarded unfairly. The student is responsible for the burden of proof, and must be able to provide some evidence of the lack of fair treatment in order to file a formal grievance. The following procedure must be followed when filing such an appeal.

The instructor is obligated to participate in the grade grievance process. If the instructor does not participate, the chair and/or dean will proceed without the instructor.

1. The student shall indicate in writing to the chair of the appropriate academic department that he/she is appealing the grade. This notification must be submitted in person or postmarked by February 1 for fall grades, June 15 for spring grades, and September 1 for summer grades.
2. The student shall meet with the instructor to try to resolve the grade dispute before February 15 for fall grades and before September 15 for spring and summer grades.
3. If a resolution is not reached and the student still believes that the grievance has merit, the student shall submit a request in writing to the department chair for a meeting with the chair and the instructor. This request should indicate when the meeting with the instructor was held and its outcome; explain exactly how the instructor's action was unfair; and be received by the department chair by March 1 for fall grades and October 1 for spring and summer grades. The student then meets with the department chair and instructor to try to resolve the dispute at this level.
4. If a resolution is not reached and the student wishes to pursue the grievance, he/she shall submit the statement from step #3, along with all evidence and documentation which supports the allegation, to the dean of the appropriate college. This should be done within five working days after meeting with the department chair and the instructor.
5. The dean shall convene a committee, composed of him/herself, three faculty members and two students, to conduct a hearing on the grievance. Two of the faculty members shall be from within the college and one from outside the college in which the instructor is located, and all shall be appointed by the dean. The two students shall have the same status as the grieving student (either graduate or undergraduate). If undergraduate, they shall come from a pool of 4-6 students appointed by the president of student government. One student shall be from within the college in which the grieving student is enrolled, and one shall be from outside the college. The dean shall choose the two students from the pool. If graduate, the dean shall meet with the appropriate graduate student organizations from the colleges to select the two students to sit on this committee.
6. The committee shall hold a hearing chaired by the dean. The instructor and the student shall be present and each shall be allowed an advisor (from within the University community) and shall be permitted to present witnesses. The committee, advisors, instructor and student shall all have the right to question the witnesses. The committee shall deliberate in closed session, and must present its decision in writing to the student and the instructor within five working days after the decision is reached. If the committee's decision is that the grade given was inappropriate, the academic vice president shall authorize the registrar in writing to change the grade.
7. The decision of the committee is final unless new evidence or new witnesses not previously considered or heard at the hearing become available. The student must submit this new evidence to the academic vice president within ten working days following the receipt of the committee's decision and must indicate precisely how this evidence or testimony relates directly to the alleged unfair awarding of the disputed grade.
8. The decision of the academic vice president is final. There is no further appeal.

Graduation

Degree Residency Requirement

At least one-half of the course requirements of the major or minor and the last 30 semester hours must be completed at Xavier University for all undergraduate degrees. At least 60 semester hours toward a bachelor's degree must be earned in accredited four-year institutions.

Application for Degree and Graduation

Students initiate the process of graduation by completing a Graduation Application. The online graduation application is available through the Office of the Registrar website. It is recommended that the student meet with the academic advisor or program director before registering for the final term of work to ensure that all degree requirements will have been met by the end of that term. Utilize the Degree Works evaluation report available online to assist you with your graduation check out.

The student must submit a Graduation Application to the Office of the Registrar before the deadline published in the Academic Calendar . The graduation fee will be added to the student's Bursar account, and an additional fee will be incurred for applications received after the deadline. The graduation fee is a onetime, non-refundable charge, per each degree awarded. If the requirements for the degree are not completed at the time specified on the application, the student must submit a new Graduation Application by the application deadline in the next term in which he/she will complete the degree requirements. Although the student is not charged an additional graduation application fee when re-applying, the late fee will be assessed for applications received after the deadline.

Degrees are granted three times each year: in August for those completing programs during the summer, in December for those completing programs in the fall semester, and in May for those completing programs during the spring semester. Commencement exercises are held each May for graduates from the entire previous academic year.

Students whose degree requirements are completed, graded, and recorded within thirty calendar days of that term's graduation date may receive a diploma dated for that term. Students must have satisfied all financial obligations to the University before the diploma or academic transcript can be released.

Graduation Honors

Honors are awarded on the basis of outstanding achievement only at the undergraduate level. For a bachelor's degree, a student who has earned a quality point average of 3.900 to 4.000 in Xavier course work will be graduated summa cum laude; one who has earned 3.750 to 3.899, magna cum laude; one who has earned 3.500 to 3.749, cum laude. For an associate's degree, a student who has earned a quality point average of 3.900 to 4.000 in Xavier course work will be graduated "with highest honor;" one who has earned 3.750 to 3.899 "with high honor;" one who has earned 3.500 to 3.749, "with honor." These honors are inscribed on the student's diploma and recorded on the student's permanent academic record.

Transfer students with appropriate grade point averages are eligible for honors at graduation if they have completed at least 60 quality hours at Xavier University for a bachelor's degree or at least 30 quality hours at Xavier University for an associate's degree.

Honor cords may be worn by any student who graduates or participates in the May Commencement ceremony, if those honors were earned by the day of the ceremony.

Comprehensive Examinations

Comprehensive examination requirements vary according to each program and are found in the program descriptions in this catalog. A student who fails the comprehensive examination may appeal to the program director to repeat the examination during a subsequent term (only one examination attempt is permitted during the summer). A second failure will result in dismissal from the program.

General Electives

General electives are fulfilled by courses of the student's choice as long as appropriate prerequisites are completed. Students may not apply more than 12 hours of any business area or 30 hours of total business courses toward electives.

External Courses

Courses at Other Institutions

Consortium Courses

Courses not available at Xavier may be taken through the Greater Cincinnati Consortium of Colleges and Universities. For courses taken through the consortium, both the credit and the grade earned are recorded on the student's Xavier record and the quality points are computed into the student's Xavier grade point average. For a list of the consortium schools, see <https://www.gccollegiateconnection.org/>. The student must be at least half-time and must bring written approval for consortium enrollment from the

dean of his/her college to the Office of the Registrar. Contact the Office of the Registrar for more information. Consortium courses may not be taken in the last 30 hours at Xavier unless approved by a college dean.

Non-Consortium Courses

Students desiring to take courses at an accredited non-consortium university must receive prior approval from their dean. Normally no more than 15 hours may be taken at another institution and applied toward a degree after a student has matriculated at Xavier. The student usually must present a catalog with a description of the desired course. Courses from these institutions are treated as transfer credit. Credit is granted provided a grade of "C" or better was earned. The grade is not placed on the student's Xavier record, nor is it computed into the student's Xavier grade point average.

Study Abroad Credits

Any student who is interested in registering for study abroad must complete the Study Abroad Approval prior to their study abroad experience. Upon completion of the course(s), the student must have an official transcript of the credits sent directly from the institution to Xavier University. The credit received is dependent on the type of study abroad the student completes.

- **Xavier Study Abroad/Faculty Led Program:** The student receives the letter grade for the course and the grade is computed into the student's Xavier grade point average.
- **Xavier Affiliated Study Abroad, Fredin Scholarship, Direct Exchange, Non-Xavier Affiliated:** The student receives transfer credit for courses in which a grade of C or better (or its equivalent) is earned. The transfer credit, but not the grade, is recorded on the student's transcript and the grades are not computed in the student's Xavier grade point average.

Transfer Credit Policies

Any student who has successfully completed college-level course work at another institution of higher education must arrange to have an official transcript sent directly from the each college/university attended to Xavier's Office of Admission.

Credit will be accepted for all college-level academic courses (except co-op and life experience) in which a grade of "C" or better has been earned at institutions of higher education that are accredited by one of the accrediting associations listed below:

- Accrediting Commission for Community and Junior Colleges (ACCJC) Western Association of Schools and Colleges
- Higher Learning Commission (HLC)
- Middle States Commission on Higher Education (MSCHE)
- New England Commission of Higher Education (NECHE)
- Northwest Commission on Colleges and Universities (NWCCU)
- Southern Association of Colleges and Schools Commission on Colleges (SACSCOC)
- WASC Senior College and University Commission (WSCUC)

Xavier's undergraduate colleges will accept course work successfully completed within the last ten years; credit over ten years old will not be accepted if the course in question belongs to the student's major, minor, or, in the case of business students, pertains to the "business core." Credits over ten years old which pertain to the undergraduate core curriculum or are general electives will usually be accepted.

The transfer credit, but not the grade, is recorded on the student's transcript. The grades are not computed in the student's Xavier grade-point average.

Application of Credit to Xavier Degrees (Degree Residency Requirement)

At least one-half of the course requirements of the major or minor and the last 30 semester hours must be completed at Xavier University for all undergraduate degrees. At least 60 semester hours toward a bachelor's degree must be earned in accredited four-year institutions.

Earning Credit for Military or Other Professional Training

Students who have completed training courses through the armed forces or other professional training programs may be eligible to receive college credit for courses completed. The Guide to the Evaluation of Educational Experience in the Armed Services, published by the American Council on Education, is used to determine what credit might be granted for military training. For courses completed through business and professional organizations, the National Guide to Educational Credit for Training Programs, published by the American Council on Education, is used to determine what credit can be granted. To request credit for military or other professional training, students must submit transcripts or certificates of completion to the Office of Admission.

Earning Credit through Advanced Placement (AP) Examinations

Students who have successfully completed Advanced Placement courses and have taken the appropriate AP examinations may apply for college credit for this work. Xavier grants credit in a number of disciplines depending on the student's score on the appropriate AP examination. Ordinarily, a score of "4" or better in an Advanced Placement (AP) examination will earn the student an advanced placement with credit in that discipline. To see how AP exams equate to Xavier credit, see <https://www.xavier.edu/undergraduate-admission/ap-ib-and-clep-credit/index>. Students must arrange to have official test scores sent to Xavier's Office of Admission. Xavier's school code is 1965.

Earning Credit through the College Level Examination Program (CLEP)

Xavier University participates on a limited basis in the College Level Examination Program (CLEP) of The College Board. Students should contact the Office of Admission. To see how CLEP exams equate to Xavier credit, please see <https://www.xavier.edu/undergraduate-admission/ap-ib-and-clep-credit/index>.

Earning Credit through the International Baccalaureate (IB) Program

Students who have successfully completed International Baccalaureate (IB) courses and have taken the appropriate Higher Level examinations may apply for college credit for this work. Xavier grants credit in a number of disciplines on an individual basis for the grades of 5, 6 and 7 earned in the IB higher level examinations. Additional information is available on the web at <https://www.xavier.edu/undergraduate-admission/ap-ib-and-clep-credit/index>. Students must arrange to have official test scores sent to Xavier University. Xavier's school code is 1965.

Graduate Academic Policies and Regulations

General Policies

The policies listed here affect all graduate students. Some degree programs have special policies which are specified within individual program descriptions. Refer to the "registration" section of the catalog for general registration policies which affect both undergraduate students and graduate students.

Typically no more than six credit hours taken as a non-degree graduate student may apply toward a graduate degree. Exceptions may be granted at program director's discretion. Some courses and/or programs are not available to non-degree graduate students.

Reservation of Rights

Xavier reserves the right to modify its graduation and other requirements as deemed necessary from time to time. The University will attempt to comply with the requirements published in the catalog for the year a student initially registers, provided the student continues in attendance without interruption of more than a year. Students who interrupt their attendance by more than a year and who later return must meet curricular requirements as determined by their dean.

Student Responsibility

It is the responsibility of the graduate student to become informed about all regulations and procedures required by the program and by the University. **In no case will a regulation be waived or an exception granted because a student pleads ignorance of the regulation or asserts that information was not given by an advisor or other authority.** The program director should be consulted concerning requirements, deficiencies, the planning of a program, and special regulations.

Any falsification of information on the application, transcripts, recommendations (where required), or test scores will be sufficient cause for disqualification for admission or dismissal if the individual has been admitted. All tuition and fees paid and graduate credit earned are forfeited under such dismissal.

Academic Grievances

Consistent with its mission, Xavier welcomes opinions and feedback about our policies, programs, and services in order to ensure that student rights are protected and, when necessary, to make changes that more effectively contribute to student success. The University is accountable to its students, its other constituents, and its institutional accrediting body to provide a mechanism to ensure that students have access to appropriate procedures for registering complaints when they feel that their rights have been violated.

Complaints can be made by a student or group of students alleging improper, unfair, or arbitrary treatment. A complaint may address issues of institutional or program quality such as Xavier's compliance with the standards of the Higher Learning Commission of the North Central Association of Colleges and Schools or other pertinent accrediting bodies.

Exclusions to this policy include complaints regarding grade grievances, academic honesty, non-academic misconduct, sexual violence, harassment, and discrimination, which have separate, specific policies and procedures.

Concerns or complaints about academic procedures or personnel should be filed with the appropriate unit: College of Arts and Sciences, College of Nursing, College of Professional Sciences, or the Williams College of Business. A student with a complaint that a policy or procedure has been incorrectly or unfairly applied, or a complaint against a faculty member or academic staff member's behavior, has recourse through this process.

Students should address the complaint by first discussing the matter with the staff or faculty personnel with whom the issue originated. If students are uncomfortable talking directly with the person about whom they have a complaint, they may contact the supervisor or department chair directly.

If the issue is not resolved at the staff or faculty level, the next step would be discussion about the allegation with the supervisor or the department chair. Ideally, the student should document in writing the incident that has occurred. If possible, the student should include dates, locations, context, and as much detail as possible. In addition, the student should identify the resolution they are seeking and explain in writing why they feel that the issue was not resolved directly with the staff or faculty personnel.

If the issue is not resolved at the supervisor/chair level, students should then contact the respective dean's office where the dean or their designee will investigate the issue or allegation, and render a judgment.

Program Requirements

Specific requirements of the master's and doctoral programs are described in this catalog. Though advising services are available to assist all students, the student is responsible for following the procedures and completing the steps required for the program. Requirements of graduate programs, both procedural and substantive, may be waived only by written request of the student and/or program director concerned and must have the written approval of the dean of the appropriate college. Additional information may be found in the program fact sheets (available in the Office of The Graduate School).

At least sixty percent of course work toward a graduate degree must be courses offered for graduate credit only, i.e., numbered 500 or higher and not open to undergraduate students. The remainder must be in approved upper division courses numbered 200-499 taken for graduate credit. (Grade of "A" or "B" must be earned for credit in courses below 500 level.) All MBA coursework must be graduate level MBA courses; all MHSA, EdD and PsyD coursework must be graduate level.

Class Attendance

Reasonable attendance at all class meetings of courses for which a student has registered is expected of students as a condition for the granting of academic credit. Lack of reasonable attendance as determined by the individual faculty member is reason for denial of credit for a course and possible course failure. Students should consult the class syllabi for current policy regarding attendance, grading procedures, etc., by individual faculty members.

Academic Honesty

The pursuit of truth demands high standards of personal honesty. Academic and professional life requires a trust based upon integrity of the written and spoken word. Accordingly, violations of certain standards of ethical behavior will not be tolerated at Xavier University. These include cheating, plagiarism, falsification of records for academic gain, collusion, copyright infringement, or abuse of physical or intellectual property.

All work submitted for academic evaluation must be the student's own. Certainly, the activities of other scholars will influence all students. However, the direct and unattributed use of another's efforts is prohibited as is the use of any work untruthfully submitted as one's own.

Penalties for violations of this policy may include, but are not limited to, one or more of the following: a written warning, academic integrity training, a zero or an "F" for that assignment or test, an "F" in the course, university probation, suspension, or expulsion from the University. This violation is to be submitted to the dean of the college of the student's major(s), via the Academic Integrity reporting system, though the instructor has full authority to assign the grade for the assignment, test, or course. If disputes of interpretation arise the student, faculty member, and appropriate chair/program director/school director should attempt to resolve the difficulty. If this is unsatisfactory, the dean will rule in the matter. As a final appeal, the Provost or their designee(s) will make a final determination.

Disciplinary Action

Xavier University expects the behavior of its students on and off campus to be in accordance with the rules of conduct specified in the Code of Student Conduct and the Student Handbook. A student violating any University policy will be subject to disciplinary action, facilitated by the Office of Residence Life or Dean of Students Office). Serious cases of misconduct may result in a student's sanctions that include suspension or expulsion. Academic credits for courses in which the student is currently enrolled may be lost by a student who is suspended or expelled from the University before the end of the semester. Refer to the Student Handbook (www.xavier.edu/handbook) for specific information regarding the student conduct process and procedures.

Disciplinary records are confidential and are maintained by the Dean of Students Office for a period of seven years, unless the student has been suspended or expelled from Xavier, in which case student conduct records may be kept indefinitely. The University may choose to notify parents of disciplinary action taken against a student in accordance with the permissible disclosures as outlined in the Student Handbook.

Academically related discipline problems will be addressed through the appropriate department chair, dean, and Provost.

Xavier University reserves the right to dismiss a student for academic misconduct if, in the judgment of University officials, such action is necessary to preserve and support the general welfare and academic experience of one or more students and/or the Xavier community. A student also may be required to withdraw for reasons of poor scholarship, failure to remove academic probation, or misconduct.

Xavier University Institutional Review Board (IRB)

Xavier has established an Institutional Review Board (IRB) for the protection of human subjects participating in research conducted by or on students, faculty or staff of the University. This includes research performed at Xavier under contractual arrangements with outside research organizations. In these cases, such contracts are subject to review and the research protocol portion of the contract is subject to Xavier IRB review.

The Xavier IRB is guided by the ethical principles set forth by the National Commission for the Protection of Human Subjects of Biomedical and Behavioral Research in Ethical Principles and Guidelines for the Protection of Human Subjects of Research: The Belmont Report. In addition, the IRB attempts to insure compliance with the requirements set forth in Title 45, Part 46 of the Code of Federal Regulations.

Xavier University Professional Review Board (PRB)

A number of programs offered by the University qualify graduates to stand for certificates to practice professions involving vulnerable individuals (children and persons who are mentally or physically ill or challenged). Besides having academic knowledge and skills, they must also have the capacity to serve and help their future clients through intimate human contact.

When a student is found by their program or department to lack interpersonal skills necessary for activity as a professional, this Review Board, made up of certified, practicing professionals, serves as the student's appeal source. Instructors may also appeal to the Board if they are dissatisfied with their department's or program's lack of concern about an individual student's behavior.

Enrollment

Classification and Enrollment Status of Graduate Students

- Full-time Status:
 - 9 hours or more
- Part-time Statuses:
 - Three Quarters time: 6 to 8.99
 - Half time: 4.5 to 5.99
 - Less than Half time: 4.49 and below

DNP, Ed.D, MSN, and Human Resource Development Master's program

- Full-time Status:
 - 6 hours or more
- Part-time Statuses:
 - Three Quarters time: 4.5 to 5.99
 - Half time: 3.00 to 4.49
 - Less than Half time: 2.99 and below

Course Numbering

Courses are numbered in the following way:

100 to 199 - undergraduate lower division courses, for undergraduate credit only.

200 to 499 - undergraduate upper division courses; selected courses are open to graduate students for graduate credit. Some degree programs in the College of Arts and Sciences and the College of Professional Sciences accept none or a limited number of such courses. The graduate program in the Williams College of Business and the graduate MHSA program in Health Services Administration accept no undergraduate level courses for graduate credit.

500 and above - graduate level courses for graduate credit only; open to graduate students only.

Credit Hours, Semester

At Xavier University, the number of credit hours awarded depends on the course workload and overall contact with the subject matter, including the amount of direct instruction and the amount of student study/preparation time. A semester course typically requires two units of student study/preparation time for every one unit of direct instruction. Credit hour minimums are the same for both the undergraduate and graduate level. Actual hours of course work may exceed these minimums to ensure students

meet course student learning outcomes.

A **direct instruction hour** consists of 50 minutes of formalized faculty-directed instruction presented to students, either in a synchronous or asynchronous format.

A **study or preparation hour** consists of 50 minutes of independent work, outside-of-class study, or preparation coursework that the typical student is expected to complete. Examples include, but are not limited to, reading assignments, working out problems, preparing for exams, completing online and face-to-face group work, writing papers, and working on a project.

A **semester credit hour** is the amount of credit awarded for successful completion of a total of 2250 minutes of course work comprised of faculty-directed instruction and independent student work. For example, one semester credit hour of traditional face-to-face lecture courses represents 750 minutes of direct instruction supplemented by a minimum of 1500 minutes of student independent study or preparation. An equivalent amount of time and work is required for shorter semesters or course duration.

The ratio of direct instruction to independent student work may differ by modality of instruction, but all courses require a **minimum of 2,250 total minutes of student work per credit hour** (e.g., 750 minutes of direct instruction plus 1,500 minutes of study/preparation time). A three credit-hour course requires a minimum of 6,750 minutes of interaction with the subject matter, including both direct instruction and independent student work.

Xavier University includes a week of final exams as part of the required minutes for full-term courses. A laboratory course that meets for two or three class hours weekly over the course of a full term is considered equivalent to one credit hour. Fully online courses include the same credit hour minimums as face-to-face courses. The credit hours for work in internships, practica, and student teaching vary. Class and study time may exceed these minimums to ensure students meet course student-learning outcomes.

The standard number of credit hours which each course carries is provided in the course description section of this catalog. The courses are listed in numerical order within the sections for the various academic departments.

Faculty are responsible for ensuring that overall credit-hour minimums are met for each of the courses they teach, including the make-up of any unanticipated class cancellations that occur due to weather or other extenuating circumstances. Faculty may use alternative activities or assignments to make up missed class time. It is general practice for faculty to notify their chairs when a class session is cancelled.

Excess Credit Hour Course Load

The following maximum course loads may only be exceeded with permission from the student's dean even if the additional hours are to be taken for audit. Excess hours carry additional fees, unless departmental policy requires the excess.

1. Fall, Spring, or Summer - 15 hours
Special courses such as workshops, institutes, tutorials, independent study, and courses graded on a satisfactory/unsatisfactory basis are available and may be applied toward a graduate degree. However, a student's degree program may not include more than six semester hours of such special course work.
2. Certain programs and degrees (Ex: The Doctor of Psychology and Master of Occupational Therapy) may apply more than six semester hours of courses graded on a satisfactory/unsatisfactory scale, based on program requirements and approval from the Department Chair.

Prerequisites

When selecting courses, students must adhere to required prerequisites and special course restrictions established by the colleges and academic departments. Prerequisites must be passed with the minimum acceptable grade before subsequent courses may be taken.

Auditing Courses

Any graduate student wishing to audit a course may do so. An audited course does not carry credit or earn a grade. The credit hours of an audited course do not count towards the student's enrollment status for financial aid purposes. Regular tuition rates apply. If audit requirements are not met, a "W" grade may be assigned. Psychology courses, Doctoral courses in Leadership Studies, and MS in Human Resource Development courses may not be audited.

Grading and Academic Standing

Graduate Grading System

A = Exceptional
A-
B+
B = Good*
B-
C+
C = Minimal**
F = Failure

VF = Failure to officially withdraw
W = Official withdrawal
M = Incomplete (prior to Fall 2019), changed when grade is assigned. (see ["Incomplete Work"](#))
E = Graduate Extension, changed when grade is assigned.
IP = In Progress, changed when grade is assigned
AU = Audit - no credit or grade earned (see ["Auditing Courses"](#))
S = Passing/Satisfactory, credit earned
U = Not passing/Unsatisfactory, no credit earned

NC = No credit earned, non-graded course

* minimum grade for graduate credit in courses below 500 level

** minimum grade for credit in courses 500 level and above

No grade change can be made later than the 15th calendar day after the beginning of the next academic semester (fall or spring) except in the case of a completed Incomplete, Graduate Extension or In Progress grade or a resolved Grade Grievance. "S"/"U" grades are given in certain pass/fail courses, in place of letter grades. The grade of "S" does not equate with letter grades and is transferable to other universities only upon their approval.

Quality Points

The quality point is the unit used to measure student achievement in a course. The number of quality points received for any course is equal to the number of points attached to the grade received multiplied by the number of quality hours yielded by the course. Quality points are computed as follows:

A = 4.00 quality points per credit hour

A- = 3.67 quality points per credit hour

B+ = 3.33 quality points per credit hour

B = 3.00 quality points per credit hour

B- = 2.67 quality points per credit hour

C+ = 2.33 quality points per credit hour

C = 2.00 quality points per credit hour

F = 0.00 quality points per credit hour

VF = 0.00 quality points per credit hour

U = 0.00 quality points per credit hour

The student's term grade point average (GPA) is computed by dividing the total number of quality points by the total number of quality hours in that term. "W", "M", "AU", "S", "E", "IP" and "NC" grades are not calculated into quality points, nor quality hours and therefore do not affect the GPA. The cumulative GPA is based on all terms at Xavier.

The semester hours in courses in which an "S" grade is earned will count toward the University's minimum requirement of 30 semester hours for graduation with a master's degree. However, if the grade earned is "U" (Unsatisfactory), both the credit hours and the quality points are computed into the student's cumulative grade point average.

Incomplete Work

Grades of "IP" (In Progress) indicate that the student is continuing a long-term project related to the course, and should only be used when such continuation is the expectation of the program (e.g., for long-term research such as a dissertation, or a year-long field-based training experience). The grade "IP" does not count toward the GPA. The faculty member or department head initiates the grade change process once the work is completed.

Grades of "E" (Graduate Extension) may be granted only rarely and only for serious reasons. If an extension is granted, the grade of "E" will be assigned. The grade "E" does not count toward the GPA. Unless the work is completed and submitted by the last day of the subsequent semester (Fall incomplete = last day of Spring Semester; Spring incomplete = last day of final Summer Semester; Summer incomplete = last day of Fall Semester), the student will fail the course and the "E" will be permanently changed to an "F." Exceptions to this policy must be approved in writing by the appropriate dean prior to the last day of the subsequent semester. The faculty member initiates the grade change process once the student has made up the incomplete work.

If the student is deferred for graduation due to a grade of 'IP' or 'E', he or she may be eligible for the original date of graduation. Work must be completed, graded, and recorded within thirty calendar days of that term's graduation date.

Student Progress

Candidates for the master's degree who fail to complete all requirements within six years after enrolling must apply for reactivation. Candidates for the doctoral degree in psychology who fail to complete all requirements within eight years after enrolling must apply for reactivation. Students have nine years to complete the Doctor of Education (Ed.D.) in Leadership Studies program, with a possible one-year extension upon approval of the Dean of the College of Professional Sciences. Certain programs may impose shorter progress requirements. A petition must be submitted to the appropriate college dean before proceeding. Reactivated students are held to program requirements in place at the time of reactivation. The dean of the college may impose certain stipulations as a condition for reactivation.

Graduate Reactivation

A graduate student who previously attended Xavier and has not been registered for one full academic year must complete a Reactivation Form before attempting to register for classes again and continuing in the course of study. Applicants who want credit for coursework taken at another university during their absence from Xavier must submit an official transcript to their respective program director for credit review. See the entry Transfer Students below for time limitations on the acceptance of coursework. Students are reactivated under the current catalog year, unless an exception is made by the dean.

Students suspended from Xavier or from other institutions for poor academic performance will not be eligible for reactivation before the lapse of at least one fall or spring semester. In all cases, reactivation and the conditions for such will be determined by the dean of the appropriate college which issued the suspension. All prior financial obligations must be settled with the Office of the Bursar prior to reactivation, and the student must be in good standing with the Division of Student Affairs.

Academic Standing

Actions regarding academic warning, academic dismissal, and academic reactivation will be noted on the student's permanent academic record.

Academic Warning

A student whose cumulative GPA falls below 2.800 in courses taken for graduate credit will be "WARNED." The dean will send this warning to the student and will also send a statement of dismissal policy. Such notification will be sent at the end of each semester so long as the student remains in this status. Some programs require a minimum of 3.000.

Academic Dismissal

Any student whose cumulative GPA is below 2.800 in courses taken for graduate credit and whose next semester graduate course GPA is also below 2.800 is subject to dismissal from that program. Some programs require a minimum of 3.000. Consult the program director for information.

Any student who earns two unsatisfactory grades ("C" or lower) in courses numbered below 500; or "F" in courses numbered 500 or above) is subject to dismissal from that program. Xavier University reserves the right to dismiss a student for reasons of poor scholarship, academic fraud, or misconduct. Actions regarding Academic Dismissal will be noted on the student's academic record.

Non-academic Dismissal

Xavier University reserves the right to dismiss a student if, in the judgment of University officials, such action would be in the physical, mental, emotional, or moral best interests of the student or is considered necessary for the welfare of the University.

Grade Grievance Procedure

This policy applies to both graduate and undergraduate students.

Students may appeal final grades if they believe that the grade was awarded unfairly. The student is responsible for the burden of proof, and must be able to provide some evidence of the lack of fair treatment in order to file a formal grievance. The following procedure must be followed when filing such an appeal.

The instructor is obligated to participate in the grade grievance process. If the instructor does not participate, the chair and/or dean will proceed without the instructor.

1. The student shall indicate in writing to the chair of the appropriate academic department that he/she is appealing the grade. This notification must be submitted in person or postmarked by February 1 for fall grades, June 15 for spring grades, and September 1 for summer grades.
2. The student shall meet with the instructor to try to resolve the grade dispute before February 15 for fall grades and before September 15 for spring and summer grades.
3. If a resolution is not reached and the student still believes that the grievance has merit, the student shall submit a request in writing to the department chair for a meeting with the chair and the instructor. This request should indicate when the meeting with the instructor was held and its outcome; explain exactly how the instructor's action was unfair; and be received by the department chair by March 1 for fall grades and October 1 for spring and summer grades. The student then meets with the department chair and instructor to try to resolve the dispute at this level.
4. If a resolution is not reached and the student wishes to pursue the grievance, he/she shall submit the statement from step #3, along with all evidence and documentation which supports the allegation, to the dean of the appropriate college. This should be done within five working days after meeting with the department chair and the instructor.
5. The dean shall convene a committee, composed of him/herself, three faculty members and two students, to conduct a hearing on the grievance. Two of the faculty members shall be from within the college and one from outside the college in which the instructor is located, and all shall be appointed by the dean. The two students shall have the same status as the grieving student (either graduate or undergraduate). If undergraduate, they shall come from a pool of 4-6 students appointed by the president of student government. One student shall be from within the college in which the grieving student is enrolled, and one shall be from outside the college. The dean shall choose the two students from the pool. If graduate, the dean shall meet with the appropriate graduate student organizations from the colleges to select the two students to sit on this committee.
6. The committee shall hold a hearing chaired by the dean. The instructor and the student shall be present and each shall be allowed an advisor (from within the University community) and shall be permitted to present witnesses. The committee, advisors, instructor and student shall all have the right to question the witnesses. The committee shall deliberate in closed session, and must present its decision in writing to the student and the instructor within five working days after the decision is reached. If the committee's decision is that the grade given was inappropriate, the academic vice president shall authorize the registrar in writing to change the grade.
7. The decision of the committee is final unless new evidence or new witnesses not previously considered or heard at the hearing become available. The student must submit this new evidence to the academic vice president within ten working days following the receipt of the committee's decision and must indicate precisely how this evidence or testimony relates directly to the alleged unfair awarding of the disputed grade.
8. The decision of the academic vice president is final. There is no further appeal.

Graduation

Minimum Grade Point Average to Graduate

The minimum grade point average required for graduation from all graduate degree programs is as follows. In addition, two unsatisfactory grades, as stated in the Academic Dismissal section, shall be grounds for dismissal.

College of Arts & Sciences	GPA
MA English Education	3.000
MA History Education	3.000
MA Public Affairs	3.000
MA Theology	2.800
MA Urban & Regional Sust. & Resilience	3.000
College of Nursing	GPA
DNP	3.000
MSN	3.000
College of Professional Sciences	GPA
EdD Leadership Studies	3.000
MA Clinical Mental Health Counseling	3.000
MA Psychology	3.000
MA School Counseling	3.000
MEd	2.800
MHSA	3.000
MOT	3.000
MS Athletic Training	3.000
MS Criminal Justice	2.800
MS HECOR	3.000
MS Human Resource Development	3.000
MS Industrial-Organizational Psychology	3.000

MS Special Education	2.800
OTD	3.000
PsyD Psychology	3.000
Williams College of Business	GPA
MBA & EMBA	3.000
MS Accountancy	3.000
MS Customer Analytics	3.000

Application for Degree and Graduation

Students initiate the process of graduation by completing a Graduation Application. The online graduation application is available through the Self Service link in the Xavier Student Hub. It is recommended that the student meet with the academic advisor or program director before registering for the final term of work to ensure that all degree requirements will have been met by the end of that term. Utilize the Degree Works evaluation available online to assist you with your graduation check out.

The student must submit a Graduation Application form to the Office of the Registrar before the deadline published in the Academic Calendar. The graduation fee will be added to the student's Bursar account, and an additional fee will be incurred for applications received after the deadline. If the requirements for the degree are not completed at the time specified on the application, the student must submit a new Graduation Application form. The graduation fee is a onetime, non-refundable charge, per each degree awarded.

Degrees are granted three times each year: in August for those completing programs during the summer, in December for those completing programs in the fall semester, and in May for those completing programs during the spring semester. Commencement exercises are held each May for graduates from the entire previous academic year.

Students whose degree requirements are completed, graded, and recorded within thirty calendar days of that term's graduation date may receive a diploma dated for that term.

Students must have satisfied all financial obligations to the University before the diploma or academic transcript can be released.

Multiple Master's Degrees

A student may earn from Xavier University only one graduate degree of the same type, e.g., MBA or MHSA, although more than one Master of Arts or Master of Science degree may be obtained in more than one subject or field. An additional MEd degree may be earned in addition to an already earned MEd in Sport Administration, Coaching Education and Athlete Development, Human Resource Development or Counseling. There may not be any overlap in courses used for multiple master's degrees. If two programs require a common course, a substitute must be approved for one of the degree programs. (Note that exceptions to this rule may be a part of the design of dual-degree programs.)

Comprehensive Examinations

Comprehensive examination requirements vary according to each program and are found in the program descriptions in this catalog. A student who fails the comprehensive examination may appeal to the program director to repeat the examination during a subsequent term (only one examination attempt is permitted during the summer). A second failure will result in dismissal from the program.

Thesis/Dissertation

Thesis/dissertation requirements vary according to program and are found in the program descriptions in this catalog. The thesis/dissertation required for a degree should embody the results of the applicant's research in some problem of the major subject, and must at each stage be under the direction of an appropriate faculty member appointed by the chair.

External Courses

Courses Taken at Other Institutions

Graduate credit for a degree completed at another university is not transferable toward a graduate degree at Xavier once the student has begun a graduate program at Xavier. Exceptions to this policy may be made when:

1. A student is permanently transferred to another city by family obligations.
2. A student is specifically directed by the program director, chair or dean to take a course not available at Xavier.
3. Up to six semester hours of graduate course work obtained in the Greater Cincinnati Consortium of Colleges and Universities may be applied to a master's degree taken at Xavier, with the advanced written permission of the program director or dean. As a matter of policy, the official academic record lists only those graduate courses from other universities which apply toward an advanced degree or pertain to certification.

Registration Policies and Procedures

Student Self Service

Student Services within the Self Service channel of the Xavier Student Hub (www.xavier.edu/students) is a secure website that is available to all students to access their registration information. During designated times students may register for classes and make class schedule changes on-line. Other on-line services include viewing and printing class schedules, grades, and academic history.

Schedule of Classes

The Schedule of Classes is prepared by the Office of the Registrar and lists course offerings, assigned dates, times, and instructors. It is available on-line through either the Xavier Student Hub or at www.xavier.edu/registrar. The on-line version is updated in real time and provides the most current Schedule of Classes information.

Selection of Courses and Course Loads

The choice of courses and the total number of credit hours in a student's program of studies each term are subject to restrictions deemed necessary by the college dean or academic advisor. When selecting courses, students must adhere to required prerequisites and special course restrictions established by the colleges and academic departments. The following are the maximum full-time course loads for undergraduate and graduate students. Permission to exceed these maximums, even if the additional hours are to be taken for audit, must be obtained from the college dean.

Undergraduate Student Maximum

Fall or spring - 18 hours
Summer - 7 hours each session, not to exceed 14 hours for the entire summer.

Graduate Student Maximum

Fall, Spring, or Summer - 15 hours

Academic Advising

Undergraduate academic advising assists students in their pursuit of educational plans and programs which will aid them in fulfilling their major or degree requirements and/or prepare them for a career. Academic advising is available for students in all three colleges: College of Arts and Sciences, College of Professional Sciences, and the Williams College of Business. Exploratory students, Biomedical Sciences and Biology freshmen in the College of Arts and Sciences are advised by academic advisors in the Academic Advising Center located on the fifth floor of Conaton Learning Commons, 515 A-E. Undeclared students in the Williams College of Business are advised by designated academic advisors in that college. Students with declared majors in all colleges are advised by department chairs or designated faculty advisors in the departments of the college. Adult students are advised through the APEX office or through their academic department.

Degree Evaluation Report

A Degree Evaluation report using the software called "Degree Works" shows a student's completed coursework and current registration matched with degree requirements of his/her declared major; it also identifies deficiencies and lists courses to satisfy requirements.

Students may access an evaluation report via Self Service of the Xavier Student Hub. The report also assists students' advisors and the University in determining progress toward completion of program requirements and as a graduation check.

Registration

Priority Registration

Priority registration for a semester occurs midway through the previous semester and gives currently enrolled students the opportunity to enroll early in desired classes. In order to participate in priority registration, undergraduate students must first meet with their advisor. No payment for tuition and fees is required during priority registration. Billing statements are available to students after priority registration ends. Payment due must be submitted approximately four weeks before the beginning of the next semester.

Open Registration

Open registration occurs after priority registration, and is open to any student.

Formal Registration

Formal registration occurs within the week preceding the beginning of a semester for students who did not participate in priority registration or open registration, or who did not complete payment obligations. Dates for formal registration can be found in the University calendar in this catalog or at www.xavier.edu/registrar.

Late Registration

Late registration begins the first calendar day of the semester and ends on the seventh calendar day of the semester for full-term classes. Registration is not permitted after the seventh calendar day of the semester. See www.xavier.edu/registrar for late registration dates for other sessions.

Registration Methods

- Registration materials may be obtained in-person at the Office of the Registrar, can be mailed to the student upon request or can be obtained on-line at www.xavier.edu/registrar.
- In-person - Students present completed registration forms to the Office of the Registrar. In fall and spring, advisor signatures are required on undergraduate registration forms.
- Mail-in/Fax - see above.
- On-line - Students may register on-line via the Xavier Student Hub www.xavier.edu/students

Schedule Adjustment

Class Add/Drops for all students for Fall and Spring Term. For Summer, please consult the academic calendar.

Once a student has registered for a term, to add or drop classes he/she must process a drop/add request using a method described above as follows:

Full Term Classes:

Adding a Class

Classes can be added through the first seven calendar days of the term.

Dropping a Class

Classes can be dropped through the first seven calendar days of the term without a grade appearing on the student's academic record. Undergraduate students receive a grade of "W" for classes dropped from the eighth calendar day of the term through approximately 80% of the term. For graduate students, a "W" occurs if a class is dropped from the eighth calendar day of the term through the last day of classes. See the Academic Calendar or www.xavier.edu/registrar for specific dates and policies.

Short Term Classes:

Adding a Class

Classes can be added through the first three days of the term.

Dropping a Class

Classes can be dropped through the first seven calendar days of the term without a grade appearing on the student's academic record. Students will receive a grade of "W" for classes dropped from the seventh calendar day through approximately 80% of the short term. See the Academic Calendar or www.xavier.edu/registrar for specific dates.

The Office of the Bursar adjusts the student's financial account based on the add-drop activity. Advisor's signatures are not required to change sections through the schedule adjustment period.

Special Registration Conditions

Students taking courses as audit or as repeated courses are responsible for obtaining and completing the proper forms to identify such courses at the time of registration, during schedule adjustment, or during late registration.

Auditing Courses

Anyone wishing to audit a course may do so. An audited course does not carry credit or earn a grade. No one may change from credit status to audit status or from audit status to credit status after the seventh calendar day of the term. Regular tuition rates apply. A grade of "W" may be awarded by the instructor if the student does not fulfill class obligations, or stops attending.

Repetition of Courses (Repeat Policy)

Students need to initiate this process. A course previously taken for credit may be repeated up to two additional times, including any withdrawals. The credit hours of the repeated course are counted only once. While all grades are entered on the student's official academic record, and appears on a student's transcript only the most recent grade counts in the student's grade point average, even if it is the lowest. Academic bankruptcy does not eliminate the term's courses from counting as repeated courses.

Undergraduate

Some courses may not be repeated:

1. MATH 105, MATH 120, and MATH 150 may not be repeated after successful completion of a more advanced math course.
2. An elementary or intermediate foreign language course may not be repeated after successful completion of a more advanced course in the same language.

Graduate

Courses completed in a student's undergraduate program or in another graduate program cannot be repeated for graduate credit. Courses applied to another degree, either at Xavier or another institution, may not be applied to any master's degree at Xavier.

Satisfactory/Unsatisfactory

Satisfactory/Unsatisfactory (S/U) grading is only available in certain courses. Letter grades cannot be given in these courses. The semester hours in courses taken on a S/U basis will count toward the University's minimum semester hour requirement of 120 for graduation if they are passed successfully. Neither the course hours nor any quality points are computed into the student's grade point average if the grade is "Satisfactory." However, if the grade is "Unsatisfactory," both the credit hours and the earned quality points are computed into the student's cumulative grade point average.

Withdrawal from the University during an Academic Term

A student who wishes to withdraw from all classes during a term (even if only registered for one course) must do the following:

1. Notify the appropriate college dean in person or in writing;
2. Obtain authorization from the dean by completing a withdrawal form;
3. Submit the form to the Office of the Registrar;
4. If a campus resident, notify the Office of Residence Life.

A student is considered to be enrolled until officially withdrawn. Failure to withdraw officially from the University will result in grades of "VF" for all courses. Once a semester begins, withdrawal from the University is recorded as an "Official Withdrawal" on the student's academic record.

A student who wishes to withdraw from the University between semesters is not required to withdraw formally but is encouraged to contact his/her academic advisor or dean about the decision.

Academic Record/Transcript

The transcript is the official academic record for all Xavier University students. Official copies must be obtained from the Office of the Registrar.

Transcript orders must be made in writing (in person or mail-in) or online through the [National Student Clearinghouse](#) and signed by the student. The request should include the student's current name, phone number, all previous names, ID number or Social Security Number, dates of attendance, major or concentration and any degrees received. The request should also include the student's current address, the number of copies needed and the complete address(es) to which the transcripts should be sent. The proper fee must be included with the request, and all obligations to the University must be met before transcripts may be issued.

Transcript information is available on-line at www.xavier.edu/registrar.

National Student Clearinghouse (NSC)

Xavier University is in partnership with the National Student Clearinghouse (NSC). NSC is responsible for processing student loan deferment forms for the following programs: Subsidized Stafford Loan, Unsubsidized Stafford Loan and Parent Loan for Undergraduate Students (PLUS). More information on NSC can be found at www.studentclearinghouse.org. Since NSC is Xavier University's legally designated agent, primary responsibility for loan deferment processing is with NSC. Please contact the Office of the Registrar for additional assistance or information.

Privacy Rights

[Return to Policies and Procedures](#)

The Family Educational Rights and Privacy Act (FERPA) of 1974 as amended details the access of student records held and maintained by educational institutions. The law further requires that parents or eligible students be notified of the types of records held and officials responsible for such records.

Parents have the right of access, review and challenge for elementary and secondary students (under the age of 18). The student assumes the rights of the parents at age 18 or upon attendance at a post-secondary institution. However, if the student is considered dependent (according to the 1954 Internal Revenue Code), both the student and parents have access rights. A student's records will be released to parents only after receipt of reasonable proof of dependency.

Pursuant to Section 99.13, students have the right of access to all educational records except those specifically excluded under the amendments to the Privacy Act. The following materials are specifically exempted from access by students: (1) Personal notes of teachers and administrators, provided these notes are not available to a third party other than a teacher's substitute; (2) Law Enforcement Records, to include those of the campus police force; (3) Medical, psychological and counseling records. The privacy of student medical records is protected by Ohio law and they are not available to anyone except those providing the treatment. These records are excluded from FERPA as long as they are used only for treatment and are not used for educational purposes. Student medical and counseling records are also excluded from the provisions of the Health Insurance Portability and Accountability Act (HIPAA).

In addition to the above excepted information, students may not inspect financial information submitted by their parents, nor may they inspect confidential letters of reference placed in the file prior to January 1, 1975.

The student does have the right of access upon request to all other educational records and files which are directly related to the student with proper identification. This includes all admissions records, registration files, financial aid materials (excluding financial information submitted by their parents as mentioned above), housing files, discipline records and any athletic records.

University employees who have an "educational need to know" and others with the expressed consent of the student also have the right of access to a student's records. In compliance with Section 99.5 of the Family Educational Rights and Privacy Act of 1974, the following information is published for all students at Xavier University.

Types of Records and Officials Responsible for Maintenance of Records

Requests for the following records should be directed to the appropriate office at Xavier University, 3800 Victory Parkway, Cincinnati, Ohio 45207-1092.

Record	Title of Official
Undergraduate Admissions	Director of Admissions
Graduate Admissions	Office of Graduate Services Assistant Director, Psychology Director, MBA program Director, Executive MBA program
I-20, Visa, Immigration Papers	International Student Services
Academic Records	University Registrar
Alumni	Alumni Relations Director
Discipline	Office of Vice Provost for Student Life and Leadership
Housing	Director of Residence Life
Financial Aid	Director of Financial Aid
Health/Medical	Director, McGrath Health & Wellness Center
Psychological Counseling	Director, Psychological Services Center
Teacher Education	Chair, Department of Education

Review and Expunging of Records

Each of the offices listed has review procedures and methods of expunging inaccurate data which are particular to the type of records kept and to the specific purpose for which they are maintained. Specific procedures can be determined by contacting the official of the office concerned.

Procedures for Challenging Content of Records

The procedures for challenging content of any specific record for reasons of inaccuracy or bias can be either informal or formal hearings. Student requests for a formal hearing must be made in writing to the appropriate vice president who, within a reasonable period of time after receiving such requests, will inform the student of the date, place and time of the hearing. The parents and/ or student have the right to present evidence that the challenged material is inaccurate, misleading, or in any way inappropriate for the particular file. Correction of the material or deletion of the material should be requested. Decisions rendered at the hearing will be final, and will be based solely on the evidence presented at the hearing. The appropriate vice president will summarize the evidence, state the decision, and state the reasons for the decision. This written report will be delivered to all parties concerned.

Cost of Reproducing Files

Students have a right to request and receive copies of all accessible materials with certain exceptions, e.g., a copy of the official academic record for which a financial "hold" exists. The cost of reproduction shall be borne by the requesting party, and shall not exceed the cost to the institution. The current charge for photocopying must be paid per page, per copy. The current charge for transcripts must be paid for a complete copy of the academic record.

Directory Information

The Family Educational Rights and Privacy Act (FERPA) permits the public release of what is termed "directory information." For Xavier University's purposes, this information includes the following: the student's name, all addresses (including email) and telephone listings, date and place of birth, any photographs including All Card photo, major field of study, number of hours registered and full or part-time status, class standing (freshman, sophomore, junior, senior, graduate), participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees awarded and total hours earned, special honors and awards, and the most recent previous educational agency or institution attended by the student.

A request for nondisclosure of the "directory information" must be filed with the Office of the Registrar, and will be honored by the institution until the student asks to have it removed, whether or not the student is currently registered. Upon the death of a student, all privacy holds are removed.

Title IX

Title IX is the federal civil rights law that prohibits discrimination based on sex in all federally funded education programs and activities. In compliance with Title IX, Xavier University does not discriminate based on sex in any education or activity, including admission and employment. Sex discrimination includes sexual harassment, sexual assault, dating violence, domestic violence, stalking, harassment or discrimination based on pregnancy, parenting, sexual orientation and/or gender identity. **Xavier University does not tolerate sex discrimination.** If a student or employee believes they have experienced sex discrimination or has questions about Title IX, please contact Xavier's Title IX and Interpersonal Violence Response Coordinator Kate Lawson at 332B Gallagher Student Center, 3800 Victory Parkway, Cincinnati, OH 45207, 513-745-3046, lawsonk1@xavier.edu or the Assistant Secretary for Civil Rights at U.S. Dept. of Education, Office for Civil Rights, 400 Maryland Ave., SW, Washington, DC 20202, 800-421-3481, OCR@ed.gov. For free, confidential advocacy and support, contact Xavier's [Campus Advocacy Coordinator](#) at 513-904-9013.

Requirements for Degrees, Majors, Minors, and Certificates

Requirements for Bachelor's Degrees

Meeting the degree requirements is the student's responsibility.

Candidates that will have a bachelor's degree awarded must have:

1. completed all the requirements listed under the "Core Curriculum;"
2. attained a 2.000 average in the course work of the major. BSBA students must also complete the business core with a 2.000 average; some programs have a higher GPA requirement;
3. attained a cumulative grade point average of 2.000 or better;
4. earned at least 120 semester credit hours;
5. completed the last 30 credit hours at Xavier, excluding consortium courses, unless waived by a college dean;
6. transferred, normally, no more than 15 credit hours from another college or university toward a degree after matriculation at Xavier;
7. filed a formal graduation application by the deadline published for each semester;
8. completed all departmental requirements in the major field and all requirements of their college;
9. cleared all financial obligations with the University before the diploma and transcripts can be released.

In addition to the above, transfer students must have:

1. completed at least 60 credit hours in accredited four-year schools;
2. completed at least one-half of the course requirements of the major at Xavier;
3. if applicable, completed at least one-half of the business core at Xavier.

These requirements are contained in the student's "Degree Evaluation", which is a degree progress tracking tool.

Requirements for a Second Bachelor's Degree

Students who have a bachelor's degree from Xavier University or another institution of higher education that is accredited by one of the following accrediting associations, may earn a second bachelor's degree at Xavier.

1. MSA - Middle States Association of Colleges and Schools Commission on Higher Education
2. HLC - Higher Learning Commission
3. NEASC-New England Association of Schools and Colleges
4. NWCCU-Northwest Commission on Colleges and Universities
5. SACS-Southern Association of Colleges and Schools Commission on Colleges
6. WASC-Western Association of Schools and Colleges

Xavier students may pursue a second Bachelor degree after the completion of their first degree or simultaneously with their first degree. When the first degree is from another accredited institution of higher education, credits applied toward the first degree will be accepted as transfer credit toward the second degree.

Students pursuing two Bachelor degrees from Xavier University must complete a minimum of 30 additional hours beyond those required for the first degree, for a minimum total of 150 credit hours. In addition, at least 15 hours of the 30 additional hours must be in the second major.

If the second degree is a business degree, at least one-half of the business core must be completed at Xavier and present catalog requirements in business must be met.

Students must meet all current Xavier core, quality point and grade requirements set by the University, college(s) and major department(s).

Requirements for an Associate's Degree

Meeting degree requirements is the student's responsibility.

Candidates for associate degrees must have:

1. completed the appropriate requirements listed under the "Core Curriculum - Associate's Degree;
2. attained a 2.000 average in the course work of the concentration;
3. attained a cumulative grade point average of 2.000;
4. earned at least 60 hours;
5. completed the last 30 hours at Xavier, excluding consortium courses, unless waived by college dean;
6. transferred, normally, no more than 9 hours from another college or university toward a degree after matriculation at Xavier;
7. filed a formal graduation application by the deadline published for each semester;
8. completed all departmental requirements in the concentration field & all requirements of the college;
9. cleared all financial obligations to the University before the diploma and transcripts can be released.

In addition to the above, transfer students must have:

- completed at least one-half of the course requirements of the major at Xavier.

Requirements for the Major

An undergraduate student must declare a major and complete all the requirements of the degree program, including the major. The requirements for each major are specifically defined, and a minimum 2.000 average in the course work of the major must be attained (some majors require a higher average). Each major is noted on the student's permanent academic record, but only one degree is conferred, namely the one that corresponds to the student's primary major. The student must complete the core curriculum requirements of the primary major. The core curriculum requirements of the secondary major need not be completed unless a business major is elected as the secondary major. In this case, the requirements of the "business core" must also be met. Regardless of hours counted for more than one major, associate degrees require a minimum of 60 semester credit hours and baccalaureate degrees require a minimum of 120 semester credit hours.

Requirements for a Minor

Undergraduate students may select a minor or minors in addition to a major.

Guidelines for minors are as follows:

- must contain a minimum of 15 credit hours (each minor is specifically defined);
- at least half of the credit hours of a minor must come from upper division (200-499) courses;
- at least half of the course requirements of a minor must be completed at Xavier;
- a student must attain a 2.000 average (or higher for some minors) in the course work of the minor;
- a student must declare a minor with the appropriate department and the student's college;
- all requirements of the minor(s) must be completed at the time of conferral of the degree
- successful completion of the minor will be noted on the student's academic transcript.

Requirements for Master's and Doctoral Degrees

Meeting the degree requirements is the student's responsibility.

Candidates that will have a Master's or Doctoral degree awarded must have:

1. Attained the minimum GPA for the specific graduate degree program. See "Minimum Grade Point Average to Graduate" in the Graduate Academic Policies and Regulations
2. Completed all credit hours required for the program. The minimum number of credit hours for any Master's degree is 30 semester credit hours; Students should refer to their individual program requirements for the minimum number of hours required for their specific program
3. Completed all requirements within the specified time allowed. See "Student Progress" in the Graduate Academic Policies and Regulations
4. A student's degree program may not include more than six semester hours of course work graded on a satisfactory/unsatisfactory basis for special coursework such as workshops, institutes, tutorials, and independent study. Certain programs and degrees may apply more than six semester hours of courses graded on a satisfactory/unsatisfactory scale, based on program requirements and approval from the Department Chair.
5. Typically no more than six credit hours taken as a non-degree graduate student may apply toward a graduate degree. Exceptions may be granted at program director's discretion. Some courses and/or programs are not available to non-degree graduate students.
6. At least sixty percent of course work toward a graduate degree must be courses offered for graduate credit only, i.e., numbered 500 or higher and not open to undergraduate students.
7. Filed a formal graduation application by the deadline published for each semester;
8. Completed all departmental requirements in the major field and all requirements of their college, including any Comprehensive Examination, Thesis/Dissertation, Practicum(s), and Internship requirements.

9. Cleared all financial obligations with the University before the diploma and transcripts can be released.

Requirements for Multiple Master's Degrees

A student may earn from Xavier University only one graduate degree of the same type, e.g., MBA or MHSA, although more than one Master of Arts or Master of Science degree may be obtained in more than one subject or field. An additional MEd degree may be earned in addition to an already earned MEd in Sport Administration, Coaching Education and Athlete Development, Human Resource Development or Counseling. There may not be any overlap in courses used for multiple master's degrees. If two programs require a common course, a substitute must be approved for one of the degree programs. (Note that exceptions to this rule may be a part of the design of dual-degree programs.)

Requirements for Certificate Programs

Xavier University offers several certificate programs. Students may complete certificate programs as part of an associate, bachelor's or master's degree or as a non-degree student. Some programs require that students have the minimum of an associate's or bachelor's degree prior to admission.

Candidates for certificates must have:

1. completed the requirements for the certificate with at least one-half of the hours completed at Xavier.
2. attained a cumulative grade point average of 2.000 or better (some certificates require a higher average).
3. satisfied all financial obligations to the University before the transcripts can be released.

Core Curriculum

Undergraduate Core Curriculum

Since 1599, Jesuit education has promoted a distinctive plan of studies (Ratio Studiorum in Latin) that adjusts to each generation, always maintaining a strong commitment to the Liberal Arts Catholic Jesuit tradition. At Xavier University this plan of studies begins with the Undergraduate Core Curriculum. In Fall 2015, Xavier launched a new Core that revolved around the Jesuit values of magis, reflection, discernment, cura personalis, solidarity and kinship, and service rooted in justice and love. The new Core significantly reduces the total credit hours required for most students, and thus allows for numerous possibilities for double majors, additional minors, immersion experiences, study abroad, and a wide range of electives that students can use to satisfy the overall number of credit hours required for graduation.

Bachelor Degrees:

Below are the requirements for all first-year students entering Fall 2015 or later. For students enrolled before Fall 2015 and graduating after Spring 2015, please see the Transition Core .

Each line represents a three-credit hour course, unless otherwise noted.

First-Year Experience

- CORE 100 - First Year Seminar
- CORE 101 - Goa I: Transition to Xavier
- CORE 102 - Goa II: Beyond Your First Year

Ethics/Religion and Society Focus

- THEO 111 - Theological Foundations
- PHIL 100 - Ethics as Intro to Philosophy
 - Literature & Moral Imagination

Perspectives Courses

- Creative Perspectives
- Historical Perspectives
- Mathematical Perspectives
- Philosophical Perspectives (PHIL 200)
- Scientific Perspectives
- Theological Perspectives (THEO 200+)

Skills

- ENGL 101 Composition or ENGL 115 Rhetoric
- Language
 - For students entering prior to Fall 2017: any two three-credit hour courses or 202 proficiency
 - For students entering in Fall 2017 or later: 201 level proficiency

Electives

- Humanities Elective
- Natural Science Elective
- Social Science Elective

Five Flags

Students also must satisfy five flags in addition to the 48 credit hours listed in the chart above. A flag constitutes a significant portion of a course in any discipline that is devoted to one of the five topics. Flagged courses are approved by the committee or subcommittee devoted to each flag topic. No single course can be used to fulfill more than two flags. Flagged courses often double count for other courses in the core, for major requirements, and/or for minor requirements, and thus do not add to the total number of credit hours required in the Core Curriculum.

- Diversity (DCR)
- Ethics/Religion and Society (E/RS)
- Oral Communication
- Quantitative Reasoning
- Writing

CORE 499

- All Bachelor degree students must successfully complete CORE 499 during their anticipated final semester as a requirement of their Bachelor degree.

Notes

- Students who enrolled before Fall 2015 and graduate after Spring 2015 count as Transition Students who must satisfy the Transition Core (see Transition Core).
- The Ethics/Religion and Society Focus also includes an E/RS flagged course, one of the five flags at the bottom of the chart.
- Literature and Moral Imagination can be fulfilled with CLAS 205 , ENGL 205 , FREN 205 , GERM 205 , or SPAN 205 .
- Humanities Elective can be satisfied by one course from any of the following categories: All Classics except 205, ENGL 121+ except 205, FREN 300+, GERM 300+, HIST 200+, PHIL 300+, SPAN 300+, or THEO 300+. The Humanities Elective may not double count as an E/RS flag (though may be an E/RS flagged course). While all Theology courses 200 and above count as Theological Perspectives, and all Theology courses 300 and above also count for Humanities Electives, no Theology course can double-count for both Theological Perspectives and Humanities Elective.

Associate's Degrees

Core Requirements For Most Associate's Degree Programs

- Eng. Comp./Rhet. (3)
- Phil 100 (3)
- Theo 111 (3)
- Creative Perspectives
- Historical Perspectives OR Humanities elective
- Natural Science elective (3)
- Social Science elective (3)
- DCR elective (3)

Total: 24 hours

Core Requirements For Associate's Degree Program in Early Childhood Education

- Eng. Comp./Rhet. (3)
- Phil 100 (3)
- Theo 111 (3)
- Creative Perspectives
- Historical Perspective OR Humanities elective
- Natural Science elective (3)
- Social Science elective (3)
- DCR elective (3)

Total: 24 hours

Core Requirements For Associate's Degree Program in Business Administration

- Eng. Comp./Rhet. (3)
- Phil 100 (3)
- Theo 111 (3)
- Creative Perspectives
- Historical Perspectives OR Humanities elective
- Mathematical Perspectives
- Natural Science elective (3)
- Social Science elective (3)

Total: 24 hours

Core Requirements For Associate's Degree in Radiologic Technology

- Eng. Comp./Rhet. (3)
- Phil 100 (3)
- Theo 111 (3)
- Historical Perspectives OR Humanities elective
- Mathematical Perspectives

- Natural Science elective (3)
- Social Science elective (3)
- DCR elective. (3)

Total: 24 hours

Transfer Students

Transfer Students/Work In Core Curriculum

All transfer students who start during or after Fall 2016 must complete the new Core. The rules governing Transfer students with the New Core are as follows:

1. Students can transfer to Xavier with a wide range of courses counting for core and/or major and minor requirements, as long as each transferred course can be assigned an equivalent Xavier course. If the Xavier course carries core attributes (for example, Humanities elective, Scientific Perspectives, Writing Flag, etc.), so too will the transferred course. Xavier's Office of the Registrar, in consultation with department chairs, will help transfer students determine which Xavier course is equivalent to the transferred course.
2. The flag standards are set by the Core Curriculum Committee (CCC), via the relevant subcommittees who communicate the standards to the Associate Dean of the College of Arts and Sciences. If it is determined based on its description that a course may satisfy any flag (E/RS, DCR, writing, oral communication, or quantitative reasoning), equivalence may be requested of the CCC chair or the Associate Dean of the College of Arts and Sciences. Public speaking or similar courses will satisfy the oral communication flag, and courses flagged as "writing-intensive" at other universities can satisfy the Xavier writing-intensive flag. However, if a student transfers in a course deemed equivalent to a Xavier course that has one or more flags, the flags are retained without independent evaluation by the flag subcommittee.
3. Some interdisciplinary courses to be transferred have no analogous Xavier departmental affiliation; these courses are identified, for example, as "Humanities" or "Engineering." The Associate Dean of the College of Arts and Sciences will approve these equivalences in consultation with whomever he/she deems appropriate.

Identifying Courses that Satisfy Core Requirements

To identify which courses satisfy a core requirement for a given term, use the **Browse Classes** function available through the Self Service link of the Xavier Hub. First, choose the term in which you are interested. Next, in the Subject Area, leave blank for All Subjects or select the individual subject(s) in which you are interested. Then, use the menu in the "Attribute Type" box to select the area of the core you would like to search for (e.g. Diversity Curriculum Requirement or ERS Focus Elective). This will return a list of courses that meet the area of the core you selected and are being offered that term.

List of Majors, Minors, Certificates and Special Programs

Core Curriculum

Transition Core

Bachelor Degrees (Requirements for students enrolled before Fall 2015 and graduating after Spring 2015):

Each line represents a three-credit hour course, unless otherwise noted.

Ethics/Religion and Society Focus

- THEO 111 - Theological Foundations
- PHIL 100 - Ethics as Intro to Philosophy
- Literature & the Moral Imagination

Perspectives Courses

- Creative Perspectives **OR** Old Core Fine Arts
- Historical Perspectives **OR** Old Core History 1 & 2 (Survey Courses)
- Mathematical Perspectives **OR** Two Old Core Math Courses above 105
- Philosophical Perspectives (PHIL 200) **OR** Old Core PHIL 290 Theory of Knowledge
- Scientific Perspectives **OR** Any Old Core Science course with lab
- Theological Perspectives (THEO 200+) **OR** Any Old Core THEO 200 or THEO 300s.

Skills

- ENGL 101 Composition or ENGL 115 Rhetoric
- Language (two courses or 201)

Electives

- Humanities Elective OR Any Old Core Literature Elective, THEO 300+, or PHIL 300+
- Natural Science Elective OR Any Old Core Natural Science course
- Social Science Elective OR Any Old Core Social Science Course

Two Flags

Students also must satisfy two flags in addition to the credit hours listed in the chart above. A flag constitutes a significant portion of a course in any discipline that is devoted to one of the two topics. Flagged courses are approved by the committee or subcommittee devoted to each flag topic. A single course can fulfill two flags. Flagged courses often double count for other courses in the core, for major requirements, and/or for minor requirements, and thus do not add to the total number of credit hours required in the Core Curriculum.

- Diversity (DCR)
- Ethics/Religion and Society (E/RS)

CORE 499

- All Bachelor degree students must successfully complete CORE 499 during their anticipated final semester as a requirement of their Bachelor degree.

Notes

- The Ethics/Religion and Society Focus also includes an E/RS flagged course.
- Literature and Moral Imagination can be fulfilled with CLAS 205 , ENGL 205 , FREN 205 , GERM 205 , or SPAN 205 .
- Old Core Science course with lab must be in Biology, Chemistry, Physics, or Psychology for a total of 3 credits.
- Humanities Elective can be satisfied by one course from any of the following categories: All Classics except 205, ENGL 121+ except 205, FREN 300+, GERM 300+, HIST 200+, PHIL 300+, SPAN 300+, or THEO 300+. The Humanities Elective may not double count as an E/RS flag (though may be an E/RS flagged course). While all Theology courses 200 and above count as Theological Perspectives, and all Theology courses 300 and above also count for Humanities Electives, no Theology course can double-count for both Theological Perspectives and Humanities Elective.
- Old Core Natural Science course must be a minimum of 3 credits in Biology, Chemistry, or Physics. This requirement includes a lab.

Undergraduate Core Curriculum

Since 1599, Jesuit education has promoted a distinctive plan of studies (Ratio Studiorum in Latin) that adjusts to each generation, always maintaining a strong commitment to the Liberal Arts Catholic Jesuit tradition. At Xavier University this plan of studies begins with the Undergraduate Core Curriculum. In Fall 2015, Xavier launched a new Core that revolved around the Jesuit values of magis, reflection, discernment, cura personalis, solidarity and kinship, and service rooted in justice and love. The new Core significantly reduces the total credit hours required for most students, and thus allows for numerous possibilities for double majors, additional minors, immersion experiences, study abroad, and a wide range of electives that students can use to satisfy the overall number of credit hours required for graduation.

Bachelor Degrees:

Below are the requirements for all first-year students entering Fall 2015 or later. For students enrolled before Fall 2015 and graduating after Spring 2015, please see the Transition Core .

Each line represents a three-credit hour course, unless otherwise noted.

First-Year Experience

- CORE 100 - First Year Seminar
- CORE 101 - Goa I: Transition to Xavier
- CORE 102 - Goa II: Beyond Your First Year

Ethics/Religion and Society Focus

- THEO 111 - Theological Foundations
- PHIL 100 - Ethics as Intro to Philosophy
 - Literature & Moral Imagination

Perspectives Courses

- Creative Perspectives
- Historical Perspectives
- Mathematical Perspectives
- Philosophical Perspectives (PHIL 200)
- Scientific Perspectives
- Theological Perspectives (THEO 200+)

Skills

- ENGL 101 Composition or ENGL 115 Rhetoric
- Language
 - For students entering prior to Fall 2017: any two three-credit hour courses or 202 proficiency
 - For students entering in Fall 2017 or later: 201 level proficiency

Electives

- Humanities Elective
- Natural Science Elective

- Social Science Elective

Five Flags

Students also must satisfy five flags in addition to the 48 credit hours listed in the chart above. A flag constitutes a significant portion of a course in any discipline that is devoted to one of the five topics. Flagged courses are approved by the committee or subcommittee devoted to each flag topic. No single course can be used to fulfill more than two flags. Flagged courses often double count for other courses in the core, for major requirements, and/or for minor requirements, and thus do not add to the total number of credit hours required in the Core Curriculum.

- Diversity (DCR)
- Ethics/Religion and Society (E/RS)
- Oral Communication
- Quantitative Reasoning
- Writing

CORE 499

- All Bachelor degree students must successfully complete CORE 499 during their anticipated final semester as a requirement of their Bachelor degree.

Notes

- Students who enrolled before Fall 2015 and graduate after Spring 2015 count as Transition Students who must satisfy the Transition Core (see Transition Core).
- The Ethics/Religion and Society Focus also includes an E/RS flagged course, one of the five flags at the bottom of the chart.
- Literature and Moral Imagination can be fulfilled with CLAS 205 , ENGL 205 , FREN 205 , GERM 205 , or SPAN 205 .
- Humanities Elective can be satisfied by one course from any of the following categories: All Classics except 205, ENGL 121+ except 205, FREN 300+, GERM 300+, HIST 200+, PHIL 300+, SPAN 300+, or THEO 300+. The Humanities Elective may not double count as an E/RS flag (though may be an E/RS flagged course). While all Theology courses 200 and above count as Theological Perspectives, and all Theology courses 300 and above also count for Humanities Electives, no Theology course can double-count for both Theological Perspectives and Humanities Elective.

Associate's Degrees

Core Requirements For Most Associate's Degree Programs

- Eng. Comp./Rhet. (3)
- Phil 100 (3)
- Theo 111 (3)
- Creative Perspectives
- Historical Perspectives OR Humanities elective
- Natural Science elective (3)
- Social Science elective (3)
- DCR elective (3)

Total: 24 hours

Core Requirements For Associate's Degree Program in Early Childhood Education

- Eng. Comp./Rhet. (3)
- Phil 100 (3)
- Theo 111 (3)
- Creative Perspectives
- Historical Perspective OR Humanities elective
- Natural Science elective (3)
- Social Science elective (3)
- DCR elective (3)

Total: 24 hours

Core Requirements For Associate's Degree Program in Business Administration

- Eng. Comp./Rhet. (3)
- Phil 100 (3)
- Theo 111 (3)
- Creative Perspectives
- Historical Perspectives OR Humanities elective
- Mathematical Perspectives
- Natural Science elective (3)
- Social Science elective (3)

Total: 24 hours

Core Requirements For Associate's Degree in Radiologic Technology

- Eng. Comp./Rhet. (3)
- Phil 100 (3)
- Theo 111 (3)
- Historical Perspectives OR Humanities elective
- Mathematical Perspectives
- Natural Science elective (3)
- Social Science elective (3)
- DCR elective. (3)

Total: 24 hours

Transfer Students

Transfer Students/Work In Core Curriculum

All transfer students who start during or after Fall 2016 must complete the new Core. The rules governing Transfer students with the New Core are as follows:

1. Students can transfer to Xavier with a wide range of courses counting for core and/or major and minor requirements, as long as each transferred course can be assigned an equivalent Xavier course. If the Xavier course carries core attributes (for example, Humanities elective, Scientific Perspectives, Writing Flag, etc.), so too will the transferred course. Xavier's Office of the Registrar, in consultation with department chairs, will help transfer students determine which Xavier course is equivalent to the transferred course.
2. The flag standards are set by the Core Curriculum Committee (CCC), via the relevant subcommittees who communicate the standards to the Associate Dean of the College of Arts and Sciences. If it is determined based on its description that a course may satisfy any flag (E/RS, DCR, writing, oral communication, or quantitative reasoning), equivalence may be requested of the CCC chair or the Associate Dean of the College of Arts and Sciences. Public speaking or similar courses will satisfy the oral communication flag, and courses flagged as "writing-intensive" at other universities can satisfy the Xavier writing-intensive flag. However, if a student transfers in a course deemed equivalent to a Xavier course that has one or more flags, the flags are retained without independent evaluation by the flag subcommittee.
3. Some interdisciplinary courses to be transferred have no analogous Xavier departmental affiliation; these courses are identified, for example, as "Humanities" or "Engineering." The Associate Dean of the College of Arts and Sciences will approve these equivalences in consultation with whomever he/she deems appropriate.

Identifying Courses that Satisfy Core Requirements

To identify which courses satisfy a core requirement for a given term, use the **Browse Classes** function available through the Self Service link of the Xavier Hub. First, choose the term in which you are interested. Next, in the Subject Area, leave blank for All Subjects or select the individual subject(s) in which you are interested. Then, use the menu in the "Attribute Type" box to select the area of the core you would like to search for (e.g. Diversity Curriculum Requirement or ERS Focus Elective). This will return a list of courses that meet the area of the core you selected and are being offered that term.

Honors Curriculum

Smith Scholars Program

The Smith Scholars Program is a Williams College of Business undergraduate, cohort honors program. Smith Scholar students begin as freshmen an intensive program that integrates the study of the liberal arts with the WCB core curriculum in a rigorous, purposeful, and innovative manner. Smith Scholars study selected liberal arts courses in the core curriculum as a cohort immersing these students in a coherent curriculum comprised of foundational texts in the areas of philosophy, law, theology, history, and economics. They also study as a cohort a range of courses in the business curriculum. Building upon this foundation, Smith Scholars complete courses leading to a minor in Political Economy. The minor is designed to engage Smith Scholars in a rigorous examination of economic theory and its applications, the legal and regulatory environment of business, and the financial markets that integrate these forces. Smith Scholars are required to major in one of the WCB's degree programs

Sample Schedule

First Year

Fall Semester

- FY Seminar--Core 100 or THEO 111
- Mathematical Perspectives --MATH 140 or 170
- Second Language I 4
- PHIL 100 S/Smith Scholars Cohort
- CLAS 205 S/Smith Scholars Cohort
- BUAD 101
- CORE 101

Total 15

Spring Semester

- THEO 111 or FY Seminar-Core 100
- Second Language II 4
- ECON 200 S (Soc Sci Elective)/Smith Scholars Cohort 1
- PHIL 200 S/Smith Scholars Cohort
- BAIS 220
- BUAD 102
- CORE 102

Total 15

Second Year

Fall Semester

- ENGL 101 or 115
- ECON 201 S/Smith Scholars Cohort
- POLI 347 S/Smith Scholars Cohort5
- BAIS 210
- MKTG 300
- ACCT 200
- BUAD 201

Total 18

Spring Semester

- Scientific Perspectives or Natural Science Elective 2
- Historical Perspectives
- ACCT 201
- BAIS 211
- ECON 300 S/Smith Scholars Cohort
- BUAD 202

Total 15

Summer Semester

- PHIL 397 (Humanities)/Smith Scholars Cohort--PARIS
- Arts 111 (Creative Perspectives)/Smith Scholars Cohort--PARIS

Total 6

Third Year

Fall Semester

- MGMT 200 (DCR Flag)
- FINC 300 (Quantitative Reasoning Flag)
- BLAW 300 S/Smith Scholars Cohort
- MAJOR 1
- ECON 315-History of Economic Thought5
- BUAD 301

Total 15

Spring Semester

- Theological Perspectives (possibly spring break)
- MGMT 201 (Oral Communications & Writing Flag)
- MAJOR 2
- MAJOR 3
- FINC 370-Financial Institutions/Smith Scholars Cohort5
- BUAD 302

Total 15

Fourth Year

Fall Semester

- Natural Science Elective or Scientific Perspectives 2
- MAJOR 4
- MAJOR 5
- BLAW 400 S/Smith Scholar Cohort5
- ECON 370-Econ Theory & Application in Public Policy/Smith Scholars Cohort5
- BUAD 401

Total 15

Spring Semester

- MGMT 302
- Business Core Capstone
- MAJOR CAPSTONE
- MAJOR 7
- (Optional IDST 499)5
- BUAD 402
- CORE 499
- (New York Business Trip/Spring Break)

Total 15

Notes

- Minimum for undergraduate degree is 120 hours. Total for Smith Scholars Program is 120-129 depending on major. Business majors consist of 18-23 hours (plus business elective or internship for credit).
- 1-Social Science: Business majors must take ECON 200 as Social Science Elective
- 2-Science: Take any six hours of science - but must include at least 3 hours of Natural Science such as BIOL, CHEM or PHYS
- 3-Humanities: Include any Literature (except 205), CLAS, HIST 200+, THEO 300+, PHIL 300+ (but cannot also double count as ERS)
- 4-Foreign Language: Must complete 201-level
- FLAGS: All flags are included in business core curriculum
- *General electives may be filled by any course or pre-requisites based on Math or Foreign Language placement scores
- 5-Minor in Political Economy-required for Smith Scholars

University Scholars Program

University Scholars is an honors curriculum that allows Xavier students from every college and major to be challenged with greater academic depth and rigor. The program brings Honors peers together in small classes, emphasizing learning across the university and engagement with the world.

Typically, University Scholars are students with excellent high school records and SAT scores or ACT scores. Admission to the program usually occurs by invitation prior to the freshman year, but students already enrolled at Xavier or transfer students may contact the Program Director to inquire about joining the program once they have matriculated.

Minimum requirements for University Scholars Program students are as follows:

1. Scholars must complete any five courses with the Honors (HONR) attribute; these courses are expected to overlap largely with a student's core requirements and/or a student's major;
2. Scholars must complete HONR 300 (a multidisciplinary "Connections" course taught by two faculty from different departments) in their junior or senior year;
3. Scholars must maintain a cumulative 3.000 grade point average during their freshman year and a 3.200 cumulative grade point average thereafter. Note: only Honors courses with a C or above meet a Scholars requirement. Students whose grade point averages fall below these figures will be placed on probation within the Program and given a semester in which to bring up their grades.

University scholars who complete the program successfully and have a 3.200 overall GPA at graduation receive the appropriate Bachelor's Degree pertaining to their area of study with the notation "University Scholar."

Honors Bachelor of Arts

Philosophy, Politics and the Public, Honors Bachelor of Arts

The Philosophy, Politics & the Public Program brings together many of Xavier's traditional curricular strengths in an innovative and rigorous undergraduate honors program of study focusing on the unifying concept of "the public sphere" in democratic societies. The program is inspired by the Philosophy, Politics & Economics programs commonly found in the British university system, but differs from them by placing greater emphasis upon philosophical conceptions and historical context. The approach taken by this honors program is expressed in the meanings of the several conceptions identified in its very name. In its original meaning, philosophy denotes "the love of wisdom." Aristotle, one of the greatest and most influential philosophers of the western tradition, defined politics as "the master science of the good." "The public" represents a multi-dimensional domain of shared consciousness, ideals and action. Through course work that is both multi-disciplinary as well as centered in a particular disciplinary concentration, students are encouraged to follow their own interests in the theoretical engagement of the public in its many embodiments and meanings. In addition, the theoretical work in the program is complemented by engagement in the active world of politics through working on political campaigns, lobbying of behalf of legislation, internships in local and national government offices and international study.

Philosophy, Politics and the Public Curriculum

Course Requirements

48 Credit Hours

- PHIL 100 - Ethics as Intro to Philosophy (dedicated PPP section)
- PHIL 200 - Philosophical Perspectives (dedicated PPP section)
- PPUB 200 - Power and the Public
- ECON 200 - Microeconomic Principles
- ENGL 115 - Rhetoric
 - Historical Perspectives - Non-western or international focus
- ECON 201 - Macroeconomic Principles
- MATH 156 - General Statistics
- HIST 362 - Global Cultures & Publics
- ECON 307 - Empirical Analysis In Economic
- PPUB 400 - Senior Supervision
 - PPUB 401 Senior Supervision
 - PHIL 336 Liberalism or PHIL 338 Enlightenment and Revolution
 - PHIL 337 Responses to Liberalism or PHIL 339 Revolution and its Aftermath

Either:

- HIST 300 Writing in Public (dedicated PPP section)
- HIST 408 Constructing the Public (dedicated PPP section)
- PPUB 210

And Six (6) Credits from:

- ECON 300-499
- HIST 300-499
- PHIL 300-499
- POLI 200-499
- PPUB 250 - Jurisprudence: Strategy and Practice
- SOCI 200-499

Block Schedule

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- PHIL 100 Ethics as Intro to Philosophy
- ENGL 115 Rhetoric
- Language I
- Historical Perspectives (International or non-Western focus)
- First Year Seminar

Second Semester

- PHIL 200 Philosophical Perspectives
- PPUB 200 Power and the Public (Diversity Flag)
- Language II
- THEO 111 Theological Perspectives
- ECON 200 Microeconomic Principles (Social Science Elective)

Sophomore Year

First Semester

Power and Politics Block

- HIST 408 Constructing the Public (Seminar)
- PPUB 210 Campaigns, Politics, and Media
- MATH 156 - General Statistics (Math Perspectives)
- Lit and the Moral Imagination
- Theological Perspectives

Civil Society and Government Block

- PPUB 246 Civil Society and Government (Oral Flag)
- One additional course from ECON, HIST, PHIL, POLI, PPUB, or SOCI
- MATH 156 - General Statistics (Math Perspectives)
- Lit and the Moral Imagination
- Theological Perspectives

Second Semester

Power and Politics Block

- HIST 300 Writing in Public (Writing Flag)
- PPUB 211 Public Policy Practice or POLI 328 Legislative Practice
- ECON 201 Macroeconomic Principles
- Scientific Perspectives + Lab
- Creative Perspectives

Civil Society and Government Block

- PPUB 211 Public Policy Practice or POLI 328 Legislative Practice (Writing Flag)
- One additional course from ECON, HIST, PHIL, POLI, PPUB, or SOCI
- ECON 201 Macroeconomic Principles
- Scientific Perspectives + Lab
- Creative Perspectives

Junior Year

First Semester

- PHIL 336 Liberalism
- HIST 362 Global Cultures and Publics (Humanities Elective)
- ECON 307 Empirical Analysis in Economics (Quantitative Reasoning Flag)
- 2 Free Electives

Second Semester

- PHIL 337 Responses to Liberalism
- Natural Science Elective
- 2 Free Electives

Summer

Option: Study Abroad Trip

Senior Year

First Semester

- PPUB 400 PPP Senior Supervision
- 4 Free Electives

Second Semester

- PPUB 401 PPP Senior Seminar
- 4 Free Electives

Graduation Requirement

The HAB in Philosophy, Politics and the Public requires a 3.2 GPA to graduate.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Honors Bachelor of Science

Data Science, Honors Bachelor of Science

Xavier's Data Science Honors program is an interdisciplinary effort of the Departments of Business Analytics and Information Systems, Computer Science, and Mathematics. Data scientists are trained to combine their skills in analytics, computer science, mathematics, and statistics to transform sizable and convoluted data into understandable results that can be used to make intelligent decisions. In addition, data scientists are expected to use, distribute, and interpret data in an ethical fashion. This program provides an integrative curriculum with interdisciplinary data science courses, technical skills, and a series of experiences that will challenge students to apply their knowledge in ways that serve the community and address issues in society.

This cohort-based honors program introduces the analytical and real-world needs of data science. It includes a heavy course load in computer science, mathematics, and statistics designed to introduce strong STEM students to the computational and analytical skills needed to build models and tools in data science; incorporates specific experiences using skills from those areas in applied projects that incorporate community-engaged learning; and includes intentional reflection on ethics and privacy in the use of these skills.

Course Requirements

Data Science Courses

68 credit hours

- BAIS 329 - Data Mining
- BAIS 362 - Intro Analytics Programming
- BAIS 365 - Business Analytics
- BAIS 389 - Data Visualization
- CSCI 170 - Computer Science I
- CSCI 180 - Computer Science II
- CSCI 220 - Data Structures & Algorithms
 - CSCI 230 Socially Responsible Data Usage
- CSCI 335 - Databases
- CSCI 350 - Advanced Algorithms & Theory
 - CSCI 355 High Performance Computing
- MATH 170 - Calculus I
- MATH 171 - Calculus II
- MATH 222 - Applied Linear Algebra
- MATH 256 - Intro to Probability & Stats
- MATH 257 - Data Modeling
- MATH 311 - Probability Theory
- MATH 312 - Statistical Inference
 - MATH 350 Advanced Data Analysis
 - DSCI 350 Computational Machine Learning
 - DSCI 390 Senior Capstone I (writing flag)
 - DSCI 391 Senior Capstone II
 - The program embeds experiences for the students throughout the curriculum; the cohort meets each semester in a 0-credit S/U graded course (DSCI 101, DSCI 102, DSCI 201, DSCI 202, DSCI 301, DSCI 302, DSCI 401, DSCI 402).

Required STEM Courses

- Three courses at the major level in a STEM Domain Area of student's choice.

Graduation Requirement

The Honors B.S. degree requires students to achieve an average GPA of 3.0 or better in the courses taken for the major. (Students completing all other graduation requirements will be awarded the B.S. in Data Science degree. The B.S. in Data Science degree is not available any other way.)

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Bachelor of Arts

Advertising, B.A.

The goal of the Advertising major is to prepare students for a career in the field of advertising. This program offers a comprehensive study of advertising, including the principles of advertising, creative concepts, media planning, research, and management.

Requirements

Core Curriculum Requirements:

See Undergraduate Core Curriculum :

including Mathematical Perspectives requirement of MATH 116 or MATH 156

Major Requirements:

36 credit hours, as follows

30 hours from:

- COMM 101 - Oral Communication
- COMM 123 - Intro To Comm and Media
- COMM 206 - Writing for the Media
- COMM 237 - Elements of Copy & Design
- COMM 270 - Principles of Strategic Comm
- COMM 329 - Audience Survey & Research
- COMM 332 - Media Strategies in Advtising
- COMM 430 - Creative Strategies Advrtsing
- COMM 439 - Senior Sem-Adv: Campaigns

- COMM 477 - Strat Comm Ethics Society

3 hours of Elective A, select 1 course from:

- COMM 235 - Digital Design

3 hours of Elective B, select 1 course from:

- COMM 211 - Media Literacy
- COMM 247 - Understanding New Media
- COMM 264 - Persuasion
- COMM 323 - Race, Class, Gender & Media
- COMM 324 - Sex and Violence In Media
- COMM 385 - Media, Democracy & the Public
- COMM 426 - Media Law & Policy

Note(s):

- A 2.000 cumulative average must be attained in the communication arts courses of the major.
- Since the major recommends certain courses as COMM electives, it is important that students work closely with their academic advisors in the choice of these electives.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.A. Advertising

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

Fall Semester

- CORE 101 - Goa
- COMM 101 (OC Flag) or COMM 123
- English Composition or Rhetoric
- Second Language elective

Applied Physics, B.A.

The applied physics program is designed to provide a broad education in the physical sciences, mathematics, and liberal arts.

Bachelor of Arts Degree in Applied Physics

Requirements for the Applied Physics Major

Core Curriculum Requirements:

See Undergraduate Core Curriculum

39 credit hours outside of major courses, assuming 103 language placement and that ER/S and DCR flags are satisfied in other core courses.

Mathematical Perspectives, Scientific Perspectives, Natural Science Elective, Quantitative Reasoning, Writing and Oral Communication Flags are included within the major.

Major requirements:

57 credit hours, including:

31 hours of physics and engineering courses:

- ENGR 101 - Intro to Engineering
- PHYS 170 - University Physics I
- PHYS 171 - Explorations in Physics I
- PHYS 172 - University Physics II
- PHYS 173 - Explorations in Physics II or
- ENGR 173 - Explorations in Engineering
- ENGR 180 - Intro to Comp with MATLAB
- PHYS 242 - Circuit Analysis
- PHYS 243 - Circuit Analysis Lab
- ENGR 244 - Electronics
- ENGR 245 - Electronics Lab
- PHYS 330 - Modern Physics I
- PHYS 331 - Modern Physics I Lab
- PHYS 350 - Theoretical Mechanics I
- PHYS 355 - Advanced Physics Lab
- PHYS 395 - Physics Research
- PHYS 398 - Physics Thesis

Additional Major Requirements

26 credit hours, as follows

11 hours of Mathematics from:

- MATH 180 - Calculus I
- MATH 181 - Calculus II
- MATH 220 - Multivariable Calculus

15 hours from Physics, Engineering, Mathematics, Chemistry, Computer Science or Biology courses.

At least 9 must be from Physics or Engineering. These courses must be in addition to those already required by the major.

Note(s):

- A 2.000 cumulative average must be attained within the major, as listed in Degree Works.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

- Depending on the language placement and how the DCR and ERS flags are satisfied additional hours need to be taken as electives to reach 120 hours. These hours can be used for a minor in another discipline.

B.A. Applied Physics

Freshman Year

First Semester

- CORE 100, First Year Seminar
- CORE 101, GOA
- Second Language 103 level

Total (13)

Scheduling Notes:

- Specific block schedules are determined in consultation with the chair.
- Consult the "Undergraduate Core Curriculum" description of the Catalog.
- The E/RS Focus Elective and Diversity Flag Elective requirements may be used to satisfy another element of the core or the major.

Applied Physics, B.A.

Please choose one of the following:

Applied Physics, B.A.

Applied Physics, B.A., with an Engineering Concentration

Applied Physics, B.A., with an Engineering Concentration

The applied physics program is designed to provide a broad education in the physical sciences, mathematics, and liberal arts. The concentration in engineering prepares students for a career in engineering. Students with this concentration can transition into the following Master programs at the University of Cincinnati:

- Material Science Engineering
- Aerospace Engineering

If the program electives and the free electives are chosen as suggested below, students can transition into the following Master programs at the University of Cincinnati:

- Environmental Engineering
- Electrical Engineering

Bachelor of Arts Degree in Applied Physics

The applied physics program is designed to provide a broad education in the physical sciences, mathematics, and liberal arts.

Requirements for the Applied Physics Major with an Engineering Concentration

Core Curriculum Requirements:

See Undergraduate Core Curriculum

39 credit hours outside of major courses, assuming 103 language placement and that ER/S and DCR flags are satisfied in other core courses.

Mathematical Perspectives, Scientific Perspectives, Natural Science Elective, Quantitative Reasoning, Writing and Oral Communication Flags are included within the major.

Major Requirements:

60 credit hours, including:

31 hours of physics and engineering courses:

- ENGR 101 - Intro to Engineering
- PHYS 170 - University Physics I
- PHYS 171 - Explorations in Physics I
- PHYS 172 - University Physics II
- PHYS 173 - Explorations in Physics II
- ENGR 173 - Explorations in Engineering
- ENGR 180 - Intro to Comp with MATLAB
- PHYS 242 - Circuit Analysis
- PHYS 243 - Circuit Analysis Lab
- ENGR 244 - Electronics
- ENGR 245 - Electronics Lab
- PHYS 330 - Modern Physics I
- PHYS 331 - Modern Physics I Lab
- PHYS 350 - Theoretical Mechanics I
- PHYS 355 - Advanced Physics Lab
- PHYS 395 - Physics Research
- PHYS 398 - Physics Thesis

Additional Major Requirements

- 29 credit hours, as follows

11 hours of Mathematics and Computer Science:

- MATH 180 - Calculus I
- MATH 181 - Calculus II
- MATH 220 - Multivariable Calculus III

18 hours in the engineering concentration:

- MATH 230 - Intro to Ordinary Diff Equat
- ENGR 342 - Material Science
- ENGR 370 - Fluid Mechanics
- PHYS 382 - Thermodynamics
 - And at least 6 hours from Biology, Chemistry, Mathematics, Physics, Engineering or Computer Science. Courses in Mathematics, Physics and Engineering must be in addition to those already required by the major.
 - In preparation for the electrical engineering Master program at the University of Cincinnati, these 6 hours should include:
 - ENGR 346 - Signals and Systems
 - In preparation for the environmental engineering Master program at the University of Cincinnati, these 6 hours + free electives should come from:
 - BIOL 160 - General Biology I
 - BIOL 161 - General Biology I Lab
 - CHEM 160 - General Chemistry I
 - CHEM 161 - General Chemistry I Lab
 - In addition, the following courses are strongly recommended as electives for environmental engineering, but are not required for the Applied Physics major:
 - CHEM 162 - General Chemistry II
 - CHEM 163 - General Chemistry II Lab
 - CHEM 240 - Organic Chemistry I
 - CHEM 241 - Organic Chemistry I Lab

Note(s):

- A 2.000 cumulative average must be attained within the major, as listed in Degree Works.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Depending on the language placement and how the DCR and ERS flags are satisfied additional hours need to be taken as electives to reach 120 hours.

B.A. Applied Physics with a concentration in Engineering

Freshman Year

First Semester

- CORE 100, First Year Seminar
- CORE 101, GOA
- Second Language 103 level
- ENGL 101, Composition
- General Biology I
- General Biology I Lab
- Philosophical Perspective

Total (16)

Second Semester

- MATH 169, Precalculus or Elective
- THEO 111 - Theological Foundations
- CORE 102, GOA
- Second Language 201 level
- PHIL 100, Ethics
- General Chemistry I
- General Chemistry I Lab

Total (16)

Sophomore Year

First Semester

- PHYS 170- University Physics I
- PHYS 171 - Explorations in Physics
- MATH 180 - Calculus I
- ENGR 101 - Introduction to Fabrication
- Theological Perspectives
- General Chemistry II
- General Chemistry II Lab
- ERS Flag or Elective

Total (18)

Second Semester

- PHYS 172 - University Physics II
- PHYS 173 or ENGR 173 - Lab
- MATH 181 - Calculus II
- Literature and Moral Imagination
- Elective (3)
- Humanities elective

Total (16)

Junior Year

First Semester

- PHYS 330 - Modern Physics I
- PHYS 331 - Modern Physics I Lab
- PHYS 242 - Circuits
- PHYS 243 - Circuits Lab
- MATH 220 - Multivariable Calculus
- Program Elective (3)

Total (17)

Second Semester

- ENGR 244 - Electronics
- ENGR 245 - Electronics Lab
- ENGR 342 - Material Science
- PHYS 355 - Advanced Lab

- ENGR 370 - Fluid Mechanics
- ENGR346 - Signals and Systems (4)
- Elective (3)
- Social Science Elective

Total (17)

Second Semester

- PHYS 398 - Physics Thesis
- PHYS 382 - Thermodynamics
- Program Elective (3)
- Creative Perspectives elective
- DCR or Elective (3)

Total (13)

Scheduling Notes:

- Specific block schedules are determined in consultation with the chair.
- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- The E/RS Focus Elective, Diversity Curriculum Elective, and Writing Intensive Elective requirements may be used to satisfy another element of the core or the major.

Art, B.A.

The Department of Art fosters an integrated way of life in which the student, through art experiences, grows in awareness and response to both spiritual and material values. The potential artist has opportunity for studio practice in one of the following concentrations: art education, art history, ceramics, drawing, fibers, graphics, painting, photography, printmaking, and sculpture. Studies in art history are required of each major and may also be an area of concentration. Students who wish to be licensed as teachers follow a special program for pre K-12 licensure. Students interested in careers as art therapists are advised to follow a pre-art therapy program.

Requirements for the Art Major

Core Curriculum Requirements:

See Undergraduate Core Curriculum

Major Requirements:

52 credit hours, as follows

- 10 credit hours in foundation requirements
- 9 credit hours in 100 level courses
- 3 elective credit hours
- 9 credit hours in Art History
- 3 credit hour exit seminar
- 12 credit hours (4 courses) in one area of study leading to the senior concentration
- 6 credit hour senior concentration and exhibition are required.

Concentrations:

Must be arranged with the approval of the concentration advisor.

Note(s):

- In the spring semester of the sophomore year the prospective art major will present a portfolio for evaluation. Acceptance or rejection from the Department of Art will be based upon this evaluation.
- a minimum grade of "C-" must be attained in all art courses to count toward an art major degree.
- a minimum grade of "B" must be attained in ARTS 221/ARTS 521 and ARTS 223/ARTS 523 for those pursuing art licensure.
- A recommended program sequence is available for each of the concentrations. Art licensure requires an additional 28 hours of education courses as well as 55 semester hours in art for a Pre-K to 12 license. Please direct requests and/or questions to the department chair.
- Introductory courses (or equivalent with permission of the instructor) are prerequisites for all advanced courses. Courses numbered 500 or above are for graduate students only. All studio courses may be taken for graduate credit.

B.A. Art

This is a sample course sequence to illustrate class offerings for this major. See your academic advisor.

Freshman Year

First Semester

- Art 100: Seminar
- Art 101: 2D Design
- Art 102: DRAWING
- Core 100 or Theology 111
- Core 101
- Second Language I
- English 101 or English 115

- General elective
- Core 499

Total (15)

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- A minimum of 120 credit hours is required for this degree.

Classical Humanities, B.A.

The Bachelor of Arts degree in Classical Humanities major engages students who have an interest in the enduring purchase of topics and themes from classical antiquity. CLHU embraces a wide range of areas such as art, history, religion, archaeology, literature, mythology, and Greek and Latin languages. There is no language requirement in the Classical Humanities major, but students are encouraged to use core language requirements as an opportunity to complement their CLHU studies. The major aim is for students to encounter in the culture of classical antiquity the diversity of the ancient world and to gain an awareness of the ongoing influence of classical antiquity on contemporary culture.

Requirements for the Classical Humanities Major

Core Curriculum Requirements:

See Undergraduate Core Curriculum

Major Requirements:

31 credit hours, as follows:

18 required credit hours

3 hours in history

- CLAS 120 - From Homer to Plato
- CLAS 121 - From Alexander to Cleopatra
- CLAS 160 - From Romulus to Octavian
- CLAS 161 - From Augustus to Attila

3 hours in mythology

- CLAS 240 - World Mythology
- CLAS 241 - Classical Mythology: Art
- CLAS 242 - Classical Mythology: Literatur
- CLAS 245 - Myth and Film

3 hours Classical Literature & the Moral Imagination

- CLAS 205 - Classical Lit & Moral Imagina

3 hours in classical culture

- CLAS 236 - Gender & Sex/Ancient Gr & Rome
- CLAS 239 - Ancient Lit, Magic & Occult

3 hours in Greek/Roman history focus with rotating topics

- CLAS/HIST 310

3 hours in Classics and Moderns

- CLAS 380

12 elective hours in any CLAS, LATN, GREK courses

- Note: can include core requirements in language, Theological Perspectives, Social Sciences, Humanities, and Oral Communication, Quantitative Reasoning, Writing, E/RS, and Diversity Flags

1 hour Senior Capstone Project

- CLAS 397 - Directed Study

Note(s):

- A 2.500 cumulative average must be attained in the above courses.
- In addition to the above requirements, the student has approximately 26 hours of non-designated electives which can be used to meet specific interests or needs.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.A. Classical Humanities

This is a sample course sequence to illustrate class offerings for this major. See your academic advisor.

Freshman Year

First Semester

- Core language requirement I (LATN 101 or LATN 111)
- CORE 100 First Year Seminar
- CREATIVE PERSPECTIVES (CLAS 241)
- PHILOSOPHY 100 - Ethics as Intro. to Philosophy
- ENGLISH 101 or 115 - English Composition or Rhetoric
- CORE 101: GOA

Total (15)

Second Semester

- CORE LANGUAGE REQUIREMENT II (LATN 102 or LATN 112)
- HISTORICAL PERSPECTIVES (CLAS 120, 121, 160, 161)
- SCIENTIFIC PERSPECTIVES Lecture and Lab
- THEOLOGY 111 Theological Foundations
- MATHEMATICAL PERSPECTIVES
- CORE 102: GOA

Total (15)

Sophomore Year

First Semester

- CORE LANGUAGE REQUIREMENT III (Latin/Greek 201)
- NATURAL SCIENCE Lecture and Lab
- THEOLOGICAL PERSPECTIVES
- HUMANITIES Elective
- CLAS, LATN, GREK Elective

Total (15)

Second Semester

- Classical Mythology (CLAS 240, 241, 245)
- CLAS 205 Classical Literature and the Moral Imagination
- ORAL COMMUNICATION FLAG Elective
- PHILOSOPHY PERSPECTIVES Elective
- CLAS, LATN, GREK Elective

Total (15)

Junior Year

First Semester

- Classical Culture (CLAS 236, 239)
- CLAS, LATN, GREK Elective
- QUANTITATIVE FLAG Elective
- SOCIAL SCIENCE Elective (CLAS 261, 262)
- GENERAL Elective

Total (15)

Second Semester

- Ancient History (CLAS 310)

- WRITING FLAG Elective
- E/RS Elective
- CLAS, LATN, GREK Elective
- General Elective

Total (15)

Senior Year

First Semester

- CLASSICS 380 Ancients and Moderns
- DIVERSITY FLAG Elective
- General Elective
- General Elective
- General Elective

Total (15)

Second Semester

- CLASSICS 397 Senior Capstone Research
- General Elective
- General Elective
- General Elective
- General Elective
- General Elective
- CORE 499

Total (16)

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.

Communication Studies, B.A.

Communication Studies students have the opportunity to gain the knowledge and practical skills necessary to promote effective communication processes within public and private organizations. The program emphasizes both written and oral communication, and students are encouraged to prepare themselves for a broad range of employment possibilities in areas such as sales, special events planning, human resources, industrial relations, training, and management.

Core Curriculum Requirements:

See Undergraduate Core Curriculum

including Mathematical Perspectives requirement of MATH 116 or MATH 156

Major Requirements:

36 credit hours, as follows

30 hours from:

- COMM 101 - Oral Communication
- COMM 123 - Intro To Comm and Media
- COMM 206 - Writing for the Media
- COMM 207 - Interpersonal Communication
- COMM 209 - Group Dynamics
- COMM 264 - Persuasion
- COMM 301 - Presentational Speaking
- COMM 329 - Audience Survey & Research
- COMM 360 - Adv Organizational Comm
- COMM 469 - Sr Sem: Comm Studies

3 hours from Elective A

- COMM 221 - Introduction to Digital Media
- COMM 260 - Organizational Communication
- COMM 270 - Principles of Strategic Comm

3 hours from Elective B

- COMM 323 - Race, Class, Gender & Media
- COMM 324 - Sex and Violence In Media
- COMM 327 - Interpersonal Conflict Mgmt
- COMM 385 - Media, Democracy & the Public
- COMM 433 - Social Media Strategies

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.A., Communication Studies

Freshman Year

Fall Semester

- CORE 101: Goa
- COMM 101: Oral Comm (OC Flag)
- English Composition or Rhetoric

Second Language I

- CORE 100: First-Year Seminar
- MATH 116: Math Perspectives

Spring Semester

- CORE 102: Goa
- COMM 123: Intro to Comm & Media
- Historical Perspectives
- Second Language II
- THEO 111: Theological Foundations
- PHIL 100: Ethics as Intro to Philosophy

Sophomore Year

Fall Semester

- COMM 207: Interpersonal Communication
- COMM ST. ELECTIVE A: (221, 260, or 270)
- Creative Perspectives
- PHIL 200: Philosophical Perspectives

- ERS Elective
- General Elective
- General Elective
- General Elective

Spring Semester

- COMM 469: Comm Studies Senior Seminar
- CORE 499: CORE Capstone Reflection
- General Elective
- General Elective
- General Elective
- General Elective

Note(s):

- A 2.000 cumulative average must be attained in the communication arts courses of the major.

Computer Science, B.A.

The B.A. in Computer Science allows students room to pursue a second major combined with computer science. This encourages inter- and multi-disciplinary study, developing well-rounded students ready to contribute to an increasingly interdisciplinary world that utilizes computation.

The B.A. in Computer Science consists of 27 hours of computer science courses, MATH 225 and either a second major or a minor that is significantly distinct from the computer science degree.

Required CSCI Courses

27 credit hours

- CSCI 170 - Computer Science I
- CSCI 180 - Computer Science II
- CSCI 220 - Data Structures & Algorithms
- CSCI 250 - Languages & Automata
- CSCI 260 - Software Engineering
 - Three additional CSCI courses numbered 200 or above
- CSCI 390 - Senior Seminar & Project BA students are strongly encouraged to create a project that integrates computer science with their second major or minor.

Required MATH courses

3 credit hours

Note:

The Mathematics Perspectives Core requirement is fulfilled by CSCI 170 . We also recommend MATH 156 General Statistics or MATH 280 Combinatorics if the student's schedule permits.

Required second area of concentration

- Students must complete a second major or minor, of which at least 15 hours must be distinct from the required courses in Computer Science.

Note(s):

- A 2.000 cumulative average must be attained in the computer science courses.
- Students are required to fulfill the current senior comprehensive requirements.

Computer Science, B.A.

Please select one of the following:

- Computer Science, B.A.
- Computer Science, B.A. with a Concentration in Cybersecurity

Computer Science, B.A. with a Concentration in Cybersecurity

Xavier's Computer Science degree with a concentration in Cybersecurity is an interdisciplinary effort of the Departments of Computer Science and Business Analytics and Information Systems. The program provides the fundamentals of cybersecurity at the hardware, systems, and compliance levels. The program follows recommendations from the Joint Taskforce on Cybersecurity Education, convened by the Association for Computing Machinery (ACM), the IEEE Computer Society (IEEE CS), the Association for Information Systems Special Interest Group on Security (AIS SIGSEC), and the International Federation for Information Processing Technical Committee on Information Security Education (IFIP WG 11.8) to cover all of the fundamental knowledge units recommended by the National Security Agency / Department of Homeland Security for Centers of Academic Excellence in Cyber Defense.

Requirements

In addition to the requirements for the Computer Science, B.A. major, the following courses are required for the concentration:

- MATH 156 Statistics or MATH 256 Introduction to Probability and Statistics
- BAIS 359 Hardware, Software, and Security
- BAIS 459 Introduction to Cyber Security
- CSCI 240 Systems Security Fundamentals
- CSCI 340 Networking
- CSCI 341 Network Vulnerabilities, Penetration, and Defense
- A CSCI course designated as a Cybersecurity Elective

Freshman Year

First Semester

- CSCI 170 Computer Science 1 (Math Perspectives) (3 cr)
- ENGL 101 English Composition (3 cr)
- MATH 225 Foundations of Higher Math (3 cr)
- Second Language 1 (3 cr)
- CORE 100 First Year Seminar (3 cr)
- CORE 101 GOA 1 (0 cr)

Second Semester

- CSCI 180 Computer Science II (3 cr)
- THEO 111 Theological Foundations (3 cr)
- Course for Qualifying Minor as Required by Comp Sci BA
- Second Language 2 (3 cr)
- PHIL 100 Ethics as Intro to Philosophy (3 cr)
- CORE 102 GOA 2 (0 cr)

Sophomore Year

First Semester

- CSCI 220 Data Structures & Algorithms (QR) (3 cr)
- Second Language 3 (if needed, else elective) (3 cr)
- Historical Perspectives (3 cr)
- Course for Qualifying Minor as Required by Comp Sci BA
- ENGL 205 Lit & the Moral Imagination (3 cr)

Second Semester

- CSCI 250 Languages & Automata (3 cr)
- CSCI 260 Software Engineering (3 cr)
- BAIS 359 Hardware, Software, Security (3 cr)
- Theological Perspectives (3 cr)
- CSCI 240 System Security Fundamentals (3 cr)

Junior Year

First Semester

- Course for Qualifying Minor as Required by Comp Sci BA
- CSCI 340 Networking (3 cr)
- Scientific Perspectives (3 cr)
- BAIS 459 Introduction to Cyber Security (3 cr)
- Writing Flag Course

Second Semester

- Course for Qualifying Minor as Required by Comp Sci BA
- CSCI 341 Network Vulnerabilities, Penetration, and Defense (3 cr)
- Natural Science Elective (3 cr)
- MATH 156 or MATH 256 Statistics (3 cr)
- Philosophical Perspectives (3 cr)

Senior Year

First Semester

- Course for Qualifying Minor as Required by Comp Sci BA
- CSCI Cybersecurity Elective (3 cr)
- Humanities Elective (3 cr)
- Creative Perspectives (3 cr)
- Oral Communication Flag Course (3 cr)

Second Semester

- CSCI 390 Senior Project (3 cr)
- Diversity Flag Elective (3 cr)
- Social Science Elective (3 cr)
- ERS Flag Elective (3 cr)
- Course for Qualifying Minor as Required by Comp Sci BA

Digital Innovation, Film and Television, B.A.

The Digital Innovation, Film and Television program cultivates students to become responsible, adaptable, and innovative leaders in a complex and rapidly converging digital environment. With a concentration on digital media production and the art of visual storytelling, we endeavor to prepare students through hands-on learning, cross-disciplinary study, team building, and community engagement. Digital Innovation, Film and Television prepares graduates for careers in the creative and corporate digital environments of film, television, broadcasting, producing, multimedia, content creation and in technology areas that are emerging.

Requirements for the Digital Innovation, Film and Television major

Core Curriculum Requirements

See Undergraduate Core Curriculum , including:

- CSCI 170 (For SAI Students)(Math Core)

Major Requirements

36 credit hours, as follows

27 hours from:

- COMM 206 - Writing for the Media
- DIFT 210 - Art of Film
- DIFT 213 - Non-Fiction Film
- DIFT 215 - Aesthetics & Tech of Post Prod
- DIFT 250 - Screenwriting & Story Craft
- DIFT 254 - Intro to Video Production
- DIFT 354 - Field Prod and Story Telling
- DIFT 459 - Senior Sem in EMED Adv Prod I
- DIFT 460 - Senior Sem in DIFT Adv Prod II

6 hours of Elective A

Select 2 courses from:

- ARTS 215 - Web Design
- COMM 237 - Elements of Copy & Design
 - DIFT 355 - Documentary Field Production
- DIFT 340 - Audio Production
- DIFT 451 - Introduction to Video Graphics
- DIFT 454 - Advanced Video Editing
- ENGL 310 - Creative Writing: Fiction
- ENGL 318 - Creative Nonfiction
- INNV 101 - Create: Innovation Eng I
- THTR 120 - Acting I
 - THTR 331 - Lighting Design

3 hours of Elective B

Select 1 course from:

- COMM 209 - Group Dynamics
- COMM 211 - Media Literacy
- COMM 247 - Understanding New Media
- COMM 323 - Race, Class, Gender & Media
- COMM 324 - Sex and Violence In Media
- COMM 329 - Audience Survey & Research
- COMM 385 - Media, Democracy & the Public
- COMM 426 - Media Law & Policy
- DIFT 214 - Film Criticism
- DIFT 310 - The Horror Film
 - DIFT 455 - Special Projects in DIFT
- MUSC 106 - Music In Film
- THTR 210 - Acting I

Internship

DIFT majors are strongly encouraged but not required to complete an internship in their Junior or Senior year.

- DIFT 348 - Internship in DIFT I
- DIFT 458 - Internship in DIFT II

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Notes

- A 2.000 cumulative average must be attained in the communication arts courses of each major.
- It is important that students work closely with their academic advisors in the choice of these electives.

B.A. Digital Innovation, Film and Television

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

Notes

- All students must elect one each of oral communications, quantitative reasoning and writing-intensive flagged courses; many of these are available within the core or major.

Digital Media, B.A.

The Digital Media Major consists of 36 hours of coursework that builds on the courses already implemented in the Digital Media Minor by incorporating the 12-hour core shared by all majors in the Department of Communication (COMM 101, 123, 206 and 329), adopting the department's ethics course, and adding a capstone course that emphasizes research.

Requirements for the Digital Media Major

Core Curriculum Requirements

See Undergraduate Core Curriculum

including Mathematical Perspectives requirement of MATH 116 or MATH 156

Major Requirements:

36 credit hours,

- COMM 101 - Oral Communication
- COMM 123 - Intro To Comm and Media
- COMM 206 - Writing for the Media
- COMM 211 - Media Literacy
- COMM 221 - Introduction to Digital Media

Economics, B.A.

A degree in Economics provides the student with an understanding of economic issues pertaining to individual firms, industries, the public sector, and the overall economy. The study of economics, supported by the knowledge of Mathematics and Statistics, emphasizes both analytic reasoning and a thorough knowledge of economic institutions. Economics majors analyze such topics as optimal decision-making, consumer welfare and distribution of income, market efficiency, inflation, unemployment, international trade, financial markets, forces of globalization, and governmental economic activity. The program has proven useful to people who have moved into positions in many of the functional areas of business and government. It is also excellent training for graduate study in business, in law, and in economics itself.

Requirements for the Economics Major

Core curriculum requirements:

48-63 Credit Hours dependent on courses taken, including

Mathematics:

- MATH 150 - Elements of Calculus I or
- MATH 170 - Calculus I

Major Requirements:

33 credit hours, (36 credit hours starting Fall 2016)

18 hours from:

- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles
- ECON 305 - Microeconomic Analysis
- ECON 306 - Macroeconomic Analysis
- ECON 307 - Empirical Analysis In Economic
- STAT 211 - Statistics For Business II

15 hours of economics electives:

- Must include 6 hours of ECON courses at the 400 level.

Required Capstone Project*

*All economics majors are required to take Capstone Project Each student must orally present a paper written in a 400-level economics course to a forum established by the department. Currently, Capstone Project is listed as ECON 491 which carries 0 credit. Starting Fall 2016, Capstone Project (ECON 492 and 493 combined) will be a 3 credit hour course split into ECON 492 and 493.

Note(s):

- A 2.000 cumulative average must be attained in the above courses.
- Computer competency required. Tutorials are available for students who are deficient in basic computing skills.

- General Elective
- General Elective

Note(s):

* At least six hours of economics electives must be in the 400- level courses.

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.

Economics, B.A.

Please select one of the following:

- Economics, B.A.
- Economics, B.A. with a Concentration in Mathematics

Economics, B.A. with a Concentration in Mathematics

Undergraduate majors in both Economics and Mathematics consider graduate programs in Economics or related fields. In order to be accepted into such graduate programs, an undergraduate degree in one of those disciplines is typically required, and extensive and specific training in the other is also needed. This program combines the requirements of a degree in Economics with specific coursework in Mathematics suited for a potential graduate student. Additionally, students who may not pursue a graduate degree program are likely to find the program more marketable for post-graduation.

Requirements for the Economics major with concentration in Mathematics

Core Curriculum Requirements:

Undergraduate Core Curriculum

Economics Major Requirements:

39 (40) credit hours if taking MATH 150 or MATH 170

- MATH 150 - Elements of Calculus I OR
- MATH 170 - Calculus I

- BAIS 210 - Quantitative Methods
- BAIS 211 - Intro to Business Analytics
- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles
- ECON 305 - Microeconomic Analysis
- ECON 306 - Macroeconomic Analysis
- ECON 307 - Empirical Analysis In Economic
 - ECON electives (five courses, including two 400-level electives) (15 credit hours)

Mathematics Concentration Requirements:

15 credit hours

- MATH 170 - Calculus I
- MATH 171 - Calculus II
- MATH 220 - Multivariable Calculus
- MATH 225 - Foundations Of Higher Math

Three Electives from the following:

9 credit hours

- MATH 240 - Linear Algebra
- MATH 340 - Abstract Algebra I
- MATH 360 - Elementary Topology
- MATH 370 - Real Analysis
- MATH 230 - Intro to Ordinary Diff Equat

- MATH 311 - Probability Theory

TOTAL: 24 credit hours

NOTES:

* Students who enter the program early should take MATH 170 instead of MATH 150 to avoid duplication of coursework.

ECON 491 requires a sole-authored research project in Economics. This project should satisfy the department's ordinary requirements, while also demonstrating evidence of the student's Mathematics concentration.

Without MATH 150, this program requires 60 credit hours. With overlaps in the core, the degree requires a minimum of 111 credit hours.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Economics, Sustainability and Society, B.A.

The Bachelor of Arts in Economics, Sustainability and Society is focused on sustainable economies, and includes the study of natural resources, ecological and environmental problems, processes, and policies at local, national and global levels. Students will integrate economic analysis (encompassing attention to questions of efficient allocation, just distribution, and sustainable scale) with cultural studies, global economic development, policy studies, and management through a series of required and elective courses related to economic sustainability in society, organizations and the economy.

Requirements for the Economics, Sustainability and Society Major

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

English, B.A.

The major in English is designed to develop writing skills, a critical and historical understanding of the English language and its literature, and a knowledge of current theories of literature, language, and humanistic interpretation. The English major is an excellent preparation for law school and for careers in education, journalism, editing, publishing, and other communications fields. It is also a fine preparation for a variety of business careers and for graduate school in business and, with appropriate science courses, for medical school.

Requirements for the English Major

Core Curriculum Requirements:

48-63 Credit Hours dependent on courses taken, including

Major Requirements:

36 credit hours, as follows

12 hours from:

- ENGL 115 - Rhetoric
- ENGL 210 - Methods Workshop
- ENGL 221 - Poetry
- ENGL 499 - Senior Seminar

6 hours from:

One course each from the following areas::

Theory or Criticism

- 302-History of Literary Criticism
- 303-Modern Literary Theory
- 366-Feminist Theory

Language or Linguistics

- 320-Topics in Linguistics
- 321-History of English Language
- 322-Ethnolinguistics

- 323-Media and Its Discourse
- 327-Language of Leadership
- 328-Gender, Religion, and Violence
- 369-Women and Sacred Language

9 hours from:

Take one course from THREE of the four areas:

Pre-1800 British Lit

- 361-16th/17th Cent Women's Literacy
- 368-Brit Women Writers
- 376-Lit & Arts in Britain
- 410-Chaucer
- 411-Medieval Women's Writing
- 415-Early English Lit
- 425-Shakespeare
- 429-Renaissance Drama
- 430-17th Century Brit Lit
- 432-Spenser & Milton
- 435-Milton
- 441-18th Century Brit Lit
- 465-18th Century Novel: Behn-Austen

Post-1800 British Lit

- 364-Jane Austen
- 375-Lit & Arts in Ireland
- 414-Tolkien
- 450-Brit Romantic Lit
- 452-Romantic Autobiography
- 460-Love, Sex, Gender in Victorian Poetry
- 462-Victorian Writing
- 463-Victorian Poetry & Poetics
- 464-English Novel: Dickens-Conrad
- 470-Modern Brit Lit
- 475-Modern Irish Lit

Pre-1900 American Lit

- 358-Black America since 1865
- 373-War & Peace in Amer Lit
- 468-Transatlantic Lit
- 478-19th Century Amer Poetry
- 480-Amer Renaissance
- 481-Amer Realism
- 485-Amer Gothic Lit
- 488-Humor in Amer Lit
- 489-Amer Minority Lit

Post-1900 American Lit

- 351-Jewish-Amer Lit
- 479-Lit of Amer West
- 482-Mod Amer Fiction
- 483-Mod Amer Poetry
- 484-African-Amer Lit
- 486-Contemp Amer Lit
- 487-Contemp Amer Poetry

9 hours of:

- Take three other upper level English courses (ENGL 300-498) (Refer to Course Descriptions)

Note(s):

- A 2.000 cumulative average must be attained in these English courses.
- Undergraduates who wish to be certified as teachers of English on the secondary level are advised to consult with the Chair of the English Department and with the Office of Teacher Education and Placement regarding specific requirements for teacher certification.

English, B.A.

Please select one of the following:

- English, B.A.
- English, B.A, with a Writing Concentration

French and Francophone Studies, B.A.

The study of languages, literatures, and cultures is central to a liberal arts education and one of the key disciplines in the humanities. Since the emergence of Jesuit education in the sixteenth century, the studia humanitatis have been at its heart. Like all humanities majors, French challenges students to address pressing and enduring questions about the human condition. In reflecting on the nature and scope of the human itself, humanities majors develop skills and dispositions that remain vital at all stages of their professional and personal lives and result in a fulfilling life. Humanities majors learn how to: ask insightful questions, think flexibly, and develop comfort with diverse approaches to new problems; conduct, synthesize, and interpret research; and communicate effectively.

French majors develop intermediate high- and often advanced low-level proficiency in the spoken and written language. The program supports the study, analysis, and critical interpretation of the literatures and cultures of France and the Francophone world. It prepares students to operate personally and professionally in a broad range of French-speaking environments.

Students are encouraged to combine a modern language major with a second major or a related minor and to speak with faculty advisors about opportunities to incorporate study abroad into their program of study. Our majors go on to use their skills in the classroom, the corporate world, domestic civil service or diplomacy, arts and culture, and many other arenas. Undergraduates who wish to be licensed as teachers are advised to consult with the department education coordinator and with the School of Education regarding specific requirements for language teacher licensure.

Requirements for the French Major

Core Curriculum Requirements:

See Undergraduate Core Curriculum

Foreign Language:

- Complete intermediate level proficiency (202 level).

Major Requirements:

- Placement test to determine which lower division courses are required.
- Completion of 28 hours of upper division courses (202-499) taught in the foreign language.
- A 2.5 cumulative average must be attained in the major courses.

28 credit hours, as follows

21-27 hours from:

- FREN 202-498 (Refer to Course Descriptions.)

0-6 hours of approved French Studies coursework in English

1 hour of senior project from:

- FREN 499 - Senior Research Project

Gender and Diversity Studies, B.A.

The Gender and Diversity Studies major develops students' critical thinking skills, knowledge base, and intellectual frameworks for analyzing and exploring the nature of diversity. The program focuses on the socioeconomic, political, psychological, and cultural experiences and positions between and among individuals and groups defined by gender, race, sexual orientation, ethnicity, socioeconomic class, age, religious beliefs, and physical/mental abilities.

Core Curriculum Requirements:

Consult the Undergraduate Core Curriculum of the catalog.

Required Courses for All Concentrations:

All undergraduate students are required to take thirty-six credit hours of approved courses to fulfill one of three tracks offered in the major;

1. A general major in Gender and Diversity Studies (36 credit hours distributed across the modules).
2. A major in Gender and Diversity Studies with a concentration (18 credit hours required) in Women and Gender.
3. A major in Gender and Diversity Studies with a concentration (18 credit hours required) in Race and Ethnicity.

Students seeking a Women & Gender concentration must choose courses designated (W) below where there is an option to do so.

Students seeking a Race and Ethnicity concentration must choose courses designated (R) below where there is an option to do so.

Introductory Course:

- SOCW 206 - Intro to Gender & Diversity St

Theory Course (choose one):

- ENGL 366 - Feminist Theory
- SOCI 365 - Contemporary Social Theory

Diversity in American Culture Course (choose one):

These courses focus on the impact that the social, economic and cultural struggles of gendered, racial and ethnic minorities and/or women have had on the history and culture of the United States of America.

- ENGL 484 - African-American Literature (R)
- ENGL 489 - American Minority Literature (R)
 - HIST 222 - The Harlem Renaissance (R)
- HIST 233 - Women In American History (W)
 - HIST 307 - Immigration and Ethnicity (R)
- HIST 324 - African-Am Struggle for Equity (R)
 - POLI 367 - Gender & Politics: Women, Elections and Representation (W)
- SOCI 250 - Racial Ethnic Minorities (R)
- SOCI 262 - Gender and Society (W)
- SOCW 318 - Trends in Modern Soc: Race Rel (R)
- SOCW 325 - Women/Men: Myth & Reality (w)

Diversity in a Global Context (choose one):

These courses examine how racial, religious, and ethnic differences have shaped the history and culture of different regions across the globe.

- ENGL 344 - Major Black Writers of World (R)
- ENGL 352 - African Literature (R)
- HIST 231 - Transatlantic Slave Trade (R)
- HIST 275 - Urban Imaginaries In Asia (R)
 - HIST 314 - Africa Since 1945 (R)
 - HIST 343 - Religion & Empire in Latin America (R)
- HIST 395 - History of South Africa (R)
 - HIST 427 - Race and Nation in Modern Latin America (R)
- POLI 219 - Irish Government and Politics

- POLI 224 - Middle East Politics
- POLI 320 - Global Islamic Politics (R)
- SPAN 351 - Latin-American Civilization I (R)
- SPAN 352 - Latin Amer Trad & Pop Cult (R)

Intersectionality Course (3 credit hours):

A 300-level course that explores both the social construction of identity and multiple axes of identity and difference, taking into consideration the various ways they may interrelate or intersect.

- COMM 323 - Race, Class, Gender & Media
- COMM 324 - Sex and Violence In Media
- ENGL 359 - Gender & Diversity in Film
- HIST 324 - African-Am Struggle for Equity
- SOCW 315 - Values, Human Rights, Advocacy
- SOCW 318 - Trends in Modern Soc: Race Rel
- SOCW 404 - Rel/Ethics & Profession Pract
- SPMG 410 - Sport Ethics
- THEO 322 - Black Theology
- THEO 358 - Immigration Theology & Ethics
- THEO 372 - Disability, Ethics & Theology
 - HIST 350, POLI 316, THEO 316 - Globalization (departmental designations may change yearly).

Capstone Experience (3 credit hours):

In the Spring of senior year, all GDST students will submit a thesis for public defense. Students are expected to independently design and complete a research-based project on a specific diversity studies topic that synthesizes the scholarly literature in at least two of the disciplines that inform diversity studies and presents a clear, arguable thesis supported by evidence drawn from appropriate sources. To this end, students will take a one credit hour thesis direction course in the Fall of senior year, GDST 498. Students will design their projects, identify two faculty readers from two different disciplines, work both independently and in groups, and complete a polished proposal by the end of the course. Students will then sign up for two credit hours of tutorials in the Spring, GDST 499, one with each of their thesis readers. All thesis readers must be GDST affiliated faculty and must be approved by the director of the program as well as the chairs of the faculty members' respective home departments. The focus of the thesis is multidisciplinary and addresses issues concerning gender and diversity studies that stem from the student's own elective concentration or interests. For example, projects may include an internship component or be limited to textual analysis depending on the primary methodologies of the disciplines with which students are working.

Elective Courses (18 credit hours):

The remaining 18 credit hours elective courses must come from three or more disciplines. Students choosing a Women & Gender or Race & Ethnicity concentration must complete at least nine of their elective credit hours with courses that have the appropriate (W) or (R) designation. Otherwise, students may choose any course approved as a Gender and Diversity Studies elective at the 200-level or above.

German, B.A.

The study of languages, literatures, and cultures is central to a liberal arts education and one of the key disciplines in the humanities. Since the emergence of Jesuit education in the sixteenth century, the studia humanitatis have been at its heart. Like all humanities majors, German challenges students to address pressing and enduring questions about the human condition. In reflecting on the nature and scope of the human itself, humanities majors develop skills and dispositions that remain vital at all stages of their professional and personal lives and result in a fulfilling life. Humanities majors learn how to: ask insightful questions, think flexibly, and develop comfort with diverse approaches to new problems; conduct, synthesize, and interpret research; and communicate effectively.

German majors develop a deep knowledge of language and culture, and leverage that knowledge to gain insight into historical, social and political issues. The study of German at Xavier prepares students for interdisciplinary and problem-based inquiry that spans many professions. Students are therefore encouraged to combine a modern language major with a second major or a related minor and to peak with faculty advisors about opportunities to incorporate study abroad into their program of study. Majors go on to use their skills in the corporate world, STEM fields, diplomacy, arts and culture, and many other arenas. Undergraduates who wish to be licensed as teachers are advised to consult with the department education coordinator and with the School of Education regarding specific requirements for language teacher licensure.

Requirements for the German Major

Core Curriculum Requirements:

See Undergraduate Core Curriculum

Second Language:

- Complete intermediate level proficiency.

Major Requirements:

- Placement test to determine which lower division courses are required.
- Completion of 28 hours of upper division courses (202-499) taught in the target language.
- A 2.5 cumulative grade-point average must be attained in the major courses.

Graphic Design. B.A.

Graphic Design is the process of visual problem-solving on a 2D surface. The field of Graphic Design continues to grow and become a powerful force in the creation of our contemporary society and culture. The Bachelor of Arts in Graphic Design provides students the techniques, processes, aesthetics, and creative approaches of Graphic Design, all from a fine arts perspective. Students are prepared with dynamic portfolios that show a range of innovative thinking, technical prowess, and aesthetics sensibility. Real-world experiences in the form of mentoring, portfolio reviews, and internships enable the students to be competitive designers.

Requirements for a Major in Graphic Design

Core Curriculum Requirements:

See Undergraduate Core Curriculum

Major Requirements:

55 credit hours, as follows:

- ARTS 100 - Freshman Seminar

- ARTS 101 - 2D
- ARTS 102 - Drawing I
- ARTS 105 - 3D
- ARTS 270, 271 or 272 - Art History Elective
- ARTS 108 - Photography I
- ARTS 441 - Junior Seminar
- ARTS - History of Graphic Design
- ARTS 142 - Intro to GD
- ARTS 242 - Typography
- ARTS 342 - packaging
- ARTS 442 - New Media
- ARTS 215 - Web Design
- ARTS 315 - Adv. Web Design
- ARTS 214 - Tech for Artists
- ARTS 493 - Design Internship
- ARTS 490 - Snior Thesis
- Track Course
- Track Course

Note(s):

- In the spring semester of the sophomore year the prospective art major will present a portfolio for evaluation. Acceptance or rejection from the Department of Art will be based upon this evaluation.
- A minimum grade of "C-" must be attained in all art courses to count toward an art major degree.
- A recommended program sequence is available for each of the concentrations.
- Introductory courses (or equivalent with permission of the instructor) are prerequisites for all advanced courses.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.A., Graphic Design

Freshman Year

First Semester

- Art 100: Seminar
- Art 101: 2D Design
- Art 102: Drawing
- Core 100 or Theology 111
- Second Language I
- Computer Science 170: Computer Science
- Core 101

Second Semester

- Art 105: 3D Design
- Art 142: Graphic Design I
- English 101 or English 115
- Core 100 or Theology 111

- Core 102
- Second Language II
- Computer Science 180: Computer Science II

Sophomore Year

First Semester

- Track Course
- Art 242: Layout & Print Production
- Art 270, 271, 272: Art History Elective
- English 205
- Philosophy 100
- Art 215: Web Design

Second Semester

- Art 342: Package Design
- Art 214: Technology for Artists
- Art 108: Photography I
- Art 493: Internship
- Philosophy 200: Philosophical Perspectives
- Theology 200+ Theological Perspectives

Junior Year

First Semester

- Art 441: Junior Seminar
- Art 108: Photo I
- History of Art Elective
- Oral Communications Flag
- Natural Science Elective

Second Semester

- Art 442: Advanced Typography
- Art 493: Internship
- Mathematical Perspectives Elective
- DCR Flag Elective
- Social Science Elective
- Humanities Elective

Senior Year

First Semester

- Art 315: Advanced Web Design
- Arts Elective (204 or 208)
- Art 493: Internship
- E/RS Flag
- Quantitative Reasoning Flag
- Writing Intensive Flag

Second Semester

- Art 490: Senior Concentration
- Track Course
- Historical Perspectives Elective
- Scientific Perspectives Elective
- General Elective
- Core 499

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- Consider a Applied Computation Certificate or Advertising Minor

History, B.A.

The History major provides an excellent foundation for careers in business, education, law, and public service. The study of history enables students to find and evaluate a wide variety of information and develops analytic and critical skills. The study of history also encourages students to examine closely the institutions, ideas, and systems that shape our world. Requirements for the history major broaden students' understanding of other cultures and their historical interconnections, and thereby sharpen the skills essential to all historical inquiry. History makes a unique contribution to a liberal education. It requires the attainment of a sympathetic appreciation of events and developments seen, not in isolation, but as part of a complex process. The study of history is compatible with any minor, including business, to prepare students for success in their career and professional choices.

Requirements for the History Major

Core Curriculum Requirements:

48-63 Credit Hours dependent on courses taken, including

History Requirement:

- Included within the major.

Major Requirements:

36 credit hours, as follows

3 hours of Historical Perspectives *

6 hours with completion of one of the following survey course sequences:

- HIST 105 and 106
- HIST 123 and 124
- HIST 133 and 134
- HIST 143 and 144
- HIST 151 and 152
- HIST 161 and 162
- HIST 200 and 201
- HIST 247 and 248

* Students can satisfy Historical Perspectives by taking 9 hours of survey courses.

21 hours of additional electives from HIST 200-399:

- HIST 200-399 (Refer to Course Descriptions.)

6 hours of two seminars from HIST 400-498:

- HIST 400-498 (Refer to Course Descriptions.)

Also included must be two courses each, at any level, in:

- (1) U.S., (2) European, (3) African, Asian, or Latin American history.

Note(s):

- A 2.000 cumulative average must be attained in these history courses.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.A. History

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- Science Elective (3)
- PHIL 100 - Ethics as Intro to Philosophy
- ENGL 101 - English Composition or ENGL 115 - Rhetoric

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- Students may satisfy diversity-, writing-, oral-, and quantitative-flag courses in the history department, but are not required to do so.

International Studies, B.A.

International Studies is an interdisciplinary program that is inspired by Xavier's Jesuit tradition to prepare men and women for others as informed, ethically aware citizens who can thrive in today's global society. By majoring in international studies, you will:

- Learn to assess international developments, trends, dilemmas and policy issues.
- Develop critical thinking skills and tools necessary for successful engagement with an increasingly interconnected world.
- Engage in interdisciplinary study in language, history, political science and economics to shape an informed and comprehensive world view.

Majors choose one of the following concentrations:

1. Global Environment and Sustainability
2. Global culture and Societies
3. International Politics, Development and Economy
4. Population and Migration

International studies majors take a variety of courses from many disciplines, including:

- Language courses that emphasize culture, history and literature
- Political science courses in comparative politics and international relations
- History courses that provide in-depth analysis of an area of the world
- Microeconomics and macroeconomics

Study abroad or an internship in an international business or non-governmental organization is a required component in the program. Students are encouraged to study abroad through one of Xavier's many programs. They may also participate in Xavier's academic service learning semesters.

Requirements for the International Studies Major

Requirements in the Core Curriculum:

Undergraduate Core Curriculum , including:

Economics:

- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles

Language:

- Intermediate proficiency plus 6 hours of 300 level courses

Mathematics:

- MATH 116 - Elementary Statistics or
- MATH 156 - General Statistics

Required courses for all concentrations: (13 credits)

- INST 100: Introduction to International Studies (to be taken by the end of the sophomore year)
- INST 201 (to be taken the Spring of their sophomore year)
- Study Abroad: You may study in the country of your choice. A minimum of three credit hours must be taken

Choose one of:

- POLI 120 - Comparative Govt and Politics
- POLI 277 - International Relations

Choose one of:

- ECON 300 - Int'l Trade & Bus Environment
- POLI 372 - International Political Econom

Electives (18 credits)

As electives, students need to take 4 elective courses in a thematic concentration. These courses need to be in at least two different disciplines. In addition, students need to take two courses about a specific regional area, with at least one of them historical in scope (and preferable in modern/contemporary history of the region).

Global Environment and Sustainability:

Note: It is highly recommended to take BIO 120/136 as Natural Science elective or Scientific Perspectives.

- BIO 250/251 - Ecology
- HIST 199 - Global Environmental History
- ECON 341 - Economy of Developing Countries
- ECON 320 - Natural Resource, Ecological and Environmental Economics
- HIST 398 - History of Agriculture (US, Europe and Africa)
- HIST 362 - Global Culture & Publics
- POLI 372 - International Political Economy (cannot double count)
- SOCI 240 - Population and Globalization
- SUST 301 - Cultural Studies & Sustainability
- SUST 401 - Sustainable Development
- SPAN 359 - Community Engagement in Peru (tied to XU study abroad program in Peru)
- ENGL 319 - Writing as Social Action
- Selected ENGL 205/GERM 205/FRENCH 205/ SPAN 205/ PHIL 200 by permission (cannot double count for Core)

Global Culture and Societies:

- HIST 199 - History of Modern Civil Resistance (focuses on US, Gandhi, South Africa, Polish Solidarity)
- HIST 231 - Transatlantic Slave trade
- HIST 362 - Global Culture & Publics
- HIST 481 - US-Mexico Borderland
- SOCI 180 - Culture & Society
- SOCI 240 - Population and Globalization
- POLI 320 - Global Islamic Politics
- SUST 301 - Cultural Studies & Sustainability
- ENGL 302 - Modern Literary Theory
- ENGL 352 - African Literature
- ENGL 319 - Writing as Social Action

- GERM 350/351 - German Culture I/II
- SPAN 309 - Contemporary Issues in the Spanish speaking World
- SPAN 352 - Latin American traditions and popular culture
- ITAL 258 - Italian Culture and Civilization
- FREN 325 - Global Food
- FREN 350/351 - French Culture & Civilization I & II
- THEO 306 - Liberation Issues and Theology
- THEO 355 - Introduction to Islam
- THEO 345 - The Challenge of Peace
- HIST 199 - Capitalism and its Discontents
- HIST 199 - Imperialism
- Selected ENGL 205/GERM 205/SPAN 205/FRENCH 205/PHIL 200 by permission (cannot double count for Core)

International Politics, Development and Economy

- ECON 300 - International Trade and Business Environment (cannot double count)
- ECON 341 - Economy of Developing Countries
- ECON 320 - Natural Resource, Ecological and Environmental Economics
- HIST 398 - History of Agriculture (US, Europe and Africa)
- POLI 374 - US Foreign Policy
- POLI 372 - International Political Economy (cannot double count)
- POLI 120 - Comparative Government and Politics (cannot double count)
- POLI 277 - International Relations (cannot double count)
- SUST 401 - Sustainable Development
- HIST 199 - Capitalism and its discontents
- HIST 199 - Imperialism
- HIST 422 - The Experience of Modern War
- POLI 275 - Politics of War and Peace
- POLI 368 - Politics in Dictatorship
- POLI 390 - Seminar: International Relationships
- POLI 234 - Chinese Politics
- SPAN 309 - Contemporary Issues in the Spanish Speaking World
- ENGL 319 - Writing as Social Action
- THEO 345 - The Challenge of Peace
- Selected ENGL 205/FRENCH 205/GERM 205/SPAN 205/PHIL 200 by permission (cannot double count for Core)

Population and Migration:

- HIST 199 - Immigration to America
- HIST 199 - Africans in the Americas
- HIST 362 - Global Culture & Publics
- SOCI 240 - Population and Globalization
- SPAN 331 - Latino Voices in the Community
- ENGL 319 - Writing as Social Action
- HIST 231 - Transatlantic Slave trade
- HIST 481 - US-Mexico Borderland
- POLI 320 - Global Islamic Politics
- SPAN 309 - Contemporary Issues in the Spanish Speaking World
- HIST 422 - The Experience of Modern War
- ENGL 319 - Writing as Social Action
- THEO 358 - Immigration Theology and Ethics
- Selected ENGL 205/GERM 205/FRENCH 205/SPAN 205/PHIL 200 by permission (cannot double count for Core)

- Concentration courses need to be in at least two different disciplines. In addition, students need to take two courses about a specific regional area, with at least one of them historical in scope

Modern Language and International Economics, B.A.

Anyone working in the international arena - whether in international relations, for an international organization, or in business - needs to work with people from around the world and have a deep understanding of the global economic environment. Students receive this mix with the interdisciplinary major that is offered jointly by the Departments of Modern Languages and Economics. The blended coursework provides students with:

- A solid foundation in French, German, or Spanish.
- The skills to address international economic issues and work in the global arena.
- A sound understanding of the cultures that exist across the global economy.

The B.A. in Modern Languages and International Economics requires students to select a modern language *concentration* from French, German or Spanish. The senior research and the directed study courses in each concentration are the capstone courses, and they are jointly directed by faculty members in Modern Languages and Economics. Students are prepared and encouraged to pursue internships and exchange programs abroad. To plan courses, study- or work-abroad, and your future career, please contact faculty advisors in the Modern Language Department or the Economics Department.

Requirements for the Major

Core curriculum requirements:

64 credit hours, including

Foreign Language:

- Complete intermediate level proficiency (202 level).

Literature:

- Can be fulfilled with a course in the concentration portion of the major.

Mathematics:

- MATH 150 - Elements of Calculus I
- STAT 210 - Statistics For Business I

Social Sciences:

- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles

(included in the major)

Major Requirements:

52 credit hours, as follows

24 hours of specific courses from:

- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles
- ECON 300 - Int'l Trade & Bus Environment
- ECON 305 - Microeconomic Analysis
- ECON 306 - Macroeconomic Analysis
- ECON 307 - Empirical Analysis In Economic
- ECON 450 - International Economics
- STAT 210 - Statistics For Business I or
- MATH 156 - General Statistics

6 hours from:

- ECON 310-499 (Refer to Course Descriptions), which must include 3 hours of ECON courses at the 400 level.

22 hours of courses in a chosen concentration:

French:

- 21 hours from FREN 300-490 (Refer to Course Descriptions);
- 1 hour of senior research from FREN 499

German:

- 21 hours from GERM 300-490 (Refer to Course Descriptions.)
- 1 hour of senior research from GERM 499

Spanish:

- 21 hours from SPAN 300 or SPAN 301 with SPAN 302, SPAN 303, SPAN 306
- 9 hours of electives from SPAN 304-490 (Refer to Course Descriptions.)
- 1 hour of senior research SPAN 499

Note(s):

- A 2.000 cumulative average must be attained in these required and concentration courses.
- The senior research and the directed study courses are the capstone courses are jointly directed by faculty members in Modern Languages and Economics.
- Students are prepared and encouraged to pursue internships and exchange programs abroad. To plan courses, study- or work-abroad, and your future career, please contact faculty advisors in the Modern Language Department or the Economics Department.

B.A. Music

This block serves as a guideline for progress toward a degree. See your academic advisor.

The downloadable engagement plan for this degree includes the schedule below in tabular form.

Freshman Year

First Semester

- MUSC 198 - Studio Class
- MUSC 199 - Recital Attendance
- MUSC 200 - Music Theory I
- MUSC 201 - Aural Skills I
- MUSC 208 - Keyboard Skills I
- Private Lesson
- Large Ensemble
- CORE 100 - First-Year Seminar
- CORE 101 - First-Year Co-Curricular Passport
- ENGL 101 - English Composition or ENGL 115 - Rhetoric
- Second Language Elective 1

Total (16)

Second Semester

- MUSC 198 - Studio Class
- MUSC 199 - Recital Attendance
- MUSC 202 - Music Theory II
- MUSC 203 - Aural Skills II
- MUSC 209 - Keyboard Skills II
- Private lesson
- Large Ensemble
- CORE 102 - First-Year Co-Curricular Passport
- PHIL 100 - Ethics as Intro to Philosophy
- THEO 111 - Theological Foundations

- Second Language Elective 2

Total (16)

Sophomore Year

First Semester

- MUSC 198 - Studio Class
- MUSC 199 - Recital Attendance
- MUSC 127 - GarageBand, Logic & More
- Private Lesson
- Large Ensemble
- Scientific Perspectives
- ERS Elective
- Free Elective

Total (14)

Second Semester

- MUSC 198 - Studio Class
- MUSC 199: Recital Attendance
- DIFT 340 - Audio Production
- MUSC 211: Music History II
- Private Lesson
- Large Ensemble
- Mathematical Perspectives
- Natural Science Elective

Total (14)

Junior Year

First Semester

- MUSC 198 - Studio Class
- MUSC 199 - Recital Attendance
- MUSC 102, 105, 113, 114, or 117
- MUSC 342 - Studio Production
- Theological Perspectives
- Humanities Elective
- ENGL/CLAS/SPAN 205: Literature & Moral Imagination

Total (15)

Second Semester

- MUSC 198 - Studio Class
- MUSC 199 - Recital Attendance
- MUSC 405 - Internship

Musical Theatre, B.A.

Xavier University's theatre department combines practical experiences and professional collaborations with a rigorous curriculum. The Bachelor of Arts Degree in Musical Theatre offers students the opportunity to develop the skills necessary to be a successful musical theatre artist. The program prepares students for professional experience outside of Xavier by fostering a practical, cross-cultural and student-oriented curriculum

Requirements

Core Curriculum

See Undergraduate Core Curriculum

Major Requirements

56 credit hours

Theatre Courses

46 credit hours

- THTR 100: Introduction to Theatre
- THTR 120: Acting I
- THTR 150: Stagecraft
- THTR 195: Voice and Movement Ensemble
- THTR 196: Musical Theatre Studio
- THTR 197: Voice for Theatre Majors
- THTR198: Theatre Tech. Workshop
- THTR199: Theatre Perf. Workshop
- THTR 205: Theatre History I
- THTR 206: Theatre History II
- THTR 208: Vocal Health and Wellness for Actors
- THTR 209: Hearing for the Musical Theatre Actor
- THTR 211: Script Analysis
- THTR 219: American Musical Theatre
- THTR 221: Auditions
- THTR 232: Advanced Musical Theatre
- THTR 320: Acting II
- THTR 460: Senior Musical Theatre Thesis

Dance/Movement Courses

10 credit hours

- Jazz
- Tap
- Ballet
- Elective
- THTR 250: Alexander Technique

General Electives

10 credit hours

Additional Requirements

- Participation and Attendance in Studio Class each semester
- Pass a comprehensive musical theatre exam during the spring semester of senior year.
- At least one participation in a regional audition/interview event (SETC, UPTA, etc.). Event must be approved by faculty.
- Production attendance for all shows in which not cast or holding a technical position.
- Attendance at 20 professional productions outside of Xavier, with at least eight being musical productions.
- Audition for all departmental productions, specifically musicals.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Musical Theatre, B.A.

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- ENGL 101/115
- PHIL 100
- CORE 100
- CORE 101
- THTR 196: MUSICAL THEATRE STUDIO
- THTR 100: INTRODUCTION TO THEATRE
- THTR 120: ACTING I

- THTR 197: VOICE FOR THEATRE MAJORS
- DANC: DANCE ELECTIVE 2
- THTR 199: THEATRE PERFORMANCE WORKSHOP
- GENERAL ELECTIVE
- GENERAL ELECTIVE

Notes

- A 3.000 cumulative average must be attained in the theatre major.
- Students are required to have regular advising meetings with their theatre department advisor.

Organizational Leadership, B.A.

The Organizational Leadership major is an interdisciplinary program offered by the College of Arts and Sciences through APEX, Adult and Professional Education at Xavier. This transfer friendly major is **only available to APEX/ADC students** and is designed for adult students who want to prepare for leadership positions in organizational settings. Courses are offered in the Accelerated Degree Completion (ADC) format, with classes primarily in accelerated eight week terms during evenings, weekends or online and also in the regular 16 week semester format.

Students acquire broad foundational knowledge, deepened within a specific disciplinary minor and applied in a community based project. Along with the university core curriculum, the 36 credit hour major requirements includes 18 credit hours in leadership development courses, a disciplinary minor and a project based capstone course.

Requirements

Core Curriculum

See Undergraduate Core Curriculum

Major Requirements

Leadership Fundamentals

15 credit hours

- MGMT 200 - Organizational Management
- MGMT 309 - Change Management or
- MGMT 312 - Negotiation & Conflict Mgmt
- MGMT 314 - Leadership
- COMM 260 - Organizational Communication
- PSYC 261 - Social Psychology

Organizational Leadership Electives

3 credit hours (Choose one)

- COMM 209 - Group Dynamics
- COMM 264 - Persuasion
- COMM 327 - Interpersonal Conflict Mgmt
- COMM 360 - Adv Organizational Comm
- PSYC 321 - Industrial-Organizational Psych
 - CSCI 230

Community Based Capstone

3 credit hours

- ORGL495 - Organizational Leadership Capstone

Required Minor

18-24 credit hours

- Business Minor
- Communication Studies Minor
- Cybersecurity Systems Minor
- Information Systems Minor
- Psychology Minor

Note: If courses in a student's minor are duplicative of fundamentals courses, students must take a minimum of 30 credits in the combined major and minor.

Notes:

- 2.0 cumulative GPA must be attained in major, minor and overall to be in good academic standing
- Must have 18 credit hours in the major. Some major courses could also count toward a minor requirement, so additional ORGL electives may be needed to complete 18 hours for the major.
- All transfer policies apply, including at least half of the major and minor requirements must be taken at Xavier.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Philosophy, B.A.

The major in Philosophy is the appropriate course of study for a person intending to pursue graduate study in philosophy, and is an excellent preparation for entry into professional schools, law school and for graduate study in the humanities or social sciences.

Requirements for the Philosophy Major

Core Curriculum Requirements:

See Undergraduate Core Curriculum

Philosophy requirement:

- Included within the major.

Major Requirements:

30 credit hours, as follows

15 hours of required courses

- PHIL 100 - Ethics as Intro to Philosophy
- PHIL 200 - Philosophical Perspectives
- PHIL 304 - Early Modern Philosophy
- PHIL 340 - Metaphysics
- PHIL 301 - Ancient Philosophy

3 hours of one of the following

- PHIL 302 - Medieval Christian Philosophy
- PHIL 309 - Medieval Islamic Phil & Influe
- PHIL 363 - Medieval Political Philosophy

12 hours of major electives chosen from:

- PHIL 300-397

Note(s):

- A 2.000 cumulative average must be attained for all PHIL courses.
- At least one course numbered 300-397 must be a **seminar**, which may be restricted to majors, minors, and honors students.

Departmental Honors Track

Departmental honors enables students who are so inclined to prepare themselves better for graduate study in philosophy, or to pursue a more challenging undergraduate course of study in philosophy.

In addition to the standard requirements for the major, candidates for departmental honors will have to compose a senior thesis while working under the direction of one of our faculty members. The senior thesis project culminates in an oral thesis defense.

Honors Thesis:

- PHIL 398 - Thesis Review I
- PHIL 399 - Thesis Review II

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B. A. Philosophy

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- First Year Seminar (CORE 100)
- Second Language 1
- Composition or Rhetoric (ENGL 100/115)
- Philosophy 100
- Creative Perspectives Elective
- CORE 101

Second Semester

- Theological Foundations (THEO 111)
- Second Language 2
- Literature and Moral Imagination (ENGL 205)
- Scientific Perspectives Elective
- Oral Communications Flag*
- CORE 102

Sophomore Year

First Semester

- Philosophy 200
- Mathematical Perspectives Elective
- Historical
- Natural Science Elective
- Writing-Intensive Flag*

Second Semester

- History of Philosophy
- General Elective
- Social Science Elective
- Theological Perspectives Elective

- General Elective

Scheduling Notes:

- *The five flags (E/RS, Oral Communication, Writing-Intensive, DCR, Quantitative Reasoning) can be double-counted with major requirements, where possible.
- **Thesis Review is only for students choosing the Philosophy Honors Track. It earns 2 credits first semester and 1 credit second semester.

Philosophy, Politics and the Public, B.A.

Philosophy, Politics and the Public Curriculum

Course Requirements

48 Credit Hours

- PHIL 100 - Ethics as Intro to Philosophy (dedicated PPP section)
- PHIL 200 - Philosophical Perspectives (dedicated PPP section)
- PPUB 200 - Power and the Public
- ECON 200 - Microeconomic Principles
- ENGL 115 - Rhetoric
 - Historical Perspectives - Non-western or international focus
- ECON 201 - Macroeconomic Principles
- MATH 156 - General Statistics
- HIST 362 - Global Cultures & Publics
- ECON 307 - Empirical Analysis In Economic
- PPUB 400 - Senior Supervision
 - PPUB 401 Senior Supervision
 - PHIL 336 Liberalism or PHIL 338 Enlightenment and Revolution
 - PHIL 337 Responses to Liberalism or PHIL 339 Revolution and its Aftermath

Either:

- HIST 300 Writing in Public (dedicated PPP section)
- HIST 408 Constructing the Public (dedicated PPP section)
- PPUB 210

And Six (6) Credits from:

- ECON 300-499
- HIST 300-499
- PHIL 300-499
- POLI 200-499
- PPUB 250 - Jurisprudence: Strategy and Practice
- SOCI 200-499

Block Schedule

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- PHIL 100 Ethics as Intro to Philosophy
- ENGL 115 Rhetoric
- Language I

- First Year Seminar

Second Semester

- PHIL 200 Philosophical Perspectives
- PPUB 200 Power and the Public (Diversity Flag)
- Language II

THEO 111 Theological Perspectives

- ECON 200 Microeconomic Principles (Social Science Elective)

Sophomore Year

First Semester

Power and Politics Block

- HIST 408 Constructing the Public (Seminar)
- PPUB 210 Campaigns, Politics, and Media
- MATH 156 - General Statistics (Math Perspectives)
- Lit and the Moral Imagination
- Theological Perspectives

Civil Society and Government Block

- PPUB 246 Civil Society and Government (Oral Flag)
- One additional course from ECON, HIST, PHIL, POLI, PPUB, or SOCI
- MATH 156 - General Statistics (Math Perspectives)
- Lit and the Moral Imagination
- Theological Perspectives

Second Semester

Power and Politics Block

- HIST 300 Writing in Public (Writing Flag)
- PPUB 211 Public Policy Practice or POLI 328 Legislative Practice
- ECON 201 Macroeconomic Principles
- Scientific Perspectives + Lab
- Creative Perspectives

Civil Society and Government Block

- PPUB 211 Public Policy Practice or POLI 328 Legislative Practice (Writing Flag)
- One additional course from ECON, HIST, PHIL, POLI, PPUB, or SOCI
- ECON 201 Macroeconomic Principles
- Scientific Perspectives + Lab
- Creative Perspectives

Junior Year

First Semester

- PHIL 336 Liberalism
- HIST 362 Global Cultures and Publics (Humanities Elective)
- ECON 307 Empirical Analysis in Economics (Quantitative Reasoning Flag)
- 2 Free Electives

Second Semester

- PHIL 337 Responses to Liberalism
- Natural Science Elective
- 2 Free Electives

Summer

Option: Study Abroad Trip

Senior Year

First Semester

- PPUB 400 PPP Senior Supervision
- 4 Free Electives

Second Semester

- PPUB 401 PPP Senior Seminar
- 4 Free Electives

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Political Science, B.A.

Students in political science pursue answers to the vital questions of equity, justice, and peace in the modern world. Our challenging courses consider the best political and social science literature with a view to gaining a deeper understanding of contemporary domestic and foreign controversies, including those of human rights and democracy, equality and race, poverty and social class, terrorism and war. In this way, students confront the promise and limits of political and social solutions to humanity's gravest problems.

The department offers intellectually stimulating introductory courses in the following fields:

- American Government and Politics
- Comparative Government
- Political Philosophy
- International Relations

Courses go beyond the presentation of "nuts and bolts" to explore underlying issues of real significance. Upper level courses are limited in size and scope, allowing students to debate the political and social issues that are of greatest interest to them.

The department has internship programs in Washington, D.C., Columbus, and Cincinnati that allow students to earn course credit. Students may also earn credit for internship experiences closer to home, or by participating in the department's Summer State Politics Internship Program at the Ohio General Assembly. Students can apply what they learn in their courses to the political and social institutions and processes that they experience as interns.

Faculty in the Political Science department help lead study abroad programs in Ireland and Paris, France. Students are also encouraged to undertake a major undergraduate research project under the supervision of a faculty member and to present their research at an undergraduate research conference. In addition, the department's student-run undergraduate research journal, the Xavier Journal of Politics provides students with opportunities to participate in high-level research by participating in the editorial process or submitting their work for publication.

Requirements for the Political Science Major

Core Curriculum Requirements:

48-63 Credit Hours dependent on courses taken, including

Social Sciences:

- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles

Mathematics:

Choose one of the following:

- MATH 116 - Elementary Statistics
- MATH 156 - General Statistics
- MATH 170 - Calculus I
- MATH 171 - Calculus II
- MATH 220 - Multivariable Calculus
- PSYC 210 - Statistical Techniques

Major Requirements:

33 credit hours, as follows

12 hours of political science courses from:

- POLI 120 - Comparative Govt and Politics
- POLI 140 - American Government and Politi
- POLI 277 - International Relations
- POLI 301 - Political Philosophy

3 hours from a choice of either:

- POLI 390 - Sem: International Relations
- POLI 391 - Sem: American Government

18 hours of political science electives selected from:

- POLI 200-490 (Refer to Course Descriptions.)

Note(s):

- A 2.000 cumulative average must be attained in the political science courses.
- In addition to formal course work, students are encouraged to include experiential learning in their program if they feel it will contribute to their learning goals and objectives. To accomplish this, the department facilitates intern programs in Washington, D.C., Columbus, and Cincinnati, as well as a local internship program that allows students to engage politics close to home. The Political Science major provides breadth which ensures that the student is well grounded in the discipline and at the same time permits flexibility for concentration in a sub-field.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.A. Political Science

This block serves as a guideline for progress toward a degree. See your academic advisor.

Sociology, B.A.

Sociology is the scientific study of the relationship between human behavior and the larger social and historical context. Sociologists seek to discover regularities and order in social behavior and to express these patterns as theoretical generalizations that apply to a wide range of behaviors and settings. General and specialized areas of study are covered. Specific areas of focus include cultural diversity, inequality, and social change. Requirements are designed to provide a strong foundation in social theory and research methods while allowing students flexibility in the design of their programs. The department encourages experiential learning, including internships and international study abroad. Along with the significant contribution sociology makes to a liberal arts education, the program prepares the Sociology major for graduate study in a variety of fields and a broad range of careers, including: (1) graduate study in sociology, counseling, business, or education, among others; (2) graduate study in the professions, such as law; (3) careers in research, in the public or private arena; (4) careers in organizations, such as administration and consultant positions in business, government, and community agencies and organizations; (5) community change-oriented positions in such fields as nonprofit management, public health, or urban planning. .

Requirements for the Sociology Major

Core Curriculum Requirements:

See Undergraduate Core Curriculum

Mathematics:

Take Statistics with either

- MATH 116 - Elementary Statistics or
- MATH 156 - General Statistics
- Plus 3 hours of Mathematical Perspectives.

Social Sciences Requirement:

- Included within the major requirements.

Major Requirements:

30 credit hours, as follows

18 hours as follows:

- SOCI 101 - Introduction to Sociology
- SOCI 180 - Culture & Society
- SOCI 200 - Foundational Social Thought
- SOCI 352 - Investigating Social Life I
- SOCI 353 - Investigating Social Life II
- SOCI 365 - Contemporary Social Theory

12 hours of upper-division electives from:

- SOCI 200-499 (Refer to Course Descriptions)

Note(s):

- A 2.000 cumulative average must be attained in the sociology courses.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Spanish, B.A.

The study of language, literature, and culture is central to a liberal arts education, one of the key disciplines in the humanities, and a vital component to developing skills that will be widely applicable in a dynamic, globalized world. Since the emergence of Jesuit education in the sixteenth century, the studia humanitatis have been at its heart. Like all humanities majors, Spanish challenges students to address pressing and enduring questions about the human condition. Humanities majors learn how to: ask insightful questions, think flexibly, and develop comfort with diverse approaches to new problems; conduct, synthesize, and interpret research; and communicate effectively. These habits lead to meaningful lives and fulfilling occupations after the university.

Spanish majors develop proficiency in the spoken and written language. The program supports the study, analysis, and critical interpretation of the cultures of the Hispanophone world. It prepares students to operate personally and professionally in a broad range of Spanish-speaking environments in the USA and internationally.

Virtually all Spanish majors combine studies in language and culture with a second major or a related minor that align with personal or professional goals. All language students should incorporate study abroad opportunities into their plans.

Our majors go on to use their skills in the classroom, the corporate and non-profit worlds, health professions, social services, and many other arenas. Undergraduates who wish to be licensed as teachers should consult with the department education coordinator and with the School of Education regarding specific requirements for language teacher licensure.

Requirements for the Spanish Major

Core Curriculum Requirements:

See Undergraduate Core Curriculum

Foreign Language:

- Complete intermediate level proficiency (202 level).

Major Requirements:

- Placement test to determine which lower division courses are required.
- A 2.5 cumulative grade-point average must be attained in the major courses.

31 credit hours, as follows:

- SPAN 202 - 3 hours (If a student tests into SPAN 300 and begins the major with SPAN 300 or SPAN 301, then the 9 hours of 400-498 applies)
- SPAN 300 or 301 - 3 hours
- SPAN 302-310 - 3 hours
- SPAN 311-399 - 15 hours
- SPAN 400-498 - 6 hours (9 hours if the student begins with SPAN 300 or SPAN 301)
- SPAN 499 - 1 hour

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Theatre, B.A.

Xavier University's Theatre program combines practical experiences and professional collaborations with a rigorous and diverse curriculum. In addition to a strong foundation of theatre courses, the Bachelor of Arts Degree in Theatre offers students the opportunity to focus in either the area of performance or design and technology. The program prepares students for professional experience outside of Xavier by fostering a practical, cross-cultural and student-oriented curriculum.

Requirements for the Theatre Major

Core Curriculum Requirements:

See the Undergraduate Core Curriculum.

Major Requirements

- 48 credit hours, as follows:

Theatre Foundation Courses, 33 credits from:

- THTR 100 - Introduction to the Theatre
- THTR 110 - Survey of Dramatic Lit
- THTR 120 - Acting I
- THTR 150 - Stagecraft I
- THTR 198 - Theatre Technology Workshop *
- THTR 199 - Theatre Performance Workshop *

- THTR 201 - Theatre History I
- THTR 202 - Theatre History II
- THTR 310 - Directing

* Students must take at least one each of 198 and 199

- THTR 210 - Acting I
- THTR 350 - Directing
- THTR 450 - Senior Thesis

Theatre Performance/Production Courses, 15 credits from:

- THTR 121 - Voice and Movement
- THTR 160 - Improvisation
 - THTR 220 - The Audition Process **
 - THTR 310 - Acting II
 - THTR 330 - Set Design
 - THTR 331 - Lighting Design
 - THTR 332 - Costume Design
 - THTR 340 - Stage Management
 - THTR 420 - Acting III
 - THTR 430 - Theatre Portfolio **
 - Other Classes as approved by the Chair of Theatre

** Students must take either THTR 220 or 430

Additional Requirements:

- Present justification for Senior Thesis – must be approved by department faculty,
- Pass a comprehensive theatre exam during the spring semester of senior year.
- Participation in at least one regional audition/interview event (SETC, UPTA, etc.). Event must be approved by faculty.
- Production attendance for all shows in which not cast or holding a technical position.
- Attendance at 20 professional productions.
- Audition or submit technical application for all departmental productions.

Note(s):

- A 3.000 cumulative average must be attained in the theatre major.
- Students are required to have regular advising meetings with their theatre department advisor.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.A. Theatre

- THEATRE 450 - Senior Thesis
- General Elective
- General Elective

Scheduling Notes:

- Consult the Undergraduate Core Curriculum requirements of the Catalog.
- A minimum of 120 credit hours is required for the degree.

Theology, B.A.

Theology is the study both of the human experience of God and of the transmission of that experience through religious traditions, doctrines, ethics, and rituals. It is essentially a dialogue between religious traditions and human experience. Such dialogue is critical for human understanding in a time of increased encounters among world religions. The theology faculty attempts to assist students in this critical dialogue through courses about religious traditions, especially the Jewish, Christian, and Muslim

traditions, and by other courses that focus on contemporary issues from a theological perspective. The theology major prepares students for graduate studies in theology, law, history, journalism, and other forms of communication, as well as for directing religious education, teaching religious studies in secondary schools, and other forms of ministry. With appropriate counseling, a student can combine this major in the liberal arts with a major in another field (e.g. classics, business, biology, English, history, psychology, secondary education), both for the student's personal enrichment and in view of broader career opportunities.

Undergraduates who attend Xavier University have a unique opportunity to begin work towards their master's degree during their undergraduate programming. The 5-year path, concluding with both the Bachelor of Arts and Master of Arts degrees, provides a focused, cost-effective way for our most qualified undergraduate students to prepare for a broad variety of professional careers in the service of faith and the promotion of justice in a diverse and pluralistic world.

Requirements for the Theology Major

Core Curriculum Requirements:

48 credit hours, including

Theology Requirement:

- Included within the major.

Major Requirements:

31 credit hours, as follows

12 hours of foundational courses:

- THEO 111 - Theological Foundations
- THEO 209 - Exploring the Christian Past I or
- THEO 210 - Exploring Christian Past II
- THEO 303 - Christian Ethics: Methods & Q
- THEO 328 - Intro to Christian Scriptures or
- THEO 351 - Intro to Hebrew Scriptures

3 hours of a common seminar:

- THEO 295 - Map to Theological Diversity

1 hour of a theological project:

- THEO 490: Senior Project

15 hours of a required concentration:

Christian Life and Community

In this concentration, majors choose one course from each of the following categories:

- Scripture: The biblical course must be from the testament not chosen as the foundational biblical course.
- Historical Theology: The historical course must be from the period not chosen as the foundational historical course.
- Perspectives on God and the Human Person
- Spirituality
- Community & Christian Practice

Contemporary Ethical and Religious Challenges

In this concentration, students take THEO 386, Spirituality and Solidarity, and four additional courses from the following categories:

- One course from Scripture: The biblical course must be from the testament not chosen as the foundational biblical course.
- One course in interreligious dialogue or non-Christian religious tradition.
- Any two theology courses from an approved list of courses giving substantive attention to contemporary ethical challenges or to contemporary religious challenges.

Interfaith Concentration

The Interfaith Concentration offers theology majors an educational experience that prepares them for becoming global citizens by equipping them with conceptual and practical tools to analyze and engage a religiously pluralistic world and to create meaningful and transformative lives. A particular focus is a deep understanding of the impact of the Abrahamic traditions upon contemporary civilization and culture. This concentration would be particularly beneficial for students preparing for campus ministry, as they provide formation in interreligious literacy and collaboration.

Students will take:

- THEO 363: Comparative Theology (required)
- Two courses from this required category. One course must deal substantively with Judaism; one other course must deal substantively with Islam:
 - THEO 283: Jewish-Christian Dialogue
 - THEO 347: Holocaust, Religion and Ethics
 - THEO 352: Judaism: Customs, Practices and Beliefs
 - THEO 354: Race, Gender, and Islam
 - THEO 355: Introduction to Islam
 - THEO 357 Islamic Philosophy and Theology
 - THEO 376 Sufism
 - HIST 262 Jewish Civilization II
 - HIST 263 Jewish Civilization III
- Two elective courses that have substantive content concerning non-Christian religions or interreligious/interfaith encounters:
 - THEO 335 African Religions
 - THEO 342 World Religions
 - THEO 343 Dialogue Among World Religions
 - THEO 359 Confucianism and Taoism
 - THEO 368 Buddhism
 - THEO 374 Buddhist-Christian Exploration
 - THEO 442 Seminar in Israel
 - THEO 444 World Religions and Environment

Build Your Own Concentration

In this concentration, students, together with the student's faculty adviser and with the approval of the chair, choose a coherent course of studies comprised of five courses, in addition to the foundational courses that every major completes. This option is available only to students who have demonstrated high academic performance and seriousness of purpose in the foundational theology courses. Normally, the student may not choose this option before the completion of at least three of the foundational courses.

Note(s):

- A 2.000 cumulative average must be attained in the theology courses.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.A. Theology

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

- General Elective

Total (16)

Second Semester

- General Elective (3)
- General Elective (3)
- General Elective (3)
- General Elective (3)
- General Elective (2 or 3)

Total (14 or 15)

Note(s):

- * Any course in the THEO 200s sequence may fulfill the Theological Perspectives core requirement.
- ** The five flags (E/RS, Oral Communications, Writing-Intensive, Diversity Core Requirement, Quantitative Reasoning) can double-count liberally with major and core.
- *** Any course in the THEO 300s or 400s sequence may fulfill the Humanities Elective or Theological Perspectives core requirement. The Humanities Elective may not double count as an E/RS flag (though may be an E/RS flagged course).

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core.

Bachelor of Fine Arts

Art, B.F.A.

The BFA degree in Art is distinguished from the BA degree in Art by its intensity and structure. Students seeking a BFA degree in Art usually have full determination to pursue their livelihood as professional artists or are thinking of acquiring an MFA degree for university/college teaching. It is a higher degree and immediately acknowledges the fact that its recipient has experienced a deeper involvement in, and commitment to, art.

Requirements for the Bachelor of Fine Arts Major

Core Curriculum Requirements:

See Undergraduate Core Curriculum

Major Requirements:

73 credit hours, as follows

- 10 credit hours in foundation requirements
- 15 credit hours in 100 level courses
- 9 elective credit hours
- 12 credit hours in Art History
- 3 credit hour exit seminar
- 18 credit hours (6 courses) in one area of study leading to the senior concentration
- 6 credit hours in senior concentration and exhibition are required.

Note(s):

- Concentrations must be arranged with the approval of the concentration advisor.
- In the spring semester of the sophomore year, at the time of the sophomore portfolio evaluation, students will express their intention of pursuing a BFA degree by delivery of a signed declaration form to the department chair, endorsed by the proposed concentration instructor.
- a minimum grade of "C-" must be attained in all art courses to count toward an art major degree.
- It should be noted that in order to complete a degree in the regular four-year sequence, a student would need to carry approximately 18 credit hours per semester. Most students seeking this degree, however, are very competent and would probably have some advanced standing in regard to the core. It is also usual for these students to take courses during the summer sessions.
- A recommended program sequence is available. Please direct requests to the department chair.

B.F.A. Art

Suggested sequence of courses for a BFA degree in Art with a concentration in any area. This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- Art 100: Seminar
- Art 101: 2D Design
- Art 102: DRAWING
- Core 100 or Theology 111
- Core 101
- Second Language I
- English 101 or English 115

Second Semester

- Art 105: 3D Design
- Art Studio elective (100 level)
- Historical Perspective
- Core 100 or Theology 111
- Core 102
- Second Language II

Sophomore Year

First Semester

- Art Studio elective (100 level)
- Art Studio elective (100 level)
- Art 270: History of Art I
- English 205

Bachelor of Liberal Arts

Liberal Arts, B.L.A.

The Bachelor of Liberal Arts is designed for adult transfer students who are interested in taking courses in a broad range of disciplines. The general electives and upper division studies requirements allow for efficient transferability of credits and give students the opportunity to design degrees to meet their needs. This degree is offered by the College of Arts and Sciences through APEX, Adult and Professional Education at Xavier. It is available to traditional undergraduates who have completed a minimum of 60 semester hours with approval of their Dean, the Dean of the College of Arts and Sciences and to all students who have graduated from high school not less than four years prior to the date of acceptance into the program.

The Liberal Arts degree is available through full or part-time study, days and/or evenings, or through the Accelerated Degree Completion Program

Requirements for the Bachelor of Liberal Arts

Core Curriculum Requirements:

Consult Undergraduate Core Curriculum for details.

Upper Division Studies Requirement: 35 Credit Hours

- Students may add a minor or a concentration to their liberal arts degree. See below for information on available concentrations in organizational leadership, and professional communication.
- 38 hours of upper division work with no more than 21 hours from one subject area.
- It is recommended that these 38 hours be distributed across two academic areas.
- Less than 30 hours in business courses and no more than 12 hours in any one business subject area may be applied to the degree.

Optional Concentrations for Upper Division Studies:

Organizational Leadership Concentration: 18 Credit Hours

This concentration will enhance and develop your communication, management, and leadership skills.

Required Courses: 9 Credit Hours

- MGMT 200 - Organizational Management
- MGMT 309 - Change Management
- MGMT 314 - Leadership

Electives: 9 Credit Hours (Select from the following list)

- COMM 207 - Interpersonal Communication
- COMM 209 - Group Dynamics
- MGMT 201 - Business & Professional Comm
- MGMT 325 - International Management
- MGMT 385 - Project Management
- SHRM 200 - Human Resources In a Diverse S

Professional Communication Concentration: 21 Credit Hours

This concentration is designed for people interested in working in dynamic, people-oriented environments. This concentration exposes you to the entire communication network; written, oral, and electronic mediums.

Required Courses: 15 Credit Hours

- COMM 101 - Oral Communication
- COMM 207 - Interpersonal Communication
- COMM 209 - Group Dynamics
- COMM 260 - Organizational Communication
- COMM 301 - Presentational Speaking

Electives: 6 Credit Hours (Select from the following list)

- BAIS 120 - Introduction to Business Tech
- BAIS 220 - Mgmt of Info Tech
- COMM 477 - Strat Comm Ethics Society
- MGMT 200 - Organizational Management
- MGMT 201 - Business & Professional Comm

Free Electives: 10 Credit Hours

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Liberal Arts, B.L.A. with MRI Concentration

Magnetic Resonance Imaging (MRI) Program

The program provides comprehensive didactic and clinical education in Magnetic Resonance Imaging with graduates meeting the eligibility requirements for the ARRT's post-primary exam in MRI. **Candidates must be graduates or pending graduates from a JRCERT accredited program in Radiography.** In addition, candidates must be registered by the ARRT by the beginning of the Spring semester.

Students have two options to continue their studies in MRI:

1. Bachelor of Liberal Arts with a MRI concentration – Students would complete the required general core courses in addition to the required MRI didactic/clinical courses for a total of 120 credit hours. Depending on the amount of transfer credit hours and the additional core courses taken during each semester, this option may take longer than the traditional two years. At the completion of the course of studies, students will receive their bachelor's degree and be eligible to apply to sit for the ARRT advanced registry examination for MRI. **OR**
2. MRI Certificate Program – The applicant must be a graduate of an accredited radiologic technology program to be accepted into the MRI program. College credit hours will be awarded for the MRI didactic and clinical courses following successful completion of each course. At the completion of the program (17 credit hours), students will receive a certificate of completion and be eligible to apply to sit for the ARRT examination for MRI. Students would be able to apply these course credit hours towards the Bachelor Degree of Liberal Arts in the future.

Note(s):

- A grade of "C-" or better must be attained in all RADT courses.
- Courses with prerequisites cannot be taken until the prerequisite courses have been successfully completed with a grade of "C-" or better.
- All students must present evidence of the following **prior to entrance in all clinical courses:**
 1. Liability insurance (\$2,000,000/\$4,000,000), purchased through the University and billed to student's account.
 2. Health history and required physical examination form
 3. MMR immunization
 4. Yearly tuberculosis skin test (two-step)
 5. Hepatitis B series
 6. Proof of current health care coverage
 7. Verification of history of varicella (chicken pox)
 8. Tetanus-Diphtheria-Acellular Pertussia (Tdap)
 9. CPR certification
- Students are responsible for these expenses as well as for uniforms, and transportation costs to the clinical sites. Students must provide their own transportation between campus and clinical sites.

August - Pre-Semester

- RADT 300 - Introduction to MRI (This course must be completed with a "C-" or better before entering the Fall Semester and the clinical aspects of the program.)

Total (1)

Fall Semester: Begins with the regular Fall Semester

- RADT 310 - MRI Imaging Procedures
- RADT 311 - MRI Practicum I
- RADT 320 - Physical Principles of MRI I
- RADT 330 - Advance Sectional Anatomy

Total (8)

Spring Semester

- RADT 313 - MRI Practicum II
- RADT 321 - Physical Principles of MRI II
- RADT 340 - MRI Pathology
- RADT 350 - Management of a MRI Center

Total (8)

Total of 17 credit hours

NOTE:

A grade of "C-" or higher must be attained in all MRI courses in order to advance to the next semester.

Bachelor of Music

Music Education, B.M.

Requirements for the Music Education Major (Pre-K to 12)

Core Curriculum Requirements:

39 credit hours in addition to the requirements for the major (see Undergraduate Core Curriculum in the Catalog).

Major Requirements:

95 credit hours, as follows

53 hours in music courses:

- MUSC 198 - Studio Class (6 Semesters)
- MUSC 199 - Recital Attendance (7 Semesters)
- MUSC 200 - Music Theory I
- MUSC 201 - Aural Skills I
- MUSC 202 - Music Theory II
- MUSC 203 - Aural Skills II
- MUSC 208 - Keyboard Skills I
- MUSC 209 - Keyboard Skills II
- MUSC 210 - Music History I
- MUSC 211 - Music History II
- MUSC 221 - Elementary Methods
- MUSC 300 - Music Theory III
- MUSC 301 - Aural Skills III
- MUSC 303 - Aural Skills IV
- MUSC 308 - Keyboard Skills III
- MUSC 309 - Keyboard Skills IV
- MUSC 312 - Conducting I
 - MUSC 313 - Conducting II
 - MUSC 314 - Technology for Music Educators
- MUSC 320 - Instrumental Methods
- MUSC 321 - Choral Methods
- MUSC 351 - String Techniques
- MUSC 352 - Woodwind Techniques
- MUSC 353 - Brass Techniques
- MUSC 354 - Percussion Techniques
- MUSC 400 - Form and Analysis
- MUSC 401 - Orchestration Arranging
- MUSC 450 - Senior Recital

1 hour from:

- MUSC 151 - Class Voice or
- MUSC 152 - Class Guitar or
- MUSC 268 - Guitar Ensemble

7 hours of Private Lessons from:

- MUSC 276-299 (Refer to Course Descriptions)

7 hours of participation in a large ensemble from:

- MUSC 260 - Concert Choir
- MUSC 265 - Symphonic Wind Ensemble
- MUSC 270 - Chamber Orchestra

1 hour of participation in a small ensemble from:

- MUSC 263 - Edgecliff Vocal Ensemble

- MUSC 266 - Chamber Winds
- MUSC 267 - Percussion Ensemble
- MUSC 269 - String Quartet
- MUSC 271 - Jazz Orchestra
- MUSC 340 - Music Production Workshop

19 hours of education courses required:

- EDFD 110 - Human Development & Learning
- EDMS 131 - Professional Education
- EDSP 200 - Sp Ed: Identification & Issues
- EDMS 350 - Technology & Topics for Educat
- EDSP 380 - Classroom Management
- EDMS 411 - Clinical Experiences
- EDRE 471 - Content Area Literacy

9 hours of student teaching and seminar for certification:

- EDMS 471 - Student Teaching: Multi-Age

Additional Requirements:

- Pass applied music examination at the end of each semester of private lessons..
- Present a recital in major area of concentration during the senior year.
- Recital attendance (minimum of 49 recitals, 7 each semester of MUSC 199).

Note(s):

- A 2.000 cumulative average must be attained in the music and education courses.
- For the Student Handbook see <https://www.xavier.edu/music-department/documents/student-handbook.pdf>

TOTAL Minimum Hours Required for Degree: 135 Credit Hours

B.S. Music Education

This schedule serves as a guideline for progress toward a degree. See your academic advisor.

- MUSC 401 - Orchestration and Arranging
- MUSC 450 - Senior Recital
- Private Lesson 7
- Large Ensemble 7
- EDMS 411 - Clinical Experiences
- Natural Science Elective
- Theological Perspectives
- Philosophical Perspectives

Total (19)

Second Semester

- EDMS 471 - Student Teaching
- EDRE 471 - Content Area Literacy

Total (12)

Scheduling Notes:

- EDMS 471, Student Teaching and Seminar (9 credit hours) is required for state licensure.
- The number of required courses will increase if the 5 "flag" requirements (ERS, Diversity, Writing, Oral, and Quantitative) are not fulfilled by courses in the core or major.

Bachelor of Science

Actuarial Science, B.S.

Actuarial science applies quantitative methods to assess and manage risk. It is especially important in the insurance and finance industries, where understanding risk is essential to providing services that offer financial security and peace of mind, regardless of the uncertainties in daily life.

The B.S. in Actuarial Science is an interdisciplinary major consisting of coursework in mathematics, statistics, and business. Within the framework of a liberal arts tradition, the program emphasizes the development of critical thinking and problem solving skills by advancing the student's mathematical ability and statistical expertise. This serves as the basis upon which problems in various business contexts (such as insurance, finance, and investments) can be rigorously examined.

Actuarial Science majors are prepared to sit for the first two actuarial exams in Probability (P/1) and Financial Mathematics (FM/2). They also take courses that are approved for Validation by Educational Experience (VEE) credit. Although majors who successfully complete the program are ready to enter the actuarial profession, other careers that require strong quantitative skills and/or significant exposure to an undergraduate business curriculum are possible upon graduation

Requirements

Core Curriculum

48-63 Credit Hours dependent on courses taken, including mathematics and social science requirements included in major.

Major in Actuarial Science

Students majoring in Actuarial Science must complete core curriculum requirements plus an additional 57 hours of coursework specific to the major.

Required Courses (57 hours)

Mathematics (39 hours)

- MATH 170 - Calculus I
- MATH 171 - Calculus II
- MATH 220 - Multivariable Calculus
- MATH 225 - Foundations Of Higher Math
- MATH 230 - Intro to Ordinary Diff Equat
- MATH 240 - Linear Algebra
- MATH 256 - Intro to Probability & Stats
- MATH 311 - Probability Theory
- MATH 312 - Statistical Inference

- MATH 257 - Data Modeling or
- MACS 101 - Intro To Actuarial Science

- MACS 201 - Actuarial Mathematics
- CSCI 170 - Computer Science I

Business (18 hours)

- FINC 300 - Business Finance
- FINC 365 - Investments
- FINC 465 - Options & Futures Markets
- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles
- ACCT 200 - Introductory Financial Acct

Prior to the final semester in the program, a student must successfully pass at least one actuarial exam, or complete an appropriate project under the supervision of a faculty mentor, including an oral presentation in a public colloquium.

Notes:

- A 2.000 cumulative average must be attained in the student's mathematics and business courses.
- Students are prepared to take the first actuarial exam (Exam P/1), upon completion of MATH 311.
- Students are prepared to take the second actuarial exam (Exam FM/2), upon completion of the finance sequence: FINC 300, FINC 365, and FINC 465.
- Prior to the final semester in the program, a student must successfully pass at least one actuarial exam, or complete an appropriate project under the supervision of a faculty mentor, including an oral presentation in a public colloquium.
- Any student wishing to major in actuarial science should consult the chair of the department before registration.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S. Actuarial Science

These block schedules serves as a guideline for progress toward a degree. See your academic advisor. They assume the current bi-yearly frequency of certain required courses. Students will be prepared to take an actuarial exam no later than the summer following their third year.

Sequence for students beginning in the Fall of an odd-numbered year

Freshman Year

First Semester (Fall)

- MATH 170 - Calculus I
- MATH 225 - Foundations Of Higher Math
- Historical Perspectives
- CORE 100 - First Year Seminar
- CORE 101 - First Year Co-Curricular Program I (GOA)
- ENGL 101 - English Composition or ENGL 115 - Rhetoric

Total (16)

Second Semester (Spring)

- MATH 171 - Calculus II
- ECON 200 - Microeconomic Principles
- MACS 101 - Intro To Actuarial Science
- PHIL 100 - Ethics as Intro to Philosophy
- THEO 111 - Theological Foundations
- CORE 102 - First Year Co-Curricular Program II (GOA)

Total (16)

Sophomore Year

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- Mathematical Perspectives, Quantitative Reasoning, and Social Science Elective requirements satisfied within the major.

Applied Chemistry, B.S.

The Department of Chemistry offers a curriculum that leads to the BS degree in Applied Chemistry. This program is intended for those students interested in pursuing an undergraduate degree with emphasis on the liberal arts while preparing for graduate work in chemical engineering. Completion of the major requirements in chemistry, physics, and mathematics enable the student to apply to graduate programs in chemical engineering.

Requirements for the Applied Chemistry Major

Core Curriculum Requirements:

48 credit hours, including

Mathematics:

- MATH 170 - Calculus I
- MATH 171 - Calculus II

Science:

- Requirement included within the major

Major Requirements:

72 credit hours, as follows

38 hours of chemistry from:

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- CHEM 226 - Quantitative Analysis
- CHEM 227 - Quantitative Analysis Lab
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab
- CHEM 300 - Intro to Chem Research
- CHEM 320 - Physical Chemistry I
- CHEM 322 - Physical Chemistry II
- CHEM 325 - Physical Chemistry Laboratory
- CHEM 330 - Quantum Chemistry
- CHEM 340 - Instrumental Analysis
- CHEM 341 - Instrumental Analysis Lab
- CHEM 400 - Research/Seminar
- CHEM 420 - Inorganic Chemistry

14 hours of physics from:

- PHYS 161 - Introductory Physics Lab I
- PHYS 163 - Introductory Physics Lab II
- PHYS 170 - University Physics I
- PHYS 172 - University Physics II
 - ENGR 370 - Fluid Mechanics
 - ENGR 384 - Heat Transfer

10 hours of additional mathematics from:

- MATH 220 - Multivariable Calculus
 - MATH 222 - Applied Linear Algebra
- MATH 230 - Intro to Ordinary Diff Equat

6 hours of computer science from:

- CSCI 170 - Computer Science I
- CSCI 180 - Computer Science II

Note(s):

- A 2.000 cumulative average must be attained in the chemistry courses.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S. Applied Chemistry

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- MATH 170 - Calculus I
- PHYS 170 - University Physics I
- PHYS 161 - Introductory Physics Lab I
- CORE 100 - First Year Seminar or THEO 111 - Theological Foundations
- CORE 101 - GOA

Total (15)

Second Semester

- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- MATH 171 - Calculus II
- PHYS 172 - University Physics II
- PHYS 163 - Introductory Physics Lab II
- CORE 100 - First Year Seminar or THEO 111 - Theological Foundations
- CORE 102 - GOA

Total (15)

Sophomore Year

First Semester

- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- MATH 220 - Calculus III
- PHIL 100 - Ethics as Intro to Philosophy
- Second Language II
- ENGL 101 - English Composition or ENGL 115 - Rhetoric

Total (17)

Second Semester

- CHEM 226 - Quantitative Analysis
- CHEM 227 - Quantitative Analysis Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab

- Historical Perspectives
- Humanities Elective

Total (16)

Second Semester

- CHEM 322 - Physical Chemistry II
- CHEM 341 - Instrumental Analysis Lab
- ENGL 205 - Literature & Moral Imagination
- ENGR 370 - Fluid Mechanics
- PHIL 200 - Philosophical Perspectives
- Theological Perspectives Elective

Total (15)

Senior Year

First Semester

- CHEM 400 - Research/Seminar
- CHEM 420 - Inorganic Chemistry
- CSCI 170 - Computer Science I
- ENGR 384 - Heat Transfer
- Creative Perspectives Elective

Total (13)

Second Semester

- CHEM 330 - Quantum Chemistry
- CHEM 400 - Research/Seminar
- CSCI 180 - Computer Science II
- Social Science Elective
- E/RS Elective *
- Diversity Curriculum Elective

Total (15)

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- * May double count with other core courses
- Students must elect one each of oral communications, quantitative reasoning, and writing intensive flagged courses; many of these are available within the core or major.

Biological Sciences for Business, B.S.

The Biological Sciences for Business program is a program with a dual-degree in which students earn a Bachelor of Science in the first four years and have the option of beginning the Master of Business Administration program in the fifth year. It is designed to prepare students for leadership in the Biotech, pharmaceutical, environmental and/or related industries.

Requirements for the BS in Biological Sciences for Business:

Core Curriculum Requirements

Students must complete the Undergraduate Core Curriculum requirements. Specific courses that must be taken to satisfy the core curriculum requirements include science courses and the following:

Mathematics

- MATH 140 - Concepts of Calculus or [MATH 180 - Differential Calculus](#) or [MATH 181 - Calculus II](#)

Social Science

- ECON 200 - Microeconomic Principles

Major Requirements:

65-67 credit hours, as follows

30 hours in Biology courses

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab

20 hours of electives from BIOL 200-490, or CHEM 435 or CHEM 440, including at least two lecture-lab combinations from:

- BIOL200/201, BIOL206/207, BIOL210/211, BIOL230/231, BIOL250/251, BIOL260/261, BIOL270/271, BIOL340/341, BIOL350/351, BIOL354/355, BIOL450/451, BIOL460/461

Senior Capstone

- 2 credits from BIOL 495-499

8 hours in required Chemistry courses

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab

6-8 hours in another science

- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab

or

- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II

or

- CSCI 170 - Computer Science I
- CSCI 180 - Computer Science II

6 hours in Mathematics courses:

- MATH 140 - Concepts of Calculus or
- MATH 180 - Differential Calculus or
- MATH 181 - Calculus II

- STAT 146 Biostatistics

18 hours in Business courses:

- ACCT 200 - Introductory Financial Acct
- ECON 200 - Microeconomic Principles

12 hours of Electives including at least one of the below:

- BAIS 300-499, MKTG 310-495, MGMT 305-496, ACCT 201-495, FINC 300-495, ECON 300-495 excluding ECON 320 and ECON 421

3 hours in Science-In-Business courses:

- Choose from CHEM 250, CHEM 270, ECON 320, ECON 421, HESA 101, HESA 110, HESA 345, HESA 410, HIST 308, HIST 436, or SUST 370

Note:

- A 2.000 cumulative average must be attained in the major courses.
- If opting to pursue the MBA, 6 hours of business graduate classes may be taken in the senior year after acceptance to the MBA program. They do not count towards your undergraduate degree. They are BLAW 550 - Business Law and Ethics and MGMT 550 - Strategy and Organizations
- BLAW 550 - Business Law and Ethics
- MGMT 550 - Strategy and Organizations

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Biological Sciences for Business, B.S.

This block serves as a guideline for progress toward a degree for students who start with a math placement in pre-calculus (MATH 120) or calculus ("ELC" or "ADV"). See your academic advisor. Courses with a † or †† can be swapped around with other courses with the same symbol.

For MBA fifth year, consult program and adviser.

First Year

First Semester

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- ENGL 101 - English Composition or ENGL 115 - Rhetoric†
- CORE 100 - First Year Seminar or THEO 111 - Theological Foundations
- CORE 101 - 1st Year Co-Curricular Program I

Total (14)

Second Semester

- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- PHIL 100 - Ethics as Intro to Philosophy†
- MATH 120 - Elementary Functions† (if needed)
- CORE 100 - First Year Seminar or THEO 111 - Theological Foundations
- CORE 102 - 1st Year Co-Curricular Program II

Total (14-17)

Second Year

First Semester

- BIOL Elective with Lab
- Creative Perspectives Elective††
- MATH 140 or MATH 180 or STAT 146†
- Historical Perspectives Elective††
- Second Language I†
- Recommended: BIOL 299 Prof. Comm. in the Sciences (oral comm flag)

Total (16-17)

Second Semester

- BIOL Elective with Lab
- PHIL 200 - Philosophical Perspectives Elective††
- MATH 140 or MATH 180 or STAT 146†
- Second Language II†
- ECON 200 - Microeconomics

Total (16)

Third Year

First Semester

- BIOL Elective
- Other Science Elective
- ACCT 200 - Introduction to Financial Accounting
- Business Elective
- ENGL 205 - Literature & Moral Imagination††

Total (16-17)

Second Semester

- BIOL Elective
- Other Science Elective
- Humanities Elective††
- Business Elective
- Theological Perspectives Elective††

Total (16-17)

Summer

- Take GMAT Exam and Apply to MBA Program if Desired

Fourth Year

First Semester

- BIOL Capstone
- BIOL Elective
- E/RS Focus Elective††
- Business Elective
- General Elective
- MBA Option: BLAW 550 - Business Law and Ethics

Total (12-15 UG + 3 MBA Option)

Second Semester

- BIOL Capstone
- BIOL Elective
- Business Elective
- DCR Elective††
- General Elective
- MBA Option: MGMT 550 - Strategy

Total (12-15 UG + UG + 3 MBA Option)

Fifth Year

- MBA (optional; consult program and adviser)

Notes:

- Students intending to apply for and complete the MBA program must notify their advisor and take the GMAT before the fall of their senior year. ACCT 200 and

ECON 200 are pre-MBA foundation requirements for MBA candidates.

- A cumulative average of 2.0 is required in the major courses for graduation.
- A minimum of 120 credit hours is required for the degree. A second Bachelor's degree requires 150 credit hours (30 additional credit hours).

Biological Sciences for Business, B.S. Alternative Pathway

This block serves as a guideline for progress toward a degree for students who start with a math placement in MATH 105. See your academic advisor. Courses with a † or †† can be swapped around with other courses with the same symbol.

First Year

First Semester

- BIOL 158 - Integrated Biology I
- BIOL 159 - Integrated Biology I Lab

Total (12-15 UG + UG + 3 MBA Option)

Fifth Year

MBA (optional; consult program and adviser)

Notes:

Students intending to apply for and complete the MBA program must notify their advisor and take the GMAT before the fall of their senior year. ACCT 200 and ECON 200 are pre-MBA foundation requirements for MBA candidates.

- A cumulative average of 2.0 is required in the major courses for graduation.
- A minimum of 120 credit hours is required for the degree. A second Bachelor's degree requires 150 credit hours (30 additional credit hours).

Biology, B.S.

The biology curriculum includes courses that present current concepts of the molecular, cellular, organismal, and population levels of biological organization. Basic biological principles are presented through the study of animals, plants, and microorganisms. Laboratory sessions provide experience in careful observation, controlled experimentation, and thoughtful analysis of scientific data. The biology program provides preparation for further study at the graduate level or in the health professions (medicine, dentistry, veterinary medicine, podiatry, or optometry), as well as preparation for a teaching career or other specialized employment.

Requirements for the Biology Major

Core Curriculum Requirements:

Students must complete the Undergraduate Core Curriculum requirements. Specific courses that must be taken to satisfy the core curriculum requirements include science courses and the following:

Mathematical Perspectives:

- MATH 140 - Concepts of Calculus or
 - MATH 180 - Differential Calculus or
 - MATH 181 - Calculus II

Science requirement specified by the major as:

16 hours in chemistry courses:

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab

8 hours in physics courses:

- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II

Major Requirements:

35 credit hours, as follows

12 hours in required biology courses:

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab
- BIOL 230 - Genetics
- BIOL 231 - Genetics Laboratory

21 hours of biology electives which must include

At least one physiology course from:

- BIOL206 - Human Physiology and
- BIOL207 - Human Physiology Lab

At least one molecular biology course from:

- BIOL 222 - Immunology
- BIOL 360 - Cell Biology

- BIOL 364 - Virology
- BIOL 430 - Medical Genetics
 - BIOL 435 - Molecular Genetics of Aging
- CHEM 440 - Biochemistry
- BIOL 460 - Developmental Biology and
- BIOL 461 - Developmental Biology Lab

At least one ecological course from:

- BIOL 240 - Evolution
- BIOL 244 - Animal Behavior
- BIOL 250 - Ecology and
- BIOL 251 - Ecology Lab
- BIOL 255 - Tropical Ecology
- BIOL 256 - Conservation Biology Ireland
- BIOL 260 - Intro to Environmental Science and
- BIOL 261 - Intro to Environ Science Lab

And one organismal lecture/ lab combination from:

- BIOL 210 - General Botany and
- BIOL 211 - General Botany Lab

or

- BIOL 270 - Introduction To Entomology and
- BIOL 271 - Introduction To Entomology Lab

or

- BIOL340 - Aquatic Invertebrates and
- BIOL341 - Aquatic Invertebrates Lab

or

- BIOL350 - Ornithology and
- BIOL350 - Ornithology Lab

or

- BIOL 450 - General Microbiology and
- BIOL 451 - General Microbiology Lab

2 hours of capstone experience from:

- BIOL495 - Professional Project
- BIOL 496 - Senior Capstone Seminar

or

- BIOL 497 - Experimental Biology Lab

or

- BIOL 498 - Methods of Biol Research I
- BIOL 499 - Methods of Biol Research II

Note(s):

- A 2.000 cumulative average must be attained in the 35 hours of biology courses.
- Up to 4 hours of independent study (either BIOL 290, BIOL295, BIOL298 or BIOL 495) may be used in this elective requirement

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S. Biology

- Senior Capstone (BIOL495-499)
- BIOL Elective (5-6)
- ENGL 205 - Literature & Moral Imagination
- Diversity Curriculum Requirement
- General Elective

Total (16 - 17)

Second Semester

- Senior Capstone (BIOL495-499)
- BIOL Electives * (5-6)
- E/RS Focus Elective
- Humanities Elective
- General Elective

Total (14-17)

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- Freshman Year: Alternative Courses: Can take Historical Perspectives, Creative Perspectives, Second Language, Math or Humanities Elective instead of PHIL 100.
- * PSYC 101 and SOCI 101 (DCR flag) must be taken before the MCAT. Students interested in health professional programs must check with Kara Rettig-Pfingst about specific requirements by their sophomore year and before you apply.
- The MCAT requires BIOL 160-163, BIOL 206-207, CHEM 160-163, CHEM 240-243, CHEM 440 (counts as BIOL molecular elective), PHYS 160-163, PSYC 101 and SOCI 101. Pre-medical students generally take the MCAT ~15 months before their desired medical school start date.
- All students must elect one each of oral communications, quantitative reasoning and writing-intensive flagged courses; many of these are available within the core or major.
- A cumulative average of 2.0 is required in the major courses for graduation.
- A minimum of 120 credit hours is required for the degree. A second Bachelor's degree requires 150 credit hours (30 additional credit hours).

B.S. Biology - Alternative Pathway I

This block serves as a guideline for progress toward a degree for students who start with a math placement in pre-calculus ("PRE"). See your academic advisor. Courses with a † or †† can be swapped around with other courses with the same symbol.

Freshman Year

First Semester

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CORE 100 - First Year Seminar or THEO 111 - Theological Foundations
- MATH 120 - Elementary Functions
- CORE 101 - 1st Year Co-Curricular Program I

Total (14)

Second Semester

- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- CORE 100 - First Year Seminar or THEO 111 - Theological Foundations
- CORE 102 - 1st Year Co-Curricular Program II
- ENGL 101 - English Composition or ENGL 115 - Rhetoric†

Total (14)

Sophomore Year

First Semester

- BIOL 206 - Human Physiology
- BIOL 207 - Human Physiology Lab (writing flag)
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- MATH 140 - Concepts of Calculus OR MATH 180 - Differential Calculus
- Second Language I†
- PHIL 100 - Ethics as Intro to Philosophy†

Total (17)

Second Semester

- BIOL 230 - Genetics (quantitative flag)
- BIOL 231 - Genetics Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab
- Social Science Elective *† or ††
- Second Language II†
- Recommended: BIOL 299 Professional Communication in the Sciences (oral flag)

Total (14-15)

Junior Year

First Semester

- BIOL Elective (3-4)*
- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- STAT 146 - Biostatistics†
- Diversity Curriculum Requirement *† or ††
- Theological Perspectives Elective

Total (16-17)

Second Semester

- BIOL Elective (3-4)
- Creative Perspectives Elective†
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II
- PHIL 200 Philosophical Perspectives Elective††

Total (13-14)

Senior Year

First Semester

- BIOL Capstone
- BIOL Electives ** (6-8)
- ENGL 205 - Literature & Moral Imagination††
- Historical Perspectives† or ††

Total (13-17)

Second Semester

- BIOL Capstone
- BIOL Electives * (5-8)
- E/RS Focus Elective**
- Humanities Elective

Total (12-16)

Notes:

- * For students interested in medical school, PSYC 101, SOCI 101 and CHEM 440 must be taken before the MCAT. Students interested in health professional programs must check with Kara Rettig-Pfingstag about specific requirements by their sophomore year and before applying.
- A cumulative average of 2.0 is required in the major courses for graduation.
- A minimum of 120 credit hours is required for the degree. A second Bachelor's degree requires 150 credit hours (30 additional credit hours).

B.S. Biology - Alternative Pathway II

This block serves as a guideline for progress toward a degree for students who start with a math placement in MATH 105. See your academic advisor. Courses with a † or †† can be swapped around with other courses with the same symbol.

- A minimum of 120 credit hours is required for the degree. A second Bachelor's degree requires 150 credit hours (30 additional credit hours).

Biomedical Sciences, B.S.

This major is designed for people preparing for health professions, like medicine and dentistry, although those students may choose other majors instead and ensure they take all the courses within the Biomedical Sciences minor.

The Biomedical Sciences curriculum presents a liberal arts program with emphasis on those sciences required for an excellent background for subsequent studies in medicine, dentistry, and similar health professions. Recurrent pronouncements by Committees on Admissions at professional schools leave no doubt that they regard an education in the

liberal arts as one of the most important factors in forming a genuinely capable and effective health professional, but majoring in biomedical sciences is not a requirement for admission to a health profession. (See Biomedical Sciences Minor or Pre-Medical Studies Certificate .) The student should consult a current listing of professional school admission requirements (below denoted with *, plus one year of college math) so that the selected course of study will assure the student of a degree and include all the minimum requirements for admission to those schools of medicine or dentistry to which he/she intends to apply.

"Medical School Admission Requirements," published by the Association of American Medical Colleges, or "Admission Requirements of U.S. and Canadian Dental Schools," published by the American Association of Dental Schools, or individual Physician Assistant, Physical Therapy, Optometry, Veterinary or other programs.

Requirements for the Biomedical Sciences Major

Core Curriculum Requirements:

Students must complete the Undergraduate Core Curriculum requirements. Specific courses that must be taken to satisfy the core curriculum requirements include science courses and the following:

Mathematical Perspectives:

Choose from:

- MATH 140 - Concepts of Calculus
 - MATH 180 - Calculus I
 - MATH 181 - Calculus II

Social Sciences:

- PSYC 101 - General Psychology *
- PSYC 261 - Social Psychology

Diversity Flag:

- SOCI 101 - Introduction to Sociology *

Science:

- Requirement included within the major.

Major Requirements:

65 hours

- BIOL 160 - General Biology I *
- BIOL 161 - General Biology I Lab *
- BIOL 162 - General Biology II *
- BIOL 163 - General Biology II Lab *
 - BIOL 206 - Human Physiology *

- BIOL 207 - Human Physiology Lab *
- BIOL 230 - Genetics *
- BIOL 231 - Genetics Laboratory *
- BIOL 354 - Human and Comparative Anat *
- BIOL 355 - Human and Comp Anat Lab *
- BIOL 450 - General Microbiology
- BIOL 451 - General Microbiology Lab
- CHEM 160 - General Chemistry I *
- CHEM 161 - General Chemistry I Lab *
- CHEM 162 - General Chemistry II *
- CHEM 163 - General Chemistry II Lab *
- CHEM 220 - Principles of Physical Chem *
- CHEM 240 - Organic Chemistry I *
- CHEM 241 - Organic Chemistry I Lab *
- CHEM 242 - Organic Chemistry II *
- CHEM 243 - Organic Chemistry II Lab *
- CHEM 435 - Medicinal Chemistry

or

- BIOL310 - Foundations of Pharmacology
- CHEM 440 - Biochemistry *
- PHYS 160 - College Physics I * Or
- PHYS 170 - University Physics I
- PHYS 161 - Introductory Physics Lab I * Or
- PHYS 171 - Explorations in Physics I
- PHYS 162 - College Physics II * Or
- PHYS 172 - University Physics II
- PHYS 163 - Introductory Physics Lab II * Or
- PHYS 173 - Explorations in Physics II
 - MATH 140 - Concepts of Calculus or
 - MATH 180 - Differential Calculus
 - STAT 146 - Biostatistics or
 - MATH 181 - Calculus II

2 additional hours in Senior Capstone: BIOL 495-499 or CHEM 400

Note(s):

- A 2.000 cumulative average must be attained in all biology, chemistry, physics and math courses.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S. Biomedical Sciences

This block serves as a guideline for progress toward a degree for students starting with Math placement in calculus ("ELC" or "ADV"). See your academic advisor. Student is ready to apply to medical school during the summer after 3rd year, or with in 2-5 years. MCAT scores last 2-3 years. Courses with a † or †† or ††† can be swapped around with other courses with the same symbol.

Freshman Year

- MCAT prep class (optional)

Total (14-15)

Note(s):

- A total of 2 credit hours of Senior Capstone is required. May be fulfilled in one semester or two.
- A minimum of 120 credit hours is required for the degree. A second bachelor's degree requires 150 cred hours (30 additional credit hours).

Biophysics, B.S.

The biophysics program is highly interdisciplinary, providing students with the background and techniques of biology, chemistry and physics necessary to enter this rapidly growing field. A key component of the program is the hands on experience gained in numerous laboratory settings across the disciplines of biology, chemistry and physics, culminating in a senior capstone research experience in the biophysics area. The program's flexibility is intended to allow students to tailor their experience toward their personal interests, be it in industrial research, engineering, teaching, or health-science. The program's structure is intended to prepare a student for the rigors of advanced degree programs in biophysics as well as a wide variety of other fields of physics, law, medicine, health sciences, and biotechnology.

Requirements for the Biophysics Major

Core Curriculum Requirements:

See Undergraduate Core Curriculum

39 credit hours outside of major courses, assuming 103 language placement and that ER/S and DCR flags are satisfied in other core courses.

Mathematical Perspectives, Scientific Perspectives, Natural Science Elective, Quantitative Reasoning, Writing, and Oral Communication Flags are included in the major requirements.

Major Requirements:

74 credit hours, including:

27 hours of physics and engineering courses:

ENGR 101 - Introduction to Engineering

- PHYS 170 - University Physics I
- PHYS 171 - Explorations in Physics I
- PHYS 172 - University Physics II
- PHYS 173 - Explorations in Physics II or ENGR 173 - Explorations in Engineering
- PHYS 330 - Modern Physics I
- PHYS 331 - Modern Physics I Lab
- PHYS 355 - Advanced Physics Lab
- PHYS 382 - Thermodynamics
- PHYS 387 - Biophysics
- PHYS 395 - Physics Research
- PHYS 398 - Physics Thesis

19 hours of chemistry courses:

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab
- CHEM 440 - Biochemistry

4 hours of biology courses:

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab

12 hours of mathematics courses:

- MATH 170 - Calculus I
- MATH 171 - Calculus II
- MATH 220 - Multivariable Calculus

15 credit hours of natural sciences electives:

At least 9 hours of electives must be in physics or engineering..

- BIOL 222 - Immunology
- BIOL 230 - Genetics
- BIOL 231 - Genetics Laboratory
- BIOL 360 - Cell Biology
- BIOL 450 - General Microbiology
- BIOL 451 - General Microbiology Lab
- CHEM 322 - Physical Chemistry II
- CHEM 325 - Physical Chemistry Laboratory
- CHEM 340 - Instrumental Analysis
- CHEM 341 - Instrumental Analysis Lab
- CHEM 435 - Medicinal Chemistry
- CHEM 450 - Topics in Organic Chemistry
- ENGR 180 - Intro to Comp with MATLAB

- ENGR 244 - Electronics
- ENGR 245 - Electronics Lab
- ENGR 346 - Signals and Systems
- ENGR 370 - Fluid Mechanics
- PHYS 242 - Circuit Analysis
- PHYS 243 - Circuit Analysis Lab
- PHYS 350 - Theoretical Mechanics I
- PHYS 360 - Electromagnetism I
- PHYS 364 - Physical Optics
- PHYS 365 - Physical Optics Lab
- PHYS 376 - Quantum Mechanics I
- PHYS 377 - Quantum Mechanics II

Notes:

- Specific requirements are modifiable for the needs and interests of each individual student.
- A 2.000 cumulative average must be attained within the major, as listed in Degree Works.
- Pre-med students must take BIOL 162 and BIOL 163 in order to qualify for medical, dental, and veterinary schools. Additionally, General Psychology, Introduction to Sociology and Biochemistry, must be completed by the end of the junior year in order to take the MCAT between the junior and senior year. BIOL 354 Human and Comparative Anat is required for admission to some medical schools but is not required for MCAT performance. BIOL 230 Genetics and BIOL 231 Genetics Laboratory are listed in the minimal competences for first year medical students but are not required for MCAT performance. In order to be on track, pre-med students should take General Chemistry I and II (plus labs) during their first year, Organic Chemistry I and II (plus labs) and General Biology I and II (plus labs) during their second year, and Biochemistry during their third year.
- Pre-med students are strongly encouraged to speak to their advisor regarding their course schedule as soon as possible.
- Upper level biology courses may require BIOL 162 and BIOL 163

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Depending on the language placement and how the DCR and ERS flags are satisfied more hours may need to be taken as electives to reach 120 hours.

B.S., Biophysics

This block serves as a guideline for progress towards a degree. See your academic advisor.

First Semester

- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- Program Elective (3)
- PHYS 382 - Thermodynamics
- Lit. & Moral Imagination 205

- Diversity Flag or General elective

Total (16)

Second Semester

- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab
- Historical Perspectives
- Theological Perspectives
- Program Elective (3)
- Elective (3)

Total (16)

Senior Year

First Semester

- CHEM 440 - Biochemistry
- PHYS 395 - Physics Research
- Social Sciences elective
- Humanities elective
- E/RS or General elective
- Program Elective (3)

Total (16)

Second Semester

- PHYS 398 - Biophysics
- Physics These (1)
- Program Elective (3)
- Philosophy 200 - Philosophical Perspectives
- Creative Perspectives elective

Total (13)

Scheduling Notes:

- Consult the Core Curriculum requirements in the Catalog.
- The E/RS Focus Elective and Diversity Curriculum Elective requirements may be used to satisfy another element of the core or the major.

Chemical Science, B.S.

The Department of Chemistry offers a program which leads to the BS degree in Chemical Science. This program is intended primarily for those students who wish to make use of chemical knowledge in connection with a career in the business world, e.g., in sales or marketing, or in secondary education. The course requirements in chemistry and mathematics are less than those of the BS in Chemistry program. The hours thus released are made available as free elective hours which can then be applied to courses in accounting, business administration, economics, education, etc.

Requirements for the Chemical Science Major

Core Curriculum Requirements:

59 credit hours, including

Mathematics:

- MATH 120 - Elementary Functions
- MATH 150 - Elements of Calculus I

Science:

- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II

Major Requirements:

33 credit hours, as follows

28 hours from:

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- CHEM 220 - Principles of Physical Chem
- CHEM 226 - Quantitative Analysis
- CHEM 227 - Quantitative Analysis Lab
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab
- CHEM 300 - Intro to Chem Research
- CHEM 340 - Instrumental Analysis
- CHEM 341 - Instrumental Analysis Lab

2 hours of research seminar from:

- CHEM 400 - Research/Seminar (to be taken 2 times)

3 hours of chemistry electives from:

- CHEM 411-495 (Refer to Course Descriptions.)

Note(s):

- A 2.000 cumulative average must be attained in the chemistry courses.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S. Chemical Science

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- MATH 120 - Elementary Functions
- ENGL 101 - English Composition or ENGL 115 - Rhetoric
- Second Language I
- CORE 100 - First Year Seminar or THEO 111 - Theological Foundations

Total (16)

Second Semester

- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- MATH 150 - Elements of Calculus I
- Second Language II
- Historical Perspectives
- CORE 100 - First Year Seminar or THEO 111 - Theological Foundations

Total (16)

Sophomore Year

First Semester

- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- PHIL 100 - Ethics as Intro to Philosophy
- Social Science Elective

Total (14)

Second Semester

- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II
- CHEM 226 - Quantitative Analysis
- CHEM 227 - Quantitative Analysis Lab
- PHIL 200 - Philosophical Perspectives

Total (15)

Junior Year

First Semester

- CHEM 220 - Principles of Physical Chem
- CHEM 340 - Instrumental Analysis
- CHEM 300 - Intro to Chem Research
- Theological Perspectives
- General Elective
- ENGL 205 - Literature & Moral Imagination

Total (16)

Second Semester

- CHEM 341 - Instrumental Analysis Lab
- Humanities Elective
- E/RS Elective*
- Creative Perspectives

- Diversity Curriculum Elective
- General Elective

Total (16)

Senior Year

First Semester

- CHEM 400 - Research/Seminar
- Chemistry Elective
- General Electives (10)

Total (14)

Second Semester

- CHEM 400 - Research/Seminar
- General Elective (12)

Total (13)

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- * May double count with other core courses.
- Students must elect one each of oral communications, quantitative reasoning, and writing intensive flagged courses; many of these are available within the core or the major.

Chemistry, B.S.

The Department of Chemistry offers a curriculum that is approved by the American Chemical Society (ACS) and leads to the Bachelor of Science degree. Students completing the program graduate as "ACS certified" majors. The curriculum covers the five major fields (analytical, biochemistry, inorganic, organic, and physical chemistry), the preparation and identification of compounds, and the literature on the subject. CHEM 300 Intro to Research, fits the students to prepare his/her thesis and is a beginning course in research.

Requirements for the Chemistry Major

Core Curriculum Requirements:

53 credit hours, including

Mathematics:

- MATH 170 - Calculus I
- MATH 171 - Calculus II

Science:

- Requirement included within the major.

Major Requirements:

46 credit hours, as follows

43 hours of chemistry from:

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- CHEM 226 - Quantitative Analysis
- CHEM 227 - Quantitative Analysis Lab
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab
- CHEM 300 - Intro to Chem Research
- CHEM 320 - Physical Chemistry I
- CHEM 322 - Physical Chemistry II
- CHEM 325 - Physical Chemistry Laboratory
- CHEM 330 - Quantum Chemistry
- CHEM 340 - Instrumental Analysis
- CHEM 341 - Instrumental Analysis Lab
- CHEM 420 - Inorganic Chemistry
- CHEM 421 - Inorganic Chemistry Lab
- CHEM 440 - Biochemistry
- CHEM 450 - Topics in Organic Chemistry

3 hours of research seminar from:

- CHEM 400 - Research/Seminar (to be taken 3 times)

Note(s):

- A 2.000 cumulative average must be attained in these chemistry courses.

Additional Major Requirements:

12 credit hours, as follows

8 hours of physics from:

- PHYS 161 - Introductory Physics Lab I
- PHYS 163 - Introductory Physics Lab II
- PHYS 170 - University Physics I
- PHYS 172 - University Physics II

4 hours of mathematics from:

- MATH 220 - Multivariable Calculus

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S. Chemistry

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- MATH 170 - Calculus I
- CORE 100 - First Year Seminar or THEO 111 - Theological Foundations
- ENGL 101 - English Composition or ENGL 115 - Rhetoric

Total (14)

Second Semester

- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- MATH 171 - Calculus II
- CORE 100 - First Year Seminar or THEO 111 - Theological Foundations
- PHIL 100 - Ethics as Intro to Philosophy

Total (14)

Sophomore Year

First Semester

- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- MATH 220 - Calculus III
- PHYS 170 - University Physics I
- PHYS 161 - Introductory Physics Lab I
- Second Language I

Total (15)

Second Semester

- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab
- CHEM 226 - Quantitative Analysis
- CHEM 227 - Quantitative Analysis Lab
- PHYS 172 - University Physics II
- PHYS 163 - Introductory Physics Lab II
- Second Language II

Total (17)

Junior Year

First Semester

- CHEM 320 - Physical Chemistry I
- CHEM 340 - Instrumental Analysis
- CHEM 300 - Intro to Chem Research
- Historical Perspectives
- Social Science Elective
- ENGL 205 - Literature & Moral Imagination

Total (16)

Second Semester

- CHEM 322 - Physical Chemistry II
- CHEM 341 - Instrumental Analysis Lab
- CHEM 325 - Physical Chemistry Laboratory
- CHEM 330 - Quantum Chemistry
- CHEM 400 - Research/Seminar
- PHIL 200 - Philosophical Perspectives
- Theological Perspectives
- Creative Perspectives

Total (16)

Senior Year

First Semester

- CHEM 450 - Topics in Organic Chemistry
- CHEM 420 - Inorganic Chemistry
- CHEM 400 - Research/Seminar
- E/RS Focus Elective
- Humanities Elective
- General Elective

Total (16)

Second Semester

- CHEM 400 - Research/Seminar
- CHEM 421 - Inorganic Chemistry Lab
- CHEM 440 - Biochemistry
- Diversity Curriculum Elective

Total (14)

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- Students must elect one each of oral communications, quantitative reasoning and writing intensive flagged courses; many of these are available within the core or major.

Computer Science, B.S.

Computer technology has revolutionized society's methods for processing information and making decisions. The growth in the use of computers has increased the demand for professionals in computer science. Typical computer careers include programming and application in such areas as accounting, engineering, law, mathematics, medicine, and the sciences. Other positions include research in computer science, computer design, computer product marketing and sales, technical writing, and teaching.

Xavier's program is designed to develop, within the framework of a liberal education, the knowledge, skills, and creative analytical ability required for a productive career in computer-related fields and for graduate work in computer science or other areas. Computer science students may elect to participate in a cooperative education experience. The cooperative education program is designed to complement students' classroom training in theoretical computer science by providing actual work experience in a real software engineering environment. In addition to gaining a deeper appreciation of classroom theory, students also make valuable professional contacts and learn more about career options in computer science.

Requirements for the Computer Science Major, BS

Core Curriculum Requirements:

48-63 Credit Hours dependent on courses taken, including

Sciences:

At least 8 hours in one science, chosen from the following three options:

- BIOL 160 - General Biology I and BIOL 161, General Biology I Lab

AND

- BIOL 162 - General Biology II and BIOL 163, General Biology II Lab

OR

- CHEM 160 - General Chemistry I and CHEM 161, General Chemistry I Lab

AND

- CHEM 162 - General Chemistry II and CHEM 163, General Chemistry II Lab

OR

- PHYS 170 - University Physics I and PHYS 161, Introductory Physics I Lab

AND

- PHYS 172 - University Physics II and PHYS 163, Introductory Physics II Lab

Mathematics:

13 hours from:

- MATH 170 - Calculus I
- MATH 225 - Foundations Of Higher Math
- MATH 280 - Combinatorics

and either

- MATH 156 - General Statistics or
- MATH 240 - Linear Algebra or
- MATH 256 - Intro to Probability & Stats

Major Requirements:

39 credit hours, as follows

33 hours of computer science courses:

- CSCI 170 - Computer Science I
- CSCI 180 - Computer Science II
- CSCI 210 - Machine Org & Assembly Lang
- CSCI 220 - Data Structures & Algorithms
- CSCI 250 - Languages & Automata
- CSCI 260 - Software Engineering
- CSCI 300 - Programming Languages
- CSCI 320 - Operating Systems
- CSCI 335 - Databases
- CSCI 340 - Networking
- CSCI 390 - Senior Seminar & Project

6 hours of computer science electives selected from:

- CSCI 200-397 (Refer to Course Descriptions) (includes co-op CSCI 395 Co-Op Education in Comp Sci)
- MATH 330 Graph Theory
- Three of the six hours of computer science electives must be from CSCI 250-390.

Note(s):

- A 2.000 cumulative average must be attained in the computer science courses.
- Fulfill the current senior comprehensive requirements.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S. Computer Science

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- CSCI 170 - Computer Science I

- ENGL 101 - English Composition or ENGL 115 - Rhetoric
- MATH 225 - Foundations Of Higher Math
- Second Language Elective I
- THEO 111 - Theological Foundations or First Year Seminar

Total (15)

Second Semester

- CSCI 180 - Computer Science II
- MATH 280 - Combinatorics
- Second Language Elective II
- PHIL 100 - Ethics as Intro to Philosophy
- THEO 111 - Theological Foundations or First Year Seminar

Total (15)

Sophomore Year

First Semester

- CSCI 220 - Data Structures & Algorithms
- MATH 170 - Calculus I

- Historical Perspectives
- ENGL 205 - Literature & Moral Imagination or CLAS 205 - Classical Lit & Moral Imagina or SPAN 205 - Hispanic Lit & Moral Imagin

Total (16)

Second Semester

- CSCI 260 - Software Engineering
- CSCI 250 - Languages & Automata
- Theological Perspectives
- Philosophical Perspectives
- Creative Perspectives

Total (15)

Junior Year

First Semester

- CSCI 210 - Machine Org & Assembly Lang
- CSCI 300 - Programming Languages
- Major level Science/Lab (4)

- Social Science Elective
- Humanities Elective

Total (16)

Second Semester

- CSCI 335 - Databases or CSCI 340 - Networking
- Major-level science/lab (4)
- General Elective (3)
- CSCI Elective (3)
- MATH 156 - General Statistics or MATH 240 - Linear Algebra or MATH 256 - Intro to Probability & Stats

Total (16)

Senior Year

First Semester

- CSCI 320 - Operating Systems
- Computer Science Elective (3)
- General Elective (3)*
- General Elective (3) *
- General Elective (3)*

Total (15)

Second Semester

- CSCI 390 - Senior Seminar & Project (3) **
- General Elective (3)*
- General Elective (3)*
- CSCI 335 - Databases or CSCI 340 - Networking

Total (12)

Note(s):

* Elective may need to be a flagged course fulfilling Diversity, E/RS requirement, Oral, Quantitative, or Writing requirement.

** Students taking Senior Seminar and Project should contact the chair of the Computer Science Department one semester before enrolling in this course.

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.

- ** Courses filling other core requirements may also fulfill the Diversity Curriculum Requirement.

Computer Science, B.S.

Please select one of the following:

- Computer Science, B.S.
- Computer Science, B.S. with a Concentration in Cybersecurity

Computer Science, B.S. with a Concentration in Cybersecurity

Xavier's Computer Science degree with a concentration in Cybersecurity is an interdisciplinary effort of the Departments of Computer Science and Business Analytics and Information Systems. The program provides the fundamentals of cybersecurity at the hardware, systems, and compliance levels. The program follows recommendations from the Joint Taskforce on Cybersecurity Education, convened by the Association for Computing Machinery (ACM), the IEEE Computer Society (IEEE CS), the Association for Information Systems Special Interest Group on Security (AIS SIGSEC), and the International Federation for Information Processing Technical Committee on Information Security Education (IFIP WG 11.8) to cover all of the fundamental knowledge units recommended by the National Security Agency / Department of Homeland Security for Centers of Academic Excellence in Cyber Defense.

Requirements

In addition to the requirements for the Computer Science, B.S. major, the following courses are required for the concentration:

- MATH 156 Statistics or MATH 256 Introduction to Probability and Statistics
- BAIS 359 Hardware, Software, and Security
- BAIS 459 Introduction to Cyber Security
- CSCI 240 Systems Security Fundamentals
- CSCI 340 Networking
- CSCI 341 Network Vulnerabilities, Penetration, and Defense
- A CSCI course designated as a Cybersecurity Elective

Freshman Year

First Semester

- CSCI 170 Computer Science 1 (Math Perspectives) (3 cr)
- ENGL 101 English Composition (3 cr)
- MATH 225 Foundations of Higher Math (3 cr)
- Second Language 1 (3 cr)
- CORE 100 First Year Seminar (3 cr)
- CORE 101 GOA 1 (0 cr)

Second Semester

- CSCI 180 Computer Science II (3 cr)
- THEO 111 Theological Foundations (3 cr)
- MATH 280 Combinatorics (3 cr)
- Second Language 2 (3 cr)
- PHIL 100 Ethics as Intro to Philosophy (3 cr)
- CORE 102 GOA 2 (0 cr)

Sophomore Year

First Semester

- CSCI 220 Data Structures & Algorithms (QR) (3 cr)
- Second Language 3 (if needed, else elective) (3 cr)
- Historical Perspectives (3 cr)
- MATH 170 Calculus 1 (4 cr)
- ENGL 205 Lit & the Moral Imagination (3 cr)

Second Semester

- CSCI 250 Languages & Automata (3 cr)
- CSCI 260 Software Engineering (3 cr)
- BAIS 359 Hardware, Software, Security (3 cr)
- Theological Perspectives (3 cr)
- CSCI 240 System Security Fundamentals (3 cr)

Junior Year

First Semester

- CSCI 210 Machine Organization (3 cr)
- CSCI 300 Programming Languages (Oral, Writing) (3 cr)
- Major Level Science/Lab (Sci Perspectives) (3 cr)
- BAIS 459 Introduction to Cyber Security (3 cr)
- CSCI 340 Networking (3 cr)

Second Semester

- CSCI 335 Databases (3 cr)
- CSCI 341 Network Vulnerabilities, Penetration, and Defense (3 cr)
- Major Level Science / Lab (Nat Sci Elective) (3 cr)
- MATH 156 or MATH 256 Statistics (3 cr)
- Philosophical Perspectives (3 cr)

Senior Year

First Semester

- CSCI 320 Operating Systems (3 cr)
- CSCI Cybersecurity Elective (3 cr)
- Humanities Elective (3 cr)
- Creative Perspectives (3 cr)
- Elective (3 cr)

Second Semester

- CSCI 390 Senior Project (3 cr)
- Diversity Flag Elective (3 cr)
- Social Science Elective (3 cr)
- ERS Flag Elective (3 cr)
- Elective (3 cr)

Criminal Justice, B.S.

Criminal Justice investigates all aspects of crime and delinquency in our society from types, incidence, prevalence and distribution to causes and remedies. It further explores the philosophy and ideology, theory and practice, structure and process, policy and programs, and problems and issues of police, courts, and corrections. Students also examine the fundamental elements of criminal and constitutional law, and develop the skills to perform, analyze and evaluate social research.

The curriculum for Criminal Justice majors who are preparing for careers is designed to provide concepts, skills, and attitudes necessary for functioning with competence and conscience. For non-career students, a wider knowledge of important issues required for involved and informed citizen participation in the criminal justice system and its operations is acquired, along with ethical considerations related to concepts of justice in contemporary society.

Requirements for the Criminal Justice Major

Undergraduate Core Curriculum

See Undergraduate Core Curriculum for details.

Criminal Justice Core: 39 Credit Hours

Required Criminal Justice Courses: 30 Credit Hours

- CJUS 101 - Intro to Criminal Justice (Also fulfills a Social Science Core requirement.)
- CJUS 102 - Intro to Law Enforcement
- CJUS 103 - Intro to Corrections
- CJUS 206 - Criminology
- CJUS 210 - Basic Const Law & Amer Justice
- CJUS 240 - Criminal Law
- CJUS 321 - Juvenile Justice
- CJUS 381 - Methods of Research in CJUS (Also fulfills Scientific Perspectives requirement)
- CJUS 391 - Practicum / Ethics
- CJUS 489 - Senior Seminar

Criminal Justice Electives: 9 Credit Hours

- CJUS 103-499 (Refer to Course Descriptions.)

General Electives: 18 Credit Hours (minimum)

Electives can be chosen to meet each student's individual needs. The criminal justice advisor will be available to assist in this process.

Note(s):

- A 2.000 cumulative average must be attained in these criminal justice major courses.
- CJUS 391, Practicum in Criminal Justice, consists of supervised placement in criminal justice agencies, and CJUS 381, Methods of Criminal Justice Research, provides exposure to applied research in the subject area.
- Criminalistics *Concentration* is an optional addition to the major, and it must be declared by the student to the department. As part of major, these 15 hours of criminal justice courses must be completed: CJUS 101, CJUS 102, CJUS 239, CJUS 439 and CJUS 449.

TOTAL Minimum Hours Required for B.S. Degree: 120 Credit Hours

This number assumes that the ER/S and DCR requirements are fulfilled with other core or major courses, although this is not always possible.

B.S. Criminal Justice

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- CJUS 101 - Intro to Criminal Justice (Social Science Elective)
- ENGL 101 - English Composition or
- ENGL 115 - Rhetoric
- CORE 100 - First Year Seminar
- Second Language I
- General Elective
- CORE 101 - Co-curricular Program I

Total (15)

Second Semester

- CJUS 102 - Intro to Law Enforcement
- Historical Perspectives
- THEO 111 - Theological Foundations
- Second Language II
- Oral Communication Elective
- CORE 102 - Co-Curricular Program II

Total (15)

Sophomore Year

First Semester

- CJUS 103 - Intro to Corrections
- PHIL 100 - Ethics as Intro to Philosophy
- Theological Perspectives
- ENGL 205 - Literature & Moral Imagination
- General Elective

Total (15)

Second Semester

- CJUS 206 - Criminology
- CJUS 381 - Methods of Research in CJUS (Scientific Perspectives)
- PHIL 200 - Philosophical Perspectives
- Mathematics Perspectives
- General Elective

Total (15)

Junior Year

First Semester

- CJUS 210 - Basic Const Law & Amer Justice
- Humanities Elective
- Ethics, Religion & Society (ERS) Elective
- CJUS Elective
- Quantitative Elective

Total (15)

Second Semester

- CJUS 240 - Criminal Law
- Diversity Flag
- Natural Science Elective
- Creative Perspectives
- Writing Intensive Elective

Total (15)

Senior Year

First Semester

- CJUS 321 - Juvenile Justice
- General Electives (9 credit hours)
- CJUS Elective

Total (15)

Second Semester

- CJUS 391 - Practicum / Ethics
- CJUS 489 - Senior Seminar
- CJUS Elective
- General Electives (6 credit hours)

Total (15)

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- * E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- + Diversity Curriculum Requirement may be used to satisfy another element of the core or the major.
- CJUS 101 may be used to fulfill a social science elective.
- CJUS 381 may be used to fulfill scientific perspectives requirement.
- A minimum of 120 credit hours is required for the degree.

Engineering Physics, B.S.

The Engineering Physics program provides students interested in Engineering a clear track to pursue a 1-year Masters in Engineering or a 2-year, research-based Masters in Science at the University of Cincinnati in:

- Mechanical Engineering
- Materials Science Engineering
- Electrical Engineering
- Aerospace Engineering

Further information about this partnership can be found at this link (<https://www.xavier.edu/physics-department/programs/masters-in-engineering-tracks>)

Engineering Physics combines courses in physics and mathematics with several diverse courses in engineering. Serving the foundation of the program is a set of courses that provides a fundamental understanding of traditional topics in physics including the motion of solid bodies, sound, fluids, electricity, magnetism, and the interaction between

light and matter. These "foundational" courses describe how theories about natural phenomena are deduced from experiments and observations, develop the mathematical formalism through which these theories are expressed, and present techniques for using this formalism to describe and analyze systems. Overarching these "foundational" courses are a set of "engineering" courses that focus on the application of scientific principles toward the design and construction of structures, materials, devices and systems that serve an intended function. A senior capstone experience provided through a two-semester sequence teaches the product development process typically utilized in the engineering community and enables students to experience the process from idea conception through production. The program is intended for students who want a solid foundation in physics and a rigorous set of engineering courses that will allow them to pursue an engineering related career or an advanced degree in engineering.

Requirements for the Engineering Physics Major

Core Curriculum Requirement:

See Undergraduate Core Curriculum

39 credit hours outside of major courses, assuming 103 language placement and that ER/S and DCR flags are satisfied in other core courses.

Mathematical Perspectives, Scientific Perspectives, Natural Science Elective, Quantitative Reasoning and Oral Communication are included in the major.

Major Requirements:

75 credit hours, as follows:

28 hours of physics courses:

- PHYS 170 - University Physics I
- PHYS 171 - Explorations in Physics I
- PHYS 172 - University Physics II
- PHYS 242 - Circuit Analysis
- PHYS 243 - Circuit Analysis Lab
- PHYS 330 - Modern Physics I
- PHYS 331 - Modern Physics I Lab
- PHYS 350 - Theoretical Mechanics I
- PHYS 355 - Advanced Physics Lab
- PHYS 360 - Electromagnetism I
- PHYS 364 - Physical Optics
- PHYS 365 - Physical Optics Lab

27 hours of engineering courses:

- ENGR 101 - Intro to Engineering
- ENGR 173 - Explorations in Engineering
- ENGR 180 - Intro to Comp with MATLAB
- ENGR 244 - Electronics
- ENGR 245 - Electronics Lab
 - ENGR 342 - Material Science
- ENGR 346 - Signals and Systems
- ENGR 354 - Microprocessors
- ENGR 370 - Fluid Mechanics
- ENGR 395 - Senior Design Project I
 - ENGR 396 - Engineering Physics Colloquium

- ENGR 398 - Senior Design Project II

14 hours of mathematics from:

- MATH 180 - Calculus I
- MATH 181 - Calculus II
- MATH 220 - Multivariable Calculus
- MATH 230 - Intro to Ordinary Diff Equat

6 hours of Engineering or Computer Science courses

The physics and engineering courses must be in addition to the ones already required in the major.

- ENGR 280 - Simulations with ANSYS
- ENGR 358 - Analog and Digital Comm
- ENGR 380 - Control Systems
- ENGR 384 - Heat Transfer
- CSCI 170 - Computer Science I
- CSCI 180 - Computer Science II
- CSCI 210 - Machine Org & Assembly Lang
- CSCI 220 - Data Structures & Algorithms

Note(s):

- Specific requirements are modifiable for the needs and interests of each individual student.
- A 2.000 cumulative average must be attained within the major, as listed in Degree Works.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

- Depending on the language placement and how the DCR and ERS flags are satisfied additional hours need to be taken as electives to reach 120 hours.

B.S. Engineering Physics

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- ENGR 101 - Intro to Fabrication
- PHYS 170 - University Physics I
- PHYS 171 - Explorations in Physics I

- MATH 180 - Calculus I
- CORE 100 - First Year Seminar
- CORE 101, GOA
- Second Language 102 level
- PHIL 100 - Ethics as Intro to Philosophy

Total (16)

Second Semester

- PHYS 172 - University Physics II
- ENGR 173 - Explorations in Engineering
- MATH 181 - Calculus II
- THEO 111 - Theological Foundations
- CORE 102, GOA
- Second Language 201 level
- Humanities Elective

Total (16).

Sophomore Year

First Semester

- PHYS 242 - Circuit Analysis
- PHYS 243 - Circuit Analysis Lab
- PHYS 330 - Modern Physics I
- PHYS 331 - Modern Physics I Lab
- MATH 220 - Multivariable Calculus
- ENGL 101 - English Composition or ENGL 115 - Rhetoric.

Total (17)

Second Semester

- ENGR 180 - Intro to MATLAB
- ENGR 244 - Electronics
- ENGR 245 - Electronics Lab
- MATH 230 - Intro to Ordinary Diff Equations
- PHYS 355 - Advanced Lab
- Theological Perspectives elective

Total (14)

Junior Year

First Semester

- ENGR 370, Fluid Mechanics
- PHYS 360 - Electromagnetism I
- ENGR 354 - Microprocessors
- Philosophical Perspectives
- Literature and Moral Imagination

Total (16)

Second Semester

- PHYS 364 - Physical Optics
- PHYS 365 - Physical Optics Lab
- PHYS 350 - Theoretical Mechanics
- Creative Perspectives
- Historical Perspectives elective
- Program elective (3)

Total (16)

Senior Year

First Semester

- ENGR 346 - Signals, Systems & Measurements
- ENGR 395 - Senior Project I
- Creative Perspectives elective
- Social Science Elective
- DCR Flag course or Elective (3)

Total (15)

Second Semester

- ENGR 396 - Colloquium
- ENGR 342 - Material Science
- Program Elective (3)
- ENGR 398 - Senior Project II
- ER/S or Elective (3)

Total (12).

Scheduling Notes:

- Consult the Core Curriculum requirements of the Catalog.
- The E/RS Focus Elective, Diversity Curriculum Elective, and Writing Intensive Elective requirements may be used to satisfy another element of the core or the major.

Environmental Science, B.S.

The environmental science major includes the interdisciplinary study of the impact of human systems on our natural environment and how in turn these natural systems affect the human environment.

Requirements for the Environmental Science Major

Core Curriculum:

- Students must complete the Undergraduate Core Curriculum requirements. Specific courses that must be taken to satisfy the core curriculum requirements include science courses and the following:

Mathematical Perspectives

- MATH 140

Biology: 21 Credit Hours

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab
- BIOL 250 - Ecology
- BIOL 251 - Ecology Lab
- BIOL 260 - Intro to Environmental Science
- BIOL 261 - Intro to Environ Science Lab
- BIOL 398 - SEM: Environmental Studies or
 - BIOL 397 - SEM: Air and Water Pollution or
 - BIOL 396:- SEM: Climate Change
- BIOL 495 - Professional Project (Senior Internship) or
- BIOL 496 - Senior Capstone Seminar or
- BIOL 497 - Experimental Biology Lab or
- BIOL 498 - Methods of Biol Research I and
- BIOL 499 - Methods of Biol Research II

Chemistry: 8 Credit Hours

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab

Physics: 8 Credit Hours

- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II

Economics: 6 Credit Hours

- ECON 200 - Microeconomic Principles
- ECON 320 - Natural Resource Economics

Mathematics: 6 Credit Hours

- MATH 140 - Elements of Calculus I
- or MATH 170 - Calculus I
- MATH 146 - Biostatistics

Science and Math/Computer Science Electives: 9 Credit Hours Minimum

Students must select a minimum of nine credit hours from the following list of courses, including at least one science laboratory and no more than one mathematics/computer science course.

- BIOL 210 - General Botany
- BIOL 211 - General Botany Lab
- BIOL 227 - Parasitology
- BIOL 230 - Genetics
- BIOL 231 - Genetics Laboratory
- BIOL 240 - Evolution
- BIOL 244 - Animal Behavior
- BIOL 255 - Tropical Ecology
- BIOL 256 - Conservation Biology Ireland
- BIOL 270 - Introduction To Entomology
- BIOL 271 - Introduction To Entomology Lab
 - BIOL 305-306 Bioinformatics and lab
 - BIOL 340 - Aquatic Ecology of Invertebrates
 - BIOL 341 - Aquatic Ecology of Invertebrates Lab
 - BIOL 350 - Ornithology
 - BIOL 351 - Ornithology Lab
- BIOL 364 - Virology
- BIOL 450 - General Microbiology
- BIOL 451 - General Microbiology Lab
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab
- CHEM 440 - Biochemistry
- CSCI 170 - Computer Science I
- MATH 325 - Mathematical Modeling

Non-Science Electives: 6 Credit Hours Minimum

Students must complete a minimum of six credit hours from the following list.

- ECON 421 - Environment, Economics and Policy
- ENGL 205 - Literature and the Moral Imagination: Literature and the Environment (Specific environmental sections must be approved)
- ENGL 348 - Literature and the Environment
- ENGL 363 Ecocriticism
- HIST 123 - African History I
- HIST 398 - History of Agriculture
- HIST 399 - Green Urbanism
- HIST 436 - Urban Ecologies and Economies
- POLI 316 / HIST 316 - Globalization
- PHIL 200 - Philosophical Perspectives: Philosophy and Ecology (Instructor - Konopka)
- PHIL 387 - Topics in Contemporary Philosophy (Instructor - Konopka)
- PHIL 392 - Philosophy of Nature
- THEO 245 - God, Creation and Ecology
- THEO 332 - Sacred Ground and New Story/Cosmology
- THEO 360 - Consumption as a Problem
- THEO 388 - Wilderness and Religious Imagination
- THEO 389 - Theologies of Food and Farm
- THEO 396 - Native American Lifeways
- SOCI 240 - Population and Globalization
- SUST 301 Cultural Studies and Sustainability
- SUST 465 - Topics in Sustainability: Renewable Energy and Economies (Instructor - Bertaux)
- Other courses as approved by advisor

A 2.000 cumulative average must be attained in the major.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S. Environmental Science

Freshman Year

First Semester

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CORE 100 1st Year Seminar or THEO 111
- ENGL 101 - English Composition or ENGL 115 - Rhetoric
- CORE 101 - GOA

Total (14)

Second Semester

- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- CORE 100 1st Year Seminar or THEO 111
- PHIL 100 - Ethics as Intro to Philosophy
- CORE 102 - GOA

Total (14)

Sophomore Year

First Semester

- BIOL 250 - Ecology
- BIOL 251 - Ecology Lab
- ENGL 205 - Literature & Moral Imagination
- MATH 140 - Calculus or MATH 146 - Biostatistics
- Historical Perspectives Elective
- Second Language I

Total (16)

Second Semester

- BIOL 260 - Intro to Environmental Science
- BIOL 261 - Intro to Environ Science Lab
- ECON 200 - Microeconomic Principles
- ENVS - Non Science Elective
- Theological Perspectives
- Second Language II

Total (16)

Junior Year

First Semester

- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- ENVS Non-Science Elective
- MATH 140 - Calculus or MATH 156 - General Statistics
- Math or Science Elective
- PHIL 200 - Philosophical Perspectives Elective

Total (16)

Second Semester

- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II
- Humanities Elective
- Creative Perspectives Elective
- General Elective
- Social Science or General Elective

Total (16)

Senior Year

First Semester

- BIOL 495, 497 or 498: Internship/Methods BR I
- ECON 320 - Natural Resource Economics
- Science or Math Elective (5 credit hours)
- General Elective (DCR)
- General Elective

Total (15-16)

Second Semester

- BIOL 396 or 397 or 398 - Environmental Studies SEM
- BIOL 495, 496 or 499: Internship/Methods BR II
- E/RS Course
- General Elective
- Science or Math Elective

Total (13-14)

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- All students must also satisfy five flags in addition to the 48 hours required by the core. No single course can count for more than two flags. Flagged courses often double-count for major and/or minor requirements. The five flagged courses are: the Diversity (DCR), Ethics/Religion and Society (E/RS) oral communications, quantitative reasoning and writing-intensive flagged courses. Many of these are available within the core or major; use "Attribute Type" when searching for courses.
- 2.00 cumulative average is required in the major courses.
- A minimum of 120 credit hours is required for the degree. 2.00 cumulative average is required in the major courses.

B.S. Environmental Science - Alternative Pathway

This block schedule serves as a guideline for progress toward a degree for students who start with a math placement in MATH 105. See your academic advisor. Courses with a † or †† can be swapped around with other courses with the same symbol.

Freshman Year

First Semester

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab

- Science or Math Elective

Total (13-14)

Notes:

- 2.00 cumulative average is required in the major courses.
- A minimum of 120 credit hours is required for the degree. A second Bachelor's degree requires 150 credit hours (30 additional credit hours).

Environmental Science, B.S.

Please choose one of the following:

Environmental Science, B.S.

Environmental Science, B.S. with Environmental Management concentration

Environmental Science, B.S. with Environmental Management concentration

Xavier University - Duke University Cooperative Forestry and Environmental Management Programs

This program is designed to coordinate the education of undergraduate environmental science students at Xavier with graduate programs in the Duke University School of the Environment. After completing three years of the Environmental Science Program at Xavier, participating students are accepted into either of two Duke University degree programs, the Master of Forestry (MF) or Master of Environmental Management (MEM). The MF emphasizes forest resources, and graduates are typically employed in administrative, managerial, or staff positions with forest industries and government agencies. The MEM program considers natural resources in a broader context. Students find employment in such areas as resource development, environmental protection, impact assessment, land use analysis, and coastal zone management.

The curriculum which leads to the above degrees consists of six semesters of undergraduate study at Xavier University (similar to the Environmental Science major) and four semesters of graduate study at Duke University School of the Environment. During the fall semester of the junior year at Xavier, the student applies for admission to the Duke University School of the Environment. The BS Applied Biology degree will be awarded by Xavier University upon satisfactory completion of one year of full-time study at Duke University. Upon satisfactory completion of the requirements for a master's degree, Duke University will award either the degree of MF or MEM, whichever is appropriate for the student's area of concentration at Duke University. If a student is unable to enter Duke University, courses necessary for completion of requirements leading to the BS in Environmental Science can be taken during the senior year.

All incoming students to Xavier will first enroll as an Environmental Science Major. After meeting with the program director during the freshman to junior year, students will then be allowed to declare the Environmental Science Major with Environmental Management concentration.

Requirements for the Environmental Science Major with Environmental Management concentration

Students must have the program director's approval before declaring the Environmental Science major with a concentration in Environmental Management

Core Curriculum Requirements:

Students must complete the Undergraduate Core Curriculum requirements. Specific courses that must be taken to satisfy the core curriculum requirements include science courses and the following:

Mathematical Perspectives:

- MATH 140 - Concepts of Calculus or
- MATH 180 - Differential Calculus

3 hours of Social Sciences, including:

- ECON 200 - Microeconomic Principles

Major Requirements:

45 credit hours, as follows

21 hours of required biology courses:

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab
- BIOL 250 - Ecology
- BIOL 251 - Ecology Lab
- BIOL 260 - Intro to Environmental Science
- BIOL 261 - Intro to Environ Science Lab
 - BIOL 396:- SEM: Climate Change or
 - BIOL 397 - SEM: Air and Water Pollution or

- BIOL 398 - SEM: Environmental Studies
 - Two credits of senior capstone from BIOL 495-499

19 hours of additional science coursework:

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II
- ECON 320 - Natural Resource Economics

5 hours of additional science elective coursework

Students must select a minimum of 5 credit hours from the following list of courses. No more than one mathematics/computer science course may be taken.

- BIOL 210 - General Botany
- BIOL 211 - General Botany Lab
- BIOL 227 - Parasitology
- BIOL 230 - Genetics
- BIOL 231 - Genetics Laboratory
- BIOL 240 - Evolution
- BIOL 244 - Animal Behavior
- BIOL 255 - Tropical Ecology
- BIOL 256 - Conservation Biology Ireland
- BIOL 270 - Introduction To Entomology
- BIOL 271 - Introduction To Entomology Lab
 - BIOL 340 - Aquatic Ecology of Invertebrates
 - BIOL 340 - Aquatic Ecology of Invertebrates Lab
 - BIOL 350 - Ornithology
 - BIOL 351 - Ornithology Lab
- BIOL 364 - Virology
- BIOL 450 - General Microbiology
- BIOL 451 - General Microbiology Lab
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab

- CHEM 440 - Biochemistry
- CSCI 170 - Computer Science I
- MATH 325 - Mathematical Modeling

Note(s):

- A 2.000 cumulative average must be attained in all biology courses.
- One year of full time study at the Duke University School of the Environment.

Senior Year

During the junior year the student applies for admission to Duke University. The BS degree will be awarded by Xavier University upon satisfactory completion of one year of fulltime study (minimum of 24 credit hours) at Duke University.

If a student is unable to enter Duke University, arrangements should be made with the chair of the Biology Department to determine the senior year courses necessary for completion of requirements leading to the BS degree in Environmental Science .

A cumulative average of 2.0 is required in the major courses for graduation.

A minimum of 120 credit hours (96 hours at Xavier and 24 hours at Duke) is required for the degree.

Notes:

- A cumulative average of 2.0 is required in the major courses for graduation.
- A minimum of 120 credit hours is required for the degree. A second Bachelor's degree requires 150 credit hours (30 additional credit hours).

Exercise Science, B.S.

The BS in Exercise Science degree is a scientific program that focuses on the anatomy, physiology, biochemistry, and biophysics of human movement, and the application to exercise, physical activity, and therapeutic rehabilitation. Students will be taught to create and execute science-based exercise programs that are safe and effective for a variety of individuals. Students will learn to promote wellness for individuals of different ages, sexes, and fitness levels/abilities.

Students will be prepared to work in health promotion, fitness facilities, colleges and universities, clinical rehabilitation facilities, and in sport and athletic conditioning programs. This degree is also designed to help students prepare for graduate studies in athletic training, medicine, occupational therapy, physical therapy, and other health care related specialties.

Dependent upon the exercise science electives students select, at the end of this program students may be eligible for the following certifications; American College of Sports Medicine (ACSM) Certified Exercise Physiologist, ACSM Certified Personal Trainer, National Strength & Conditioning Specialists (CSCS), and American Council on Exercise (ACE) Personal Trainer Certification.

Program Admission Requirements

There are no separate admission criteria for the BS in Exercise Science major. All students that are admitted into XU are welcome to start the major.

Program Progression and Retention Requirements

Academic Progression

- Several Exercise Science courses have required pre-requisites. Students must pass each required pre-requisite with a grade of C or better to be permitted to register for the Exercise Science course. A grade of C- or less will not meet the requirement. This may impact progression in the major and possibly a student's date of graduation.
- Students must earn minimum grade of "C" in all Core Exercise Science courses. Students may repeat a course one time to improve their grade and meet graduation requirements. If a student does not meet the minimum grade requirement the second time a course is taken, they will not be permitted to retake the course, and will be dismissed from the major.

Academic Probation

- Any student whose cumulative average falls below 2.75 is placed on academic probation. Academic probation will be imposed by the program director at the end of any term. While on probation a student may be restricted to a reduced course load, and/or receive other stipulations intended to improve the student's academic success. Academic probation is removed when the student's cumulative average rises to 2.75 or above.

Academic Suspension

Students on academic probation who fail to restore their cumulative grade point average to 2.75 within two semesters will be suspended from the program. In addition, freshmen and probationary students who receive more than one failing grade within a single term will be suspended. Suspension will be enforced unless in the judgment of the program director there are extenuating circumstances. One fall or spring term must elapse before a suspended student may reapply.

Academic Reactivation

A suspended student who wishes to return is required to contact the program director in writing. Reactivation and the conditions for such will be determined by program director.

Academic Dismissal

A student who has been readmitted after a period of suspension and who fails to meet the terms of the readmission as stipulated by the program director will be dismissed from the program and is not eligible to return.

Program Graduation Requirements

- Completion of all Exercise Science and XU Core Requirements
- Completion of a minimum of 120 credits
- A minimum grade of "C" in all Core Exercise Science courses
- A minimum cumulative GPA of 3.0 in all EXSC courses
- A minimum grade of "C" in all Exercise Science Elective courses
- A minimum grade of "C" in all required Science courses
- Anatomy and Physiology must be completed at a four-year regionally accredited university

Requirements for the Exercise Science Major

Core Curriculum Requirements

See Undergraduate Core Curriculum

Exercise Science Curriculum

Credit Hour Total: 56-57 cred hours.

- Exercise Science Major Requirements - 26 credit hours
- Exercise Science Electives - 9 credit hours
- Math Requirements - 3 credit hours
- Science Requirements - 15-16 credit hours
- Social Science Requirements - 3 credit hours

Major Requirements

- EXSC 100 - Intro to Exercise Science
- EXSC 200 - Kinesiology
- EXSC 300 - Exercise Physiology
- EXSC 320 - Fitness Training Principles
- EXSC 325 - Resistance Training
- EXSC 360 - Nutrition for Sport & Exercise
- EXSC 380 - Fitness Assessment & Design
- EXSC 381 - Fitness Assess & Design Lab
- EXSC 460 - Exercise Science Practicum

Exercise Science Electives - 9 hours from the following options:

- BIOL 204 - Functional Neuroscience
- BIOL 370 - Endocrinology
 - EXSC 160: Group Fitness 1 CR
- EXSC 260 - Sports Medicine
- EXSC 261 - Sports Medicine Laboratory
 - EXSC 340: International Exercise Science 3 CR
 - EXSC 440: Fitness in Special Populations 3 CR
- EXSC 400 - Biomechanics
- EXSC 420 - Cardiopulmonary Fitness
- SPMG 322 - Facility & Event Mgmt
- SPMG 348 - Legal & Ethical Issues in Sprt
- SPMG 377 - Sport Psychology
- SPMG 410 - Sport Ethics

Mathematics Requirements:

- MATH 116 - Elementary Statistics
- or
- MATH 156 - General Statistics

Science Requirements:

- BIOL 140 - Human A&P I for Allied Health
 - BIOL 141 - Hum A&P I Lab Allied Health
 - BIOL 142 - Hum A&P II for Allied Health
 - BIOL 143 - Hum A&P II Lab Allied Health

- ATTR 522 - Upper Extremity Injuries
- ATTR 523 - Head, Spine & Thorax Injuries
- ATTR 532 - Therapeutic Interventions II
- ATTR 541 - Research I
- ATTR 550 - IP Collaboration
- ATTR 562 - Clinical Experience 2

Fifth Year

Fall Semester

- ATTR 600 - Medical Issues in AT
- ATTR 610 - Administrative Concepts
- ATTR 633 - Therapeutic Interventions III
- ATTR 642 - Research II
- ATTR 663 - Clinical Experience 3

Spring Semester

- ATTR 650 - Contemporary Issues in AT
- ATTR 664 - Clinical Experience 4

Note:

- Students will need to incorporate the 5 flags into their core courses.

Health Services Administration, B.S.

The Bachelor of Science in Health Services Administration prepares the student, through academic work and practical internships, for a career in the growing and expanding fields of health services, including job opportunities in hospitals, systems, insurance companies, medical group practices, ambulatory centers, home care, medical devices companies, pharmaceutical companies, local, federal and state agencies, skilled nursing facilities, retirement communities, community agencies, and elder care organizations. The program also prepares students for graduate work in health services, law, medicine, allied health fields, health services research or policy and public health. All Health Services Administration students graduate with a minor in business.

For the Bachelor of Science in Health Services Administration degree, the faculty seeks to enhance students' values orientation and ethics, and to provide them with the liberal arts and technical knowledge, critical thinking and communication skills necessary to prepare graduates to perform proficiently in entry-level positions in health care organizations.

Students will experience:

- An interdisciplinary curriculum based in the liberal arts tradition
- Required field experiences (internships)
- Community service
- Undergraduate research and scholarship
- Optional immersion study abroad experience

The program's focus is on:

1. Traditional Jesuit liberal arts core with courses in language, theology, philosophy, history, math, sciences, English and communication;
2. Specialized courses in health care management, finance, ethics, economics, and statistics.
3. Field experiences (internships).

During the field internships, students will have the opportunity to:

- Apply knowledge and skills learned in the classroom
- Work with others and develop relationships beyond the classroom
- Discern their individual interests
- Experience growth and development in a practical setting
- Explore options for employment

GPA/Grade Policy

In order to remain in good standing with and graduate as an undergraduate major from the Department of Health Services Administration, students must meet the following criteria.

Overall GPA:

- Students must maintain an overall GPA of 2.0 or above, as per the general university requirements for undergraduate students.

Minor GPA:

- Students must meet criteria for minor courses as designated by the Williams College of Business.

Major and Concentration GPA:

- Students must maintain an overall combined major/concentration GPA of 2.67. This GPA is made up of all courses taken in the major and concentration, and equates to a B- average for all major courses. If the student is to change concentrations, grades from their first concentration still apply to the calculation of this GPA.

Introductory Course Grades:

- Students must achieve a grade of B- or higher in both of the introductory classes for HESA 101 and HESA 110.
- Students must achieve a grade of B- or higher in HESA 370 Internship Preparation. This class prepares students for the internship requirement the summer after their junior year.
- Grades lower than B- will result in a student not receiving credit for that course requirement towards their Health Services Administration degree.

Retaking Introductory Courses:

- If a student receives a grade of C+ or below in HESA 101, HESA 110, or HESA 370, they may retake that course two additional times as per the general university policy.
- The student will be considered on departmental probation until they achieve or surpass the required grade for the designated course.
- The course must be retaken at Xavier.
- Students may retake any and all HESA courses for which they fail to meet department requirements two additional times.
- If a student fails to meet department grade standards after taking a course a total of three times, they will be dismissed from the major.
- If being dismissed, students will meet with the BSHSA Program Director and determine into which major or program they would like to be placed.

Falling Below Major/Concentration GPA Standards:

- If a student falls below the major/concentration GPA standard of 2.67, they will have one semester to bring their major/concentration GPA back above the standard.
- The student will be considered on departmental probation until they have brought their major/concentration GPA back to or above the department standard.
- The summer semester is not applied. If a student falls below the major/concentration GPA standard after a spring semester, they will have until the end of the following fall semester to bring their major/concentration GPA back to or above the standard.
- If a student takes a semester off (i.e. they fall below the major/concentration standard after spring semester and take the following fall off), they will have until the end of their next enrolled semester to bring their major/concentration GPA back to or above the department standard.
- If a student fails to bring their major/concentration GPA back to or above the department standard at the end of the designated semester, they will be dismissed from the major.
- If being dismissed, students will meet with the BSHSA Program Director and determine into which major or program they would like to be placed.

HESA 371/372 Internship:

- If a student is on departmental probation, they may not enroll in or complete hours towards either the HESA 371 or HESA 372 internship courses.

Appealing Departmental Probation:

- Students may appeal department probation.
- If a student wishes to appeal, they should start by scheduling a meeting with the Program Director of the Undergraduate Program in Health Services Administration.
- If the Director is the professor for the course they wish to appeal, they should start with scheduling a meeting with the Health Services Administration Department Chair.
- The student should come to the meeting prepared with materials that support their appeal (i.e. tests, completed assignments, etc.).
- The Director or Chair will meet with the student. The Director and Chair will make a decision about each student appeal.
- If a student is not satisfied with the outcome of the appeal process, they can bring the appeal to the Dean of the College of Professional Sciences, following their appeal process.

Curriculum

The Bachelor of Science in Health Services Administration degree requires at least 120 semester credit hours, with a major in Health Services Administration of 34 hours, plus nine credit hours in a specified concentration (Analytics: Information Management, Analytics: Population Health or Long-Term Care). Students must also declare a Business minor.

B.S. in Health Services Administration

This block serves as a guideline for progress toward a degree. For more information, see your academic advisor.

Freshman Year

First Semester

- HESA 101 Intro to US Healthcare
- CORE 100 First Year Seminar
- CORE 101: GOA Co-Curriculum Program
- Historical Perspectives
- ENGL 101 Composition OR ENGL 115 Rhetoric
- First Language 102 Level

Total (15)

Second Semester

- HESA 110 Medical Terminology: Writing Flag
- CORE 102: GOA Co-Curriculum Program II
- THEO 111 Theological Foundations
- Second Language II (201 Level)
- Math 116 or 156 based on placement
- ECON 200 Microeconomics: Social Sciences Elective

Total (15)

Sophomore Year

First Semester

- HESA 120 Healthcare Management
- HESA 210 Strategic Mktg & Mgmt
- Scientific Perspectives
- PHIL 100 Ethics as Intro to Philosophy
- MKTG 300 Intro to Marketing

Total (15)

Second Semester

- HESA 220 Reimbursement
- HESA 341 Health informatics OR HESA 345 Population Health Management OR HESA 451 Aging in Society
- Humanities Elective
- ACCT 200 Financial Accounting
- General Elective

Total (15)

Junior Year

First Semester

- HESA 401 Health Policy
- BAIS 220 Managing Info Technology OR HESA 455 Admin of Agencies Serving the Aging
- HESA 370 Internship Prep
- FINC 300 Business Finance: Quantitative Reasoning Flag
- MGMT 300 Managerial Behavior
- Natural Science Elective

Total (16)

Second Semester

- HESA 230 Healthcare Finance
- HESA 355 Quantitative Methods for HSA OR HESA 459 Admin of Institutions Serving Aging
- ENGL 205 Lit & Moral Imagination
- Theological Perspectives; 200-399 level
- HESA 361 Health Data Mgmt

Total (15)

Summer

- HESA 371 - Internship I

Total (3)

Senior Year

First Semester

- HESA 240 Public Health
- Philosophy Perspectives: PHIL 200
- Business Minor Elective: Diversity Flag
- General Elective
- General Elective

Total (15)

Second Semester

- HESA 380 Quality Mgmt & Perf Improve
- HESA 390 Foundations of HC Policies and Law: Oral Communication Flag, E/RS Focus Elective
- Creative Perspectives
- CORE 499
- General Elective

Total (12)

Scheduling Notes:

- Consult the Undergraduate Core Curriculum requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core.
- Diversity Curriculum Electives may be used to satisfy other elements of the core or major. The Business Elective, or History Elective may be used to satisfy the DCR elective.

Mathematics, B.S.

The Department of Mathematics offers a program intended to develop a student's capacity to undertake intellectually demanding mathematical tasks by emphasizing general mathematical reasoning through mastery of varied subject matter. Upon successful completion of the program, the student should be well prepared for graduate studies in mathematics and related disciplines, for teaching at the secondary level and for immediate employment by industry in a position which makes use of the talents and abilities of one trained in the mathematical sciences.

Mathematicians continue to be in demand to fill both traditional and developing roles in society. Opportunities abound for researchers in all areas of mathematics. Engineering, computer science, and the physical sciences require individuals with mathematical training. The applications of statistics are increasingly widespread. Those in the economics as well as other social and health sciences, in the business community, and in the field of law are aware of the value of mathematics, not only as a tool for problem solving, but also for developing critical and analytical skills.

Requirements for the Mathematics Major

Core Curriculum Requirements:

48-63 Credit Hours dependent on courses taken, including:

Sciences:

To fulfill the Scientific Perspectives and Natural Sciences Elective requirements, select one of the following three combinations of lecture and lab courses:

- BIOL 160 - General Biology I with
- BIOL 161 - General Biology I Lab

and

- BIOL 162 - General Biology II with
- BIOL 163 - General Biology II Lab

or

- CHEM 160 - General Chemistry I with
- CHEM 161 - General Chemistry I Lab

and

- CHEM 162 - General Chemistry II with
- CHEM 163 - General Chemistry II Lab

or

- PHYS 170 - University Physics I with
- PHYS 161 - Introductory Physics Lab I

and

- PHYS 172 - University Physics II with
- PHYS 163 - Introductory Physics Lab II

Mathematics:

- Requirement included within the major.

Major Requirements:

45 credit hours, as follows

24 hours from:

- MATH 170 - Calculus I
- MATH 171 - Calculus II
- MATH 220 - Multivariable Calculus
- MATH 225 - Foundations Of Higher Math
- MATH 240 - Linear Algebra
- MATH 340 - Abstract Algebra I
- MATH 370 - Real Analysis

3 hours of seminar from:

- MATH 391 - Mathematics Seminar I
- MATH 392 - Mathematics Seminar 2
- MATH 393 - Mathematics Seminar 3

3 hours of computer sciences from:

- CSCI 170 - Computer Science I

9 hours of core electives from:

- MATH 230 - Intro to Ordinary Diff Equat
- MATH 256 - Intro to Probability & Stats
- MATH 280 - Combinatorics
- MATH 301 - Geometry
- MATH 302 - Number Theory
- MATH 311 - Probability Theory
- MATH 325 - Mathematical Modeling
- MATH 330 - Graph Theory
- MATH 341 - Abstract Algebra II
- MATH 360 - Elementary Topology
 - MATH 371 - Real Analysis II
- MATH 380 - Intro to Complex Variables

6 hours of additional electives from:

- MATH 230-397, CSCI 250 (Refer to Course Descriptions.)

Note(s):

- A 2.000 cumulative average must be attained in these mathematics and computer science courses.
- Students are required to complete the MFT (Major Field Test) in Mathematics.
- Senior project requires a substantial paper on research under the guidance of a member of the principal faculty and an oral presentation to the department.
- The mathematics electives should be chosen under the guidance of the student's advisor. Any student wishing to major in mathematics should consult the chair of the department before registration.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S. Mathematics

This block schedule serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- MATH 170 - Calculus I
- CSCI 170 - Computer Science I
- Second Language I
- ENGL 101 - English Composition or ENGL 115 - Rhetoric
- CORE 100 - First Year Seminar
- CORE 101 - First Year Co-Curricular Program I (GOA)

Total (16)

Second Semester

- MATH 171 - Calculus II
- MATH 225 - Foundations Of Higher Math
- Second Language II
- PHIL 100 - Ethics as Intro to Philosophy
- THEO 111 - Theological Foundations

Mathematics, B.S.

Please select one of the following:

- Mathematics, B.S.
- Mathematics, B.S. with a Concentration in Economics

Mathematics, B.S. with a Concentration in Economics

This interdisciplinary program provides students with the benefits of a degree in Mathematics enhanced by a strong Economics background. Combined skills in Mathematics and Economics are increasingly valuable in industry and government. This program expands opportunities for post-graduation employment as well as prepares students for graduate study in Economics and related fields.

Requirements for the Mathematics major with concentration in Economics

Core Curriculum Requirements:

Undergraduate Core Curriculum

Mathematics Major Requirements:

30 credit hours

- CSCI 170 - Computer Science I
- MATH 170 - Calculus I
- MATH 171 - Calculus II
- MATH 220 - Multivariable Calculus
- MATH 225 - Foundations Of Higher Math
- MATH 240 - Linear Algebra
- MATH 340 - Abstract Algebra I
- MATH 370 - Real Analysis
- MATH 391 - Mathematics Seminar I
- MATH 392 - Mathematics Seminar 2
- MATH 393 - Mathematics Seminar 3

Mathematics Elective Requirements

***The MATH Elective courses should be chosen under the guidance of the student's advisor

9 credit hours selected from the following:

- MATH 230 - Intro to Ordinary Diff Equat
- MATH 256 - Intro to Probability & Stats
- MATH 280 - Combinatorics
- MATH 301 - Geometry
- MATH 302 - Number Theory
- MATH 311 - Probability Theory
- MATH 325 - Mathematical Modeling
- MATH 330 - Graph Theory
- MATH 341 - Abstract Algebra II
- MATH 360 - Elementary Topology
 - MATH 371 - Real Analysis II
- MATH 380 - Intro to Complex Variables

Economics Concentration Requirements:

24 credit hours, as follows:

- BAIS 210 - Quantitative Methods
- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles

- ECON 305 - Microeconomic Analysis
- ECON 306 - Macroeconomic Analysis
- ECON 307 - Empirical Analysis In Economic

- ECON 350 - Business Cycles & Forecasting OR
- ECON 495 - Markets, Strategy & Rivalry

- ECON additional elective (MUST be numbered above ECON 307) (3 credit hours)

NOTES:

- A 2.000 cumulative average must be attained in the student's mathematics, economics, and computer science courses.
- Students are required to complete the MFT (Major Field Test) in Mathematics.
- At the completion of MATH 393, students complete a Senior Project presented in a public colloquium. This project should demonstrate evidence of the student's Economic concentration.
- Any student wishing to major in Mathematics with Concentration in Economics should consult the chair of the Department of Mathematics before registration.

Middle Childhood Education, B.S.

Middle Childhood Education will prepare a candidate for an Ohio teaching license to work with children ages 9 through 14, or grades 4 through 9, for teaching in two fields of concentration. The teacher candidate will choose two fields from the areas of Social Studies, Mathematics, Science, and Reading/Language Arts.

Students choosing Middle Childhood will be required to take 18-24 hours in each of the two content areas that they choose for licensure. All students will have at least 12 hours in reading instruction. Students will experience interdisciplinary learning, a hallmark of middle childhood education, as part of their learning experience at Xavier. The middle school teaching concept is unique, and our students will be prepared for curriculum, pedagogy, philosophy and organization of the middle school. Field experience and internship/student teaching will occur in both subject areas and at two age levels.

Requirements for the Middle Childhood Education Major

Undergraduate core curriculum requirements:

39 - 48 hours, including

- Social Sciences requirement is included in the major requirements.
- Humanities elective area fulfilled in major with EDCH 326 .
- E/RS Focus Elective that meets another core requirement should be chosen.
- A 2.5 cumulative overall GPA is required for admission to program and must be maintained for the Bachelor of Science degree. A 3.0 GPA must be maintained in the major.

Major requirements:

60 hours of education courses:

- EDFD 110 - Human Development & Learning
- EDEL 100 - Introduction To Education
- EDEL 251 - Instructional Technology
- EDEL 260 - Cultural Diversity In Educ
- EDSP 200 - Sp Ed: Identification & Issues
- EDMC 212 - Nature & Needs of Adolescents
- EDMC 325 - Arts in Ed: Middle Childhood
- EDMC 340 - Middle School Phil & School Or
- EDMC 345 - Middle Child Class Mgmt Assess
 - Two courses from EDMC 351-354
- EDMC 455 - Student Teaching: Middle Sch
- EDMC 456 - Sem: Current Issues in EDMC
- EDRE 269 - Phonics & Foundation of Litera
- EDRE 314 - Reading Methods for Middle Chd
- EDRE 472 - Theories of Reading
- EDRE 478 - Literary Assess: Adm, Ana, App
- EDCH 326 - Children's Lit for Middle Chil

Note(s):

- See "Steps for Admission and Continual Progress for Licensure in Middle Childhood." Also see "Student Handbook for Early & Middle Child."
- A 3.0 GPA must be maintained in the major.
- Students must have "B" or higher in courses prefixed with EDEC, EDRE, or EDMC or retake in subsequent semesters.
- Students may elect two concentration areas: Math, Science, Social Studies, and/or Language Arts/Reading.
- Students are eligible for the Middle Childhood Generalist Endorsement, valid for teaching in a self-contained 4,5, or 6th grade classroom if they complete the specified core courses for the areas other than their specific concentrations. See your advisor. See below.

Concentration Requirements

Mathematics

- MATH 116 - Elementary Statistics
- MATH 140 - Concepts of Calculus
- MATH 211 - Mathematics for Education 1
- MATH 212 - Mathematics for Education 2
- MATH 213 - Algebra Concepts -MCED
- MATH 214 - Math Problem Solving -MCED

Science

- BIOL 120 - Life: Ecology & People
- BIOL 130 - Intro to Life Sciences
- BIOL 131 - Intro to Life Sciences Lab
- BIOL 136 - Life: Ecology and People Lab
- CHEM 102 - Chemistry: Environ & Energy
- CHEM 103 - Chemistry: Environ & Ener Lab
- CHEM 104 - Chemistry: Life and Health
- CHEM 105 - Chem: Life and Health Lab
- PHYS 114 - Our Universe: Physical Science
- PHYS 115 - Our Universe: Physical Sci Lab
- PHYS 116 - Our Universe: The Earth
- PHYS 117 - Our Universe: The Earth Lab

Reading/Language Arts

- ENGL 101 - English Composition or
- ENGL 115 - Rhetoric
- ENGL 205 - Literature & Moral Imagination
- COMM 101 - Oral Communication
- EDCH 326 - Children's Lit for Middle Chil or
- EDCH 320 - Multi-Cultural Lit for Childrn

Select One:

- ENGL 304 - Teaching & Research in Writing
- EDRE 376 - Writing Theory & Process

Select One:

- ENGL 128 - Studies in Black Literature
- ENGL 132 - Studies in Women's Literature
- ENGL 344 - Major Black Writers of World
- ENGL 352 - African Literature

Select One:

- ENGL 320 - Topics in Linguistics
- ENGL 321 - Hist of the English Language

Social Studies

- ECON 200 - Microeconomic Principles
- EDMS 207 - World & Cultural Geography
 - HIST 200: European Antiquity to Reformation
 - HIST 201: European Reformation to Present
 - HIST 247: US Contact to Civil War
 - HIST 248: US Civil War to Present
- POLI 140 - American Government and Politi

B.S. Middle Childhood Education

****This block serves as a guideline only, not a required sequence. Specific core and concentration courses are indicated below as a sample due to the nature of the middle childhood program. Concentration sets (i.e., math and science, language arts and social studies, etc.) will differ among students and therefore courses will vary. Students may elect their own two areas of concentration. See your academic advisor. Subject to Change.****

- EDRE 478 - Diagnosis/Correct of Read Disa
- EDEL 351 - Instruct Strat for Engl Lang L
- PHYS 116 - Our Universe: The Earth
- PHYS 117 - Our Universe: The Earth Lab

Total (15)

Scheduling Notes:

- Course sequence is realistic only for the student who declares the Middle Childhood major as a freshman.
- Consult the Undergraduate Core Curriculum requirements of the catalog.
- A minimum of 120 credit hours is required for the degree.
- The sequence of courses in the program is subject to change.
- Advanced placement credit and summer course work may be applied to core or concentration requirements.
- Off Campus courses are approved by the college dean. See advisor for procedure.
- All students must elect one each of oral communications, quantitative reasoning and writing intensive flagged courses; many of these are available within the core or major.

Second Semester

- Creative Perspectives
- EDRE 478 - Diagnosis/Correct of Read Disa
- EDEL 351 - Instruct Strat for Engl Lang
- Literature Elective
- ENGL 320 - Topics in Linguistics or ENGL 321 - Hist of the English Language

Total (18)

Scheduling Notes:

- Course sequence is realistic only for the student who declares the Middle Childhood major as a freshman.
- Consult the Undergraduate Core Curriculum requirements of the catalog.
- A minimum of 120 credit hours is required for the degree.
- The sequence of courses in the program is subject to change.
- Advanced placement credit and summer course work may be applied to core or concentration requirements as dictated by specific department..
- Off Campus courses are approved by the college dean. See advisor for procedure.
- All students must elect one each in oral communications, quantitative reasoning and writing intensive flagged courses; many of these are available within the core or major.
- ER/S Focus elective should fulfill another core requirement.

Montessori Education (Early Childhood Program) for Ohio Four Year Resident Educator License (PreK-3) and American Montessori Society Credential Early Childhood Ages 2 1/2 To 6, B.S.

Undergraduate Programs in Montessori Education

The philosophy of education taught in the Montessori program was researched by Dr. Maria Montessori, one of the first Italian women to graduate from medical school in Rome in 1896. Dr. Montessori's philosophy supports the fundamental tenet that a child learns best within a social environment which supports each individual's unique development. Multi-age grouping in each class promotes peer group learning. The children work in a prepared learning environment that is child-centered and beautifully arranged with learning materials to aid the child in their exploration of new ideas. The Montessori teacher learns to be a scientific observer and facilitator, providing an environment for children that is developmentally appropriate to help the child grow in all areas: social, cognitive, emotional, and physical.

An undergraduate degree will prepare you to practice your profession in the following ways:

1. Public schools - Graduates are prepared to teach in Montessori public schools and traditional public schools pre-Kindergarten up to third grade.
2. Private schools - Graduates teach in private Montessori schools (ages 2.5 - 6) nationally and internationally as well as in traditional programs up to third grade.
3. Hospitals - Graduates are hired for special children's programs.
4. Child care centers - Graduates are hired as administrators of child care centers.
5. Non-profit organizations - Graduates work in the areas of child and family advocacy.

The Xavier University Montessori Teacher Education Program is accredited by the MACTE Commission and grants an American Montessori Society Credential for Early Childhood and Elementary I students who complete all requirements also receive an Ohio Four Year Resident Educator License PreK-3.

Bachelor of Science Degree in Montessori Education

Early Childhood Education
Ohio Four Year Resident Educator License for PreK-3
American Montessori Society Credential for Ages 2 1/2 to 6 Years

Requirements for the Early Childhood / Montessori Education Major

Undergraduate core curriculum, requirements:

48 Undergraduate Core Curriculum credit hours, include:

- Diversity Curriculum requirement: partially fulfilled in the major with EDEL 260 Cultural Diversity In Educ.
- English Composition/Rhetoric grade must be a "B" or above.
- Mathematics grade must be a "C" or above.

- Literature: fulfilled in the major with EDCH 324 Children's Literature.
- CORE 100 - First Year Seminar
- CORE 101 - First Year Co-curricular program
- CORE 499
- Science: must be met with physical (CHEM or PHYS 114 and PHYS 115) and biological (BIOL 130 and BIOL 131) sciences.
- Social Sciences: included in the major requirements.
- The ER/S Focus Elective that meets another core requirement should be chosen.

Major requirements:

66 credit hours, as follows:

39 hours of education courses from:

- EDFD 110 - Human Development & Learning
- EDEL 100 - Introduction To Education
- EDEL 251 - Instructional Technology
- EDEL 260 - Cultural Diversity In Educ
- EDEC 210 - Child Development
- EDEC 230 - Play in Early Childhood Educ
- EDME 350 - Observation/Assessment Methods
- EDME 351 - Montessori Ed: Phil Approach
- EDME 354 - Mont Language Arts & Read Meth
- EDME 359 - Community & Advocacy in Educ
- EDME 376 - Phonics Skills for Early Chldh
- EDRE 312 - Reading Methods
- EDSP 205 - Foundations in ECSPED

3 hours of literature from:

- EDCH 324 - Children's Literature

24 hours of Ohio License requirements, as follows:

Early Childhood Credential (ages 2 1/2 to 6)

- EDME 364 - Early Childhood/Mont Meth
- EDME 366 - Mont Curr Des&Te Strat I:Ea Ch
- EDME 367 - Mont Curr Des&Te Strat II:Ea C
- EDME 377 - Early Childhood Math & Science
- EDME 473 - Mont Early Childhood Pract I
- EDME 474 - Mont Early Childhood Pract II

Additional Requirements:

- A Montessori professional statement must be in the file by the end of freshman year.

- Three letters of recommendation must be on file by the start of the sophomore year.
- A moral character form must be on file by the start of the sophomore year.
- Application for student teaching must be turned in by spring of junior year.
- Application and fees for American Montessori Society Credentialing, MACTE and NAEYC must be turned in the summer before senior year.
- State licensing exams must be taken prior to the start of internship.

Note(s):

- A 2.700 grade point average must be achieved in all the education courses for the major.
- All Montessori education courses must have a grade of "B" or above.

B.S. Montessori Education (Early Childhood program) with Ohio Four year resident educator License (PreK-3) and American Montessori Society Credential Early Childhood Ages 2 1/2 to 6

Adding Elementary II Ages 9-12 to an Elementary I Credential

Students may add A.M.S. Elementary II by completing the coursework listed below. Students may add an Ohio Generalist endorsement for grades 4-5 by completing the Elementary II coursework, additional licensing exam, and online Middle Childhood development course.

Montessori credentialing at the Elementary II level may be added along with the Generalist Endorsement 4-5 (See Program Advisor).

- EDME 370 - Mont 9-12 Math Curr
- EDME 371 - Mont 9-12 Geometry Curr
- EDME 372 - Mont 9-12 Geography and Hist Curr
- EDME 373 - Mont 9-12 Botany and Zoology Cur
- EDME 374 - Mont 9-12 Physical Science Cur
- EDME 375 - Mont 9-12 Lang and Children's Li

No Additional Internship is Required

Generalist Endorsement Requirements:

- Current P-3 Ohio Resident Educator License
- One credit hour online course: Middle Childhood Transitions, Development, and Management
- Passing score on the Ohio Assessments for Educators Elementary Education/018 (Subtest I) and Ohio Assessments for Educators Elementary Education/019 (Subtest II)

Montessori Education (Early Childhood) for Ohio 4 yr Resident Educator License (preK-3), American Montessori Society Credential Early Childhood Ages 2 1/2 To 6; Special Education, Early Childhood Intervention Specialist license (Double Major), B.S

Double Major of Montessori Education and Special Education.

Students who successfully complete the dual major program will receive a BS with majors in Special Education and Montessori Education. They will receive an American Montessori Society Early Childhood credential, an OH p-3 license, and an OH ECIS-Early Childhood Intervention Specialist license.

See Special Education with a Concentration in Early Childhood Intervention Specialist and Montessori Education with American Montessori Society Early Childhood Credential (Double Major), B.S.

Montessori Education, B.S.

The following Bachelor of Science in Montessori Education [rogram options are available. Please see the following:

- Montessori Education (Early Childhood Program) for Ohio Four Year Resident Educator License (PreK-3) and American Montessori Society Credential Early Childhood Ages 2 1/2 To 6, B.S.
- Montessori Education (Early Childhood Program) for Ohio Four Year Resident Educator License (PreK-3) and American Montessori Society Credential Elementary I, Ages 6-9, B.S.

Physics, B.S.

The program in physics is designed to familiarize students with the techniques of mathematical and experimental physics that is useful to them in an industrial research or engineering position; in physics teaching; as a general preparation for more advanced graduate work in any of the varied fields of physics; or in such disciplines as astronomy, space science, biophysics, computer science, engineering, geophysics, medicine, law, and oceanography.

Requirements for the Physics Major

Core Curriculum Requirements:

See Undergraduate Core Curriculum

39 credit hours outside of major courses, assuming 103 language placement and that ER/S and DCR flags are satisfied in other core courses.

Mathematical Perspectives, Scientific Perspectives, Natural Science Elective, Quantitative Reasoning, Writing, and Oral Communication Flags are included within the major.

Major Requirements:

70 credit hours, including:

41 hours of physics and engineering courses:

- ENGR 101 - Intro to Engineering
- PHYS 170 - University Physics I
- PHYS 171 - Explorations in Physics I
- PHYS 172 - University Physics II
- PHYS 173 - Explorations in Physics II or ENGR 173 - Explorations in Engineering
- ENGR 180 - Intro to Comp with MATLAB
- PHYS 242 - Circuit Analysis
- PHYS 243 - Circuit Analysis Lab
- ENGR 244 - Electronics
- ENGR 245 - Electronics Lab
- PHYS 330 - Modern Physics I
- PHYS 331 - Modern Physics I Lab
 - ENGR 342 - Material Science
- PHYS 350 - Theoretical Mechanics I
- PHYS 355 - Advanced Physics Lab
- PHYS 360 - Electromagnetism I
- PHYS 364 - Physical Optics
- PHYS 365 - Physical Optics Lab
- ENGR 370 - Fluid Mechanics
- PHYS 395 - Physics Research
- PHYS 398 - Physics Thesis

9 hours of physics electives:

- PHYS 376 - Quantum Mechanics I
- PHYS 382 - Thermodynamics
- PHYS 387 - Biophysics
- PHYS 388 - Astrophysics
- PHYS 389 - Solid State Physics
- PHYS 390 - Special Studies (area to be determined by department)
- ENGR 346 - Signals and Systems
- ENGR 384 - Heat Transfer
- CSCI 170 - Computer Science I
- CSCI 321 - Numerical Analysis
 - Students wishing to get a doctoral degree in physics should take PHYS 376, PHYS 382

20 hours of mathematics:

- MATH 180 - Calculus I
- MATH 181 - Calculus II
- MATH 220 - Multivariable Calculus
- MATH 230 - Intro to Ordinary Diff Equat
 - MATH Elective
 - MATH Elective. Students wishing to minor in Applied Mathematics should take MATH 222 as their math elective. Student wishing to major or minor in Mathematics should take MATH 225 as their math elective. One additional course above MATH 225 is then required for the Mathematics Minor. Students wishing to get a doctoral degree in Physics should take MATH 240 as elective.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Depending on the language placement and how the DCR and ERS flags are satisfied additional hours need to be taken as electives to reach 120 hours.

B.S. Physics

This block serves as a guideline for progress toward a degree. See your academic advisor.

Note(s):

*Students wishing to minor in Applied Mathematics should take MATH 222 as their math elective. Student wishing to major or minor in Mathematics should take MATH 225 as their math elective. One additional course above MATH 225 is then required for the Mathematics Minor.

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- The E/RS Focus Elective, Diversity Curriculum Elective, and Writing Intensive Elective requirements may be used to satisfy another element of the core or the major.

Primary Education (P-5), B.S.

Early Childhood Education will prepare a candidate for an Ohio teaching license to work with children ages 3 through 8, or preschool through grade three. The course of study has child development at the core of pedagogical decisions. The approach is holistic, with a strong emphasis on an integrated learning approach. Practices based in child development and intense reading instruction are integral to the program. Field experience and student teaching occur at both the preschool and primary

With the passage of Ohio Senate Bill 216, the early childhood P-3 teaching license will be replaced with a new P-5 license, with courses of study beginning in 2020. During the 2019-20 academic year, we will continue to research best practices and make course adjustments to align with the new license requirements. Students entering the early childhood major this year can expect a clear transition to the P-5 license and Bachelor of Science in Elementary Education (P-5). Students who entered early childhood in 2018-19 may transition to the P-5 license. Students who entered prior to 2018-19 are eligible for the Early Childhood Generalist 4-5 Endorsement if they wish to add 4-5 to the P-3 license.

Primary Education prepares a candidate for an Ohio teaching license to work with children ages 3 through 12, or preschool through grade five. The course of study has child development at the core of pedagogical decisions. Course work furthers advocacy for all children, with ethical issues and values as expressed through the Jesuit tradition. The approach is holistic, with a strong emphasis on differentiation and integration of subjects to best meet the needs of learners. Practices based in child development and reading instruction are integral to the program. Content preparation for all subject areas of study and assessment. Field, clinical, and student teaching experiences at multiple grade levels.

Requirements for the Early Childhood Education Major

Undergraduate core curriculum requirements:

Undergraduate Core Curriculum: 39 - 48 hours, including:

- Science requirement must be met with one natural science (CHEM or PHYS or BIOL) and one scientific perspectives elective course.
- Humanities elective fulfilled in major with EDCH 324 .
- Social Sciences requirement is included in the major requirements.
- E/RS Focus Elective that meets another core requirement can be chosen.
- A 2.5 cumulative overall GPA is required for admission to program and must be maintained for the Bachelor of Science degree. A 3.0 GPA must be maintained in major.

Major requirements:

See "Steps for Admission and Continual Progress for Licensure in Early Childhood." Also see "Student Handbook for Early and Middle Childhood."

A 3.0 GPA must be maintained in the major. Students must have "B" or higher in courses prefixed with EDEC, EDRE, or EDMC or retake in subsequent semesters.

72 hours of courses:

- EDFD 110 - Human Development & Learning
- EDEL 100 - Introduction To Education
- EDEL 251 - Instructional Technology
- EDEL 260 - Cultural Diversity In Educ
- EDEL 351 - Instruct Strat for EL
- EDSP 205 - Foundations in ECSPED
- EDEC 210 - Child Development
- EDEC 230 - Play in Early Childhood Educ
- EDEC 325 - Methods of Observation/Collabo
- EDEC 330 - Math/Science Block-Early Chld
- EDEC 335 - Lang Arts/Social St-Early Chd
- EDEC 350 - Primary Integrated Art
- EDEC 450 - Student Teaching Primary
- EDEC 451 - Primary Student Teaching Sem
- EDME 359 - Community & Advocacy in Educ
- ARTS 222 - Art in Early Childhood Educ
- EDRE 269 - Phonics & Foundation of Litera
- EDRE 312 - Reading Methods
- EDRE 471 - Content Area Literacy
- EDRE 478 - Literary Assess: Adm, Ana, App
- EDCH 324 - Children's Literature

Junior Year

First Semester

- ENGL 205 - Literature & Moral Imagination
- EDEC 325 - Methods of Observation/Collabo
- EDEC 330 - Math/Science Block-Early Chld
- EDEC 350 - Primary Integrated Art

Total (18)

Second Semester

- EDEC 230 - Play in Early Childhood Educ
- EDRE 471 - Content Area Literacy
- EDEC 335 - Lang Arts/Social St-Early Chd
- EDEL 351 - Instruct Strat for English Learners

Total (18)

Senior Year

This series may be rearranged to accommodate endorsement (Early Childhood Generalist/4-5, TESOL, or Reading) courses in the final semester.

First Semester

- EDEC 450 - Student Teaching: Primary
- EDEC 451 - Primary Student Teaching Seminar

Total (12)

Second Semester

- PHIL 200 - Philosophical Perspectives
- EDRE 478 - Diagnosis/Correct of Read Disa
- General Elective
- Creative Perspectives Elective
- E/RS Focus Elective (cross count when possible - see advisor)

Total (15)

Scheduling Notes:

- Course sequence shown above is realistic only for the student who declares the Early Childhood major as a freshman. It is not the only advisable sequence.
- A minimum of 120 credit hours is required for the degree.
- The sequence of courses in the program is subject to change.
- Addition of a minor is possible. Consult with advisor early in the program.
- Study Abroad is possible - consult with advisor early in program
- Student teaching/internship may take place fall or spring semester.
- Students may add Grades 4-5 Endorsement, TESOL, or Reading courses when feasible during senior year.
- All students must elect one each of oral communication, quantitative reasoning and writing intensive flagged courses, many of these are available within the core or major.

Psychology, B.S.

The Department of Psychology endeavors to acquaint students thoroughly with the content and methods of scientific psychology. While emphasizing the scientific approach to the understanding of human behavior and human personality, the psychology courses aim to show the student that this branch of science is complementary to and compatible with a sound philosophy of human nature. In addition to the program leading to the Bachelor of Science, the department provides courses in the University Core Curriculum. The Bachelor of Science program in Psychology aims to provide a general background for career and/or advanced studies in fields which presuppose understanding of human behavior, such as clinical/counseling psychology, industrial-organizational psychology, medicine, education, social work, and law.

Requirements for the Psychology Major

Undergraduate core curriculum requirements:

48-63 Credit Hours dependent on courses taken, including:

Mathematics

- MATH 120 - Elementary Functions
- MATH 140 - Concepts of Calculus

Philosophy:

An additional Philosophy 300 level elective of 3 credit hours beyond core requirements.

Science:

- BIOL 102 - Life: Human Biology
- BIOL 132 - Life: Human Biology Lab

Along with the following included in the major:

- PSYC 221 - Research Meth & Design I
- PSYC 222 - Research Meth & Design II
- PSYC 223 - Research Meth & Design I Lab
- PSYC 224 - Research Meth & Design II Lab

Major requirements:

38 credit hours, as follows

26 hours of required psychology courses from:

- PSYC 130 - Psychology Science Perspective
- PSYC 131 - Psych-Science Perspective Lab
- PSYC 200 - Orientation to the Major
- PSYC 210 - Statistical Techniques
- PSYC 212 - Computer Statistical Analysis
- PSYC 221 - Research Meth & Design I
- PSYC 223 - Research Meth & Design I Lab
- PSYC 222 - Research Meth & Design II
- PSYC 224 - Research Meth & Design II Lab
- PSYC 231 - Developmental Psychology
- PSYC 261 - Social Psychology
- PSYC 277 - Psychological Disorders
- PSYC 301 - History&Systems of Psychology

3 hours of Advanced Topics in Psychological Science

- PSYC 379 - Test & Measures in Psych
- PSYC 426 - Physiological Psychology
- PSYC 427 - Cognitive Psychology
 - PSYC 435: Brain and Behavior
- PSYC 460 - Learning and Behavior

6 hours of psychology electives selected from:

- PSYC 232-498 (Refer to Course Descriptions.)

3 hours of Psychology Capstone

- PSYC 499 - Capstone in Psych Science

Note(s):

- A 2.000 cumulative average must be attained in these psychology courses.
- Majors must attain a C- or above in Statistical Techniques lecture and lab (PSYC 210/212), and Research Methods and Design I (PSYC 221/223). Students who fail to earn a C- will have to retake the course(s).
- Majors must attain a grade of C in BIOL 102, BIOL 132, PSYC 130, and PSYC 131
- Students should consult the department's "Careers in Psychology and Course Electives" for recommendations about which elective courses to consider for different career tracks (i.e., graduate school, social service employment, general business, etc.). Students should also discuss their career aspirations and elective choices with their faculty advisor. Students must maintain contact with a departmental advisor each semester to aid in course selection, planning, and scheduling.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S. Psychology

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- BIOL 102 Life: Human Biology
- BIOL 132 Life: Human Biology Lab (Natural Science Perspective) **OR**
- PSYC 130 Psychology Science Perspective
- PSYC 131 Psych-Science Perspective Lab (Scientific Perspective)
- CORE 100 First Year Seminar
- CORE 101
- MATH 105 or 120

140 (if tested into 150 or 170)

- Second Language
- ENGL 101 English Comp **OR** 115 Rhetoric

Total (15)

Second Semester

- BIOL 102 Life: Human Biology
- BIOL 132 Life: Human Biology Lab (Natural Science Perspective) **OR**
- PSYC 130 Psychology Science Perspective
- PSYC 131 Psych-Science Perspective Lab (Scientific Perspective)
- PSYC 200 Orientation to the Major
- PSYC 231/261/277 Dev/Soc/Ab Psych (Social Sciences Elective)
- MATH 140 Concepts of Calculus (Mathematical Perspective)
- Second Language (up to 201 level)
- CORE 102
- Creative or Historical Perspective

Total (16)

Sophomore Year

First Semester

- PSYC 210 Statistical Techniques (Quantitative Flag)
- PSYC 212 Statistical Techniques Lab
- PSYC 221 Research Methods & Design I
- PSYC 223 Research Methods & Design I Lab (Writing flag)
- PSYC 231/261/277 Dev/Soc/Ab Psych
- PHIL 100 Intro to Ethics
- Creative or Historical Perspective

Total (16)

Second Semester

- PSYC 222 Research Methods & Design II
- PSYC 224 Research Methods & Design II Lab (Oral flag)
- PSYC 231/261/277 Dev/Soc/Ab Psych
- THEO 111 The Ignation Imagination
- ENGL 205 Lit & Moral Imagination **OR** CLAS 205 Class. Lit & Moral Imagination
- PHIL 200 Elective

Total (15)

Junior Year

First Semester

- PSYC Elective
- PSYC 460 Learning & Behavior **OR** PSYC 427 Cognitive Psych
- THEO 200 Elective
- Diversity flag elective course
- General University elective

Total (15)

Second Semester

- PSYC Elective
- PHIL 300 Elective (Humanities elective)
- General University elective
- General University elective/Minor
- General University elective/Minor

Total (15)

Senior Year

First Semester

- PSYC 301 History & Systems in Psych
- PSYC 499 Senior Comp. Revie (f or sp)
- General University elective/Minor
- General University elective/Minor
- General University elective/Minor

Total (15)

Second Semester

- E/RS elective course
- CORE 499 Reflection on XU Core
- General University elective/Minor
- General University elective/Minor
- General University elective/Minor
- General University elective/Minor

Total (15)

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- The E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- The University core Social Science electives are fulfilled within the major requirements.
- * See section "[Requirements for the Psychology Major](#)."

Special Education, B.S.

The following Bachelor of Science in Special Education program options are available. Please see the following:

- Special Education, B.S. with a Concentration In Primary Intervention Specialist (P-5)
- Special Education, B.S. with a Concentration in Mild/Moderate Intervention Specialist
- Special Education, B.S. with a Concentration in Moderate/Intensive Intervention Specialist

Special Education, B.S. with a Concentration in Mild/Moderate Intervention Specialist

Bachelor of Science Degree in Special Education

The Special Education undergraduate teacher preparation programs are theory based with continual field application experiences. Students complete the degree with a foundation in liberal arts and in child centered learning/development intervention competencies.

Requirements for the Special Education Major

Undergraduate core curriculum requirements:

Undergraduate Core Curriculum , including

- English composition grade must be "B-" or better.
- Humanities area fulfilled per the major, with EDCH 324.
- Mathematics grades must be "C-" or better.
- Science requirements must be met with physical (PHYS) and biological (BIOL) sciences:
- Social Sciences requirements is included in the major (licensure) requirements.

Note(s):

- A 2.700 cumulative average must be attained in the core curriculum for recommendation to teacher licensure program.

Major Requirements:

Specific education courses

- EDFD 110 - Human Development & Learning
- EDEL 260 - Cultural Diversity In Educ

or

- EDEL 352 - Culturally Responsive Teaching
- EDME 376 - Phonics Skills for Early Chldh or
- EDME 362 - Phonics and Orton-Gillingham or
- EDRE 269 - Phonics & Foundation of Litera
- EDME 354 - Mont Language Arts & Read Meth or
- EDRE 312 - Reading Methods
- EDMS 350 - Technology & Topics for Educat

or

- EDEL 251 - Instructional Technology
- EDCH 324 - Children's Literature

or

- EDRE 471 - Content Area Literacy
- EDSP 200 - Sp Ed: Identification & Issues
- EDSP 201 - Intro to Emotionally Dist Chld
- EDSP 203 - Sp Ed: Comm & Collaboration
- EDRE 478 - Literary Assess: Adm, Ana, App
- EDSP 205 - Foundations in ECSPED
- EDSP 401 - Teaching Seminar
- EDSP 380 - Classroom Management
- EDSP 367 - Sp Ed: Behav & Soc Skills Mgmt
- EDSP 364 - DAP Instructional Materials

Note(s):

- Grade of "B-" in curriculum courses.

Concentration requirements:

Mild/Moderate Intervention Specialist

- EDSP 360 - M/M Characteristics & Strategi

or

- EDSP 370 - M/I Characteristics & Strateg
- EDSP 362 - M/M Support Services
- EDSP 363 - Sp Ed: Assessment & Evaluation

or

- EDSP 376 - M/I Support Services
- EDSP 364 - DAP Instructional Materials
- EDSP 365 - Curr Practices:Mild Disabiliti

or

- EDSP 374 - Curr Prac:Moderate Disabilitie

or

- EDSP 389 - Prog Prac:Severe/Intensive Dis
- EDSP 367 - Sp Ed: Behav & Soc Skills Mgmt
- EDSP 372 - Communication Strategies & Tec
- EDSP 400 - M/M Student Teaching

or

- EDSP 402 - M/I Student Teaching
- EDSP 401 - Teaching Seminar

and 3 hours of a literature course

- EDCH 324 - Children's Literature

Scheduling Notes:

- The E/RS Focus & Diversity Focus Electives are required, must receive approval for this course requirement from academic advisor.
- A minimum of 126 credit hours is typically required for the degree, with 120 hours as the absolute minimum.
- The sequence of courses in the program is subject to change and must be approved by academic advisor.
- Hours in parenthesis are field hours.

Special Education, B.S. with a Concentration in Moderate/Intensive Intervention Specialist

Bachelor of Science Degree in Special Education

The Special Education undergraduate teacher preparation programs are theory based with continual field application experiences. Students complete the degree with a foundation in liberal arts and in child centered learning/development intervention competencies.

Requirements for the Special Education Major

Undergraduate core curriculum requirements:

Undergraduate Core Curriculum , including

- English composition grade must be "B-" or better.
- Humanities area fulfilled per the major, with EDCH 324.
- Mathematics grades must be "C-" or better.

- Science requirements must be met with physical (PHYS) and biological (BIOL) sciences:
- Social Sciences requirements is included in the major (licensure) requirements.

Note(s):

- A 2.700 cumulative average must be attained in the core curriculum for recommendation to teacher licensure program.

Major Requirements:

Specific education courses

- EDFD 110 - Human Development & Learning
- EDEL 260 - Cultural Diversity In Educ

or

- EDEL 352 - Culturally Responsive Teaching
- EDME 376 - Phonics Skills for Early Chldh or
- EDME 362 - Phonics and Orton-Gillingham or
- EDRE 269 - Phonics & Foundation of Litera
- EDME 354 - Mont Language Arts & Read Meth or

or

- EDSP 374 - Curr Prac:Moderate Disabilitie

or

- EDSP 389 - Prog Prac:Severe/Intensive Dis
- EDSP 401 - Teaching Seminar

and 3 hours of a literature course

- EDCH 324 - Children's Literature

Scheduling Notes:

- The E/RS Focus & Diversity Focus Electives are required, must receive approval for this course requirement from academic advisor.
- A minimum of 126 credit hours is typically required for the degree, with 120 hours as the absolute minimum.
- The sequence of courses in the program is subject to change and must be approved by academic advisor.
- Hours in parenthesis are field hours.
- OAE Tests must be successfully completed.

Special Education, B.S. with a Concentration In Primary Intervention Specialist (P-5)

Bachelor of Science Degree in Special Education

The Special Education undergraduate teacher preparation programs are theory based with continual field application experiences. Students complete the degree with a foundation in liberal arts and in child centered learning/development intervention competencies.

Requirements for the Special Education Major

Undergraduate core curriculum requirements:

Undergraduate Core Curriculum , including

- English composition grade must be "B-" or better.
- Humanities area fulfilled per the major, with EDCH 324.
- Mathematics grades must be "C-" or better.
- Science requirements must be met with physical (PHYS) and biological (BIOL) sciences:
- Social Sciences requirements is included in the major (licensure) requirements.

Note(s):

- A 2.700 cumulative average must be attained in the core curriculum for recommendation to teacher licensure program.

Major Requirements:

Specific education courses

- EDFD 110 - Human Development & Learning
- EDEL 260 - Cultural Diversity In Educ

or

- EDEL 352 - Culturally Responsive Teaching
- EDME 376 - Phonics Skills for Early Chldh or
- EDME 362 - Phonics and Orton-Gillingham or
- EDRE 269 - Phonics & Foundation of Litera
- EDME 354 - Mont Language Arts & Read Meth or
- EDRE 312 - Reading Methods
- EDMS 350 - Technology & Topics for Educat

or

- EDEL 251 - Instructional Technology
- EDCH 324 - Children's Literature

- EDRE 471 - Content Area Literacy
- EDSP 200 - Sp Ed: Identification & Issues
- EDSP 201 - Intro to Emotionally Dist Chld
- EDSP 203 - Sp Ed: Comm & Collaboration
- EDRE 478 - Literary Assess: Adm, Ana, App
- EDSP 205 - Foundations in ECSPED
- EDSP 401 - Teaching Seminar
- EDSP 380 - Classroom Management
- EDSP 367 - Sp Ed: Behav & Soc Skills Mgmt
- EDSP 364 - DAP Instructional Materials

Note(s):

- Grade of "B-" in curriculum courses.

Concentration requirements:

Primary Intervention Specialist (P-5)

In the Bachelor of Science degree/licensure program, undergraduate students complete the requirements for both an Ohio licensure as a P-5 Primary Intervention Specialist and the Xavier Bachelor of Science degree. Licensure in the P-5 Primary Intervention program empowers the candidate with the knowledge and skills to be a competent teacher for students with exceptional learning needs in Pre K to 5th grade. Coursework in curriculum design, assessment, and reading combine with content preparation in all subject areas of study. Embedded in Jesuit tradition the Xavier teacher candidate is prepared to advocate for children with special needs. Fieldwork in a diversity of local urban, rural, public, and private schools begins in the Freshman year and culminates with student teaching.

(40 hours required)

- EDSP 364 - DAP Instructional Materials
- EDSP 365 - Curr Practices:Mild Disabiliti
- EDSP 372 - Communication Strategies & Tec
- EDSP 376 - M/I Support Services
- EDSP 381 - Play & Its Role in Dev & Learn

or

- EDEC 230 - Play in Early Childhood Educ
- EDSP 391 - EDSPED Primary Learn & Theory
- EDSP 392 - ECSPED Primary: Observ & Asmt
- EDSP 393 - ECSPED: Primary Curr & Pract
- EDSP 403 - P-5 Prim Interv Spec Stud Teac
- EDME 355 - Mont Cultural Subjects Method

Note(s):

- A 2.750 cumulative average must be attained in all the education courses for recommendation for teacher licensure.

Scheduling Notes:

- The E/RS Focus & Diversity Focus Electives are required, must receive approval for this course requirement from academic advisor.
- A minimum of 132 credit hours is typically required for the degree, with 120 hours as the absolute minimum.
- The sequence of courses in the program is subject to change and must be approved by academic advisor.
- Hours in parenthesis are field hours.
- OAE must be successfully completed..

Optional: Intervention Specialist P-5 with OT Prerequisites for Doctoral Proram

- EDFD 110 Human Development or Psyc 231 Developmental Processes
- Writing Elective in General or HESA II0 Medical Terminology (writing flag)
- EDSP 201 Intro to Emotionally Disturbed Child or PSYC 277 Abnormal Psychology
- Math 211 or Math 156 Stats
- General Elective or EXCS 200 Kinesiology
- Biology 130 and Lab Biology 131 or Bio 140/141 Anatomy and Physiology with Lab1
- Science Perspective (Physics 100 level) or Bio 142/143 Anatomy and Physiology Lab 2
- Physics 116/117 (3 credit) or College Physics 1 with Lab (4 credit) 160/161
- General Elective or Bio 204 Neuroscience
- General Elective or Introduction to Sociology

Sport Management, B.S.

Sport Management and Sport Marketing Majors

Requirements for Sport Management and Sport Marketing Majors

Undergraduate Core Curriculum Requirements:

Students take 48 hours of core classes exclusive of those core courses required for the Sport Management or Sport Marketing major. See Undergraduate Core Curriculum .

Mathematics Requirement:

9 credit hours from the following:

- One Quantitative Reasoning Course (Cannot double count as a core mathematics course)
- One Statistics course:
 - MATH 116 - Elementary Statistics OR
 - MATH 156 - General Statistics
- One elective core mathematics course

- MATH 116 - Elementary Statistics

- or

- MATH 156 - General Statistics
 - One elective core mathematics course

Major Requirements:

73 / 79 credit hours, distributed as follows:

Area 1 Sport Management Courses

21 credit hours from sport management/sport marketing curriculum.

- SPMG 110 - Intro to Sports Management
- SPMG 132 - Sociology of Sport
- SPMG 195 - History of American Sport
- SPMG 310 - Intro to Sport Marketing
- SPMG 322 - Facility & Event Mgmt
- SPMG 348 - Legal & Ethical Issues in Sprt
- SPMG 410 - Sport Ethics

Area 2 Sport Management Electives

Sport Management and Sport Marketing students take 9 hours of sport management electives. Choose from the following or select other classes to count toward a minor or double major.

- SPMG 250 - Professional Development in Sport Management
- SPMG 340 - International Sport

- SPMG 350 - Professional Devel. SPMG
- SPMG 360 - Sport Finance & Economics
- SPMG 366 - Marketing Comm Practicum
- SPMG 377 - Sport Psychology
 - SPMG 380 - Diversity & Inclusion in Sport
 - SPMG 385 - Intercollegiate Athletics
- SPMG 390 - Contemp Coaching: Issues & Trds
 - SPMG 420 - Youth & Sport
- FINC 300 - Business Finance
- BAIS 311 - Sabermetrics

Area 3 Business Courses

21 hours from business curriculum

- ACCT 200 - Introductory Financial Acct
- BAIS 220 - Mgmt of Info Tech
- BLAW 300 - Legal Environment
- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles
- MGMT 200 - Organizational Management
- MKTG 300 - Principles of Marketing

Area 4 Communication Courses

12 hours from communication arts curriculum

- COMM 101 - Oral Communication

Choose From:

- COMM 206 - Writing for the Media or
- COMM 207 - Interpersonal Communication or
- COMM 211 - Media Literacy
 - Six elective hours (COMM 209-479)

Area 5 Sport Management Internship

9 hours of field experience required, including:

- SPMG 495 - Internship in Sport Mgmt

Area 6 Sport Marketing Majors ONLY

6 credit hours of Marketing Electives.

Note:

- A 2.000 cumulative GPA must be attained in these major courses.

Some of these electives may double count with other core or major courses

- All students must elect one each of oral communications, quantitative reasoning and writing-intensive flagged courses; many of these are available within the core or major.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S. Sport Management / B.S. Sport Marketing

Year 1

Fall Semester

- SPMG 110 - Intro to Sport Management
- Mathematical Perspectives elective
- First Year Sem. (CORE100) OR Theology 111
- Introduction to Ethics (PHIL100)
- Second Language I
- CORE 101

Total (15)

Spring Semester

- SPMG 195 - History of American Sport
- COMM 101 - Oral Communications
- First Year Sem. (CORE100) OR Theology 111
- Composition or Rhetoric (ENGL101/115)
- Second Language II
- CORE 102

Total (15)

Year 2

Fall Semester

- SPMG 132 Sociology of Sport
- ECON 200 - Microeconomic Principles
- Historical Perspectives elective
- Scientific Perspectives elective
- Philosophical Perspectives (PHIL 200)

Total (15)

Spring Semester

- ECON 201 Macroeconomic Principles
- Nat. Sci. elective
- Theological Perspectives elective
- MGMT 200 - Organizational Management

- MATH 116 - Elementary Statistics OR MATH 156 - General Statistics

Total (15)

Year 3

Fall Semester

- SPMG 322 - Facility and Event Management
- Choose from COMM 206 Writing for the Media, COMM 207 Interpersonal Communication, or COMM 211 Media Literacy
- SPMG 410 Sport Ethics (DCR elec)
- MKTG 300 - Principles of Marketing
- BAIS 220 - Management of Information Technology

Total (15)

Spring Semester

- SPMG 310 - Intro to Sport Marketing
- Communication Arts Elective
- Humanities elective
- ACCT 200 - Intro Financial Accounting
- ENGL 205 - Literature & Moral Imagination
- Sport Marketing Elective (Sport Marketing Majors ONLY)

Total (15 OR 18)

Year 4

Fall Semester

- SPMG 348 - Legal & Ethical Issues in Sport
- BLAW 300 - Legal Environment (E/RS elec.)
- Sport Management Elective
- Creative Perspective Elective
- Communication Arts Elective
- Sport Marketing Elective (Sport Marketing Majors ONLY)

Total (15 OR 18)

Spring Semester

- SPMG 495 - Internship in Sport Management (9 Credit Hours)
- Sport Management Elective
- Sport Management Elective
- CORE 499 - Core Capstone (0 credit hour)

Total (15)

Notes:

- Some of these electives may double count with other core or major courses
- All students must elect one each of oral communications, quantitative reasoning and writing-intensive flagged courses; many of these are available within the core or major.
- A minimum of 120 credit hours is required for the degree.

Sport Marketing, B.S.

Sport Management and Sport Marketing Majors

Requirements for Sport Management and Sport Marketing Majors

Spring Semester

- ECON 201 Macroeconomic Principles
- Nat. Sci. elective
- Theological Perspectives elective
- MGMT 200 - Organizational Management
- MATH 116 - Elementary Statistics OR MATH 156 - General Statistics

Total (15)

Year 3

Fall Semester

- SPMG 322 - Facility and Event Management
- Choose from COMM 206 Writing for the Media, COMM 207 Interpersonal Communication, or COMM 211 Media Literacy
- SPMG 410 Sport Ethics (DCR elec)
- MKTG 300 - Principles of Marketing
- BAIS 220 - Management of Information Technology

Total (15)

Spring Semester

- SPMG 310 - Intro to Sport Marketing
- Communication Arts Elective
- Humanities elective
- ACCT 200 - Intro Financial Accounting
- ENGL 205 - Literature & Moral Imagination
- Sport Marketing Elective (Sport Marketing Majors ONLY)

Total (15 OR 18)

Year 4

Fall Semester

- SPMG 348 - Legal & Ethical Issues in Sport
- BLAW 300 - Legal Environment (E/RS elec.)
- Sport Management Elective
- Creative Perspective Elective
- Communication Arts Elective
- Sport Marketing Elective (Sport Marketing Majors ONLY)

Total (15 OR 18)

Spring Semester

- SPMG 495 - Internship in Sport Management (9 Credit Hours)
- Sport Management Elective
- Sport Management Elective

CORE 499 - Core Capstone (0 credit hour)

Total (15)

Notes:

- Some of these electives may double count with other core or major courses
- All students must elect one each of oral communications, quantitative reasoning and writing-intensive flagged courses; many of these are available within the core or major.
- A minimum of 120 credit hours is required for the degree.

Teaching Integrated Sciences, B.S.

Requirements for Teaching Integrated Science, B.S.

28-29 Hours of Required Courses:

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab
- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- PHYS 116 - Our Universe: The Earth
- PHYS 117 - Our Universe: The Earth Lab
- BIOL 120 - Life: Ecology & People
- BIOL 136 - Life: Ecology and People Lab or
- BIOL 260 - Intro to Environmental Science
- BIOL 261 - Intro to Environ Science Lab
- PHYS 118 - Our Universe: The Sky
- PHYS 119 - Our Universe: The Sky Lab
- MATH 156 - General Statistics

or

- MATH 146 - Biostatistics

31 Hours of Required Education Courses

- EDMS 131 - Professional Education
- EDFD 110 - Human Development & Learning
- EDSP 200 - Sp Ed: Identification & Issues
- EDSP 380 - Classroom Management
- EDMS 332 - Meth/Curr/Asmt in Science
- EDMS 350 - Technology & Topics for Educat
- EDMS 411 - Clinical Experiences
- EDRE 471 - Content Area Literacy
- EDMS 470 - Student Teaching AYA

Concentrations

Life Sciences Concentration - 31 Hours

- BIOL 102 - Life: Human Biology
- BIOL 132 - Life: Human Biology Lab
- BIOL 230 - Genetics
- BIOL 231 - Genetics Laboratory
- BIOL 240 - Evolution
- BIOL 250 - Ecology
- BIOL 251 - Ecology Lab
- BIOL 497 - Experimental Biology Lab
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- MATH 140 - Concepts of Calculus
- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II

Chemistry Concentration - 31 Hours

- BIOL 240 - Evolution
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab
- CHEM 226 - Quantitative Analysis
- CHEM 227 - Quantitative Analysis Lab
- MATH 140 - Concepts of Calculus
- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II
- BIOL 497 - Experimental Biology Lab
- CHEM 220 - Principles of Physical Chem

Physics Concentration - 26-30 Hours

- BIOL 240 - Evolution
 - MATH 180 - Differential Calculus
 - MATH 181 - Integral Calculus
- PHYS 170 - University Physics I
- PHYS 171 - Explorations in Physics I
- PHYS 172 - University Physics II
- ENGR 173 - Explorations in Engineering
- PHYS 330 - Modern Physics I
- PHYS 331 - Modern Physics I Lab
- PHYS 242 - Circuit Analysis
- PHYS 243 - Circuit Analysis Lab

or

- ENGR 342 - Material Science
- PHYS 355 - Advanced Physics Lab
- PHYS 395 - Physics Research
- PHYS 398 - Physics Thesis

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Theatre Education, B.S.

Xavier University's theatre education program combines a well-rounded theatre education with the necessary educational courses for students to receive their license to teach theatre to grades PK - 12 in Ohio's public schools. Practical experiences and professional collaborations in theatre help to prepare the next generation of theatre teachers the breadth of knowledge to face the challenges of teaching today's students.

Requirements for the Theatre Education Major

Core Curriculum Requirements:

- Undergraduate Core Curriculum

Major Requirements:

Theatre Foundation Courses

28 credit hours from:

- THTR 100 - Introduction to the Theatre
 - THTR 110 - Survey of Dramatic Literature
- THTR 120 - Acting I
- THTR 150 - Stagecraft I
 - THTR 198 - Theatre Technology *
 - THTR 199 - Performance Workshop *
 - THTR 201 - Theatre History I
 - THTR 202 - Theatre History II
 - THTR 210 - Script Analysis
 - THTR 310 - Directing

* Students must take at least one each of THTR 198 and THTR 199

Theatre Performance/Production Courses:

12 credits from:

- THTR 121 - Voice and Movement
- THTR 160 - Improvisation
- THTR 220 - Improvisation for the Actor or

- THTR 430 - Theatre Portfolio
- THTR 320 - Acting II
- THTR 330 - Set Design
- THTR 331 - Lighting Design
- THTR 332 - Costume Design
- THTR 340 - Stage Management
- THTR 420 - Acting III

Theatre Electives:

3 credits from:

- COMM 235 - Digital Design
- ENGL 425 - Shakespeare
- ENGL 472 - Modern Drama
- MUSC 100 - Basic Music Theory
- MUSC 282 - Private Lesson: Voice

Education Requirements:

31 credits:

- EDMS 131 - Professional Education
- EDSP 200 - Sp Ed: Identification & Issues
- EDFD 110 - Human Development & Learning
- EDRE 471 - Content Area Literacy
- EDMS 350 - Technology & Topics for Educators
 - EDMS 33X - Teaching Methods: Elementary Drama (3)
 - EDMS 33X - Teaching Methods: Secondary Drama (3)
- EDMS 411 - Clinical Experiences
 - EDMS 47X - Student Teaching (9)

Additional Requirements:

- Pass a comprehensive theatre exam during the spring semester of senior year.
- Participation in at least one regional audition/interview event (SETC, UPTA, etc.) Event must be approved by faculty.
- Production attendance for all shows in which not cast or holding a technical position.
- Attendance at 20 professional productions.
- Audition or submit technical application for all departmental productions, except during semester of study teaching.

Notes:

- A 3.000 cumulative average must be attained in the theatre major.
- Students are required to have regular advising meetings with their theatre department advisor.

TOTAL Minimum Hours Required for Degree: 133 Semester Hours

Spring Semester

- Theatre Production/Performance Elective
- THEATRE 450 - Senior Thesis
- General Elective

Bachelor of Science in Business Administration

Accounting, B.S.B.A.

The Department of Accountancy offers the Bachelor of Science in Business Administration (BSBA) degree in Accounting and an undergraduate minor in Accounting. Also, it offers a Master of Science in Accounting (MS) and two combined undergraduate/graduate degree options leading to either a BSBA and an MS or a BSBA and an MBA. These combined programs are designed to provide the student with an undergraduate and graduate degree while meeting the law in effect in most states that requires 150 semester credit hours of education to become a licensed Certified Public Accountant (CPA). Eligible students are allowed to begin graduate coursework during their senior year.

The BSBA in Accounting is a four-year program that may be a terminal degree for students interested in careers in corporate, governmental and not-for-profit accounting. For CPA candidates the four year program can be combined with additional undergraduate coursework to fulfill the 150-hour requirement. Elective internship experiences are available to undergraduate and graduate students.

Requirements for the BSBA Accounting Major

Undergraduate core curriculum requirements:

See Undergraduate Core Curriculum

48-63 Credit Hours dependent on courses taken, including

Mathematics:

- MATH 150 - Elements of Calculus I

Business Core Requirements:

Business Core Courses

A 2.00 grade point average must be attained in the business core. At least half of the 42 total credit hours must be taken at Xavier.

- [ACCT 200 - Introductory Financial Acct](#)
- [ACCT 201 - Introductory Managerial Acct](#)
- [BAIS 210 - Quantitative Methods](#)
- [BAIS 220 - Mgmt of Info Tech](#)
- [BAIS 211 - Intro to Business Analytics](#)
- [BLAW 300 - Legal Environment](#)
- [ECON 200 - Microeconomic Principles](#)
- [ECON 201 - Macroeconomic Principles](#)
- [ECON 300 - Int'l Trade & Bus Environment](#)
- [FINC 300 - Business Finance](#)
- [MGMT 200 - Organizational Management](#)
- [MGMT 301 - Managerial Communications](#)
- [MGMT 201 - Business & Professional Comm](#)
- [MGMT 495 - Management Capstone](#)
- [MKTG 300 - Principles of Marketing](#)

Major Requirements:

24 hours of specific accounting courses above the business core:

Required Courses

- ACCT 300 - Intro to the Actg & Prof. Ethics
- ACCT 304 - Acct Info Systems & Controls
- ACCT 307 - Fin Actg & Reporting I

ACCT 308 - Fin Actg & Reporting II

- ACCT 311 - Introduction to Taxation

Choose one of the following:

- ACCT 414 - Corporate Taxation
- ACCT 490 - Auditing

Electives - Choose two of the following courses

- ACCT 303 - Internship / Accounting Junior or
- ACCT 312 - Volunteer Income Tax Asst I
- ACCT 385 - Financial Modeling
 - ACCT 421 - Nonprofit and Govt Accounting
- ACCT 425 - Cost Accounting
 - ACCT 429 - Advanced Financial Accounting
- ACCT 414 or ACCT 490 - Auditing (whichever course was not chosen in the category above)

Note:

- Only one of ACCT 303 or ACCT 312 can count as a required accounting elective. If both are taken the second course will count as a general elective.
- The BSBA degree program typically requires 120 total credit hours. A 2.000 grade point average (GPA) must be attained overall, in the business core and the accounting major.
- Ethical issues and professional responsibilities of accountants are integrated throughout these courses.
- Any course taken at another institution to fulfill an accounting major requirement must be from an AACSB accredited business school and approved by the department. Approval should be obtained in advance to ensure transfer credit.

Note(s):

- The BSBA degree program typically requires 121 total credit hours. A 2.000 grade point average (GPA) must be attained overall, in the business core and the accounting major.
- Ethical issues and professional responsibilities of accountants are integrated throughout these courses.
- Any course taken at another institution to fulfill an accounting major requirement must be from an AACSB accredited business school and approved by the department. Approval should be obtained in advance to insure transfer credit.
- The business elective can be fulfilled by taking ACCT 303 Internship / Accounting Junior, ACCT 312 Volunteer Income Tax Assistance I, or ACCT 403 Internship / Accounting Senior as well as the two accounting electives not chosen above or a non-business core course from another discipline.

B.S.B.A. Accounting

This block serves as a guideline for progress toward a degree. Note that the following schedule should only be followed by a student who does not plan to complete the requirements to be eligible to take the CPA exam. See your academic advisor.

Freshman Year

First Semester

- FY Seminar - CORE 100 or THEO 111
- ENGL 101/115
- Second Language I
- Mathematical Perspectives -MATH 140
- PHIL 100
- CORE 101
- BUAD 101

Second Semester

- ACCT 300
- THEO 111 or CORE 100
- Social Science Elective - ECON 200
- BAIS 210
- Second Language II 1
- CORE 102
- BUAD 102

Sophomore Year

First Semester

- Humanities Elective
- ACCT 200
- ECON 201
- BAIS 211
- MGMT 200 (DCR Flag)
- BUAD 201

Second Semester

- ACCT 307-Financial Accounting & Reporting I
- Literature & Moral Imagination - ENGL 205
- MGMT 201 (Oral Communications & Writing Flag)
- FINC 300-(Quantitative Reasoning Flag)
- BAIS 220
- BUAD 202

Junior Year

First Semester

- ACCT 308- Financial Accounting & Reporting II
- ACCT 311 - Introduction to Taxation
- Historical Perspectives
- Philosophical Perspectives - PHIL 200
- Natural Sciences or Scientific Perspectives Elective
- BUAD 301

Second Semester

- ACCT 201
- ACCT 304
- ECON 300
- MKTG 300
- ACCT elective
- BUAD 302

Senior Year

First Semester

- ACCT 414 Corporate Taxation or ACCT 490 -Auditing
- ACCT Elective
- BLAW 300 (ERS Flag)
- BAIS 302
- Scientific Perspectives or Natural Sciences Elective
- BUAD 401

Second Semester

- Business Core Capstone
- Creative Perspectives Elective
- Theological Perspectives Elective
- General Elective
- General Elective
- BUAD 402
- CORE 499

Scheduling Notes:

- Minimum for undergraduate degree is 120 hours. Major is 24 hours. Many ACCT majors earn 150 hours to sit for the CPA Exam (by double-majoring or pursuing a Master's Degree).
- 1-Foreign Language: Must complete 201-level
- 2-ACCT 300 fulfills the required business elective.
- 3-Social Science: Business majors must take ECON 200 as Social Science Elective
- 4-Humanities: Include any Literature (except 205), CLAS, HIST 200+, THEO 300+, PHIL 300+ (but cannot also double count as ERS)
- 5-Science: Take any six hours of science - but must include at least 3 hours of Natural Science such as BIOL, CHEM or PHYS
- 6-General electives may be filled by any course or pre-requisites based on Math or Foreign Language placement scores
- FLAGS: All flags are included in business core curriculum
- GPA- Accounting majors must earn B- or better in ACCT 200 and ACCT 201 to proceed in the major.

Bachelor of Science in Business Administration, B.S.B.A.

The BSBA degree program consists of:

Undergraduate core curriculum:

See Undergraduate Core Curriculum

48-63 Credit Hours dependent on courses taken, including

Mathematics:

- MATH 150 - Elements of Calculus I or
- MATH 170 - Calculus I

- BAIS 210 - Quantitative Methods

Social sciences:

- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles

Business Core Requirements:

Business Core Courses

A 2.00 grade point average must be attained in the business core. At least half of the 42 total credit hours must be taken at Xavier.

- [ACCT 200 - Introductory Financial Acct](#)
- [ACCT 201 - Introductory Managerial Acct](#)

- [MGMT 200 - Organizational Management](#)
- [MGMT 301 - Managerial Communications](#)
- [MGMT 201 - Business & Professional Comm](#)
- [MGMT 495 - Management Capstone](#)
- [MKTG 300 - Principles of Marketing](#)

Major Requirements:

18-25 hours are typically required.

Complete the Business Profession seminars:

- BUAD 101 - The Business Profession I
- BUAD 102 - The Business Profession I
- BUAD 201 - The Business Profession II
- BUAD 202 - The Business Profession II
- BUAD 301 - The Business Profession III
- BUAD 302 - The Business Profession III
- BUAD 401 - The Business Profession IV
- BUAD 402 - The Business Profession IV

Electives:

- 3 hours of business courses. (i.e. 300-499 numbered courses in business, beyond the Business Core and the Major courses).
- 3 hours general electives (except for majors that require 21 hours).

Note(s):

- At least half of the credit hours must be taken at Xavier.
- A minimum 2.000 GPA must be achieved for the courses taken within the major.
- Business course credit received ten or more years ago will not be accepted as transfer credit or readmit credit toward current requirements.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Business Analytics and Information Systems, B.S.B.A.

The Bachelor of Science in Business Administration in Business Analytics and Information Systems, a STEM designated program, educates and develops future data analysts. Graduates will emerge with the necessary skills to immediately contribute to businesses in roles which require training in and an aptitude for data analysis. Through the utilization of real-world data sets, students will gain the skills, confidence and expertise required to succeed in today's data-driven business world. This program will produce high-quality students who are not only analytically sound but also ethically responsible in their use of data. Ultimately, the outcome of the program will be students who are able to help businesses make better decision through data analysis and statistical modelling.

- BAIS 365
- BAIS 330
- BAIS 333 / MGMT 333
- BAIS 336 / MGMT 336
- BAIS 463

Operations and Supply Chain Management Electives (Choose 2)

- MKTG 340 / BAIS 340
- MKTG 310 / BAIS 310
- BAIS 389
- BAIS 498
- BAIS 367
- BAIS 360
- BAIS 462
- ACCT 304
- ACCT 425
- MGMT 322

Scheduling Notes:

- Minimum for undergraduate degree is 120 hours.
- All students who choose the B.S.B.A. in BAIS must declare a concentration. A student who majors in the B.S.B.A. in BAIS may not double major in the other concentration. They may, however, minor in one BAIS minor (BA, OSM, or IS) at most. A student may not minor in the same area as their concentration.

Business Core

Business Core Courses

A 2.00 grade point average must be attained in the business core. At least half of the 42 total credit hours must be taken at Xavier.

- ACCT 200 - Introductory Financial Acct
- ACCT 201 - Introductory Managerial Acct
- BAIS 210 - Quantitative Methods
- BAIS 220 - Mgmt of Info Tech
- BAIS 211 - Intro to Business Analytics
- BLAW 300 - Legal Environment
- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles
- ECON 300 - Int'l Trade & Bus Environment
- FINC 300 - Business Finance
- MGMT 200 - Organizational Management
- MGMT 301 - Managerial Communications
- MGMT 201 - Business & Professional Comm
- MGMT 495 - Management Capstone
- MKTG 300 - Principles of Marketing

Economics, B.S.B.A.

The Department of Economics offers the Bachelor of Science in Business Administration degree in Economics. The Department also offers a Bachelor of Arts in Economics degree through the College of Arts & Sciences.

A degree in Economics provides the student with an understanding of economic issues pertaining to individual firms, industries, the public sector, and the overall economy. The study of economics, supported by the knowledge of Mathematics and Statistics, emphasizes both analytic reasoning and a thorough knowledge of economic institutions. Economics majors analyze such topics as optimal decision-making, market efficiency, profit maximization, cost-benefit analysis, inflation, unemployment, international trade, financial markets, forces of globalization, and governmental economic activity. The program has proven useful to people who have moved into positions in many of the functional areas of business and government. It is also excellent training for graduate study in business, in law, and in economics itself.

Requirements for the Economics Major

Undergraduate core curriculum requirements:

48-63 Credit Hours dependent on courses taken, See Undergraduate Core Curriculum

Business Core Requirements:

Business Core Courses

A 2.00 grade point average must be attained in the business core. At least half of the 42 total credit hours must be taken at Xavier.

- [ACCT 200 - Introductory Financial Acct](#)
- [ACCT 201 - Introductory Managerial Acct](#)
- [BAIS 210 - Quantitative Methods](#)
- [BAIS 220 - Mgmt of Info Tech](#)

- [MKTG 300 - Principles of Marketing](#)

Major Requirements:

21 hours of economics courses above the business core:

- ECON 305 - Microeconomic Analysis
- ECON 306 - Macroeconomic Analysis
- ECON 307 - Empirical Analysis In Economic
 - 12 hours of economics electives, at least 6 hours of which must be at the 400-level.

Electives:

- 3 hours of business electives.
- 3 hours of general electives.

Required Capstone Project

All economics majors are required to take Capstone Project Each student must orally present a paper written in a 400-level economics course to a forum established by the department. Currently, Capstone Project is listed as ECON 491 which carries 0 credit. Starting Fall 2016, Capstone Project (ECON 492 and 493 combined) will be a 3 credit hour course split into ECON 492 and 493.

Note(s):

- A 2.000 cumulative average must be attained in the economics courses.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Scheduling Notes:

- Minimum for undergraduate degree is 120 hours. Major is 23 hours (plus business elective or internship for credit).
- 1-Social Science: Business majors must take ECON 200 as Social Science Elective
- 2-Science: Take any six hours of science - but **must include at least 3 hours** of Natural Science such as BIOL, CHEM or PHYS
- 3-Humanities: Include any Literature (except 205), CLAS, HIST 200+, THEO 300+, PHIL 300+ (but cannot also double count as ERS)
- 4-Foreign Language: Must complete 201-level
- FLAGS: All flags are included in business core curriculum
- **General electives may be filled by any course or pre-requisites based on Math or Foreign Language placement scores

Entrepreneurship and Innovation, B.S.B.A.

The Department of Management and Entrepreneurship offers the Bachelor of Science in Business Administration in Entrepreneurship and Innovation.

Xavier's undergraduate major in Entrepreneurship and Innovation is designed to help prepare students to seek opportunities, act resourcefully, think creatively, and lead ethically to make a difference in their organizations and the world, our majors will learn to:

1. Provide progressive leadership for existing family businesses
2. Start their own businesses, and/or
3. Pursue careers in creating and managing innovation and leading entrepreneurship in non-profits and small to large organizations in this global market economy.

The strength of our free enterprise economy depends heavily on an entrepreneurial mindset in those individuals who identify new product or service opportunities, develop workable plans for capitalizing on those opportunities, and assume personal risk and take the initiative in creating and then managing the new or expanded enterprises which those plans make possible.

Requirements for a Major in Entrepreneurship and Innovation

Since successful entrepreneurs and those with an entrepreneurial mindset need to have an integrative and interdisciplinary set of skills, the Entrepreneurship and Innovation major is interdisciplinary in nature, providing advanced course work in all business functions, specialized course work in creativity and innovation, business planning and a field experience, and a required entrepreneurial work internship.

Undergraduate core curriculum requirements:

Undergraduate Core Curriculum

Mathematics:

- MATH 150 - Elements of Calculus I

Social science:

- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles

Business Core Requirements:

Business Core Courses

A 2.00 grade point average must be attained in the business core. At least half of the 42 total credit hours must be taken at Xavier.

- [ACCT 200 - Introductory Financial Acct](#)
- [ACCT 201 - Introductory Managerial Acct](#)

- ENTR-approved MKTG or interdisciplinary electives. See degree audit or consult your department.

Finance, B.S.B.A.

The Department of Finance offers the Bachelor of Science in Business Administration in Finance.

This degree program develops an appreciation of financial management and financial operation. Everyone majoring in Finance must take courses designed to acquaint him or her with the various financial records of the firm, the character and appraisal of corporate securities, and the financial techniques applicable to the various phases of the discipline. In addition, the student may choose elective subjects.

Requirements for the Finance Major

- *General electives may be filled by any course or pre-requisites based on Math or Foreign Language placement scores
- GPA-Finance majors must earn B- or better in ACCT 200 and FINC 300. Also a GPA of 2.5 or better is required in the major overall.

International Business, B.S.B.A.

The world is a global marketplace creating great opportunities for careers in business, trade, government and non-government organizations (NGOs) for people with good business and technical skills, as well as cross-cultural and foreign language abilities.

- Living and working in the U.S. for a company that sends you abroad for business travel, or
- Working for a company that sends you abroad to work for a number of years at a time.

The International Business major is an interdisciplinary program that provides you with skills and knowledge to pursue a long-term career in international business. Courses and faculty come from a number of disciplines across the Williams College of Business. Because companies often provide foreign assignments to employees who are trained in their domestic operations, we recommend considering a second major such as marketing, finance, information systems, or accounting; if you can't do that, take a few targeted courses in one discipline.

Requirements for the Major in International Business

Undergraduate core curriculum requirements:

Undergraduate Core Curriculum

Mathematics:

- MATH 150 - Elements of Calculus I
- or
- MATH 140 - Concepts of Calculus

Social science:

- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles

Foreign/Second Language:

- In addition to university core requirement, students are required to have a minor in a Foreign Language (202 and four additional courses from 203-498 with necessary distributional requirements as specified for chosen language. Spanish minor requires five additional courses.)

Business core requirements:

Business Core Courses

A 2.00 grade point average must be attained in the business core. At least half of the 42 total credit hours must be taken at Xavier.

- [ACCT 200 - Introductory Financial Acct](#)

- MKTG 320 - International Marketing or
- MGMT 325 - International Management
- FINC 476 - International Finance
- BUAD 495 - Intern'l Business Capstone

Semester Long Study Abroad Program

Double Major in Area of Business or Track

Students must choose either a double major in any functional area of business (BSBA in: Accounting, Business Analytics, Economics, Economics, Entrepreneurial Studies, Finance, Information Systems, Management, Marketing, Strategic Human Resource Management, or Sustainability: Economics and Management) or one of five following tracks that each will consist of three courses:

Economics/Finance

- Electives: ECON 341, ECON 307, ECON 450, ECON 470, FINC 350, FINC 365, FINC 370.
- Students can also use choose up to one elective from BUAD 480-494.

Global Supply Chain

- Global Supply Chain Management (BAIS 333),
- Strategic Sourcing (BAIS 335),
- and an elective from the following: Mktg 310, Mktg 340, BAIS 330, BAIS 360, BAIS 365, BAIS 367, BAIS 389, BAIS 463, BAIS 498, ACCT 304, and ACCT 425

Management

- SHRM 325
- MGMT 333.
- Electives: MGMT 309, MGMT 312, and MGMT 322. Other electives will be added as instructors are identified: MGMT 310, MGMT 385, and MGMT 410.
 - Students can also use choose up to one elective from BUAD 480-494.

Marketing

- MKTG 302
- MKTG 370
- Elective: MKTG 310, MKTG 315, MKTG 325, MKTG 329, MKTG 330, MKTG 340, MKTG 345, MKTG 361, MKTG 368, MKTG 385, MKTG 390, MKTG 398.
 - Students can also use choose up to one elective from BUAD 480-494.

Sustainability

- SUST 301
- SUST 401
- Electives: 3 hours from SUST 465-467, MGMT 309, MGMT 312, MGMT 322, or MGMT 333.
 - Students can also use choose up to one elective from BUAD 480-494.

Note(s):

- A 2.000 cumulative average must be attained in the economics courses.

International Experience

Students engage in a summer-long or semester-long study-abroad or work abroad in a country other than one's native country. (Two additional courses of foreign language generally at the 300-level or above, may be substituted for the international experience. To pursue this option, see the international business advisor; these cannot also be counted toward the International Cultural Elective.)

To help plan your courses, study- or work-abroad experience, and future career, be sure to meet with one of the international business advisors.

B.S.B.A. International Business

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- PHIL 100
- CORE 100
- ENGL 101 OR 115
- ECON 200
- LANGUAGE 201
- BUAD 101
- CORE 101

Second Semester

- THEO 111
- MATH 140
- ECON 201
- MKTG 300
- LANGUAGE 202
- BUAD 102
- CORE 102

Sophomore Year

First Semester

- LANGUAGE 203-498
- PHIL 200
- ECON 300
- ACCT 200
- BAIS 210
- BUAD 201

Second Semester

- LANGUAGE (203-498)
- THEOLOGY PERSPECTIVES
- LIT & MORAL IMAGINATION
- ACCT 201
- BAIS 211
- BUAD 202

Junior Year

First Semester

- LANGUAGE (203-498)
- HISTORICAL PERSPECTIVES
- MGMT 200 (DCR FLAG)
- FINC 300
- BLAW 300 (E/RS ELECTIVE)
- BUAD 301

Second Semester

- LANGUAGE (203-498)

- MKTG 320 or MGMT 325
- MGMT 201
- CREATIVE PERSPECTIVES
- MGMT 302
- BUAD 302

Senior Year

First Semester

- TRACK COURSE 1
- TRACK COURSE 2
- FINC 476 (INTL FINC)
- SCIENTIFIC PERSPECTIVES
- ELECTIVE OR LANGUAGE (203-498)
- BUAD 401

Second Semester

- TRACK COURSE III
- NATURAL SCIENCE ELECTIVE
- MGMT 495
- BUAD 495
- ELECTIVE
- BUAD 402
- CORE 499

Notes

- Minimum for undergraduate degree is 120 hours.
- Students enter a level of language based on a placement test; it is possible to place into FREN/GERM/SPAN 202 and bypass FREN/GERM/SPAN 201. Students who place below 202 are still able to complete this major by taking advanced language courses where general electives are listed. Note that the current language minor is 15 hours for French and German, and 18 hours for Spanish.
- Mathematical Perspectives
- Also fulfills the Social Science Elective
- Also a Humanities Elective
- May also be a Diversity flag if taken as FREN/GERM/SPAN 205.
- Also fulfills the Quantitative Reasoning flag.
- MGMT 201 has both the Writing and Oral Communication Flags
- MGMT 495 (part of the Business Core) will serve as the capstone
- IB majors are strongly encouraged to work with their advisors to select a study abroad program one or two semesters in length for an immersive experience in the chosen language. The student will work with their advisor, over the course of their sophomore year, to select a study abroad program for the Fall and/or Spring semester of their Junior year. It is expected that the student will take a couple of language classes, possibly some University Core classes such as Creative Perspectives, Historical Perspectives, possibly some Business Core classes such as International Trade & Business Environment (Econ 300), Principles of Marketing (Mktg 300), etc., and possibly one or more elective courses such as International Marketing (Mktg 320), Global Supply Chain Management (Mgmt 333), Development Economics (Econ 341), etc. Some courses might have to be moved around in the suggested block schedule depending on the progress of specific students. However, this should not be a hindrance to complete all the proposed requirements of the International Business major.
- Students who wish to use a language other than French, German, or Spanish should consult with the chair of Classics and Modern Language to find study abroad in the chosen language, or language courses in the Consortium to fulfill the Language component of International Business.
- IB students should meet with a Faculty advisor in each semester to determine core courses that support cultural and social awareness of the language selected. For example, if a student's language is Spanish, consider a Historical Perspectives course that focuses on Latin America or Spain; if a student's language is Chinese, consider a Philosophical Perspectives course that focuses on Confucianism.

Management, B.S.B.A.

The Department of Management and Entrepreneurship offers the Bachelor of Science in Business Administration in Management.

The department offers a complete package of an integrated skill set for future managers and leaders to improve organizations and society. Our curricular objectives include: rapid, continual immersion into business practice; engaging rigorous and applied educational experience; transition into fulfilling careers; and lifelong learning and leadership. Our majors:

1. Learn the language of Management and Entrepreneurship used in the business world.
2. Are given an understanding for the significance of variation in human behavior in organizations.
3. Develop self-awareness, along with capabilities in problem solving, decision making, creativity, and communication.
4. Receive preparation for a variety of roles, including leader, entrepreneur, project or functional manager, and supply chain manager.
5. Are encouraged to approach business problems in an ethical, socially responsible manner.

This degree is designed for individuals who have career aspirations as management trainees, personnel trainees, in business education, who plan to attend law school, or graduate studies in business. Students interested in teaching certification in business should consult with the chair of the Education Department for certification requirements.

Requirements for a Major in Management

Undergraduate core curriculum requirements:

See Undergraduate Core Curriculum

Mathematics:

- MATH 150 - Elements of Calculus I

Social science:

- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles

Business core requirements:

Business Core Courses

A 2.00 grade point average must be attained in the business core. At least half of the 42 total credit hours must be taken at Xavier.

- [ACCT 200 - Introductory Financial Acct](#)
- [ACCT 201 - Introductory Managerial Acct](#)
- [BAIS 210 - Quantitative Methods](#)
- [BAIS 220 - Mgmt of Info Tech](#)
- [BAIS 211 - Intro to Business Analytics](#)
- [BLAW 300 - Legal Environment](#)
- [ECON 200 - Microeconomic Principles](#)
- [ECON 201 - Macroeconomic Principles](#)
- [ECON 300 - Int'l Trade & Bus Environment](#)
- [FINC 300 - Business Finance](#)
- [MGMT 200 - Organizational Management](#)
- [MGMT 301 - Managerial Communications](#)
- [MGMT 201 - Business & Professional Comm](#)
- [MGMT 495 - Management Capstone](#)
- [MKTG 300 - Principles of Marketing](#)

Major Requirements:

21 total credit hours required, as follows:

9 hours in specific management courses:

- MGMT 309 - Change Management
- MGMT 385 - Project Management
- MGMT 495 - Management Capstone

12 hours of major electives:

Select from

- MGMT 310-499 (Refer to Course Descriptions.)
- ENTR 311 - New Venture Planning
 - ENTR 341
- MGMT 305 - Creativity & Innovation or
- ENTR 305 - Creativity & Innovation

Electives:

3 hours of business electives, with suggested courses of:

- SHRM 321
- SHRM 495
- MGMT 303 - Co-Op Education/Management: Jr or
- MGMT 403 - Co-Op Education/Management: Sr (Internship)

3 hours of general electives.

Note(s):

- A 2.000 cumulative average must be attained in the courses of the major.

Notes

- Minimum for undergraduate degree is 120 hours. Major is 21 hours (plus business elective or internship for credit).
- 1-Social Science: Business majors must take ECON 200 as Social Science Elective
- 2-Science: Take any six hours of science - but must include at least 3 hours of Natural Science such as BIOL, CHEM or PHYS
- 3-Humanities: Include any Literature (except 205), CLAS, HIST 200+, THEO 300+, PHIL 300+ (but cannot also double count as ERS)
- 4-Foreign Language: Must complete 201-level
- FLAGS: All flags are included in business core curriculum
- *General electives may be filled by any course or pre-requisites based on Math or Foreign Language placement scores

Marketing, B.S.B.A.

The Department of Marketing offers the degree of Bachelor of Science in Business Administration in Marketing.

Marketing is the activity, set of institutions and processes for creating, communicating, delivering and exchanging offerings that have value for customers, clients, partners and society at large. This is accomplished through marketing research, product planning and pricing, promotion, and distribution. The Marketing major develops an understanding of the concepts, functions and institutions of marketing, an appreciation of consumer orientation, and the ability to analyze marketing problems and formulate marketing policies.

This program is particularly relevant to the student planning a career in sales, advertising, consumer relations, merchandising, brand management, marketing management, marketing research, retailing, services, purchasing, business logistics, small business operations, executive management, consulting, business education, or work in certain government agencies.

Requirements for the Marketing Major

Undergraduate core curriculum requirements:

48-63 Credit Hours dependent on courses taken, including

Mathematics:

- MATH 140 - Concepts of Calculus

Social science:

- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles

Business core requirements

Business Core Courses

A 2.00 grade point average must be attained in the business core. At least half of the 42 total credit hours must be taken at Xavier.

- [ACCT 200 - Introductory Financial Acct](#)
- [ACCT 201 - Introductory Managerial Acct](#)
- [BAIS 210 - Quantitative Methods](#)

- [MKTG 300 - Principles of Marketing](#)

Major Requirements:

21 total credit hours required (in addition to MKTG 300), as follows:

9 hours of foundations specifically required:

- MKTG 302 - Marketing Research
- MKTG 370 - Consumer Behavior
- MKTG 495 - Mktg Planning & Analysis

12 hours of electives required:

Select from MKTG 306-494 (except MKTG 403) (Refer to Course Descriptions.)

- BAIS 329 - Data Mining can be used.

Electives:

- 3 hours of business electives (business co-op can be included here via MKTG 303 or MKTG 403).

Note(s):

- A 2.000 cumulative average must be attained in these marketing courses.
- The student must earn a grade of "C" or better in MKTG 300 to advance to upper level marketing courses.
- MKTG 495 - prerequisites: successful completion of 9 hours of Marketing course work (above 300) - MKTG 495 must be taken in the last semester.
- MKTG 302 - prerequisites: successful completion of STAT 211 (C- or better)

Bachelor of Science in Nursing

Nursing - Accelerated (ABSN), B.S.N.

The Accelerated Bachelor of Science in Nursing (ABSN) program is for individuals who have bachelor degrees in other fields and wish to become registered nurses. This program builds upon the current BSN degree program which is fully approved by the Commission Collegiate on Nursing Education (CCNE) and approved by the Ohio Board of Nursing. Admission to the ABSN program will follow the successful completion of a bachelor's degree from an accredited program. For more information, see <https://acceleratednursing.xavier.edu/>.

The following four program objectives guide the ABSN program: 1. Demonstrate scholarship through critical thinking vital to professional judgement and ethical/moral decision making; 2. Exemplify service by valuing the dignity and worth of each person while providing thoughtful, compassionate and competent professional care with clients in transition; 3. Demonstrate leadership by coordinating, delegating, collaborating and maintaining collegial relationships with other members of the interdisciplinary health care team to promote the health and welfare of clients; and, 4. Value personal and professional growth through involvement in professional activities and by assuming responsibility for professional competence and continuing education.

The 63 credit hour curricula for the ABSN program is sequentially and logically structured to achieve expected individual and aggregate student outcomes related to program objectives. Didactic content is applied to health care delivery in eight (8) practicum courses over program. Practicums are started in the first semester. Content becomes more complex with each succeeding semester. Students are gradually placed in more complex health care environments within the community (i.e. schools, nursing homes, hospitals, rehabilitation centers and home health) and end their course of practicum study with an immersion experience. Successful completion of objectives for individual courses within the nursing major at each level provides the knowledge and skills necessary for a smooth transition to the next level. Upon completion of the program, students will have provided nursing care to individuals across the life span with diverse cultural backgrounds. The combined course work promotes student achievement of

program objectives.

Admission Criteria

Applicants must have bachelor degrees from accredited programs with a GPA of 2.7 or better. Students must also complete Anatomy and Physiology and Microbiology pre-requisite courses.

Major Requirements

- NURS 100 - Survey of Professional Nursing
- NURS 110 - Health, Culture and Diversity

- NURS 432 Nursing Concepts in Community Health II
- NURS 433 Nursing Concepts in Community Health Practicum II
- NURS 499 Transition to Professional Nursing

Total (9)

Nursing, B.S.N.

The Bachelor of Science in Nursing program is designed for the student who is interested in becoming a professional registered nurse. The graduate is prepared as a generalist to meet the health care needs of diverse populations across the lifespan in an ever-changing, highly technical health care environment. The program is focused on an holistic health and wellness model and educates nurses in the skills of communication, coordination and cooperation with an interprofessional team of health care providers in a variety of settings. Teaching is enhanced by state-of-the-art clinical simulation laboratories and interprofessional learning opportunities.

Students are able to complete a program of study leading to the degree of Bachelor of Science in Nursing (BSN) in one of two tracks: the traditional, four-year track for students with no previous baccalaureate degree or the Accelerated Bachelor of Science in Nursing (ABSBN) which is designed for individuals with a baccalaureate degree in other disciplines. All students meet the four program outcomes of scholarship, leadership, service and professional and personal development.

BSN Traditional Track

The four-year pre-licensure program requires 126 credits for graduation. Xavier's core curriculum requirements complement the innovative nursing curriculum. This well-rounded approach to education enables students to develop critical thinking and communication skills - two qualities essential in today's unpredictable and increasingly

complex health care environment.

The BSN traditional track is a selective admission program. Go to: <http://www.xavier.edu/undergraduate-admission/Admission-Process.cfm> to review admission requirements specific to nursing.

Course Requirements

The 4 year BSN degree program requires undergraduate core curriculum courses, 62 credit hours of nursing courses, additional science courses, one additional math course and one additional social studies course. 120 credit hours are required for a bachelor's degree from Xavier University but due to the additional requirements for nursing major, 126 credit hours are required for the Bachelor of Science in Nursing..

B.S. in Nursing

Total (14)

Scheduling Notes:

- ¹ These courses must be taken in the semester indicated.
- ² These core courses must be taken freshman year
- ^C Meets university core requirement
- + In addition to the University core curriculum requirements, all students must satisfy the 5 flags. The 5 flags include: Diversity (NURS 132 fulfills), E/RS*, Oral Communication (NURS 130 fulfills), Quantitative Reasoning (CHEM 150, 151 fulfills), Writing (NURS 370 fulfills). *Nursing students may be able to fulfill the remaining E/RS flag by selecting a Theological Perspectives courses that is also approved as E/RS flag.
- ³ Nursing students should choose a course that fulfills the E/RS elective.
- ⁴ Humanities elective may be satisfied by 1 course from the following: All Classics except 205; ENGL 121+ except 205; FREN 300+, GERM 300+, HIST 200+, PHIL 300+, THEO 300+. Note: Humanities Elective may not double-count as an E/RS flag (though may be E/RS flagged course).
- No Theology course may double-count for both Theological Perspectives and Humanities Elective.
- Each practicum credit is equal to three (3) clock hours per week.
- The nursing elective may also be taken any time after the completion of all 200 level nursing courses.

Progression Notes:

- A minimum grade of "C" is required in all nursing courses and in science, math and social science courses.
- A cumulative GPA of 2.700 is required to progress to sophomore level and must be maintained throughout the program.

Bachelor of Social Work

Social Work, B.S.W.

"I want to help people." This is the quest most commonly identified by students declaring social work as a major. For those with a strong desire to promote social justice and improve the collective well-being of individuals, families, groups, organizations, and communities, social work is a profession with both educational and licensure requirements. Social workers are licensed professionals helping both individual people and society with complex interpersonal and social problems

Social Work at Xavier is a four-year undergraduate program grounded in the liberal arts which grants the student a bachelor of social work (BSW) degree and has been accredited continuously for over thirty five years by the Council on Social Work Education.

In order to graduate students who are prepared for beginning level social work generalist practice as well as for graduate school, the following five goals of the Social Work program are linked to the student learning outcomes of the University.

- **Critical Thinking & Research:** students will apply critical thinking skills in order to engage as a consumer and producer in research informed practice and practice informed research.
- **Practice as a Professional:** students will identify as professional generalist practitioner and become leaders engaging, assessing, intervening, and evaluating client systems at all levels, with an understanding of interprofessional practice.
- **Ethics & Values:** students will be able to engage in a decision making process based on the ethical principles of social work and identifying personal and professional values that play a role in that process.
- **Policy & Social Justice:** students will be able to engage in analysis and action regarding policy and practice standards that are informed by knowledge of institutional discrimination, oppression, and privilege and that advance social justice for all
- **Human Behavior & Diversity:** students will be able to utilize social work cultural competency standards and theories of human behavior grounded in person-in-environment perspective, including bio-psycho-social-spiritual assessment.

Social work majors primarily complete their university core curriculum requirements during freshman and sophomore years, including four courses required by the major that are taught outside of the department. Most required social work courses are upper level courses taught inside the department during junior and senior years.

To be an effective beginning level generalist practitioner, social work majors must acquire knowledge of social work theory and develop skills as a practitioner under professional supervision. During both semesters of the senior year, students are engaged 16 hours per week in a supervised Field Placement agency setting. During spring semester of the junior year, the Director for Field Education guides students through an extensive matching process to choose their Field Placement site.

Social Work licensure requirements vary by state. To determine the licensure requirement for each state, see www.aswb.org. In many states, including Ohio, students graduating with a BSW can take the licensure exam to be a Licensed Social Worker. In Ohio, the licensure exam can be taken in spring of the senior year to prepare for employment upon graduation.

Social workers who have graduated from an accredited BSW program like Xavier's may be eligible for advanced standing admission to graduate-level MSW programs. Through advanced standing, social work graduate students can often complete their graduate degree in only one year.

Academic Performance Policy

Declaring the Major

Students may declare Social Work as a major as incoming freshmen or thereafter during their careers at Xavier as long as they are in good academic standing in the university (gpa 2.0 or higher).

- The first step is to meet with the chair of the department.
- After that, the official change of major through the registrar's office will be initiated by the department administrative assistant.
- Students will then be assigned an Academic Advisor within the Social Work Department, and are required to meet with their Academic Advisor each semester to ensure completion of the required curriculum.
- All students declaring social work as a major enter the major at provisional status.
- In the junior year, social work majors must have achieved a December 2.5 GPA to be eligible to complete the Field Placement Petition process in spring in order to enter field placement in fall of the senior year.
 - Social work majors should begin their junior year with a minimum 2.5 GPA in the major as determined by the registrar (for a minimum of 3 SOCW courses taken at Xavier University).
 - Those who have achieved a minimum August 2.5 GPA will be granted full acceptance into the major during fall semester of the junior year.
 - Those who either have not yet achieved a minimum August 2.5 GPA or who have not yet completed 3 SOCW courses at Xavier University will be placed on provisional status as a major and have one semester, the fall semester of junior year, to meet this December GPA requirement.

Admission & Academic Performance Policy

1. Students must be in good academic standing (GPA of 2.0 or higher) at the university to be accepted as a social work major and an overall minimum grade point average (GPA) of 2.0 is required to graduate from Xavier University.
2. Social work course credit is not granted for life experiences or previous work experience.
3. A minimum GPA of 2.5 in the major is required to graduate with a BSW degree.
 1. This GPA is based on the 53 required social work credit hours plus the 9 credits of electives.
 2. It does not include the 12 CR of coursework required outside the department: intro to sociology, intro to psychology, human biology, and statistics.
4. All students declaring social work as a major enter the major at provisional status.

5. In the junior year, social work majors must have achieved a December 2.5 GPA to be eligible to complete the Field Placement Petition process in spring in order to enter field placement in fall of the senior year.
 1. Social work majors should begin their junior year with a minimum 2.5 GPA in the major as determined by the registrar (for a minimum of 3 SOCW courses taken at Xavier University).
 2. Those who have achieved a minimum August 2.5 GPA will be granted full acceptance into the major during fall semester of the junior year.
 3. Those who either have not yet achieved a minimum August 2.5 GPA or who have not yet completed 3 SOCW courses at Xavier University will be placed on provisional status as a major and have one semester, the fall semester of junior year, to meet this December GPA requirement.
 4. A student may appeal the 2.5 GPA policy by submitting the request in writing to the department. The department has the right to deny or grant any such request.
6. The social work department has a "C or better" grade policy for all courses required by the major. If a student receives a letter grade below a "C" , meaning a "C-" or below, in a course required by the social work major, the student must repeat the course.
 1. This policy applies to all SOCW courses and those required courses taught outside the department. (listed in italics in the social work handbook/advising checklist)
 2. This policy DOES NOT apply to courses fulfilling the required 9 CR of social work electives.
 3. A student may appeal the "C or better" grade policy by submitting the request in writing to the department. The department has the right to deny or grant any such request.
7. Students fully accepted as a major with a minimum 2.5 GPA whose GPA in the major drops below 2.5 have one semester of probationary status and one semester only to return to a minimum 2.5. Students unable to do so will no longer be able to declare social work as a major.

Termination from Social Work Major

The Social Work Department at Xavier University is interested in promoting professionalism in social work. The termination process of the Department is designed to ensure that individuals who do not meet the expectations for entry level social work do not graduate with a social work degree.

- Prior to termination, the student will be provided with verbal and written notification of an impending action.
- An interview with the Chairperson and/or Director for Field Education will be scheduled with the student to discuss alternate options to termination.
- If an option other than termination is viable, a contract will be negotiated between the Chairperson and the student specifying steps to be taken toward resolution with a time limit for the accomplishment of the plan.
- A final interview with the Chairperson will be scheduled to determine if the steps in the contract have been successfully accomplished.
- The Chairperson may re-negotiate the contract as needed.
- Students who are terminated from the major are notified in writing of the decision.

Students may be terminated from the social work major for both academic and/or professional performance issues. Students may be terminated from the major any time after declaration of the major. To terminate a student from the major is a serious decision that is made collectively by the social work faculty. These reasons may include, but are not limited to:

Reasons for Termination:

1. Failure to meet or maintain academic grade point requirements as established by the University.
2. Academic plagiarism in any social work course.
3. Failure to meet academic requirements of the program.
4. Violation of the NASW Code of Ethics.

Requirements for the Social Work Major

Undergraduate Core Curriculum requirements:

48-63 Credit Hours dependent on courses taken. See Undergraduate Core Curriculum

Courses taught outside the department required by the major that also meet core curriculum requirements.

Mathematics:

- Take Statistics from either MATH 116 or MATH 156 and earn a grade of "C" or better; and take another math core class.

Science:

- BIOL 102 and BIOL 132 and earn a grade of "C" or better;

Social Sciences:

- PSYC 101 and SOCI 101 and earn a grade of "C" or better in each class.

Major requirements:

53 credit hours, as follows; and 9 credit hours of electives, as needed for a total of 62 credit hours.

Specific social work courses required, take:

- SOCW 167 - Survey of Society Social Work
- SOCW 206 - Intro to Gender & Diversity St
- SOCW 208 - Economics of Society
- SOCW 299 - Child Welfare and Development
- SOCW 300 - Adolescence - Older Adulthood
- SOCW 315 - Values, Human Rights, Advocacy
- SOCW 316 - Soc Policy & Contemporary Issu
 - SOCW321 Communication Skills for Professional Social Work Practice
- SOCW 352 - Research Methodology
 - SOCW Upper Level Diversity Course (Choose either SOCW 318 Trends in Modern Soc: Race Rel, or SOCW 325 Women/Men: Myth & Reality)
- SOCW 392 - Practice I: Individuals
- SOCW 393 - Practice II: Groups & Families
- SOCW 394 - Practice III: Comm & Org
- SOCW 404 - Rel/Ethics & Profession Pract
- SOCW 417 - Social Work Field Instruction
- SOCW 418 - Social Work Field Instruction
- SOCW 419 - Social Work Seminar
- SOCW 420 - Social Work Seminar
 - SOCW425 Research Methods II

Social Work Electives

9 credit hours as follows:

- Minimum of nine hours in related divisional work as specified in the Support Core (or other courses approved by the department chair),
- CJUS 101 - Intro to Criminal Justice
- CJUS 260 - Current Issues in Crim Justice
- CJUS 321 - Juvenile Justice
- CJUS 335 - Inside-Out Prison Exchange
- COMM 101 - Oral Communication
- COMM 209 - Group Dynamics
- POLI 140 - American Government and Politi
- POLI 301 - Political Philosophy
- PSYC 261 - Social Psychology

or

- SOCW 261 - Social Psychology
- PSYC 277 - Psychological Disorders
- SOCW 318 - Trends in Modern Soc: Race Rel
- SOCW 325 - Women/Men: Myth & Reality
- SOCW 402 - Child Maltreatment & Fam Viol
- SOCW 444 - Addictive Behaviors
- PSYC 367 - Psychology of Aging

Additional Major requirements:

- In order to enter field education courses, the student must complete the petition for acceptance into field education, and receive approval for entrance into field by the department.
- Other policies for Social Work majors are located in the departmental student handbook.
- A grade of "C" or better must be attained in each course required for the social work major, including the nine hours of social work electives.
- Exceptions to this requirement may be granted following petition to the department.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S.W. Social Work

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- ENGL 101 - English Composition or ENGL 115 - Rhetoric
- PHIL 100 - Ethics as Intro to Philosophy
- Second Language I
- CORE 100 - First Year Seminar
- CORE 101 - First Year Co-Curricular Program I
- SOCW 167 - Survey of Society Social Work (fulfills core Diversity Curriculum Requirement)

Total (15)

Second Semester

- THEO 111 - Theological Foundations
- Second Language II
- SOCI 101 - Introduction to Sociology or PSYC 101 - General Psychology or PSYC 130/131 - Psychology Science Perspective/Lab
- Creative Perspectives Elective
- Historical Perspectives
- CORE 102 - First Year Co-Curricular Program II

Total (15)

Sophomore Year

First Semester

- SOCW 299 - Child Welfare and Development (fulfills core curriculum Social Science Requirement)
- SOCW 206 - Intro to Gender & Diversity Studies
- PHIL 200 - Philosophical Perspectives
- Scientific Perspectives Elective
- CLAS 205 - Classical Lit & Moral Imagination or ENGL 205 - Literature & Moral Imagination or SPAN 205 - Hispanic Lit & Moral Imagination

Total (15)

Second Semester

- SOCW 300 - Adolescence - Older Adulthood
- BIOL 102/132 - Life: Human Biology/Lab (fulfills core curriculum Natural Science Requirement) or BIOL 106/107 - Biology of Aging/Lab
- SOCW 208 - Economics of Society
- Humanities Elective
- Oral Communication Elective

Total (15)

Junior Year

First Semester

- PSYC 101 - General Psychology or SOCI 101 - Introduction to Sociology
- SOCW 392 - Practice I: Individuals
- Upper Level Diversity Course
- SOCW 315 - Values, Poverty and Society ⁺
- SOCW 321 - Communication Skills

Total (15)

Second Semester

- MATH 166 - Elementary Stats
- SOCW 393 - Practice II: Groups & Families
- SOCW 316 - Soc Policy & Contemporary Issu
- SOCW Elective
- Quantitative Reasoning Elective

Total (15)

Senior Year

First Semester

- SOCW 417 - Social Work Field Instruction
- SOCW 419 - Social Work Seminar
- SOCW 352 - Research Methodology
- SOCW 394 - Practice III: Comm & Org
- General Elective

Total (15)

Second Semester

- SOCW 418 - Social Work Field Instruction
- SOCW 420 - Social Work Seminar
- SOCW Elective or Writing Intensive Elective
- SOCW 425 - Research Methods II
- SOCW 404 - Rel/Ethics & Profession Pract

Total (15)

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- + Several courses offered by the social work department fulfill the fourth societal focus course in the Core Curriculum's Ethics/Religion and Society (E/RS) Focus: SOCW 315 Values, Human Rights, Advocacy; SOCW 404 Rel/Ethics & Profession Pract; and SOCW 206 - Intro to Gender and Diversity Studies

Associate of Arts

English, A.A.

Core Curriculum Requirements:

See Undergraduate Core Curriculum

Concentration Requirements:

15 credit hours, as follows:

6 hours from:

- ENGL 115 - Rhetoric
- ENGL 221 - Poetry

9 hours of upper-level electives:

- ENGL 300-498 (Refer to Course Descriptions), including one course each in British literature and American literature.

Note(s):

- A 2.000 cumulative average must be attained in the English courses.

Requirements for all Associate's Degrees

See Requirements for Degrees, Majors, Minors, and Certificates

French, A.A.

The Department of Classics and Modern Languages offers an Associate of Arts degree in French, German, and Spanish.

French/German/Spanish A.A. Requirements

The Department of Modern Languages offers the Associate of Arts degree in French, German, or Spanish.

Requirements for the Associate of Arts in French, German, or Spanish

This Associate of Arts degree requires a minimum of 60 credit hours including 31 credit hours of Core Curriculum Requirements and a minimum of 15 credit hours of Concentration Requirements,

Core Curriculum Requirements:

See Undergraduate Core Curriculum for details.

Concentration Requirements: 15 hours minimum from either French, German, or Spanish

- Up to nine additional credit hours of lower division language courses may be required as determined by the placement test.
- All courses must be taught in the foreign language to count toward the concentration.
- A 2.5 cumulative grade-point average must be attained in all concentration courses.

French

FREN 202-498. See Course Descriptions

German

GERM 202-498. See Course Descriptions

Spanish

6 hours of language from:

- SPAN 300 - Advanced Spanish I or
 - SPAN 301 - Advanced Spanish II
- and
- SPAN 328 - Phonetics and Dialectology

3 hours of culture from:

- SPAN 350-352 (Refer to Course Descriptions).

6 hours of electives from:

- SPAN 302-498 (Refer to Course Descriptions).

TOTAL for A.A. DEGREE: 60 Credit Hours

Requirements for Associate Degrees in French/German/Spanish

Meeting degree requirements is the student's responsibility.

Candidates for associate degrees must have:

1. completed the appropriate requirements listed under the Core Curriculum - Associate's Degrees;
2. attained a 2.5 average in the course work of the concentration;
3. attained a cumulative grade point average of 2.000;
4. earned at least 60 hours;
5. completed the last 30 hours at Xavier, excluding consortium courses, unless waived by college dean;
6. transferred, normally, no more than 9 hours from another college or university toward a degree after matriculation at Xavier;

7. filed a formal graduation application by the deadline published for each semester;
8. completed all departmental requirements in the concentration field and all requirements of the college;
9. cleared all financial obligations to the University before the diploma and transcripts can be released.

In addition to the above, transfer students must have:

10. completed at least one-half of the course requirements of the concentration at Xavier.

German, A.A.

The Department of Classics and Modern Languages offers an Associate of Arts degree in French, German, and Spanish.

French/German/Spanish A.A. Requirements

The Department of Modern Languages offers the Associate of Arts degree in French, German, or Spanish.

Requirements for the Associate of Arts in French, German, or Spanish

This Associate of Arts degree requires a minimum of 60 credit hours including 31 credit hours of Core Curriculum Requirements and a minimum of 15 credit hours of Concentration Requirements,

Core Curriculum Requirements:

See Undergraduate Core Curriculum for details.

Concentration Requirements: 15 hours minimum from either French, German, or Spanish

- Up to nine additional credit hours of lower division language courses may be required as determined by the placement test.
- All courses must be taught in the foreign language to count toward the concentration.
- A 2.5 cumulative grade-point average must be attained in all concentration courses.

In addition to the above, transfer students must have:

10. completed at least one-half of the course requirements of the concentration at Xavier.

History, A.A.

Core Curriculum Requirements:

See Undergraduate Core Curriculum

Concentration Requirements:

15 credit hours, as follows:

3 hours of history courses from:

- HIST 134 - European History II or
- HIST 144 - U.S. History II continuation of core course.

12 hours of electives chosen from:

- HIST 200-399 (Refer to Course Descriptions.)

Note(s):

- A 2.000 cumulative average must be attained in these courses for the history concentration.

Requirements for all Associate's Degrees

See Requirements for Degrees, Majors, Minors, and Certificates

Liberal Arts, A.A.

This 60 hour program is designed for adult students who are interested in taking courses in several disciplines. The upper division studies requirement allows students to design their degrees through flexibility in course selection. This degree is offered by the College of Arts and Sciences and is available to students who have graduated from high school not less than four years prior to the date of acceptance into the program.

Requirements for the Associate of Arts in Liberal Arts:

Core Curriculum Requirements:

- See Undergraduate Core Curriculum

Upper Division Studies Requirement:

- 20 hours of upper division coursework

Note(s):

- A minimum of 60 credit hours is required for the degree.

Requirements for all Associate's Degrees

See Requirements for Degrees, Majors, Minors, and Certificates

Political Science, A.A.

Core Curriculum Requirements:

Undergraduate Core Curriculum

Concentration Requirements:

15 credit hours, as follows

9 hours of political science courses from:

- POLI 120 - Comparative Govt and Politics
- POLI 140 - American Government and Politi
- POLI 277 - International Relations

3 hours from a choice of either:

- POLI 301 - Political Philosophy
- POLI 350 - Political Theory & Amer Polity

3 hours for an elective from:

- POLI 200-490 (Refer to Course Descriptions.)

Note(s):

- A 2.000 cumulative average must be attained in these political science courses.

Requirements for all Associate's Degrees

See Requirements for Degrees, Majors, Minors, and Certificates

Sociology, A.A.

Core curriculum requirements:

Undergraduate Core Curriculum

Concentration Requirements:

15 credit hours, as follows

3 hours of elective course from:

- SOCI 200-499 (Refer to Course Descriptions.)

12 hours of sociology courses from:

- SOCI 101 - Introduction to Sociology
- SOCI 180 - Culture & Society
- SOCI 352 - Investigating Social Life I

Note(s):

- A 2.000 cumulative average must be attained in the sociology courses.

Requirements for all Associate's Degrees

See Requirements for Degrees, Majors, Minors, and Certificates

Spanish, A.A.

The Department of Classics and Modern Languages offers an Associate of Arts degree in French, German, and Spanish.

French/German/Spanish A.A. Requirements

The Department of Modern Languages offers the Associate of Arts degree in French, German, or Spanish.

Requirements for the Associate of Arts in French, German, or Spanish

This Associate of Arts degree requires a minimum of 60 credit hours including 31 credit hours of Core Curriculum Requirements and a minimum of 15 credit hours of Concentration Requirements,

Master of Arts

Clinical Mental Health Counseling, M.A.

The Master of Arts degree with a concentration in Clinical Mental Health Counseling is a professional degree designed to meet the academic requirements for the Ohio Professional Counselor (PC) license. The Program is also accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP). Accordingly, this degree is awarded to the candidate who has demonstrated a capacity for professional performance by satisfactorily completing the course of study. Students will learn the theory and practice of counseling and be able to apply counseling skills in a knowledgeable and skilled manner to areas such as appraisal, lifestyle and career development, counseling theory, group process, professional, and clinical issues.

Requirements for M.A. in Clinical Mental Health Counseling

60 total credit hours are required.

The Clinical Mental Health Counseling Master of Arts Program requirements are divided into five groupings that will lead the student through a general sequence of academic experiences. Introductory courses are presented in Group I, with intermediate offerings available in Group II. Group III requirements should be attempted only after most of the Group I & II courses are completed. Group V requirements should be completed after Group IV courses.

Group I (12 credit hours):

- COUN 501 - Lifespan Development
- COUN 533 - Counseling Theories & Tech
- COUN 536 - Group Process
- COUN 636 - Career Counseling

Group II (8 credit hours):

- COUN 579 - Psychological & Achieve Test
- COUN 630 - Intro To Mental Health Coun
- COUN 631 - Counseling issues & Ethics
- COUN 640 - Family Relations

Group III (9 credit hours):

- COUN 509 - Counseling Research Methods
- COUN 638 - Cross Cultural Counseling
- COUN 669 - Pre Practicum/Coun Lab
- COUN 765 - Crisis Counseling

Group IV (12 credit hours):

- COUN 642 - Consultation and Supervision
- COUN 767 - Treating Addictive Disorders
- COUN 773 - Counseling Practicum
 - Elective (3 credit hours)

Group V (19 credit hours)

- COUN 671 - Clinical Counseling Internship
- COUN 760 - Personality & Abnormal Behav
- COUN 762 - Clinical & Person Assessment
- COUN 763 - Diagnosis of Psychopath
- COUN 764 - Counseling & Psychother
- COUN 766 - Intervention Skills

TOTAL: 60 Semester Hours

Clinical Mental Health Counseling, M.A.

Please select one of the programs below:

Clinical Mental Health Counseling, M.A.

Clinical Mental Health Counseling, M.A. Dual Track Program

Clinical Mental Health Counseling, M.A. Dual Track Program

Students who enroll in the dual track program will receive a Master of Arts degree in Clinical Mental Health Counseling. Having successfully completed the dual track program, the student will meet licensure requirement for both an Ohio School Counselor and an Ohio Licensed Clinical Counselor.

Curriculum:

To meet state licensure and accreditation requirements, students will be required to take two 600 hour internships, one in clinical counseling in a clinical setting and one in school counseling in a K-12 school setting. Students will also need to complete additional coursework to meet the secondary license requirements.

Group I

- COUN 501 - Lifespan Development
- COUN 533 - Counseling Theories & Tech
- COUN 536 - Group Process
- COUN 579 - Psychological & Achieve Test
- COUN 630 - Intro To Mental Health Coun
- COUN 636 - Career Counseling

Group II

- COUN 509 - Counseling Research Methods
- COUN 631 - Counseling issues & Ethics
- COUN 638 - Cross Cultural Counseling
- COUN 640 - Family Relations
- COUN 669 - Pre Practicum/Coun Lab

Group III

- COUN 642 - Consultation and Supervision
- COUN 765 - Crisis Counseling
- COUN 767 - Treating Addictive Disorders
- COUN 773 - Counseling Practicum
 - Elective (Can use school counseling course)

Group IV

- COUN 671 - Clinical Counseling Internship
- COUN 760 - Personality & Abnormal Behav
- COUN 762 - Clinical & Person Assessment
- COUN 763 - Diagnosis of Psychopath
- COUN 764 - Counseling & Psychother
- COUN 766 - Intervention Skills

Additional Courses Required

- COUN 537 - Intro To School Counseling
- COUN 538 - Adv School Counseling Practice
- COUN 502 - Introduction to College Coun
 - COUN 540 - School Culture and Climate
- EDSP 500 - Sp Ed: Identification & Issue
- COUN 670 - School Counseling Internship (1 credit hour per semester)

English Education, M.A.

Degree Requirements

30 total credit hours, as follows:

M.A. Core Requirements

9 credit hours:

- EDFD 500 - History/Philosophy of Am Educ
- EDMS 506 - Statistics for Education Research
- EDMS 507 - Planning for Educational Research
- EDMS 508 - Research Paper

Remaining Hours

The remaining 21 hours consist of 18 hours taken from graduate level courses in English and 3 semester hours of electives that may be taken from any graduate level course in either Education or cognate concentration. Of those 21 hours, a maximum of 12 semester hours of Xavier University undergraduate courses (numbered 200 or higher) taken at the graduate level, with an earned grade of at least a B may be applied to this program. Undergraduate credit earned at other institutions, while not allowed to count towards degree requirements, can be used for the purposes of licensure.

History Education, M.A.

Degree Requirements

30 total credit hours, as follows:

M.A. Core Requirements

9 credit hours:

- EDFD 500 - History/Philosophy of Am Educ
- EDMS 506 - Statistics for Education Research
- EDMS 507 - Planning for Educational Research
- EDMS 508 - Research Paper

Remaining Hours

Undergraduate credit earned at other institutions, while not allowed to count towards degree requirements, can be used for the purposes of licensure.

Psychology, M.A. (General Experimental Psychology Track)

The degree of Master of Arts in Psychology is designed as a general experimental psychology track to prepare students for employment in a related field and/or to continue their graduate studies at the doctoral level. Students attend on a full-time basis.

Students must maintain a semester grade point average of 3.000 or higher to remain in good standing. The degree of Master of Arts in Psychology will be awarded only to candidates who have completed all coursework and attained a GPA of 3.000 or higher and have both successfully defended their thesis and demonstrated their knowledge of the general field of psychology during an oral comprehensive exam. The oral exam is administered in the spring semester of the second year. There is a 6-year time limit to complete all program requirements. If the thesis has not been defended after the second year of enrollment in the Master's program, the student is expected to be enrolled in PSYC 790, Continuous Major Research (3 credit hours) each Fall and Spring semester until the thesis is defended and deposited in the library or the student has reached the 6 year limit for the Master's program.

Admission Requirements

In order to apply, all materials must be received by the annual February 1st deadline.

Go to <http://www.xavier.edu/psychology-grad/experimental-admission.cfm> to reference the specific admission requirements.

Summary List of Admission Requirements for MA in Psychology

To be eligible for admission, applicants should submit the following items to the School of Psychology before the February 1st deadline:

1. A completed application form either by paper or on-line at <https://www.xavier.edu/apply/grad/>.
2. Non-refundable \$35.00 application fee.
3. One copy of all official transcripts from all previous colleges and universities attended. (A minimum 3.000 overall undergraduate grade point average (on a 4.0 scale) and a minimum 3.000 average in all Psychology courses is required.)
4. Three letters of recommendation.
5. Resume or vita.
6. A written personal statement (2-3 pages) that provides the opportunity to introduce yourself to the School and give reasons for pursuing a graduate degree at Xavier, as well as possible plans after completion of studies.
7. GRE scores: General Knowledge (verbal, quantitative and analytical) area is required. Psychology Subject Test is required for those without psychology as their undergraduate major or minor.
8. A completed Application for Financial Assistance form for possible financial aid, if interested.
9. Any other information that might aid in the selection process.

A minimum of 18 semester undergraduate hours in psychology is required which must include courses in general psychology, statistics, research methods class, and psychology tests and measurements. Courses in college mathematics are also recommended as a preparation for graduate studies. An undergraduate course in industrial-organizational psychology is necessary for students pursuing the industrial/-organizational program. At times, a personal interview may be required by the Admissions Committee of the School of Psychology. Any other questions regarding the program should be directed to the School of Psychology Assistant Director for Enrollment and Student Services at 513 745-1053, or the Director of the specific program to which the student intends to apply.

Grading Policy

Grades are based on a student's performance meeting the standards established and communicated in writing by the professor of the course. A semester grade point average of 3.000 or higher is required for a student to remain in good standing. Any student whose semester (Fall, Spring, Summer) GPA falls below 3.000 or who earns a grade of "C (including C+)" or "F" in any 2 credit hour course will be placed on "WARNING" by the Dean of the College of Professional Sciences and remains on WARNING throughout the remainder of the program. Once on warning, any student whose semester (Fall, Spring, Summer) GPA falls below a 3.000 may be dismissed. In addition, once on warning, any student who earns a grade of "C" or "F" in any course is subject to dismissal. A student who earns a grade of "C" or lower in 4 hours or more of course credit in one semester may be subject to dismissal immediately. The following interpretation of letter grades is used by the department A=excellent, B=good, C=minimal, and F=failure. Faculty may use a +/- system in grading. Students receiving a "C" in a course may be required to retake the course or do additional work to satisfy specific deficiencies. This will be determined by the professor of the course and will be discussed with the student and his/her advisor. The student may be required to register for a

one hour tutorial (PSYC 900) to complete the necessary remedial work, for which he/she must earn a grade of "Pass" to fulfill the requirements for the additional work. The work must be completed by the student during the following academic semester. Students receiving an "F" in a course are required to retake the course. A cumulative GPA of 3.000 or higher is required for graduation, based on a 4.000 scale. An A=4 points, a B=3 points and a C=2 points. Pluses and minuses alter the merit points by .3.

Requirements for M.A. in Psychology (General Experimental Psychology track)

The general experimental concentration in Xavier's master's degree program embraces a 45-credit hour requirement extending over two full-time academic years.

Three themes run through the General Experimental program and are reflected below:

1. General Psychology

Four core courses that help assure basic knowledge within the general field of psychology (12 credit hours).

PSYC 506 - Social Aspects of Behavior

PSYC 509 - Cognitive Aspects of Behavior

PSYC 502 - History & Philosophical Issues

PSYC 608 - Integrative Life Span Psychology

2. Research

Other core courses reflect the importance of a research foundation in psychology (15 credit hours).

PSYC 511 - Advanced Statistics I

PSYC 512 - Advanced Statistics II

PSYC 520 - Computer Statistical Language I

PSYC 521 - Computer Statistical Language II

PSYC 621 - Advanced Research Design & Analysis

PSYC 699 - Master's Thesis (6 credit hours)

3. General Experimental Concentration

18 credit hours of related elective courses to fit student's professional interests.

Thesis

The required thesis carries 6 credit hours and takes the form of an empirical research study. Under the supervision of an advisor, the student develops a thesis proposal and presents this to a three member committee made up of faculty members and/or interested psychologists from the Cincinnati community. Upon completion, the student presents the thesis to the same committee. A single final grade is assigned to the thesis.

Language Requirement

Students must demonstrate proficiency in a computer language, typically gained through the courses PSYC 520 and PSYC 521, Computer Statistical Language I and II.

Public Affairs, M.A.

This program is not admitting students at this time.

The Masters in Public Affairs (MAPA) program is an 18-month multi-disciplinary graduate program that incorporates coursework, field work, and immersive learning experiences to prepare students for lives of public and private sector leadership.

MAPA students study the complexity of social problems with a view to articulating and implementing original solutions to pressing common challenges. Anchored in the humanistic study of the public, MAPA students engage abilities in policy and economic analysis to respond to concrete regional, national, and international political problems. MAPA graduates are effective leaders and communicators, with the know-how to navigate a range of institutions in business, government, and the nonprofit sector, to promote the common good.

Admission Criteria

To be considered for admission as a degree-seeking graduate student, students must first submit the following to the Office of the Graduate School:

- Completed application at www.xavier.edu/grad.
- Official transcript of all undergraduate and graduate work.
- Current and updated resumé/CV.
- A 500-word minimum statement of purpose.
- Two letters of reference from individuals commenting on the applicant's academic/professional potential.
- TOEFL (Test of English as a Foreign Language) or IELTS (International English Language Testing System) test scores for all sections are required of applicants whose native language is not English or whose four-year undergraduate degree program was not in English.

Applicants are encouraged to meet with the program director prior to completing the application process. Please contact the Office of the Graduate School to learn more and apply (513-745-3360).

Curriculum (36 Credit Hours)

Year One

Summer Semester

- PAEA 501: Public and Environmental Affairs I

Fall Semester

- PAEA 600: Philosophy and Public Affairs
- PAEA 620: Economics and Public Policy
- MAPA 650+

Spring Semester

- PAEA 602: Organizational Communications
- PAEA 622: Quantitative Methods
- MAPA 650+

Year Two

Summer Semester

- PAEA 502: Public and Environmental Affairs II
- PAEA 630: Field Experience or PAEA 648: Thesis I

Fall Semester

- PAEA 640: Public Policy Capstone or PAEA 649: Thesis II
- PAEA 624: Political Geography and GIS
- MAPA 650+

School Counseling, M.A.

The Master of Arts degree in School Counseling is a professional degree designed to meet the educational requirements for licensure as a school counselor. Accordingly, this degree is awarded to the candidate who has demonstrated a capacity for professional performance by satisfactorily completing the course of study. Students will learn the theory and practice of counseling in the school setting and be able to apply counseling skills in a knowledgeable and skilled manner to areas such as appraisal, lifestyle and career development, counseling theory, group process, and professional issues.

The program is designed to meet specifications of State of Ohio course requirements for school counselor in grades K-12 as well as the requirements for school counselor in the States of Kentucky and Indiana. Further, the M.A. in School Counseling is accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP).

Requirements for the M.A. in School Counseling

60 total credit hours are required.

The Master of Arts in School Counseling program offerings are divided into four groupings that will lead the student through a general sequence of academic experiences. Introductory courses are presented in Group I, with intermediate offerings available in Group II. Students should complete most of each group before proceeding to the next group. Groups III & IV requirements should be attempted only after Group I courses are completed.

Group I (17 credit hours):

- COUN 501 - Lifespan Development
- COUN 533 - Counseling Theories & Tech
- COUN 536 - Group Process
- COUN 537 - Intro To School Counseling
- COUN 579 - Psychological & Achieve Test
- COUN 636 - Career Counseling

Group II (11 credit hours):

- COUN 509 - Counseling Research Methods
- COUN 631 - Counseling issues & Ethics
- COUN 638 - Cross Cultural Counseling
- COUN 640 - Family Relations
- COUN 669 - Pre Practicum/Coun Lab

Group III (10 credit hours):

- COUN 502 - Introduction to College Coun
- COUN 503 - Crisis Intervention In Schools
- COUN 773 - Counseling Practicum
- EDAD 565 - School Law I

Group IV (13 credit hours):

- COUN 538 - Adv School Counseling Practice
 - COUN 539 - Child Psychopathology
- COUN 670 - School Counseling Internship
- EDSP 500 - Sp Ed: Identification & Issue

Electives (9 credit hours)

Can be taken anytime.

Students can meet requirement for 9 elective credit hours by choose from the following:

Current Counseling Electives (Courses):

- COUN 642 (3) Consultation and Supervision (Required for Clinical MH)
- COUN 764 (3) Counseling and Psychotherapy (Required for Clinical MH)
- COUN 630 (2) Intro to M.H. Counseling (Required for Clinical MH)
- COUN 767 (3) Treating Addictions - Advanced (Required for Clinical MH)
- COUN 639 (2) Treating Addictions 1 (Fall)
- COUN 634 (2) Brief Counseling Interventions (Spring)

Current Counseling Electives (Workshops):

- COUN 434 (2) Intro to REBT and CBT (Summer Workshop)
- COUN 504 (2) Presence Practice - Deeper Therapy (Summer Workshop)
- COUN 512 (1) Spirituality and Counseling (Summer Workshop)
- COUN 526 (1) The WDEP System of Reality Therapy (Summer Workshop)
- COUN 591 (1) Mindfulness in Counseling (Fall Workshop)
- COUIN 527 (1) Transgender Counseling (Summer Workshop)
- COUN 563 (1) Counseling Challenging Youth (Summer Workshop)
- COUN 535 (1) Trauma and Dissociation (Summer Workshop)
- COUN 520 (1) Diagnosis and Treating Anxiety Disorders (Summer Workshop)

Annual January Workshop (1) Topic varies but applicable to school counselors

School of Education Electives open to School Counseling Students:

- EDAD 660 (3) Curriculum Design and Teaching Strategies
- EDSP 501 (2/3) Intro to Emotional Disturbed Children
- EDSP 580 (3) Classroom Management
- EDSP 567 (3) Social Skills and Behavior Management

- EDSP 572 (3) Communication Strategies & Techniques (Assistive Technology)
- EDSP 615 (3) Special Education Law
- EDSP 617 (3) Administrative Partnerships
- Note: Most Education courses are offered all three semesters and many have online options.

Other Possible Electives:

- NURS 779 (1) Applied Interprofessional Collaboration (Spring)
- New Summer Workshops developed each year.
- Additional graduate courses and workshops may count toward elective requirements with advisor and chair approval.

TOTAL: 60 Semester Hours

Notes:

All students must complete COUN 670 (4 sem. hrs.). COUN 670 requires that a minimum of 600 clock hours of on-site school counseling activities be completed under the direct supervision of a school counselor. Of these 600 hours, a minimum of 240 clock hours must be conducted in direct service activities with clientele. On-campus class meetings are also scheduled as part of this experience.

School Counseling, M.A.

Please select one of the programs below:

School Counseling, M.A.

School Counseling, M.A. Dual Track Program

School Counseling, M.A. Dual Track Program

Students who enroll in the dual track program will receive a Master of Arts degree in School Counseling. Having successfully completed the dual track program, the student will meet licensure requirement for both an Ohio School Counselor and an Ohio Licensed Clinical Counselor.

Curriculum

To meet state licensure and accreditation requirements, students will be required to take two 600 hour internships, one in clinical counseling in a clinical setting and one in school counseling in a K-12 school setting. They will also need to complete additional coursework to meet the secondary license requirements. Following is the course requirements, all which are existing courses.

Group I

- COUN 501 - Lifespan Development
- COUN 533 - Counseling Theories & Tech
- COUN 536 - Group Process
- COUN 537 - Intro To School Counseling
- COUN 579 - Psychological & Achieve Test
- COUN 636 - Career Counseling

Group II

- COUN 538 - Adv School Counseling Practice
- COUN 631 - Counseling issues & Ethics
- COUN 638 - Cross Cultural Counseling
- COUN 640 - Family Relations
- COUN 669 - Pre Practicum/Coun Lab

Group III

- EDAD 565 - School Law I
- COUN 502 - Introduction to College Coun
- COUN 503 - Crisis Intervention In Schools
- COUN 773 - Counseling Practicum
- COUN 639 - Substance Use and Prevention
 - COUN 540 - School Culture and Climate

Group IV

- EDSP 500 - Sp Ed: Identification & Issue
- COUN 509 - Counseling Research Methods
- COUN 539 - Childhood Psychopathology
- COUN 670 - School Counseling Internship
 - 5 Elective hours can be met through clinical courses listed below

Additional Courses Required

- COUN 630 - Intro To Mental Health Coun
- COUN 642 - Consultation and Supervision
- COUN 671 - Clinical Counseling Internship (one credit hour per semester)
- COUN 762 - Clinical & Person Assessment
- COUN 764 - Counseling & Psychother

Theology, M.A.

The mission of Xavier's theology program is to provide a transformative theological education from a Catholic and ecumenical perspective inspired by the documents of the Second Vatican Council and the 35th General Congregation of the Society of Jesus. Accordingly, our mission empowers graduate students to: think theologically, analyze issues from a Catholic and interreligious perspective, and act responsibly in the world for the promotion of peace and justice.

Our graduate program in theology provides students with a firm foundation in Christian theology through the study of scripture, tradition and ethics. The program however, is flexible enough to accommodate a wide variety of interests while equipping students with the historical awareness and professional resources necessary to enter or advance in careers such as teaching, ministry or writing; to pursue doctoral work; or to promote their spiritual development.

Because no definite amount of previous study of theology is prerequisite for admission to the program, students may vary considerably in their preparation. Ordinarily, applicants should have a background in the humanities, but each applicant will be considered individually. Students without sufficient undergraduate background in theology or religious studies will normally be required to take THEO 501, Intro to the Study of Theology, as a prerequisite for admission to the M.A. program.

All applicants must have a bachelor's degree from a regionally accredited institution with an undergraduate GPA of 2.700 or better. In addition, all applicants must complete the Miller Analogies Test (MAT) prior to acceptance and obtain a score of 406 or higher. The MA in Theology will require satisfactory completion of 30 semester hours of graduate work (i.e. ordinarily ten courses), all of which must be at the graduate (500-800) level.

Undergraduates who attend Xavier University have a unique opportunity to begin work towards their master's degree during their undergraduate programming. The 5-year path provides a focused, cost-effective way for our most qualified undergraduate students to prepare for a broad variety of professional careers in the service of faith and the promotion of justice in a diverse and pluralistic world.

30 total credit hours are required, as follows:

- THEO 504 - Liberating Bible
- THEO 520 - Journey Through Christianity I
- THEO 524 - Journ Through Christianity II

One course in ethics, including:

- THEO 506 - Found Issues in Christian Ethi
- THEO 540 - Modern Catholic Social Teachin
 - THEO 542-545 (Refer to Course Descriptions.)
 - THEO 547 - Ethics For a Planetary Crisis
- THEO 548 - Bioethics
- THEO 572 - New Testament Ethics
- THEO 615 - Contemporary Ethical Issues

One course in systematics, including:

- THEO 624 - Theological Imagination
- THEO 595 - Christian Eschatology
 - THEO 530-695 (Refer to Course Descriptions.)

Five graduate-level theology electives selected from:

- THEO 500-695 (Refer to Course Descriptions.)

Note(s):

- A 2.800 cumulative average must be attained in all the graduate credit courses.
- Some students may substitute a 6-hours thesis (THEO 699) for two of their elective courses. This must be discussed and agreed to with an advisor prior to completion of the first 12 hours of graduate work. The thesis will be read by its director and two additional readers, and it must be defended in a final oral examination. Students who do not write a thesis will be required to 1) submit a research paper demonstrating their mastery of research skills and their ability to synthesize key themes from their coursework into a coherent theological position, or 2) successfully pass a comprehensive examination covering the central subject matter of the graduate program. In both cases, a faculty committee will assess the quality of this final paper or exam.

Two optional concentrations are available, which can be added and incorporated into the program.

Concentration in Social and Pastoral Ministry:

Students engaged in or preparing for professional ministry in church and society may choose to complete this concentration.

Beyond the 30 hours required for the M.A. degree, the concentration requires six additional credit hours in ministry skills courses and a three credit ministerial internship (THEO 690). Two required courses, Theology of Ministry (THEO 630) and Ethics in Ministry (THEO 632), take the place of two M.A. electives.

Concentration in Religious Education:

This is designed to prepare theology students to meet the Archdiocese of Cincinnati's professional requirements for Catholic High School Religion Teacher Certification at the secondary level.

Beyond the 30 hours required for the M.A. degree, the concentration requires at least 15 additional credit hours. This includes Student Teaching for 9 hours from EDMS 470, along with THEO 538 and EDMS 550 as required courses. Also, a choice of either EDFD 503 or EDFD 510 is required. Note that THEO 538 can double count as an elective in the 30 hours required for the MA Theology degree.

Foundational Courses

- THEO 504 - Liberating Bible
- THEO 520 - Journey Through Christianity I
- THEO 524 - Journ Through Christianity II
 - THEO 624 - Theological Imagination: Approaches to the Sacred
 - One THEO course in ethics.

Concentration Courses

4 Elective Courses in Graduate-Level Theology (12 Hours)

Final Research Paper

Note(s):

The MA program in Theology invites applications from students with a bachelor's degree and a solid academic record. Admission decisions are based on factors such as past academic performance, standardized test score, interview, and other information submitted.

Further information and application materials may be obtained from the Office of Graduate Services, 513 745-3360.

Institute for Spirituality and Social Justice

The ISSJ of Xavier's Theology Department empowers constructive theological reflection and responsible social action through three tracks, including (1) Professional Practice (Ethics, Spirituality, and Professional Practice, or ESSP), (2) Solidarity and Sustainability in a Global Context (SSGC), and (3) Pastoral Care (Applied Spirituality and Pastoral Care, of ASPC). Each track includes offerings in three areas, (1) Programs, Workshops, and Retreats, (2) Certificates, and (3) Graduate Degrees. Each of the three tracks in all three areas is designed to cultivate depth of thought, imagination, and critical skills in a world challenged by violence, social inequity, and environmental instability. Distinctive features of the Institute include experiential learning through spiritual formation, practicums/internships, and the program capstone. The Institute is rooted in a rich tradition of spiritual practices coupled with rigorous intellectual inquiry and social analysis which manifest the Jesuit commitment to work in the service of faith and the promotion of justice in a diverse and pluralistic world.

For more information, call the Director of the M.A. in Theology, at 513 745-2894 or email issj@xavier.edu.

MA in Theology Applied Degrees Tracks:

Ethics, Spirituality and Professional Practice (36 credit hours)

The Professional Practice track is designed for professionals in business and non-profit communities interested in developing deeper spiritual understanding as well as practical skills for competent, ethical and theologically informed professional practices. This track is also appropriate for students interested in careers in the management and administration of churches and church-related organizations and corporations such as dioceses and social ministries.

The Professional Practice track combines theory and practice, building on the traditions of spiritual discernment (Ignatian and others), theological reflection and purposeful action. It develops adult learners as knowledgeable, thoughtful and responsible professionals who improve their work environments and society as a whole. Students learn to respond to challenging situations presented in their professional environments in ethically and spiritually responsible ways.

The program presumes a pluralistic religious environment in the workplace, emphasizing ways to understand, recognize, negotiate and celebrate interfaith relationships. It also reflects Xavier's mission to educate students to serve with excellence and ethical integrity in professional fields and to work for social and economic justice.

The goals of the program are:

- To improve understanding of the Christian spiritual, theological and ethical tradition in dialogue with contemporary challenges of religious traditions.
- To prepare professionals with a sound knowledge of ethical traditions and a commitment to bringing social-ethical perspectives to business and service environments.
- To facilitate the spiritual and theological formation necessary for professionals to integrate professional expertise with competent, ethical, and spiritually informed management practices.

Foundational Courses

- THEO 503 - Liberating Bible
- THEO 520 - Journey Through Christianity I: Community, Authority and Expansion
- THEO 524 - Journey Through Christianity II: Reformations, Modernities and the Global Context
- THEO 624 - Theological Imagination: Approaches to the Sacred
- THEO 547 - Ethics in a Time of Planetary Crisis
- THEO 690 - Discernment and Integration: Capstone Course

ESPP Track Courses

- Ignatian Tradition Course
 - The Ignatian Tradition course can be satisfied by any one of several different courses, such as THEO 513 Jesuit Theology & Spirituality or THEO 514 - Spiritual Exercises in the 21st Century.
- Scripture and Justice Course
 - The Scripture and Justice Course requirement could be fulfilled by one of several possible courses, such as THEO 579 - The Bible and Economic Justice or THEO 580 - Power, Politics and Empire in the New Testament.
- World Spiritual Traditions Course
 - The World Spiritual Traditions Course can be satisfied by one of several possible courses, such as Introduction to Buddhist Spirituality, or Sufism
- THEO 644 - Human Person: Spiritual and Psychological Development

Elective Courses or Research-Based Thesis Option

Solidarity and Sustainability in a Global Context (36 credit hours)

The Solidarity and Sustainability track revolves around the typical definition of sustainability as "development that meets the needs of the present without compromising the ability of future generations to meet their own needs."

This track integrates questions of economic, social and environmental sustainability with the spiritual traditions that engage human potential. Ethical issues are regularly examined, including social justice questions related to distribution of resources, and the need for communal and environmental stewardship in a variety of ways, including the kinds of personal and social transformation that stem from a "change of heart."

Goals of the program include:

- To form an awareness of the current issues of economic and environmental sustainability.
- To develop an appreciation of the complexity and interrelatedness of the global issues that impact economic and environmental sustainability.
- To develop an appreciation of the cultural and historical underpinnings of religious traditions and to learn from other religious traditions in order to deepen one's life and contribution to the world.
- To acquire an ability to discriminate between the peaceful practices and the violent habits within religious traditions and to strengthen the recognition of the diversity of the human drives, seeking meaning within and beyond established religion.
- To engender habits of responsible collaborative action grounded in critical theological reflection and ethical discernment, and to invite others to engage in similar reflection and action.

Foundational Courses

- THEO 503 - Liberating Bible
- THEO 520 - Journey Through Christianity I: Community, Authority and Expansion
- THEO 524 - Journey Through Christianity II: Reformations, Modernities and the Global Context
- THEO 624 - Theological Imagination: Approaches to the Sacred
- THEO 547 - Ethics in a Time of Planetary Crisis
- THEO 690 - Discernment and Integration: Capstone Course

SSGC Track Courses

- Ignatian Tradition Course
 - The Ignatian Tradition course can be satisfied by any one of several different courses, such as THEO 513 Jesuit Theology & Spirituality or THEO 514 - Spiritual Exercises in the 21st Century.
- Scripture and Justice Course
 - The Scripture and Justice Course requirement could be fulfilled by one of several possible courses, such as THEO 579 - The Bible and Economic Justice or THEO 580 - Power, Politics and Empire in the New Testament.
- World Spiritual Traditions Course
 - The World Spiritual Traditions Course can be satisfied by one of several possible courses, such as Introduction to Buddhist Spirituality or Sufism
- Global Justice or Ethics Course
 - The Global Justice or Ethics course can be satisfied by one of several different courses, such as THEO 607 - Theology of Immigration or THEO 610 - Christian Ethics and Globalization.

Elective Courses or Research-Based Thesis Option

Applied Spirituality and Pastoral Care (39 credit hours)

The Applied Spirituality and Pastoral Care track is oriented to human growth and is thus appropriate for all seekers, but it is also specifically helpful to those preparing for professional practice in varieties of pastoral care including chaplaincy, education, campus ministry, youth ministry and varieties of social ministries.

The track explores the richness of Christian spirituality as a way of life oriented to the intellectual, affective, humane and relational qualities of human existence that make life meaningful and worthwhile. It prepares students to engage pastoral work in pluralistic contexts, since their social and pastoral ministries require cultural sensitivities, practical skills and a capacity to connect across religious traditions, with openness and respect.

Through the track, students:

- Gain knowledge about the tradition of Christian spirituality as a resource for theological imagination, personal and communal identity, and personal development.
- Gain an understanding of spiritual practices that promote personal growth, health and well-being, and share those spiritual practices with others in ways that are sensitive to and respect our pluralistic cultural context.
- Gain the skills necessary to engage pastoral practice with clarity about how spiritual growth and spiritual practice enhances their effectiveness and their longevity as pastoral caregivers.

Foundational Courses

- THEO 503 - Liberating Bible
- THEO 520 - Journey Through Christianity I: Community, Authority and Expansion
- THEO 524 - Journey Through Christianity II: Reformations, Modernities and the Global Context
- THEO 624 - Theological Imagination: Approaches to the Sacred
- THEO 547 - Ethics in a Time of Planetary Crisis
- THEO 690 - Discernment and Integration: Capstone Course

ASPC Track Courses

- Global Justice or Ethics Course
 - The Global Justice or Ethics course can be satisfied by one of several different courses, such as THEO 607 - Theology of Immigration or THEO 610 - Christian Ethics and Globalization.
- THEO 630 - Theology of Ministry
- THEO 632 - Ethics in Ministry
- THEO 644 - Human Person: Spiritual and Psychological Development
- THEO 645 - Pastoral Care & Counseling
- THEO 635 - Ministerial Internship or THEO 738 - Youth & Campus Ministry or THEO 715 - Supervised Field Education

ASPC Practicum

- CPE (Clinical Pastoral Education) with Theological Reflection

Urban and Regional Sustainability and Resilience, M.A.

This program is not admitting students at this time.

The Masters of Urban and Regional Sustainability and Resilience program is a multi-disciplinary graduate program that incorporates coursework, field work, and immersive-learning experiences to prepare students for careers in the growing field of sustainability and resilience. Full-time students can complete the program in 18-months, while part-time students can earn their degree in as little as 24 months.

Sustainability students come from varied backgrounds in business, policy and planning, humanities and social-impact sciences. Urban and Regional Sustainability and Resilience students develop deeper understandings of urban and regional systems and best practices as they gain the theoretical frameworks and hard skills needed to be effective leaders for positive and sustainable changes in the public and private sector.

Admission Criteria

To be considered for admission as a degree-seeking graduate student, students must first submit the following to the Office of the Graduate School:

- Completed application at www.xavier.edu/grad.
- Official transcript of all undergraduate and graduate work.
- Current and updated resumé/CV.
- A 500-word minimum statement of purpose.
- Two letters of reference from individuals commenting on the applicant's academic/professional potential.
- TOEFL (Test of English as a Foreign Language) or IELTS (International English Language Testing System) test scores for all sections are required of applicants whose native language is not English or whose four-year undergraduate degree program was not in English.

Applicants are encouraged to meet with the program director prior to completing the application process. Please contact the Office of the Graduate School to learn more and apply (513-745-3360).

Master of Business Administration

Emerging Leaders MBA

The Emerging Leaders MBA (ELMBA) is designed to be a 1-year, full-time, Master of Business Administration program for undergraduates who have recently completed their undergraduate degrees, as well as those with early career experience. It is a cohort program designed for the academically talented individual with a keen interest in experiencing a rigorous MBA program that blends academic challenge, experiential learning, career development, and a team-based learning environment in the Jesuit tradition.

The 39-credit hour program includes nine core courses, one Capstone course, three elective courses, which may be focused in a particular subject area or in the experiential learning realm. The program builds upon the academic talents & foundations of students and offers a myriad of "classroom to conference room" avenues such as: international study, internships, consulting projects, business plan development, company visits, and extensive networking.

Classes are held during the day. The full-time course load, on average, will be between 4-5 classes. The two MBA foundation courses of ACCT 500: Financial Accounting and STAT 500: Business Statistics must be taken before the start of the program. Consult with a MBA advisor before registering for equivalents.

The ELMBA requires a mandatory professional development program that will run throughout the entire course of the program. Professional development programming will

take place on Fridays. Participation in a global immersion experience, an internship, the Executive Mentor program, and other experiential opportunities is highly encouraged.

Fall Semester

- BLAW 550 - Business Law and Ethics
- ECON 550 - Managerial Economics
- FINC 550 - Fundamentals of Finance
- MGMT 550 - Strategy and Organizations
- MKTG 550 - Marketing Strategy

Spring Semester

- BAIS 550 - Business Information Systems
- ACCT 550 - Managerial Accounting
- BUAD 550 - International Business
 - Experience based Electives (**choices include**):

International Immersion trip over Spring Break **OR**

ENTR 668: Small Business Consulting **OR**

MBA Internship

Summer Semester

- Capstone
- Experience based Electives (**choices include**):
 - MBA Internship
 - MGMT 654: Project Management
 - Independent Study or Research
 - Global Immersion

Evening MBA

The Master of Business Administration Program at Xavier University is designed to meet the educational needs of potential and practicing executives. Xavier's MBA program offers an applied realistic approach to education, utilizing a balanced presentation of relevant theory combined with practical case study. The Xavier MBA is an experience in participative learning: case analyses, lectures, group projects, consulting experiences, technology inclusive assignments and simulations. Faculty expertise, numerous live case learning opportunities, and exemplary methods of instruction enable Xavier MBA students to acquire the disciplines and skills of business. Students develop problem-solving and decision-making abilities and the capacity for continued learning, strategic decision making, comprehensive corporate stewardship, and personal ethics & leadership. The Evening MBA program is offered on the main Xavier campus in Norwood, Ohio.

The MBA program is also offered in a 20 month evening cohort format in West Chester, Ohio. Classes are 10 weeks each at this location.

Students in the Evening MBA may attend part-time or full-time, though full-time students are encouraged to join the Emerging Leaders full time day MBA.

Students in the Evening MBA may elect to take classes in the online MBA format or at the West Chester MBA location.

The Xavier MBA program is accredited by The Association to Advance Collegiate Schools of Business ([AACSB.edu](https://www.aacsb.edu)), an accreditation held by only one-third of the existing MBA programs globally.

MBA program applicants are asked to take the Graduate Management Admission Test (GMAT) prior to admission. Test information may be obtained on-line at www.mba.com. The Graduate Record Exam (GRE) is also accepted for MBA admission consideration. Persons holding a doctoral level degree are waived from taking the GMAT or GRE. Information regarding the MBA program may be obtained from the MBA Office Coordinator at 513 745-4800 or email mbaadmit@xavier.edu. However, an

MBA applicant may petition for waiver of the GMAT or GRE based upon undergraduate academics and significant work & management experience. This petition may be submitted during the application process.

It is the responsibility of the graduate student to become informed concerning all required regulations and procedures and to know all courses required for the MBA course of study. In no case will a regulation or course be waived or an exception granted because a student pleads ignorance of the regulation or asserts that information was not given by an advisor or other authority. MBA students must abide by all regulations contained in the MBA Academic Standards form and uphold the standards and expectations of the Ethics Policy.

Xavier MBA participates in a unique partnership with other AACSB accredited Jesuit universities' MBA programs, which are located in major American metropolitan areas. Under the terms of the partnership, each institution works to accept the majority of the coursework completed toward an MBA degree at another participating institution. However, the ultimate decision on course transfer lies with the degree granting institution. Each course transferring must carry a grade of "B" or higher. The MBA is awarded credit for core level and elective courses may be accepted toward the MBA degree. From all other AACSB institutions, a maximum of six semester hours of transfer credit for core level and elective courses may be accepted toward the MBA degree. All transferred coursework must be approved by the MBA office and carry a grade of "B" or better. Graduate courses already applied towards a degree may not be used again for credit toward another graduate degree. The grade and quality points for credits transferred from another institution are not included in a student's grade point average

MBA degree requirements

The Master of Business Administration requires a minimum of 39 credit hours with a GPA of at least 3.000.

Foundation Skills (500-level) courses do not count toward the 39-hour minimum.

Foundation Courses

(6 semester hours)

These courses can be waived or tested out.

- ACCT 500 - Foundations of Financial Acct
- BAIS 500 - Business Statistics

Note(s):

- One or both of these courses may be waived depending upon the student's previous academic credentials provided the prior academic coursework is less than five years old and has a grade of "B" or higher. The CLEP waiver exam meeting the minimum score is accepted for ACCT 500. A CLEP score of 65 is the minimum score for waiver consideration. A Xavier-based waiver exam is available for BAIS 500. Either exam -may be taken once. If not passed, then the corresponding foundation course must be taken. These courses must be completed before those courses with the pre-requisite.

The MBA Core

(27 semester hours)

These specific topics emphasize the integration of skills applied to complex business decisions.

- ACCT 550 - Managerial Accounting
- BAIS 550 - Business Information Systems
- BAIS 551 - Operational Analysis
- BLAW 550 - Business Law and Ethics
- BUAD 550 - International Business
- ECON 550 - Managerial Economics
- FINC 550 - Fundamentals of Finance
- MGMT 550 - Strategy and Organizations
- MKTG 550 - Marketing Strategy

Capstone:

(3 semester hours)

Pre-requisite: complete all the required M.B.A. courses.

Designed to draw on the cumulative knowledge and experience gained during the M.B.A. experience.

Choose one:

- BUAD 690 Corporate Governance or
- BUAD 691 Global Strategic Thinking or
- BUAD 694 Bond Portfolio Management

Areas of Concentration and minimum 9 credit hours required

- Business Administration (9)
- Business Intelligence (9)
- Finance (12)
- Innovation, Change & Entrepreneurship (9)
- International Business (9)
- Marketing (9)
- Pricing Strategy (9)
- Supply Chain Management (9)
- Values-Based Leadership (9)

Contact the M.B.A. office for further details and developments. Some concentrations have required courses. Consult with your academic advisor and the Degree Evaluation report that is available on the Xavier Student Hub.

Students may tailor electives in the area(s) of concentration of their choice to provide a broader understanding of the business world or to specialize their degree. All MBA electives, no matter the department, count toward the Business Administration (MBAN) concentration, which is the default concentration for all students. A declaration of concentration is made via the [MBA office website](#). Opportunities for international study trips, independent study tutorials, and experimental courses are often available for students and count towards the Business Administration (MBAN) concentration. Such opportunities must be discussed with an MBA advisor.

MBA Plus Concentration

A student with an MBA degree earned from any accredited school may participate in the MBA Plus concentration program to earn a concentration in any of the above areas or take graduate level business courses in line with personal interests. The MBA Plus program is not a degree granting program.

Executive MBA Program

The Executive MBA Program develops a student's executive presence so that upon graduation the student will be:

- A strategic decision maker
- Board member ready
- A team player
- Globally Focused & Ready
- An Influential Communicator
- A Developed Leader
- Entrepreneurial & Innovative

The Xavier EMBA program will be ready to lead in a variety of business models & with an enterprise wide lens. As a result of their experience, students will identify the difference between creating & adding value, all the while successfully navigating a professional network.

This holistic development is created by immersion, foundation, advanced business focus, and a capstone

Immersion will require a week long residency in which case study methodology, strategic planning, team building, and personal assessment & leadership are achieved.

Foundation will master executive competencies and focus on value creation and/or value capturing and on leadership within functional area, all the while honing executive

competencies that span & engage culturally, ethically, entrepreneurially, innovatively, and organizationally in addition to in-depth exploration of accounting, economics, financial management, talent management, information systems, CSR, and marketing. These foundations can be applied in any sector and are not inclusive just to business. These include: manufacturing, business to business, business to consumer, service, public sector, non-profit, start-up, mid-size, and large corporations.

Advanced business focus will be multi-dimensional, cross-functional, and experiential. It will develop advanced leadership understanding as skills & knowledge are tested via case study and experiential learning. Consulting projects will vary in scope and size.

The Capstone experience is to design and execute a strategic business plan that creates and captures value. In it, all previous studies will be channeled into Local/National/International consultancy projects, Board membership projects, or other integrative projects.

The Executive MBA experience will be fast-paced and have a condensed-learning format, mandatory team projects and collaborative learning. Class size will be limited for maximum exposure & information absorption. There will be special events to promote deeper learning experiences. There will be networking opportunities. A global immersion, 12-14 days, experience is required for the program.

The EMBA is run separately from Xavier's traditional MBA Program and once a year in September and runs for 16 months. Classes are concentrated into a two day a week format (Friday and Saturday) twice a month. Class time is between 8:00 am till 5:00 pm mandatory international trip occurs in the program. Admission is based on significant managerial and corporate leadership and business experience in addition to undergraduate academic records, GMAT scores, essays, letters of recommendation, a personal interview and evidence of strong organizational support.

Information regarding the Executive MBA Program may be obtained from the MBA Admissions Coordinator, at 513-745-4800 or mbaabmit@xavier.edu

Online MBA

The On-Line MBA is designed to meet the needs of working professionals who cannot easily attend on-campus classes. All required courses are offered on line. On-Line MBA classes start 6 times a year in August, October, January, March, May and late June. Classes are offered in an 8 week format, making it possible for students to take two classes separately, but sequentially in a semester - thus maintaining part-time student status. Students follow an established curriculum of 13 courses. And, as course are taken one at a time, completion time usually ranges from 2.5 to 3 years.

Concentrations are not attainable via the On-Line MBA. While electives are offered on-line, entire concentrations are not available in the on-line format.

On Line MBA students may elect to take classes in the Evening MBA and at the West Chester MBA location.

On-line MBA students are required to work with a MBA advisor before beginning classes.

Master of Education

Educational Administration, M.Ed.

The Educational Administration Master of Education degree, a professional degree, is designed to provide the preparation required for principals, administrative specialists, superintendents, and other educational administration positions. Students are encouraged to select Master of Education courses which correspond with the educational administration/supervision licensure they may seek. Licensure program courses and master's degree courses may be taken in unison or separately. However, a master's degree is required before the student is eligible to apply with their state for licensure or be accepted into a licensure only program. Educational Administration Licensure/Supervision programs include but are not limited to Principal, Specialists, Superintendents, Supervisor of Instruction, Director of Special Education, and Director of Pupil Personnel.

Xavier University also offers an innovative, integrated MSN/MEd program consisting of 47 semester credit hours. The student will receive two separate degrees, the Master of Science in Nursing and the Master of Science in Education. This program was developed in response to a community need for nurse educators. The MSN/MEd prepares the graduate to administer and teach in educational settings (i.e., CE providerships, in-service educators and nurse educators). Please contact the School of Nursing for additional details.

Go to <http://www.xavier.edu/administration-grad/admission.cfm> to reference admission requirements.

Requirements for the M.Ed. in Educational Administration

(30 total credit hours required)

The core education courses are required for the Masters of Education in Educational Administration. and all of the licensure options.

The following serves as a curriculum guide, please see an educational administration advisor.

Core courses: (9 credit hours)

- EDFD 500 - History/Philosophy of Am Educ
- EDFD 505 - Org of Ed Systems in U.S.
- EDFD 507 - Educational Research
- EDFD 508 - Educational Research Paper

Licensure courses: (21 credit hours)

The licensure courses are required for all licensure options. The appropriate internships will be added to the MEd program to complete the licensure requirements. Any combination of the courses that total 21 semester hours will, when combined with the 9 core hours, equal 30 semester hours and thus qualify the candidate for a MEd in Educational Administration. Note: Up to 6 semester hours may be elective credits at 500 Level or above. However elective credits are not applicable for Licensure.

Go to <http://www.xavier.edu/administration-grad/Licensure.cfm> to reference licensure requirements and details.

- EDAD 543 - Supervision of Inst/Staff Pers
- EDAD 548 - Principalship or
- EDAD 561 - Admin of Pupil Personnel Serv
- EDAD 562 - Political Structure & PR
- EDAD 563 - Sch Finance, Bus Aff / Phys
- EDAD 565 - School Law I
- EDAD 570 - Policy Planning & Evaluation
- EDAD 660 - Curr Design & Teach Strategies

Internship(s) are required to complete licensure for principals, specialists, or superintendents.

The required internship varies depending on specific licensure sought.

Consult with an educational administration advisor for specific licensure requirements.

Principal Licensure Courses

- EDAD 771 - Internship:Principal I
- EDAD 781 - Internship:Principal II

Specialist Licensure Courses

- EDAD 772 - Admin Specialist Intern I
- EDAD 773 - Internship:Spec-Staff Pers I
- EDAD 774 - Internship:Spec-Curr Inst I
- EDAD 775 - Internship:Spec-Pupil Svcs I
- EDAD 776 - Internship:Spec-Sch/Com Relat
- EDAD 777 - Internship:Spec-Vocational Ed
- EDAD 782 - Admin Specialist Intern II
- EDAD 783 - Internship:Spec-Staff Pers II
- EDAD 784 - Internship:Spec-Curr Inst II
- EDAD 785 - Internship:Spec-Pupil Svcs II
- EDAD 786 - Internship:Spec-Sch/Com Relat
- EDAD 787 - Internship:Spec-Vocational Ed

Superintendent License Courses

- EDAD 710 - Superintendent Seminar
- EDAD 779 - Internship:Superintendency I
- EDAD 789 - Internship:Superintendency II

Note(s):

- All educational administration students must successfully complete the Master of Education (MEd) Comprehensive Examination upon completion of required coursework to earn the MEd degree.
- Additionally, the University is not obliged to recommend licensure of any type on the basis of the completion of a Master of Education degree or specific coursework in education. Students must also meet leadership, communication, and character requirements and pass the required licensure tests of the State Department of Education for each specific license.

Summary of Steps for Admission and Continual Progress toward MEd Degree and Licensure

Step One:

Admission to M.Ed. graduate program. See <http://www.xavier.edu/education/>

- Apply online to the Office of the Graduate School
- Declare educational administration as major for MEd.

Step Two:

Complete Program for MEd

- Complete 30 semester credit hours, including all required courses
- Pass comprehensive exam (exam can be repeated once, if needed)
- Apply for Xavier graduation

Step Three:

Licensure for Ohio

For Principal or Specialist Licenses:

- Complete course requirements for MEd and/or principal or specialist license.
- For Xavier M.Ed. graduates, complete 6 semester credit hours of additional required coursework.
- Pass licensure exam OATE Exam #015 in educational leadership
- Apply for licensure online at the State Department of Education and follow university and state procedures for licensure.

For Superintendent Licenses:

- Complete course requirements for MEd and/or principal or specialist license.
- For Xavier M.Ed. graduates, complete an additional 12 credit hours approved by advisor, including EDAD 710 Superintendent Seminar and EDAD 779 & 789 Superintendent Internships I & II.
- Must pass licensure exam in educational leadership, if not already completed with Principal or Specialist license.
- Apply for licensure online at the State Department of Education and follow university and state procedures for licensure.

Note(s):

- Students may contact the Office of the Graduate School at xugrad@xavier.edu, <http://www.xavier.edu/graduate-admission/>, or 513-745-3360 for more information and the Department of Educational Administration at 513-745-4210 to schedule an appointment with an advisor.

Elementary Education, M.Ed.

The Master of Education in elementary education will provide the student with a strong foundation in professional knowledge, experience in combining theory with practice, and opportunities for curriculum development and application. The student may pursue an M.Ed. and a teaching license separately or concurrently.

Go to <http://www.xavier.edu/elementary-grad/Admission.cfm> to reference admission requirements.

Requirements for the M.Ed. in Elementary Education

(30 total credit hours required)

Core courses

(9 credit hours)

- EDFD 500 - History/Philosophy of Am Educ
- EDFD 505 - Org of Ed Systems in U.S.
- EDFD 507 - Educational Research
- EDFD 508 - Educational Research Paper

Note(s):

- The remaining 21 hours required are selected from programs such as elementary, Montessori, multi-cultural children's literature, and reading. The M.Ed. candidate is free to select courses that advance teaching in the elementary school.

Programs Requirements for Licensure:

Students seeking initial licensure in early or middle childhood education concurrently with the M.Ed. will declare their Master's concentration as Elementary. Students seeking teacher licensure in early or middle childhood must contact the department for a review of their transcripts. Students are expected to have a broad base of undergraduate coursework spread over the following areas: English, history, sciences, math, speech, and the fine arts. There is a specific sequence within both programs. Course requirements for early or middle childhood licensure extend beyond the 30 hours required for a Masters Degree.

Go to <http://www.xavier.edu/elementary-grad/index.cfm> to reference more information about Licensure options.

Master of Education in Elementary Education -- Cohort Program Ohio Early Childhood License Pre-K - Grade 3

With the passage of Ohio Senate Bill 216, the early childhood P-3 teaching license will be replaced with a new P-5 license, with courses of study beginning in 2020. During our 2019-20 academic year we will continue to research best practices and make course adjustments to align with the new license requirements. Students completing the P-3 license in May 2020 will be eligible for the Early Childhood Generalist 4-5 Endorsement as currently offered. Students entering the early childhood graduate cohort in May of 2020 can expect a revised program of study for the P-5 license.

Students seeking acceptance into the graduate early childhood cohort *must first be accepted into the M.Ed program*. Application for acceptance in the Master of Education Program is made through the Graduate Services Office. Call 745-3360 or visit the Xavier website, www.xu.edu. Upon acceptance in the M.Ed. program a candidate may begin courses listed below.

To begin the admission process for the early childhood cohort program, the student must meet with an academic advisor for transcript review and discussion of the program. Call (513)745-3701 for an appointment. Please bring an official copy of transcripts from all undergraduate and graduate work to this meeting.

Upon acceptance into the Master of Education program a candidate may begin the required courses listed below. Candidates are responsible for graduate information contained in the Xavier University Catalog, such as the comprehensive exam and other graduation requirements.

The candidate must meet with an academic advisor for a transcript review outlining general education requirements:

- English Composition (3)
- History (3)
- Mathematics (6)
- Literature (6)
- Natural Science (3)
- Physical Science (3)
- Fine Art (3)

Professional Foundation Courses

The following courses are taken during the academic year prior to the beginning of the Early Childhood Cohort Program.

- EDEL 500 - Classroom Culture (includes 50 hours of assigned field experience)
- EDEL 251 - Instructional Technology
- EDFD 500 - History/Philosophy of Am Educ
- EDFD 510 - Adv Human Develop & Learning
 - EDEL 260/EDEL 560 - Cultural Diversity in Education

Please Note:

- The licensure candidate may complete the M.Ed. Core courses: EDFD 505, *Organization of Education Systems in the United States*; EDFD 507/ EDFD 508, *Educational Research/Paper* during the initial academic year, or elect to finish at a later date. "No more than six years may elapse between enrolling in a degree program and completion of work for the degree." A comprehensive exam is the final requirement for the degree program. The M.Ed candidate may sit for the exam after 27 hours for the degree have been successfully completed.
- Students who have completed (or will complete by May) general education requirements and professional foundation courses may apply to the Early Childhood Cohort. Application is made during the spring semester. Applications, available through the Department of Childhood Education and Literacy Office, 307 Hailstones Hall, are reviewed by a faculty team and evaluated on the basis of the following: EDEL 500 final grade, field work evaluation, grade point average, Miller Analogy or GRE scores, written and oral communication skills.

Early Childhood License Cohort Courses

Candidates must be accepted into the cohort program in order to enroll in the following courses.

*The schedule below is effective Summer Semester 2009.

First Summer Session

- EDRE 512 - Reading Methods
- EDRE 569 - Phonics & Found of Literacy
- EDEC 558 - Play & Arts in Early Childhood

Total (9)

Second Summer Session

- EDCH 524 - Children's Literature
- EDEC 555 - Early Childhood Care/Practices

Includes field observation

Total (9)

Fall Semester

- EDEL 370 - Junior Field Experience /2 days per week
- EDEC 331 - Early Childhood Math/Sci Cohrt
- EDEC 336 - Early Childhood LA/Soc St Cohr
- EDRE 678 - Literary Assess: Adm, Ana, App

Total (16)

Spring Semester

- EDEC 454 - Cohort Stud Teach Primary
- EDEC 455 - Cohort Primary Seminar
- EDRE 671 - Content Area Literacy

Total (10)

Note(s):

Students must pass the Ohio Assessment for Educators (OAE) Early Childhood Education/012 in the fall semester and OAE Assessment of Professional Knowledge: Early Childhood/001 and Foundations of Reading/090 during the student teaching semester. Additional information on testing may be found at the Department of Childhood Education and Literacy website or www.oh.nesinc.com. See also for test information regarding the endorsements in reading and grades 4 and 5.

Application for the early childhood license is made online through the Ohio Department of Education upon completion of all requirements. The State of Ohio, Four Year Resident Educator License, Early Childhood P-3 from the ODE carries an effective date of July. Students seeking licensure in other states must first complete the Ohio license requirements. Information on licensure is covered in detail during the student teaching semester.

The early childhood license gives the candidate the opportunity to add endorsements for teaching grades 4 and 5 (additional 9 credit hours) or Reading (additional 9 hours), which may be added during the summer following student teaching, or during successive summers. Please consult an advisor before beginning the endorsement courses.

Ohio Licensure Generalist Endorsement Grades 4-5 Graduate Courses

This series of courses is offered for the candidate who holds the Ohio Early Childhood License/Grades P-3 and which will enable them to obtain the generalist endorsement for grades 4-5. The candidate for the endorsement must complete all 9 semester hours of coursework listed below and pass the Ohio Assessment for Educators (OAE): OAE Elementary Education (Subtest I)/018 and OAE Elementary Education (Subtest II)/019

Prerequisite: Holds an Ohio Early Childhood License/Grades P-3. For graduate students who wish to pursue a Masters in Elementary Education, the Generalist Endorsement courses can be applied towards the M.Ed. For more information on the Masters program, go to <http://www.xavier.edu/elementary-grad/Admission.cfm>.

Generalist Endorsement Grades 4-5 Courses

- EDEL 640 Middle Childhood Transitions: Development and Management (1)
- EDEL 641 Mathematics Content, Pedagogy, and Assessment Grades 4-5 (2)
- EDEL 642 Science Content, Pedagogy, and Assessment Grades 4-5 (2)
- EDEL 643 Language Arts Content, Pedagogy, and Assessment Grades 4-5 (2)
- EDEL 644 Social Studies Content, Pedagogy, and Assessment Grades 4-5 (2)

Master of Education in Elementary Education Ohio Middle Childhood License Grades 4-9

Middle childhood licensure at the graduate level is designed for the student who did not receive a teaching license as an undergraduate; has strong undergraduate course work in two of the following: mathematics, science, social studies or English; is available to take pedagogy, methods, and field placement courses with both day and evening scheduling in order to meet the extensive requirements of the middle childhood license. The middle childhood license is for teaching grades 4 through 9 in two subject areas. Students will also study reading methods and children's literature along with their two chosen areas of concentration. The student with current (within the last 10 years) course work in the concentrations may have some concentration requirements waived.

- There is no cohort program (see early childhood licensure) for middle childhood candidates. Progression through the program is unique to the individual due to the various concentration combinations, i.e. one student may choose math and science while another opts for science and social studies. The content courses may not be offered as frequently as the foundation courses, often just one semester out of the academic year. The sequence of course completion is important to the success of the candidate.

Admission

To begin the admission process for the Middle Childhood License/Master of Education program, the candidate must meet with an academic advisor for a transcript review outlining general education requirements:

- English Composition (3)
- History (3)
- Mathematics (6)
- Literature (6)
- Science (6)

- Fine Art (3)

A minimum grade of C is required in all courses, except English composition, for which a B is required. An overall undergraduate grade point average must be a 2.70 or better.

Next the student must apply for the M.Ed. in Elementary Education.

Concentrations

The Middle Childhood Licensure candidate must choose two fields of concentration from the following : (see specific courses under B.S. in Middle School Education)

- Mathematics - 21 hours
- Science - 21 hours
- Social Studies - 24 hours
- Reading/ Language Arts - 24 hours

Students should take the five professional foundation courses before enrolling in the following courses specific to middle childhood licensure. See undergraduate Middle School Education section for list of concentration courses.

Professional Education Courses

- EDEL 500 - Classroom Culture
- EDFD 510 - Adv Human Develop & Learning
- EDEL 251 - Instructional Technology
 - EDEL 260/560 - Cultural Diversity in Education (3)
- EDFD 500 - History/Philosophy of Am Educ

Note(s):

Concentration courses may be completed concurrent with methods/pedagogy courses listed below. Due to the complexity of the licensure requirements, middle school candidates must meet with an advisor each semester. Students should take the five professional foundation courses listed on the preceding page: EDEL 251, EDEL 500, EDFD 500 , EDFD 510, and EDEL 260/560, before enrolling in the following courses specific to the Middle Childhood License.

Middle Childhood Courses

Scheduling of Middle Childhood courses are varied; courses may meet during the day, at 4:15 or 7:00PM, and often require field observation or experience. Be aware that EDMC courses are not offered every semester.

- EDMC 212 - Nature & Needs of Adolescents
- EDSP 500 - Sp Ed: Identification & Issue
- EDCH 526 - Children's Lit for Middle Chil
- EDMC 325 - Arts in Ed: Middle Childhood
- EDRE 569 - Phonics & Found of Literacy
- EDRE 514 - Reading Methods for Middle Chi
- EDMC 340 - Middle School Phil & School Or
- EDMC 345 - Middle Child Class Mgmt Assess

Two courses from

Students take two courses from 351, 352, 353, or 354 (total 6 hours, field experience T & R days) EDMC 351-354 are only offered during Spring semester. EDMC 212 and EDMC 340 prerequisites for EDMC 351-354.

- EDMC 351 - Middle Childhood Lang Art Meth
- EDMC 352 - Middle Childhood Math Methods
- EDMC 353 - Middle Childhood Science Meth
- EDMC 354 - Middle Childhood Soc Stud Meth
- EDMC 455 - Student Teaching: Middle Sch
- EDMC 456 - Sem: Current Issues in EDMC
- EDRE 671 - Content Area Literacy
- EDRE 678 - Literary Assess: Adm, Ana, App

Note(s):

- Praxis II Exams: **You must pass two subject area concentration exams prior to student teaching.** The "Principles of Learning and Teaching: 5-9" is taken during the student teaching semester. See Praxis link at www.xavier.edu.
- Grades 4-6 Middle Childhood Endorsements are an option for persons holding a Middle School license. See Requirements for generalist endorsement under B.S. for Middle School Education.
- The following core courses fulfill Master of Education requirements but are not required to complete the middle childhood license requirements. They can be taken at any time within the six year limit. Students take the Comprehensive Exam related to the three core courses during the last semester of graduate course work.

EDFD 500

EDFD 505

EDFD 507 & EDFD 508

Master of Education

The Master of Education, a professional degree, is designed to meet the needs of professional educators. This degree is awarded to the candidate who has demonstrated a capacity for improving the quality of teaching within the particular sphere of his or her influence by satisfactorily completing a program of graduate work designed to give these characteristics:

1. Broad knowledge of the principles and techniques of education in modern society.
2. Specific knowledge of one major area of the field of education.
3. Essential understanding and skills necessary for intelligent consumption of educational research.

To ensure comprehensiveness in their programs for the Master of Education degree, candidates should include in their programs 9 hours of general survey courses (or alternate courses as indicated by specific program) designed to provide integrated coverage of the broad field of education. These courses (credit hours) are:

EDFD 500 History/Philosophy of Am Educ

EDFD 505 Org of Ed Systems in U.S.

EDFD 507 Educational Research and EDFD 508 Educational Research Paper

To ensure their mastery of a particular area of education, candidates must include a concentration of at least 12 semester credit hours in one of the following areas:

Administration, Art, Biology, Business Education, Chemistry, Classics, Computer/Technology, Elementary Education, English, French, German, History, Political Science, Mathematics, Montessori Education, Multi-cultural Literature for Children, Music, Philosophy, Psychology, Reading, Teaching of English to Speakers of Other Languages (TESOL), Secondary Education, Spanish, Special Education, Theology.

Students should consult with an advisor before beginning their concentration.

The Master of Education program invites applications from students with a bachelor's degree and a solid academic record. Admission decisions are based on factors such as past academic performance, standardized test score, and other information submitted.

Go to <http://www.xavier.edu/education/> to reference program information and admission requirements.

A minimum of thirty hours is normally required for the degree of Master of Education.

These shall be distributed as follows:

1. General surveys in education, 9 credit hours.
2. Concentration, 12 credit hours. (Certain concentrations may require more than 12 semester hours, particularly where state certification requirements are involved. Consult with your academic advisor)

3. Pertinent electives, 9 credit hours.

A student's Master of Education program may not include more than 6 semester hours of workshops, unless by special arrangement with the program directors. The Master of Education degree will be awarded only to candidates who have passed an extensive written examination covering their particular field of concentration (e.g., administration) or covering the three general survey courses in education if they have concentrated in a subject matter field or in elementary or secondary education. The comprehensive exam is not required for the MEd in Sport Administration or MEd in Coaching Education and Athlete Development. Should the student fail the comprehensive examination, it may be repeated only once.

Note: The comprehensive exam is not required for the MEd in Sport Administration or MEd in Coaching Education and Athlete Development. For more information regarding specific requirements for these programs, please see Sports Studies.

Note: For information regarding the Master of Arts in English Education or History Education, please see Secondary Education. For information regarding the Master of Science in Special Education, please see Special Education.

Note: The University is not obliged to recommend licensure of any type on the basis of the completion of a Master of Education degree or specific course work in education. Students must also meet leadership, communication, and character requirements and pass the required tests of the State Department of Education for each specific license.

Xavier University also offers an innovative, integrated MSN/MEd program consisting of at least 54 semester credit hours. The student will receive two separate degrees, the Master of Science in Nursing and the Master of Science in Education. This program was developed in response to a community need for nurse educators. The MSN/MEd prepares the graduate to administer and teach in educational settings (i.e., CE providerships, in-service educators and nurse educators). See the School of Nursing section of this document for additional details.

Montessori Education (for No Ohio State License and No Montessori Credential), M.Ed.

Master of Education Degree in Montessori Education On Campus or Online

The Xavier University Montessori teacher education programs grant an American Montessori Credential and an Ohio Pre-Kindergarten to grade 3 licensure. The programs are affiliated with the American Montessori Society, and accredited by the Montessori Accreditation Council for Teacher Education.

The graduate program in Montessori education is based on a strong foundation in child development. This allows students the option of teaching in a public or private Montessori school, as well as in a traditional public or private school. The program prepares the student with an understanding of Dr. Montessori's philosophy in light of the education of the past and present. The Montessori curriculum courses prepare the student to teach practical life, art, music, movement, sensorial, math, language, geography, science and history. Child development is emphasized in courses EDME 563, EDME 559, and EDME 550 and is an integral part of all of the courses. Those holding a master's degree may obtain certification by planning a post-master's program with the director of the Montessori teacher education program.

Go to <http://www.xavier.edu/montessori-grad/admission.cfm> to reference admission requirements.

For online description, please see the fully online option description: Montessori Education (for No Ohio State License and No Montessori Credential), M.Ed.* *(fully online option)

Requirements for the M.Ed. in Montessori Education (with no Ohio State License and no Montessori Credential)

33 total credit hours are required, as follows

- EDFD 500 - History/Philosophy of Am Educ
- EDFD 505 - Org of Ed Systems in U.S.
- EDFD 507 - Educational Research
- EDFD 508 - Educational Research Paper *
- EDME 551 - Montessori Ed: Phil Approach
- EDME 563 - Human Development
- EDME 550 - Observation/Assessment Methods
- EDSP 505 - Foundations in ECSPED

The other twelve (12) hours can be taken from the following courses:

- EDME 553 - Mont Math & Geometry Methods
- EDME 554 - Mont Language Arts & Read Meth
- EDME 555 - Mont Cultural Subject Method
- EDME 559 - Community & Advocacy in Educ
- EDME 564 - Early Childhood/Montessori Met
- EDME 576 - Phonics Skills for Early Child
- EDME 577 - Early Childhood Math & Science
- EDME 570 - Mont 9-12 Math Curr
- EDME 571 - Mont 9-12 Geometry Curr
- EDME 572 - Mont 9-12 Geography& Hist Curr
- EDME 573 - Mont 9-12 Botany & Zoology Cur
- EDME 574 - Mont 9-12 Physical Science Cur
- EDME 575 - Mont 9-12 Lang & Children's Li

Other Requirements:

- Student must complete BCI/FBI background checks in the first semester and each subsequent academic year.

Note(s):

* The research paper should be completed in the area of early childhood education and an approved copy of the completed paper submitted to the director of the program for the departmental library.

Montessori Education (for No Ohio State License and No Montessori Credential), M.Ed. (Fully Online Option)

The graduate program in Montessori education is based on a strong foundation in child development. The program prepares the student with an understanding of Dr. Montessori's philosophy in light of the education of the past and present.

Admitted students earn a Master of Education with a Montessori focus while working with Montessori and education faculty who teach in Xavier's internationally known program.

Applicants who already have a MACTE-approved Montessori credential may be able to apply it toward 12 hours of the degree.

Students are uniquely enrolled with the online degree program and complete courses within this program solely.

Xavier University is not yet authorized to provide online education in all 50 states. Please consult the state authorization site via the Xavier University site for the listing of [approved states](#).

This program will not provide licensure in any state.

Requirements for the M.Ed. in Montessori Education online program (with no Ohio State License and no Montessori Credential)

- Admitted students take a maximum of 33 credit hours over three semesters-or 18 months.

- Students with a MACTE-approved credential can spread their coursework over 12 months.
- Classes are entirely online and vary in format, including live lectures.
- As part of an online learning community, students collaborate and share ideas such as curriculum planning, assessment, classroom management and making teaching materials.
- Students interact closely with their professors and each other, communicating with other students from around the world.
- Professors hold weekly virtual office hours to maintain communication and an ongoing relationship with students.

Curriculum for the M.Ed. in Montessori Education online program (with no Ohio State License and no Montessori Credential)

Students take the following courses for a maximum of 33 credit hours. Students with a MACTE-approved credential may be able to apply it toward 12 hours of the degree.

- EDFD 500 - History/Philosophy of Am Educ
- EDFD 505 - Org of Ed Systems in U.S.
- EDFD 507 - Educational Research
- EDFD 508 - Educational Research Paper
- EDME 550 - Observation/Assessment Methods
- EDME 551 - Montessori Ed: Phil Approach
- EDME 552 - Mont Curr Des & Te Strat: Pri
- EDME 557 - Montessori Language Enrichment
- EDME 558 - Math And Geometry Enrichment
- EDME 559 - Community & Advocacy in Educ
- EDME 563 - Human Development
- EDSP 505 - Foundations in ECSPED

Notes:

Credentialed Montessori teachers may apply up to 12 hours of their MACTE-approved credential toward the following courses: EDME 552, 557, 558, 559.

Montessori Education (for Ohio Four year resident educator License PreK-3 and American Montessori Society Elementary I Credential - Ages 6-9 and Elementary II Credential - Ages 9-12) M.Ed.

Students can add the Elem. II credential and an OH Generalist Endorsement for Grades 4- 5

Master of Education Degree in Montessori Education

The Xavier University Montessori teacher education programs grant an American Montessori Credential and an Ohio Pre-Kindergarten or Kindergarten to Grade 3 Resident Educator licensure. The programs are affiliated with the American Montessori Society, and accredited by the Montessori Accreditation Council for Teacher Education.

The graduate program in Montessori education is based on a strong foundation in child development. This allows students the option of teaching in a public or private Montessori school, as well as in a traditional public or private school. The program prepares the student with an understanding of Dr. Montessori's philosophy in light of the education of the past and present. The Montessori curriculum courses prepare the student to teach practical life, art, music, movement, sensorial, math, language, geography, science and history. Child development is emphasized in courses EDME 563, 559, 550 and is an integral part of all of the courses. An Ohio four year resident educator licensure for Pre-K-3, and American Montessori Society Early Childhood and Elementary credentials are available within the master's degree. Those holding a master's degree may obtain certification by planning a post-master's program with the director of the Montessori teacher education program.

Go to <http://www.xavier.edu/montessori-grad/admission.cfm> to reference admission requirements.

Requirements for the M.Ed. in Montessori Education (with Ohio Early Childhood License Pre-K and

K-3 and with American Montessori Elementary I Credential – ages 6-9)

54 total credit hours required, as follows

- EDFD 500 - History/Philosophy of Am Educ
- EDFD 505 - Org of Ed Systems in U.S.
- EDFD 507 - Educational Research
- EDFD 508 - Educational Research Paper *
- EDME 550 - Observation/Assessment Methods **
- EDME 551 - Montessori Ed: Phil Approach *
- EDME 552 - Mont Curr Des & Te Strat: Pri **
- EDME 553 - Mont Math & Geometry Methods *
- EDME 554 - Mont Language Arts & Read Meth *
- EDME 555 - Mont Cultural Subject Method *
- EDME 556 - Mont Integration of Curr: Prim **
- EDME 559 - Community & Advocacy in Educ
- EDME 563 - Human Development
- EDME 576 - Phonics Skills for Early Child *
- EDME 670 - Mont Primary Practicum I **
- EDME 671 - Mont Primary Practicum II **
- EDSP 505 - Foundations in ECSPED

Reading Courses:

- EDRE 512 - Reading Methods
- EDRE 678 - Literary Assess: Adm, Ana, App

Adding Elementary II to an Elementary I Credential:

Students may add A.M.S. Elementary II by completing the coursework listed below. Students may add an Ohio Generalist endorsement for grades 4-5 by completing the Elementary II coursework, additional licensing exam, and online Middle Childhood development course.

- EDME 570 - Mont 9-12 Math Curr
- EDME 571 - Mont 9-12 Geometry Curr
- EDME 572 - Mont 9-12 Geography& Hist Curr
- EDME 573 - Mont 9-12 Botany & Zoology Cur
- EDME 574 - Mont 9-12 Physical Science Cur
- EDME 575 - Mont 9-12 Lang & Children's Li

Elementary II Coursework

- EDME 570 - Mont 9-12 Math Curr
- EDME 571 - Mont 9-12 Geometry Curr
- EDME 572 - Mont 9-12 Geography& Hist Curr

- EDME 573 - Mont 9-12 Botany & Zoology Cur
- EDME 574 - Mont 9-12 Physical Science Cur
- EDME 575 - Mont 9-12 Lang & Children's Li
 - No Additional Internship is Required

Generalist Endorsement Requirements:

- Current P-3 Ohio License
- One credit hour online course: Middle Childhood Transitions, Development, and Management
- Passing score on the Ohio Assessments for Educators Elementary Education/018 (Subtest I) and Ohio Assessments for Educators Elementary Education/019 (Subtest II)

Additional Requirements:

- Student must complete BCI/FBI background checks in the first semester and each subsequent academic year.
- Application for student teaching must be turned in by the semester prior to internship.
- Application and fees for American Montessori Society Credentialing, MACTE and NAEYC must be turned in prior to the start of internship.
- State licensing exams must be taken the first semester of internship year.

Note(s):

- Students seeking Ohio Resident Educator's Licensure for P-3 must meet general education background requirements.

* Must be completed before beginning your practicum.

** Courses taken during practicum.

*** The educational research paper (EDFD 507/508) should be completed in the area of early childhood education and an approved copy of the completed paper submitted to the director of the program for the department library.

Montessori Education, M.Ed.

The following Master of Education in Montessori Education program options are available. Please choose from the following:

- Montessori Education (for No Ohio State License and No Montessori Credential), M.Ed.
- Montessori Education (for No Ohio State License and No Montessori Credential), M.Ed. (Fully Online Option)
- Montessori Education (for Ohio four year resident educator License PreK-3 and With American Montessori Society Early Childhood Credential - Ages 2.5 To 6), M.Ed. .
- Montessori Education (for Ohio Four year resident educator License PreK-3 and American Montessori Society Elementary I Credential - Ages 6-9 and Elementary II Credential - Ages 9-12) M.Ed.

Multi-Cultural Literature For Children, M.Ed.

The degree of Master of Education with a concentration in multi-cultural literature for children is a professional degree designed to meet the needs of licensed teaching professionals desiring to enhance their knowledge of appropriate literature for children in the classroom. The degree consists of 30 hours of coursework. The concentration coursework (18 hours) includes diverse coursework in the area of children's literature. The focus for the coursework is study in the diverse base of literature written for children reflecting but not limited to European Americans, Native Americans, African Americans, Asian Americans, Jewish Americans, Latino Americans and other world cultures, not based in the western world. The purpose of this degree is to provide information that will enable teachers to make careful, informed and sensitive choices from among the increasing numbers of books being published as Multi-cultural literature as well as incorporating this knowledge into a holistic, global classroom. Multi-cultural literature is one of the most powerful components of a Multi-cultural education curriculum, the underlying purpose of which is to help to make our society a more equitable one.

Go to <http://www.xavier.edu/multicultural-literature/admission.cfm> to reference admission requirements.

Curriculum Prerequisites

These prerequisites are required if a candidate for the degree does not have a valid teaching certificate or current teaching license.

- EDEL 314 - Teaching Reading or
- EDRE 569 - Phonics & Found of Literacy

Note(s):

- In addition, the graduate candidate must have (or be in the process of completing) a valid teaching certificate or license.

Requirements for the M.Ed. in Multi-cultural Literature

The following coursework is required for the Master degree in Multi-cultural Literature for Children.

MEd Core Requirements

(12 credit hours)

- EDFD 500 - History/Philosophy of Am Educ
- EDFD 505 - Org of Ed Systems in U.S.
- EDFD 507 - Educational Research
- EDFD 508 - Educational Research Paper

Concentration Requirements

(18 credit hours) selected from the following, with EDCH 501 required.

- EDCH 501 - Advanced Children's Literature
- EDCH 505 - Storytelling as a Cultural Cra
- EDCH 510 - Writing & Publishing for Child
- EDCH 515 - Adolescent Literature
- EDCH 520 - Multi-Cultural Lit for Childrn
- EDCH 524 - Children's Literature
- EDCH 525 - Analysis Child Lit Global Soc
- EDCH 526 - Children's Lit for Middle Chil
 - EDCH 528 ** (3)
- EDEL 652 - Culturally Responsive Teaching

Note(s):

- Students completing their studies for the M.Ed. in Multicultural Literature for Children must pass a comprehensive examination and must be able to write knowledgeably on the following areas: children's literature (in general), multicultural literature for children, storytelling as both a genre and a craft, the impact of multicultural literature on the elementary curriculum, adolescent literature as it impacts a global society, and analysis of appropriate literature for children. The M.Ed. candidate may sit for the exam after 27 hours for the degree have been successfully completed.

Reading Specialist, M.Ed.

The degree of Master of Education with a concentration in Reading is a professional degree designed to meet the needs of licensed teaching professionals desiring to enhance their knowledge of the reading process with current theory and research and classroom application. This course of study is designed to prepare teacher candidates and classroom teachers to help students from preschool through high school to become effective, strategic readers who read and write enthusiastically and purposefully. It provides education and training for classroom teachers, media specialists, district literacy coaches, reading consultants, and reading supervisors.

Accordingly this degree is awarded to the candidate who has demonstrated a capacity for professional performance by satisfactorily completing the course of study designed to develop the following characteristics:

1. The ability to articulate and translate the interrelationship of reading, writing, speaking, listening, viewing and visually representing to classroom teaching and curriculum development.
2. The ability to work directly or indirectly with students of all grade levels who could benefit from advanced training in reading skills.
3. The ability to work with teachers, administrators, parents, and other professionals to improve and coordinate a school wide holistic reading program.

This program is also designed to meet the specifications of the International Reading Association, the National Council of Teachers of English, and State of Ohio course requirements for the Reading Endorsement. It also meets reading specialist licensure requirements in many states.

Go to <http://www.xavier.edu/reading/admission.cfm> to reference the admission requirements.

Curriculum Prerequisites

These prerequisites are required if a candidate for the degree does not have a valid teaching certificate or current teaching license.

- EDRE 312 - Reading Methods or
 - EDRE 512 - Reading Methods
- or
- EDRE 314 - Reading Methods for Middle Chd or
 - EDRE 514 - Reading Methods for Middle Chi
- and
- EDRE 471 - Content Area Literacy or
 - EDRE 671 - Content Area Literacy

Note(s):

- The candidate should take an undergraduate course in children's literature or adolescent literature.
- In addition, the graduate candidate must have (or be in the process of completing) a valid Ohio teaching certificate or license.

Requirements for the M.Ed. in Reading

The following coursework is required for the Master degree in Reading and meets the State of Ohio standards for the Reading Endorsement.

MEd Core Requirements

(9 credit hours)

- EDFD 500 - History/Philosophy of Am Educ
- EDFD 505 - Org of Ed Systems in U.S.
- EDFD 507 - Educational Research
- EDFD 508 - Educational Research Paper

Concentration Requirements

(21 credit hours)

15 hours required specifically with

- EDRE 569 - Phonics & Found of Literacy
- EDRE 671 - Content Area Literacy
- EDRE 672 - Theories of Reading
- EDRE 678 - Literary Assess: Adm, Ana, App
- EDRE 679 - Practicum in Reading

3 to 6 hours selected from the following Literature Elective List

- EDCH 501 - Advanced Children's Literature
- EDCH 505 - Storytelling as a Cultural Cra
- EDCH 515 - Adolescent Literature
- EDCH 520 - Multi-Cultural Lit for Childrn
- EDCH 524 - Children's Literature
- EDCH 526 - Children's Lit for Middle Chil
- EDRE 676 - Teaching Writing Process

0 to 6 more hours selected, if needed, from

- EDEL 651 - Instr Strat For EL
- EDRE 675 - Current Research in Reading
- EDRE 685 - Teach Read Children w/SpC Need
 - EDME 562 - Phonics and Orton Gillingham
 - (Please check current advising sheet for additional courses.)

Note(s):

- Students completing their studies for the M.Ed. in Reading must pass a comprehensive examination writing knowledgeably on the following areas of literacy: phonics, reading strategies, literacy development, reading theories, content area literacy, vocabulary acquisition, the reading process, and diagnosis and remediation of reading. The M.Ed. candidate may sit for the exam after earning 27 credit hours. Successful completion of the degree is contingent on passing the exam.

Reading Endorsement Requirements

Those completing the M.Ed. in Reading Education with a valid Ohio teaching license may also want to add the Reading Endorsement to their teaching license. The endorsement has a 21 hour. course requirement: 15 hours of coursework in reading and 6 hours in reading electives (see list above); and **100 hours of documented field hours** in the area of reading. Master degree candidates may work on their degree and the endorsement simultaneously. After completion of the course requirements for the endorsement, the State of Ohio requires that the candidate take the Ohio Assessment for Education in Reading O38 (Subtest 1) and Reading O39 (Subtest II) and receive a passing score to have the endorsement added to a valid license. Information regarding testing dates, location sites, and sample questions for OAE may be found on the Ohio Assessment for Educators website. <http://www.oh.nesinc.com>

The following courses are currently required by the State of Ohio for the Reading Endorsement: *

- EDRE 269 - Phonics & Foundation of Litera or
- EDRE 569 - Phonics & Found of Literacy
- EDRE 471 - Content Area Literacy or
- EDRE 671 - Content Area Literacy
- EDRE 672 - Theories of Reading
- EDRE 478 - Literary Assess: Adm, Ana, App or
- EDRE 678 - Literary Assess: Adm, Ana, App
- EDRE 679 - Practicum in Reading

And, choose two classes from the list below.

- EDCH 305 - Storytelling - Cultural Craft or
- EDCH 505 - Storytelling as a Cultural Cra
- EDCH 324 - Children's Literature or
- EDCH 326 - Children's Lit for Middle Chil
- EDCH 315 - Adolescent Literature
- EDCH 515 - Adolescent Literature
- EDCH 320 - Multi-Cultural Lit for Childrn or
- EDCH 520 - Multi-Cultural Lit for Childrn
- EDME 562 - Phonics and Orton-Gillingham
- EDEL 651 - Instr Strat For EL
- EDRE 676 - Teaching Writing Process

Note(s):

- Ohio Assessments for Educators (OAE): You must pass two subject area concentration exams prior to student teaching. The "Principles of Learning and Teaching: 5-9" is taken during the student teaching semester. See OAE link at www.xavier.edu.
- Grades 4-6 Middle Childhood Endorsements are an option for persons holding a Middle School license. See Requirements for generalist endorsement under B.S. for Middle School Education.
- The following core courses fulfill Master of Education requirements but are not required to complete the middle childhood license requirements. They can be taken at any time within the six year limit. Students take the Comprehensive Exam related to the three core courses during the last semester of graduate course work.
 - EDFD 500
 - EDFD 505
 - EDFD 507
 - EDFD 508

Secondary Education, M.Ed.

Xavier University's secondary/K-12 teacher education program provides a strong foundation in liberal arts education and emphasizes the importance of individual, educational growth, and professional development. A student is prepared to become competent, professional secondary/K-12 educators through thorough classroom instruction and in-depth experience with practicing secondary/K-12 teachers.

A student may pursue a Master of Education degree alone, or a Master of Education degree with licensure or only licensure alone.

The M.Ed. program is intended for those who wish to obtain an advanced degree with general emphasis in course work connected to secondary education. Although a degree program can be arranged to support teacher licensure, this degree does not provide all the preparation needed to achieve teacher licensure. Please contact the Department of Secondary and Special Education for guidance.

Requirements for the M.Ed. in Secondary Education

30 total credit hours, as follows

MEd Core Requirements (9 credit hours)

- EDFD 500 - History/Philosophy of Am Educ
- EDFD 505 - Org of Ed Systems in U.S.
- EDFD 507 - Educational Research
- EDFD 508 - Educational Research Paper

Remaining 21 hours

The remaining 21 hours will consist of 12 hours taken from graduate level professional education courses or subject content courses (e.g. art, biology, chemistry, classics, English, French, Spanish, history, math, music, political science, or theology). The remaining 9 semester hours may be taken from any graduate level course, as elective courses. The M.Ed. candidate is free to select courses that advance teaching in the secondary school.

A maximum of 12 semester hours of Xavier University undergraduate courses (numbered 200 or higher) taken at the graduate level, with an earned grade of at least a B, may be applied to this program. Undergraduate credit earned at other institutions, while not allowed to count towards degree requirements, can be used for the purposes of licensure.

Comprehensive Exam Requirement

Finally, a student's Master Of Education degree will be awarded only to candidates who have passed an extensive written examination covering the four general survey courses. Should the student fail the comprehensive exam, it may be repeated only once.

Course Sequence for Graduate Student Licensure

- EDFD 500 - History/Philosophy of Am Educ
- EDFD 510 - Adv Human Develop & Learning
- EDSP 500 - Sp Ed: Identification & Issue
- EDRE 671 - Content Area Literacy
- EDMS 550 - Technology & Topics for Teache
 - Methods / Curriculum for content area (3-6)
- EDSP 580 - Classroom Management
- EDMS 411 - Clinical Experiences *
- EDMS 470 - Student Teaching AYA *

or

- EDMS 471 - Student Teaching: Multi-Age

Note(s):

- *Taken for undergraduate credit only.
- Student must complete all coursework, field/clinical hours and pass all Praxis tests to apply for license.
- Student must complete 12 hours MasterCore requirements; 18 hours from Special Education coursework and pass Comprehensive exam for completion of degree.

Special Education, M.Ed.

Master of Education in Special Education

The M.Ed. program in Special Education is intended for those who wish to obtain an advanced degree with general emphasis in course work connected to special education. Although a degree program can be arranged to support teacher licensure, this degree does not provide all the preparation needed to achieve teacher licensure. Please contact the Special Education Program for guidance.

Requirements for the M.Ed. in Special Education

The Master Degree in Education in Special Education allows a student to advance their professional development with a focus on specific areas of special education. With the assistance of a special education advisor, a student will plan a 30 hour degree program that consists of the 9 hour Education M.Ed. core and 21 hour concentration of special education courses.

9 hour core requirements

- EDFD 500 - History/Philosophy of Am Educ
- EDFD 505 - Org of Ed Systems in U.S.
- EDFD 507 - Educational Research
- EDFD 508 - Educational Research Paper

21 hour concentration in Special Education

Students with an advisor from the Special Education Programs will plan an 21 hour concentration of special education courses for the Master in Education Degree. These courses may come from the following special education licensure programs.

Licensure/Endorsement Areas in Special Education

- Intervention Specialist License: Mild/Moderate, Moderate/Intensive, Primary Intervention Specialist (P-5), Gifted/Talented
- Endorsements: Pre-Kindergarten Special Needs, Gifted Talented, Transition to Work

Comprehensive Exam Requirement

Finally, a student's Master of Education degree will be awarded only to candidates who have passed an extensive comprehensive examination of the education core and concentration courses. Students may schedule this exam during their last semester of course work. Should the student fail the comprehensive exam, it may be repeated only once.

Graduate Level Licensure Areas for Special Education

The Special Education graduate teacher preparation programs are theory based with continual field application experiences. Students complete the licensure program with competencies in student centered learning/development interventions. Students must possess a bachelor's degree and must meet the Special Education Program requirements for admission. Student must consult with the Program Director of Special Education for program advising. Each licensure, we will work with you, and endorsement area has its own unique requirements as indicated by the State of Ohio guidelines. It is recommended that those interested in a licensure or endorsement to contact the Special Education Programs for licensure and endorsement advising.

Notes:

The University is not obliged to recommend licensure of any type on the basis of the completion of a Master of Education degree or specific course work in education. Students must also meet leadership, communication, and character requirements and pass the required Ohio Assessment for Education and Teacher Performance Assessment tests of the State of Ohio Department of Higher Education for each specific license.

Teaching English to Speakers of Other Languages, M.Ed.

The degree of Master of Education with a concentration in The Teaching of English to Speakers of Other Languages (TESOL) is a professional degree designed to meet the needs of licensed teaching professionals and other professionals desiring to enhance their knowledge of teaching English Learners with current theory and research as well as classroom application. This course of study is designed to prepare teacher candidates, classroom teachers, and other professionals to help students of all levels to become effective, strategic language learners who can speak, listen, read, and write effectively and purposefully in English. It provides training for classroom teachers, non-profit workers, English language tutors, and district TESOL coaches.

- Teachers with a valid Ohio teaching license can add this endorsement in order to teach in K-12 schools. In other words, the graduate candidate for the endorsement must have (or be in the process of completing) a valid teaching certificate or license.
- Professionals without a valid Ohio teaching license can earn a certificate, allowing them to teach in non-school settings and/or tutor.

Accordingly, this degree is awarded to the candidate who has demonstrated a capacity for professional performance by satisfactorily completing the course of study designed to develop the following characteristics:

1. The ability to articulate and translate the interrelationship of language skills in reading, writing, speaking, and listening to classroom teaching and curriculum development.
2. The ability to work directly or indirectly with English learners of all ages who could benefit from furthering their English language skills.
3. The ability to work with teachers, family members, administrators, and other professionals to improve and coordinate the total TESOL program of a school or organization.

This program is also designed to meet the specifications of the TESOL International Organization and State of Ohio course requirements for the TESOL Endorsement. It also

meets TESOL licensure requirements in many states.

Requirements for the M.Ed. in TESOL

The following coursework is required for the Master degree in TESOL and meets the State of Ohio standards for the TESOL Endorsement and the Xavier University TESOL certificate.

MEd Core Requirements

9 credit hours

- EDFD 500 - History/Philosophy of Am Educ
- EDFD 505 - Org of Ed Systems in U.S.
- EDFD 507 - Educational Research
- EDFD 508 - Educational Research Paper

Concentration Requirements

18 hours required specifically

- EDRE 569 - Phonics & Found of Literacy
- EDEL 650 - Foundations of TESOL
- EDEL 651 - Instr Strat For EL
- EDEL 652 - Culturally Responsive Teaching
- EDEL 653 - Effective Assessment Practices
- EDEL 654 - Aspects of Language and Socio

3 hours selected as a Graduate Level Elective Course (500-level or higher)

Note(s):

- Students completing their studies for the M.Ed. in TESOL must pass a comprehensive examination and must be able to write knowledgeably on the following areas of TESOL: phonics and phonemic awareness, the core foundations of second language acquisition, cultural transmissions and legal requirements, cultural competence and teaching strategies, assessments, and language transfer. The M.Ed. candidate may sit for the exam after completing 27 hours. Successful completion of the degree is contingent on passing the exam.

Master of Health Services Administration

Health Services Administration (Executive Program), M.H.S.A.

Xavier University's Graduate Program of Health Services Administration is a CAHME-accredited, nationally-ranked program preparing leaders in healthcare management since 1958. The Executive Master in Health Services Administration (EMHSA) track is offered 100% online to accommodate the needs of working professionals with five or more years of experience in health organizations, or equivalent.

- The alumni work across the US in top leadership positions in, e.g., health systems, hospitals, group practices, insurance companies, consulting firms, pharmaceutical companies, government, community health centers.
- Flexible scheduling: Enroll in 1, 2, or 3 online classes per semester to complete the degree at your own pace

- Student-focused: Benefit from close interactions between students and with faculty
- Qualified instructors: Learn from expert Xavier faculty and leaders in health organizations
- Nationwide exposure: Collaborate with other students located across the nation
- Elite network of alumni: Join an outstanding and supportive network of Xavier MHA graduates

Application Requirements

If you hold a bachelor's degree from an accredited institution and are employed with 5+ years of healthcare experience (or similar), you can apply online at <https://admit.xavier.edu/apply>. The application deadline is August 1st for the fall semester. Admission is on a rolling basis and will be considered after you have submitted all the required documents and had a phone or video interview with the Admission Committee members. For more information, visit our www.xavier.edu/emha.

Academic Standing

Executive MHA students are held to high academic and personal standards. Health services administration is a profession that requires dedication, leadership, punctuality, follow-through, cooperation, and accountability. A cumulative grade point average of 3.0 is required for graduation. No credit is granted for courses in which a student receives a grade of "F". If the course in question is a required MHA course, it must be repeated.

Academic Warning

Students who have a cumulative graduate grade point average less than 3.0 at the end of any semester will be placed on academic warning. Students on academic warning must work with the Chair of the Department to determine how to get back into good standing. Academic warning is noted in a student's permanent record.

Dismissal from the Program:

- Executive MHA students receiving two failing grades ("F") at any time in the academic work will be dismissed from the program.
- Executive MHA students receiving two course grades of "B-" or below at any time in the academic work may be dismissed from the program based on faculty decision.
- There is no formal appeal mechanism within the Graduate Program in Health Services Administration for academic dismissal.

Curriculum

The online EMHA program consists of 14 courses for a total of 42 total hours. All courses are three credit hours each. The sequence of courses is determined jointly by the student and program associate director. As an example, here is an approved two-year courses sequence:

Year 1

- HESA 511 Managerial Concepts in Healthcare Organizations
- HESA 521 Quantitative Methods in Healthcare Management
- HESA 572 Healthcare Services in the U.S. - Past and Future
- HESA 523 Quality Improvement Techniques in Healthcare Management
- HESA 567 Applied Epidemiology and Population Health
- HESA 516 Human Resources Management in Healthcare
- HESA 534 Health Information Systems

Year 2

- HESA 519 Strategic Management and Marketing Strategy for Healthcare
- HESA 552 Revenue Cycle and Health Insurance
- HESA 578 Health Economics and Policy
- HESA 555 Capital Acquisition in Healthcare Organizations
- HESA 559 Project Development and Management in Healthcare
- HESA 582 Ethics and Law in Healthcare
- HESA 600 Capstone Project in Health Services Administration

Health Services Administration, M.H.S.A.

The Graduate Program in Health Services Administration is committed to meeting the need for effective leadership of the rapidly changing health care system. Academic work and field experiences are designed to provide students with the necessary cutting-edge conceptual, analytical, and interpersonal skills, particularly in the areas of team development, systems improvement, quantitative analysis, information systems, strategic planning, financial strategization, and ethical decision-making. The Graduate Program is accredited by the Commission on Accreditation for Health Management Education (CAHME). Upon graduation, students obtain managerial leadership positions in a variety of health care organizations, including health systems, academic medical centers, community hospitals, managed care organizations, medical group practices, insurance companies, long-term care facilities, public health agencies, consulting firms, and governmental policy-making and regulatory agencies. The 1,500+ members of the Graduate Program's Alumni Association are located throughout the United States and in several foreign countries and provide a broad range of services to graduates throughout their careers.

Admission Requirements

A bachelor's degree from an accredited school is required of all applicants. Students are admitted to the Graduate Program if they are considered academically qualified and are able to demonstrate potential in the development of analytical, creative problem solving, communication, interpersonal, and leadership skills. Students come from a variety of academic backgrounds including health services, psychology, business, natural sciences and general studies.

Go to <https://www.xavier.edu/master-of-health-services-administration-program/admission/index> to reference the specific admission requirements.

Prerequisites

We highly recommend that applicants complete a basic undergraduate or graduate course in each of the following subjects prior to beginning the Graduate Program: accounting, statistics and microeconomics. Applicants should also be competent with Microsoft Word and Excel.

Academic Standing

MHSA students are held to high academic and personal standards. Health services administration is a profession that requires dedication, leadership, punctuality, follow-through, cooperation, and accountability. A cumulative grade point average of 3.0 is required for residency and graduation. No credit is granted for courses in which a student receives a grade of "F". If the course in question is a required MHSA course, it must be repeated.

Academic Warning

Students who have a cumulative graduate grade point average less than 3.0 at the end of any semester will be placed on academic warning. Students on academic warning must present a corrective action plan to the Chair of the Department. Academic warning is noted in a student's permanent record.

Dismissal from the Program:

1. MHSA students receiving two failing grades ("F") at any time in MHSA academic work will be dismissed from the program.
2. MHSA students receiving two course grades of "B-" or below at any time in the academic work may be dismissed from the program based on faculty decision.

There is no formal appeal mechanism within the Graduate Program in Health Services Administration for academic dismissal.

Curriculum

A total of 66 credit hours must be completed to fulfill the requirements of the MHSA degree: 56 credit hours of didactic coursework and 9 credit hours of administrative residency and master's project.

Master's Project

Each student is required to complete a master's project as a condition for graduation. The project must demonstrate competencies listed in the Guidelines for the Administrative Residency and reflect an aspect of health systems management of interest to both the student and preceptor, with a final approval from the faculty advisor.

Administrative Residency

The administrative residency is part of the full time curriculum; no didactic courses are taken during this time. It provides an eight to twelve month "real world" experience in an organizational setting under the preceptorship of senior management. During the residency, students apply the knowledge and skills mastered in the classroom to an administrative work environment. The administrative residency serves as an opportunity not only to learn the actual practice of management, but also for creating mentor relationships.

Sample Schedule

Year 1

Fall Year 1 (16 credit hours)

- HESA 511 - Managerial Concepts in H.C Org
- HESA 521 - Quant Methods for H.C. Mgmt
- HESA 551 - Financial Mgmt of HC Orgs
- HESA 561 - Clinical Proc for H.C. Adm
 - HESA 572 - Healthcare Services in the US Past and Future
- HESA 601 - Professional Development I

Spring Year 1 (16 credit hours)

- HESA 519 - Strategic Mgmt & Marketing
- HESA 523 - Qual Improve Tech in H.C. Mgmt
- HESA 555 - Capital Acquisition in HC Orgs
- HESA 567 - Epidemiology & Pop Health
- HESA 575 - Econ For Health Mgmt & Pol
- HESA 602 - Professional Development II

Summer Year 1 (0 credit hours)

- Internship for 2-3 months in a healthcare organization, paid or unpaid, not for credit. Doing an internship is strongly encouraged but not required.

Year 2

Fall Year 2 (13 credit hours)

- HESA 534 - Health Information Systems
- HESA 559 - Project Devt & Mgmt of HC Org
- HESA 579 - Health Policy & Policy Analysis
- HESA 581 - Health Care Legal Aspects
- HESA 603 - Professional Development III

Spring Year 2 (12 credit hours)

- HESA 516 - Human Resources Management in Healthcare
- HESA 583 - Ethical Issues in Health Care
- HESA 599 - Integ Sem in Hlth Svcs Admin.
 - HESA 552 - Revenue Cycle and Health Insurance
 - HESA 604 - Professional Development IV

Summer Year 2 (3 credit hours)

- HESA 720 - Institutn & Community Analysis

Year 3

Fall Year 3 (3 credit hours)

- HESA 730 - Practicum in Executive Devt

Spring Year 3 (3 credit hours)

- HESA 750 - Residency and Master's Project

Concurrent Degrees Program

Students have the option of obtaining concurrent master's degrees in Health Services Administration and Business Administration (MHSA/MBA). Normally, one additional semester of study is required provided the student has the appropriate undergraduate business administration coursework. The program of study requires 99 graduate credit hours: 57 credit hours of Health Services Administration coursework, 9 credit hours of administrative residency, 33 credit hours of MBA coursework, plus necessary prerequisites. Candidates must apply and be accepted to both programs. Upon completion, the student receives two separate degrees.

Master of Occupational Therapy

Occupational Therapy, M.O.T

See Bachelor of Liberal Arts / Master of Occupational Therapy (BLA to MOT)

Pre-Occupational Therapy (PMOT) To Master of Occupational Therapy, M.O.T.

This program is no longer admitting students as freshmen as of Fall 2018.

This program option is designed to obtain the MOT degree in combination with a previously earned bachelor's degree in a related area. In process of earning the MOT degree, students will obtain a required concentration in Human Occupation Studies (HOCS) in preparation for graduate coursework in occupational therapy. Prior to admission into the MOT degree program, prerequisite courses must be completed or in process. Transfer students who have a bachelor's degree in a related field generally have 6 semesters of academic coursework and one summer course plus a post-academic fieldwork internship to complete to meet Xavier University's requirements for the MOT degree. Xavier accepts equivalent transfer credit work from other regionally accredited institutions of higher education for prerequisite coursework.

Requirements for the Pre-MOT to MOT

Complete undergraduate prerequisite courses and earn no more than two "C" or lower letter grades in each course, as follows:

- ENGL 115 - Rhetoric
- BIOL 140 - Human A&P I for Allied Health
- BIOL 141 - Hum A&P I Lab Allied Health
- BIOL 142 - Hum A&P II for Allied Health
- BIOL 143 - Hum A&P II Lab Allied Health
- PHYS 140 - Technical Physics
- MATH 156 - General Statistics
- MATH 158 - General Statistics II
- BIOL 204 - Functional Neuroscience
- PSYC 231 - Developmental Psychology
- PHIL 329 - Bioethics

Concentration in Human Occupation Studies (HOCS):

Complete 23 hours from

Note(s):

- Earn no more than two "C" or lower letter grades in each course.

Pre-Occupational Therapy (PMOT) to Master of Occupational Therapy (MOT)

This block serves as a guideline for progress toward a degree. See your academic advisor.

First Year

First Semester

- BIOL 140 - Human A&P I for Allied Health
- BIOL 141 - Hum A&P I Lab Allied Health
- MATH 156 - General Statistics
- ENGL 115 - Rhetoric
- PSYC 231 - Developmental Psychology
- HOCS 301 - Human Occupation Across Lifesp
- HOCS 303 - Technlgy for Life Participatn

Total (18)

Second Semester

- BIOL 142 - Hum A&P II for Allied Health
- BIOL 143 - Hum A&P II Lab Allied Health
- MATH 158 - General Statistics II
- HOCS 323 - Occupatl Justice I:Foundations
- HOCS 401 - Transformative Nature of Occup
- HOCS 411 - Condns Influencing Participn

Total (16)

Summer Term

- PHIL 329 - Bioethics

Second Year

First Semester

- PHYS 140 - Technical Physics
- PHYS 142 - Technical Physics Lab
- BIOL 204 - Functional Neuroscience
- HOCS 386 - Advanced Kinesiology
- HOCS 387 - Advanced Kinesiology Lab
- HOCS 321 - Analysis of Occupational Perfo
- HOCS 403 - Creative & Systematic Inquiry
- HOCS 405 - Occupatnl Justice II: Indp Stu

Prerequisite courses completed.

Total (18)

Second Semester

Graduate MOT coursework begins

- MOCT 501 - Creative & Sys Inquiry II
- MOCT 502 - Creative & Systematic Inquiry
- MOCT 503 - Tech for Life Participation II
- MOCT 505 - Techniques & Tools for OCH Pr
- MOCT 507 - Professional Issues I
- MOCT 609 - Theoretical Found&Clin Reason

Total (14)

Third Year

First Semester

- MOCT 601 - Graduate Research Project I
- MOCT 603 - Domns&Proc I:Birth-Early Adult
- MOCT 605 - Adapt&Tech for Occ Partic I
- MOCT 607 - Level I Fieldwork:Domns&Proc
- MOCT 611 - Professional Issues II

Total (14)

Second Semester

- MOCT 631 - Graduate Research Project II
- MOCT 633 - Dom & Proc II: Ear Ad Through
- MOCT 635 - Adapt & Tech for Occ Part II
- MOCT 637 - Level I Fieldwork: Dom & Proc
- MOCT 641 - Professional Issues III
- MOCT 779 - Applied Interprofessional Collaboration

Total (14)

Third Year Fieldwork

- MOCT 691 - Level II Fieldwork
- MOCT 692 - Level II Fieldwork

Total (6)

Prerequisite Courses: (26 hours)

HOCS Courses: (26 hours)

MOCT Courses: (48 hours)

MOT Degree TOTAL: (100 hours)

Master of Science

Accountancy, M.S.

The Master of Science in Accountancy is designed to provide students with the competencies necessary to begin careers as outstanding professional accountants. The program is primarily designed for students with an undergraduate major or minor in accounting.

Graduates of the program will demonstrate competency in financial accounting, tax accounting, and in other skills needed to enter the profession. MACC students will also use their technical skills to provide valuable community service to local residents through the Volunteer Income Tax Assistance program. Students will complete intensive and challenging coursework to prepare them for careers in assurance, tax, financial accounting, and advisory services. MACC graduates will also be well prepared to sit for the CPA examination.

CPA exam eligibility and licensing criteria vary on a state by state basis, and can be found at www.nasba.org. Ohio requirements can be found at <http://acc.ohio.gov/CPAExam.aspx>. See Xavier's Professional Licensing Disclosure at <https://www.xavier.edu/professional-licensure/>.

Curriculum

Students with an **undergraduate degree in accounting** will be required to complete 30 credit hours from the three primary program components:

- MACC 515 Nonprofit & Governmental Accounting
- MACC 529 Advanced Financial Accounting
- MACC 612 Volunteer Income Tax Review and Advising
- MACC 616 Taxation of Flow-Through Entities
- MACC 620 Law and Professional Ethics
- MACC 641 Capstone Seminar I
- MACC 642 Capstone Seminar II
- Three other graduate course electives from MACC 500 or above, BAIS 600 or above, and FINC 600 or above
- Students who have taken equivalent courses will substitute graduate-level electives.

Students with an **undergraduate degree other than accounting** will be required to complete from 30-45 credit hours, depending on prior coursework. This includes the seven required MACC-designated courses listed above (21 credit hours).

The following courses or their equivalents must also be taken (up to 24 hours, depending on the student's prior coursework). Up to three of these courses may be taken to fulfill the graduate course electives.

- MACC 504 Analysis of Accounting Systems
- MACC 507 Financial Accounting and Reporting I
- MACC 508 Financial Accounting and Reporting II
- MACC 511 Introduction to Taxation
- ACCT 550 Managerial Accounting
- MACC 590 Auditing
- FINC 550 Fundamentals of Finance
- BAIS 500 Business Statistics

Concentration

Optional concentrations are available:

- Business Analytics concentration: 3 courses (9 credit hours) from the following:
 - BAIS 630 Robotic Process Automation
 - BAIS 655 Business Intelligence
 - BAIS 659 Foundations of Security
 - BAIS 665 Business Analytics for Managers
 - BAIS 674 Database Management
 - BAIS 680 Intro to Data Mining
 - BAIS 689 Data Visualization
- Finance concentration: 3 courses (9 credit hours) from the following:
 - FINC 600 Managerial Finance
 - FINC 602 Investment Management
 - FINC 621 Options and Futures Markets
 - FINC 640 Purchase, Sale and Valuation of Closely-Held Firms
 - FINC 645 Mergers and Acquisitions
 - FINC 663 Fixed Income & Debt Management
 - FINC 664 Bond Portfolio Management
 - FINC 684 Financial Modeling

Athletic Training, M.S.

Athletic training is recognized by the American Medical Association (AMA), Health Resources Services Administration (HRSA) and the Department of Health and Human Services (HHS) as an allied health care profession.. The Xavier University Athletic Training Program (XU-ATP) functions to prepare students, in the Jesuit tradition, to serve others through competent and compassionate healthcare. The XU-ATP provides a positive learning environment that fosters ethical decision-making, and collaboration with emphasis on instilling the values of continuous improvement and life-long learning. The XU-ATP merges rigorous course work with a variety of applied clinical experiences

to build a strong foundation for a career in the field of athletic training.

The Xavier University Athletic Training Program fulfills the curricular guidelines established by the Commission on Accreditation of Athletic Training Education (CAATE) and the National Athletic Trainers' Association (NATA). Completing a degree in our Master of Science in Athletic Training program fulfills the eligibility requirements of the BOC certification exam. Graduates of Xavier University's Athletic Training Program receive a Master of Science (M.S.) degree in Athletic Training and are eligible to sit for the BOC exam.

Go to <https://www.xavier.edu/master-of-science-in-athletic-training-program/index> for current information pertaining to accreditation, program admission, technical standards, graduation requirements and the curriculum.

Students may enter the M.S. in Athletic Training degree through one of two options (see below).

Option 1: 2-year program for students with a bachelor's degree

Students who have demonstrated excellent academic achievement in completion of a bachelor's degree and have completed all prerequisites may complete the 2-year / 5-semester MS in AT degree.

Option 2: 5-year program for students without a bachelors degree (3+2 design)

In the first three years of this program students will complete courses to fulfill all XU core requirements, Exercise Science major requirements, and prerequisites for the MS in AT program. Once accepted into the MS in AT degree program, students complete the 2-year / 5-semester MS in AT degree. At 120 credits students will be eligible to earn an undergraduate degree in Exercise Science. After the fifth year, students will earn a Master of Science in Athletic Training.

Note 1: Xavier University has an articulation agreement with Ohio Northern University. Students attending Ohio Northern University with a concentration in Clinical and Rehabilitation Sciences may apply to Xavier University during their 3rd year in the program. Qualified students who are admitted into the MSAT program, may be permitted to start the MSAT program prior to completion of their bachelors degree from Ohio Northern University. This program is similar to option 2 above. Please contact the program director for more information.

Note 2: Xavier University has an articulation agreement with Mount Saint Joseph University. Students attending Mount Saint Joseph University may apply to Xavier University during their 3rd year in the program. Qualified students who are admitted into the MSAT program, may be permitted to start the MSAT program prior to completion of their bachelors degree from Mount Saint Joseph University. This program is similar to option 2 above. Please contact the program director for more information.

Program Admission Requirements

MS in AT (2 year option): Admission Requirements

Prospective students with a bachelors degree interested in pursuing the Masters of Science in Athletic Training degree program must meet the pre-requisites listed below.

Pre-requisites:

- A bachelors degree from a regionally accredited college or university.
- Overall 3.0 Undergraduate GPA
- Minimum grade of "C" in each pre-requisite courses (C- is not acceptable)
- Minimum cumulative GPA of 3.0 in all pre-requisite courses

Pre-requisite Courses:

- Human Anatomy & Physiology + Lab (total of 8 credits)
 - or Human Anatomy + Lab (total of 4 credits) + Human Physiology + Lab (total of 4 credits)
 - Exercise Physiology
 - Chemistry + Lab
 - Physics + Lab
 - Nutrition
 - Statistics
 - English Composition (Writing course)
 - Biology (if any of the other pre-requisite courses were taken in a biology department, they may fill this requirement)
- Completion of 40 hours of Professional exploration: a minimum of two athletic training practice settings addressing the needs of distinct patient populations

Prospective students will be asked to submit the following along with an online application form.

One official transcript sent directly from the college/university to the Office of the Graduate School, of all previous undergraduate and graduate course work. Transcripts must demonstrate that the GPA, and pre-requisite course requirements have been met.

- Documentation of 40 hours of Professional exploration: a minimum of two athletic training practice settings addressing the needs of distinct patient populations
- Technical Standards Verification.
- Answers to 5 short application questions about your observation experiences, career goals, and personality.
- Two letters from professional and/or academic references who are able to assess your potential for success in this program.

Once all pre-requisites have been met, qualified students will complete an interview with an Athletic Training Faculty member.

MS in AT (5 year option): Conditional Graduate Program Admission Requirements

Prospective students in the XU-Exercise Science major, interested in pursuing the Masters of Science in Athletic Training degree program must meet the pre-requisites listed below.

Pre-requisites:

- Completion of Xavier University's core and Exercise Science degree requirements
- Completion of a minimum of 97 credits
- Overall 3.0 GPA
- Minimum grade of "C" in each pre-requisite course (C- is not acceptable)
- Minimum cumulative GPA of 3.0 in all pre-requisite courses

Pre-requisite Courses:

- Anatomy & Physiology (BIOL 140-143)
 - Students changing their major from Biology can petition to use BIOL 160-163
 - Exercise Physiology (EXSC 300)
 - Chemistry + Lab (CHEM 150 & 151)
 - Physics + Lab (PHYS 140 & 142)
 - Nutrition (EXSC 360)
 - Statistics (MATH 116 or 156)
 - English Composition (ENGL 101) or Rhetoric (ENGL 115)
 - Biology (any biology course will count including BIOL 140-143 or BIOL 160-163)
- Completion of 40 hours of Professional exploration: a minimum of two athletic training practice settings addressing the needs of distinct patient populations.

Prospective students will be asked to submit the following along with an online application form.

- One official transcript sent directly from the college/university to the Office of the Graduate School, of all previous undergraduate and graduate course work. Transcripts must demonstrate that the GPA, and pre-requisite course requirements have been met.
- Documentation of 40 hours of Professional exploration: a minimum of two athletic training practice settings addressing the needs of distinct patient populations
- Technical Standards Verification.
- Answers to 5 short application questions about your observation experiences, career goals, and personality.
- Two letters from professional and/or academic references who are able to assess your potential for success in this program

Once all pre-requisites have been met, qualified students will complete an interview with an Athletic Training faculty member.

Progression & Retention Requirements

- Students must earn a minimum grade of "B-" in all courses. Students may repeat a course one time to improve their grade and meet graduation requirements. If a student does not meet the minimum grade requirement the second time a course is taken, they will not be permitted to retake the course, and will be dismissed from the program.
- Students must follow all XU-ATP policies & procedures and adhere to the XU-ATP Code of Ethics and the NATA Code of Ethics. Violations will be dealt with on an individual basis, but could result in probation, suspension, or expulsion of the program depending on the severity.
- Students must pass each program checkpoint. Checkpoints consist of academic and clinical program expectations. Any student that does not meet each component of a checkpoint will be placed on academic probation.

Graduation Requirements

- Students must have a minimum cumulative GPA of 3.0.
- Students must have a minimum grade of "B-" in each required course.
- Students must pass each program checkpoint.

Required Courses

- ATTR 500 - Care & Prevention
- ATTR 501 - Athletic Training Skills
- ATTR 510 - Anatomical Kinesiology
- ATTR 521 - Lower Extremity Injuries
- ATTR 522 - Upper Extremity Injuries
- ATTR 523 - Head, Spine & Thorax Injuries
- ATTR 531 - Therapeutic Interventions 1
- ATTR 532 - Therapeutic Interventions II

Criminal Justice, M.S.

The mission of the Department of Criminal Justice is to equip Master of Science students with the competence and conscience needed to: (a) function and/or advance professionally in criminal justice agencies or (b) pursue further graduate work in criminal justice or related fields.

The Master of Science program in Criminal Justice is designed for those persons who are interested in studying the theory and practice of criminal justice in law enforcement, courts, corrections, and the private sector.

The Master of Science program in Criminal Justice places an emphasis on criminal justice administration. Today, there is an ever increasing demand for highly qualified criminal justice administrators in public and private sector organizations to keep them running efficiently and effectively. The primary job of a criminal justice administrator is to provide oversight and supervision in matters related to crime and justice.

The program is geared toward students whose goal is to become criminal justice administrators at the middle and upper management level. Accordingly, an emphasis is placed on students learning management skills such as public relations, accounting and finance, human resources, policy formulation, budgeting, human interaction, crisis strategies, organizational behavior, and writing skills.

The program is designed for working professionals seeking career advancement, those preparing entrance into the field, and those interested in acquiring management skills and knowledge about the problems and practices within the criminal justice system.

The degree is designed for the busy working professional. Thus, courses are offered in an online or an online blended format where students will have face-to-face time with the instructor on certain selected weekends (Friday evenings and Saturday) during the semester. Full-time students can complete the degree in one year. Part-time students can complete the degree in two years.

The degree of Master of Science with a major of Criminal Justice will be conferred only to candidates who have successfully completed 30 credit hours -- this includes research requirements. A comprehensive written exam on the general field of criminal justice, based on the required courses, is required at the conclusion of the program. Also, an overall graduate level grade point average of 2.800 must be attained.

The 30 credit hours are distributed as follows:

Basic required courses:

Students are required to take ten core courses (30 semester hours) designed to provide comprehensive coverage of the field of criminal justice with an administration concentration. They are:

30 Hours

- CJUS 611 - Law & Justice in America
- CJUS 620 - Socio of Crime & Delinquency
 - CJUS 623 - Perspectives in Law Enforcement Management
 - CJUS 633 - Forensics & White Collar Crime
- CJUS 642 - Criminal Justice Administratio
- CJUS 643 - Correctional Counseling
 - CJUS 644 - Government & Non-Profit Accounting
 - CJUS 647 - Human Resources for Criminal Justice Administrators
- CJUS 683 - Research & Planning in CJUS
- CJUS 784 - Research Essay: Seminar

Comprehensive Exam

At the close of their studies for the MS, students must pass a comprehensive examination.

Note(s):

- The MS program in Criminal Justice invites applications from students with a bachelor's degree and a solid academic record. Admission decisions are based on factors such as past academic performance, standardized test score, and other information submitted. Applications for this program are accepted throughout the year. A student may begin the program in the summer, fall, or spring term.

Customer Analytics, M.S.

The Master of Science in Customer Analytics trains and develops future problem-solving leaders. As the size of the digital universe continues to double every 2 year, and is expected to continue to do so, the need for Practitioners, Data Scientists, Solutions Leaders, and Analysts will continue to grow. Through the utilization of real-world data sets, students gain the skills, confidence and expertise required to succeed in today's information sensitive environment. Students are sought who are analytically curious. Graduates will harness and communicate the full value of large data sets prevalent in today's "big data" business environment. Graduates will review data sets, identify potential problems, and will have awareness of and can identify the correct analytic techniques. They will then effectively communicate results to others with the goal of improving management decision making.

Prerequisites

- MKTG 550: Marketing Strategy

- STAT 500: Business Statistics
- TUTORIAL: Excel Tutorial - Pearson Higher Education
- TUTORIAL: R-Programming or SAS Programming 1 - completion by 1st semester
- TUTORIAL: Statistics 1 © SAS Institute Inc - completion by Week #12, 2nd semester
- TUTORIAL: Qlik® or Tableau® Data Visualization Workshop - completion by end of 1st year

Required Courses

30 credit hours are required

- MKTG 602 - Marketing Research
- MKTG 605 - Analytics Practicum
- MKTG 640 - Consumer-centric Category Management
- MKTG 664 - Consumer Behavior Theory
- BAIS 605 - Applied Multivariate Analysis
- BAIS 660 - Statistical Programming
- BAIS 665 - Business Analytics for Managers
- BAIS 674 - Database Management
- BAIS 680 - Intro to Data Mining for Managers
- BAIS 689 - Data Visualization

Notes

- 30 Credit Hours in the CORE are required for the degree. Select classes may be substituted if another Graduate Business Degree is present (i.e., MBA may substitute another Marketing elective for MKTG 550-Marketing Strategy, etc.)

Special Education, M.S.

The MS in Special Education is more widely sought program by people seeking information regarding disabilities without intent for licensure which might include other related health service providers and is an additional means for someone who already has a MEd to obtain an additional degree which we do not currently offer outside of the doctoral degree. The MS also provides students with an avenue to seek additional financial aid as they pursue additional State of Ohio licensure or endorsements past the MEd. The MS also offers us a new clientele-people outside of the field of education. The MS in Special Education would have a scientific view of education and could act as a stepping stone for a future doctoral candidate.

Program Description

This new program largely repackages the existing Special Education program, using existing series of courses and one additional new course to create a Master of Science degree. The degree consists of 30 semester hours of coursework. All of the degree courses are currently being offered online and face to face at Xavier and which have capacity to add additional students. We are also collaborating with a variety of outside programs to maximize the potential of existing courses. This is an opportunity for students to help shape their own program.

Outcomes

1. Candidates demonstrate challenging expectations for individuals with exceptionalities to develop the highest possible learning outcomes and quality of life potential in ways that respect their dignity, culture, language, and background.
2. Candidates demonstrate a high level of professional competence and integrity and exercising professional judgment to benefit individuals with exceptionalities and their families.
3. Candidates will promote meaningful and inclusive participation of individuals with exceptionalities in their schools and communities.
4. Candidates will develop relationships with families based on mutual respect and actively involving families and individuals with exceptionalities in decision making.
5. Candidates will use evidence, instructional data, research, and professional knowledge to inform practice.
6. Candidates will practice within the professional ethics, standards, and policies of CEC; upholding laws, regulations, and policies that influence professional practice;

and advocating improvements in laws, regulations, and policies.

Curriculum

30 Credit Hours, including

Special Education Core

- MATH 516 Introduction to Statistical Methods
- EDSP 617 Administrative Partnerships in Special Education
- EDSP 618 Special Education: Qualitative & Quantitative Research
- EDSP 619 Special Education: Research Paper

Sport Administration, M.S.

The degree of Master of Science with a concentration in Sport Administration is designed to prepare an individual for a career within the expanding sport industry. The program is fully online, using an 8-week asynchronous format for all courses. The curriculum was designed utilizing the guidelines recommended by the North American Society for Sport Management (NASSM) and the Commission on Sport Management Accreditation (COSMA).

A three semester hour internship, six semester hour internship, or a research project is required, depending on each student's individual background and career goals. The internship may be taken after a student has successfully completed 15 semester hours. Internships are planned and supervised learning activities which take place in a sport administration related environment. The student will be supervised by a sport management practitioner. There is no comprehensive exam.

Admission Requirements

For admission information for the graduate level programs, go to <http://www.xavier.edu/sport-administration/> on the Xavier University website. The program is designed to be accessible to full-time or part-time students. Students may be admitted to the program in any semester.

Requirements for the M.S. in Sport Administration:

This M.S. degree requires a minimum of 30 credit hours with a minimum overall GPA of 2.800.

Core Requirements (15 semester hours)

- SPMG 521 - Intro to Sport Administration
- SPMG 522 - Sport Research & Statistics
- SPMG 595 - Sports Administration: Mktg
- SPMG 596 - Sports Administration: Finance
- SPMG 598 - Legal & Ethical ISS Sport & PE

Research and Field Experience (3-6 semester hours), select one option

- SPMG 692 - Sport Admin Research Project or
- SPMG 695 - Internship in Sport Admin

Elective Courses (6-9 semester hours)

- SPMG 523 - Sports Administration Seminar
- SPMG 570 - Psycho-Social Aspects of Sport
- SPMG 610 - Sport Ethics
- SPMG 620 - Sport Leadership
- SPMG 622 - Personnel Issues in Sport Mgmt
- SPMG 625 - High School Athletic Admin
- SPMG 632 - Sport Event Mgmt & Promotion
- SPMG 642 - Sport Fundraising
- SPMG 652 - NCAA:Rules Regulations Policy
- SPMG 654 - Women in Sport
- SPMG 662 - PR & Communication in Sport
- SPMG 664 - Facility Design & Planning
- SPMG 666 - Fitness Management
- SPMG 668 - Admin of Fitness & Wellness Pr
- SPMG 670 - Independent Study

Master of Science in Nursing

Nursing, M.S.N.

The Master of Science in Nursing is available for pre- and post-licensure students.

The second degree pre-licensure MSN (MIDAS program) is designed for the individual with a bachelor degree in another discipline who wishes to be a registered nurse. See MIDAS information and curriculum at www.xavier.edu/msn/midas. See admission for MSN MIDAS at www.xavier.edu/msn/msn-midas-admission.cfm.

The Master of Science in Nursing (MSN) for registered nurses provides the opportunity to obtain advanced level preparation in nursing science. Graduates of the program are prepared to assume professional leadership roles that encompass educational, consultative, and managerial functions. They are prepared to design and establish delivery services and practice in response to current health care policy changes.

The MSN for registered nurses requires a minimum of 36 semester hours of which a minimum of ten semester hours are required for each track.

Objectives of the MSN Program

Core nursing and graduate support courses provide a foundation and with the opportunity to obtain advanced level preparation in nursing science.

Graduates of the MSN program are prepared to assume professional leadership roles that encompass educational, consultative, and managerial functions. They are also prepared to design and establish delivery services in response to current health care policy changes.

The graduate of the program of study leading to the Master of Science in Nursing degree will:

1. Synthesize theoretical and empirical knowledge from the humanities and the sciences, including nursing, and evaluate it for its use in guiding nursing research and practice.
2. Exhibit competence and confidence when assuming role responsibilities as a graduate with advanced level preparation.
3. Exemplify moral and ethical leadership through a concern for others, the management of nursing care, and a commitment to professional excellence in the delivery of health care and the profession.
4. Evaluate issues and opportunities in health care delivery from ethical, sociopolitical, technological, and historical frameworks while providing leadership for change.
5. Validate and extend nursing knowledge through interpretation of and collaboration in nursing research.
6. Communicate orally and in writing in a scholarly manner.
7. Develop in-depth knowledge in a concentrated area of study.

Admission

A Bachelor of Science in Nursing is required for admission to the MSN program

Admission Requirements: www.xavier.edu/msn/Admission.cfm

Requirements for the MSN degree

Nursing Core Requirements (20 semester hours)

(MSN FNP requires 17 hours, MSN MIDAS requires 18 hours)

- NURS 500 - Health Care Ethics-Nurse Leaders
- NURS 501 - Theoretical Bases for Nurse Practitioner
- NURS 502 - Nursing Research
- NURS 690 - Healthcare Policy-Nurse Leader
- NURS 754 - Leadership/Management Concepts (FNP students take NURS 532 in place of NURS 754)

- NURS 505 - Health Care Informatics OR
- NURS 854 - Advanced Informatics (NURS 854 required for MSN Clinical Nurse Leader track and MSN MIDAS)

- NURS 864 - Epidemiologic Methods

Synthesis & Application for Registered Nurses

MIDAS is a pre-licensure program and requires NURS 857 in place of NURS 703, 705, 797.

Education and Forensics tracks:

- NURS 703 - Graduate Nursing Practicum I
- NURS 705 - Graduate Nursing Practicum II
- NURS 797 - Scholarly Project

Family Nurse Practitioner track

- NURS 797 - Scholarly Project

MSN MIDAS

See Nursing, M.S.N. - MIDAS Program (Pre-licensure)

Track (Minimum of 10 semester hours)

Education Track:

- NURS 580 - PathoPharm and Assessment for the Nurse Educator
- NURS 660 - Adult Learners HC Academia
- NURS 662 - Adv Technology & Simulation (Optional Elective Course)
- NURS 664 - Teaching Strategies
- NURS 670 - Curr Assess Plan Dev Eval

Forensics Track:

- NURS 642 - Psycho/Social/Legal Forensics
- NURS 648 - Found of Forensic Nursing
- CJUS 620 - Socio of Crime & Delinquency
- NURS 779 - Applied Interprofession Collab

Family Nurse Practitioner Track:

Courses restricted to FNP students.

- NURS 532 -Leadership for Advanced Practice Nurses
- NURS 658 - Advanced Clinical Pharmacology
- NURS 680 - Adv Pathophysiology for RN
- NURS 756 - Advanced Health Assess RN
- NURS 770 - Primary Care Fam Pract Role
- NURS 771 - WomenÇÖs & Family Heal Care Pra
- NURS 772 - WomenÇÖs and Family Health Care
- NURS 773 - Ped & Adol Health Care Pract
 - NURS 774 - Pediatric and Adolescent Family Care
- NURS 775 - Adult & Geriatric Fam Care Pra
- NURS 776 - Adult & Geriatric Family Care
- NURS 777 - FNP In Practice

FNP Track Notes:

- Each practicum credit hour is eight clinical hours: 1:8.
- The total number of practicum hours required for the FNP is 600.
- A total of 47 hours is required - with a minimum overall cumulative GPA of 3.000.

The following tracks are not admitting students at this time.

Administration Track:

Synthesis & Application for Registered Nurses Required Courses

- NURS 703 - Graduate Nursing Practicum I
- NURS 705 - Graduate Nursing Practicum II
- NURS 797 - Scholarly Project

Track

- NURS 634 - Nurs Admin In Complex Health
- NURS 636 - Financial Mgmt for Nursing Adm
- NURS 764 - Administrative Informatics
- A Guided Elective Course

Clinical Nurse Leader Track:

Synthesis and Application for Registered Nurses

- NURS 559 - Microsystem Assessment
- NURS 859 - CNL Scholarly Project I
- NURS 861 - CNL Scholarly Project II
- NURS 871 - Leadership Practicum

Track

- NURS 558 - Introduction to CNL for RNs
- NURS 602 - Applying CNL Concepts to RNs
- NURS 658 - Advanced Clinical Pharmacology
- NURS 680 - Adv. Pathophysiology for RNs
- NURS 756 - Advanced Health Assessment RN

General Studies Track:

Synthesis & Application for Registered Nurses Required Courses

- NURS 703 - Graduate Nursing Practicum I
- NURS 705 - Graduate Nursing Practicum II
- NURS 797 - Scholarly Project

Track

Customize course of study. Choose courses from any of these tracks Administration, Education, Clinical Nurse Leader, Forensics, Health Care Law, or Informatics. May serve as a path to a future goal.

Health Care Law Track:

Synthesis & Application for Registered Nurses Required Courses

- NURS 703 - Graduate Nursing Practicum I
- NURS 705 - Graduate Nursing Practicum II
- NURS 797 - Scholarly Project

Track

- NURS 610 - Liability Health Care Org/Prof
- NURS 611 - Med-Lgl Rsrch, Writing & Presn
- NURS 642 - Psycho/Social/Legal Forensics
- HESA 581 - Health Care Legal Aspects

Informatics Track:

Synthesis & Application for Registered Nurses Required Courses

- NURS 703 - Graduate Nursing Practicum I
- NURS 705 - Graduate Nursing Practicum II
- NURS 797 - Scholarly Project

Track

- NURS 634 - Nurs Admin In Complex Health
- NURS 764 - Administrative Informatics
- NURS 779 - Applied Interprofession Collab
- NURS 854 - Advanced Informatics

General Note:

- A minimum of 36 credit hours is required, with a minimum overall cumulative GPA of 3.000.

Nursing, M.S.N. - MIDAS Program (Pre-licensure)

The Master of Science in Nursing: Direct Entry as Second Degree, the (MIDAS) program is designed for mature, goal-directed individuals who have a bachelor degree in a discipline other than nursing who desire to be a licensed registered nurse (RN). The twenty month MIDAS program is a five-semester (including one summer), fulltime program of study. Upon successful completion of the program, the student is eligible to sit for the National Council Licensure Exam-Registered Nurse (NCLEX-RN). The student will graduate with a Master of Science in Nursing (MSN).

The MIDAS program includes the Clinical Nurse Leader (CNL) role within this generic master's program. The Clinical Nurse Leader is an innovative nursing role developed by the American Association of Colleges of Nursing to prepare graduate nurse leaders for reforming the health care delivery system and putting best practice into action. All MIDAS graduates who have become registered nurses are eligible to sit for the Clinical Nurse Leader Certification Examination and are also eligible to sit for the American Holistic Nurses' Certification examination.

Admission Requirements: www.xavier.edu/msn/MSN-MIDAS-Admission.cfm

Curriculum

The MSN MIDAS program requires five semesters (fall/spring/summer/fall/spring) of full-time study.

MSN MIDAS Nursing Core (18 semester hours)

- NURS 500 - Health Care Ethics-Nurse Leads
- NURS 501 - Theoretical Bases for Nurs Pra
- NURS 502 - Nursing Research
- NURS 754 - Ldrshp/Management Concepts
- NURS 854 - Advanced Informatics
- NURS 864 - Epidemiologic Methods

MIDAS Courses

- NURS 550 - Nursing Perspectives I
- NURS 552 - Art & Science of Nursing
- NURS 553 - Art & Science of Nursing Pract
- NURS 554 - Essentials of Pathophysiology

- NURS 560 - Nursing Perspectives II
- NURS 562 - Art & Sci of Family Nursing
- NURS 563 - Art & Sci Fam Nurs Practicum
- NURS 564 - Art & Science & Adult Nursing
- NURS 565 - Art & Sci & Adult Nurs Pract
- NURS 650 - Art & Sci of Adv Nursing
- NURS 651 - Art & Sci Adv Nurs Practicum
- NURS 652 - Art & Sci of Psych Nursing
- NURS 653 - Art & Sci of Psych Nurs Pract
- NURS 654 - Advanced Pharmacology
- NURS 656 - Advanced Pathophysiology
- NURS 750 - Nursing Perspectives III
- NURS 752 - Com Nurs/Pub Hlth Policy
- NURS 753 - Com/Pub Hlth Nurs Practicum
- NURS 850 - Nursing Perspectives IV

Synthesis & Application for MSN MIDAS

- NURS 857 - Leadership Practice and Scholarly Project

Note(s):

- Each practicum credit hour is equal to 4 clock hours per week.
- Total credit hours required for the MIDAS program is 79 semester credit hours

Psychiatric Mental Health Nurse Practitioner, MSN

The psychiatric/mental health nurse practitioner (PMHNP) program focuses on children, adolescents, adults, and the elderly who are at risk for developing and/or are experiencing acute or complex mental health problems, behavior disorders or psychiatric diagnoses. The PMHNP curriculum focuses on facilitating the transitions of individuals, families, communities and populations' health and well-being across the lifespan and the utilization of evidence-based, culturally sensitive, recovery-oriented holistic care.

Graduates of the PMHNP program will be prepared to apply a holistic nursing process and medical/medication management to promote optimal mental health while engaging in active, ongoing collaboration with individuals, their families, significant others, and the interprofessional team. Graduates are eligible for national certification through the American Nurses Credentialing Center

Curriculum

MSN Core Curriculum (21 Semester Hours for NP)

- NURS 500 - Health Care Ethics-Nurse Leads
- NURS 501 - Theoretical Bases for Nurs Pra
- NURS 502 - Nursing Research
- NURS 505 - Health Care Informatics
 - NURS 532 - Leadership and Management for NPs
- NURS 690 - Healthcare Policy-Nurse Leader
- NURS 864 - Epidemiologic Methods
- NURS 797 - Scholarly Project

Nurse Practitioner Core (9 semester hrs.)- pre-requisites

- NURS 658 - Advanced Clinical Pharmacology
- NURS 680 - Adv Pathophysiology for RN
- NURS 756 - Advanced Health Assess RN

PMHNP Core (19 semester hours)

- Nurs 780 PMHNP Core 1 (3)
- Nurs 783 PMHNP Clinical Practicum 1 (1)*
- Nurs 781 Role Development (1)
- Nurs 782 Ethical issues in Psychiatric Mental Health Nursing (1)
- Nurs 784 PMHNP Core 2 (3)
- Nurs 785 PMHNP Clinical Practicum 2 (1)*
- Nurs 787 PMHNP Clinical Practicum 3 (1)*
- Nurs 786 Psychopharmacology (2)
- Nurs 788 PMHNP Core 3 (3)
- Nurs 789 PMHNP Clinical Practicum 4 (1)*
- Nurs 791 PMHNP Clinical Practicum 5 (1)*
- Nurs 790 Current Issues and Trends in PMH (1)

* Practicum courses: 1cr = 120 contact hours/ semester (8 contact hr/cr./week)

RN to MSN Program

This program is not admitting students at this time.

The RN to MSN curriculum is designed for experienced registered nurses who are goal directed leaders and seek a high quality program that efficiently meets their need to obtain a MSN degree in a timely manner. Students in this program are registered nurses without a baccalaureate degree in any field, but have a minimum of two years of full-time nursing practice as registered nurses. Applicants must demonstrate leadership potential, motivation, specific career goals and an excellent academic record. It is expected applicants will already have completed foundational courses in their basic training prior to entering the program. These courses would include content in the following areas: anatomy and physiology, microbiology, chemistry, sociology, general psychology, developmental psychology, English composition and health assessment skills. Foundational content will be validated through the essay and resume.

Registered nurses applying to the MSN or RN to MSN program must be graduates of a nursing program accredited by the Accrediting Commission for Education in Nursing (ACEN), formerly NLNAC or the Commission on Collegiate Nursing Education (CCNE). Graduates of an associate degree academic program must have obtained a degree from a college or university accredited by the Commission on Institutions of Higher Education from one of the six regional accrediting bodies (MSA, NASC, NCA, NEASC, SACS, or WASC).

Students enrolled in the RN to MSN program complete 18 semester hours of prerequisite courses. These prerequisite courses build upon previous education and are required as preparation for the graduate program. Once prerequisites are met, students may matriculate into the graduate program. Admission to the graduate courses is contingent upon completion of all prerequisite courses and a minimum 3.000 cumulative grade point average in courses completed at Xavier.

Admission Requirements: www.xavier.edu/msn/Admission.cfm

RN to MSN Program Pre-requisite Courses:

- ENGL 101 - English Composition
- NURS 490 - Analysis of Healthcare Info *
- PHIL 100 - Ethics as Intro to Philosophy
- THEO 111 - Theological Foundations
- NURS 442 - The Community as Partner
- NURS 496 - Professnl Developmt Grad Stud

Note(s):

* NURS 490 meets the statistics requirement. Alternately, this requirement may be met by a previously completed statistics course or XU's MATH 116 or MATH 156.

The MSN program consists of a minimum of 36 semester hours.

Doctor of Nursing

Population Health Leadership, D.N.P.

The Doctor of Nursing Practice (DNP) degree program is an online population health-focused post-master's degree program for nurses from a variety of practice settings to become leaders in addressing the complexity of health care and health care outcomes in the 21st century. Through the lens of the Jesuit tradition, the student builds on a previously earned master's degree to achieve the highest level of academic preparation that incorporates scientific, philosophical, ethical, and historical perspectives of nursing practice along with a perspective of the complexities of present and future global and holistic health care. Additionally, organizational and systems leadership, population focused healthcare, health policy that includes advocacy in health care, and interprofessional collaboration to address health care outcomes will be considered. The design, implementation, and evaluation of delivery methods that address outcomes to improve the health of the nation will be the capstone focus. Xavier DNP graduates will be well positioned for translating the science of population health nursing as nurse leaders in an ever-changing global health care environment.

Immersion experiences in a variety of environments occur throughout the curriculum and focus on integration and application of credible research findings within the evidence base. Innovation to support management of care for individuals and populations, administration of nursing and health care organizations, and development and implementation of health policy that will ultimately influence health care outcomes for populations is also a part of the immersion experience. Using conceptual and analytical skills, students provide leadership in clinical scholarship and synthesize relationships among practice, organizations, diverse populations, fiscal resources and policy concerns to advance the delivery of quality, safe, efficient and effective health care for diverse populations.

The 39-42 variable credit hour program is a 100% online educational offering with a campus-based orientation prior to the beginning of the first fall semester. Students move through the 8 semester program taking 3 to 7 credits per semester. Variable credits are due to an epidemiology course that is required of all AACN Master of Science in Nursing (MSN) graduates and Doctor of Nursing Practice (DNP) graduates. MSN graduates who have approved credit for an equivalent epidemiology course from their master's curriculum are not required to repeat the course. Up to 500 hours of clinical immersion from a master's program and/or advanced certification may be accepted toward the 1,000 immersion hours required for DNP.

Program Objectives

1. Integrate the scientific, philosophical, ethical, and historical underpinnings of professional nursing practice from a global and holistic perspective.
2. Provide organizational and systems leadership for quality improvement and systems thinking.
3. Provide leadership in clinical scholarship and analytical methods for the translation of research in evidence-based care.
4. Utilize information systems/technology and patient care technology for the holistic improvement and transformation of health care.
5. Influence health care policy by possessing essential skills in policy and advocacy.
6. Establish interprofessional collaboration for holistically improving patient and population health outcomes.
7. Design, implement, and evaluate health care delivery methods for illness prevention and population health for improving the nation's health.
8. Utilize conceptual and analytical skills to distinguish relationships among practice, organizations, diverse populations, fiscal resources, and policy concerns and to advance nursing practice.

Prerequisite

- NURS 886 - Scholarly Writing Seminar

Curriculum

- NURS 900 - DNP Foundations
- NURS 902 - Adv Evidence Based Practice

- NURS 903 - Leadership in Complex Systems
 - NURS 904 - Application Adv Research
 - NURS 905 - Healthcare Fin and Econ
 - NURS 906 - Informatics for Adv Nurs Pract
 - NURS 907 - Eval & Analysis of Outcomes
 - NURS 908 - Health Care Policy
 - NURS 910 - Scholar of Adv Applic & Innov
 - NURS 911 - DNP Project Immersion I
 - NURS 915 - DNP Project Immersion II
 - NURS 917 - DNP Project Immersion III
- NURS 919 DNP Project Immersion Extension (3)*

*If needed to complete an immersion semester

Occupational Therapy Doctorate

Occupational Therapy, O.T.D.

The Occupational Therapy Doctorate (OTD) Program was granted Candidacy Status from the Accreditation Council for Occupational Therapy Education (ACOTE) to accept applicants into an entry-level doctorate program beginning Fall 2020. ACOTE is located at 6116 Executive Boulevard, Suite 200, North Bethesda, MD 28052-4929. ACOTE's telephone number is (301) 652-AOTA, accred@aota.org, www.acoteonline.org. The program must have a preaccreditation review, complete an on-site evaluation, and be granted Accreditation Status before its graduates will be eligible to sit for the national certification examination for the occupational therapist administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this exam, the individual will be an Occupational Therapist, Registered (OTR). In addition, all states require licensure in order to practice; however, state licenses are usually based on the results of the NBCOT Certification Examination. Note that a felony conviction may affect a graduate's ability to sit for the NBCOT certification examination or attain state licensure.

Occupational therapy (OT) is a health-care profession that uses occupation, or meaningful activity, to help people lead productive and satisfying lives. Occupational therapists form a dynamic and collaborative partnership with service recipients in order to support their maximal participation in societal roles. The uniqueness of occupational therapy lies in the recognition and appreciation of the importance of day-to-day occupations that are used to positively influence one's health and well-being. Persons, groups, or populations who have difficulty participating in daily roles, routines, and activities due to physical, psychological, emotional, or developmental problems can benefit from occupational therapy services.

Occupational therapists are skilled professionals whose education includes the study of human growth and development with specific emphasis on the social, emotional, and physiological effects of illness and injury and the concomitant benefits of engagement in occupation. Occupational therapists need to be people-focused as well as art- and science-oriented. They must be well-educated in the functions of mind, body, and spirit. The occupational therapy doctorate degree provides "opportunities for the occupational therapist to possess the necessary knowledge and skills as a direct care provider, consultant, educator, manager, leader, researcher, and advocate for the profession and the consumer" (ACOTE Standards, 2018). Occupational therapy is a rewarding and satisfying career that requires a high level of skill and expertise.

The Occupational Therapy Program spans 7 semesters post-baccalaureate degree and culminates in an earned entry-level occupational therapy doctorate (OTD) degree. The course of study includes completion of didactic and lab courses, fieldwork Level I and II, a capstone experience, and capstone project. The OTD Program's Mission, Philosophy, and Curriculum Design center around curricular threads of Practice, Ethics, Advocacy, Leadership, and Scholarship. The Program's Mission is to educate students to become competent and ethical practitioners who advocate for justice, serve as leaders, and embrace a lifetime of scholarship.

See the list of [Essential Functions for Coursework and Fieldwork](#) that details the performance abilities and characteristics necessary to successfully complete the requirements of the OTD program.

See [Entry-level Occupational Therapy Doctorate Degree Admission Requirements](#) for application and admission details. Acceptance into the capped OTD program includes but is not limited to the following: completion of a minimum of a bachelor's degree with an earned, preferred cumulative GPA of 3.2 on a 4.0 scale; completion of all pre-requisite course requirements; meeting competitive GRE score criteria (waived for entrance in Fall 2023); and submitting an application accompanied by three letters of recommendation.

Additional Requirements

Student membership into the state and national occupational therapy professional organizations is required. Prior to beginning Level I and Level II Fieldwork, students must show evidence of malpractice liability insurance (\$2,000,000/\$4,000,000). Liability insurance is mandatory and provided through the University, and the University has negotiated a favorable group rate for occupational therapy students. Students are billed through the University when they register for courses that include a fieldwork or community experience. All students must have current CPR certification; hepatitis B immunization; measles, mumps, and rubella immunizations; Covid-19 full vaccination including booster; an annual FBI & BCI criminal history record check, tuberculosis test, seasonal influenza vaccine, history and physical exam, universal precautions and HIPPA training. Drug testing may be requested upon demand. Possession of or ability to attain a valid passport for travel outside the US is required for the Total Immersion Diversity Experience (TIDE). Level II Fieldwork courses must be completed within 12 months of the didactic coursework. Doctoral capstone must be completed within 24 months of completing didactic coursework.

Curriculum

- OCTD 501 Applied Neuroscience (3)
- OCTD 502 Occupational Science (3)
- OCTD 505 Professional and Ethical Practice (3)
- OCTD 508 Occupational Therapy Theory (3)
- OCTD 510 Therapeutic Skills (2)
- OCTD 512 Therapeutic Skills Lab (2)
- OCTD 520 Occupational Therapy Measurement and Assessment (3)
- OCTD 522 Scholarship I: Quantitative Research Methods (3)
- OCTD 524 Occupational Justice (3)
- OCTD 526 Occupational Therapy Process: Behavioral Health (3)
- OCTD 528 Behavioral Health Lab (1)
- OCTD 530 Focused Topic: Occupation-Based Movement Analysis (1)
- OCTD 532 Focused Topic: Occupational Therapy Evidence-based Practice (1)
- OCTD 534 Introduction to Capstone (1)
- OCTD 600 Occupational Therapy Process: Pediatrics (3)
- OCTD 602 Pediatrics Lab (1)
- OCTD 604 Capstone Development I (3)
- OCTD 606 Scholarship II: Qualitative Research Methods (3)
- OCTD 608 Environmental Analysis (3)
- OCTD 610 Focused Topic: School-based Practice (1)
- OCTD 612 Focused Topic: Grant Writing (1)
- OCTD 614 Level I Fieldwork Pediatrics (1)
- OCTD 620 Occupational Therapy Process: Adults (3)
- OCTD 622 Adults Lab (1)
- OCTD 624 Culture and Occupation (1)
- OCTD 626 Assistive Technology for Lifespan (3)
- OCTD 628 Assistive Technology Lab (1)
- OCTD 630 Occupational Therapy Management and Supervision (3)
- OCTD 633 Scholarship III: Scholarly Study (3)
- OCTD 634 Focused Topic Lab: Prosthetics, PAMs, and Splinting (1)
- OCTD 700 Occupational Therapy Process Geriatrics (3)

- OCTD 712 Level I Fieldwork Adult/Geriatric (1)
- OCTD 714 Level I TIDE Fieldwork (1)
- OCTD 720 Level II Fieldwork (A) (6)
- OCTD 722 Level II Fieldwork (B) (6)
- OCTD 800 Capstone Practicum (6)
- OCTD 802 Capstone Dissemination (3)

Doctor of Psychology

Clinical Psychology, Psy.D.

The Doctor of Clinical Psychology (PsyD) program builds upon Xavier's strong commitment to the Jesuit tradition of service within the context of scholarship. The program provides students with the knowledge and range of skills necessary to provide psychological services in today's changing professional climate. The full time, five-year program includes four academic years and one internship year. The program emphasizes the importance of a scientific foundation in psychology. The PsyD program is designed to prepare students for the general practice of health service; it also provides training in three areas of interest: children and adolescents, individuals with severe and chronic problems in psychopathology, and health care psychology in medical settings. Students have the opportunity to pursue these areas of interest by taking specialized courses, gaining experience in practicum placements, and conducting applied research.

Admission Requirements for the PsyD degree

To be eligible for admission, applicants should submit materials before the annual deadline date of **December 1st**.

Go to <http://www.xavier.edu/psychology-doctorate/admission.cfm> on the Xavier website to reference the full details and the admission process.

Summary List of Admission Requirements

To be eligible for admission, applicants should submit the following items to the Department of Psychology before December 1st:

- (1) A completed application form.
- (2) Non-refundable \$35 application fee.
- (3) One official transcript from each college or university attended. (A minimum 3.000 overall undergraduate grade point average (on a 4.000 scale), and a minimum 3.000 average in all psychology courses, is required).
- (4) Three letters of recommendation.
- (5) A resume or vita.
- (6) A written personal statement of reasons for pursuing a graduate degree in the psychology department at Xavier University, and plans after completion of studies. (2-3 pages)
- (7) A diversity statement.
- (8) A completed Application for Financial Assistance form for possible financial aid if interested.
- (9) Any other information that might aid in the selection process.

Students must have a minimum of 18 undergraduate hours in psychology, including courses in general psychology, psychology statistics, research methods course with lab, and tests and measurements. Courses in developmental and abnormal psychology are recommended. Courses in biological science and college mathematics are also recommended as a preparation for graduate studies. For students with graduate training in clinical psychology or a related field who are accepted, a portion of their previous graduate work (if the student has earned a grade of "B" or higher) might be credited toward the fulfillment of the requirements for the doctoral degree. All decisions regarding acceptance of graduate credit will be made by the School Chair by the end of the first year.

In all cases, a minimum of 75 of the 120 hours required coursework for the PsyD. degree must be completed at Xavier.

Program of Studies

Students are accepted into the program on a full-time basis and are required to complete a minimum 120 credit hours to graduate. The curriculum of the first four years is divided into two major types of learning experiences: 1) knowledge/academic based, and 2) skills/clinical based. The 93 credit hours of courses that are primarily "academic" in nature are designed to develop content and methodologies in specific areas identified by the American Psychological Association Council on Accreditation (CoA) as essential for clinical training—biological, cognitive and affective, social and cultural aspects of behavior, history and systems in psychology, psychological measurement and assessment, human development, psychopathology, professional standards of ethics, research and evaluation, and professional interpersonal conduct. The remaining 27 credit hours involve courses such as professional development and practicum, clinical practicum, and internship that provide supervised experience and training in a range of clinical areas.

A unique feature of the program is the opportunity for students to develop a focus area in working with children and adolescents, working with individuals with severe and chronic disorders, or applying psychological interventions in health care settings. Prior to applying for internship in the fall of the fourth year, students must successfully complete the Clinical Competency Examination, which evaluates students' progress in clinical skill development, and propose their dissertation.

Students who are accepted into the doctoral program who already hold a master's degree in a field akin to clinical psychology may be able to apply a portion of the previous graduate work toward the fulfillment of the doctoral degree requirements. The allowable number of transferable hours will vary; all accepted hours must come from courses that match the requirements of courses in the PsyD curriculum. In all cases a minimum of 75 hours of the required 120 must be completed at Xavier.

Petitions for transfer of credit will be granted with the recommendation of the School Chair and approval of the Dean of the College of Professional Sciences. Courses will be considered for transfer at a grade of B or higher. Courses taken more than six years prior to entering the doctoral program will normally not be accepted for transfer.

Grading Policy:

Grades are based on a student's performance meeting the standards established and communicated in writing by the professor of the course. A semester grade point average of 3.000 or higher is required for a student to remain in good standing. Any student whose semester (Fall, Spring, Summer) GPA falls below 3.000 or who earns a grade of "C

(includes C+ or C) or "F" in any 2 credit hour course will be placed on "WARNING" by the Dean of the College of Professional Sciences and remains on WARNING throughout the remainder of the program. Once on warning, any student whose semester (Fall, Spring, Summer) GPA falls below a 3.00 may be dismissed. In addition, once on warning, any student who earns a grade of "C" or "F" in any course is subject to dismissal. A student who earns a grade of C or lower in 4 hours or more of course credit in one semester may be subject to dismissal immediately. The following interpretation of letter grades is used by the department A= excellent, B=good, C=minimal, and F=failure. Faculty may use a +/- system in grading. Students receiving a "C" in a course may be required to retake the course or do additional work to satisfy specific deficiencies. This will be determined by the professor of the course and will be discussed with the student and his/her advisor. The student may be required to register for a one hour tutorial (PSYC 900) to complete the necessary remedial work, for which he/she must earn a grade of pass to fulfill the requirements for the additional work. The work must be completed by the student during the following academic semester. Students receiving an "F" in a course are required to retake the course. A cumulative GPA of 3.000 or higher is required for graduation. An A = 4 points, a B = 3 points and a C = 2 points. Pluses and minuses alter the merit points by .3. All students are required to complete the "Yearly Graduate Student Activity Report: for each academic year by May 1.

Requirements for the PsyD degree

- All students must complete each of the following courses designed to provide integrative education in the graduate field of psychology. Although the curriculum may change to match advancement of the field of professional psychology, the current curricular requirements are listed below in the present order of completion.
- All students are required to take eight elective courses, four of which are specified as the student's "focus area": clinical child and adolescent psychology; individuals with severe and chronic problems in psychopathology, and; health care psychology across the lifespan. The other four electives are chosen by students in consultation with their advisor. A unique feature of the program is that students may opt to use their additional electives to work toward a "Certificate in the Foundations of Health Services Administration," which is offered in cooperation with the Health Services Administration Department. These courses offer a foundation in the health services discipline and provide a basis for understanding the dynamics involved in the delivery of health care services in today's changing professional climate.
- The PsyD degree will be awarded upon successful completion of required coursework, Clinical Competency Examination, Doctoral Dissertation, and an internship. After the fourth year of enrollment in the doctoral program (or its equivalent for students admitted with advanced standing), the student is expected to be enrolled in either PSYC 999, Internship, or PSYC 790, Continuous Major Research, until the dissertation is defended and deposited in the library. All of these requirements must be earned within the 8-year limit for the PsyD program.
- After the completion of the internship, students must be enrolled in PSYC 790, Continuous Major Research each semester until all dissertation requirements have been completed. A minimum of 75 of the 120 hours required coursework for the PsyD. Degree must be completed at Xavier.

Year One

First Semester

- PSYC 584 - Assessment I: Psychometrics & Intelligence Testing
- PSYC 506 - Social Aspects of Behavior
- PSYC 580 - Clinical Psychopathology
- PSYC 511 - Advanced Statistics I
- PSYC 520 - Computer Statistical Language I

Second Semester

- PSYC 585 - Assessment II: Personality
- PSYC 509 - Cognitive Aspects of Behavior
- PSYC 508 - Diversity
- PSYC 512 - Advanced Statistics II
- PSYC 521 - Computer Statistical Language II
- PSYC 549 - Introduction to Clinical Interactions

Summer

- PSYC 502 - History & Philosophical Issues
- PSYC 505 - Professional Problems & Ethics in Psychology
- PSYC 852 - Extended Practicum

Year Two

First Semester

- PSYC 586 - Assessment III: Cognitive Functioning
- PSYC 510 - Biological and Affective Aspects of Behavior
- PSYC 621 - Advanced Research Design & Analysis I
- PSYC 650 - Prof. Development & Practicum I
- PSYC 608 - Integrative Life Span Psychology I

Second Semester

- PSYC 629 - Intervention: Behavior Therapy
- PSYC 622 - Advanced Research Design & Analysis II
- PSYC 651 - Prof. Development & Practicum II
- PSYC 609 - Integrative Life Span Psychology II

Summer

- PSYC 787 - Major Research I
- Elective
- PSYC 852 - Extended Practicum

****Earn M.A. in Psychology**

Year Three

First Semester

- PSYC 631 - Intervention: Psychodynamic Psychotherapy
- PSYC 760 - Clinical Practicum III
- AI/Elective

Second Semester

- PSYC 632 - Intervention: Cognitive Therapies or PSYC 835 - DBT
- PSYC 751 - Clinical Practicum IV
- AI/Elective
- Elective

Summer

- Elective
- PSYC 788 - Major Research II
- PSYC 852 - Extended Practicum

Note(s):

- A dissertation prospectus must be accepted by a faculty member who agrees to serve as the dissertation chair by the first Friday in December of the 3rd year in order to register for courses for the spring semester.
- Clinical Competency Examination or Dissertation proposal must be successfully completed by the end of the spring semester prior to applying for internship.

Year Four

Students are expected to apply for the yearlong clinical internship in their 4th year after having passed all portions of the Clinical Competency Examination and successfully proposed their dissertation..

First Semester

- AI/Elective
- AI/Elective
- PSYC 740
- PSYC 850 - Clinical Practicum V

Second Semester

- Elective
- PSYC 821 or 822 - Applied Interprofessional Education
- PSYC 851 - Clinical Practicum VI
- PSYC 789 - Major Research III

Year Five

- PSYC 999 - Internship (one year)

Dual Degree

Accountancy Combined Undergraduate and Graduate Program, B.S.B.A./M.S. or B.S.B.A/M.B.A.

These are five year programs that allow students to enroll in graduate studies during their senior year of undergraduate coursework. Many students with advanced placement credit or that enroll in summer courses or take 18-hour course loads complete these programs in less than five years. Completion of a combined program enables a student to earn a BSBA in Accounting and either an M.S. in Accountancy (MSA) or an MBA while satisfying the 150-hour requirement to be eligible to take the CPA exam. Students are allowed to seek admission to the MSA or the MBA program when they have one year remaining to complete their BSBA in Accounting. Those accepted may begin taking a limited number of graduate courses while completing their undergraduate degree. (Note: either of these programs will allow students to meet the requirements to sit for the CPA exam in the state of Ohio. Students planning to practice in other states should become familiar with the requirements in that state)

Requirements:

- Same as the requirements for Accounting, B.S.B.A. except that six hours of MS or MBA credit may be taken in the senior year under the undergraduate tuition which

covers up to 18 credit hours of classes in an academic term.

- Same as requirements for all MS and MBA students.
- The Nine credit hours of graduate electives required in the MBA program may include one or more Masters in Accountancy (MACC) courses with permission of the MSA director or Chair of the Department of Accountancy.

B.S.B.A. Accounting and MS or MBA

Students that plan to pursue a joint B.S.B.A. and MS or MBA degree should work with their academic advisor to develop a plan for completion of both degrees. Students are also encouraged to meet with the Department Chair, the Director of the MS in Accountancy program or the MBA office for assistance in designing their program of study.

Bachelor of Liberal Arts / Master of Occupational Therapy (BLA to MOT)

This program is no longer admitting students as freshmen as of Fall 2018.

To complete the MOT degree, students will initially obtain a BLA with a concentration in Human Occupation Studies and a University approved minor or second concentration. The BLA will be obtained upon completion of the first semester of the 4th year. Graduate coursework will begin second semester of the fourth year, and continue during the 5th year. It will culminate in a 6 month, post academic internship; the entire course of study spans 5 ½ years. Transfer students who are certified occupational therapy assistants may receive transfer credit for some of the BLA requirements depending on the articulation agreement worked out with the occupational therapy assistant program previously attended.

Requirements for the BLA to MOT

Note(s):

Complete undergraduate prerequisite courses and earn no more than two "C" or lower letter grades in each course, as follows:

Undergraduate core curriculum requirements:

See Undergraduate Core Curriculum .

The following specific core courses are required for this program:

- BIOL 140,141,142,143
- ENGL 115
- MATH 156,158
- PHYS 140,142
- PSYC 231

Upper Division Studies Requirement:

38 credit hours of upper division work, as follows:

Complete 26 hours from:

- HOCS 301 - Human Occupation Across Lifesp
- HOCS 303 - Technlgy for Life Participatn
- HOCS 321 - Analysis of Occupational Perfo
- HOCS 323 - Occupatl Justice I:Foundations
- HOCS 386 - Kinesiology Lecture
- HOCS 387 - Kinesiology Lab
- HOCS 401 - Transformative Nature of Occup
- HOCS 403 - Creative & Systematic Inquiry
- HOCS 405 - Occupatnl Justice II: Indp Stu
- HOCS 411 - Condns Influencing Participn

Note(s):

- These HOCS courses are required for the Concentration in Human Occupation Studies (HOCS).

Complete at least 12 hours in a required Minor or a 2nd concentration within the BLA.

Additional OT requirements:

6 hours of Neuroscience and Kinesiology from:

- BIOL 204 - Functional Neuroscience

3 hours of Bioethics from:

- PHIL 329 - Bioethics (can be taken as the required Philosophy elective course in the undergraduate core)

Note(s):

- A minimum of 120 credit hours is required for the BLA degree; and an overall cumulative GPA of at least 3.000 must be attained.

MOCT Courses

- MOCT 501 - Creative & Sys Inquiry II
- MOCT 502 - Creative & Systematic Inquiry
- MOCT 503 - Tech for Life Participation II
- MOCT 505 - Techniques & Tools for OCHT Pr
- MOCT 507 - Professional Issues I
- MOCT 601 - Graduate Research Project I

- MOCT 603 - Domns&Proc I:Birth-Early Adult
- MOCT 605 - Adapt&Tech for Occ Partic I
- MOCT 607 - Level I Fieldwork:Domns&Proc
- MOCT 609 - Theoretical Found&Clin Reason
- MOCT 611 - Professional Issues II
- MOCT 631 - Graduate Research Project II
- MOCT 633 - Dom & Proc II: Ear Ad Through
- MOCT 635 - Adapt & Tech for Occ Part II
- MOCT 637 - Level I Fieldwork: Dom & Proc
- MOCT 641 - Professional Issues III
- MOCT 691 - Level II Fieldwork
- MOCT 692 - Level II Fieldwork
- MOCT 779 - Applied Interprofessional Coll

BLA Degree: (121 hours)

MOCT Courses: (48 hours)

MOT Degree TOTAL: (169 hours)

Exercise Science & Athletic Training, B.S. / M.S.

B.S. Exercise Science + M.S. Athletic Training 3+2 Option

Program Requirements

Students are required to meet all Admission, Progression, Retention and Graduation requirements of the Exercise Science, B.S. and Athletic Training, M.S. .

Curriculum Requirements

151 credit hours:

- Undergraduate Core Curriculum
- B.S. Exercise Science Requirements - 97 credit hours
- Dual B.S. Exercise Science / M.S. Athletic Training Requirements - 23 credit hours
- M.S. Athletic Training Requirements - 31 credit hours

Course Sequence

First Year

Fall Semester

- EXSC 100 - Intro to Exercise Science
- BIOL 140 - Human A&P I for Allied Health
- BIOL 141 - Human A&P I Lab Allied Health
- ENGL 101 - English Composition or ENGL 115 - Rhetoric
- THEO 111 - Theological Foundations or CORE 100 - First Year Seminar
- Second Language I
- CORE 101

Spring Semester

- EXSC 200 - Kinesiology
- BIOL 142 - Hum A&P II for Allied Health
- BIOL 143 - Hum A&P II Lab Allied Health
- THEO 111 - Theological Foundations or CORE 100 - First Year Seminar
- Second Language II
- Historical Perspectives
- CORE 102

Second Year

Fall Semester

- CHEM 150 - Physiological Chemistry
- CHEM 151 - Physiological Chemistry Lab
- MATH 116 - Elementary Statistics or MATH 156 - General Statistics
- PSYC 101 - General Psychology
- EXSC 300 - Exercise Physiology
- Theological Perspectives Elective

Spring Semester

- PHIL 100 - Ethics as Intro to Philosophy
- EXSC 320 - Fitness Training Principles
- EXSC 325 - Resistance Training
- EXSC 360 - Nutrition for Sport & Exercise
- Exercise Science Elective
- ENGL/CLAS/SPAN 205 - Lit & Moral Imag

Third Year

Fall Semester

- PHYS 140 - Technical Physics
- PHYS 141 - Technical Physics Lab

- EXSC 380 - Fitness Assessment & Design
- EXSC 381 - Fitness Assess & Design Lab
- Exercise Science Elective
- Ethics/Religion & Society Elective
- Humanities Elective

Spring Semester

- Exercise Science Elective
- EXSC 460 - Exercise Science Practicum
- PHIL 200 - Philosophical Perspective
- Creative Perspectives Elective
- Core / General Electives

Summer Semester

- ATTR 500 - Care & Prevention
- ATTR 501 - Athletic Training Skills
- ATTR 510 - Anatomical Kinesiology

Fourth Year

Fall Semester

- ATTR 521 - Lower Extremity Injuries
- ATTR 531 - Therapeutic Interventions I
- ATTR 540 - Evidence Based Practice
- ATTR 561 - Clinical Experience I

Spring Semester

- ATTR 522 - Upper Extremity Injuries
- ATTR 523 - Head, Spine & Thorax Injuries
- ATTR 532 - Therapeutic Interventions II
- ATTR 541 - Research I
- ATTR 550 - IP Collaboration
- ATTR 562 - Clinical Experience 2

Fifth Year

Fall Semester

- ATTR 600 - Medical Issues in AT
- ATTR 610 - Administrative Concepts
- ATTR 633 - Therapeutic Interventions III
- ATTR 642 - Research II
- ATTR 663 - Clinical Experience 3

Spring Semester

- ATTR 650 - Contemporary Issues in AT
- ATTR 664 - Clinical Experience 4

Master of Health Services Administration / Master of Business Administration, M.H.S.A. / M.B.A.

This concurrent degree option provides an opportunity for students to pursue an MBA degree in addition to a MHSA degree. The degree may be earned by pursuing additional hours of MBA graduate level course work through the Xavier Williams College of Business. Candidates for both degrees should declare their intentions when applying and submit one application to the graduate program in health services administration AND one application to the Williams College of Business. Concurrent degree candidates must be accepted to both the GPHSA and MBA programs. For further information about the MBA prerequisites and requirements, call 800-344-4698.

Master of Science in Nursing / Master of Business Administration, M.S.N./M.B.A.

The complexity of the health care system has led more and more nurse leaders and administrators to strengthen their knowledge in the application of professional nursing and business theories and practices. Xavier University's College of Nursing and the Williams College of Business offer an outstanding opportunity for nursing leaders to receive a dual degree in a creative, integrated program that unites these two nationally recognized colleges.

This degree requires 62-65 credits or more depending on the student's choice of courses. Students may be required to take foundational business courses or demonstrate knowledge of the following courses by previous academics, professional credentials or through examination. Two capstone courses measure the accomplishment of each program's objective.

Admission Requirements: www.xavier.edu/msn/Admission.cfm

Requirements for the Dual Degree MSN/MBA

Nursing Core/Graduate Support (17 semester hours):

- NURS 500 - Health Care Ethics-Nurse Leads
- NURS 501 - Theoretical Bases for Nurs Pra
- NURS 502 - Nursing Research
- NURS 505 - Health Care Informatics
- NURS 690 - Healthcare Policy-Nurse Leader
- NURS 754 - Ldrshp/Management Concepts
- NURS 864 - Epidemiologic Methods

Concentration (12 semester hours)

- NURS 634 - Nurs Admin In Complex Health
- or
- MGMT 550 - Strategy and Organizations
- NURS 764 - Administrative Informatics
- or
- BAIS 550 - Business Information Systems
 - MBA Elective
 - MBA Elective

MBA Foundational Skills (2 semester hours)

- ACCT 500 - Foundations of Financial Acct

MBA Core (21 semester hours):

- ACCT 550 - Managerial Accounting
- BLAW 550 - Business Law and Ethics
- BUAD 550 - International Business
- ECON 550 - Managerial Economics
- FINC 550 - Fundamentals of Finance
- MKTG 550 - Marketing Strategy

Synthesis & Application (4 semester hours):

- NURS 703 - Graduate Nursing Practicum I
- NURS 705 - Graduate Nursing Practicum II

Capstone Courses (5 semester hours):

- BUAD 690 - Corporate Governance or
- BUAD 691 - Global Strategic Thinking or
- BUAD 694 - Bond Portfolio Management

- NURS 797 - Scholarly Project

Master of Science in Nursing / Master of Education, M.S.N. / M.Ed.

The MSN/MEd program at Xavier University is an innovative, integrated program whereby the student will receive two separate degrees -- the Master of Science in Nursing (education track) and the Master of Education. This program was developed in response to a community need for nurse educators. The MSN/MEd prepares the graduate to administer and teach in educational settings (e.g., CE providerships, in-service educators and nurse educators).

The curriculum consists of a minimum of 58 semester credit hours. The core courses include theoretical and practical knowledge, which serve as the foundation for advanced nursing education in a variety of roles. Core courses focus on three major themes which are consistent with the philosophy for the graduate program: critical systematic inquiry, professional and personal development, and management of information and resources in a rapidly changing health care environment. The courses in the education track emphasize education principles and skills that enhance adult education management and practices.

Admission Requirements: www.xavier.edu/msn/Admission.cfm

Requirements for the Dual Degree MSN/MEd

Nursing Core required courses (20 semester hours):

- NURS 500 - Health Care Ethics-Nurse Leaders
- NURS 501 - Theoretical Bases for Nurs Pra
- NURS 502 - Nursing Research
- NURS 505 - Health Care Informatics
- NURS 690 - Healthcare Policy-Nurse Leader
- NURS 754 - Ldrshp/Management Concepts
- NURS 864 - Epidemiologic Methods

Required Nursing courses for Education track (11 hours)

- NURS 660 - Adult Learners HC Academia
- NURS 664 - Teaching Strategies
- NURS 670 - Curr Assess Plan Dev Eval
 - Nurs 580 - Patho, Pharm & Assessment Nurse Education

MEd Courses required (9 semester hours):

- EDAD 660 - Curr Design & Teach Strategies
- EDFD 500 - History/Philosophy of Am Educ
- EDFD 505 - Org of Ed Systems in U.S.

Elective Courses (Total of 12 hours required)

Select 9 credits from the following education courses. *NURS 660 counts for 3 of the total of 12 elective hours required.

- EDAD 543 - Supervision of Inst/Staff Pers
- EDAD 562 - Political Structure & PR
- EDAD 563 - Sch Finance, Bus Aff / Phys
- EDAD 565 - School Law I
- EDAD 570 - Policy Planning & Evaluation
- EDSP 500 - Sp Ed: Identification & Issue
- EDFD 510 - Adv Human Develop & Learning

Synthesis & Application (6 semester hours):

- NURS 703 - Graduate Nursing Practicum I
- NURS 705 - Graduate Nursing Practicum II
- NURS 797 - Scholarly Project

Master of Science in Nursing / Master of Science in Criminal Justice, M.S.N. / M.S.

The MSN/MS-CJ program at Xavier University is an integrated program, whereby the student will receive two separate degrees -- the Master of Science in Nursing (forensic concentration) and the Master of Science with a major in Criminal Justice. The Master of Science in Nursing (MSN) program at Xavier University provides nurses with the opportunity to obtain advanced level preparation in nursing science. Graduates of the program are prepared to assume professional leadership roles that encompass educational, consultative, and managerial functions. They are prepared to design and establish delivery services in response to current health care policy changes. This integrated MSN/MS-CJ program was developed to compliment the forensics track of the MSN program. Graduates are prepared to function in non-traditional roles within the criminal justice system and address the changing needs of the nation to prepare nurses in bioterrorism and disaster planning.

The curriculum consists of a minimum of 46 semester credit hours. The core courses include theoretical and practical knowledge, which serve as the foundation for advanced nursing practice. Core courses focus on three major themes which are consistent with the philosophy for the graduate programs: critical systematic inquiry, professional and personal development, and management of information and resources in a rapidly changing health care environment. Additional courses in the MSN/MS-CJ dual degree emphasize forensic and criminal justice principles and skills that enhance the variety roles in nursing forensics and criminal justice in which graduates may be employed.

Admission Requirements: www.xavier.edu/msn/Admission.cfm

Requirements for the Dual Degree MSN / MSCJ

Nursing/Graduate required courses (21 semester hours):

- NURS 500 - Health Care Ethics-Nurse Leads
- NURS 501 - Theoretical Bases for Nurs Pra
- NURS 502 - Nursing Research
- NURS 505 - Health Care Informatics
- NURS 754 - Ldrshp/Management Concepts
- NURS 864 - Epidemiologic Methods
- CJUS 643 - Correctional Counseling

Track (18 semester hours):

- CJUS 609 Forensic Aspects in Population Health
- CJUS 611 - Law & Justice in America
- CJUS 620 - Socio of Crime & Delinquency
- CJUS 642 - Criminal Justice Administratio
- NURS 642 - Psycho/Social/Legal Forensics
- NURS 648 - Found of Forensic Nursing

Synthesis & Application (7 semester hours):

- CJUS 792 - Internship

- NURS 705 - Graduate Nursing Practicum II
- NURS 797 - Scholarly Project

Minors

Accounting Minor

The accounting minor is designed to provide students with foundational knowledge in accounting and focused knowledge in one of the primary areas of accounting practice. The foundational knowledge is provided by ACCT 200 and ACCT 201 and further supplemented by ACCT 307 and 308. More focused knowledge is available in taxation (ACCT 311), nonprofit and governmental accounting (ACCT 415), cost accounting (ACCT 425) or audit (ACCT 304 and ACCT 490).

The minor is not intended to prepare students for the CPA exam; however, it does represent adequate accounting knowledge for entry into a student's selected area of focus. The minor can also be used as entry into the Master of Science in Accountancy program which would provide students with the qualifications necessary to sit for the CPA exam and enter the accounting profession without completion of the business core. In addition, the minor could significantly enhance the knowledge base and marketability of students in related disciplines such as actuarial science, business analytics, criminal justice, finance and information systems.

The accounting minor requires 15 to 18 hours and consists of the following required and optional courses:

Required Courses

- ACCT 200 - Introductory Financial Acct
- ACCT 201 - Introductory Managerial Acct
- ACCT 307 - Fin Actg & Reporting I
- ACCT 308 - Fin Actg & Reporting II

And choose one of the following courses:

- ACCT 311 - Introduction to Taxation
- ACCT 415 - Nonprofit and Govt Acct
- ACCT 425 - Cost Accounting

Or both of the following courses:

- ACCT 304 - Acct Info Systems & Controls
- ACCT 490 - Auditing

Advertising Minor

The advertising minor offers an understanding of the principles of advertising, creative concepts, and research.

18 total credit hours are required, as follows

12 hours from:

- COMM 270 - Principles of Strategic Comm
- COMM 329 - Audience Survey & Research
- COMM 332 - Media Strategies in Advtising
- COMM 430 - Creative Strategies Advrtsing

6 hours of electives (2 courses) selected from:

- COMM 235 - Digital Design
- COMM 237 - Elements of Copy & Design
- COMM 264 - Persuasion
- COMM 433 - Social Media Strategies
- COMM 477 - Strat Comm Ethics Society

Note(s):

- A 2.000 cumulative average must be attained in these courses.

Africana Studies Minor

The Africana Studies minor serves as an introduction to the historical, political, cultural and social traditions of the African continent and the African Diaspora within disciplinary and interdisciplinary contexts. Elective courses which satisfy the intellectual requirements of the minor trace the customs, mores and histories of African nations or countries with significant African Diaspora populations, perform comparative analysis between African or African Diaspora populations, or focus on individual spheres - cultural, economic, political, social, etc. - within specific African/African Diaspora populations.

Requirements:

Students completing the 18 credit hour minor must fulfill the following minimal requirements:

Required Introductory Course

- GDST 210 - Introduction to African American Studies/Africana Studies

One introductory course on the African continent:

- HIST 123 - African History I or
- HIST 153 - Africa's Past Our Future

One intermediate or advanced courses on the African continent:

- ENGL 352 - African Literature
 - HIST 411 - African Leadership History
- THEO 309 - West African Religions
 - or other qualifying courses

One intermediate or advanced course on the African Diaspora:

- HIST 231 - Transatlantic Slave Trade
- THEO 322 - Black Theology
- SPAN 445 - 20th Century Spanish-Amer Lit
 - FREN 415 - Visions of Empire 1800-Present
 - GDST 350 Medical Racism
 - HIST 277 History of the Caribbean
 - or other qualifying courses

One additional course at any level focused on the African continent or the African Diaspora:

- COMM 323 - Race, Class, Gender & Media
- HIST 124 - African History II
- HIST 125 - Latin America Cortes to Castro
 - HIST 131 - Reconstruction to 1940s
- DANC 155 - Dance & Movement Beginner Jazz
 - GDST 120 - Black Visual and Material Culture
 - GDST 206 - Introduction to Gender and Diversity Studies
 - MUSC 105 - Hip Hop: Music and Culture
- MUSC 114 - Jazz: American Creative Music
- SOCI 180 - Culture & Society
- SOCI 240 - Population & Globalization
- SOCI 250 - Racial Ethnic Minorities
- SOCW 318 - Trends in Modern Soc: Race Rel
 - OR other qualifying courses

One African Studies Community Engagement Capstone course

Applied Health Sciences Minor

The Applied Health Sciences Minor offers students the ability to critically analyze scientific knowledge and examine career options in science-based, applied health professions. Students consider a variety of approaches, perspectives, and factors contributing to healthy human development and functioning. Course work includes offerings from the natural sciences, social sciences, and professional disciplines, providing students with opportunities to consider and explore their pursuit of a professional degree, most likely as a graduate or second (post) baccalaureate degree, in applied health sciences. Students receive an on-line orientation to the minor (e.g., to explore major requirements and degree options) and meet with the health science minor advisor to select and complete a desired curriculum path in the minor. (23 credit hours; many courses also fulfill core requirements) Students are required to obtain a 2.5 cumulative overall GPA for coursework fulfilling the applied health sciences minor.

23 total credit hours are required, as follows

Required Course

- HESA 389 - Applied Health Sciences Seminar

Biology/Chemistry: 8 credits of the following

- BIOL 140/141: Anatomy and Physiology I for Allied Health (lecture and lab)
- BIOL 142/143: Anatomy and Physiology II for Allied Health (lecture and lab)
- BIOL 144/145: Anatomy and Physiology for Social Sciences (lecture and lab)
- BIOL 146/147: Anatomy and Physiology for Social Sciences (lecture and lab)
- CHEM 150/151: Physiological Chemistry (lecture and lab)

Statistics: 3 credits of the following:

- MATH 116: Elementary Statistics
- MATH 156: General Statistics
- PSYC 210: Statistical Techniques

Social Sciences: 3 credits of the following:

- PSYC 101: General Psychology
- SOCI 101: Introduction to Sociology
- SOCW 167: Survey of Society

Health: 6 credits of the following:

- HESA 110: Medical Terminology
- EXSC 100: Introduction to Exercise Science
- HESA 101: Introduction to American Health Care
- NURS 130: Ways of Knowing
- NURS 132: Health and Culture
- PSYC 368: Health Psychology
- SOCW 315: Values, Poverty and Society
- SOCI 375: Sociology of Health
- SPMG 110: Introduction to Sport Management
- BIOL 204: Neuroscience
- EXCS 200: Kinesiology

Applied Mathematics Minor

The minor in Applied Mathematics provides students with a solid foundation for using and understanding the tools of mathematics that are particularly applicable to other disciplines. Mathematical and quantitative competence are increasingly valued in an ever-increasing number of fields, including the physical sciences, business and finance, medicine, any many of the social sciences. The minor in Applied Mathematics broadens the analytical and problem-solving skills of students in virtually any field of study, and it increases their attractiveness to potential employers.

Applied Mathematics Minor

11 credit hours

- CSCI 170 - Computer Science I
- MATH 170 - Calculus I
- MATH 171 - Calculus II

9 hours of electives from the following:

- MATH 220 Multivariable Calculus
- MATH 225-399 (Refer to Course Descriptions)

Note(s):

- A 2.000 cumulative average must be attained in these mathematics courses.
- The Mathematics minor is open to all undergraduates except students majoring in Mathematics or Actuarial Science.
- Students can receive no more than one of these three minors: Mathematics, Applied Mathematics, Statistics.

Art History Minor

18 total credit hours are required, as follows

6 hours required in art courses:

- ARTS 270 - History of Art I
- ARTS 271 - History of Art II

12 hours of art electives (either studio or more art history)

- ARTS 101 - Two-Dimensional Design
- ARTS 105 - Three-Dimensional Design
- ARTS 272 - Art of the 20th Century
- ARTS 273 - History of American Art
- ARTS 274 - Women, Art & Society
- ARTS 275 - Sacred Art-Christian Perspect
- ARTS 276 - Art of the Enlightenment
- ARTS 277 - History of Graphic Design
- CLAS 240 - World Mythology
- CLAS 241 - Classical Mythology: Art
- CLAS 251 - Near Eastern Mythology: Art
- CLAS 261 - Greek Archaeology

Note(s):

- A minimum grade of "C" must be attained in all art courses to count toward the minor.
- Further information concerning art minors can be obtained from the Department of Art.

Arts Administration minor

Xavier's Arts Administration program minor is a professional minor consisting of a total of 15 credit hours. The mission of the program is to teach students how to carry out administrative responsibilities in diverse arts organizations.

Required Courses

- COMM 101 - Oral Communication
 - ARTS 130 - Intro to Arts Administration
 - ARTS 230 - Financial Planning in the Arts
 - ARTS 330 - Arts Marketing & Ticketing
 - ARTS 331 - Fundraising for Arts Organizations

Asian Studies Minor

The Asian Studies Minor is designed to build a deep knowledge of and appreciation for the peoples and cultures of Asia. Students will gain intermediate competency in an Asian language and learn about Asia from a variety of perspectives (e.g. historical, cultural, religious) and broaden their global perspective with insight into the diverse world of Asia.

24 total credit hours are required, as follows

Four language courses in the same language

12 credits

- CHIN 101 - Elementary Chinese I
- CHIN 102 - Elementary Chinese II
- CHIN 201 - Intermediate Chinese I
- CHIN 202 - Intermediate Chinese II

or

- JAPN 101 - Elementary Japanese I
- JAPN 102 - Elementary Japanese II
- JAPN 201 - Intermediate Japanese I
- JAPN 202 - Intermediate Japanese II

One from

3 credits

- HIST 161 - Asian History I
- HIST 162 - Asian History II

One other 200, 300, or 400 level HIST course

3 credits

One from

3 credits

- THEO 342 - World Religions
- THEO 343 - Dialogue Among World Religions
 - THEO 363 - Comparative Theology
- THEO 368 - Buddhism
- THEO 374 - Buddhist Christian Exploration

One elective from HIST, THEO or other approved course

3 credits

Notes

The minimum credit hours for the Asian Studies minor is 18.

If a student transfers in credit for a course or courses in an Asian language, the language requirement for the minor will be adjusted based on the student's level of proficiency, which will be determined by the language instructor. Students whose first language is an Asian language and students with intermediate Asian language proficiency (202) transfer credit will take an additional 6 hours of approved coursework for a total of 18 hours in the minor. Students who transfer proficiency through 201 will take the 202 language course and an additional three hours of approved coursework for a total of 18 hours in the minor.

Biochemistry Minor

The Biochemistry minor is intended to enhance students' understanding and competency in the area of Biochemistry.

21 total credit hours are required, as follows

17 hours from:

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab
- BIOL 230 - Genetics
- BIOL 231 - Genetics Laboratory
- CHEM 440 - Biochemistry

4 hours of electives selected from:

- CHEM 320 - CHEM 450

Biology Minor

A minor in biology is earned by completing 8 credit hours of required biology courses including the introductory general biology lecture and lab courses, plus two more courses with at least one lecture and lab combinations selected from advanced courses. A 2.000 cumulative average must be attained in all biology courses. Students should consult the department chair concerning specific requirements for the minor.

15 credit hours are required, as follows

8 hours from:

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab

Three additional credits from BIOL 200-490

At least one additional lecture lab combination from:

- | | |
|------------------------------|----------------------|
| • Microbiology & Lab | BIOL 200/201 (3 & 1) |
| • Human Physiology & Lab | BIOL 206/207 (3 & 1) |
| • Botany & Lab | BIOL 210/211 (3 & 1) |
| • Genetics & Lab | BIOL 230/231 (3 & 1) |
| • Ecology & Lab | BIOL 250/251 (3 & 1) |
| • Environ Science & Lab | BIOL 260/261 (3 & 1) |
| • Entomology & Lab | BIOL 270/271 (3 & 1) |
| • Aquatic Inverts & Lab | BIOL 340/341 (3 & 1) |
| • Ornithology & Lab | BIOL 350/351 (3 & 1) |
| • Human & Comp Anat & Lab | BIOL 354/355 (3 & 1) |
| • General Microbiology & Lab | BIOL 450/451 (3 & 2) |
| • Developmental Bio & Lab | BIOL 460/461 (3 & 1) |

Note(s):

A 2.000 cumulative average must be attained in all these courses.

Biomedical Sciences Minor

The Biomedical Sciences minor is designed for undergraduate students who wish to complete science courses generally required of applicants to medical school while completing a bachelor's degree in a non-science major.

39 total credit hours are required, as follows

8 hours of biology from:

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab
 - BIOL 206 - Human Physiology
 - BIOL 207 - Human Physiology Lab

19 hours of chemistry from:

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab
- CHEM 440 - Biochemistry

8 hours of physics from:

- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II

(or 170 series)

- (or the PHYS 170-173 series)

Note(s):

- Please note that PSYC 101 and SOCI 101 is now also required for the MCAT.
- A 2.000 cumulative average must be attained in these courses.

Business Analytics Minor

The Minor in Business Analytics, a STEM designated program, is intended to educate and develop future data analysts. Those that complete the minor will emerge with the necessary skills to immediately contribute to businesses in roles which require training in and an aptitude for data analysis. Through the utilization of real-world data sets, students will gain the skills, confidence and expertise required to succeed in today's data-driven business world. It is the intention of this minor to produce high-quality students who are not only analytically sound but also ethically responsible in their use of data. Ultimately, the outcome of the minor will be students who are able to help businesses make better decision through data analysis and statistical modelling.

21 credit hours

15 credit hours of required courses

- BAIS 211 (WCB Core Course) or MATH 156 or MATH 116
- BAIS 220 (WCB Core Course) or CSCI 170
- BAIS 358
- BAIS 365
- BAIS 329 / MKTG 329

6 credit hours from:

- BAIS 311
- BAIS 360
- BAIS 367
- BAIS 389
- BAIS 462
- BAIS 498
- MKTG 302
- MKTG 315 or MKTG 370
- ACCT 385 / FINC 385
- FINC 365
- ACCT 304
- ECON 306
- ECON 307

Note(s):

At a minimum, to receive the Minor in Business Analytics, a student must complete at least 9 hours within the minor which are not double counted in any other program or concentration.

Business Minor

This minor is available to all undergraduate non-business majors as it provides students with an introduction to business. Students gain exposure to a variety of business disciplines and topics.

20-21 total credit hours are required, as follows:

18 hours of specific business courses:

- ACCT 200 - Introductory Financial Acct
- BAIS 220 - Mgmt of Info Tech
- ECON 200 - Microeconomic Principles
- FINC 300 - Business Finance
- MKTG 300 - Principles of Marketing
- MGMT 200 - Organizational Management

2-3 hours of a business elective course are also required for the minor:

(All prerequisites for elective courses must be met)

Courses typically chosen as an elective are:

- ACCT 201 - Introductory Managerial Acct
- BAIS 211 - Intro to Business Analytics
- BLAW 300 - Legal Environment
- ECON 201 - Macroeconomic Principles
- ECON 300 - Int'l Trade & Bus Environment
- MGMT 201 - Business & Professional Comm
- SHRM 200 - Human Resources In a Diverse S

Note(s):

- A 2.000 cumulative average must be attained in these courses.
- At least half of these credit hours must be taken at Xavier.

Catholicism and Culture Minor

In the late second and early third centuries Christian theologians debated the relationship of religious belief and contemporary culture. Many Christians sided with Origen who believed that Christians could use contemporary culture both to understand and defend their belief. Since then Christianity in its Roman Catholic and Eastern Orthodox branches has had a symbiotic relationship with the cultures in which they exist. Changes in culture have resulted in changes in church organization and development of Christian dogma. Developments in dogma and church organization have affected the development of culture. The result of these interactions is that the various manifestations of Catholicism as they appear in different places, times, and cultures are shaped by those very intersections.

The subject of the minor is, therefore, Catholicism and its various cultural embodiments across time and across the entire world. Students in this minor will examine the intersection of theological ideas and human culture.

18 credit hours

Introductory Course

- HIST 398 - History of Agriculture

Elective Courses

12 credit hours

Capstone Course

3 credit hours

Chemistry Minor

20 total credit hours are required, as follows

16 hours from:

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab

4 additional hours of coursework must be selected from the following lecture/lab combinations:

- CHEM 226/227, CHEM 340/341, CHEM 420/421, CHEM 440/441

Note(s):

- A 2.000 cumulative average must be attained in the chemistry courses.

Classical Humanities Minor

18 total credit hours are required, as follows:

Select hours in classical culture courses offerings, from:

- CLAS/GREK/LATN 101-399 (Refer to Course Descriptions.)

Note(s):

- A 2.500 cumulative average must be attained in the classical culture courses.
- Courses with the CLAS designation require no knowledge of an ancient language.
- Courses with the LATN and GREK designations can apply to the Classical Humanities Minor.

Coaching Education minor

The purpose of the Coaching Education minor is to plant the seeds for an athlete-centered approach which is developmentally appropriate, with an emphasis on long-term athlete development (LTAD). As a result, students will be better able to contribute to the growth and well-being of the ones they will coach in the future.

12 credit hours of required courses

- SPMG 390 - Contemp Coaching:Issues & Trds
 - SPMG 420 - Youth and Sport
 - SPMG 425 - Sport and Coaching Leadership
 - SPMG 430 Sport Pedagogy

6 credit hours of electives

- SPMG 110 - Intro to Sports Management
- SPMG 132 - Sociology of Sport
- SPMG 195 - History of American Sport
- SPMG 348 - Legal & Ethical Issues in Sprt
- SPMG 377 - Sport Psychology
 - SPMG 377 - Sport Psychology
 - SPMG 380 - Diversity & Inclusion in Sport
- SPMG 410 - Sport Ethics
- EXSC 200 - Kinesiology

Communication Studies Minor

The communication studies minor focuses on communication processes within public and private organizations.

18 total credit hours are required, as follows:

9 hours from:

- COMM 101 - Oral Communication
- COMM 209 - Group Dynamics
- COMM 260 - Organizational Communication

9 hours of electives (3 courses) selected from:

- COMM 123 - Intro To Comm and Media
- COMM 207 - Interpersonal Communication
- COMM 264 - Persuasion
- COMM 301 - Presentational Speaking
- COMM 327 - Interpersonal Conflict Mgmt

Note(s):

- A 2.000 cumulative average must be attained in these courses.

Computer Science Minor

15 total credit hours are required, as follows:

9 hours from:

- CSCI 170 - Computer Science I
- CSCI 180 - Computer Science II
- CSCI 220 - Data Structures & Algorithms

6 hours of electives selected from:

- CSCI 210-397 (Refer to Course Descriptions) (CSCI 260 is strongly encouraged)

Note(s):

- A 2.000 cumulative average must be attained in all these computer science courses.

Corrections Minor

18 total credit hours are required, as follows:

15 hours from:

- CJUS 101 - Intro to Criminal Justice
- CJUS 230 - Legal Aspects of Corrections
- CJUS 243 - Correctional Counseling & Comm
- CJUS 321 - Juvenile Justice
- CJUS 336 - Inside Out Prison Exchange II

3 additional hours must be selected from either:

- CJUS 103 - Intro to Corrections or
- CJUS 364 - Overview of Contemp Correction

Note(s):

- A 2.000 cumulative average must be attained in these criminal justice courses.

Criminal Justice Minor

18 total credit hours are required, as follows:

- CJUS 101 - Intro to Criminal Justice
- CJUS 102 - Intro to Law Enforcement
- CJUS 103 - Intro to Corrections
- CJUS 206 - Criminology
- CJUS 210 - Basic Const Law & Amer Justice
- CJUS 321 - Juvenile Justice

Note(s):

- A 2.000 cumulative average must be attained in these courses.

Cybersecurity Systems Minor

This minor is for non-Computer Science majors only.

The minor in Cybersecurity Systems is an interdisciplinary minor that facilitates the students' intellectual immersion into the core curriculum by providing cases for direct application of ethics, analysis, and technical skills, and requiring that the students be able to communicate about their analysis, conclusions, and recommended priorities. The topics studied in cybersecurity expose students to questions of privacy rights, responsibility when security fails, ethics of storing data insecurely and of using one's skills to penetrate system defenses. The case studies experienced by students will require decisions and justifications that draw directly from the ethical frameworks they study in the core.

Requirements:

- BAIS 359 Hardware, Software, and Security
- BAIS 459 Introduction to Cyber Security
- BAIS 357 Telecommunications and Networking
- CSCI 150 Scripting for System Administration
- CSCI 230 Socially Responsible Data Usage
- CSCI 234 Intrusion Detection, Prevention, and Reporting
- CSCI 237 Cybersecurity Planning and Management

Note(s):

- Students must achieve an average GPA of 2.0 or better in the courses taken for the minor.

Deaf Studies Minor

The Deaf Studies minor provides students with a strong foundation in American Sign Language (ASL) skills, a broad understanding of the history, literature and culture of the Deaf community, and knowledge of issues in areas such as education, the legal system, and medical care that affect Deaf individuals. The minor involves direct engagement with members of the Deaf community both on and off campus, and adds value to a student's major and career options by demonstrating an ability to work and interact with members of the Deaf community in professional and social contexts.

Minor Requirements

The Deaf Studies minor consists of 15 hours, with 9 credit hours of ASLN 101-201 as prerequisite or placement.

Prerequisites or Placement

9 credit hours

- ASLN 101 - Elem American Sign Language I
- ASLN 102 - Elem American Sign Language II
- ASLN 201 - Interm American Sign Lang I

Required Courses

15 credit hours

- ASLN 202 - Interm American Sign Lang II

- ASLN 290 - Deafness Origins & Orientation
- ASLN 291 - Deafness Culture & Community
 - ASLN 300 - Advanced American Sign Language I
 - ASLN 301 - Advanced American Sign Language II

Digital Innovation, Film and Television Minor

The Digital Innovation, Film and Television cultivate students to become responsible, adaptable, and innovative leaders in a complex and rapidly converging digital environment.

18 total credit hours are required, as follows:

12 hours from:

- COMM 206 - Writing for the Media
- DIFT 215 - Aesthetics & Tech of Post Prod
- DIFT 250 - Screenwriting & Story Craft
- DIFT 254 - Intro to Video Production

6 hours of electives (2 courses) selected from:

- COMM 209 - Group Dynamics
- COMM 211 - Media Literacy
- COMM 426 - Media Law & Policy
- DIFT 210 - Art of Film
- DIFT 213 - Non-Fiction Film
- DIFT 214 - Film Criticism
- DIFT 310 - The Horror Film
- DIFT 354 - Field Prod and Story Telling
- DIFT 451 - Introduction to Video Graphics
- MUSC 106 - Music In Film

Note(s):

- A 2.000 cumulative average must be attained in these courses.

Digital Media Minor

The Digital Media Minor requires 18 hours of coursework that augments existing majors and minors in the Department of Communication Arts as well as students from outside the department. Students who complete the Digital Media minor will be able to define and apply theories of digital media, locate and assess arguments in digital media, interrogate the implications of digital media on communication, plan and produce digital content to serve a client's needs, and assess the effectiveness of digital content within strategic communication.

Curriculum

18 credit hours, including:

- COMM 211 - Media Literacy
- COMM 221 - Introduction to Digital Media
- COMM 235 - Digital Design
- COMM 247 - Understanding New Media
- COMM 321 - Advanced Digital Media
- COMM 433 - Social Media Strategies

Economics Minor

The Department of Economics and Human Resources offers the minor in Economics.

This minor is available to business and non-business undergraduate students.

15 total credit hours are required, as follows:

6 hours of economics:

- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles

3 hours:

- ECON 305 - Microeconomic Analysis
- ECON 306 - Macroeconomic Analysis

6 hours of upper division electives, select from:

- ECON 300-499 (Refer to Course Descriptions.)
(except WCB students may not count ECON 300 in the minor).

Note(s):

- A 2.000 cumulative average must be attained in the courses of the minor.
- At least half of these credit hours must be taken at Xavier.

Electronics Engineering Minor

The Minor in Electronics Engineering aims at teaching students the fundamentals of electronics engineering and introducing them to the exciting applications of modern electronics. The minor is designed to provide students a foundation to explore specialized topics in electronics engineering such as Electrical Circuit Analysis, Semiconductor Electronics, Digital Logic Circuits, Microprocessors, Communication Theory, and Control Systems.

Requirements:

13 hours of physics and engineering courses:

- PHYS 170 - University Physics I
- ENGR 173 - Explorations in Engineering
- ENGR 180 - Intro to Comp with MATLAB
- ENGR 244 - Electronics
- ENGR 245 - Electronics Lab
- PHYS 242 - Circuit Analysis
- PHYS 243 - Circuit Analysis Lab

A minimum of 3 hours of electives from:

- ENGR 346 - Signals and Systems
- ENGR 354 - Microprocessors
 - ENGR 348 - Heat Transfer

4 hours of math pre-requisites:

- MATH 170 - Calculus I

Notes:

- Students who are not majoring in Physics, Applied Physics, or Engineering Physics are required to take 3 hours of electives.
- Student majoring in physics must take 6 hours of electives (instead of 3 hours).
- Applied Physics majors with a concentration in engineering cannot minor in electronics engineering.
- Engineering Physics majors cannot minor in Electronics Engineering
- Biophysics majors who minor in Electronics Engineering cannot count courses that are program electives in Biophysics that also count toward the Electronics Engineering minor.
- Note that ENGR 346, ENGR 348, and ENGR 372 have pre-requisites that are outside of the minor. Most students would therefore be advised to take ENGR 354 as their elective.

English Minor

18 total credit hours are required, as follows:

6 hours from:

- ENGL 115 - Rhetoric
- ENGL 221 - Poetry

3 hours from a specific major's section of:

- ENGL 205 - Literature & Moral Imagination

9 hours of upper-level electives:

- ENGL 300-498 (Refer to Course Descriptions), including one course each in British literature and American literature.

Note(s):

- A 2.000 cumulative average must be attained in the English courses.

Entrepreneurship and Innovation minor

The Department of Management and Entrepreneurship offers the minor in Entrepreneurship and Innovation.

This minor is available to business and non-business undergraduate students.

15 total credit hours are required, as follows:

9 hours of required entrepreneurship courses:

- ENTR 301: Introduction to Entrepreneurship and Innovation (prerequisite for all other ENTR-designated courses)
- ENTR 305 - Creativity & Innovation
 - ENTR 335: Social Entrepreneurship and Innovation

Complete any 2 additional courses from the following list:

- ENTR 311/MGMT 311: New Venture Planning
- ENTR 303/403: Entrepreneurship Internship
- ENTR 494: Contemporary Topics in Entrepreneurship
- MGMT 309: Change Management
- MGMT 310: Teamwork & Team Building
- MGMT 312: Negotiation & Conflict Management
- MGMT 314: Leadership

- MGMT 385: Project Management
- SHRM 300: Human Resources Management
- SHRM 345: Compensation
- FINC 388: Entrepreneurial Finance
- MKTG 302: Marketing Research
- MKTG 325: Services Marketing
- MKTG 329: Data Mining
- MKTG 330: Retail Marketing
- MKTG 361: Professional Selling
- MKTG 368: Brand Building
- MKTG 385: Digital Marketing & Analytics
- MKTG 398: Social Media Marketing
- BAIS 329: Data Mining
- BAIS 330: Introduction to Robotic Processing
- BAIS 336: Strategic Sourcing
- BAIS 365: Management Science/Linear Programming

- ACCT 200 - Introductory Financial Acct
- MKTG 300 - Principles of Marketing (included in the Business Core for WCB students).

3 hours of business:

- BLAW 300 - Legal Environment
- SHRM 200 - Human Resources In a Diverse S or
- ECON 200 - Microeconomic Principles (included in the Business Core for WCB students).

Note(s):

- A 2.000 cumulative average must be attained in the courses of the minor.
- At least half of these credit hours must be taken at Xavier.

Environmental Studies Minor

The Environmental Studies Minor is a 16-hour interdisciplinary program compatible with any major. It offers students an integrated overview of environmental and natural resource fields.

Required Courses:

- ECON 200 - Microeconomic Principles
- ECON 320 - Natural Resource Economics
- BIOL 250 - Ecology and
- BIOL 251 - Ecology Lab (prerequisite: BIOL 120 or BIOL 162)
- BIOL 398 - SEM: Environmental Studies or BIOL 397 - SEM: Air and Water Pollution or BIOL 396 - SEM: Climate Change
 - One approved non science elective

Approved Non-Science Electives

(The below list is a sample of offerings. Please use the "Attribute Type" when searching the Schedule of Classes to find other approved courses).

ECON 421 - Environment, Economics and Policy

- ENGL 205 - Lit. & Moral Imagination: Literature & the Environment(Specific environmental sections must be approved)
- ENGL 348 - Literature & the Environment
- ENGL 363 Ecocriticism
- HIST 123 - African History I
- HIST 171 - US Environmental History
- HIST 398 - History of Agriculture
- HIST 399 - Green Urbanism
- HIST 400 - History of Agriculture
- HIST 436 - Urban Ecologies and Economics
- PHIL 200 - Philosophical Perspectives: Philosophy and Ecology Konopka only
- PHIL 387 - Topics in Contemporary Philosophy Konopka only
- PHIL 392 - Philosophy of Nature
- POLI/HIST 316 - Globalization
- SOCI 240 - Population and Globalization
- SUST 301 - Cultural Studies and Sustainability
- SUST 465 - Topics in Sustainability: Renewable Energy and Economics Bertaux only
- THEO 245 - God Creation and Ecology
- THEO 332 - Sacred Ground and New Story/Cosmology
- THEO 360 - Consumption as a Problem
- THEO 388 - Theology and Ecology
- THEO 396 - Native American Lifeways

Note(s):

- A 2.000 cumulative average must be attained in all these courses.
- Information regarding the minor can be obtained from the co-directors, whose names are noted in each semester's schedule of classes.

Finance Minor

The Minor in Finance is designed to give students exposure to additional finance coursework and allows them to pursue the credential signifying successful completion of this coursework.

15 credit hours are required:

6 hours from:

- ACCT 200 - Introductory Financial Acct
- FINC 300 - Business Finance

3 hours from:

- FINC 365 - Investments
- FINC 401 - Intermediate Financial Mgmt

6 hours of upper division electives from:

- FINC 306 - 499 (except FINC 403)

Notes:

- A minimum cumulative grade point average of 2.50 must be attained in the courses of the minor.
- At least half of these credit hours must be taken at Xavier.

Forensic Science Minor

The Forensic Science minor is intended to enhance students' understanding and competency in the area of Forensic Science.

23 total credit hours are required, as follows

17 hours from:

- CHEM 226 - Quantitative Analysis
- CHEM 227 - Quantitative Analysis Lab
- CHEM 340 - Instrumental Analysis
- CHEM 341 - Instrumental Analysis Lab
- CHEM 440 - Biochemistry
- CJUS 101 - Intro to Criminal Justice
- CJUS 239 - Criminalistics I

6 hours of Criminal Justice (CJUS) electives

Note(s):

- Biomedical Sciences and Natural Sciences majors (as interdisciplinary majors) are not eligible to receive a minor in Biology, Chemistry, or Biochemistry. However, Biomedical Sciences and Natural Sciences majors may double count their major requirements toward a minor in Forensic Science.

French and Francophone Studies Minor

15 credit hours of FREN 202-498 are required:

Please see Course Descriptions

Note(s):

- All courses must be taught in French to count toward the minor.
- A 2.5 cumulative average must be attained in all these French courses.

Gender and Diversity Studies Minor

The Gender and Diversity Studies (GDST) Minor is an **18-hour** interdisciplinary minor open to all Xavier undergraduates and compatible with any major. The minor acquaints students with scholarship on gender and diversity in their broadest, most inclusive sense. Courses in the minor facilitate the development of students' critical thinking skills, knowledge base, and intellectual frameworks for analyzing and exploring the nature of diversity including socioeconomic, political, psychological, and cultural experiences and positions between and among individuals and groups defined by gender, race, sexual orientation, ethnicity, socioeconomic class, age, religious beliefs, and physical/mental abilities. Students in the minor examine the individual and collective experiences of traditionally disenfranchised as well as privileged social groups, investigating the conceptual roots of identity as well as similarities and differences among them.

18 Credit Hours

Students are required to take the following course:

- SOCW 206 - Intro to Gender & Diversity St

One Upper-Level Course from the following:

These classes explore both the social construction of identity and multiple axes of identity and difference, taking into consideration the various ways they may interrelate or intersect:

- COMM 323 - Race, Class, Gender & Media
- COMM 324 - Sex and Violence In Media
- ENGL 359 - Gender & Diversity in Film
- HIST 324 - African-Am Struggle for Equity
- PSYC 385 - Proc of Intergroup Dialogue
- SOCW 315 - Values, Human Rights, Advocacy
- SOCW 318 - Trends in Modern Soc: Race Rel
- SOCW 338 - Lesbian Gay BTQ Studies
- SOCW 404 - Rel/Ethics & Profession Pract
- SPMG 410 - Sport Ethics
- THEO 322 - Black Theology
- THEO 358 - Immigration Theology & Ethics
- THEO 372 - Disability, Ethics & Theology
 - HIST 350, POLI 316 & THEO 316 - Globalization (departmental designations may change yearly)

12 Credit Hours of Approved GDST Electives

Notes:

- Students must take courses in at least three different disciplines.
- Students must maintain at least a 2.000 GPA in courses for the minor.
- Half of the credit hours must be in courses at the 200-level or above.
- For information regarding the minor, contact the director.

German Minor

15 credit hours of GERM 202-499 are required:

- Please see Course Descriptions

Note(s):

- All courses must be taught in German to count toward the minor.
- A 2.5 cumulative average must be attained in all these German courses.

Greek Minor

15 total credit hours are required, as follows

Select Greek courses beyond the Elementary II level:

- GREK 201-399 (Refer to Course Descriptions.)

Note(s):

- A 2.500 cumulative average is required in all Greek courses.

Health Services Administration Minor

This 15 credit hour minor is available to **APEX/ADC students only.**

Curriculum

Required Courses (6 credit hours)

- HESA 101 - Intro To US Health Care
- HESA 110 - Medical Terminology

Health Services Administration Courses (9 hours of the following)

- HESA 120 - Health Care Management
- HESA 201 - Health Policy
- HESA 210 - HC Marketing & Strategic Mgmt
- HESA 220 - HC Reimbursement Systems
- HESA 230 - Health Care Finance
- HESA 341 - Health Informatics
- HESA 361 - Health Data Management
- HESA 380 - Qual Mgmt & Performance Imp
- HESA 390 - Foundation of HC Law & Ethics
- HESA 410 - Public Health
- HESA 451 - Aging In Society
- HESA 455 - Admin Of Agencies Serv Aged
- HESA 459 - Admin of Post-Acute Care

Health, Ethics and Spirituality minor

The Health, Ethics and Spirituality minor, a collaboration between the Department of Theology and the healthcare-related programs at Xavier, will provide enhanced integrative opportunities for students specializing in the health sciences to deepen their engagement with questions of meaning, purpose, and value, and to explore issues of spiritual and ethical concern most relevant to health care professionals.

15 credit hours

Required Courses

- THEO 111 - Theological Foundations
- and either
- THEO 312 - Christian Health Care Ethics
- or
- THEO 340 - Health, Religions, Ethics

9 credit hours from the following:

- THEO 312 - Christian Health Care Ethics (if THEO 340 is taken as the required minor course)
 - THEO 340 - Health, Religions, Ethics (if THEO 312 is taken as the required minor course)
- THEO 327 - Religion and Bioethics
- THEO 372 - Disability, Ethics & Theology
- THEO 313 - Christian Sexual Ethics
- THEO 315 - Contemporary Ethical Issues
- THEO 374 - Buddhist Christian Exploration

- THEO 345 - The Challenge of Peace
- THEO 386 - Spirituality & Solidarity
- THEO 416 - Theology and Trauma
 - GDST 258 - Race, Religion and Healing
 - GDST 350 - Medical Racism

History Minor

18 total credit hours are required, as follows:

3 hours of Historical Perspectives

12 hours of electives from:

- HIST 105 - World Civilizations I
- HIST 106 - World Civilizations II
- HIST 133 - European History I
- HIST 134 - European History II
- HIST 143 - U.S. History I
- HIST 144 - U.S. History II
 - HIST 200-399

3 hours of seminar from:

- HIST 400-498 (Refer to Course Descriptions.)

Note(s):

- Students must include at least one course, at any level, from any two of the following areas:
 - (1) U.S., (2) European, (3) African, Asian, or Latin American history
- A 2.000 cumulative average must be attained in these courses for the minor.

Human Centered Making Minor

The minor in Human-Centered Making consists of five courses in Human-Centered Making. It is designed to give students an introduction to design thinking, digital fabrication, and user experience in a series of project-based courses.

Required Courses (12 hours)

- MAKE 101 - Introduction to Making
- MAKE 102 - Making the User Experience

- MAKE 201 - Objects of Digital Fabrication
- MAKE 202 - Modeling Digital Objects

1 Additional, Approved Course (3 hours)

- ARTS 101 - Two-Dimensional Design
- ARTS 105 - Three-Dimensional Design
- CSCI 180 - Computer Science II
- CSCI 220 - Data Structures & Algorithms
- CSCI 260 - Software Engineering
 - INNV 103
- MGMT 385 - Project Management

Information Systems Minor

The Department of Business Analytics and Information Systems offers the minor in Information Systems.

This minor is available to business and non-business undergraduate students.

18 total credit hours are required, as follows:

12 hours from two required courses:

- BAIS 211 (WCB Core Course) or MATH 156 or MATH 116
- BAIS 220 (WCB Core Course) or CSCI 170
- BAIS 358
- BAIS 389

6 hours from elective courses:

- BAIS 311
- BAIS 329
- BAIS 330
- BAIS 357
- BAIS 359
- BAIS 360
- BAIS 365
- BAIS 459
- BAIS 462
- BAIS 463
- BAIS 499
- ACCT 385 / FINC 385
- ACCT 304
- Other technologically driven courses (must be approved by the BAIS Chair)

Note(s):

- A 2.000 cumulative average must be attained in these courses.

At a minimum, to receive the Minor in Information Systems, a student must complete at least 9 hours within the minor which are not double counted in any other program or concentration.

Innovation Minor

The minor in Innovation teaches students from any major to create, communicate, and commercialize or otherwise realize meaningfully unique ideas in any field. The minor in Innovation gives students the tools and confidence to create their own opportunities, and to realize a prosperous and sustaining future within or outside organizations, businesses, or institutions. Students completing this minor will be able to lead change within their education, their careers, their affiliations, their communities and their personal lives.

Students will choose from one of two tracks. These tracks allow two ways to earn the minor in a field of study in which multiple disciplines intersect. The MAKE track provides students the opportunity to complete independent Innovation projects in collaboration with external partners. The Business track allows students to focus more on innovation within an entrepreneurial context. Innovation minors in the second track seeking to start their own businesses will also be advised to take an additional three courses to complete the Entrepreneurship and Innovation minor

The Minor in Innovation consists of 18 credit hours, including:

MAKE Track (18 hours):

- MAKE 101 - Introduction to Making
- INNV 103 - Design Thinking
- MGMT 300 - Managerial Behavior
- MGMT 385 - Project Management or MAKE 301 - Human-Centered Project Development
- INNV 400 - Internship
- INNV 403 - Project Development
- INNV 404 - Capstone Project

Business Track (18 hours):

- MAKE 101 - Introduction to Making
- INNV 103 - Design Thinking
- MGMT 300 - Managerial Behavior
- ENTR 305 - Creativity and Innovation
- ACCT 200 - Introductory Financial Accounting
- ENTR 311 - New Venture Planning

Addition of Entrepreneurship minor

Innovation minors in the **Business** track may take 3 additional courses to complete an Entrepreneurship and Innovation minor .

- MKTG 300 - Principles of Marketing
- MGMT 495 - Strategic Management
- BLAW 300 - Legal Environment **or** SHRM 200 - Human Resources in a Diverse Society **or** ECON 200 - Microeconomic Principles

International Business Minor

This minor is available to undergraduate business students, since all the prerequisites must be met. This includes the entire Business Core, including ECON 200 and ECON 201

15 total credit hours are required, as follows:

6 hours from two required courses:

- MKTG 320 - International Marketing
- FINC 476 - International Finance

6 additional hours of upper division business courses:

- ECON 341 - Econ of Developing Countries
- ECON 450 - International Economics
- MGMT 325 - International Management
- SHRM 325 - International Human Resources

3 hours of approved electives, including:

- COMM 224 (3)
- FREN 315 - Business French I
- GERM 315 - Business German
- SPAN 306 - Business Spanish
 - Or courses from HIST & POLI.

Note(s):

- A 2.000 cumulative average must be attained in the courses of the minor.
- At least half of these credit hours must be taken at Xavier.

International Studies Minor

15 credit hours are required, as follows:

9 hours from:

- POLI 120 - Comparative Govt and Politics
- POLI 277 - International Relations
- POLI 390 - Sem: International Relations

3 hours from either

- ECON 300 - Int'l Trade & Bus Environment
- POLI 372 - International Political Econom

3 hours from 1 elective course of:

- HIST 401 (3)
- HIST 417 (3)
- HIST 428 - SEM: Latin Amer Revolutions
- POLI 374 - U.S. Foreign Policy

Note(s):

- A 2.000 cumulative average must be attained in these courses.

Italian Studies Minor

The Italian Studies minor will offer students an interdisciplinary approach to the study of Italian language and culture. Students will achieve intermediate proficiency in the Italian language while pursuing electives on Italian cultural topics in fine art, philosophy, Classics, history, theology, and/or other disciplines. A study abroad experience in Italy is highly encouraged in order to perfect students' language skills, and courses taken while abroad will count towards the minor.

Curriculum

21 credit hours

Language Courses

12 credit hours

- ITAL 101 - Elementary Italian I
- ITAL 102 - Elementary Italian II
- ITAL 201 - Intermediate Italian I
- ITAL 202 - Intermediate Italian II

Electives

9 credit hours

- ARTS 271 History of Art II: Renaissance - Present
- CLAS 102 Ancient Mediterranean Civilization: Rome
- CLAS 160 From Romulus to Octavian
- CLAS 161 From Augustus to Attila
- CLAS 262 Roman Archaeology
- HIST 138 Francis: The Making of a Saint
- PHIL 351 Italian Philosophy
- PHIL 352 Bacon and Machiavelli
- PHIL 378 Vico
- THEO 257 Franciscan Spirituality
- THEO 270 New Testament and Politics
- THEO 318 Women and Early Christianity

Courses taught during Xavier's Summer Program in Rome:

- ARTS 112 The Aesthetic Experience: Rome in Film
- ARTS 113 Art in Rome
- EDEC 300 Studies in Early Childhood
- ITAL 258 Language and Culture in Italy
- PHIL 200/351 Italian Philosophy
- PHYS 124/125 Our Universe: In the Beginning
- PHYS 126/127 Science in Art and Architecture
- THEO 244/344 Early Christianity in Rome

Note(s):

- If students place into a higher level of Italian language coursework, they may complete the Italian Studies minor by pursuing courses counting for no fewer than 15 total credit hours.
- The electives for the minor will be approved by the Italian Language Section Coordinator and by the Chair of the Department of Classics and Modern Languages.

Jewish Studies Minor

The 15 credit hour Jewish Studies minor is earned by completing courses within four learning goals.:

1. a multi-faceted understanding of Jewish civilization, history, culture, and religion (**C**)
2. the experience of deep engagement with secular and religious Jewish texts (**T**)
3. an understanding of historical and contemporary relations between Jews and Christians and the effects of this history on Jewish and Christian memory and identity (**R**)
4. an experience of the Jewish world from multiple disciplinary perspectives

To achieve these ends, students will take at least one course serving each of the first three learning goals (designated by the abbreviations C, T, and/or R). To achieve learning goal number four, students are strongly encouraged to take courses from three or four different academic disciplines, although the minimum requirement is two. The curriculum is intended to offer students both breadth of knowledge and flexibility so that the minor can be tailored to each person's unique academic program.

Courses serving the minor include:

- CLAS 171 - Ancient Iraq and Bible Lands (C)
- CLAS 173 - Introduction to Biblical Hebrew (C or T)
- CLAS 211 - The Dead Sea Scrolls (C or T)
- CLAS 251 - Near Eastern Mythology: Art (C)
- CLAS 252 - Near Eastern Mythology: Literature (C or T)
- CLAS 307 - Biblical Archaeology (C)
- ENGL 336 - Israeli Literature (C or T)
- ENGL 350 - Modern Jewish Fiction (C or T)
- ENGL 351 - Jewish American Literature (C or T)
- HIST 264 - Hellenism, Judaism, Christianity (C or T or R)
- HIST 351 - Zionism and Modern Israel (offered as a tutorial on demand) (C)
- HIST 464 - Russian Jewish History (offered as a tutorial on demand) (C)
- PHIL 200 - Judaism and the Enlightenment (C or T)
- PHIL 309 - Medieval Islamic Philosophy (C or T)
- PHIL 383 - Spinoza (C or T)
- PHIL 396 - Travel Seminar in Israel (C or R)
- THEO 211 - The Dead Sea Scrolls (C or T)
- THEO 273 - Introduction to Biblical Hebrew (C or T)
- THEO 280 - Readings in Biblical Hebrew (C or T)
- THEO 281 - Readings in Biblical Hebrew II (C, T)
- THEO 283 - Jewish/Christian Dialogue (R)
- THEO 284 - Jews and the Gospels (C or T or R)
- THEO 296 - Jewish Interpretations of Job (C or T)
- THEO 319 - Anti-Semitism: The Great Hatred (R)
- THEO 329 - Judaism and Ritual (C)
- THEO 346 - Hellenism, Judaism, Christianity (C or R)
- THEO 351 - Introduction to Hebrew Scriptures (C or T)
- THEO 352 - Judaism: Customs, Practice and Belief (C)
- THEO 353 - The Holocaust (C, R)
- THEO 382 - Interfaith Relations in Israel (R)
- THEO 394 - Hebrew Bible: Ethical Living (C or T)
- THEO 477 - Jewish and Christian Bioethics (C or R)
- THEO 491 - Healing Deadly Memories (R)

Latin American Studies Minor

The Latin American Studies Minor is an interdisciplinary program housed in the department of modern languages. It is available to all Xavier undergraduates and enhances any major. It is designed to help students achieve an advanced level of ability in the Spanish language and cultural competency in Latin America. Many employers look for evidence that candidates for employment are prepared to deal with the realities of a global society.

18 total credit hours are required, as follows

3 hours of the entry core course taught in English from:

3 hours of language development selected from:

- SPAN 300 - Advanced Spanish I
- SPAN 301 - Advanced Spanish II
- SPAN 302 - Spanish Conversation
- SPAN 303 - Spanish Composition

- SPAN 304 - Spanish Vocabulary in Context
- SPAN 305 - Readings in Spanish
- SPAN 325 - History of the Spanish Language
- SPAN 326 - Spanish: Applied Linguistics
- SPAN 328 - Phonetics and Dialectology
- SPAN 351 - Latin-American Civilization I

3 hours of Latin American literature selected from:

- SPAN 427 - Spanish-American Lit & Civ I
- SPAN 428 - Spanish-American Lit & Civ II
- SPAN 429 - Spanish-American Lit & Civ III

or

- SPAN 440 - Hispanic Poetry
- SPAN 444 - 19th Century Spanish-Amer Lit
- SPAN 445 - 20th Century Spanish-Amer Lit
 - SPAN 446

3 hours of Latin American history or political science selected from:

- HIST 151 - Latin American History I
- HIST 152 - Latin American History II
 - HIST 327
- HIST 340 - History of Mexico
 - HIST 341
 - HIST 342
 - HIST 343
 - HIST 344

or

- An approved POLI course

3 hours of an approved Theology course.

3 hours of an approved elective from above listed courses or as approved by program director.

Note(s):

- A 2.5 cumulative average must be attained in all these courses.

Latin Minor

15 total credit hours are required, as follows:

Select Latin courses beyond the Elementary II level:

- LATN 201-399 (Refer to Course Descriptions.)

Note(s):

- A 2.500 cumulative average is required in all Latin courses.

Management Minor

For Non-Business majors only.

15 total credit hours are required, as follows:

3 credit hours in:

- MGMT 200 - Organizational Management

12 credit hours of MGMT or SHRM electives

Mathematics Minor

20 total credit hours are required, as follows:

11 hours of mathematics courses:

- MATH 170 - Calculus I
- MATH 171 - Calculus II
- MATH 225 - Foundations Of Higher Math

9 additional hours of mathematics electives selected from:

- MATH 220 Multivariable Calculus
- MATH 225-399 (Refer to Course Descriptions.)

Note(s):

- A 2.000 cumulative average must be attained in these mathematics courses.
- The Mathematics minor is open to all undergraduates except students majoring in Mathematics or Actuarial Science.
- Students can receive no more than one of these three minors: Mathematics, Applied Mathematics, Statistics.

Montessori Education Minor

This 15 hour minor is an introduction to Montessori Education and does not grant an American Montessori Society Credential. This minor can be completed alongside any major.

Courses

- EDME 350 - Observation/Assessment Methods
- EDME 351 - Montessori Ed: Phil Approach
- EDME 364 - Early Childhood/Mont Meth
- or
- EDME 355 - Mont Cultural Subjects Method
- EDME 377 - Early Childhood Math & Science
- or
- EDME 353 - Mont Math & Geometry Methods
- EDME 376 - Phonics Skills for Early Chldh
- or
- EDME 354 - Mont Language Arts & Read Meth

Music Performance Minor

18 total credit hours are required, as follows:

8 hours of music courses from:

- MUSC 200 - Music Theory I (Quantitative Reasoning Flag)
- MUSC 201 - Aural Skills I
- MUSC 202 - Music Theory II
- MUSC 203 - Aural Skills II

3 semesters in Recital Attendance:

- MUSC 199 - Recital Attendance (0 credit hours, 7 recitals or other approved events per semester)

4 hours in an Private Lessons from:

- MUSC 278-299 (4 semesters at 1 credit each) (Refer to Course Descriptions)

6 hours in an Ensemble from:

- MUSC 259 - XU Men's Chorus
- MUSC 260 - Concert Choir
- MUSC 261 - XU Women's Chorus
- MUSC 265 - Symphonic Wind Ensemble
- MUSC 266 - Chamber Winds
- MUSC 267 - Percussion Ensemble
- MUSC 270 - Chamber Orchestra
- MUSC 271 - Jazz Orchestra

Note(s):

- Additional Requirements:
- Pass applied music exam at the end of each semester of private lessons.
- Perform in a minimum of 4 department recitals.
- Optional: Present a recital (MUSC 450 - Senior Recital) during the final semester of lessons.
- Maintain a 2.0 cumulative average in these courses.

Music Production Minor

18 total credit hours are required, as follows:

9 hours of music courses from:

- MUSC 127 - Electronic Music
- DIFT 340 - Audio Production
 - MUSC 342 - Studio Production

3 hours of popular music courses from:

- MUSC 102 - The Beatles in Context
- MUSC 105 - Hip-Hop: Music and Culture
- MUSC 106 - Music In Film
- MUSC 113 - American Popular Music
- MUSC 114 - Jazz: American Creative Music
- MUSC 117 - History of Rock

3 hours of Private Lessons from:

- MUSC 280-299 (3 semesters at 1 credit each) (Refer to Course Descriptions)

3 hours in an Ensemble from:

- MUSC 259 - XU Men's Chorus
- MUSC 260 - Concert Choir
- MUSC 261 - XU Women's Chorus
- MUSC 265 - Symphonic Wind Ensemble
- MUSC 266 - Chamber Winds
- MUSC 267 - Percussion Ensemble
- MUSC 270 - Chamber Orchestra
- MUSC 271 - Jazz Orchestra

3 semesters in Recital Attendance:

- MUSC 199 - Recital Attendance (0 credit hours)

Notes:

- Attendance at a minimum of 21 recitals (7 each semester of MUSC 199).
- A 2.000 cumulative average must be attained in these courses.

Music Studies Minor

18 total credit hours are required, as follows:

8 hours of music courses from:

- MUSC 200 - Music Theory I (Quantitative Reasoning Flag)
- MUSC 201 - Aural Skills I
- MUSC 202 - Music Theory II
- MUSC 203 - Aural Skills II

3 semesters in Recital Attendance:

- MUSC 199 - Recital Attendance (0 credit hours, 7 recitals or other approved events per semester)

4 hours in an Ensemble from:

- MUSC 259 - XU Men's Chorus
- MUSC 260 - Concert Choir
- MUSC 261 - XU Women's Chorus
- MUSC 265 - Symphonic Wind Ensemble
- MUSC 266 - Chamber Winds
- MUSC 267 - Percussion Ensemble
- MUSC 270 - Chamber Orchestra
- MUSC 271 - Jazz Orchestra

6 hours of Music electives:

- MUSC 200 and above (Refer to Course Descriptions)

Note(s):

- A 2.000 cumulative average must be attained in these courses.

Musical Theatre Minor

The Musical Theatre Minor is an interdisciplinary minor with the Department of Music of Theater. This minor brings together courses involving singing, dancing, and stage performance to provide a unique opportunity for students interested in music and theatre to concentrate on both areas while earning one minor. These are students who, due to constraints of time and credit hours, must currently choose between either a Music or a Theatre Minor.

22 total credits are required, as follows:

Theatre Classes:

- THTR 100 - Introduction to the Theatre
- THTR 120 - Acting I
- THTR 221 - The Audition Process

Musical Theatre Classes:

- THTR 195 - Musical Theatre Ensemble (2 semesters)
- THTR 197 - Voice for Theatre Majors (4 semesters)
 - THTR 208 - Vocal Health and Wellness
- THTR 219 - American Musical Theater

Dance Courses from the following:

Must take two courses in two styles of dance.

Jazz

- MUSC 155 - Dance & Movement - Bgnr Jazz
- MUSC 157 - Dance & Movement - Adv Jazz

Tap

- MUSC 154 - Dance & Movement - Bgnr Tap
- MUSC 156 - Dance & Movement - Adv Tap

Ballet

- MUSC 158 - Ballet I
- MUSC 159 - Ballet II
- MUSC 160 - Ballet Intermediate/Advanced

Musical Theatre

- DANC 201 - Musical Theatre Dance
- DANC 301 - Musical Theatre Dance II

Performance Classes:

- Must be on a musical theatre production
- THTR 199 - Theatre Performance Workshop

Operations and Supply Chain Management Minor

21 Credit Hours

18 credit hours from:

- BAIS 211 (WCB Core Course) or MATH 156 or MATH 116
- BAIS 220 (WCB Core Course) or CSCI 170
- BAIS 302 (WCB Core Course)
- BAIS 330
- BAIS 333 / MGMT 333
- BAIS 336 / MGMT 336

3 credit hours from:

- MKTG 310
- MKTG 340

- BAIS 360
- BAIS 365
- BAIS 367
- BAIS 389
- BAIS 463
- BAIS 498
- ACCT 304
- ACCT 425
- MGMT 322

Note(s)

At a minimum, to receive the Minor in Operations and Supply Chain Management, a student must complete at least 9 hours within the minor which are not double counted in any other program or concentration.

Peace and Justice Studies Minor

Peace and Justice Studies is a rapidly developing, interdisciplinary area of academic study which examines:

- issues of peace/war, social justice, and ecological sustainability
- strategies for conflict resolution/conflict transformation
- the history of nonviolent direct action
- human rights and grassroots movements for social change
- the relationship between spirituality and social action
- the impacts of our daily choices in creating a better world

Xavier's Peace and Justice Studies Minor is a fifteen hour interdisciplinary program compatible with any undergraduate major. Peace and Justice Studies draws on a wide range of academic subjects including history, political science, theology, literature, economics, social work, gender and diversity studies, the natural sciences, and others. The minor requires the Challenge of Peace seminar (THEO 345/POLI 344) and four approved electives. No more than two of the electives can be in the same department. A 2.000 cumulative average must be attained in all courses for the minor.

15 credit hours

3 credit hours in

- THEO 345 - The Challenge of Peace
- or
- POLI 344 - The Challenge of Peace

12 credit hours in approved electives

Notes:

- No more than two of the electives can be in the same department.
- A 2.000 cumulative average must be attained in all courses for the minor

Philosophy Minor

18 total credit hours are required, as follows:

6 hours of philosophy courses from:

- PHIL 200 - Philosophical Perspectives
- PHIL 340 - Metaphysics

3 hours of a “history of philosophy” elective selected from:

- PHIL 300-309 (Refer to Course Descriptions.)
- PHIL 354 - Classical American Philosophy
- PHIL 362 - Ancient Political Philosophy
- PHIL 363 - Medieval Political Philosophy
- PHIL 364 - Modern Political Philosophy

(or otherwise, as approved by the chair)

6 hours of two philosophy electives selected from:

- PHIL 300 and higher (Refer to Course Descriptions.)

3 hours of a philosophy seminar course section from:

- PHIL 300 and higher (Refer to Course Descriptions.)

Note(s):

- A 2.000 cumulative average must be attained in these courses.

Physics Minor

18 total credit hours are required, as follows:

8 hours of introductory physics courses:

- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II

or

- PHYS 170 - University Physics I
- PHYS 171 - Explorations in Physics I
- PHYS 172 - University Physics II
- PHYS 173 - Explorations in Physics II

Or any appropriate combination of the above classes.

10 hours of electives:

- PHYS 206-398 (Refer to Course Descriptions.)

Note(s):

- A 2.000 cumulative average must be attained in these courses.

Political Communication Minor

The minor in political communication enables students to explore the process through which citizens learn about the political process and the institutions, people and decisions that impact the world around us. The minor also provides students with an opportunity to develop oral and writing skills that are central to the students' academic and social development, while enhancing their ability to understand the political process and contribute effectively to civic life.

18 total credit hours required

- POLI 140 - American Government and Politi
- POLI 359 - Campaigns, Elections & Parties
- COMM 206 - Writing for the Media
- COMM 221 - Introduction to Digital Media

- COMM 385 - Media, Democracy & the Public

or

- POLI 246 - Mass Media and Politics
- POLI 399 - Political Comm Internship

or

- COMM 398 - Communication Internship I

Political Economy Minor

The Minor in Political Economy explores the integration of economics, law, public policy, and financial markets. **This minor is available to Smith Scholars only** and is designed to prepare Smith Scholars for engagement with global and regional issues that require economic, political, legal, and financial analysis.

15 credit hours are required:

- POLI 347 - Supreme Court on Civil Liberties (3)
- FINC 370 - Financial Markets and Institutions (3)
- BLAW 400 - Regulatory Environment of Business (3)
- ECON 315 - History of Economic Thought (3)
- ECON 370 - Economic Theory and Applications in Public Policy (3)

Optional:

- IDST 499 - Senior Thesis (3)

Political Science Minor

15 total credit hours are required, as follows:

9 hours of political science courses from:

- POLI 120 - Comparative Govt and Politics
- POLI 140 - American Government and Politi
- POLI 277 - International Relations

3 hours from a choice of either:

- POLI 301 - Political Philosophy
- POLI 350 - Political Theory & Amer Polity

3 hours for an elective from:

- POLI 200-490 (Refer to Course Descriptions.)

Note(s):

- A 2.000 cumulative average must be attained in these political science courses.

Political Thought Minor

The minor in Political Thought is an opportunity for students to pursue an interest in researching major issues and texts in political theory. The minor builds on students' exposure to the question of justice and the best regime in Plato's *Republic*, a text studied by all undergraduates in Philosophy 100 as part of the core. In the spirit of that course (which is not included in the minor), the Political Thought minor emphasizes landmark texts that raise fundamental questions about the nature and purpose of politics. Such questions may include: What is a political community? What is the best form of government? What is the philosophical basis of the American political system? What legitimates a regime or a body of law? What is the essence of justice? What are the rights and responsibilities of a citizen? What is a revolution and when is it justified? What are the proper relations between politics and ethics, and between politics and religion?

18 hours of coursework to be selected from the courses below. A 2.000 cumulative average must be attained in these courses.

18 credit hours from:

Philosophy courses:

- PHIL 338 - Enlightenment & Revolution
- PHIL 339 - Revolution & Its Aftermath
- PHIL 359 - Philosophy & Slavery
- PHIL 360 - Social Contract Theory
- PHIL 362 - Ancient Political Philosophy
- PHIL 363 - Medieval Political Philosophy
- PHIL 364 - Modern Political Philosophy
- PHIL 372 - John Locke
- PHIL 374 - Hobbes
- PHIL 382 - John Stuart Mill

Political Science courses:

- POLI 301 - Political Philosophy
- POLI 302 - Liberalism and Its Critics
- POLI 307 - Pol of Commerce & Character
- POLI 308 - Rousseau's Human Poli Vision
- POLI 347 - Supreme Ct on Civil Liberties
- POLI 350 - Political Theory & Amer Polity
- POLI 363 - Lincoln & Debate on Slavery
- POLI 415 - Paris Seminar Political Theory

Notes:

- A 2.000 cumulative average must be attained in these courses.
- Other courses may count toward the minor if the student gains approval from the chairs of both the Philosophy Department and the Political Science Department. Ordinarily such courses will be offered by these two departments, but courses offered by other departments will be considered on a case-by-case basis.
- If a Philosophy or Political Science major wishes to obtain a minor in Political Thought, that student must take at least one of the courses for the minor from the other department, i.e., the department in which he or she is not a major.

Population Health Minor

The Population Health Minor is an interdisciplinary minor open to all Xavier University undergraduate students and compatible with any major. Courses provide students with an understanding of the distribution of health outcomes within populations, the social determinants that influence health distribution, the economic framework influencing social determinants of health (SDoH), the cost-effectiveness of interventions designed to address SDoH and the policies and interventions that impact the determinants and life expectancy of the population within diverse communities. The provision of health equity across the nation is addressed.

Social and Environmental Determinants of Health include the following yet not limited to just these determinates: food insecurity, access to fresh fruits and vegetables, healthy food, transportation, education systems, employment, income and wealth, psycho-social environment, social isolation and loneliness, safe housing, public safety, quality of air we breathe, physical environment and health systems and services. In completing this minor, students will obtain a broad overview of these topics from the introductory HESA 245 course, and then can achieve greater depth in one or more of the topics by taking elective courses. It is possible that a student delves deeply into epigenetics and the brain with four electives concentrated in Biology and Psychology, for example, while another uses their electives to learn more broadly about four different topics, taking courses in four different departments. The requirement of taking no more than six credits in a single department insures students explore at least some breadth, but may go into greater depth if they choose. The goal of population health is to support healthy people comprising healthy populations that create productive workforces and thriving communities. Completing the minor will inspire some students to go on to complete graduate work in this field, or to deploy it in their professional lives in health care, business, government and more.

Xavier University Mission supports the Center for Population Health and the development of the minor in population health. "Driven by our commitment to educating the whole person, promoting the common good, and serving others, the Xavier community challenges and supports all our members as we cultivate lives of reflection, compassion and informed action."

Academic Support - The minor has a faculty Director who is available to advise and guide students on the minor in population health requirements. Contact the Director of the Center for Population Health.

15 total credit hours are required, as follows:

9 hours of a required course

- HESA 245- Intro to Population Health
- HESA 380- Quality Management & Performance Improvement
- HESA 499- Population Health Capstone

6 hours of Population Health courses

- Students are to select courses totaling 6 credits from the list of courses that contain the approved attribute for population health
- Note: No more than six hours may come from a single department.

Approved Courses include:

- BIOL 227 Parasitology
- BIOL 260-261 Environmental Sciences
- BIOL 364 Virology
- BIOL 398 Air and Water Pollution
- BIOL 430 Medical Genetics
- HESA 101 Introduction to American Health Care
- HESA 345 Population Health
- HESA 372 Internship 2 Community Service Learning
- HESA 373 Immersive Learning in Population Health
- HESA 380 Quality Management and Performance Improvement
- HESA 390 Foundations of Healthcare Ethics and Law
- HESA 498 Independent Study in Advanced Health Services
- HESA 101 Introduction to American Health Care
- HIST 237 History of Epidemic Disease
- HOCS 323 Occupational Justice I: Foundations
- NURS 132 Health and Culture
- NURS 470 Community Health Nursing
- NURS 471 Community Health Nursing Practicum

PSYC 277 Abnormal Psychology

- PSYCH 368 Health Psychology
- SOCW 208 Economics of Society
- SOCW 300 Adolescence to Older Adult Development
- SPAN 332 Spanish in Community Health Settings
- ECON 395 Economics of Poverty
- EDME 359 Community and Advocacy in Education
- HIST 114 History of Native American Health
- SOCI 375 Sociology of Health
- SOCW 299 Child Welfare and Development
- SOCW 315 Values, Poverty and Society
- THEO 312 Christian Health Care Ethics

Pre-Physical Therapy Minor

A minor in pre-physical therapy is earned by completing a minimum of 44-46 credit hours of required science and other courses and is based on an examination of pre-requisites for graduate physical therapy programs, as described by the Physical Therapist Centralized Application Service (PTCAS), which is a service of the American Physical Therapy Association (APTA). Please note that pre-requisites for DPT programs vary by school so students will need to carefully research the pre-requisites at those schools to which they intend to apply. The Pre-Professional Health Advisor at Xavier will be able to advise students with regard to this minor. Students should consult the Biology department chair concerning specific requirements for the minor.

44-46 total credit hours are required, as follows

Biology:

16/18 hours of lecture & lab from

Option 1:

- BIOL 140 - Human A&P I for Allied Health
- BIOL 141 - Hum A&P I Lab Allied Health
- BIOL 142 - Hum A&P II for Allied Health
- BIOL 143 - Hum A&P II Lab Allied Health

Option 2:

- BIOL 206 - Human Physiology
- BIOL 207 - Human Physiology Lab
- BIOL 354 - Human and Comparative Anat
- BIOL 355 - Human and Comp Anat Lab

Note:

General Biology Sequence (BIOL 160-163) is a pre-requisite for BIOL 354/355 and 410/411

Additional Required Courses

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab
- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II
- EXSC 300 - Exercise Physiology
- MATH 116 - Elementary Statistics or
- MATH 156 - General Statistics
- PSYC 101 - General Psychology
- SOCI 101 - Introduction to Sociology

Note(s):

- A 2.000 cumulative average must be attained in all these courses.

Professional Education Minor

In adolescent to young adult or secondary (grades 7-12) and pre-K-12 multi-age programs, students have a major in their area reaching field and complete licensure requirements in professional education courses. Exceptions to this are the Music and Theater pre-K-12 programs where students major in Music Education and Theater Education, respectively.

A Professional Education minor is normally declared by an undergraduate who intends to achieve state licensure to teach at the pre-K-12 or 7-12 grade levels. The student must meet with a secondary education advisor for licensure requirements. The student retains his/her major area advisor for guidance in the major, University core and for all other purposes.

This minor requires the completion of 31 to 36 semester hours of education course work, including internship/student teaching, and a minimum GPA of 2.700 must be achieved. State licensure also requires the completion of prescribed courses in the teaching subject area, as well as all required state-mandated tests for teacher licensure. In order to complete the licensure sequence at the end of his/her bachelor's program, the undergraduate should begin the licensure sequence no later than the first semester of the sophomore year. Contact the Department of Secondary and Special Education for further information (513 745-3485).

All areas of concentration must take these foundation courses:

19 hours required from:

- EDFD 110 - Human Development & Learning
- EDMS 131 - Professional Education
- EDMS 350 - Technology & Topics for Educat
- EDMS 411 - Clinical Experiences
- EDRE 471 - Content Area Literacy
- EDSP 200 - Sp Ed: Identification & Issues
- EDSP 380 - Classroom Management

Concentration areas:

15-20 hours required (complete 1 of the following 4 options)

1. Secondary Ed (7-12):

15 hours required, take one course from:

- EDMS 207 - World & Cultural Geography (also take EDMS 333)
- EDMS 325 - Meth/Curr/Asmt in World Lang
- EDMS 330 - Meth/Curr/Asmt in Mathematics
- EDMS 331 - Meth/Curr/Asmt in English Lang
- EDMS 332 - Meth/Curr/Asmt in Science
- EDMS 333 - Meth/Curr/Asmt in Social St (also take EDMS 207)
- EDMS 335 - Meth/Curr/Asmt in Ancient Lang

and take

- EDMS 470 - Student Teaching AYA

2. Languages (pre-K - 12):

15 hours required, take:

- EDMS 325 - Meth/Curr/Asmt in World Lang or
- EDMS 335 - Meth/Curr/Asmt in Ancient Lang

- EDMS 471 - Student Teaching: Multi-Age

3. Music (pre-K - 12):

18-20 hours required, take:

- MUSC 221 - Elementary Methods
- MUSC 320 - Instrumental Methods
- MUSC 321 - Choral Methods
- EDMS 471 - Student Teaching: Multi-Age

4. Theater (pre K-12):

- EDMS 471 - Student Teaching: Multi-Age
 - THTR 301: Teaching Methods Elementary

- THTR 302: Teaching Methods Secondary

5. Visual Art (pre-K - 12):

18 hours required, take:

- EDMS 336 - Methods Curr & Assment in Art or
- ARTS 221 - Early & Middle Childhood Art and
- ARTS 223 - Secondary School Art

- EDMS 471 - Student Teaching: Multi-Age

Note(s):

- **Caution:** Please consult with the Director of Secondary Education for exact program details and specific State of Ohio teaching licensure requirements.

Psychology Minor

18 total credit hours, as follows:

9 hours of required courses from:

- PSYC 101 - General Psychology
 - PSYC 220 - Psychology Research *
- PSYC 261 - Social Psychology

3 hours from either:

- PSYC 231 - Developmental Psychology
- PSYC 277 - Psychological Disorders

6 hours of approved electives including, but not limited to:

- PSYC 222 - Research Meth & Design II and
- PSYC 224 - Research Meth & Design II Lab

- PSYC 231 - Developmental Psychology or
- PSYC 277 - Psychological Disorders

- PSYC 233 - Adolescent Psychology
- PSYC 245 - Culture and Psychology
- PSYC 301 - History&Systems of Psychology
- PSYC 310 - Marriage and the Family
- PSYC 321 - Industrial-Organizational Psyc

- PSYC 332 - Child Psychology
- PSYC 350 - Psychology and the Law
- PSYC 353 - Violence Against Women & Girls
- PSYC 365 - Psychology of Women
- PSYC 366 - Crime & Personality
- PSYC 367 - Psychology of Aging
- PSYC 370 - Human Sexuality
- PSYC 375 - Drugs in Society
- PSYC 379 - Test & Measures in Psych
- PSYC 426 - Physiological Psychology
- PSYC 427 - Cognitive Psychology
- PSYC 477 - Sports Psychology

Consult with advisor for guidance.

Note(s):

- * PSYC 220 requires a statistics course as a pre-requisite or a co-requisite. Acceptable statistics courses for this requirement include: MATH 116, MATH 146, MATH 156, PSYC 210/212 or BAIS 210.
- A 2.000 cumulative average must be maintained in these psychology courses.
- The University core Social Science elective is included in the minor requirements.

Public History Minor

Public History is the research and presentation of history specifically for popular consumption. Public historians are found in museums, historical sites, archives, non-profits, and digital ventures. While public historians utilize the skills of the historical discipline, they apply them directly to public ends, including education, policymaking, and preservation. A minor in Public History helps students succeed in mastering research, analysis, and presentation skills and better understand how those skills can be translated into satisfying employment and lifelong learning.

20 credit hours, as follows:

- HIST 290 - Introduction to Public History
- DIFT 104 - Video Production Non-Electronic Media or ARTS 215 - Web Design
- HIST 415 - Practicum in Public History
- HIST 416 - Public History & Communities
- HIST 448 - Internship in Public History I
- HIST 449 - Internship in Public History II
- 6 hours of HIST electives selected in consultation with advisor

Public Relations Minor

The public relations minor includes the study of the principles, audiences, ethics, and skills of public relations.

18 total credit hours are required, as follows:

15 hours from:

- COMM 101 - Oral Communication
- COMM 206 - Writing for the Media
- COMM 270 - Principles of Strategic Comm
- COMM 372 - PR Cases and Planning
- COMM 477 - Strat Comm Ethics Society

3 hours of electives (1 course) selected from:

- COMM 301 - Presentational Speaking
- COMM 371 - Public Relations Writing
- COMM 426 - Media Law & Policy

Note(s):

- A 2.000 cumulative average must be attained in these courses.

Religious Education Minor

The Religious Education minor is designed to prepare theology majors to meet the Archdiocese of Cincinnati's professional requirements for Catholic High School Religion Teacher Certification. The Religious Education minor alone does not suffice to meet those professional requirements. Rather, the theology major must be completed in addition to this minor in order to satisfy the necessary educational requirements for archdiocesan certification. The certification standards of other Catholic dioceses are similar to Cincinnati's, but students are strongly encouraged to check with the diocese where they plan to teach religion.

The Religious Education minor is only available to students majoring in Theology.

19 total credit hours are required, as follows:

- EDFD 110 - Human Development & Learning
 - EDMS 338 - Methods, Curriculum & Assessment in Theology
- EDSP 380 - Classroom Management
- EDMS 411 - Clinical Experiences
- EDMS 471 - Student Teaching: Multi-Age

Note(s):

- A 2.70 minimum cumulative average must be attained in all Theology courses and the courses for the minor. The Theology Department will also assess a student's readiness to teach in January of their junior year.

Social Work Minor

The social work minor provides students with:

- An understanding of the profession of social work and the central role of advocacy

- An understanding of social work values and ethical practices
- An examination of contemporary social issues affecting individuals, families, groups, organizations, and communities integrating diversity and social justice perspectives
- An understanding of social policies and social institutions that impact citizens and society
- An understanding of knowledge and skills necessary to engage in empowerment and advocacy for the collective well-being of all and developing solutions to many contemporary social problems

18 credit hours

6 credit hours:

- SOCW 167 - Survey of Society Social Work
- SOCW 316 - Soc Policy & Contemporary Issu

12 credit hours

Choose 4 of the following 5:

- SOCW 206 - Intro to Gender & Diversity St
- SOCW 208 - Economics of Society
- SOCW 299 - Child Welfare and Development
- SOCW 300 - Adolescence - Older Adulthood
- SOCW 315 - Values, Human Rights, Advocacy
- SOCW 404 - Rel/Ethics & Profession Pract or
- THEO 404 - Rel/Ethics & Prof. Practice

Note(s):

- A grade of C or better is required for all coursework in the minor.

Sociology Minor

15 credit hours are required, as follows:

9 hours from:

- SOCI 101 - Introduction to Sociology
- SOCI 200 - Foundational Social Thought
- SOCI 352 - Investigating Social Life I

6 hours of elective courses selected from:

- SOCI 200-499 (Refer to Course Descriptions.)

Note(s):

- A 2.000 cumulative average must be attained in these courses.

Spanish Minor

This list describes in general terms the proposed sequence of courses for the Xavier University Spanish minor. Every student's path may be different, and all minors will consult with their Spanish advisor each semester to ensure that they are taking the right course at the right time for their individual needs and goals. The sequence may be adjusted when a student studies abroad.

18 credit hours are required (a minimum of 8 credit hours must be taken on campus):

- SPAN 202 - 3 hours (If a student tests into SPAN 300 and begins the minor with SPAN 300 or SPAN 301, then 6 hours of 350-498 are required)
- SPAN 300 or 301 - 3 hours
- SPAN 302-310 - 3 hours
- SPAN 311-498 - 9 hours (12 hours if they student begins with SPAN300 or SPAN301)

Note(s):

- All courses must be taught in Spanish to count toward the minor.
- A 2.5 cumulative average must be attained in all these Spanish courses.

Special Education Minor

The Special Education program is offering a minor for students who are not training to be Special Education Interventionists but want the information regarding disabilities to better perform their duties as nurses, social workers, psychologists, teachers, etc will welcome the opportunity to gather additional skills that will support their future careers. The Special Education Minor-Education track is for educators who want to learn more about servicing students with special needs but do not intend to become intervention specialists who are responsible for the education of students with disabilities. If this student later determines that they do wish to pursue a license or endorsement in special education, then these courses would lend themselves to that opportunity as well. The Special Education licensure in the State of Ohio is a teaching license, requires a state licensing exams and student teaching, whereby the minor does not. The Special Education Minor-Disability track is for professionals outside of education who intend to service populations that may include individuals with special needs such as social workers, medical professionals, criminal justice majors, etc. To formalize the minor, individuals need to have it noted on their academic transcripts.

The courses described below offer the necessary knowledge needed to work with individuals with special needs. Eligibility for the Special Education Minor requires an undergraduate acceptance into the university and acceptance into the Xavier Special Education Minor program. Xavier University's Special Education Minor includes 18 undergraduate credit hours and requires documented field hours.

The following courses are required for the minor and students be invited to choose which track that would like to participate in-Special Education Minor--teaching track or the disability awareness track.

Special Education Minor - Education Track

- EDFD 110 - Human Development & Learning
- EDSP 200 - Sp Ed: Identification & Issues
- EDSP 203 - Sp Ed: Comm & Collaboration
- EDSP 205 - Foundations in ECSPED
- EDSP 360 - M/M Characteristics & Strategi
- EDSP 380 - Classroom Management

Special Education Minor - Disability Track

- EDFD 110 - Human Development & Learning
- EDSP 200 - Sp Ed: Identification & Issues
- EDSP 201 - Intro to Emotionally Dist Chld
- EDSP 367 - Sp Ed: Behav & Soc Skills Mgmt
- EDSP 372 - Communication Strategies & Tec
 - *Special Education Elective

Special Education Electives available for the Disability Track include the following courses:

- EDSP 203 - Sp Ed: Comm & Collaboration
- EDSP 362 - M/M Support Services

Spirituality and Solidarity Minor

18 total credit hours are required, as follows:

- THEO 111: *Theological Foundations*
- THEO 386: *Spirituality and Solidarity*
- An approved course in spirituality (Christian, Buddhist, or another tradition)
- An approved course focusing on social and/or ecological issues (such as poverty, hunger, violence, immigration, gender, race, climate change, etc.)
- Six hours of electives from THEO 201-499

Note:

Courses used to complete the Spirituality and Solidarity minor may not double-count in meeting the requirements of the Theology minor.

Statistics Minor

The Department of Mathematics offers the minor in Statistics.

This minor is intended to enhance student's understanding of data, uncertainty, and estimation. Students completing the minor will acquire a mastery of fundamental theory in probability and statistics, as well as a working knowledge of advanced data analysis methodology that have found applications in a broad range of areas (e.g., biology, medicine, computer science, economics, finance, psychology, marketing, manufacturing, and engineering).

20 total credit hours are required, as follows:

17 hours of mathematics courses:

- MATH 170 - Calculus I
- MATH 171 - Calculus II
- MATH 256 - Intro to Probability & Stats
- MATH 311 - Probability Theory
- MATH 312 - Statistical Inference

3 additional hours selected from one of the following:

- MATH 257 - Data Modeling
 - MACS 201 - Actuarial Mathematics
- ECON 350 - Business Cycles & Forecasting
- BAIS 329 - Data Mining
 - A course approved by the department and selected under the guidance of a faculty advisor.

Note(s):

- A 2.000 cumulative average must be attained in these courses for the minor.
- The Statistics minor is available to all undergraduates. For statistic minors also majoring in Mathematics, at most two of the Statistics minor courses numbered 220 or higher may count towards the requirements of the Mathematics major.
- Students can receive no more than one of these three minors: Mathematics, Statistics, Applied Mathematics,

Strategic Human Resource Management Minor

The Department of Management, Entrepreneurship and Strategic Human Resources offers the minor in Strategic Human Resources Management.

This minor is available to any undergraduate student. It is designed to give business and non-business majors skills that will enhance their attractiveness to employers upon graduation. Since all managers are people managers, the Strategic HRM minor benefits all future managers. It also provides an opportunity to pursue a business specialty in HR. Strategic HRM concerns the total activity of an organization, business, or firm as these activities relate to the work force. Such activities include employment law, recruiting and selection, training and development, performance management, compensation and benefits, workplace diversity, and labor relations.

Outside of the classroom, students expand their knowledge by participating in a part-time or full-time internship in human resources. Credit and non-credit opportunities are available.

Requirements for the Strategic Human Resource Management Minor

12 total credit hours are required, as follows:

3 hours specifically required:

- SHRM 200 - Human Resources In a Diverse S

9 hours from electives:

- SHRM 303 - Human Resources Internship I or
- SHRM 403 - Human Resources Internship II

- SHRM 302 - Labor Relations
- SHRM 309 - Change Management
- SHRM 325 - International Human Resources
- SHRM 345 - Compensation
- SHRM 360 - Staffing
- SHRM 370 - Training and Development
- SHRM 404 - Advanced Topics In SHRM
- SHRM 495 - SHRM Capstone

Note(s):

- No more than three (3) hours may double count between MGMT major and SHRM minor (excluding SHRM 200, which is fulfilled in the business core; this is not considered double counting).
- A 2.000 cumulative average must be attained in the courses of the minor.

Studio Art Minor

18 total credit hours are required, as follows

6 hours required in art courses:

- ARTS 101 - Two-Dimensional Design and
- ARTS 105 - Three-Dimensional Design

3 hours of Studio elective, selected from:

- ARTS 102 - Drawing I
- ARTS 103 - Painting I
- ARTS 104 - Printmaking I
- ARTS 105 - Three-Dimensional Design

- ARTS 106 - Fiber Arts I
- ARTS 107 - Sculpture I
- ARTS 108 - Photography I
- ARTS 109 - Ceramics I
- ARTS 142 - Graphic Design I

3 hours of Advanced Studio elective, selected from:

- ARTS 202 - Drawing II
- ARTS 203 - Painting II
- ARTS 204 - Printmaking II
- ARTS 205 - Figure Modeling
- ARTS 206 - Fiber Arts II
- ARTS 207 - Sculpture II
- ARTS 208 - Photography II
- ARTS 209 - Ceramics II
- ARTS 242 - Graphic Design II

6 hours of art elective courses providing a thorough investigation of any studio art discipline, or art history.

Note(s):

- A minimum grade of "C" must be attained in all art courses to count toward the minor.
- Further information concerning art minors can be obtained from the Department of Art.

Theatre Minor

19 total credit hours are required, as follows:

12 hours of theatre credits:

- THTR 100 - Intro to Theatre
- THTR 120 - Acting I
- THTR 150 - Stagecraft
- THTR 210 - Script Analysis

At least 1 credit must be a 198 or 199 up to 4 (1/4)

- Or Another Theatre Course (3)

3 credits from another 200 or above level theatre course

Theology Minor

18 total credit hours are required, as follows:

12 hours of theology courses from:

- THEO 111 - Theological Foundations
- THEO 209 - Exploring the Christian Past I or
- THEO 210 - Exploring Christian Past II

- THEO 351 - Intro to Hebrew Scriptures or
- THEO 328 - Intro to Christian Scriptures
- THEO 303 - Christian Ethics: Methods & Q

6 hours of electives from:

- THEO 201-499 (Refer to Course Descriptions.)

Note(s):

- The core curriculum theology requirement is included within the minor.
- A 2.000 cumulative average must be attained in these courses.
- Courses used to complete the Theology minor may not double-count in meeting the requirements of the Spirituality and Solidarity minor.

Writing Minor

The Writing Minor is an 18 credit curriculum requiring two introductory courses and four electives drawn from Communication Arts and English Department courses. See the English Department Chair for more information.

18 total credit hours are required, as follows

6 hours from:

- ENGL 101 - English Composition OR
- ENGL 115 - Rhetoric
- COMM 206 - Writing for the Media

12 hours of upper-level electives from:

- COMM 237 - Elements of Copy & Design
- COMM 371 - Public Relations Writing
- COMM 398 - Communication Internship I (with a writing emphasis, as approved by the Communication Arts internship director)
 - ENGL 305 - Professional Writing
- ENGL 307 - Writing Internship
- ENGL 309 - Creative Writing: Poetry
- ENGL 310 - Creative Writing: Fiction
- ENGL 314 - Writing Journals&Autobiography
- ENGL 315 - Composition Tutoring
- ENGL 318 - Creative Nonfiction

Note(s):

- A 2.000 cumulative average must be attained in English/Communication Arts courses.

Certificate

Applied Computation Certificate

The Department of Computer Science offers the Certificate in Applied Computation. This certificate program is designed for students who are pursuing an undergraduate degree in a program other than computer science who wish to demonstrate proficiency in computational methods and problem solving.

Requirements:

10 total credit hours, as follows:

- CSCI 170 - Computer Science I
- CSCI 180 - Computer Science II
- CSCI 220 - Data Structures & Algorithms
 - CSCI 290 - Project in Applied Computation

Note(s):

- A 2.000 cumulative average must be attained in these courses.
- At least half of these credit hours must be taken at Xavier. CSCI 290 must have been completed at Xavier.

Business Intelligence and Analytics Certificate

This certificate is offered as part of the Castellini Foundation Business Certificate Program.

Curriculum

- BAIS665 Business Analytics
- BAIS689 Data Visualization
- BAIS674 Database Management

Computer Science Cybersecurity Certificate

The Computer Science Cybersecurity Certification requires post-baccalaureate standing. Students must earn an average GPA of 2.0 in 12 hours of cybersecurity courses.

Requirements

- CSCI 540 Accelerated Security Fundamentals
- CSCI 340 Networking
- CSCI 341 Network Vulnerabilities, Penetration, and Defense
- CSCI Cybersecurity Electives to complete the remainder of 12 hours.

Criminal Justice Administration Certificate

The Department of Criminal Justice offers a Certificate in Criminal Justice Administration at the Master's level. The certificate is intended toward two groups of students: 1) professionals who have a graduate degree, but see courses in administration as a way to advance in the field, and 2) those with an undergraduate degree who, for whatever reason, are not ready to apply to the criminal justice graduation program. The particulars of the Criminal Justice Administration Certificate are as follows:

The Certificate will consist of nine (9) credit hours that include the following courses:

- CJUS 642 Criminal Justice Administration (3 credits)
- CJUS 644 Government & Non-profit Accounting (3 credits)
- CJUS 647 Human Resources for CJ Administrators (3 credits)

Admission requirements in to the certificate program:

- Minimum of a Bachelor's Degree
- Personal Statement/Essay
- 3 years of experience in the field

Candidates for certificates must:

- Complete the nine (9) credit hour requirements at Xavier.
- Earn a minimum of "C" or better in each course.
- Satisfy all financial obligations to the University.

Students who complete the certificate may apply for the criminal justice graduate program. Students must obtain a minimum of "B" in each certificate course for acceptance into the M.S. CJUS degree program.

Innovation Certificate

This certificate is offered as part of the Castellini Foundation Business Certificate Program.

Curriculum

Choose 3 of 4:

- ENTR 694 Technology and Innovation Management
- ENTR 611 New Venture Creation
- ENTR 605 Strategic Innovation
- ENTR 631 Corporate Innovation and Entrepreneurship

MRI Certificate

Magnetic Resonance Imaging (MRI) Program

The program provides comprehensive didactic and clinical education in Magnetic Resonance Imaging with graduates meeting the eligibility requirements for the ARRT's post-primary exam in MRI. **Candidates must be graduates or pending graduates from a JRCERT accredited program in Radiography.** In addition, candidates must be registered by the ARRT by the beginning of the Spring semester.

Students have two options to continue their studies in MRI:

1. Bachelor of Liberal Arts with a MRI concentration – Students would complete the required general core courses in addition to the required MRI didactic/clinical courses for a total of 120 credit hours. Depending on the amount of transfer credit hours and the additional core courses taken during each semester, this option may take longer than the traditional two years. At the completion of the course of studies, students will receive their bachelor's degree and be eligible to apply to sit for the ARRT advanced registry examination for MRI. **OR**
2. MRI Certificate Program – The applicant must be a graduate of an accredited radiologic technology program to be accepted into the MRI program. College credit hours will be awarded for the MRI didactic and clinical courses following successful completion of each course. At the completion of the program (17 credit hours), students will receive a certificate of completion and be eligible to apply to sit for the ARRT examination for MRI. Students would be able to apply these course credit hours towards the Bachelor Degree of Liberal Arts in the future.

Note(s):

- A grade of "C-" or better must be attained in all RADT courses.
- Courses with prerequisites cannot be taken until the prerequisite courses have been successfully completed with a grade of "C-" or better.
- All students must present evidence of the following **prior to entrance in all clinical courses:**
 1. Liability insurance (\$2,000,000/\$4,000,000), purchased through the University and billed to student's account.
 2. Health history and required physical examination form
 3. MMR immunization
 4. Yearly tuberculosis skin test (two-step)
 5. Hepatitis B series
 6. Proof of current health care coverage
 7. Verification of history of varicella (chicken pox)
 8. Tetanus-Diphtheria-Acellular Pertussia (Tdap)
 9. CPR certification
- Students are responsible for these expenses as well as for uniforms, and transportation costs to the clinical sites. Students must provide their own transportation between campus and clinical sites.

August - Pre-Semester

- RADT 300 - Introduction to MRI (This course must be completed with a "C-" or better before entering the Fall Semester and the clinical aspects of the program.)

Total (1)

Fall Semester: Begins with the regular Fall Semester

- RADT 310 - MRI Imaging Procedures
- RADT 311 - MRI Practicum I
- RADT 320 - Physical Principles of MRI I
- RADT 330 - Advance Sectional Anatomy

Total (8)

Spring Semester

- RADT 313 - MRI Practicum II
- RADT 321 - Physical Principles of MRI II
- RADT 340 - MRI Pathology
- RADT 350 - Management of a MRI Center

Total (8)

Total of 17 credit hours

NOTE:

A grade of "C-" or higher must be attained in all MRI courses in order to advance to the next semester.

Pre-Medical Studies Certificate

This certificate program is designed for students who are not seeking a degree, but who want to prepare for admission to medical school. Medical schools generally expect their applicants to have the equivalent of a bachelor's degree along with the four years of science courses required for this certificate. They are:

They are:

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab
- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II
- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab

- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab
- CHEM 440 - Biochemistry

Note(s):

A student is eligible for a certificate if at least one half (17 credit hours) of the courses are completed at Xavier University with a minimum grade point average of 3.000. Interested students should consult with the chair of the Health Sciences Committee or the Coordinator of Pre-Professional Health Advising.

Supply Chain Management Certificate

This certificate is offered as part of the Castellini Foundation Business Certificate Program.

Curriculum

- BAIS633/MGMT633 Global Supply Chain Management
- BAIS635/MGMT635 Strategic Sourcing
- BAIS630 Robotic Process Automation

Teaching English to Speakers of Other Languages Certificate (Graduate)

As populations in the United States become more diverse both linguistically and culturally, the need for individuals working with non-English speaking people who are knowledgeable and skilled in serving these populations is essential. This program offers the necessary knowledge needed to work with English Language Learners and obtain a TESOL certificate. Eligibility for the TESOL certificate requires an undergraduate degree and acceptance into the Xavier graduate certificate program. Xavier University's TESOL certificate includes 18 graduate credit hours and requires 45 documented field hours.

Curriculum

The following courses are required for the certificate.

- EDRE 569 - Phonics & Found of Literacy
- EDEL 650 - Foundations of TESOL
- EDEL 651 - Instr Strat For EL
- EDEL 652 - Culturally Responsive Teaching
- EDEL 653 - Effective Assessment Practices
- EDEL 654 - Aspects of Language and Socio

Teaching English to Speakers of Other Languages Certificate (Undergraduate)

As populations in the United States become more diverse both linguistically and culturally, the need for individuals working with non-English speaking people who are knowledgeable and skilled in serving these populations is essential. The courses offer the necessary knowledge needed to work with English Language Learners and obtain a TESOL certificate. The TESOL certificate is available to anyone working on an undergraduate degree and is accepted at Xavier. Xavier University's TESOL certificate includes 18 undergraduate credit hours and requires 50 documented field hours.

Required Courses

- EDRE 269 - Phonics & Foundation of Litera
- EDEL 350 - Foundations of TESOL
- EDEL 351 - Instruct Strat for EL
- EDEL 352 - Culturally Responsive Teaching
- EDEL 353 - Effective Assessment Practices
- EDEL 354 - Aspects of Lang & Socioling

Post Master's Certificate

Clinical Nurse Leader Post-Master's Certificate

This program is not admitting students at this time.

This certificate program is designed for the registered nurse with an earned master's degree in nursing who wants to add the certification as a Clinical Nurse Leader (CNL). This program will prepare registered nurses to assume roles as advanced generalists who deliver nursing care at the point of care. This role, the Clinical Nurse Leader, is a national initiative developed by the American Association of Colleges of Nursing (AACN) in 2004 to address fragmentation in health care delivery. The CNL role is a proactive, integrative and comprehensive role that assists direct care providers in bringing the best of health care science and practice to the point of care.

Specifically this program will allow those nurses with an earned master's degree:

- a. To complete coursework required for the CNL
- b. To take the CNL certification exam
- c. To receive documentation of the work on an official Xavier University academic transcript.

Clinical Nurse Leader Track Objectives

- Apply the art and science of nursing to the role of the clinical nurse leader at the point of care;
- Communicate effectively across health care disciplines;
- Ensure quality and safety in health care delivery;
- Implement and coordinate the best practice at the point of care and across settings;
- Integrate knowledge of nursing theory, research, epidemiology, informatics, ethics, health care policy, economics, healthcare finances and leadership into the management of healthcare delivery.

Admission Requirements: www.xavier.edu/msn/Admission-Post-Masters.cfm

Curriculum for Post Master's Certificate in Clinical Nurse Leader:

First Semester - Fall

- Nurs 558 Introduction to CNL for RNs
- Nurs 559 CNL Clinical Practicum: Microsystem Assessment (45 clinical hours)

Second Semester - Spring

- Nurs 680 Advanced Pathophysiology for RNs
- Nurs 602 Applying CNL Concepts for RNs (45 clinical hours)

Third Semester - Summer

- Nurs 658 Advanced Clinical Pharmacology for RNs
- Nurs 756 Advanced Health Assessment for RNs
- NURS 859 Scholarly Project I (45 clinical hours)

Fourth Semester - Fall

- Nurs 873 Leadership Practicum (135 clinical hours)
- Nurs 861 Scholarly Project II (45 clinical hours)

Total: 20 credits / 315 clinical hours

Note(s):

- A minimum overall cumulative GPA of 3.000.
- Part-time study will require one day per week for classes. Classes scheduled late afternoons and evenings. Summer will likely be two evenings per week.

Family Nurse Practitioner Post-Master's Certificate

Family Nurse Practitioners are prepared to care for individuals and families across the life span. FNPs have specialized advanced education and clinical competencies, FNPs use scientific principles, competencies and national standards of care as they diagnose, manage and treat healthcare concerns of individuals and families. Practice settings needing FNPs include primary care practices, nurse-managed health centers, and emerging ambulatory delivery models.

Registered nurses with a Master of Science in Nursing (MSN) from a regionally accredited college or university and CCNE accreditation are eligible to apply for the post-master's certificate program.

The post-master's certificate program requires between 19 to 28 semester hours, depending upon the applicant's previous completed course work.

Family Nurse Practitioner Objectives

1. Applies advanced practice skills, abilities and knowledge to provide holistic family centered primary health care to populations across the lifespan in a variety of ambulatory care settings as an advanced practice nurse specializing in family nursing
2. Provides culturally competent, population-based preventive, management, and maintenance care for acute and chronic conditions for the family unit, however the family chooses to define itself
3. Demonstrate knowledge, skills, and abilities to sit for the FNP Certification Examination in order to apply for a state certificate of authority in advanced practice, as well as authority to prescribe as an FNP-BC (board certified)

Admission Requirements: www.xavier.edu/Admission-Post-Masters.cfm

Curriculum:

- NURS 532 -Leadership for Advanced Practice Nurses
- NURS 658 - Advanced Clinical Pharmacology
- NURS 680 - Adv Pathophysiology for RN
- NURS 756 - Advanced Health Assess RN
- NURS 770 - Primary Care Fam Pract Role

- NURS 771 - Women & Family Health Care Pra
- NURS 772 - Women and Family Health Care
- NURS 773 - Ped & Adol Health Care Pract
 - NURS 774- Pediatric and Adolescent Family Care
- NURS 775 - Adult & Geriatric Fam Care Pra
- NURS 776 - Adult & Geriatric Family Care
- NURS 777 - FNP In Practice

Note(s):

Each practicum credit hour is eight clinical hours: 1:8. The total number of practicum hours required for the FNP is 600.

Nursing Education Post-Master's Certificate

Nurses who choose the Post-Master's Certificate in Nursing Education are provided with advanced level preparation in the principles of education. At the completion of this program, nurses are prepared to use their advanced knowledge and clinical experience to assume professional leadership roles that encompass all educational settings as nurse educators, consultants, staff educators, clinical nursing faculty, and continuing education providers.

Admission Requirements:

- Must be an RN applicant who has graduated with, or is about to graduate with: MSN, DNP, Ed.D. or Ph. D. (at least one graduate degree must be in nursing from a nationally accredited program)
- Applicants must hold an unencumbered Registered Nurse license to practice in the United States.
- A strong candidate will also possess:
 - 2 years of RN experience
 - Minimum 3.0 GPA
 - 3 professional references
 - at least one from a direct manager or supervisor who evaluates their clinical work
 - two will be from someone with a masters or doctoral degree

12 credit hours required:

- NURS 660: Development of the Adult Learner in Healthcare (3) (Pre-requisite to NURS 668, 670, & 701)
- NURS 664: Teaching Strategies (2) (Pre-requisite to NURS 668, 670, & 701)
- NURS 668: Current Trends in Nursing Education (2) (Pre-requisite to NURS 701)
- NURS 670: Curriculum Assessment, Planning, Development, and Evaluation (3)
- NURS 701: Educational Nursing Practicum (2)

Psychiatric Mental Health Nurse Practitioner Post-Master's Certificate

The psychiatric/mental health nurse practitioner (PMHNP) program focuses on children, adolescents, adults, and the elderly who are at risk for developing and/or are experiencing acute or complex mental health problems, behavior disorders or psychiatric diagnoses. The PMHNP curriculum focuses on facilitating the transitions of individuals, families, communities and populations' health and well-being across the lifespan and the utilization of evidence-based, culturally sensitive, recovery-oriented holistic care.

Graduates of the PMHNP program will be prepared to apply a holistic nursing process and medical/medication management to promote optimal mental health while engaging in active, ongoing collaboration with individuals, their families, significant others, and the interprofessional team. Graduates are eligible for national certification through the American Nurses Credentialing Center.

Curriculum

Pre-requisite: the Nurse Practitioner Core

- Nurs 658 Advanced Clinical Pharmacology (3)
- Nurs 680 Advanced Pathophysiology for RNs (3)
- Nurs 756 Advanced Health Assessment for RNs (3)

PMHNP Core

- Nurs 780 PMHNP Core 1 (3)
- Nurs 783 PMHNP Clinical Practicum 1 (1)*
- Nurs 781 Role Development (1)
- Nurs 782 Ethical issues in Psychiatric Mental Health Nursing (1)
- Nurs 784 PMHNP Core 2 (3)
- Nurs 785 PMHNP Clinical Practicum 2 (1)*
- Nurs 787 PMHNP Clinical Practicum 3 (1)*
- Nurs 786 Psychopharmacology (2)
- Nurs 788 PMHNP Core 3 (3)
- Nurs 789 PMHNP Clinical Practicum 4 (1)*
- Nurs 791 PMHNP Clinical Practicum 5 (1)*
- Nurs 790 Current Issues and Trends in PMH (1)

* Practicum courses: 1cr = 120 contact hours/ semester (8 contact hr/cr./week)

Endorsement

Computer Endorsement

Xavier University offers a Computer Endorsement which consists of 18 semester hours which may be added to an existing teaching license. Knowledge gained in each 100% paperless course can be immediately applied professionally. Tools used are cloud-based and free.

Required courses are as follows

- EDMS 570: Bring Your Own Device: 3 Semester Hours
- EDMS 572: Cloud Computing: 3 Semester Hours
- EDMS 574: Current Topics in Technology & Education: 3 Semester Hours
- EDMS 576: Gamification, Virtual Worlds & Alternate Reality in the Classroom: 3 Semester Hours
- EDMS 578: Instruction & Technology: Rigor, Relevance, Relationships & Accessibility: 3 Semester Hours
- EDMS 580 Online and Hybrid instruction and learning: 3 Semester Hours

Early Childhood (4-5) Generalist.

Early Childhood (4-5) Generalist.

A series of courses offered for the undergraduate student who is a candidate for the Ohio Early Childhood License/Grades P-3. To receive the endorsement the candidate must qualify for the Ohio Early Childhood license, complete the 9 credit hours described below, and pass the Ohio Assessment for Educators (OAE): OAE Elementary Education (Subtest I)/018 and OAE Elementary Education (Subtest II)/019. Undergraduates must complete the following prerequisites **PRIOR** to enrolling in the EDEL/Endorsement series of courses: EDEC 330 and EDEC 335. Note that in 2017 the Ohio Department of Higher Education added a 50 clock hour field component. Please see an advisor regarding this requirement.

- EDEL 440 or EDEL 640 Middle Childhood Transitions: Development and Management (1)
- EDEL 441 or EDEL 641 Mathematics Content, Pedagogy, and Assessment Grades 4-5 (2)

- EDEL 442 or EDEL 642 Science Content, Pedagogy, and Assessment Grades 4-5 (2)
- EDEL 443 or EDEL 643 Language Arts Content, Pedagogy, and Assessment Grades 4-5 (2)
- EDEL 444 or EDEL 644 Social Studies Content, Pedagogy, and Assessment Grades 4-5 (2)

Elementary Mathematics Specialist Endorsement

The program of study for the Elementary Mathematics Specialist Endorsement (K-6) includes 24 semester hours of coursework. Each course links the course content to the Ohio Common Core Mathematics curriculum and effective classroom practice. The courses are designed to prepare specialists capable of providing coaching and professional development in mathematics education for classroom teachers of mathematics in grades pre-kindergarten through grade six. Teacher candidates will be involved in 90 hours of field experiences where they will use the knowledge and skills gained in the courses. This endorsement may only be added to a valid teaching license in one of the following areas: Kindergarten - primary, elementary or early childhood license, or middle childhood, high school, or adolescence to young adult mathematics teaching license. Candidates must have a least three years of successful experience teaching mathematics under a standard teaching certificate or license. Please note that to make the endorsement valid you must take the Ohio licensing exam for Middle Childhood Mathematics Content Knowledge.

The Mathematics Specialist Endorsement at Xavier is a 24 credit hour endorsement. All courses requirements must be taken at the Graduate level. The program requires 90 hours of documented field hours. Graduate level coursework taken as part of the Mathematics Specialist Endorsement may be used towards the M.Ed. in Elementary Education. Please refer to the counseling sheet for Masters in Elementary Education.

Entrance Requirements: Admission into Xavier University Graduate Program, Valid Ohio Teaching License, Documented Three Year Mathematics Teaching Experience.

Required Mathematics Specialist Courses for the Endorsement

Successful completion requires a B- or above and meets or exceeds expectations on key assessments. (All courses are three (3) semester hours.)

- EDEL 550 - Mathematics as Second Lang
- EDEL 551 - Algebra and Functions

EDEL 550 and EDEL 551 are prerequisites for the subsequent classes.

- EDEL 552 - Trigonometry, Algebra and Geometry II (15 field hours)
- EDEL 553 - Geometry, Measurement and Probability (15 field hours)
- EDEL 554 - Number Theory for Teachers (15 field hours)
- EDEL 555 - Mathematics Specialist Practicum (30 field hours)
- EDEL 556 - Algebra and Geometry for Teachers III (30 field hours)
- EDEL 557 - Statistics, Action Research & Inquiry into Effective Practices (15 field hours)

Gifted and Talented Endorsement

Xavier University Special Education Programs offers a Gifted and Talented Endorsement which consists of 18 semester hours which may be added to an existing teaching license. Knowledge gained in each course can be immediately applied professionally.

Required courses are as follows

- EDSP 582 - Gifted/Talented Chara & Strat
- EDSP 583 - Res Mat & Tech: Gift/Talent
- EDSP 584 - G/T Assessment & Instruction
- EDSP 585 - G/T Program Design & Practices
- EDSP 586 - G/T Program Design & Pract II
- EDSP 605 - G/T Teaching Practicum

Middle Childhood (4-6) Generalist

Middle Childhood Generalist (4-6)

The Middle Childhood Generalist (MCG) Endorsement allows the teaching candidate with two licensure areas to add either one or two more content areas specifically for teaching in a self-contained 4th, 5th, or 6th grade classroom. This endorsement is not valid for holders of any license other than Ohio Middle Childhood Education. Updates and/or changes to licensure are dictated by the State of Ohio and may supersede the requirements listed for licensure in the catalog.

To have the MCG endorsement added to the MCE license:

1. The candidate must have previously completed a MC Education program in two content areas and hold a valid MCE license (we will assume that our initial licensure candidate will apply for the endorsement along with, or soon after application for the initial license in two areas); and
2. In addition to successfully completing the MCG Endorsement course work in either one or two additional areas, the candidate must also successfully complete the required test(s).

Either the candidate must pass:

- A.) OAE Education (Subtest I)/018 and OAE Elementary Education (Subtest II)/019

OR

- B.) Content area test for each content area added to MCE license:
 - OAE MS English/Language Arts (028)
 - OAE MS Mathematics (030)
 - OAE MS Social Studies (031)
 - OAE MS Science (029)

The candidate must complete the following courses in the chosen content area.

Language Arts

- ENGL 304 - Teaching & Research in Writing
- EDCH 326 - Children's Lit for Middle Chil

Mathematics

- MATH 213 - Algebra Concepts -MCED
- MATH 214 - Math Problem Solving -MCED

Science

- BIOL 130 - Intro to Life Sciences
- BIOL 131 - Intro to Life Sciences Lab
- PHYS 114 - Our Universe: Physical Science
- PHYS 115 - Our Universe: Physical Sci Lab

Social Studies

- EDMS 207 - World & Cultural Geography
- POLI 140 - American Government and Politi

Pre-K Special Needs Endorsement

Xavier University Special Education Programs offers a PreK Special Needs Endorsement which consists of 18 semester hours which may be added to an existing teaching license. Knowledge gained in each course can be immediately applied professionally.

Required courses are as follows

- EDSP 503 - Sp Ed: Comm & Collaboration
- EDSP 505 - Foundations in ECSPED
- EDSP 581 - Play & Its Role in Dev & Learn
- EDSP 591 - ECSPED Learning Theories
- EDSP 592 - ECSPED: Observation & Asmt
- EDSP 593 - ECSPED: Curriculum Practices
- EDSP 607 - GT Endorsement Practicum

Reading (K-12) Endorsement

The Reading Endorsement coursework at Xavier is a 21 credit hour endorsement program. Only six hours of undergraduate credit can be applied toward the endorsement. All other course requirements must be taken at the graduate level. The State of Ohio requires 100 hours of documented field hours. Graduate level coursework taken as part of the Reading Endorsement may be used toward the M.Ed. in Reading. Please refer to the counseling sheet for Master's in Reading Education.

Required Reading Courses for the Endorsement:

- EDRE 269/EDRE 569 Phonics & Found of Literacy (3 credit hours)
- EDRE 471/EDRE 671 Content Area Literacy (3 credit hours)
- EDRE 672 Theories of Reading (3 credit hours)
- EDRE 478/EDRE 678 Literary Assess: Adm, Ana, App (3 credit hours)
- EDRE 679 Practicum in Reading (3 credit hours) (Prerequisite for EDRE 679: EDRE 269/569, EDRE 471/671, EDRE 672, EDRE 478/678)

Choose 21 Credit Hours Required from below:

- EDCH 324/EDCH 524 Children's Literature (3 credit hours) (or it's equivalent)
- EDCH 326/EDCH 526 Children's Lit for Middle Chil (3 credit hours) (Fall & Summer only) (or it's equivalent)
- EDCH 501 Advanced Children's Literature (3 credit hours)
- EDCH 305/EDCH 505 Storytelling as a Cultural Cra (3 credit hours)
- EDCH 315/EDCH 515 Adolescent Literature (3 credit hours)
- EDCH 320/EDCH 520 Multi-Cultural Lit for Childrn (3 credit hours)
- EDCH 528 Topics in Children's Literature (3 credit hours)
- EDME 362 /EDME 562 Phonics and Orton-Gillingham (3 credit hours)
- EDRE 675 Current Research in Reading (3 credit hours) (Fall only)
- EDRE 376/EDRE 676 Teaching Writing Process (3 credit hours) (Grade 4-14) (Spring only)
- EDRE 685 Teach Read Children w/Spc Need (3 credit hours)

Assessment Requirement for the Reading Endorsement:

Ohio Assessments for Educators (OAE) Reading (Subtest I)/038 and OAE Reading (Subtest II)/039 are required for the reading endorsement. For additional information please visit <http://www.oh.nesinc.com>.

Application Process:

If you are pursuing a reading endorsement only, the following documents are required:

- Xavier graduate application
- Official copy of college transcript
- A copy of your valid Ohio teaching license

If you are pursuing a M.Ed. Degree, the following is required:

- MAT or GRE test is required

All materials are sent to the Xavier University Graduate Services office. Please refer to the advising sheet for the Reading Endorsement.

Teaching English to Speakers of Other Languages (TESOL) (K-12) Endorsement

TESOL Endorsement Requirements

Those completing the M.Ed. in TESOL and hold a valid teaching license for Ohio may also want to add the TESOL endorsement to their teaching license. The endorsement has an 18-hour course requirement and **50 hours of documented field hours** in the area of English Language Learning. Master degree candidates may work on their degree and the endorsement simultaneously. After completion of the course requirements for the endorsement, the State of Ohio requires that the candidate take the Ohio Assessment for Education English to Speakers of Other Languages /021 and receive a passing score to have the endorsement added to a valid license. Information regarding testing dates, location sites, and sample questions for the OAE may be found on the Ohio Assessment for Educators website. <http://www.oh.nesinc.com>

The following courses are currently required by the State of Ohio for the TESOL Endorsement:

- EDRE 569 - Phonics & Found of Literacy
- EDEL 650 - Foundations of TESOL
- EDEL 651 - Instr Strat For EL
- EDEL 652 - Culturally Responsive Teaching
- EDEL 653 - Effective Assessment Practices
- EDEL 654 - Aspects of Language and Socio

Note(s):

- The following core courses fulfill Master of Education requirements but are not required to complete TESOL endorsement. They can be taken at any time within the six-year limit. Students take the Comprehensive Exam related to the three core courses during the last semester of graduate course work.
- EDFD 500 - History/Philosophy of Am Educ
- EDFD 505 - Org of Ed Systems in U.S.
- EDFD 507 - Educational Research
- EDFD 508 - Educational Research Paper

Transition to Work Endorsement

Xavier University Special Education Programs offers a Transition to Work Endorsement which consists of 18 semester hours which may be added to an existing teaching license. Knowledge gained in each course can be immediately applied professionally.

Required courses are as follows

- EDSP 551 - Hist, Theory & Prac Transition
- EDSP 553 - Asmt&Prog Plan Transition Ed
- EDSP 554 - Cog & Soc Skills - Transition
- EDSP 555 - Com/Coll Partship Trans Ed&Ser
- EDSP 556 - Resources in Trans. Ed & Serv
- EDSP 557 - Transitions: Field Practicum

Early Childhood Education Licensure

Teacher Licensure

The School of Education offers teacher licensure programs, approved by the State of Ohio Board of Regents, for early childhood, middle childhood, secondary education, which includes multi-age, adolescent to young adult, intervention specialist (mild/moderate, moderate/intensive, gifted/talented [graduate program only], and early childhood intervention specialist) teaching, as well as American Montessori Society certification in Montessori preprimary and primary teaching. In addition, students can acquire a license at the graduate level for all secondary licensure areas, reading, counseling, administration and special education.

The following pages outline the requirements for these licenses. Specific brochures on these programs are available and give suggested sequences of courses and rules for admission to the program. Please note that courses required for licensure which are more than 10 years old may need to be repeated. In adolescent to young adult (grades 7 - 12) and pre-K - 12 teaching, undergraduate students take a major in their area field and complete licensure requirements in professional education courses. Adolescent to young adults (grades 7 - 12) teaching licenses can be attained in the following subject fields: Integrated Language Arts, Integrated Mathematics, Integrated Social Sciences, Life Sciences, Life/Chemistry, Life/Physics and Physical Sciences (Chemistry/Physics). Multi-age (grades Pre-K - 12) teaching licenses can be attained in the following subject fields: Foreign Language (French, German, Greek, Latin or Spanish), Music, Theater and Visual Arts. Intervention Specialist for grades K - 12 are available in mild/moderate educational needs and moderate/intensive educational needs. These are undergraduate or graduate programs. A licensure program (K - 12) at the graduate level only is also offered. Intervention Specialist (Early Childhood) licensure can be fulfilled at the undergraduate and graduate levels. Endorsements (Pre-Kindergarten Special Needs, Transition To Work, Gifted/Talented) may be added to an existing specific license on the graduate level. Need to consult Special Education Programs for specific details.

Teacher Education Program

Steps for Admission and Continual Progress for Licensure in the Following Programs:

- Early Childhood
- Early Childhood/Montessori
- Middle Childhood
- Professional Education
- Special Education
- School Nurse Licensure

Step One:

- Student is accepted into the University based on high school grade point average and SAT or ACT scores.
- Nontraditional student with no college admission scores will substitute PRAXIS 1 as entry test in order to declare major or minor.
- Potential candidate declares major.

Step Two:

- Potential candidate completes first year at Xavier with a grade point average of 2.500 or higher.
- Required grades in following courses:
 - ENGL 101 "B" or higher.
 - Mathematics (as placement dictates) "C" or higher.
 - Introductory Education course (program dictates) "B" or higher.
- Following items completed and filed with Education Office:
 - Notarized "Statement of Moral Character".
 - "Application for Admission" form.
 - "Reflection Question" form.
- Student is notified of acceptance into chosen program.

Step Three:

- Required grades for continuation through major/minor: detailed information.
 - Grade of "C" or higher in second mathematics course.
 - Overall grade point average of 2.500
 - Grade of "B" or higher in required curriculum courses
 - Candidate's portfolio reflects key assignments from educational foundations and curriculum courses.
 - Evaluation forms completed by University personnel and field work cooperating teachers indicate progress in development of knowledge, performance skills, and dispositions for teaching.

Step Four:

- Application for internship/student teaching is approved. All foundation, methods, block courses, and majority of subject concentration courses must be completed for commencement of internship semester/s.
- Prior to internship, one of two/three or more required Ohio Assessment for Educators must be passed and results on file in Certification Office of Education Department (see handbooks or Education Office for specific test titles and codes). For Foreign Language, students must pass all applicable tests of the ACTFL test series with a rating of 'Intermediate-High' score.

Step Five:

- Successful completion of internship/student teaching in Early, Middle, Professional or Special Education:
 - Record of on-site visits by University supervisor.
 - Midterm and final evaluations from cooperating teacher and field supervisor.
 - Two conferences with University supervisor and cooperating teacher.
- Successful completion of exit portfolio.
- Ohio Assessment for Educators and ACTFL, if applicable, results on file in Certification Office.
- Licensure application materials complete and on file in Certification Office.

Early Childhood/Montessori, ages 2.5 to 6, or ages 6 to 9, or ages 6 to 12 Licensure

Teacher Licensure

The School of Education offers teacher licensure programs, approved by the State of Ohio Board of Regents, for early childhood, middle childhood, secondary education, which includes multi-age, adolescent to young adult, intervention specialist (mild/moderate, moderate/intensive, gifted/talented [graduate program only], and early childhood intervention specialist) teaching, as well as American Montessori Society certification in Montessori preprimary and primary teaching. School Treasurer Licensure

Educational Requirements

- Candidate has a baccalaureate degree in **business**, three semester hours in school law, and three semester hours in school finance, OR
- Candidate has a baccalaureate degree in a non-business area, nine semester hours in accounting, three semester hours in school law, and three semester hours in school finance.

Courses

- EDAD 563 - Sch Finance, Bus Aff / Phys
- EDAD 565 - School Law I
- EDAD 772 - Admin Specialist Intern I
- EDAD 782 - Admin Specialist Intern II

Ohio Standards for School Treasurers

- Standard 1: Leadership School treasurers participate in a leadership role within the district.
- Standard 2: Financial Management School treasurers demonstrate a clear understanding of financial resources and manage those resources in collaboration with the board of education and district leadership.
- Standard 3: Facilities, Property and Capital Asset Management School treasurers provide fiscal leadership in the management of capital assets and support services.
- Standard 4: Communication and Collaboration School treasurers communicate and collaborate effectively with the board of education, district leadership and stakeholders.
- Standard 5: Professionalism School treasurers are committed to a high level of professionalism in their conduct and adhere to established ethical standards

Internship Requirements

The field experience component may be met through completion of a 300-hour internship in a school treasurer's office, under the direct supervision of a licensed school treasurer.

The 300-hour internship should be an individualized, mutually developed series of experiences reflective of the results of an assessment of the educational needs of the intern as related to the role, functions and responsibilities of the treasurer.

The 300 hours of field experience should be well distributed over the following:

1. Overview of Treasurer and Business Office Responsibilities (10 hours)
 - Review of statutory duties
 - Relationship with board of education
 - Role and relationship with superintendent and other administrators
 - Relationship with other offices and officials
2. Financial Management (20 hours)
 - Basic banking depository requirements
 - Investments
 - Bonds and notes
3. Fund Accounting (50 hours)
 - Processing accounts payable and receivable
 - Receipts
 - Billing and invoices
 - Purchase orders and encumbrances
 - Petty cash and change funds
 - Student activity funds/management
 - Internal accounting controls

4. Financial Reporting (50 hours)
 - o Budget and appropriations
 - o Financial forecasting and fiscal analysis
 - o General purpose financial statements, cash reporting
 - o GAAP
5. Purchasing and business functions (80 hours)
 - o Bidding and purchasing procedures
 - o Employee contracts
 - o Payroll processing/distribution/reports
 - o Employee benefits (type, enrollment & claims)
 - o Salary schedules
6. Legal/Legislation (50 hours)
 - o Ohio compliance functions
 - o Fiscal certificates
 - o Legal notices
 - o Short and long-term borrowing
 - o FMLA, ADA, FLSA, Workers' Compensation
7. Administrative and other duties (20 hours)
 - o Board secretary-minutes and role at board meetings
 - o Member of administrative team/role with policy team
 - o Record retention/destruction
 - o Collective bargaining (public sector)
8. Other areas, if appropriate, to the particular district and its needs (20 hours)

Secondary Education Licensure

Teacher Licensure

The School of Education offers teacher licensure programs, approved by the State of Ohio Board of Regents, for early childhood, middle childhood, secondary education, which includes multi-age, adolescent to young adult, intervention specialist (mild/moderate, moderate/intensive, gifted/talented [graduate program only], and early childhood intervention specialist) teaching, as well as American Montessori Society certification in Montessori preprimary and primary teaching. In addition, students can acquire a license at the graduate level for all secondary licensure areas, reading, counseling, administration and special education.

Academic Service Learning Semester

Please see Center for International Education under

Services and Resources for Students

Air Force Reserve Officers' Training Corps (ROTC)

Air Force ROTC Aerospace Studies is offered through a cooperative agreement with the University of Cincinnati. Qualified freshmen and sophomore students may participate in the program and may compete for scholarship opportunities through the United States Air Force ROTC.

Air Force ROTC prepares students to assume positions as commissioned officers in the U.S. Air Force, through a combination of classroom and practical leadership experiences, and esprit-de-corps activities with others in the cadet wing. Graduates are commissioned as second lieutenants trained to begin careers as pilots, navigators, engineers, program managers, scientists, space and missile operators, air battle managers, nurses, security forces or maintenance officers, as well as any of the more than 150 officer career fields offered.

The Air Force ROTC program begins with a general military course. Freshmen and sophomore level students participate in classroom work, a one credit hour aerospace studies course, and a hands-on leadership skills laboratory course. The program consists of 12 credit hours in aerospace studies courses that count toward your degree requirements. (Students must consult their academic advisor for details.)

Students interested in additional information may visit the national website (<http://www.afrotc.com>) or the local website (www.uc.edu/afrotc.html), call 513-556-2237 or email afrotc@ucmail.uc.edu.

Army Reserve Officers' Training Corps (ROTC)

The Department of Military Science offers a commission as a Second Lieutenant and provides an opportunity for men and women to study subjects of recognized military and educational value which assist them in gaining the foundations of leadership. The primary purpose of this program is to produce quality leaders to serve as commissioned officers in the United States Army, the Army National Guard, and the Army Reserves.

A commission is earned through a two or a four year Reserve Officers' Training Corps (ROTC) program. The four-year program is completed at the University and consists of lower division courses in the freshman and sophomore years, followed by upper division courses in the junior and senior years. The two-year program begins with a four week paid summer camp at Fort Knox, Kentucky, between the sophomore and junior years which teaches the student all subjects covered in the lower division courses. The student then completes the upper division courses during the junior and senior years. *Lower division courses are taken on a voluntary basis. There is no military obligation incurred for taking lower division courses.* The upper division courses qualify the student for a commission as an officer in the United States Army. A military obligation is incurred for taking upper division courses. Admission to upper division courses must be approved by the chair of the Military Science department.

Requirements for admission to upper division courses are:

1. Voluntary application by the student.
2. Completion of MILS 101, MILS 102, MILS 103, MILS 104, MILS 201, MILS 202, MILS 203 and MILS 204; or completion of ROTC Leaders Training Course; or prior military service; or completion of Air Force, Navy, or Army ROTC lower division courses at other institutions; or completion of JROTC.
3. Demonstrated potential for leadership.

4. Successful completion of a US Army administered physical examination.
5. A GPA of at least 2.000.
6. Signing the ROTC Advanced Course Student Contract.
7. Junior academic standing.

Credit for military science courses is granted by the University. The credit hours for these courses may satisfy free elective requirements. To receive a commission, students must complete a baccalaureate or masters degree. For additional information, telephone 513 745-1062.

Freshman Year

- MILS 101 - Leadership & Personal Dev
- MILS 102 - Freshman Leadership Lab I *

Note(s):

* Each leadership laboratory is a co-requisite.

English as a Second Language (ESL) Bridge Program

The English Language Bridge Program

The English Language Bridge program at Xavier University is a full-time program for international students that combines Intensive English (ESL) classes with carefully selected undergraduate classes that develop academic skills in the future field of study. The purpose of the program is to help international students successfully transition between fulltime English language study and an academic degree program, either at the undergraduate or master's level. The Bridge program follows the regular university calendar, and may be one semester or two semesters in length, depending upon student achievement in meeting requirements to matriculate.

English Language Bridge Program Eligibility

1. Students enrolling in the program must demonstrate the ability to use English in academic settings, either through previous English language coursework at Xavier University, or through scores on standardized English exams.
2. Students must have successfully completed high school (or previous university-level courses). Conditionally admitted students may apply for the Bridge program. Contact the Office of Admission or the Intensive English Program for specific criteria for these two components.

Matriculation

Students enrolled in the English Language Bridge program who successfully complete ESLG 130 and ESLG 133 (with a grade of B or higher) and who successfully complete the academic courses from the Bridge Program are eligible for final admission to a full-time degree program.

English as a Second Language (ESL) Program

The Intensive English program offers language instruction for international students who have the goal of entering American colleges and universities or improving their ability to use English for professional purposes. The program is accredited by the Commission for English Language Program Accreditation (CEA), and it holds membership in the American Association of Intensive English Programs (AAIEP). ESL students at Xavier University receive instruction in English language and academic skills, including grammar, reading, composition, listening and pronunciation. In addition, optional electives such as speaking, TOEFL preparation, and oral fluency are available on a rotating basis. Please note that admission to the ESL program does not guarantee admission to a degree program at Xavier University; a separate application must be made for a degree program.

Levels of Instruction

The program offers four levels of instruction: beginning, intermediate, high intermediate and advanced. The instructional methodology at each level is geared toward preparing students for academic study through an integrated, content-based approach. Courses (except at the beginning level) are given some academic credit toward an undergraduate degree.

Calendar

The program is offered three semesters each year: Fall (late August to mid-December - 16 weeks), Spring (mid-January to early May -16 weeks), and Summer (mid-May to early August - 12 weeks). To provide flexibility in student placement and instruction, the Fall and Spring semesters are divided into two half-terms. If space is available, students may enter the program at mid-term.

Admission

Admission to the intensive English program is not based on usual University requirements, although students must have completed high school before entering the program. Applicants who want to pursue a Xavier academic degree must make a separate application as an undergraduate or graduate student. Enrolled ESL students who are qualified to be admitted but lack the necessary English proficiency may enroll in a special conditional "bridge" level, which is a combination of advanced ESL courses and selected undergraduate courses. A brochure is available upon request.

Institute for Spirituality and Social Justice

Institute for Spirituality and Social Justice

The ISSJ of Xavier's Theology Department empowers constructive theological reflection and responsible social action through three tracks, including (1) Professional

Practice (Ethics, Spirituality, and Professional Practice, or ESSP), (2) Solidarity and Sustainability in a Global Context (SSGC), and (3) Pastoral Care (Applied Spirituality and Pastoral Care, of ASPC). Each track includes offerings in three areas, (1) Programs, Workshops, and Retreats, (2) Certificates, and (3) Graduate Degrees. Each of the three tracks in all three areas is designed to cultivate depth of thought, imagination, and critical skills in a world challenged by violence, social inequity, and environmental instability. Distinctive features of the Institute include experiential learning through spiritual formation, practicums/internships, and the program capstone. The Institute is rooted in a rich tradition of spiritual practices coupled with rigorous intellectual inquiry and social analysis which manifest the Jesuit commitment to work in the service of faith and the promotion of justice in a diverse and pluralistic world.

For more information, call the Director of the M.A. in Theology, at 513 745-2894 or email issj@xavier.edu.

MA in Theology Applied Degrees Tracks:

Ethics, Spirituality and Professional Practice (36 credit hours)

The Professional Practice track is designed for professionals in business and non-profit communities interested in developing deeper spiritual understanding as well as practical skills for competent, ethical and theologically informed professional practices. This track is also appropriate for students interested in careers in the management and administration of churches and church-related organizations and corporations such as dioceses and social ministries.

The Professional Practice track combines theory and practice, building on the traditions of spiritual discernment (Ignatian and others), theological reflection and purposeful action. It develops adult learners as knowledgeable, thoughtful and responsible professionals who improve their work environments and society as a whole. Students learn to respond to challenging situations presented in their professional environments in ethically and spiritually responsible ways.

The program presumes a pluralistic religious environment in the workplace, emphasizing ways to understand, recognize, negotiate and celebrate interfaith relationships. It also reflects Xavier's mission to educate students to serve with excellence and ethical integrity in professional fields and to work for social and economic justice.

The goals of the program are:

- To improve understanding of the Christian spiritual, theological and ethical tradition in dialogue with contemporary challenges of religious traditions.
- To prepare professionals with a sound knowledge of ethical traditions and a commitment to bringing social-ethical perspectives to business and service environments.
- To facilitate the spiritual and theological formation necessary for professionals to integrate professional expertise with competent, ethical, and spiritually informed management practices.

Foundational Courses

- THEO 503 - Liberating Bible
- THEO 520 - Journey Through Christianity I: Community, Authority and Expansion
- THEO 524 - Journey Through Christianity II: Reformations, Modernities and the Global Context
- THEO 624 - Theological Imagination: Approaches to the Sacred
- THEO 547 - Ethics in a Time of Planetary Crisis
- THEO 690 - Discernment and Integration: Capstone Course

ESSP Track Courses

- Ignatian Tradition Course
 - The Ignatian Tradition course can be satisfied by any one of several different courses, such as THEO 513 Jesuit Theology & Spirituality or THEO 514 - Spiritual Exercises in the 21st Century.
- Scripture and Justice Course
 - The Scripture and Justice Course requirement could be fulfilled by one of several possible courses, such as THEO 579 - The Bible and Economic Justice or THEO 580 - Power, Politics and Empire in the New Testament.
- World Spiritual Traditions Course
 - The World Spiritual Traditions Course can be satisfied by one of several possible courses, such as Introduction to Buddhist Spirituality, or Sufism
- THEO 644 - Human Person: Spiritual and Psychological Development

Elective Courses or Research-Based Thesis Option

Solidarity and Sustainability in a Global Context (36 credit hours)

The Solidarity and Sustainability track revolves around the typical definition of sustainability as "development that meets the needs of the present without compromising the ability of future generations to meet their own needs."

This track integrates questions of economic, social and environmental sustainability with the spiritual traditions that engage human potential. Ethical issues are regularly examined, including social justice questions related to distribution of resources, and the need for communal and environmental stewardship in a variety of ways, including the kinds of personal and social transformation that stem from a "change of heart."

Goals of the program include:

- To form an awareness of the current issues of economic and environmental sustainability.
- To develop an appreciation of the complexity and interrelatedness of the global issues that impact economic and environmental sustainability.
- To develop an appreciation of the cultural and historical underpinnings of religious traditions and to learn from other religious traditions in order to deepen one's life and contribution to the world.
- To acquire an ability to discriminate between the peaceful practices and the violent habits within religious traditions and to strengthen the recognition of the diversity of the human drives, seeking meaning within and beyond established religion.
- To engender habits of responsible collaborative action grounded in critical theological reflection and ethical discernment, and to invite others to engage in similar reflection and action.

Foundational Courses

- THEO 503 - Liberating Bible
- THEO 520 - Journey Through Christianity I: Community, Authority and Expansion
- THEO 524 - Journey Through Christianity II: Reformations, Modernities and the Global Context
- THEO 624 - Theological Imagination: Approaches to the Sacred
- THEO 547 - Ethics in a Time of Planetary Crisis
- THEO 690 - Discernment and Integration: Capstone Course

SSGC Track Courses

- Ignatian Tradition Course
 - The Ignatian Tradition course can be satisfied by any one of several different courses, such as THEO 513 Jesuit Theology & Spirituality or THEO 514 - Spiritual Exercises in the 21st Century.
- Scripture and Justice Course
 - The Scripture and Justice Course requirement could be fulfilled by one of several possible courses, such as THEO 579 - The Bible and Economic Justice or THEO 580 - Power, Politics and Empire in the New Testament.
- World Spiritual Traditions Course
 - The World Spiritual Traditions Course can be satisfied by one of several possible courses, such as Introduction to Buddhist Spirituality or Sufism
- Global Justice or Ethics Course
 - The Global Justice or Ethics course can be satisfied by one of several different courses, such as THEO 607 - Theology of Immigration or THEO 610 - Christian Ethics and Globalization.

Elective Courses or Research-Based Thesis Option

Applied Spirituality and Pastoral Care (39 credit hours)

The Applied Spirituality and Pastoral Care track is oriented to human growth and is thus appropriate for all seekers, but it is also specifically helpful to those preparing for professional practice in varieties of pastoral care including chaplaincy, education, campus ministry, youth ministry and varieties of social ministries.

The track explores the richness of Christian spirituality as a way of life oriented to the intellectual, affective, humane and relational qualities of human existence that make life meaningful and worthwhile. It prepares students to engage pastoral work in pluralistic contexts, since their social and pastoral ministries require cultural sensitivities, practical skills and a capacity to connect across religious traditions, with openness and respect.

Through the track, students:

- Gain knowledge about the tradition of Christian spirituality as a resource for theological imagination, personal and communal identity, and personal development.

- Gain an understanding of spiritual practices that promote personal growth, health and well-being, and share those spiritual practices with others in ways that are sensitive to and respect our pluralistic cultural context.
- Gain the skills necessary to engage pastoral practice with clarity about how spiritual growth and spiritual practice enhances their effectiveness and their longevity as pastoral caregivers.

Foundational Courses

- THEO 503 - Liberating Bible
- THEO 520 - Journey Through Christianity I: Community, Authority and Expansion
- THEO 524 - Journey Through Christianity II: Reformations, Modernities and the Global Context
- THEO 624 - Theological Imagination: Approaches to the Sacred
- THEO 547 - Ethics in a Time of Planetary Crisis
- THEO 690 - Discernment and Integration: Capstone Course

ASPC Track Courses

- Global Justice or Ethics Course
 - The Global Justice or Ethics course can be satisfied by one of several different courses, such as THEO 607 - Theology of Immigration or THEO 610 - Christian Ethics and Globalization.
- THEO 630 - Theology of Ministry
- THEO 632 - Ethics in Ministry
- THEO 644 - Human Person: Spiritual and Psychological Development
- THEO 645 - Pastoral Care & Counseling
- THEO 635 - Ministerial Internship or THEO 738 - Youth & Campus Ministry or THEO 715 - Supervised Field Education

ASPC Practicum

- CPE (Clinical Pastoral Education) with Theological Reflection

Pre-Legal Study

The basic criteria for acceptance into law school are the grade point average acquired during undergraduate studies and performance on the Law School Admission Test (LSAT). Application forms and information regarding the dates of this test can be obtained from the prelaw advisor, Timothy J. White, 811 Schott Hall or 513 745-2997. Some importance is also attached to letters of recommendation, job experience, and extracurricular or community activities.

American law schools prescribe neither specific courses nor a specific major for prelaw study. They pay particular attention to students engaged in a broad program of high quality in liberal arts. The degree program should educate the students to assimilate difficult documents and to interpret factual data, to think logically and creatively, to express themselves well orally and in writing, and to acquire a critical understanding of the human institutions and values with which the law deals. While there is no such thing as a prelaw program, it does not follow that all courses or majors are of equal value for the study of law. Some subjects (not necessarily majors) to which law schools attach special importance are accounting, economics, English, history, philosophy and political science.

Students considering law as a career are urged to consult with both their departmental chair and the prelaw advisor. They are also encouraged to join the St. Thomas More Prelaw Society. This organization provides activities that inform pre-law students of current and future trends related to law school admissions and careers in the law.

Pre-MBA Studies Plan

This plan satisfies the foundation courses required for the Xavier MBA programs. It is designed for the non-business student or for the returning student who already has completed a bachelor's degree. Upon admission to the MBA program, the pre-MBA will count for the waiver of the 500 level foundation courses provided the courses were completed within the previous five years and a grade of "B" or above was attained in each course. Foundation course waivers apply to the Emerging Leader MBA, Evening MBA, On Line MBA and the West Chester MBA only. Admission to the Pre-MBA Studies plan does not guarantee MBA program acceptance or admission.

Requirements for Pre-MBA Studies Plan:

Plan is 9 hours.

Required courses include:

- ACCT 200 - Introductory Financial Acct
- BAIS 210 - Quantitative Methods
- BAIS 211 - Intro to Business Analytics

Note(s):

- A grade of "B" must be attained in these courses and they must be less than five years old for M.B.A. foundation course waiver.

Pre-Pharmacy Program

The Pre-Pharmacy Program at Xavier University is a program of advisement where the minimum requirements for entry to most pharmacy schools are placed early in the students program of study and university general core-curricular course work is placed later in the curriculum. Most pharmacy schools do not require an undergraduate bachelor's degree for acceptance. The minimum requirements for application to pharmacy school can, in most cases, be completed in two years. If a student successful completes these courses, he or she may apply for admission to pharmacy schools at the end of two years of study. If the student is unsuccessful at gaining admission at that time they can continue in their studies, and apply in their third year or after completing their undergraduate bachelor's degree. Regardless of whether one enters pharmacy school at the end of two years of study or earns a bachelors degree, the pharmacy school degree necessary to become a licensed registered pharmacist (Pharm.D.) normally still requires an additional four years of study to complete. For the specific requirements and recommended courses at each pharmacy school in which you are interested, you should consult the "Pharmacy School Admission Requirements", published by the American Association of Colleges of Pharmacy. There is a copy available to browse in the office of the Director of Pre-professional Health Advising in Albers Hall 105B.

The Pre-Pharmacy Program is administered by the Department of Chemistry. Colleges of pharmacy require a minimum of two years of undergraduate study and include certain required courses for admission. If the required courses have been completed, students may apply to a college of pharmacy after two years of study or after earning a baccalaureate degree.

The pre-pharmacy curriculum satisfies the minimum preparation for admission to most colleges of pharmacy. It may be modified to meet other specific requirements of a particular college of pharmacy. A current listing of such requirements* should be consulted by the student in order to plan a satisfactory program. The student is advised to meet regularly with a member of the Committee on Health Sciences so as to be well-informed about all current prerequisites and the procedures to be followed in applying for admission to a college of pharmacy. If the student plans to continue undergraduate education at Xavier University and to obtain a BS degree, this can be done easily within the BS in Biology, BS in Chemical Science, or BS in Natural Sciences programs. The student then should meet with the chair of the appropriate science department for guidance in the choice of courses necessary for the desired degree.

* "Pharmacy School Admission Requirements," published by the American Association of Colleges of Pharmacy.

Pre-Pharmacy

This block serves as a guideline for progress in the program. See your academic advisor.

Freshman Year

First Semester

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab

- MATH 150 - Elements of Calculus I or
- MATH 170 - Calculus I

- PSYC 101 - General Psychology
- THEO 111 - Theological Foundations

or

- CORE 100 - First Year Seminar

Total (17/18)

Second Semester

- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab

- MATH 151 - Elements of Calculus II or
- MATH 171 - Calculus II

- ENGL 101 - English Composition or
- ENGL 115 - Rhetoric

- THEO 111 - Theological Foundations

or

- CORE 100 - First Year Seminar

Total (17/18)

Sophomore Year

First Semester

- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I

- MATH 156 - General Statistics or

MATH 116 - Elementary Statistics

- PHIL 100 - Ethics as Intro to Philosophy
 - Historical Perspectives

Total (17)

Second Semester

- CHEM 242 - Organic Chemistry II *
- CHEM 243 - Organic Chemistry II Lab *
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II
- BIOL 200 - Microbiology
- ECON 200 - Microeconomic Principles
 - Creative Perspectives

Total (17)

Note:

* If a Pharmacy School requires Biochemistry, the organic chemistry sequence should be completed in the summer before the sophomore year.

Study Abroad

Please see Center for International Education under Services and Resources for Students

Other Degrees

The Pre-Business Core

The Pre-Business Core is designed to ensure students have the quantitative skills necessary to be successful in the upper- and major-level courses in business. Undergraduate students are eligible to declare business-undecided or any specific business major at any time. However, students will be coded as “provisional status” until they have completed the Business Pre-Core requirements. Once students have completed the Pre-Business Core, the “provisional status” will be lifted and students may proceed to take major-level courses in their intended field of study.

Regardless of “provisional status”, all business students will have access to faculty advisors in their major; they will be encouraged to follow the block scheduled sequence of classes; they will be invited to club activities and will participate in all career development activities provided by the college.

Pre-Business Core Requirements:

16-17 total credit hours, as follows:

- ACCT 200 - Introductory Financial Acct

- BAIS 120 - Introduction to Business Tech
- ECON 200 - Microeconomic Principles
- MATH 150 - Elements of Calculus I or
- MATH 170 - Calculus I
- BAIS 210 - Quantitative Methods
- BAIS 211 - Intro to Business Analytics

Note(s):

- Achieve a 2.500 combined grade point average in these courses.
- Earn a minimum of 30 credit hours toward degree requirements.
- Achieve an overall cumulative grade point average of 2.500.

College of Arts and Sciences

College of Arts and Sciences

The College of Arts and Sciences is the oldest and largest college at Xavier University. The goal is to provide an excellent liberal arts education in the Jesuit tradition that prepares students for careers, professional or graduate school, and life in a global society.

Degrees, Programs and Block Schedules

The College of Arts and Sciences offers undergraduate degrees and programs in the departments of Art, Biology, Chemistry, Classics & Modern Languages, Communication, Computer Science, English, History, Mathematics, Music and Theatre, Philosophy, Physics, Political Science, Race, Intersectionality, Gender and Sociology, and Theology.

Graduate degrees are offered in the areas of Public Affairs, Urban and Regional Sustainability and Resilience, and Theology.

Art

The Department of Art offers two degrees and three majors: the Bachelor of Arts in Art, the Bachelor of Arts in Graphic Design and the Bachelor of Fine Arts, as well as minors in Studio Art and Art History.

Bachelor of Arts

Art, B.A.

The Department of Art fosters an integrated way of life in which the student, through art experiences, grows in awareness and response to both spiritual and material values. The potential artist has opportunity for studio practice in one of the following concentrations: art education, art history, ceramics, drawing, fibers, graphics, painting, photography, printmaking, and sculpture. Studies in art history are required of each major and may also be an area of concentration. Students who wish to be licensed as teachers follow a special program for pre K-12 licensure. Students interested in careers as art therapists are advised to follow a pre-art therapy program.

Requirements for the Art Major

Core Curriculum Requirements:

See Undergraduate Core Curriculum

Major Requirements:

52 credit hours, as follows

- 10 credit hours in foundation requirements
- 9 credit hours in 100 level courses
- 3 elective credit hours
- 9 credit hours in Art History
- 3 credit hour exit seminar
- 12 credit hours (4 courses) in one area of study leading to the senior concentration
- 6 credit hour senior concentration and exhibition are required.

Concentrations:

Must be arranged with the approval of the concentration advisor.

Note(s):

- In the spring semester of the sophomore year the prospective art major will present a portfolio for evaluation. Acceptance or rejection from the Department of Art will be based upon this evaluation.
- a minimum grade of "C-" must be attained in all art courses to count toward an art major degree.
- a minimum grade of "B" must be attained in ARTS 221/ARTS 521 and ARTS 223/ARTS 523 for those pursuing art licensure.
- A recommended program sequence is available for each of the concentrations. Art licensure requires an additional 28 hours of education courses as well as 55 semester hours in art for a Pre-K to 12 license. Please direct requests and/or questions to the department chair.
- Introductory courses (or equivalent with permission of the instructor) are prerequisites for all advanced courses. Courses numbered 500 or above are for graduate students only. All studio courses may be taken for graduate credit.

- A minimum of 120 credit hours is required for this degree.

Graphic Design. B.A.

Graphic Design is the process of visual problem-solving on a 2D surface. The field of Graphic Design continues to grow and become a powerful force in the creation of our contemporary society and culture. The Bachelor of Arts in Graphic Design provides students the techniques, processes, aesthetics, and creative approaches of Graphic Design, all from a fine arts perspective. Students are prepared with dynamic portfolios that show a range of innovative thinking, technical prowess, and aesthetics sensibility.

Real-world experiences in the form of mentoring, portfolio reviews, and internships enable the students to be competitive designers.

Bachelor of Fine Arts

Art, B.F.A.

The BFA degree in Art is distinguished from the BA degree in Art by its intensity and structure. Students seeking a BFA degree in Art usually have full determination to pursue their livelihood as professional artists or are thinking of acquiring an MFA degree for university/college teaching. It is a higher degree and immediately acknowledges the fact that its recipient has experienced a deeper involvement in, and commitment to, art.

Requirements for the Bachelor of Fine Arts Major

Core Curriculum Requirements:

See Undergraduate Core Curriculum

Major Requirements:

73 credit hours, as follows

- 10 credit hours in foundation requirements
- 15 credit hours in 100 level courses
- 9 elective credit hours
- 12 credit hours in Art History
- 3 credit hour exit seminar
- 18 credit hours (6 courses) in one area of study leading to the senior concentration
- 6 credit hours in senior concentration and exhibition are required.

Note(s):

- Concentrations must be arranged with the approval of the concentration advisor.
- In the spring semester of the sophomore year, at the time of the sophomore portfolio evaluation, students will express their intention of pursuing a BFA degree by delivery of a signed declaration form to the department chair, endorsed by the proposed concentration instructor.
- a minimum grade of "C-" must be attained in all art courses to count toward an art major degree.
- It should be noted that in order to complete a degree in the regular four-year sequence, a student would need to carry approximately 18 credit hours per semester. Most students seeking this degree, however, are very competent and would probably have some advanced standing in regard to the core. It is also usual for these students to take courses during the summer sessions.
- A recommended program sequence is available. Please direct requests to the department chair.

B.F.A. Art

Suggested sequence of courses for a BFA degree in Art with a concentration in any area. This block serves as a guideline for progress toward a degree. See your academic advisor.

Minors

Art History Minor

18 total credit hours are required, as follows

6 hours required in art courses:

- ARTS 270 - History of Art I
- ARTS 271 - History of Art II

12 hours of art electives (either studio or more art history)

- ARTS 101 - Two-Dimensional Design
- ARTS 105 - Three-Dimensional Design
- ARTS 272 - Art of the 20th Century
- ARTS 273 - History of American Art
- ARTS 274 - Women, Art & Society
- ARTS 275 - Sacred Art-Christian Perspect
- ARTS 276 - Art of the Enlightenment
- ARTS 277 - History of Graphic Design
- CLAS 240 - World Mythology
- CLAS 241 - Classical Mythology: Art
- CLAS 251 - Near Eastern Mythology: Art
- CLAS 261 - Greek Archaeology
- CLAS 262 - Roman Archaeology

Note(s):

- A minimum grade of "C" must be attained in all art courses to count toward the minor.
- Further information concerning art minors can be obtained from the Department of Art.

Arts Administration minor

Xavier's Arts Administration program minor is a professional minor consisting of a total of 15 credit hours. The mission of the program is to teach students how to carry out administrative responsibilities in diverse arts organizations.

Required Courses

- COMM 101 - Oral Communication
 - ARTS 130 - Intro to Arts Administration
 - ARTS 230 - Financial Planning in the Arts
 - ARTS 330 - Arts Marketing & Ticketing
 - ARTS 331 - Fundraising for Arts Organizations

Studio Art Minor

18 total credit hours are required, as follows

6 hours required in art courses:

- ARTS 101 - Two-Dimensional Design and
- ARTS 105 - Three-Dimensional Design

3 hours of Studio elective, selected from:

- ARTS 102 - Drawing I
- ARTS 103 - Painting I
- ARTS 104 - Printmaking I
- ARTS 105 - Three-Dimensional Design
- ARTS 106 - Fiber Arts I
- ARTS 107 - Sculpture I
- ARTS 108 - Photography I
- ARTS 109 - Ceramics I
- ARTS 142 - Graphic Design I

3 hours of Advanced Studio elective, selected from:

- ARTS 202 - Drawing II
- ARTS 203 - Painting II
- ARTS 204 - Printmaking II
- ARTS 205 - Figure Modeling
- ARTS 206 - Fiber Arts II
- ARTS 207 - Sculpture II
- ARTS 208 - Photography II
- ARTS 209 - Ceramics II
- ARTS 242 - Graphic Design II

6 hours of art elective courses providing a thorough investigation of any studio art discipline, or art history.

Note(s):

- A minimum grade of "C" must be attained in all art courses to count toward the minor.
- Further information concerning art minors can be obtained from the Department of Art.

Biology

The Department of Biology, in cooperation with the Departments of Chemistry and Physics, offers these degrees and programs:

- The Bachelor of Science in Biology
- The Bachelor of Science in Applied Biology - Cooperative Forestry & Environmental Management Program
- The Bachelor of Science in Biomedical Sciences (for premedical and pre-dental students)
- The Certificate in Pre-Medical Studies
- The Bachelor of Science in Teaching Life Sciences (in cooperation with the School of Education)
- The Minor in Biology
- The Minor in Biomedical Sciences
- The Minor in Pre-Physical Therapy
- The Minor in Environmental Studies

Bachelor of Science

Biological Sciences for Business, B.S.

The Biological Sciences for Business program is a program with a dual-degree in which students earn a Bachelor of Science in the first four years and have the option of beginning the Master of Business Administration program in the fifth year. It is designed to prepare students for leadership in the Biotech, pharmaceutical, environmental and/or related industries.

Requirements for the BS in Biological Sciences for Business:

Core Curriculum Requirements

Students must complete the Undergraduate Core Curriculum requirements. Specific courses that must be taken to satisfy the core curriculum requirements include science courses and the following:

Mathematics

- MATH 140 - Concepts of Calculus or [MATH 180 - Differential Calculus](#) or [MATH 181 - Calculus II](#)

Social Science

- ECON 200 - Microeconomic Principles

Major Requirements:

65-67 credit hours, as follows

30 hours in Biology courses

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab

20 hours of electives from BIOL 200-490, or CHEM 435 or CHEM 440, including at least two lecture-lab combinations from:

- BIOL200/201, BIOL206/207, BIOL210/211, BIOL230/231, BIOL250/251, BIOL260/261, BIOL270/271, BIOL340/341, BIOL350/351, BIOL354/355, BIOL450/451, BIOL460/461

Senior Capstone

- 2 credits from BIOL 495-499

8 hours in required Chemistry courses

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab

6-8 hours in another science

- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab

or

- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II

or

- CSCI 170 - Computer Science I
- CSCI 180 - Computer Science II

6 hours in Mathematics courses:

- MATH 140 - Concepts of Calculus or
- MATH 180 - Differential Calculus or
- MATH 181 - Calculus II

- STAT 146 Biostatistics

18 hours in Business courses:

- ACCT 200 - Introductory Financial Acct
- ECON 200 - Microeconomic Principles

12 hours of Electives including at least one of the below:

- BAIS 300-499, MKTG 310-495, MGMT 305-496, ACCT 201-495, FINC 300-495, ECON 300-495 excluding ECON 320 and ECON 421

3 hours in Science-In-Business courses:

- Choose from CHEM 250, CHEM 270, ECON 320, ECON 421, HESA 101, HESA 110, HESA 345, HESA 410, HIST 308, HIST 436, or SUST 370

Note:

- A 2.000 cumulative average must be attained in the major courses.
- If opting to pursue the MBA, 6 hours of business graduate classes may be taken in the senior year after acceptance to the MBA program. They do not count towards your undergraduate degree. They are BLAW 550 - Business Law and Ethics and MGMT 550 - Strategy and Organizations
- BLAW 550 - Business Law and Ethics
- MGMT 550 - Strategy and Organizations

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Biological Sciences for Business, B.S.

This block serves as a guideline for progress toward a degree for students who start with a math placement in pre-calculus (MATH 120) or calculus ("ELC" or "ADV"). See your academic advisor. Courses with a † or †† can be swapped around with other courses with the same symbol.

For MBA fifth year, consult program and adviser.

First Year

First Semester

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- ENGL 101 - English Composition or ENGL 115 - Rhetoric†
- CORE 100 - First Year Seminar or THEO 111 - Theological Foundations
- CORE 101 - 1st Year Co-Curricular Program I

Total (14)

Second Semester

- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- PHIL 100 - Ethics as Intro to Philosophy†
- MATH 120 - Elementary Functions† (if needed)
- CORE 100 - First Year Seminar or THEO 111 - Theological Foundations
- CORE 102 - 1st Year Co-Curricular Program II

Total (14-17)

Second Year

First Semester

- BIOL Elective with Lab
- Creative Perspectives Elective††
- MATH 140 or MATH 180 or STAT 146†
- Historical Perspectives Elective††
- Second Language I†
- Recommended: BIOL 299 Prof. Comm. in the Sciences (oral comm flag)

Total (16-17)

Second Semester

- BIOL Elective with Lab
- PHIL 200 - Philosophical Perspectives Elective††
- MATH 140 or MATH 180 or STAT 146†
- Second Language II†
- ECON 200 - Microeconomics

Total (16)

Third Year

First Semester

- BIOL Elective
- Other Science Elective
- ACCT 200 - Introduction to Financial Accounting
- Business Elective
- ENGL 205 - Literature & Moral Imagination††

Total (16-17)

Second Semester

- BIOL Elective
- Other Science Elective
- Humanities Elective††
- Business Elective
- Theological Perspectives Elective††

Total (16-17)

Summer

- Take GMAT Exam and Apply to MBA Program if Desired

Fourth Year

First Semester

- BIOL Capstone
- BIOL Elective
- E/RS Focus Elective††
- Business Elective
- General Elective
- MBA Option: BLAW 550 - Business Law and Ethics

Total (12-15 UG + 3 MBA Option)

Second Semester

- BIOL Capstone
- BIOL Elective
- Business Elective
- DCR Elective††
- General Elective
- MBA Option: MGMT 550 - Strategy

Total (12-15 UG + UG + 3 MBA Option)

Fifth Year

- MBA (optional; consult program and adviser)

Notes:

- Students intending to apply for and complete the MBA program must notify their advisor and take the GMAT before the fall of their senior year. ACCT 200 and ECON 200 are pre-MBA foundation requirements for MBA candidates.

- A cumulative average of 2.0 is required in the major courses for graduation.
- A minimum of 120 credit hours is required for the degree. A second Bachelor's degree requires 150 credit hours (30 additional credit hours).

Biological Sciences for Business, B.S. Alternative Pathway

This block serves as a guideline for progress toward a degree for students who start with a math placement in MATH 105. See your academic advisor. Courses with a † or †† can be swapped around with other courses with the same symbol.

First Year

First Semester

- BIOL 158 - Integrated Biology I
- BIOL 159 - Integrated Biology I Lab
- MATH 105 - Fundamentals of Mathematics
- Second Language I†
- ENGL 101 - English Composition or ENGL 115 - Rhetoric†
- CORE 100 - First Year Seminar or THEO 111 - Theological Foundations
- CORE 101 - 1st Year Co-Curricular Program I

Total (16)

Second Semester

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- PHIL 100 - Ethics as Intro to Philosophy†
- MATH 120 - Elementary Functions
- Second Language II
- CORE 100 - First Year Seminar or THEO 111 - Theological Foundations
- CORE 102 - 1st Year Co-Curricular Program II

Total (16)

Second Year

First Semester

- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab
- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- MATH 140 or MATH 180 or STAT 146†
- Creative Perspectives Elective††
- Recommended: BIOL 299 Prof. Comm. in the Sciences (oral comm flag)

Total (14-15)

Second Semester

- BIOL Elective with Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- MATH 140 or MATH 180 or STAT 146†
- ECON 200 - Microeconomics

Total (14)

Third Year

First Semester

- BIOL Elective
- Other Science Elective
- ACCT 200 - Introduction to Financial Accounting
- Business Elective
- ENGL 205 - Literature & Moral Imagination††
- Historical Perspectives Elective††

Total (16-17)

Second Semester

- BIOL Elective
- Other Science Elective
- Humanities Elective††
- Business Elective
- Theological Perspectives Elective††

Total (16-17)

Summer

- Take GMAT Exam and Apply to MBA Program if Desired

Fourth Year

First Semester

- BIOL Capstone
- BIOL Elective
- E/RS Focus Elective††
- Business Elective
- PHIL 200 - Philosophical Perspectives Elective††
- MBA Option: BLAW 550 - Business Law and Ethics

Total (12-15 UG + 3 MBA Option)

Second Semester

- BIOL Capstone
- BIOL Elective
- Business Elective
- DCR Elective††
- General Elective
- MBA Option: MGMT 550 - Strategy

Total (12-15 UG + UG + 3 MBA Option)

Fifth Year

MBA (optional; consult program and adviser)

Notes:

Students intending to apply for and complete the MBA program must notify their advisor and take the GMAT before the fall of their senior year. ACCT 200 and ECON 200 are pre-MBA foundation requirements for MBA candidates.

- A cumulative average of 2.0 is required in the major courses for graduation.
- A minimum of 120 credit hours is required for the degree. A second Bachelor's degree requires 150 credit hours (30 additional credit hours).

Biology, B.S.

The biology curriculum includes courses that present current concepts of the molecular, cellular, organismal, and population levels of biological organization. Basic biological principles are presented through the study of animals, plants, and microorganisms. Laboratory sessions provide experience in careful observation, controlled experimentation, and thoughtful analysis of scientific data. The biology program provides preparation for further study at the graduate level or in the health professions (medicine, dentistry, veterinary medicine, podiatry, or optometry), as well as preparation for a teaching career or other specialized employment.

Requirements for the Biology Major

Core Curriculum Requirements:

Students must complete the Undergraduate Core Curriculum requirements. Specific courses that must be taken to satisfy the core curriculum requirements include science courses and the following:

Mathematical Perspectives:

- MATH 140 - Concepts of Calculus or
 - MATH 180 - Differential Calculus or
 - MATH 181 - Calculus II

Science requirement specified by the major as:

16 hours in chemistry courses:

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab

8 hours in physics courses:

- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II

Major Requirements:

35 credit hours, as follows

12 hours in required biology courses:

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab
- BIOL 230 - Genetics
- BIOL 231 - Genetics Laboratory

21 hours of biology electives which must include

At least one physiology course from:

- BIOL206 - Human Physiology and
- BIOL207 - Human Physiology Lab

At least one molecular biology course from:

- BIOL 222 - Immunology

- BIOL 360 - Cell Biology
- BIOL 364 - Virology
- BIOL 430 - Medical Genetics
 - BIOL 435 - Molecular Genetics of Aging
- CHEM 440 - Biochemistry
- BIOL 460 - Developmental Biology and
- BIOL 461 - Developmental Biology Lab

At least one ecological course from:

- BIOL 240 - Evolution
- BIOL 244 - Animal Behavior
- BIOL 250 - Ecology and
- BIOL 251 - Ecology Lab
- BIOL 255 - Tropical Ecology
- BIOL 256 - Conservation Biology Ireland
- BIOL 260 - Intro to Environmental Science and
- BIOL 261 - Intro to Environ Science Lab

And one organismal lecture/ lab combination from:

- BIOL 210 - General Botany and
- BIOL 211 - General Botany Lab

or

- BIOL 270 - Introduction To Entomology and
- BIOL 271 - Introduction To Entomology Lab

or

- BIOL340 - Aquatic Invertebrates and
- BIOL341 - Aquatic Invertebrates Lab

or

- BIOL350 - Ornithology and
- BIOL350 - Ornithology Lab

or

- BIOL 450 - General Microbiology and
- BIOL 451 - General Microbiology Lab

2 hours of capstone experience from:

- BIOL495 - Professional Project
- BIOL 496 - Senior Capstone Seminar

or

- BIOL 497 - Experimental Biology Lab

or

- BIOL 498 - Methods of Biol Research I
- BIOL 499 - Methods of Biol Research II

Note(s):

- A 2.000 cumulative average must be attained in the 35 hours of biology courses.
- Up to 4 hours of independent study (either BIOL 290, BIOL295, BIOL298 or BIOL 495) may be used in this elective requirement

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S. Biology

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CORE 100 1st Year Seminar or Theology 111
- ENGL 101 - English Composition or ENGL 115 - Rhetoric
- CORE 101 GOA

Total (14)

Second Semester

- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- CORE 100 1st Year Seminar or Theology 111
- CORE 102 - GOA
- PHIL 100 - Ethics as Intro to Philosophy

Total (14)

Sophomore Year

First Semester

- BIOL206 - Human Physiology
- BIOL207 - Human Physiology Lab
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- MATH 140 - Concepts of Calculus OR MATH 170 Calculus I OR MATH 171 Calculus II
- PHIL 200 - Philosophical Perspectives Elective
- Second Language I

Total (16)

Second Semester

- BIOL230 - Genetics
- BIOL231 - Genetics Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab
- Second Language II
- Theological Perspectives Elective

Total (16-17)

Junior Year

First Semester

- BIOL Elective ** (3-5)
- MATH 146 - Biostatistics or MATH 171 - Calculus II
- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- Historical Perspectives Elective
- Social Science Elective*

Total (15-17)

Second Semester

- BIOL Elective (3-5)
- Creative Perspectives Elective
- General Elective
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II

Total (13-15)

Senior Year

First Semester

- Senior Capstone (BIOL495-499)
- BIOL Elective (5-6)
- ENGL 205 - Literature & Moral Imagination
- Diversity Curriculum Requirement
- General Elective

Total (16 - 17)

Second Semester

- Senior Capstone (BIOL495-499)
- BIOL Electives * (5-6)
- E/RS Focus Elective
- Humanities Elective
- General Elective

Total (14-17)

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- Freshman Year: Alternative Courses: Can take Historical Perspectives, Creative Perspectives, Second Language, Math or Humanities Elective instead of PHIL 100.
- * PSYC 101 and SOCI 101 (DCR flag) must be taken before the MCAT. Students interested in health professional programs must check with Kara Rettig-Pfingstag about specific requirements by their sophomore year and before you apply.
- The MCAT requires BIOL 160-163, BIOL 206-207, CHEM 160-163, CHEM 240-243, CHEM 440 (counts as BIOL molecular elective), PHYS 160-163, PSYC 101 and SOCI 101. Pre-medical students generally take the MCAT ~15 months before their desired medical school start date.
- All students must elect one each of oral communications, quantitative reasoning and writing-intensive flagged courses; many of these are available within the core or major.
- A cumulative average of 2.0 is required in the major courses for graduation.
- A minimum of 120 credit hours is required for the degree. A second Bachelor's degree requires 150 credit hours (30 additional credit hours).

B.S. Biology - Alternative Pathway I

This block serves as a guideline for progress toward a degree for students who start with a math placement in pre-calculus ("PRE"). See your academic advisor. Courses with a † or †† can be swapped around with other courses with the same symbol.

Freshman Year

First Semester

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CORE 100 - First Year Seminar or THEO 111 - Theological Foundations
- MATH 120 - Elementary Functions
- CORE 101 - 1st Year Co-Curricular Program I

Total (14)

Second Semester

- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- CORE 100 - First Year Seminar or THEO 111 - Theological Foundations
- CORE 102 - 1st Year Co-Curricular Program II
- ENGL 101 - English Composition or ENGL 115 - Rhetoric†

Total (14)

Sophomore Year

First Semester

- BIOL 206 - Human Physiology
- BIOL 207 - Human Physiology Lab (writing flag)
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- MATH 140 - Concepts of Calculus OR MATH 180 - Differential Calculus
- Second Language I†
- PHIL 100 - Ethics as Intro to Philosophy†

Total (17)

Second Semester

- BIOL 230 - Genetics (quantitative flag)
- BIOL 231 - Genetics Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab
- Social Science Elective *† or ††
- Second Language II†
- Recommended: BIOL 299 Professional Communication in the Sciences (oral flag)

Total (14-15)

Junior Year

First Semester

- BIOL Elective (3-4)*
- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- STAT 146 - Biostatistics†
- Diversity Curriculum Requirement *† or ††
- Theological Perspectives Elective

Total (16-17)

Second Semester

- BIOL Elective (3-4)
- Creative Perspectives Elective†
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II
- PHIL 200 Philosophical Perspectives Elective††

Total (13-14)

Senior Year

First Semester

- BIOL Capstone
- BIOL Electives ** (6-8)
- ENGL 205 - Literature & Moral Imagination††
- Historical Perspectives† or ††

Total (13-17)

Second Semester

- BIOL Capstone
- BIOL Electives * (5-8)
- E/RS Focus Elective**
- Humanities Elective

Total (12-16)

Notes:

- * For students interested in medical school, PSYC 101, SOCI 101 and CHEM 440 must be taken before the MCAT. Students interested in health professional programs must check with Kara Rettig-Pfingstg about specific requirements by their sophomore year and before applying.
- A cumulative average of 2.0 is required in the major courses for graduation.
- A minimum of 120 credit hours is required for the degree. A second Bachelor's degree requires 150 credit hours (30 additional credit hours).

B.S. Biology - Alternative Pathway II

This block serves as a guideline for progress toward a degree for students who start with a math placement in MATH 105. See your academic advisor. Courses with a † or †† can be swapped around with other courses with the same symbol.

Freshman Year

- A cumulative average of 2.0 is required in the major courses for graduation.
- A minimum of 120 credit hours is required for the degree. A second Bachelor's degree requires 150 credit hours (30 additional credit hours).

Biomedical Sciences, B.S.

This major is designed for people preparing for health professions, like medicine and dentistry, although those students may choose other majors instead and ensure they take all the courses within the Biomedical Sciences minor.

The Biomedical Sciences curriculum presents a liberal arts program with emphasis on those sciences required for an excellent background for subsequent studies in medicine,

dentistry, and similar health professions. Recurrent pronouncements by Committees on Admissions at professional schools leave no doubt that they regard an education in the liberal arts as one of the most important factors in forming a genuinely capable and effective health professional, but majoring in biomedical sciences is not a requirement for admission to a health profession. (See Biomedical Sciences Minor or Pre-Medical Studies Certificate .) The student should consult a current listing of professional school admission requirements (below denoted with *, plus one year of college math) so that the selected course of study will assure the student of a degree and include all the minimum requirements for admission to those schools of medicine or dentistry to which he/she intends to apply.

"Medical School Admission Requirements," published by the Association of American Medical Colleges, or "Admission Requirements of U.S. and Canadian Dental Schools," published by the American Association of Dental Schools, or individual Physician Assistant, Physical Therapy, Optometry, Veterinary or other programs.

Requirements for the Biomedical Sciences Major

Core Curriculum Requirements:

Students must complete the Undergraduate Core Curriculum requirements. Specific courses that must be taken to satisfy the core curriculum requirements include science courses and the following:

Mathematical Perspectives:

Choose from:

- MATH 140 - Concepts of Calculus
 - MATH 180 - Calculus I
 - MATH 181 - Calculus II

Social Sciences:

- PSYC 101 - General Psychology *
- PSYC 261 - Social Psychology

Diversity Flag:

- SOCI 101 - Introduction to Sociology *

Science:

- Requirement included within the major.

Major Requirements:

65 hours

- BIOL 160 - General Biology I *
- BIOL 161 - General Biology I Lab *
- BIOL 162 - General Biology II *
- BIOL 163 - General Biology II Lab *

- BIOL 206 - Human Physiology *
- BIOL 207 - Human Physiology Lab *
- BIOL 230 - Genetics *
- BIOL 231 - Genetics Laboratory *
- BIOL 354 - Human and Comparative Anat *
- BIOL 355 - Human and Comp Anat Lab *
- BIOL 450 - General Microbiology
- BIOL 451 - General Microbiology Lab
- CHEM 160 - General Chemistry I *
- CHEM 161 - General Chemistry I Lab *
- CHEM 162 - General Chemistry II *
- CHEM 163 - General Chemistry II Lab *
- CHEM 220 - Principles of Physical Chem *
- CHEM 240 - Organic Chemistry I *
- CHEM 241 - Organic Chemistry I Lab *
- CHEM 242 - Organic Chemistry II *
- CHEM 243 - Organic Chemistry II Lab *
- CHEM 435 - Medicinal Chemistry

or

- BIOL310 - Foundations of Pharmacology
- CHEM 440 - Biochemistry *
- PHYS 160 - College Physics I * Or
- PHYS 170 - University Physics I
- PHYS 161 - Introductory Physics Lab I * Or
- PHYS 171 - Explorations in Physics I
- PHYS 162 - College Physics II * Or
- PHYS 172 - University Physics II
- PHYS 163 - Introductory Physics Lab II * Or
- PHYS 173 - Explorations in Physics II
 - MATH 140 - Concepts of Calculus or
 - MATH 180 - Differential Calculus
 - STAT 146 - Biostatistics or
 - MATH 181 - Calculus II

2 additional hours in Senior Capstone: BIOL 495-499 or CHEM 400

Note(s):

- A 2.000 cumulative average must be attained in all biology, chemistry, physics and math courses.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S. Biomedical Sciences

This block serves as a guideline for progress toward a degree for students starting with Math placement in calculus ("ELC" or "ADV"). See your academic advisor. Student is ready to apply to medical school during the summer after 3rd year, or with in 2-5 years. MCAT scores last 2-3 years. Courses with a † or †† or ††† can be swapped around with other courses with the same symbol.

Freshman Year

First Semester

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CORE 100 - First Year Seminar OR THEO 111 - Theological Foundations
- MATH 140, 180 or STAT 146† - Calculus or Biostats
- CORE 101 - 1st Year Co-Curricular Program I

Total (14)

Second Semester

- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- CORE 100 - First Year Seminar OR THEO 111 - Theological Foundations
- CORE 102 - 1st Year Seminar Program II
- ENGL 101 - Engl Comp or ENGL 115 Rhetoric†
- MATH 140/180 or STAT 146/ MATH 181† - Calculus or Biostats

Sophomore Year

First Semester

- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- BIOL 206 - Human Physiology†††
- BIOL 207 - Human Physiology Lab††† (writing flag)
- PHIL 100 - Ethics as Intro to Philosophy
- Second Language I

Total (14)

Second Semester

- MCAT prep class (optional)

Total (14-15)

Note(s):

- A total of 2 credit hours of Senior Capstone is required. May be fulfilled in one semester or two.
- A minimum of 120 credit hours is required for the degree. A second bachelor's degree requires 150 cred hours (30 additional credit hours).

Environmental Science, B.S.

The environmental science major includes the interdisciplinary study of the impact of human systems on our natural environment and how in turn these natural systems affect the human environment.

Requirements for the Environmental Science Major

Core Curriculum:

- Students must complete the Undergraduate Core Curriculum requirements. Specific courses that must be taken to satisfy the core curriculum requirements include science courses and the following:

Mathematical Perspectives

- MATH 140

Biology: 21 Credit Hours

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab
- BIOL 250 - Ecology
- BIOL 251 - Ecology Lab
- BIOL 260 - Intro to Environmental Science
- BIOL 261 - Intro to Environ Science Lab
- BIOL 398 - SEM: Environmental Studies or
 - BIOL 397 - SEM: Air and Water Pollution or

- BIOL 396:- SEM: Climate Change
- BIOL 495 - Professional Project (Senior Internship) or
- BIOL 496 - Senior Capstone Seminar or
- BIOL 497 - Experimental Biology Lab or
- BIOL 498 - Methods of Biol Research I and
- BIOL 499 - Methods of Biol Research II

Chemistry: 8 Credit Hours

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab

Physics: 8 Credit Hours

- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II

Economics: 6 Credit Hours

- ECON 200 - Microeconomic Principles
- ECON 320 - Natural Resource Economics

Mathematics: 6 Credit Hours

- MATH 140 - Elements of Calculus I
- or MATH 170 - Calculus I
- MATH 146 - Biostatistics

Science and Math/Computer Science Electives: 9 Credit Hours Minimum

Students must select a minimum of nine credit hours from the following list of courses, including at least one science laboratory and no more than one mathematics/computer science course.

- BIOL 210 - General Botany
- BIOL 211 - General Botany Lab
- BIOL 227 - Parasitology
- BIOL 230 - Genetics
- BIOL 231 - Genetics Laboratory
- BIOL 240 - Evolution
- BIOL 244 - Animal Behavior

- BIOL 255 - Tropical Ecology
- BIOL 256 - Conservation Biology Ireland
- BIOL 270 - Introduction To Entomology
- BIOL 271 - Introduction To Entomology Lab
 - BIOL 305-306 Bioinformatics and lab
 - BIOL 340 - Aquatic Ecology of Invertebrates
 - BIOL 341 - Aquatic Ecology of Invertebrates Lab
 - BIOL 350 - Ornithology
 - BIOL 351 - Ornithology Lab
- BIOL 364 - Virology
- BIOL 450 - General Microbiology
- BIOL 451 - General Microbiology Lab
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab
- CHEM 440 - Biochemistry
- CSCI 170 - Computer Science I
- MATH 325 - Mathematical Modeling

Non-Science Electives: 6 Credit Hours Minimum

Students must complete a minimum of six credit hours from the following list.

- ECON 421 - Environment, Economics and Policy
- ENGL 205 - Literature and the Moral Imagination: Literature and the Environment (Specific environmental sections must be approved)
- ENGL 348 - Literature and the Environment
- ENGL 363 Ecocriticism
- HIST 123 - African History I
- HIST 398 - History of Agriculture
- HIST 399 - Green Urbanism
- HIST 436 - Urban Ecologies and Economies
- POLI 316 / HIST 316 - Globalization
- PHIL 200 - Philosophical Perspectives: Philosophy and Ecology (Instructor - Konopka)
- PHIL 387 - Topics in Contemporary Philosophy (Instructor - Konopka)
- PHIL 392 - Philosophy of Nature
- THEO 245 - God, Creation and Ecology
- THEO 332 - Sacred Ground and New Story/Cosmology
- THEO 360 - Consumption as a Problem
- THEO 388 - Wilderness and Religious Imagination
- THEO 389 - Theologies of Food and Farm
- THEO 396 - Native American Lifeways
- SOCI 240 - Population and Globalization
- SUST 301 Cultural Studies and Sustainability
- SUST 465 - Topics in Sustainability: Renewable Energy and Economies (Instructor - Bertaux)
- Other courses as approved by advisor

A 2.000 cumulative average must be attained in the major.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S. Environmental Science

Freshman Year

First Semester

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CORE 100 1st Year Seminar or THEO 111
- ENGL 101 - English Composition or ENGL 115 - Rhetoric
- CORE 101 - GOA

- CORE 102 - GOA

Total (14)

Sophomore Year

First Semester

- BIOL 250 - Ecology
- BIOL 251 - Ecology Lab
- ENGL 205 - Literature & Moral Imagination
- MATH 140 - Calculus or MATH 146 - Biostatistics
- Historical Perspectives Elective
- Second Language I

Total (16)

Second Semester

- BIOL 260 - Intro to Environmental Science
- BIOL 261 - Intro to Environ Science Lab
- ECON 200 - Microeconomic Principles
- ENVS - Non Science Elective
- Theological Perspectives
- Second Language II

Total (16)

Junior Year

First Semester

- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- ENVS Non-Science Elective
- MATH 140 - Calculus or MATH 156 - General Statistics
- Math or Science Elective
- PHIL 200 - Philosophical Perspectives Elective

Total (16)

Second Semester

- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II
- Humanities Elective
- Creative Perspectives Elective
- General Elective
- Social Science or General Elective

Total (16)

Senior Year

First Semester

- BIOL 495, 497 or 498: Internship/Methods BR I
- ECON 320 - Natural Resource Economics
- Science or Math Elective (5 credit hours)
- General Elective (DCR)
- General Elective

Total (15-16)

Second Semester

- BIOL 396 or 397 or 398 - Environmental Studies SEM
- BIOL 495, 496 or 499: Internship/Methods BR II
- E/RS Course
- General Elective
- Science or Math Elective

Total (13-14)

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- All students must also satisfy five flags in addition to the 48 hours required by the core. No single course can count for more than two flags. Flagged courses often double-count for major and/or minor requirements. The five flagged courses are: the Diversity (DCR), Ethics/Religion and Society (E/RS) oral communications, quantitative reasoning and writing-intensive flagged courses. Many of these are available within the core or major; use "Attribute Type" when searching for courses.
- 2.00 cumulative average is required in the major courses.
- A minimum of 120 credit hours is required for the degree. 2.00 cumulative average is required in the major courses.

B.S. Environmental Science - Alternative Pathway

This block schedule serves as a guideline for progress toward a degree for students who start with a math placement in MATH 105. See your academic advisor. Courses with a † or †† can be swapped around with other courses with the same symbol.

Freshman Year

- E/RS Elective
- PHIL 200 - Philosophical Perspectives Elective††
- Science or Math Elective

Total (13-14)

Notes:

- 2.00 cumulative average is required in the major courses.
- A minimum of 120 credit hours is required for the degree. A second Bachelor's degree requires 150 credit hours (30 additional credit hours).

Environmental Science, B.S.

Please choose one of the following:

Environmental Science, B.S.

Environmental Science, B.S. with Environmental Management concentration

Environmental Science, B.S. with Environmental Management concentration

Xavier University - Duke University Cooperative Forestry and Environmental Management Programs

This program is designed to coordinate the education of undergraduate environmental science students at Xavier with graduate programs in the Duke University School of the Environment. After completing three years of the Environmental Science Program at Xavier, participating students are accepted into either of two Duke University degree programs, the Master of Forestry (MF) or Master of Environmental Management (MEM). The MF emphasizes forest resources, and graduates are typically employed in administrative, managerial, or staff positions with forest industries and government agencies. The MEM program considers natural resources in a broader context. Students find employment in such areas as resource development, environmental protection, impact assessment, land use analysis, and coastal zone management.

The curriculum which leads to the above degrees consists of six semesters of undergraduate study at Xavier University (similar to the Environmental Science major) and four semesters of graduate study at Duke University School of the Environment. During the fall semester of the junior year at Xavier, the student applies for admission to the Duke University School of the Environment. The BS Applied Biology degree will be awarded by Xavier University upon satisfactory completion of one year of full-time study at Duke University. Upon satisfactory completion of the requirements for a master's degree, Duke University will award either the degree of MF or MEM, whichever is appropriate for the student's area of concentration at Duke University. If a student is unable to enter Duke University, courses necessary for completion of requirements leading to the BS in Environmental Science can be taken during the senior year.

All incoming students to Xavier will first enroll as an Environmental Science Major. After meeting with the program director during the freshman to junior year, students will then be allowed to declare the Environmental Science Major with Environmental Management concentration.

Requirements for the Environmental Science Major with Environmental Management concentration

Students must have the program director's approval before declaring the Environmental Science major with a concentration in Environmental Management

Core Curriculum Requirements:

Students must complete the Undergraduate Core Curriculum requirements. Specific courses that must be taken to satisfy the core curriculum requirements include science courses and the following:

Mathematical Perspectives:

- MATH 140 - Concepts of Calculus or
- MATH 180 - Differential Calculus

3 hours of Social Sciences, including:

- ECON 200 - Microeconomic Principles

Major Requirements:

45 credit hours, as follows

21 hours of required biology courses:

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab
- BIOL 250 - Ecology
- BIOL 251 - Ecology Lab
- BIOL 260 - Intro to Environmental Science
- BIOL 261 - Intro to Environ Science Lab
 - BIOL 396:- SEM: Climate Change or
 - BIOL 397 - SEM: Air and Water Pollution or

- BIOL 398 - SEM: Environmental Studies
 - Two credits of senior capstone from BIOL 495-499

19 hours of additional science coursework:

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II
- ECON 320 - Natural Resource Economics

5 hours of additional science elective coursework

Students must select a minimum of 5 credit hours from the following list of courses. No more than one mathematics/computer science course may be taken.

- BIOL 210 - General Botany
- BIOL 211 - General Botany Lab
- BIOL 227 - Parasitology
- BIOL 230 - Genetics
- BIOL 231 - Genetics Laboratory
- BIOL 240 - Evolution
- BIOL 244 - Animal Behavior
- BIOL 255 - Tropical Ecology
- BIOL 256 - Conservation Biology Ireland
- BIOL 270 - Introduction To Entomology
- BIOL 271 - Introduction To Entomology Lab
 - BIOL 340 - Aquatic Ecology of Invertebrates
 - BIOL 340 - Aquatic Ecology of Invertebrates Lab
 - BIOL 350 - Ornithology
 - BIOL 351 - Ornithology Lab
- BIOL 364 - Virology
- BIOL 450 - General Microbiology
- BIOL 451 - General Microbiology Lab
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab
- CHEM 440 - Biochemistry
- CSCI 170 - Computer Science I
- MATH 325 - Mathematical Modeling

Note(s):

- A 2.000 cumulative average must be attained in all biology courses.
- One year of full time study at the Duke University School of the Environment.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Total (16-18)

Senior Year

During the junior year the student applies for admission to Duke University. The BS degree will be awarded by Xavier University upon satisfactory completion of one year of fulltime study (minimum of 24 credit hours) at Duke University.

If a student is unable to enter Duke University, arrangements should be made with the chair of the Biology Department to determine the senior year courses necessary for completion of requirements leading to the BS degree in Environmental Science .

A cumulative average of 2.0 is required in the major courses for graduation.

A minimum of 120 credit hours (96 hours at Xavier and 24 hours at Duke) is required for the degree.

Notes:

- A cumulative average of 2.0 is required in the major courses for graduation.
- A minimum of 120 credit hours is required for the degree. A second Bachelor's degree requires 150 credit hours (30 additional credit hours).

Minors

Biology Minor

A minor in biology is earned by completing 8 credit hours of required biology courses including the introductory general biology lecture and lab courses, plus two more courses with at least one lecture and lab combinations selected from advanced courses. A 2.000 cumulative average must be attained in all biology courses. Students should consult the department chair concerning specific requirements for the minor.

15 credit hours are required, as follows

8 hours from:

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab

Three additional credits from BIOL 200-490

At least one additional lecture lab combination from:

- | | |
|------------------------------|----------------------|
| • Microbiology & Lab | BIOL 200/201 (3 & 1) |
| • Human Physiology & Lab | BIOL 206/207 (3 & 1) |
| • Botany & Lab | BIOL 210/211 (3 & 1) |
| • Genetics & Lab | BIOL 230/231 (3 & 1) |
| • Ecology & Lab | BIOL 250/251 (3 & 1) |
| • Environ Science & Lab | BIOL 260/261 (3 & 1) |
| • Entomology & Lab | BIOL 270/271 (3 & 1) |
| • Aquatic Inverts & Lab | BIOL 340/341 (3 & 1) |
| • Ornithology & Lab | BIOL 350/351 (3 & 1) |
| • Human & Comp Anat & Lab | BIOL 354/355 (3 & 1) |
| • General Microbiology & Lab | BIOL 450/451 (3 & 2) |
| • Developmental Bio & Lab | BIOL 460/461 (3 & 1) |

Note(s):

- A 2.000 cumulative average must be attained in all these courses.

Biomedical Sciences Minor

The Biomedical Sciences minor is designed for undergraduate students who wish to complete science courses generally required of applicants to medical school while completing a bachelor's degree in a non-science major.

39 total credit hours are required, as follows

8 hours of biology from:

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab
 - BIOL 206 - Human Physiology
 - BIOL 207 - Human Physiology Lab

19 hours of chemistry from:

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab
- CHEM 440 - Biochemistry

8 hours of physics from:

- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II

(or 170 series)

- (or the PHYS 170-173 series)

Note(s):

- Please note that PSYC 101 and SOCI 101 is now also required for the MCAT.
- A 2.000 cumulative average must be attained in these courses.

Environmental Studies Minor

The Environmental Studies Minor is a 16-hour interdisciplinary program compatible with any major. It offers students an integrated overview of environmental and natural resource fields.

Required Courses:

- ECON 200 - Microeconomic Principles
- ECON 320 - Natural Resource Economics
- BIOL 250 - Ecology and
- BIOL 251 - Ecology Lab (prerequisite: BIOL 120 or BIOL 162)
- BIOL 398 - SEM: Environmental Studies or BIOL 397 - SEM: Air and Water Pollution or BIOL 396 - SEM: Climate Change
 - One approved non science elective

Approved Non-Science Electives

(The below list is a sample of offerings. Please use the "Attribute Type" when searching the Schedule of Classes to find other approved courses).

- ECON 421 - Environment, Economics and Policy
- ENGL 205 - Lit. & Moral Imagination: Literature & the Environment (Specific environmental sections must be approved)
- ENGL 348 - Literature & the Environment
- ENGL 363 Ecocriticism
- HIST 123 - African History I
- HIST 171 - US Environmental History
- HIST 398 - History of Agriculture
- HIST 399 - Green Urbanism
- HIST 400 - History of Agriculture
- HIST 436 - Urban Ecologies and Economics
- PHIL 200 - Philosophical Perspectives: Philosophy and Ecology Konopka only
- PHIL 387 - Topics in Contemporary Philosophy Konopka only
- PHIL 392 - Philosophy of Nature
- POLI/HIST 316 - Globalization
- SOCI 240 - Population and Globalization
- SUST 301 - Cultural Studies and Sustainability
- SUST 465 - Topics in Sustainability: Renewable Energy and Economics Bertaux only
- THEO 245 - God Creation and Ecology
- THEO 332 - Sacred Ground and New Story/Cosmology
- THEO 360 - Consumption as a Problem
- THEO 388 - Theology and Ecology
- THEO 396 - Native American Lifeways

Note(s):

- A 2.000 cumulative average must be attained in all these courses.
- Information regarding the minor can be obtained from the co-directors, whose names are noted in each semester's schedule of classes.

Pre-Physical Therapy Minor

A minor in pre-physical therapy is earned by completing a minimum of 44-46 credit hours of required science and other courses and is based on an examination of pre-requisites for graduate physical therapy programs, as described by the Physical Therapist Centralized Application Service (PTCAS), which is a service of the American Physical Therapy Association (APTA). Please note that pre-requisites for DPT programs vary by school so students will need to carefully research the pre-requisites at those schools to which they intend to apply. The Pre-Professional Health Advisor at Xavier will be able to advise students with regard to this minor. Students should consult the Biology department chair concerning specific requirements for the minor.

44-46 total credit hours are required, as follows

Biology:

16/18 hours of lecture & lab from

Option 1:

- BIOL 140 - Human A&P I for Allied Health
- BIOL 141 - Hum A&P I Lab Allied Health
- BIOL 142 - Hum A&P II for Allied Health
- BIOL 143 - Hum A&P II Lab Allied Health

Option 2:

- BIOL 206 - Human Physiology
- BIOL 207 - Human Physiology Lab
- BIOL 354 - Human and Comparative Anat
- BIOL 355 - Human and Comp Anat Lab

Note:

General Biology Sequence (BIOL 160-163) is a pre-requisite for BIOL 354/355 and 410/411

Additional Required Courses

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab
- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II
- EXSC 300 - Exercise Physiology
- MATH 116 - Elementary Statistics or
- MATH 156 - General Statistics
- PSYC 101 - General Psychology
- SOCI 101 - Introduction to Sociology

Note(s):

- A 2.000 cumulative average must be attained in all these courses.

Certificate

Pre-Medical Studies Certificate

This certificate program is designed for students who are not seeking a degree, but who want to prepare for admission to medical school. Medical schools generally expect their applicants to have the equivalent of a bachelor's degree along with the four years of science courses required for this certificate. They are:

They are:

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab
- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II
- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab
- CHEM 440 - Biochemistry

Note(s):

A student is eligible for a certificate if at least one half (17 credit hours) of the courses are completed at Xavier University with a minimum grade point average of 3.000. Interested students should consult with the chair of the Health Sciences Committee or the Coordinator of Pre-Professional Health Advising.

Chemistry

The Department of Chemistry, in cooperation with the Departments of Biology and Physics, offers these bachelor's degrees and programs:

- The Bachelor of Science in Chemistry
- The Minor in Chemistry
- The Bachelor of Science in Chemical Science
- The Bachelor of Science in Applied Chemistry, Science - Engineering Program
- The Bachelor of Science in Biomedical Sciences (for premedical and pre-dental students)
- The Minor in Biomedical Sciences
- The Minor in Biochemistry
- The Minor in Forensic Science
- Pre-Pharmacy Program
- The Bachelor of Science in Teaching Life Sciences and Chemistry (in cooperation with the School of Education)

Bachelor of Science

Applied Chemistry, B.S.

The Department of Chemistry offers a curriculum that leads to the BS degree in Applied Chemistry. This program is intended for those students interested in pursuing an undergraduate degree with emphasis on the liberal arts while preparing for graduate work in chemical engineering. Completion of the major requirements in chemistry, physics, and mathematics enable the student to apply to graduate programs in chemical engineering.

Requirements for the Applied Chemistry Major

Core Curriculum Requirements:

48 credit hours, including

Mathematics:

- MATH 170 - Calculus I
- MATH 171 - Calculus II

Science:

- Requirement included within the major

Major Requirements:

72 credit hours, as follows

38 hours of chemistry from:

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- CHEM 226 - Quantitative Analysis
- CHEM 227 - Quantitative Analysis Lab
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab
- CHEM 300 - Intro to Chem Research
- CHEM 320 - Physical Chemistry I
- CHEM 322 - Physical Chemistry II
- CHEM 325 - Physical Chemistry Laboratory
- CHEM 330 - Quantum Chemistry
- CHEM 340 - Instrumental Analysis
- CHEM 341 - Instrumental Analysis Lab
- CHEM 400 - Research/Seminar
- CHEM 420 - Inorganic Chemistry

14 hours of physics from:

- PHYS 161 - Introductory Physics Lab I
- PHYS 163 - Introductory Physics Lab II
- PHYS 170 - University Physics I
- PHYS 172 - University Physics II
 - ENGR 370 - Fluid Mechanics
 - ENGR 384 - Heat Transfer

10 hours of additional mathematics from:

- MATH 220 - Multivariable Calculus
 - MATH 222 - Applied Linear Algebra
- MATH 230 - Intro to Ordinary Diff Equat

6 hours of computer science from:

- CSCI 170 - Computer Science I
- CSCI 180 - Computer Science II

Note(s):

- A 2.000 cumulative average must be attained in the chemistry courses.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S. Applied Chemistry

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- MATH 170 - Calculus I

- CHEM 341 - Instrumental Analysis Lab
- ENGL 205 - Literature & Moral Imagination

- ENGR 370 - Fluid Mechanics
- PHIL 200 - Philosophical Perspectives
- Theological Perspectives Elective

Total (15)

Senior Year

First Semester

- CHEM 400 - Research/Seminar
- CHEM 420 - Inorganic Chemistry
- CSCI 170 - Computer Science I
- ENGR 384 - Heat Transfer
- Creative Perspectives Elective

Total (13)

Second Semester

- CHEM 330 - Quantum Chemistry
- CHEM 400 - Research/Seminar
- CSCI 180 - Computer Science II
- Social Science Elective
- E/RS Elective *
- Diversity Curriculum Elective

Total (15)

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- * May double count with other core courses
- Students must elect one each of oral communications, quantitative reasoning, and writing intensive flagged courses; many of these are available within the core or major.

Chemical Science, B.S.

The Department of Chemistry offers a program which leads to the BS degree in Chemical Science. This program is intended primarily for those students who wish to make use of chemical knowledge in connection with a career in the business world, e.g., in sales or marketing, or in secondary education. The course requirements in chemistry and mathematics are less than those of the BS in Chemistry program. The hours thus released are made available as free elective hours which can then be applied to courses in accounting, business administration, economics, education, etc.

Requirements for the Chemical Science Major

Core Curriculum Requirements:

59 credit hours, including

Mathematics:

- MATH 120 - Elementary Functions
- MATH 150 - Elements of Calculus I

Science:

- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II

Major Requirements:

33 credit hours, as follows

28 hours from:

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- CHEM 220 - Principles of Physical Chem
- CHEM 226 - Quantitative Analysis
- CHEM 227 - Quantitative Analysis Lab
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab
- CHEM 300 - Intro to Chem Research
- CHEM 340 - Instrumental Analysis
- CHEM 341 - Instrumental Analysis Lab

2 hours of research seminar from:

- CHEM 400 - Research/Seminar (to be taken 2 times)

3 hours of chemistry electives from:

- CHEM 411-495 (Refer to Course Descriptions.)

Note(s):

- A 2.000 cumulative average must be attained in the chemistry courses.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

- Students must elect one each of oral communications, quantitative reasoning, and writing intensive flagged courses; many of these are available within the core or the major.

Chemistry, B.S.

The Department of Chemistry offers a curriculum that is approved by the American Chemical Society (ACS) and leads to the Bachelor of Science degree. Students completing the program graduate as "ACS certified" majors. The curriculum covers the five major fields (analytical, biochemistry, inorganic, organic, and physical chemistry), the preparation and identification of compounds, and the literature on the subject. CHEM 300 Intro to Research, fits the students to prepare his/her thesis and is a beginning course in research.

Requirements for the Chemistry Major

Core Curriculum Requirements:

53 credit hours, including

Mathematics:

- MATH 170 - Calculus I
- MATH 171 - Calculus II

Science:

- Requirement included within the major.

Major Requirements:

46 credit hours, as follows

43 hours of chemistry from:

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- CHEM 226 - Quantitative Analysis
- CHEM 227 - Quantitative Analysis Lab
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab
- CHEM 300 - Intro to Chem Research
- CHEM 320 - Physical Chemistry I
- CHEM 322 - Physical Chemistry II
- CHEM 325 - Physical Chemistry Laboratory
- CHEM 330 - Quantum Chemistry
- CHEM 340 - Instrumental Analysis
- CHEM 341 - Instrumental Analysis Lab
- CHEM 420 - Inorganic Chemistry
- CHEM 421 - Inorganic Chemistry Lab
- CHEM 440 - Biochemistry
- CHEM 450 - Topics in Organic Chemistry

3 hours of research seminar from:

- CHEM 400 - Research/Seminar (to be taken 3 times)

Note(s):

- A 2.000 cumulative average must be attained in these chemistry courses.

Additional Major Requirements:

12 credit hours, as follows

8 hours of physics from:

- PHYS 161 - Introductory Physics Lab I
- PHYS 163 - Introductory Physics Lab II
- PHYS 170 - University Physics I
- PHYS 172 - University Physics II

4 hours of mathematics from:

- MATH 220 - Multivariable Calculus

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S. Chemistry

This block serves as a guideline for progress toward a degree. See your academic advisor.

Second Semester

- CHEM 400 - Research/Seminar
- CHEM 421 - Inorganic Chemistry Lab
- CHEM 440 - Biochemistry
- Diversity Curriculum Elective

Total (14)

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- Students must elect one each of oral communications, quantitative reasoning and writing intensive flagged courses; many of these are available within the core or major.

Minors

Biochemistry Minor

The Biochemistry minor is intended to enhance students' understanding and competency in the area of Biochemistry.

21 total credit hours are required, as follows

17 hours from:

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab
- BIOL 230 - Genetics
- BIOL 231 - Genetics Laboratory
- CHEM 440 - Biochemistry

4 hours of electives selected from:

- CHEM 320 - CHEM 450

Chemistry Minor

20 total credit hours are required, as follows

16 hours from:

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab

4 additional hours of coursework must be selected from the following lecture/lab combinations:

- CHEM 226/227, CHEM 340/341, CHEM 420/421, CHEM 440/441

Note(s):

- A 2.000 cumulative average must be attained in the chemistry courses.

Forensic Science Minor

The Forensic Science minor is intended to enhance students' understanding and competency in the area of Forensic Science.

23 total credit hours are required, as follows

17 hours from:

- CHEM 226 - Quantitative Analysis
- CHEM 227 - Quantitative Analysis Lab
- CHEM 340 - Instrumental Analysis
- CHEM 341 - Instrumental Analysis Lab
- CHEM 440 - Biochemistry
- CJUS 101 - Intro to Criminal Justice
- CJUS 239 - Criminalistics I

6 hours of Criminal Justice (CJUS) electives

Note(s):

- Biomedical Sciences and Natural Sciences majors (as interdisciplinary majors) are not eligible to receive a minor in Biology, Chemistry, or Biochemistry. However, Biomedical Sciences and Natural Sciences majors may double count their major requirements toward a minor in Forensic Science.

Other Programs

Pre-Pharmacy Program

The Pre-Pharmacy Program at Xavier University is a program of advisement where the minimum requirements for entry to most pharmacy schools are placed early in the students program of study and university general core-curricular course work is placed later in the curriculum. Most pharmacy schools do not require an undergraduate bachelor's degree for acceptance. The minimum requirements for application to pharmacy school can, in most cases, be completed in two years. If a student successfully completes these courses, he or she may apply for admission to pharmacy schools at the end of two years of study. If the student is unsuccessful at gaining admission at that time they can continue in their studies, and apply in their third year or after completing their undergraduate bachelor's degree. Regardless of whether one enters pharmacy school at the end of two years of study or earns a bachelors degree, the pharmacy school degree necessary to become a licensed registered pharmacist (Pharm.D.) normally still requires an additional four years of study to complete. For the specific requirements and recommended courses at each pharmacy school in which you are interested, you should consult the "Pharmacy School Admission Requirements", published by the American Association of Colleges of Pharmacy. There is a copy available to browse in the office of the Director of Pre-professional Health Advising in Albers Hall 105B.

The Pre-Pharmacy Program is administered by the Department of Chemistry. Colleges of pharmacy require a minimum of two years of undergraduate study and include certain required courses for admission. If the required courses have been completed, students may apply to a college of pharmacy after two years of study or after earning a baccalaureate degree.

The pre-pharmacy curriculum satisfies the minimum preparation for admission to most colleges of pharmacy. It may be modified to meet other specific requirements of a particular college of pharmacy. A current listing of such requirements* should be consulted by the student in order to plan a satisfactory program. The student is advised to meet regularly with a member of the Committee on Health Sciences so as to be well-informed about all current prerequisites and the procedures to be followed in applying for admission to a college of pharmacy. If the student plans to continue undergraduate education at Xavier University and to obtain a BS degree, this can be done easily within the BS in Biology, BS in Chemical Science, or BS in Natural Sciences programs. The student then should meet with the chair of the appropriate science department for guidance in the choice of courses necessary for the desired degree.

* "Pharmacy School Admission Requirements," published by the American Association of Colleges of Pharmacy.

Pre-Pharmacy

This block serves as a guideline for progress in the program. See your academic advisor.

Freshman Year

First Semester

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab

- MATH 150 - Elements of Calculus I or
- MATH 170 - Calculus I

- PSYC 101 - General Psychology
- THEO 111 - Theological Foundations

or

- CORE 100 - First Year Seminar

Total (17/18)

Second Semester

- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab

- MATH 151 - Elements of Calculus II or
- MATH 171 - Calculus II

- ENGL 101 - English Composition or
- ENGL 115 - Rhetoric

- THEO 111 - Theological Foundations

or

- CORE 100 - First Year Seminar

Total (17/18)

Sophomore Year

First Semester

- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I

- MATH 156 - General Statistics or
- MATH 116 - Elementary Statistics

- PHIL 100 - Ethics as Intro to Philosophy
 - Historical Perspectives

Total (17)

Second Semester

- CHEM 242 - Organic Chemistry II *
- CHEM 243 - Organic Chemistry II Lab *
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II
- BIOL 200 - Microbiology
- ECON 200 - Microeconomic Principles
 - Creative Perspectives

Total (17)

Note:

* If a Pharmacy School requires Biochemistry, the organic chemistry sequence should be completed in the summer before the sophomore year.

Classics and Modern Languages

The Department of Classics and Modern Languages offers two bachelor's degrees in the areas of Classics, as well as minors in Greek, Latin, and Classical Humanities. In addition, the department plays a major role in the Honors Bachelor of Arts degree. For this degree, see Classics and Philosophy Honors Bachelor of Arts .

The Department of Classics and Modern Languages offers the Bachelor of Arts and Associate of Arts degrees in the following Modern Languages: French, German, and Spanish. Also offered are minors in Deaf Studies, French, German, Italian Studies, Spanish and Latin American Studies. Also offered, in conjunction with the Economics Department, is a Bachelor of Arts degree in Modern Languages & International Economics.

A placement test is administered to those students who took ASL, French, German, or Spanish in high school. Students of Arabic, Italian, Japanese, or Mandarin should schedule a meeting with the respective instructor to determine correct placement. The result determines the number of courses needed in order to fulfill the foreign language requirement. All French/German/Spanish majors must complete a one-credit senior research project (FREN 499/GERM 499/SPAN 499). All courses must be in the appropriate language (French/German/Spanish) to count towards the major

Bachelor of Arts

Classical Humanities, B.A.

The Bachelor of Arts degree in Classical Humanities major engages students who have an interest in the enduring purchase of topics and themes from classical antiquity. CLHU embraces a wide range of areas such as art, history, religion, archaeology, literature, mythology, and Greek and Latin languages. There is no language requirement in the Classical Humanities major, but students are encouraged to use core language requirements as an opportunity to complement their CLHU studies. The major aim is for students to encounter in the culture of classical antiquity the diversity of the ancient world and to gain an awareness of the ongoing influence of classical antiquity on contemporary culture.

Requirements for the Classical Humanities Major

Core Curriculum Requirements:

See Undergraduate Core Curriculum

Major Requirements:

31 credit hours, as follows:

18 required credit hours

3 hours in history

- CLAS 120 - From Homer to Plato
- CLAS 121 - From Alexander to Cleopatra
- CLAS 160 - From Romulus to Octavian
- CLAS 161 - From Augustus to Attila

3 hours in mythology

- CLAS 240 - World Mythology
- CLAS 241 - Classical Mythology: Art
- CLAS 242 - Classical Mythology: Literatur
- CLAS 245 - Myth and Film

3 hours Classical Literature & the Moral Imagination

- CLAS 205 - Classical Lit & Moral Imagina

3 hours in classical culture

- CLAS 236 - Gender & Sex/Ancient Gr & Rome
- CLAS 239 - Ancient Lit, Magic & Occult

3 hours in Greek/Roman history focus with rotating topics

- CLAS/HIST 310

3 hours in Classics and Moderns

- CLAS 380

12 elective hours in any CLAS, LATN, GREK courses

- Note: coan include core requirements in language, Theological Perspectives, Social Sciences, Humanities, and Oral Communication, Quantitative Reasoning, Writing, E/RS, and Diversity Flags

1 hour Senior Capstone Project

- CLAS 397 - Directed Study

Note(s):

- A 2.500 cumulative average must be attained in the above courses.
- In addition to the above requirements, the student has approximately 26 hours of non-designated electives which can be used to meet specific interests or needs.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.A. Classical Humanities

This is a sample course sequence to illustrate class offerings for this major. See your academic advisor.

Freshman Year

First Semester

- Core language requirement I (LATN 101 or LATN 111)
- CORE 100 First Year Seminar
- CREATIVE PERSPECTIVES (CLAS 241)
- PHILOSOPHY 100 - Ethics as Intro. to Philosophy
- ENGLISH 101 or 115 - English Composition or Rhetoric
- CORE 101: GOA

Total (15)

Second Semester

- CORE LANGUAGE REQUIREMENT II (LATN 102 or LATN 112)
- HISTORICAL PERSPECTIVES (CLAS 120, 121, 160, 161)
- SCIENTIFIC PERSPECTIVES Lecture and Lab
- THEOLOGY 111 Theological Foundations
- MATHEMATICAL PERSPECTIVES
- CORE 102: GOA

Total (15)

Sophomore Year

First Semester

- CORE LANGUAGE REQUIREMENT III (Latin/Greek 201)
- NATURAL SCIENCE Lecture and Lab
- THEOLOGICAL PERSPECTIVES
- HUMANITIES Elective
- CLAS, LATN, GREK Elective

Total (15)

Second Semester

- Classical Mythology (CLAS 240, 241, 245)
- CLAS 205 Classical Literature and the Moral Imagination
- ORAL COMMUNICATION FLAG Elective

- General Elective
- General Elective
- General Elective
- General Elective
- General Elective
- CORE 499

Total (16)

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.

French and Francophone Studies, B.A.

The study of languages, literatures, and cultures is central to a liberal arts education and one of the key disciplines in the humanities. Since the emergence of Jesuit education in the sixteenth century, the studia humanitatis have been at its heart. Like all humanities majors, French challenges students to address pressing and enduring questions about the human condition. In reflecting on the nature and scope of the human itself, humanities majors develop skills and dispositions that remain vital at all stages of their professional and personal lives and result in a fulfilling life. Humanities majors learn how to: ask insightful questions, think flexibly, and develop comfort with diverse approaches to new problems; conduct, synthesize, and interpret research; and communicate effectively.

French majors develop intermediate high- and often advanced low-level proficiency in the spoken and written language. The program supports the study, analysis, and critical interpretation of the literatures and cultures of France and the Francophone world. It prepares students to operate personally and professionally in a broad range of French-speaking environments.

Students are encouraged to combine a modern language major with a second major or a related minor and to speak with faculty advisors about opportunities to incorporate study abroad into their program of study. Our majors go on to use their skills in the classroom, the corporate world, domestic civil service or diplomacy, arts and culture, and many other arenas. Undergraduates who wish to be licensed as teachers are advised to consult with the department education coordinator and with the School of Education regarding specific requirements for language teacher licensure.

Requirements for the French Major

Core Curriculum Requirements:

See Undergraduate Core Curriculum

Foreign Language:

- Complete intermediate level proficiency (202 level).

Major Requirements:

- Placement test to determine which lower division courses are required.
- Completion of 28 hours of upper division courses (202-499) taught in the foreign language.
- A 2.5 cumulative average must be attained in the major courses.

28 credit hours, as follows

21-27 hours from:

- FREN 202-498 (Refer to Course Descriptions.)

0-6 hours of approved French Studies coursework in English

1 hour of senior project from:

- FREN 499 - Senior Research Project

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

German, B.A.

The study of languages, literatures, and cultures is central to a liberal arts education and one of the key disciplines in the humanities. Since the emergence of Jesuit education in the sixteenth century, the studia humanitatis have been at its heart. Like all humanities majors, German challenges students to address pressing and enduring questions about the human condition. In reflecting on the nature and scope of the human itself, humanities majors develop skills and dispositions that remain vital at all stages of their professional and personal lives and result in a fulfilling life. Humanities majors learn how to: ask insightful questions, think flexibly, and develop comfort with diverse approaches to new problems; conduct, synthesize, and interpret research; and communicate effectively.

German majors develop a deep knowledge of language and culture, and leverage that knowledge to gain insight into historical, social and political issues. The study of German at Xavier prepares students for interdisciplinary and problem-based inquiry that spans many professions. Students are therefore encouraged to combine a modern language major with a second major or a related minor and to peak with faculty advisors about opportunities to incorporate study abroad into their program of study. Majors go on to use their skills in the corporate world, STEM fields, diplomacy, arts and culture, and many other arenas. Undergraduates who wish to be licensed as teachers are advised to consult with the department education coordinator and with the School of Education regarding specific requirements for language teacher licensure.

Requirements for the German Major

Core Curriculum Requirements:

See Undergraduate Core Curriculum

Second Language:

- Complete intermediate level proficiency.

Major Requirements:

- Placement test to determine which lower division courses are required.
- Completion of 28 hours of upper division courses (202-499) taught in the target language.
- A 2.5 cumulative grade-point average must be attained in the major courses.

28 credit hours, as follows

Modern Language and International Economics, B.A.

Anyone working in the international arena - whether in international relations, for an international organization, or in business - needs to work with people from around the world and have a deep understanding of the global economic environment. Students receive this mix with the interdisciplinary major that is offered jointly by the Departments of Modern Languages and Economics. The blended coursework provides students with:

- A solid foundation in French, German, or Spanish.
- The skills to address international economic issues and work in the global arena.
- A sound understanding of the cultures that exist across the global economy.

The B.A. in Modern Languages and International Economics requires students to select a modern language *concentration* from French, German or Spanish. The senior research and the directed study courses in each concentration are the capstone courses, and they are jointly directed by faculty members in Modern Languages and Economics. Students are prepared and encouraged to pursue internships and exchange programs abroad. To plan courses, study- or work-abroad, and your future career, please contact faculty advisors in the Modern Language Department or the Economics Department.

Requirements for the Major

Core curriculum requirements:

64 credit hours, including

Foreign Language:

- Complete intermediate level proficiency (202 level).

Literature:

- Can be fulfilled with a course in the concentration portion of the major.

Mathematics:

- MATH 150 - Elements of Calculus I
- STAT 210 - Statistics For Business I

Social Sciences:

- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles

(included in the major)

Major Requirements:

52 credit hours, as follows

24 hours of specific courses from:

- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles
- ECON 300 - Int'l Trade & Bus Environment
- ECON 305 - Microeconomic Analysis
- ECON 306 - Macroeconomic Analysis
- ECON 307 - Empirical Analysis In Economic
- ECON 450 - International Economics
- STAT 210 - Statistics For Business I or
- MATH 156 - General Statistics

6 hours from:

- ECON 310-499 (Refer to Course Descriptions), which must include 3 hours of ECON courses at the 400 level.

22 hours of courses in a chosen concentration:

French:

- 21 hours from FREN 300-490 (Refer to Course Descriptions);
- 1 hour of senior research from FREN 499

German:

- 21 hours from GERM 300-490 (Refer to Course Descriptions.)
- 1 hour of senior research from GERM 499

Spanish:

- 21 hours from SPAN 300 or SPAN 301 with SPAN 302, SPAN 303, SPAN 306
- 9 hours of electives from SPAN 304-490 (Refer to Course Descriptions.)
- 1 hour of senior research SPAN 499

Note(s):

- A 2.000 cumulative average must be attained in these required and concentration courses.
- The senior research and the directed study courses are the capstone courses are jointly directed by faculty members in Modern Languages and Economics.
- Students are prepared and encouraged to pursue internships and exchange programs abroad. To plan courses, study- or work-abroad, and your future career, please contact faculty advisors in the Modern Language Department or the Economics Department.

- E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.

Spanish, B.A.

The study of language, literature, and culture is central to a liberal arts education, one of the key disciplines in the humanities, and a vital component to developing skills that will be widely applicable in a dynamic, globalized world. Since the emergence of Jesuit education in the sixteenth century, the studia humanitatis have been at its heart. Like all humanities majors, Spanish challenges students to address pressing and enduring questions about the human condition. Humanities majors learn how to: ask insightful questions, think flexibly, and develop comfort with diverse approaches to new problems; conduct, synthesize, and interpret research; and communicate effectively. These habits lead to meaningful lives and fulfilling occupations after the university.

Spanish majors develop proficiency in the spoken and written language. The program supports the study, analysis, and critical interpretation of the cultures of the Hispanophone world. It prepares students to operate personally and professionally in a broad range of Spanish-speaking environments in the USA and internationally.

Virtually all Spanish majors combine studies in language and culture with a second major or a related minor that align with personal or professional goals. All language students should incorporate study abroad opportunities into their plans.

Our majors go on to use their skills in the classroom, the corporate and non-profit worlds, health professions, social services, and many other arenas. Undergraduates who wish to be licensed as teachers should consult with the department education coordinator and with the School of Education regarding specific requirements for language teacher licensure.

Requirements for the Spanish Major

Core Curriculum Requirements:

See Undergraduate Core Curriculum

Foreign Language:

- Complete intermediate level proficiency (202 level).

Major Requirements:

- Placement test to determine which lower division courses are required.
- A 2.5 cumulative grade-point average must be attained in the major courses.

31 credit hours, as follows:

- SPAN 202 - 3 hours (If a student tests into SPAN 300 and begins the major with SPAN 300 or SPAN 301, then the 9 hours of 400-498 applies)
- SPAN 300 or 301 - 3 hours
- SPAN 302-310 - 3 hours
- SPAN 311-399 - 15 hours
- SPAN 400-498 - 6 hours (9 hours if the student begins with SPAN 300 or SPAN 301)
- SPAN 499 - 1 hour

Associate of Arts

French, A.A.

The Department of Classics and Modern Languages offers an Associate of Arts degree in French, German, and Spanish.

French/German/Spanish A.A. Requirements

The Department of Modern Languages offers the Associate of Arts degree in French, German, or Spanish.

Requirements for the Associate of Arts in French, German, or Spanish

This Associate of Arts degree requires a minimum of 60 credit hours including 31 credit hours of Core Curriculum Requirements and a minimum of 15 credit hours of Concentration Requirements,

Core Curriculum Requirements:

See Undergraduate Core Curriculum for details.

Concentration Requirements: 15 hours minimum from either French, German, or Spanish

- Up to nine additional credit hours of lower division language courses may be required as determined by the placement test.
- All courses must be taught in the foreign language to count toward the concentration.
- A 2.5 cumulative grade-point average must be attained in all concentration courses.

French

FREN 202-498. See Course Descriptions

German

GERM 202-498. See Course Descriptions

Spanish

6 hours of language from:

- SPAN 300 - Advanced Spanish I or
- SPAN 301 - Advanced Spanish II

and

- SPAN 328 - Phonetics and Dialectology

3 hours of culture from:

- SPAN 350-352 (Refer to Course Descriptions).

6 hours of electives from:

- SPAN 302-498 (Refer to Course Descriptions).

TOTAL for A.A. DEGREE: 60 Credit Hours

Requirements for Associate Degrees in French/German/Spanish

Meeting degree requirements is the student's responsibility.

Candidates for associate degrees must have:

1. completed the appropriate requirements listed under the Core Curriculum - Associate's Degrees;
2. attained a 2.5 average in the course work of the concentration;
3. attained a cumulative grade point average of 2.000;
4. earned at least 60 hours;
5. completed the last 30 hours at Xavier, excluding consortium courses, unless waived by college dean;
6. transferred, normally, no more than 9 hours from another college or university toward a degree after matriculation at Xavier;
7. filed a formal graduation application by the deadline published for each semester;
8. completed all departmental requirements in the concentration field and all requirements of the college;
9. cleared all financial obligations to the University before the diploma and transcripts can be released.

In addition to the above, transfer students must have:

10. completed at least one-half of the course requirements of the concentration at Xavier.

German, A.A.

The Department of Classics and Modern Languages offers an Associate of Arts degree in French, German, and Spanish.

French/German/Spanish A.A. Requirements

The Department of Modern Languages offers the Associate of Arts degree in French, German, or Spanish.

Requirements for the Associate of Arts in French, German, or Spanish

This Associate of Arts degree requires a minimum of 60 credit hours including 31 credit hours of Core Curriculum Requirements and a minimum of 15 credit hours of Concentration Requirements,

Core Curriculum Requirements:

See Undergraduate Core Curriculum for details.

Concentration Requirements: 15 hours minimum from either French, German, or Spanish

- Up to nine additional credit hours of lower division language courses may be required as determined by the placement test.

6 hours of electives from:

- SPAN 302-498 (Refer to Course Descriptions).

TOTAL for A.A. DEGREE: 60 Credit Hours

Requirements for Associate Degrees in French/German/Spanish

Meeting degree requirements is the student's responsibility.

Candidates for associate degrees must have:

1. completed the appropriate requirements listed under the Core Curriculum - Associate's Degrees;
2. attained a 2.5 average in the course work of the concentration;
3. attained a cumulative grade point average of 2.000;
4. earned at least 60 hours;
5. completed the last 30 hours at Xavier, excluding consortium courses, unless waived by college dean;
6. transferred, normally, no more than 9 hours from another college or university toward a degree after matriculation at Xavier;
7. filed a formal graduation application by the deadline published for each semester;
8. completed all departmental requirements in the concentration field and all requirements of the college;
9. cleared all financial obligations to the University before the diploma and transcripts can be released.

In addition to the above, transfer students must have:

10. completed at least one-half of the course requirements of the concentration at Xavier.

Minors

Classical Humanities Minor

18 total credit hours are required, as follows:

Select hours in classical culture courses offerings, from:

- CLAS/GREK/LATN 101-399 (Refer to Course Descriptions.)

Note(s):

- A 2.500 cumulative average must be attained in the classical culture courses.
- Courses with the CLAS designation require no knowledge of an ancient language.
- Courses with the LATN and GREK designations can apply to the Classical Humanities Minor.

Deaf Studies Minor

The Deaf Studies minor provides students with a strong foundation in American Sign Language (ASL) skills, a broad understanding of the history, literature and culture of the Deaf community, and knowledge of issues in areas such as education, the legal system, and medical care that affect Deaf individuals. The minor involves direct engagement with members of the Deaf community both on and off campus, and adds value to a student's major and career options by demonstrating an ability to work and interact with members of the Deaf community in professional and social contexts.

Minor Requirements

The Deaf Studies minor consists of 15 hours, with 9 credit hours of ASLN 101-201 as prerequisite or placement.

Prerequisites or Placement

9 credit hours

- ASLN 101 - Elem American Sign Language I
- ASLN 102 - Elem American Sign Language II
- ASLN 201 - Interm American Sign Lang I

Required Courses

15 credit hours

- ASLN 202 - Interm American Sign Lang II
- ASLN 290 - Deafness Origins & Orientation
- ASLN 291 - Deafness Culture & Community
 - ASLN 300 - Advanced American Sign Language I
 - ASLN 301 - Advanced American Sign Language II

French and Francophone Studies Minor

15 credit hours of FREN 202-498 are required:

Please see Course Descriptions

Note(s):

- All courses must be taught in French to count toward the minor.
- A 2.5 cumulative average must be attained in all these French courses.

German Minor

15 credit hours of GERM 202-499 are required:

- Please see Course Descriptions

Note(s):

- All courses must be taught in German to count toward the minor.
- A 2.5 cumulative average must be attained in all these German courses.

Greek Minor

15 total credit hours are required, as follows

Select Greek courses beyond the Elementary II level:

- GREK 201-399 (Refer to Course Descriptions.)

Note(s):

- A 2.500 cumulative average is required in all Greek courses.

Italian Studies Minor

The Italian Studies minor will offer students an interdisciplinary approach to the study of Italian language and culture. Students will achieve intermediate proficiency in the Italian language while pursuing electives on Italian cultural topics in fine art, philosophy, Classics, history, theology, and/or other disciplines. A study abroad experience in Italy is highly encouraged in order to perfect students' language skills, and courses taken while abroad will count towards the minor.

Curriculum

21 credit hours

Language Courses

12 credit hours

- ITAL 101 - Elementary Italian I
- ITAL 102 - Elementary Italian II
- ITAL 201 - Intermediate Italian I
- ITAL 202 - Intermediate Italian II

Electives

9 credit hours

- ARTS 271 History of Art II: Renaissance - Present
- CLAS 102 Ancient Mediterranean Civilization: Rome
- CLAS 160 From Romulus to Octavian
- CLAS 161 From Augustus to Attila
- CLAS 262 Roman Archaeology
- HIST 138 Francis: The Making of a Saint
- PHIL 351 Italian Philosophy
- PHIL 352 Bacon and Machiavelli
- PHIL 378 Vico
- THEO 257 Franciscan Spirituality
- THEO 270 New Testament and Politics
- THEO 318 Women and Early Christianity

Courses taught during Xavier's Summer Program in Rome:

- ARTS 112 The Aesthetic Experience: Rome in Film
- ARTS 113 Art in Rome
- EDEC 300 Studies in Early Childhood
- ITAL 258 Language and Culture in Italy
- PHIL 200/351 Italian Philosophy
- PHYS 124/125 Our Universe: In the Beginning
- PHYS 126/127 Science in Art and Architecture
- THEO 244/344 Early Christianity in Rome

Note(s):

- If students place into a higher level of Italian language coursework, they may complete the Italian Studies minor by pursuing courses counting for no fewer than 15 total credit hours.
- The electives for the minor will be approved by the Italian Language Section Coordinator and by the Chair of the Department of Classics and Modern Languages.

Latin American Studies Minor

The Latin American Studies Minor is an interdisciplinary program housed in the department of modern languages. It is available to all Xavier undergraduates and enhances any major. It is designed to help students achieve an advanced level of ability in the Spanish language and cultural competency in Latin America. Many employers look for evidence that candidates for employment are prepared to deal with the realities of a global society.

18 total credit hours are required, as follows

3 hours of the entry core course taught in English from:

3 hours of language development selected from:

- SPAN 300 - Advanced Spanish I
- SPAN 301 - Advanced Spanish II
- SPAN 302 - Spanish Conversation
- SPAN 303 - Spanish Composition
- SPAN 304 - Spanish Vocabulary in Context
- SPAN 305 - Readings in Spanish
- SPAN 325 - History of the Spanish Language
- SPAN 326 - Spanish: Applied Linguistics
- SPAN 328 - Phonetics and Dialectology
- SPAN 351 - Latin-American Civilization I

3 hours of Latin American literature selected from:

- SPAN 427 - Spanish-American Lit & Civ I
- SPAN 428 - Spanish-American Lit & Civ II
- SPAN 429 - Spanish-American Lit & Civ III

or

- SPAN 440 - Hispanic Poetry
- SPAN 444 - 19th Century Spanish-Amer Lit
- SPAN 445 - 20th Century Spanish-Amer Lit
 - SPAN 446

3 hours of Latin American history or political science selected from:

- HIST 151 - Latin American History I
- HIST 152 - Latin American History II
 - HIST 327
- HIST 340 - History of Mexico
 - HIST 341
 - HIST 342
 - HIST 343
 - HIST 344

or

- An approved POLI course

3 hours of an approved Theology course.

3 hours of an approved elective from above listed courses or as approved by program director.

Note(s):

- A 2.5 cumulative average must be attained in all these courses.

Latin Minor

15 total credit hours are required, as follows:

Select Latin courses beyond the Elementary II level:

- LATN 201-399 (Refer to Course Descriptions.)

Note(s):

- A 2.500 cumulative average is required in all Latin courses.

Spanish Minor

This list describes in general terms the proposed sequence of courses for the Xavier University Spanish minor. Every student's path may be different, and all minors will consult with their Spanish advisor each semester to ensure that they are taking the right course at the right time for their individual needs and goals. The sequence may be adjusted when a student studies abroad.

18 credit hours are required (a minimum of 8 credit hours must be taken on campus):

- SPAN 202 - 3 hours (If a student tests into SPAN 300 and begins the minor with SPAN 300 or SPAN 301, then 6 hours of 350-498 are required)
- SPAN 300 or 301 - 3 hours
- SPAN 302-310 - 3 hours
- SPAN 311-498 - 9 hours (12 hours if they student begins with SPAN300 or SPAN301)

Note(s):

- All courses must be taught in Spanish to count toward the minor.
- A 2.5 cumulative average must be attained in all these Spanish courses.

Communication

The Department of Communication offers a Bachelor of Arts degree in five major areas: Advertising; Communication Studies; Digital Innovation, Film and Television; Digital Media; and Public Relations. The Communication department also offers six minors in Communications: Advertising, Communication Studies, Digital Innovation, Film and Television, Digital Media, Media Studies, and Public Relations.

Bachelor of Arts

Advertising, B.A.

The goal of the Advertising major is to prepare students for a career in the field of advertising. This program offers a comprehensive study of advertising, including the principles of advertising, creative concepts, media planning, research, and management.

Requirements

Core Curriculum Requirements:

See Undergraduate Core Curriculum :

including Mathematical Perspectives requirement of MATH 116 or MATH 156

Major Requirements:

36 credit hours, as follows

30 hours from:

- COMM 101 - Oral Communication
- COMM 123 - Intro To Comm and Media
- COMM 206 - Writing for the Media
- COMM 237 - Elements of Copy & Design
- COMM 270 - Principles of Strategic Comm
- COMM 329 - Audience Survey & Research
- COMM 332 - Media Strategies in Advtising
- COMM 430 - Creative Strategies Advrtsing
- COMM 439 - Senior Sem-Adv: Campaigns
- COMM 477 - Strat Comm Ethics Society

3 hours of Elective A, select 1 course from:

- COMM 235 - Digital Design

3 hours of Elective B, select 1 course from:

- COMM 211 - Media Literacy
- COMM 247 - Understanding New Media
- COMM 264 - Persuasion
- COMM 323 - Race, Class, Gender & Media
- COMM 324 - Sex and Violence In Media
- COMM 385 - Media, Democracy & the Public
- COMM 426 - Media Law & Policy

Note(s):

- A 2.000 cumulative average must be attained in the communication arts courses of the major.
- Since the major recommends certain courses as COMM electives, it is important that students work closely with their academic advisors in the choice of these electives.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Digital Innovation, Film and Television, B.A.

The Digital Innovation, Film and Television program cultivates students to become responsible, adaptable, and innovative leaders in a complex and rapidly converging digital environment. With a concentration on digital media production and the art of visual storytelling, we endeavor to prepare students through hands-on learning, cross-disciplinary study, team building, and community engagement. Digital Innovation, Film and Television prepares graduates for careers in the creative and corporate digital environments of film, television, broadcasting, producing, multimedia, content creation and in technology areas that are emerging.

Minors

Advertising Minor

The advertising minor offers an understanding of the principles of advertising, creative concepts, and research.

18 total credit hours are required, as follows

12 hours from:

- COMM 270 - Principles of Strategic Comm
- COMM 329 - Audience Survey & Research
- COMM 332 - Media Strategies in Advtising
- COMM 430 - Creative Strategies Advrtsing

6 hours of electives (2 courses) selected from:

- COMM 235 - Digital Design
- COMM 237 - Elements of Copy & Design
- COMM 264 - Persuasion
- COMM 433 - Social Media Strategies

- COMM 477 - Strat Comm Ethics Society

Note(s):

- A 2.000 cumulative average must be attained in these courses.

Communication Studies Minor

The communication studies minor focuses on communication processes within public and private organizations.

18 total credit hours are required, as follows:

9 hours from:

- COMM 101 - Oral Communication
- COMM 209 - Group Dynamics
- COMM 260 - Organizational Communication

9 hours of electives (3 courses) selected from:

- COMM 123 - Intro To Comm and Media
- COMM 207 - Interpersonal Communication
- COMM 264 - Persuasion
- COMM 301 - Presentational Speaking
- COMM 327 - Interpersonal Conflict Mgmt

Note(s):

- A 2.000 cumulative average must be attained in these courses.

Digital Innovation, Film and Television Minor

The Digital Innovation, Film and Television cultivate students to become responsible, adaptable, and innovative leaders in a complex and rapidly converging digital environment.

18 total credit hours are required, as follows:

12 hours from:

- COMM 206 - Writing for the Media
- DIFT 215 - Aesthetics & Tech of Post Prod
- DIFT 250 - Screenwriting & Story Craft
- DIFT 254 - Intro to Video Production

6 hours of electives (2 courses) selected from:

- COMM 209 - Group Dynamics
- COMM 211 - Media Literacy
- COMM 426 - Media Law & Policy
- DIFT 210 - Art of Film
- DIFT 213 - Non-Fiction Film
- DIFT 214 - Film Criticism
- DIFT 310 - The Horror Film
- DIFT 354 - Field Prod and Story Telling
- DIFT 451 - Introduction to Video Graphics
- MUSC 106 - Music In Film

Note(s):

- A 2.000 cumulative average must be attained in these courses.

Digital Media Minor

The Digital Media Minor requires 18 hours of coursework that augments existing majors and minors in the Department of Communication Arts as well as students from outside the department. Students who complete the Digital Media minor will be able to define and apply theories of digital media, locate and assess arguments in digital media, interrogate the implications of digital media on communication, plan and produce digital content to serve a client's needs, and assess the effectiveness of digital content within strategic communication.

Curriculum

18 credit hours, including:

- COMM 211 - Media Literacy
- COMM 221 - Introduction to Digital Media
- COMM 235 - Digital Design
- COMM 247 - Understanding New Media
- COMM 321 - Advanced Digital Media
- COMM 433 - Social Media Strategies

Public Relations Minor

The public relations minor includes the study of the principles, audiences, ethics, and skills of public relations.

18 total credit hours are required, as follows:

15 hours from:

- COMM 101 - Oral Communication
- COMM 206 - Writing for the Media
- COMM 270 - Principles of Strategic Comm
- COMM 372 - PR Cases and Planning
- COMM 477 - Strat Comm Ethics Society

3 hours of electives (1 course) selected from:

- COMM 301 - Presentational Speaking
- COMM 371 - Public Relations Writing
- COMM 426 - Media Law & Policy

Note(s):

- A 2.000 cumulative average must be attained in these courses.

Computer Science

The Department of Computer Science offers two degrees, the Bachelor of Science in Computer Science and the Bachelor of Arts in Computer Science, as well as a minor in Computer Science. In addition, the department offers a certificate in Applied Computation.

Bachelor of Arts

Computer Science, B.A.

The B.A. in Computer Science allows students room to pursue a second major combined with computer science. This encourages inter- and multi-disciplinary study, developing well-rounded students ready to contribute to an increasingly interdisciplinary world that utilizes computation.

The B.A. in Computer Science consists of 27 hours of computer science courses, MATH 225 and either a second major or a minor that is significantly distinct from the computer science degree.

Required CSCI Courses

27 credit hours

- CSCI 170 - Computer Science I
- CSCI 180 - Computer Science II
- CSCI 220 - Data Structures & Algorithms
- CSCI 250 - Languages & Automata
- CSCI 260 - Software Engineering
 - Three additional CSCI courses numbered 200 or above
- CSCI 390 - Senior Seminar & Project BA students are strongly encouraged to create a project that integrates computer science with their second major or minor.

Required MATH courses

3 credit hours

- MATH 225 - Foundations Of Higher Math

Note:

The Mathematics Perspectives Core requirement is fulfilled by CSCI 170 . We also recommend MATH 156 General Statistics or MATH 280 Combinatorics if the student's schedule permits.

Required second area of concentration

- Students must complete a second major or minor, of which at least 15 hours must be distinct from the required courses in Computer Science.

Note(s):

- A 2.000 cumulative average must be attained in the computer science courses.
- Students are required to fulfill the current senior comprehensive requirements.

Computer Science, B.A.

Please select one of the following:

- Computer Science, B.A.
- Computer Science, B.A. with a Concentration in Cybersecurity

Computer Science, B.A. with a Concentration in Cybersecurity

Xavier's Computer Science degree with a concentration in Cybersecurity is an interdisciplinary effort of the Departments of Computer Science and Business Analytics and

Information Systems. The program provides the fundamentals of cybersecurity at the hardware, systems, and compliance levels. The program follows recommendations from the Joint Taskforce on Cybersecurity Education, convened by the Association for Computing Machinery (ACM), the IEEE Computer Society (IEEE CS), the Association for Information Systems Special Interest Group on Security (AIS SIGSEC), and the International Federation for Information Processing Technical Committee on Information Security Education (IFIP WG 11.8) to cover all of the fundamental knowledge units recommended by the National Security Agency / Department of Homeland Security for Centers of Academic Excellence in Cyber Defense.

Requirements

In addition to the requirements for the Computer Science, B.A. major, the following courses are required for the concentration:

- MATH 156 Statistics or MATH 256 Introduction to Probability and Statistics
- BAIS 359 Hardware, Software, and Security
- BAIS 459 Introduction to Cyber Security
- CSCI 240 Systems Security Fundamentals
- CSCI 340 Networking
- CSCI 341 Network Vulnerabilities, Penetration, and Defense
- A CSCI course designated as a Cybersecurity Elective

Freshman Year

First Semester

- CSCI 170 Computer Science 1 (Math Perspectives) (3 cr)
- ENGL 101 English Composition (3 cr)
- MATH 225 Foundations of Higher Math (3 cr)
- Second Language 1 (3 cr)
- CORE 100 First Year Seminar (3 cr)
- CORE 101 GOA 1 (0 cr)

Second Semester

- CSCI 180 Computer Science II (3 cr)
- THEO 111 Theological Foundations (3 cr)
- Course for Qualifying Minor as Required by Comp Sci BA
- Second Language 2 (3 cr)
- PHIL 100 Ethics as Intro to Philosophy (3 cr)
- CORE 102 GOA 2 (0 cr)

Sophomore Year

First Semester

- CSCI 220 Data Structures & Algorithms (QR) (3 cr)
- Second Language 3 (if needed, else elective) (3 cr)
- Historical Perspectives (3 cr)
- Course for Qualifying Minor as Required by Comp Sci BA
- ENGL 205 Lit & the Moral Imagination (3 cr)

Second Semester

- CSCI 250 Languages & Automata (3 cr)
- CSCI 260 Software Engineering (3 cr)
- BAIS 359 Hardware, Software, Security (3 cr)
- Theological Perspectives (3 cr)
- CSCI 240 System Security Fundamentals (3 cr)

Junior Year

First Semester

- Course for Qualifying Minor as Required by Comp Sci BA
- CSCI 340 Networking (3 cr)
- Scientific Perspectives (3 cr)
- BAIS 459 Introduction to Cyber Security (3 cr)
- Writing Flag Course

Second Semester

- Course for Qualifying Minor as Required by Comp Sci BA
- CSCI 341 Network Vulnerabilities, Penetration, and Defense (3 cr)
- Natural Science Elective (3 cr)
- MATH 156 or MATH 256 Statistics (3 cr)
- Philosophical Perspectives (3 cr)

Senior Year

First Semester

- Course for Qualifying Minor as Required by Comp Sci BA
- CSCI Cybersecurity Elective (3 cr)
- Humanities Elective (3 cr)
- Creative Perspectives (3 cr)
- Oral Communication Flag Course (3 cr)

Second Semester

- CSCI 390 Senior Project (3 cr)
- Diversity Flag Elective (3 cr)
- Social Science Elective (3 cr)
- ERS Flag Elective (3 cr)
- Course for Qualifying Minor as Required by Comp Sci BA

Bachelor of Science

Computer Science, B.S.

Computer technology has revolutionized society's methods for processing information and making decisions. The growth in the use of computers has increased the demand for professionals in computer science. Typical computer careers include programming and application in such areas as accounting, engineering, law, mathematics, medicine, and the sciences. Other positions include research in computer science, computer design, computer product marketing and sales, technical writing, and teaching.

Xavier's program is designed to develop, within the framework of a liberal education, the knowledge, skills, and creative analytical ability required for a productive career in computer-related fields and for graduate work in computer science or other areas. Computer science students may elect to participate in a cooperative education experience. The cooperative education program is designed to complement students' classroom training in theoretical computer science by providing actual work experience in a real software engineering environment. In addition to gaining a deeper appreciation of classroom theory, students also make valuable professional contacts and learn more about career options in computer science.

Requirements for the Computer Science Major, BS

Core Curriculum Requirements:

48-63 Credit Hours dependent on courses taken, including

Sciences:

At least 8 hours in one science, chosen from the following three options:

- BIOL 160 - General Biology I and BIOL 161, General Biology I Lab

AND

- BIOL 162 - General Biology II and BIOL 163, General Biology II Lab

OR

- CHEM 160 - General Chemistry I and CHEM 161, General Chemistry I Lab

AND

- CHEM 162 - General Chemistry II and CHEM 163, General Chemistry II Lab

OR

- PHYS 170 - University Physics I and PHYS 161, Introductory Physics I Lab

AND

- PHYS 172 - University Physics II and PHYS 163, Introductory Physics II Lab

Mathematics:

13 hours from:

- MATH 170 - Calculus I
- MATH 225 - Foundations Of Higher Math
- MATH 280 - Combinatorics

and either

- MATH 156 - General Statistics or
- MATH 240 - Linear Algebra or
- MATH 256 - Intro to Probability & Stats

Major Requirements:

39 credit hours, as follows

33 hours of computer science courses:

- CSCI 170 - Computer Science I
- CSCI 180 - Computer Science II
- CSCI 210 - Machine Org & Assembly Lang
- CSCI 220 - Data Structures & Algorithms
- CSCI 250 - Languages & Automata
- CSCI 260 - Software Engineering
- CSCI 300 - Programming Languages
- CSCI 320 - Operating Systems
- CSCI 335 - Databases
- CSCI 340 - Networking
- CSCI 390 - Senior Seminar & Project

6 hours of computer science electives selected from:

- CSCI 200-397 (Refer to Course Descriptions) (includes co-op CSCI 395 Co-Op Education in Comp Sci)
- MATH 330 Graph Theory
- Three of the six hours of computer science electives must be from CSCI 250-390.

Note(s):

- A 2.000 cumulative average must be attained in the computer science courses.
- Fulfill the current senior comprehensive requirements.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S. Computer Science

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- CSCI 170 - Computer Science I
- ENGL 101 - English Composition or ENGL 115 - Rhetoric
- MATH 225 - Foundations Of Higher Math
- Second Language Elective I
- THEO 111 - Theological Foundations or First Year Seminar

Total (15)

Second Semester

- CSCI 180 - Computer Science II
- MATH 280 - Combinatorics
- Second Language Elective II
- PHIL 100 - Ethics as Intro to Philosophy
- THEO 111 - Theological Foundations or First Year Seminar

Total (15)

Sophomore Year

First Semester

- CSCI 220 - Data Structures & Algorithms
- MATH 170 - Calculus I
- Scientific Perspectives
- Historical Perspectives
- ENGL 205 - Literature & Moral Imagination or CLAS 205 - Classical Lit & Moral Imagina or SPAN 205 - Hispanic Lit & Moral Imagin

Total (16)

Second Semester

- CSCI 260 - Software Engineering
- CSCI 250 - Languages & Automata
- Theological Perspectives
- Philosophical Perspectives
- Creative Perspectives

Total (15)

Junior Year

First Semester

- CSCI 210 - Machine Org & Assembly Lang
- CSCI 300 - Programming Languages
- Major level Science/Lab (4)
- Social Science Elective
- Humanities Elective

Total (16)

Second Semester

- CSCI 335 - Databases or CSCI 340 - Networking
- Major-level science/lab (4)
- General Elective (3)
- CSCI Elective (3)
- MATH 156 - General Statistics or MATH 240 - Linear Algebra or MATH 256 - Intro to Probability & Stats

Total (16)

Senior Year

First Semester

- CSCI 320 - Operating Systems
- Computer Science Elective (3)
- General Elective (3)*
- General Elective (3) *
- General Elective (3)*

Total (15)

Second Semester

- CSCI 390 - Senior Seminar & Project (3) **
- General Elective (3)*
- General Elective (3)*
- CSCI 335 - Databases or CSCI 340 - Networking

Total (12)

Note(s):

* Elective may need to be a flagged course fulfilling Diversity, E/RS requirement, Oral, Quantitative, or Writing requirement.

** Students taking Senior Seminar and Project should contact the chair of the Computer Science Department one semester before enrolling in this course.

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- ** Courses filling other core requirements may also fulfill the Diversity Curriculum Requirement.

Computer Science, B.S.

Please select one of the following:

- Computer Science, B.S.
- Computer Science, B.S. with a Concentration in Cybersecurity

Computer Science, B.S. with a Concentration in Cybersecurity

Xavier's Computer Science degree with a concentration in Cybersecurity is an interdisciplinary effort of the Departments of Computer Science and Business Analytics and Information Systems. The program provides the fundamentals of cybersecurity at the hardware, systems, and compliance levels. The program follows recommendations from the Joint Taskforce on Cybersecurity Education, convened by the Association for Computing Machinery (ACM), the IEEE Computer Society (IEEE CS), the Association for Information Systems Special Interest Group on Security (AIS SIGSEC), and the International Federation for Information Processing Technical Committee on Information Security Education (IFIP WG 11.8) to cover all of the fundamental knowledge units recommended by the National Security Agency / Department of Homeland Security for Centers of Academic Excellence in Cyber Defense.

Requirements

In addition to the requirements for the Computer Science, B.S. major, the following courses are required for the concentration:

- MATH 156 Statistics or MATH 256 Introduction to Probability and Statistics
- BAIS 359 Hardware, Software, and Security
- BAIS 459 Introduction to Cyber Security
- CSCI 240 Systems Security Fundamentals
- CSCI 340 Networking
- CSCI 341 Network Vulnerabilities, Penetration, and Defense
- A CSCI course designated as a Cybersecurity Elective

Freshman Year

First Semester

- CSCI 170 Computer Science 1 (Math Perspectives) (3 cr)
- ENGL 101 English Composition (3 cr)
- MATH 225 Foundations of Higher Math (3 cr)
- Second Language 1 (3 cr)
- CORE 100 First Year Seminar (3 cr)
- CORE 101 GOA 1 (0 cr)

Second Semester

- CSCI 180 Computer Science II (3 cr)
- THEO 111 Theological Foundations (3 cr)
- MATH 280 Combinatorics (3 cr)
- Second Language 2 (3 cr)
- PHIL 100 Ethics as Intro to Philosophy (3 cr)
- CORE 102 GOA 2 (0 cr)

Sophomore Year

First Semester

- CSCI 220 Data Structures & Algorithms (QR) (3 cr)
- Second Language 3 (if needed, else elective) (3 cr)
- Historical Perspectives (3 cr)
- MATH 170 Calculus I (4 cr)
- ENGL 205 Lit & the Moral Imagination (3 cr)

Second Semester

- CSCI 250 Languages & Automata (3 cr)
- CSCI 260 Software Engineering (3 cr)
- BAIS 359 Hardware, Software, Security (3 cr)
- Theological Perspectives (3 cr)
- CSCI 240 System Security Fundamentals (3 cr)

Junior Year

First Semester

- CSCI 210 Machine Organization (3 cr)
- CSCI 300 Programming Languages (Oral, Writing) (3 cr)
- Major Level Science/Lab (Sci Perspectives) (3 cr)
- BAIS 459 Introduction to Cyber Security (3 cr)
- CSCI 340 Networking (3 cr)

Second Semester

- CSCI 335 Databases (3 cr)
- CSCI 341 Network Vulnerabilities, Penetration, and Defense (3 cr)
- Major Level Science / Lab (Nat Sci Elective) (3 cr)
- MATH 156 or MATH 256 Statistics (3 cr)
- Philosophical Perspectives (3 cr)

Senior Year

First Semester

- CSCI 320 Operating Systems (3 cr)
- CSCI Cybersecurity Elective (3 cr)
- Humanities Elective (3 cr)
- Creative Perspectives (3 cr)
- Elective (3 cr)

Second Semester

- CSCI 390 Senior Project (3 cr)
- Diversity Flag Elective (3 cr)
- Social Science Elective (3 cr)
- ERS Flag Elective (3 cr)
- Elective (3 cr)

Minors

Computer Science Minor

15 total credit hours are required, as follows:

9 hours from:

- CSCI 170 - Computer Science I
- CSCI 180 - Computer Science II
- CSCI 220 - Data Structures & Algorithms

6 hours of electives selected from:

- CSCI 210-397 (Refer to Course Descriptions) (CSCI 260 is strongly encouraged)

Note(s):

- A 2.000 cumulative average must be attained in all these computer science courses.

Cybersecurity Systems Minor

This minor is for non-Computer Science majors only.

The minor in Cybersecurity Systems is an interdisciplinary minor that facilitates the students' intellectual immersion into the core curriculum by providing cases for direct application of ethics, analysis, and technical skills, and requiring that the students be able to communicate about their analysis, conclusions, and recommended priorities. The topics studied in cybersecurity expose students to questions of privacy rights, responsibility when security fails, ethics of storing data insecurely and of using one's skills to penetrate system defenses. The case studies experienced by students will require decisions and justifications that draw directly from the ethical frameworks they study in the core.

Requirements:

- BAIS 359 Hardware, Software, and Security
- BAIS 459 Introduction to Cyber Security
- BAIS 357 Telecommunications and Networking
- CSCI 150 Scripting for System Administration
- CSCI 230 Socially Responsible Data Usage
- CSCI 234 Intrusion Detection, Prevention, and Reporting
- CSCI 237 Cybersecurity Planning and Management

Note(s):

- Students must achieve an average GPA of 2.0 or better in the courses taken for the minor.

Certificate

Applied Computation Certificate

The Department of Computer Science offers the Certificate in Applied Computation. This certificate program is designed for students who are pursuing an undergraduate degree in a program other than computer science who wish to demonstrate proficiency in computational methods and problem solving.

Requirements:

10 total credit hours, as follows:

- CSCI 170 - Computer Science I
- CSCI 180 - Computer Science II
- CSCI 220 - Data Structures & Algorithms
 - CSCI 290 - Project in Applied Computation

Note(s):

- A 2.000 cumulative average must be attained in these courses.
- At least half of these credit hours must be taken at Xavier. CSCI 290 must have been completed at Xavier.

Computer Science Cybersecurity Certificate

The Computer Science Cybersecurity Certification requires post-baccalaureate standing. Students must earn an average GPA of 2.0 in 12 hours of cybersecurity courses.

Requirements

- CSCI 540 Accelerated Security Fundamentals
- CSCI 340 Networking
- CSCI 341 Network Vulnerabilities, Penetration, and Defense
- CSCI Cybersecurity Electives to complete the remainder of 12 hours.

Economics

The Department of Economics offers the Bachelor of Arts degree in Economics and a minor in Economics. Also offered, in conjunction with the Modern Languages Department, is a Bachelor of Arts degree in Modern Languages & International Economics - see Classics and Modern Languages for details. Note: Economics is also available as a major and minor in the Williams College of Business.

Bachelor of Arts

Economics, B.A.

A degree in Economics provides the student with an understanding of economic issues pertaining to individual firms, industries, the public sector, and the overall economy. The study of economics, supported by the knowledge of Mathematics and Statistics, emphasizes both analytic reasoning and a thorough knowledge of economic institutions. Economics majors analyze such topics as optimal decision-making, consumer welfare and distribution of income, market efficiency, inflation, unemployment, international trade, financial markets, forces of globalization, and governmental economic activity. The program has proven useful to people who have moved into positions in many of the functional areas of business and government. It is also excellent training for graduate study in business, in law, and in economics itself.

Requirements for the Economics Major

Core curriculum requirements:

48-63 Credit Hours dependent on courses taken, including

Mathematics:

- MATH 150 - Elements of Calculus I or
- MATH 170 - Calculus I

Major Requirements:

33 credit hours, (36 credit hours starting Fall 2016)

18 hours from:

- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles
- ECON 305 - Microeconomic Analysis
- ECON 306 - Macroeconomic Analysis
- ECON 307 - Empirical Analysis In Economic
- STAT 211 - Statistics For Business II

15 hours of economics electives:

- Must include 6 hours of ECON courses at the 400 level.

Required Capstone Project*

*All economics majors are required to take Capstone Project Each student must orally present a paper written in a 400-level economics course to a forum established by the department. Currently, Capstone Project is listed as ECON 491 which carries 0 credit. Starting Fall 2016, Capstone Project (ECON 492 and 493 combined) will be a 3 credit hour course split into ECON 492 and 493.

Note(s):

- A 2.000 cumulative average must be attained in the above courses.
- Computer competency required. Tutorials are available for students who are deficient in basic computing skills.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.A. Economics

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- MATH 150 - Elements of Calculus I
- Second Language Elective
- First Year Seminar
- PHIL 100 - Ethics as Intro to Philosophy
- ENGL 115 - Rhetoric

Total (15)

Second Semester

- ECON 200 - Microeconomic Principles
- ENGL 205 - Literature & Moral Imagination
- THEO 111 - Theological Foundations
- Second Language Elective
- Scientific Perspectives

Total (15)

Sophomore Year

First Semester

- ECON 201 - Macroeconomic Principles
- STAT 210 - Statistics For Business I
- Natural Science Elective
- Diversity Flag
- BAIS 200 - Managing Information Technology

Total (15)

Second Semester

- STAT 211 - Statistics For Business II
- Historical Perspectives
- Philosophical Perspectives
- E/RS Elective
- General Elective

Total (15)

Junior Year

First Semester

- ECON 305 - Microeconomic Analysis
- Economics Elective
- Creative Perspectives
- Theological Perspectives
- General Elective

Total (15)

Second Semester

- ECON 306 - Macroeconomic Analysis
- ECON 307 - Empirical Analysis In Economic
- Humanities Perspectives
- Writing Intensive Flag
- General Elective

Total (15)

Senior Year

First Semester

- ECON 492 - Capstone Experience in Economics I
- Economics Elective
- Economics Elective
- General Elective
- General Elective
- General Elective

Second Semester

- ECON 493 - Capstone Experience in Economics II
- Economics Elective
- Economics Elective
- General Elective
- General Elective
- General Elective

Note(s):

* At least six hours of economics electives must be in the 400- level courses.

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.

Economics, B.A.

Please select one of the following:

- Economics, B.A.

Economics, B.A. with a Concentration in Mathematics

Undergraduate majors in both Economics and Mathematics consider graduate programs in Economics or related fields. In order to be accepted into such graduate programs, an undergraduate degree in one of those disciplines is typically required, and extensive and specific training in the other is also needed. This program combines the requirements of a degree in Economics with specific coursework in Mathematics suited for a potential graduate student. Additionally, students who may not pursue a graduate degree program are likely to find the program more marketable for post-graduation.

Requirements for the Economics major with concentration in Mathematics

Core Curriculum Requirements:

Undergraduate Core Curriculum

Economics Major Requirements:

39 (40) credit hours if taking MATH 150 or MATH 170

- MATH 150 - Elements of Calculus I OR
- MATH 170 - Calculus I

- BAIS 210 - Quantitative Methods
- BAIS 211 - Intro to Business Analytics
- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles
- ECON 305 - Microeconomic Analysis
- ECON 306 - Macroeconomic Analysis
- ECON 307 - Empirical Analysis In Economic
 - ECON electives (five courses, including two 400-level electives) (15 credit hours)

Mathematics Concentration Requirements:

15 credit hours

- MATH 170 - Calculus I
- MATH 171 - Calculus II
- MATH 220 - Multivariable Calculus
- MATH 225 - Foundations Of Higher Math

Three Electives from the following:

9 credit hours

- MATH 240 - Linear Algebra

- MATH 340 - Abstract Algebra I
- MATH 360 - Elementary Topology
- MATH 370 - Real Analysis
- MATH 230 - Intro to Ordinary Diff Equat
- MATH 311 - Probability Theory

TOTAL: 24 credit hours

NOTES:

* Students who enter the program early should take MATH 170 instead of MATH 150 to avoid duplication of coursework.

ECON 491 requires a sole-authored research project in Economics. This project should satisfy the department's ordinary requirements, while also demonstrating evidence of the student's Mathematics concentration.

Without MATH 150, this program requires 60 credit hours. With overlaps in the core, the degree requires a minimum of 111 credit hours.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Minors

Economics Minor

The Department of Economics and Human Resources offers the minor in Economics.

This minor is available to business and non-business undergraduate students.

15 total credit hours are required, as follows:

6 hours of economics:

- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles

3 hours:

- ECON 305 - Microeconomic Analysis
- ECON 306 - Macroeconomic Analysis

6 hours of upper division electives, select from:

- ECON 300-499 (Refer to Course Descriptions.)
(except WCB students may not count ECON 300 in the minor).

Note(s):

- A 2.000 cumulative average must be attained in the courses of the minor.
- At least half of these credit hours must be taken at Xavier.

English

The Department of English offers the Bachelor of Arts and Associate of Arts in English degrees. Also offered are minors in English and Writing.

Bachelor of Arts

English, B.A, with a Writing Concentration

Students who pursue the English B.A. with Writing Concentration will have the ability to focus more deeply on studying, practicing, and researching writing through specialized courses. Students with the Writing Concentration will have significantly more experience with a broad writing curriculum by the time they complete the program.

Requirements for the English Major with a Writing Concentration

Core Curriculum Requirements

48-63 Credit Hours dependent on courses taken. See Undergraduate Core Curriculum

Major Requirements:

36 credit hours

Required Courses (27 credit hours)

- ENGL 115 - Rhetoric
 - ENGL 210 - Methods Workshop
- ENGL 305 - Professional Writing (Writing Flag/Oral Flag)
 - ENGL 337 - Theories and Research in Writing (Writing Flag/QR Flag)
- ENGL 499 - Senior Seminar
 - 3 Electives in Literature in English department
 - 1 Elective in Language Linguistics

Electives (9 credit hours)

- ENGL 301 - Expos/Research Writing
- ENGL 309 - Creative Writing: Poetry
- ENGL 310 - Creative Writing: Fiction
- ENGL 314 - Writing Journals&Autobiography
- ENGL 315 - Composition Tutoring (Writing Flag/Diversity Flag)
- ENGL 318 - Creative Nonfiction
 - ENGL 319 - Writing as Social Action (ER/S Flag)
 - ENGL 339 - Digital Writing (Writing Flag)
- COMM 206 - Writing for the Media
- COMM 237 - Elements of Copy & Design
 - COMM 250 - Screenwriting and Story Craft
- COMM 371 - Public Relations Writing
 - Can also take up to 2 Writing Flag courses in any department (including English)

English B.A. with Writing Concentration

Freshman Year

Fall Semester

- ENGL 115 - Rhetoric
- THEO 111 - Theological Foundations or CORE 100 - First Year Seminar
- PHIL 100 - Ethics as Intro to Philosophy
- Second Language
- Mathematical Perspectives
- CORE101

Spring Semester

- THEO 111 - Theological Foundations or CORE 100 - First Year Seminar
- PHIL 200 - Philosophical Perspectives
- Literature and the Moral Imagination
- Second Language
- Historical Perspectives
- CORE 102

Sophomore Year

Fall Semester

- ENGL 210 - Methods Workshop
- Scientific Perspectives
- Theological Perspectives (200+ level)
- Quantitative Reasoning Flag
- General Elective

Spring Semester

- Theories/Research in Writing
- Language/Linguistics
- Natural Science
- Social Science
- E/RS Elective

Junior Year

Fall Semester

- Professional Writing
- English Literature Elective
- Creative Perspectives
- General Electives (6 hours)

Spring Semester

- Writing Elective
- English Literature Elective
- Diversity Flag
- General Electives (6 hours)

Senior Year

Fall Semester

- Writing Elective
- English Literature Elective
- General Electives (9 hours)

Spring Semester

- ENGL 499 - Senior Seminar
- Writing Elective
- General Electives (9 hours)
- CORE 499

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

English, B.A.

The major in English is designed to develop writing skills, a critical and historical understanding of the English language and its literature, and a knowledge of current theories of literature, language, and humanistic interpretation. The English major is an excellent preparation for law school and for careers in education, journalism, editing, publishing, and other communications fields. It is also a fine preparation for a variety of business careers and for graduate school in business and, with appropriate science courses, for medical school.

Requirements for the English Major

Core Curriculum Requirements:

48-63 Credit Hours dependent on courses taken, including

Major Requirements:

36 credit hours, as follows

12 hours from:

- ENGL 115 - Rhetoric
- ENGL 210 - Methods Workshop
- ENGL 221 - Poetry
- ENGL 499 - Senior Seminar

6 hours from:

One course each from the following areas::

Theory or Criticism

- 302-History of Literary Criticism
- 303-Modern Literary Theory
- 366-Feminist Theory

Language or Linguistics

- 320-Topics in Linguistics
- 321-History of English Language
- 322-Ethnolinguistics
- 323-Media and Its Discourse
- 327-Language of Leadership
- 328-Gender, Religion, and Violence
- 369-Women and Sacred Language

9 hours from:

Take one course from THREE of the four areas:

Pre-1800 British Lit

- 361-16th/17th Cent Women's Literacy
- 368-Brit Women Writers
- 376-Lit & Arts in Britain
- 410-Chaucer
- 411-Medieval Women's Writing
- 415-Early English Lit
- 425-Shakespeare
- 429-Renaissance Drama
- 430-17th Century Brit Lit
- 432-Spenser & Milton
- 435-Milton
- 441-18th Century Brit Lit
- 465-18th Century Novel: Behn-Austen

Post-1800 British Lit

- 364-Jane Austen
- 375-Lit & Arts in Ireland
- 414-Tolkien
- 450-Brit Romantic Lit

- 487-Contemp Amer Poetry

9 hours of:

- Take three other upper level English courses (ENGL 300-498) (Refer to Course Descriptions)

Note(s):

- A 2.000 cumulative average must be attained in these English courses.
- Undergraduates who wish to be certified as teachers of English on the secondary level are advised to consult with the Chair of the English Department and with the Office of Teacher Education and Placement regarding specific requirements for teacher certification.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.A. English

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- ENGL 115 - Rhetoric *
- CORE 101
- Second Language I
- PHIL 100 - Ethics as Intro to Philosophy
- Mathematical Perspectives core elective
- THEO 111 - Theological Foundations or CORE 100 - First Year Seminar

Total (15)

Second Semester

- ENGL 205 - Literature & Moral Imagination
- Historical Perspectives core elective
- Second Language II
- Philosophical Perspectives (PHIL 200)
- CORE 102
- THEO 111 - Theological Foundations or CORE 100

Total (15)

Sophomore Year

First Semester

ENGL 210 - Methods Workshop

- Scientific Perspectives core elective
- Creative Perspectives core elective†
- Theological Perspectives core elective (200+ level)
- Quantitative Reasoning flag

Total (15)

Second Semester

- ENGL 221 - Poetry
- Theory/Criticism major elective

Total (15)

Scheduling Notes:

* These required courses in the Undergraduate Core Curriculum may be fulfilled with approved English courses.

† These electives or flags in the Undergraduate Core Curriculum may be fulfilled with approved English courses.

English, B.A.

Please select one of the following:

- English, B.A.
- English, B.A, with a Writing Concentration

Associate of Arts

English, A.A.

Core Curriculum Requirements:

See Undergraduate Core Curriculum

Concentration Requirements:

15 credit hours, as follows:

6 hours from:

- ENGL 115 - Rhetoric
- ENGL 221 - Poetry

9 hours of upper-level electives:

- ENGL 300-498 (Refer to Course Descriptions), including one course each in British literature and American literature.

Note(s):

- A 2.000 cumulative average must be attained in the English courses.

Requirements for all Associate's Degrees

See Requirements for Degrees, Majors, Minors, and Certificates

Minors

English Minor

18 total credit hours are required, as follows:

6 hours from:

- ENGL 115 - Rhetoric
- ENGL 221 - Poetry

3 hours from a specific major's section of:

- ENGL 205 - Literature & Moral Imagination

9 hours of upper-level electives:

- ENGL 300-498 (Refer to Course Descriptions), including one course each in British literature and American literature.

Note(s):

- A 2.000 cumulative average must be attained in the English courses.

Writing Minor

The Writing Minor is an 18 credit curriculum requiring two introductory courses and four electives drawn from Communication Arts and English Department courses. See the English Department Chair for more information.

18 total credit hours are required, as follows

6 hours from:

- ENGL 101 - English Composition OR
- ENGL 115 - Rhetoric
- COMM 206 - Writing for the Media

12 hours of upper-level electives from:

- COMM 237 - Elements of Copy & Design
- COMM 371 - Public Relations Writing
- COMM 398 - Communication Internship I (with a writing emphasis, as approved by the Communication Arts internship director)
 - ENGL 305 - Professional Writing
- ENGL 307 - Writing Internship
- ENGL 309 - Creative Writing: Poetry
- ENGL 310 - Creative Writing: Fiction
- ENGL 314 - Writing Journals&Autobiography
- ENGL 315 - Composition Tutoring
- ENGL 318 - Creative Nonfiction

Note(s):

- A 2.000 cumulative average must be attained in English/Communication Arts courses.

History

The Department of History offers the Bachelor of Arts and the Associate of Arts degrees in History. Also offered is a minor in History.

Bachelor of Arts

History, B.A.

The History major provides an excellent foundation for careers in business, education, law, and public service. The study of history enables students to find and evaluate a wide variety of information and develops analytic and critical skills. The study of history also encourages students to examine closely the institutions, ideas, and systems that shape our world. Requirements for the history major broaden students' understanding of other cultures and their historical interconnections, and thereby sharpen the skills essential to all historical inquiry. History makes a unique contribution to a liberal education. It requires the attainment of a sympathetic appreciation of events and developments seen, not in isolation, but as part of a complex process. The study of history is compatible with any minor, including business, to prepare students for success in their career and professional choices.

Requirements for the History Major

Core Curriculum Requirements:

48-63 Credit Hours dependent on courses taken, including

History Requirement:

- Included within the major.

Major Requirements:

36 credit hours, as follows

3 hours of Historical Perspectives *

6 hours with completion of one of the following survey course sequences:

- HIST 105 and 106
- HIST 123 and 124
- HIST 133 and 134

- HIST 143 and 144
- HIST 151 and 152
- HIST 161 and 162
- HIST 200 and 201
- HIST 247 and 248

* Students can satisfy Historical Perspectives by taking 9 hours of survey courses.

21 hours of additional electives from HIST 200-399:

- HIST 200-399 (Refer to Course Descriptions.)

6 hours of two seminars from HIST 400-498:

- HIST 400-498 (Refer to Course Descriptions.)

Also included must be two courses each, at any level, in:

- (1) U.S., (2) European, (3) African, Asian, or Latin American history.

Note(s):

- A 2.000 cumulative average must be attained in these history courses.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- Students may satisfy diversity-, writing-, oral-, and quantitative-flag courses in the history department, but are not required to do so.

Associate of Arts

History, A.A.

Core Curriculum Requirements:

See Undergraduate Core Curriculum

Concentration Requirements:

15 credit hours, as follows:

3 hours of history courses from:

- HIST 134 - European History II or
- HIST 144 - U.S. History II continuation of core course.

12 hours of electives chosen from:

- HIST 200-399 (Refer to Course Descriptions.)

Note(s):

- A 2.000 cumulative average must be attained in these courses for the history concentration.

Requirements for all Associate's Degrees

See Requirements for Degrees, Majors, Minors, and Certificates

Minors

Asian Studies Minor

The Asian Studies Minor is designed to build a deep knowledge of and appreciation for the peoples and cultures of Asia. Students will gain intermediate competency in an Asian language and learn about Asia from a variety of perspectives (e.g. historical, cultural, religious) and broaden their global perspective with insight into the diverse world of Asia.

24 total credit hours are required, as follows

Four language courses in the same language

12 credits

- CHIN 101 - Elementary Chinese I
- CHIN 102 - Elementary Chinese II
- CHIN 201 - Intermediate Chinese I
- CHIN 202 - Intermediate Chinese II

or

- JAPN 101 - Elementary Japanese I
- JAPN 102 - Elementary Japanese II
- JAPN 201 - Intermediate Japanese I
- JAPN 202 - Intermediate Japanese II

One from

3 credits

- HIST 161 - Asian History I
- HIST 162 - Asian History II

One other 200, 300, or 400 level HIST course

3 credits

One from

3 credits

- THEO 342 - World Religions
- THEO 343 - Dialogue Among World Religions
 - THEO 363 - Comparative Theology
- THEO 368 - Buddhism
- THEO 374 - Buddhist Christian Exploration

One elective from HIST, THEO or other approved course

3 credits

Notes

The minimum credit hours for the Asian Studies minor is 18.

If a student transfers in credit for a course or courses in an Asian language, the language requirement for the minor will be adjusted based on the student's level of proficiency, which will be determined by the language instructor. Students whose first language is an Asian language and students with intermediate Asian language proficiency (202) transfer credit will take an additional 6 hours of approved coursework for a total of 18 hours in the minor. Students who transfer proficiency through 201 will take the 202 language course and an additional three hours of approved coursework for a total of 18 hours in the minor.

History Minor

18 total credit hours are required, as follows:

3 hours of Historical Perspectives

12 hours of electives from:

- HIST 105 - World Civilizations I
- HIST 106 - World Civilizations II
- HIST 133 - European History I
- HIST 134 - European History II
- HIST 143 - U.S. History I
- HIST 144 - U.S. History II
 - HIST 200-399

3 hours of seminar from:

- HIST 400-498 (Refer to Course Descriptions.)

Note(s):

- Students must include at least one course, at any level, from any two of the following areas:
 - (1) U.S., (2) European, (3) African, Asian, or Latin American history
- A 2.000 cumulative average must be attained in these courses for the minor.

Public History Minor

Public History is the research and presentation of history specifically for popular consumption. Public historians are found in museums, historical sites, archives, non-profits, and digital ventures. While public historians utilize the skills of the historical discipline, they apply them directly to public ends, including education, policymaking, and preservation. A minor in Public History helps students succeed in mastering research, analysis, and presentation skills and better understand how those skills can be translated into satisfying employment and lifelong learning.

20 credit hours, as follows:

- HIST 290 - Introduction to Public History
- DIFT 104 - Video Production Non-Electronic Media or ARTS 215 - Web Design
- HIST 415 - Practicum in Public History
- HIST 416 - Public History & Communities
- HIST 448 - Internship in Public History I
- HIST 449 - Internship in Public History II

- 6 hours of HIST electives selected in consultation with advisor

Honors

The tradition of honors studies at Xavier dates back more than 50 years.

Small class sizes, interdisciplinary coursework, foreign study and a community of fellow students and teachers characterize the programs. Though each has a unique focus and emphasis, honors programs allow students to pursue a traditional liberal arts curriculum embracing the humanities, the natural sciences and the social sciences. Infused throughout is the centuries-old Jesuit emphasis on intellectual values and ethics.

Admission is competitive. Students who are accepted take the same core curriculum expected of all Xavier students, though at an honors level and with additional requirements.

Honors Bachelor of Arts

Philosophy, Politics and the Public, Honors Bachelor of Arts

The Philosophy, Politics & the Public Program brings together many of Xavier's traditional curricular strengths in an innovative and rigorous undergraduate honors program of study focusing on the unifying concept of "the public sphere" in democratic societies. The program is inspired by the Philosophy, Politics & Economics programs commonly found in the British university system, but differs from them by placing greater emphasis upon philosophical conceptions and historical context. The approach taken by this honors program is expressed in the meanings of the several conceptions identified in its very name. In its original meaning, philosophy denotes "the love of wisdom." Aristotle, one of the greatest and most influential philosophers of the western tradition, defined politics as "the master science of the good." "The public" represents a multi-dimensional domain of shared consciousness, ideals and action. Through course work that is both multi-disciplinary as well as centered in a particular disciplinary concentration, students are encouraged to follow their own interests in the theoretical engagement of the public in its many embodiments and meanings. In addition, the theoretical work in the program is complemented by engagement in the active world of politics through working on political campaigns, lobbying of behalf of legislation, internships in local and national government offices and international study.

Philosophy, Politics and the Public Curriculum

Course Requirements

48 Credit Hours

- PHIL 100 - Ethics as Intro to Philosophy (dedicated PPP section)
- PHIL 200 - Philosophical Perspectives (dedicated PPP section)
- PPUB 200 - Power and the Public
- ECON 200 - Microeconomic Principles
- ENGL 115 - Rhetoric
 - Historical Perspectives - Non-western or international focus
- ECON 201 - Macroeconomic Principles
- MATH 156 - General Statistics
- HIST 362 - Global Cultures & Publics
- ECON 307 - Empirical Analysis In Economic
- PPUB 400 - Senior Supervision
 - PPUB 401 Senior Supervision
 - PHIL 336 Liberalism or PHIL 338 Enlightenment and Revolution
 - PHIL 337 Responses to Liberalism or PHIL 339 Revolution and its Aftermath

Either:

- HIST 300 Writing in Public (dedicated PPP section)
- HIST 408 Constructing the Public (dedicated PPP section)
- PPUB 210

And Six (6) Credits from:

- ECON 300-499
- HIST 300-499
- PHIL 300-499
- POLI 200-499
- PPUB 250 - Jurisprudence: Strategy and Practice
- SOCI 200-499

Block Schedule

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- PHIL 100 Ethics as Intro to Philosophy
- ENGL 115 Rhetoric
- Language I
- Historical Perspectives (International or non-Western focus)
- First Year Seminar

Second Semester

- PHIL 200 Philosophical Perspectives
- PPUB 200 Power and the Public (Diversity Flag)
- Language II
- THEO 111 Theological Perspectives
- ECON 200 Microeconomic Principles (Social Science Elective)

Sophomore Year

First Semester

Power and Politics Block

- HIST 408 Constructing the Public (Seminar)
- PPUB 210 Campaigns, Politics, and Media
- MATH 156 - General Statistics (Math Perspectives)
- Lit and the Moral Imagination
- Theological Perspectives

Civil Society and Government Block

- PPUB 246 Civil Society and Government (Oral Flag)
- One additional course from ECON, HIST, PHIL, POLI, PPUB, or SOCI
- MATH 156 - General Statistics (Math Perspectives)
- Lit and the Moral Imagination
- Theological Perspectives

Second Semester

Power and Politics Block

- HIST 300 Writing in Public (Writing Flag)
- PPUB 211 Public Policy Practice or POLI 328 Legislative Practice
- ECON 201 Macroeconomic Principles
- Scientific Perspectives + Lab
- Creative Perspectives

Civil Society and Government Block

- PPUB 211 Public Policy Practice or POLI 328 Legislative Practice (Writing Flag)
- One additional course from ECON, HIST, PHIL, POLI, PPUB, or SOCI
- ECON 201 Macroeconomic Principles
- Scientific Perspectives + Lab
- Creative Perspectives

Junior Year

First Semester

- PHIL 336 Liberalism
- HIST 362 Global Cultures and Publics (Humanities Elective)
- ECON 307 Empirical Analysis in Economics (Quantitative Reasoning Flag)
- 2 Free Electives

Second Semester

- PHIL 337 Responses to Liberalism
- Natural Science Elective
- 2 Free Electives

Summer

Option: Study Abroad Trip

Senior Year

First Semester

- PPUB 400 PPP Senior Supervision
- 4 Free Electives

Second Semester

- PPUB 401 PPP Senior Seminar
- 4 Free Electives

Graduation Requirement

The HAB in Philosophy, Politics and the Public requires a 3.2 GPA to graduate.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Honors Bachelor of Science

Data Science, Honors Bachelor of Science

Xavier's Data Science Honors program is an interdisciplinary effort of the Departments of Business Analytics and Information Systems, Computer Science, and Mathematics. Data scientists are trained to combine their skills in analytics, computer science, mathematics, and statistics to transform sizable and convoluted data into understandable results that can be used to make intelligent decisions. In addition, data scientists are expected to use, distribute, and interpret data in an ethical fashion. This program provides an integrative curriculum with interdisciplinary data science courses, technical skills, and a series of experiences that will challenge students to apply their knowledge in ways that serve the community and address issues in society.

This cohort-based honors program introduces the analytical and real-world needs of data science. It includes a heavy course load in computer science, mathematics, and statistics designed to introduce strong STEM students to the computational and analytical skills needed to build models and tools in data science; incorporates specific experiences using skills from those areas in applied projects that incorporate community-engaged learning; and includes intentional reflection on ethics and privacy in the use of these skills.

Course Requirements

Data Science Courses

68 credit hours

- BAIS 329 - Data Mining
- BAIS 362 - Intro Analytics Programming
- BAIS 365 - Business Analytics
- BAIS 389 - Data Visualization
- CSCI 170 - Computer Science I
- CSCI 180 - Computer Science II
- CSCI 220 - Data Structures & Algorithms
 - CSCI 230 Socially Responsible Data Usage
- CSCI 335 - Databases
- CSCI 350 - Advanced Algorithms & Theory
 - CSCI 355 High Performance Computing
- MATH 170 - Calculus I
- MATH 171 - Calculus II
- MATH 222 - Applied Linear Algebra
- MATH 256 - Intro to Probability & Stats
- MATH 257 - Data Modeling
- MATH 311 - Probability Theory
- MATH 312 - Statistical Inference
 - MATH 350 Advanced Data Analysis
 - DSCI 350 Computational Machine Learning
 - DSCI 390 Senior Capstone I (writing flag)
 - DSCI 391 Senior Capstone II
 - The program embeds experiences for the students throughout the curriculum; the cohort meets each semester in a 0-credit S/U graded course (DSCI 101, DSCI 102, DSCI 201, DSCI 202, DSCI 301, DSCI 302, DSCI 401, DSCI 402).

Required STEM Courses

- Three courses at the major level in a STEM Domain Area of student's choice.

Graduation Requirement

The Honors B.S. degree requires students to achieve an average GPA of 3.0 or better in the courses taken for the major. (Students completing all other graduation requirements will be awarded the B.S. in Data Science degree. The B.S. in Data Science degree is not available any other way.)

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Interdisciplinary Programs

Xavier University offers a number of programs which are interdisciplinary in nature, with curriculums which cross academic departments and colleges.

Sustainability

Xavier offers four interdisciplinary majors specifically focused on the subject of sustainability. These include the Bachelor of Arts in Land, Farming and Community; the Bachelor of Arts in Economics, Sustainability and Society; the Master of Arts in Urban and Regional Sustainability and Resilience, all offered through the College of Arts and Sciences and the BSBA in Sustainability: Economics and Management, B.S.B.A. offered through the Williams College of Business.

Both political and religious leaders recognize the importance of promoting sustainability as part of policy, law, business practice, and daily life if we are to protect our planetary home and the welfare of future generations. Students in the Sustainability programs will be prepared to develop sustainable practices and policies in business, non-profits, and government agencies by integrating the study of business and economic principles with ecological and environmental processes. Land students will focus on the science and art of agriculture including food production and distribution within the context of a Jesuit education. All programs involve experiential educational experiences including field trips, practicums, internships, and capstone projects with organizations in the community. The Master of Arts prepares graduates to tackle issues in urban sustainability by bringing together students and faculty from the fields of business, environmental science, public policy, and urban planning and design.

Bachelor of Arts

Economics, Sustainability and Society, B.A.

The Bachelor of Arts in Economics, Sustainability and Society is focused on sustainable economies, and includes the study of natural resources, ecological and environmental problems, processes, and policies at local, national and global levels. Students will integrate economic analysis (encompassing attention to questions of efficient allocation, just distribution, and sustainable scale) with cultural studies, global economic development, policy studies, and management through a series of required and elective courses related to economic sustainability in society, organizations and the economy.

Requirements for the Economics, Sustainability and Society Major

Core Curriculum

- Consult the Undergraduate Core Curriculum requirements of the Catalog.

Major Requirements

- 42 hours, including:
- ECON 305 - Microeconomic Analysis
- ECON 320 - Natural Resource Economics
- ECON 341 - Econ of Developing Countries
- BAIS 211 - Intro to Business Analytics

Recommended ECOS Electives I, II & III

- BIOL 398 - SEM: Environmental Studies
- ECON 306 - Macroeconomic Analysis
- ECON 307 - Empirical Analysis In Economic
- ECON 395 - Economics of Poverty
- ECON 315 - History of Economic Thought
- ECON 420 - Urban and Regional Economics
- ECON 440 - Public Economics
- ECON 450 - International Economics
- ECON 460 - Labor Economics
- ECON 495 - Markets, Strategy & Rivalry
- MGMT 385 - Project Management
- MGMT 333 - Global Supply Chain Mgmt

TOTAL (14)

Scheduling Notes:

- Consult the Undergraduate Core Curriculum requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- Diversity Curriculum Elective requirement may be used to satisfy other elements of the core or major.
- A minimum of 120 credit hours is required for the degree.

International Studies, B.A.

International Studies is an interdisciplinary program that is inspired by Xavier's Jesuit tradition to prepare men and women for others as informed, ethically aware citizens who can thrive in today's global society. By majoring in international studies, you will:

- Learn to assess international developments, trends, dilemmas and policy issues.

Develop critical thinking skills and tools necessary for successful engagement with an increasingly interconnected world.

- Engage in interdisciplinary study in language, history, political science and economics to shape an informed and comprehensive world view.

Majors choose one of the following concentrations:

1. Global Environment and Sustainability
2. Global culture and Societies
3. International Politics, Development and Economy
4. Population and Migration

International studies majors take a variety of courses from many disciplines, including:

- Language courses that emphasize culture, history and literature
- Political science courses in comparative politics and international relations
- History courses that provide in-depth analysis of an area of the world
- Microeconomics and macroeconomics

Study abroad or an internship in an international business or non-governmental organization is a required component in the program. Students are encouraged to study abroad through one of Xavier's many programs. They may also participate in Xavier's academic service learning semesters.

Requirements for the International Studies Major

Requirements in the Core Curriculum:

Undergraduate Core Curriculum , including:

Economics:

- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles

Language:

- Intermediate proficiency plus 6 hours of 300 level courses

Mathematics:

- MATH 116 - Elementary Statistics or
- MATH 156 - General Statistics

Required courses for all concentrations: (13 credits)

- INST 100: Introduction to International Studies (to be taken by the end of the sophomore year)
- INST 201 (to be taken the Spring of their sophomore year)
- Study Abroad: You may study in the country of your choice. A minimum of three credit hours must be taken

Choose one of:

- POLI 120 - Comparative Govt and Politics
- POLI 277 - International Relations

Choose one of:

- ECON 300 - Int'l Trade & Bus Environment
- POLI 372 - International Political Econom

Electives (18 credits)

As electives, students need to take 4 elective courses in a thematic concentration. These courses need to be in at least two different disciplines. In addition, students need to take two courses about a specific regional area, with at least one of them historical in scope (and preferable in modern/contemporary history of the region).

Global Environment and Sustainability:

Note: It is highly recommended to take BIO 120/136 as Natural Science elective or Scientific Perspectives.

- BIO 250/251 - Ecology
- HIST 199 - Global Environmental History
- ECON 341 - Economy of Developing Countries
- ECON 320 - Natural Resource, Ecological and Environmental Economics
- HIST 398 - History of Agriculture (US, Europe and Africa)
- HIST 362 - Global Culture & Publics
- POLI 372 - International Political Economy (cannot double count)
- SOCI 240 - Population and Globalization
- SUST 301 - Cultural Studies & Sustainability
- SUST 401 - Sustainable Development
- SPAN 359 - Community Engagement in Peru (tied to XU study abroad program in Peru)
- ENGL 319 - Writing as Social Action
- Selected ENGL 205/GERM 205/FRENCH 205/ SPAN 205/ PHIL 200 by permission (cannot double count for Core)

Global Culture and Societies:

- HIST 199 - History of Modern Civil Resistance (focuses on US, Gandhi, South Africa, Polish Solidarity)
- HIST 231 - Transatlantic Slave trade
- HIST 362 - Global Culture & Publics
- HIST 481 - US-Mexico Borderland
- SOCI 180 - Culture & Society
- SOCI 240 - Population and Globalization
- POLI 320 - Global Islamic Politics

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- A 2.000 cumulative average must be attained in these required and concentration courses.
- Concentration courses need to be in at least two different disciplines. In addition, students need to take two courses about a specific regional area, with at least one of them historical in scope

Organizational Leadership, B.A.

The Organizational Leadership major is an interdisciplinary program offered by the College of Arts and Sciences through APEX, Adult and Professional Education at Xavier. This transfer friendly major is **only available to APEX/ADC students** and is designed for adult students who want to prepare for leadership positions in organizational settings. Courses are offered in the Accelerated Degree Completion (ADC) format, with classes primarily in accelerated eight week terms during evenings, weekends or online and also in the regular 16 week semester format.

Students acquire broad foundational knowledge, deepened within a specific disciplinary minor and applied in a community based project. Along with the university core

curriculum, the 36 credit hour major requirements includes 18 credit hours in leadership development courses, a disciplinary minor and a project based capstone course.

Requirements

Core Curriculum

See Undergraduate Core Curriculum

Major Requirements

Leadership Fundamentals

15 credit hours

- MGMT 200 - Organizational Management
- MGMT 309 - Change Management or
- MGMT 312 - Negotiation & Conflict Mgmt
- MGMT 314 - Leadership
- COMM 260 - Organizational Communication
- PSYC 261 - Social Psychology

Organizational Leadership Electives

3 credit hours (Choose one)

- COMM 209 - Group Dynamics
- COMM 264 - Persuasion
- COMM 327 - Interpersonal Conflict Mgmt
- COMM 360 - Adv Organizational Comm
- PSYC 321 - Industrial-Organizational Psyc
 - CSCI 230

Community Based Capstone

3 credit hours

- ORGL495 - Organizational Leadership Capstone

Required Minor

18-24 credit hours

- Business Minor
- Communication Studies Minor
- Cybersecurity Systems Minor
- Information Systems Minor
- Psychology Minor

Note: If courses in a student's minor are duplicative of fundamentals courses, students must take a minimum of 30 credits in the combined major and minor.

Notes:

- 2.0 cumulative GPA must be attained in major, minor and overall to be in good academic standing
- Must have 18 credit hours in the major. Some major courses could also count toward a minor requirement, so additional ORGL electives may be needed to complete 18 hours for the major.
- All transfer policies apply, including at least half of the major and minor requirements must be taken at Xavier.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Philosophy, Politics and the Public, B.A.

Philosophy, Politics and the Public Curriculum

Course Requirements

48 Credit Hours

- PHIL 100 - Ethics as Intro to Philosophy (dedicated PPP section)
- PHIL 200 - Philosophical Perspectives (dedicated PPP section)
- PPUB 200 - Power and the Public
- ECON 200 - Microeconomic Principles
- ENGL 115 - Rhetoric
 - Historical Perspectives - Non-western or international focus
- ECON 201 - Macroeconomic Principles
- MATH 156 - General Statistics
- HIST 362 - Global Cultures & Publics
- ECON 307 - Empirical Analysis In Economic
- PPUB 400 - Senior Supervision
 - PPUB 401 Senior Supervision
 - PHIL 336 Liberalism or PHIL 338 Enlightenment and Revolution
 - PHIL 337 Responses to Liberalism or PHIL 339 Revolution and its Aftermath

Either:

- HIST 300 Writing in Public (dedicated PPP section)
- HIST 408 Constructing the Public (dedicated PPP section)
- PPUB 210

And Six (6) Credits from:

- ECON 300-499
- HIST 300-499
- PHIL 300-499
- POLI 200-499
- PPUB 250 - Jurisprudence: Strategy and Practice
- SOCI 200-499

Block Schedule

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Bachelor of Liberal Arts

Liberal Arts, B.L.A.

The Bachelor of Liberal Arts is designed for adult transfer students who are interested in taking courses in a broad range of disciplines. The general electives and upper division studies requirements allow for efficient transferability of credits and give students the opportunity to design degrees to meet their needs. This degree is offered by the College of Arts and Sciences through APEX, Adult and Professional Education at Xavier. It is available to traditional undergraduates who have completed a minimum of 60

semester hours with approval of their Dean, the Dean of the College of Arts and Sciences and to all students who have graduated from high school not less than four years prior to the date of acceptance into the program.

The Liberal Arts degree is available through full or part-time study, days and/or evenings, or through the Accelerated Degree Completion Program

Requirements for the Bachelor of Liberal Arts

Core Curriculum Requirements:

Consult Undergraduate Core Curriculum for details.

Upper Division Studies Requirement: 35 Credit Hours

- Students may add a minor or a concentration to their liberal arts degree. See below for information on available concentrations in organizational leadership, and professional communication.
- 38 hours of upper division work with no more than 21 hours from one subject area.
- It is recommended that these 38 hours be distributed across two academic areas.
- Less than 30 hours in business courses and no more than 12 hours in any one business subject area may be applied to the degree.

Optional Concentrations for Upper Division Studies:

Organizational Leadership Concentration: 18 Credit Hours

This concentration will enhance and develop your communication, management, and leadership skills.

Required Courses: 9 Credit Hours

- MGMT 200 - Organizational Management
- MGMT 309 - Change Management
- MGMT 314 - Leadership

Electives: 9 Credit Hours (Select from the following list)

- COMM 207 - Interpersonal Communication
- COMM 209 - Group Dynamics
- MGMT 201 - Business & Professional Comm
- MGMT 325 - International Management
- MGMT 385 - Project Management

- SHRM 200 - Human Resources In a Diverse S

Professional Communication Concentration: 21 Credit Hours

This concentration is designed for people interested in working in dynamic, people-oriented environments. This concentration exposes you to the entire communication network; written, oral, and electronic mediums.

Required Courses: 15 Credit Hours

- COMM 101 - Oral Communication
- COMM 207 - Interpersonal Communication
- COMM 209 - Group Dynamics
- COMM 260 - Organizational Communication
- COMM 301 - Presentational Speaking

Electives: 6 Credit Hours (Select from the following list)

- BAIS 120 - Introduction to Business Tech
- BAIS 220 - Mgmt of Info Tech
- COMM 477 - Strat Comm Ethics Society
- MGMT 200 - Organizational Management
- MGMT 201 - Business & Professional Comm

Free Electives: 10 Credit Hours

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Associate of Arts

Liberal Arts, A.A.

This 60 hour program is designed for adult students who are interested in taking courses in several disciplines. The upper division studies requirement allows students to design their degrees through flexibility in course selection. This degree is offered by the College of Arts and Sciences and is available to students who have graduated from high school not less than four years prior to the date of acceptance into the program.

Requirements for the Associate of Arts in Liberal Arts:

Core Curriculum Requirements:

- See Undergraduate Core Curriculum

Upper Division Studies Requirement:

- 20 hours of upper division coursework

Note(s):

- A minimum of 60 credit hours is required for the degree.

Requirements for all Associate's Degrees

See Requirements for Degrees, Majors, Minors, and Certificates

Master of Arts

Urban and Regional Sustainability and Resilience, M.A.

This program is not admitting students at this time.

The Masters of Urban and Regional Sustainability and Resilience program is a multi-disciplinary graduate program that incorporates coursework, field work, and immersive-learning experiences to prepare students for careers in the growing field of sustainability and resilience. Full-time students can complete the program in 18-months, while part-time students can earn their degree in as little as 24 months.

Sustainability students come from varied backgrounds in business, policy and planning, humanities and social-impact sciences. Urban and Regional Sustainability and Resilience students develop deeper understandings of urban and regional systems and best practices as they gain the theoretical frameworks and hard skills needed to be effective leaders for positive and sustainable changes in the public and private sector.

Admission Criteria

To be considered for admission as a degree-seeking graduate student, students must first submit the following to the Office of the Graduate School:

- Completed application at www.xavier.edu/grad.
- Official transcript of all undergraduate and graduate work.
- Current and updated resumé/CV.
- A 500-word minimum statement of purpose.
- Two letters of reference from individuals commenting on the applicant's academic/professional potential.
- TOEFL (Test of English as a Foreign Language) or IELTS (International English Language Testing System) test scores for all sections are required of applicants whose native language is not English or whose four-year undergraduate degree program was not in English.

Applicants are encouraged to meet with the program director prior to completing the application process. Please contact the Office of the Graduate School to learn more and apply (513-745-3360).

Curriculum (36 Hours)

Year One

Summer Semester

- PAEA 501: Public and Environmental Affairs I

Fall Semester

- PAEA 600: Philosophy and Public Affairs
- PAEA 620: Economics and Public Policy
- URST 650+

Spring Semester

- PAEA 602: Organizational Communications
- PAEA 622: Quantitative Methods
- URST 650+

Year Two

Summer Semester

- PAEA 502: Public and Environmental Affairs II
- PAEA 630: Field Experience or PAEA 648: Thesis I

Fall Semester

- PAEA 640: Public Policy Capstone or PAEA 649: Thesis II
- PAEA 624: Political Geography and GIS
- URST 650+

Minors

Africana Studies Minor

The Africana Studies minor serves as an introduction to the historical, political, cultural and social traditions of the African continent and the African Diaspora within disciplinary and interdisciplinary contexts. Elective courses which satisfy the intellectual requirements of the minor trace the customs, mores and histories of African nations or countries with significant African Diaspora populations, perform comparative analysis between African or African Diaspora populations, or focus on individual spheres - cultural, economic, political, social, etc. - within specific African/African Diaspora populations.

Requirements:

Students completing the 18 credit hour minor must fulfill the following minimal requirements:

Required Introductory Course

- GDST 210 - Introduction to African American Studies/Africana Studies

One introductory course on the African continent:

- HIST 123 - African History I or
- HIST 153 - Africa's Past Our Future

One intermediate or advanced courses on the African continent:

- ENGL 352 - African Literature
 - HIST 411 - African Leadership History
- THEO 309 - West African Religions
 - or other qualifying courses

One intermediate or advanced course on the African Diaspora:

- HIST 231 - Transatlantic Slave Trade
- THEO 322 - Black Theology
- SPAN 445 - 20th Century Spanish-Amer Lit
 - FREN 415 - Visions of Empire 1800-Present
 - GDST 350 Medical Racism
 - HIST 277 History of the Caribbean
 - or other qualifying courses

One additional course at any level focused on the African continent or the African Diaspora:

- COMM 323 - Race, Class, Gender & Media
- HIST 124 - African History II
- HIST 125 - Latin America Cortes to Castro
 - HIST 131 - Reconstruction to 1940s
- DANC 155 - Dance & Movement Beginner Jazz
 - GDST 120 - Black Visual and Material Culture
 - GDST 206 - Introduction to Gender and Diversity Studies
 - MUSC 105 - Hip Hop: Music and Culture
- MUSC 114 - Jazz: American Creative Music
- SOCI 180 - Culture & Society
- SOCI 240 - Population & Globalization
- SOCI 250 - Racial Ethnic Minorities

- SOCW 318 - Trends in Modern Soc: Race Rel
- OR other qualifying courses

One African Studies Community Engagement Capstone course

Catholicism and Culture Minor

In the late second and early third centuries Christian theologians debated the relationship of religious belief and contemporary culture. Many Christians sided with Origen who believed that Christians could use contemporary culture both to understand and defend their belief. Since then Christianity in its Roman Catholic and Eastern Orthodox branches has had a symbiotic relationship with the cultures in which they exist. Changes in culture have resulted in changes in church organization and development of Christian dogma. Developments in dogma and church organization have affected the development of culture. The result of these interactions is that the various manifestations of Catholicism as they appear in different places, times, and cultures are shaped by those very intersections.

The subject of the minor is, therefore, Catholicism and its various cultural embodiments across time and across the entire world. Students in this minor will examine the intersection of theological ideas and human culture.

18 credit hours

Introductory Course

- HIST 398 - History of Agriculture

Elective Courses

12 credit hours

Capstone Course

3 credit hours

Human Centered Making Minor

The minor in Human-Centered Making consists of five courses in Human-Centered Making. It is designed to give students an introduction to design thinking, digital fabrication, and user experience in a series of project-based courses.

Required Courses (12 hours)

- MAKE 101 - Introduction to Making
- MAKE 102 - Making the User Experience
- MAKE 201 - Objects of Digital Fabrication
- MAKE 202 - Modeling Digital Objects

1 Additional, Approved Course (3 hours)

- ARTS 101 - Two-Dimensional Design
- ARTS 105 - Three-Dimensional Design
- CSCI 180 - Computer Science II
- CSCI 220 - Data Structures & Algorithms
- CSCI 260 - Software Engineering
 - INNV 103
- MGMT 385 - Project Management

Innovation Minor

The minor in Innovation teaches students from any major to create, communicate, and commercialize or otherwise realize meaningfully unique ideas in any field. The minor in Innovation gives students the tools and confidence to create their own opportunities, and to realize a prosperous and sustaining future within or outside organizations, businesses, or institutions. Students completing this minor will be able to lead change within their education, their careers, their affiliations, their communities and their personal lives.

Students will choose from one of two tracks. These tracks allow two ways to earn the minor in a field of study in which multiple disciplines intersect. The MAKE track provides students the opportunity to complete independent Innovation projects in collaboration with external partners. The Business track allows students to focus more on innovation within an entrepreneurial context. Innovation minors in the second track seeking to start their own businesses will also be advised to take an additional three courses to complete the Entrepreneurship and Innovation minor

The Minor in Innovation consists of 18 credit hours, including:

MAKE Track (18 hours):

- MAKE 101 - Introduction to Making
- INNV 103 - Design Thinking
- MGMT 300 - Managerial Behavior
- MGMT 385 - Project Management or MAKE 301 - Human-Centered Project Development
- INNV 400 - Internship
- INNV 403 - Project Development
- INNV 404 - Capstone Project

Business Track (18 hours):

- MAKE 101 - Introduction to Making
- INNV 103 - Design Thinking
- MGMT 300 - Managerial Behavior
- ENTR 305 - Creativity and Innovation
- ACCT 200 - Introductory Financial Accounting
- ENTR 311 - New Venture Planning

Addition of Entrepreneurship minor

Innovation minors in the **Business** track may take 3 additional courses to complete an Entrepreneurship and Innovation minor .

- MKTG 300 - Principles of Marketing
- MGMT 495 - Strategic Management
- BLAW 300 - Legal Environment **or** SHRM 200 - Human Resources in a Diverse Society **or** ECON 200 - Microeconomic Principles

International Studies Minor

15 credit hours are required, as follows:

9 hours from:

- POLI 120 - Comparative Govt and Politics
- POLI 277 - International Relations
- POLI 390 - Sem: International Relations

3 hours from either

- ECON 300 - Int'l Trade & Bus Environment
- POLI 372 - International Political Econom

3 hours from 1 elective course of:

- HIST 401 (3)
- HIST 417 (3)
- HIST 428 - SEM: Latin Amer Revolutions
- POLI 374 - U.S. Foreign Policy

Note(s):

- A 2.000 cumulative average must be attained in these courses.

Mathematics

The Department of Mathematics offers three degrees, the Bachelor of Science in Mathematics, the Bachelor of Science in Mathematics with Concentration in Economics, and the Bachelor of Science in Actuarial Science, as well as minors in Mathematics, Applied Mathematics, and Statistics.

Bachelor of Science

Actuarial Science, B.S.

Actuarial science applies quantitative methods to assess and manage risk. It is especially important in the insurance and finance industries, where understanding risk is essential to providing services that offer financial security and peace of mind, regardless of the uncertainties in daily life.

The B.S. in Actuarial Science is an interdisciplinary major consisting of coursework in mathematics, statistics, and business. Within the framework of a liberal arts tradition, the program emphasizes the development of critical thinking and problem solving skills by advancing the student's mathematical ability and statistical expertise. This serves as the basis upon which problems in various business contexts (such as insurance, finance, and investments) can be rigorously examined.

Actuarial Science majors are prepared to sit for the first two actuarial exams in Probability (P/1) and Financial Mathematics (FM/2). They also take courses that are approved for Validation by Educational Experience (VEE) credit. Although majors who successfully complete the program are ready to enter the actuarial profession, other careers that require strong quantitative skills and/or significant exposure to an undergraduate business curriculum are possible upon graduation.

Requirements

Core Curriculum

48-63 Credit Hours dependent on courses taken, including mathematics and social science requirements included in major.

Major in Actuarial Science

Students majoring in Actuarial Science must complete core curriculum requirements plus an additional 57 hours of coursework specific to the major.

Required Courses (57 hours)

Mathematics (39 hours)

- MATH 170 - Calculus I
- MATH 171 - Calculus II
- MATH 220 - Multivariable Calculus
- MATH 225 - Foundations Of Higher Math
- MATH 230 - Intro to Ordinary Diff Equat
- MATH 240 - Linear Algebra
- MATH 256 - Intro to Probability & Stats
- MATH 311 - Probability Theory
- MATH 312 - Statistical Inference

- MATH 257 - Data Modeling or
- MACS 101 - Intro To Actuarial Science
- MACS 201 - Actuarial Mathematics
- CSCI 170 - Computer Science I

Business (18 hours)

- FINC 300 - Business Finance
- FINC 365 - Investments
- FINC 465 - Options & Futures Markets
- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles
- ACCT 200 - Introductory Financial Acct

Prior to the final semester in the program, a student must successfully pass at least one actuarial exam, or complete an appropriate project under the supervision of a faculty mentor, including an oral presentation in a public colloquium.

Notes:

- A 2.000 cumulative average must be attained in the student's mathematics and business courses.
- Students are prepared to take the first actuarial exam (Exam P/1), upon completion of MATH 311.
- Students are prepared to take the second actuarial exam (Exam FM/2), upon completion of the finance sequence: FINC 300, FINC 365, and FINC 465.
- Prior to the final semester in the program, a student must successfully pass at least one actuarial exam, or complete an appropriate project under the supervision of a faculty mentor, including an oral presentation in a public colloquium.
- Any student wishing to major in actuarial science should consult the chair of the department before registration.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S. Actuarial Science

These block schedules serves as a guideline for progress toward a degree. See your academic advisor. They assume the current bi-yearly frequency of certain required courses. Students will be prepared to take an actuarial exam no later than the summer following their third year.

- MATH 230 - Intro to Ordinary Diff Equat
- DCR Elective
- Theological Perspectives
- Elective
- Elective

Total (15)

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- Mathematical Perspectives, Quantitative Reasoning, and Social Science Elective requirements satisfied within the major.

Mathematics, B.S.

The Department of Mathematics offers a program intended to develop a student's capacity to undertake intellectually demanding mathematical tasks by emphasizing general

mathematical reasoning through mastery of varied subject matter. Upon successful completion of the program, the student should be well prepared for graduate studies in mathematics and related disciplines, for teaching at the secondary level and for immediate employment by industry in a position which makes use of the talents and abilities of one trained in the mathematical sciences.

Mathematicians continue to be in demand to fill both traditional and developing roles in society. Opportunities abound for researchers in all areas of mathematics. Engineering, computer science, and the physical sciences require individuals with mathematical training. The applications of statistics are increasingly widespread. Those in the economics as well as other social and health sciences, in the business community, and in the field of law are aware of the value of mathematics, not only as a tool for problem solving, but also for developing critical and analytical skills.

Requirements for the Mathematics Major

Core Curriculum Requirements:

48-63 Credit Hours dependent on courses taken, including:

Sciences:

To fulfill the Scientific Perspectives and Natural Sciences Elective requirements, select one of the following three combinations of lecture and lab courses:

- BIOL 160 - General Biology I with
- BIOL 161 - General Biology I Lab

and

- BIOL 162 - General Biology II with
- BIOL 163 - General Biology II Lab

or

- CHEM 160 - General Chemistry I with
- CHEM 161 - General Chemistry I Lab

and

- CHEM 162 - General Chemistry II with
- CHEM 163 - General Chemistry II Lab

or

- PHYS 170 - University Physics I with
- PHYS 161 - Introductory Physics Lab I

and

- PHYS 172 - University Physics II with
- PHYS 163 - Introductory Physics Lab II

Mathematics:

- Requirement included within the major.

Major Requirements:

45 credit hours, as follows

24 hours from:

- MATH 170 - Calculus I
- MATH 171 - Calculus II
- MATH 220 - Multivariable Calculus
- MATH 225 - Foundations Of Higher Math
- MATH 240 - Linear Algebra
- MATH 340 - Abstract Algebra I
- MATH 370 - Real Analysis

3 hours of seminar from:

- MATH 391 - Mathematics Seminar I
- MATH 392 - Mathematics Seminar 2
- MATH 393 - Mathematics Seminar 3

3 hours of computer sciences from:

- CSCI 170 - Computer Science I

9 hours of core electives from:

- MATH 230 - Intro to Ordinary Diff Equat
- MATH 256 - Intro to Probability & Stats
- MATH 280 - Combinatorics
- MATH 301 - Geometry
- MATH 302 - Number Theory
- MATH 311 - Probability Theory
- MATH 325 - Mathematical Modeling
- MATH 330 - Graph Theory
- MATH 341 - Abstract Algebra II
- MATH 360 - Elementary Topology
 - MATH 371 - Real Analysis II
- MATH 380 - Intro to Complex Variables

6 hours of additional electives from:

- MATH 230-397, CSCI 250 (Refer to Course Descriptions.)

Note(s):

- A 2.000 cumulative average must be attained in these mathematics and computer science courses.
- Students are required to complete the MFT (Major Field Test) in Mathematics.
- Senior project requires a substantial paper on research under the guidance of a member of the principal faculty and an oral presentation to the department.
- The mathematics electives should be chosen under the guidance of the student's advisor. Any student wishing to major in mathematics should consult the chair of the department before registration.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S. Mathematics

This block schedule serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- MATH 170 - Calculus I
- CSCI 170 - Computer Science I
- Second Language I
- ENGL 101 - English Composition or ENGL 115 - Rhetoric
- CORE 100 - First Year Seminar
- CORE 101 - First Year Co-Curricular Program I (GOA)

Total (16)

Second Semester

- MATH 171 - Calculus II
- MATH 225 - Foundations Of Higher Math
- Second Language II
- PHIL 100 - Ethics as Intro to Philosophy
- THEO 111 - Theological Foundations
- CORE 102 - First Year Co-Curricular Program II (GOA)

Total (16)

Sophomore Year

First Semester

- MATH 220 - Calculus III
- Historical Perspectives
- Literature & Moral Imagination
- PHIL 200 - Philosophical Perspectives
- Writing Flag

Total (14)

Senior Year

First Semester

- MATH Elective
- MATH 392 - Mathematics Seminar 2
- Social Science Elective
- E/RS Elective
- Elective
- Elective

Total (16)

Second Semester

- MATH 393 - Mathematics Seminar 3
- Humanities Elective
- DCR Elective
- MATH Elective
- Elective

Total (14)

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.

Mathematics, B.S.

Please select one of the following:

- Mathematics, B.S.
- Mathematics, B.S. with a Concentration in Economics

Mathematics, B.S. with a Concentration in Economics

This interdisciplinary program provides students with the benefits of a degree in Mathematics enhanced by a strong Economics background. Combined skills in Mathematics and Economics are increasingly valuable in industry and government. This program expands opportunities for post-graduation employment as well as prepares students for graduate study in Economics and related fields.

Requirements for the Mathematics major with concentration in Economics

Core Curriculum Requirements:

Mathematics Major Requirements:

30 credit hours

- CSCI 170 - Computer Science I
- MATH 170 - Calculus I
- MATH 171 - Calculus II
- MATH 220 - Multivariable Calculus
- MATH 225 - Foundations Of Higher Math
- MATH 240 - Linear Algebra
- MATH 340 - Abstract Algebra I
- MATH 370 - Real Analysis
- MATH 391 - Mathematics Seminar I
- MATH 392 - Mathematics Seminar 2
- MATH 393 - Mathematics Seminar 3

Mathematics Elective Requirements

***The MATH Elective courses should be chosen under the guidance of the student's advisor

9 credit hours selected from the following:

- MATH 230 - Intro to Ordinary Diff Equat
- MATH 256 - Intro to Probability & Stats
- MATH 280 - Combinatorics
- MATH 301 - Geometry
- MATH 302 - Number Theory
- MATH 311 - Probability Theory
- MATH 325 - Mathematical Modeling
- MATH 330 - Graph Theory
- MATH 341 - Abstract Algebra II
- MATH 360 - Elementary Topology
 - MATH 371 - Real Analysis II
- MATH 380 - Intro to Complex Variables

Economics Concentration Requirements:

24 credit hours, as follows:

- BAIS 210 - Quantitative Methods
- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles
- ECON 305 - Microeconomic Analysis
- ECON 306 - Macroeconomic Analysis
- ECON 307 - Empirical Analysis In Economic

- ECON 350 - Business Cycles & Forecasting OR
- ECON 495 - Markets, Strategy & Rivalry
 - ECON additional elective (MUST be numbered above ECON 307) (3 credit hours)

NOTES:

- A 2.000 cumulative average must be attained in the student's mathematics, economics, and computer science courses.
- Students are required to complete the MFT (Major Field Test) in Mathematics.
- At the completion of MATH 393, students complete a Senior Project presented in a public colloquium. This project should demonstrate evidence of the student's Economic concentration.
- Any student wishing to major in Mathematics with Concentration in Economics should consult the chair of the Department of Mathematics before registration.

Minors

Applied Mathematics Minor

The minor in Applied Mathematics provides students with a solid foundation for using and understanding the tools of mathematics that are particularly applicable to other disciplines. Mathematical and quantitative competence are increasingly valued in an ever-increasing number of fields, including the physical sciences, business and finance, medicine, any many of the social sciences. The minor in Applied Mathematics broadens the analytical and problem-solving skills of students in virtually any field of study, and it increases their attractiveness to potential employers.

Applied Mathematics Minor

20 credit hours

11 credit hours

- CSCI 170 - Computer Science I
- MATH 170 - Calculus I
- MATH 171 - Calculus II

9 hours of electives from the following:

- MATH 220 Multivariable Calculus
- MATH 225-399 (Refer to Course Descriptions)

Note(s):

- A 2.000 cumulative average must be attained in these mathematics courses.
- The Mathematics minor is open to all undergraduates except students majoring in Mathematics or Actuarial Science.
- Students can receive no more than one of these three minors: Mathematics, Applied Mathematics, Statistics.

Mathematics Minor

20 total credit hours are required, as follows:

11 hours of mathematics courses:

- MATH 170 - Calculus I
- MATH 171 - Calculus II
- MATH 225 - Foundations Of Higher Math

9 additional hours of mathematics electives selected from:

- MATH 220 Multivariable Calculus
- MATH 225-399 (Refer to Course Descriptions.)

Note(s):

- A 2.000 cumulative average must be attained in these mathematics courses.
- The Mathematics minor is open to all undergraduates except students majoring in Mathematics or Actuarial Science.
- Students can receive no more than one of these three minors: Mathematics, Applied Mathematics, Statistics.

Statistics Minor

The Department of Mathematics offers the minor in Statistics.

This minor is intended to enhance student's understanding of data, uncertainty, and estimation. Students completing the minor will acquire a mastery of fundamental theory in probability and statistics, as well as a working knowledge of advanced data analysis methodology that have found applications in a broad range of areas (e.g., biology, medicine, computer science, economics, finance, psychology, marketing, manufacturing, and engineering).

20 total credit hours are required, as follows:

17 hours of mathematics courses:

- MATH 170 - Calculus I
- MATH 171 - Calculus II
- MATH 256 - Intro to Probability & Stats

- MATH 311 - Probability Theory
- MATH 312 - Statistical Inference

3 additional hours selected from one of the following:

- MATH 257 - Data Modeling
 - MACS 201 - Actuarial Mathematics
- ECON 350 - Business Cycles & Forecasting
- BAIS 329 - Data Mining
 - A course approved by the department and selected under the guidance of a faculty advisor.

Note(s):

- A 2.000 cumulative average must be attained in these courses for the minor.
- The Statistics minor is available to all undergraduates. For statistic minors also majoring in Mathematics, at most two of the Statistics minor courses numbered 220 or higher may count towards the requirements of the Mathematics major.
- Students can receive no more than one of these three minors: Mathematics, Statistics, Applied Mathematics,

Music and Theatre

The Department of Music and Theatre offers a Bachelor of Arts degree in Music, Musical Theatre and Theatre, the Bachelor of Music degree in Music Education (the latter in conjunction with the Department of Education), the Bachelor of Science in Theatre Education and minors in Music Performance, Music Studies, Musical Theatre and Theatre.

The department also offers a broad, general exposure to the fields of music and theatre through a variety of courses for students as they pursue a liberal arts education. In addition, opportunity for instruction in an applied instrument/voice is available, as is the opportunity for participation in vocal and instrumental ensembles.

Xavier University is an accredited member of the National Association of Schools of Music (NASM).

Bachelor of Arts

Music, B.A.

Please choose one of the following options:

- Music, B.A. with Music Performance concentration
- Music, B.A. with Music Production concentration

Music, B.A. with Music Performance concentration

Requirements for the Music Major - Music Performance concentration

Core Curriculum Requirements:

42 credit hours in addition to the requirements for the major (see Undergraduate Core Curriculum in the Catalog).

Major Requirements:

36 credit hours, as follows

24 hours from:

- MUSC 102, 105, 113, 114, or 117
- MUSC 198 - Studio Class (6 semesters)
- MUSC 199 - Recital Attendance (6 semesters)
- MUSC 200 - Music Theory I
- MUSC 201 - Aural Skills I
- MUSC 202 - Music Theory II
- MUSC 203 - Aural Skills II
 - MUSC 208 - Keyboard Skills I
 - MUSC 209 - Keyboard Skills II
- MUSC 210 - Music History I
- MUSC 211 - Music History II
- MUSC 300 - Music Theory III
- MUSC 301 - Aural Skills III
- MUSC 303 - Aural Skills IV

6 hours of Private Lessons from:

- MUSC 276-299 (Refer to Course Descriptions)

6 hours of participation in a large ensemble:

- MUSC 260 - Concert Choir
- MUSC 265 - Symphonic Wind Ensemble
- MUSC 270 - Chamber Orchestra

Additional Requirements:

- Pass applied music examination at the end of each semester of private lessons.

Note(s):

- A 2.000 cumulative average must be attained in these music courses.
- For the Student Handbook see <https://www.xavier.edu/music-department/documents/student-handbook.pdf>

Musical Theatre, B.A.

Xavier University's theatre department combines practical experiences and professional collaborations with a rigorous curriculum. The Bachelor of Arts Degree in Musical Theatre offers students the opportunity to develop the skills necessary to be a successful musical theatre artist. The program prepares students for professional experience outside of Xavier by fostering a practical, cross-cultural and student-oriented curriculum

Requirements

Core Curriculum

See Undergraduate Core Curriculum

Major Requirements

56 credit hours

Theatre Courses

46 credit hours

- THTR 100: Introduction to Theatre
- THTR 120: Acting I
- THTR 150: Stagecraft
- THTR 195: Voice and Movement Ensemble
- THTR 196: Musical Theatre Studio
- THTR 197: Voice for Theatre Majors
- THTR198: Theatre Tech. Workshop
- THTR199: Theatre Perf. Workshop
- THTR 205: Theatre History I
- THTR 206: Theatre History II
- THTR 208: Vocal Health and Wellness for Actors
- THTR 209: Hearing for the Musical Theatre Actor
- THTR 211: Script Analysis
- THTR 219: American Musical Theatre
- THTR 221: Auditions
- THTR 232: Advanced Musical Theatre
- THTR 320: Acting II
- THTR 460: Senior Musical Theatre Thesis

Dance/Movement Courses

10 credit hours

- Jazz
- Tap
- Ballet
- Elective
- THTR 250: Alexander Technique

General Electives

10 credit hours

Additional Requirements

- Participation and Attendance in Studio Class each semester
- Pass a comprehensive musical theatre exam during the spring semester of senior year.

- At least one participation in a regional audition/interview event (SETC, UPTA, etc.). Event must be approved by faculty.
- Production attendance for all shows in which not cast or holding a technical position.
- Attendance at 20 professional productions outside of Xavier, with at least eight being musical productions.
- Audition for all departmental productions, specifically musicals.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Musical Theatre, B.A.

This block serves as a guideline for progress toward a degree. See your academic advisor.

- GENERAL ELECTIVE

Notes

- A 3.000 cumulative average must be attained in the theatre major.
- Students are required to have regular advising meetings with their theatre department advisor.

Theatre, B.A.

Xavier University's Theatre program combines practical experiences and professional collaborations with a rigorous and diverse curriculum. In addition to a strong foundation of theatre courses, the Bachelor of Arts Degree in Theatre offers students the opportunity to focus in either the area of performance or design and technology. The program prepares students for professional experience outside of Xavier by fostering a practical, cross-cultural and student-oriented curriculum.

Requirements for the Theatre Major

Core Curriculum Requirements:

See the Undergraduate Core Curriculum.

Major Requirements

- 48 credit hours, as follows:

Theatre Foundation Courses, 33 credits from:

- THTR 100 - Introduction to the Theatre
- THTR 110 - Survey of Dramatic Lit
- THTR 120 - Acting I
- THTR 150 - Stagecraft I
- THTR 198 - Theatre Technology Workshop *
- THTR 199 - Theatre Performance Workshop *
 - THTR 201- Theatre History I

- THTR 202 - Theatre History II
- THTR 310 - Directing

* Students must take at least one each of 198 and 199

- THTR 210 - Acting I
- THTR 350 - Directing
- THTR 450 - Senior Thesis

Theatre Performance/Production Courses, 15 credits from:

- THTR 121 - Voice and Movement
- THTR 160 - Improvisation
 - THTR 220 - The Audition Process **
 - THTR 310 - Acting II
 - THTR 330 - Set Design
 - THTR 331 - Lighting Design
 - THTR 332 - Costume Design
 - THTR 340 - Stage Management
 - THTR 420 - Acting III
 - THTR 430 - Theatre Portfolio **
 - Other Classes as approved by the Chair of Theatre

** Students must take either THTR 220 or 430

Additional Requirements:

- Present justification for Senior Thesis – must be approved by department faculty,
- Pass a comprehensive theatre exam during the spring semester of senior year.
- Participation in at least one regional audition/interview event (SETC, UPTA, etc.). Event must be approved by faculty.
- Production attendance for all shows in which not cast or holding a technical position.
- Attendance at 20 professional productions.
- Audition or submit technical application for all departmental productions.

Note(s):

- A 3.000 cumulative average must be attained in the theatre major.
- Students are required to have regular advising meetings with their theatre department advisor.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.A. Theatre

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- THEATRE 100 - Intro to Theatre
- THEATRE 120 - Acting I
- CORE 100 - First Year Seminar
- PHILOSOPHY 100 - Ethics as an Introduction to Philosophy
- Second Language I
- CORE 101

Second Semester

- THEATRE 110 - Survey of Dramatic Literature
- THEATRE 150 - Stagecraft
- THEOLOGY 111 - Theological Foundations
- ENGLISH 101 - English Composition
- Second Language II
- CORE 102

Sophomore Year

First Semester

- THEATRE 205 - Theatre History I
- Theatre Performance Elective
- Historical Perspectives Elective
- Scientific Perspectives Elective
- Philosophical Perspectives Elective
- THEATRE 198/199 - Theatre Workshop

Second Semester

- THEATRE 206 - Theatre History II
- THEATRE 211 - Script Analysis
- Mathematical Perspectives elective
- Theological Perspectives Elective
- Theatre Production/Performance Elective
- THEATRE 198/199 - Theatre Workshop

Junior Year

First Semester

- Theatre Production/Performance Elective
- General Elective
- General Elective
- Natural Science elective

- THEATRE 310 - Directing
- THEATRE 198/199 Theatre Workshop
- Social Science Elective
- Literature and Moral Imagination 205
- General elective
- THEATRE 350 - Internship

Senior Year

First Semester

- Theatre Production/Performance Elective
- THEATRE 198/199 Theatre Workshop
- General Elective
- General Elective
- General Elective

Second Semester

- Theatre Production/Performance Elective
- THEATRE 450 - Senior Thesis
- General Elective
- General Elective

Scheduling Notes:

- Consult the Undergraduate Core Curriculum requirements of the Catalog.
- A minimum of 120 credit hours is required for the degree.

Bachelor of Music

Music Education, B.M.

Requirements for the Music Education Major (Pre-K to 12)

Core Curriculum Requirements:

39 credit hours in addition to the requirements for the major (see Undergraduate Core Curriculum in the Catalog).

Major Requirements:

95 credit hours, as follows

53 hours in music courses:

- MUSC 198 - Studio Class (6 Semesters)
- MUSC 199 - Recital Attendance (7 Semesters)
- MUSC 200 - Music Theory I
- MUSC 201 - Aural Skills I
- MUSC 202 - Music Theory II
- MUSC 203 - Aural Skills II
- MUSC 208 - Keyboard Skills I
- MUSC 209 - Keyboard Skills II
- MUSC 210 - Music History I
- MUSC 211 - Music History II
- MUSC 221 - Elementary Methods
- MUSC 300 - Music Theory III
- MUSC 301 - Aural Skills III
- MUSC 303 - Aural Skills IV
- MUSC 308 - Keyboard Skills III
- MUSC 309 - Keyboard Skills IV
- MUSC 312 - Conducting I
 - MUSC 313 - Conducting II
 - MUSC 314 - Technology for Music Educators
- MUSC 320 - Instrumental Methods
- MUSC 321 - Choral Methods
- MUSC 351 - String Techniques
- MUSC 352 - Woodwind Techniques
- MUSC 353 - Brass Techniques
- MUSC 354 - Percussion Techniques
- MUSC 400 - Form and Analysis
- MUSC 401 - Orchestration Arranging
- MUSC 450 - Senior Recital

1 hour from:

- MUSC 151 - Class Voice or
- MUSC 152 - Class Guitar or
- MUSC 268 - Guitar Ensemble

7 hours of Private Lessons from:

- MUSC 276-299 (Refer to Course Descriptions)

7 hours of participation in a large ensemble from:

- MUSC 260 - Concert Choir
- MUSC 265 - Symphonic Wind Ensemble
- MUSC 270 - Chamber Orchestra

1 hour of participation in a small ensemble from:

- MUSC 263 - Edgecliff Vocal Ensemble
- MUSC 266 - Chamber Winds
- MUSC 267 - Percussion Ensemble
- MUSC 269 - String Quartet
- MUSC 271 - Jazz Orchestra
- MUSC 340 - Music Production Workshop

19 hours of education courses required:

- EDFD 110 - Human Development & Learning
- EDMS 131 - Professional Education
- EDSP 200 - Sp Ed: Identification & Issues
- EDMS 350 - Technology & Topics for Educat
- EDSP 380 - Classroom Management
- EDMS 411 - Clinical Experiences
- EDRE 471 - Content Area Literacy

9 hours of student teaching and seminar for certification:

- EDMS 471 - Student Teaching: Multi-Age

Additional Requirements:

- Pass applied music examination at the end of each semester of private lessons..
- Present a recital in major area of concentration during the senior year.
- Recital attendance (minimum of 49 recitals, 7 each semester of MUSC 199).

Note(s):

- A 2.000 cumulative average must be attained in the music and education courses.
- For the Student Handbook see <https://www.xavier.edu/music-department/documents/student-handbook.pdf>

TOTAL Minimum Hours Required for Degree: 135 Credit Hours

B.S. Music Education

This schedule serves as a guideline for progress toward a degree. See your academic advisor.

The downloadable [engagement plan](#) for this degree includes the schedule below in tabular form.

Freshman Year

First Semester

- MUSC 198 - Studio Class
- MUSC 199 - Recital Attendance
- MUSC 200 - Music Theory I
- MUSC 201 - Aural Skills I
- MUSC 208 - Keyboard Skills I
- Private Lesson
- Large Ensemble
- CORE 100 - First-Year Seminar
- CORE 101 - First-Year Co-Curricular Passport
- EDMS 131 - Professional Education
- ENGL 101 - English Composition or ENGL 115 - Rhetoric

Total (16)

Second Semester

- MUSC 198 - Studio Class
- MUSC 199 - Recital Attendance
- MUSC 202 - Music Theory II
- MUSC 203 - Aural Skills II
- MUSC 209 - Keyboard Skills II
- Private Lesson 2
- Large Ensemble 2
- EDFD 110 - Human Development & Learning
- THEO 111 - Theological Foundations
- CORE 102 - First-Year Co-Curricular Passport
- PHIL 100 - Ethics as Intro to Philosophy

Total (16)

Sophomore Year

First Semester

- MUSC 198 - Studio Class
- MUSC 199 - Recital Attendance

- MUSC 210 - Music History I
- MUSC 300 - Music Theory III
- MUSC 301 - Aural Skills III
- MUSC 308 - Keyboard Skills III
- MUSC 312 - Conducting I
- Private Lesson 3
- Large Ensemble 3
- Small Ensemble 1
- Scientific Perspectives

Total (17)

Second Semester

- MUSC 198 - Studio Class
- MUSC 199 - Recital Attendance
- MUSC 151 - Class Voice or MUSC 152 - Class Guitar or MUSC 268 - Guitar Ensemble
- MUSC 211 - Music History II
- MUSC 303 - Aural Skills IV
- MUSC 309 - Keyboard Skills IV
- MUSC 313 - Conducting II
- MUSC 351 - String Techniques
- MUSC 400 - Form and Analysis
- Private Lesson 4
- Large Ensemble 4
- Mathematical Perspectives

Total (18)

Junior Year

First Semester

- MUSC 198 - Studio Class
- MUSC 199 - Recital Attendance
- MUSC 320 - Instrumental Methods
- MUSC 353 - Brass Techniques
- Private Lesson 5
- Large Ensemble 5
- EDSP 380 - Classroom Management
- Second Language Elective 1
- Historical Perspectives
- ENGL/CLAS/SPAN 205 Lit & Moral Imagination

Total (18)

Second Semester

- MUSC 198 - Studio Class
- MUSC 199 - Recital Attendance
- MUSC 221 - Elementary Methods
- MUSC 314 - Technology for Music Educators
- MUSC 352 - Woodwind Techniques
- Private Lesson 6
- Large Ensemble 6

- EDSP 200 - Sp Ed Identification & Issues
- EDMS 350 - Technology & Topics for Educators
- Second Language Elective 2

Total (18)

Senior Year

First Semester

- MUSC 199 - Recital Attendance
- MUSC 321 - Choral Methods
- MUSC 354 - Percussion Techniques
- MUSC 401 - Orchestration and Arranging
- MUSC 450 - Senior Recital
- Private Lesson 7
- Large Ensemble 7
- EDMS 411 - Clinical Experiences
- Natural Science Elective
- Theological Perspectives
- Philosophical Perspectives

Total (19)

Second Semester

- EDMS 471 - Student Teaching
- EDRE 471 - Content Area Literacy

Total (12)

Scheduling Notes:

- EDMS 471, Student Teaching and Seminar (9 credit hours) is required for state licensure.
- The number of required courses will increase if the 5 "flag" requirements (ERS, Diversity, Writing, Oral, and Quantitative) are not fulfilled by courses in the core or major.

Bachelor of Science

Theatre Education, B.S.

Xavier University's theatre education program combines a well-rounded theatre education with the necessary educational courses for students to receive their license to teach theatre to grades PK - 12 in Ohio's public schools. Practical experiences and professional collaborations in theatre help to prepare the next generation of theatre teachers the breadth of knowledge to face the challenges of teaching today's students.

Requirements for the Theatre Education Major

Core Curriculum Requirements:

- Undergraduate Core Curriculum

Major Requirements:

Theatre Foundation Courses

28 credit hours from:

- THTR 100 - Introduction to the Theatre
 - THTR 110 - Survey of Dramatic Literature
- THTR 120 - Acting I
- THTR 150 - Stagecraft I
 - THTR 198 - Theatre Technology *
 - THTR 199 - Performance Workshop *
 - THTR 201 - Theatre History I
 - THTR 202 - Theatre History II
 - THTR 210 - Script Analysis
 - THTR 310 - Directing

* Students must take at least one each of THTR 198 and THTR 199

Theatre Performance/Production Courses:

12 credits from:

- THTR 121 - Voice and Movement
- THTR 160 - Improvisation
- THTR 220 - Improvisation for the Actor or
 - THTR 430 - Theatre Portfolio
- THTR 320 - Acting II
- THTR 330 - Set Design
- THTR 331 - Lighting Design
- THTR 332 - Costume Design
- THTR 340 - Stage Management
- THTR 420 - Acting III

Theatre Electives:

3 credits from:

- COMM 235 - Digital Design
- ENGL 425 - Shakespeare

- ENGL 472 - Modern Drama
- MUSC 100 - Basic Music Theory
- MUSC 282 - Private Lesson: Voice

Education Requirements:

31 credits:

- EDMS 131 - Professional Education
- EDSP 200 - Sp Ed: Identification & Issues
- EDFD 110 - Human Development & Learning
- EDRE 471 - Content Area Literacy
- EDMS 350 - Technology & Topics for Educat
 - EDMS 33X - Teaching Methods: Elementary Drama (3)
 - EDMS 33X - Teaching Methods: Secondary Drama (3)
- EDMS 411 - Clinical Experiences
 - EDMS 47X - Student Teaching (9)

Additional Requirements:

- Pass a comprehensive theatre exam during the spring semester of senior year.
- Participation in at least one regional audition/interview event (SETC, UPTA, etc.) Event must be approved by faculty.
- Production attendance for all shows in which not cast or holding a technical position.
- Attendance at 20 professional productions.
- Audition or submit technical application for all departmental productions, except during semester of study teaching.

Notes:

- A 3.000 cumulative average must be attained in the theatre major.
- Students are required to have regular advising meetings with their theatre department advisor.

TOTAL Minimum Hours Required for Degree: 133 Semester Hours

B.S. Theatre Education

Freshman Year

Fall Semester

- THEATRE 100 - Intro to Theatre
- THEATRE 120 - Acting I
- CORE 100 - First Year Seminar
- PHILOSOPHY 100 - Introduction to Ethics
- Second Language I
- MONTESSORI EDUCATION 131 - Professional Education

Spring Semester

- THEATRE 110 - Survey of Dramatic Literature
- THEATRE 150 - Stagecraft
- THEOLOGY 111
- Second Language II
- THEATRE 198/199 - Theatre Workshop
- EDUCATION 110 - Human Development and Learning

Sophomore Year

Fall Semester

- THEATRE 205 - Theatre History I
- Theatre Performance/Production Elective
- Historical Perspectives elective
- Scientific Perspectives elective
- PHILOSOPHY 200 - Philosophical Perspectives
- THEATRE 198/199 - Theatre Workshop
- SPECIAL EDUCATION 200 - Special Education Indent and Issues

Spring Semester

- THEATRE 206 - Theatre History II
- THEATRE 211 - Script Analysis
- Mathematical Perspectives Elective
- Theological Perspectives Elective
- Theatre Production/Performance Elective
- THEATRE 198/199 - Theatre Workshop
- THEATRE 301 - Teaching Methods Elementary Education

Junior Year

Fall Semester

- THEATRE Production/Performance Elective
- THEATRE 302 - Teaching Methods Secondary Education
- Theatre Elective
- Natural Science Elective
- Humanities Elective
- MONTESSORI EDUCATION 350 - Tech and Topics for Teachers

Spring Semester

- THEATRE 310 Directing
- THEATRE 198/199 Theatre Workshop
- Social Science Elective
- ENGLISH 205 - Literature and Moral Imagination
- General Elective

- THEATRE 350 - Theatre Internship

Senior Year

Fall Semester

- Theatre Production/Performance Elective
- THEATRE 198/199 - Theatre Workshop
- General Elective

Spring Semester

- Theatre Production/Performance Elective
- THEATRE 450 - Senior Thesis
- General Elective

Minors

Music Performance Minor

18 total credit hours are required, as follows:

8 hours of music courses from:

- MUSC 200 - Music Theory I (Quantitative Reasoning Flag)
- MUSC 201 - Aural Skills I
- MUSC 202 - Music Theory II
- MUSC 203 - Aural Skills II

3 semesters in Recital Attendance:

- MUSC 199 - Recital Attendance (0 credit hours, 7 recitals or other approved events per semester)

4 hours in an Private Lessons from:

- MUSC 278-299 (4 semesters at 1 credit each) (Refer to Course Descriptions)

6 hours in an Ensemble from:

- MUSC 259 - XU Men's Chorus

- MUSC 260 - Concert Choir
- MUSC 261 - XU Women's Chorus
- MUSC 265 - Symphonic Wind Ensemble
- MUSC 266 - Chamber Winds
- MUSC 267 - Percussion Ensemble
- MUSC 270 - Chamber Orchestra
- MUSC 271 - Jazz Orchestra

Note(s):

- Additional Requirements:
- Pass applied music exam at the end of each semester of private lessons.
- Perform in a minimum of 4 department recitals.
- Optional: Present a recital (MUSC 450 - Senior Recital) during the final semester of lessons.
- Maintain a 2.0 cumulative average in these courses.

Music Production Minor

18 total credit hours are required, as follows:

9 hours of music courses from:

- MUSC 127 - Electronic Music
- DIFT 340 - Audio Production
 - MUSC 342 - Studio Production

3 hours of popular music courses from:

- MUSC 102 - The Beatles in Context
- MUSC 105 - Hip-Hop: Music and Culture
- MUSC 106 - Music In Film
- MUSC 113 - American Popular Music
- MUSC 114 - Jazz: American Creative Music
- MUSC 117 - History of Rock

3 hours of Private Lessons from:

- MUSC 280-299 (3 semesters at 1 credit each) (Refer to Course Descriptions)

3 hours in an Ensemble from:

- MUSC 259 - XU Men's Chorus
- MUSC 260 - Concert Choir
- MUSC 261 - XU Women's Chorus
- MUSC 265 - Symphonic Wind Ensemble

- MUSC 266 - Chamber Winds
- MUSC 267 - Percussion Ensemble
- MUSC 270 - Chamber Orchestra
- MUSC 271 - Jazz Orchestra

3 semesters in Recital Attendance:

- MUSC 199 - Recital Attendance (0 credit hours)

Notes:

- Attendance at a minimum of 21 recitals (7 each semester of MUSC 199).
- A 2.000 cumulative average must be attained in these courses.

Music Studies Minor

18 total credit hours are required, as follows:

8 hours of music courses from:

- MUSC 200 - Music Theory I (Quantitative Reasoning Flag)
- MUSC 201 - Aural Skills I
- MUSC 202 - Music Theory II
- MUSC 203 - Aural Skills II

3 semesters in Recital Attendance:

- MUSC 199 - Recital Attendance (0 credit hours, 7 recitals or other approved events per semester)

4 hours in an Ensemble from:

- MUSC 259 - XU Men's Chorus
- MUSC 260 - Concert Choir
- MUSC 261 - XU Women's Chorus
- MUSC 265 - Symphonic Wind Ensemble
- MUSC 266 - Chamber Winds
- MUSC 267 - Percussion Ensemble
- MUSC 270 - Chamber Orchestra
- MUSC 271 - Jazz Orchestra

6 hours of Music electives:

- MUSC 200 and above (Refer to Course Descriptions)

Note(s):

- A 2.000 cumulative average must be attained in these courses.

Musical Theatre Minor

The Musical Theatre Minor is an interdisciplinary minor with the Department of Music of Theater. This minor brings together courses involving singing, dancing, and stage performance to provide a unique opportunity for students interested in music and theatre to concentrate on both areas while earning one minor. These are students who, due to constraints of time and credit hours, must currently choose between either a Music or a Theatre Minor.

22 total credits are required, as follows:

Theatre Classes:

- THTR 100 - Introduction to the Theatre
- THTR 120 - Acting I
- THTR 221 - The Audition Process

Musical Theatre Classes:

- THTR 195 - Musical Theatre Ensemble (2 semesters)
- THTR 197 - Voice for Theatre Majors (4 semesters)
 - THTR 208 - Vocal Health and Wellness
- THTR 219 - American Musical Theater

Dance Courses from the following:

Must take two courses in two styles of dance.

Jazz

- MUSC 155 - Dance & Movement - Bgnr Jazz
- MUSC 157 - Dance & Movement - Adv Jazz

Tap

- MUSC 154 - Dance & Movement - Bgnr Tap
- MUSC 156 - Dance & Movement - Adv Tap

Ballet

- MUSC 158 - Ballet I
- MUSC 159 - Ballet II
- MUSC 160 - Ballet Intermediate/Advanced

Musical Theatre

- DANC 201 - Musical Theatre Dance
- DANC 301 - Musical Theatre Dance II

Performance Classes:

- Must be on a musical theatre production
- THTR 199 - Theatre Performance Workshop

Theatre Minor

19 total credit hours are required, as follows:

12 hours of theatre credits:

- THTR 100 - Intro to Theatre
- THTR 120 - Acting I
- THTR 150 - Stagecraft
- THTR 210 - Script Analysis

At least 1 credit must be a 198 or 199 up to 4 (1/4)

- Or Another Theatre Course (3)

3 credits from another 200 or above level theatre course

Philosophy

The Department of Philosophy offers the Bachelor of Arts degree, and minors in Philosophy and Political Thought .

Bachelor of Arts

Philosophy, B.A.

The major in Philosophy is the appropriate course of study for a person intending to pursue graduate study in philosophy, and is an excellent preparation for entry into professional schools, law school and for graduate study in the humanities or social sciences.

Requirements for the Philosophy Major

Core Curriculum Requirements:

See Undergraduate Core Curriculum

Philosophy requirement:

- Included within the major.

Major Requirements:

30 credit hours, as follows

15 hours of required courses

- PHIL 100 - Ethics as Intro to Philosophy
- PHIL 200 - Philosophical Perspectives
- PHIL 304 - Early Modern Philosophy
- PHIL 340 - Metaphysics
- PHIL 301 - Ancient Philosophy

3 hours of one of the following

- PHIL 302 - Medieval Christian Philosophy
- PHIL 309 - Medieval Islamic Phil & Influe
- PHIL 363 - Medieval Political Philosophy

12 hours of major electives chosen from:

- PHIL 300-397

Note(s):

- A 2.000 cumulative average must be attained for all PHIL courses.
- At least one course numbered 300-397 must be a **seminar**, which may be restricted to majors, minors, and honors students.

Departmental Honors Track

Departmental honors enables students who are so inclined to prepare themselves better for graduate study in philosophy, or to pursue a more challenging undergraduate course of study in philosophy.

In addition to the standard requirements for the major, candidates for departmental honors will have to compose a senior thesis while working under the direction of one of our faculty members. The senior thesis project culminates in an oral thesis defense.

Honors Thesis:

- PHIL 398 - Thesis Review I
- PHIL 399 - Thesis Review II

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B. A. Philosophy

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- First Year Seminar (CORE 100)
- Second Language 1
- Composition or Rhetoric (ENGL 100/115)
- Philosophy 100
- Creative Perspectives Elective
- CORE 101

Second Semester

- Theological Foundations (THEO 111)
- Second Language 2
- Literature and Moral Imagination (ENGL 205)
- Scientific Perspectives Elective
- Oral Communications Flag*
- CORE 102

Sophomore Year

First Semester

- Philosophy 200
- Mathematical Perspectives Elective
- Historical
- Natural Science Elective
- Writing-Intensive Flag*

Second Semester

- History of Philosophy
- General Elective
- Social Science Elective
- Theological Perspectives Elective
- Quantitative Reasoning Flag*

Junior Year

First Semester

- History of Philosophy
- Philosophy Elective
- Philosophy Elective
- ERS Elective*
- General Elective

Second Semester

- History of Philosophy
- Philosophy 340 Metaphysics
- Philosophy Elective
- Diversity Curriculum Requirement (DCR) Flag*
- Humanities Elective

Senior Year

First Semester

- Philosophy Elective
- Humanities Elective
- General Elective/Thesis Review**
- General Elective
- General Elective

Second Semester

- General Elective
- General Elective
- General Elective/Thesis Review**
- General Elective
- General Elective

Scheduling Notes:

- *The five flags (E/RS, Oral Communication, Writing-Intensive, DCR, Quantitative Reasoning) can be double-counted with major requirements, where possible.
- **Thesis Review is only for students choosing the Philosophy Honors Track. It earns 2 credits first semester and 1 credit second semester.

Master of Arts

Public Affairs, M.A.

This program is not admitting students at this time.

The Masters in Public Affairs (MAPA) program is an 18-month multi-disciplinary graduate program that incorporates coursework, field work, and immersive learning experiences to prepare students for lives of public and private sector leadership.

MAPA students study the complexity of social problems with a view to articulating and implementing original solutions to pressing common challenges. Anchored in the humanistic study of the public, MAPA students engage abilities in policy and economic analysis to respond to concrete regional, national, and international political problems. MAPA graduates are effective leaders and communicators, with the know-how to navigate a range of institutions in business, government, and the nonprofit sector, to promote the common good.

Admission Criteria

To be considered for admission as a degree-seeking graduate student, students must first submit the following to the Office of the Graduate School:

- Completed application at www.xavier.edu/grad.
- Official transcript of all undergraduate and graduate work.
- Current and updated resumé/CV.
- A 500-word minimum statement of purpose.
- Two letters of reference from individuals commenting on the applicant's academic/professional potential.
- TOEFL (Test of English as a Foreign Language) or IELTS (International English Language Testing System) test scores for all sections are required of applicants whose native language is not English or whose four-year undergraduate degree program was not in English.

Applicants are encouraged to meet with the program director prior to completing the application process. Please contact the Office of the Graduate School to learn more and apply (513-745-3360).

Curriculum (36 Credit Hours)

Year One

Summer Semester

- PAEA 501: Public and Environmental Affairs I

Fall Semester

- PAEA 600: Philosophy and Public Affairs
- PAEA 620: Economics and Public Policy
- MAPA 650+

Spring Semester

- PAEA 602: Organizational Communications
- PAEA 622: Quantitative Methods
- MAPA 650+

Year Two

Summer Semester

- PAEA 502: Public and Environmental Affairs II
- PAEA 630: Field Experience or PAEA 648: Thesis I

Fall Semester

- PAEA 640: Public Policy Capstone or PAEA 649: Thesis II
- PAEA 624: Political Geography and GIS
- MAPA 650+

Minors

Philosophy Minor

18 total credit hours are required, as follows:

6 hours of philosophy courses from:

- PHIL 200 - Philosophical Perspectives
- PHIL 340 - Metaphysics

3 hours of a “history of philosophy” elective selected from:

- PHIL 300-309 (Refer to Course Descriptions.)
- PHIL 354 - Classical American Philosophy
- PHIL 362 - Ancient Political Philosophy
- PHIL 363 - Medieval Political Philosophy
- PHIL 364 - Modern Political Philosophy

(or otherwise, as approved by the chair)

6 hours of two philosophy electives selected from:

- PHIL 300 and higher (Refer to Course Descriptions.)

3 hours of a philosophy seminar course section from:

- PHIL 300 and higher (Refer to Course Descriptions.)

Note(s):

- A 2.000 cumulative average must be attained in these courses.

Physics

The Department of Physics offers four degrees: the Bachelor of Science in Physics, the Bachelor of Science in Biophysics, the Bachelor of Science in Engineering Physics and the Bachelor of Arts in Applied Physics, as well as a minors in Physics and Electronics Engineering. Also, the Bachelor of Science in Teaching Life Sciences and Physics is offered in cooperation with the Department of Education.

Bachelor of Arts

Applied Physics, B.A.

The applied physics program is designed to provide a broad education in the physical sciences, mathematics, and liberal arts.

Bachelor of Arts Degree in Applied Physics

Requirements for the Applied Physics Major

Core Curriculum Requirements:

See Undergraduate Core Curriculum

39 credit hours outside of major courses, assuming 103 language placement and that ER/S and DCR flags are satisfied in other core courses.

Mathematical Perspectives, Scientific Perspectives, Natural Science Elective, Quantitative Reasoning, Writing and Oral Communication Flags are included within the major.

Major requirements:

57 credit hours, including:

31 hours of physics and engineering courses:

- ENGR 101 - Intro to Engineering
- PHYS 170 - University Physics I
- PHYS 171 - Explorations in Physics I
- PHYS 172 - University Physics II
- PHYS 173 - Explorations in Physics II or
- ENGR 173 - Explorations in Engineering
- ENGR 180 - Intro to Comp with MATLAB
- PHYS 242 - Circuit Analysis
- PHYS 243 - Circuit Analysis Lab
- ENGR 244 - Electronics
- ENGR 245 - Electronics Lab
- PHYS 330 - Modern Physics I
- PHYS 331 - Modern Physics I Lab
- PHYS 350 - Theoretical Mechanics I
- PHYS 355 - Advanced Physics Lab
- PHYS 395 - Physics Research
- PHYS 398 - Physics Thesis

Additional Major Requirements

26 credit hours, as follows

11 hours of Mathematics from:

- MATH 180 - Calculus I
- MATH 181 - Calculus II
- MATH 220 - Multivariable Calculus

15 hours from Physics, Engineering, Mathematics, Chemistry, Computer Science or Biology courses.

At least 9 must be from Physics or Engineering. These courses must be in addition to those already required by the major.

Note(s):

- A 2.000 cumulative average must be attained within the major, as listed in Degree Works.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

- Depending on the language placement and how the DCR and ERS flags are satisfied additional hours need to be taken as electives to reach 120 hours. These hours can be used for a minor in another discipline.

B.A. Applied Physics

Freshman Year

First Semester

- CORE 100, First Year Seminar
- CORE 101, GOA
- Second Language 103 level
- ENGL 101, Composition

Total (13)

Scheduling Notes:

- Specific block schedules are determined in consultation with the chair.
- Consult the "Undergraduate Core Curriculum" description of the Catalog.
- The E/RS Focus Elective and Diversity Flag Elective requirements may be used to satisfy another element of the core or the major.

Applied Physics, B.A.

Please choose one of the following:

Applied Physics, B.A.

Applied Physics, B.A., with an Engineering Concentration

Applied Physics, B.A., with an Engineering Concentration

The applied physics program is designed to provide a broad education in the physical sciences, mathematics, and liberal arts. The concentration in engineering prepares students for a career in engineering. Students with this concentration can transition into the following Master programs at the University of Cincinnati:

- Material Science Engineering
- Aerospace Engineering

If the program electives and the free electives are chosen as suggested below, students can transition into the following Master programs at the University of Cincinnati:

- Environmental Engineering
- Electrical Engineering

Bachelor of Arts Degree in Applied Physics

The applied physics program is designed to provide a broad education in the physical sciences, mathematics, and liberal arts.

Requirements for the Applied Physics Major with an Engineering Concentration

Core Curriculum Requirements:

See Undergraduate Core Curriculum

39 credit hours outside of major courses, assuming 103 language placement and that ER/S and DCR flags are satisfied in other core courses.

Mathematical Perspectives, Scientific Perspectives, Natural Science Elective, Quantitative Reasoning, Writing and Oral Communication Flags are included within the major.

Major Requirements:

60 credit hours, including:

31 hours of physics and engineering courses:

- ENGR 101 - Intro to Engineering
- PHYS 170 - University Physics I
- PHYS 171 - Explorations in Physics I
- PHYS 172 - University Physics II
- PHYS 173 - Explorations in Physics II
- ENGR 173 - Explorations in Engineering
- ENGR 180 - Intro to Comp with MATLAB
- PHYS 242 - Circuit Analysis
- PHYS 243 - Circuit Analysis Lab
- ENGR 244 - Electronics
- ENGR 245 - Electronics Lab
- PHYS 330 - Modern Physics I
- PHYS 331 - Modern Physics I Lab
- PHYS 350 - Theoretical Mechanics I
- PHYS 355 - Advanced Physics Lab
- PHYS 395 - Physics Research
- PHYS 398 - Physics Thesis

Additional Major Requirements

- 29 credit hours, as follows

11 hours of Mathematics and Computer Science:

- MATH 180 - Calculus I
- MATH 181 - Calculus II
- MATH 220 - Multivariable Calculus III

18 hours in the engineering concentration:

- MATH 230 - Intro to Ordinary Diff Equat
- ENGR 342 - Material Science
- ENGR 370 - Fluid Mechanics
- PHYS 382 - Thermodynamics
 - And at least 6 hours from Biology, Chemistry, Mathematics, Physics, Engineering or Computer Science. Courses in Mathematics, Physics and Engineering must be in addition to those already required by the major.
 - In preparation for the electrical engineering Master program at the University of Cincinnati, these 6 hours should include:
 - ENGR 346 - Signals and Systems
 - In preparation for the environmental engineering Master program at the University of Cincinnati, these 6 hours + free electives should come from:
 - BIOL 160 - General Biology I
 - BIOL 161 - General Biology I Lab
 - CHEM 160 - General Chemistry I
 - CHEM 161 - General Chemistry I Lab
 - In addition, the following courses are strongly recommended as electives for environmental engineering, but are not required for the Applied Physics major:
 - CHEM 162 - General Chemistry II
 - CHEM 163 - General Chemistry II Lab
 - CHEM 240 - Organic Chemistry I
 - CHEM 241 - Organic Chemistry I Lab

Note(s):

- A 2.000 cumulative average must be attained within the major, as listed in Degree Works.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Depending on the language placement and how the DCR and ERS flags are satisfied additional hours need to be taken as electives to reach 120 hours.

B.A. Applied Physics with a concentration in Engineering

Freshman Year

First Semester

- CORE 100, First Year Seminar
- CORE 101, GOA

- Social Science Elective

Total (17)

Second Semester

- PHYS 398 - Physics Thesis
- PHYS 382 - Thermodynamics
- Program Elective (3)
- Creative Perspectives elective
- DCR or Elective (3)

Total (13)

Scheduling Notes:

Specific block schedules are determined in consultation with the chair.

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- The E/RS Focus Elective, Diversity Curriculum Elective, and Writing Intensive Elective requirements may be used to satisfy another element of the core or the major.

Bachelor of Science

Biophysics, B.S.

The biophysics program is highly interdisciplinary, providing students with the background and techniques of biology, chemistry and physics necessary to enter this rapidly growing field. A key component of the program is the hands on experience gained in numerous laboratory settings across the disciplines of biology, chemistry and physics, culminating in a senior capstone research experience in the biophysics area. The program's flexibility is intended to allow students to tailor their experience toward their personal interests, be it in industrial research, engineering, teaching, or health-science. The program's structure is intended to prepare a student for the rigors of advanced degree programs in biophysics as well as a wide variety of other fields of physics, law, medicine, health sciences, and biotechnology.

Requirements for the Biophysics Major

Core Curriculum Requirements:

See Undergraduate Core Curriculum

39 credit hours outside of major courses, assuming 103 language placement and that ER/S and DCR flags are satisfied in other core courses.

Mathematical Perspectives, Scientific Perspectives, Natural Science Elective, Quantitative Reasoning, Writing, and Oral Communication Flags are included in the major requirements.

Major Requirements:

74 credit hours, including:

27 hours of physics and engineering courses:

- ENGR 101 - Introduction to Engineering
- PHYS 170 - University Physics I
- PHYS 171 - Explorations in Physics I
- PHYS 172 - University Physics II
- PHYS 173 - Explorations in Physics II or ENGR 173 - Explorations in Engineering
- PHYS 330 - Modern Physics I
- PHYS 331 - Modern Physics I Lab
- PHYS 355 - Advanced Physics Lab
- PHYS 382 - Thermodynamics
- PHYS 387 - Biophysics
- PHYS 395 - Physics Research

19 hours of chemistry courses:

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab
- CHEM 440 - Biochemistry

4 hours of biology courses:

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab

12 hours of mathematics courses:

- MATH 170 - Calculus I
- MATH 171 - Calculus II
- MATH 220 - Multivariable Calculus

15 credit hours of natural sciences electives:

At least 9 hours of electives must be in physics or engineering..

- BIOL 222 - Immunology
- BIOL 230 - Genetics
- BIOL 231 - Genetics Laboratory
- BIOL 360 - Cell Biology
- BIOL 450 - General Microbiology
- BIOL 451 - General Microbiology Lab
- CHEM 322 - Physical Chemistry II
- CHEM 325 - Physical Chemistry Laboratory
- CHEM 340 - Instrumental Analysis
- CHEM 341 - Instrumental Analysis Lab
- CHEM 435 - Medicinal Chemistry
- CHEM 450 - Topics in Organic Chemistry
- ENGR 180 - Intro to Comp with MATLAB
- ENGR 244 - Electronics
- ENGR 245 - Electronics Lab
- ENGR 346 - Signals and Systems
- ENGR 370 - Fluid Mechanics
- PHYS 242 - Circuit Analysis
- PHYS 243 - Circuit Analysis Lab
- PHYS 350 - Theoretical Mechanics I
- PHYS 360 - Electromagnetism I
- PHYS 364 - Physical Optics
- PHYS 365 - Physical Optics Lab
- PHYS 376 - Quantum Mechanics I

- PHYS 377 - Quantum Mechanics II

Notes:

- Specific requirements are modifiable for the needs and interests of each individual student.
- A 2.000 cumulative average must be attained within the major, as listed in Degree Works.
- Pre-med students must take BIOL 162 and BIOL 163 in order to qualify for medical, dental, and veterinary schools. Additionally, General Psychology, Introduction to Sociology and Biochemistry, must be completed by the end of the junior year in order to take the MCAT between the junior and senior year. BIOL 354 Human and Comparative Anat is required for admission to some medical schools but is not required for MCAT performance. BIOL 230 Genetics and BIOL 231 Genetics Laboratory are listed in the minimal competences for first year medical students but are not required for MCAT performance. In order to be on track, pre-med students should take General Chemistry I and II (plus labs) during their first year, Organic Chemistry I and II (plus labs) and General Biology I and II (plus labs) during their second year, and Biochemistry during their third year.
- Pre-med students are strongly encouraged to speak to their advisor regarding their course schedule as soon as possible.
- Upper level biology courses may require BIOL 162 and BIOL 163

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Depending on the language placement and how the DCR and ERS flags are satisfied more hours may need to be taken as electives to reach 120 hours.

- The E/RS Focus Elective and Diversity Curriculum Elective requirements may be used to satisfy another element of the core or the major.

Engineering Physics, B.S.

The Engineering Physics program provides students interested in Engineering a clear track to pursue a 1-year Masters in Engineering or a 2-year, research-based Masters in Science at the University of Cincinnati in:

- Mechanical Engineering
- Materials Science Engineering
- Electrical Engineering
- Aerospace Engineering

Further information about this partnership can be found at this link (<https://www.xavier.edu/physics-department/programs/masters-in-engineering-tracks>)

Engineering Physics combines courses in physics and mathematics with several diverse courses in engineering. Serving the foundation of the program is a set of courses that provides a fundamental understanding of traditional topics in physics including the motion of solid bodies, sound, fluids, electricity, magnetism, and the interaction between light and matter. These "foundational" courses describe how theories about natural phenomena are deduced from experiments and observations, develop the mathematical

formalism through which these theories are expressed, and present techniques for using this formalism to describe and analyze systems. Overarching these "foundational" courses are a set of "engineering" courses that focus on the application of scientific principles toward the design and construction of structures, materials, devices and systems that serve an intended function. A senior capstone experience provided through a two-semester sequence teaches the product development process typically utilized in the engineering community and enables students to experience the process from idea conception through production. The program is intended for students who want a solid foundation in physics and a rigorous set of engineering courses that will allow them to pursue an engineering related career or an advanced degree in engineering.

Requirements for the Engineering Physics Major

Core Curriculum Requirement:

See Undergraduate Core Curriculum

39 credit hours outside of major courses, assuming 103 language placement and that ER/S and DCR flags are satisfied in other core courses.

Mathematical Perspectives, Scientific Perspectives, Natural Science Elective, Quantitative Reasoning and Oral Communication are included in the major.

Major Requirements:

75 credit hours, as follows:

28 hours of physics courses:

- PHYS 170 - University Physics I
- PHYS 171 - Explorations in Physics I
- PHYS 172 - University Physics II
- PHYS 242 - Circuit Analysis
- PHYS 243 - Circuit Analysis Lab
- PHYS 330 - Modern Physics I
- PHYS 331 - Modern Physics I Lab
- PHYS 350 - Theoretical Mechanics I
- PHYS 355 - Advanced Physics Lab
- PHYS 360 - Electromagnetism I
- PHYS 364 - Physical Optics
- PHYS 365 - Physical Optics Lab

27 hours of engineering courses:

- ENGR 101 - Intro to Engineering
- ENGR 173 - Explorations in Engineering
- ENGR 180 - Intro to Comp with MATLAB
- ENGR 244 - Electronics
- ENGR 245 - Electronics Lab
 - ENGR 342 - Material Science
- ENGR 346 - Signals and Systems
- ENGR 354 - Microprocessors
- ENGR 370 - Fluid Mechanics
- ENGR 395 - Senior Design Project I
 - ENGR 396 - Engineering Physics Colloquium
- ENGR 398 - Senior Design Project II

14 hours of mathematics from:

- MATH 180 - Calculus I
- MATH 181 - Calculus II
- MATH 220 - Multivariable Calculus
- MATH 230 - Intro to Ordinary Diff Equat

6 hours of Engineering or Computer Science courses

The physics and engineering courses must be in addition to the ones already required in the major.

- ENGR 280 - Simulations with ANSYS
- ENGR 358 - Analog and Digital Comm
- ENGR 380 - Control Systems
- ENGR 384 - Heat Transfer
- CSCI 170 - Computer Science I
- CSCI 180 - Computer Science II
- CSCI 210 - Machine Org & Assembly Lang
- CSCI 220 - Data Structures & Algorithms

Note(s):

- Specific requirements are modifiable for the needs and interests of each individual student.
- A 2.000 cumulative average must be attained within the major, as listed in Degree Works.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

- Depending on the language placement and how the DCR and ERS flags are satisfied additional hours need to be taken as electives to reach 120 hours.

- ER/S or Elective (3)

Total (12).

Scheduling Notes:

- Consult the Core Curriculum requirements of the Catalog.
- The E/RS Focus Elective, Diversity Curriculum Elective, and Writing Intensive Elective requirements may be used to satisfy another element of the core or the major.

Physics, B.S.

The program in physics is designed to familiarize students with the techniques of mathematical and experimental physics that is useful to them in an industrial research or engineering position; in physics teaching; as a general preparation for more advanced graduate work in any of the varied fields of physics; or in such disciplines as astronomy, space science, biophysics, computer science, engineering, geophysics, medicine, law, and oceanography.

Requirements for the Physics Major

Core Curriculum Requirements:

See Undergraduate Core Curriculum

39 credit hours outside of major courses, assuming 103 language placement and that ER/S and DCR flags are satisfied in other core courses.

Mathematical Perspectives, Scientific Perspectives, Natural Science Elective, Quantitative Reasoning, Writing, and Oral Communication Flags are included within the major.

Major Requirements:

70 credit hours, including:

41 hours of physics and engineering courses:

- ENGR 101 - Intro to Engineering
- PHYS 170 - University Physics I
- PHYS 171 - Explorations in Physics I
- PHYS 172 - University Physics II
- PHYS 173 - Explorations in Physics II or ENGR 173 - Explorations in Engineering
- ENGR 180 - Intro to Comp with MATLAB
- PHYS 242 - Circuit Analysis
- PHYS 243 - Circuit Analysis Lab
- ENGR 244 - Electronics
- ENGR 245 - Electronics Lab
- PHYS 330 - Modern Physics I
- PHYS 331 - Modern Physics I Lab
 - ENGR 342 - Material Science
- PHYS 350 - Theoretical Mechanics I
- PHYS 355 - Advanced Physics Lab
- PHYS 360 - Electromagnetism I
- PHYS 364 - Physical Optics
- PHYS 365 - Physical Optics Lab
- ENGR 370 - Fluid Mechanics
- PHYS 395 - Physics Research
- PHYS 398 - Physics Thesis

9 hours of physics electives:

- PHYS 376 - Quantum Mechanics I
- PHYS 382 - Thermodynamics
- PHYS 387 - Biophysics

- PHYS 388 - Astrophysics
- PHYS 389 - Solid State Physics
- PHYS 390 - Special Studies (area to be determined by department)
- ENGR 346 - Signals and Systems
- ENGR 384 - Heat Transfer
- CSCI 170 - Computer Science I
- CSCI 321 - Numerical Analysis
 - Students wishing to get a doctoral degree in physics should take PHYS 376, PHYS 382

20 hours of mathematics:

- MATH 180 - Calculus I
- MATH 181 - Calculus II
- MATH 220 - Multivariable Calculus
- MATH 230 - Intro to Ordinary Diff Equat
 - MATH Elective
 - MATH Elective. Students wishing to minor in Applied Mathematics should take MATH 222 as their math elective. Student wishing to major or minor in Mathematics should take MATH 225 as their math elective. One additional course above MATH 225 is then required for the Mathematics Minor. Students wishing to get a doctoral degree in Physics should take MATH 240 as elective.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Depending on the language placement and how the DCR and ERS flags are satisfied additional hours need to be taken as electives to reach 120 hours.

B.S. Physics

This block serves as a guideline for progress toward a degree. See your academic advisor.

- Humanities elective
- PHIL 200 - Philosophical Perspectives
- E/RS Flag (if needed)(3)

Total (13)

Note(s):

*Students wishing to minor in Applied Mathematics should take MATH 222 as their math elective. Student wishing to major or minor in Mathematics should take MATH 225 as their math elective. One additional course above MATH 225 is then required for the Mathematics Minor.

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- The E/RS Focus Elective, Diversity Curriculum Elective, and Writing Intensive Elective requirements may be used to satisfy another element of the core or the major.

Minors

Electronics Engineering Minor

The Minor in Electronics Engineering aims at teaching students the fundamentals of electronics engineering and introducing them to the exciting applications of modern electronics. The minor is designed to provide students a foundation to explore specialized topics in electronics engineering such as Electrical Circuit Analysis, Semiconductor Electronics, Digital Logic Circuits, Microprocessors, Communication Theory, and Control Systems.

Requirements:

13 hours of physics and engineering courses:

- PHYS 170 - University Physics I
- ENGR 173 - Explorations in Engineering
- ENGR 180 - Intro to Comp with MATLAB
- ENGR 244 - Electronics
- ENGR 245 - Electronics Lab
- PHYS 242 - Circuit Analysis
- PHYS 243 - Circuit Analysis Lab

A minimum of 3 hours of electives from:

- ENGR 346 - Signals and Systems
- ENGR 354 - Microprocessors
 - ENGR 348 - Heat Transfer

4 hours of math pre-requisites:

- MATH 170 - Calculus I

Notes:

- Students who are not majoring in Physics, Applied Physics, or Engineering Physics are required to take 3 hours of electives.
- Student majoring in physics must take 6 hours of electives (instead of 3 hours).
- Applied Physics majors with a concentration in engineering cannot minor in electronics engineering.
- Engineering Physics majors cannot minor in Electronics Engineering
- Biophysics majors who minor in Electronics Engineering cannot count courses that are program electives in Biophysics that also count toward the Electronics Engineering minor.
- Note that ENGR 346, ENGR 348, and ENGR 372 have pre-requisites that are outside of the minor. Most students would therefore be advised to take ENGR 354 as their elective.

Physics Minor

18 total credit hours are required, as follows:

8 hours of introductory physics courses:

- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II

or

- PHYS 170 - University Physics I
- PHYS 171 - Explorations in Physics I
- PHYS 172 - University Physics II
- PHYS 173 - Explorations in Physics II

Or any appropriate combination of the above classes.

10 hours of electives:

- PHYS 206-398 (Refer to Course Descriptions.)

Note(s):

- A 2.000 cumulative average must be attained in these courses.

Political Science

The Department of Political Science offers these degrees and programs:

The Bachelor of Arts in Political Science
The Bachelor of Arts in International Studies
The Minor in Political Communication
The Minor in Political Science
The Minor in Political Thought
The Minor in International Studies
The Associate degree in Political Science

Bachelor of Arts

Political Science, B.A.

Students in political science pursue answers to the vital questions of equity, justice, and peace in the modern world. Our challenging courses consider the best political and social science literature with a view to gaining a deeper understanding of contemporary domestic and foreign controversies, including those of human rights and democracy, equality and race, poverty and social class, terrorism and war. In this way, students confront the promise and limits of political and social solutions to humanity's gravest problems.

The department offers intellectually stimulating introductory courses in the following fields:

American Government and Politics

- Comparative Government
- Political Philosophy
- International Relations

Courses go beyond the presentation of "nuts and bolts" to explore underlying issues of real significance. Upper level courses are limited in size and scope, allowing students to debate the political and social issues that are of greatest interest to them.

The department has internship programs in Washington, D.C., Columbus, and Cincinnati that allow students to earn course credit. Students may also earn credit for internship experiences closer to home, or by participating in the department's Summer State Politics Internship Program at the Ohio General Assembly. Students can apply what they learn in their courses to the political and social institutions and processes that they experience as interns.

Faculty in the Political Science department help lead study abroad programs in Ireland and Paris, France. Students are also encouraged to undertake a major undergraduate research project under the supervision of a faculty member and to present their research at an undergraduate research conference. In addition, the department's student-run undergraduate research journal, the Xavier Journal of Politics provides students with opportunities to participate in high-level research by participating in the editorial process or submitting their work for publication.

Requirements for the Political Science Major

Core Curriculum Requirements:

48-63 Credit Hours dependent on courses taken, including

Social Sciences:

- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles

Mathematics:

Choose one of the following:

- MATH 116 - Elementary Statistics
- MATH 156 - General Statistics
- MATH 170 - Calculus I
- MATH 171 - Calculus II
- MATH 220 - Multivariable Calculus
- PSYC 210 - Statistical Techniques

Major Requirements:

33 credit hours, as follows

12 hours of political science courses from:

- POLI 120 - Comparative Govt and Politics
- POLI 140 - American Government and Politi
- POLI 277 - International Relations
- POLI 301 - Political Philosophy

3 hours from a choice of either:

- POLI 390 - Sem: International Relations
- POLI 391 - Sem: American Government

18 hours of political science electives selected from:

- POLI 200-490 (Refer to Course Descriptions.)

Note(s):

- A 2.000 cumulative average must be attained in the political science courses.
- In addition to formal course work, students are encouraged to include experiential learning in their program if they feel it will contribute to their learning goals and objectives. To accomplish this, the department facilitates intern programs in Washington, D.C., Columbus, and Cincinnati, as well as a local internship program that allows students to engage politics close to home. The Political Science major provides breadth which ensures that the student is well grounded in the discipline and at the same time permits flexibility for concentration in a sub-field.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.A. Political Science

This block serves as a guideline for progress toward a degree. See your academic advisor.

15 credit hours, as follows

9 hours of political science courses from:

- POLI 120 - Comparative Govt and Politics
- POLI 140 - American Government and Politi
- POLI 277 - International Relations

3 hours from a choice of either:

- POLI 301 - Political Philosophy
- POLI 350 - Political Theory & Amer Polity

3 hours for an elective from:

- POLI 200-490 (Refer to Course Descriptions.)

Note(s):

- A 2.000 cumulative average must be attained in these political science courses.

Requirements for all Associate's Degrees

See Requirements for Degrees, Majors, Minors, and Certificates

Minors

Political Communication Minor

The minor in political communication enables students to explore the process through which citizens learn about the political process and the institutions, people and decisions that impact the world around us. The minor also provides students with an opportunity to develop oral and writing skills that are central to the students' academic and social development, while enhancing their ability to understand the political process and contribute effectively to civic life.

18 total credit hours required

- POLI 140 - American Government and Politi
- POLI 359 - Campaigns, Elections & Parties
- COMM 206 - Writing for the Media
- COMM 221 - Introduction to Digital Media

- COMM 385 - Media, Democracy & the Public

- or

- POLI 246 - Mass Media and Politics

- POLI 399 - Political Comm Internship

- or

- COMM 398 - Communication Internship I

Political Science Minor

15 total credit hours are required, as follows:

9 hours of political science courses from:

- POLI 120 - Comparative Govt and Politics
- POLI 140 - American Government and Politi
- POLI 277 - International Relations

3 hours from a choice of either:

- POLI 301 - Political Philosophy
- POLI 350 - Political Theory & Amer Polity

3 hours for an elective from:

- POLI 200-490 (Refer to Course Descriptions.)

Note(s):

- A 2.000 cumulative average must be attained in these political science courses.

Race, Intersectionality, Gender, and Sociology

The Department of Race, Intersectionality, Gender, and Sociology offers these degrees and programs:

- The Bachelor of Arts in Sociology
- The Bachelor of Arts in Gender and Diversity Studies
- The Minor in Sociology
- The Minor in Gender and Diversity Studies
- The Associate in Sociology

Bachelor of Arts

Gender and Diversity Studies, B.A.

The Gender and Diversity Studies major develops students' critical thinking skills, knowledge base, and intellectual frameworks for analyzing and exploring the nature of diversity. The program focuses on the socioeconomic, political, psychological, and cultural experiences and positions between and among individuals and groups defined by gender, race, sexual orientation, ethnicity, socioeconomic class, age, religious beliefs, and physical/mental abilities.

Core Curriculum Requirements:

Consult the Undergraduate Core Curriculum of the catalog.

Required Courses for All Concentrations:

All undergraduate students are required to take thirty-six credit hours of approved courses to fulfill one of three tracks offered in the major;

1. A general major in Gender and Diversity Studies (36 credit hours distributed across the modules).
2. A major in Gender and Diversity Studies with a concentration (18 credit hours required) in Women and Gender.
3. A major in Gender and Diversity Studies with a concentration (18 credit hours required) in Race and Ethnicity.

Students seeking a Women & Gender concentration must choose courses designated (W) below where there is an option to do so.

Students seeking a Race and Ethnicity concentration must choose courses designated (R) below where there is an option to do so.

Introductory Course:

- SOCW 206 - Intro to Gender & Diversity St

Theory Course (choose one):

- ENGL 366 - Feminist Theory
- SOCI 365 - Contemporary Social Theory

Diversity in American Culture Course (choose one):

These courses focus on the impact that the social, economic and cultural struggles of gendered, racial and ethnic minorities and/or women have had on the history and culture of the United States of America.

- ENGL 484 - African-American Literature (R)
- ENGL 489 - American Minority Literature (R)
 - HIST 222 - The Harlem Renaissance (R)
- HIST 233 - Women In American History (W)
 - HIST 307 - Immigration and Ethnicity (R)
- HIST 324 - African-Am Struggle for Equity (R)
 - POLI 367 - Gender & Politics: Women, Elections and Representation (W)
- SOCI 250 - Racial Ethnic Minorities (R)
- SOCI 262 - Gender and Society (W)
- SOCW 318 - Trends in Modern Soc: Race Rel (R)
- SOCW 325 - Women/Men: Myth & Reality (w)

Diversity in a Global Context (choose one):

These courses examine how racial, religious, and ethnic differences have shaped the history and culture of different regions across the globe.

- ENGL 344 - Major Black Writers of World (R)
- ENGL 352 - African Literature (R)
- HIST 231 - Transatlantic Slave Trade (R)
- HIST 275 - Urban Imaginaries In Asia (R)
 - HIST 314 - Africa Since 1945 (R)
 - HIST 343 - Religion & Empire in Latin America (R)
- HIST 395 - History of South Africa (R)
 - HIST 427 - Race and Nation in Modern Latin America (R)
- POLI 219 - Irish Government and Politics
- POLI 224 - Middle East Politics
- POLI 320 - Global Islamic Politics (R)
- SPAN 351 - Latin-American Civilization I (R)
- SPAN 352 - Latin Amer Trad & Pop Cult (R)

Intersectionality Course (3 credit hours):

A 300-level course that explores both the social construction of identity and multiple axes of identity and difference, taking into consideration the various ways they may interrelate or intersect.

- COMM 323 - Race, Class, Gender & Media
- COMM 324 - Sex and Violence In Media
- ENGL 359 - Gender & Diversity in Film
- HIST 324 - African-Am Struggle for Equity
- SOCW 315 - Values, Human Rights, Advocacy
- SOCW 318 - Trends in Modern Soc: Race Rel
- SOCW 404 - Rel/Ethics & Profession Pract
- SPMG 410 - Sport Ethics
- THEO 322 - Black Theology
- THEO 358 - Immigration Theology & Ethics
- THEO 372 - Disability, Ethics & Theology

- HIST 350, POLI 316, THEO 316 - Globalization (departmental designations may change yearly).

Capstone Experience (3 credit hours):

In the Spring of senior year, all GDST students will submit a thesis for public defense. Students are expected to independently design and complete a research-based project on a specific diversity studies topic that synthesizes the scholarly literature in at least two of the disciplines that inform diversity studies and presents a clear, arguable thesis supported by evidence drawn from appropriate sources. To this end, students will take a one credit hour thesis direction course in the Fall of senior year, GDST 498.

Students will design their projects, identify two faculty readers from two different disciplines, work both independently and in groups, and complete a polished proposal by the end of the course. Students will then sign up for two credit hours of tutorials in the Spring, GDST 499, one with each of their thesis readers. All thesis readers must be GDST affiliated faculty and must be approved by the director of the program as well as the chairs of the faculty members' respective home departments. The focus of the thesis is multidisciplinary and addresses issues concerning gender and diversity studies that stem from the student's own elective concentration or interests. For example, projects may include an internship component or be limited to textual analysis depending on the primary methodologies of the disciplines with which students are working.

Elective Courses (18 credit hours):

The remaining 18 credit hours elective courses must come from three or more disciplines. Students choosing a Women & Gender or Race & Ethnicity concentration must complete at least nine of their elective credit hours with courses that have the appropriate (W) or (R) designation. Otherwise, students may choose any course approved as a Gender and Diversity Studies elective at the 200-level or above.

Sociology, B.A.

Sociology is the scientific study of the relationship between human behavior and the larger social and historical context. Sociologists seek to discover regularities and order in social behavior and to express these patterns as theoretical generalizations that apply to a wide range of behaviors and settings. General and specialized areas of study are covered. Specific areas of focus include cultural diversity, inequality, and social change. Requirements are designed to provide a strong foundation in social theory and research methods while allowing students flexibility in the design of their programs. The department encourages experiential learning, including internships and international study abroad. Along with the significant contribution sociology makes to a liberal arts education, the program prepares the Sociology major for graduate study in a variety of fields and a broad range of careers, including: (1) graduate study in sociology, counseling, business, or education, among others; (2) graduate study in the professions, such as law; (3) careers in research, in the public or private arena; (4) careers in organizations, such as administration and consultant positions in business, government, and community agencies and organizations; (5) community change-oriented positions in such fields as nonprofit management, public health, or urban planning. .

Requirements for the Sociology Major

Core Curriculum Requirements:

See Undergraduate Core Curriculum

Mathematics:

Take Statistics with either

- MATH 116 - Elementary Statistics or
- MATH 156 - General Statistics
 - Plus 3 hours of Mathematical Perspectives.

Requirements for all Associate's Degrees

See Requirements for Degrees, Majors, Minors, and Certificates

Minors

Gender and Diversity Studies Minor

The Gender and Diversity Studies (GDST) Minor is an **18-hour** interdisciplinary minor open to all Xavier undergraduates and compatible with any major. The minor acquaints students with scholarship on gender and diversity in their broadest, most inclusive sense. Courses in the minor facilitate the development of students' critical thinking skills, knowledge base, and intellectual frameworks for analyzing and exploring the nature of diversity including socioeconomic, political, psychological, and cultural experiences and positions between and among individuals and groups defined by gender, race, sexual orientation, ethnicity, socioeconomic class, age, religious beliefs, and physical/mental abilities. Students in the minor examine the individual and collective experiences of traditionally disenfranchised as well as privileged social groups, investigating the conceptual roots of identity as well as similarities and differences among them.

18 Credit Hours

Students are required to take the following course:

- SOCW 206 - Intro to Gender & Diversity St

One Upper-Level Course from the following:

These classes explore both the social construction of identity and multiple axes of identity and difference, taking into consideration the various ways they may interrelate or intersect:

- COMM 323 - Race, Class, Gender & Media
- COMM 324 - Sex and Violence In Media
- ENGL 359 - Gender & Diversity in Film
- HIST 324 - African-Am Struggle for Equity
- PSYC 385 - Proc of Intergroup Dialogue
- SOCW 315 - Values, Human Rights, Advocacy
- SOCW 318 - Trends in Modern Soc: Race Rel
- SOCW 338 - Lesbian Gay BTQ Studies
- SOCW 404 - Rel/Ethics & Profession Pract
- SPMG 410 - Sport Ethics
- THEO 322 - Black Theology

- THEO 358 - Immigration Theology & Ethics
- THEO 372 - Disability, Ethics & Theology
 - HIST 350, POLI 316 & THEO 316 - Globalization (departmental designations may change yearly)

12 Credit Hours of Approved GDST Electives

Notes:

- Students must take courses in at least three different disciplines.
- Students must maintain at least a 2.000 GPA in courses for the minor.
- Half of the credit hours must be in courses at the 200-level or above.
- For information regarding the minor, contact the director.

Sociology Minor

15 credit hours are required, as follows:

9 hours from:

- SOCI 101 - Introduction to Sociology
- SOCI 200 - Foundational Social Thought
- SOCI 352 - Investigating Social Life I

6 hours of elective courses selected from:

- SOCI 200-499 (Refer to Course Descriptions.)

Note(s):

- A 2.000 cumulative average must be attained in these courses.

Theology

The Department of Theology offers the Bachelor of Arts, the Associate of Arts and the Master of Arts in Theology degrees.

Also offered are minors in Theology, Religious Education, and Spirituality & Solidarity..

Bachelor of Arts

Theology, B.A.

Theology is the study both of the human experience of God and of the transmission of that experience through religious traditions, doctrines, ethics, and rituals. It is essentially a dialogue between religious traditions and human experience. Such dialogue is critical for human understanding in a time of increased encounters among world religions. The theology faculty attempts to assist students in this critical dialogue through courses about religious traditions, especially the Jewish, Christian, and Muslim traditions, and by other courses that focus on contemporary issues from a theological perspective. The theology major prepares students for graduate studies in theology, law, history, journalism, and other forms of communication, as well as for directing religious education, teaching religious studies in secondary schools, and other forms of ministry. With appropriate counseling, a student can combine this major in the liberal arts with a major in another field (e.g. classics, business, biology, English, history, psychology, secondary education), both for the student's personal enrichment and in view of broader career opportunities.

Undergraduates who attend Xavier University have a unique opportunity to begin work towards their master's degree during their undergraduate programming. The 5-year path, concluding with both the Bachelor of Arts and Master of Arts degrees, provides a focused, cost-effective way for our most qualified undergraduate students to prepare for a broad variety of professional careers in the service of faith and the promotion of justice in a diverse and pluralistic world.

Requirements for the Theology Major

Core Curriculum Requirements:

48 credit hours, including

Theology Requirement:

- Included within the major.

Major Requirements:

31 credit hours, as follows

12 hours of foundational courses:

- THEO 111 - Theological Foundations
- THEO 209 - Exploring the Christian Past I or
- THEO 210 - Exploring Christian Past II
- THEO 303 - Christian Ethics: Methods & Q
- THEO 328 - Intro to Christian Scriptures or
- THEO 351 - Intro to Hebrew Scriptures

3 hours of a common seminar:

- THEO 295 - Map to Theological Diversity

1 hour of a theological project:

- THEO 490: Senior Project

15 hours of a required concentration:

Christian Life and Community

In this concentration, majors choose one course from each of the following categories:

- Scripture: The biblical course must be from the testament not chosen as the foundational biblical course.
- Historical Theology: The historical course must be from the period not chosen as the foundational historical course.
- Perspectives on God and the Human Person
- Spirituality
- Community & Christian Practice

Contemporary Ethical and Religious Challenges

In this concentration, students take THEO 386, Spirituality and Solidarity, and four additional courses from the following categories:

- One course from Scripture: The biblical course must be from the testament not chosen as the foundational biblical course.
- One course in interreligious dialogue or non-Christian religious tradition.
- Any two theology courses from an approved list of courses giving substantive attention to contemporary ethical challenges or to contemporary religious challenges.

Interfaith Concentration

The Interfaith Concentration offers theology majors an educational experience that prepares them for becoming global citizens by equipping them with conceptual and practical tools to analyze and engage a religiously pluralistic world and to create meaningful and transformative lives. A particular focus is a deep understanding of the impact of the Abrahamic traditions upon contemporary civilization and culture. This concentration would be particularly beneficial for students preparing for campus ministry, as they provide formation in interreligious literacy and collaboration.

Students will take:

- THEO 363: Comparative Theology (required)
- Two courses from this required category. One course must deal substantively with Judaism; one other course must deal substantively with Islam:
 - THEO 283: Jewish-Christian Dialogue
 - THEO 347: Holocaust, Religion and Ethics
 - THEO 352: Judaism: Customs, Practices and Beliefs
 - THEO 354: Race, Gender, and Islam
 - THEO 355: Introduction to Islam
 - THEO 357 Islamic Philosophy and Theology
 - THEO 376 Sufism
 - HIST 262 Jewish Civilization II
 - HIST 263 Jewish Civilization III
- Two elective courses that have substantive content concerning non-Christian religions or interreligious/interfaith encounters:
 - THEO 335 African Religions
 - THEO 342 World Religions
 - THEO 343 Dialogue Among World Religions
 - THEO 359 Confucianism and Taoism
 - THEO 368 Buddhism
 - THEO 374 Buddhist-Christian Exploration

- THEO 442 Seminar in Israel
- THEO 444 World Religions and Environment

Build Your Own Concentration

In this concentration, students, together with the student's faculty adviser and with the approval of the chair, choose a coherent course of studies comprised of five courses, in addition to the foundational courses that every major completes. This option is available only to students who have demonstrated high academic performance and seriousness of purpose in the foundational theology courses. Normally, the student may not choose this option before the completion of at least three of the foundational courses.

Note(s):

- A 2.000 cumulative average must be attained in the theology courses.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Note(s):

- A 2.000 cumulative average must be attained in these theology courses.

Requirements for all Associate's Degrees

See Requirements for Degrees, Majors, Minors, and Certificates

Master of Arts

Theology, M.A.

The mission of Xavier's theology program is to provide a transformative theological education from a Catholic and ecumenical perspective inspired by the documents of the Second Vatican Council and the 35th General Congregation of the Society of Jesus. Accordingly, our mission empowers graduate students to: think theologically, analyze issues from a Catholic and interreligious perspective, and act responsibly in the world for the promotion of peace and justice.

Our graduate program in theology provides students with a firm foundation in Christian theology through the study of scripture, tradition and ethics. The program however, is flexible enough to accommodate a wide variety of interests while equipping students with the historical awareness and professional resources necessary to enter or advance in careers such as teaching, ministry or writing; to pursue doctoral work; or to promote their spiritual development.

Because no definite amount of previous study of theology is prerequisite for admission to the program, students may vary considerably in their preparation. Ordinarily, applicants should have a background in the humanities, but each applicant will be considered individually. Students without sufficient undergraduate background in theology or religious studies will normally be required to take THEO 501, Intro to the Study of Theology, as a prerequisite for admission to the M.A. program.

All applicants must have a bachelor's degree from a regionally accredited institution with an undergraduate GPA of 2.700 or better. In addition, all applicants must complete the Miller Analogies Test (MAT) prior to acceptance and obtain a score of 406 or higher. The MA in Theology will require satisfactory completion of 30 semester hours of graduate work (i.e. ordinarily ten courses), all of which must be at the graduate (500-800) level.

Undergraduates who attend Xavier University have a unique opportunity to begin work towards their master's degree during their undergraduate programming. The 5-year path provides a focused, cost-effective way for our most qualified undergraduate students to prepare for a broad variety of professional careers in the service of faith and the promotion of justice in a diverse and pluralistic world.

30 total credit hours are required, as follows:

- THEO 504 - Liberating Bible
- THEO 520 - Journey Through Christianity I
- THEO 524 - Journ Through Christianity II

One course in ethics, including:

- THEO 506 - Found Issues in Christian Ethi
- THEO 540 - Modern Catholic Social Teachin
 - THEO 542-545 (Refer to Course Descriptions.)
 - THEO 547 - Ethics For a Planetary Crisis
- THEO 548 - Bioethics
- THEO 572 - New Testament Ethics
- THEO 615 - Contemporary Ethical Issues

One course in systematics, including:

- THEO 624 - Theological Imagination
- THEO 595 - Christian Eschatology
 - THEO 530-695 (Refer to Course Descriptions.)

Five graduate-level theology electives selected from:

- THEO 500-695 (Refer to Course Descriptions.)

Note(s):

- A 2.800 cumulative average must be attained in all the graduate credit courses.
- Some students may substitute a 6-hours thesis (THEO 699) for two of their elective courses. This must be discussed and agreed to with an advisor prior to completion of the first 12 hours of graduate work. The thesis will be read by its director and two additional readers, and it must be defended in a final oral examination. Students who do not write a thesis will be required to 1) submit a research paper demonstrating their mastery of research skills and their ability to synthesize key themes from their coursework into a coherent theological position, or 2) successfully pass a comprehensive examination covering the central subject matter of the graduate program. In both cases, a faculty committee will assess the quality of this final paper or exam.

Two optional concentrations are available, which can be added and incorporated into the program.

Concentration in Social and Pastoral Ministry:

Students engaged in or preparing for professional ministry in church and society may choose to complete this concentration.

Beyond the 30 hours required for the M.A. degree, the concentration requires six additional credit hours in ministry skills courses and a three credit ministerial internship (THEO 690). Two required courses, Theology of Ministry (THEO 630) and Ethics in Ministry (THEO 632), take the place of two M.A. electives.

Concentration in Religious Education:

This is designed to prepare theology students to meet the Archdiocese of Cincinnati's professional requirements for Catholic High School Religion Teacher Certification at the secondary level.

Beyond the 30 hours required for the M.A. degree, the concentration requires at least 15 additional credit hours. This includes Student Teaching for 9 hours from EDMS 470, along with THEO 538 and EDMS 550 as required courses. Also, a choice of either EDFD 503 or EDFD 510 is required. Note that THEO 538 can double count as an elective in the 30 hours required for the MA Theology degree.

Foundational Courses

- THEO 504 - Liberating Bible
- THEO 520 - Journey Through Christianity I
- THEO 524 - Journ Through Christianity II
 - THEO 624 - Theological Imagination: Approaches to the Sacred
 - One THEO course in ethics.

Concentration Courses

4 Elective Courses in Graduate-Level Theology (12 Hours)

Final Research Paper

Note(s):

The MA program in Theology invites applications from students with a bachelor's degree and a solid academic record. Admission decisions are based on factors such as past academic performance, standardized test score, interview, and other information submitted.

Further information and application materials may be obtained from the Office of Graduate Services, 513 745-3360.

Institute for Spirituality and Social Justice

The ISSJ of Xavier's Theology Department empowers constructive theological reflection and responsible social action through three tracks, including (1) Professional Practice (Ethics, Spirituality, and Professional Practice, or ESSP), (2) Solidarity and Sustainability in a Global Context (SSGC), and (3) Pastoral Care (Applied Spirituality

and Pastoral Care, of ASPC). Each track includes offerings in three areas, (1) Programs, Workshops, and Retreats, (2) Certificates, and (3) Graduate Degrees. Each of the three tracks in all three areas is designed to cultivate depth of thought, imagination, and critical skills in a world challenged by violence, social inequity, and environmental instability. Distinctive features of the Institute include experiential learning through spiritual formation, practicums/internships, and the program capstone. The Institute is rooted in a rich tradition of spiritual practices coupled with rigorous intellectual inquiry and social analysis which manifest the Jesuit commitment to work in the service of faith and the promotion of justice in a diverse and pluralistic world.

For more information, call the Director of the M.A. in Theology, at 513 745-2894 or email issj@xavier.edu.

MA in Theology Applied Degrees Tracks:

Ethics, Spirituality and Professional Practice (36 credit hours)

The Professional Practice track is designed for professionals in business and non-profit communities interested in developing deeper spiritual understanding as well as practical skills for competent, ethical and theologically informed professional practices. This track is also appropriate for students interested in careers in the management and administration of churches and church-related organizations and corporations such as dioceses and social ministries.

The Professional Practice track combines theory and practice, building on the traditions of spiritual discernment (Ignatian and others), theological reflection and purposeful action. It develops adult learners as knowledgeable, thoughtful and responsible professionals who improve their work environments and society as a whole. Students learn to respond to challenging situations presented in their professional environments in ethically and spiritually responsible ways.

The program presumes a pluralistic religious environment in the workplace, emphasizing ways to understand, recognize, negotiate and celebrate interfaith relationships. It also reflects Xavier's mission to educate students to serve with excellence and ethical integrity in professional fields and to work for social and economic justice.

The goals of the program are:

- To improve understanding of the Christian spiritual, theological and ethical tradition in dialogue with contemporary challenges of religious traditions.
- To prepare professionals with a sound knowledge of ethical traditions and a commitment to bringing social-ethical perspectives to business and service environments.
- To facilitate the spiritual and theological formation necessary for professionals to integrate professional expertise with competent, ethical, and spiritually informed management practices.

Foundational Courses

- THEO 503 - Liberating Bible
- THEO 520 - Journey Through Christianity I: Community, Authority and Expansion
- THEO 524 - Journey Through Christianity II: Reformations, Modernities and the Global Context
- THEO 624 - Theological Imagination: Approaches to the Sacred
- THEO 547 - Ethics in a Time of Planetary Crisis
- THEO 690 - Discernment and Integration: Capstone Course

ESPP Track Courses

- Ignatian Tradition Course
 - The Ignatian Tradition course can be satisfied by any one of several different courses, such as THEO 513 Jesuit Theology & Spirituality or THEO 514 - Spiritual Exercises in the 21st Century.
- Scripture and Justice Course
 - The Scripture and Justice Course requirement could be fulfilled by one of several possible courses, such as THEO 579 - The Bible and Economic Justice or THEO 580 - Power, Politics and Empire in the New Testament.
- World Spiritual Traditions Course
 - The World Spiritual Traditions Course can be satisfied by one of several possible courses, such as Introduction to Buddhist Spirituality, or Sufism
- THEO 644 - Human Person: Spiritual and Psychological Development

Elective Courses or Research-Based Thesis Option

Solidarity and Sustainability in a Global Context (36 credit hours)

The Solidarity and Sustainability track revolves around the typical definition of sustainability as "development that meets the needs of the present without compromising the ability of future generations to meet their own needs."

This track integrates questions of economic, social and environmental sustainability with the spiritual traditions that engage human potential. Ethical issues are regularly examined, including social justice questions related to distribution of resources, and the need for communal and environmental stewardship in a variety of ways, including the kinds of personal and social transformation that stem from a "change of heart."

Goals of the program include:

- To form an awareness of the current issues of economic and environmental sustainability.
- To develop an appreciation of the complexity and interrelatedness of the global issues that impact economic and environmental sustainability.
- To develop an appreciation of the cultural and historical underpinnings of religious traditions and to learn from other religious traditions in order to deepen one's life and contribution to the world.
- To acquire an ability to discriminate between the peaceful practices and the violent habits within religious traditions and to strengthen the recognition of the diversity of the human drives, seeking meaning within and beyond established religion.
- To engender habits of responsible collaborative action grounded in critical theological reflection and ethical discernment, and to invite others to engage in similar reflection and action.

Foundational Courses

- THEO 503 - Liberating Bible
- THEO 520 - Journey Through Christianity I: Community, Authority and Expansion
- THEO 524 - Journey Through Christianity II: Reformations, Modernities and the Global Context
- THEO 624 - Theological Imagination: Approaches to the Sacred
- THEO 547 - Ethics in a Time of Planetary Crisis
- THEO 690 - Discernment and Integration: Capstone Course

SSGC Track Courses

- Ignatian Tradition Course
 - The Ignatian Tradition course can be satisfied by any one of several different courses, such as THEO 513 Jesuit Theology & Spirituality or THEO 514 - Spiritual Exercises in the 21st Century.
- Scripture and Justice Course
 - The Scripture and Justice Course requirement could be fulfilled by one of several possible courses, such as THEO 579 - The Bible and Economic Justice or THEO 580 - Power, Politics and Empire in the New Testament.
- World Spiritual Traditions Course
 - The World Spiritual Traditions Course can be satisfied by one of several possible courses, such as Introduction to Buddhist Spirituality or Sufism
- Global Justice or Ethics Course
 - The Global Justice or Ethics course can be satisfied by one of several different courses, such as THEO 607 - Theology of Immigration or THEO 610 - Christian Ethics and Globalization.

Elective Courses or Research-Based Thesis Option

Applied Spirituality and Pastoral Care (39 credit hours)

The Applied Spirituality and Pastoral Care track is oriented to human growth and is thus appropriate for all seekers, but it is also specifically helpful to those preparing for professional practice in varieties of pastoral care including chaplaincy, education, campus ministry, youth ministry and varieties of social ministries.

The track explores the richness of Christian spirituality as a way of life oriented to the intellectual, affective, humane and relational qualities of human existence that make life meaningful and worthwhile. It prepares students to engage pastoral work in pluralistic contexts, since their social and pastoral ministries require cultural sensitivities, practical skills and a capacity to connect across religious traditions, with openness and respect.

Through the track, students:

- Gain knowledge about the tradition of Christian spirituality as a resource for theological imagination, personal and communal identity, and personal development.
- Gain an understanding of spiritual practices that promote personal growth, health and well-being, and share those spiritual practices with others in ways that are sensitive to

and respect our pluralistic cultural context.

- Gain the skills necessary to engage pastoral practice with clarity about how spiritual growth and spiritual practice enhances their effectiveness and their longevity as pastoral caregivers.

Foundational Courses

- THEO 503 - Liberating Bible
- THEO 520 - Journey Through Christianity I: Community, Authority and Expansion
- THEO 524 - Journey Through Christianity II: Reformations, Modernities and the Global Context
- THEO 624 - Theological Imagination: Approaches to the Sacred
- THEO 547 - Ethics in a Time of Planetary Crisis
- THEO 690 - Discernment and Integration: Capstone Course

ASPC Track Courses

- Global Justice or Ethics Course
 - The Global Justice or Ethics course can be satisfied by one of several different courses, such as THEO 607 - Theology of Immigration or THEO 610 - Christian Ethics and Globalization.
- THEO 630 - Theology of Ministry
- THEO 632 - Ethics in Ministry
- THEO 644 - Human Person: Spiritual and Psychological Development
- THEO 645 - Pastoral Care & Counseling
- THEO 635 - Ministerial Internship or THEO 738 - Youth & Campus Ministry or THEO 715 - Supervised Field Education

ASPC Practicum

- CPE (Clinical Pastoral Education) with Theological Reflection

Minors

Health, Ethics and Spirituality minor

The Health, Ethics and Spirituality minor, a collaboration between the Department of Theology and the healthcare-related programs at Xavier, will provide enhanced integrative opportunities for students specializing in the health sciences to deepen their engagement with questions of meaning, purpose, and value, and to explore issues of spiritual and ethical concern most relevant to health care professionals.

15 credit hours

Required Courses

- THEO 111 - Theological Foundations
and either
- THEO 312 - Christian Health Care Ethics
or
 - THEO 340 - Health, Religions, Ethics

9 credit hours from the following:

- THEO 312 - Christian Health Care Ethics (if THEO 340 is taken as the required minor course)
 - THEO 340 - Health, Religions, Ethics (if THEO 312 is taken as the required minor course)
- THEO 327 - Religion and Bioethics
- THEO 372 - Disability, Ethics & Theology
- THEO 313 - Christian Sexual Ethics
- THEO 315 - Contemporary Ethical Issues
- THEO 374 - Buddhist Christian Exploration
- THEO 345 - The Challenge of Peace
- THEO 386 - Spirituality & Solidarity
- THEO 416 - Theology and Trauma
 - GDST 258 - Race, Religion and Healing
 - GDST 350 - Medical Racism

Religious Education Minor

The Religious Education minor is designed to prepare theology majors to meet the Archdiocese of Cincinnati's professional requirements for Catholic High School Religion Teacher Certification. The Religious Education minor alone does not suffice to meet those professional requirements. Rather, the theology major must be completed in addition to this minor in order to satisfy the necessary educational requirements for archdiocesan certification. The certification standards of other Catholic dioceses are similar to Cincinnati's, but students are strongly encouraged to check with the diocese where they plan to teach religion.

The Religious Education minor is only available to students majoring in Theology.

19 total credit hours are required, as follows:

- EDFD 110 - Human Development & Learning
 - EDMS 338 - Methods, Curriculum & Assessment in Theology
- EDSP 380 - Classroom Management
- EDMS 411 - Clinical Experiences
- EDMS 471 - Student Teaching: Multi-Age

Note(s):

- A 2.70 minimum cumulative average must be attained in all Theology courses and the courses for the minor. The Theology Department will also assess a student's readiness to teach in January of their junior year.

Spirituality and Solidarity Minor

18 total credit hours are required, as follows:

- THEO 111: *Theological Foundations*
- THEO 386: *Spirituality and Solidarity*
- An approved course in spirituality (Christian, Buddhist, or another tradition)
- An approved course focusing on social and/or ecological issues (such as poverty, hunger, violence, immigration, gender, race, climate change, etc.)
- Six hours of electives from THEO 201-499

Note:

Courses used to complete the Spirituality and Solidarity minor may not double-count in meeting the requirements of the Theology minor.

Theology Minor

18 total credit hours are required, as follows:

12 hours of theology courses from:

- THEO 111 - Theological Foundations
- THEO 209 - Exploring the Christian Past I or
- THEO 210 - Exploring Christian Past II

- THEO 351 - Intro to Hebrew Scriptures or
- THEO 328 - Intro to Christian Scriptures
- THEO 303 - Christian Ethics: Methods & Q

6 hours of electives from:

- THEO 201-499 (Refer to Course Descriptions.)

Note(s):

- The core curriculum theology requirement is included within the minor.
- A 2.000 cumulative average must be attained in these courses.
- Courses used to complete the Theology minor may not double-count in meeting the requirements of the Spirituality and Solidarity minor.

College of Nursing

College of Nursing

Following the precepts put forth in Xavier University's mission statement and Jesuit tradition, the faculty of the College of Nursing affirms its mission to educate undergraduate and graduate students with an emphasis on preparing them to be nursing leaders and scholars in the delivery of interprofessional, collaborative, holistic care in a complex, population-based, dynamic health care environment and diverse socio-political global community. Ignatian values frame the faculty and students' personal and professional development, their scholarship, leadership and service.

The College of Nursing's mission statement and philosophy are accessible to current and prospective students, faculty and other constituents and can be found at: <http://www.xavier.edu/nursing-graduate-programs/mission.cfm> . Faculty eagerly embrace the challenge to prepare the next generation of nurse professionals to work and lead in the nation's evolving health care system.

The College offers a baccalaureate degree, a master's degree and doctor of nursing practice degree. There are three pre-licensure program options: the Bachelor of Science in Nursing (BSN), the Accelerated BSN (ABSN), and the Master of Science in Nursing: Director Entry as Second Degree (MIDAS). There is one pathway to the master's degree: a traditional masters for nurses with a BSN.

Also offered are three dual degrees: MSN/MBA*, MSN/MEd, and MSN/MSCI.

Two post-master's certificate options are available to registered nurses with a Master of Science in Nursing: family nurse practitioner and psychoatric/mental health nurse practitioner. Students completing the program are eligible to sit for the family nurse practitioner certification and psychiatric mental health nurse practitioner exams.

The Doctor of Nursing Practice (DNP) in Population Health Leadership program is a population health focused post-master's program for nurses from a variety of practice settings to become leaders in addressing the complexity of health care outcomes in the 21st century.

The baccalaureate degree program in nursing, master's degree program in nursing, Doctor of Nursing Practice program and post-graduate APRN certificate program at Xavier University are accredited by the Commission on Collegiate Nursing Education <http://www.ccnaccreditation.org>

Enrolled students must present evidence of the following **prior to entrance in all clinical/practicum courses and as required:**

1. Completed HIPAA Requirements and OSHA requirements
2. MMR immunization
3. Proof of varicella (chicken pox) immunization/immunity

4. Completed Hepatitis B series
5. Annual tuberculosis screening
6. Up to date Tdap vaccination (Adacel)
7. Annual physical examination completed by health care provider
8. Current BLS training for healthcare providers provided by the American Heart Association (part 1 and part 2).
9. Proof of current health care coverage throughout nursing program
10. Liability insurance (\$2,000,000/\$4,000,000), purchased through the University and billed to student's account.
11. Influenza (annual) vaccine by required date
12. RN licensure in the United States and in the state in which the student will participate in clinical rotations (required for individuals enrolled in graduate nursing for registered nurses programs only). This requirement does not apply to students in the BSN, ABSN or MSN MIDAS program.
13. Annual federally regulated background check
14. Annual federally regulated drug test
15. Release of Records authorization
16. Fire safety training verification
17. Assumption of risk and release agreement
18. Additional clinical requirements may be necessary depending on the clinical site.

Further details can be found in: Student Health and Background Check Requirements for the College of Nursing policy.

In addition to costs associated with the above listed requirements, students are responsible for costs related to providing their own transportation to and from clinical sites, clinical supplies and required uniforms.

Go to <https://www.xavier.edu/msn/Admission.cfm> to reference graduate admission requirements for registered nurses.

Go to <https://www.xavier.edu/msn/midas.cfm> to reference MSN MIDAS graduate admission requirements.

College of Nursing

Bachelor of Science in Nursing

Nursing - Accelerated (ABSN), B.S.N.

The Accelerated Bachelor of Science in Nursing (ABSN) program is for individuals who have bachelor degrees in other fields and wish to become registered nurses. This program builds upon the current BSN degree program which is fully approved by the Commission Collegiate on Nursing Education (CCNE) and approved by the Ohio Board of Nursing. Admission to the ABSN program will follow the successful completion of a bachelor's degree from an accredited program. For more information, see <https://acceleratednursing.xavier.edu/>.

The following four program objectives guide the ABSN program: 1. Demonstrate scholarship through critical thinking vital to professional judgement and ethical/moral decision making; 2. Exemplify service by valuing the dignity and worth of each person while providing thoughtful, compassionate and competent professional care with clients in transition; 3. Demonstrate leadership by coordinating, delegating, collaborating and maintaining collegial relationships with other members of the interdisciplinary health care team to promote the health and welfare of clients; and, 4. Value personal and professional growth through involvement in professional activities and by assuming responsibility for professional competence and continuing education.

The 63 credit hour curricula for the ABSN program is sequentially and logically structured to achieve expected individual and aggregate student outcomes related to program objectives. Didactic content is applied to health care delivery in eight (8) practicum courses over program. Practicums are started in the first semester. Content becomes more complex with each succeeding semester. Students are gradually placed in more complex health care environments within the community (i.e. schools, nursing homes, hospitals, rehabilitation centers and home health) and end their course of practicum study with an immersion experience. Successful completion of objectives for individual courses within the nursing major at each level provides the knowledge and skills necessary for a smooth transition to the next level. Upon completion of the program, students will have provided nursing care to individuals across the life span with diverse cultural backgrounds. The combined course work promotes student achievement of program objectives.

Admission Criteria

Applicants must have bachelor degrees from accredited programs with a GPA of 2.7 or better. Students must also complete Anatomy and Physiology and Microbiology pre-requisite courses.

Major Requirements

- NURS 100 - Survey of Professional Nursing
- NURS 110 - Health, Culture and Diversity
- NURS 200 - Foundations of Nsg Practice I
- NURS 201 - Found of Nurs Prac I Practicum
- NURS 202 - Foundations of Nsg II
- NURS 203 - Found of Nurs Pra II Practicum
- NURS 260 - Pathophysiology I
- NURS 261 - Pathophysiology II
- NURS 270 - Pharmacology I
- NURS 271 - Pharmacology II
- NURS 300 - Nrsg Concepts Mental Hlth I
- NURS 301 - Nrsg Ccpts Ment Hlth I Pract
- NURS 302 - Nrsg Concepts Mental Hlth II
- NURS 303 - Nrsg Ccpts Ment Hlth II Pract

- NURS 352 - Nursing Care of the Adult II
- NURS 353 - Nrsg Care of the Adult 2 Pract
- NURS 354 - Nursing Care of the Adult 3
- NURS 355 - Nrsg Care of the Adult 3 Pract
- NURS 430 - Community Health 1
- NURS 431 - Community Health I Pract
- NURS 432 - Community Health 2
- NURS 433 - Comm Health 2 Practicum
- NURS 480 - Nurs Care of Complex Client I
- NURS 481 - Nurs Care Comp Client 1 Pract
- NURS 482 - Nurs Care of Complex Client 2
- NURS 483 - Nurs Care Comp Client 2 Pract
- NURS 499 - Transition to Prof Nurs

Course Sequence

Each semester is 2 terms. Each term is 8 weeks in length. The entire course of study is 63 credits taught over four semesters.

First Semester

Total Hours (15)

Term 1

- NURS 100 Survey of Professional Nursing
- NURS 200 Foundations of Nursing Practice I
- NURS 201 Foundations of Nursing Practice I Practicum

Total (7)

Term 2

- NURS 110 Health, Culture, and Diversity
- NURS 202 Foundations of Nursing Practice 2
- NURS 203 Foundations of Nursing Practice 2 Practicum

Total (8)

Second Semester

Total Hours (15)

Term 3

- NURS 260 Pathophysiology I
- NURS 270 Pharmacology I
- NURS 300 Nursing Concepts in Mental Health I
- NURS 301 Nursing Concepts in Mental Health I Practicum

Total (6)

Term 4

- NURS 261 Pathophysiology II
- NURS 271 Pharmacology II
- NURS 350 Nursing Care of the Adult I
- NURS 351 Nursing Care of the Adult I Practicum
- NURS 302 Nursing Concepts in Mental Health II
- NURS 303 Nursing Concepts in Mental Health II Practicum

Total (9)

Third Semester

Total Hours (17)

Term 5

- NURS 352 Nursing Care of the Adult II
- NURS 353 Nursing Care of the Adult II Practicum
- NURS 340 Obstetric/Women's Health Nursing
- NURS 341 Obstetric/Women's Health Nursing Practicum
- NURS 330 Research

Total (10)

Term 6

- NURS 354 Nursing Care of the Adult III

- NURS 355 Nursing Care of the Adult III Practicum
- NURS 342 Pediatric Nursing
- NURS 343 Pediatric Nursing Practicum

Total (7)

Fourth Semester

Total Hours (16)

Term 7

- NURS 480 Nursing Care of the Complex Client I
- NURS 481 Nursing Care of the Complex Client Practicum I
- NURS 430 Nursing Concepts in Community Health I
- NURS 431 Nursing Concepts in Community Health Practicum I

Total (7)

Term 8

- NURS 482 Nursing Care of the Complex Client II
- NURS 483 Nursing Care of the Complex Client Practicum II
- NURS 432 Nursing Concepts in Community Health II
- NURS 433 Nursing Concepts in Community Health Practicum II
- NURS 499 Transition to Professional Nursing

Total (9)

Nursing, B.S.N.

The Bachelor of Science in Nursing program is designed for the student who is interested in becoming a professional registered nurse. The graduate is prepared as a generalist to meet the health care needs of diverse populations across the lifespan in an ever-changing, highly technical health care environment. The program is focused on an holistic health and wellness model and educates nurses in the skills of communication, coordination and cooperation with an interprofessional team of health care providers in a variety of settings. Teaching is enhanced by state-of-the-art clinical simulation laboratories and interprofessional learning opportunities.

Students are able to complete a program of study leading to the degree of Bachelor of Science in Nursing (BSN) in one of two tracks: the traditional, four-year track for students with no previous baccalaureate degree or the Accelerated Bachelor of Science in Nursing (ABSN) which is designed for individuals with a baccalaureate degree in other disciplines. All students meet the four program outcomes of scholarship, leadership, service and professional and personal development.

BSN Traditional Track

The four-year pre-licensure program requires 126 credits for graduation. Xavier's core curriculum requirements complement the innovative nursing curriculum. This well-rounded approach to education enables students to develop critical thinking and communication skills - two qualities essential in today's unpredictable and increasingly complex health care environment.

The BSN traditional track is a selective admission program. Go to: <http://www.xavier.edu/undergraduate-admission/Admission-Process.cfm> to review admission requirements specific to nursing.

Course Requirements

The 4 year BSN degree program requires undergraduate core curriculum courses, 62 credit hours of nursing courses, additional science courses, one additional math course and one additional social studies course. 120 credit hours are required for a bachelor's degree from Xavier University but due to the additional requirements for nursing major, 126 credit hours are required for the Bachelor of Science in Nursing..

B.S. in Nursing

This sample course sequence serves as a guideline for progress toward a degree. Seek guidance from your academic advisor.

Freshman Year

First Semester

- BIOL 140 - Human A&P I for Allied Health ^{1c}
- BIOL 141 - Hum A&P I Lab Allied Health ^{1c}
- Second Language I ^c
- SOCI 101 - Introduction to Sociology ^{1c} or SOCW 167 - Survey of Society Social Work
- NURS 130 - Ways of Knowing+
- THEO 111 - Theological Foundations or CORE 100 - First Year Seminar ^{2c}
- CORE 101 - First Year Co-Curriculum Program I

Total (16)

Second Semester

- BIOL 142 - Hum A&P II for Allied Health ^{1c}
- BIOL 143 - Hum A&P II Lab Allied Health ^{1c}
- Second Language II ^c
- Mathematics Elective ² (Required for Nursing)
- NURS 132 - Health and Culture I ⁺
- THEO 111 - Theological Foundations ^{2c} or CORE 100 - First Year Seminar
- CORE 102 - First Year Co-Curricular Program II

Total (16)

Sophomore Year

First Semester

- CHEM 150 - Physiological Chemistry ¹⁺
- CHEM 151 - Physiological Chemistry Lab ¹⁺
- NURS 224 - Nurs Therapeutics I: Asmt
- NURS 225 - Nurs Therapeutics I: Practicum
- PHIL 100 - Ethics as Intro to Philosophy
- ENGL 101 - English Composition ^c or ENGL 115 - Rhetoric ^c

Total (16)

Second Semester

- NURS 364 - Pathophysiology
- BIOL 200 - Microbiology ¹
- BIOL 201 - Microbiology Lab ¹
- NURS 230 - Nurs Theapeutics II
- NURS 231 - Nurs Therapeutics II Practicum
- Historical Perspectives Elective ^c

Total (16)

Junior Year

First Semester

- Theological Perspectives Elective ³
- MATH 116 - Elementary Statistics ** or MATH 156 - General Statistics ** (Mathematical Perspectives Electives):^c
- ENGL 205 - Literature & Moral Imagination ^c or CLAS 205 - Classical Lit & Moral Imagina ^c or SPAN 205 - Hispanic Lit & Moral Imagin ^c
- NURS 360 - Adults in Transitions
- NURS 361 - Adult in Transitions Practicum

Total (17)

Second Semester

- Philosophical Perspectives Elective ^c
- PSYC 277 - Abnormal Psychology ^c
- NURS 370 - Intro to Nursing Research (prereq Statistics)+
- NURS 374 - Childrearing Families in Transition
- NURS 375 - Childrearing Families in Transition Practicum
- NURS 376 - Childbearing Families in Transition
- NURS 377 - Childbearing Families in Transition Practicum

Total (17)

Senior Year

First Semester

- Humanities Elective ^c
- Nursing Elective
- NURS 452 - Mental Health Nursing
- NURS 451 - Mental Health Nursing Pract

- NURS 470 - Community Health Nursing
- NURS 471 - Community Health Nursing Pract

Total (14)

Second Semester

- NURS 472 - Care of the Complex Client
- NURS 473 - Care of Complex Client Practic
- NURS 498 - Senior Seminar
- Creative Perspectives Elective

Total (14)

Scheduling Notes:

- ¹ These courses must be taken in the semester indicated.
- ² These core courses must be taken freshman year
- ^C Meets university core requirement
- + In addition to the University core curriculum requirements, all students must satisfy the 5 flags. The 5 flags include: Diversity (NURS 132 fulfills), E/RS*, Oral Communication (NURS 130 fulfills), Quantitative Reasoning (CHEM 150, 151 fulfills), Writing (NURS 370 fulfills). *Nursing students may be able to fulfill the remaining E/RS flag by selecting a Theological Perspectives courses that is also approved as E/RS flag.
- ³ Nursing students should choose a course that fulfills the E/RS elective.
- ⁴ Humanities elective may be satisfied by 1 course from the following: All Classics except 205; ENGL 121+ except 205; FREN 300+, GERM 300+, HIST 200+, PHIL 300+, THEO 300+. Note: Humanities Elective may not double-count as an E/RS flag (though may be E/RS flagged course).
- No Theology course may double-count for both Theological Perspectives and Humanities Elective.
- Each practicum credit is equal to three (3) clock hours per week.
- The nursing elective may also be taken any time after the completion of all 200 level nursing courses.

Progression Notes:

- A minimum grade of "C" is required in all nursing courses and in science, math and social science courses.
- A cumulative GPA of 2.700 is required to progress to sophomore level and must be maintained throughout the program.

Master of Science in Nursing

Nursing, M.S.N.

The Master of Science in Nursing is available for pre- and post-licensure students.

The second degree pre-licensure MSN (MIDAS program) is designed for the individual with a bachelor degree in another discipline who wishes to be a registered nurse. See MIDAS information and curriculum at www.xavier.edu/msn/midas. See admission for MSN MIDAS at www.xavier.edu/msn/msn-midas-admission.cfm.

The Master of Science in Nursing (MSN) for registered nurses provides the opportunity to obtain advanced level preparation in nursing science. Graduates of the program are prepared to assume professional leadership roles that encompass educational, consultative, and managerial functions. They are prepared to design and establish delivery services and practice in response to current health care policy changes.

The MSN for registered nurses requires a minimum of 36 semester hours of which a minimum of ten semester hours are required for each track.

Objectives of the MSN Program

Core nursing and graduate support courses provide a foundation and with the opportunity to obtain advanced level preparation in nursing science.

Graduates of the MSN program are prepared to assume professional leadership roles that encompass educational, consultative, and managerial functions. They are also prepared to design and establish delivery services in response to current health care policy changes.

The graduate of the program of study leading to the Master of Science in Nursing degree will:

1. Synthesize theoretical and empirical knowledge from the humanities and the sciences, including nursing, and evaluate it for its use in guiding nursing research and practice.
2. Exhibit competence and confidence when assuming role responsibilities as a graduate with advanced level preparation.
3. Exemplify moral and ethical leadership through a concern for others, the management of nursing care, and a commitment to professional excellence in the delivery of health care and the profession.
4. Evaluate issues and opportunities in health care delivery from ethical, sociopolitical, technological, and historical frameworks while providing leadership for change.
5. Validate and extend nursing knowledge through interpretation of and collaboration in nursing research.
6. Communicate orally and in writing in a scholarly manner.
7. Develop in-depth knowledge in a concentrated area of study.

Admission

A Bachelor of Science in Nursing is required for admission to the MSN program

Admission Requirements: www.xavier.edu/msn/Admission.cfm

Requirements for the MSN degree

Nursing Core Requirements (20 semester hours)

(MSN FNP requires 17 hours, MSN MIDAS requires 18 hours)

- NURS 500 - Health Care Ethics-Nurse Leads
- NURS 501 - Theoretical Bases for Nurs Pra
- NURS 502 - Nursing Research
- NURS 690 - Healthcare Policy-Nurse Leader
- NURS 754 - Ldrshp/Management Concepts (FNP students take NURS 532 in place of NURS 754)

- NURS 505 - Health Care Informatics OR
- NURS 854 - Advanced Informatics (NURS 854 required for MSN Clinical Nurse Leader track and MSN MIDAS)

- NURS 864 - Epidemiologic Methods

Synthesis & Application for Registered Nurses

MIDAS is a pre-licensure program and requires NURS 857 in place of of NURS 703, 705, 797.

Education and Forensics tracks:

- NURS 703 - Graduate Nursing Practicum I
- NURS 705 - Graduate Nursing Practicum II
- NURS 797 - Scholarly Project

Family Nurse Practitioner track

- NURS 797 - Scholarly Project

MSN MIDAS

See Nursing, M.S.N. - MIDAS Program (Pre-licensure)

Track (Minimum of 10 semester hours)

Education Track:

- NURS 580 - PathoPharm and Assessment for the Nurse Educator
- NURS 660 - Adult Learners HC Academia
- NURS 662 - Adv Technology & Simulation (Optional Elective Course)
- NURS 664 - Teaching Strategies
- NURS 670 - Curr Assess Plan Dev Eval

Forensics Track:

- NURS 642 - Psycho/Social/Legal Forensics
- NURS 648 - Found of Forensic Nursing
- CJUS 620 - Socio of Crime & Deliquency
- NURS 779 - Applied Interprofession Collab

Family Nurse Practitioner Track:

Courses restricted to FNP students.

- NURS 532 -Leadership for Advanced Practice Nurses
- NURS 658 - Advanced Clinical Pharmacology
- NURS 680 - Adv Pathophysiology for RN
- NURS 756 - Advanced Health Assess RN
- NURS 770 - Primary Care Fam Pract Role
- NURS 771 - WomenÇÖs & Family Heal Care Pra
- NURS 772 - WomenÇÖs and Family Health Care
- NURS 773 - Ped & Adol Health Care Pract
 - NURS 774 - Pediatric and Adolescent Family Care
- NURS 775 - Adult & Geriatric Fam Care Pra

- NURS 776 - Adult & Geriatric Family Care
- NURS 777 - FNP In Practice

FNP Track Notes:

- Each practicum credit hour is eight clinical hours: 1:8.
- The total number of practicum hours required for the FNP is 600.
- A total of 47 hours is required - with a minimum overall cumulative GPA of 3.000.

The following tracks are not admitting students at this time.

Administration Track:

Synthesis & Application for Registered Nurses Required Courses

- NURS 703 - Graduate Nursing Practicum I
- NURS 705 - Graduate Nursing Practicum II
- NURS 797 - Scholarly Project

Track

- NURS 634 - Nurs Admin In Complex Health
- NURS 636 - Financial Mgmt for Nursing Adm
- NURS 764 - Administrative Informatics
- A Guided Elective Course

Clinical Nurse Leader Track:

Synthesis and Application for Registered Nurses

- NURS 559 - Microsystem Assessment
- NURS 859 - CNL Scholarly Project I
- NURS 861 - CNL Scholarly Project II
- NURS 871 - Leadership Practicum

Track

- NURS 558 - Introduction to CNL for RNs
- NURS 602 - Applying CNL Concepts to RNs
- NURS 658 - Advanced Clinical Pharmacology
- NURS 680 - Adv. Pathophysiology for RNs
- NURS 756 - Advanced Health Assessment RN

General Studies Track:

Synthesis & Application for Registered Nurses Required Courses

- NURS 703 - Graduate Nursing Practicum I
- NURS 705 - Graduate Nursing Practicum II
- NURS 797 - Scholarly Project

Track

Customize course of study. Choose courses from any of these tracks Administration, Education, Clinical Nurse Leader, Forensics, Health Care Law, or Informatics. May serve as a path to a future goal.

Health Care Law Track:

Synthesis & Application for Registered Nurses Required Courses

- NURS 703 - Graduate Nursing Practicum I
- NURS 705 - Graduate Nursing Practicum II
- NURS 797 - Scholarly Project

Track

- NURS 610 - Liability Health Care Org/Prof
- NURS 611 - Med-Lgl Rsrch, Writing & Presn
- NURS 642 - Psycho/Social/Legal Forensics
- HESA 581 - Health Care Legal Aspects

Informatics Track:

Synthesis & Application for Registered Nurses Required Courses

- NURS 703 - Graduate Nursing Practicum I
- NURS 705 - Graduate Nursing Practicum II
- NURS 797 - Scholarly Project

Track

- NURS 634 - Nurs Admin In Complex Health
- NURS 764 - Administrative Informatics
- NURS 779 - Applied Interprofession Collab
- NURS 854 - Advanced Informatics

General Note:

- A minimum of 36 credit hours is required, with a minimum overall cumulative GPA of 3.000.

Nursing, M.S.N. - MIDAS Program (Pre-licensure)

The Master of Science in Nursing: Direct Entry as Second Degree, the (MIDAS) program is designed for mature, goal-directed individuals who have a bachelor degree in a discipline other than nursing who desire to be a licensed registered nurse (RN). The twenty month MIDAS program is a five-semester (including one summer), fulltime program of study. Upon successful completion of the program, the student is eligible to sit for the National Council Licensure Exam-Registered Nurse (NCLEX-RN). The student will graduate with a Master of Science in Nursing (MSN).

The MIDAS program includes the Clinical Nurse Leader (CNL) role within this generic master's program. The Clinical Nurse Leader is an innovative nursing role developed by the American Association of Colleges of Nursing to prepare graduate nurse leaders for reforming the health care delivery system and putting best practice into action. All MIDAS graduates who have become registered nurses are eligible to sit for the Clinical Nurse Leader Certification Examination and are also eligible to sit for the American Holistic Nurses' Certification examination.

Admission Requirements: www.xavier.edu/msn/MSN-MIDAS-Admission.cfm

Curriculum

The MSN MIDAS program requires five semesters (fall/spring/summer/fall/spring) of full-time study.

MSN MIDAS Nursing Core (18 semester hours)

- NURS 500 - Health Care Ethics-Nurse Leaders
- NURS 501 - Theoretical Bases for Nurse Practitioners
- NURS 502 - Nursing Research
- NURS 754 - Leadership/Management Concepts
- NURS 854 - Advanced Informatics
- NURS 864 - Epidemiologic Methods

MIDAS Courses

- NURS 550 - Nursing Perspectives I
- NURS 552 - Art & Science of Nursing
- NURS 553 - Art & Science of Nursing Practicum
- NURS 554 - Essentials of Pathophysiology
- NURS 560 - Nursing Perspectives II
- NURS 562 - Art & Science of Family Nursing
- NURS 563 - Art & Science Family Nursing Practicum
- NURS 564 - Art & Science & Adult Nursing
- NURS 565 - Art & Science & Adult Nursing Practicum
- NURS 650 - Art & Science of Advanced Nursing
- NURS 651 - Art & Science Advanced Nursing Practicum
- NURS 652 - Art & Science of Psychiatric Nursing
- NURS 653 - Art & Science of Psychiatric Nursing Practicum
- NURS 654 - Advanced Pharmacology
- NURS 656 - Advanced Pathophysiology
- NURS 750 - Nursing Perspectives III
- NURS 752 - Community Nursing/Public Health Policy
- NURS 753 - Community/Public Health Nursing Practicum
- NURS 850 - Nursing Perspectives IV

Synthesis & Application for MSN MIDAS

- NURS 857 - Leadership Practice and Scholarly Project

Note(s):

- Each practicum credit hour is equal to 4 clock hours per week.
- Total credit hours required for the MIDAS program is 79 semester credit hours

Psychiatric Mental Health Nurse Practitioner, MSN

The psychiatric/mental health nurse practitioner (PMHNP) program focuses on children, adolescents, adults, and the elderly who are at risk for developing and/or are experiencing acute or complex mental health problems, behavior disorders or psychiatric diagnoses. The PMHNP curriculum focuses on facilitating the transitions of individuals, families, communities and populations' health and well-being across the lifespan and the utilization of evidence-based, culturally sensitive, recovery-oriented holistic care.

Graduates of the PMHNP program will be prepared to apply a holistic nursing process and medical/medication management to promote optimal mental health while engaging in active, ongoing collaboration with individuals, their families, significant others, and the interprofessional team. Graduates are eligible for national certification through the American Nurses Credentialing Center

Curriculum

MSN Core Curriculum (21 Semester Hours for NP)

- NURS 500 - Health Care Ethics-Nurse Leaders
- NURS 501 - Theoretical Bases for Nurse Practitioners
- NURS 502 - Nursing Research
- NURS 505 - Health Care Informatics
 - NURS 532 - Leadership and Management for NPs
- NURS 690 - Healthcare Policy-Nurse Leader
- NURS 864 - Epidemiologic Methods
- NURS 797 - Scholarly Project

Nurse Practitioner Core (9 semester hrs.)- pre-requisites

- NURS 658 - Advanced Clinical Pharmacology
- NURS 680 - Adv Pathophysiology for RN
- NURS 756 - Advanced Health Assess RN

PMHNP Core (19 semester hours)

- Nurs 780 PMHNP Core 1 (3)
- Nurs 783 PMHNP Clinical Practicum 1 (1)*
- Nurs 781 Role Development (1)
- Nurs 782 Ethical issues in Psychiatric Mental Health Nursing (1)

- Nurs 784 PMHNP Core 2 (3)
- Nurs 785 PMHNP Clinical Practicum 2 (1)*
- Nurs 787 PMHNP Clinical Practicum 3 (1)*
- Nurs 786 Psychopharmacology (2)

- Nurs 788 PMHNP Core 3 (3)
- Nurs 789 PMHNP Clinical Practicum 4 (1)*
- Nurs 791 PMHNP Clinical Practicum 5 (1)*
- Nurs 790 Current Issues and Trends in PMH (1)

* Practicum courses: 1cr = 120 contact hours/ semester (8 contact hr/cr./week)

RN to MSN Program

This program is not admitting students at this time.

The RN to MSN curriculum is designed for experienced registered nurses who are goal directed leaders and seek a high quality program that efficiently meets their need to obtain a MSN degree in a timely manner. Students in this program are registered nurses without a baccalaureate degree in any field, but have a minimum of two years of full-time nursing practice as registered nurses. Applicants must demonstrate leadership potential, motivation, specific career goals and an excellent academic record. It is expected applicants will already have completed foundational courses in their basic training prior to entering the program. These courses would include content in the following areas: anatomy and physiology, microbiology, chemistry, sociology, general psychology, developmental psychology, English composition and health assessment skills. Foundational content will be validated through the essay and resume.

Registered nurses applying to the MSN or RN to MSN program must be graduates of a nursing program accredited by the Accrediting Commission for Education in Nursing (ACEN), formerly NLNAC or the Commission on Collegiate Nursing Education (CCNE). Graduates of an associate degree academic program must have obtained a degree

from a college or university accredited by the Commission on Institutions of Higher Education from one of the six regional accrediting bodies (MSA, NASC, NCA, NEASC, SACS, or WASC).

Students enrolled in the RN to MSN program complete 18 semester hours of prerequisite courses. These prerequisite courses build upon previous education and are required as preparation for the graduate program. Once prerequisites are met, students may matriculate into the graduate program. Admission to the graduate courses is contingent upon completion of all prerequisite courses and a minimum 3.000 cumulative grade point average in courses completed at Xavier.

Admission Requirements: www.xavier.edu/msn/Admission.cfm

RN to MSN Program Pre-requisite Courses:

- ENGL 101 - English Composition
- NURS 490 - Analysis of Healthcare Info *
- PHIL 100 - Ethics as Intro to Philosophy
- THEO 111 - Theological Foundations
- NURS 442 - The Community as Partner
- NURS 496 - Professnl Developmt Grad Stud

Note(s):

* NURS 490 meets the statistics requirement. Alternately, this requirement may be met by a previously completed statistics course or XU's MATH 116 or MATH 156.

The MSN program consists of a minimum of 36 semester hours.

Doctor of Nursing

Population Health Leadership, D.N.P.

The Doctor of Nursing Practice (DNP) degree program is an online population health-focused post-master's degree program for nurses from a variety of practice settings to become leaders in addressing the complexity of health care and health care outcomes in the 21st century. Through the lens of the Jesuit tradition, the student builds on a previously earned master's degree to achieve the highest level of academic preparation that incorporates scientific, philosophical, ethical, and historical perspectives of nursing practice along with a perspective of the complexities of present and future global and holistic health care. Additionally, organizational and systems leadership, population focused healthcare, health policy that includes advocacy in health care, and interprofessional collaboration to address health care outcomes will be considered. The design, implementation, and evaluation of delivery methods that address outcomes to improve the health of the nation will be the capstone focus. Xavier DNP graduates will be well positioned for translating the science of population health nursing as nurse leaders in an ever-changing global health care environment.

Immersion experiences in a variety of environments occur throughout the curriculum and focus on integration and application of credible research findings within the evidence base. Innovation to support management of care for individuals and populations, administration of nursing and health care organizations, and development and implementation of health policy that will ultimately influence health care outcomes for populations is also a part of the immersion experience. Using conceptual and analytical skills, students provide leadership in clinical scholarship and synthesize relationships among practice, organizations, diverse populations, fiscal resources and policy concerns to advance the delivery of quality, safe, efficient and effective health care for diverse populations.

The 39-42 variable credit hour program is a 100% online educational offering with a campus-based orientation prior to the beginning of the first fall semester. Students move through the 8 semester program taking 3 to 7 credits per semester. Variable credits are due to an epidemiology course that is required of all AACN Master of Science in Nursing (MSN) graduates and Doctor of Nursing Practice (DNP) graduates. MSN graduates who have approved credit for an equivalent epidemiology course from their master's curriculum are not required to repeat the course. Up to 500 hours of clinical immersion from a master's program and/or advanced certification may be accepted toward the 1,000 immersion hours required for DNP.

Program Objectives

1. Integrate the scientific, philosophical, ethical, and historical underpinnings of professional nursing practice from a global and holistic perspective.
2. Provide organizational and systems leadership for quality improvement and systems thinking.

3. Provide leadership in clinical scholarship and analytical methods for the translation of research in evidence-based care.
4. Utilize information systems/technology and patient care technology for the holistic improvement and transformation of health care.
5. Influence health care policy by possessing essential skills in policy and advocacy.
6. Establish interprofessional collaboration for holistically improving patient and population health outcomes.
7. Design, implement, and evaluate health care delivery methods for illness prevention and population health for improving the nation's health.
8. Utilize conceptual and analytical skills to distinguish relationships among practice, organizations, diverse populations, fiscal resources, and policy concerns and to advance nursing practice.

Prerequisite

- NURS 886 - Scholarly Writing Seminar

Curriculum

- NURS 900 - DNP Foundations
- NURS 902 - Adv Evidence Based Practice
- NURS 903 - Leadership in Complex Systems
- NURS 904 - Application Adv Research
- NURS 905 - Healthcare Fin and Econ
- NURS 906 - Informatics for Adv Nurs Pract
- NURS 907 - Eval & Analysis of Outcomes
- NURS 908 - Health Care Policy
- NURS 910 - Scholar of Adv Applic & Innov
- NURS 911 - DNP Project Immersion I
- NURS 915 - DNP Project Immersion II
- NURS 917 - DNP Project Immersion III
- NURS 919 DNP Project Immersion Extension (3)*

*If needed to complete an immersion semester

Dual Degree

Master of Science in Nursing / Master of Business Administration, M.S.N./M.B.A.

The complexity of the health care system has led more and more nurse leaders and administrators to strengthen their knowledge in the application of professional nursing and business theories and practices. Xavier University's College of Nursing and the Williams College of Business offer an outstanding opportunity for nursing leaders to receive a dual degree in a creative, integrated program that unites these two nationally recognized colleges.

This degree requires 62-65 credits or more depending on the student's choice of courses. Students may be required to take foundational business courses or demonstrate knowledge of the following courses by previous academics, professional credentials or through examination. Two capstone courses measure the accomplishment of each program's objective.

Admission Requirements: www.xavier.edu/msn/Admission.cfm

Requirements for the Dual Degree MSN/MBA

Nursing Core/Graduate Support (17 semester hours):

- NURS 500 - Health Care Ethics-Nurse Leaders
- NURS 501 - Theoretical Bases for Nurse Practitioners
- NURS 502 - Nursing Research
- NURS 505 - Health Care Informatics
- NURS 690 - Healthcare Policy-Nurse Leader
- NURS 754 - Leadership/Management Concepts
- NURS 864 - Epidemiologic Methods

Concentration (12 semester hours)

- NURS 634 - Nurse Administration in Complex Health Systems
- or
- MGMT 550 - Strategy and Organizations
- NURS 764 - Administrative Informatics
- or
- BAIS 550 - Business Information Systems
 - MBA Elective
 - MBA Elective

MBA Foundational Skills (2 semester hours)

- ACCT 500 - Foundations of Financial Accounting

MBA Core (21 semester hours):

- ACCT 550 - Managerial Accounting
- BLAW 550 - Business Law and Ethics
- BUAD 550 - International Business
- ECON 550 - Managerial Economics
- FINC 550 - Fundamentals of Finance
- MKTG 550 - Marketing Strategy

Synthesis & Application (4 semester hours):

- NURS 703 - Graduate Nursing Practicum I
- NURS 705 - Graduate Nursing Practicum II

Capstone Courses (5 semester hours):

- BUAD 690 - Corporate Governance or
- BUAD 691 - Global Strategic Thinking or

- BUAD 694 - Bond Portfolio Management
- NURS 797 - Scholarly Project

Master of Science in Nursing / Master of Education, M.S.N. / M.Ed.

The MSN/MEd program at Xavier University is an innovative, integrated program whereby the student will receive two separate degrees -- the Master of Science in Nursing (education track) and the Master of Education. This program was developed in response to a community need for nurse educators. The MSN/MEd prepares the graduate to administer and teach in educational settings (e.g., CE providerships, in-service educators and nurse educators).

The curriculum consists of a minimum of 58 semester credit hours. The core courses include theoretical and practical knowledge, which serve as the foundation for advanced nursing education in a variety of roles. Core courses focus on three major themes which are consistent with the philosophy for the graduate program: critical systematic inquiry, professional and personal development, and management of information and resources in a rapidly changing health care environment. The courses in the education track emphasize education principles and skills that enhance adult education management and practices.

Admission Requirements: www.xavier.edu/msn/Admission.cfm

Requirements for the Dual Degree MSN/MEd

Nursing Core required courses (20 semester hours):

- NURS 500 - Health Care Ethics-Nurse Leaders
- NURS 501 - Theoretical Bases for Nurse Practitioners
- NURS 502 - Nursing Research
- NURS 505 - Health Care Informatics
- NURS 690 - Healthcare Policy-Nurse Leader
- NURS 754 - Leadership/Management Concepts
- NURS 864 - Epidemiologic Methods

Required Nursing courses for Education track (11 hours)

- NURS 660 - Adult Learners HC Academia
- NURS 664 - Teaching Strategies
- NURS 670 - Curr Assess Plan Dev Eval
 - NURS 580 - Patho, Pharm & Assessment Nurse Education

MEd Courses required (9 semester hours):

- EDAD 660 - Curr Design & Teach Strategies
- EDFD 500 - History/Philosophy of Am Educ
- EDFD 505 - Org of Ed Systems in U.S.

Elective Courses (Total of 12 hours required)

Select 9 credits from the following education courses. *NURS 660 counts for 3 of the total of 12 elective hours required.

- EDAD 543 - Supervision of Inst/Staff Pers
- EDAD 562 - Political Structure & PR
- EDAD 563 - Sch Finance, Bus Aff / Phys
- EDAD 565 - School Law I
- EDAD 570 - Policy Planning & Evaluation
- EDSP 500 - Sp Ed: Identification & Issue
- EDFD 510 - Adv Human Develop & Learning

Synthesis & Application (6 semester hours):

- NURS 703 - Graduate Nursing Practicum I
- NURS 705 - Graduate Nursing Practicum II
- NURS 797 - Scholarly Project

Master of Science in Nursing / Master of Science in Criminal Justice, M.S.N. / M.S.

The MSN/MS-CJ program at Xavier University is an integrated program, whereby the student will receive two separate degrees -- the Master of Science in Nursing (forensic concentration) and the Master of Science with a major in Criminal Justice. The Master of Science in Nursing (MSN) program at Xavier University provides nurses with the opportunity to obtain advanced level preparation in nursing science. Graduates of the program are prepared to assume professional leadership roles that encompass educational, consultative, and managerial functions. They are prepared to design and establish delivery services in response to current health care policy changes. This integrated MSN/MS-CJ program was developed to compliment the forensics track of the MSN program. Graduates are prepared to function in non-traditional roles within the criminal justice system and address the changing needs of the nation to prepare nurses in bioterrorism and disaster planning.

The curriculum consists of a minimum of 46 semester credit hours. The core courses include theoretical and practical knowledge, which serve as the foundation for advanced nursing practice. Core courses focus on three major themes which are consistent with the philosophy for the graduate programs: critical systematic inquiry, professional and personal development, and management of information and resources in a rapidly changing health care environment. Additional courses in the MSN/MS-CJ dual degree emphasize forensic and criminal justice principles and skills that enhance the variety roles in nursing forensics and criminal justice in which graduates may be employed.

Admission Requirements: www.xavier.edu/msn/Admission.cfm

Requirements for the Dual Degree MSN / MSCJ

Nursing/Graduate required courses (21 semester hours):

- NURS 500 - Health Care Ethics-Nurse Leads
- NURS 501 - Theoretical Bases for Nurs Pra

- NURS 502 - Nursing Research
- NURS 505 - Health Care Informatics
- NURS 754 - Ldrshp/Management Concepts
- NURS 864 - Epidemiologic Methods
- CJUS 643 - Correctional Counseling

Track (18 semester hours):

- CJUS 609 Forensic Aspects in Population Health
- CJUS 611 - Law & Justice in America
- CJUS 620 - Socio of Crime & Delinquency
- CJUS 642 - Criminal Justice Administratio
- NURS 642 - Psycho/Social/Legal Forensics
- NURS 648 - Found of Forensic Nursing

Synthesis & Application (7 semester hours):

- CJUS 792 - Internship
- NURS 705 - Graduate Nursing Practicum II
- NURS 797 - Scholarly Project

Post Master's Certificate

Clinical Nurse Leader Post-Master's Certificate

This program is not admitting students at this time.

This certificate program is designed for the registered nurse with an earned master's degree in nursing who wants to add the certification as a Clinical Nurse Leader (CNL). This program will prepare registered nurses to assume roles as advanced generalists who deliver nursing care at the point of care. This role, the Clinical Nurse Leader, is a national initiative developed by the American Association of Colleges of Nursing (AACN) in 2004 to address fragmentation in health care delivery. The CNL role is a proactive, integrative and comprehensive role that assists direct care providers in bringing the best of health care science and practice to the point of care.

Specifically this program will allow those nurses with an earned master's degree:

- To complete coursework required for the CNL
- To take the CNL certification exam
- To receive documentation of the work on an official Xavier University academic transcript.

Clinical Nurse Leader Track Objectives

- Apply the art and science of nursing to the role of the clinical nurse leader at the point of care;
- Communicate effectively across health care disciplines;
- Ensure quality and safety in health care delivery;
- Implement and coordinate the best practice at the point of care and across settings;
- Integrate knowledge of nursing theory, research, epidemiology, informatics, ethics, health care policy, economics, healthcare finances and leadership into the management of healthcare delivery.

Admission Requirements: www.xavier.edu/msn/Admission-Post-Masters.cfm

Curriculum for Post Master's Certificate in Clinical Nurse Leader:

First Semester - Fall

- Nurs 558 Introduction to CNL for RNs
- Nurs 559 CNL Clinical Practicum:Microsystem Assessment (45 clinical hours)

Second Semester - Spring

- Nurs 680 Advanced Pathophysiology for RNs
- Nurs 602 Applying CNL Concepts for RNs (45 clinical hours)

Third Semester - Summer

- Nurs 658 Advanced Clinical Pharmacology for RNs
- Nurs 756 Advanced Health Assessment for RNs
- NURS 859 Scholarly Project I (45 clinical hours)

Fourth Semester - Fall

- Nurs 873 Leadership Practicum (135 clinical hours)
- Nurs 861 Scholarly Project II (45 clinical hours)

Total: 20 credits / 315 clinical hours

Note(s):

- A minimum overall cumulative GPA of 3.000.
- Part-time study will require one day per week for classes. Classes scheduled late afternoons and evenings. Summer will likely be two evenings per week.

Family Nurse Practitioner Post-Master's Certificate

Family Nurse Practitioners are prepared to care for individuals and families across the life span. FNP's have specialized advanced education and clinical competencies, FNP's use scientific principles, competencies and national standards of care as they diagnose, manage and treat healthcare concerns of individuals and families. Practice settings needing FNP's include primary care practices, nurse-managed health centers, and emerging ambulatory delivery models.

Registered nurses with a Master of Science in Nursing (MSN) from a regionally accredited college or university and CCNE accreditation are eligible to apply for the post-master's certificate program.

The post-master's certificate program requires between 19 to 28 semester hours, depending upon the applicant's previous completed course work.

Family Nurse Practitioner Objectives

1. Applies advanced practice skills, abilities and knowledge to provide holistic family centered primary health care to populations across the lifespan in a variety of

ambulatory care settings as an advanced practice nurse specializing in family nursing

2. Provides culturally competent, population-based preventive, management, and maintenance care for acute and chronic conditions for the family unit, however the family chooses to define itself
3. Demonstrate knowledge, skills, and abilities to sit for the FNP Certification Examination in order to apply for a state certificate of authority in advanced practice, as well as authority to prescribe as an FNP-BC (board certified)

Admission Requirements: www.xavier.edu/Admission-Post-Masters.cfm

Curriculum:

- NURS 532 -Leadership for Advanced Practice Nurses
- NURS 658 - Advanced Clinical Pharmacology
- NURS 680 - Adv Pathophysiology for RN
- NURS 756 - Advanced Health Assess RN
- NURS 770 - Primary Care Fam Pract Role
- NURS 771 - Women & Family Health Care Pra
- NURS 772 - Women & Family Health Care
- NURS 773 - Ped & Adol Health Care Pract
- NURS 774- Pediatric and Adolescent Family Care
- NURS 775 - Adult & Geriatric Fam Care Pra
- NURS 776 - Adult & Geriatric Family Care
- NURS 777 - FNP In Practice

Note(s):

Each practicum credit hour is eight clinical hours: 1:8. The total number of practicum hours required for the FNP is 600.

Nursing Education Post-Master's Certificate

Nurses who choose the Post-Master's Certificate in Nursing Education are provided with advanced level preparation in the principles of education. At the completion of this program, nurses are prepared to use their advanced knowledge and clinical experience to assume professional leadership roles that encompass all educational settings as nurse educators, consultants, staff educators, clinical nursing faculty, and continuing education providers.

Admission Requirements:

- Must be an RN applicant who has graduated with, or is about to graduate with: MSN, DNP, Ed.D. or Ph. D. (at least one graduate degree must be in nursing from a nationally accredited program)
- Applicants must hold an unencumbered Registered Nurse license to practice in the United States.
- A strong candidate will also possess:
 - 2 years of RN experience
 - Minimum 3.0 GPA
 - 3 professional references
 - at least one from a direct manager or supervisor who evaluates their clinical work
 - two will be from someone with a masters or doctoral degree

12 credit hours required:

- NURS 660: Development of the Adult Learner in Healthcare (3) (Pre-requisite to NURS 668, 670, & 701)
- NURS 664: Teaching Strategies (2) (Pre-requisite to NURS 668, 670, & 701)
- NURS 668: Current Trends in Nursing Education (2) (Pre-requisite to NURS 701)
- NURS 670: Curriculum Assessment, Planning, Development, and Evaluation (3)
- NURS 701: Educational Nursing Practicum (2)

Psychiatric Mental Health Nurse Practitioner Post-Master's Certificate

The psychiatric/mental health nurse practitioner (PMHNP) program focuses on children, adolescents, adults, and the elderly who are at risk for developing and/or are experiencing acute or complex mental health problems, behavior disorders or psychiatric diagnoses. The PMHNP curriculum focuses on facilitating the transitions of individuals, families, communities and populations' health and well-being across the lifespan and the utilization of evidence-based, culturally sensitive, recovery-oriented holistic care.

Graduates of the PMHNP program will be prepared to apply a holistic nursing process and medical/medication management to promote optimal mental health while engaging in active, ongoing collaboration with individuals, their families, significant others, and the interprofessional team. Graduates are eligible for national certification through the American Nurses Credentialing Center.

Curriculum

Pre-requisite: the Nurse Practitioner Core

- Nurs 658 Advanced Clinical Pharmacology (3)
- Nurs 680 Advanced Pathophysiology for RNs (3)
- Nurs 756 Advanced Health Assessment for RNs (3)

PMHNP Core

- Nurs 780 PMHNP Core 1 (3)
- Nurs 783 PMHNP Clinical Practicum 1 (1)*
- Nurs 781 Role Development (1)
- Nurs 782 Ethical issues in Psychiatric Mental Health Nursing (1)
- Nurs 784 PMHNP Core 2 (3)
- Nurs 785 PMHNP Clinical Practicum 2 (1)*
- Nurs 787 PMHNP Clinical Practicum 3 (1)*
- Nurs 786 Psychopharmacology (2)
- Nurs 788 PMHNP Core 3 (3)
- Nurs 789 PMHNP Clinical Practicum 4 (1)*
- Nurs 791 PMHNP Clinical Practicum 5 (1)*
- Nurs 790 Current Issues and Trends in PMH (1)

* Practicum courses: 1cr = 120 contact hours/ semester (8 contact hr/cr./week)

College of Professional Sciences

College of Professional Sciences

The College of Professional Sciences is comprised of a vibrant and dedicated community of faculty and support staff committed to preparing undergraduate and graduate students for lives of service in education, health and the social and behavioral sciences. Our College is "Magis-in-Service" as we are women and men for others meeting the needs of people and organizations in our community. We are connected to the world around us, and we seek to broaden our reach through collaborative practice and partnerships, where faculty, staff and students from a variety of disciplines collaborate to find innovative solutions to better serve our world. We seek to ensure that our programs focus on shaping the future leaders in our disciplines and professions.

We challenge students to strive for academic excellence and life-long learning, provide applied experiences grounded in theoretical foundations, promote collaboration and community partnerships, incorporate research, scholarship, and innovation, and integrate ethical behavior and a respect for individual differences and diversity.

Degrees and Programs

The College offers undergraduate and graduate degrees in the service and helping professions, as well as certification, licensing and credentialing programs, and several online degrees. Its schools, departments, and centers work together to prepare students for careers primarily in health, education and social science -awarding nearly half the degrees granted at Xavier. Two of Xavier's three doctoral programs, Clinical Psychology, and Occupational Therapy are located in the College of Professional Sciences. The departments in the college include: Counseling (Clinical Mental Health Counseling and School Counseling) , Criminal Justice, Health Services Administration which includes Health Economics and Clinical Outcome Research (HECOR), Military Sciences, Occupational Therapy, Radiologic Technology (associate degree program), Social Work, and Sport Science & Management, including Sports Administration, Sport Management, Sport Marketing, Exercise Science, Athletic Training, and Coaching Education & Athlete Development. The School of Education offers: Early and Middle Childhood Education, Montessori, Reading and Teaching of English to Speakers of Other Languages (TESOL), Secondary Education, Special Education, and Educational Administration. The School of Psychology offers a BS in psychology, MA in General Experimental Psychology or Industrial Organizational Psychology, and PsyD in Clinical Psychology.

Program Accreditation

Accreditation Council for Occupational Therapy Education - ACOTE

American Montessori Society - AMS

Commission on Accreditation of Athletic Training Education - CAATE

Council for Accreditation of Counseling and Related Educational Programs - CACREP

Council for the Accreditation of Educator Preparation -CAEP

Commission on Accreditation of Healthcare Management Education CAHME

Council on Social Work Education - CSWE

Joint Review Committee on Education in Radiologic Technology - JRCERT

Montessori Accreditation Council for Teacher Education- MACTE

North American Society for Sport Management - National Association of Sport & Physical Education NASSM-NASPE -

The Clinical Psychology doctoral program is accredited by the APA Office of Program Consultation and Accreditation, 750 First Street, NE, Washington DC 20002-4242, Phone 202-336-5500.

Center for Catholic Education

The College of Professional Sciences includes the Xavier University Center for Catholic Education which assists Catholic schools in the transmission of the faith and the development of Catholic education and the Xavier Center for Excellence in Education whose mission is to prepare educators who are qualified and committed to providing an outstanding education for their students.

NOTE: Many of the programs in the College of Professional Sciences require BCI/FBI criminal background checks and/or drug screens because of university program, accreditation, clinical, and/or professional mandates. Requirements vary from program to program. Failure to satisfy the requirements can result in dismissal from the program, withdrawal from field and clinical placements, delayed program progression, or diminished employment opportunities. If you have questions or need further information, please contact the chair/director or program director in the department.

Criminal Justice

The Department of Criminal Justice offers these degrees and programs:

The Bachelor of Science in Criminal Justice (with option of Criminalistics concentration)

The Criminal Justice minor

The Corrections minor

The Associate degree in Criminal Justice

The Associate degree in Corrections

The Master of Science in Criminal Justice

Criminal Justice Department Academic Performance Policy

An overall minimum grade point average (GPA) of 2.0 is required of all students to graduate from Xavier University.

Because content covered in required criminal justices courses is essential to success in the field, the department will implement a policy that mandates a minimum of a "C" grade or better in courses designated as required for the major and minor. Courses needed to fulfill the major and minor are outlined below.

CJUS Major (30 required cr. hrs. and 9 elective cr. hrs.; 39 credit hours total)

- CJUS 101 Intro to Criminal Justice
- CJUS 102 Intro to Law Enforcement
- CJUS 103 Intro to Corrections
- CJUS 206 Criminology
- CJUS 210 Basic Constitutional Law & American Justice
- CJUS 240 Criminal Law
- CJUS 321 Juvenile Justice
- CJUS 381 Methods of Research
- CJUS 391 Practicum
- CJUS 489 Senior Seminar
- CJUS Electives (9 credit hours)

CJUS Minor (18 credit hours)

- CJUS 101 Intro to Criminal Justice
- CJUS 102 Intro to Law Enforcement
- CJUS 103 Intro to Corrections
- CJUS 206 Criminology
- CJUS 210 Basic Constitutional Law & American Justice
- CJUS 321 Juvenile Justice

Bachelor of Science

Criminal Justice, B.S.

Criminal Justice investigates all aspects of crime and delinquency in our society from types, incidence, prevalence and distribution to causes and remedies. It further explores the philosophy and ideology, theory and practice, structure and process, policy and programs, and problems and issues of police, courts, and corrections. Students also examine the fundamental elements of criminal and constitutional law, and develop the skills to perform, analyze and evaluate social research.

The curriculum for Criminal Justice majors who are preparing for careers is designed to provide concepts, skills, and attitudes necessary for functioning with competence and conscience. For non-career students, a wider knowledge of important issues required for involved and informed citizen participation in the criminal justice system and its operations is acquired, along with ethical considerations related to concepts of justice in contemporary society.

Requirements for the Criminal Justice Major

Undergraduate Core Curriculum

See Undergraduate Core Curriculum for details.

Criminal Justice Core: 39 Credit Hours

Required Criminal Justice Courses: 30 Credit Hours

- CJUS 101 - Intro to Criminal Justice (Also fulfills a Social Science Core requirement.)
- CJUS 102 - Intro to Law Enforcement
- CJUS 103 - Intro to Corrections
- CJUS 206 - Criminology
- CJUS 210 - Basic Const Law & Amer Justice
- CJUS 240 - Criminal Law
- CJUS 321 - Juvenile Justice
- CJUS 381 - Methods of Research in CJUS (Also fulfills Scientific Perspectives requirement)
- CJUS 391 - Practicum / Ethics
- CJUS 489 - Senior Seminar

Criminal Justice Electives: 9 Credit Hours

- CJUS 103-499 (Refer to Course Descriptions.)

General Electives: 18 Credit Hours (minimum)

Electives can be chosen to meet each student's individual needs. The criminal justice advisor will be available to assist in this process.

Note(s):

- A 2.000 cumulative average must be attained in these criminal justice major courses.
- CJUS 391, Practicum in Criminal Justice, consists of supervised placement in criminal justice agencies, and CJUS 381, Methods of Criminal Justice Research, provides exposure to applied research in the subject area.
- Criminalistics *Concentration* is an optional addition to the major, and it must be declared by the student to the department. As part of major, these 15 hours of criminal justice courses must be completed: CJUS 101, CJUS 102, CJUS 239, CJUS 439 and CJUS 449.

TOTAL Minimum Hours Required for B.S. Degree: 120 Credit Hours

This number assumes that the ER/S and DCR requirements are fulfilled with other core or major courses, although this is not always possible.

B.S. Criminal Justice

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- CJUS 101 - Intro to Criminal Justice (Social Science Elective)
- ENGL 101 - English Composition or
- ENGL 115 - Rhetoric
- CORE 100 - First Year Seminar
- Second Language I
- General Elective
- CORE 101 - Co-curricular Program I

Total (15)

Second Semester

- CJUS 102 - Intro to Law Enforcement
- Historical Perspectives
- THEO 111 - Theological Foundations
- Second Language II
- Oral Communication Elective
- CORE 102 - Co-Curricular Program II

Total (15)

Sophomore Year

First Semester

- CJUS 103 - Intro to Corrections
- PHIL 100 - Ethics as Intro to Philosophy
- Theological Perspectives
- ENGL 205 - Literature & Moral Imagination
- General Elective

Total (15)

Second Semester

- CJUS 206 - Criminology
- CJUS 381 - Methods of Research in CJUS (Scientific Perspectives)
- PHIL 200 - Philosophical Perspectives
- Mathematics Perspectives
- General Elective

Total (15)

Junior Year

First Semester

- CJUS 210 - Basic Const Law & Amer Justice
- Humanities Elective
- Ethics, Religion & Society (ERS) Elective
- CJUS Elective
- Quantitative Elective

Total (15)

Second Semester

- CJUS 240 - Criminal Law
- Diversity Flag
- Natural Science Elective
- Creative Perspectives
- Writing Intensive Elective

Total (15)

Senior Year

First Semester

- CJUS 321 - Juvenile Justice
- General Electives (9 credit hours)
- CJUS Elective

Total (15)

Second Semester

- CJUS 391 - Practicum / Ethics
- CJUS 489 - Senior Seminar
- CJUS Elective
- General Electives (6 credit hours)

Total (15)

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- * E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- + Diversity Curriculum Requirement may be used to satisfy another element of the core or the major.
- CJUS 101 may be used to fulfill a social science elective.
- CJUS 381 may be used to fulfill scientific perspectives requirement.

- A minimum of 120 credit hours is required for the degree.

Associate of Science

Corrections, A.S.

Undergraduate core curriculum requirements:

See Undergraduate Core Curriculum

Concentration requirements:

18 credit hours, as follows:

15 hours of corrections courses from:

- CJUS 101 - Intro to Criminal Justice
- CJUS 230 - Legal Aspects of Corrections
- CJUS 243 - Correctional Counseling & Comm
- CJUS 321 - Juvenile Justice
 - CJUS 336

3 additional hours must be selected from either:

- CJUS 103 - Intro to Corrections or
- CJUS 364 - Overview of Contemp Correction

Note(s):

- A 2.000 cumulative average must be attained in these corrections courses.

Requirements for all Associate's Degrees

See Requirements for Degrees, Majors, Minors, and Certificates

Criminal Justice, A.S.

Undergraduate Core Curriculum Requirements:

See Undergraduate Core Curriculum

Concentration requirements:

15 credit hours, as follows:

12 hours of criminal justice courses from:

- CJUS 101 - Intro to Criminal Justice
- CJUS 210 - Basic Const Law & Amer Justice
- CJUS 260 - Current Issues in Crim Justice
- CJUS 321 - Juvenile Justice

3 hours of electives chosen from:

- CJUS 102 - Intro to Law Enforcement
- CJUS 243 - Correctional Counseling & Comm
 - CJUS 332
- CJUS 364 - Overview of Contemp Correction

Note(s):

- A 2.000 cumulative average must be attained in these criminal justice courses.

Requirements for all Associate's Degrees

See Requirements for Degrees, Majors, Minors, and Certificates

Master of Science

Criminal Justice, M.S.

The mission of the Department of Criminal Justice is to equip Master of Science students with the competence and conscience needed to: (a) function and/or advance professionally in criminal justice agencies or (b) pursue further graduate work in criminal justice or related fields.

The Master of Science program in Criminal Justice is designed for those persons who are interested in studying the theory and practice of criminal justice in law enforcement, courts, corrections, and the private sector.

The Master of Science program in Criminal Justice places an emphasis on criminal justice administration. Today, there is an ever increasing demand for highly qualified

criminal justice administrators in public and private sector organizations to keep them running efficiently and effectively. The primary job of a criminal justice administrator is to provide oversight and supervision in matters related to crime and justice.

The program is geared toward students whose goal is to become criminal justice administrators at the middle and upper management level. Accordingly, an emphasis is placed on students learning management skills such as public relations, accounting and finance, human resources, policy formulation, budgeting, human interaction, crisis strategies, organizational behavior, and writing skills.

The program is designed for working professionals seeking career advancement, those preparing entrance into the field, and those interested in acquiring management skills and knowledge about the problems and practices within the criminal justice system.

The degree is designed for the busy working professional. Thus, courses are offered in an online or an online blended format where students will have face-to-face time with the instructor on certain selected weekends (Friday evenings and Saturday) during the semester. Full-time students can complete the degree in one year. Part-time students can complete the degree in two years.

The degree of Master of Science with a major of Criminal Justice will be conferred only to candidates who have successfully completed 30 credit hours -- this includes research requirements. A comprehensive written exam on the general field of criminal justice, based on the required courses, is required at the conclusion of the program. Also, an overall graduate level grade point average of 2.800 must be attained.

The 30 credit hours are distributed as follows:

Basic required courses:

Students are required to take ten core courses (30 semester hours) designed to provide comprehensive coverage of the field of criminal justice with an administration concentration. They are:

30 Hours

- CJUS 611 - Law & Justice in America
- CJUS 620 - Socio of Crime & Delinquency
 - CJUS 623 - Perspectives in Law Enforcement Management
 - CJUS 633 - Forensics & White Collar Crime
- CJUS 642 - Criminal Justice Administratio
- CJUS 643 - Correctional Counseling
 - CJUS 644 - Government & Non-Profit Accounting
 - CJUS 647 - Human Resources for Criminal Justice Administrators
- CJUS 683 - Research & Planning in CJUS
- CJUS 784 - Research Essay: Seminar

Comprehensive Exam

At the close of their studies for the MS, students must pass a comprehensive examination.

Note(s):

- The MS program in Criminal Justice invites applications from students with a bachelor's degree and a solid academic record. Admission decisions are based on factors such as past academic performance, standardized test score, and other information submitted. Applications for this program are accepted throughout the year. A student may begin the program in the summer, fall, or spring term.

Minors

Corrections Minor

18 total credit hours are required, as follows:

15 hours from:

- CJUS 101 - Intro to Criminal Justice
- CJUS 230 - Legal Aspects of Corrections
- CJUS 243 - Correctional Counseling & Comm
- CJUS 321 - Juvenile Justice
- CJUS 336 - Inside Out Prison Exchange II

3 additional hours must be selected from either:

- CJUS 103 - Intro to Corrections or
- CJUS 364 - Overview of Contemp Correction

Note(s):

- A 2.000 cumulative average must be attained in these criminal justice courses.

Criminal Justice Minor

18 total credit hours are required, as follows:

- CJUS 101 - Intro to Criminal Justice
- CJUS 102 - Intro to Law Enforcement
- CJUS 103 - Intro to Corrections
- CJUS 206 - Criminology
- CJUS 210 - Basic Const Law & Amer Justice
- CJUS 321 - Juvenile Justice

Note(s):

- A 2.000 cumulative average must be attained in these courses.

Certificate

Criminal Justice Administration Certificate

The Department of Criminal Justice offers a Certificate in Criminal Justice Administration at the Master's level. The certificate is intended toward two groups of students: 1) professionals who have a graduate degree, but see courses in administration as a way to advance in the field, and 2) those with an undergraduate degree who, for whatever reason, are not ready to apply to the criminal justice graduation program. The particulars of the Criminal Justice Administration Certificate are as follows:

The Certificate will consist of nine (9) credit hours that include the following courses:

- CJUS 642 Criminal Justice Administration (3 credits)
- CJUS 644 Government & Non-profit Accounting (3 credits)
- CJUS 647 Human Resources for CJ Administrators (3 credits)

Admission requirements in to the certificate program:

- Minimum of a Bachelor's Degree
- Personal Statement/Essay
- 3 years of experience in the field

Candidates for certificates must:

- Complete the nine (9) credit hour requirements at Xavier.
- Earn a minimum of "C" or better in each course.
- Satisfy all financial obligations to the University.

Students who complete the certificate may apply for the criminal justice graduate program. Students must obtain a minimum of "B" in each certificate course for acceptance into the M.S. CJUS degree program.

Counseling

The Department of Counseling offers the Master of Arts in Clinical Mental Health Counseling and the Master of Arts in School Counseling. Clinical Mental Health Counseling meets the educational requirements for licensure as a professional clinical counselor, while School Counseling is a professional degree designed to meet the educational requirements for licensure as a school counselor. Degree and licensure offerings are designed to meet the academic preparation standards required by the Ohio Department of Education or the Ohio Counselor, Social Worker, and Marriage and Family Therapist Board. Both programs are fully accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP).

Applicants should have an undergraduate GPA of 3.0 or above, a MAT score of 390 or above, or a score of 4.0 or above on the analytical section of the GRE. The MAT/GRE requirement is waived for applicants whose cumulative undergraduate G.P.A. is 3.5 or higher. Go to <https://www.xavier.edu/clinical-mental-health/> or <https://www.xavier.edu/school-counseling/?aq=auto-School%20Counseling> to reference more information and admission requirements.

Master of Arts

Clinical Mental Health Counseling, M.A.

The Master of Arts degree with a concentration in Clinical Mental Health Counseling is a professional degree designed to meet the academic requirements for the Ohio Professional Counselor (PC) license. The Program is also accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP). Accordingly, this degree is awarded to the candidate who has demonstrated a capacity for professional performance by satisfactorily completing the course of study. Students will learn the theory and practice of counseling and be able to apply counseling skills in a knowledgeable and skilled manner to areas such as appraisal, lifestyle and career development, counseling theory, group process, professional, and clinical issues.

Requirements for M.A. in Clinical Mental Health Counseling

60 total credit hours are required.

The Clinical Mental Health Counseling Master of Arts Program requirements are divided into five groupings that will lead the student through a general sequence of academic experiences. Introductory courses are presented in Group I, with intermediate offerings available in Group II. Group III requirements should be attempted only after most of the Group I & II courses are completed. Group V requirements should be completed after Group IV courses.

Group I (12 credit hours):

- COUN 501 - Lifespan Development
- COUN 533 - Counseling Theories & Tech
- COUN 536 - Group Process
- COUN 636 - Career Counseling

Group II (8 credit hours):

- COUN 579 - Psychological & Achieve Test
- COUN 630 - Intro To Mental Health Coun
- COUN 631 - Counseling issues & Ethics
- COUN 640 - Family Relations

Group III (9 credit hours):

- COUN 509 - Counseling Research Methods
- COUN 638 - Cross Cultural Counseling
- COUN 669 - Pre Practicum/Coun Lab
- COUN 765 - Crisis Counseling

Group IV (12 credit hours):

- COUN 642 - Consultation and Supervision
- COUN 767 - Treating Addictive Disorders
- COUN 773 - Counseling Practicum
 - Elective (3 credit hours)

Group V (19 credit hours)

- COUN 671 - Clinical Counseling Internship
- COUN 760 - Personality & Abnormal Behav
- COUN 762 - Clinical & Person Assessment
- COUN 763 - Diagnosis of Psychopath
- COUN 764 - Counseling & Psychother
- COUN 766 - Intervention Skills

TOTAL: 60 Semester Hours

Clinical Mental Health Counseling, M.A.

Please select one of the programs below:

Clinical Mental Health Counseling, M.A.

Clinical Mental Health Counseling, M.A. Dual Track Program

Clinical Mental Health Counseling, M.A. Dual Track Program

Students who enroll in the dual track program will receive a Master of Arts degree in Clinical Mental Health Counseling. Having successfully completed the dual track program, the student will meet licensure requirement for both an Ohio School Counselor and an Ohio Licensed Clinical Counselor.

Curriculum:

To meet state licensure and accreditation requirements, students will be required to take two 600 hour internships, one in clinical counseling in a clinical setting and one in school counseling in a K-12 school setting. Students will also need to complete additional coursework to meet the secondary license requirements.

Group I

- COUN 501 - Lifespan Development
- COUN 533 - Counseling Theories & Tech
- COUN 536 - Group Process
- COUN 579 - Psychological & Achieve Test
- COUN 630 - Intro To Mental Health Coun
- COUN 636 - Career Counseling

Group II

- COUN 509 - Counseling Research Methods
- COUN 631 - Counseling issues & Ethics
- COUN 638 - Cross Cultural Counseling
- COUN 640 - Family Relations
- COUN 669 - Pre Practicum/Coun Lab

Group III

- COUN 642 - Consultation and Supervision
- COUN 765 - Crisis Counseling
- COUN 767 - Treating Addictive Disorders
- COUN 773 - Counseling Practicum
 - Elective (Can use school counseling course)

Group IV

- COUN 671 - Clinical Counseling Internship
- COUN 760 - Personality & Abnormal Behav
- COUN 762 - Clinical & Person Assessment
- COUN 763 - Diagnosis of Psychopath
- COUN 764 - Counseling & Psychother
- COUN 766 - Intervention Skills

Additional Courses Required

- COUN 537 - Intro To School Counseling
- COUN 538 - Adv School Counseling Practice
- COUN 502 - Introduction to College Coun
 - COUN 540 - School Culture and Climate
- EDSP 500 - Sp Ed: Identification & Issue
- COUN 670 - School Counseling Internship (1 credit hour per semester)

School Counseling, M.A.

The Master of Arts degree in School Counseling is a professional degree designed to meet the educational requirements for licensure as a school counselor. Accordingly, this degree is awarded to the candidate who has demonstrated a capacity for professional performance by satisfactorily completing the course of study. Students will learn the theory and practice of counseling in the school setting and be able to apply counseling skills in a knowledgeable and skilled manner to areas such as appraisal, lifestyle and career development, counseling theory, group process, and professional issues.

The program is designed to meet specifications of State of Ohio course requirements for school counselor in grades K-12 as well as the requirements for school counselor in the States of Kentucky and Indiana. Further, the M.A. in School Counseling is accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP).

Requirements for the M.A. in School Counseling

60 total credit hours are required.

The Master of Arts in School Counseling program offerings are divided into four groupings that will lead the student through a general sequence of academic experiences. Introductory courses are presented in Group I, with intermediate offerings available in Group II. Students should complete most of each group before proceeding to the next group. Groups III & IV requirements should be attempted only after Group I courses are completed.

Group I (17 credit hours):

- COUN 501 - Lifespan Development

- COUN 533 - Counseling Theories & Tech
- COUN 536 - Group Process
- COUN 537 - Intro To School Counseling
- COUN 579 - Psychological & Achieve Test
- COUN 636 - Career Counseling

Group II (11 credit hours):

- COUN 509 - Counseling Research Methods
- COUN 631 - Counseling issues & Ethics
- COUN 638 - Cross Cultural Counseling
- COUN 640 - Family Relations
- COUN 669 - Pre Practicum/Coun Lab

Group III (10 credit hours):

- COUN 502 - Introduction to College Coun
- COUN 503 - Crisis Intervention In Schools
- COUN 773 - Counseling Practicum
- EDAD 565 - School Law I

Group IV (13 credit hours):

- COUN 538 - Adv School Counseling Practice
 - COUN 539 - Child Psychopathology
- COUN 670 - School Counseling Internship
- EDSP 500 - Sp Ed: Identification & Issue

Electives (9 credit hours)

Can be taken anytime.

Students can meet requirement for 9 elective credit hours by choose from the following:

Current Counseling Electives (Courses):

- COUN 642 (3) Consultation and Supervision (Required for Clinical MH)
- COUN 764 (3) Counseling and Psychotherapy (Required for Clinical MH)
- COUN 630 (2) Intro to M.H. Counseling (Required for Clinical MH)
- COUN 767 (3) Treating Addictions - Advanced (Required for Clinical MH)
- COUN 639 (2) Treating Addictions 1 (Fall)
- COUN 634 (2) Brief Counseling Interventions (Spring)

Current Counseling Electives (Workshops):

- COUN 434 (2) Intro to REBT and CBT (Summer Workshop)
- COUN 504 (2) Presence Practice - Deeper Therapy (Summer Workshop)
- COUN 512 (1) Spirituality and Counseling (Summer Workshop)
- COUN 526 (1) The WDEP System of Reality Therapy (Summer Workshop)
- COUN 591 (1) Mindfulness in Counseling (Fall Workshop)
- COUN 527 (1) Transgender Counseling (Summer Workshop)
- COUN 563 (1) Counseling Challenging Youth (Summer Workshop)
- COUN 535 (1) Trauma and Dissociation (Summer Workshop)
- COUN 520 (1) Diagnosis and Treating Anxiety Disorders (Summer Workshop)

Annual January Workshop (1) Topic varies but applicable to school counselors

School of Education Electives open to School Counseling Students:

- EDAD 660 (3) Curriculum Design and Teaching Strategies
- EDSP 501 (2/3) Intro to Emotional Disturbed Children
- EDSP 580 (3) Classroom Management
- EDSP 567 (3) Social Skills and Behavior Management
- EDSP 572 (3) Communication Strategies & Techniques (Assistive Technology)
- EDSP 615 (3) Special Education Law
- EDSP 617 (3) Administrative Partnerships
- Note: Most Education courses are offered all three semesters and many have online options.

Other Possible Electives:

- NURS 779 (1) Applied Interprofessional Collaboration (Spring)
- New Summer Workshops developed each year.
- Additional graduate courses and workshops may count toward elective requirements with advisor and chair approval.

TOTAL: 60 Semester Hours

Notes:

All students must complete COUN 670 (4 sem. hrs.). COUN 670 requires that a minimum of 600 clock hours of on-site school counseling activities be completed under the direct supervision of a school counselor. Of these 600 hours, a minimum of 240 clock hours must be conducted in direct service activities with clientele. On-campus class meetings are also scheduled as part of this experience.

School Counseling, M.A.

Please select one of the programs below:

School Counseling, M.A.

School Counseling, M.A. Dual Track Program

School Counseling, M.A. Dual Track Program

Students who enroll in the dual track program will receive a Master of Arts degree in School Counseling. Having successfully completed the dual track program, the student will meet licensure requirement for both an Ohio School Counselor and an Ohio Licensed Clinical Counselor.

Curriculum

To meet state licensure and accreditation requirements, students will be required to take two 600 hour internships, one in clinical counseling in a clinical setting and one in school counseling in a K-12 school setting. They will also need to complete additional coursework to meet the secondary license requirements. Following is the course requirements, all which are existing courses.

Group I

- COUN 501 - Lifespan Development
- COUN 533 - Counseling Theories & Tech

- COUN 536 - Group Process
- COUN 537 - Intro To School Counseling
- COUN 579 - Psychological & Achieve Test
- COUN 636 - Career Counseling

Group II

- COUN 538 - Adv School Counseling Practice
- COUN 631 - Counseling issues & Ethics
- COUN 638 - Cross Cultural Counseling
- COUN 640 - Family Relations
- COUN 669 - Pre Practicum/Coun Lab

Group III

- EDAD 565 - School Law I
- COUN 502 - Introduction to College Coun
- COUN 503 - Crisis Intervention In Schools
- COUN 773 - Counseling Practicum
- COUN 639 - Substance Use and Prevention
 - COUN 540 - School Culture and Climate

Group IV

- EDSP 500 - Sp Ed: Identification & Issue
- COUN 509 - Counseling Research Methods
- COUN 539 - Childhood Psychopathology
- COUN 670 - School Counseling Internship
 - 5 Elective hours can be met through clinical courses listed below

Additional Courses Required

- COUN 630 - Intro To Mental Health Coun
- COUN 642 - Consultation and Supervision
- COUN 671 - Clinical Counseling Internship (one credit hour per semester)
- COUN 762 - Clinical & Person Assessment
- COUN 764 - Counseling & Psychother

Health Services Administration

The Department of Health Services Administration offers the following programs:

- Bachelor of Science in Health Services Administration. A Business minor through the Williams College of Business is required with this major
- Minor in Applied Health Sciences
- Master of Health Services Administration (MHSA)
- Master of Science in Health Economics and Clinical Outcomes Research (HECOR).
- Also offered, in conjunction with the Theology Department, is a Master of Arts degree in Health Care Mission Integration.

Bachelor of Science

Health Services Administration, B.S.

The Bachelor of Science in Health Services Administration prepares the student, through academic work and practical internships, for a career in the growing and expanding fields of health services, including job opportunities in hospitals, systems, insurance companies, medical group practices, ambulatory centers, home care, medical devices companies, pharmaceutical companies, local, federal and state agencies, skilled nursing facilities, retirement communities, community agencies, and elder care organizations. The program also prepares students for graduate work in health services, law, medicine, allied health fields, health services research or policy and public health. All Health Services Administration students graduate with a minor in business.

For the Bachelor of Science in Health Services Administration degree, the faculty seeks to enhance students' values orientation and ethics, and to provide them with the liberal arts and technical knowledge, critical thinking and communication skills necessary to prepare graduates to perform proficiently in entry-level positions in health care organizations.

Students will experience:

- An interdisciplinary curriculum based in the liberal arts tradition
- Required field experiences (internships)
- Community service
- Undergraduate research and scholarship
- Optional immersion study abroad experience

The program's focus is on:

1. Traditional Jesuit liberal arts core with courses in language, theology, philosophy, history, math, sciences, English and communication;
2. Specialized courses in health care management, finance, ethics, economics, and statistics.
3. Field experiences (internships).

During the field internships, students will have the opportunity to:

- Apply knowledge and skills learned in the classroom
- Work with others and develop relationships beyond the classroom
- Discern their individual interests
- Experience growth and development in a practical setting
- Explore options for employment

GPA/Grade Policy

In order to remain in good standing with and graduate as an undergraduate major from the Department of Health Services Administration, students must meet the following criteria.

Overall GPA:

- Students must maintain an overall GPA of 2.0 or above, as per the general university requirements for undergraduate students.

Minor GPA:

- Students must meet criteria for minor courses as designated by the Williams College of Business.

Major and Concentration GPA:

- Students must maintain an overall combined major/concentration GPA of 2.67. This GPA is made up of all courses taken in the major and concentration, and equates to a B- average for all major courses. If the student is to change concentrations, grades from their first concentration still apply to the calculation of this GPA.

Introductory Course Grades:

- Students must achieve a grade of B- or higher in both of the introductory classes for HESA 101 and HESA 110.
- Students must achieve a grade of B- or higher in HESA 370 Internship Preparation. This class prepares students for the internship requirement the summer after their junior year.
- Grades lower than B- will result in a student not receiving credit for that course requirement towards their Health Services Administration degree.

Retaking Introductory Courses:

- If a student receives a grade of C+ or below in HESA 101, HESA 110, or HESA 370, they may retake that course two additional times as per the general university policy.
- The student will be considered on departmental probation until they achieve or surpass the required grade for the designated course.
- The course must be retaken at Xavier.
- Students may retake any and all HESA courses for which they fail to meet department requirements two additional times.
- If a student fails to meet department grade standards after taking a course a total of three times, they will be dismissed from the major.
- If being dismissed, students will meet with the BSHSA Program Director and determine into which major or program they would like to be placed.

Falling Below Major/Concentration GPA Standards:

- If a student falls below the major/concentration GPA standard of 2.67, they will have one semester to bring their major/concentration GPA back above the standard.
- The student will be considered on departmental probation until they have brought their major/concentration GPA back to or above the department standard.
- The summer semester is not applied. If a student falls below the major/concentration GPA standard after a spring semester, they will have until the end of the following fall semester to bring their major/concentration GPA back to or above the standard.
- If a student takes a semester off (i.e. they fall below the major/concentration standard after spring semester and take the following fall off), they will have until the end of their next enrolled semester to bring their major/concentration GPA back to or above the department standard.
- If a student fails to bring their major/concentration GPA back to or above the department standard at the end of the designated semester, they will be dismissed from the major.
- If being dismissed, students will meet with the BSHSA Program Director and determine into which major or program they would like to be placed.

HESA 371/372 Internship:

- If a student is on departmental probation, they may not enroll in or complete hours towards either the HESA 371 or HESA 372 internship courses.

Appealing Departmental Probation:

- Students may appeal department probation.
- If a student wishes to appeal, they should start by scheduling a meeting with the Program Director of the Undergraduate Program in Health Services Administration.
- If the Director is the professor for the course they wish to appeal, they should start with scheduling a meeting with the Health Services Administration Department Chair.
- The student should come to the meeting prepared with materials that support their appeal (i.e. tests, completed assignments, etc.).
- The Director or Chair will meet with the student. The Director and Chair will make a decision about each student appeal.
- If a student is not satisfied with the outcome of the appeal process, they can bring the appeal to the Dean of the College of Professional Sciences, following their appeal process.

Curriculum

The Bachelor of Science in Health Services Administration degree requires at least 120 semester credit hours, with a major in Health Services Administration of 34 hours, plus nine credit hours in a specified concentration (Analytics: Information Management, Analytics: Population Health or Long-Term Care). Students must also declare a Business minor.

B.S. in Health Services Administration

This block serves as a guideline for progress toward a degree. For more information, see your academic advisor.

Freshman Year

First Semester

- HESA 101 Intro to US Healthcare
- CORE 100 First Year Seminar

- CORE 101: GOA Co-Curriculum Program
- Historical Perspectives
- ENGL 101 Composition OR ENGL 115 Rhetoric
- First Language 102 Level

Total (15)

Second Semester

- HESA 110 Medical Terminology: Writing Flag
- CORE 102: GOA Co-Curriculum Program II
- THEO 111 Theological Foundations
- Second Language II (201 Level)
- Math 116 or 156 based on placement
- ECON 200 Microeconomics: Social Sciences Elective

Total (15)

Sophomore Year

First Semester

- HESA 120 Healthcare Management
- HESA 210 Strategic Mktg & Mgmt
- Scientific Perspectives
- PHIL 100 Ethics as Intro to Philosophy
- MKTG 300 Intro to Marketing

Total (15)

Second Semester

- HESA 220 Reimbursement
- HESA 341 Health informatics OR HESA 345 Population Health Management OR HESA 451 Aging in Society
- Humanities Elective
- ACCT 200 Financial Accounting
- General Elective

Total (15)

Junior Year

First Semester

- HESA 401 Health Policy
- BAIS 220 Managing Info Technology OR HESA 455 Admin of Agencies Serving the Aging

HESA 370 Internship Prep

- FINC 300 Business Finance: Quantitative Reasoning Flag
- MGMT 300 Managerial Behavior
- Natural Science Elective

Total (16)

Second Semester

- HESA 230 Healthcare Finance
- HESA 355 Quantitative Methods for HSA OR HESA 459 Admin of Institutions Serving Aging
- ENGL 205 Lit & Moral Imagination
- Theological Perspectives; 200-399 level
- HESA 361 Health Data Mgmt

Total (15)

Summer

- HESA 371 - Internship I

Total (3)

Senior Year

First Semester

- HESA 240 Public Health
- Philosophy Perspectives: PHIL 200
- Business Minor Elective: Diversity Flag
- General Elective
- General Elective

Total (15)

Second Semester

- HESA 380 Quality Mgmt & Perf Improve
- HESA 390 Foundations of HC Policies and Law: Oral Communication Flag, E/RS Focus Elective
- Creative Perspectives
- CORE 499
- General Elective

Total (12)

Scheduling Notes:

- Consult the Undergraduate Core Curriculum requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the core.

- Diversity Curriculum Electives may be used to satisfy other elements of the core or major. The Business Elective, or History Elective may be used to satisfy the DCR elective.

Master of Health Services Administration

Health Services Administration (Executive Program), M.H.S.A.

Xavier University's Graduate Program of Health Services Administration is a CAHME-accredited, nationally-ranked program preparing leaders in healthcare management since 1958. The Executive Master in Health Services Administration (EMHSA) track is offered 100% online to accommodate the needs of working professionals with five or more years of experience in health organizations, or equivalent.

- The alumni work across the US in top leadership positions in, e.g., health systems, hospitals, group practices, insurance companies, consulting firms, pharmaceutical companies, government, community health centers.
- Flexible scheduling: Enroll in 1, 2, or 3 online classes per semester to complete the degree at your own pace
- Student-focused: Benefit from close interactions between students and with faculty
- Qualified instructors: Learn from expert Xavier faculty and leaders in health organizations
- Nationwide exposure: Collaborate with other students located across the nation
- Elite network of alumni: Join an outstanding and supportive network of Xavier MHA graduates

Application Requirements

If you hold a bachelor's degree from an accredited institution and are employed with 5+ years of healthcare experience (or similar), you can apply online at <https://admit.xavier.edu/apply>. The application deadline is August 1st for the fall semester. Admission is on a rolling basis and will be considered after you have submitted all the required documents and had a phone or video interview with the Admission Committee members. For more information, visit our www.xavier.edu/emhsa.

Academic Standing

Executive MHA students are held to high academic and personal standards. Health services administration is a profession that requires dedication, leadership, punctuality, follow-through, cooperation, and accountability. A cumulative grade point average of 3.0 is required for graduation. No credit is granted for courses in which a student receives a grade of "F". If the course in question is a required MHA course, it must be repeated.

Academic Warning

Students who have a cumulative graduate grade point average less than 3.0 at the end of any semester will be placed on academic warning. Students on academic warning must work with the Chair of the Department to determine how to get back into good standing. Academic warning is noted in a student's permanent record.

Dismissal from the Program:

- Executive MHA students receiving two failing grades ("F") at any time in the academic work will be dismissed from the program.
- Executive MHA students receiving two course grades of "B-" or below at any time in the academic work may be dismissed from the program based on faculty decision.
- There is no formal appeal mechanism within the Graduate Program in Health Services Administration for academic dismissal.

Curriculum

The online EMHSA program consists of 14 courses for a total of 42 total hours. All courses are three credit hours each. The sequence of courses is determined jointly by the student and program associate director. As an example, here is an approved two-year courses sequence:

Year 1

- HESA 511 Managerial Concepts in Healthcare Organizations
- HESA 521 Quantitative Methods in Healthcare Management
- HESA 572 Healthcare Services in the U.S. - Past and Future
- HESA 523 Quality Improvement Techniques in Healthcare Management
- HESA 567 Applied Epidemiology and Population Health
- HESA 516 Human Resources Management in Healthcare
- HESA 534 Health Information Systems

Year 2

- HESA 519 Strategic Management and Marketing Strategy for Healthcare
- HESA 552 Revenue Cycle and Health Insurance
- HESA 578 Health Economics and Policy
- HESA 555 Capital Acquisition in Healthcare Organizations
- HESA 559 Project Development and Management in Healthcare
- HESA 582 Ethics and Law in Healthcare
- HESA 600 Capstone Project in Health Services Administration

Health Services Administration, M.H.S.A.

The Graduate Program in Health Services Administration is committed to meeting the need for effective leadership of the rapidly changing health care system. Academic work and field experiences are designed to provide students with the necessary cutting-edge conceptual, analytical, and interpersonal skills, particularly in the areas of team development, systems improvement, quantitative analysis, information systems, strategic planning, financial strategization, and ethical decision-making. The Graduate Program is accredited by the Commission on Accreditation for Health Management Education (CAHME). Upon graduation, students obtain managerial leadership positions in a variety of health care organizations, including health systems, academic medical centers, community hospitals, managed care organizations, medical group practices, insurance companies, long-term care facilities, public health agencies, consulting firms, and governmental policy-making and regulatory agencies. The 1,500+ members of the Graduate Program's Alumni Association are located throughout the United States and in several foreign countries and provide a broad range of services to graduates throughout their careers.

Admission Requirements

A bachelor's degree from an accredited school is required of all applicants. Students are admitted to the Graduate Program if they are considered academically qualified and are able to demonstrate potential in the development of analytical, creative problem solving, communication, interpersonal, and leadership skills. Students come from a variety of academic backgrounds including health services, psychology, business, natural sciences and general studies.

Go to <https://www.xavier.edu/master-of-health-services-administration-program/admission/index> to reference the specific admission requirements.

Prerequisites

We highly recommend that applicants complete a basic undergraduate or graduate course in each of the following subjects prior to beginning the Graduate Program: accounting, statistics and microeconomics. Applicants should also be competent with Microsoft Word and Excel.

Academic Standing

MHSA students are held to high academic and personal standards. Health services administration is a profession that requires dedication, leadership, punctuality, follow-through, cooperation, and accountability. A cumulative grade point average of 3.0 is required for residency and graduation. No credit is granted for courses in which a student receives a grade of "F". If the course in question is a required MHSA course, it must be repeated.

Academic Warning

Students who have a cumulative graduate grade point average less than 3.0 at the end of any semester will be placed on academic warning. Students on academic warning must present a corrective action plan to the Chair of the Department. Academic warning is noted in a student's permanent record.

Dismissal from the Program:

1. MHSA students receiving two failing grades ("F") at any time in MHSA academic work will be dismissed from the program.
2. MHSA students receiving two course grades of "B-" or below at any time in the academic work may be dismissed from the program based on faculty decision.

There is no formal appeal mechanism within the Graduate Program in Health Services Administration for academic dismissal.

Curriculum

A total of 66 credit hours must be completed to fulfill the requirements of the MHSA degree: 56 credit hours of didactic coursework and 9 credit hours of administrative residency and master's project.

Master's Project

Each student is required to complete a master's project as a condition for graduation. The project must demonstrate competencies listed in the Guidelines for the Administrative Residency and reflect an aspect of health systems management of interest to both the student and preceptor, with a final approval from the faculty advisor.

Administrative Residency

The administrative residency is part of the full time curriculum; no didactic courses are taken during this time. It provides an eight to twelve month "real world" experience in an organizational setting under the preceptorship of senior management. During the residency, students apply the knowledge and skills mastered in the classroom to an administrative work environment. The administrative residency serves as an opportunity not only to learn the actual practice of management, but also for creating mentor relationships.

Sample Schedule

Year 1

Fall Year 1 (16 credit hours)

- HESA 511 - Managerial Concepts in H.C Org
- HESA 521 - Quant Methods for H.C. Mgmt
- HESA 551 - Financial Mgmt of HC Orgs

- HESA 561 - Clinical Proc for H.C. Adm
 - HESA 572 - Healthcare Services in the US Past and Future
- HESA 601 - Professional Development I

Spring Year 1 (16 credit hours)

- HESA 519 - Strategic Mgmt & Marketing
- HESA 523 - Qual Improve Tech in H.C. Mgmt
- HESA 555 - Capital Acquisition in HC Orgs
- HESA 567 - Epidemiology & Pop Health
- HESA 575 - Econ For Health Mgmt & Pol
- HESA 602 - Professional Development II

Summer Year 1 (0 credit hours)

- Internship for 2-3 months in a healthcare organization, paid or unpaid, not for credit. Doing an internship is strongly encouraged but not required.

Year 2

Fall Year 2 (13 credit hours)

- HESA 534 - Health Information Systems
- HESA 559 - Project Devt & Mgmt of HC Org
- HESA 579 - Health Policy & Policy Analysis
- HESA 581 - Health Care Legal Aspects
- HESA 603 - Professional Development III

Spring Year 2 (12 credit hours)

- HESA 516 - Human Resources Management in Healthcare
- HESA 583 - Ethical Issues in Health Care
- HESA 599 - Integ Sem in Hlth Svcs Admin.
 - HESA 552 - Revenue Cycle and Health Insurance
 - HESA 604 - Professional Development IV

Summer Year 2 (3 credit hours)

- HESA 720 - Institutn & Community Analysis

Year 3

Fall Year 3 (3 credit hours)

- HESA 730 - Practicum in Executive Devt

Spring Year 3 (3 credit hours)

- HESA 750 - Residency and Master's Project

Concurrent Degrees Program

Students have the option of obtaining concurrent master's degrees in Health Services Administration and Business Administration (MHSA/MBA). Normally, one additional semester of study is required provided the student has the appropriate undergraduate business administration coursework. The program of study requires 99 graduate credit hours: 57 credit hours of Health Services Administration coursework, 9 credit hours of administrative residency, 33 credit hours of MBA coursework, plus necessary prerequisites. Candidates must apply and be accepted to both programs. Upon completion, the student receives two separate degrees.

Dual Degree

Master of Health Services Administration / Master of Business Administration, M.H.S.A. / M.B.A.

This concurrent degree option provides an opportunity for students to pursue an MBA degree in addition to a MHSA degree. The degree may be earned by pursuing additional hours of MBA graduate level course work through the Xavier Williams College of Business. Candidates for both degrees should declare their intentions when applying and submit one application to the graduate program in health services administration AND one application to the Williams College of Business. Concurrent degree candidates must be accepted to both the GPHSA and MBA programs. For further information about the MBA prerequisites and requirements, call 800-344-4698.

Minors

Applied Health Sciences Minor

The Applied Health Sciences Minor offers students the ability to critically analyze scientific knowledge and examine career options in science-based, applied health professions. Students consider a variety of approaches, perspectives, and factors contributing to healthy human development and functioning. Course work includes offerings from the natural sciences, social sciences, and professional disciplines, providing students with opportunities to consider and explore their pursuit of a professional degree, most likely as a graduate or second (post) baccalaureate degree, in applied health sciences. Students receive an on-line orientation to the minor (e.g., to explore major requirements and degree options) and meet with the health science minor advisor to select and complete a desired curriculum path in the minor. (23 credit hours; many courses also fulfill core requirements) Students are required to obtain a 2.5 cumulative overall GPA for coursework fulfilling the applied health sciences minor.

23 total credit hours are required, as follows

Required Course

- HESA 389 - Applied Health Sciences Seminar

Biology/Chemistry: 8 credits of the following

- BIOL 140/141: Anatomy and Physiology I for Allied Health (lecture and lab)
- BIOL 142/143: Anatomy and Physiology II for Allied Health (lecture and lab)
- BIOL 144/145: Anatomy and Physiology for Social Sciences (lecture and lab)
- BIOL 146/147: Anatomy and Physiology for Social Sciences (lecture and lab)

- CHEM 150/151: Physiological Chemistry (lecture and lab)

Statistics: 3 credits of the following:

- MATH 116: Elementary Statistics
- MATH 156: General Statistics
- PSYC 210: Statistical Techniques

Social Sciences: 3 credits of the following:

- PSYC 101: General Psychology
- SOCI 101: Introduction to Sociology
- SOCW 167: Survey of Society

Health: 6 credits of the following:

- HESA 110: Medical Terminology
- EXSC 100: Introduction to Exercise Science
- HESA 101: Introduction to American Health Care
- NURS 130: Ways of Knowing
- NURS 132: Health and Culture
- PSYC 368: Health Psychology
- SOCW 315: Values, Poverty and Society
- SOCI 375: Sociology of Health
- SPMG 110: Introduction to Sport Management
- BIOL 204: Neuroscience
- EXCS 200: Kinesiology

Health Services Administration Minor

This 15 credit hour minor is available to **APEX/ADC students only.**

Curriculum

Required Courses (6 credit hours)

- HESA 101 - Intro To US Health Care
- HESA 110 - Medical Terminology

Health Services Administration Courses (9 hours of the following)

- HESA 120 - Health Care Management
- HESA 201 - Health Policy
- HESA 210 - HC Marketing & Strategic Mgmt
- HESA 220 - HC Reimbursement Systems
- HESA 230 - Health Care Finance
- HESA 341 - Health Informatics
- HESA 361 - Health Data Management
- HESA 380 - Qual Mgmt & Performance Imp
- HESA 390 - Foundation of HC Law & Ethics
- HESA 410 - Public Health
- HESA 451 - Aging In Society
- HESA 455 - Admin Of Agencies Serv Aged
- HESA 459 - Admin of Post-Acute Care

Population Health Minor

The Population Health Minor is an interdisciplinary minor open to all Xavier University undergraduate students and compatible with any major. Courses provide students with an understanding of the distribution of health outcomes within populations, the social determinants that influence health distribution, the economic framework influencing social determinants of health (SDoH), the cost-effectiveness of interventions designed to address SDoH and the policies and interventions that impact the determinants and life expectancy of the population within diverse communities. The provision of health equity across the nation is addressed.

Social and Environmental Determinants of Health include the following yet not limited to just these determinates: food insecurity, access to fresh fruits and vegetables, healthy food, transportation, education systems, employment, income and wealth, psycho-social environment, social isolation and loneliness, safe housing, public safety, quality of air we breathe, physical environment and health systems and services. In completing this minor, students will obtain a broad overview of these topics from the introductory HESA 245 course, and then can achieve greater depth in one or more of the topics by taking elective courses. It is possible that a student delves deeply into epigenetics and the brain with four electives concentrated in Biology and Psychology, for example, while another uses their electives to learn more broadly about four different topics, taking courses in four different departments. The requirement of taking no more than six credits in a single department insures students explore at least some breadth, but may go into greater depth if they choose. The goal of population health is to support healthy people comprising healthy populations that create productive workforces and thriving communities. Completing the minor will inspire some students to go on to complete graduate work in this field, or to deploy it in their professional lives in health care, business, government and more.

Xavier University Mission supports the Center for Population Health and the development of the minor in population health. "Driven by our commitment to educating the whole person, promoting the common good, and serving others, the Xavier community challenges and supports all our members as we cultivate lives of reflection, compassion and informed action."

Academic Support - The minor has a faculty Director who is available to advise and guide students on the minor in population health requirements. Contact the Director of the Center for Population Health.

15 total credit hours are required, as follows:

9 hours of a required course

- HESA 245- Intro to Population Health
- HESA 380- Quality Management & Performance Improvement
- HESA 499- Population Health Capstone

6 hours of Population Health courses

- Students are to select courses totaling 6 credits from the list of courses that contain the approved attribute for population health
- Note: No more than six hours may come from a single department.

Approved Courses include:

- BIOL 227 Parasitology
- BIOL 260-261 Environmental Sciences

- BIOL 364 Virology
- BIOL 398 Air and Water Pollution
- BIOL 430 Medical Genetics
- HESA 101 Introduction to American Health Care
- HESA 345 Population Health
- HESA 372 Internship 2 Community Service Learning
- HESA 373 Immersive Learning in Population Health
- HESA 380 Quality Management and Performance Improvement
- HESA 390 Foundations of Healthcare Ethics and Law
- HESA 498 Independent Study in Advanced Health Services
- HESA 101 Introduction to American Health Care
- HIST 237 History of Epidemic Disease
- HOCS 323 Occupational Justice I: Foundations
- NURS 132 Health and Culture
- NURS 470 Community Health Nursing
- NURS 471 Community Health Nursing Practicum
- PSYC 277 Abnormal Psychology
- PSYCH 368 Health Psychology
- SOCW 208 Economics of Society
- SOCW 300 Adolescence to Older Adult Development
- SPAN 332 Spanish in Community Health Settings
- ECON 395 Economics of Poverty
- EDME 359 Community and Advocacy in Education
- HIST 114 History of Native American Health
- SOCI 375 Sociology of Health
- SOCW 299 Child Welfare and Development
- SOCW 315 Values, Poverty and Society
- THEO 312 Christian Health Care Ethics

Occupational Therapy

The Department of Occupational Therapy offers an entry-level Master of Occupational Therapy (MOT) degree. The Occupational Therapy Program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 6116 Executive Boulevard, Suite 200, c/o Accreditation Department, North Bethesda, MD 20852-4929. ACOTE'S telephone number is 301-652-6611, accred@aota.org, www.acoteonline.org. Graduates of the program will be eligible to take the national certification examination for the occupational therapist administered by the National Board for the Certification in Occupational Therapy (NBCOT) located at One Bank Street, Suite 300, Gaithersburg, MD 20878, phone 301 990-7979, info@nbcot.org. Upon successful completion of this exam (and meeting all other NBCOT application requirements), the individual is able to hold the title of occupational therapist, registered (OTR). Most states have specific additional credentialing requirements (e.g., licensure, registration) in order to legally practice in that state. All state credentialing bodies require a passing score on the NBCOT certification examination. A felony conviction may affect a graduate's ability to sit for the certification examination or attain state licensure.

This program is no longer admitting students as freshmen as of Fall 2018.

The program was granted Candidacy Status from the Accreditation Council for Occupational Therapy Education (ACOTE) to transition to entry-level OTD beginning Fall 2020. See <https://www.xavier.edu/occupational-therapy-department/admission/otd> for admission criteria and curriculum sequence

Occupational Therapy

Occupational therapy (OT) is a health-care profession that uses occupation, or meaningful activity, to help people lead productive and satisfying lives. Occupational therapists form a dynamic and collaborative partnership with service recipients in order to support their maximal participation in societal roles. The uniqueness of occupational therapy lies in the recognition and appreciation of the importance of day-to-day occupations that are used to positively influence one's health and well-being. People of all ages who have difficulty performing daily activities due to physical, psychological, emotional, or developmental problems can benefit from occupational therapy services on an individual basis or as members of a group or community.

Occupational therapy practitioners are skilled professionals whose education includes the study of human growth and development with specific emphasis on the social, emotional, and physiological effects of illness and injury and the concomitant benefits of engagement in occupation. Occupational therapists need to be people-focused as well as art- and science-oriented. They must be well-educated in the functions of mind, body, and spirit.

Occupational therapy is a rewarding and satisfying career that requires a high level of skills and expertise. See the list of Essential Functions for Coursework & Fieldwork on the department's website that details the performance abilities and characteristics necessary to successfully complete the requirements of the MOT program.

Volunteer/Work Experience

Documented exposure to the field of occupational therapy is accomplished through volunteer or paid work experience in an occupational therapy practice setting. Completion of 20 hours at one site with one practitioner prior to acceptance to Xavier and an additional 20 hours at a different site with a different practitioner prior to beginning of classes on first day of freshman year is required for a total of 40 hours. Documentation must be on the Recommendation and Verification of Volunteer/Work Experience in Occupational Therapy Clinic or Work Setting forms. Only two forms will be accepted; additional forms will not be considered. The forms must be completed by a fully credentialed occupational therapy practitioner who supervised the student and must be submitted on the original forms. The supervisor may not be a relative, personal friend or acquaintance. Photocopies of completed forms will not be accepted. Forms must be sent directly to the Department of Occupational Therapy.

Requirements

Upon acceptance into the MOT program, students are required to complete all graduate courses (MOCT courses) with a minimum cumulative grade point average of 3.0 (on a 4.0 scale). Student membership into the American Occupational Therapy Association (AOTA) is also required. The mission of the AOTA "advances occupational therapy practice, education, and research through standard setting and advocacy" (American Occupational Therapy Association, 2021)..

Prior to beginning Level I and Level II Fieldwork, students must show evidence of malpractice liability insurance (\$2,000,000/\$4,000,000). Liability insurance is mandatory and provided through the University, and the University has negotiated a favorable group rate for occupational therapy students. Students are billed through the University when they register for courses that include a fieldwork or community experience. All students must also complete an annual Criminal Background Check. All students also must have current CPR certification; hepatitis B immunization; measles, mumps, and rubella immunizations; an annual tuberculosis test; annual influenza vaccine; annual history and physical exam; annual Universal Precautions and HIPPA training; and criminal background check in order to participate in all fieldwork experiences; drug testing may be requested upon demand. Level II Fieldwork courses must be completed within 12 months of the academic coursework on campus. Additionally, students may be required to obtain a seasonal influenza immunization and/or drug screen prior to participation in a specific fieldwork site.

Note: A felony conviction may affect a graduate's ability to sit for the certification examination or attain state licensure. Additionally, a felony conviction may limit or preclude participation in certain Level I and Level II fieldwork sites, or required community-based activities for HOCS and MOCT courses.

Master of Occupational Therapy

Occupational Therapy, M.O.T

See Bachelor of Liberal Arts / Master of Occupational Therapy (BLA to MOT)

Pre-Occupational Therapy (PMOT) To Master of Occupational Therapy, M.O.T.

This program is no longer admitting students as freshmen as of Fall 2018.

This program option is designed to obtain the MOT degree in combination with a previously earned bachelor's degree in a related area. In process of earning the MOT degree, students will obtain a required concentration in Human Occupation Studies (HOCS) in preparation for graduate coursework in occupational therapy. Prior to admission into the MOT degree program, prerequisite courses must be completed or in process. Transfer students who have a bachelor's degree in a related field generally have 6 semesters of academic coursework and one summer course plus a post-academic fieldwork internship to complete to meet Xavier University's requirements for the MOT degree. Xavier accepts equivalent transfer credit work from other regionally accredited institutions of higher education for prerequisite coursework.

Requirements for the Pre-MOT to MOT

Complete undergraduate prerequisite courses and earn no more than two "C" or lower letter grades in each course, as follows:

- ENGL 115 - Rhetoric

- BIOL 140 - Human A&P I for Allied Health
- BIOL 141 - Hum A&P I Lab Allied Health
- BIOL 142 - Hum A&P II for Allied Health
- BIOL 143 - Hum A&P II Lab Allied Health
- PHYS 140 - Technical Physics
- MATH 156 - General Statistics
- MATH 158 - General Statistics II
- BIOL 204 - Functional Neuroscience
- PSYC 231 - Developmental Psychology
- PHIL 329 - Bioethics

Concentration in Human Occupation Studies (HOCS):

Complete 23 hours from

Note(s):

- Earn no more than two “C” or lower letter grades in each course.

Pre-Occupational Therapy (PMOT) to Master of Occupational Therapy (MOT)

This block serves as a guideline for progress toward a degree. See your academic advisor.

First Year

First Semester

- BIOL 140 - Human A&P I for Allied Health
- BIOL 141 - Hum A&P I Lab Allied Health
- MATH 156 - General Statistics
- ENGL 115 - Rhetoric
- PSYC 231 - Developmental Psychology
- HOCS 301 - Human Occupation Across Lifesp
- HOCS 303 - Technlgy for Life Participatn

Total (18)

Second Semester

- BIOL 142 - Hum A&P II for Allied Health

- BIOL 143 - Hum A&P II Lab Allied Health
- MATH 158 - General Statistics II
- HOCS 323 - Occupatl Justice I:Foundations
- HOCS 401 - Transformative Nature of Occup
- HOCS 411 - Condns Influencing Participn

Total (16)

Summer Term

- PHIL 329 - Bioethics

Second Year

First Semester

- PHYS 140 - Technical Physics
- PHYS 142 - Technical Physics Lab
- BIOL 204 - Functional Neuroscience
- HOCS 386 - Advanced Kinesiology
- HOCS 387 - Advanced Kinesiology Lab
- HOCS 321 - Analysis of Occupational Perfo
- HOCS 403 - Creative & Systematic Inquiry
- HOCS 405 - Occupatnl Justice II: Indp Stu

Prerequisite courses completed.

Total (18)

Second Semester

Graduate MOT coursework begins

- MOCT 501 - Creative & Sys Inquiry II
- MOCT 502 - Creative & Systematic Inquiry
- MOCT 503 - Tech for Life Participation II
- MOCT 505 - Techniques & Tools for OCTH Pr
- MOCT 507 - Professional Issues I
- MOCT 609 - Theoretical Found&Clin Reason

Total (14)

Third Year

First Semester

- MOCT 601 - Graduate Research Project I
- MOCT 603 - Domns&Proc I:Birth-Early Adult
- MOCT 605 - Adapt&Tech for Occ Partic I
- MOCT 607 - Level I Fieldwork:Domns&Proc
- MOCT 611 - Professional Issues II

Total (14)

Second Semester

- MOCT 631 - Graduate Research Project II
- MOCT 633 - Dom & Proc II: Ear Ad Through
- MOCT 635 - Adapt & Tech for Occ Part II
- MOCT 637 - Level I Fieldwork: Dom & Proc
- MOCT 641 - Professional Issues III
- MOCT 779 - Applied Interprofessional Collaboration

Total (14)

Third Year Fieldwork

- MOCT 691 - Level II Fieldwork
- MOCT 692 - Level II Fieldwork

Total (6)

Prerequisite Courses: (26 hours)

HOCS Courses: (26 hours)

MOCT Courses: (48 hours)

MOT Degree TOTAL: (100 hours)

Occupational Therapy Doctorate

Occupational Therapy, O.T.D.

The Occupational Therapy Doctorate (OTD) Program was granted Candidacy Status from the Accreditation Council for Occupational Therapy Education (ACOTE) to accept applicants into an entry-level doctorate program beginning Fall 2020. ACOTE is located at 6116 Executive Boulevard, Suite 200, North Bethesda, MD 28052-4929. ACOTE's telephone number is (301) 652-AOTA, accred@aota.org, www.acoteonline.org. The program must have a preaccreditation review, complete an on-site evaluation, and be granted Accreditation Status before its graduates will be eligible to sit for the national certification examination for the occupational therapist administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this exam, the individual will be an Occupational Therapist, Registered (OTR). In addition, all states require licensure in order to practice; however, state licenses are usually based on the results of the NBCOT Certification Examination. Note that a felony conviction may affect a graduate's ability to sit for the NBCOT certification examination or attain state licensure.

Occupational therapy (OT) is a health-care profession that uses occupation, or meaningful activity, to help people lead productive and satisfying lives. Occupational therapists form a dynamic and collaborative partnership with service recipients in order to support their maximal participation in societal roles. The uniqueness of occupational therapy lies in the recognition and appreciation of the importance of day-to-day occupations that are used to positively influence one's health and well-being. Persons, groups, or populations who have difficulty participating in daily roles, routines, and activities due to physical, psychological, emotional, or developmental problems can benefit from occupational therapy services.

Occupational therapists are skilled professionals whose education includes the study of human growth and development with specific emphasis on the social, emotional, and physiological effects of illness and injury and the concomitant benefits of engagement in occupation. Occupational therapists need to be people-focused as well as art- and science-oriented. They must be well-educated in the functions of mind, body, and spirit. The occupational therapy doctorate degree provides "opportunities for the occupational therapist to possess the necessary knowledge and skills as a direct care provider, consultant, educator, manager, leader, researcher, and advocate for the profession and the consumer" (ACOTE Standards, 2018). Occupational therapy is a rewarding and satisfying career that requires a high level of skill and expertise.

The Occupational Therapy Program spans 7 semesters post-baccalaureate degree and culminates in an earned entry-level occupational therapy doctorate (OTD) degree. The course of study includes completion of didactic and lab courses, fieldwork Level I and II, a capstone experience, and capstone project. The OTD Program's Mission, Philosophy, and Curriculum Design center around curricular threads of Practice, Ethics, Advocacy, Leadership, and Scholarship. The Program's Mission is to educate students to become competent and ethical practitioners who advocate for justice, serve as leaders, and embrace a lifetime of scholarship.

See the list of [Essential Functions for Coursework and Fieldwork](#) that details the performance abilities and characteristics necessary to successfully complete the requirements of the OTD program.

See [Entry-level Occupational Therapy Doctorate Degree Admission Requirements](#) for application and admission details. Acceptance into the capped OTD program includes but is not limited to the following: completion of a minimum of a bachelor's degree with an earned, preferred cumulative GPA of 3.2 on a 4.0 scale; completion of all pre-requisite course requirements; meeting competitive GRE score criteria (waived for entrance in Fall 2023); and submitting an application accompanied by three letters of recommendation.

Additional Requirements

Student membership into the state and national occupational therapy professional organizations is required. Prior to beginning Level I and Level II Fieldwork, students must show evidence of malpractice liability insurance (\$2,000,000/\$4,000,000). Liability insurance is mandatory and provided through the University, and the University has negotiated a favorable group rate for occupational therapy students. Students are billed through the University when they register for courses that include a fieldwork or community experience. All students must have current CPR certification; hepatitis B immunization; measles, mumps, and rubella immunizations; Covid-19 full vaccination including booster; an annual FBI & BCI criminal history record check, tuberculosis test, seasonal influenza vaccine, history and physical exam, universal precautions and HIPPA training. Drug testing may be requested upon demand. Possession of or ability to attain a valid passport for travel outside the US is required for the Total Immersion Diversity Experience (TIDE). Level II Fieldwork courses must be completed within 12 months of the didactic coursework. Doctoral capstone must be completed within 24 months of completing didactic coursework.

Curriculum

- OCTD 501 Applied Neuroscience (3)
- OCTD 502 Occupational Science (3)
- OCTD 505 Professional and Ethical Practice (3)
- OCTD 508 Occupational Therapy Theory (3)
- OCTD 510 Therapeutic Skills (2)
- OCTD 512 Therapeutic Skills Lab (2)
- OCTD 520 Occupational Therapy Measurement and Assessment (3)
- OCTD 522 Scholarship I: Quantitative Research Methods (3)
- OCTD 524 Occupational Justice (3)
- OCTD 526 Occupational Therapy Process: Behavioral Health (3)
- OCTD 528 Behavioral Health Lab (1)
- OCTD 530 Focused Topic: Occupation-Based Movement Analysis (1)
- OCTD 532 Focused Topic: Occupational Therapy Evidence-based Practice (1)
- OCTD 534 Introduction to Capstone (1)
- OCTD 600 Occupational Therapy Process: Pediatrics (3)
- OCTD 602 Pediatrics Lab (1)
- OCTD 604 Capstone Development I (3)
- OCTD 606 Scholarship II: Qualitative Research Methods (3)
- OCTD 608 Environmental Analysis (3)
- OCTD 610 Focused Topic: School-based Practice (1)
- OCTD 612 Focused Topic: Grant Writing (1)
- OCTD 614 Level I Fieldwork Pediatrics (1)
- OCTD 620 Occupational Therapy Process: Adults (3)
- OCTD 622 Adults Lab (1)
- OCTD 624 Culture and Occupation (1)
- OCTD 626 Assistive Technology for Lifespan (3)
- OCTD 628 Assistive Technology Lab (1)
- OCTD 630 Occupational Therapy Management and Supervision (3)
- OCTD 633 Scholarship III: Scholarly Study (3)
- OCTD 634 Focused Topic Lab: Prosthetics, PAMs, and Splinting (1)
- OCTD 700 Occupational Therapy Process Geriatrics (3)
- OCTD 702 Capstone Development III (1)
- OCTD 705 Capstone Project Development II (3)
- OCTD 706 Advanced Practice: Population Health & Community-Based Practice (3)
- OCTD 708 Occupational Therapy Leadership & Advocacy (3)
- OCTD 712 Level I Fieldwork Adult/Geriatric (1)
- OCTD 714 Level I TIDE Fieldwork (1)
- OCTD 720 Level II Fieldwork (A) (6)
- OCTD 722 Level II Fieldwork (B) (6)
- OCTD 800 Capstone Practicum (6)
- OCTD 802 Capstone Dissemination (3)

Dual Degree

Bachelor of Liberal Arts / Master of Occupational Therapy (BLA to MOT)

This program is no longer admitting students as freshmen as of Fall 2018.

To complete the MOT degree, students will initially obtain a BLA with a concentration in Human Occupation Studies and a University approved minor or second concentration. The BLA will be obtained upon completion of the first semester of the 4th year. Graduate coursework will begin second semester of the fourth year, and continue during the 5th year. It will culminate in a 6 month, post academic internship; the entire course of study spans 5 ½ years. Transfer students who are certified occupational therapy assistants may receive transfer credit for some of the BLA requirements depending on the articulation agreement worked out with the occupational therapy assistant program previously attended.

Requirements for the BLA to MOT

Note(s):

Complete undergraduate prerequisite courses and earn no more than two "C" or lower letter grades in each course, as follows:

Undergraduate core curriculum requirements:

See Undergraduate Core Curriculum .

The following specific core courses are required for this program:

- BIOL 140,141,142,143
- ENGL 115
- MATH 156,158
- PHYS 140,142
- PSYC 231

Upper Division Studies Requirement:

38 credit hours of upper division work, as follows:

Complete 26 hours from:

- HOCS 301 - Human Occupation Across Lifesp
- HOCS 303 - Technlgy for Life Participatn
- HOCS 321 - Analysis of Occupational Perfo
- HOCS 323 - Occupatl Justice I:Foundations
- HOCS 386 - Kinesiology Lecture
- HOCS 387 - Kinesiology Lab
- HOCS 401 - Transformative Nature of Occup
- HOCS 403 - Creative & Systematic Inquiry
- HOCS 405 - Occupatnl Justice II: Indp Stu
- HOCS 411 - Condns Influencing Participn

Note(s):

- These HOCS courses are required for the Concentration in Human Occupation Studies (HOCS).

Complete at least 12 hours in a required Minor or a 2nd concentration within the BLA.

Additional OT requirements:

6 hours of Neuroscience and Kinesiology from:

- BIOL 204 - Functional Neuroscience

3 hours of Bioethics from:

- PHIL 329 - Bioethics (can be taken as the required Philosophy elective course in the undergraduate core)

Note(s):

- A minimum of 120 credit hours is required for the BLA degree; and an overall cumulative GPA of at least 3.000 must be attained.

MOCT Courses

- MOCT 501 - Creative & Sys Inquiry II
- MOCT 502 - Creative & Systematic Inquiry
- MOCT 503 - Tech for Life Participation II
- MOCT 505 - Techniques & Tools for OCHT Pr
- MOCT 507 - Professional Issues I
- MOCT 601 - Graduate Research Project I
- MOCT 603 - Domns&Proc I:Birth-Early Adult
- MOCT 605 - Adapt&Tech for Occ Partic I
- MOCT 607 - Level I Fieldwork:Domns&Proc
- MOCT 609 - Theoretical Found&Clin Reason
- MOCT 611 - Professional Issues II
- MOCT 631 - Graduate Research Project II
- MOCT 633 - Dom & Proc II: Ear Ad Through
- MOCT 635 - Adapt & Tech for Occ Part II
- MOCT 637 - Level I Fieldwork: Dom & Proc
- MOCT 641 - Professional Issues III
- MOCT 691 - Level II Fieldwork
- MOCT 692 - Level II Fieldwork
- MOCT 779 - Applied Interprofessional Coll

BLA Degree: (121 hours)

MOCT Courses: (48 hours)

MOT Degree TOTAL: (169 hours)

Radiologic Technology

The Radiologic Technology Program offers a two year/full-time (23 months) classroom and clinical training leading to an Associate of Science degree. The hospital affiliates are Good Samaritan Hospital and Mercy Hospital-Western Hills. Education for the radiography student is an integrated plan of classroom, laboratory and clinical education. The Radiographic Practicum courses (12 credit hours and approximately 1900 clock hours) allow the students to practice the theories taught at Xavier and apply them in a clinical setting. Upon successful completion of the program, students receive an Associate Degree in Science and are eligible to apply to the American Registry of Radiologic Technology (ARRT) to take their certification examination.

Also offered is a Magnetic Resonance Imaging (MRI) program. The program is designed to help MRI technologist working in the field prepare for the ARRT advanced examination or to help radiographers expand their career in MRI imaging.

Bachelor of Liberal Arts

Liberal Arts, B.L.A. with MRI Concentration

Magnetic Resonance Imaging (MRI) Program

The program provides comprehensive didactic and clinical education in Magnetic Resonance Imaging with graduates meeting the eligibility requirements for the ARRT's post-primary exam in MRI. **Candidates must be graduates or pending graduates from a JRCERT accredited program in Radiography.** In addition, candidates must be registered by the ARRT by the beginning of the Spring semester.

Students have two options to continue their studies in MRI:

1. **Bachelor of Liberal Arts with a MRI concentration** – Students would complete the required general core courses in addition to the required MRI didactic/clinical courses for a total of 120 credit hours. Depending on the amount of transfer credit hours and the additional core courses taken during each semester, this option may take longer than the traditional two years. At the completion of the course of studies, students will receive their bachelor's degree and be eligible to apply to sit for the ARRT advanced registry examination for MRI. **OR**
2. **MRI Certificate Program** – The applicant must be a graduate of an accredited radiologic technology program to be accepted into the MRI program. College credit hours will be awarded for the MRI didactic and clinical courses following successful completion of each course. At the completion of the program (17 credit hours), students will receive a certificate of completion and be eligible to apply to sit for the ARRT examination for MRI. Students would be able to apply these course credit hours towards the Bachelor Degree of Liberal Arts in the future.

Note(s):

- A grade of "C-" or better must be attained in all RADT courses.
- Courses with prerequisites cannot be taken until the prerequisite courses have been successfully completed with a grade of "C-" or better.
- All students must present evidence of the following **prior to entrance in all clinical courses:**
 1. Liability insurance (\$2,000,000/\$4,000,000), purchased through the University and billed to student's account.
 2. Health history and required physical examination form
 3. MMR immunization
 4. Yearly tuberculosis skin test (two-step)
 5. Hepatitis B series
 6. Proof of current health care coverage
 7. Verification of history of varicella (chicken pox)

- 8. Tetanus-Diphtheria-Acellular Pertussia (Tdap)
- 9. CPR certification
- Students are responsible for these expenses as well as for uniforms, and transportation costs to the clinical sites. Students must provide their own transportation between campus and clinical sites.

August - Pre-Semester

- RADT 300 - Introduction to MRI (This course must be completed with a "C-" or better before entering the Fall Semester and the clinical aspects of the program.)

Total (1)

Fall Semester: Begins with the regular Fall Semester

- RADT 310 - MRI Imaging Procedures
- RADT 311 - MRI Practicum I
- RADT 320 - Physical Principles of MRI I
- RADT 330 - Advance Sectional Anatomy

Total (8)

Spring Semester

- RADT 313 - MRI Practicum II
- RADT 321 - Physical Principles of MRI II
- RADT 340 - MRI Pathology
- RADT 350 - Management of a MRI Center

Total (8)

Total of 17 credit hours

NOTE:

A grade of "C-" or higher must be attained in all MRI courses in order to advance to the next semester.

Certificate

MRI Certificate

Magnetic Resonance Imaging (MRI) Program

The program provides comprehensive didactic and clinical education in Magnetic Resonance Imaging with graduates meeting the eligibility requirements for the ARRT's post-primary exam in MRI. **Candidates must be graduates or pending graduates from a JRCERT accredited program in Radiography.** In addition, candidates must be registered by the ARRT by the beginning of the Spring semester.

Students have two options to continue their studies in MRI:

1. Bachelor of Liberal Arts with a MRI concentration – Students would complete the required general core courses in addition to the required MRI didactic/clinical courses for a total of 120 credit hours. Depending on the amount of transfer credit hours and the additional core courses taken during each semester, this option may take longer than the traditional two years. At the completion of the course of studies, students will receive their bachelor's degree and be eligible to apply to sit for the ARRT advanced registry examination for MRI. **OR**
2. MRI Certificate Program – The applicant must be a graduate of an accredited radiologic technology program to be accepted into the MRI program. College credit hours will be awarded for the MRI didactic and clinical courses following successful completion of each course. At the completion of the program (17 credit hours), students will receive a certificate of completion and be eligible to apply to sit for the ARRT examination for MRI. Students would be able to apply these course credit hours towards the Bachelor Degree of Liberal Arts in the future.

Note(s):

- A grade of "C-" or better must be attained in all RADT courses.
- Courses with prerequisites cannot be taken until the prerequisite courses have been successfully completed with a grade of "C-" or better.
- All students must present evidence of the following **prior to entrance in all clinical courses:**
 1. Liability insurance (\$2,000,000/\$4,000,000), purchased through the University and billed to student's account.

Total (8)

Total of 17 credit hours

NOTE:

A grade of "C-" or higher must be attained in all MRI courses in order to advance to the next semester.

Social Work

The Department of Social Work offers the Bachelor of Science in Social Work.

Bachelor of Social Work

Social Work, B.S.W.

"I want to help people." This is the quest most commonly identified by students declaring social work as a major. For those with a strong desire to promote social justice and improve the collective well-being of individuals, families, groups, organizations, and communities, social work is a profession with both educational and licensure requirements. Social workers are licensed professionals helping both individual people and society with complex interpersonal and social problems

Social Work at Xavier is a four-year undergraduate program grounded in the liberal arts which grants the student a bachelor of social work (BSW) degree and has been accredited continuously for over thirty five years by the Council on Social Work Education.

In order to graduate students who are prepared for beginning level social work generalist practice as well as for graduate school, the following five goals of the Social Work program are linked to the student learning outcomes of the University.

- **Critical Thinking & Research:** students will apply critical thinking skills in order to engage as a consumer and producer in research informed practice and practice informed research.
- **Practice as a Professional:** students will identify as professional generalist practitioner and become leaders engaging, assessing, intervening, and evaluating client systems at all levels, with an understanding of interprofessional practice.
- **Ethics & Values:** students will be able to engage in a decision making process based on the ethical principles of social work and identifying personal and professional values that play a role in that process.
- **Policy & Social Justice:** students will be able to engage in analysis and action regarding policy and practice standards that are informed by knowledge of institutional discrimination, oppression, and privilege and that advance social justice for all
- **Human Behavior & Diversity:** students will be able to utilize social work cultural competency standards and theories of human behavior grounded in person-in-environment perspective, including bio-psycho-social-spiritual assessment.

Social work majors primarily complete their university core curriculum requirements during freshman and sophomore years, including four courses required by the major that are taught outside of the department. Most required social work courses are upper level courses taught inside the department during junior and senior years.

To be an effective beginning level generalist practitioner, social work majors must acquire knowledge of social work theory and develop skills as a practitioner under professional supervision. During both semesters of the senior year, students are engaged 16 hours per week in a supervised Field Placement agency setting. During spring semester of the junior year, the Director for Field Education guides students through an extensive matching process to choose their Field Placement site.

Social Work licensure requirements vary by state. To determine the licensure requirement for each state, see www.aswb.org. In many states, including Ohio, students graduating with a BSW can take the licensure exam to be a Licensed Social Worker. In Ohio, the licensure exam can be taken in spring of the senior year to prepare for employment upon graduation.

Social workers who have graduated from an accredited BSW program like Xavier's may be eligible for advanced standing admission to graduate-level MSW programs. Through advanced standing, social work graduate students can often complete their graduate degree in only one year.

Academic Performance Policy

Declaring the Major

Students may declare Social Work as a major as incoming freshmen or thereafter during their careers at Xavier as long as they are in good academic standing in the university (gpa 2.0 or higher).

- The first step is to meet with the chair of the department.
- After that, the official change of major through the registrar's office will be initiated by the department administrative assistant.
- Students will then be assigned an Academic Advisor within the Social Work Department, and are required to meet with their Academic Advisor each semester to ensure completion of the required curriculum.
- All students declaring social work as a major enter the major at provisional status.
- In the junior year, social work majors must have achieved a December 2.5 GPA to be eligible to complete the Field Placement Petition process in spring in order to enter field placement in fall of the senior year.
 - Social work majors should begin their junior year with a minimum 2.5 GPA in the major as determined by the registrar (for a minimum of 3 SOCW courses taken at Xavier University).
 - Those who have achieved a minimum August 2.5 GPA will be granted full acceptance into the major during fall semester of the junior year.
 - Those who either have not yet achieved a minimum August 2.5 GPA or who have not yet completed 3 SOCW courses at Xavier University will be placed on provisional status as a major and have one semester, the fall semester of junior year, to meet this December GPA requirement.

Admission & Academic Performance Policy

1. Students must be in good academic standing (GPA of 2.0 or higher) at the university to be accepted as a social work major and an overall minimum grade point average (GPA) of 2.0 is required to graduate from Xavier University.
2. Social work course credit is not granted for life experiences or previous work experience.
3. A minimum GPA of 2.5 in the major is required to graduate with a BSW degree.
 1. This GPA is based on the 53 required social work credit hours plus the 9 credits of electives.
 2. It does not include the 12 CR of coursework required outside the department: intro to sociology, intro to psychology, human biology, and statistics.
4. All students declaring social work as a major enter the major at provisional status.
5. In the junior year, social work majors must have achieved a December 2.5 GPA to be eligible to complete the Field Placement Petition process in spring in order to enter field placement in fall of the senior year.
 1. Social work majors should begin their junior year with a minimum 2.5 GPA in the major as determined by the registrar (for a minimum of 3 SOCW courses taken at Xavier University).
 2. Those who have achieved a minimum August 2.5 GPA will be granted full acceptance into the major during fall semester of the junior year.
 3. Those who either have not yet achieved a minimum August 2.5 GPA or who have not yet completed 3 SOCW courses at Xavier University will be placed on provisional status as a major and have one semester, the fall semester of junior year, to meet this December GPA requirement.
 4. A student may appeal the 2.5 GPA policy by submitting the request in writing to the department. The department has the right to deny or grant any such request.
6. The social work department has a "C or better" grade policy for all courses required by the major. If a student receives a letter grade below a "C", meaning a "C-" or below, in a course required by the social work major, the student must repeat the course.
 1. This policy applies to all SOCW courses and those required courses taught outside the department. (listed in italics in the social work handbook/advising checklist)
 2. This policy DOES NOT apply to courses fulfilling the required 9 CR of social work electives.
 3. A student may appeal the "C or better" grade policy by submitting the request in writing to the department. The department has the right to deny or grant any such request.
7. Students fully accepted as a major with a minimum 2.5 GPA whose GPA in the major drops below 2.5 have one semester of probationary status and one semester only to return to a minimum 2.5. Students unable to do so will no longer be able to declare social work as a major.

Termination from Social Work Major

The Social Work Department at Xavier University is interested in promoting professionalism in social work. The termination process of the Department is designed to ensure that individuals who do not meet the expectations for entry level social work do not graduate with a social work degree.

- Prior to termination, the student will be provided with verbal and written notification of an impending action.
- An interview with the Chairperson and/or Director for Field Education will be scheduled with the student to discuss alternate options to termination.
- If an option other than termination is viable, a contract will be negotiated between the Chairperson and the student specifying steps to be taken toward resolution with a time limit for the accomplishment of the plan.
- A final interview with the Chairperson will be scheduled to determine if the steps in the contract have been successfully accomplished.
- The Chairperson may re-negotiate the contract as needed.
- Students who are terminated from the major are notified in writing of the decision.

Students may be terminated from the social work major for both academic and/or professional performance issues. Students may be terminated from the major any time after

declaration of the major. To terminate a student from the major is a serious decision that is made collectively by the social work faculty. These reasons may include, but are not limited to:

Reasons for Termination:

1. Failure to meet or maintain academic grade point requirements as established by the University.
2. Academic plagiarism in any social work course.
3. Failure to meet academic requirements of the program.
4. Violation of the NASW Code of Ethics.

Requirements for the Social Work Major

Undergraduate Core Curriculum requirements:

48-63 Credit Hours dependent on courses taken. See Undergraduate Core Curriculum

Courses taught outside the department required by the major that also meet core curriculum requirements.

Mathematics:

- Take Statistics from either MATH 116 or MATH 156 and earn a grade of "C" or better; and take another math core class.

Science:

- BIOL 102 and BIOL 132 and earn a grade of "C" or better;

Social Sciences:

- PSYC 101 and SOCI 101 and earn a grade of "C" or better in each class.

Major requirements:

53 credit hours, as follows; and 9 credit hours of electives, as needed for a total of 62 credit hours.

Specific social work courses required, take:

- SOCW 167 - Survey of Society Social Work
- SOCW 206 - Intro to Gender & Diversity St
- SOCW 208 - Economics of Society

- SOCW 299 - Child Welfare and Development
- SOCW 300 - Adolescence - Older Adulthood
- SOCW 315 - Values, Human Rights, Advocacy
- SOCW 316 - Soc Policy & Contemporary Issu
 - SOCW321 Communication Skills for Professional Social Work Practice
- SOCW 352 - Research Methodology
 - SOCW Upper Level Diversity Course (Choose either SOCW 318 Trends in Modern Soc: Race Rel, or SOCW 325 Women/Men: Myth & Reality)
- SOCW 392 - Practice I: Individuals
- SOCW 393 - Practice II: Groups & Families
- SOCW 394 - Practice III: Comm & Org
- SOCW 404 - Rel/Ethics & Profession Pract
- SOCW 417 - Social Work Field Instruction
- SOCW 418 - Social Work Field Instruction
- SOCW 419 - Social Work Seminar
- SOCW 420 - Social Work Seminar
 - SOCW425 Research Methods II

Social Work Electives

9 credit hours as follows:

- Minimum of nine hours in related divisional work as specified in the Support Core (or other courses approved by the department chair),
- CJUS 101 - Intro to Criminal Justice
- CJUS 260 - Current Issues in Crim Justice
- CJUS 321 - Juvenile Justice
- CJUS 335 - Inside-Out Prison Exchange
- COMM 101 - Oral Communication
- COMM 209 - Group Dynamics
- POLI 140 - American Government and Politi
- POLI 301 - Political Philosophy
- PSYC 261 - Social Psychology

or

- SOCW 261 - Social Psychology
- PSYC 277 - Psychological Disorders
- SOCW 318 - Trends in Modern Soc: Race Rel
- SOCW 325 - Women/Men: Myth & Reality
- SOCW 402 - Child Maltreatment & Fam Viol
- SOCW 444 - Addictive Behaviors
- PSYC 367 - Psychology of Aging

Additional Major requirements:

- In order to enter field education courses, the student must complete the petition for acceptance into field education, and receive approval for entrance into field by the department.
- Other policies for Social Work majors are located in the departmental student handbook.
- A grade of "C" or better must be attained in each course required for the social work major, including the nine hours of social work electives.
- Exceptions to this requirement may be granted following petition to the department.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S.W. Social Work

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- ENGL 101 - English Composition or ENGL 115 - Rhetoric
- PHIL 100 - Ethics as Intro to Philosophy
- Second Language I
- CORE 100 - First Year Seminar
- CORE 101 - First Year Co-Curricular Program I
- SOCW 167 - Survey of Society Social Work (fulfills core Diversity Curriculum Requirement)

Total (15)

Second Semester

- THEO 111 - Theological Foundations
- Second Language II
- SOCI 101 - Introduction to Sociology or PSYC 101 - General Psychology or PSYC 130/131 - Psychology Science Perspective/Lab
- Creative Perspectives Elective
- Historical Perspectives
- CORE 102 - First Year Co-Curricular Program II

Total (15)

Sophomore Year

First Semester

- SOCW 299 - Child Welfare and Development (fulfills core curriculum Social Science Requirement)
- SOCW 206 - Intro to Gender & Diversity Studies
- PHIL 200 - Philosophical Perspectives
- Scientific Perspectives Elective
- CLAS 205 - Classical Lit & Moral Imagination or ENGL 205 - Literature & Moral Imagination or SPAN 205 - Hispanic Lit & Moral Imagination

Total (15)

Second Semester

- SOCW 300 - Adolescence - Older Adulthood
- BIOL 102/132 - Life: Human Biology/Lab (fulfills core curriculum Natural Science Requirement) or BIOL 106/107 - Biology of Aging/Lab
- SOCW 208 - Economics of Society
- Humanities Elective
- Oral Communication Elective

Total (15)

Junior Year

First Semester

- PSYC 101 - General Psychology or SOCI 101 - Introduction to Sociology
- SOCW 392 - Practice I: Individuals
- Upper Level Diversity Course
- SOCW 315 - Values, Poverty and Society +
- SOCW 321 - Communication Skills

Total (15)

Second Semester

- MATH 166 - Elementary Stats
- SOCW 393 - Practice II: Groups & Families
- SOCW 316 - Soc Policy & Contemporary Issu
- SOCW Elective
- Quantitative Reasoning Elective

Total (15)

Senior Year

First Semester

- SOCW 417 - Social Work Field Instruction
- SOCW 419 - Social Work Seminar
- SOCW 352 - Research Methodology
- SOCW 394 - Practice III: Comm & Org
- General Elective

Total (15)

Second Semester

- SOCW 418 - Social Work Field Instruction
- SOCW 420 - Social Work Seminar
- SOCW Elective or Writing Intensive Elective
- SOCW 425 - Research Methods II
- SOCW 404 - Rel/Ethics & Profession Pract

Total (15)

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- + Several courses offered by the social work department fulfill the fourth societal focus course in the Core Curriculum's Ethics/Religion and Society (E/RS) Focus: SOCW 315 Values, Human Rights, Advocacy; SOCW 404 Rel/Ethics & Profession Pract; and SOCW 206 - Intro to Gender and Diversity Studies

Minors

Social Work Minor

The social work minor provides students with:

- An understanding of the profession of social work and the central role of advocacy
- An understanding of social work values and ethical practices
- An examination of contemporary social issues affecting individuals, families, groups, organizations, and communities integrating diversity and social justice perspectives
- An understanding of social policies and social institutions that impact citizens and society
- An understanding of knowledge and skills necessary to engage in empowerment and advocacy for the collective well-being of all and developing solutions to many contemporary social problems

18 credit hours

6 credit hours:

- SOCW 167 - Survey of Society Social Work
- SOCW 316 - Soc Policy & Contemporary Issu

12 credit hours

Choose 4 of the following 5:

- SOCW 206 - Intro to Gender & Diversity St
- SOCW 208 - Economics of Society
- SOCW 299 - Child Welfare and Development
- SOCW 300 - Adolescence - Older Adulthood
- SOCW 315 - Values, Human Rights, Advocacy
- SOCW 404 - Rel/Ethics & Profession Pract or
- THEO 404 - Rel/Ethics & Prof. Practice

Note(s):

- A grade of C or better is required for all coursework in the minor.

Sport Science and Management

The Department of Sport Science and Management offers undergraduate degrees in sport management, sport marketing, and exercise science, as well as master's degrees in sport administration, athletic training and coaching education and athlete development.

The sport management and marketing programs prepare students to work in the sport industry. This industry is competitive, and for students to succeed, it is necessary to network and build relationships in the industry while pursuing undergraduate education. To this end, the program seeks to maximize student contact with industry professionals and enhance understanding of the business of sport through rigorous academic preparation.

Bachelor of Science

Exercise Science, B.S.

The BS in Exercise Science degree is a scientific program that focuses on the anatomy, physiology, biochemistry, and biophysics of human movement, and the application to exercise, physical activity, and therapeutic rehabilitation. Students will be taught to create and execute science-based exercise programs that are safe and effective for a variety of individuals. Students will learn to promote wellness for individuals of different ages, sexes, and fitness levels/abilities.

Students will be prepared to work in health promotion, fitness facilities, colleges and universities, clinical rehabilitation facilities, and in sport and athletic conditioning programs. This degree is also designed to help students prepare for graduate studies in athletic training, medicine, occupational therapy, physical therapy, and other health care related specialties.

Dependent upon the exercise science electives students select, at the end of this program students may be eligible for the following certifications; American College of Sports Medicine (ACSM) Certified Exercise Physiologist, ACSM Certified Personal Trainer, National Strength & Conditioning Specialists (CSCS), and American Council on Exercise (ACE) Personal Trainer Certification.

Program Admission Requirements

There are no separate admission criteria for the BS in Exercise Science major. All students that are admitted into XU are welcome to start the major.

Program Progression and Retention Requirements

Academic Progression

- Several Exercise Science courses have required pre-requisites. Students must pass each required pre-requisite with a grade of C or better to be permitted to register for the Exercise Science course. A grade of C- or less will not meet the requirement. This may impact progression in the major and possibly a student's date of graduation.
- Students must earn minimum grade of "C" in all Core Exercise Science courses. Students may repeat a course one time to improve their grade and meet graduation requirements. If a student does not meet the minimum grade requirement the second time a course is taken, they will not be permitted to retake the course, and will be dismissed from the major.

Academic Probation

- Any student whose cumulative average falls below 2.75 is placed on academic probation. Academic probation will be imposed by the program director at the end of any term. While on probation a student may be restricted to a reduced course load, and/or receive other stipulations intended to improve the student's academic success. Academic probation is removed when the student's cumulative average rises to 2.75 or above.

Academic Suspension

Students on academic probation who fail to restore their cumulative grade point average to 2.75 within two semesters will be suspended from the program. In addition, freshmen and probationary students who receive more than one failing grade within a single term will be suspended. Suspension will be enforced unless in the judgment of the program director there are extenuating circumstances. One fall or spring term must elapse before a suspended student may reapply.

Academic Reactivation

A suspended student who wishes to return is required to contact the program director in writing. Reactivation and the conditions for such will be determined by program director.

Academic Dismissal

A student who has been readmitted after a period of suspension and who fails to meet the terms of the readmission as stipulated by the program director will be dismissed from the program and is not eligible to return.

Program Graduation Requirements

- Completion of all Exercise Science and XU Core Requirements
- Completion of a minimum of 120 credits
- A minimum grade of "C" in all Core Exercise Science courses
- A minimum cumulative GPA of 3.0 in all EXSC courses
- A minimum grade of "C" in all Exercise Science Elective courses
- A minimum grade of "C" in all required Science courses
- Anatomy and Physiology must be completed at a four-year regionally accredited university

Requirements for the Exercise Science Major

Core Curriculum Requirements

See Undergraduate Core Curriculum

Exercise Science Curriculum

Credit Hour Total: 56-57 cred hours.

- Exercise Science Major Requirements - 26 credit hours
- Exercise Science Electives - 9 credit hours
- Math Requirements - 3 credit hours
- Science Requirements - 15-16 credit hours
- Social Science Requirements - 3 credit hours

Major Requirements

- EXSC 100 - Intro to Exercise Science
- EXSC 200 - Kinesiology
- EXSC 300 - Exercise Physiology
- EXSC 320 - Fitness Training Principles
- EXSC 325 - Resistance Training
- EXSC 360 - Nutrition for Sport & Exercise
- EXSC 380 - Fitness Assessment & Design
- EXSC 381 - Fitness Assess & Design Lab
- EXSC 460 - Exercise Science Practicum

Exercise Science Electives - 9 hours from the following options:

- BIOL 204 - Functional Neuroscience
- BIOL 370 - Endocrinology
 - EXSC 160: Group Fitness 1 CR
- EXSC 260 - Sports Medicine

- EXSC 261 - Sports Medicine Laboratory
 - EXSC 340: International Exercise Science 3 CR
 - EXSC 440: Fitness in Special Populations 3 CR
- EXSC 400 - Biomechanics
- EXSC 420 - Cardiopulmonary Fitness
- SPMG 322 - Facility & Event Mgmt
- SPMG 348 - Legal & Ethical Issues in Sprt
- SPMG 377 - Sport Psychology
- SPMG 410 - Sport Ethics

Mathematics Requirements:

- MATH 116 - Elementary Statistics
- or
- MATH 156 - General Statistics

Science Requirements:

- BIOL 140 - Human A&P I for Allied Health
- BIOL 141 - Hum A&P I Lab Allied Health
- BIOL 142 - Hum A&P II for Allied Health
- BIOL 143 - Hum A&P II Lab Allied Health
- CHEM 150 - Physiological Chemistry
- CHEM 151 - Physiological Chemistry Lab

or

- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- PHYS 140 - Technical Physics
- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I

Social Science Requirement:

- PSYC 101 - General Psychology

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S. Exercise Science

4 Year Plan

First Year

Fall Semester

- BIOL 140 - Human A&P I for Allied Health
- BIOL 141 - Human A&P I Lab Allied Health
- ENGL 101 - English Composition
- EXSC 100 - Intro to Exercise Science
- Second Language I
- CORE 101
- THEO 111 - Theological Foundations or CORE 100 - First Year Seminar

Spring Semester

- BIOL 142 - Hum A&P II for Allied Health
- BIOL 143 - Hum A&P II Lab Allied Health
- EXSC 200 - Kinesiology
- Historical Perspectives
- Second Language II
- CORE 102
- THEO 111 - Theological Foundations or CORE 100 - First Year Seminar

Second Year

Fall Semester

- CHEM 150 - Physiological Chemistry
- CHEM 151 - Physiological Chemistry Lab
- MATH 116 - Elementary Statistics or MATH 156 - General Statistics
- PSYC 101 - General Psychology
- EXSC 300 - Exercise Physiology
- Theological Perspectives Elective

Spring Semester

- PHIL 100 - Ethics as Intro to Philosophy
- EXSC 320 - Fitness Training Principles
- EXSC 325 - Resistance Training
- EXSC 360 - Nutrition for Sport and Exercise
- ENGL/CLAS/SPAN 205 - Lit & Moral Imag
- Core/General Electives (3)

Third Year

Fall Semester

- PHYS 140 - Technical Physics
- PHYS 141 - Technical Physics Lab
- EXSC 380 - Fitness Assessment and Design
- EXSC - Fitness Assess and Design Lab
- Ethics/Religion & Society Elective
- Humanities Elective
- Core/General Electives

Spring Semester

- Exercise Science Elective
- Exercise Science Elective
- PHIL 200 - Philosophical Perspectives

Summer Semester

- ATTR 500 - Care & Prevention
- ATTR 501 - Athletic Training Skills
- ATTR 510 - Anatomical Kinesiology

Fourth Year

Fall Semester

- ATTR 521 - Lower Extremity Injuries
- ATTR 531 - Therapeutic Interventions I
- ATTR 540 - Evidence Based Practice
- ATTR 561 - Clinical Experience I

Spring Semester

- ATTR 522 - Upper Extremity Injuries
- ATTR 523 - Head, Spine & Thorax Injuries
- ATTR 532 - Therapeutic Interventions II
- ATTR 541 - Research I
- ATTR 550 - IP Collaboration
- ATTR 562 - Clinical Experience 2

Fifth Year

Fall Semester

- ATTR 600 - Medical Issues in AT
- ATTR 610 - Administrative Concepts
- ATTR 633 - Therapeutic Interventions III
- ATTR 642 - Research II
- ATTR 663 - Clinical Experience 3

Spring Semester

- ATTR 650 - Contemporary Issues in AT
- ATTR 664 - Clinical Experience 4

Note:

- Students will need to incorporate the 5 flags into their core courses.

Sport Management, B.S.

Sport Management and Sport Marketing Majors

Requirements for Sport Management and Sport Marketing Majors

Undergraduate Core Curriculum Requirements:

Students take 48 hours of core classes exclusive of those core courses required for the Sport Management or Sport Marketing major. See Undergraduate Core Curriculum .

Mathematics Requirement:

9 credit hours from the following:

- One Quantitative Reasoning Course (Cannot double count as a core mathematics course)
- One Statistics course:
 - MATH 116 - Elementary Statistics OR
 - MATH 156 - General Statistics
- One elective core mathematics course

- MATH 116 - Elementary Statistics

- or

- MATH 156 - General Statistics
 - One elective core mathematics course

Major Requirements:

73 / 79 credit hours, distributed as follows:

Area 1 Sport Management Courses

21 credit hours from sport management/sport marketing curriculum.

- SPMG 110 - Intro to Sports Management
- SPMG 132 - Sociology of Sport
- SPMG 195 - History of American Sport
- SPMG 310 - Intro to Sport Marketing
- SPMG 322 - Facility & Event Mgmt
- SPMG 348 - Legal & Ethical Issues in Sprt
- SPMG 410 - Sport Ethics

Area 2 Sport Management Electives

Sport Management and Sport Marketing students take 9 hours of sport management electives. Choose from the following or select other classes to count toward a minor or double major.

- SPMG 250 - Professional Development in Sport Management
- SPMG 340 - International Sport
- SPMG 350 - Professional Devel. SPMG
- SPMG 360 - Sport Finance & Economics
- SPMG 366 - Marketing Comm Practicum
- SPMG 377 - Sport Psychology
 - SPMG 380 - Diversity & Inclusion in Sport
 - SPMG 385 - Intercollegiate Athletics
- SPMG 390 - Contemp Coaching:Issues & Trds
 - SPMG 420 - Youth & Sport
- FINC 300 - Business Finance
- BAIS 311 - Sabermetrics

Area 3 Business Courses

21 hours from business curriculum

- ACCT 200 - Introductory Financial Acct
- BAIS 220 - Mgmnt of Info Tech
- BLAW 300 - Legal Environment
- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles
- MGMT 200 - Organizational Management
- MKTG 300 - Principles of Marketing

Area 4 Communication Courses

12 hours from communication arts curriculum

- COMM 101 - Oral Communication

Choose From:

- COMM 206 - Writing for the Media or
- COMM 207 - Interpersonal Communication or
- COMM 211 - Media Literacy
 - Six elective hours (COMM 209-479)

Area 5 Sport Management Internship

9 hours of field experience required, including:

- SPMG 495 - Internship in Sport Mgmt

Area 6 Sport Marketing Majors ONLY

6 credit hours of Marketing Electives.

Note:

- A 2.000 cumulative GPA must be attained in these major courses.
- Some of these electives may double count with other core or major courses
- All students must elect one each of oral communications, quantitative reasoning and writing-intensive flagged courses; many of these are available within the core or major.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S. Sport Management / B.S. Sport Marketing

Year 1

Fall Semester

- SPMG 110 - Intro to Sport Management
- Mathematical Perspectives elective
- First Year Sem. (CORE100) OR Theology 111
- Introduction to Ethics (PHIL100)
- Second Language I
- CORE 101

Total (15)

Spring Semester

- SPMG 195 - History of American Sport
- COMM 101 - Oral Communications
- First Year Sem. (CORE100) OR Theology 111
- Composition or Rhetoric (ENGL101/115)
- Second Language II
- CORE 102

Total (15)

Year 2

Fall Semester

- SPMG 132 Sociology of Sport
- ECON 200 - Microeconomic Principles
- Historical Perspectives elective
- Scientific Perspectives elective
- Philosophical Perspectives (PHIL 200)

Total (15)

Spring Semester

- ECON 201 Macroeconomic Principles
- Nat. Sci. elective
- Theological Perspectives elective
- MGMT 200 - Organizational Management
- MATH 116 - Elementary Statistics OR MATH 156 - General Statistics

Total (15)

Year 3

Fall Semester

- SPMG 322 - Facility and Event Management
- Choose from COMM 206 Writing for the Media, COMM 207 Interpersonal Communication, or COMM 211 Media Literacy
- SPMG 410 Sport Ethics (DCR elec)
- MKTG 300 - Principles of Marketing
- BAIS 220 - Management of Information Technology

Total (15)

Spring Semester

- SPMG 310 - Intro to Sport Marketing
- Communication Arts Elective
- Humanities elective
- ACCT 200 - Intro Financial Accounting
- ENGL 205 - Literature & Moral Imagination
- Sport Marketing Elective (Sport Marketing Majors ONLY)

Total (15 OR 18)

Year 4

Fall Semester

- SPMG 348 - Legal & Ethical Issues in Sport
- BLAW 300 - Legal Environment (E/RS elec.)
- Sport Management Elective
- Creative Perspective Elective
- Communication Arts Elective
- Sport Marketing Elective (Sport Marketing Majors ONLY)

Total (15 OR 18)

Spring Semester

- SPMG 495 - Internship in Sport Management (9 Credit Hours)
- Sport Management Elective
- Sport Management Elective
- CORE 499 - Core Capstone (0 credit hour)

Total (15)

Notes:

- Some of these electives may double count with other core or major courses
- All students must elect one each of oral communications, quantitative reasoning and writing-intensive flagged courses; many of these are available within the core or major.
- A minimum of 120 credit hours is required for the degree.

Sport Marketing, B.S.

Sport Management and Sport Marketing Majors

Requirements for Sport Management and Sport Marketing Majors

Undergraduate Core Curriculum Requirements:

Students take 48 hours of core classes exclusive of those core courses required for the Sport Management or Sport Marketing major. See Undergraduate Core Curriculum .

Mathematics Requirement:

9 credit hours from the following:

- One Quantitative Reasoning Course (Cannot double count as a core mathematics course)
 - One Statistics course:
 - MATH 116 - Elementary Statistics OR
 - MATH 156 - General Statistics
 - One elective core mathematics course
 - MATH 116 - Elementary Statistics
- or
- MATH 156 - General Statistics
 - One elective core mathematics course

Major Requirements:

73 / 79 credit hours, distributed as follows:

Area 1 Sport Management Courses

21 credit hours from sport management/sport marketing curriculum.

- SPMG 110 - Intro to Sports Management
- SPMG 132 - Sociology of Sport
- SPMG 195 - History of American Sport
- SPMG 310 - Intro to Sport Marketing

- SPMG 322 - Facility & Event Mgmt
- SPMG 348 - Legal & Ethical Issues in Sprt
- SPMG 410 - Sport Ethics

Area 2 Sport Management Electives

Sport Management and Sport Marketing students take 9 hours of sport management electives. Choose from the following or select other classes to count toward a minor or double major.

- SPMG 250 - Professional Development in Sport Management
- SPMG 340 - International Sport
- SPMG 350 - Professional Devel. SPMG
- SPMG 360 - Sport Finance & Economics
- SPMG 366 - Marketing Comm Practicum
- SPMG 377 - Sport Psychology
 - SPMG 380 - Diversity & Inclusion in Sport
 - SPMG 385 - Intercollegiate Athletics
- SPMG 390 - Contemp Coaching:Issues & Trds
- SPMG 420 - Youth & Sport
- FINC 300 - Business Finance
- BAIS 311 - Sabermetrics

Area 3 Business Courses

21 hours from business curriculum

- ACCT 200 - Introductory Financial Acct
- BAIS 220 - Mgmnt of Info Tech
- BLAW 300 - Legal Environment
- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles
- MGMT 200 - Organizational Management
- MKTG 300 - Principles of Marketing

Area 4 Communication Courses

12 hours from communication arts curriculum

- COMM 101 - Oral Communication

Choose From:

- COMM 206 - Writing for the Media or
- COMM 207 - Interpersonal Communication or
- COMM 211 - Media Literacy
 - Six elective hours (COMM 209-479)

Area 5 Sport Management Internship

9 hours of field experience required, including:

- SPMG 495 - Internship in Sport Mgmt

Area 6 Sport Marketing Majors ONLY

6 credit hours of Marketing Electives.

Note:

- A 2.000 cumulative GPA must be attained in these major courses.
- Some of these electives may double count with other core or major courses
- All students must elect one each of oral communications, quantitative reasoning and writing-intensive flagged courses; many of these are available within the core or major.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S. Sport Management / B.S. Sport Marketing

Year 1

Fall Semester

- SPMG 110 - Intro to Sport Management
- Mathematical Perspectives elective
- First Year Sem. (CORE100) OR Theology 111
- Introduction to Ethics (PHIL100)
- Second Language I
- CORE 101

Total (15)

Spring Semester

- SPMG 195 - History of American Sport
- COMM 101 - Oral Communications
- First Year Sem. (CORE100) OR Theology 111
- Composition or Rhetoric (ENGL101/115)
- Second Language II
- CORE 102

Total (15)

Year 2

Fall Semester

- SPMG 132 Sociology of Sport
- ECON 200 - Microeconomic Principles
- Historical Perspectives elective

- Scientific Perspectives elective
- Philosophical Perspectives (PHIL 200)

Total (15)

Spring Semester

- ECON 201 Macroeconomic Principles
- Nat. Sci. elective
- Theological Perspectives elective
- MGMT 200 - Organizational Management
- MATH 116 - Elementary Statistics OR MATH 156 - General Statistics

Total (15)

Year 3

Fall Semester

- SPMG 322 - Facility and Event Management
- Choose from COMM 206 Writing for the Media, COMM 207 Interpersonal Communication, or COMM 211 Media Literacy
- SPMG 410 Sport Ethics (DCR elec)
- MKTG 300 - Principles of Marketing
- BAIS 220 - Management of Information Technology

Total (15)

Spring Semester

- SPMG 310 - Intro to Sport Marketing
- Communication Arts Elective
- Humanities elective
- ACCT 200 - Intro Financial Accounting
- ENGL 205 - Literature & Moral Imagination
- Sport Marketing Elective (Sport Marketing Majors ONLY)

Total (15 OR 18)

Year 4

Fall Semester

- SPMG 348 - Legal & Ethical Issues in Sport
- BLAW 300 - Legal Environment (E/RS elec.)
- Sport Management Elective
- Creative Perspective Elective
- Communication Arts Elective
- Sport Marketing Elective (Sport Marketing Majors ONLY)

Total (15 OR 18)

Spring Semester

- SPMG 495 - Internship in Sport Management (9 Credit Hours)
- Sport Management Elective
- Sport Management Elective
- CORE 499 - Core Capstone (0 credit hour)

Total (15)

Notes:

- Some of these electives may double count with other core or major courses
- All students must elect one each of oral communications, quantitative reasoning and writing-intensive flagged courses; many of these are available within the core or major.
- A minimum of 120 credit hours is required for the degree.

Master of Science

Athletic Training, M.S.

Athletic training is recognized by the American Medical Association (AMA), Health Resources Services Administration (HRSA) and the Department of Health and Human Services (HHS) as an allied health care profession.. The Xavier University Athletic Training Program (XU-ATP) functions to prepare students, in the Jesuit tradition, to serve others through competent and compassionate healthcare. The XU-ATP provides a positive learning environment that fosters ethical decision-making, and collaboration with emphasis on instilling the values of continuous improvement and life-long learning. The XU-ATP merges rigorous course work with a variety of applied clinical experiences to build a strong foundation for a career in the field of athletic training.

The Xavier University Athletic Training Program fulfills the curricular guidelines established by the Commission on Accreditation of Athletic Training Education (CAATE) and the National Athletic Trainers' Association (NATA). Completing a degree in our Master of Science in Athletic Training program fulfills the eligibility requirements of the BOC certification exam. Graduates of Xavier University's Athletic Training Program receive a Master of Science (M.S.) degree in Athletic Training and are eligible to sit for the BOC exam.

Go to <https://www.xavier.edu/master-of-science-in-athletic-training-program/index> for current information pertaining to accreditation, program admission, technical standards, graduation requirements and the curriculum.

Students may enter the M.S. in Athletic Training degree through one of two options (see below).

Option 1: 2-year program for students with a bachelor's degree

Students who have demonstrated excellent academic achievement in completion of a bachelor's degree and have completed all prerequisites may complete the 2-year / 5-semester MS in AT degree.

Option 2: 5-year program for students without a bachelors degree (3+2 design)

In the first three years of this program students will complete courses to fulfill all XU core requirements, Exercise Science major requirements, and prerequisites for the MS in AT program. Once accepted into the MS in AT degree program, students complete the 2-year / 5-semester MS in AT degree. At 120 credits students will be eligible to earn an undergraduate degree in Exercise Science. After the fifth year, students will earn a Master of Science in Athletic Training.

Note 1: Xavier University has an articulation agreement with Ohio Northern University. Students attending Ohio Northern University with a concentration in Clinical and Rehabilitation Sciences may apply to Xavier University during their 3rd year in the program. Qualified students who are admitted into the MSAT program, may be permitted to start the MSAT program prior to completion of their bachelors degree from Ohio Northern University. This program is similar to option 2 above. Please contact the program director for more information.

Note 2: Xavier University has an articulation agreement with Mount Saint Joseph University. Students attending Mount Saint Joseph University may apply to Xavier University during their 3rd year in the program. Qualified students who are admitted into the MSAT program, may be permitted to start the MSAT program prior to completion of their bachelors degree from Mount Saint Joseph University. This program is similar to option 2 above. Please contact the program director for more information.

Program Admission Requirements

MS in AT (2 year option): Admission Requirements

Prospective students with a bachelors degree interested in pursuing the Masters of Science in Athletic Training degree program must meet the pre-requisites listed below.

Pre-requisites:

- A bachelors degree from a regionally accredited college or university.
- Overall 3.0 Undergraduate GPA
- Minimum grade of "C" in each pre-requisite courses (C- is not acceptable)
- Minimum cumulative GPA of 3.0 in all pre-requisite courses

Pre-requisite Courses:

- Human Anatomy & Physiology + Lab (total of 8 credits)
 - or Human Anatomy + Lab (total of 4 credits) + Human Physiology + Lab (total of 4 credits)
 - Exercise Physiology
 - Chemistry + Lab
 - Physics + Lab
 - Nutrition
 - Statistics
 - English Composition (Writing course)
 - Biology (if any of the other pre-requisite courses were taken in a biology department, they may fill this requirement)
- Completion of 40 hours of Professional exploration: a minimum of two athletic training practice settings addressing the needs of distinct patient populations

Prospective students will be asked to submit the following along with an online application form.

- One official transcript sent directly from the college/university to the Office of the Graduate School, of all previous undergraduate and graduate course work. Transcripts must demonstrate that the GPA, and pre-requisite course requirements have been met.
- Documentation of 40 hours of Professional exploration: a minimum of two athletic training practice settings addressing the needs of distinct patient populations
- Technical Standards Verification.
- Answers to 5 short application questions about your observation experiences, career goals, and personality.
- Two letters from professional and/or academic references who are able to assess your potential for success in this program.

Once all pre-requisites have been meet, qualified students will complete an interview with an Athletic Training Faculty member.

MS in AT (5 year option): Conditional Graduate Program Admission Requirements

Prospective students in the XU-Exercise Science major, interested in pursuing the Masters of Science in Athletic Training degree program must meet the pre-requisites listed below.

Pre-requisites:

- Completion of Xavier University's core and Exercise Science degree requirements
- Completion of a minimum of 97 credits
- Overall 3.0 GPA
- Minimum grade of "C" in each pre-requisite course (C- is not acceptable)
- Minimum cumulative GPA of 3.0 in all pre-requisite courses

Pre-requisite Courses:

- Anatomy & Physiology (BIOL 140-143)
- Students changing their major from Biology can petition to use BIOL 160-163
- Exercise Physiology (EXSC 300)
- Chemistry + Lab (CHEM 150 & 151)
- Physics + Lab (PHYS 140 & 142)
- Nutrition (EXSC 360)
- Statistics (MATH 116 or 156)
- English Composition (ENGL 101) or Rhetoric (ENGL 115)

Biology (any biology course will count including BIOL 140-143 or BIOL 160-163)

- Completion of 40 hours of Professional exploration: a minimum of two athletic training practice settings addressing the needs of distinct patient populations.

Prospective students will be asked to submit the following along with an online application form.

- One official transcript sent directly from the college/university to the Office of the Graduate School, of all previous undergraduate and graduate course work. Transcripts must demonstrate that the GPA, and pre-requisite course requirements have been met.
- Documentation of 40 hours of Professional exploration: a minimum of two athletic training practice settings addressing the needs of distinct patient populations
- Technical Standards Verification.
- Answers to 5 short application questions about your observation experiences, career goals, and personality.
- Two letters from professional and/or academic references who are able to assess your potential for success in this program

Once all pre-requisites have been meet, qualified students will complete an interview with an Athletic Training faculty member.

Progression & Retention Requirements

- Students must earn a minimum grade of "B-" in all courses. Students may repeat a course one time to improve their grade and meet graduation requirements. If a student does not meet the minimum grade requirement the second time a course is taken, they will not be permitted to retake the course, and will be dismissed from the program.
- Students must follow all XU-ATP policies & procedures and adhere to the XU-ATP Code of Ethics and the NATA Code of Ethics. Violations will be dealt with on an individual basis, but could result in probation, suspension, or expulsion of the program depending on the severity.
- Students must pass each program checkpoint. Checkpoints consist of academic and clinical program expectations. Any student that does not meet each component of a checkpoint will be placed on academic probation.

Graduation Requirements

- Students must have a minimum cumulative GPA of 3.0.
- Students must have a minimum grade of "B-" in each required course.
- Students must pass each program checkpoint.

Required Courses

- ATTR 500 - Care & Prevention
- ATTR 501 - Athletic Training Skills
- ATTR 510 - Anatomical Kinesiology
- ATTR 521 - Lower Extremity Injuries
- ATTR 522 - Upper Extremity Injuries
- ATTR 523 - Head, Spine & Thorax Injuries
- ATTR 531 - Therapeutic Interventions I
- ATTR 532 - Therapeutic Interventions II
- ATTR 540 - Evidence Based Practice
- ATTR 541 - Research I
- ATTR 550 - IP Collaboration
- ATTR 561 - Clinical Experience I
- ATTR 562 - Clinical Experience 2
- ATTR 600 - Medical Issues in AT
- ATTR 610 - Administrative Concepts
- ATTR 633 - Therapeutic Interventions III
- ATTR 642 - Research II
- ATTR 650 - Contemporary Issues in AT
- ATTR 663 - Clinical Experience 3
- ATTR 664 - Clinical Experience 4

Sport Administration, M.S.

The degree of Master of Science with a concentration in Sport Administration is designed to prepare an individual for a career within the expanding sport industry. The program is fully online, using an 8-week asynchronous format for all courses. The curriculum was designed utilizing the guidelines recommended by the North American Society for Sport Management (NASSM) and the Commission on Sport Management Accreditation (COSMA).

A three semester hour internship, six semester hour internship, or a research project is required, depending on each student's individual background and career goals. The internship may be taken after a student has successfully completed 15 semester hours. Internships are planned and supervised learning activities which take place in a sport administration related environment. The student will be supervised by a sport management practitioner. There is no comprehensive exam.

Admission Requirements

For admission information for the graduate level programs, go to <http://www.xavier.edu/sport-administration/> on the Xavier University website. The program is designed to be accessible to full-time or part-time students. Students may be admitted to the program in any semester.

Requirements for the M.S. in Sport Administration:

This M.S. degree requires a minimum of 30 credit hours with a minimum overall GPA of 2.800.

Core Requirements (15 semester hours)

- SPMG 521 - Intro to Sport Administration
- SPMG 522 - Sport Research & Statistics
- SPMG 595 - Sports Administration: Mktg
- SPMG 596 - Sports Administration: Finance
- SPMG 598 - Legal & Ethical ISS Sport & PE

Research and Field Experience (3-6 semester hours), select one option

- SPMG 692 - Sport Admin Research Project or
- SPMG 695 - Internship in Sport Admin

Elective Courses (6-9 semester hours)

- SPMG 523 - Sports Administration Seminar
- SPMG 570 - Psycho-Social Aspects of Sport
- SPMG 610 - Sport Ethics
- SPMG 620 - Sport Leadership

- SPMG 622 - Personnel Issues in Sport Mgmt
- SPMG 625 - High School Athletic Admin
- SPMG 632 - Sport Event Mgmt & Promotion
- SPMG 642 - Sport Fundraising
- SPMG 652 - NCAA:Rules Regulations Policy
- SPMG 654 - Women in Sport
- SPMG 662 - PR & Communication in Sport
- SPMG 664 - Facility Design & Planning
- SPMG 666 - Fitness Management
- SPMG 668 - Admin of Fitness & Wellness Pr
- SPMG 670 - Independent Study

Dual Degree

Exercise Science & Athletic Training, B.S. / M.S.

B.S. Exercise Science + M.S. Athletic Training 3+2 Option

Program Requirements

Students are required to meet all Admission, Progression, Retention and Graduation requirements of the Exercise Science, B.S. and Athletic Training, M.S. .

Curriculum Requirements

151 credit hours:

- Undergraduate Core Curriculum
- B.S. Exercise Science Requirements - 97 credit hours
- Dual B.S. Exercise Science / M.S. Athletic Training Requirements - 23 credit hours
- M.S. Athletic Training Requirements - 31 credit hours

Course Sequence

First Year

Fall Semester

- EXSC 100 - Intro to Exercise Science
- BIOL 140 - Human A&P I for Allied Health
- BIOL 141 - Human A&P I Lab Allied Health
- ENGL 101 - English Composition or ENGL 115 - Rhetoric
- THEO 111 - Theological Foundations or CORE 100 - First Year Seminar
- Second Language I
- CORE 101

Spring Semester

- EXSC 200 - Kinesiology
- BIOL 142 - Hum A&P II for Allied Health
- BIOL 143 - Hum A&P II Lab Allied Health
- THEO 111 - Theological Foundations or CORE 100 - First Year Seminar
- Second Language II
- Historical Perspectives
- CORE 102

Second Year

Fall Semester

- CHEM 150 - Physiological Chemistry
- CHEM 151 - Physiological Chemistry Lab
- MATH 116 - Elementary Statistics or MATH 156 - General Statistics
- PSYC 101 - General Psychology
- EXSC 300 - Exercise Physiology
- Theological Perspectives Elective

Spring Semester

- PHIL 100 - Ethics as Intro to Philosophy
- EXSC 320 - Fitness Training Principles
- EXSC 325 - Resistance Training
- EXSC 360 - Nutrition for Sport & Exercise
- Exercise Science Elective
- ENGL/CLAS/SPAN 205 - Lit & Moral Imag

Third Year

Fall Semester

- PHYS 140 - Technical Physics
- PHYS 141 - Technical Physics Lab
- EXSC 380 - Fitness Assessment & Design
- EXSC 381 - Fitness Assess & Design Lab
- Exercise Science Elective
- Ethics/Religion & Society Elective
- Humanities Elective

Spring Semester

- Exercise Science Elective
- EXSC 460 - Exercise Science Practicum
- PHIL 200 - Philosophical Perspective
- Creative Perspectives Elective
- Core / General Electives

Summer Semester

ATTR 500 - Care & Prevention

- ATTR 501 - Athletic Training Skills
- ATTR 510 - Anatomical Kinesiology

Fourth Year

Fall Semester

- ATTR 521 - Lower Extremity Injuries
- ATTR 531 - Therapeutic Interventions I
- ATTR 540 - Evidence Based Practice
- ATTR 561 - Clinical Experience I

Spring Semester

- ATTR 522 - Upper Extremity Injuries
- ATTR 523 - Head, Spine & Thorax Injuries
- ATTR 532 - Therapeutic Interventions II
- ATTR 541 - Research I
- ATTR 550 - IP Collaboration
- ATTR 562 - Clinical Experience 2

Fifth Year

Fall Semester

- ATTR 600 - Medical Issues in AT
- ATTR 610 - Administrative Concepts
- ATTR 633 - Therapeutic Interventions III
- ATTR 642 - Research II
- ATTR 663 - Clinical Experience 3

Spring Semester

- ATTR 650 - Contemporary Issues in AT
- ATTR 664 - Clinical Experience 4

Minors

Coaching Education minor

The purpose of the Coaching Education minor is to plant the seeds for an athlete-centered approach which is developmentally appropriate, with an emphasis on long-term athlete development (LTAD). As a result, students will be better able to contribute to the growth and well-being of the ones they will coach in the future.

12 credit hours of required courses

- SPMG 390 - Contemp Coaching:Issues & Trds
 - SPMG 420 - Youth and Sport
 - SPMG 425 - Sport and Coaching Leadership
 - SPMG 430 Sport Pedagogy

6 credit hours of electives

- SPMG 110 - Intro to Sports Management
- SPMG 132 - Sociology of Sport
- SPMG 195 - History of American Sport
- SPMG 348 - Legal & Ethical Issues in Sprt
- SPMG 377 - Sport Psychology
 - SPMG 377 - Sport Psychology
 - SPMG 380 - Diversity & Inclusion in Sport
- SPMG 410 - Sport Ethics
- EXSC 200 - Kinesiology

School of Education

The School of Education offers teacher licensure programs approved by the Ohio Department of Education as listed under Teacher Licensure below, and awards the Bachelor of Science degree in the following areas: Early Childhood Education, Middle Childhood Education, Montessori Education, and Special Education. Minors are offered in Professional Education for those seeking high school licensure, Montessori Education and Special Education. An Associate of Science degree in Early Childhood Education is also offered.

At the graduate level, the Master of Education degree is available in many concentrations (for example, Educational Administration, Reading, TESOL, Special Education, Elementary Education, and Secondary Education. A Master of Arts in English Education or History Education and a Master of Science in Special Education are also available. .

Master of Education

The Master of Education, a professional degree, is designed to meet the needs of professional educators. This degree is awarded to the candidate who has demonstrated a capacity for improving the quality of teaching within the particular sphere of his or her influence by satisfactorily completing a program of graduate work designed to give these characteristics:

1. Broad knowledge of the principles and techniques of education in modern society.
2. Specific knowledge of one major area in the field of education.
3. Essential understanding and skills necessary for intelligent consumption of educational research.

To ensure comprehensiveness in their programs for the Master of Education degree, candidates should include in their programs 9 hours of general survey courses (or alternate courses as indicated by specific program) designed to provide integrated coverage of the broad field of education. These courses (credit hours) are:

EDFD 500 History/Philosophy of Am Education

EDFD 505 Org of Ed Systems in U.S.

EDFD 507 Educational Research

EDFD 508 Educational Research Paper

To ensure their mastery of a particular area of education, candidates must include a concentration of at least 12 semester credit hours in one of the following areas:

Administration, Art, Biology, Business Education, Chemistry, Classics, Computer/Technology, Elementary Education, English, French, German, History, Political Science, Mathematics, Montessori Education, Multi-cultural Literature for Children, Music, Philosophy, Psychology, Reading, Teaching of English to Speakers of Other Languages (TESOL), Secondary Education, Spanish, Special Education, Theology.

Students should consult with an advisor before beginning their concentration.

The Master of Education program invites applications from students with a bachelor's degree and a solid academic record. Admission decisions are based on factors such as past academic performance, standardized test score, and other information submitted.

Go to <http://www.xavier.edu/education/> to reference program information and admission requirements.

A minimum of thirty hours is normally required for the degree of Master of Education. These shall be distributed as follows:

1. General surveys in education, 9 credit hours.
2. Concentration, 12 credit hours. (Certain concentrations may require more than 12 semester hours, particularly where state certification requirements are involved. Consult with your academic advisor)
3. Pertinent electives, 9 credit hours.

A student's Master of Education program may not include more than 6 semester hours of workshops, unless by special arrangement with the program directors. The Master of Education degree will be awarded only to candidates who have passed an extensive written examination covering their particular field of concentration (e.g., administration) or covering the three general survey courses in education if they have concentrated in a subject matter field or in elementary or secondary education. The comprehensive exam is not required for the MEd in Sport Administration or MEd in Coaching Education and Athlete Development. Should the student fail the comprehensive examination, it may be repeated only once.

Note: The comprehensive exam is not required for the MEd in Sport Administration or MEd in Coaching Education and Athlete Development. For more information regarding specific requirements for these programs, please see Sport Science and Management .

Note: For information regarding the Master of Arts in English Education or History Education, please see School of Education: Secondary Education . For information regarding the Master of Science in Special Education, please see School of Education: Special Education .

Note: The University is not obliged to recommend licensure of any type on the basis of the completion of a Master of Education degree or specific course work in education. Students must also meet leadership, communication, and character requirements and pass the required tests of the State Department of Education for each specific license.

Xavier University also offers an innovative, integrated Master of Science in Nursing / Master of Education, M.S.N. / M.Ed. program consisting of at least 54 semester credit hours. The student will receive two separate degrees, the Master of Science in Nursing and the Master of Science in Education. This program was developed in response to a community need for nurse educators. The MSN/MEd prepares the graduate to administer and teach in educational settings (i.e., CE providerships, in-service educators and nurse educators).

Bachelor of Science

Teaching Integrated Sciences, B.S.

Requirements for Teaching Integrated Science, B.S.

28-29 Hours of Required Courses:

- BIOL 160 - General Biology I
- BIOL 161 - General Biology I Lab
- BIOL 162 - General Biology II
- BIOL 163 - General Biology II Lab
- CHEM 160 - General Chemistry I
- CHEM 161 - General Chemistry I Lab
- CHEM 162 - General Chemistry II
- CHEM 163 - General Chemistry II Lab
- PHYS 116 - Our Universe: The Earth
- PHYS 117 - Our Universe: The Earth Lab
- BIOL 120 - Life: Ecology & People
- BIOL 136 - Life: Ecology and People Lab or
- BIOL 260 - Intro to Environmental Science
- BIOL 261 - Intro to Environ Science Lab
- PHYS 118 - Our Universe: The Sky
- PHYS 119 - Our Universe: The Sky Lab
- MATH 156 - General Statistics

or

- MATH 146 - Biostatistics

31 Hours of Required Education Courses

- EDMS 131 - Professional Education
- EDFD 110 - Human Development & Learning
- EDSP 200 - Sp Ed: Identification & Issues
- EDSP 380 - Classroom Management
- EDMS 332 - Meth/Curr/Asmt in Science
- EDMS 350 - Technology & Topics for Educat
- EDMS 411 - Clinical Experiences
- EDRE 471 - Content Area Literacy
- EDMS 470 - Student Teaching AYA

Concentrations

Life Sciences Concentration - 31 Hours

- BIOL 102 - Life: Human Biology
- BIOL 132 - Life: Human Biology Lab
- BIOL 230 - Genetics
- BIOL 231 - Genetics Laboratory
- BIOL 240 - Evolution
- BIOL 250 - Ecology
- BIOL 251 - Ecology Lab
- BIOL 497 - Experimental Biology Lab
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- MATH 140 - Concepts of Calculus
- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II

Chemistry Concentration - 31 Hours

- BIOL 240 - Evolution
- CHEM 240 - Organic Chemistry I
- CHEM 241 - Organic Chemistry I Lab
- CHEM 242 - Organic Chemistry II
- CHEM 243 - Organic Chemistry II Lab
- CHEM 226 - Quantitative Analysis
- CHEM 227 - Quantitative Analysis Lab
- MATH 140 - Concepts of Calculus
- PHYS 160 - College Physics I
- PHYS 161 - Introductory Physics Lab I
- PHYS 162 - College Physics II
- PHYS 163 - Introductory Physics Lab II
- BIOL 497 - Experimental Biology Lab

Master of Education

Master of Education

The Master of Education, a professional degree, is designed to meet the needs of professional educators. This degree is awarded to the candidate who has demonstrated a capacity for improving the quality of teaching within the particular sphere of his or her influence by satisfactorily completing a program of graduate work designed to give these characteristics:

1. Broad knowledge of the principles and techniques of education in modern society.
2. Specific knowledge of one major area of the field of education.
3. Essential understanding and skills necessary for intelligent consumption of educational research.

To ensure comprehensiveness in their programs for the Master of Education degree, candidates should include in their programs 9 hours of general survey courses (or alternate courses as indicated by specific program) designed to provide integrated coverage of the broad field of education. These courses (credit hours) are:

EDFD 500 History/Philosophy of Am Educ

EDFD 505 Org of Ed Systems in U.S.

EDFD 507 Educational Research and EDFD 508 Educational Research Paper

To ensure their mastery of a particular area of education, candidates must include a concentration of at least 12 semester credit hours in one of the following areas:

Administration, Art, Biology, Business Education, Chemistry, Classics, Computer/Technology, Elementary Education, English, French, German, History, Political Science, Mathematics, Montessori Education, Multi-cultural Literature for Children, Music, Philosophy, Psychology, Reading, Teaching of English to Speakers of Other Languages (TESOL), Secondary Education, Spanish, Special Education, Theology.

Students should consult with an advisor before beginning their concentration.

The Master of Education program invites applications from students with a bachelor's degree and a solid academic record. Admission decisions are based on factors such as past academic performance, standardized test score, and other information submitted.

Go to <http://www.xavier.edu/education/> to reference program information and admission requirements.

A minimum of thirty hours is normally required for the degree of Master of Education.

These shall be distributed as follows:

1. General surveys in education, 9 credit hours.
2. Concentration, 12 credit hours. (Certain concentrations may require more than 12 semester hours, particularly where state certification requirements are involved. Consult with your academic advisor)
3. Pertinent electives, 9 credit hours.

A student's Master of Education program may not include more than 6 semester hours of workshops, unless by special arrangement with the program directors. The Master of

Education degree will be awarded only to candidates who have passed an extensive written examination covering their particular field of concentration (e.g., administration) or covering the three general survey courses in education if they have concentrated in a subject matter field or in elementary or secondary education. The comprehensive exam is not required for the MEd in Sport Administration or MEd in Coaching Education and Athlete Development. Should the student fail the comprehensive examination, it may be repeated only once.

Note: The comprehensive exam is not required for the MEd in Sport Administration or MEd in Coaching Education and Athlete Development. For more information regarding specific requirements for these programs, please see Sports Studies.

Note: For information regarding the Master of Arts in English Education or History Education, please see Secondary Education. For information regarding the Master of Science in Special Education, please see Special Education.

Note: The University is not obliged to recommend licensure of any type on the basis of the completion of a Master of Education degree or specific course work in education. Students must also meet leadership, communication, and character requirements and pass the required tests of the State Department of Education for each specific license.

Xavier University also offers an innovative, integrated MSN/MEd program consisting of at least 54 semester credit hours. The student will receive two separate degrees, the Master of Science in Nursing and the Master of Science in Education. This program was developed in response to a community need for nurse educators. The MSN/MEd prepares the graduate to administer and teach in educational settings (i.e., CE providerships, in-service educators and nurse educators). See the School of Nursing section of this document for additional details.

School of Education: Childhood Education

Xavier University's Childhood Education Programs are dedicated to the pursuit of knowledge and to the orderly discussion of critical issues confronting educators in a free, inquiry-based environment committed to current and relevant scholarship and research related to our profession. Xavier University seeks to create awareness of social justice in all disciplines through its emphasis on living the Jesuit tradition of intellectual, moral, and spiritual preparation. The candidates in the Early Childhood and Middle Childhood programs, through their academic and professional training, are prepared to value the lives of children regardless of racial, linguistic, socio-economic, religious, or ethnic background and to work with and value family and school structures in both urban, rural, and suburban settings. Special attention is given to developmentally effective practices and advocacy for all children, with ethical issues and values as expressed through the Jesuit tradition. Thus, the Childhood Education Programs at Xavier University strives to send out into the education community candidates who are morally sensitive to the academic and social needs of our time, foster an appreciation for human diversity, reason critically, and think creatively. Candidates in Childhood Education are encouraged to develop and maintain a disposition toward lifelong learning in the profession of education and to the service of their students and their students' families and communities.

Childhood Education offers teacher licensure programs approved by the Ohio Department of Education as listed under Teacher Licensure below, and awards the Bachelor of Science degrees in Early Childhood and Middle Childhood. Students in Montessori Education may also receive the early childhood license from the Ohio Department of Education. Updates and/or changes to licensure are dictated by the State of Ohio and may supersede the requirements listed for licensure in this catalog.

The Master of Education degree is available in many concentrations. See the "Master of Education" section for the list of options. Students who do not meet acceptable performance standards in coursework or field experiences may be excluded from specific programs. See School of Education: Reading and School of Education: Teaching of English to Speakers of Other Languages (TESOL)

The following pages outline the requirement for these licenses. Specific brochures on these programs are available and give suggested sequences of courses and rules for admission to the program. Please note that courses required for licensure which are more than 10 years old may need to be repeated.

Note: The University is not obliged to recommend licensure of any type on the basis of the completion of a Master of Education degree or specific course work in education. Students must also meet leadership, communication, and character requirements and pass the required Ohio Assessments for Educators (OAE) tests of the State Department of Education for each specific license.

With the passage of Ohio Senate Bill 216, the early childhood P-3 teaching license will be replaced with a new P-5 license, with courses of study beginning in 2020. During the 2019-20 academic year, we will continue to research best practices and make course adjustments to align with the new license requirements. Students entering the early childhood major this year can expect a clear transition to the P-5 license and Bachelor of Science in Elementary Education (P-5). Students who entered early childhood in 2018-19 may transition to the P-5 license. Students who entered prior to 2018-19 are eligible for the Early Childhood Generalist 4-5 Endorsement if they wish to add 4-5 to the P-3 license.

Teacher Education Program Steps for Admission and Continual Progress for Licensure in the Following Programs: Early Childhood, Early Childhood/Montessori, Middle Childhood*

Xavier University candidates for initial licensure in early childhood and middle childhood education must meet specific standards for entrance into the University, the major, student teaching, and the provisional license for the teaching profession. Steps must be successfully completed sequentially for licensure recommendation by the School of Education.

Step One: Admission to Xavier University

- Student is accepted into the University: Grade point average and ACT or SAT scores considered.

Student declares major as early childhood education or middle childhood education.

- When field experience placements begin and annually thereafter, a BCI/FBI background check and TB (Tuberculosis Skin Test) test are required.

Step Two: Admission to Program

- Completion of Step One.
- Student completes EDEL 100, Introduction to Education, with grade of B or higher.
- ENGL 101, English Composition, completed with grade of B or higher.
- Overall grade point average of 2.5.
- Statement of Moral Character on file in School of Education.
- Completed "Application for Admission" form on file in Childhood Education office. (Both forms noted are received and returned during semester of EDEL 100.)
Student receives acceptance letter from the program director confirming acceptance or rejection for chosen major.
- One of two required mathematics courses completed with grade of C or higher.
- Annual BCI/FBI background check on file in the Childhood Education office.
- TB (Tuberculosis Skin Test) test results available.

Step Three: Pre-Student Teaching Requirements

- Completion of Step Two.
- Student maintains grade point average of 2.5 overall, 3.0 in major.
- Student must receive "B" or higher in courses prefixed EDEC, EDMC, EDRE, or retake in subsequent semester.
- Second mathematics course complete with C or higher.
- Early childhood candidates complete either EDEC 330 or EDEC 335 with EDEC 325.
- Middle childhood candidates complete EDMC 340, EDMC 345, and two of the following courses: EDMC 351, EDMC 352, EDMC 353, or EDMC 354.
- Annual BCI/FBI background check on file.
- TB (Tuberculosis Skin Test) test results available.
- Evaluation forms completed by University personnel and field work cooperating teachers indicating progress in knowledge, performance, and necessary dispositions on file in the program office. *To complete this phase, student registers for an advisory day at the end of the appropriate semester; meets with a faculty team to present evidence of knowledge, dispositions and performance via discussion and portfolio content. Faculty team indicates to student, and in writing, that all requirements for progression in program have been met.*

Step Four: Admission to Student Teaching

- Completion of Step Three.
- Application for student teaching approved.
- All foundation, methods, content area courses, and majority of concentration courses must be complete for commencement of student teaching semester.
- One of two required Ohio Assessments for Educators (OAE) exams for Early Childhood Education must be passed prior to student teaching. "Early Childhood Education" Two additional exams are required for licensure and may be completed during the student teaching: "Foundations of Reading" and "Assessment of Professional Knowledge."
- Two middle school subject area Ohio Assessments for Educators exams, as indicated by chosen concentrations, must be passed by middle childhood candidates prior to internship. Two additional exams are required for licensure and may be completed during student teaching: "Foundations of Reading" and "Assessment of Professional Knowledge."
- Annual BCI/FBI background check on file in Department of Childhood Education and Literacy.
- TB (Tuberculosis Skin Test) test results available.

Step Five: Resident License Approval

- Completion of Step Four.
- Successful completion of student teaching in early or middle childhood classroom, with goals, midterm appraisal and final letters of evaluation on file in Childhood Education office.
- Presentation and submission of exit portfolio.
- All Ohio Assessments for Educators exams passed and official results on file in Xavier University Licensure Office.
- Online application process completed and all license application materials on file with Xavier University Licensure Office.

*See "Handbook for Early and Middle Childhood Education" for further information. Available on the program website.

Bachelor of Science

Middle Childhood Education, B.S.

Middle Childhood Education will prepare a candidate for an Ohio teaching license to work with children ages 9 through 14, or grades 4 through 9, for teaching in two fields of concentration. The teacher candidate will choose two fields from the areas of Social Studies, Mathematics, Science, and Reading/Language Arts.

Students choosing Middle Childhood will be required to take 18-24 hours in each of the two content areas that they choose for licensure. All students will have at least 12 hours in reading instruction. Students will experience interdisciplinary learning, a hallmark of middle childhood education, as part of their learning experience at Xavier. The

middle school teaching concept is unique, and our students will be prepared for curriculum, pedagogy, philosophy and organization of the middle school. Field experience and internship/student teaching will occur in both subject areas and at two age levels.

Requirements for the Middle Childhood Education Major

Undergraduate core curriculum requirements:

39 - 48 hours, including

- Social Sciences requirement is included in the major requirements.
- Humanities elective area fulfilled in major with EDCH 326 .
- E/RS Focus Elective that meets another core requirement should be chosen.
- A 2.5 cumulative overall GPA is required for admission to program and must be maintained for the Bachelor of Science degree. A 3.0 GPA must be maintained in the major.

Major requirements:

60 hours of education courses:

- EDFD 110 - Human Development & Learning
- EDEL 100 - Introduction To Education
- EDEL 251 - Instructional Technology
- EDEL 260 - Cultural Diversity In Educ
- EDSP 200 - Sp Ed: Identification & Issues
- EDMC 212 - Nature & Needs of Adolescents
- EDMC 325 - Arts in Ed: Middle Childhood
- EDMC 340 - Middle School Phil & School Or
- EDMC 345 - Middle Child Class Mgmt Assess
 - Two courses from EDMC 351-354
- EDMC 455 - Student Teaching: Middle Sch
- EDMC 456 - Sem: Current Issues in EDMC
- EDRE 269 - Phonics & Foundation of Litera
- EDRE 314 - Reading Methods for Middle Chd
- EDRE 472 - Theories of Reading
- EDRE 478 - Literary Assess: Adm, Ana, App
- EDCH 326 - Children's Lit for Middle Chil

Note(s):

- See "Steps for Admission and Continual Progress for Licensure in Middle Childhood." Also see "Student Handbook for Early & Middle Child."
- A 3.0 GPA must be maintained in the major.
- Students must have "B" or higher in courses prefixed with EDEC, EDRE, or EDMC or retake in subsequent semesters.
- Students may elect two concentration areas: Math, Science, Social Studies, and/or Language Arts/Reading.
- Students are eligible for the Middle Childhood Generalist Endorsement, valid for teaching in a self-contained 4,5, or 6th grade classroom if they complete the specified core courses for the areas other than their specific concentrations. See your advisor. See below.

Concentration Requirements

Mathematics

- MATH 116 - Elementary Statistics
- MATH 140 - Concepts of Calculus

 - HIST 248: US Civil War to Present
- POLI 140 - American Government and Politi

B.S. Middle Childhood Education

This block serves as a guideline only, not a required sequence. Specific core and concentration courses are indicated below as a sample due to the nature of the middle childhood program. Concentration sets (i.e., math and science, language arts and social studies, etc.) will differ among students and therefore courses will vary. Students may elect their own two areas of concentration. See your academic advisor. Subject to Change.

- Off Campus courses are approved by the college dean. See advisor for procedure.
- All students must elect one each in oral communications, quantitative reasoning and writing intensive flagged courses; many of these are available within the core or major.
- ER/S Focus elective should fulfill another core requirement.

Primary Education (P-5), B.S.

Early Childhood Education will prepare a candidate for an Ohio teaching license to work with children ages 3 through 8, or preschool through grade three. The course of study has child development at the core of pedagogical decisions. The approach is holistic, with a strong emphasis on an integrated learning approach. Practices based in child development and intense reading instruction are integral to the program. Field experience and student teaching occur at both the preschool and primary

With the passage of Ohio Senate Bill 216, the early childhood P-3 teaching license will be replaced with a new P-5 license, with courses of study beginning in 2020. During the 2019-20 academic year, we will continue to research best practices and make course adjustments to align with the new license requirements. Students entering the early childhood major this year can expect a clear transition to the P-5 license and Bachelor of Science in Elementary Education (P-5). Students who entered early childhood in 2018-19 may transition to the P-5 license. Students who entered prior to 2018-19 are eligible for the Early Childhood Generalist 4-5 Endorsement if they wish to add 4-5 to the P-3 license.

Primary Education prepares a candidate for an Ohio teaching license to work with children ages 3 through 12, or preschool through grade five. The course of study has child development at the core of pedagogical decisions. Course work furthers advocacy for all children, with ethical issues and values as expressed through the Jesuit tradition. The approach is holistic, with a strong emphasis on differentiation and integration of subjects to best meet the needs of learners. Practices based in child development and reading instruction are integral to the program. Content preparation for all subject areas of study and assessment. Field, clinical, and student teaching experiences at multiple grade levels.

Requirements for the Early Childhood Education Major

Undergraduate core curriculum requirements:

Undergraduate Core Curriculum: 39 - 48 hours, including:

- Science requirement must be met with one natural science (CHEM or PHYS or BIOL) and one scientific perspectives elective course.
- Humanities elective fulfilled in major with EDCH 324 .
- Social Sciences requirement is included in the major requirements.
- E/RS Focus Elective that meets another core requirement can be chosen.
- A 2.5 cumulative overall GPA is required for admission to program and must be maintained for the Bachelor of Science degree. A 3.0 GPA must be maintained in major.

Major requirements:

See "Steps for Admission and Continual Progress for Licensure in Early Childhood." Also see "Student Handbook for Early and Middle Childhood."

A 3.0 GPA must be maintained in the major. Students must have "B" or higher in courses prefixed with EDEC, EDRE, or EDMC or retake in subsequent semesters.

72 hours of courses:

- EDFD 110 - Human Development & Learning
- EDEL 100 - Introduction To Education
- EDEL 251 - Instructional Technology
- EDEL 260 - Cultural Diversity In Educ
- EDEL 351 - Instruct Strat for EL
- EDSP 205 - Foundations in ECSPED
- EDEC 210 - Child Development
- EDEC 230 - Play in Early Childhood Educ
- EDEC 325 - Methods of Observation/Collabo
- EDEC 330 - Math/Science Block-Early Chld
- EDEC 335 - Lang Arts/Social St-Early Chd
- EDEC 350 - Primary Integrated Art
- EDEC 450 - Student Teaching Primary
- EDEC 451 - Primary Student Teaching Sem
- EDME 359 - Community & Advocacy in Educ
- ARTS 222 - Art in Early Childhood Educ
- EDRE 269 - Phonics & Foundation of Litera
- EDRE 312 - Reading Methods
- EDRE 471 - Content Area Literacy
- EDRE 478 - Literary Assess: Adm, Ana, App
- EDCH 324 - Children's Literature

B.S. Early Childhood Education

**This block serves as a guideline only, not a required sequence. See your academic advisor. Subject to change **

Freshman Year

First Semester

- CORE 101 GOA
- ENGL 101 - English Composition or ENGL 115 - Rhetoric
- EDFD 110 - Human Development & Learning
- BIOL 130 - Intro to Life Sciences
- BIOL 131 - Intro to Life Sciences Lab
- Second Language I
- THEO 111 - Theological Foundations or CORE 100 - First Year Seminar

Total (15)

Second Semester

- CORE 102 GOA
- EDEL 100 - Introduction To Education
- PHYS 114 - Our Universe: Physical Science
- PHYS 115 - Our Universe: Physical Sci Lab
- Historical Perspectives Elective
- Second Language II
- General Elective
- THEO 111 - Theological Foundations or CORE 100 - First Year Seminar

Total (18)

Sophomore Year

First Semester

- EDEC 210 - Childhood Development
- EDEL 251 - Instructional Technology
- PHIL 100 - Ethics as Intro to Philosophy
- EDEL 260 - Cultural Diversity In Educ
- MATH 201 - Foundations of Arith. -ECED
- Theological Perspectives Elective

Total (18)

Second Semester

- EDCH 324 - Children's Literature
- EDRE 269 - Phonics & Foundation of Litera
- EDRE 312 - Reading Methods
- EDSP 205 - Foundations in ECSPED
- EDME 359 - Community & Advocacy in Educ
- MATH 202 - Geometry & Measurement -ECED

Total (18)

Junior Year

First Semester

- ENGL 205 - Literature & Moral Imagination
- EDEC 325 - Methods of Observation/Collabo
- EDEC 330 - Math/Science Block-Early Chld
- EDEC 350 - Primary Integrated Art

Total (18)

Second Semester

- EDEC 230 - Play in Early Childhood Educ
- EDRE 471 - Content Area Literacy
- EDEC 335 - Lang Arts/Social St-Early Chd
- EDEL 351 - Instruct Strat for English Learners

Total (18)

Senior Year

This series may be rearranged to accommodate endorsement (Early Childhood Generalist/4-5, TESOL, or Reading) courses in the final semester.

First Semester

- EDEC 450 - Student Teaching: Primary
- EDEC 451 - Primary Student Teaching Seminar

Total (12)

Second Semester

- PHIL 200 - Philosophical Perspectives
- EDRE 478 - Diagnosis/Correct of Read Disa
- General Elective
- Creative Perspectives Elective
- E/RS Focus Elective (cross count when possible - see advisor)

Total (15)

Scheduling Notes:

- Course sequence shown above is realistic only for the student who declares the Early Childhood major as a freshman. It is not the only advisable sequence.
- A minimum of 120 credit hours is required for the degree.
- The sequence of courses in the program is subject to change.

- Addition of a minor is possible. Consult with advisor early in the program.
- Study Abroad is possible - consult with advisor early in program
- Student teaching/internship may take place fall or spring semester.
- Students may add Grades 4-5 Endorsement, TESOL, or Reading courses when feasible during senior year.
- All students must elect one each of oral communication, quantitative reasoning and writing intensive flagged courses, many of these are available within the core or major.

Associate of Science

Early Childhood Education, A.S.

Candidate can receive an American Montessori Society Associate Early Childhood Credential

American Montessori Credential for Early Childhood Requirements for the Associate Degree in Early Childhood Education

Undergraduate core curriculum requirements:

Undergraduate Core Curriculum

Courses

- EDSP 205 - Foundations in ECSPED

- EDFD 110 - Human Development & Learning

Student Teaching Year

Note(s):

- This program may be applied to a four year degree program.

Requirements for all Associate's Degrees

See Requirements for Degrees, Majors, Minors, and Certificates

Master of Education

Elementary Education, M.Ed.

The Master of Education in elementary education will provide the student with a strong foundation in professional knowledge, experience in combining theory with practice, and opportunities for curriculum development and application. The student may pursue an M.Ed. and a teaching license separately or concurrently.

Go to <http://www.xavier.edu/elementary-grad/Admission.cfm> to reference admission requirements.

Requirements for the M.Ed. in Elementary Education

(30 total credit hours required)

Core courses

(9 credit hours)

- EDFD 500 - History/Philosophy of Am Educ
- EDFD 505 - Org of Ed Systems in U.S.
- EDFD 507 - Educational Research
- EDFD 508 - Educational Research Paper

Note(s):

- The remaining 21 hours required are selected from programs such as elementary, Montessori, multi-cultural children's literature, and reading. The M.Ed. candidate is free to select courses that advance teaching in the elementary school.

Programs Requirements for Licensure:

Students seeking initial licensure in early or middle childhood education concurrently with the M.Ed. will declare their Master's concentration as Elementary. Students seeking teacher licensure in early or middle childhood must contact the department for a review of their transcripts. Students are expected to have a broad base of undergraduate coursework spread over the following areas: English, history, sciences, math, speech, and the fine arts. There is a specific sequence within both programs. Course requirements for early or middle childhood licensure extend beyond the 30 hours required for a Masters Degree.

Go to <http://www.xavier.edu/elementary-grad/index.cfm> to reference more information about Licensure options.

Master of Education in Elementary Education -- Cohort Program Ohio Early Childhood License Pre-K - Grade 3

With the passage of Ohio Senate Bill 216, the early childhood P-3 teaching license will be replaced with a new P-5 license, with courses of study beginning in 2020. During our 2019-20 academic year we will continue to research best practices and make course adjustments to align with the new license requirements. Students completing the P-3 license in May 2020 will be eligible for the Early Childhood Generalist 4-5 Endorsement as currently offered. Students entering the early childhood graduate cohort in May of 2020 can expect a revised program of study for the P-5 license.

Students seeking acceptance into the graduate early childhood cohort *must first be accepted into the M.Ed program*. Application for acceptance in the Master of Education Program is made through the Graduate Services Office. Call 745-3360 or visit the Xavier website, www.xu.edu. Upon acceptance in the M.Ed. program a candidate may begin courses listed below.

To begin the admission process for the early childhood cohort program, the student must meet with an academic advisor for transcript review and discussion of the program. Call (513)745-3701 for an appointment. Please bring an official copy of transcripts from all undergraduate and graduate work to this meeting.

Upon acceptance into the Master of Education program a candidate may begin the required courses listed below. Candidates are responsible for graduate information contained in the Xavier University Catalog, such as the comprehensive exam and other graduation requirements.

The candidate must meet with an academic advisor for a transcript review outlining general education requirements:

- English Composition (3)
- History (3)
- Mathematics (6)
- Literature (6)
- Natural Science (3)
- Physical Science (3)
- Fine Art (3)

Professional Foundation Courses

The following courses are taken during the academic year prior to the beginning of the Early Childhood Cohort Program.

- EDEL 500 - Classroom Culture (includes 50 hours of assigned field experience)
- EDEL 251 - Instructional Technology
- EDFD 500 - History/Philosophy of Am Educ
- EDFD 510 - Adv Human Develop & Learning
 - EDEL 260/EDEL 560 - Cultural Diversity in Education

Please Note:

- The licensure candidate may complete the M.Ed. Core courses: EDFD 505, *Organization of Education Systems in the United States*; EDFD 507/ EDFD 508, *Educational Research/Paper* during the initial academic year, or elect to finish at a later date. "No more than six years may elapse between enrolling in a degree program and completion of work for the degree." A comprehensive exam is the final requirement for the degree program. The M.Ed candidate may sit for the exam after 27 hours for the degree have been successfully completed.
- Students who have completed (or will complete by May) general education requirements and professional foundation courses may apply to the Early Childhood Cohort. Application is made during the spring semester. Applications, available through the Department of Childhood Education and Literacy Office, 307 Hailstones Hall, are reviewed by a faculty team and evaluated on the basis of the following: EDEL 500 final grade, field work evaluation, grade point average, Miller Analogy or GRE scores, written and oral communication skills.

Early Childhood License Cohort Courses

Candidates must be accepted into the cohort program in order to enroll in the following courses.

*The schedule below is effective Summer Semester 2009.

First Summer Session

- EDRE 512 - Reading Methods
- EDRE 569 - Phonics & Found of Literacy
- EDEC 558 - Play & Arts in Early Childhood

Total (9)

Second Summer Session

- EDCH 524 - Children's Literature
- EDEC 555 - Early Childhood Care/Practices

Includes field observation

Total (9)

Fall Semester

- EDEL 370 - Junior Field Experience /2 days per week
- EDEC 331 - Early Childhood Math/Sci Cohrt
- EDEC 336 - Early Childhood LA/Soc St Cohr
- EDRE 678 - Literary Assess: Adm, Ana, App

Total (16)

Spring Semester

- EDEC 454 - Cohort Stud Teach Primary
- EDEC 455 - Cohort Primary Seminar
- EDRE 671 - Content Area Literacy

Total (10)

Note(s):

Students must pass the Ohio Assessment for Educators (OAE) Early Childhood Education/012 in the fall semester and OAE Assessment of Professional Knowledge: Early Childhood/001 and Foundations of Reading/090 during the student teaching semester. Additional information on testing may be found at the Department of Childhood Education and Literacy website or www.oh.nesinc.com. See also for test information regarding the endorsements in reading and grades 4 and 5.

Application for the early childhood license is made online through the Ohio Department of Education upon completion of all requirements. The State of Ohio, Four Year Resident Educator License, Early Childhood P-3 from the ODE carries an effective date of July. Students seeking licensure in other states must first complete the Ohio license requirements. Information on licensure is covered in detail during the student teaching semester.

The early childhood license gives the candidate the opportunity to add endorsements for teaching grades 4 and 5 (additional 9 credit hours) or Reading (additional 9 hours), which may be added during the summer following student teaching, or during successive summers. Please consult an advisor before beginning the endorsement courses.

Ohio Licensure Generalist Endorsement Grades 4-5 Graduate Courses

This series of courses is offered for the candidate who holds the Ohio Early Childhood License/Grades P-3 and which will enable them to obtain the generalist endorsement for grades 4-5. The candidate for the endorsement must complete all 9 semester hours of coursework listed below and pass the Ohio Assessment for Educators (OAE): OAE Elementary Education (Subtest I)/018 and OAE Elementary Education (Subtest II)/019

Prerequisite: Holds an Ohio Early Childhood License/Grades P-3. For graduate students who wish to pursue a Masters in Elementary Education, the Generalist Endorsement courses can be applied towards the M.Ed. For more information on the Masters program, go to <http://www.xavier.edu/elementary-grad/Admission.cfm>.

Generalist Endorsement Grades 4-5 Courses

- EDEL 640 Middle Childhood Transitions: Development and Management (1)
- EDEL 641 Mathematics Content, Pedagogy, and Assessment Grades 4-5 (2)
- EDEL 642 Science Content, Pedagogy, and Assessment Grades 4-5 (2)
- EDEL 643 Language Arts Content, Pedagogy, and Assessment Grades 4-5 (2)
- EDEL 644 Social Studies Content, Pedagogy, and Assessment Grades 4-5 (2)

Master of Education in Elementary Education Ohio Middle Childhood License Grades 4-9

Middle childhood licensure at the graduate level is designed for the student who did not receive a teaching license as an undergraduate; has strong undergraduate course work in two of the following: mathematics, science, social studies or English; is available to take pedagogy, methods, and field placement courses with both day and evening scheduling in order to meet the extensive requirements of the middle childhood license. The middle childhood license is for teaching grades 4 through 9 in two subject areas. Students will also study reading methods and children's literature along with their two chosen areas of concentration. The student with current (within the last 10 years) course work in the concentrations may have some concentration requirements waived.

- There is no cohort program (see early childhood licensure) for middle childhood candidates. Progression through the program is unique to the individual due to the various concentration combinations, i.e. one student may choose math and science while another opts for science and social studies. The content courses may not be offered as frequently as the foundation courses, often just one semester out of the academic year. The sequence of course completion is important to the success of the candidate.

Admission

To begin the admission process for the Middle Childhood License/Master of Education program, the candidate must meet with an academic advisor for a transcript review outlining general education requirements:

- English Composition (3)

- History (3)
- Mathematics (6)
- Literature (6)
- Science (6)
- Fine Art (3)

A minimum grade of C is required in all courses, except English composition, for which a B is required. An overall undergraduate grade point average must be a 2.70 or better.

Next the student must apply for the M.Ed. in Elementary Education.

Concentrations

The Middle Childhood Licensure candidate must choose two fields of concentration from the following : (see specific courses under B.S. in Middle School Education)

- Mathematics - 21 hours
- Science - 21 hours
- Social Studies - 24 hours
- Reading/ Language Arts - 24 hours

Students should take the five professional foundation courses before enrolling in the following courses specific to middle childhood licensure. See undergraduate Middle School Education section for list of concentration courses.

Professional Education Courses

- EDEL 500 - Classroom Culture
- EDFD 510 - Adv Human Develop & Learning
- EDEL 251 - Instructional Technology
 - EDEL 260/560 - Cultural Diversity in Education (3)
- EDFD 500 - History/Philosophy of Am Educ

Note(s):

Concentration courses may be completed concurrent with methods/pedagogy courses listed below. Due to the complexity of the licensure requirements, middle school candidates must meet with an advisor each semester. Students should take the five professional foundation courses listed on the preceding page: EDEL 251, EDEL 500, EDFD 500 , EDFD 510, and EDEL 260/560, before enrolling in the following courses specific to the Middle Childhood License.

Middle Childhood Courses

Scheduling of Middle Childhood courses are varied; courses may meet during the day, at 4:15 or 7:00PM, and often require field observation or experience. Be aware that EDMC courses are not offered every semester.

- EDMC 212 - Nature & Needs of Adolescents
- EDSP 500 - Sp Ed: Identification & Issue
- EDCH 526 - Children's Lit for Middle Chil
- EDMC 325 - Arts in Ed: Middle Childhood
- EDRE 569 - Phonics & Found of Literacy
- EDRE 514 - Reading Methods for Middle Chi
- EDMC 340 - Middle School Phil & School Or
- EDMC 345 - Middle Child Class Mgmt Assess

Two courses from

Students take two courses from 351, 352, 353, or 354 (total 6 hours, field experience T & R days) EDMC 351-354 are only offered during Spring semester. EDMC 212 and EDMC 340 prerequisites for EDMC 351-354.

- EDMC 351 - Middle Childhood Lang Art Meth
- EDMC 352 - Middle Childhood Math Methods
- EDMC 353 - Middle Childhood Science Meth
- EDMC 354 - Middle Childhood Soc Stud Meth
- EDMC 455 - Student Teaching: Middle Sch
- EDMC 456 - Sem: Current Issues in EDMC
- EDRE 671 - Content Area Literacy
- EDRE 678 - Literary Assess: Adm, Ana, App

Note(s):

- Praxis II Exams: **You must pass two subject area concentration exams prior to student teaching.** The "Principles of Learning and Teaching: 5-9" is taken during the student teaching semester. See Praxis link at www.xavier.edu.
- Grades 4-6 Middle Childhood Endorsements are an option for persons holding a Middle School license. See Requirements for generalist endorsement under B.S. for Middle School Education.
- The following core courses fulfill Master of Education requirements but are not required to complete the middle childhood license requirements. They can be taken at any time within the six year limit. Students take the Comprehensive Exam related to the three core courses during the last semester of graduate course work.

EDFD 500

EDFD 505

EDFD 507 & EDFD 508

Multi-Cultural Literature For Children, M.Ed.

The degree of Master of Education with a concentration in multi-cultural literature for children is a professional degree designed to meet the needs of licensed teaching professionals desiring to enhance their knowledge of appropriate literature for children in the classroom. The degree consists of 30 hours of coursework. The concentration coursework (18 hours) includes diverse coursework in the area of children's literature. The focus for the coursework is study in the diverse base of literature written for children reflecting but not limited to European Americans, Native Americans, African Americans, Asian Americans, Jewish Americans, Latino Americans and other world cultures, not based in the western world. The purpose of this degree is to provide information that will enable teachers to make careful, informed and sensitive choices from among the increasing numbers of books being published as Multi-cultural literature as well as incorporating this knowledge into a holistic, global classroom. Multi-cultural literature is one of the most powerful components of a Multi-cultural education curriculum, the underlying purpose of which is to help to make our society a more equitable one.

Go to <http://www.xavier.edu/multicultural-literature/admission.cfm> to reference admission requirements.

Curriculum Prerequisites

These prerequisites are required if a candidate for the degree does not have a valid teaching certificate or current teaching license.

- EDEL 314 - Teaching Reading or
- EDRE 569 - Phonics & Found of Literacy

Note(s):

- In addition, the graduate candidate must have (or be in the process of completing) a valid teaching certificate or license.

Requirements for the M.Ed. in Multi-cultural Literature

The following coursework is required for the Master degree in Multi-cultural Literature for Children.

MEd Core Requirements

(12 credit hours)

- EDFD 500 - History/Philosophy of Am Educ
- EDFD 505 - Org of Ed Systems in U.S.
- EDFD 507 - Educational Research
- EDFD 508 - Educational Research Paper

Concentration Requirements

(18 credit hours) selected from the following, with EDCH 501 required.

- EDCH 501 - Advanced Children's Literature
- EDCH 505 - Storytelling as a Cultural Cra
- EDCH 510 - Writing & Publishing for Child
- EDCH 515 - Adolescent Literature
- EDCH 520 - Multi-Cultural Lit for Childrn
- EDCH 524 - Children's Literature
- EDCH 525 - Analysis Child Lit Global Soc
- EDCH 526 - Children's Lit for Middle Chil
 - EDCH 528 ** (3)
- EDEL 652 - Culturally Responsive Teaching

Note(s):

- Students completing their studies for the M.Ed. in Multicultural Literature for Children must pass a comprehensive examination and must be able to write knowledgeably on the following areas: children's literature (in general), multicultural literature for children, storytelling as both a genre and a craft, the impact of multicultural literature on the elementary curriculum, adolescent literature as it impacts a global society, and analysis of appropriate literature for children. The M.Ed. candidate may sit for the exam after 27 hours for the degree have been successfully completed.

Endorsement

Early Childhood (4-5) Generalist.

Early Childhood (4-5) Generalist.

A series of courses offered for the undergraduate student who is a candidate for the Ohio Early Childhood License/Grades P-3. To receive the endorsement the candidate must qualify for the Ohio Early Childhood license, complete the 9 credit hours described below, and pass the Ohio Assessment for Educators (OAE): OAE Elementary Education (Subtest I)/018 and OAE Elementary Education (Subtest II)/019. Undergraduates must complete the following prerequisites **PRIOR** to enrolling in the EDEL/Endorsement series of courses: EDEC 330 and EDEC 335. Note that in 2017 the Ohio Department of Higher Education added a 50 clock hour field component. Please see an advisor

regarding this requirement.

- EDEL 440 or EDEL 640 Middle Childhood Transitions: Development and Management (1)
- EDEL 441 or EDEL 641 Mathematics Content, Pedagogy, and Assessment Grades 4-5 (2)
- EDEL 442 or EDEL 642 Science Content, Pedagogy, and Assessment Grades 4-5 (2)
- EDEL 443 or EDEL 643 Language Arts Content, Pedagogy, and Assessment Grades 4-5 (2)
- EDEL 444 or EDEL 644 Social Studies Content, Pedagogy, and Assessment Grades 4-5 (2)

Elementary Mathematics Specialist Endorsement

The program of study for the Elementary Mathematics Specialist Endorsement (K-6) includes 24 semester hours of coursework. Each course links the course content to the Ohio Common Core Mathematics curriculum and effective classroom practice. The courses are designed to prepare specialists capable of providing coaching and professional development in mathematics education for classroom teachers of mathematics in grades pre-kindergarten through grade six. Teacher candidates will be involved in 90 hours of field experiences where they will use the knowledge and skills gained in the courses. This endorsement may only be added to a valid teaching license in one of the following areas: Kindergarten - primary, elementary or early childhood license, or middle childhood, high school, or adolescence to young adult mathematics teaching license. Candidates must have a least three years of successful experience teaching mathematics under a standard teaching certificate or license. Please note that to make the endorsement valid you must take the Ohio licensing exam for Middle Childhood Mathematics Content Knowledge.

The Mathematics Specialist Endorsement at Xavier is a 24 credit hour endorsement. All courses requirements must be taken at the Graduate level. The program requires 90 hours of documented field hours. Graduate level coursework taken as part of the Mathematics Specialist Endorsement may be used towards the M.Ed. in Elementary Education. Please refer to the counseling sheet for Masters in Elementary Education.

Entrance Requirements: Admission into Xavier University Graduate Program, Valid Ohio Teaching License, Documented Three Year Mathematics Teaching Experience.

Required Mathematics Specialist Courses for the Endorsement

Successful completion requires a B- or above and meets or exceeds expectations on key assessments. (All courses are three (3) semester hours.)

- EDEL 550 - Mathematics as Second Lang
- EDEL 551 - Algebra and Functions

EDEL 550 and EDEL 551 are prerequisites for the subsequent classes.

- EDEL 552 - Trigonometry, Algebra and Geometry II (15 field hours)
- EDEL 553 - Geometry, Measurement and Probability (15 field hours)
- EDEL 554 - Number Theory for Teachers (15 field hours)
- EDEL 555 - Mathematics Specialist Practicum (30 field hours)
- EDEL 556 - Algebra and Geometry for Teachers III (30 field hours)
- EDEL 557 - Statistics, Action Research & Inquiry into Effective Practices (15 field hours)

Middle Childhood (4-6) Generalist

Middle Childhood Generalist (4-6)

The Middle Childhood Generalist (MCG) Endorsement allows the teaching candidate with two licensure areas to add either one or two more content areas specifically for teaching in a self-contained 4th, 5th, or 6th grade classroom. This endorsement is not valid for holders of any license other than Ohio Middle Childhood Education. Updates and/or changes to licensure are dictated by the State of Ohio and may supersede the requirements listed for licensure in the catalog.

To have the MCG endorsement added to the MCE license:

1. The candidate must have previously completed a MC Education program in two content areas and hold a valid MCE license (we will assume that our initial licensure candidate will apply for the endorsement along with, or soon after application for the initial license in two areas); and
2. In addition to successfully completing the MCG Endorsement course work in either one or two additional areas, the candidate must also successfully complete the required test(s).

Either the candidate must pass:

- A.) OAE Education (Subtest I)/018 and OAE Elementary Education (Subtest II)/019

OR

- B.) Content area test for each content area added to MCE license:
 - OAE MS English/Language Arts (028)
 - OAE MS Mathematics (030)
 - OAE MS Social Studies (031)
 - OAE MS Science (029)

The candidate must complete the following courses in the chosen content area.

Language Arts

- ENGL 304 - Teaching & Research in Writing
- EDCH 326 - Children's Lit for Middle Chil

Mathematics

- MATH 213 - Algebra Concepts -MCED
- MATH 214 - Math Problem Solving -MCED

Science

- BIOL 130 - Intro to Life Sciences
- BIOL 131 - Intro to Life Sciences Lab
- PHYS 114 - Our Universe: Physical Science
- PHYS 115 - Our Universe: Physical Sci Lab

Social Studies

- EDMS 207 - World & Cultural Geography
- POLI 140 - American Government and Politi

Reading (K-12) Endorsement

The Reading Endorsement coursework at Xavier is a 21 credit hour endorsement program. Only six hours of undergraduate credit can be applied toward the endorsement. All other course requirements must be taken at the graduate level. The State of Ohio requires 100 hours of documented field hours. Graduate level coursework taken as part of the Reading Endorsement may be used toward the M.Ed. in Reading. Please refer to the counseling sheet for Master's in Reading Education.

Required Reading Courses for the Endorsement:

- EDRE 269/EDRE 569 Phonics & Found of Literacy (3 credit hours)
- EDRE 471/EDRE 671 Content Area Literacy (3 credit hours)
- EDRE 672 Theories of Reading (3 credit hours)
- EDRE 478/EDRE 678 Literary Assess: Adm, Ana, App (3 credit hours)
- EDRE 679 Practicum in Reading (3 credit hours) (Prerequisite for EDRE 679: EDRE 269/569, EDRE 471/671, EDRE 672, EDRE 478/678)

Choose 21 Credit Hours Required from below:

- EDCH 324/EDCH 524 Children's Literature (3 credit hours) (or it's equivalent)
- EDCH 326/EDCH 526 Children's Lit for Middle Chil (3 credit hours) (Fall & Summer only) (or it's equivalent)
- EDCH 501 Advanced Children's Literature (3 credit hours)
- EDCH 305/EDCH 505 Storytelling as a Cultural Cra (3 credit hours)
- EDCH 315/EDCH 515 Adolescent Literature (3 credit hours)
- EDCH 320/EDCH 520 Multi-Cultural Lit for Childrn (3 credit hours)
- EDCH 528 Topics in Children's Literature (3 credit hours)
- EDME 362 /EDME 562 Phonics and Orton-Gillingham (3 credit hours)
- EDRE 675 Current Research in Reading (3 credit hours) (Fall only)
- EDRE 376/EDRE 676 Teaching Writing Process (3 credit hours) (Grade 4-14) (Spring only)
- EDRE 685 Teach Read Children w/SpC Need (3 credit hours)

Assessment Requirement for the Reading Endorsement:

Ohio Assessments for Educators (OAE) Reading (Subtest I)/038 and OAE Reading (Subtest II)/039 are required for the reading endorsement. For additional information please visit <http://www.oh.nesinc.com>.

Application Process:

If you are pursuing a reading endorsement only, the following documents are required:

- Xavier graduate application
- Official copy of college transcript
- A copy of your valid Ohio teaching license

If you are pursuing a M.Ed. Degree, the following is required:

- MAT or GRE test is required

All materials are sent to the Xavier University Graduate Services office. Please refer to the advising sheet for the Reading Endorsement.

License

Early Childhood Education Licensure

Teacher Licensure

The School of Education offers teacher licensure programs, approved by the State of Ohio Board of Regents, for early childhood, middle childhood, secondary education, which includes multi-age, adolescent to young adult, intervention specialist (mild/moderate, moderate/intensive, gifted/talented [graduate program only], and early childhood intervention specialist) teaching, as well as American Montessori Society certification in Montessori preprimary and primary teaching. In addition, students can acquire a license at the graduate level for all secondary licensure areas, reading, counseling, administration and special education.

The following pages outline the requirements for these licenses. Specific brochures on these programs are available and give suggested sequences of courses and rules for admission to the program. Please note that courses required for licensure which are more than 10 years old may need to be repeated. In adolescent to young adult (grades 7 - 12) and pre-K - 12 teaching, undergraduate students take a major in their area field and complete licensure requirements in professional education courses. Adolescent to young adults (grades 7 - 12) teaching licenses can be attained in the following subject fields: Integrated Language Arts, Integrated Mathematics, Integrated Social Sciences, Life Sciences, Life/Chemistry, Life/Physics and Physical Sciences (Chemistry/Physics). Multi-age (grades Pre-K - 12) teaching licenses can be attained in the following subject fields: Foreign Language (French, German, Greek, Latin or Spanish), Music, Theater and Visual Arts. Intervention Specialist for grades K - 12 are available in mild/moderate educational needs and moderate/intensive educational needs. These are undergraduate or graduate programs. A licensure program (K - 12) at the graduate level only is also offered. Intervention Specialist (Early Childhood) licensure can be fulfilled at the undergraduate and graduate levels. Endorsements (Pre-Kindergarten Special Needs, Transition To Work, Gifted/Talented) may be added to an existing specific license on the graduate level. Need to consult Special Education Programs for specific details.

Teacher Education Program

Steps for Admission and Continual Progress for Licensure in the Following Programs:

- Early Childhood
- Early Childhood/Montessori
- Middle Childhood
- Professional Education
- Special Education
- School Nurse Licensure

Step One:

- Student is accepted into the University based on high school grade point average and SAT or ACT scores.
- Nontraditional student with no college admission scores will substitute PRAXIS I as entry test in order to declare major or minor.
- Potential candidate declares major.

Step Two:

- Potential candidate completes first year at Xavier with a grade point average of 2.500 or higher.
- Required grades in following courses:
 - ENGL 101 "B" or higher.
 - Mathematics (as placement dictates) "C" or higher.
 - Introductory Education course (program dictates) "B" or higher.
- Following items completed and filed with Education Office:
 - Notarized "Statement of Moral Character".
 - "Application for Admission" form.
 - "Reflection Question" form.
- Student is notified of acceptance into chosen program.

Step Three:

- Required grades for continuation through major/minor: detailed information.
 - Grade of "C" or higher in second mathematics course.
 - Overall grade point average of 2.500
 - Grade of "B" or higher in required curriculum courses
 - Candidate's portfolio reflects key assignments from educational foundations and curriculum courses.
 - Evaluation forms completed by University personnel and field work cooperating teachers indicate progress in development of knowledge, performance skills, and dispositions for teaching.

Step Four:

- Application for internship/student teaching is approved. All foundation, methods, block courses, and majority of subject concentration courses must be completed for commencement of internship semester/s.
- Prior to internship, one of two/three or more required Ohio Assessment for Educators must be passed and results on file in Certification Office of Education Department (see handbooks or Education Office for specific test titles and codes). For Foreign Language, students must pass all applicable tests of the ACTFL test series with a rating of 'Intermediate-High' score.

Step Five:

- Successful completion of internship/student teaching in Early, Middle, Professional or Special Education:
 - Record of on-site visits by University supervisor.
 - Midterm and final evaluations from cooperating teacher and field supervisor.
 - Two conferences with University supervisor and cooperating teacher.
- Successful completion of exit portfolio.

- Ohio Assessment for Educators and ACTFL, if applicable, results on file in Certification Office.
- Licensure application materials complete and on file in Certification Office.

Early Childhood/Montessori, ages 2.5 to 6, or ages 6 to 9, or ages 6 to 12 Licensure

Teacher Licensure

The School of Education offers teacher licensure programs, approved by the State of Ohio Board of Regents, for early childhood, middle childhood, secondary education, which includes multi-age, adolescent to young adult, intervention specialist (mild/moderate, moderate/intensive, gifted/talented [graduate program only], and early childhood intervention specialist) teaching, as well as American Montessori Society certification in Montessori preprimary and primary teaching. In addition, students can acquire a license at the graduate level for all secondary licensure areas, reading, counseling, administration and special education.

The following pages outline the requirements for these licenses. Specific brochures on these programs are available and give suggested sequences of courses and rules for admission to the program. Please note that courses required for licensure which are more than 10 years old may need to be repeated. In adolescent to young adult (grades 7 - 12) and pre-K - 12 teaching, undergraduate students take a major in their area field and complete licensure requirements in professional education courses. Adolescent to young adults (grades 7 - 12) teaching licenses can be attained in the following subject fields: Integrated Language Arts, Integrated Mathematics, Integrated Social Sciences, Life Sciences, Life/Chemistry, Life/Physics and Physical Sciences (Chemistry/Physics). Multi-age (grades Pre-K - 12) teaching licenses can be attained in the following subject fields: Foreign Language (French, German, Greek, Latin or Spanish), Music, Theater and Visual Arts. Intervention Specialist for grades K - 12 are available in mild/moderate educational needs and moderate/intensive educational needs. These are undergraduate or graduate programs. A licensure program (K - 12) at the graduate level only is also offered. Intervention Specialist (Early Childhood) licensure can be fulfilled at the undergraduate and graduate levels. Endorsements (Pre-Kindergarten Special Needs, Transition To Work, Gifted/Talented) may be added to an existing specific license on the graduate level. Need to consult Special Education Programs for specific details.

Teacher Education Program

Steps for Admission and Continual Progress for Licensure in the Following Programs:

- Early Childhood
- Early Childhood/Montessori

School of Education: Educational Administration

The mission of the Department of Educational Administration is the preparation and training of professionals in education and allied fields.

The Department of Educational Administration offers the Master of Education in Educational Administration, and administration/supervision licensure programs for Ohio, Kentucky and other states. It also offers a cognate (specialization) in the Leadership Studies Doctoral Program (Ed.D).

Master of Education

Educational Administration, M.Ed.

The Educational Administration Master of Education degree, a professional degree, is designed to provide the preparation required for principals, administrative specialists, superintendents, and other educational administration positions. Students are encouraged to select Master of Education courses which correspond with the educational administration/supervision licensure they may seek. Licensure program courses and master's degree courses may be taken in unison or separately. However, a master's degree is required before the student is eligible to apply with their state for licensure or be accepted into a licensure only program. Educational Administration Licensure/Supervision programs include but are not limited to Principal, Specialists, Superintendents, Supervisor of Instruction, Director of Special Education, and Director of Pupil Personnel.

Xavier University also offers an innovative, integrated MSN/MEd program consisting of 47 semester credit hours. The student will receive two separate degrees, the Master of Science in Nursing and the Master of Science in Education. This program was developed in response to a community need for nurse educators. The MSN/MEd prepares the graduate to administer and teach in educational settings (i.e., CE providerships, in-service educators and nurse educators). Please contact the School of Nursing for additional details.

Go to <http://www.xavier.edu/administration-grad/admission.cfm> to reference admission requirements.

Requirements for the M.Ed. in Educational Administration

(30 total credit hours required)

The core education courses are required for the Masters of Education in Educational Administration. and all of the licensure options.

The following serves as a curriculum guide, please see an educational administration advisor.

Core courses: (9 credit hours)

- EDFD 500 - History/Philosophy of Am Educ
- EDFD 505 - Org of Ed Systems in U.S.
- EDFD 507 - Educational Research
- EDFD 508 - Educational Research Paper

Licensure courses: (21 credit hours)

The licensure courses are required for all licensure options. The appropriate internships will be added to the MEd program to complete the licensure requirements. Any combination of the courses that total 21 semester hours will, when combined with the 9 core hours, equal 30 semester hours and thus qualify the candidate for a MEd in Educational Administration. Note: Up to 6 semester hours may be elective credits at 500 Level or above. However elective credits are not applicable for Licensure.

Go to <http://www.xavier.edu/administration-grad/Licensure.cfm> to reference licensure requirements and details.

- EDAD 543 - Supervision of Inst/Staff Pers
- EDAD 548 - Principalship or
- EDAD 561 - Admin of Pupil Personnel Serv
- EDAD 562 - Political Structure & PR
- EDAD 563 - Sch Finance, Bus Aff / Phys
- EDAD 565 - School Law I
- EDAD 570 - Policy Planning & Evaluation
- EDAD 660 - Curr Design & Teach Strategies

Internship(s) are required to complete licensure for principals, specialists, or superintendents.

The required internship varies depending on specific licensure sought.

Consult with an educational administration advisor for specific licensure requirements.

Principal Licensure Courses

- EDAD 771 - Internship:Principal I
- EDAD 781 - Internship:Principal II

Specialist Licensure Courses

- EDAD 772 - Admin Specialist Intern I
- EDAD 773 - Internship:Spec-Staff Pers I
- EDAD 774 - Internship:Spec-Curr Inst I
- EDAD 775 - Internship:Spec-Pupil Svcs I
- EDAD 776 - Internship:Spec-Sch/Com Relat
- EDAD 777 - Internship:Spec-Vocational Ed
- EDAD 782 - Admin Specialist Intern II
- EDAD 783 - Internship:Spec-Staff Pers II
- EDAD 784 - Internship:Spec-Curr Inst II
- EDAD 785 - Internship:Spec-Pupil Svcs II
- EDAD 786 - Internship:Spec-Sch/Com Relat
- EDAD 787 - Internship:Spec-Vocational Ed

Superintendent License Courses

- EDAD 710 - Superintendent Seminar
- EDAD 779 - Internship:Superintendency I
- EDAD 789 - Internship:Superintendency II

Note(s):

- All educational administration students must successfully complete the Master of Education (MEd) Comprehensive Examination upon completion of required coursework to earn the MEd degree.
- Additionally, the University is not obliged to recommend licensure of any type on the basis of the completion of a Master of Education degree or specific coursework in education. Students must also meet leadership, communication, and character requirements and pass the required licensure tests of the State Department of Education for each specific license.

Summary of Steps for Admission and Continual Progress toward MEd Degree and Licensure

Step One:

Admission to M.Ed. graduate program. See <http://www.xavier.edu/education/>

- Apply online to the Office of the Graduate School
- Declare educational administration as major for MEd.

Step Two:

Complete Program for MEd

- Complete 30 semester credit hours, including all required courses
- Pass comprehensive exam (exam can be repeated once, if needed)
- Apply for Xavier graduation

Step Three:

Licensure for Ohio

For Principal or Specialist Licenses:

- Complete course requirements for MEd and/or principal or specialist license.
- For Xavier M.Ed. graduates, complete 6 semester credit hours of additional required coursework.
- Pass licensure exam OATE Exam #015 in educational leadership
- Apply for licensure online at the State Department of Education and follow university and state procedures for licensure.

For Superintendent Licenses:

- Complete course requirements for MEd and/or principal or specialist license.
- For Xavier M.Ed. graduates, complete an additional 12 credit hours approved by advisor, including EDAD 710 Superintendent Seminar and EDAD 779 & 789 Superintendent Internships I & II.
- Must pass licensure exam in educational leadership, if not already completed with Principal or Specialist license.
- Apply for licensure online at the State Department of Education and follow university and state procedures for licensure.

Note(s):

- Students may contact the Office of the Graduate School at xugrad@xavier.edu, <http://www.xavier.edu/graduate-admission/>, or 513-745-3360 for more information and the Department of Educational Administration at 513-745-4210 to schedule an appointment with an advisor.

License

School Treasurer Licensure

Educational Requirements

- Candidate has a baccalaureate degree in **business**, three semester hours in school law, and three semester hours in school finance, OR
- Candidate has a baccalaureate degree in a non-business area, nine semester hours in accounting, three semester hours in school law, and three semester hours in school finance.

Courses

- EDAD 563 - Sch Finance, Bus Aff / Phys
- EDAD 565 - School Law I
- EDAD 772 - Admin Specialist Intern I
- EDAD 782 - Admin Specialist Intern II

Ohio Standards for School Treasurers

- Standard 1: Leadership School treasurers participate in a leadership role within the district.
- Standard 2: Financial Management School treasurers demonstrate a clear understanding of financial resources and manage those resources in collaboration with the board of education and district leadership.
- Standard 3: Facilities, Property and Capital Asset Management School treasurers provide fiscal leadership in the management of capital assets and support services.
- Standard 4: Communication and Collaboration School treasurers communicate and collaborate effectively with the board of education, district leadership and stakeholders.
- Standard 5: Professionalism School treasurers are committed to a high level of professionalism in their conduct and adhere to established ethical standards

Internship Requirements

The field experience component may be met through completion of a 300-hour internship in a school treasurer's office, under the direct supervision of a licensed school treasurer.

The 300-hour internship should be an individualized, mutually developed series of experiences reflective of the results of an assessment of the educational needs of the intern as related to the role, functions and responsibilities of the treasurer.

The 300 hours of field experience should be well distributed over the following:

1. Overview of Treasurer and Business Office Responsibilities (10 hours)
 - Review of statutory duties
 - Relationship with board of education
 - Role and relationship with superintendent and other administrators
 - Relationship with other offices and officials
2. Financial Management (20 hours)
 - Basic banking depository requirements
 - Investments
 - Bonds and notes
3. Fund Accounting (50 hours)
 - Processing accounts payable and receivable
 - Receipts
 - Billing and invoices
 - Purchase orders and encumbrances
 - Petty cash and change funds
 - Student activity funds/management
 - Internal accounting controls
4. Financial Reporting (50 hours)
 - Budget and appropriations
 - Financial forecasting and fiscal analysis
 - General purpose financial statements, cash reporting
 - GAAP

5. Purchasing and business functions (80 hours)
 - o Bidding and purchasing procedures
 - o Employee contracts
 - o Payroll processing/distribution/reports
 - o Employee benefits (type, enrollment & claims)
 - o Salary schedules
6. Legal/Legislation (50 hours)
 - o Ohio compliance functions
 - o Fiscal certificates
 - o Legal notices
 - o Short and long-term borrowing
 - o FMLA, ADA, FLSA, Workers' Compensation
7. Administrative and other duties (20 hours)
 - o Board secretary-minutes and role at board meetings
 - o Member of administrative team/role with policy team
 - o Record retention/destruction
 - o Collective bargaining (public sector)
8. Other areas, if appropriate, to the particular district and its needs (20 hours)

School of Education: Montessori

The Montessori program supports the fundamental tenet that a child learns best within a social environment that supports each individual's unique development. At Xavier, the Montessori teacher learns to be a scientific observer and facilitator. The educator provides an environment for children that is developmentally appropriate and supports the areas of social, cognitive, emotional, spiritual, and physical domains.

The philosophy of education taught in the Montessori program was researched by Dr. Maria Montessori, the first Italian woman to graduate from medical school in Rome in 1896. It is a philosophy and pedagogy in practice for over a century. The Montessori philosophy and its method of educating children is based on the premises of respect for the child and for one another, freedom within limits, order, nature and reality, the sensitive periods, movement, and peace.

Multi-age groupings in each class promotes peer learning and a sense of community. The children work in a prepared learning environment that is child centered and beautifully arranged with learning materials to aid the child in exploring and discovering through multi-sensory activities.

The Montessori teacher learns to be a scientific observer and facilitator. The educator provides an environment for children that is developmentally appropriate and philosophically rooted.

The Montessori teacher education undergraduate program is based on a strong foundation in liberal arts and child development. The Montessori program prepares the student with an understanding of Dr. Montessori's philosophy in light of the education of the past and present. The Montessori curriculum prepares the students to teach practical life, art, music, movement, sensorial, math, language, geography, science and history.

Students who major in Montessori education can be certified according to the American Montessori Society to teach children either two and a half to six years old or six to nine years old using the Montessori philosophy.

To major in Montessori education, Xavier University requires 64 hours of core curriculum, including natural sciences, English, mathematics, communications, a cultural diversity elective, theology, business, philosophy and fine arts.

In addition, the Montessori major requires 66 hours of education courses. See the recommended course sequences for detailed information.

Please contact the director of the Montessori program for more information at montessori@xavier.edu

The Xavier University Montessori teacher education programs grant certification in the following areas:

1. American Montessori Credential for Early Childhood or Elementary I or Elementary I & II
2. Ohio State Early Childhood Licensure for Pre-K to 3rd Grade.

Graduates will be certified to teach in public or private Montessori schools. Graduates will also be certified to teach in public or private traditional schools from Pre-K to 3rd Grade. The program is MACTE accredited and American Montessori affiliated.

The Master of Education degree is available in many concentrations. See the "Master of Education" section for the list of options. Students who do not meet acceptable performance standards in coursework or field experiences may be excluded from specific programs.

The following pages outline the requirement for these licenses. Specific brochures on these programs are available and give suggested sequences of courses and rules for admission to the program. Please note that courses required for licensure which are more than 10 years old may need to be repeated.

Note: The University is not obliged to recommend licensure of any type on the basis of the completion of a Master of Education degree or specific course work in education. Students must also meet leadership, communication, and character requirements and pass the required Ohio Assessments for Educators (OAE) tests of the State Department of Education for each specific license.

Teacher Education Program Steps for Admission and Continual Progress for Licensure for candidates in the Montessori Program

Xavier University candidates for initial licensure in early childhood and Montessori education must meet specific standards for entrance into the University, the major, student teaching, and the provisional license for the teaching profession. Steps must be successfully completed sequentially for licensure recommendation by the School of Education.

Step One: Admission to Xavier University

- Student is accepted into the University: Grade point average and ACT or SAT scores considered.
- Student declares major as early childhood education or middle childhood education.
- When field experience placements begin and annually thereafter, a BCI/FBI background check and TB (Tuberculosis Skin Test) test are required.

Step Two: Admission to Program

- Completion of Step One.
- Student completes EDEL 100, Introduction to Education, with grade of B or higher.
- ENGL 101, English Composition, completed with grade of B or higher.
- Overall grade point average of 2.5.
- Statement of Moral Character Notarized and on file in Department of Childhood Education and Literacy office.
- Completed "Application for Admission" form on file in Department of Childhood Education and Literacy office. (Both forms noted are received and returned during semester of EDEL 100.) Student receives acceptance letter from the department chair confirming acceptance or rejection for chosen major.
- One of two required mathematics courses completed with grade of C or higher (after fall semester of sophomore year for undergraduate students)
- Annual BCI/FBI background check on file in Department of Childhood Education and Literacy.
- TB (Tuberculosis Skin Test) test results available.

Step Three: Pre-Internship Requirements

- Completion of Step Two.
- Student maintains grade point average of 2.5 overall, 3.0 in major.
- Student must receive "B" or higher in courses prefixed EDEC, EDMC, EDRE, EDSP, or retake in subsequent semester. Students must receive B or higher in courses prefixed EDME, EDEC, EDRE, EDSP or retake in subsequent semesters.
- Second mathematics course complete with C or higher.
- Early childhood candidates complete either EDEC 330 or EDEC 335 with EDEC 325
- Middle childhood candidates complete EDMC 340, EDMC 345, and two of the following courses: EDMC 351, EDMC 352, EDMC 353, or EDMC 354.
- Annual BCI/FBI background check on file in Montessori Program offices .
- TB (Tuberculosis Skin Test) test results available.
- Evaluation forms completed by University personnel and field work cooperating teachers indicating progress in knowledge, performance, and necessary dispositions on file in the Department of Childhood Education and Literacy office. *To complete this phase, student registers for an advisory day at the end of the appropriate semester; meet with a faculty team to present evidence of knowledge, dispositions and performance via discussion and portfolio content. Faculty team indicates to student, and in writing, that all requirements for progression in program have been met.*

Step Four: Admission to Internship

- Completion of Step Three.
- Application for internship approved.
- All foundation, methods, content area courses, and majority of concentration courses must be complete for commencement of internship semester.
- One of two required Ohio Assessments for Educators (OAE) exams for Early Childhood Education must be passed prior to internship. "Early Childhood Education" must be passed prior to internship. Another OAE exam is required for licensure and may be completed during the internship.
- Annual BCI/FBI background check on file in MONTessori Program office .
- TB (Tuberculosis Skin Test) test results available.

Step Five: Resident License Approval

- Completion of Step Four.
- Successful completion of internship in early or middle childhood classroom, with goals, midterm appraisal and final letters of evaluation on file in Montessori Program office.

- Presentation and submission of exit portfolio.
- All Ohio Assessments for Educators exams passed and official results on file in Xavier University Certification Office.
- Online application process completed and all license application materials on file with Xavier University Certification Office.

*See "Handbook for Early and Middle Childhood Education" for further information. Available on the program website.

Bachelor of Science

Montessori Education (Early Childhood Program) for Ohio Four Year Resident Educator License (PreK-3) and American Montessori Society Credential Early Childhood Ages 2 1/2 To 6, B.S.

Undergraduate Programs in Montessori Education

The philosophy of education taught in the Montessori program was researched by Dr. Maria Montessori, one of the first Italian women to graduate from medical school in Rome in 1896. Dr. Montessori's philosophy supports the fundamental tenet that a child learns best within a social environment which supports each individual's unique development. Multi-age grouping in each class promotes peer group learning. The children work in a prepared learning environment that is child-centered and beautifully arranged with learning materials to aid the child in their exploration of new ideas. The Montessori teacher learns to be a scientific observer and facilitator, providing an environment for children that is developmentally appropriate to help the child grow in all areas: social, cognitive, emotional, and physical.

An undergraduate degree will prepare you to practice your profession in the following ways:

1. Public schools - Graduates are prepared to teach in Montessori public schools and traditional public schools pre-Kindergarten up to third grade.
2. Private schools - Graduates teach in private Montessori schools (ages 2.5 - 6) nationally and internationally as well as in traditional programs up to third grade.
3. Hospitals - Graduates are hired for special children's programs.
4. Child care centers - Graduates are hired as administrators of child care centers.
5. Non-profit organizations - Graduates work in the areas of child and family advocacy.

The Xavier University Montessori Teacher Education Program is accredited by the MACTE Commission and grants an American Montessori Society Credential for Early Childhood and Elementary I students who complete all requirements also receive an Ohio Four Year Resident Educator License PreK-3.

Bachelor of Science Degree in Montessori Education

Early Childhood Education
Ohio Four Year Resident Educator License for PreK-3
American Montessori Society Credential for Ages 2 1/2 to 6 Years

Requirements for the Early Childhood / Montessori Education Major

Undergraduate core curriculum, requirements:

48 Undergraduate Core Curriculum credit hours, include:

- Diversity Curriculum requirement: partially fulfilled in the major with EDEL 260 Cultural Diversity In Educ.
- English Composition/Rhetoric grade must be a "B" or above.
- Mathematics grade must be a "C" or above.
- Literature: fulfilled in the major with EDCH 324 Children's Literature.
- CORE 100 - First Year Seminar
- CORE 101 - First Year Co-curricular program
- CORE 499
- Science: must be met with physical (CHEM or PHYS 114 and PHYS 115) and biological (BIOL 130 and BIOL 131) sciences.
- Social Sciences: included in the major requirements.
- The ER/S Focus Elective that meets another core requirement should be chosen.

Major requirements:

66 credit hours, as follows:

39 hours of education courses from:

- EDFD 110 - Human Development & Learning
- EDEL 100 - Introduction To Education
- EDEL 251 - Instructional Technology
- EDEL 260 - Cultural Diversity In Educ
- EDEC 210 - Child Development
- EDEC 230 - Play in Early Childhood Educ
- EDME 350 - Observation/Assessment Methods
- EDME 351 - Montessori Ed: Phil Approach
- EDME 354 - Mont Language Arts & Read Meth
- EDME 359 - Community & Advocacy in Educ
- EDME 376 - Phonics Skills for Early Chldh
- EDRE 312 - Reading Methods
- EDSP 205 - Foundations in ECSPED

3 hours of literature from:

- EDCH 324 - Children's Literature

24 hours of Ohio License requirements, as follows:

Early Childhood Credential (ages 2 1/2 to 6)

- EDME 364 - Early Childhood/Mont Meth
- EDME 366 - Mont Curr Des&Te Strat I:Ea Ch
- EDME 367 - Mont Curr Des&Te Strat II:Ea C
- EDME 377 - Early Childhood Math & Science
- EDME 473 - Mont Early Childhood Pract I
- EDME 474 - Mont Early Chilhood Pract II

Additional Requirements:

- A Montessori professional statement must be in the file by the end of freshman year.
- Three letters of recommendation must be on file by the start of the sophomore year.
- A moral character form must be on file by the start of the sophomore year.
- Application for student teaching must be turned in by spring of junior year.
- Application and fees for American Montessori Society Credentialing, MACTE and NAEYC must be turned in the summer before senior year.
- State licensing exams must be taken prior to the start of internship.

Note(s):

- A 2.700 grade point average must be achieved in all the education courses for the major.
- All Montessori education courses must have a grade of "B" or above.

B.S. Montessori Education (Early Childhood program) with Ohio Four year resident educator License (PreK-3) and American Montessori Society Credential Early Childhood Ages 2 1/2 to 6

This block serves as a guideline for progress toward a degree. See your academic advisor.

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- E/RS Focus Elective requirement may be used to satisfy another element of the Core or the major.
- A minimum of 130 credit hours is typically required for the degree, with 120 hours as absolute minimum.
- An overall cumulative GPA of 2.500 is required for graduation.
- The Diversity Curriculum Electives may be used to satisfy other elements of the core or major.

Montessori Education (Early Childhood Program) for Ohio Four Year Resident Educator License (PreK-3) and American Montessori Society Credential Elementary I, Ages 6-9, B.S.

(Students can add on the Elem. II and an OH Generalist Endorsement for Grades 4- 5)

Undergraduate Programs in Montessori Education

The philosophy of education taught in the Montessori program was researched by Dr. Maria Montessori, one of the first Italian women to graduate from medical school in Rome in 1896. Dr. Montessori's philosophy supports the fundamental tenet that a child learns best within a social environment which supports each individual's unique development. Multi-age grouping in each class promotes peer group learning. The children work in a prepared learning environment that is child-centered and beautifully arranged with learning materials to aid the child in exploration of new ideas. The Montessori teacher learns to be a scientific observer and facilitator, providing an environment for children that is developmentally appropriate to help the child grow in all areas: social, cognitive, emotional, and physical.

An undergraduate degree will prepare you to practice your profession in the following ways:

1. Public schools: You will be prepared to teach in Montessori public schools and traditional public and private schools for pre-Kindergarten through third grade.
2. Private schools: Our graduates teach in private Montessori schools all over the world. They are also teachers in traditional private schools.
3. Hospitals: Hospitals hire our graduates for special children's programs.
4. Child care centers: Our graduates are hired as administrators of child care centers.
5. Non-profit organizations hire graduates to work in the areas of child and family advocacy

The Xavier University Montessori Teacher Education Program is accredited by the MACTE Commission and grants an American Montessori Society Credential for Early

Childhood and Elementary I students who complete all requirements also receive an Ohio Four Year Resident Educator License PreK-3.

Bachelor of Science Degree in Montessori Education

Early Childhood Education
Ohio Four Year Resident Educator License for PreK-3
American Montessori Society Credential for Ages 2 1/2 to 6 Years

Master of Education

Montessori Education (for No Ohio State License and No Montessori Credential), M.Ed.

Master of Education Degree in Montessori Education On Campus or Online

The Xavier University Montessori teacher education programs grant an American Montessori Credential and an Ohio Pre-Kindergarten to grade 3 licensure. The programs are affiliated with the American Montessori Society, and accredited by the Montessori Accreditation Council for Teacher Education.

The graduate program in Montessori education is based on a strong foundation in child development. This allows students the option of teaching in a public or private Montessori school, as well as in a traditional public or private school. The program prepares the student with an understanding of Dr. Montessori's philosophy in light of the education of the past and present. The Montessori curriculum courses prepare the student to teach practical life, art, music, movement, sensorial, math, language, geography, science and history. Child development is emphasized in courses EDME 563, EDME 559, and EDME 550 and is an integral part of all of the courses. Those holding a master's degree may obtain certification by planning a post-master's program with the director of the Montessori teacher education program.

Go to <http://www.xavier.edu/montessori-grad/admission.cfm> to reference admission requirements.

For online description, please see the fully online option description: Montessori Education (for No Ohio State License and No Montessori Credential), M.Ed.* *(fully online option)

Requirements for the M.Ed. in Montessori Education (with no Ohio State License and no Montessori Credential)

33 total credit hours are required, as follows

- EDFD 500 - History/Philosophy of Am Educ
- EDFD 505 - Org of Ed Systems in U.S.
- EDFD 507 - Educational Research
- EDFD 508 - Educational Research Paper *
- EDME 551 - Montessori Ed: Phil Approach
- EDME 563 - Human Development
- EDME 550 - Observation/Assessment Methods
- EDSP 505 - Foundations in ECSPED

The other twelve (12) hours can be taken from the following courses:

- EDME 553 - Mont Math & Geometry Methods
- EDME 554 - Mont Language Arts & Read Meth
- EDME 555 - Mont Cultural Subject Method
- EDME 559 - Community & Advocacy in Educ
- EDME 564 - Early Childhood/Montessori Met
- EDME 576 - Phonics Skills for Early Child
- EDME 577 - Early Childhood Math & Science
- EDME 570 - Mont 9-12 Math Curr
- EDME 571 - Mont 9-12 Geometry Curr
- EDME 572 - Mont 9-12 Geography& Hist Curr
- EDME 573 - Mont 9-12 Botany & Zoology Cur
- EDME 574 - Mont 9-12 Physical Science Cur
- EDME 575 - Mont 9-12 Lang & Children's Li

Other Requirements:

- Student must complete BCI/FBI background checks in the first semester and each subsequent academic year.

Note(s):

* The research paper should be completed in the area of early childhood education and an approved copy of the completed paper submitted to the director of the

program for the departmental library.

Montessori Education (for No Ohio State License and No Montessori Credential), M.Ed. (Fully Online Option)

The graduate program in Montessori education is based on a strong foundation in child development. The program prepares the student with an understanding of Dr. Montessori's philosophy in light of the education of the past and present.

Admitted students earn a Master of Education with a Montessori focus while working with Montessori and education faculty who teach in Xavier's internationally known program.

Applicants who already have a MACTE-approved Montessori credential may be able to apply it toward 12 hours of the degree.

Students are uniquely enrolled with the online degree program and complete courses within this program solely.

Xavier University is not yet authorized to provide online education in all 50 states. Please consult the state authorization site via the Xavier University site for the listing of [approved states](#).

This program will not provide licensure in any state.

Requirements for the M.Ed. in Montessori Education online program (with no Ohio State License and no Montessori Credential)

- Admitted students take a maximum of 33 credit hours over three semesters-or 18 months.
- Students with a MACTE-approved credential can spread their coursework over 12 months.
- Classes are entirely online and vary in format, including live lectures.
- As part of an online learning community, students collaborate and share ideas such as curriculum planning, assessment, classroom management and making teaching materials.
- Students interact closely with their professors and each other, communicating with other students from around the world.
- Professors hold weekly virtual office hours to maintain communication and an ongoing relationship with students.

Curriculum for the M.Ed. in Montessori Education online program (with no Ohio State License and no Montessori Credential)

Students take the following courses for a maximum of 33 credit hours. Students with a MACTE-approved credential may be able to apply it toward 12 hours of the degree.

- EDFD 500 - History/Philosophy of Am Educ
- EDFD 505 - Org of Ed Systems in U.S.
- EDFD 507 - Educational Research
- EDFD 508 - Educational Research Paper
- EDME 550 - Observation/Assessment Methods
- EDME 551 - Montessori Ed: Phil Approach
- EDME 552 - Mont Curr Des & Te Strat: Pri
- EDME 557 - Montessori Language Enrichment
- EDME 558 - Math And Geometry Enrichment
- EDME 559 - Community & Advocacy in Educ
- EDME 563 - Human Development
- EDSP 505 - Foundations in ECSPED

Notes:

Credentialed Montessori teachers may apply up to 12 hours of their MACTE-approved credential toward the following courses: EDME 552, 557, 558, 559.

Montessori Education (for Ohio Four year resident educator License PreK-3 and American Montessori Society Elementary I Credential - Ages 6-9 and Elementary II Credential - Ages 9-12) M.Ed.

Students can add the Elem. II credential and an OH Generalist Endorsement for Grades 4- 5

Master of Education Degree in Montessori Education

The Xavier University Montessori teacher education programs grant an American Montessori Credential and an Ohio Pre-Kindergarten or Kindergarten to Grade 3 Resident Educator licensure. The programs are affiliated with the American Montessori Society, and accredited by the Montessori Accreditation Council for Teacher Education.

The graduate program in Montessori education is based on a strong foundation in child development. This allows students the option of teaching in a public or private Montessori school, as well as in a traditional public or private school. The program prepares the student with an understanding of Dr. Montessori's philosophy in light of the education of the past and present. The Montessori curriculum courses prepare the student to teach practical life, art, music, movement, sensorial, math, language, geography, science and history. Child development is emphasized in courses EDME 563, 559, 550 and is an integral part of all of the courses. An Ohio four year resident educator licensure for Pre-K-3, and American Montessori Society Early Childhood and Elementary credentials are available within the master's degree. Those holding a master's degree may obtain certification by planning a post-master's program with the director of the Montessori teacher education program.

School of Education: Reading

Master of Education

Reading Specialist, M.Ed.

The degree of Master of Education with a concentration in Reading is a professional degree designed to meet the needs of licensed teaching professionals desiring to enhance their knowledge of the reading process with current theory and research and classroom application. This course of study is designed to prepare teacher candidates and classroom teachers to help students from preschool through high school to become effective, strategic readers who read and write enthusiastically and purposefully. It provides education and training for classroom teachers, media specialists, district literacy coaches, reading consultants, and reading supervisors.

Accordingly this degree is awarded to the candidate who has demonstrated a capacity for professional performance by satisfactorily completing the course of study designed to develop the following characteristics:

1. The ability to articulate and translate the interrelationship of reading, writing, speaking, listening, viewing and visually representing to classroom teaching and curriculum development.
2. The ability to work directly or indirectly with students of all grade levels who could benefit from advanced training in reading skills.
3. The ability to work with teachers, administrators, parents, and other professionals to improve and coordinate a school wide holistic reading program.

This program is also designed to meet the specifications of the International Reading Association, the National Council of Teachers of English, and State of Ohio course requirements for the Reading Endorsement. It also meets reading specialist licensure requirements in many states.

Go to <http://www.xavier.edu/reading/admission.cfm> to reference the admission requirements.

Curriculum Prerequisites

These prerequisites are required if a candidate for the degree does not have a valid teaching certificate or current teaching license.

- EDRE 312 - Reading Methods or
- EDRE 512 - Reading Methods
- or
- EDRE 314 - Reading Methods for Middle Chd or
- EDRE 514 - Reading Methods for Middle Chi
- and
- EDRE 471 - Content Area Literacy or
- EDRE 671 - Content Area Literacy

Note(s):

- The candidate should take an undergraduate course in children's literature or adolescent literature.

- In addition, the graduate candidate must have (or be in the process of completing) a valid Ohio teaching certificate or license.

Requirements for the M.Ed. in Reading

The following coursework is required for the Master degree in Reading and meets the State of Ohio standards for the Reading Endorsement.

MEd Core Requirements

(9 credit hours)

- EDFD 500 - History/Philosophy of Am Educ
- EDFD 505 - Org of Ed Systems in U.S.
- EDFD 507 - Educational Research
- EDFD 508 - Educational Research Paper

Concentration Requirements

(21 credit hours)

15 hours required specifically with

- EDRE 569 - Phonics & Found of Literacy
- EDRE 671 - Content Area Literacy
- EDRE 672 - Theories of Reading
- EDRE 678 - Literary Assess: Adm, Ana, App
- EDRE 679 - Practicum in Reading

3 to 6 hours selected from the following Literature Elective List

- EDCH 501 - Advanced Children's Literature
- EDCH 505 - Storytelling as a Cultural Cra
- EDCH 515 - Adolescent Literature
- EDCH 520 - Multi-Cultural Lit for Childrn
- EDCH 524 - Children's Literature
- EDCH 526 - Children's Lit for Middle Chil
- EDRE 676 - Teaching Writing Process

0 to 6 more hours selected, if needed, from

- EDEL 651 - Instr Strat For EL
- EDRE 675 - Current Research in Reading
- EDRE 685 - Teach Read Children w/SpC Need
 - EDME 562 - Phonics and Orton Gillingham
 - (Please check current advising sheet for additional courses.)

Note(s):

- Students completing their studies for the M.Ed. in Reading must pass a comprehensive examination writing knowledgeably on the following areas of literacy: phonics, reading strategies, literacy development, reading theories, content area literacy, vocabulary acquisition, the reading process, and diagnosis and remediation of reading. The M.Ed. candidate may sit for the exam after earning 27 credit hours. Successful completion of the degree is contingent on passing the exam.

Reading Endorsement Requirements

Those completing the M.Ed. in Reading Education with a valid Ohio teaching license may also want to add the Reading Endorsement to their teaching license. The endorsement has a 21 hour. course requirement: 15 hours of coursework in reading and 6 hours in reading electives (see list above); and **100 hours of documented field hours** in the area of reading. Master degree candidates may work on their degree and the endorsement simultaneously. After completion of the course requirements for the endorsement, the State of Ohio requires that the candidate take the Ohio Assessment for Education in Reading O38 (Subtest I) and Reading O39 (Subtest II) and receive a passing score to have the endorsement added to a valid license. Information regarding testing dates, location sites, and sample questions for OAE may be found on the Ohio Assessment for Educators website. <http://www.oh.nesinc.com>

The following courses are currently required by the State of Ohio for the Reading Endorsement: *

- EDRE 269 - Phonics & Foundation of Litera or
- EDRE 569 - Phonics & Found of Literacy
- EDRE 471 - Content Area Literacy or
- EDRE 671 - Content Area Literacy
- EDRE 672 - Theories of Reading
- EDRE 478 - Literary Assess: Adm, Ana, App or
- EDRE 678 - Literary Assess: Adm, Ana, App
- EDRE 679 - Practicum in Reading

And, choose two classes from the list below.

- EDCH 305 - Storytelling - Cultural Craft or
- EDCH 505 - Storytelling as a Cultural Cra
- EDCH 324 - Children's Literature or
- EDCH 326 - Children's Lit for Middle Chil
- EDCH 315 - Adolescent Literature
- EDCH 515 - Adolescent Literature
- EDCH 320 - Multi-Cultural Lit for Childrn or
- EDCH 520 - Multi-Cultural Lit for Childrn
- EDME 562 - Phonics and Orton-Gillingham
- EDEL 651 - Instr Strat For EL
- EDRE 676 - Teaching Writing Process

Note(s):

- Ohio Assessments for Educators (OAE): You must pass two subject area concentration exams prior to student teaching. The "Principles of Learning and Teaching: 5-9" is taken during the student teaching semester. See OAE link at www.xavier.edu.
- Grades 4-6 Middle Childhood Endorsements are an option for persons holding a Middle School license. See Requirements for generalist endorsement under B.S. for Middle School Education.
- The following core courses fulfill Master of Education requirements but are not required to complete the middle childhood license requirements. They can be taken at any time within the six year limit. Students take the Comprehensive Exam related to the three core courses during the last semester of graduate course work.

- EDFD 500
- EDFD 505
- EDFD 507
- EDFD 508

School of Education: Secondary Education

The Secondary Education Program offers degree and teacher licensure programs approved by the Ohio Department of Education. All programs are accredited by the Council for the Accreditation of Educator Preparation (CAEP).

At the undergraduate level, the program offers a minor in Professional Education that combines with an appropriate Arts and Science Major leading to a teaching field and licensure.

At the graduate level, the Master of Education degree in Secondary Education and the Master of Arts degree in English Education or History Education are awarded. Concentrations for the Master of Education in Secondary Education include (Art, Biology, Chemistry, English, French, German, Greek, History, Latin, Mathematics, Music, Physics, Spanish, Theater, and Theology).

Teacher licensure programs - Adolescent to Young Adult (AYA grades 7-12) and Multi-Age (MA - grades pre k - 12) - are offered at the undergraduate and graduate levels leading to licensure in Art, Chemistry, English, French, German, Greek, Integrated Science, Latin, Life Science (Biology), Mathematics, Music, Physical Science, Physics, Spanish, Social Studies (History), Theater, or Theology. The Computer Technology endorsement is also available at the graduate level only.

The sections that follow outline the basic requirements for licensure. Specific brochures and rules for admission to these programs are available. Please note that courses required for licensure that are more than 10 years old may need to be repeated. Students who do not meet acceptable performance standards (including field experiences) may be excluded from specific programs.

Summary of Steps for Admission and Continual Progress in Initial Licensure Programs

Step One:

- An undergraduate student is accepted into the University based on high school grade point average (SAT or ACT scores optional). Additional assessments may be required for initial licensure.
- A graduate student is accepted based on undergraduate GPA and a GRE score. See test waiver policy of the Graduate School.
- Student declares major or concentration.

Step Two:

- Completion of Step One.
- Student completes first year at Xavier with a grade point average of 2.700 or higher.
- Required grades in following courses:
 - English 101 "B" or higher.
 - Mathematics (as placement dictates) "C" or higher.
 - Professional Education course (in licensure area) "B" or higher.
- The following items completed and filed with Education Office:
 - Moral Character form.
 - "Application for Admission" form.
 - "Reflection Question" form.
- Student is notified of acceptance into chosen program.

Step Three:

- Completion of Step Two.
- Required grades for continuation through major/minor:
 - Overall grade point average of 2.700.
 - GPA of 2.700 in required major/minor courses (see program handbook for detailed information).
 - Candidate's portfolio reflects key assignments from educational foundations and curriculum courses.
 - Evaluation forms completed by University personnel and field work cooperating teachers indicate progress in development of knowledge, performance skills, and dispositions for teaching (see program requirements).

Step Four:

- Completion of Step Three.
- Application for internship/student teaching is approved. All professional education and concentration courses must be completed for commencement of internship/student teaching semesters.
- Prior to internship, the Ohio Assessment for Educators (OAE) tests must be passed and results on file in Licensure/Certification Office of Education Department (see handbooks, advising sheets, or Xavier website for specific test titles and codes).

Step Five:

- Successful completion of internship/student teaching including required program documentation.
- Successful completion and submission of teacher program portfolio.
- Licensure application materials complete and on file in Licensure/Certification Office.
- Successful completion of any Ohio examination(s) that is/are required to be completed during the student teaching semester.
- Completion of edTPA with required cut score.

Master of Arts

English Education, M.A.

Degree Requirements

30 total credit hours, as follows:

M.A. Core Requirements

9 credit hours:

- EDFD 500 - History/Philosophy of Am Educ
- EDMS 506 - Statistics for Education Research
- EDMS 507 - Planning for Educational Research
- EDMS 508 - Research Paper

Remaining Hours

The remaining 21 hours consist of 18 hours taken from graduate level courses in English and 3 semester hours of electives that may be taken from any graduate level course in either Education or cognate concentration. Of those 21 hours, a maximum of 12 semester hours of Xavier University undergraduate courses (numbered 200 or higher) taken at the graduate level, with an earned grade of at least a B may be applied to this program. Undergraduate credit earned at other institutions, while not allowed to count towards degree requirements, can be used for the purposes of licensure.

History Education, M.A.

Degree Requirements

30 total credit hours, as follows:

M.A. Core Requirements

9 credit hours:

- EDFD 500 - History/Philosophy of Am Educ
- EDMS 506 - Statistics for Education Research
- EDMS 507 - Planning for Educational Research
- EDMS 508 - Research Paper

Remaining Hours

The remaining 21 hours consist of 18 hours taken from graduate level courses in History and 3 semester hours of electives that may be taken from any graduate level course in either Education or cognate concentration. Of those 21 hours, a maximum of 12 semester hours of Xavier University undergraduate courses (numbered 200 or higher) taken at the graduate level, with an earned grade of at least a B may be applied to this program. Undergraduate credit earned at other institutions, while not allowed to count towards degree requirements, can be used for the purposes of licensure.

Master of Education

Secondary Education, M.Ed.

Xavier University's secondary/K-12 teacher education program provides a strong foundation in liberal arts education and emphasizes the importance of individual, educational growth, and professional development. A student is prepared to become competent, professional secondary/K-12 educators through thorough classroom instruction and in-depth experience with practicing secondary/K-12 teachers.

A student may pursue a Master of Education degree alone, or a Master of Education degree with licensure or only licensure alone.

The M.Ed. program is intended for those who wish to obtain an advanced degree with general emphasis in course work connected to secondary education. Although a degree program can be arranged to support teacher licensure, this degree does not provide all the preparation needed to achieve teacher licensure. Please contact the Department of Secondary and Special Education for guidance.

Requirements for the M.Ed. in Secondary Education

30 total credit hours, as follows

MEd Core Requirements (9 credit hours)

- EDFD 500 - History/Philosophy of Am Educ
- EDFD 505 - Org of Ed Systems in U.S.
- EDFD 507 - Educational Research
- EDFD 508 - Educational Research Paper

Remaining 21 hours

The remaining 21 hours will consist of 12 hours taken from graduate level professional education courses or subject content courses (e.g. art, biology, chemistry, classics, English, French, Spanish, history, math, music, political science, or theology). The remaining 9 semester hours may be taken from any graduate level course, as elective courses. The M.Ed. candidate is free to select courses that advance teaching in the secondary school.

A maximum of 12 semester hours of Xavier University undergraduate courses (numbered 200 or higher) taken at the graduate level, with an earned grade of at least a B, may be applied to this program. Undergraduate credit earned at other institutions, while not allowed to count towards degree requirements, can be used for the purposes of licensure.

Comprehensive Exam Requirement

Finally, a student's Master Of Education degree will be awarded only to candidates who have passed an extensive written examination covering the four general survey courses. Should the student fail the comprehensive exam, it may be repeated only once.

Course Sequence for Graduate Student Licensure

- EDFD 500 - History/Philosophy of Am Educ
- EDFD 510 - Adv Human Develop & Learning
- EDSP 500 - Sp Ed: Identification & Issue
- EDRE 671 - Content Area Literacy
- EDMS 550 - Technology & Topics for Teache
 - Methods / Curriculum for content area (3-6)
- EDSP 580 - Classroom Management
- EDMS 411 - Clinical Experiences *
- EDMS 470 - Student Teaching AYA *

or

- EDMS 471 - Student Teaching: Multi-Age

Note(s):

- *Taken for undergraduate credit only.
- Student must complete all coursework, field/clinical hours and pass all Praxis tests to apply for license.
- Student must complete 12 hours MasterCore requirements; 18 hours from Special Education coursework and pass Comprehensive exam for completion of degree.

Minors

Professional Education Minor

In adolescent to young adult or secondary (grades 7-12) and pre-K-12 multi-age programs, students have a major in their area reaching field and complete licensure requirements in professional education courses. Exceptions to this are the Music and Theater pre-K-12 programs where students major in Music Education and Theater Education, respectively.

A Professional Education minor is normally declared by an undergraduate who intends to achieve state licensure to teach at the pre-K-12 or 7-12 grade levels. The student

must meet with a secondary education advisor for licensure requirements. The student retains his/her major area advisor for guidance in the major, University core and for all other purposes.

This minor requires the completion of 31 to 36 semester hours of education course work, including internship/student teaching, and a minimum GPA of 2.700 must be achieved. State licensure also requires the completion of prescribed courses in the teaching subject area, as well as all required state-mandated tests for teacher licensure. In order to complete the licensure sequence at the end of his/her bachelor's program, the undergraduate should begin the licensure sequence no later than the first semester of the sophomore year. Contact the Department of Secondary and Special Education for further information (513 745-3485).

All areas of concentration must take these foundation courses:

19 hours required from:

- EDFD 110 - Human Development & Learning
- EDMS 131 - Professional Education
- EDMS 350 - Technology & Topics for Educat
- EDMS 411 - Clinical Experiences
- EDRE 471 - Content Area Literacy
- EDSP 200 - Sp Ed: Identification & Issues
- EDSP 380 - Classroom Management

Concentration areas:

15-20 hours required (complete 1 of the following 4 options)

1. Secondary Ed (7-12):

15 hours required, take one course from:

- EDMS 207 - World & Cultural Geography (also take EDMS 333)
- EDMS 325 - Meth/Curr/Asmt in World Lang
- EDMS 330 - Meth/Curr/Asmt in Mathematics
- EDMS 331 - Meth/Curr/Asmt in English Lang
- EDMS 332 - Meth/Curr/Asmt in Science
- EDMS 333 - Meth/Curr/Asmt in Social St (also take EDMS 207)
- EDMS 335 - Meth/Curr/Asmt in Ancient Lang

and take

- EDMS 470 - Student Teaching AYA

2. Languages (pre-K - 12):

15 hours required, take:

- EDMS 325 - Meth/Curr/Asmt in World Lang or
- EDMS 335 - Meth/Curr/Asmt in Ancient Lang

- EDMS 471 - Student Teaching: Multi-Age

3. Music (pre-K - 12):

18-20 hours required, take:

- MUSC 221 - Elementary Methods
- MUSC 320 - Instrumental Methods
- MUSC 321 - Choral Methods
- EDMS 471 - Student Teaching: Multi-Age

4. Theater (pre K-12):

- EDMS 471 - Student Teaching: Multi-Age
 - THTR 301: Teaching Methods Elementary
 - THTR 302: Teaching Methods Secondary

5. Visual Art (pre-K - 12):

18 hours required, take:

- EDMS 336 - Methods Curr & Assment in Art or
- ARTS 221 - Early & Middle Childhood Art and
- ARTS 223 - Secondary School Art

- EDMS 471 - Student Teaching: Multi-Age

Note(s):

- **Caution:** Please consult with the Director of Secondary Education for exact program details and specific State of Ohio teaching licensure requirements.

Endorsement

Computer Endorsement

Xavier University offers a Computer Endorsement which consists of 18 semester hours which may be added to an existing teaching license. Knowledge gained in each 100% paperless course can be immediately applied professionally. Tools used are cloud-based and free.

Required courses are as follows

- EDMS 570: Bring Your Own Device: 3 Semester Hours
- EDMS 572: Cloud Computing: 3 Semester Hours
- EDMS 574: Current Topics in Technology & Education: 3 Semester Hours

EDMS 576: Gamification, Virtual Worlds & Alternate Reality in the Classroom: 3 Semester Hours

- EDMS 578: Instruction & Technology: Rigor, Relevance, Relationships & Accessibility: 3 Semester Hours
- EDMS 580 Online and Hybrid instruction and learning: 3 Semester Hours

License

Professional Education Licensure

Teacher Licensure

The School of Education offers teacher licensure programs, approved by the State of Ohio Board of Regents, for early childhood, middle childhood, secondary education, which includes multi-age, adolescent to young adult, intervention specialist (mild/moderate, moderate/intensive, gifted/talented [graduate program only], and early childhood intervention specialist) teaching, as well as American Montessori Society certification in Montessori preprimary and primary teaching. In addition, students can acquire a license at the graduate level for all secondary licensure areas, reading, counseling, administration and special education.

The following pages outline the requirements for these licenses. Specific brochures on these programs are available and give suggested sequences of courses and rules for admission to the program. Please note that courses required for licensure which are more than 10 years old may need to be repeated. In adolescent to young adult (grades 7 - 12) and pre-K - 12 teaching, undergraduate students take a major in their area field and complete licensure requirements in professional education courses. Adolescent to young adults (grades 7 - 12) teaching licenses can be attained in the following subject fields: Integrated Language Arts, Integrated Mathematics, Integrated Social Sciences, Life Sciences, Life/Chemistry, Life/Physics and Physical Sciences (Chemistry/Physics). Multi-age (grades Pre-K - 12) teaching licenses can be attained in the following subject fields: Foreign Language (French, German, Greek, Latin or Spanish), Music, Theater and Visual Arts. Intervention Specialist for grades K - 12 are available in mild/moderate educational needs and moderate/intensive educational needs. These are undergraduate or graduate programs. A licensure program (K - 12) at the graduate level only is also offered. Intervention Specialist (Early Childhood) licensure can be fulfilled at the undergraduate and graduate levels. Endorsements (Pre-Kindergarten Special Needs, Transition To Work, Gifted/Talented) may be added to an existing specific license on the graduate level. Need to consult Special Education Programs for specific details.

Teacher Education Program

Steps for Admission and Continual Progress for Licensure in the Following Programs:

- Early Childhood
- Early Childhood/Montessori
- Middle Childhood
- Professional Education
- Special Education
- School Nurse Licensure

Step One:

- Student is accepted into the University based on high school grade point average and SAT or ACT scores.
- Nontraditional student with no college admission scores will substitute PRAXIS 1 as entry test in order to declare major or minor.
- Potential candidate declares major.

Step Two:

- Potential candidate completes first year at Xavier with a grade point average of 2.500 or higher.
- Required grades in following courses:
 - ENGL 101 "B" or higher.
 - Mathematics (as placement dictates) "C" or higher.
 - Introductory Education course (program dictates) "B" or higher.
- Following items completed and filed with Education Office:
 - Notarized "Statement of Moral Character".
 - "Application for Admission" form.

- "Reflection Question" form.
- Student is notified of acceptance into chosen program.

Step Three:

- Required grades for continuation through major/minor: detailed information.
 - Grade of "C" or higher in second mathematics course.
 - Overall grade point average of 2.500
 - Grade of "B" or higher in required curriculum courses
 - Candidate's portfolio reflects key assignments from educational foundations and curriculum courses.
 - Evaluation forms completed by University personnel and field work cooperating teachers indicate progress in development of knowledge, performance skills, and dispositions for teaching.

Step Four:

- Application for internship/student teaching is approved. All foundation, methods, block courses, and majority of subject concentration courses must be completed for commencement of internship semester/s.
- Prior to internship, one of two/three or more required Ohio Assessment for Educators must be passed and results on file in Certification Office of Education Department (see handbooks or Education Office for specific test titles and codes). For Foreign Language, students must pass all applicable tests of the ACTFL test series with a rating of 'Intermediate-High' score.

Step Five:

- Successful completion of internship/student teaching in Early, Middle, Professional or Special Education:
 - Record of on-site visits by University supervisor.
 - Midterm and final evaluations from cooperating teacher and field supervisor.
 - Two conferences with University supervisor and cooperating teacher.
- Successful completion of exit portfolio.
- Ohio Assessment for Educators and ACTFL, if applicable, results on file in Certification Office.
- Licensure application materials complete and on file in Certification Office.

Secondary Education Licensure

Teacher Licensure

The School of Education offers teacher licensure programs, approved by the State of Ohio Board of Regents, for early childhood, middle childhood, secondary education, which includes multi-age, adolescent to young adult, intervention specialist (mild/moderate, moderate/intensive, gifted/talented [graduate program only], and early childhood intervention specialist) teaching, as well as American Montessori Society certification in Montessori preprimary and primary teaching. In addition, students can acquire a license at the graduate level for all secondary licensure areas, reading, counseling, administration and special education.

The following pages outline the requirements for these licenses. Specific brochures on these programs are available and give suggested sequences of courses and rules for admission to the program. Please note that courses required for licensure which are more than 10 years old may need to be repeated. In adolescent to young adult (grades 7 - 12) and pre-K - 12 teaching, undergraduate students take a major in their area field and complete licensure requirements in professional education courses. Adolescent to young adults (grades 7 - 12) teaching licenses can be attained in the following subject fields: Integrated Language Arts, Integrated Mathematics, Integrated Social Sciences, Life Sciences, Life/Chemistry, Life/Physics and Physical Sciences (Chemistry/Physics). Multi-age (grades Pre-K - 12) teaching licenses can be attained in the following subject fields: Foreign Language (French, German, Greek, Latin or Spanish), Music, Theater and Visual Arts. Intervention Specialist for grades K - 12 are available in mild/moderate educational needs and moderate/intensive educational needs. These are undergraduate or graduate programs. A licensure program (K - 12) at the graduate level only is also offered. Intervention Specialist (Early Childhood) licensure can be fulfilled at the undergraduate and graduate levels. Endorsements (Pre-Kindergarten Special Needs, Transition To Work, Gifted/Talented) may be added to an existing specific license on the graduate level. Need to consult Special Education Programs for specific details.

- Successful completion of internship/student teaching in Early, Middle, Professional or Special Education:
 - Record of on-site visits by University supervisor.

- Midterm and final evaluations from cooperating teacher and field supervisor.
 - Two conferences with University supervisor and cooperating teacher.
- Successful completion of exit portfolio.
- Ohio Assessment for Educators and ACTFL, if applicable, results on file in Certification Office.
- Licensure application materials complete and on file in Certification Office.

School of Education: Special Education

The Special Education Program offers degrees and teacher licensure programs approved by the Ohio Department of Education. All programs are accredited.

At the undergraduate level, the Special Education Program awards the Bachelor of Science degree in Special Education with licensure in Mild/Moderate Intervention Specialist, Moderate/Intensive Intervention Specialist, or Primary Intervention Specialist. Students throughout the university may choose a minor in Special Education in either an Education Track or a Disability Track. Students interested in Occupational Therapy can satisfy prerequisite requirements for graduate school admission while pursuing a licensure as a Primary Intervention Specialist.

At the graduate level, the department awards a Master of Education degree in Special Education and a Master of Science in Special Education. Graduate students seeking licensure choose between Mild/Moderate Intervention Specialist, Moderate/Intensive Intervention Specialist, Primary Intervention Specialist and endorsements in Pre-K Special Needs, Gifted/Talented, and Transition to Work. Master's degrees in Special Education without licensure are available.

Summary of Steps for Admission and Continual Progress in Initial Licensure Programs

Step One:

- Undergraduate students are accepted into the University based on high school grade point average and SAT or ACT scores.
- Graduate students are accepted base on undergraduate GPA and either GRE or MAT scores.
- Student declares major or concentration.

Specific brochures and rules for program admission and retention are available through the Office of Special Education Programs and the Office of Graduate Studies.

Step Two:

- Completion of Step One.
- Student completes first year at Xavier with a grade point average of 2.700 or higher.
- Required grades in following courses:
 - English 101 "B" or higher.
 - Mathematics (as placement dictates) "C" or higher.
 - Professional Education course (in licensure area) "B-" or higher.
- Following items completed and filed with Education Office:
 - "Statement of Moral Character".
 - "Application for Admission" form.
 - "Reflection Question" form.
- Student is notified of acceptance into chosen program.

Step Three:

- Completion of Step Two.
- Required grades for continuation through major/minor:
 - Overall grade point average of 2.700.
 - GPA of 2.700 in required major/minor courses (see program handbook for detailed information).
 - Candidate's portfolio reflects key assignments from educational foundations and curriculum courses.
 - Evaluation forms completed by University personnel and field work cooperating teachers indicate progress in development of knowledge, performance skills, and dispositions for teaching (see program requirements).
 - Student maintains FBI/BCI fingerprint checks with approval to work with children.

Step Four:

- Completion of Step Three.
- Application for internship/student teaching is approved. All professional education and concentration courses must be completed for commencement of internship/student teaching semesters.
- Prior to internship, the Ohio Assessment for Educators (OAE) test must be passed and results on file in Licensure/Office of Education Department (see handbooks or Xavier website for specific test titles and codes).

.Step Five:

- Successful completion of internship/student teaching including required program documentation.
- Successful completion and submission of teacher program portfolio.
- Licensure application materials complete and on file in Licensure Office.
- Successful completion of any Ohio examination(s) that is/are required by the program or license sought by the student.

Bachelor of Science

Special Education, B.S.

The following Bachelor of Science in Special Education program options are available. Please see the following:

- Special Education, B.S. with a Concentration In Primary Intervention Specialist (P-5)
- Special Education, B.S. with a Concentration in Mild/Moderate Intervention Specialist
- Special Education, B.S. with a Concentration in Moderate/Intensive Intervention Specialist

Special Education, B.S. with a Concentration in Mild/Moderate Intervention Specialist

Bachelor of Science Degree in Special Education

The Special Education undergraduate teacher preparation programs are theory based with continual field application experiences. Students complete the degree with a foundation in liberal arts and in child centered learning/development intervention competencies.

Requirements for the Special Education Major

Undergraduate core curriculum requirements:

Undergraduate Core Curriculum , including

- English composition grade must be "B-" or better.
- Humanities area fulfilled per the major, with EDCH 324.
- Mathematics grades must be "C-" or better.
- Science requirements must be met with physical (PHYS) and biological (BIOL) sciences:
- Social Sciences requirements is included in the major (licensure) requirements.

Note(s):

- A 2.700 cumulative average must be attained in the core curriculum for recommendation to teacher licensure program.

Major Requirements:

Specific education courses

- EDFD 110 - Human Development & Learning
- EDEL 260 - Cultural Diversity In Educ

or

- EDEL 352 - Culturally Responsive Teaching
- EDME 376 - Phonics Skills for Early Chldh or
- EDME 362 - Phonics and Orton-Gillingham or
- EDRE 269 - Phonics & Foundation of Litera
- EDME 354 - Mont Language Arts & Read Meth or
- EDRE 312 - Reading Methods
- EDMS 350 - Technology & Topics for Educat

or

- EDEL 251 - Instructional Technology
- EDCH 324 - Children's Literature

or

- EDRE 471 - Content Area Literacy
- EDSP 200 - Sp Ed: Identification & Issues
- EDSP 201 - Intro to Emotionally Dist Chld
- EDSP 203 - Sp Ed: Comm & Collaboration
- EDRE 478 - Literary Assess: Adm, Ana, App
- EDSP 205 - Foundations in ECSPED
- EDSP 401 - Teaching Seminar
- EDSP 380 - Classroom Management
- EDSP 367 - Sp Ed: Behav & Soc Skills Mgmt
- EDSP 364 - DAP Instructional Materials

Note(s):

- Grade of "B-" in curriculum courses.

Concentration requirements:

Mild/Moderate Intervention Specialist

- EDSP 360 - M/M Characteristics & Strategi

or

- EDSP 370 - M/I Characteristics & Strateg
- EDSP 362 - M/M Support Services
- EDSP 363 - Sp Ed: Assessment & Evaluation

or

- EDSP 376 - M/I Support Services

- EDSP 372 - Communication Strategies & Tec
- EDSP 400 - M/M Student Teaching

or

- EDSP 402 - M/I Student Teaching
- EDSP 401 - Teaching Seminar

and 3 hours of a literature course

- EDCH 324 - Children's Literature

Scheduling Notes:

- The E/RS Focus & Diversity Focus Electives are required, must receive approval for this course requirement from academic advisor.
- A minimum of 126 credit hours is typically required for the degree, with 120 hours as the absolute minimum.
- The sequence of courses in the program is subject to change and must be approved by academic advisor.
- Hours in parenthesis are field hours.

Special Education, B.S. with a Concentration in Moderate/Intensive Intervention Specialist

Bachelor of Science Degree in Special Education

The Special Education undergraduate teacher preparation programs are theory based with continual field application experiences. Students complete the degree with a foundation in liberal arts and in child centered learning/development intervention competencies.

Requirements for the Special Education Major

Undergraduate core curriculum requirements:

Undergraduate Core Curriculum , including

- English composition grade must be "B-" or better.
- Humanities area fulfilled per the major, with EDCH 324.
- Mathematics grades must be "C-" or better.
- Science requirements must be met with physical (PHYS) and biological (BIOL) sciences:
- Social Sciences requirements is included in the major (licensure) requirements.

Note(s):

- A 2.700 cumulative average must be attained in the core curriculum for recommendation to teacher licensure program.

Major Requirements:

Specific education courses

- EDFD 110 - Human Development & Learning
- EDEL 260 - Cultural Diversity In Educ

or

- EDEL 352 - Culturally Responsive Teaching
- EDME 376 - Phonics Skills for Early Chldh or
- EDME 362 - Phonics and Orton-Gillingham or
- EDRE 269 - Phonics & Foundation of Litera
- EDME 354 - Mont Language Arts & Read Meth or
- EDRE 312 - Reading Methods
- EDMS 350 - Technology & Topics for Educat

or

- EDEL 251 - Instructional Technology
- EDCH 324 - Children's Literature

or

- EDRE 471 - Content Area Literacy
- EDSP 200 - Sp Ed: Identification & Issues
- EDSP 201 - Intro to Emotionally Dist Chld
- EDSP 203 - Sp Ed: Comm & Collaboration
- EDRE 478 - Literary Assess: Adm, Ana, App
- EDSP 205 - Foundations in ECSPED
- EDSP 401 - Teaching Seminar
- EDSP 380 - Classroom Management
- EDSP 367 - Sp Ed: Behav & Soc Skills Mgmt
- EDSP 364 - DAP Instructional Materials

Note(s):

- Grade of "B-" in curriculum courses.

Concentration requirements:

Moderate/Intensive Intervention Specialist

(34 hours required) - take

- EDSP 367 - Sp Ed: Behav & Soc Skills Mgmt
- EDSP 360 - M/M Characteristics & Strategi

or

- EDSP 370 - M/I Characteristics & Strateg
- EDSP 372 - Communication Strategies & Tec
- EDSP 373 - M/I Assessment & Evaluation
- EDSP 363 - Sp Ed: Assessment & Evaluation

or

- EDSP 376 - M/I Support Services
- EDSP 400 - M/M Student Teaching

or

- EDSP 365 - Curr Practices:Mild Disabiliti

or

- EDSP 374 - Curr Prac:Moderate Disabilitie

or

- EDSP 389 - Prog Prac:Severe/Intensive Dis
- EDSP 401 - Teaching Seminar

and 3 hours of a literature course

- EDCH 324 - Children's Literature

Scheduling Notes:

- The E/RS Focus & Diversity Focus Electives are required, must receive approval for this course requirement from academic advisor.
- A minimum of 126 credit hours is typically required for the degree, with 120 hours as the absolute minimum.
- The sequence of courses in the program is subject to change and must be approved by academic advisor.
- Hours in parenthesis are field hours.
- OAE Tests must be successfully completed.

Special Education, B.S. with a Concentration In Primary Intervention Specialist (P-5)

Bachelor of Science Degree in Special Education

The Special Education undergraduate teacher preparation programs are theory based with continual field application experiences. Students complete the degree with a foundation in liberal arts and in child centered learning/development intervention competencies.

Requirements for the Special Education Major

Undergraduate core curriculum requirements:

Undergraduate Core Curriculum , including

- English composition grade must be "B-" or better.
- Humanities area fulfilled per the major, with EDCH 324.
- Mathematics grades must be "C-" or better.
- Science requirements must be met with physical (PHYS) and biological (BIOL) sciences:
- Social Sciences requirements is included in the major (licensure) requirements.

Note(s):

- A 2.700 cumulative average must be attained in the core curriculum for recommendation to teacher licensure program.

Major Requirements:

Specific education courses

- EDFD 110 - Human Development & Learning
- EDEL 260 - Cultural Diversity In Educ

or

- EDEL 352 - Culturally Responsive Teaching
- EDME 376 - Phonics Skills for Early Chldh or
- EDME 362 - Phonics and Orton-Gillingham or
- EDRE 269 - Phonics & Foundation of Litera
- EDME 354 - Mont Language Arts & Read Meth or
- EDRE 312 - Reading Methods

or

- EDRE 471 - Content Area Literacy
- EDSP 200 - Sp Ed: Identification & Issues
- EDSP 201 - Intro to Emotionally Dist Chld
- EDSP 203 - Sp Ed: Comm & Collaboration
- EDRE 478 - Literary Assess: Adm, Ana, App
- EDSP 205 - Foundations in ECSPED
- EDSP 401 - Teaching Seminar
- EDSP 380 - Classroom Management
- EDSP 367 - Sp Ed: Behav & Soc Skills Mgmt
- EDSP 364 - DAP Instructional Materials

Note(s):

- Grade of "B-" in curriculum courses.

Concentration requirements:

Primary Intervention Specialist (P-5)

In the Bachelor of Science degree/licensure program, undergraduate students complete the requirements for both an Ohio licensure as a P-5 Primary Intervention Specialist and the Xavier Bachelor of Science degree. Licensure in the P-5 Primary Intervention program empowers the candidate with the knowledge and skills to be a competent teacher for students with exceptional learning needs in Pre K to 5th grade. Coursework in curriculum design, assessment, and reading combine with content preparation in all subject areas of study. Embedded in Jesuit tradition the Xavier teacher candidate is prepared to advocate for children with special needs. Fieldwork in a diversity of local urban, rural, public, and private schools begins in the Freshman year and culminates with student teaching.

(40 hours required)

- EDSP 364 - DAP Instructional Materials
- EDSP 365 - Curr Practices:Mild Disabiliti
- EDSP 372 - Communication Strategies & Tec
- EDSP 376 - M/I Support Services
- EDSP 381 - Play & Its Role in Dev & Learn

or

- EDEC 230 - Play in Early Childhood Educ
- EDSP 391 - EDSPEd Primary Learn & Theory
- EDSP 392 - ECSPED Primary: Observ & Asmt
- EDSP 393 - ECSPED: Primary Curr & Pract
- EDSP 403 - P-5 Prim Interv Spec Stud Teac
- EDME 355 - Mont Cultural Subjects Method

Note(s):

- A 2.750 cumulative average must be attained in all the education courses for recommendation for teacher licensure.

Scheduling Notes:

- The E/RS Focus & Diversity Focus Electives are required, must receive approval for this course requirement from academic advisor.
- A minimum of 132 credit hours is typically required for the degree, with 120 hours as the absolute minimum.
- The sequence of courses in the program is subject to change and must be approved by academic advisor.
- Hours in parenthesis are field hours.
- OAE must be successfully completed..

Optional: Intervention Specialist P-5 with OT Prerequisites for Doctoral Proram

- EDFD 110 Human Development or Psyc 231 Developmental Processes
- Writing Elective in General or HESA II0 Medical Terminology (writing flag)
- EDSP 201 Intro to Emotionally Disturbed Child or PSYC 277 Abnormal Psychology
- Math 211 or Math 156 Stats
- General Elective or EXCS 200 Kinesiology
- Biology 130 and Lab Biology 131 or Bio 140/141 Anatomy and Physiology with Lab1
- Science Perspective (Physics 100 level) or Bio 142/143 Anatomy and Physiology Lab 2
- Physics 116/117 (3 credit) or College Physics 1 with Lab (4 credit) 160/161
- General Elective or Bio 204 Neuroscience
- General Elective or Introduction to Sociology

Master of Education

Special Education, M.Ed.

Master of Education in Special Education

The M.Ed. program in Special Education is intended for those who wish to obtain an advanced degree with general emphasis in course work connected to special education. Although a degree program can be arranged to support teacher licensure, this degree does not provide all the preparation needed to achieve teacher licensure. Please contact the Special Education Program for guidance.

Requirements for the M.Ed. in Special Education

The Master Degree in Education in Special Education allows a student to advance their professional development with a focus on specific areas of special education. With the assistance of a special education advisor, a student will plan a 30 hour degree program that consists of the 9 hour Education M.Ed. core and 21 hour concentration of special education courses.

9 hour core requirements

- EDFD 500 - History/Philosophy of Am Educ
- EDFD 505 - Org of Ed Systems in U.S.
- EDFD 507 - Educational Research
- EDFD 508 - Educational Research Paper

21 hour concentration in Special Education

Students with an advisor from the Special Education Programs will plan an 21 hour concentration of special education courses for the Master in Education Degree. These courses may come from the following special education licensure programs.

Licensure/Endorsement Areas in Special Education

- Intervention Specialist License: Mild/Moderate, Moderate/Intensive, Primary Intervention Specialist (P-5), Gifted/Talented
- Endorsements: Pre-Kindergarten Special Needs, Gifted Talented, Transition to Work

Comprehensive Exam Requirement

Finally, a student's Master of Education degree will be awarded only to candidates who have passed an extensive comprehensive examination of the education core and concentration courses. Students may schedule this exam during their last semester of course work. Should the student fail the comprehensive exam, it may be repeated only once.

Graduate Level Licensure Areas for Special Education

The Special Education graduate teacher preparation programs are theory based with continual field application experiences. Students complete the licensure program with competencies in student centered learning/development interventions. Students must possess a bachelor's degree and must meet the Special Education Program requirements for admission. Student must consult with the Program Director of Special Education for program advising. Each licensure, we will work with you, and endorsement area has its own unique requirements as indicated by the State of Ohio guidelines. It is recommended that those interested in a licensure or endorsement to contact the Special Education Programs for licensure and endorsement advising.

Notes:

The University is not obliged to recommend licensure of any type on the basis of the completion of a Master of Education degree or specific course work in education. Students must also meet leadership, communication, and character requirements and pass the required Ohio Assessment for Education and Teacher Performance Assessment tests of the State of Ohio Department of Higher Education for each specific license.

Master of Science

Special Education, M.S.

The MS in Special Education is more widely sought program by people seeking information regarding disabilities without intent for licensure which might include other related health service providers and is an additional means for someone who already has a MEd to obtain an additional degree which we do not currently offer outside of the doctoral degree. The MS also provides students with an avenue to seek additional financial aid as they pursue additional State of Ohio licensure or endorsements past the MEd. The MS also offers us a new clientele-people outside of the field of education. The MS in Special Education would have a scientific view of education and could act as a stepping stone for a future doctoral candidate.

Program Description

This new program largely repackages the existing Special Education program, using existing series of courses and one additional new course to create a Master of Science degree. The degree consists of 30 semester hours of coursework. All of the degree courses are currently being offered online and face to face at Xavier and which have capacity to add additional students. We are also collaborating with a variety of outside programs to maximize the potential of existing courses. This is an opportunity for students to help shape their own program.

Outcomes

1. Candidates demonstrate challenging expectations for individuals with exceptionalities to develop the highest possible learning outcomes and quality of life potential in ways that respect their dignity, culture, language, and background.
2. Candidates demonstrate a high level of professional competence and integrity and exercising professional judgment to benefit individuals with exceptionalities and their families.
3. Candidates will promote meaningful and inclusive participation of individuals with exceptionalities in their schools and communities.
4. Candidates will develop relationships with families based on mutual respect and actively involving families and individuals with exceptionalities in decision making.
5. Candidates will use evidence, instructional data, research, and professional knowledge to inform practice.
6. Candidates will practice within the professional ethics, standards, and policies of CEC; upholding laws, regulations, and policies that influence professional practice; and advocating improvements in laws, regulations, and policies.

Curriculum

30 Credit Hours, including

Special Education Core

- MATH 516 Introduction to Statistical Methods
- EDSP 617 Administrative Partnerships in Special Education
- EDSP 618 Special Education: Qualitative & Quantitative Research

Minors

Special Education Minor

The Special Education program is offering a minor for students who are not training to be Special Education Interventionists but want the information regarding disabilities to better perform their duties as nurses, social workers, psychologists, teachers, etc will welcome the opportunity to gather additional skills that will support their future careers. The Special Education Minor-Education track is for educators who want to learn more about servicing students with special needs but do not intend to become intervention specialists who are responsible for the education of students with disabilities. If this student later determines that they do wish to pursue a license or endorsement in special education, then these courses would lend themselves to that opportunity as well. The Special Education licensure in the State of Ohio is a teaching license, requires a state licensing exams and student teaching, whereby the minor does not. The Special Education Minor-Disability track is for professionals outside of education who intend to service populations that may include individuals with special needs such as social workers, medical professionals, criminal justice majors, etc. To formalize the minor, individuals need to have it noted on their academic transcripts.

The courses described below offer the necessary knowledge needed to work with individuals with special needs. Eligibility for the Special Education Minor requires an undergraduate acceptance into the university and acceptance into the Xavier Special Education Minor program. Xavier University's Special Education Minor includes 18 undergraduate credit hours and requires documented field hours.

The following courses are required for the minor and students be invited to choose which track that would like to participate in-Special Education Minor--teaching track or the disability awareness track.

Special Education Minor - Education Track

- EDFD 110 - Human Development & Learning
- EDSP 200 - Sp Ed: Identification & Issues
- EDSP 203 - Sp Ed: Comm & Collaboration
- EDSP 205 - Foundations in ECSPED
- EDSP 360 - M/M Characteristics & Strategi
- EDSP 380 - Classroom Management

Special Education Minor - Disability Track

- EDFD 110 - Human Development & Learning
- EDSP 200 - Sp Ed: Identification & Issues
- EDSP 201 - Intro to Emotionally Dist Chld
- EDSP 367 - Sp Ed: Behav & Soc Skills Mgmt
- EDSP 372 - Communication Strategies & Tec
 - *Special Education Elective

Special Education Electives available for the Disability Track include the following courses:

- EDSP 203 - Sp Ed: Comm & Collaboration
- EDSP 362 - M/M Support Services

Endorsement

Gifted and Talented Endorsement

Xavier University Special Education Programs offers a Gifted and Talented Endorsement which consists of 18 semester hours which may be added to an existing teaching license. Knowledge gained in each course can be immediately applied professionally.

Required courses are as follows

- EDSP 582 - Gifted/Talented Chara & Strat
- EDSP 583 - Res Mat & Tech: Gift/Talent
- EDSP 584 - G/T Assessment & Instruction
- EDSP 585 - G/T Program Design & Practices
- EDSP 586 - G/T Program Design & Pract II
- EDSP 605 - G/T Teaching Practicum

Pre-K Special Needs Endorsement

Xavier University Special Education Programs offers a PreK Special Needs Endorsement which consists of 18 semester hours which may be added to an existing teaching license. Knowledge gained in each course can be immediately applied professionally.

Required courses are as follows

- EDSP 503 - Sp Ed: Comm & Collaboration
- EDSP 505 - Foundations in ECSPED
- EDSP 581 - Play & Its Role in Dev & Learn
- EDSP 591 - ECSPED Learning Theories
- EDSP 592 - ECSPED: Observation & Asmt
- EDSP 593 - ECSPED: Curriculum Practices
- EDSP 607 - GT Endorsement Practicum

Transition to Work Endorsement

Xavier University Special Education Programs offers a Transition to Work Endorsement which consists of 18 semester hours which may be added to an existing teaching license. Knowledge gained in each course can be immediately applied professionally.

Required courses are as follows

- EDSP 551 - Hist, Theory & Prac Transition
- EDSP 553 - Asmt&Prog Plan Transition Ed
- EDSP 554 - Cog & Soc Skills - Transition
- EDSP 555 - Com/Coll Partship Trans Ed&Ser
- EDSP 556 - Resources in Trans. Ed & Serv
- EDSP 557 - Transitions: Field Practicum

License

Special Education Licensure

Teacher Licensure

The School of Education offers teacher licensure programs, approved by the State of Ohio Department of Higher Education, for primary education, middle childhood, multi-age, adolescent to young adult (secondary), intervention specialist (mild/moderate, moderate/intensive, gifted/talented [program only], and early childhood intervention specialist) teaching, as well as American Montessori Society certification in Montessori preprimary and primary teaching. In addition, students can acquire a license at the graduate level for reading, counseling, administration and special education.

The following pages outline the requirements for these licenses. Specific brochures on these programs are available and give suggested sequences of courses and rules for admission to the program. Please note that courses required for licensure which are more than 10 years old may need to be repeated. In adolescent to young adult (grades 7 - 12) and pre-K - 12 teaching, students take a major in their area field and complete licensure requirements in professional education courses. Adolescent to young adults (grades 7 - 12) teaching licenses can be attained in the following subject fields: Integrated Language Arts, Integrated Mathematics, Integrated Social Sciences, Life Sciences, Life/Chemistry, Life/Physics and Physical Sciences (Chemistry/Physics). Multi-age (grades Pre-K - 12) teaching licenses can be attained in the following subject fields: Foreign Language (French, German, Greek, Latin or Spanish), Music, and Visual Arts. Intervention Specialist for grades K - 12 are available in mild/moderate educational needs and moderate/intensive educational needs. These are undergraduate or graduate programs. A licensure program (Pre-K - 12) at the graduate level only is also offered. Intervention Specialist (P-5) licensure can be fulfilled at the undergraduate and graduate levels. Endorsements (Pre-Kindergarten Special Needs, Transition To Work, Gifted/Talented) may be added to an existing specific license on the graduate level. Need to consult Special Education Programs for specific details.

Teacher Education Program

Steps for Admission and Continual Progress for Licensure in the Following Programs:

- Primary Education
- Early Childhood/Montessori
- Middle Childhood
- Professional Education
- Special Education
- School Nurse Licensure

Step One:

- Student is accepted into the University based on high school grade point average and SAT or ACT scores.
- Nontraditional student with no college admission scores will substitute PRAXIS I as entry test in order to declare major or minor.
- Potential candidate declares major.

Step Two:

- Potential candidate completes first year at Xavier with a grade point average of 2.7 or higher.
- Required grades in following courses:
 - ENGL 101 "B-" or higher.
 - Mathematics (as placement dictates) "C" or higher.
 - Introductory Education course (program dictates) "B" or higher.
- Following items completed and filed with Education Office:
 - Notarized "Statement of Moral Character".
 - "Application for Admission" form.
 - "Reflection Question" form.
- Student is notified of acceptance into chosen program.

Step Three:

- Required grades for continuation through major/minor: detailed information.
 - Grade of "C" or higher in second mathematics course.
 - Overall grade point average of 2.7
 - Grade of "B" or higher in required curriculum courses
 - Candidate's portfolio reflects key assignments from educational foundations and curriculum courses.
 - Evaluation forms completed by University personnel and field work cooperating teachers indicate progress in development of knowledge, performance skills, and dispositions for teaching.

Step Four:

- Application for internship/student teaching is approved. All foundation, methods, block courses, and majority of subject concentration courses must be completed for commencement of internship semester/s.
- Prior to internship, one of two/three or more required Ohio Assessment for Educators must be passed and results on file in Certification Office of Education Department (see handbooks or Education Office for specific test titles and codes).

Step Five:

- Successful completion of internship/student teaching in Early, Middle, Professional or Special Education:
 - Record of on-site visits by University supervisor.
 - Midterm and final evaluations from cooperating teacher and field supervisor.
 - Two conferences with University supervisor and cooperating teacher.
- Successful completion of exit portfolio.
- Ohio Assessment for Educators results on file in Certification Office.
- Licensure application materials complete and on file in Certification Office.
- Successful FBI/BCI checks on file.

School of Education: Teaching of English to Speakers of Other Languages (TESOL)

Master of Education

Teaching English to Speakers of Other Languages, M.Ed.

The degree of Master of Education with a concentration in The Teaching of English to Speakers of Other Languages (TESOL) is a professional degree designed to meet the needs of licensed teaching professionals and other professionals desiring to enhance their knowledge of teaching English Learners with current theory and research as well as classroom application. This course of study is designed to prepare teacher candidates, classroom teachers, and other professionals to help students of all levels to become effective, strategic language learners who can speak, listen, read, and write effectively and purposefully in English. It provides training for classroom teachers, non-profit workers, English language tutors, and district TESOL coaches.

- Teachers with a valid Ohio teaching license can add this endorsement in order to teach in K-12 schools. In other words, the graduate candidate for the endorsement must have (or be in the process of completing) a valid teaching certificate or license.
- Professionals without a valid Ohio teaching license can earn a certificate, allowing them to teach in non-school settings and/or tutor.

Accordingly, this degree is awarded to the candidate who has demonstrated a capacity for professional performance by satisfactorily completing the course of study designed to develop the following characteristics:

1. The ability to articulate and translate the interrelationship of language skills in reading, writing, speaking, and listening to classroom teaching and curriculum development.
2. The ability to work directly or indirectly with English learners of all ages who could benefit from furthering their English language skills.
3. The ability to work with teachers, family members, administrators, and other professionals to improve and coordinate the total TESOL program of a school or organization.

This program is also designed to meet the specifications of the TESOL International Organization and State of Ohio course requirements for the TESOL Endorsement. It also meets TESOL licensure requirements in many states.

Go to <http://www.xavier.edu/reading/admission.cfm>

Requirements for the M.Ed. in TESOL

The following coursework is required for the Master degree in TESOL and meets the State of Ohio standards for the TESOL Endorsement and the Xavier University TESOL certificate.

MEd Core Requirements

9 credit hours

- EDFD 500 - History/Philosophy of Am Educ
- EDFD 505 - Org of Ed Systems in U.S.
- EDFD 507 - Educational Research
- EDFD 508 - Educational Research Paper

Concentration Requirements

18 hours required specifically

- EDRE 569 - Phonics & Found of Literacy
- EDEL 650 - Foundations of TESOL
- EDEL 651 - Instr Strat For EL
- EDEL 652 - Culturally Responsive Teaching
- EDEL 653 - Effective Assessment Practices
- EDEL 654 - Aspects of Language and Socio

3 hours selected as a Graduate Level Elective Course (500-level or higher)

Note(s):

- Students completing their studies for the M.Ed. in TESOL must pass a comprehensive examination and must be able to write knowledgeably on the following areas of TESOL: phonics and phonemic awareness, the core foundations of second language acquisition, cultural transmissions and legal requirements, cultural competence and teaching strategies, assessments, and language transfer. The M.Ed. candidate may sit for the exam after completing 27 hours. Successful completion of the degree is contingent on passing the exam.

Certificate

Teaching English to Speakers of Other Languages Certificate (Graduate)

As populations in the United States become more diverse both linguistically and culturally, the need for individuals working with non-English speaking people who are knowledgeable and skilled in serving these populations is essential. This programs offers the necessary knowledge needed to work with English Language Learners and obtain a TESOL certificate. Eligibility for the TESOL certificate requires an undergraduate degree and acceptance into the Xavier graduate certificate program. Xavier University's TESOL certificate includes 18 graduate credit hours and requires 45 documented field hours.

Curriculum

The following courses are required for the certificate.

- EDRE 569 - Phonics & Found of Literacy
- EDEL 650 - Foundations of TESOL
- EDEL 651 - Instr Strat For EL
- EDEL 652 - Culturally Responsive Teaching
- EDEL 653 - Effective Assessment Practices
- EDEL 654 - Aspects of Language and Socio

Teaching English to Speakers of Other Languages Certificate (Undergraduate)

As populations in the United States become more diverse both linguistically and culturally, the need for individuals working with non-English speaking people who are knowledgeable and skilled in serving these populations is essential. The courses offer the necessary knowledge needed to work with English Language Learners and obtain a TESOL certificate. The TESOL certificate is available to anyone working on an undergraduate degree and is accepted at Xavier. Xavier University's TESOL certificate includes 18 undergraduate credit hours and requires 50 documented field hours.

Required Courses

- EDRE 269 - Phonics & Foundation of Litera
- EDEL 350 - Foundations of TESOL
- EDEL 351 - Instruct Strat for EL
- EDEL 352 - Culturally Responsive Teaching
- EDEL 353 - Effective Assessment Practices
- EDEL 354 - Aspects of Lang & Socioling

Endorsement

Teaching English to Speakers of Other Languages (TESOL) (K-12) Endorsement

TESOL Endorsement Requirements

Those completing the M.Ed. in TESOL and hold a valid teaching license for Ohio may also want to add the TESOL endorsement to their teaching license. The endorsement has an 18-hour course requirement and **50 hours of documented field hours** in the area of English Language Learning. Master degree candidates may work on their degree and the endorsement simultaneously. After completion of the course requirements for the endorsement, the State of Ohio requires that the candidate take the Ohio Assessment for Education English to Speakers of Other Languages /021 and receive a passing score to have the endorsement added to a valid license. Information regarding testing dates, location sites, and sample questions for the OAE may be found on the Ohio Assessment for Educators website. <http://www.oh.nesinc.com>

The following courses are currently required by the State of Ohio for the TESOL Endorsement:

- EDRE 569 - Phonics & Found of Literacy
- EDEL 650 - Foundations of TESOL
- EDEL 651 - Instr Strat For EL
- EDEL 652 - Culturally Responsive Teaching
- EDEL 653 - Effective Assessment Practices
- EDEL 654 - Aspects of Language and Socio

Note(s):

- The following core courses fulfill Master of Education requirements but are not required to complete TESOL endorsement. They can be taken at any time within the six-year limit. Students take the Comprehensive Exam related to the three core courses during the last semester of graduate course work.
- EDFD 500 - History/Philosophy of Am Educ
- EDFD 505 - Org of Ed Systems in U.S.
- EDFD 507 - Educational Research
- EDFD 508 - Educational Research Paper

School of Psychology

The School of Psychology offers the Bachelor of Science and the Associate of Science degrees at the undergraduate level. Also offered is an undergraduate minor in Psychology. At the graduate level, the Master of Arts in General Experimental Psychology as well as the Doctor of Psychology in Clinical Psychology degrees are offered.

The School's Mission Statement: In keeping with the Jesuit, Catholic, liberal arts tradition, the School of Psychology educates students in the science of behavior and mental processes with sensitivity toward the diversity of all people so students may use psychological knowledge and insight to address human concerns.

For admission information for the graduate level programs, go to <http://www.xavier.edu/graduate-admission/admission/index.cfm> on the Xavier University website.

The doctoral program in clinical psychology is accredited by the APA Office of Program Consultation and Accreditation, 750 First Street, NE, Washington DC 20002-4242, Phone 202-336-5500

Bachelor of Science

Psychology, B.S.

The Department of Psychology endeavors to acquaint students thoroughly with the content and methods of scientific psychology. While emphasizing the scientific approach to the understanding of human behavior and human personality, the psychology courses aim to show the student that this branch of science is complementary to and compatible with a sound philosophy of human nature. In addition to the program leading to the Bachelor of Science, the department provides courses in the University Core Curriculum. The Bachelor of Science program in Psychology aims to provide a general background for career and/or advanced studies in fields which presuppose understanding of human behavior, such as clinical/counseling psychology, industrial-organizational psychology, medicine, education, social work, and law.

Requirements for the Psychology Major

Undergraduate core curriculum requirements:

48-63 Credit Hours dependent on courses taken, including:

Mathematics

- MATH 120 - Elementary Functions
- MATH 140 - Concepts of Calculus

Philosophy:

An additional Philosophy 300 level elective of 3 credit hours beyond core requirements.

Science:

- BIOL 102 - Life: Human Biology

- BIOL 132 - Life: Human Biology Lab

Along with the following included in the major:

- PSYC 221 - Research Meth & Design I
- PSYC 222 - Research Meth & Design II
- PSYC 223 - Research Meth & Design I Lab
- PSYC 224 - Research Meth & Design II Lab

Major requirements:

38 credit hours, as follows

26 hours of required psychology courses from:

- PSYC 130 - Psychology Science Perspective
- PSYC 131 - Psych-Science Perspective Lab
- PSYC 200 - Orientation to the Major
- PSYC 210 - Statistical Techniques
- PSYC 212 - Computer Statistical Analysis
- PSYC 221 - Research Meth & Design I
- PSYC 223 - Research Meth & Design I Lab
- PSYC 222 - Research Meth & Design II
- PSYC 224 - Research Meth & Design II Lab
- PSYC 231 - Developmental Psychology
- PSYC 261 - Social Psychology
- PSYC 277 - Psychological Disorders
- PSYC 301 - History&Systems of Psychology

3 hours of Advanced Topics in Psychological Science

- PSYC 379 - Test & Measures in Psych
- PSYC 426 - Physiological Psychology
- PSYC 427 - Cognitive Psychology
 - PSYC 435: Brain and Behavior
- PSYC 460 - Learning and Behavior

6 hours of psychology electives selected from:

- PSYC 232-498 (Refer to Course Descriptions.)

3 hours of Psychology Capstone

- PSYC 499 - Capstone in Psych Science

Note(s):

- A 2.000 cumulative average must be attained in these psychology courses.
- Majors must attain a C- or above in Statistical Techniques lecture and lab (PSYC 210/212), and Research Methods and Design I (PSYC 221/223). Students who fail to earn a C- will have to retake the course(s).
- Majors must attain a grade of C in BIOL 102, BIOL 132, PSYC 130, and PSYC 131
- Students should consult the department's "Careers in Psychology and Course Electives" for recommendations about which elective courses to consider for different career tracks (i.e., graduate school, social service employment, general business, etc.). Students should also discuss their career aspirations and elective choices with their faculty advisor. Students must maintain contact with a departmental advisor each semester to aid in course selection, planning, and scheduling.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S. Psychology

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- BIOL 102 Life: Human Biology
- BIOL 132 Life: Human Biology Lab (Natural Science Perspective) **OR**
- PSYC 130 Psychology Science Perspective
- PSYC 131 Psych-Science Perspective Lab (Scientific Perspective)
- CORE 100 First Year Seminar
- CORE 101

- General University elective/Minor
- General University elective/Minor

Total (15)

Scheduling Notes:

- Consult the "Undergraduate Core Curriculum" requirements of the Catalog.
- The E/RS Focus Elective requirement may be used to satisfy another element of the core or the major.
- The University core Social Science electives are fulfilled within the major requirements.
- * See section "[Requirements for the Psychology Major.](#)"

Associate of Science

Psychology, A.S.

Undergraduate core curriculum requirements:

Undergraduate Core Curriculum

Concentration requirements:

15 credit hours, as follows:

3 hours required from:

- PSYC 101 - General Psychology

12 hours of electives from:

- PSYC 210 - Statistical Techniques
- PSYC 221 - Research Meth & Design I and
- PSYC 223 - Research Meth & Design I Lab
- PSYC 231 - Developmental Psychology
- PSYC 332 - Child Psychology or
- PSYC 367 - Psychology of Aging
- PSYC 261 - Social Psychology
- PSYC 366 - Crime & Personality
- PSYC 277 - Psychological Disorders
- PSYC 301 - History&Systems of Psychology
- PSYC 321 - Industrial-Organizational Psyc
- PSYC 379 - Test & Measures in Psych
 - Or other Psychology courses offered.

Note(s):

- A 2.000 cumulative average must be attained in these psychology courses.
- For more information on the associate degree, contact the School of Psychology.

Requirements for all Associate's Degrees

See Requirements for Degrees, Majors, Minors, and Certificates

Master of Arts

Psychology, M.A. (General Experimental Psychology Track)

The degree of Master of Arts in Psychology is designed as a general experimental psychology track to prepare students for employment in a related field and/or to continue their graduate studies at the doctoral level. Students attend on a full-time basis.

Students must maintain a semester grade point average of 3.000 or higher to remain in good standing. The degree of Master of Arts in Psychology will be awarded only to candidates who have completed all coursework and attained a GPA of 3.000 or higher and have both successfully defended their thesis and demonstrated their knowledge of the general field of psychology during an oral comprehensive exam. The oral exam is administered in the spring semester of the second year. There is a 6-year time limit to complete all program requirements. If the thesis has not been defended after the second year of enrollment in the Master's program, the student is expected to be enrolled in PSYC 790 , Continuous Major Research (3 credit hours) each Fall and Spring semester until the thesis is defended and deposited in the library or the student has reached the 6 year limit for the Master's program.

Admission Requirements

In order to apply, all materials must be received by the annual February 1st deadline.

Go to <http://www.xavier.edu/psychology-grad/experimental-admission.cfm> to reference the specific admission requirements.

Summary List of Admission Requirements for MA in Psychology

To be eligible for admission, applicants should submit the following items to the School of Psychology before the February 1st deadline:

1. A completed application form either by paper or on-line at <https://www.xavier.edu/apply/grad/>.
2. Non-refundable \$35.00 application fee.
3. One copy of all official transcripts from all previous colleges and universities attended. (A minimum 3.000 overall undergraduate grade point average (on a 4.0 scale) and a minimum 3.000 average in all Psychology courses is required.)
4. Three letters of recommendation.
5. Resume or vita.
6. A written personal statement (2-3 pages) that provides the opportunity to introduce yourself to the School and give reasons for pursuing a graduate degree at Xavier, as well as possible plans after completion of studies.
7. GRE scores: General Knowledge (verbal, quantitative and analytical) area is required. Psychology Subject Test is required for those without psychology as their undergraduate major or minor.
8. A completed Application for Financial Assistance form for possible financial aid, if interested.
9. Any other information that might aid in the selection process.

A minimum of 18 semester undergraduate hours in psychology is required which must include courses in general psychology, statistics, research methods class, and psychology tests and measurements. Courses in college mathematics are also recommended as a preparation for graduate studies. An undergraduate course in industrial-organizational psychology is necessary for students pursuing the industrial/-organizational program. At times, a personal interview may be required by the Admissions Committee of the School of Psychology. Any other questions regarding the program should be directed to the School of Psychology Assistant Director for Enrollment and Student Services at 513 745-1053, or the Director of the specific program to which the student intends to apply.

Grading Policy

Grades are based on a student's performance meeting the standards established and communicated in writing by the professor of the course. A semester grade point average of 3.000 or higher is required for a student to remain in good standing. Any student whose semester (Fall, Spring, Summer) GPA falls below 3.000 or who earns a grade of "C (including C+)" or "F" in any 2 credit hour course will be placed on "WARNING" by the Dean of the College of Professional Sciences and remains on WARNING throughout the remainder of the program. Once on warning, any student whose semester (Fall, Spring, Summer) GPA falls below a 3.000 may be dismissed. In addition, once on warning, any student who earns a grade of "C" or "F" in any course is subject to dismissal. A student who earns a grade of "C" or lower in 4 hours or more of course credit in one semester may be subject to dismissal immediately. The following interpretation of letter grades is used by the department A=excellent, B=good, C=minimal, and F=failure. Faculty may use a +/- system in grading. Students receiving a "C" in a course may be required to retake the course or do additional work to satisfy specific deficiencies. This will be determined by the professor of the course and will be discussed with the student and his/her advisor. The student may be required to register for a one hour tutorial (PSYC 900) to complete the necessary remedial work, for which he/she must earn a grade of "Pass" to fulfill the requirements for the additional work. The work must be completed by the student during the following academic semester. Students receiving an "F" in a course are required to retake the course. A cumulative GPA of 3.000 or higher is required for graduation, based on a 4.000 scale. An A=4 points, a B=3 points and a C=2 points. Pluses and minuses alter the merit points by .3.

Requirements for M.A. in Psychology (General Experimental Psychology track)

The general experimental concentration in Xavier's master's degree program embraces a 45-credit hour requirement extending over two full-time academic years.

Three themes run through the General Experimental program and are reflected below:

1. General Psychology

Four core courses that help assure basic knowledge within the general field of psychology (12 credit hours).

PSYC 506 - Social Aspects of Behavior

PSYC 509 - Cognitive Aspects of Behavior

PSYC 502 - History & Philosophical Issues

PSYC 608 - Integrative Life Span Psychology

2. Research

Other core courses reflect the importance of a research foundation in psychology (15 credit hours).

PSYC 511 - Advanced Statistics I

PSYC 512 - Advanced Statistics II

PSYC 520 - Computer Statistical Language I

PSYC 521 - Computer Statistical Language II

PSYC 621 - Advanced Research Design & Analysis

PSYC 699 - Master's Thesis (6 credit hours)

3. General Experimental Concentration

18 credit hours of related elective courses to fit student's professional interests.

Thesis

The required thesis carries 6 credit hours and takes the form of an empirical research study. Under the supervision of an advisor, the student develops a thesis proposal and presents this to a three member committee made up of faculty members and/or interested psychologists from the Cincinnati community. Upon completion, the student presents the thesis to the same committee. A single final grade is assigned to the thesis.

Language Requirement

Students must demonstrate proficiency in a computer language, typically gained through the courses PSYC 520 and PSYC 521, Computer Statistical Language I and II.

Doctor of Psychology

Clinical Psychology, Psy.D.

The Doctor of Clinical Psychology (PsyD) program builds upon Xavier's strong commitment to the Jesuit tradition of service within the context of scholarship. The program provides students with the knowledge and range of skills necessary to provide psychological services in today's changing professional climate. The full time, five-year program includes four academic years and one internship year. The program emphasizes the importance of a scientific foundation in psychology. The PsyD program is designed to prepare students for the general practice of health service; it also provides training in three areas of interest: children and adolescents, individuals with severe and chronic problems in psychopathology, and health care psychology in medical settings. Students have the opportunity to pursue these areas of interest by taking specialized courses, gaining experience in practicum placements, and conducting applied research.

Admission Requirements for the PsyD degree

To be eligible for admission, applicants should submit materials before the annual deadline date of **December 1st**.

Go to <http://www.xavier.edu/psychology-doctorate/admission.cfm> on the Xavier website to reference the full details and the admission process.

Summary List of Admission Requirements

To be eligible for admission, applicants should submit the following items to the Department of Psychology before December 1st:

- (1) A completed application form.
- (2) Non-refundable \$35 application fee.
- (3) One official transcript from each college or university attended. (A minimum 3.000 overall undergraduate grade point average (on a 4.000 scale), and a minimum 3.000 average in all psychology courses, is required).
- (4) Three letters of recommendation.
- (5) A resume or vita.
- (6) A written personal statement of reasons for pursuing a graduate degree in the psychology department at Xavier University, and plans after completion of studies. (2-3 pages)
- (7) A diversity statement.
- (8) A completed Application for Financial Assistance form for possible financial aid if interested.
- (9) Any other information that might aid in the selection process.

Students must have a minimum of 18 undergraduate hours in psychology, including courses in general psychology, psychology statistics, research methods course with lab, and tests and measurements. Courses in developmental and abnormal psychology are recommended. Courses in biological science and college mathematics are also recommended as a preparation for graduate studies. For students with graduate training in clinical psychology or a related field who are accepted, a portion of their previous graduate work (if the student has earned a grade of "B" or higher) might be credited toward the fulfillment of the requirements for the doctoral degree. All decisions regarding acceptance of graduate credit will be made by the School Chair by the end of the first year.

In all cases, a minimum of 75 of the 120 hours required coursework for the PsyD. degree must be completed at Xavier.

Program of Studies

Students are accepted into the program on a full-time basis and are required to complete a minimum 120 credit hours to graduate. The curriculum of the first four years is divided into two major types of learning experiences: 1) knowledge/academic based, and 2) skills/clinical based. The 93 credit hours of courses that are primarily "academic" in nature are designed to develop content and methodologies in specific areas identified by the American Psychological Association Council on Accreditation (CoA) as essential for clinical training-biological, cognitive and affective, social and cultural aspects of behavior, history and systems in psychology, psychological measurement and assessment, human development, psychopathology, professional standards of ethics, research and evaluation, and professional interpersonal conduct. The remaining 27 credit hours involve courses such as professional development and practicum, clinical practicum, and internship that provide supervised experience and training in a range of clinical areas.

A unique feature of the program is the opportunity for students to develop a focus area in working with children and adolescents, working with individuals with severe and chronic disorders, or applying psychological interventions in health care settings. Prior to applying for internship in the fall of the fourth year, students must successfully complete the Clinical Competency Examination, which evaluates students' progress in clinical skill development, and propose their dissertation.

Students who are accepted into the doctoral program who already hold a master's degree in a field akin to clinical psychology may be able to apply a portion of the previous

graduate work toward the fulfillment of the doctoral degree requirements. The allowable number of transferable hours will vary; all accepted hours must come from courses that match the requirements of courses in the PsyD curriculum. In all cases a minimum of 75 hours of the required 120 must be completed at Xavier.

Petitions for transfer of credit will be granted with the recommendation of the School Chair and approval of the Dean of the College of Professional Sciences. Courses will be considered for transfer at a grade of B or higher. Courses taken more than six years prior to entering the doctoral program will normally not be accepted for transfer.

Grading Policy:

Grades are based on a student's performance meeting the standards established and communicated in writing by the professor of the course. A semester grade point average of 3.000 or higher is required for a student to remain in good standing. Any student whose semester (Fall, Spring, Summer) GPA falls below 3.000 or who earns a grade of "C (includes C+ or C)" or "F" in any 2 credit hour course will be placed on "WARNING" by the Dean of the College of Professional Sciences and remains on WARNING throughout the remainder of the program. Once on warning, any student whose semester (Fall, Spring, Summer) GPA falls below a 3.00 may be dismissed. In addition, once on warning, any student who earns a grade of "C" or "F" in any course is subject to dismissal. A student who earns a grade of C or lower in 4 hours or more of course credit in one semester may be subject to dismissal immediately. The following interpretation of letter grades is used by the department A= excellent, B=good, C=minimal, and F=failure. Faculty may use a +/- system in grading. Students receiving a "C" in a course may be required to retake the course or do additional work to satisfy specific deficiencies. This will be determined by the professor of the course and will be discussed with the student and his/her advisor. The student may be required to register for a one hour tutorial (PSYC 900) to complete the necessary remedial work, for which he/she must earn a grade of pass to fulfill the requirements for the additional work. The work must be completed by the student during the following academic semester. Students receiving an "F" in a course are required to retake the course. A cumulative GPA of 3.000 or higher is required for graduation. An A = 4 points, a B = 3 points and a C = 2 points. Pluses and minuses alter the merit points by .3. All students are required to complete the "Yearly Graduate Student Activity Report: for each academic year by May 1.

Requirements for the PsyD degree

- All students must complete each of the following courses designed to provide integrative education in the graduate field of psychology. Although the curriculum may change to match advancement of the field of professional psychology, the current curricular requirements are listed below in the present order of completion.
- All students are required to take eight elective courses, four of which are specified as the student's "focus area": clinical child and adolescent psychology; individuals with severe and chronic problems in psychopathology, and; health care psychology across the lifespan. The other four electives are chosen by students in consultation with their advisor. A unique feature of the program is that students may opt to use their additional electives to work toward a "Certificate in the Foundations of Health Services Administration," which is offered in cooperation with the Health Services Administration Department. These courses offer a foundation in the health services discipline and provide a basis for understanding the dynamics involved in the delivery of health care services in today's changing professional climate.
- The PsyD degree will be awarded upon successful completion of required coursework, Clinical Competency Examination, Doctoral Dissertation, and an internship. After the fourth year of enrollment in the doctoral program (or its equivalent for students admitted with advanced standing), the student is expected to be enrolled in either PSYC 999, Internship, or PSYC 790, Continuous Major Research, until the dissertation is defended and deposited in the library. All of these requirements must be earned within the 8-year limit for the PsyD program.
- After the completion of the internship, students must be enrolled in PSYC 790, Continuous Major Research each semester until all dissertation requirements have been completed. A minimum of 75 of the 120 hours required coursework for the PsyD. Degree must be completed at Xavier.

Year One

First Semester

- PSYC 584 - Assessment I: Psychometrics & Intelligence Testing
- PSYC 506 - Social Aspects of Behavior
- PSYC 580 - Clinical Psychopathology
- PSYC 511 - Advanced Statistics I
- PSYC 520 - Computer Statistical Language I

Second Semester

- PSYC 585 - Assessment II: Personality
- PSYC 509 - Cognitive Aspects of Behavior
- PSYC 508 - Diversity
- PSYC 512 - Advanced Statistics II

- PSYC 521 - Computer Statistical Language II
- PSYC 549 - Introduction to Clinical Interactions

Summer

- PSYC 502 - History & Philosophical Issues
- PSYC 505 - Professional Problems & Ethics in Psychology
- PSYC 852 - Extended Practicum

Year Two

First Semester

- PSYC 586 - Assessment III: Cognitive Functioning
- PSYC 510 - Biological and Affective Aspects of Behavior
- PSYC 621 - Advanced Research Design & Analysis I
- PSYC 650 - Prof. Development & Practicum I
- PSYC 608 - Integrative Life Span Psychology I

Second Semester

- PSYC 629 - Intervention: Behavior Therapy
- PSYC 622 - Advanced Research Design & Analysis II
- PSYC 651 - Prof. Development & Practicum II
- PSYC 609 - Integrative Life Span Psychology II

Summer

- PSYC 787 - Major Research I
- Elective
- PSYC 852 - Extended Practicum

****Earn M.A. in Psychology**

Year Three

First Semester

- PSYC 631 - Intervention: Psychodynamic Psychotherapy
- PSYC 760 - Clinical Practicum III
- AI/Elective

Second Semester

- PSYC 632 - Intervention: Cognitive Therapies or PSYC 835 - DBT
- PSYC 751 - Clinical Practicum IV
- AI/Elective
- Elective

Summer

- Elective
- PSYC 788 - Major Research II
- PSYC 852 - Extended Practicum

Note(s):

- A dissertation prospectus must be accepted by a faculty member who agrees to serve as the dissertation chair by the first Friday in December of the 3rd year in order to register for courses for the spring semester.
- Clinical Competency Examination or Dissertation proposal must be successfully completed by the end of the spring semester prior to applying for internship.

Year Four

Students are expected to apply for the yearlong clinical internship in their 4th year after having passed all portions of the Clinical Competency Examination and successfully proposed their dissertation..

First Semester

- AI/Elective
- AI/Elective
- PSYC 740
- PSYC 850 - Clinical Practicum V

Second Semester

- Elective
- PSYC 821 or 822 - Applied Interprofessional Education
- PSYC 851 - Clinical Practicum VI
- PSYC 789 - Major Research III

Year Five

- PSYC 999 - Internship (one year)

Minors

Psychology Minor

18 total credit hours, as follows:

9 hours of required courses from:

- PSYC 101 - General Psychology
 - PSYC 220 - Psychology Research *
- PSYC 261 - Social Psychology

3 hours from either:

- PSYC 231 - Developmental Psychology
- PSYC 277 - Psychological Disorders

6 hours of approved electives including, but not limited to:

- PSYC 222 - Research Meth & Design II and
- PSYC 224 - Research Meth & Design II Lab

- PSYC 231 - Developmental Psychology or
- PSYC 277 - Psychological Disorders

- PSYC 233 - Adolescent Psychology
- PSYC 245 - Culture and Psychology
- PSYC 301 - History&Systems of Psychology
- PSYC 310 - Marriage and the Family
- PSYC 321 - Industrial-Organizational Psyc
- PSYC 332 - Child Psychology
- PSYC 350 - Psychology and the Law
- PSYC 353 - Violence Against Women & Girls
- PSYC 365 - Psychology of Women
- PSYC 366 - Crime & Personality
- PSYC 367 - Psychology of Aging
- PSYC 370 - Human Sexuality
- PSYC 375 - Drugs in Society
- PSYC 379 - Test & Measures in Psych
- PSYC 426 - Physiological Psychology
- PSYC 427 - Cognitive Psychology
- PSYC 477 - Sports Psychology

Consult with advisor for guidance.

Note(s):

- * PSYC 220 requires a statistics course as a pre-requisite or a co-requisite. Acceptable statistics courses for this requirement include: MATH 116, MATH 146, MATH 156, PSYC 210/212 or BAIS 210.
- A 2.000 cumulative average must be maintained in these psychology courses.
- The University core Social Science elective is included in the minor requirements.

Williams College of Business

Williams College of Business

The mission of the Williams College of Business is to educate students of business enabling them to improve organizations and society, consistent with the Jesuit tradition.

The Williams College of Business is accredited by the Association to Advance Collegiate Schools of Business International (AACSB International).

Degrees, Programs and Block Schedules

The Bachelor of Science in Business Administration (BSBA) is offered with 11 different majors at the undergraduate level. Offered at the graduate level are a Master of Business Administration (MBA) degree with 7 different concentrations, a full time day Emerging Leaders MBA and an Executive MBA program, as well as a Master of Science in Accountancy and a Master of Science in Customer Analytics.

Also offered at the undergraduate level are an Associate of Business Administration degree and minors in Business, Economics, Entrepreneurship, Information Systems, International Business, and Strategic Human Resource Management.

Both undergraduate and graduate students in the Williams College of Business also have the opportunity to participate in an Internship Program and/or study abroad.

Bachelor of Science in Business Administration, B.S.B.A.

The BSBA degree program consists of:

Undergraduate core curriculum:

See Undergraduate Core Curriculum

48-63 Credit Hours dependent on courses taken, including

Mathematics:

- [MATH 150 - Elements of Calculus I](#) or
- [MATH 170 - Calculus I](#)

- [BAIS 210 - Quantitative Methods](#)

Social sciences:

- [ECON 200 - Microeconomic Principles](#)
- [ECON 201 - Macroeconomic Principles](#)

Business Core Requirements:

Business Core Courses

A 2.00 grade point average must be attained in the business core. At least half of the 42 total credit hours must be taken at Xavier.

- [ACCT 200 - Introductory Financial Acct](#)
- [ACCT 201 - Introductory Managerial Acct](#)
- [BAIS 210 - Quantitative Methods](#)
- [BAIS 220 - Mgmt of Info Tech](#)
- [BAIS 211 - Intro to Business Analytics](#)
- [BLAW 300 - Legal Environment](#)
- [ECON 200 - Microeconomic Principles](#)
- [ECON 201 - Macroeconomic Principles](#)
- [ECON 300 - Int'l Trade & Bus Environment](#)
- [FINC 300 - Business Finance](#)
- [MGMT 200 - Organizational Management](#)
- [MGMT 301 - Managerial Communications](#)
- [MGMT 201 - Business & Professional Comm](#)
- [MGMT 495 - Management Capstone](#)
- [MKTG 300 - Principles of Marketing](#)

Major Requirements:

18-25 hours are typically required.

Complete the Business Profession seminars:

- [BUAD 101 - The Business Profession I](#)
- [BUAD 102 - The Business Profession I](#)
- [BUAD 201 - The Business Profession II](#)
- [BUAD 202 - The Business Profession II](#)
- [BUAD 301 - The Business Profession III](#)
- [BUAD 302 - The Business Profession III](#)
- [BUAD 401 - The Business Profession IV](#)
- [BUAD 402 - The Business Profession IV](#)

Electives:

- 3 hours of business courses. (i.e. 300-499 numbered courses in business, beyond the Business Core and the Major courses).
- 3 hours general electives (except for majors that require 21 hours).

Note(s):

- At least half of the credit hours must be taken at Xavier.
- A minimum 2.000 GPA must be achieved for the courses taken within the major.
- Business course credit received ten or more years ago will not be accepted as transfer credit or readmit credit toward current requirements.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

The Pre-Business Core

The Pre-Business Core is designed to ensure students have the quantitative skills necessary to be successful in the upper- and major-level courses in business. Undergraduate students are eligible to declare business-undecided or any specific business major at any time. However, students will be coded as “provisional status” until they have completed the Business Pre-Core requirements. Once students have completed the Pre-Business Core, the “provisional status” will be lifted and students may proceed to take major-level courses in their intended field of study.

Regardless of “provisional status”, all business students will have access to faculty advisors in their major; they will be encouraged to follow the block scheduled sequence of classes; they will be invited to club activities and will participate in all career development activities provided by the college.

Pre-Business Core Requirements:

16-17 total credit hours, as follows:

- [ACCT 200 - Introductory Financial Acct](#)
- [BAIS 120 - Introduction to Business Tech](#)
- [ECON 200 - Microeconomic Principles](#)

- [MATH 150 - Elements of Calculus I](#) or
- [MATH 170 - Calculus I](#)

- [BAIS 210 - Quantitative Methods](#)
- [BAIS 211 - Intro to Business Analytics](#)

Note(s):

- Achieve a 2.500 combined grade point average in these courses.
- Earn a minimum of 30 credit hours toward degree requirements.
- Achieve an overall cumulative grade point average of 2.500.

The Business Profession Program (BPP)

The Business Profession Program is a non-credit program for business students at Xavier. The program provides students with career education and professional training to help them more smoothly transition into their business career. The program is required for all business students and supplements their academic studies.

Business students will attend workshops and events each semester on topics such as career assessment and selection, resume writing, interviewing, time management, professional etiquette, networking and others. Students will also have the opportunity to meet with business executives to discuss their career goals.

Internship Program

The Williams College of Business offers Internship opportunities to qualified students. Cooperative Education is a structured educational program which integrates classroom learning and practical experience. Work experiences relate to students' majors and allow them to develop their professional as well as academic skills. Internship opportunities are employer paid and involve faculty participation and evaluation. Students registered for any Internship class will be considered full-time status. Interested students should contact the Coordinator of Internship Programs, The Williams College of Business, 1002 Francis Xavier Way, Cincinnati, Ohio 45207-1221, 513 745-4869, for further details or to apply for the program.

Internship eligibility requirements:

- Have 55 or more earned credit hours; junior status.*
- Have a minimum overall GPA of 2.750 with no repeated course in the major below a "C".*
- Have a formally declared business major or minor.
- Have successfully completed MGMT 301, Managerial Communications, with a "C" or better or have attended the WCB Business Professions Program's "Resume Workshop" and "Interviewing Workshop."

* May be waived in certain circumstances, consult the internship director.

Williams College of Business Centers

Center for International Business

The Center for International Business builds international relationships with multi-national corporations and educational institutions that will allow for unique opportunities for WCB students and faculty.

The CIB provides expertise and resources to facilitate the offering of innovative and specialized international business study programs and internship opportunities that enhance our students' academic and professional development.

The programs are designed to equip our students with a global mindset, cultural sensitivity, and real-world problem solving capabilities that would help them become valuable assets to the organizations that they would serve upon graduation.

Cintas Institute for Business Ethics

The Cintas Institute for Business Ethics focuses on helping students and other Xavier stakeholders recognize and deal with ethical and values-related issues in the workplace. To that end, the Institute sponsors ethics-related programs, workshops and fellowships. It facilitates graduate and undergraduate students, and other stakeholders such as the business community, to have increased moral courage to "do the hard right, as opposed to the easy wrong." The Institute also helps faculty members increase their exposure and confidence in the areas of business ethics and social responsibility, and serves as a resource for business and community stakeholders.

The Sedler Family Center for Entrepreneurship and Innovation

The Sedler Center develops entrepreneurial leaders who seek opportunities, act resourcefully, think creatively and lead ethically to make a difference in their organizations in the world.

Xavier Leadership Center (XLC)

The Xavier Leadership Center combines Xavier faculty experts with experienced business professionals - executives, practitioners, teachers, thinkers and researchers, to create a unique team of experts who delivers public and customized development programs to professionals in the workplace.

These programs provide the skills needed to succeed, as well as invaluable consulting and coaching services, to organizations looking to take their business to the next level. In addition to gaining knowledge and skills, XLC offers industry recognized certificates programs and has partnered with the Williams College of Business to offer graduate certificate programs to organizations privately.

Bachelor of Science in Business Administration

Bachelor of Science in Business Administration, B.S.B.A.

The BSBA degree program consists of:

Undergraduate core curriculum:

See Undergraduate Core Curriculum

48-63 Credit Hours dependent on courses taken, including

Mathematics:

- MATH 150 - Elements of Calculus I or
- MATH 170 - Calculus I

- BAIS 210 - Quantitative Methods

Social sciences:

- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles

Business Core Requirements:

Business Core Courses

A 2.00 grade point average must be attained in the business core. At least half of the 42 total credit hours must be taken at Xavier.

- [ACCT 200 - Introductory Financial Acct](#)
- [ACCT 201 - Introductory Managerial Acct](#)
- [BAIS 210 - Quantitative Methods](#)
- [BAIS 220 - Mgmt of Info Tech](#)
- [BAIS 211 - Intro to Business Analytics](#)
- [BLAW 300 - Legal Environment](#)
- [ECON 200 - Microeconomic Principles](#)
- [ECON 201 - Macroeconomic Principles](#)
- [ECON 300 - Int'l Trade & Bus Environment](#)
- [FINC 300 - Business Finance](#)

- [MGMT 200 - Organizational Management](#)
- [MGMT 301 - Managerial Communications](#)
- [MGMT 201 - Business & Professional Comm](#)
- [MGMT 495 - Management Capstone](#)
- [MKTG 300 - Principles of Marketing](#)

Major Requirements:

18-25 hours are typically required.

Complete the Business Profession seminars:

- BUAD 101 - The Business Profession I
- BUAD 102 - The Business Profession I
- BUAD 201 - The Business Profession II
- BUAD 202 - The Business Profession II
- BUAD 301 - The Business Profession III
- BUAD 302 - The Business Profession III
- BUAD 401 - The Business Profession IV
- BUAD 402 - The Business Profession IV

Electives:

- 3 hours of business courses. (i.e. 300-499 numbered courses in business, beyond the Business Core and the Major courses).
- 3 hours general electives (except for majors that require 21 hours).

Note(s):

- At least half of the credit hours must be taken at Xavier.
- A minimum 2.000 GPA must be achieved for the courses taken within the major.
- Business course credit received ten or more years ago will not be accepted as transfer credit or readmit credit toward current requirements.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

Business Core

Business Core Courses

A 2.00 grade point average must be attained in the business core. At least half of the 42 total credit hours must be taken at Xavier.

- ACCT 200 - Introductory Financial Acct
- ACCT 201 - Introductory Managerial Acct
- BAIS 210 - Quantitative Methods
- BAIS 220 - Mgmt of Info Tech
- BAIS 211 - Intro to Business Analytics
- BLAW 300 - Legal Environment
- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles
- ECON 300 - Int'l Trade & Bus Environment
- FINC 300 - Business Finance
- MGMT 200 - Organizational Management
- MGMT 301 - Managerial Communications
- MGMT 201 - Business & Professional Comm
- MGMT 495 - Management Capstone
- MKTG 300 - Principles of Marketing

Other Degrees

The Pre-Business Core

The Pre-Business Core is designed to ensure students have the quantitative skills necessary to be successful in the upper- and major-level courses in business. Undergraduate students are eligible to declare business-undecided or any specific business major at any time. However, students will be coded as “provisional status” until they have completed the Business Pre-Core requirements. Once students have completed the Pre-Business Core, the “provisional status” will be lifted and students may proceed to take major-level courses in their intended field of study.

Regardless of “provisional status”, all business students will have access to faculty advisors in their major; they will be encouraged to follow the block scheduled sequence of classes; they will be invited to club activities and will participate in all career development activities provided by the college.

Pre-Business Core Requirements:

16-17 total credit hours, as follows:

- ACCT 200 - Introductory Financial Acct
- BAIS 120 - Introduction to Business Tech
- ECON 200 - Microeconomic Principles
- MATH 150 - Elements of Calculus I or
- MATH 170 - Calculus I
- BAIS 210 - Quantitative Methods
- BAIS 211 - Intro to Business Analytics

Note(s):

- Achieve a 2.500 combined grade point average in these courses.
- Earn a minimum of 30 credit hours toward degree requirements.
- Achieve an overall cumulative grade point average of 2.500.

Accountancy

The Department of Accountancy offers the Bachelor of Science in Business Administration (BSBA) degree in Accounting and an undergraduate minor in Accounting. Also, it offers a Master of Science in Accounting (MS) and two combined undergraduate/graduate degree options leading to either a BSBA and an MS or a BSBA and an MBA. These combined programs are designed to provide the student with an undergraduate and graduate degree while meeting the law in effect in most states that requires 150 semester credit hours of education to become a licensed Certified Public Accountant (CPA). Eligible students are allowed to begin graduate coursework during their senior

year.

Bachelor of Science in Business Administration

Accounting, B.S.B.A.

The Department of Accountancy offers the Bachelor of Science in Business Administration (BSBA) degree in Accounting and an undergraduate minor in Accounting. Also, it offers a Master of Science in Accounting (MS) and two combined undergraduate/graduate degree options leading to either a BSBA and an MS or a BSBA and an MBA. These combined programs are designed to provide the student with an undergraduate and graduate degree while meeting the law in effect in most states that requires 150 semester credit hours of education to become a licensed Certified Public Accountant (CPA). Eligible students are allowed to begin graduate coursework during their senior year.

The BSBA in Accounting is a four-year program that may be a terminal degree for students interested in careers in corporate, governmental and not-for-profit accounting. For CPA candidates the four year program can be combined with additional undergraduate coursework to fulfill the 150-hour requirement. Elective internship experiences are available to undergraduate and graduate students.

Requirements for the BSBA Accounting Major

Undergraduate core curriculum requirements:

See Undergraduate Core Curriculum

48-63 Credit Hours dependent on courses taken, including

Mathematics:

- MATH 150 - Elements of Calculus I

Business Core Requirements:

Business Core Courses

A 2.00 grade point average must be attained in the business core. At least half of the 42 total credit hours must be taken at Xavier.

- [ACCT 200 - Introductory Financial Acct](#)
- [ACCT 201 - Introductory Managerial Acct](#)
- [BAIS 210 - Quantitative Methods](#)

- [MGMT 201 - Business & Professional Comm](#)
- [MGMT 495 - Management Capstone](#)
- [MKTG 300 - Principles of Marketing](#)

Major Requirements:

24 hours of specific accounting courses above the business core:

Required Courses

- ACCT 300 - Intro to the Actg & Prof. Ethics
- ACCT 304 - Acct Info Systems & Controls
- ACCT 307 - Fin Actg & Reporting I
- ACCT 308 - Fin Actg & Reporting II
- ACCT 311 - Introduction to Taxation

Choose one of the following:

- ACCT 414 - Corporate Taxation
- ACCT 490 - Auditing

Electives - Choose two of the following courses

- ACCT 303 - Internship / Accounting Junior or
- ACCT 312 - Volunteer Income Tax Asst I
- ACCT 385 - Financial Modeling
 - ACCT 421 - Nonprofit and Govt Accounting
- ACCT 425 - Cost Accounting
 - ACCT 429 - Advanced Financial Accounting
- ACCT 414 or ACCT 490 - Auditing (whichever course was not chosen in the category above)

Note:

- Only one of ACCT 303 or ACCT 312 can count as a required accounting elective. If both are taken the second course will count as a general elective.
- The BSBA degree program typically requires 120 total credit hours. A 2.000 grade point average (GPA) must be attained overall, in the business core and the accounting major.
- Ethical issues and professional responsibilities of accountants are integrated throughout these courses.
- Any course taken at another institution to fulfill an accounting major requirement must be from an AACSB accredited business school and approved by the department. Approval should be obtained in advance to ensure transfer credit.

Note(s):

- The BSBA degree program typically requires 121 total credit hours. A 2.000 grade point average (GPA) must be attained overall, in the business core and the accounting major.
- Ethical issues and professional responsibilities of accountants are integrated throughout these courses.
- Any course taken at another institution to fulfill an accounting major requirement must be from an AACSB accredited business school and approved by the department. Approval should be obtained in advance to insure transfer credit.
- The business elective can be fulfilled by taking ACCT 303 Internship / Accounting Junior, ACCT 312 Volunteer Income Tax Assistance I, or ACCT 403 Internship / Accounting Senior as well as the two accounting electives not chosen above or a non-business core course from another discipline.

B.S.B.A. Accounting

This block serves as a guideline for progress toward a degree. Note that the following schedule should only be followed by a student who does not plan to complete the requirements to be eligible to take the CPA exam. See your academic advisor.

Freshman Year

First Semester

- FY Seminar - CORE 100 or THEO 111
- ENGL 101/115
- Second Language I
- Mathematical Perspectives -MATH 140
- PHIL 100
- CORE 101
- BUAD 101

Second Semester

- ACCT 300
- THEO 111 or CORE 100
- Social Science Elective - ECON 200
- BAIS 210
- Second Language II 1
- CORE 102
- BUAD 102

Sophomore Year

First Semester

- Humanities Elective
- ACCT 200

- ECON 201
- BAIS 211
- MGMT 200 (DCR Flag)
- BUAD 201

Second Semester

- ACCT 307-Financial Accounting & Reporting I
- Literature & Moral Imagination - ENGL 205
- MGMT 201 (Oral Communications & Writing Flag)
- FINC 300-(Quantitative Reasoning Flag)
- BAIS 220
- BUAD 202

Junior Year

First Semester

- ACCT 308- Financial Accounting & Reporting II
- ACCT 311 - Introduction to Taxation
- Historical Perspectives
- Philosophical Perspectives - PHIL 200
- Natural Sciences or Scientific Perspectives Elective
- BUAD 301

Second Semester

- ACCT 201
- ACCT 304
- ECON 300
- MKTG 300
- ACCT elective
- BUAD 302

Senior Year

First Semester

- ACCT 414 Corporate Taxation or ACCT 490 -Auditing
- ACCT Elective
- BLAW 300 (ERS Flag)
- BAIS 302
- Scientific Perspectives or Natural Sciences Elective
- BUAD 401

Second Semester

- Business Core Capstone
- Creative Perspectives Elective
- Theological Perspectives Elective
- General Elective
- General Elective
- BUAD 402
- CORE 499

Scheduling Notes:

- Minimum for undergraduate degree is 120 hours. Major is 24 hours. Many ACCT majors earn 150 hours to sit for the CPA Exam (by double-majoring or pursuing a Master's Degree).
- 1-Foreign Language: Must complete 201-level
- 2-ACCT 300 fulfills the required business elective.
- 3-Social Science: Business majors must take ECON 200 as Social Science Elective
- 4-Humanities: Include any Literature (except 205), CLAS, HIST 200+, THEO 300+, PHIL 300+ (but cannot also double count as ERS)
- 5-Science: Take any six hours of science - but must include at least 3 hours of Natural Science such as BIOL, CHEM or PHYS
- 6-General electives may be filled by any course or pre-requisites based on Math or Foreign Language placement scores
- FLAGS: All flags are included in business core curriculum
- GPA- Accounting majors must earn B- or better in ACCT 200 and ACCT 201 to proceed in the major.

Master of Science

Accountancy, M.S.

The Master of Science in Accountancy is designed to provide students with the competencies necessary to begin careers as outstanding professional accountants. The program is primarily designed for students with an undergraduate major or minor in accounting.

Graduates of the program will demonstrate competency in financial accounting, tax accounting, and in other skills needed to enter the profession. MACC students will also use their technical skills to provide valuable community service to local residents through the Volunteer Income Tax Assistance program. Students will complete intensive and challenging coursework to prepare them for careers in assurance, tax, financial accounting, and advisory services. MACC graduates will also be well prepared to sit for the CPA examination.

CPA exam eligibility and licensing criteria vary on a state by state basis, and can be found at www.nasba.org. Ohio requirements can be found at <http://acc.ohio.gov/CPAExam.aspx>. See Xavier's Professional Licensing Disclosure at <https://www.xavier.edu/professional-licensure/>.

Curriculum

Students with an **undergraduate degree in accounting** will be required to complete 30 credit hours from the three primary program components:

- MACC 515 Nonprofit & Governmental Accounting
- MACC 529 Advanced Financial Accounting
- MACC 612 Volunteer Income Tax Review and Advising
- MACC 616 Taxation of Flow-Through Entities
- MACC 620 Law and Professional Ethics
- MACC 641 Capstone Seminar I
- MACC 642 Capstone Seminar II
- Three other graduate course electives from MACC 500 or above, BAIS 600 or above, and FINC 600 or above
- Students who have taken equivalent courses will substitute graduate-level electives.

Students with an **undergraduate degree other than accounting** will be required to complete from 30-45 credit hours, depending on prior coursework. This includes the seven required MACC-designated courses listed above (21 credit hours).

The following courses or their equivalents must also be taken (up to 24 hours, depending on the student's prior coursework). Up to three of these courses may be taken to fulfill the graduate course electives.

- MACC 504 Analysis of Accounting Systems
- MACC 507 Financial Accounting and Reporting I
- MACC 508 Financial Accounting and Reporting II
- MACC 511 Introduction to Taxation
- ACCT 550 Managerial Accounting
- MACC 590 Auditing
- FINC 550 Fundamentals of Finance
- BAIS 500 Business Statistics

Concentration

Optional concentrations are available:

- Business Analytics concentration: 3 courses (9 credit hours) from the following:
 - BAIS 630 Robotic Process Automation
 - BAIS 655 Business Intelligence
 - BAIS 659 Foundations of Security
 - BAIS 665 Business Analytics for Managers
 - BAIS 674 Database Management
 - BAIS 680 Intro to Data Mining
 - BAIS 689 Data Visualization
- Finance concentration: 3 courses (9 credit hours) from the following:
 - FINC 600 Managerial Finance
 - FINC 602 Investment Management
 - FINC 621 Options and Futures Markets
 - FINC 640 Purchase, Sale and Valuation of Closely-Held Firms
 - FINC 645 Mergers and Acquisitions
 - FINC 663 Fixed Income & Debt Management
 - FINC 664 Bond Portfolio Management
 - FINC 684 Financial Modeling

Dual Degree

Accountancy Combined Undergraduate and Graduate Program, B.S.B.A./M.S. or B.S.B.A/M.B.A.

These are five year programs that allow students to enroll in graduate studies during their senior year of undergraduate coursework. Many students with advanced placement credit or that enroll in summer courses or take 18-hour course loads complete these programs in less than five years. Completion of a combined program enables a student to earn a BSBA in Accounting and either an M.S. in Accountancy (MSA) or an MBA while satisfying the 150-hour requirement to be eligible to take the CPA exam. Students are allowed to seek admission to the MSA or the MBA program when they have one year remaining to complete their BSBA in Accounting. Those accepted may begin taking a limited number of graduate courses while completing their undergraduate degree. (Note: either of these programs will allow students to meet the requirements to sit for the CPA exam in the state of Ohio. Students planning to practice in other states should become familiar with the requirements in that state)

Requirements:

- Same as the requirements for Accounting, B.S.B.A. except that six hours of MS or MBA credit may be taken in the senior year under the undergraduate tuition which covers up to 18 credit hours of classes in an academic term.
- Same as requirements for all MS and MBA students.
- The Nine credit hours of graduate electives required in the MBA program may include one or more Masters in Accountancy (MACC) courses with permission of the MSA director or Chair of the Department of Accountancy.

B.S.B.A. Accounting and MS or MBA

Students that plan to pursue a joint B.S.B.A. and MS or MBA degree should work with their academic advisor to develop a plan for completion of both degrees. Students are also encouraged to meet with the Department Chair, the Director of the MS in Accountancy program or the MBA office for assistance in designing their program of study.

Minors

Accounting Minor

The accounting minor is designed to provide students with foundational knowledge in accounting and focused knowledge in one of the primary areas of accounting practice. The foundational knowledge is provided by ACCT 200 and ACCT 201 and further supplemented by ACCT 307 and 308. More focused knowledge is available in taxation (ACCT 311), nonprofit and governmental accounting (ACCT 415), cost accounting (ACCT 425) or audit (ACCT 304 and ACCT 490).

The minor is not intended to prepare students for the CPA exam; however, it does represent adequate accounting knowledge for entry into a student's selected area of focus. The minor can also be used as entry into the Master of Science in Accountancy program which would provide students with the qualifications necessary to sit for the CPA exam and enter the accounting profession without completion of the business core. In addition, the minor could significantly enhance the knowledge base and marketability of students in related disciplines such as actuarial science, business analytics, criminal justice, finance and information systems.

The accounting minor requires 15 to 18 hours and consists of the following required and optional courses:

Required Courses

- ACCT 200 - Introductory Financial Acct
- ACCT 201 - Introductory Managerial Acct
- ACCT 307 - Fin Actg & Reporting I
- ACCT 308 - Fin Actg & Reporting II

And choose one of the following courses:

- ACCT 311 - Introduction to Taxation
- ACCT 415 - Nonprofit and Govt Acct
- ACCT 425 - Cost Accounting

Or both of the following courses:

- ACCT 304 - Acct Info Systems & Controls
- ACCT 490 - Auditing

Business Administration

Minors

Business Minor

This minor is available to all undergraduate non-business majors as it provides students with an introduction to business. Students gain exposure to a variety of business disciplines and topics.

20-21 total credit hours are required, as follows:

18 hours of specific business courses:

- ACCT 200 - Introductory Financial Acct
- BAIS 220 - Mgmt of Info Tech
- ECON 200 - Microeconomic Principles
- FINC 300 - Business Finance
- MKTG 300 - Principles of Marketing
- MGMT 200 - Organizational Management

2-3 hours of a business elective course are also required for the minor:

(All prerequisites for elective courses must be met)

Courses typically chosen as an elective are:

- ACCT 201 - Introductory Managerial Acct
- BAIS 211 - Intro to Business Analytics
- BLAW 300 - Legal Environment
- ECON 201 - Macroeconomic Principles
- ECON 300 - Int'l Trade & Bus Environment
- MGMT 201 - Business & Professional Comm
- SHRM 200 - Human Resources In a Diverse S

Note(s):

- A 2.000 cumulative average must be attained in these courses.
- At least half of these credit hours must be taken at Xavier.

Business Analytics and Information Systems

Bachelor of Science in Business Administration

Business Analytics and Information Systems, B.S.B.A.

The Bachelor of Science in Business Administration in Business Analytics and Information Systems, a STEM designated program, educates and develops future data analysts. Graduates will emerge with the necessary skills to immediately contribute to businesses in roles which require training in and an aptitude for data analysis. Through the utilization of real-world data sets, students will gain the skills, confidence and expertise required to succeed in today's data-driven business world. This program will

produce high-quality students who are not only analytically sound but also ethically responsible in their use of data. Ultimately, the outcome of the program will be students who are able to help businesses make better decision through data analysis and statistical modelling.

- [MKTG 300 - Principles of Marketing](#)

Major Requirements:

21 credit hours, as follows

B.S.B.A. in Business Analytics and Information Systems with a Business Analytics Concentration

Required BAIS Courses

- BAIS 329 - Data Mining
- BAIS 358 - Data Modeling and Management
- BAIS 360 - Intro to Application Developmt

- BAIS 365 - Business Analytics
 - BAIS 462

Business Analytics Electives (Choose 2)

- BAIS 311
- BAIS 389
- BAIS 498
- BAIS 367
- MKGT 315 or MKGT 370
- MKGT 302
- FINC 385 / ACCT 385
- FINC 365
- ACCT 304
- ECON 306
- ECON 307

B.S.B.A. in Business Analytics and Information Systems with an Operations & Supply Chain Management Concentration

Required BAIS Courses

- BAIS 365
- BAIS 330
- BAIS 333 / MGMT 333
- BAIS 336 / MGMT 336
- BAIS 463

Operations and Supply Chain Management Electives (Choose 2)

- MKTG 340 / BAIS 340
- MKTG 310 / BAIS 310
- BAIS 389
- BAIS 498
- BAIS 367
- BAIS 360
- BAIS 462
- ACCT 304
- ACCT 425
- MGMT 322

Scheduling Notes:

- Minimum for undergraduate degree is 120 hours.
- All students who choose the B.S.B.A. in BAIS must declare a concentration. A student who majors in the B.S.B.A. in BAIS may not double major in the other concentration. They may, however, minor in one BAIS minor (BA, OSM, or IS) at most. A student may not minor in the same area as their concentration.

Minors

Business Analytics Minor

The Minor in Business Analytics, a STEM designated program, is intended to educate and develop future data analysts. Those that complete the minor will emerge with the necessary skills to immediately contribute to businesses in roles which require training in and an aptitude for data analysis. Through the utilization of real-world data sets, students will gain the skills, confidence and expertise required to succeed in today's data-driven business world. It is the intention of this minor to produce high-quality students who are not only analytically sound but also ethically responsible in their use of data. Ultimately, the outcome of the minor will be students who are able to help businesses make better decision through data analysis and statistical modelling.

21 credit hours

15 credit hours of required courses

- BAIS 211 (WCB Core Course) or MATH 156 or MATH 116
- BAIS 220 (WCB Core Course) or CSCI 170
- BAIS 358
- BAIS 365
- BAIS 329 / MKTG 329

6 credit hours from:

- BAIS 311
- BAIS 360
- BAIS 367
- BAIS 389
- BAIS 462
- BAIS 498
- MKTG 302
- MKTG 315 or MKTG 370
- ACCT 385 / FINC 385
- FINC 365
- ACCT 304
- ECON 306
- ECON 307

Note(s):

At a minimum, to receive the Minor in Business Analytics, a student must complete at least 9 hours within the minor which are not double counted in any other program or concentration.

Information Systems Minor

The Department of Business Analytics and Information Systems offers the minor in Information Systems.

This minor is available to business and non-business undergraduate students.

18 total credit hours are required, as follows:

12 hours from two required courses:

- BAIS 211 (WCB Core Course) or MATH 156 or MATH 116
- BAIS 220 (WCB Core Course) or CSCI 170
- BAIS 358
- BAIS 389

6 hours from elective courses:

- BAIS 311
- BAIS 329
- BAIS 330
- BAIS 357
- BAIS 3S9
- BAIS 360
- BAIS 365
- BAIS 459
- BAIS 462
- BAIS 463
- BAIS 499
- ACCT 385 / FINC 385
- ACCT 304
- Other technologically driven courses (must be approved by the BAIS Chair)

Note(s):

- A 2.000 cumulative average must be attained in these courses.
- At a minimum, to receive the Minor in Information Systems, a student must complete at least 9 hours within the minor which are not double counted in any other program or concentration.

Operations and Supply Chain Management Minor

21 Credit Hours

18 credit hours from:

- BAIS 211 (WCB Core Course) or MATH 156 or MATH 116
- BAIS 220 (WCB Core Course) or CSCI 170
- BAIS 302 (WCB Core Course)
- BAIS 330
- BAIS 333 / MGMT 333
- BAIS 336 / MGMT 336

3 credit hours from:

- MKTG 310
- MKTG 340
- BAIS 360
- BAIS 365
- BAIS 367

- BAIS 389
- BAIS 463
- BAIS 498
- ACCT 304
- ACCT 425
- MGMT 322

Note(s)

At a minimum, to receive the Minor in Operations and Supply Chain Management, a student must complete at least 9 hours within the minor which are not double counted in any other program or concentration.

Certificate

Business Intelligence and Analytics Certificate

This certificate is offered as part of the Castellini Foundation Business Certificate Program.

Curriculum

- BAIS665 Business Analytics
- BAIS689 Data Visualization
- BAIS674 Database Management

Supply Chain Management Certificate

This certificate is offered as part of the Castellini Foundation Business Certificate Program.

Curriculum

- BAIS633/MGMT633 Global Supply Chain Management
- BAIS635/MGMT635 Strategic Sourcing
- BAIS630 Robotic Process Automation

Economics

Bachelor of Science in Business Administration

Economics, B.S.B.A.

The Department of Economics offers the Bachelor of Science in Business Administration degree in Economics. The Department also offers a Bachelor of Arts in Economics degree through the College of Arts & Sciences.

A degree in Economics provides the student with an understanding of economic issues pertaining to individual firms, industries, the public sector, and the overall economy. The study of economics, supported by the knowledge of Mathematics and Statistics, emphasizes both analytic reasoning and a thorough knowledge of economic institutions. Economics majors analyze such topics as optimal decision-making, market efficiency, profit maximization, cost-benefit analysis, inflation, unemployment, international trade, financial markets, forces of globalization, and governmental economic activity. The program has proven useful to people who have moved into positions in many of the functional areas of business and government. It is also excellent training for graduate study in business, in law, and in economics itself.

Requirements for the Economics Major

Undergraduate core curriculum requirements:

48-63 Credit Hours dependent on courses taken, See Undergraduate Core Curriculum

Business Core Requirements:

Business Core Courses

A 2.00 grade point average must be attained in the business core. At least half of the 42 total credit hours must be taken at Xavier.

- [ACCT 200 - Introductory Financial Acct](#)
- [ACCT 201 - Introductory Managerial Acct](#)
- [BAIS 210 - Quantitative Methods](#)
- [BAIS 220 - Mgmt of Info Tech](#)
- [BAIS 211 - Intro to Business Analytics](#)
- [BLAW 300 - Legal Environment](#)
- [ECON 200 - Microeconomic Principles](#)
- [ECON 201 - Macroeconomic Principles](#)
- [ECON 300 - Int'l Trade & Bus Environment](#)
- [FINC 300 - Business Finance](#)
- [MGMT 200 - Organizational Management](#)
- [MGMT 301 - Managerial Communications](#)
- [MGMT 201 - Business & Professional Comm](#)
- [MGMT 495 - Management Capstone](#)
- [MKTG 300 - Principles of Marketing](#)

Major Requirements:

21 hours of economics courses above the business core:

- ECON 305 - Microeconomic Analysis
- ECON 306 - Macroeconomic Analysis
- ECON 307 - Empirical Analysis In Economic

- 12 hours of economics electives, at least 6 hours of which must be at the 400-level.

Electives:

- 3 hours of business electives.
- 3 hours of general electives.

Required Capstone Project

All economics majors are required to take Capstone Project Each student must orally present a paper written in a 400-level economics course to a forum established by the department. Currently, Capstone Project is listed as ECON 491 which carries 0 credit. Starting Fall 2016, Capstone Project (ECON 492 and 493 combined) will be a 3 credit hour course split into ECON 492 and 493.

Note(s):

- A 2.000 cumulative average must be attained in the economics courses.

TOTAL Minimum Hours Required for Degree: 120 Semester Hours

B.S.B.A. Economics

- ECON Elective-400 level
- Business Elective or Internship for Credit
- General Elective 2*
- BUAD 402
- CORE 499

Scheduling Notes:

- Minimum for undergraduate degree is 120 hours. Major is 23 hours (plus business elective or internship for credit).
- 1-Social Science: Business majors must take ECON 200 as Social Science Elective
- 2-Science: Take any six hours of science - but **must include at least 3 hours** of Natural Science such as BIOL, CHEM or PHYS
- 3-Humanities: Include any Literature (except 205), CLAS, HIST 200+, THEO 300+, PHIL 300+ (but cannot also double count as ERS)
- 4-Foreign Language: Must complete 201-level
- FLAGS: All flags are included in business core curriculum
- **General electives may be filled by any course or pre-requisites based on Math or Foreign Language placement scores

Finance

Bachelor of Science in Business Administration

Finance, B.S.B.A.

The Department of Finance offers the Bachelor of Science in Business Administration in Finance.

This degree program develops an appreciation of financial management and financial operation. Everyone majoring in Finance must take courses designed to acquaint him or her with the various financial records of the firm, the character and appraisal of corporate securities, and the financial techniques applicable to the various phases of the discipline. In addition, the student may choose elective subjects.

Requirements for the Finance Major

Undergraduate core curriculum requirements:

See Core Curriculum

Business Core Requirements:

- *General electives may be filled by any course or pre-requisites based on Math or Foreign Language placement scores
- GPA-Finance majors must earn B- or better in ACCT 200 and FINC 300. Also a GPA of 2.5 or better is required in the major overall.

Minors

Finance Minor

The Minor in Finance is designed to give students exposure to additional finance coursework and allows them to pursue the credential signifying successful completion of this coursework.

15 credit hours are required:

6 hours from:

- ACCT 200 - Introductory Financial Acct
- FINC 300 - Business Finance

3 hours from:

- FINC 365 - Investments
- FINC 401 - Intermediate Financial Mgmt

6 hours of upper division electives from:

- FINC 306 - 499 (except FINC 403)

Notes:

- A minimum cumulative grade point average of 2.50 must be attained in the courses of the minor.
- At least half of these credit hours must be taken at Xavier.

Interdisciplinary Programs

Xavier University offers a number of programs which are interdisciplinary in nature, with curriculums which cross academic departments and colleges.

Sustainability

Xavier offers four interdisciplinary majors specifically focused on the subject of sustainability. These include the Bachelor of Arts in Land, Farming and Community, B.A. ; the Bachelor of Arts in Economics, Sustainability and Society, B.A. ; the Master of Arts in Urban and Regional Sustainability and Resilience, M.A. , all offered through the College of Arts and Sciences and the BSBA in Sustainability: Economics and Management, B.S.B.A. offered through the Williams College of Business.

Both political and religious leaders recognize the importance of promoting sustainability as part of policy, law, business practice, and daily life if we are to protect our planetary home and the welfare of future generations. Students in the Sustainability programs will be prepared to develop sustainable practices and policies in business, non-profits, and government agencies by integrating the study of business and economic principles with ecological and environmental processes. Land students will focus on the science and art of agriculture including food production and distribution within the context of a Jesuit education. All programs involve experiential educational experiences including field trips, practicums, internships, and capstone projects with organizations in the community. The Master of Arts prepares graduates to tackle issues in urban sustainability by bringing together students and faculty from the fields of business, environmental science, public policy, and urban planning and design.

Bachelor of Science in Business Administration

International Business, B.S.B.A.

The world is a global marketplace creating great opportunities for careers in business, trade, government and non-government organizations (NGOs) for people with good business and technical skills, as well as cross-cultural and foreign language abilities.

- Living and working in the U.S. for a company that sends you abroad for business travel, or
- Working for a company that sends you abroad to work for a number of years at a time.

The International Business major is an interdisciplinary program that provides you with skills and knowledge to pursue a long-term career in international business. Courses and faculty come from a number of disciplines across the Williams College of Business. Because companies often provide foreign assignments to employees who are trained in their domestic operations, we recommend considering a second major such as marketing, finance, information systems, or accounting; if you can't do that, take a few targeted courses in one discipline.

Requirements for the Major in International Business

Undergraduate core curriculum requirements:

Undergraduate Core Curriculum

Mathematics:

- MATH 150 - Elements of Calculus I
- or
- MATH 140 - Concepts of Calculus

Social science:

- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles

Foreign/Second Language:

- In addition to university core requirement, students are required to have a minor in a Foreign Language (202 and four additional courses from 203-498 with necessary distributional requirements as specified for chosen language. Spanish minor requires five additional courses.)

Business core requirements:

Business Core Courses

A 2.00 grade point average must be attained in the business core. At least half of the 42 total credit hours must be taken at Xavier.

Required Courses

- MKTG 320 - International Marketing or
- MGMT 325 - International Management
- FINC 476 - International Finance
- BUAD 495 - Intern'l Business Capstone

Semester Long Study Abroad Program

Double Major in Area of Business or Track

Students must choose either a double major in any functional area of business (BSBA in: Accounting, Business Analytics, Economics, Economics, Entrepreneurial Studies, Finance, Information Systems, Management, Marketing, Strategic Human Resource Management, or Sustainability: Economics and Management) or one of five following tracks that each will consist of three courses:

Economics/Finance

- Electives: ECON 341, ECON 307, ECON 450, ECON 470, FINC 350, FINC 365, FINC 370.
- Students can also use choose up to one elective from BUAD 480-494.

Global Supply Chain

- Global Supply Chain Management (BAIS 333),
- Strategic Sourcing (BAIS 335),
- and an elective from the following: Mktg 310, Mktg 340, BAIS 330, BAIS 360, BAIS 365, BAIS 367, BAIS 389, BAIS 463, BAIS 498, ACCT 304, and ACCT 425

Management

- SHRM 325
- MGMT 333.
- Electives: MGMT 309, MGMT 312, and MGMT 322. Other electives will be added as instructors are identified: MGMT 310, MGMT 385, and MGMT 410.
 - Students can also use choose up to one elective from BUAD 480-494.

Marketing

- MKTG 302
- MKTG 370
- Elective: MKTG 310, MKTG 315, MKTG 325, MKTG 329, MKTG 330, MKTG 340, MKTG 345, MKTG 361, MKTG 368, MKTG 385, MKTG 390, MKTG 398.
 - Students can also use choose up to one elective from BUAD 480-494.

Sustainability

- SUST 301
- SUST 401
- Electives: 3 hours from SUST 465-467, MGMT 309, MGMT 312, MGMT 322, or MGMT 333.
 - Students can also use choose up to one elective from BUAD 480-494.

Note(s):

- A 2.000 cumulative average must be attained in the economics courses.

International Experience

Students engage in a summer-long or semester-long study-abroad or work abroad in a country other than one's native country. (Two additional courses of foreign language generally at the 300-level or above, may be substituted for the international experience. To pursue this option, see the international business advisor; these cannot also be counted toward the International Cultural Elective.)

To help plan your courses, study- or work-abroad experience, and future career, be sure to meet with one of the international business advisors.

B.S.B.A. International Business

This block serves as a guideline for progress toward a degree. See your academic advisor.

Freshman Year

First Semester

- PHIL 100
- CORE 100
- ENGL 101 OR 115
- ECON 200
- LANGUAGE 201
- BUAD 101
- CORE 101

Second Semester

- THEO 111
- MATH 140
- ECON 201
- MKTG 300
- LANGUAGE 202
- BUAD 102
- CORE 102

Sophomore Year

First Semester

- LANGUAGE 203-498
- PHIL 200
- ECON 300
- ACCT 200
- BAIS 210
- BUAD 201

Second Semester

- LANGUAGE (203-498)
- THEOLOGY PERSPECTIVES
- LIT & MORAL IMAGINATION
- ACCT 201
- BAIS 211
- BUAD 202

Junior Year

First Semester

- LANGUAGE (203-498)
- HISTORICAL PERSPECTIVES
- MGMT 200 (DCR FLAG)
- FINC 300
- BLAW 300 (E/RS ELECTIVE)
- BUAD 301

Second Semester

- LANGUAGE (203-498)
- MKTG 320 or MGMT 325
- MGMT 201
- CREATIVE PERSPECTIVES
- MGMT 302
- BUAD 302

Senior Year

First Semester

- TRACK COURSE 1
- TRACK COURSE 2
- FINC 476 (INTL FINC)
- SCIENTIFIC PERSPECTIVES
- ELECTIVE OR LANGUAGE (203-498)
- BUAD 401

Second Semester

- TRACK COURSE III
- NATURAL SCIENCE ELECTIVE

- MGMT 495
- BUAD 495
- ELECTIVE
- BUAD 402
- CORE 499

Notes

- Minimum for undergraduate degree is 120 hours.
- Students enter a level of language based on a placement test; it is possible to place into FREN/GERM/SPAN 202 and bypass FREN/GERM/SPAN 201. Students who place below 202 are still able to complete this major by taking advanced language courses where general electives are listed. Note that the current language minor is 15 hours for French and German, and 18 hours for Spanish.
- Mathematical Perspectives
- Also fulfills the Social Science Elective
- Also a Humanities Elective
- May also be a Diversity flag if taken as FREN/GERM/SPAN 205.
- Also fulfills the Quantitative Reasoning flag.
- MGMT 201 has both the Writing and Oral Communication Flags
- MGMT 495 (part of the Business Core) will serve as the capstone
- IB majors are strongly encouraged to work with their advisors to select a study abroad program one or two semesters in length for an immersive experience in the chosen language. The student will work with their advisor, over the course of their sophomore year, to select a study abroad program for the Fall and/or Spring semester of their Junior year. It is expected that the student will take a couple of language classes, possibly some University Core classes such as Creative Perspectives, Historical Perspectives, possibly some Business Core classes such as International Trade & Business Environment (Econ 300), Principles of Marketing (Mktg 300), etc., and possibly one or more elective courses such as International Marketing (Mktg 320), Global Supply Chain Management (Mgmt 333), Development Economics (Econ 341), etc. Some courses might have to be moved around in the suggested block schedule depending on the progress of specific students. However, this should not be a hindrance to complete all the proposed requirements of the International Business major.
- Students who wish to use a language other than French, German, or Spanish should consult with the chair of Classics and Modern Language to find study abroad in the chosen language, or language courses in the Consortium to fulfill the Language component of International Business.
- IB students should meet with a Faculty advisor in each semester to determine core courses that support cultural and social awareness of the language selected. For example, if a student's language is Spanish, consider a Historical Perspectives course that focuses on Latin America or Spain; if a student's language is Chinese, consider a Philosophical Perspectives course that focuses on Confucianism.

Minors

International Business Minor

This minor is available to undergraduate business students, since all the prerequisites must be met. This includes the entire Business Core, including ECON 200 and ECON 201

15 total credit hours are required, as follows:

6 hours from two required courses:

- MKTG 320 - International Marketing
- FINC 476 - International Finance

6 additional hours of upper division business courses:

- ECON 341 - Econ of Developing Countries
- ECON 450 - International Economics
- MGMT 325 - International Management
- SHRM 325 - International Human Resources

3 hours of approved electives, including:

- COMM 224 (3)
- FREN 315 - Business French I
- GERM 315 - Business German
- SPAN 306 - Business Spanish
 - Or courses from HIST & POLI.

Note(s):

- A 2.000 cumulative average must be attained in the courses of the minor.
- At least half of these credit hours must be taken at Xavier.

Political Economy Minor

The Minor in Political Economy explores the integration of economics, law, public policy, and financial markets. **This minor is available to Smith Scholars only** and is designed to prepare Smith Scholars for engagement with global and regional issues that require economic, political, legal, and financial analysis.

15 credit hours are required:

- POLI 347 - Supreme Court on Civil Liberties (3)
- FINC 370 - Financial Markets and Institutions (3)
- BLAW 400 - Regulatory Environment of Business (3)
- ECON 315 - History of Economic Thought (3)
- ECON 370 - Economic Theory and Applications in Public Policy (3)

Optional:

- IDST 499 - Senior Thesis (3)

Management, Entrepreneurship, and Human Resources

Bachelor of Science in Business Administration

Entrepreneurship and Innovation, B.S.B.A.

The Department of Management and Entrepreneurship offers the Bachelor of Science in Business Administration in Entrepreneurship and Innovation.

Xavier's undergraduate major in Entrepreneurship and Innovation is designed to help prepare students to seek opportunities, act resourcefully, think creatively, and lead ethically to make a difference in their organizations and the world, our majors will learn to:

1. Provide progressive leadership for existing family businesses
2. Start their own businesses, and/or
3. Pursue careers in creating and managing innovation and leading entrepreneurship in non-profits and small to large organizations in this global market economy.

The strength of our free enterprise economy depends heavily on an entrepreneurial mindset in those individuals who identify new product or service opportunities, develop workable plans for capitalizing on those opportunities, and assume personal risk and take the initiative in creating and then managing the new or expanded enterprises which those plans make possible.

Requirements for a Major in Entrepreneurship and Innovation

Since successful entrepreneurs and those with an entrepreneurial mindset need to have an integrative and interdisciplinary set of skills, the Entrepreneurship and Innovation major is interdisciplinary in nature, providing advanced course work in all business functions, specialized course work in creativity and innovation, business planning and a field experience, and a required entrepreneurial work internship.

Undergraduate core curriculum requirements:

Undergraduate Core Curriculum

Mathematics:

- MATH 150 - Elements of Calculus I

Social science:

- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles

Business Core Requirements:

Business Core Courses

A 2.00 grade point average must be attained in the business core. At least half of the 42 total credit hours must be taken at Xavier.

Notes

- Minimum for undergraduate degree is 120 hours. Major is 21 hours (plus business elective or internship for credit).
- 1-Social Science: Business majors must take ECON 200 as Social Science Elective
- 2-Science: Take any six hours of science - but must include at least 3 hours of Natural Science such as BIOL, CHEM or PHYS
- 3-Humanities: Include any Literature (except 205), CLAS, HIST 200+, THEO 300+, PHIL 300+ (but cannot also double count as ERS)
- 4-Foreign Language: Must complete 201-level
- FLAGS: All except Writing Intensive Flag are included in business core curriculum
- *General electives may be filled by any course or pre-requisites based on Math or Foreign Language placement scores
- ENTR-approved MKTG or interdisciplinary electives. See degree audit or consult your department.

Management, B.S.B.A.

The Department of Management and Entrepreneurship offers the Bachelor of Science in Business Administration in Management.

The department offers a complete package of an integrated skill set for future managers and leaders to improve organizations and society. Our curricular objectives include: rapid, continual immersion into business practice; engaging rigorous and applied educational experience; transition into fulfilling careers; and lifelong learning and leadership. Our majors:

1. Learn the language of Management and Entrepreneurship used in the business world.
2. Are given an understanding for the significance of variation in human behavior in organizations.
3. Develop self-awareness, along with capabilities in problem solving, decision making, creativity, and communication.
4. Receive preparation for a variety of roles, including leader, entrepreneur, project or functional manager, and supply chain manager.
5. Are encouraged to approach business problems in an ethical, socially responsible manner.

This degree is designed for individuals who have career aspirations as management trainees, personnel trainees, in business education, who plan to attend law school, or graduate studies in business. Students interested in teaching certification in business should consult with the chair of the Education Department for certification requirements.

Requirements for a Major in Management

Undergraduate core curriculum requirements:

See Undergraduate Core Curriculum

Mathematics:

- MATH 150 - Elements of Calculus I

Social science:

- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles

Business core requirements:

Business Core Courses

A 2.00 grade point average must be attained in the business core. At least half of the 42 total credit hours must be taken at Xavier.

- [ACCT 200 - Introductory Financial Acct](#)
- [ACCT 201 - Introductory Managerial Acct](#)
- [BAIS 210 - Quantitative Methods](#)
- [BAIS 220 - Mgmt of Info Tech](#)

Associate of Business Administration

General Business, A.B.A.

This program is not currently accepting students.

including at least 15 hours of required business courses. The program is divided between general University core requirements and business courses. This associate degree is intended as a stepping stone toward the bachelor's degree.

Requirements for the Associate of Business Administration

University Core Requirements:

See Undergraduate Core Curriculum

Business Courses:

35 hours

- ACCT 200 - Introductory Financial Acct
- ACCT 201 - Introductory Managerial Acct
- BLAW 300 - Legal Environment
- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles
- FINC 300 - Business Finance
- MKTG 300 - Principles of Marketing
- MGMT 300 - Managerial Behavior
- MGMT 301 - Managerial Communications
- SHRM 200 - Human Resources In a Diverse S (fulfills Cultural Diversity Elective)

Note(s):

- A 2.000 cumulative average must be attained in these business courses.

Requirements for all Associate's Degrees

See Requirements for Degrees, Majors, Minors, and Certificates

Minors

Entrepreneurship and Innovation minor

The Department of Management and Entrepreneurship offers the minor in Entrepreneurship and Innovation.

This minor is available to business and non-business undergraduate students.

15 total credit hours are required, as follows:

9 hours of required entrepreneurship courses:

- ENTR 301: Introduction to Entrepreneurship and Innovation (prerequisite for all other ENTR-designated courses)
- ENTR 305 - Creativity & Innovation
 - ENTR 335: Social Entrepreneurship and Innovation

Complete any 2 additional courses from the following list:

- ENTR 311/MGMT 311: New Venture Planning
- ENTR 303/403: Entrepreneurship Internship
- ENTR 494: Contemporary Topics in Entrepreneurship
- MGMT 309: Change Management
- MGMT 310: Teamwork & Team Building
- MGMT 312: Negotiation & Conflict Management
- MGMT 314: Leadership
- MGMT 385: Project Management
- SHRM 300: Human Resources Management
- SHRM 345: Compensation
- FINC 388: Entrepreneurial Finance
- MKTG 302: Marketing Research
- MKTG 325: Services Marketing
- MKTG 329: Data Mining
- MKTG 330: Retail Marketing
- MKTG 361: Professional Selling
- MKTG 368: Brand Building
- MKTG 385: Digital Marketing & Analytics
- MKTG 398: Social Media Marketing
- BAIS 329: Data Mining
- BAIS 330: Introduction to Robotic Processing
- BAIS 336: Strategic Sourcing
- BAIS 365: Management Science/Linear Programming

- ACCT 200 - Introductory Financial Acct
- MKTG 300 - Principles of Marketing (included in the Business Core for WCB students).

3 hours of business:

- BLAW 300 - Legal Environment
- SHRM 200 - Human Resources In a Diverse S or
- ECON 200 - Microeconomic Principles (included in the Business Core for WCB students).

Note(s):

- A 2.000 cumulative average must be attained in the courses of the minor.
- At least half of these credit hours must be taken at Xavier.

Management Minor

For Non-Business majors only.

15 total credit hours are required, as follows:

3 credit hours in:

- MGMT 200 - Organizational Management

12 credit hours of MGMT or SHRM electives

Strategic Human Resource Management Minor

The Department of Management, Entrepreneurship and Strategic Human Resources offers the minor in Strategic Human Resources Management.

This minor is available to any undergraduate student. It is designed to give business and non-business majors skills that will enhance their attractiveness to employers upon graduation. Since all managers are people managers, the Strategic HRM minor benefits all future managers. It also provides an opportunity to pursue a business specialty in HR. Strategic HRM concerns the total activity of an organization, business, or firm as these activities relate to the work force. Such activities include employment law, recruiting and selection, training and development, performance management, compensation and benefits, workplace diversity, and labor relations.

Outside of the classroom, students expand their knowledge by participating in a part-time or full-time internship in human resources. Credit and non-credit opportunities are available.

Requirements for the Strategic Human Resource Management Minor

12 total credit hours are required, as follows:

3 hours specifically required:

- SHRM 200 - Human Resources In a Diverse S

9 hours from electives:

- SHRM 303 - Human Resources Internship I or
- SHRM 403 - Human Resources Internship II

- SHRM 302 - Labor Relations
- SHRM 309 - Change Management
- SHRM 325 - International Human Resources
- SHRM 345 - Compensation
- SHRM 360 - Staffing
- SHRM 370 - Training and Development

- SHRM 404 - Advanced Topics In SHRM
- SHRM 495 - SHRM Capstone

Note(s):

- No more than three (3) hours may double count between MGMT major and SHRM minor (excluding SHRM 200, which is fulfilled in the business core; this is not considered double counting).
- A 2.000 cumulative average must be attained in the courses of the minor.

Certificate

Innovation Certificate

This certificate is offered as part of the Castellini Foundation Business Certificate Program.

Curriculum

Choose 3 of 4:

- ENTR 694 Technology and Innovation Management
- ENTR 611 New Venture Creation
- ENTR 605 Strategic Innovation
- ENTR 631 Corporate Innovation and Entrepreneurship

Marketing

Bachelor of Science in Business Administration

Marketing, B.S.B.A.

The Department of Marketing offers the degree of Bachelor of Science in Business Administration in Marketing.

Marketing is the activity, set of institutions and processes for creating, communicating, delivering and exchanging offerings that have value for customers, clients, partners and society at large. This is accomplished through marketing research, product planning and pricing, promotion, and distribution. The Marketing major develops an understanding of the concepts, functions and institutions of marketing, an appreciation of consumer orientation, and the ability to analyze marketing problems and formulate marketing policies.

This program is particularly relevant to the student planning a career in sales, advertising, consumer relations, merchandising, brand management, marketing management, marketing research, retailing, services, purchasing, business logistics, small business operations, executive management, consulting, business education, or work in certain government agencies.

Requirements for the Marketing Major

Undergraduate core curriculum requirements:

48-63 Credit Hours dependent on courses taken, including

Mathematics:

- MATH 140 - Concepts of Calculus

Social science:

- ECON 200 - Microeconomic Principles
- ECON 201 - Macroeconomic Principles

Business core requirements

Business Core Courses

A 2.00 grade point average must be attained in the business core. At least half of the 42 total credit hours must be taken at Xavier.

- [ACCT 200 - Introductory Financial Acct](#)
- [ACCT 201 - Introductory Managerial Acct](#)
- [BAIS 210 - Quantitative Methods](#)
- [BAIS 220 - Mgmt of Info Tech](#)

Master of Science

Customer Analytics, M.S.

The Master of Science in Customer Analytics trains and develops future problem-solving leaders. As the size of the digital universe continues to double every 2 year, and is

expected to continue to do so, the need for Practitioners, Data Scientists, Solutions Leaders, and Analysts will continue to grow. Through the utilization of real-world data sets, students gain the skills, confidence and expertise required to succeed in today's information sensitive environment. Students are sought who are analytically curious. Graduates will harness and communicate the full value of large data sets prevalent in today's "big data" business environment. Graduates will review data sets, identify potential problems, and will have awareness of and can identify the correct analytic techniques. They will then effectively communicate results to others with the goal of improving management decision making.

Prerequisites

- MKTG 550: Marketing Strategy
- STAT 500: Business Statistics
- TUTORIAL: Excel Tutorial - Pearson Higher Education
- TUTORIAL: R-Programming or SAS Programming 1 - completion by 1st semester
- TUTORIAL: Statistics 1 © SAS Institute Inc - completion by Week #12, 2nd semester
- TUTORIAL: Qlik® or Tableau® Data Visualization Workshop - completion by end of 1st year

Required Courses

30 credit hours are required

- MKTG 602 - Marketing Research
- MKTG 605 - Analytics Practicum
- MKTG 640 - Consumer-centric Category Management
- MKTG 664 - Consumer Behavior Theory
- BAIS 605 - Applied Multivariate Analysis
- BAIS 660 - Statistical Programming
- BAIS 665 - Business Analytics for Managers
- BAIS 674 - Database Management
- BAIS 680 - Intro to Data Mining for Managers
- BAIS 689 - Data Visualization

Notes

- 30 Credit Hours in the CORE are required for the degree. Select classes may be substituted if another Graduate Business Degree is present (i.e., MBA may substitute another Marketing elective for MKTG 550-Marketing Strategy, etc.)

MBA Office

Master of Business Administration

Emerging Leaders MBA

The Emerging Leaders MBA (ELMBA) is designed to be a 1-year, full-time, Master of Business Administration program for undergraduates who have recently completed their undergraduate degrees, as well as those with early career experience. It is a cohort program designed for the academically talented individual with a keen interest in experiencing a rigorous MBA program that blends academic challenge, experiential learning, career development, and a team-based learning environment in the Jesuit tradition.

The 39-credit hour program includes nine core courses, one Capstone course, three elective courses, which may be focused in a particular subject area or in the experiential learning realm. The program builds upon the academic talents & foundations of students and offers a myriad of "classroom to conference room" avenues such as: international study, internships, consulting projects, business plan development, company visits, and extensive networking.

Classes are held during the day. The full-time course load, on average, will be between 4-5 classes. The two MBA foundation courses of ACCT 500: Financial Accounting

and STAT 500: Business Statistics must be taken before the start of the program. Consult with a MBA advisor before registering for equivalents.

The ELMBA requires a mandatory professional development program that will run throughout the entire course of the program. Professional development programming will take place on Fridays. Participation in a global immersion experience, an internship, the Executive Mentor program, and other experiential opportunities is highly encouraged.

Fall Semester

- BLAW 550 - Business Law and Ethics
- ECON 550 - Managerial Economics
- FINC 550 - Fundamentals of Finance
- MGMT 550 - Strategy and Organizations
- MKTG 550 - Marketing Strategy

Spring Semester

- BAIS 550 - Business Information Systems
- ACCT 550 - Managerial Accounting
- BUAD 550 - International Business
 - Experience based Electives (**choices include**):

International Immersion trip over Spring Break **OR**

ENTR 668: Small Business Consulting **OR**

MBA Internship

Summer Semester

- Capstone
- Experience based Electives (**choices include**):
 - MBA Internship
 - MGMT 654: Project Management
 - Independent Study or Research
 - Global Immersion

Evening MBA

The Master of Business Administration Program at Xavier University is designed to meet the educational needs of potential and practicing executives. Xavier's MBA program offers an applied realistic approach to education, utilizing a balanced presentation of relevant theory combined with practical case study. The Xavier MBA is an experience in participative learning: case analyses, lectures, group projects, consulting experiences, technology inclusive assignments and simulations. Faculty expertise, numerous live case learning opportunities, and exemplary methods of instruction enable Xavier MBA students to acquire the disciplines and skills of business. Students develop problem-solving and decision-making abilities and the capacity for continued learning, strategic decision making, comprehensive corporate stewardship, and personal ethics & leadership. The Evening MBA program is offered on the main Xavier campus in Norwood, Ohio.

The MBA program is also offered in a 20 month evening cohort format in West Chester, Ohio. Classes are 10 weeks each at this location.

Students in the Evening MBA may attend part-time or full-time, though full-time students are encouraged to join the Emerging Leaders full time day MBA.

Students in the Evening MBA may elect to take classes in the online MBA format or at the West Chester MBA location.

The Xavier MBA program is accredited by The Association to Advance Collegiate Schools of Business ([AACSB.edu](https://www.aacsb.edu)), an accreditation held by only one-third of the existing MBA programs globally.

MBA program applicants are asked to take the Graduate Management Admission Test (GMAT) prior to admission. Test information may be obtained on-line at www.mba.com. The Graduate Record Exam (GRE) is also accepted for MBA admission consideration. Persons holding a doctoral level degree are waived from taking the GMAT or GRE. Information regarding the MBA program may be obtained from the MBA Office Coordinator at 513 745-4800 or email mbaadmit@xavier.edu. However, an MBA applicant may petition for waiver of the GMAT or GRE based upon undergraduate academics and significant work & management experience. This petition may be submitted during the application process.

It is the responsibility of the graduate student to become informed concerning all required regulations and procedures and to know all courses required for the MBA course of study. In no case will a regulation or course be waived or an exception granted because a student pleads ignorance of the regulation or asserts that information was not given by an advisor or other authority. MBA students must abide by all regulations contained in the MBA Academic Standards form and uphold the standards and expectations of the Ethics Policy.

Xavier MBA participates in a unique partnership with other AACSB accredited Jesuit universities' MBA programs, which are located in major American metropolitan areas. Under the terms of the partnership, each institution works to accept the majority of the coursework completed toward an MBA degree at another participating institution. However, the ultimate decision on course transfer lies with the degree granting institution. Each course transferring must carry a grade of "B" or higher. The MBA is awarded by the institution where more than half of the core degree requirements were completed. From all other AACSB institutions, a maximum of six semester hours of transfer credit for core level and elective courses may be accepted toward the MBA degree. All transferred coursework must be approved by the MBA office and carry a grade of "B" or better. Graduate courses already applied towards a degree may not be used again for credit toward another graduate degree. The grade and quality points for credits transferred from another institution are not included in a student's grade point average.

MBA degree requirements

The Master of Business Administration requires a minimum of 39 credit hours with a GPA of at least 3.000.

Foundation Skills (500-level) courses do not count toward the 39-hour minimum.

Foundation Courses

(6 semester hours)

These courses can be waived or tested out.

- ACCT 500 - Foundations of Financial Acct
- BAIS 500 - Business Statistics

Note(s):

- One or both of these courses may be waived depending upon the student's previous academic credentials provided the prior academic coursework is less than five years old and has a grade of "B" or higher. The CLEP waiver exam meeting the minimum score is accepted for ACCT 500. A CLEP score of 65 is the minimum score for waiver consideration. A Xavier-based waiver exam is available for BAIS 500. Either exam -may be taken once. If not passed, then the corresponding foundation course must be taken. These courses must be completed before those courses with the pre-requisite.

The MBA Core

(27 semester hours)

These specific topics emphasize the integration of skills applied to complex business decisions.

- ACCT 550 - Managerial Accounting
- BAIS 550 - Business Information Systems
- BAIS 551 - Operational Analysis
- BLAW 550 - Business Law and Ethics
- BUAD 550 - International Business
- ECON 550 - Managerial Economics
- FINC 550 - Fundamentals of Finance
- MGMT 550 - Strategy and Organizations

- MKTG 550 - Marketing Strategy

Capstone:

(3 semester hours)

Pre-requisite: complete all the required M.B.A. courses.

Designed to draw on the cumulative knowledge and experience gained during the M.B.A. experience.

Choose one:

- BUAD 690 Corporate Governance or
- BUAD 691 Global Strategic Thinking or
- BUAD 694 Bond Portfolio Management

Areas of Concentration and minimum 9 credit hours required

- Business Administration (9)
- Business Intelligence (9)
- Finance (12)
- Innovation, Change & Entrepreneurship (9)
- International Business (9)
- Marketing (9)
- Pricing Strategy (9)
- Supply Chain Management (9)
- Values-Based Leadership (9)

Contact the M.B.A. office for further details and developments. Some concentrations have required courses. Consult with your academic advisor and the Degree Evaluation report that is available on the Xavier Student Hub.

Students may tailor electives in the area(s) of concentration of their choice to provide a broader understanding of the business world or to specialize their degree. All MBA electives, no matter the department, count toward the Business Administration (MBAN) concentration, which is the default concentration for all students. A declaration of concentration is made via the [MBA office website](#). Opportunities for international study trips, independent study tutorials, and experimental courses are often available for students and count towards the Business Administration (MBAN) concentration. Such opportunities must be discussed with an MBA advisor.

MBA Plus Concentration

A student with an MBA degree earned from any accredited school may participate in the MBA Plus concentration program to earn a concentration in any of the above areas or take graduate level business courses in line with personal interests. The MBA Plus program is not a degree granting program.

Executive MBA Program

The Executive MBA Program develops a student's executive presence so that upon graduation the student will be:

- A strategic decision maker
- Board member ready
- A team player
- Globally Focused & Ready
- An Influential Communicator
- A Developed Leader
- Entrepreneurial & Innovative

The Xavier EMBA program will be ready to lead in a variety of business models & with an enterprise wide lens. As a result of their experience, students will identify the difference between creating & adding value, all the while successfully navigating a professional network.

This holistic development is created by immersion, foundation, advanced business focus, and a capstone

Immersion will require a week long residency in which case study methodology, strategic planning, team building, and personal assessment & leadership are achieved.

Foundation will master executive competencies and focus on value creation and/or value capturing and on leadership within functional area, all the while honing executive competencies that span & engage culturally, ethically, entrepreneurially, innovatively, and organizationally in addition to in-depth exploration of accounting, economics, financial management, talent management, information systems, CSR, and marketing. These foundations can be applied in any sector and are not inclusive just to business. These include: manufacturing, business to business, business to consumer, service, public sector, non-profit, start-up, mid-size, and large corporations.

Advanced business focus will be multi-dimensional, cross-functional, and experiential. It will develop advanced leadership understanding as skills & knowledge are tested via case study and experiential learning. Consulting projects will vary in scope and size.

The Capstone experience is to design and execute a strategic business plan that creates and captures value. In it, all previous studies will be channeled into Local/National/International consultancy projects, Board membership projects, or other integrative projects.

The Executive MBA experience will be fast-paced and have a condensed-learning format, mandatory team projects and collaborative learning. Class size will be limited for maximum exposure & information absorption. There will be special events to promote deeper learning experiences. There will be networking opportunities. A global immersion, 12-14 days, experience is required for the program.

The EMBA is run separately from Xavier's traditional MBA Program and once a year in September and runs for 16 months. Classes are concentrated into a two day a week format (Friday and Saturday) twice a month. Class time is between 8:00 am till 5:00 pm mandatory international trip occurs in the program. Admission is based on significant managerial and corporate leadership and business experience in addition to undergraduate academic records, GMAT scores, essays, letters of recommendation, a personal interview and evidence of strong organizational support.

Information regarding the Executive MBA Program may be obtained from the MBA Admissions Coordinator, at 513-745-4800 or mbaabmit@xavier.edu

Online MBA

The On-Line MBA is designed to meet the needs of working professionals who cannot easily attend on-campus classes. All required courses are offered on line. On-Line MBA classes start 6 times a year in August, October, January, March, May and late June. Classes are offered in an 8 week format, making it possible for students to take two classes separately, but sequentially in a semester - thus maintaining part-time student status. Students follow an established curriculum of 13 courses. And, as course are taken one at a time, completion time usually ranges from 2.5 to 3 years.

Concentrations are not attainable via the On-Line MBA. While electives are offered on-line, entire concentrations are not available in the on-line format.

On Line MBA students may elect to take classes in the Evening MBA and at the West Chester MBA location.

On-line MBA students are required to work with a MBA advisor before beginning classes.

Other Programs

Pre-MBA Studies Plan

This plan satisfies the foundation courses required for the Xavier MBA programs. It is designed for the non-business student or for the returning student who already has completed a bachelor's degree. Upon admission to the MBA program, the pre-MBA will count for the waiver of the 500 level foundation courses provided the courses were completed within the previous five years and a grade of "B" or above was attained in each course. Foundation course waivers apply to the Emerging Leader MBA, Evening MBA, On Line MBA and the West Chester MBA only. Admission to the Pre-MBA Studies plan does not guarantee MBA program acceptance or admission.

Requirements for Pre-MBA Studies Plan:

Plan is 9 hours.

Required courses include:

- ACCT 200 - Introductory Financial Acct
- BAIS 210 - Quantitative Methods
- BAIS 211 - Intro to Business Analytics

Note(s):

- A grade of "B" must be attained in these courses and they must be less than five years old for M.B.A. foundation course waiver.

Course Descriptions

Below you will find courses that have been permanently approved as active courses as of the time of publication of this catalog. Please be aware that the course offerings at Xavier University are continually under examination and revision.

To locate the most current course prerequisites, co-requisites, registration restrictions, as well as information for courses that may be currently taught under experimental status, please click [here](#)

ACCT 200 - Introductory Financial Acct

ACCT 200 - Introductory Financial Acct

3 Credit Hours

A foundation course which provides an introduction to fundamental concepts and to financial statements.

Levels: Undergraduate

Williams College of Business Accountancy

ACCT 201 - Introductory Managerial Acct

ACCT 201 - Introductory Managerial Acct

3 Credit Hours

Identifying, measuring, analyzing, and interpreting accounting data that is used to support managerial decision-making.

Prerequisites: ACCT200

Levels: Undergraduate

Williams College of Business Accountancy

ACCT 300 - Accounting Profession & Ethics

ACCT 300 - Accounting Profession & Ethics

3 Credit Hours

This course utilizes an interactive approach to introduce the role of professionalism and ethics in a variety of professional accounting career tracks. Students learn about the accounting profession, its key skills and behaviors, and how to apply established guidelines regarding professionalism and ethical conduct

Levels: Undergraduate

Williams College of Business Accountancy

ACCT 303 - Internship / Accounting Junior

ACCT 303 - Internship / Accounting Junior

3 Credit Hours

An elective cooperative experience where students earn academic credit while performing approved accounting-related work experience. Student must have completed 55 credit hours and have a 2.750 GPA. Department approval required

Prerequisites: MGMT301

Levels: Undergraduate

Williams College of Business Accountancy

ACCT 304 - Acct Info Systems & Controls

ACCT 304 - Acct Info Systems & Controls

3 Credit Hours

A business process approach is used to illustrate how information flows through an organization and its effect on information system integration risk and internal control. Students learn how to document, evaluate and analyze accounting systems.

Prerequisites: Undergraduate level ACCT200 Minimum grade of B-

Levels: Undergraduate

Williams College of Business Accountancy

ACCT 307 - Fin Actg & Reporting I

ACCT 307 - Fin Actg & Reporting I

3 Credit Hours

Study of financial accounting theory and principles applicable to the accumulation, analysis, measurement, reporting and interpretation of selected economic events. The first of a three course sequence.

Prerequisites: Undergraduate level ACCT200 Minimum grade of B-

Restrictions: Must be enrolled in one of the following Classifications: Sophomore Senior Junior

Levels: Undergraduate

Williams College of Business Accountancy

ACCT 308 - Fin Actg & Reporting II

ACCT 308 - Fin Actg & Reporting II

3 Credit Hours

Study of financial accounting theory and principles applicable to the accumulation, analysis, measurement, reporting and interpretation of selected economic events. The second of a three course sequence.

Prerequisites: Undergraduate level ACCT307 Minimum grade of C

Levels: Undergraduate

Williams College of Business Accountancy

ACCT 309 - Fin Actg & Reporting III

ACCT 309 - Fin Actg & Reporting III

3 Credit Hours

Study of financial accounting theory and principles applicable to the accumulation, analysis, measurement, reporting and interpretation of selected economic events. The third of a three course sequence.

Prerequisites: Undergraduate level ACCT308 Minimum grade of C

Levels: Undergraduate

Williams College of Business Accountancy

ACCT 311 - Introduction to Taxation

ACCT 311 - Introduction to Taxation

3 Credit Hours

An introduction to individual tax law as well as the tax implications of business formation, income and expenses, and distributions for Sole Proprietorships, C-corporations, Partnerships and S-corporations. This course includes compliance, planning, tax research and ethical issues.

Prerequisites: Undergraduate level ACCT200 Minimum grade of B-

Levels: Undergraduate

Williams College of Business Accountancy

ACCT 312 - Volunteer Income Tax Asst I

ACCT 312 - Volunteer Income Tax Asst I

3 Credit Hours

A service learning course that includes additional study of federal and state income tax topics, marketing and administration of tax preparation services, and preparation of federal and state income tax returns for low income and elderly taxpayers.

Prerequisites: Undergraduate level ACCT311 Minimum grade of B

Levels: Undergraduate

Williams College of Business Accountancy

ACCT 313 - Volunteer Income Tax Asst II

ACCT 313 - Volunteer Income Tax Asst II

3 Credit Hours

A service learning course in which individual income tax returns that are prepared through the VITA program will be reviewed, assembled, and delivered to taxpayers. Marketing and administration of the program are additional course requirements. All phases of the course enable the student to enhance his/her knowledge of taxation, administrative skills, and written and oral communication skills while providing a valuable service to low income taxpayers in the community.

Prerequisites: Undergraduate level ACCT312 Minimum grade of A

Levels: Undergraduate

Williams College of Business Accountancy

ACCT 385 - Financial Modeling

ACCT 385 - Financial Modeling

3 Credit Hours

Prerequisites: (INFO120 or BAIS120 or INFO200 or BAIS200 or INFO220 or BAIS220) and Undergraduate level FINC300 Minimum grade of B-

Levels: Undergraduate

Williams College of Business Accountancy

ACCT 403 - Internship / Accounting Senior

ACCT 403 - Internship / Accounting Senior

3 Credit Hours

An elective cooperative experience where students earn academic credit while performing approved accounting-related work experience. Student must have completed 55 credit hours and have a 2.750 GPA

Prerequisites: Undergraduate level MGMT301 Minimum grade of D

Levels: Undergraduate

Williams College of Business Accountancy

ACCT 412 - VITA II

ACCT 412 - VITA II

3 Credit Hours

A service learning course in which individual income tax returns that are prepared through the VITA program will be reviewed, assembled, and delivered to taxpayers. Marketing and administration of the program are additional course requirements. All phases of the course enable the student to enhance his/her knowledge of taxation, administrative skills, and written and oral communication skills while providing a valuable service to low income taxpayers in the community.

Prerequisites: Undergraduate level ACCT312 Minimum grade of A

Levels: Undergraduate

Williams College of Business Accountancy

ACCT 414 - Corporate Taxation

ACCT 414 - Corporate Taxation

3 Credit Hours

This course introduces students to income tax planning and compliance under U.S. tax law, and financial reporting under U.S. GAAP, for business entities taxed as C-corporations.

Prerequisites: Undergraduate level ACCT311 Minimum grade of C

Levels: Undergraduate

Williams College of Business Accountancy

ACCT 415 - Nonprofit and Govt Acct

ACCT 415 - Nonprofit and Govt Acct

3 Credit Hours

This course is designed to introduce students to financial reporting for governmental entities at the municipal, state and federal level as well as other non-governmental not-for-profit organizations.

Prerequisites: Undergraduate level ACCT308 Minimum grade of C

Course Attributes: Service Learning

Levels: Undergraduate

Williams College of Business Accountancy

ACCT 421 - Nonprofit & Govt Acct

ACCT 421 - Nonprofit & Govt Acct

3 Credit Hours

This course is designed to introduce students to Governmental Accounting Standards and reporting for governmental entities at the municipal, state and federal level as well as other non-governmental not-for-profit organizations.

Prerequisites: Undergraduate level ACCT308 Minimum grade of C

Course Attributes: Service Learning

Levels: Undergraduate

Williams College of Business Accountancy

ACCT 425 - Cost Accounting

ACCT 425 - Cost Accounting

3 Credit Hours

The study of the integrated audit process from the perspectives of standards, audit planning, internal controls, ethics and the application of sound judgement in the decision making process.

Prerequisites: Undergraduate level ACCT200 Minimum grade of B- and Undergraduate level ACCT201 Minimum grade of B-

Levels: Undergraduate

Williams College of Business Accountancy

ACCT 485 - Financial Modeling

ACCT 485 - Financial Modeling

3 Credit Hours

The course is designed to develop the students' ability to integrate an electronic spreadsheet into the identification, analysis and solution stages of financial problems. Through this course, students will gain a conceptual as well as a practical understanding of spreadsheets and will be equipped with the spreadsheet skills needed to engage in economic financial modeling.

Prerequisites: (INFO120 or INFO200 or INFO220 or BAIS120 or BAIS200 or BAIS220) and Undergraduate level FINC300 Minimum grade of B-

Levels: Undergraduate

Williams College of Business Accountancy

ACCT 490 - Auditing

ACCT 490 - Auditing

3 Credit Hours

The study of the integrated audit process from the perspectives of standards, audit planning, internal controls, ethics and the application of sound judgement in the decision making process.

Prerequisites: Undergraduate level ACCT304 Minimum grade of C and Undergraduate level ACCT308 Minimum grade of C

Levels: Undergraduate

Williams College of Business Accountancy

ACCT 498 - Tutorial in Fin Actg

ACCT 498 - Tutorial in Fin Actg

1-2 Credit Hours

Prerequisites: Undergraduate level ACCT308 Minimum grade of C

Levels: Undergraduate

Williams College of Business Accountancy

ACCT 499 - Independent Study

ACCT 499 - Independent Study

1-3 Credit Hours

The independent study in accounting is designed for a student to work with an instructor to develop knowledge and understanding of advanced topics in accounting. Independent studies must be approved by the department chair.

Levels: Undergraduate

Williams College of Business Accountancy

ACCT 500 - Foundations of Financial Acct

ACCT 500 - Foundations of Financial Acct

3 Credit Hours

A foundation course that focuses on the basic concepts, standards, and principles of financial accounting.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Colleges: Williams College of Business

Levels: Graduate

Williams College of Business Accountancy

ACCT 550 - Managerial Accounting

ACCT 550 - Managerial Accounting

3 Credit Hours

This course examines the use of accounting information to enhance value across a supply chain. In addition, the role of accounting information in support of the evaluation of business units and management is considered.

Prerequisites: ACCT500 or Accounting 500 Financial 500

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

Williams College of Business Accountancy

ACCT 695 - Individual Reading & Research

ACCT 695 - Individual Reading & Research

1-3 Credit Hours

ACCT 695 is designed to be a tutorial for graduate students seeking to explore independent study in accounting topics in one or more of the following areas: Accounting information systems, cost accounting, advanced financial accounting, auditing, taxation, professional issues and other specialized areas in accounting.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

Williams College of Business Accountancy

ACCT 750 - Financial Accounting

ACCT 750 - Financial Accounting

3 Credit Hours

The course introduces the basic principles and concepts of financial accounting and reporting with an emphasis on financial statement presentation, disclosure, and analysis.

Restrictions: Must be enrolled in one of the following Programs: Executive MBA Program Must be enrolled in one of the following Levels: Graduate

Course Attributes: MBA Executive

Levels: Graduate

Levels: Graduate

Williams College of Business Accountancy

APEX 100 - Leadership and Transformation

APEX 100 - Leadership and Transformation

3 Credit Hours

What grand vision seeks to emerge in and through me? What leadership qualities do I have to cultivate to make this vision true? This course introduces students to emerging paradigms of visionary leadership that go beyond transactional approaches that emphasize self-interest and utility. Visionary leaders call forth the best in people, organizing them around an energizing sense of purpose. This paradigm focuses on who a leader is as a foundation for what a leader does. It encourages people to awaken to a deeper purpose within themselves as a means for transformation. This course places special emphasis on the spiritual and contemplative dimensions of leadership formation, encourages students to identify and cultivate core values and character strengths and helps students discern how to best serve their own leadership vision.

Course Attributes: Writing Flag Core

Levels: Undergraduate

College of Arts & Sciences Interdisciplinary Studies

ARAB 101 - Elementary Arabic I

ARAB 101 - Elementary Arabic I

3 Credit Hours

An introduction to speaking, listening, reading, and writing the Arabic language at the elementary level.

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

ARAB 102 - Elementary Arabic II

ARAB 102 - Elementary Arabic II

3 Credit Hours

Continuation of Arabic 101, further emphasizing the speaking, listening, reading, and writing of the Arabic language at the elementary level.

Prerequisites: ARAB101

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

ARAB 201 - Intermediate Arabic I

ARAB 201 - Intermediate Arabic I

3 Credit Hours

Focus on culture and language as well as on improving listening, speaking, reading, and writing abilities at the intermediate level. Prereq: ARAB 102 or equivalent.

Prerequisites: Undergraduate level ARAB102 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

ARTS 100 - Seminar: Freshman Art Majors

ARTS 100 - Seminar: Freshman Art Majors

1 Credit Hours

The role of art in human life and society is examined through the investigation of historical and contemporary artists' work, including visits with Xavier University art and graphic design alumni. Students are guided in the process of writing formal visual analyses about art with visits to local art museums. Mentoring students' creative initiative, artistic growth and commitment within the department's tracks of study and for future careers is emphasized.

Co-requisites: ARTS101

Restrictions: Must be enrolled in one of the following Majors: Art Art Graphic Design

Levels: Undergraduate

College of Arts & Sciences Art

ARTS 101 - Two-Dimensional Design

ARTS 101 - Two-Dimensional Design

3 Credit Hours

Two-Dimensional Design is an introduction to art and design within a two-dimensional context. It is a hands-on class that develops the fundamental design skills to aid the student in any area of emphasis within the Department of Art. This course combines lectures and presentations, demonstrations, discussions, research, videos, and formal class critiques. Grading focuses on process, creativity, formal and technical understanding, and communication. Students learn to identify successful compositional elements and strategies. Projects are seen as exercises and experiments with limited variables and restraints. In-class critiques enable students to strengthen their ideas and become fluent in verbally articulating how they assess a work of art. Projects focus on line, rhythm, shape & rotation, value, and color.

Restrictions: Must be enrolled in one of the following Fields of Study (Major, Minor, or Concentration): Art Art History Graphic Design

Levels: Undergraduate

College of Arts & Sciences Art

ARTS 102 - Drawing I

ARTS 102 - Drawing I

3 Credit Hours

This introductory studio course will focus on the interpretation of form based on observation from life using a variety of traditional material including graphite, charcoal and white colored pencil. This class aims to enable the student to understand how to translate three-dimensional form to two-dimensional form. The class will introduce visual measuring, methods for determining shape proportions and linear perspective and tonal strategies (additive and reductive) for composition, volume and narrative effect.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Art

ARTS 103 - Painting I

ARTS 103 - Painting I

3 Credit Hours

This studio course introduces the materials and approaches to oil painting and the interpretation of form based on observation from life. Students learn how to modulate color using a double primary color wheel system, approximate color they observe and learn to build paintings in a succession of layers. Oil paint materials and their physical properties are explained and demonstrated. Students compose and work from individual still-lives they compose. Assignments, both in and out of class, will apply 2D design, drawing and color theory to coursework.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Art

ARTS 104 - Printmaking I

ARTS 104 - Printmaking I

3 Credit Hours

An introduction to print media in one of the following areas: relief (i.e., collagraph, woodcut, linoleum cut), lithography (stone and plate), intaglio (etching), monotype, or

screenprinting. Emphasis is on technical mastery alongside content development, edition printing, print suites, shop etiquette, and personal growth.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Art

ARTS 105 - Three-Dimensional Design

ARTS 105 - Three-Dimensional Design

3 Credit Hours

In this studio course, students will learn about the elements and principles of three dimensional design, which will serve as an introduction to the study of three dimensional art forms. Students will be introduced to the basic design elements of form, space, volume, mass, weight, planes and surfaces, line texture, light and color. The design concepts of proportion, scale, balance, movement, rhythm/repetition, emphasis/dominance will also be included. Students will gain a working knowledge of structural patterns of form, linear and planar analysis of form, analysis of implied form, and of manipulative devices applied to form. For Art majors and minors only.

Restrictions: Must be enrolled in one of the following Fields of Study (Major, Minor, or Concentration): Art Art History Graphic Design

Course Attributes: Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Art

ARTS 106 - Fiber Arts I

ARTS 106 - Fiber Arts I

3 Credit Hours

This course offers an introduction to a variety of fiber techniques during the fall and spring semesters. The emphasis is on woven structures while stressing design concepts and aesthetic values. Off-loom fiber experiences include, but are not limited to: exploration of natural materials, coiling, Batik, handmade silk paper, fiber collage, feltmaking, painting/designing on textiles, stamping, surface design, stenciling, printing from nature, discharge dyeing and quilting. On-loom fiber experiences include, but are not limited to: pattern weaving, tapestry, double weave techniques, painted warp and weft weaving, dyeing, and woven shibori.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Art

ARTS 107 - Sculpture I

ARTS 107 - Sculpture I

3 Credit Hours

This course will introduce students to the primary sculptural processes and materials, including basic wood and metal fabrication, modeling, mold making, and non-ferrous casting. Introduction to power tools and equipment as well as welding processes will be included.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

ARTS 108 - Photography I

ARTS 108 - Photography I

3 Credit Hours

Photography I is an introduction to the art of seeing through the photographic lens. Students will be introduced to traditional black-and-white film photography practices and darkroom techniques in the first half of the semester to understand the foundations of photography. In the second half of the semester, students will be working with modern-day digital techniques, exploring post production in Photoshop, and printing archival digital images. The act of seeing and formulating expression through light, exposure, and composition will be developed.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

ARTS 109 - Ceramics I

ARTS 109 - Ceramics I

3 Credit Hours

Combining both theory and practice, an in-depth investigation of ceramic art, emphasizing the handbuilding techniques of pinch, coil and slab. Clay and glaze mixing, and various kiln-firing procedures are also explored, along with a historical overview.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

ARTS 111 - The Art Experience

ARTS 111 - The Art Experience

3 Credit Hours

The Art Experience is an introduction to visual arts literacy and criticism. The course provides experience in making art with two and/or three-dimensional design schemes and formal elements. The course gives a brief art-historical survey of significant works and movements to build art making and analysis skills. The role of art and artists in contemporary culture is also examined. For non-Art majors only.

Restrictions: May not be enrolled in one of the following Majors: Art Art

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

ARTS 112 - The Aesthetic Experience

ARTS 112 - The Aesthetic Experience

3 Credit Hours

The Aesthetic Experience focuses on the historical narrative in the visual arts. Through slide lectures, films, exhibitions, site visits and readings, students become familiar with the identification and understanding of visual aesthetics and criticism. Students learn to formally analyze works of art and to conduct research on artists in order to deepen their appreciation for the arts disciplines. For non-art majors only.

Restrictions: May not be enrolled in one of the following Majors: Art Art

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Art

ARTS 113 - Art in Rome

ARTS 113 - Art in Rome

3 Credit Hours

This summer study abroad course introduces students to the art and architectural wonders of Rome spanning ancient to modern times. The course involves drawing or writing onsite several days a week at sites such as the Roman Forum, Vatican, St. Peter's, the Borghese, Capitoline, Doria Pamphilj, and Barberini galleries. Students who are not drawing will be writing visual analyses, and are expected to keep a journal. Field visits to other Italian cities such as Florence, Siena and Assisi are included, and other visits are often arranged

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Art

ARTS 116 - Designing on Silk

ARTS 116 - Designing on Silk

0 - 3 Credit Hours

This workshop offers artists, educators and interested individuals an opportunity to learn different methods of dyeing silk to create textile designs and art to wear. Surface design techniques will be utilized including, Batik, Low water immersion dyeing, Shibori, painting with dye and inks, stamping, quilting, and color removal. Students will be encouraged to explore individual interests to achieve a personal body of work. May be taken to fulfill Fine Arts requirement.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Art

ARTS 119 - The Potter's Wheel

ARTS 119 - The Potter's Wheel

3 Credit Hours

An in-depth investigation of working on the potter's wheel (throwing), emphasizing form and function. Clay and glaze mixing, as well as kiln firing procedures will be explored. This course is for non-majors, or majors by permission of instructor.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Art

ARTS 126 - Creative Vessels

ARTS 126 - Creative Vessels

3 Credit Hours

This workshop is for anyone interested in exploring their creative spirit. Through exploration and experimentation with mixed-media sculpture, students will gather natural materials, found objects and use commercially made materials to create three-dimensional vessels. A variety of construction techniques will be taught, including weaving natural materials and reed, coiling, handmade silk paper, and wire. Surface design techniques, including drawing, painting, printing, dyeing, and color removal will be encouraged to further enhance a personal statement. May be taken to fulfill Fine Arts requirement.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Art

ARTS 142 - Graphic Design I

ARTS 142 - Graphic Design I

3 Credit Hours

An introduction to Graphic Design. Students learn the basics of typography, page layout, and branding. Projects include: Alphabet (typography), Portfolio (grid system), Logo (Iconography), and Pattern. The basics of Adobe Illustrator and InDesign are also covered in this course. Students are introduced to the design process and become capable of generating quality research, sketches, rough drafts, final deliverables, and collateral. Students begin developing critical thinking skills in order to develop creative solutions to their projects.

Course Attributes: +Cost over \$40, Creative Perspectives

Levels: Undergraduate

College of Arts & Sciences Art

ARTS 152 - Illustration I

ARTS 152 - Illustration I

3 Credit Hours

This studio course offers an introduction to a variety of media and techniques used in illustration. Instructor demonstrates manual techniques and several digital media applications for reference. Students learn how to shoot photo reference, thumbnail, develop ideas and collaborate with graphic design students as well as an overview of major illustrators. Students will complete a number of assignments that are set up as real jobs resulting in a portfolio of works. The portfolio consists of editorial, advertising, institutional work (book and music) as well as a self-promotional piece.

Course Attributes: Creative Perspectives

Levels: Undergraduate

College of Arts & Sciences Art

ARTS 202 - Drawing II

ARTS 202 - Drawing II

3 Credit Hours

An extensive drawing course that investigates all major bones and superficial muscles to provide a base of anatomical understanding representing the human body. The emphasis is on joint movement, proportions and planar description of form. Areas of the body are divided into 3D mass conceptions, bone, muscle and joint descriptions. Students learn how inner anatomy affects superficial form and apply their understanding in accurately developed drawings from the nude model.

Prerequisites: Undergraduate level ARTS102 Minimum grade of C- or Graduate level EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 203 - Painting II

ARTS 203 - Painting II

3 Credit Hours

This course builds on Painting I and introduces how to build wooden stretchers and other supports, how to make grounds and painting mediums base on traditional practices and recipes. Painting II encourages conceptual development and expects the student to begin defining areas of thematic interest utilizing the human form while strengthening technical facility. Material experimentation using egg tempera is also introduced.

Prerequisites: Undergraduate level ARTS103 Minimum grade of C- or Graduate level EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 204 - Printmaking II

ARTS 204 - Printmaking II

3 Credit Hours

The continuing investigation of print media begun in ARTS 104 with the potential to explore new print media. Students will achieve further technical experience (multi-color printing) while increasing their range of content, scale, and productivity. Student studio maintenance and materials preparation are stressed.

Prerequisites: Undergraduate level ARTS104 Minimum grade of C-

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 205 - Figure Modeling

ARTS 205 - Figure Modeling

3 Credit Hours

Modeling in clay from the nude model. Developing observational skills, eye-hand coordination in modeling a complex three dimensional form. Strong life drawing component desirable. Study of the human body and anatomy. Mold making and casting in non-ferrous materials may be done with selected projects.

Prerequisites: Undergraduate level ARTS107 Minimum grade of C- or Graduate level EDMS999

Course Attributes: Creative Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 206 - Fiber Arts II

ARTS 206 - Fiber Arts II

3 Credit Hours

Students completing one introductory semester may register for this class to further explore fiber techniques. A student who has completed the off-loom semester may register for the on-loom fiber experience. A student who has completed the on-loom semester may register for the off-loom fiber experience.

Prerequisites: Undergraduate level ARTS106 Minimum grade of C- or Graduate level EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 207 - Sculpture II

ARTS 207 - Sculpture II

3 Credit Hours

This course is comprised of advanced wood and metal fabrication, and casting processes. Power tools and equipment will be used in metal fabrication and construction, additive and subtractive wood processes, and various casting techniques.

Prerequisites: Undergraduate level ARTS107 Minimum grade of C- or Graduate level EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 208 - Photography II

ARTS 208 - Photography II

3 Credit Hours

Photography II explores intermediate techniques of the photographic medium. Students will be challenged to use photography more conceptually to express and navigate the images they capture and create. Ethics, theory, aesthetics, advanced techniques, and sequencing will be discussed regularly. Students will be introduced to more contemporaries of the medium, advanced editing and printing techniques, and an introduction to studio lighting.

Prerequisites: Undergraduate level ARTS108 Minimum grade of C-

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 209 - Ceramics II

ARTS 209 - Ceramics II

3 Credit Hours

Offered to students who have completed ARTS 109, beginning handbuilding in the ceramic medium. Students have two choices: they can choose to examine handbuilding on an advanced level, constructing on a larger scale while also exploring content and meaningful subject matter in their work. Or, students can also choose to investigate the potter's wheel, and learn to throw various forms while exploring both form and function. Involvement in all areas of studio operations is required.

Prerequisites: Undergraduate level ARTS109 Minimum grade of C- or Graduate level EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 213 - Incarnating Totem & Taboo

ARTS 213 - Incarnating Totem & Taboo

3 Credit Hours

A study which frames ethical questions concerning pragmatic issues in the making, collecting, curating, and viewing of visual art, and fulfilling the E/RS Focus elective.

Prerequisites: (Undergraduate level PHIL100 Minimum grade of D and Undergraduate level THEO111 Minimum grade of D) or Graduate level EDMS999

Course Attributes: ERS Focus Elective, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 214 - Technology For Artists

ARTS 214 - Technology For Artists

3 Credit Hours

Students are introduced to the fundamental technological skills and programs. This class is for both designers and artists in general to prepare them with basic technological skills. Some of these skills include digital creation and manipulation using the latest computer applications. Students learn vector-based design as well as pixel-based technologies. Other technical skills focus on making presentations, creating digital artwork, using digital tablets, archiving projects, scanning and creating multiple-page pdfs.

Course Attributes: Creative Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 215 - Web Design

ARTS 215 - Web Design

3 Credit Hours

An introduction to researching, planning, and producing websites for a range of clients. Students use different tools to conceive, develop, layout, design, and implement their website and related media. Students are expected to have a beginning proficiency in Adobe Photoshop or Adobe Illustrator. Emphasis will be on the design and aesthetic aspects of web design, not just the technical aspects. Students will creatively produce a website including considerations of typography, color, branding, and layout. Students also install and modify a blog utilizing skills in HTML and CSS. Topics studied will also include: Page Ranking, Web Advertising, Video, and Domain names and Hosting.

This course should interest various disciplines: computer graphics, photography, video, film, the visual arts, and education.

Course Attributes: +Cost over \$40, Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 221 - Early & Middle Childhood Art

ARTS 221 - Early & Middle Childhood Art

3 Credit Hours

A comprehensive introduction to art education at the elementary school level employing both theory and practice. The creative and mental stages of development are emphasized. Course not open to Freshmen.

Restrictions: May not be enrolled as the following Classifications: Freshman

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 222 - Art in Early Childhood Educ

ARTS 222 - Art in Early Childhood Educ

3 Credit Hours

Art production techniques, art appreciation, history and aesthetics. Active emphasis on age appropriate (3-8) art activities as well as the student's own artistic development.

Restrictions: May not be enrolled in one of the following Majors: Art Art

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 223 - Secondary School Art

ARTS 223 - Secondary School Art

3 Credit Hours

A thorough investigation of the instructional techniques, resources and philosophies necessary in teaching art at the secondary level.

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 242 - Graphic Design II

ARTS 242 - Graphic Design II

3 Credit Hours

The course builds on skills acquired in the ARTS 142 Graphic Design I. Students gain an intermediary understanding of typography, layout, and branding. Projects include: lettermark, historical poster, and album cover design. One elective project allows designers to focus on a particular track of study. This course develops the ability to work with real clients in addition to collaborating with other marketing classes on specific creative briefs. Students develop intermediary critical thinking skills in order to develop creative solutions to their projects.

Prerequisites: Undergraduate level ARTS142 Minimum grade of C- or Graduate level EDMS999

Restrictions: Must be enrolled in one of the following Majors: Art Art

Course Attributes: +Cost over \$40

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 252 - Illustration II

ARTS 252 - Illustration II

3 Credit Hours

This course focuses on strengthening technical and conceptual skills, with the expectation that the student will identify area of interest and complete more focus in those areas going beyond the work completed in Illustration I. Student proposes, develops and executes bodies of work in consultation with instructor.

Prerequisites: Undergraduate level ARTS152 Minimum grade of C

Restrictions: Must be enrolled in one of the following Fields of Study (Major, Minor, or Concentration): Art Art History Graphic Design

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 270 - History of Art I

ARTS 270 - History of Art I

3 Credit Hours

A survey of art and architecture from its prehistoric beginnings through the Middle Ages.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 271 - History of Art II

ARTS 271 - History of Art II

3 Credit Hours

A survey of western art and architecture from the Renaissance to the present.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 272 - Art of the 20th Century

ARTS 272 - Art of the 20th Century

3 Credit Hours

A study of European and American art and architecture from late 1800s to the present.

Course Attributes: Creative Perspectives, Gender & Diversity Studies

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 273 - History of American Art

ARTS 273 - History of American Art

3 Credit Hours

A study of art and architecture in America beginning with the works of indigenous North Americans through to the present with emphasis on the diversity of artistic influences that have shaped this nation\2019s art story.

Course Attributes: Creative Perspectives, Gender & Diversity Studies

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 274 - Women, Art & Society

ARTS 274 - Women, Art & Society

3 Credit Hours

A historical survey of women artists from pre-history to the twentieth century. Socio-political, psychological, economic issues, and themes affecting women's participation in the visual arts are examined. A multi-cultural and multi-media perspective, giving full attention to the diversity of women's ways of creating art is utilized.

Course Attributes: Creative Perspectives, Diversity Flag, Fine Arts Old/Transition Core, Gender & Diversity Studies, GDST Women and Gender Conc

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 275 - Sacred Art-Christian Perspect

ARTS 275 - Sacred Art-Christian Perspect

3 Credit Hours

A specific study of Judeo-Christian imagery in the visual arts ranging from the earliest pre-Christian Roman catacomb art to contemporary Christian art. Special emphasis

will be placed upon Christian adaptation of pagan and Jewish symbolism.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 276 - Art of the Enlightenment

ARTS 276 - Art of the Enlightenment

3 Credit Hours

Visual art is one of the ultimate expressions of any culture and the artifacts thereof leave the longest standing record of these diverse expressions in human history. This course is designed to introduce the student to a select study of western art during one of the most dynamic periods of history.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 277 - History of Graphic Design

ARTS 277 - History of Graphic Design

3 Credit Hours

This survey begins with a general overview of the graphic arts' prehistory through manuscript illumination of the medieval period. With the invention of woodcut, engraving and the Gutenberg press in the 15th Century, the development of graphic arts blossoms full force. The course covers the major trends of printmaking and graphic design as they progress in tandem propagating ideas and events of the period. By the 19th Century further developments in mass print production of newspapers, magazines and posters create the visual communications model to which we generally still subscribe in the modern era. Major 20th Century movements such as Arts and Crafts, Art Nouveau, DADA, Constructivism, Bauhaus, De Stijl, and Expressionism contribute to the importance of populist Graphic Design in public communications. Trends in the graphic arts from 1960s on, including PostModernism, complete the overview leading to the advent of digital design at the turn of the 21st Century.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 280 - Topics in Contemporary Art

ARTS 280 - Topics in Contemporary Art

3 Credit Hours

A seminar course investigating the driving forces and trends in the art scene from the seventies to the present in Europe and North America. Special emphasis on criticism and postmodern issues. Counts as an art history requirement for art majors and minors.

Prerequisites: Undergraduate level ARTS271 Minimum grade of C

Restrictions: Must be enrolled in one of the following Majors: Art Art

Levels: Graduate Undergraduate

ARTS 302 - Drawing III

ARTS 302 - Drawing III

3 Credit Hours

An extensive drawing course, which uses the human form as primary subject matter. From formal and technical points, Drawing III covers a variety of color media including pastel, watercolor and gouache as well as other media. Conceptually the course encourages traditional and recent approaches using the figure to raise questions of identity, man's relationship to one another, to nature, to technology and other topics associated with the human condition.

Prerequisites: (Undergraduate level ARTS102 Minimum grade of C- and Undergraduate level ARTS202 Minimum grade of C-) or EDMS999

Levels: Graduate Undergraduate

ARTS 303 - Painting III

ARTS 303 - Painting III

3 Credit Hours

Advanced studies in the medium of choice from ARTS 103 or ARTS 203. Student is expected to nurture an integrated personal vision at a level qualitatively beyond previous involvement in the field of painting.

Prerequisites: (Undergraduate level ARTS103 Minimum grade of C- and Undergraduate level ARTS203 Minimum grade of C-) or EDMS999

Levels: Graduate Undergraduate

ARTS 304 - Printmaking III

ARTS 304 - Printmaking III

3 Credit Hours

The continuing investigation of previous print media including any area not yet experienced. Students are expected to initiate individual direction for their work with particular emphasis on serially developing their ideas. Students are encouraged to utilize mixed print media as well as other media. Experimentation is stressed.

Prerequisites: (Undergraduate level ARTS104 Minimum grade of C- and Undergraduate level ARTS204 Minimum grade of C-) or EDMS999

Restrictions: Must be enrolled in one of the following Majors: Art Art

Levels: Graduate Undergraduate

ARTS 306 - Fiber Arts III

ARTS 306 - Fiber Arts III

3 Credit Hours

This course is a continuing exploration of structure and technique including two and three dimensional forms. The primary emphasis is on the development of a personal vision in fibers. Students will build on introductory fiber techniques and experiences, focusing on a particular fiber medium or a mixed-media approach to fibers.

Prerequisites: (Undergraduate level ARTS106 Minimum grade of C- and Undergraduate level ARTS206 Minimum grade of C-) or EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 307 - Sculpture III

ARTS 307 - Sculpture III

3 Credit Hours

This course explores the visual and expressive qualities of assemblage, found objects, conceptual and process art. Projects will explore concepts and ideas within these forms. Students may choose diverse materials, mediums, and processes employed in their projects.

Prerequisites: Undergraduate level ARTS207 Minimum grade of C-

Restrictions: Must be enrolled in one of the following Majors: Art Art

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 308 - Photography III

ARTS 308 - Photography III

3 Credit Hours

Photography III explores professional practices of photography as a career, while continued development of craft and skills focuses on the idea of photography as a fine art. Students will work with a local nonprofit or small business as a photo team under the professor's direction to develop content for a campaign and/or social media take-over. Development of a portfolio, more advanced shooting, lighting, conceptualizing of ideas and editing techniques will continue.

Prerequisites: Undergraduate level ARTS108 Minimum grade of C- and Undergraduate level ARTS208 Minimum grade of C-

Levels: Undergraduate

College of Arts & Sciences Art

ARTS 309 - Ceramics III

ARTS 309 - Ceramics III

3 Credit Hours

An advanced level of study in the ceramic medium, either in handbuilding or with the potter's wheel. After two semesters of exploration and experimentation, students will begin to master advanced methods of clay construction, emphasizing content and good craftsmanship. Students are expected to take charge of all areas of studio management.

Prerequisites: (Undergraduate level ARTS109 Minimum grade of C- and Undergraduate level ARTS209 Minimum grade of C-) or EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 315 - Advanced Web Design

ARTS 315 - Advanced Web Design

3 Credit Hours

Advanced Web Design builds upon the skills learned in ARTS 215 Web Design by applying those skills to real world scenarios and clients. The User experience will also be a central topic. Students will demonstrate advanced knowledge in the following technologies: HTML, CSS, Wordpress, and Elementor. Students will also learn and demonstrate a basic knowledge of these additional technologies: Ecommerce solutions, Shopping Carts, online form creation, web analytics, HTML emails. Students will be expected to be self-motivated as they research and implement additional technologies not covered in class lectures and demonstrations.

Prerequisites: ARTS215

Course Attributes: +Cost over \$40

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 342 - Graphic Design III

ARTS 342 - Graphic Design III

3 Credit Hours

The course builds on skills acquired in the ARTS 242 Graphic Design II course. Students learn how to design for packaging and 3-dimensional structures. Projects include: Eco-friendly packaging and Restaurant branding. Two elective projects allow designers to focus on a particular track of study. This course develops the ability to work with real clients in addition to collaborating with other marketing classes on specific creative briefs. This course develops craftsmanship and the ability to prototype. Students develop advanced critical thinking skills in order to develop creative solutions to their projects.

Prerequisites: (Undergraduate level ARTS142 Minimum grade of C- and Undergraduate level ARTS242 Minimum grade of C-) or EDMS999

Restrictions: Must be enrolled in one of the following Majors: Art Art

Course Attributes: +Cost over \$40

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 402 - Drawing IV

ARTS 402 - Drawing IV

3 Credit Hours

Thematic Series. Primary focus is on developing a body of work which challenges the artist's imagination, sustains a high level of ambition, and sets a new standard of excellence for the creator and others. Pre-requisite: ARTS 102, ARTS 202, and ARTS 302.

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 403 - Painting IV

ARTS 403 - Painting IV

3 Credit Hours

Advanced studies in the same medium of choice as in ARTS 303 to establish a mastery of said medium. Student is expected to produce a thematic body of work. Pre-requisite: ARTS 103, ARTS 203, and ARTS 303.

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 404 - Printmaking IV

ARTS 404 - Printmaking IV

3 Credit Hours

The continuing investigation of previous print media including any area not yet experienced. Advanced skills are emphasized in the student's print media of choice. Understanding and control of procedures of drawing, processing and printing continue to be stressed. Students originate and produce a series (suite) of prints expressive of a certain theme or idea. Pre-requisite: ARTS 104, ARTS 204, and ARTS 304.

Restrictions: Must be enrolled in one of the following Majors: Art Art

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 406 - Fiber Arts IV

ARTS 406 - Fiber Arts IV

3 Credit Hours

This course is an advanced study of fiber art techniques, encouraging the student's investigation and exploration of their personal artistic statement. The emphasis is on individual exploration and growth in fiber art, promoting creative thinking and self-evaluation. Pre-requisite: ARTS 106, ARTS 206, and ARTS 306 or permission of instructor

Prerequisites: Undergraduate level ARTS306 Minimum grade of C-

Levels: Graduate Undergraduate

College of Arts & Sciences Art

ARTS 407 - Sculpture IV

ARTS 407 - Sculpture IV

3 Credit Hours

This course encourages exploration and research for a personal style and direction in sculpture. Projects will continue to include wood, metal and casting processes, allowing students to develop an individual body of work, expressing their own personalized vision. Pre-requisite: ARTS 107, ARTS 207, and ARTS 307.

Restrictions: Must be enrolled in one of the following Fields of Study (Major, Minor, or Concentration): Art

Levels: Graduate Undergraduate

ARTS 408 - Photography IV

ARTS 408 - Photography IV

3 Credit Hours

Photography IV continues to push boundaries of conceptualizing ideas for commercial and \201Cfine art\201D outlets, while experiencing more professional practice opportunities with photography as a career. Students will continue to explore personal expression through the photographic medium, developing concepts from idea to final installation/print, and participate in presentations and critiques with students and professionals outside of the university. Students may be tasked to create a social media takeover with one local small business and/or nonprofit, as well as to enter their work into competitions. Students will engage with advanced techniques, creating a professional portfolio and line items for their curriculum vitae.

Levels: Graduate Undergraduate

ARTS 409 - Ceramics IV

ARTS 409 - Ceramics IV

3 Credit Hours

A deeper investigation of either throwing or handbuilding, and a continued exploration of a student-initiated series or body of work. Students will master technical skills, continue to nurture a personal vision, while beginning to develop a thesis. Continued responsibility for all aspects of studio management is required.

Prerequisites: Undergraduate level ARTS109 Minimum grade of C- and Undergraduate level ARTS209 Minimum grade of C- and Undergraduate level ARTS309 Minimum grade of C-

Levels: Graduate Undergraduate

ARTS 441 - Junior Seminar

ARTS 441 - Junior Seminar

3 Credit Hours

A study of the practical aspects and concerns of aspiring artists in the contemporary art scene, including its trends, patterns and venues. Provides graduating students with essential skills and knowledge to function as a practicing artist outside of the college environment. Art majors only, usually in senior year.

Restrictions: Must be enrolled in one of the following Majors: Art Art Graphic Design

Levels: Graduate Undergraduate

ARTS 442 - Graphic Design IV

ARTS 442 - Graphic Design IV

3 Credit Hours

The course builds on skills acquired in the ARTS 242 & 342 Graphic Design courses. Students learn and apply advanced typography skills to a variety of applications. Students also learn the basics of Adobe AfterEffects through a motion design project. Projects include: Magazine and Information graphics. Two elective projects allow designers to focus on a particular track of study. This course develops the ability to work with real clients in addition to collaborating with other marketing classes on specific creative briefs. Students prepare for their careers by learning about the business of design and engaging in portfolio reviews.

College of Arts & Sciences Classics & Modern Languages

ASLN 210 - Deaf Lab

ASLN 210 - Deaf Lab

0 Credit Hours

Students in beginning and intermediate ASLN courses are required to attend the Deaf Lab for a minimum of six hours each course, and both attendance and participation are calculated as part of their overall grade in ASLN 101, 102, 201, and 202.

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

ASLN 290 - Deafness Origins & Orientation

ASLN 290 - Deafness Origins & Orientation

3 Credit Hours

This course will introduce students to the evolution of the Deaf culture, in particular to major concepts about and issues facing the Deaf community, and to psychological and social aspects of Deafness. Students will learn about the acquisition of sign language, and behavioral norms, values, and traditions of the Deaf. Students will study the impact of influential Deaf individuals such as Thomas Gallaudet, Marlee Matlin, and Laurent Clerc and their accomplishments in raising awareness of the unique problems that face members of the Deaf community. Secondary areas of study include linguistics, creative arts, and literature as they apply to Deaf culture and the Deaf community. Most lectures and discussions will be presented both orally and through signing, which will supplement students' ability in the language.

Prerequisites: ASLN101 and ASLN102

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

ASLN 291 - Deafness Culture & Community

ASLN 291 - Deafness Culture & Community

3 Credit Hours

This course advances the factual knowledge of the evolution of the Deaf culture for students in the Deaf Studies minor. Students will hone their knowledge of sign language acquisition, behavioral norms, values, and traditions of the Deaf. Students will focus on sign language vocabulary geared towards professions such as nursing, occupational therapy, education, psychology, and criminal justice, while mastering daily sign language conversational skills. Students will also learn the importance of the national organizations of the Deaf and of the achievements of Deaf advocacy groups protecting the rights of Deaf people. Linguistics, creative arts, and literature as they apply to Deaf culture and the deaf community will be studied in greater depth.

Prerequisites: ASLN101 and ASLN102 and ASLN290

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

ASLN 298 - Community Based Learning

ASLN 298 - Community Based Learning

1 Credit Hours

Community-Based Learning (CBL) connects students in the Deaf Studies Minor with organizations, agencies, schools and others in the Cincinnati area that serve the needs of or interact regularly with Deaf individuals. The Deaf Studies director brings to campus representatives from area organizations, agencies, and schools that work with or involve deaf individuals; these representatives are matched with students based on their interests and major studies to discuss ways to serve the deaf community. Participation in a CBL Cooperative is designed to serve as a resource that helps students understand the perspectives of deaf individuals and is intended to motivate students to become used to interacting with individuals in the deaf community. CBL will also raise students' willingness to engage in complex conversations and raise social and cultural awareness of issues facing the Deaf community.

Prerequisites: ASLN101 and ASLN102

Restrictions: Must be enrolled in one of the following Minors: Deaf Studies

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

BAIS 100 - Business Computer Applications

BAIS 100 - Business Computer Applications

1 Credit Hours

A computer-based training course for developing core competencies using productivity tools relevant for business applications.

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 120 - Introduction to Business Tech

BAIS 120 - Introduction to Business Tech

1 Credit Hours

This course will provide students with necessary skills in file management, Web development, using Internet resources for research, and using Microsoft Excel for business applications.

Course Attributes: 100 Percent Online No Set Meet, Undergraduate Half Term Course

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 210 - Quantitative Methods

BAIS 210 - Quantitative Methods

3 Credit Hours

This course is designed to make students familiar with: descriptive statistics, basic probability, normal distribution, confidence intervals, correlation, hypothesis tests, and analysis of categorical data within the context of business data; including the use of technology appropriate to business applications of these statistical concepts.

Course Attributes: Quantitative Reason Flag Full

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 211 - Intro to Business Analytics

BAIS 211 - Intro to Business Analytics

3 Credit Hours

An applied overview of business analytics which includes data visualization, statistical inference, simple & multiple regression techniques, decision analysis and spreadsheet modelling. Additional topics include what if analysis and introductory linear optimization.

Prerequisites: MATH156 or BAIS210 or STAT210

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 220 - Mgmt of Info Tech

BAIS 220 - Mgmt of Info Tech

3 Credit Hours

An introduction to the theory and the applications of computer based information systems in organizations with an emphasis on the management of modern information technologies used to support business. This course also includes problem solving with spreadsheets and databases.

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 302 - Intro to Ops & Supply Chain Mg

BAIS 302 - Intro to Ops & Supply Chain Mg

3 Credit Hours

An introduction to quality and operations topics and management science techniques. Topics include goals of service and production operations, optimization, project scheduling, simple quality tools, inventory models, simulation, supply chain management, and waiting line models. Continual improvement of operations is stressed.

Prerequisites: (INFO200 or INFO220 or INFO301 or BAIS200 or BAIS220 or BAIS301) and (MATH156 or STAT210 or BAIS210)

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 303 - Internship / Info Syst Jr

BAIS 303 - Internship / Info Syst Jr

3 Credit Hours

An elective cooperative experience where students earn academic credit while performing approved information systems-related work experience. Student must have 55 credit hours completed, 2.750 GPA, department approval required.

Prerequisites: Undergraduate level MGMT301 Minimum grade of D

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 310 - Business to Business Marketing

BAIS 310 - Business to Business Marketing

3 Credit Hours

Dynamics of marketing from a business to a business. Buyer behavior and market structure are analyzed in the context of the 4Ps.

Prerequisites: MKTG300

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 311 - Sabermetrics

BAIS 311 - Sabermetrics

3 Credit Hours

This course is designed to introduce students to analytical analysis using baseball data. It covers the theory and the fundamentals of the emerging science of Sabermetrics. Using baseball data, the basics of descriptive and inferential statistics, data visualization, and database usage will be covered.

Prerequisites: STAT211 or BAIS211

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 328 - Database Management

BAIS 328 - Database Management

3 Credit Hours

This is an introductory survey course in database concepts, history, evolving trends, design and implementation. There will be a conceptual portion and a "hands-on" development portion of the course. This course is designed to be a fundamentals course.

Prerequisites: Undergraduate level INFO200 Minimum grade of D or Undergraduate level BAIS200 Minimum grade of D

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 329 - Data Mining

BAIS 329 - Data Mining

3 Credit Hours

The students will receive an introduction to the basic theory, tools and techniques of data mining, including prediction, associations, clustering, and recommendation systems. The course will be delivered from two points of view: the technological view and the marketing management view. The students will use data mining tools when doing their team projects for customer relationship management.

Prerequisites: INFO200 or INFO220 or BAIS200 or BAIS220

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 330 - Intro Robot Process Automation

BAIS 330 - Intro Robot Process Automation

3 Credit Hours

The course offers introductory knowledge and skills focused on the use of robots to achieve automation. Course content includes evaluating RPA applications, training in the project and process management skills and methodology business analysts use to meet business requirements using RPA, and hands-on use of software robots to automate business processes.

Prerequisites: BAIS220

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 333 - Global Supply Chain Mgmt

BAIS 333 - Global Supply Chain Mgmt

3 Credit Hours

This course provides undergraduate business students with a thorough introduction to the field of Supply Chain Management with an emphasis on current practice and emerging trends. Course topics will include supply chain design and strategies in a global business environment; selection and management of supply chain partners; inventory, warehousing, and materials management; logistics and transport systems; information flows and technology; and measurement of supply chain performance with regard to quality, responsiveness, cost, and sustainability.

Prerequisites: MGMT302

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 340 - Marketing & the Supply Chain

BAIS 340 - Marketing & the Supply Chain

3 Credit Hours

Of the four Ps of marketing, **place** (channels) is a particularly important source of competitive advantage. Marketing channels involve the processes and organizations by which products and services are made available for consumption. An overview of the supply chain and marketing channels of distribution is presented with the objective of understanding the various ways marketing channels are designed, developed, managed, and maintained.

Prerequisites: MKTG300

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 357 - Telecommunications & Networkin

BAIS 357 - Telecommunications & Networkin

3 Credit Hours

A study of data communications and networking theory and technologies. Students will be exposed to telecommunication configurations, network and web applications, wired and wireless architectures, topologies and protocols, installation and configuration of network and devices such as hubs, router, and bridges.

Prerequisites: INFO200 or INFO220 or BAIS200 or BAIS220

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 358 - Data Modeling and Management

BAIS 358 - Data Modeling and Management

3 Credit Hours

The study of the theory of modeling enterprise activities in terms of their data. Databases are implemented emphasizing the relational model.

Prerequisites: Undergraduate level INFO200 Minimum grade of D or Undergraduate level INFO220 Minimum grade of D or Undergraduate level BAIS200 Minimum grade of D or Undergraduate level BAIS220 Minimum grade of D

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 359 - Hardware, Software & Security

BAIS 359 - Hardware, Software & Security

3 Credit Hours

Provides an introductory overview of computer hardware, software and security on computers. Includes hardware components; troubleshooting, repair, and maintenance; operating systems interfaces and management tools; networking components, computer security; and operational procedures.

Prerequisites: INFO200 or INFO220 or BAIS200 or BAIS220

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 360 - Intro to Application Developmt

BAIS 360 - Intro to Application Developmt

3 Credit Hours

An introduction to object oriented programming logic, the concepts of structure, and problem solving concepts in an object oriented environment.

Prerequisites: Undergraduate level INFO200 Minimum grade of D or Undergraduate level INFO220 Minimum grade of D or Undergraduate level BAIS200 Minimum grade of D or Undergraduate level BAIS220 Minimum grade of D

Levels: Undergraduate

BAIS 362 - Intro Analytics Programming

BAIS 362 - Intro Analytics Programming

3 Credit Hours

Introduce students who have a basic understanding of computer concepts to programming languages currently being used by the business community. Contact the department for information on specific languages currently covered.

Prerequisites: BAIS211 and BAIS220

Levels: Undergraduate

BAIS 365 - Business Analytics

BAIS 365 - Business Analytics

3 Credit Hours

This course extends a students' basic Excel skill base and introduces the use of Excel to manage day-to-day business functions in the areas of finance, marketing, accounting, operations management, sales, and human resources. Through this course, students will develop a practical understanding of problem solving using spreadsheets. Topics covered will include retrieving data through the use of lookups, evaluating the financial impact of data, organization of data for analysis using data tables and Excel scenarios, enhancing decision making using Solver, and troubleshooting techniques that ensure error-free applications. Student must have previous Excel experience.

Levels: Undergraduate

BAIS 368 - Intro to Enterprise Systems

BAIS 368 - Intro to Enterprise Systems

3 Credit Hours

An introduction to the selection, implementation, management, and usage of enterprise-wide business application software. Students will gain hands on exposure to software that supports business processes and learn about the management issues that organizations face when adopting and integrating these systems.

Prerequisites: Undergraduate level INFO200 Minimum grade of D or Undergraduate level INFO220 Minimum grade of D or Undergraduate level BAIS200 Minimum grade of D or Undergraduate level BAIS220 Minimum grade of D

Levels: Undergraduate

BAIS 374 - Intro to Web Site Development

BAIS 374 - Intro to Web Site Development

3 Credit Hours

Tools and techniques for designing and developing quality Web pages with a concentration on the implementation of efficient and effective Web sites for personal use, small businesses, corporate offices, and entrepreneurial ventures.

Prerequisites: Undergraduate level INFO200 Minimum grade of D or Undergraduate level BAIS200 Minimum grade of D

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 378 - E-Business

BAIS 378 - E-Business

3 Credit Hours

Electronic commerce is an essential element for most modern businesses. This course will study all aspects of electronic commerce including the structure, organization, and use of the Internet as a means of conducting business. An emphasis will be placed on evaluating, organizing, and developing efficient models of electronic transactions.

Prerequisites: Undergraduate level INFO374 Minimum grade of D or Undergraduate level BAIS374 Minimum grade of D

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 389 - Data Visualization

BAIS 389 - Data Visualization

3 Credit Hours

Business Intelligence is a key solution needed to successfully compete in the business world. Companies realize that high quality information on their capabilities and those of the competition is essential for decision making to be competitive. BI refers to the use of computers to collect and analyze complex information about an organization and its competitors for use in decision making using applications such as dashboards and scorecards. In this course, students will work with popular industry BI tools, learn the fundamentals of BI and discover how BI applies to business.

Prerequisites: INFO220 or INFO200 or BAIS220 or BAIS200

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 403 - Internship / Info Syst Sr

BAIS 403 - Internship / Info Syst Sr

3 Credit Hours

An elective cooperative experience where students earn academic credit while performing approved information systems-related work experience. Student must have 55 credit hours completed, 2.750 GPA, departmental approval.

Prerequisites: Undergraduate level MGMT301 Minimum grade of D

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 420 - Information in Global Context

BAIS 420 - Information in Global Context

3 Credit Hours

Prerequisites: BAIS200 or INFO200

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 450 - Systems Analysis and Design

BAIS 450 - Systems Analysis and Design

3 Credit Hours

Structured tools and techniques for the development of computerized information systems with emphasis on the process involved in the analysis and design of the development process. Special emphasis will be placed on team development, on project management, and on quality control for the development of effective and efficient information systems.

Prerequisites: Undergraduate level FINC300 Minimum grade of D and Undergraduate level MGMT300 Minimum grade of D and Undergraduate level MKTG300 Minimum grade of D

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 459 - Fundamentals of Security

BAIS 459 - Fundamentals of Security

3 Credit Hours

Introduces basic computer and network security concepts and methodologies. Covers principles of security; compliance and operational security; threats and vulnerabilities; network security; application, data, and host security; access control and identity management; and cryptography. Helps to prepare students for the COMPTIA Security+ examination.

Prerequisites: BAIS220 and BAIS359

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 490 - Contemp Issues in Info Systems

BAIS 490 - Contemp Issues in Info Systems

3 Credit Hours

Current issues, developments and future trends in the advancement of information systems in business.

Restrictions: Must be enrolled in one of the following Classifications: Senior Junior

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 495 - System Development Project

BAIS 495 - System Development Project

3 Credit Hours

This capstone course is a direct follow-up to BAIS 450 in which student teams will apply skills and techniques from other BAIS and business courses for the purpose of implementing and delivering a computerized business information system.

Prerequisites: Undergraduate level INFO450 Minimum grade of D or Undergraduate level BAIS450 Minimum grade of D

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 496 - Business Analytics Capstone

BAIS 496 - Business Analytics Capstone

3 Credit Hours

A case-based, project-oriented approach to data driven decision making. This is the senior course ties together all the knowledge learned in the Business Analytics major into a senior project

Prerequisites: (INFO365 or BAIS365) and (INFO329 or BAIS329) and (INFO358 or BAIS358)

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 499 - Tutorial Course

BAIS 499 - Tutorial Course

1-3 Credit Hours

Research in scholarly journals on information systems.

Levels: Undergraduate

Williams College of Business Business Analytics & Info Syst

BAIS 500 - Business Statistics

BAIS 500 - Business Statistics

3 Credit Hours

Descriptive statistics, statistical inference, linear regression, auto correlation analysis and forecasting models.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

Williams College of Business Business Analytics & Info Syst

BAIS 550 - Business Information Systems

BAIS 550 - Business Information Systems

3 Credit Hours

The study of issues, methods, information, and technology involved in the creation and use of information systems in a corporate environment. The focus is on the manager's influence on the design, operation, control, and communication ability. Current organizational systems and technology are evaluated. Case studies are used

extensively as the content for individual and team activities. The course explores the implications created by technology as we continue to move into an information-based economy.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Colleges: Williams College of Business

Williams College of Business Business Analytics & Info Syst

BAIS 551 - Operational Analysis

BAIS 551 - Operational Analysis

3 Credit Hours

The purpose of this introductory course is to provide MBA students with a thorough introduction to the concepts and analytical skills of operations management needed to understand and improve the business of various organizations. The course aims to expand their managerial (soft) skills as well as hands-on analytical (hard) skills so that they understand how to deliver superior organizational performance in practical business settings. In particular, focus will be on developing student strategic thinking and critical thinking capabilities, in terms of how and when to implement tools of operations analysis, ensuring that enterprise resources are used as efficiently and effectively as possible.

Levels: Graduate

Williams College of Business Business Analytics & Info Syst

BAIS 605 - Applied Multivariate Analysis

BAIS 605 - Applied Multivariate Analysis

3 Credit Hours

This course is going to be very applied, focusing on some of the key concepts in analysis of multivariate problems. There will be an emphasis in this course on preparing data for analysis, analyzing said data, interpreting the results, and presenting the results to a target audience using the results to make decisions. The course will be delivered from both a technological view and a marketing/management view.

Prerequisites: BAIS660

Levels: Graduate

Williams College of Business Business Analytics & Info Syst

BAIS 620 - Info Systems & Global Society

BAIS 620 - Info Systems & Global Society

3 Credit Hours

This course focuses on social implications of information systems (IS) from global perspectives. This course primarily examines economic and organizational dimensions, cooperative and knowledge work, productivity, marketing, work life, electronic communities, privacy, safety, ethics and professionalism, IT and education, gender issues in IT, democracy and empowerment and other related topics. The course also explores the interaction of race, gender, and class in structuring the consumption and production of information systems in a variety of domains. The course is designed for graduate students with interest in (1) the development, implementation and management of information systems in diverse environments (2) contemporary diverse organizational environment and (3) how Information and communication technology shape and are shaped by organizations. The course expands the issues of domestic business operations to include global issues like time, standards, regulations, identity and culture. The course extensively covers social issues in information systems especially as they affect productivity, marketing, online community, social media, e-commerce and cross-cultural IS projects. These issues will be discussed through lecture and assigned readings, case examples (discussions), group projects and presentations.

BAIS 633 - Global Supply Chain Mgmt

BAIS 633 - Global Supply Chain Mgmt

3 Credit Hours

This is a graduate level management course offered to provide students with a practical, stimulating learning experience on strategic insights and tactical skills for designing and improving global supply chains, with an emphasis on problem-solving skills and international perspectives.

Levels: Graduate

BAIS 635 - Strategic Sourcing

BAIS 635 - Strategic Sourcing

3 Credit Hours

Firms are trying their best to find ways to improve their performance in today's increasingly competitive and globalized world. Sourcing and purchasing plays a key role in a firm's ability to be more efficient, more profitable, and more competitive. It has great impact on a firm's performance and overall competitiveness. It impacts all functional activities of a firm, including marketing and sales, customer service, manufacturing planning and control, inventory management, quality management, product design, human resource management, technology management, financial planning, and e-commerce activities. During this course, through a combination of case analyses, projects, and article reviews, we will examine the major sourcing and purchasing concepts and issues, including purchasing process and strategy, supply management integration, supplier evaluation, selection and development, worldwide sourcing, cost management, contract management, risk management, negotiation, sourcing proposals analysis, and sourcing/purchasing information systems. Additionally, we will also explore the legal and ethical issues surrounding the sourcing/purchasing decisions.

Levels: Graduate

BAIS 650 - Managing the Network Economy

BAIS 650 - Managing the Network Economy

3 Credit Hours

This course will focus on the study of the principles and techniques used in managing information systems and organizational change projects. The course will introduce the use of scheduling, resource-allocation, and capacity planning in the design, development, and implementation of information systems.

Restrictions: Must be enrolled in one of the following Programs: Master of Business Admin Must be enrolled in one of the following Levels: Graduate

BAIS 689 - Data Visualization

BAIS 689 - Data Visualization

3 Credit Hours

We live in a data-rich world in which seemingly simple visualizations represent complex realities. Data has the potential to inform decision-making and influence public or corporate policy, and when visualized with appropriate context, data has the power to be an impetus for change in the world. In this hands-on introduction to data visualization, key design principles and techniques for interactively visualizing data will be introduced. The major goals of this course are to understand how visual representations can help in the analysis and understanding of complex data, how to design effective visualizations, how to create interactive dashboards & visualizations and how to storyboard and effectively communicate using visualization. By the end of the semester, students will be able to use visualization to discover insights in data. Students will be able to choose appropriate visualizations to perform exploratory analysis and investigate data, and create explanatory visualizations to communicate findings. To do this, students will leverage knowledge of a collection of different visualization techniques along with understanding of how to appropriately apply them and optimize their appearance for clarity and integrity

2 Credit Hours

The scientific method has resulted in historically unprecedented changes in our world. In this course you will learn how science proceeds, and practice the scientific method yourself in a weekly laboratory experience. You will learn the qualities of a good hypothesis or model, how to assess its validity, the significance of a scientific theory, and the elusiveness of proof. On completing the course, you will be better able to understand and evaluate scientific or pseudoscientific claims that have direct impacts on your personal and professional life. You will explore the scientific method with the nature of disease as backdrop. You will explore the causes, treatment and prevention of diseases along with their evolution. We will look at infectious, and genetic diseases, as well as those with environmental causes. Some of the specific diseases we will explore include Ebola, AIDS, food poisoning, bubonic plague, cystic fibrosis, ulcers, alcoholism, obesity and cancer. You will also have the opportunity to choose your own diseases to explore.

Co-requisites: BIOL124

Course Attributes: Nat Sci Elect Lecture New Core, Scientific Perspectives Lect

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 106 - Life: Biology of Aging

BIOL 106 - Life: Biology of Aging

2 Credit Hours

This course will discuss and examine the current understanding of the aging process from the biological viewpoint with an emphasis on the anatomy and physiology of human

organ systems.

Co-requisites: BIOL107

Course Attributes: Biology Lect Old/Trans Core, Nat Sci Elect Lecture New Core

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 107 - Life: Biology of Aging Lab

BIOL 107 - Life: Biology of Aging Lab

1 Credit Hours

This course will involve the study of the anatomy and physiology of human organ systems to investigate the process of aging. It will utilize prosected cadavers to strengthen the understanding of topics discussed in lecture.

Co-requisites: BIOL106

Course Attributes: Nat Sci Elect Lab New Core

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 110 - Life: Human Reproduction Today

BIOL 110 - Life: Human Reproduction Today

2 Credit Hours

Study of the anatomy and physiology of traditional reproduction and the newer technologies that allow the manipulation of human fertility, like in vitro fertilization, and discussions of embryonic stem cells, cloning, and gene therapy.

Prerequisites: Undergraduate level PHIL100 Minimum grade of D and Undergraduate level THEO111 Minimum grade of D

Co-requisites: BIOL133

Course Attributes: Biology Lect Old/Trans Core, ERS Focus Elective, Nat Sci Elect Lecture New Core, Scientific Perspectives Lect

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 112 - Life: Growing & Evolving

BIOL 112 - Life: Growing & Evolving

2 Credit Hours

Study of the process of organic evolution and how it has resulted in the structural, functional, and genetic diversity of organisms, with focus on recent advances and major events in the history of life.

Co-requisites: BIOL113

Course Attributes: Biology Lect Old/Trans Core, Nat Sci Elect Lecture New Core, Scientific Perspectives Lect

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 114 - Irish Biodiversity

BIOL 114 - Irish Biodiversity

2 Credit Hours

This course will introduce students to the evolutionary development and current distribution of organisms in the modern ecosystems of Ireland. We will travel through rural Ireland and visit a diversity of biological communities including peat bogs, oak forests, freshwater lakes, and rocky coastlines. One of the goals of the course is to introduce students to the classification of a diversity of organisms in the context of their evolutionary history. We also discuss the challenges and benefits of conserving biodiversity.

Co-requisites: BIOL115

Course Attributes: Biology Lect Old/Trans Core, Nat Sci Elect Lecture New Core, Scientific Perspectives Lect

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 115 - Life:Biodiversity Ireland Lab

BIOL 115 - Life:Biodiversity Ireland Lab

1 Credit Hours

This course will introduce students to the scientific investigation of biodiversity in Ireland. It is a companion course for BIOL 114. The goals of this course are to have students (1) understand the practical methods scientists use to investigate aspects of biodiversity and conservation of organisms and (2) learn to recognize and categorize organisms encountered in the field.

Co-requisites: BIOL114

Course Attributes: Biology Lab Old/Trans Core, Nat Sci Elect Lab New Core, Scientific Perspectives Lab

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 116 - Life: Microbes & Humans

BIOL 116 - Life: Microbes & Humans

2 Credit Hours

Study of microbes (bacteria, viruses, protozoa) and their impact on human society.

Course Attributes: Biology Lect Old/Trans Core

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 117 - Life: Current Topics Lab

BIOL 117 - Life: Current Topics Lab

1 Credit Hours

This course, designed to complement BIOL 119, explores basic biological principles in a laboratory setting. Topics will include using the scientific method to gather and evaluate real-world scientific data, the concept of homeostasis and how its used to understand the functioning of organ systems, principles of inheritance, evolution and investigation of the world of microbes.

Co-requisites: BIOL119

Course Attributes: Nat Sci Elect Lab New Core

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 118 - Life: The World of Plants

BIOL 118 - Life: The World of Plants

2 Credit Hours

Introduction to the study of plants, including basic aspects of the structure and function of higher plants and the value of plants in nature and to people.

Co-requisites: BIOL134

Course Attributes: Biology Lect Old/Trans Core, Nat Sci Elect Lecture New Core, Scientific Perspectives Lect

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 119 - Life: Current Topics

BIOL 119 - Life: Current Topics

2 Credit Hours

New advances and controversial areas of research in the life sciences, as a way of introducing some of the major concepts in biology. Topics may include evolution and creationism, global warming, animals in research, artificial intelligence, and genetic engineering. Online option may be available.

Co-requisites: BIOL117

Course Attributes: Biology Lect Old/Trans Core, Nat Sci Elect Lecture New Core

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 120 - Life: Ecology & People

BIOL 120 - Life: Ecology & People

2 Credit Hours

An exploration of critical environmental issues that affect our world today, through a study of ecological principles and their interaction with human society, especially considering the ethical, political, and economic aspects.

Prerequisites: (Undergraduate level PHIL100 Minimum grade of D and Undergraduate level THEO111 Minimum grade of D) or CORE105

Co-requisites: BIOL136

Course Attributes: Biology Lect Old/Trans Core, ERS Focus Elective, Nat Sci Elect Lecture New Core, Peace & Justice Studies Minor, Scientific Perspectives Lect

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 122 - Tropical Biodiversity

BIOL 122 - Tropical Biodiversity

2 Credit Hours

This course introduces students to the scientific study of biodiversity in the Neotropics. We will travel to a diverse range of natural biological communities including primary rainforest, coastal communities, coral reefs, freshwater streams, and cloud forest. We will also examine effects of modern land-use patterns on these systems by visiting agricultural areas including coffee and cacao plantations.

Co-requisites: BIOL123

Course Attributes: Biology Lect Old/Trans Core, Nat Sci Elect Lecture New Core, Scientific Perspectives Lect

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 123 - Tropical Biodiversity Lab

BIOL 123 - Tropical Biodiversity Lab

1 Credit Hours

Field exercises to accompany BIOL 122, utilizing native species as examples.

Co-requisites: BIOL122

Course Attributes: Biology Lab Old/Trans Core, Nat Sci Elect Lab New Core, Scientific Perspectives Lab

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 124 - Life: Biology of Disease Lab

BIOL 124 - Life: Biology of Disease Lab

1 Credit Hours

The scientific method has resulted in historically unprecedented changes in our world. In this course you will learn how science proceeds, and practice the scientific method yourself in a weekly laboratory experience. You will learn the qualities of a good hypothesis or model, how to assess its validity, the significance of a scientific theory, and the elusiveness of life. On completing the course, you will be better able to understand and evaluate scientific or pseudoscientific claims that have direct impacts on your personal and professional life. You will explore the scientific method with the nature of disease as backdrop. You will explore the causes, treatment and prevention of diseases along with their evolution. We will look at infectious, and genetic diseases, as well as those with environmental causes. Some of the specific diseases

we will explore include Ebola, AIDS, food poisoning, bubonic plague, cystic fibrosis, ulcers, alcoholism, obesity and cancer. You will also have the opportunity to choose your own diseases to explore.

Co-requisites: BIOL105

Course Attributes: Nat Sci Elect Lab New Core, Scientific Perspectives Lab

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 130 - Intro to Life Sciences

BIOL 130 - Intro to Life Sciences

2 Credit Hours

Cells, heredity, ecology, evolution, plant and animal morphology, and physiology. For Education Majors.

Co-requisites: BIOL131

Restrictions: Must be enrolled in one of the following Programs: BS in Education areas Must be enrolled in one of the following Majors: Early Childhood Education Elementary Education Middle Childhood Education Montessori Education Primary Education (P-5) Reading Specialist Secondary Education Special Education

Course Attributes: Biology Lect Old/Trans Core, Nat Sci Elect Lecture New Core, Scientific Perspectives Lect

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 131 - Intro to Life Sciences Lab

BIOL 131 - Intro to Life Sciences Lab

1 Credit Hours

Exercises and field trips to illustrate principles taught in BIOL 130. For Education majors only.

Co-requisites: BIOL130

Restrictions: Must be enrolled in one of the following Majors: Early Childhood Education Elementary Education Middle Childhood Education Montessori Education Primary Education (P-5) Secondary Education Special Education

Course Attributes: Biology Lab Old/Trans Core, Nat Sci Elect Lab New Core, Scientific Perspectives Lab

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 132 - Life: Human Biology Lab

BIOL 132 - Life: Human Biology Lab

1 Credit Hours

This course will promote depth of thought through the perspectives of guided (instructor guides students through the inquiry process) and open (students design their own experiments) inquiry to understand the process scientists use to gain new knowledge. The two-credit hour lecture/discussion will have a one-credit hour lab (Biol 132 Human Biology Lab) as a co-requisite in which to carry out the guided and open inquiry. Students will study five human body systems that work together to keep our body within

normal limits in spite of the abuse we hand out on a daily basis with our eating, exercise, and sleeping habits. We will specifically look at how maintaining the body within normal limits, called homeostasis, as the basis for life. We will discuss the structure and functions of some of the major systems of the human body including how the digestive system works in detail and affect homeostasis, how the endocrine and nervous system regulate homeostasis with help from the respiratory system, how the immune system protects humans from diseases and illnesses and challenge homeostasis (autoimmune disease and when the hypothalamus resets body temperature during fever), and what happens during a heart attack or stroke and how this affects homeostasis.

Co-requisites: BIOL102

Course Attributes: Nat Sci Elect Lab New Core, Scientific Perspectives Lab

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 133 - Human Reproduction Today Lab

BIOL 133 - Human Reproduction Today Lab

1 Credit Hours

Prerequisites: PHIL100 and THEO111

Co-requisites: BIOL110

Course Attributes: Nat Sci Elect Lab New Core, Scientific Perspectives Lab

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 134 - Life: The World of Plants Lab

BIOL 134 - Life: The World of Plants Lab

1 Credit Hours

Introduction to the scientific methods used to study plants, including basic aspects of the structure and function of higher plants and the value of plants in nature and to people.

Co-requisites: BIOL118

Course Attributes: Nat Sci Elect Lab New Core, Scientific Perspectives Lab

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 136 - Life: Ecology and People Lab

BIOL 136 - Life: Ecology and People Lab

1 Credit Hours

Biology 136 Life: Ecology and people Lab is a non-biology majors course that is designed to explore the science of ecology using inquiry-based science, a process of learning through original experimentation and research. You will learn to think and plan like an ecologist by conducting several ecological studies and experiments.

Co-requisites: BIOL120

Course Attributes: Nat Sci Elect Lab New Core, Scientific Perspectives Lab

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 140 - Human A&P I for Allied Health

BIOL 140 - Human A&P I for Allied Health

3 Credit Hours

The major human systems emphasizing the skeletal, muscular, and nervous systems.

Restrictions: May not be enrolled in one of the following Majors: Biomedical Sciences Biology

Course Attributes: Biology Lect Old/Trans Core, Nat Sci Elect Lecture New Core

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 141 - Hum A&P I Lab Allied Health

BIOL 141 - Hum A&P I Lab Allied Health

1 Credit Hours

Human skeletal material and dissection of a representative mammal. Histology of tissues and organs with physiological exercises and demonstrations, including human cadavers.

Course Attributes: Biology Lab Old/Trans Core, Nat Sci Elect Lab New Core

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 142 - Hum A&P II for Allied Health

BIOL 142 - Hum A&P II for Allied Health

3 Credit Hours

Continuation of BIOL 140 stressing the circulatory, immune, excretory, digestive, endocrine, reproductive, and respiratory systems.

Prerequisites: Undergraduate level BIOL140 Minimum grade of D and Undergraduate level BIOL141 Minimum grade of D

Restrictions: May not be enrolled in one of the following Majors: Biomedical Sciences Biology

Course Attributes: Biology Lect Old/Trans Core, Nat Sci Elect Lecture New Core, Scientific Perspectives Lect

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 143 - Hum A&P II Lab Allied Health

BIOL 143 - Hum A&P II Lab Allied Health

1 Credit Hours

Continuation of anatomical approach of BIOL 141 with related physiological studies and demonstrations.

Prerequisites: Undergraduate level BIOL140 Minimum grade of D and Undergraduate level BIOL141 Minimum grade of D

Course Attributes: Biology Lab Old/Trans Core, Nat Sci Elect Lab New Core, Scientific Perspectives Lab

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 149 - Life:Intro Science of Food Lab

BIOL 149 - Life:Intro Science of Food Lab

1 Credit Hours

In this course, students will learn about the history of food science, food nutrition and chemistry in relation to a healthy diet, the role of microorganisms in food and food processing, food engineering, biotechnology and new food product development, as well as the issues regarding global food cultures and food availability. Students are required to participate in online discussions and learn how to communicate in the scientific form.

Co-requisites: BIOL148

Course Attributes: Nat Sci Elect Lab New Core, Scientific Perspectives Lab

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 150 - Human A&P I Accelerated BSN

BIOL 150 - Human A&P I Accelerated BSN

3 Credit Hours

This course is Anatomy and Physiology II, accelerated. It is designed for the accelerated bachelor's of nursing program. We will be exploring the cellular and biochemical basis of the body's function, as well as the integumentary, skeletal, muscular and nervous systems. This lecture focuses predominantly on the physiology of these systems, with applicable anatomy being used as needed.

Co-requisites: BIOL151

Restrictions: Must be enrolled in one of the following Programs: Accelerated BS in Nursing Accelerated BS in Nursing

Course Attributes: 100 Percent Online No Set Meet, Accelerated BSN

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 151 - Human A&P I Lab Accelerated BSN

BIOL 151 - Human A&P I Lab Accelerated BSN

1 Credit Hours

This course is an entirely online Anatomy and Physiology I Lab course, accelerated. This course will serve as the required laboratory component for Anatomy & Physiology I. Thus, although an independent course, this course is aligned with the lecture version (BIOL 140). The main distinction will be that the lab will emphasize anatomy, whereas the lecture will emphasize physiology. However, both of these topics will overlap in both lecture and lab.

Co-requisites: BIOL150

Restrictions: Must be enrolled in one of the following Programs: Accelerated BS in Nursing Accelerated BS in Nursing

Course Attributes: 100 Percent Online No Set Meet, Accelerated BSN

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 152 - Human A&P II Accelerated BSN

BIOL 152 - Human A&P II Accelerated BSN

3 Credit Hours

This course is Anatomy and Physiology II, accelerated. It is designed for the accelerated bachelor's of science in nursing program. We will be exploring cardiovascular, immune, respiratory, digestive, urinary and reproductive systems. These lectures focus predominantly on the physiology of these systems, with applicable anatomy being used as needed.

Prerequisites: BIOL150 and BIOL151

Restrictions: Must be enrolled in one of the following Programs: Accelerated BS in Nursing Accelerated BS in Nursing

Course Attributes: 100 Percent Online No Set Meet, Accelerated BSN

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 153 - Human A&P II Accel Lab

BIOL 153 - Human A&P II Accel Lab

1 Credit Hours

This course is an entirely online Anatomy and Physiology II Lab course, accelerated. This course will serve as the required laboratory component for Anatomy & Physiology II. Thus, although an independent course, this course is aligned with the lecture version (BIOL 152). The main distinction will be that the lab will emphasize anatomy, whereas the lecture will emphasize physiology. However, both of these topics will overlap in both lecture and lab. The systems covered include, cardiovascular, lymphatic, immune, respiratory, urinary, digestive, endocrine, and reproductive.

Restrictions: Must be enrolled in one of the following Programs: Accelerated BS in Nursing Accelerated BS in Nursing

Course Attributes: 100 Percent Online No Set Meet, Accelerated BSN

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 158 - Integrated Biology

BIOL 158 - Integrated Biology

3 Credit Hours

Co-requisites: BIOL159

Course Attributes: Scientific Perspectives Lect

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 159 - Integrated Biology Lab

BIOL 159 - Integrated Biology Lab

1 Credit Hours

An online introduction to basic molecular, cellular and genetic biology concepts and the scientific method, structured to help students prepare for success in General Biology. Includes lab.

Course Attributes: Scientific Perspectives Lab

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 160 - General Biology I

BIOL 160 - General Biology I

3 Credit Hours

Molecules, cells and genetics in organisms. Introductory course for Biology-associated majors and minors. Preparation for most upper level biology courses.

Co-requisites: BIOL161

Course Attributes: Biology Lect Old/Trans Core, Nat Sci Elect Lecture New Core, Scientific Perspectives Lect

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 161 - General Biology I Lab

BIOL 161 - General Biology I Lab

1 Credit Hours

Laboratory exercises demonstrating the principles of molecular and cellular biology, genetics, and vertebrate systems.

Co-requisites: BIOL160

Course Attributes: Biology Lab Old/Trans Core, Nat Sci Elect Lab New Core, Scientific Perspectives Lab

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 162 - General Biology II

BIOL 162 - General Biology II

3 Credit Hours

Principles of evolution and ecology, survey of diversity of life. Continuation of introductory course for Biology-associated majors and minors. Preparation for most upper level biology courses.

Prerequisites: Undergraduate level BIOL160 Minimum grade of D or Graduate level EDMS999

Co-requisites: BIOL163

Course Attributes: Biology Lect Old/Trans Core, Nat Sci Elect Lecture New Core

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 163 - General Biology II Lab

BIOL 163 - General Biology II Lab

1 Credit Hours

Laboratory exercises and field trips demonstrating the principles of evolution, animal behavior, ecology, taxonomy/phylogenetics, and an introduction to scientific writing.

Prerequisites: Undergraduate level BIOL161 Minimum grade of D

Co-requisites: BIOL162

Course Attributes: Biology Lab Old/Trans Core, Nat Sci Elect Lab New Core

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 200 - Microbiology

BIOL 200 - Microbiology

3 Credit Hours

Basic study of microbes, their activities, control, role in disease and host immune responses. Intended for Nursing and Pre-Pharmacy students.

Course Attributes: Nat Sci Elect Lecture New Core, Population Health

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 201 - Microbiology Lab

BIOL 201 - Microbiology Lab

1 Credit Hours

Microscopic examination of the diversity of microbes, including bacteria, fungi and protists. Students learn their structure and metabolism and how we control their spread.

Course Attributes: Nat Sci Elect Lab New Core

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 204 - Functional Neuroscience

BIOL 204 - Functional Neuroscience

3 Credit Hours

In this course, students gain a working knowledge of the anatomy of the nervous system, including regions of the brain, brain stem, and spinal cord, as well as the structure of spinal and cranial nerves. The anatomy is then linked with its specific function, followed by an integration of multiple regions for a broader systemic understanding. Sensory and motor systems are covered in detail, followed by the autonomic nervous system, limbic function and memory, and the special senses. Relevant pathological conditions and current topics are woven throughout the class as well, to help connect basic science with clinical considerations.

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 206 - Human Physiology

BIOL 206 - Human Physiology

3 Credit Hours

Survey of human physiology by organ system, with particular emphasis on homeostatic mechanisms, communication within the body and muscle activity.

Prerequisites: Undergraduate level BIOL160 Minimum grade of C- and Undergraduate level BIOL161 Minimum grade of C- and Undergraduate level BIOL162 Minimum grade of C- and Undergraduate level BIOL163 Minimum grade of C-

Co-requisites: BIOL207

Restrictions: Must be enrolled in one of the following Majors: Applied Biology Biomedical Sciences Biology

Course Attributes: Nat Sci Elect Lecture New Core

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 207 - Human Physiology Lab

BIOL 207 - Human Physiology Lab

1 Credit Hours

Exercises which demonstrate major principles to accompany BIOL 206. Students will develop increased competency in collecting and analyzing data as well as scientific writing.

Prerequisites: Undergraduate level BIOL160 Minimum grade of C- and Undergraduate level BIOL161 Minimum grade of C- and Undergraduate level BIOL162 Minimum grade of C- and Undergraduate level BIOL163 Minimum grade of C-

Co-requisites: BIOL206

Restrictions: Must be enrolled in one of the following Majors: Applied Biology Biomedical Sciences Biology

Course Attributes: Nat Sci Elect Lab New Core

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 210 - General Botany

BIOL 210 - General Botany

3 Credit Hours

The morphology, physiology, and reproduction of representatives of each plant division are studied with emphasis on the seed plants.

Prerequisites: Undergraduate level BIOL160 Minimum grade of D and Undergraduate level BIOL161 Minimum grade of D and Undergraduate level BIOL162 Minimum grade of D and Undergraduate level BIOL163 Minimum grade of D

Co-requisites: BIOL211

Course Attributes: Nat Sci Elect Lecture New Core

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 211 - General Botany Lab

BIOL 211 - General Botany Lab

1 Credit Hours

Observations of living and preserved plants, experimentation, and field trips to illustrate structure and life processes in various plant groups.

Co-requisites: BIOL210

Course Attributes: Nat Sci Elect Lab New Core

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 222 - Immunology

BIOL 222 - Immunology

3 Credit Hours

An introduction to the specific mechanisms by which the human body reacts to foreign biological materials and includes extensive clinical correlation segments.

Prerequisites: Undergraduate level BIOL160 Minimum grade of C- and Undergraduate level BIOL161 Minimum grade of C- and Undergraduate level BIOL162 Minimum grade of C- and Undergraduate level BIOL163 Minimum grade of C-

Levels: Graduate Undergraduate

BIOL 227 - Parasitology

BIOL 227 - Parasitology

3 Credit Hours

This course will introduce students to invertebrate and fungal parasites: their complex life cycles, pathogenesis and roles in ecosystems. Human behaviors that affect parasitic epidemiology will be critically examined in a rigorous, evolutionary context. Topics include schistosomiasis biology and irrigation projects, aquaculture parasites, and fishery maintenance, fungal parasites of social insects and pharmacology of anti-malarial drugs.

Prerequisites: BIOL160 and BIOL161 and BIOL162 and BIOL163

Course Attributes: Gender & Diversity Studies, Peace & Justice Studies Minor

Levels: Graduate Undergraduate

BIOL 230 - Genetics

BIOL 230 - Genetics

3 Credit Hours

Principles of heredity and molecular genetics.

Prerequisites: Undergraduate level BIOL160 Minimum grade of C- and Undergraduate level BIOL161 Minimum grade of C- and Undergraduate level BIOL162 Minimum grade of C- and Undergraduate level BIOL163 Minimum grade of C-

Course Attributes: Nat Sci Elect Lecture New Core, Quantitative Reason Flag Full

Levels: Graduate Undergraduate

BIOL 231 - Genetics Laboratory

BIOL 231 - Genetics Laboratory

1 Credit Hours

Laboratory exercises to provide students with experience in modern molecular genetics and methods of manipulating and studying nucleic acids.

Prerequisites: Undergraduate level BIOL160 Minimum grade of C- and Undergraduate level BIOL161 Minimum grade of C- and Undergraduate level BIOL162 Minimum grade of C- and Undergraduate level BIOL163 Minimum grade of C-

Course Attributes: Nat Sci Elect Lab New Core

Levels: Graduate Undergraduate

BIOL 240 - Evolution

BIOL 240 - Evolution

3 Credit Hours

Evidence for and the mechanisms of evolutionary processes.

Prerequisites: Undergraduate level BIOL160 Minimum grade of C- and Undergraduate level BIOL161 Minimum grade of C- and Undergraduate level BIOL162 Minimum grade of C- and Undergraduate level BIOL163 Minimum grade of C-

Course Attributes: Nat Sci Elect Lecture New Core

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 244 - Animal Behavior

BIOL 244 - Animal Behavior

3 Credit Hours

Study of the innate, learned, aggressive, social and sexual behavior of animals as evolutionary products.

Prerequisites: Undergraduate level BIOL160 Minimum grade of C- and Undergraduate level BIOL161 Minimum grade of C- and Undergraduate level BIOL162 Minimum grade of C- and Undergraduate level BIOL163 Minimum grade of C-

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 250 - Ecology

BIOL 250 - Ecology

3 Credit Hours

The relationships between organisms and their living and non-living environments.

Prerequisites: Undergraduate level BIOL120 Minimum grade of D or Undergraduate level BIOL162 Minimum grade of D

Co-requisites: BIOL251

Course Attributes: Nat Sci Elect Lecture New Core, Peace & Justice Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 251 - Ecology Lab

BIOL 251 - Ecology Lab

1 Credit Hours

Laboratory and field exercises to illustrate ecological principles. Local aquatic and terrestrial habitats are investigated.

Prerequisites: Undergraduate level BIOL120 Minimum grade of D or Undergraduate level BIOL162 Minimum grade of D

Co-requisites: BIOL250

Course Attributes: Nat Sci Elect Lab New Core, Peace & Justice Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 255 - Tropical Ecology

BIOL 255 - Tropical Ecology

3 Credit Hours

This course will introduce students to the scientific study of tropical ecology in the field. We will travel to a diverse range of natural biological communities including primary rainforest, coastal communities, coral reefs, freshwater streams, and cloud forest. We will also examine effects of modern land-use patterns on these systems by visiting agricultural areas including coffee and cacao plantations.

Prerequisites: Undergraduate level BIOL162 Minimum grade of D and Undergraduate level BIOL163 Minimum grade of D

Course Attributes: Biology Lab Old/Trans Core, Biology Lect Old/Trans Core

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 256 - Conservation Biology Ireland

BIOL 256 - Conservation Biology Ireland

3 Credit Hours

This course will introduce students to the science of conservation biology in the context of modern Ireland. We will travel through rural Ireland and visit a diversity of biological communities including peat bogs, oak forests, freshwater lakes, and rocky coastlines. We will examine the threats to species persistence including those posed by land-use changes, overexploitation, and introduction of invasive species. We will discuss historical changes leading to the population crashes of endangered species such as the Corn Crane, the Irish red deer, and the Barn Owl and examine the habitat management practices being employed to recover populations of these species.

Prerequisites: Undergraduate level BIOL162 Minimum grade of D and Undergraduate level BIOL163 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 260 - Intro to Environmental Science

BIOL 260 - Intro to Environmental Science

3 Credit Hours

In this introductory course, students will examine how natural and human activities alter natural ecosystems resulting in environmental problems at both local and global scales. Students will be introduced to concepts of sustainability and solutions for current and future environmental problems that humanity will encounter.

Prerequisites: Undergraduate level BIOL160 Minimum grade of C- and Undergraduate level BIOL161 Minimum grade of C- and Undergraduate level BIOL162 Minimum grade of C- and Undergraduate level BIOL163 Minimum grade of C-

Co-requisites: BIOL261

Course Attributes: Nat Sci Elect Lecture New Core, Peace & Justice Studies Minor, Population Health, Quantitative Reason Flag Pt. 1

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 261 - Intro to Environ Science Lab

BIOL 261 - Intro to Environ Science Lab

1 Credit Hours

In this course, students will gain hands-on experience in environmental science topics through observation and experimentation in the field and laboratory, data collection and analysis, communication of results and discussions on current environmental issues. Students will also be exposed to various local environmental organizations and issues through guest speakers and field trips.

Prerequisites: Undergraduate level BIOL160 Minimum grade of C- and Undergraduate level BIOL161 Minimum grade of C- and Undergraduate level BIOL162 Minimum grade of C- and Undergraduate level BIOL163 Minimum grade of C-

Co-requisites: BIOL260

Course Attributes: Nat Sci Elect Lab New Core, Population Health, Quantitative Reason Flag Pt. 2

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 270 - Introduction To Entomology

BIOL 270 - Introduction To Entomology

3 Credit Hours

Introduction to the taxonomy, morphology, physiology, behavior, ecology, and evolution of insects and related arthropods.

Prerequisites: Undergraduate level BIOL160 Minimum grade of D and Undergraduate level BIOL161 Minimum grade of D and Undergraduate level BIOL162 Minimum grade of D and Undergraduate level BIOL163 Minimum grade of D

Co-requisites: BIOL271

Course Attributes: Nat Sci Elect Lecture New Core, Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 271 - Introduction To Entomology Lab

BIOL 271 - Introduction To Entomology Lab

1 Credit Hours

Instruction in techniques to identify, collect, curate, and observe insects and related arthropods. Field trips to practice field techniques and to learn about the ecology of insects.

Prerequisites: Undergraduate level BIOL160 Minimum grade of D and Undergraduate level BIOL161 Minimum grade of D and Undergraduate level BIOL162 Minimum grade of D and Undergraduate level BIOL163 Minimum grade of D

Co-requisites: BIOL270

Course Attributes: Nat Sci Elect Lab New Core, Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 280 - Topics in Biology

BIOL 280 - Topics in Biology

1-3 Credit Hours

Short-term courses designed to explore biological phenomena of current interest.

Prerequisites: Undergraduate level BIOL160 Minimum grade of D and Undergraduate level BIOL161 Minimum grade of D and Undergraduate level BIOL162 Minimum grade of D and Undergraduate level BIOL163 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 290 - Independent Study

BIOL 290 - Independent Study

1-4 Credit Hours

Independent study in some specialized area of biology of interest to the student, overseen and assessed by faculty. Requires at least ~40 hours of work per credit and permission of Chair.

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 295 - Biology Internship

BIOL 295 - Biology Internship

1-6 Credit Hours

An internship experience in a biology-related field. In addition to their supervised work, students will write short essays focused on the practical applications of biology, professional norms, professional growth and/or areas of conflict or ethical controversy. May not be used nor duplicated for senior capstone, BIOL290 or BIOL298. Requires permission of chair.

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 298 - Biology Research

BIOL 298 - Biology Research

1-6 Credit Hours

Original laboratory or field research on a variety of topics, culminating in a primary and/or secondary article in the scientific style. May not be used nor duplicated for senior capstone, BIOL290 or BIOL295. Requires permission of chair.

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 299 - Prof Comm in the Sciences

BIOL 299 - Prof Comm in the Sciences

1 Credit Hours

This course will provide life sciences majors with an introduction to professional modes of discourse in the sciences, including primary and secondary literature, poster sessions, scientific talks, journal clubs and presentation of data to peers and supervisors.

Prerequisites: Undergraduate level BIOL160 Minimum grade of D and Undergraduate level BIOL161 Minimum grade of D and Undergraduate level BIOL162 Minimum grade of D and Undergraduate level BIOL163 Minimum grade of D

Course Attributes: Oral Communication Flag, Scientific Perspectives Lect

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 310 - Foundations of Pharmacology

BIOL 310 - Foundations of Pharmacology

3 Credit Hours

Pharmacology is the study of drugs, including how the body is affected by the drug as well as how our body breaks down and metabolizes the drug. Pharmacology is at the center of biomedical science, at the intersection of biology and chemistry. Pharmacologists are responsible for identifying new targets for drugs, creating compounds to affect those targets, studying the efficacy and side effects both in animals and humans, then finally working with governmental bodies to bring the drug safely to market and into the clinic. It is a truly interdisciplinary field that is responsible for the invention of many life-saving drugs currently on the market and many to come. Specifically, this course will begin with an in-depth look at the fundamentals of pharmacodynamics and pharmacokinetics, including binding curves, dose response curves, and drug adsorption, distribution, metabolism, and elimination. Next, an overview of the different types of receptors targeted by common drugs and how they transduce signals will be given. Following this, we will learn about the mechanisms of action of drugs used to treat different physiological systems. Lastly, the class will conclude with guest lectures from researchers working to bring real drugs to the clinic. The challenges of the drug discovery and approval process will be provided. Particularly, a lab that does addiction research will be speaking and will give perspective on the social aspects of this pharmacological topic. Pharmacology is a key component in the curriculum for pharmacy school, medical school, and many fields of biomedical graduate study. Knowledge in this subject is also desirable for many employers in industry.

Prerequisites: Undergraduate level BIOL160 Minimum grade of C- and Undergraduate level BIOL161 Minimum grade of C- and Undergraduate level BIOL162 Minimum grade of C- and Undergraduate level BIOL163 Minimum grade of C- and Undergraduate level CHEM160 Minimum grade of C- and Undergraduate level CHEM161 Minimum grade of C- and Undergraduate level CHEM162 Minimum grade of C- and Undergraduate level CHEM163 Minimum grade of C-

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 340 - Aquatic Invertebrates

BIOL 340 - Aquatic Invertebrates

3 Credit Hours

Introduction to the taxonomy, morphology, physiology, life history, behavior, evolution and ecology of aquatic invertebrates. Students will also examine how aquatic ecosystems function, including streams, rivers, wetlands and lakes. Environmental issues related to aquatic ecosystems and invertebrates will also be discussed.

Prerequisites: Undergraduate level BIOL162 Minimum grade of D and Undergraduate level BIOL163 Minimum grade of D

Co-requisites: BIOL341

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 341 - Aquatic Invertebrates Lab

BIOL 341 - Aquatic Invertebrates Lab

1 Credit Hours

Introduction to methods used to collect, identify and observe aquatic invertebrates. In this class, students will focus on the basic taxonomy, morphology and ecology of aquatic insects and other invertebrates. Students will participate in field trips to practice collection techniques and observe organisms in a variety of aquatic ecosystems. Students will also utilize this information to conduct ecological assessments within local watersheds.

Prerequisites: Undergraduate level BIOL162 Minimum grade of D and Undergraduate level BIOL163 Minimum grade of D

Co-requisites: BIOL340

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 351 - Ornithology Lab

BIOL 351 - Ornithology Lab

1 Credit Hours

The lab course will expose students to the methods used by field ornithologists to study bird populations. These will include techniques for capturing and marking birds. A strong emphasis will be placed on learning to identify a variety of local species and studying the ecology of local habitats. We will also visit the Cincinnati museum collection to study the diversity of birds from around the world.

Prerequisites: Undergraduate level BIOL160 Minimum grade of D and Undergraduate level BIOL161 Minimum grade of D and Undergraduate level BIOL162 Minimum grade of D and Undergraduate level BIOL163 Minimum grade of D

Co-requisites: BIOL350

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 354 - Human and Comparative Anat

BIOL 354 - Human and Comparative Anat

3 Credit Hours

Study of the anatomy and function of selected vertebrates, including humans, emphasizing the evolutionary connections among vertebrates.

Prerequisites: Undergraduate level BIOL160 Minimum grade of D and Undergraduate level BIOL161 Minimum grade of D and Undergraduate level BIOL162 Minimum grade of D and Undergraduate level BIOL163 Minimum grade of D

Co-requisites: BIOL356

Restrictions: May not be enrolled as the following Classifications: Sophomore Freshman

Course Attributes: Nat Sci Elect Lecture New Core

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 355 - Human and Comp Anat Lab

BIOL 355 - Human and Comp Anat Lab

1 Credit Hours

Exercises which demonstrate major principles to accompany BIOL 354. Dissection of cat and shark, with human cadaver demonstrations.

Co-requisites: BIOL354

Course Attributes: Nat Sci Elect Lab New Core

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 360 - Cell Biology

BIOL 360 - Cell Biology

3 Credit Hours

This course covers basic cell biology. Topics include metabolism, gene expression, membrane structure and transport, intracellular protein trafficking, extracellular matrix, signal transduction, and cell cycle regulation.

Prerequisites: Undergraduate level BIOL160 Minimum grade of C- and Undergraduate level BIOL161 Minimum grade of C- and Undergraduate level BIOL162 Minimum grade of C- and Undergraduate level BIOL163 Minimum grade of C-

Course Attributes: Nat Sci Elect Lecture New Core

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 364 - Virology

BIOL 364 - Virology

3 Credit Hours

This course serves as an introduction to the diversity, genetics, and ecology of viruses, emphasizing impacts on human societies worldwide.

Prerequisites: BIOL160 and BIOL161 and BIOL162 and BIOL163

Course Attributes: Peace & Justice Studies Minor, Population Health

Levels: Graduate Undergraduate

BIOL 370 - Endocrinology

BIOL 370 - Endocrinology

3 Credit Hours

An introduction to the system of chemical messengers (hormones), which modulate growth, energy expenditure, sexual maturation, and neural function. Endocrine hormones act along with the nervous system to integrate all bodily functions.

Prerequisites: Undergraduate level BIOL160 Minimum grade of C- and Undergraduate level BIOL161 Minimum grade of C- and Undergraduate level BIOL162 Minimum grade of C- and Undergraduate level BIOL163 Minimum grade of C-

Course Attributes: Nat Sci Elect Lecture New Core

Levels: Graduate Undergraduate

BIOL 380 - Neurobiology

BIOL 380 - Neurobiology

3 Credit Hours

An introduction to the study of the cells of the nervous system and the organization of these cells into functional circuits that process information and mediate behavior. The goal of this course is to give students a broad understanding of the functioning of animal nervous systems at the cellular level.

Prerequisites: Undergraduate level BIOL160 Minimum grade of D and Undergraduate level BIOL161 Minimum grade of D and Undergraduate level BIOL162 Minimum grade of D and Undergraduate level BIOL163 Minimum grade of D

Course Attributes: Nat Sci Elect Lab New Core

Levels: Graduate Undergraduate

BIOL 396 - Sem: Climate Change

BIOL 396 - Sem: Climate Change

3 Credit Hours

This course explores the topic of climate change and related issues that affect our country and the world today. Students will spend time examining basic climate science, contributing factors and impacts of climate change on ecosystems and the human population, and potential solutions.

Prerequisites: Undergraduate level BIOL250 Minimum grade of D or Undergraduate level BIOL260 Minimum grade of D

Course Attributes: Peace & Justice Studies Minor, Writing Flag Core

Levels: Graduate Undergraduate

BIOL 397 - SEM: Air and Water Pollution

BIOL 397 - SEM: Air and Water Pollution

3 Credit Hours

This course explores air and water pollution issues that affect our country and world today. Students will explore both past and current pollution problems through an interdisciplinary lens that highlights past solutions as well as potential resolutions to current problems.

Prerequisites: Undergraduate level BIOL250 Minimum grade of D and Undergraduate level BIOL251 Minimum grade of D

Course Attributes: Peace & Justice Studies Minor, Population Health

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 398 - SEM: Environmental Studies

BIOL 398 - SEM: Environmental Studies

3 Credit Hours

An environmental issue is selected and explored in depth. The seminar uses a multidisciplinary approach that analyzes the ecological, economic, and ethical consequences of the problem so that students gain an appreciation for both the interconnectedness and the complexity of environmental problems.

Prerequisites: (BIOL250 and BIOL251)

Course Attributes: Environ Science/Studies Elect, Peace & Justice Studies Minor, Population Health

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 414 - Adaptive Animal Physiology

BIOL 414 - Adaptive Animal Physiology

3 Credit Hours

This course is aimed at examining how physiological processes are used to enable animals to carry out specific behaviors or live in specialized environment(s). We will use our knowledge of physiology to explore these topics and gain an understanding of physiological processes in different animals.

Prerequisites: Undergraduate level BIOL410 Minimum grade of D

Course Attributes: Nat Sci Elect Lecture New Core

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 420 - General Histology

BIOL 420 - General Histology

2 Credit Hours

Structure and function of animal tissues as revealed by light microscopy, electron microscopy, and histochemistry.

Prerequisites: Undergraduate level BIOL160 Minimum grade of D and Undergraduate level BIOL161 Minimum grade of D and Undergraduate level BIOL162 Minimum grade of D and Undergraduate level BIOL163 Minimum grade of D

Co-requisites: BIOL421

Restrictions: May not be enrolled as the following Classifications: Sophomore Freshman

Course Attributes: Nat Sci Elect Lecture New Core

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 421 - General Histology Lab

BIOL 421 - General Histology Lab

2 Credit Hours

A microscopic study of fixed materials employing routine and histochemical techniques to demonstrate cell, tissue, and organ morphology.

Co-requisites: BIOL420

Course Attributes: Nat Sci Elect Lab New Core

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 430 - Medical Genetics

BIOL 430 - Medical Genetics

3 Credit Hours

The principles of human genetics, risks, screening, diagnosis, applications of genetic ethics to problems.

Prerequisites: BIOL230

Course Attributes: ERS Focus Elective

Levels: Undergraduate

College of Arts & Sciences Biology

BIOL 450 - General Microbiology

BIOL 450 - General Microbiology

3 Credit Hours

The morphology, physiology, and ecology of viruses, bacteria, eukaryotic microbes, and fungal microbes, including the impact of these organisms on humans.

Prerequisites: (Undergraduate level BIOL160 Minimum grade of C- and Undergraduate level BIOL161 Minimum grade of C- and Undergraduate level BIOL162 Minimum grade of C- and Undergraduate level BIOL163 Minimum grade of C-) or EDMS999

Co-requisites: BIOL451

Restrictions: May not be enrolled as the following Classifications: Sophomore Freshman

Course Attributes: Nat Sci Elect Lecture New Core

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 451 - General Microbiology Lab

BIOL 451 - General Microbiology Lab

2 Credit Hours

The techniques for isolation, identification, culturing, and physiological study of viruses, bacteria and fungi.

Prerequisites: Undergraduate level BIOL160 Minimum grade of C- and Undergraduate level BIOL161 Minimum grade of C- and Undergraduate level BIOL162 Minimum grade of C- and Undergraduate level BIOL163 Minimum grade of C-

Co-requisites: BIOL450

Course Attributes: Nat Sci Elect Lab New Core

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 460 - Developmental Biology

BIOL 460 - Developmental Biology

3 Credit Hours

The major events in development, including gametogenesis, fertilization, cleavage divisions, embryonic polarization, germ layer formation, and morphogenesis, and the underlying cellular, molecular, and genetic mechanisms that control these events.

Prerequisites: Undergraduate level BIOL230 Minimum grade of D and Undergraduate level BIOL231 Minimum grade of D

Co-requisites: BIOL461

Course Attributes: Nat Sci Elect Lecture New Core

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 461 - Developmental Biology Lab

BIOL 461 - Developmental Biology Lab

1 Credit Hours

Exercises that demonstrate gametogenesis, fertilization, cleavage divisions, embryonic polarization, germ layer formation, and morphogenesis.

Co-requisites: BIOL460

Course Attributes: Nat Sci Elect Lab New Core

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 470 - Human Anatomy I

BIOL 470 - Human Anatomy I

1 Credit Hours

An introductory course in gross human anatomy achieved through the dissection of human cadavers, including dissection technique, integument removal, muscle identification and demonstration of cadavers to other classes. Requires permission of Chair.

Prerequisites: BIOL354 and BIOL355

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 472 - Human Anatomy II

BIOL 472 - Human Anatomy II

1 Credit Hours

Continuation of BIOL 470, including cadaver dissection of thoracic, abdominal, and pelvic cavities, cranium, and face.

Prerequisites: Undergraduate level BIOL354 Minimum grade of D and (Undergraduate level BIOL355 Minimum grade of D or Undergraduate level BIOL356 Minimum grade of D) and Undergraduate level BIOL470 Minimum grade of D

Course Attributes: Nat Sci Elect Lab New Core

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 495 - Professional Project

BIOL 495 - Professional Project

2-6 Credit Hours

Project designed, carried out and communicated by student in a biology-related workplace environment, with input from workplace experts and instructor. Examples could include developing and implementing a composting plan, calculating carbon sink capacity of a park, organizing clinical or pharmaceutical data, or building and deploying science learning tools. Requires permission of Chair.

Prerequisites: Undergraduate level BIOL160 Minimum grade of C- and Undergraduate level BIOL161 Minimum grade of C- and Undergraduate level BIOL162 Minimum grade of C- and Undergraduate level BIOL163 Minimum grade of C- and Undergraduate level CHEM160 Minimum grade of C- and Undergraduate level CHEM161 Minimum grade of C- and Undergraduate level CHEM162 Minimum grade of C- and Undergraduate level CHEM163 Minimum grade of C- and Undergraduate level MATH146 Minimum grade of C- and (Undergraduate level MATH156 Minimum grade of C- or Undergraduate level PSYC210 Minimum grade of C-)

Restrictions: Must be enrolled in one of the following Classifications: Senior Junior

Levels: Graduate Undergraduate

BIOL 496 - Senior Capstone Seminar

BIOL 496 - Senior Capstone Seminar

2 Credit Hours

Directed reading, discussion and literature research work culminating in a written review paper and oral presentation. Includes instruction in scientific writing and oral communication in the biological sciences.

Prerequisites: Undergraduate level BIOL160 Minimum grade of C and Undergraduate level BIOL161 Minimum grade of C and Undergraduate level BIOL162 Minimum grade of C and Undergraduate level BIOL163 Minimum grade of C and Undergraduate level CHEM160 Minimum grade of C and Undergraduate level CHEM161 Minimum grade of C and Undergraduate level CHEM162 Minimum grade of C and Undergraduate level CHEM163 Minimum grade of C and (Undergraduate level MATH146 Minimum grade of C or Undergraduate level MATH156 Minimum grade of C or Undergraduate level PSYC210 Minimum grade of C)

Restrictions: Must be enrolled in one of the following Classifications: Senior Junior

Levels: Graduate Undergraduate

BIOL 497 - Experimental Biology Lab

BIOL 497 - Experimental Biology Lab

2 Credit Hours

Students work in small teams to develop, execute, and present an original research project of biological significance. Possible topics include, but are not limited to, assays of local microbiota or determination of environmental factors that play a role in plant, protist, or bacterial growth, as well as analysis of bioinformatic data or public health statistics. Prior completion of General Statistics recommended but not required. Student work will culminate in a written paper and oral presentation.

Prerequisites: Undergraduate level BIOL160 Minimum grade of C and Undergraduate level BIOL161 Minimum grade of C and Undergraduate level BIOL162 Minimum grade of C and Undergraduate level BIOL163 Minimum grade of C and Undergraduate level CHEM160 Minimum grade of C and Undergraduate level CHEM161 Minimum grade of C and Undergraduate level CHEM162 Minimum grade of C and Undergraduate level CHEM163 Minimum grade of C and (Undergraduate level MATH156 Minimum grade of C or Undergraduate level MATH146 Minimum grade of C or Undergraduate level PSYC210 Minimum grade of C)

Restrictions: Must be enrolled in one of the following Classifications: Senior Junior

Levels: Graduate Undergraduate

BIOL 498 - Methods of Biol Research I

BIOL 498 - Methods of Biol Research I

1-2 Credit Hours

Development of a research project emphasizing experimental design, controls, gathering and interpreting experimental data from living organisms. Projects vary depending on faculty advisor. Intended for Seniors.

Prerequisites: Undergraduate level BIOL160 Minimum grade of C and Undergraduate level BIOL161 Minimum grade of C and Undergraduate level BIOL162 Minimum grade of C and Undergraduate level BIOL163 Minimum grade of C and Undergraduate level CHEM160 Minimum grade of C and Undergraduate level CHEM161 Minimum grade of C and Undergraduate level CHEM162 Minimum grade of C and Undergraduate level CHEM163 Minimum grade of C and (Undergraduate level MATH146 Minimum grade of C or Undergraduate level MATH156 Minimum grade of C or Undergraduate level PSYC210 Minimum grade of C)

Restrictions: Must be enrolled in one of the following Classifications: Senior Junior

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BIOL 499 - Methods of Biol Research II

BIOL 499 - Methods of Biol Research II

1-2 Credit Hours

A continuation of BIOL 498 culminating in the written and oral presentation of scientific reports.

Prerequisites: Undergraduate level BIOL160 Minimum grade of C and Undergraduate level BIOL161 Minimum grade of C and Undergraduate level BIOL162 Minimum grade of C and Undergraduate level BIOL163 Minimum grade of C and Undergraduate level CHEM160 Minimum grade of C and Undergraduate level CHEM161 Minimum grade of C and Undergraduate level CHEM162 Minimum grade of C and Undergraduate level CHEM163 Minimum grade of C and (Undergraduate level MATH146 Minimum grade of C or Undergraduate level MATH156 Minimum grade of C or Undergraduate level PSYC210 Minimum grade of C)

Restrictions: Must be enrolled in one of the following Classifications: Senior Junior

Levels: Graduate Undergraduate

College of Arts & Sciences Biology

BLAW 300 - Legal Environment

BLAW 300 - Legal Environment

3 Credit Hours

Provides a background in the legal environment of business. Topics include: contracts, business torts, product liability, business entities, ethics, and employment discrimination.

Restrictions: Must be enrolled in one of the following Classifications: Senior Junior

Course Attributes: Diversity Flag, ERS Focus Elective, Gender & Diversity Studies, Social Science Old/Trans Core

Levels: Undergraduate

BLAW 550 - Business Law and Ethics

BLAW 550 - Business Law and Ethics

3 Credit Hours

The course is structured around an organization's core values (i.e. leadership, integrity, honesty, etc.) The course explores the relationship between ethics and law by discussing legal concepts (i.e. compliance, governance, discrimination, products, & liability), then analyzing the ethical implications of these same topics. The class format will include lecture, case analysis, discussion using the Socratic method and groups, and student team projects. Students take weekly quizzes and research and write a paper exploring an approved business legal and ethics topic they select.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

BUAD 611 - Workforce Diversity Issues

BUAD 611 - Workforce Diversity Issues

3 Credit Hours

Workforce Diversity Issues utilizes a multi-disciplinary perspective, so we will draw on economic, sociology, psychology, history, management, and law in our exploration of these issues. This course combines analysis of theoretical and background readings, examination of cases, class discussion and sharing of perspectives, experiential exercises, and application of ideas to real-world situations. Student presentations, based on individual and group research, will assist in achieving course objectives.

BUAD 695 - Individual Readings & Research

BUAD 695 - Individual Readings & Research

1-3 Credit Hours

This course attempts to understand why some firms achieve their objectives, grow, and attract resources while others stagnate, go bankrupt, or succumb to hostile takeovers. This course will attempt to provide the foundations of successful general management by focusing on the role, skills and functions of the chief executive officer and other senior managers. This perspective requires viewing the corporation as a whole and analyzing its relationship with the environment and other organizations. It involves integrating a knowledge of the different functional areas such as finance, accounting, marketing and organizational behavior/human resource management. To achieve the WCB mission and goals described above, this course introduces the most advanced and innovative simulation-based learning experiences.

BUAD 751 - Integrative Project Phase 2

BUAD 751 - Integrative Project Phase 2

3 Credit Hours

Entrepreneurial behavior is integral to sustaining a company's competitive advantage. As a capstone course to the EMBA program, the Integrative Project is designed to give students senior-management level hands-on experience to research, design, develop and implement a new strategic innovative initiative for a chosen organization. Therefore, the objective of this course is to allow students to apply the concepts that they have learned in previous EMBA courses and use that material to develop, design and lead a new strategic entrepreneurial initiative for enhanced organizational performance. The format of the class will include faculty content delivery and significant hands-on lab work under faculty facilitation. Due to the different topic areas included in this course, it will be taught by the faculty member best qualified to deliver content on each topic, so there will be multiple faculty involved. At times, a guest faculty or outside executive may be invited to a specific class to provide information and/or guidance on an area related to his/her expertise. All faculty involved in teaching the course will be available to facilitate and/or answer questions related to his/her area of expertise, although one faculty member will have overall responsibility for the course and associated hands-on project.

BUAD 755 - International Residency

BUAD 755 - International Residency

3 Credit Hours

The International Residency will provide students with an in-depth knowledge of how business is conducted in the emerging markets. The objective of this residency is to provide the students an opportunity to apply the concepts they have learned in their previous EMBA course modules to understanding the opportunities and challenges in doing business in the hottest markets of the 21st century. The international residency is designed to provide a foundation for understanding how the competitive position of a firm is devised based on analyzing the external environment, industry structure, country-based sources of advantage and distinctive competencies of the firm. An integrative approach is used to help students learn to effectively deal with the competitive consequences of constant change in the global marketing environment.

Levels: Graduate

College of Professional Sci Sport Science and Management

CEAD 670 - Research in Coaching

CEAD 670 - Research in Coaching

3 Credit Hours

The research in coaching course is designed to expose the coach to the research process, synthesizing the literature to support coaching practices, and to solve real coaching problems through the scientific method.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Course Attributes: 100 Percent Online No Set Meet

Levels: Graduate

College of Professional Sci Sport Science and Management

CEAD 680 - Residency I - Professional Dev

CEAD 680 - Residency I - Professional Dev

3 Credit Hours

This first residency is designed to connect the student to the academic and scholarly work being conducted in the field of coaching education by attending the National Coaching Conference. The National Coaching Conference is an annual professional conference hosted by the United States Coaching Education Coalition (USOC, NCAA, NFHS, SHAPE America, and NSCA). This year the three-day conference is being held at West Virginia University (June 10-12). The 2015 theme is-Physical Literacy: The launching pad for lifetime athletic development and performance. Prior to the conference students will be assigned to specific sessions to attend. Each evening the cohort will meet to discuss the day and what was learned. At the conclusion of the conference students will submit a conference reflection paper. Following the conference students will continue to investigate, research, and present information to cohort members in our online format. The goal is to use the conference theme as a jumping off point for learning and reflecting on the most up to date best practices in coaching education and to become more familiar with the National Standards for Sport Coaches.

College of Professional Sci Sport Science and Management

CHEM 102 - Chemistry: Environ & Energy

CHEM 102 - Chemistry: Environ & Energy

2 Credit Hours

A course for the non-science major. The relationship between chemistry and contemporary society.

Co-requisites: CHEM103

Course Attributes: Chem Lect Old/Trans Core, Nat Sci Elect Lecture New Core

Levels: Undergraduate

College of Arts & Sciences Chemistry

CHEM 103 - Chemistry: Environ & Ener Lab

CHEM 103 - Chemistry: Environ & Ener Lab

1 Credit Hours

Chemical experimentation which illustrates the concepts described in CHEM102

Co-requisites: CHEM102

Course Attributes: Chem Lab Old/Trans Core, Nat Sci Elect Lab New Core

Levels: Undergraduate

College of Arts & Sciences Chemistry

CHEM 104 - Chemistry: Life and Health

CHEM 104 - Chemistry: Life and Health

2 Credit Hours

A course for the non-science major. The impact of basic chemical discoveries and of certain organic and biochemical compounds on society. Fulfills the E/RS Focus elective when taken with CHEM 105.

Prerequisites: (Undergraduate level PHIL100 Minimum grade of D and Undergraduate level THEO111 Minimum grade of D) or CORE105

Co-requisites: CHEM105

Course Attributes: Chem Lect Old/Trans Core, ERS Focus Elective Pt. 1, Nat Sci Elect Lecture New Core

Levels: Undergraduate

College of Arts & Sciences Chemistry

CHEM 105 - Chem: Life and Health Lab

CHEM 105 - Chem: Life and Health Lab

1 Credit Hours

Chemical experimentation which illustrates the concepts described in CHEM 104. Fulfills the E/RS Focus elective when taken with CHEM 104.

Prerequisites: (Undergraduate level PHIL100 Minimum grade of D and Undergraduate level THEO111 Minimum grade of D) or CORE105

Co-requisites: CHEM104

Course Attributes: Chem Lab Old/Trans Core, ERS Focus Elective Pt. 2, Nat Sci Elect Lab New Core

Levels: Undergraduate

College of Arts & Sciences Chemistry

CHEM 150 - Physiological Chemistry

CHEM 150 - Physiological Chemistry

3 Credit Hours

This is a one semester course covering basic concepts in general chemistry, organic chemistry and biochemistry that includes an understanding of the composition, structure and chemical reactions of substances in living systems. This course is required of undergraduate nursing majors.

Co-requisites: CHEM151

Course Attributes: Quantitative Reason Flag Pt. 1

Levels: Undergraduate

College of Arts & Sciences Chemistry

CHEM 151 - Physiological Chemistry Lab

CHEM 151 - Physiological Chemistry Lab

1 Credit Hours

Chemical experimentation which illustrates the concepts described in CHEM 150.

Co-requisites: CHEM150

Course Attributes: Quantitative Reason Flag Pt. 2

Levels: Undergraduate

College of Arts & Sciences Chemistry

CHEM 160 - General Chemistry I

CHEM 160 - General Chemistry I

3 Credit Hours

This course is the first in a two semester sequence of general chemistry. This is a pre-professional course approved by the American Chemical Society for chemistry majors and required of many other science majors. Fundamental principles of chemistry including atomic and molecular structure, states of matter, stoichiometry, energy relationships, periodic table and solution chemistry. The following mathematical concepts are used: scientific notation, logarithms, the quadratic equation and proportionality. Students must have a demonstrated competency in mathematics of MATH105 or above.

Course Attributes: Chem Lect Old/Trans Core, Nat Sci Elect Lecture New Core

Levels: Undergraduate

College of Arts & Sciences Chemistry

CHEM 161 - General Chemistry I Lab

CHEM 161 - General Chemistry I Lab

1 Credit Hours

Practice in the basic operations of chemical laboratory work.

Co-requisites: CHEM160

Course Attributes: Chem Lab Old/Trans Core, Nat Sci Elect Lab New Core

Levels: Undergraduate

College of Arts & Sciences Chemistry

CHEM 162 - General Chemistry II

CHEM 162 - General Chemistry II

3 Credit Hours

This course is the second in a two semester sequence of general chemistry. This is a preprofessional course approved by the American Chemical Society for chemistry majors and required of many other science majors. Fundamental principles of chemistry including thermodynamics, acids and bases, kinetics, redox processes and transition metal chemistry are covered.

Prerequisites: Undergraduate level CHEM160 Minimum grade of D or Graduate level EDMS999

Course Attributes: Chem Lect Old/Trans Core, Nat Sci Elect Lecture New Core

Levels: Undergraduate

College of Arts & Sciences Chemistry

CHEM 163 - General Chemistry II Lab

CHEM 163 - General Chemistry II Lab

1 Credit Hours

A continuation of CHEM 161. The laboratory work includes qualitative and quantitative inorganic analysis.

Prerequisites: Undergraduate level CHEM161 Minimum grade of D

Co-requisites: CHEM162

Course Attributes: Chem Lab Old/Trans Core, Nat Sci Elect Lab New Core

Levels: Undergraduate

College of Arts & Sciences Chemistry

CHEM 180 - Intro to Chemical Enterprise

CHEM 180 - Intro to Chemical Enterprise

1 Credit Hours

An introduction to concepts and techniques needed to succeed as a professional chemist. Topics to be discussed include the chemical literature, scientific ethics, guidelines for presenting talks, and molecular modeling.

Prerequisites: CHEM160

Course Attributes: Oral Communication Flag

Levels: Undergraduate

College of Arts & Sciences Chemistry

CHEM 205 - Preparation For Organic Chem

CHEM 205 - Preparation For Organic Chem

2 Credit Hours

This course reviews topics from General Chemistry and how those topics will be applied to Organic Chemistry.

Levels: Graduate Undergraduate

College of Arts & Sciences Chemistry

CHEM 220 - Principles of Physical Chem

CHEM 220 - Principles of Physical Chem

3 Credit Hours

For students in the life science and BS Chemical Science programs. Aspects of physical chemistry most relevant to living systems.

Prerequisites: Undergraduate level CHEM162 Minimum grade of D or Graduate level EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Chemistry

CHEM 221 - Analytical Chemistry

CHEM 221 - Analytical Chemistry

1 Credit Hours

Lecture and Laboratory course. Application of wet and instrumental analytical methods to substances of clinical interest.

Prerequisites: Undergraduate level CHEM163 Minimum grade of D or Undergraduate level CHEM165 Minimum grade of D or Graduate level EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Chemistry

CHEM 226 - Quantitative Analysis

CHEM 226 - Quantitative Analysis

3 Credit Hours

An introductory course in analytical chemistry covering gravimetric and titrimetric methods of analysis. Statistical analysis of data is performed.

Prerequisites: Undergraduate level CHEM162 Minimum grade of D and (Undergraduate level CHEM163 Minimum grade of D or Undergraduate level CHEM165 Minimum grade of D)

Course Attributes: Quantitative Reason Flag Full

Levels: Graduate Undergraduate

College of Arts & Sciences Chemistry

CHEM 227 - Quantitative Analysis Lab

CHEM 227 - Quantitative Analysis Lab

1 Credit Hours

Laboratory experiments to demonstrate the concepts discussed in CHEM 226.

Prerequisites: Undergraduate level CHEM163 Minimum grade of D or Undergraduate level CHEM165 Minimum grade of D

Co-requisites: CHEM226

Levels: Graduate Undergraduate

College of Arts & Sciences Chemistry

CHEM 240 - Organic Chemistry I

CHEM 240 - Organic Chemistry I

3 Credit Hours

This course is the first in a two semester sequence of organic chemistry. This is a pre-professional course approved by the American Chemical Society for chemistry majors and required of many other science majors. This course examines the basic structure, properties, preparation and reaction mechanisms of organic compounds.

Prerequisites: Undergraduate level CHEM162 Minimum grade of C- or Graduate level EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Chemistry

CHEM 241 - Organic Chemistry I Lab

CHEM 241 - Organic Chemistry I Lab

1 Credit Hours

The practice of fundamental operations involved in the synthesis, separation, purification, and identification of organic compounds.

Prerequisites: Undergraduate level CHEM163 Minimum grade of D or Undergraduate level CHEM165 Minimum grade of D or Graduate level EDMS999

Levels: Graduate Undergraduate

CHEM 242 - Organic Chemistry II

CHEM 242 - Organic Chemistry II

3 Credit Hours

This course is the second in a two semester sequence of organic chemistry. This is a preprofessional course approved by the American Chemical Society for chemistry majors and required of many other science majors. This course continues in the examination of the basic structure, properties, preparation and reaction mechanisms of organic compounds.

Prerequisites: Undergraduate level CHEM240 Minimum grade of D or Graduate level EDMS999

Levels: Graduate Undergraduate

CHEM 243 - Organic Chemistry II Lab

CHEM 243 - Organic Chemistry II Lab

1 Credit Hours

Continuation of the laboratory work of CHEM 241 with increased emphasis on the reactions and synthesis of organic systems.

Prerequisites: Undergraduate level CHEM241 Minimum grade of D or Graduate level EDMS999

Co-requisites: CHEM242

Levels: Graduate Undergraduate

CHEM 250 - Quality Science Regulations

CHEM 250 - Quality Science Regulations

3 Credit Hours

An introduction to global regulatory and legal requirements of Quality Science focusing on why global regulations were adopted and the evolution of quality systems based on chemical principles.

Levels: Graduate Undergraduate

CHEM 300 - Intro to Chem Research

CHEM 300 - Intro to Chem Research

1 Credit Hours

An introduction to the nature and use of the chemical literature, general research procedures, technical report writing, and computerized literature searches.

Restrictions: Must be enrolled in one of the following Classifications: Junior

Levels: Graduate Undergraduate

College of Arts & Sciences Chemistry

CHEM 320 - Physical Chemistry I

CHEM 320 - Physical Chemistry I

3 Credit Hours

An introduction to theoretical chemistry with emphasis on thermodynamics and chemical equilibrium.

Prerequisites: (Undergraduate level CHEM162 Minimum grade of D and Undergraduate level MATH220 Minimum grade of D) or EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Chemistry

CHEM 322 - Physical Chemistry II

CHEM 322 - Physical Chemistry II

2 Credit Hours

A continuation of CHEM 320. Chief emphasis on chemical kinetics and kinetic molecular theory.

Prerequisites: Undergraduate level CHEM320 Minimum grade of D or Graduate level EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Chemistry

CHEM 325 - Physical Chemistry Laboratory

CHEM 325 - Physical Chemistry Laboratory

1 Credit Hours

A laboratory course to demonstrate basic principles of physical chemistry.

Prerequisites: Undergraduate level CHEM320 Minimum grade of D

Co-requisites: CHEM322, CHEM330

Levels: Graduate Undergraduate

College of Arts & Sciences Chemistry

CHEM 330 - Quantum Chemistry

CHEM 330 - Quantum Chemistry

2 Credit Hours

An introduction to quantum chemistry and molecular structure.

Prerequisites: Undergraduate level CHEM162 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Chemistry

CHEM 340 - Instrumental Analysis

CHEM 340 - Instrumental Analysis

3 Credit Hours

Discussion of modern analytical chemistry with emphasis on instrumentation and measurement techniques.

Prerequisites: Undergraduate level CHEM220 Minimum grade of D or Undergraduate level CHEM320 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Chemistry

CHEM 341 - Instrumental Analysis Lab

CHEM 341 - Instrumental Analysis Lab

1 Credit Hours

Practice in the use of chemical instrumentation as available.

Prerequisites: Undergraduate level CHEM340 Minimum grade of D or Graduate level EDMS999

Course Attributes: Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences Chemistry

CHEM 400 - Research/Seminar

CHEM 400 - Research/Seminar

1 Credit Hours

Capstone course for the chemistry and chemical science major. Undergraduate research performed under the direction of a faculty member. Students share the results of their research and interact with outside speakers during weekly seminar sessions. A written thesis is the final product of these activities.

Levels: Graduate Undergraduate

College of Arts & Sciences Chemistry

CHEM 411 - Organic Synthesis & Analysis

CHEM 411 - Organic Synthesis & Analysis

3 Credit Hours

Synthesis and analysis of organic compounds. Emphasis on chromatographic and spectroscopic methods of identification and estimation.

Prerequisites: (Undergraduate level CHEM242 Minimum grade of D and Undergraduate level CHEM243 Minimum grade of D) or Graduate level EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Chemistry

CHEM 420 - Inorganic Chemistry

CHEM 420 - Inorganic Chemistry

3 Credit Hours

Modern theories of bonding and structure, spectroscopy, redox chemistry, and reaction mechanisms. Coordination compounds, organometallic clusters, and catalysis.

Prerequisites: Undergraduate level CHEM330 Minimum grade of D or Graduate level EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Chemistry

CHEM 421 - Inorganic Chemistry Lab

CHEM 421 - Inorganic Chemistry Lab

1 Credit Hours

Laboratory techniques and practice in synthetic inorganic chemistry.

Prerequisites: Undergraduate level CHEM420 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Chemistry

CHEM 435 - Medicinal Chemistry

CHEM 435 - Medicinal Chemistry

3 Credit Hours

The science and economics of medicinal chemistry. The discovery, structure activity relationships, synthesis and mechanism of action of several classes of drugs are discussed.

Prerequisites: Undergraduate level CHEM242 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Chemistry

CHEM 440 - Biochemistry

CHEM 440 - Biochemistry

3 Credit Hours

A lecture course treating the structure, properties, and metabolism of proteins, carbohydrates, lipids, and nucleic acids.

Prerequisites: Undergraduate level CHEM242 Minimum grade of D or Graduate level EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Chemistry

CHEM 441 - Biochemistry Laboratory

CHEM 441 - Biochemistry Laboratory

1 Credit Hours

A laboratory course to demonstrate fundamental biochemical techniques. The main emphasis is the purification and characterization of proteins.

Prerequisites: CHEM440

Levels: Graduate Undergraduate

College of Arts & Sciences Chemistry

CHEM 450 - Topics in Organic Chemistry

CHEM 450 - Topics in Organic Chemistry

3 Credit Hours

An extension of fundamental organic chemistry to include more specialized topics not previously considered or extensively treated.

Prerequisites: Undergraduate level CHEM242 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Chemistry

CHEM 460 - Topics in Bioorganic Chemistry

CHEM 460 - Topics in Bioorganic Chemistry

2 Credit Hours

A course devoted to the structure, reactions and synthesis of organic molecules involved in biological processes.

Prerequisites: Undergraduate level CHEM242 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Chemistry

CHEM 495 - Directed Study

CHEM 495 - Directed Study

1-3 Credit Hours

Study of a specific topic of interest under the direction of a faculty member.

Levels: Graduate Undergraduate

College of Arts & Sciences Chemistry

CJUS 101 - Intro to Criminal Justice

CJUS 101 - Intro to Criminal Justice

3 Credit Hours

An overview of the history and legal basis of the criminal justice system, its structures, its functions, and interface with the individual elements.

Course Attributes: Social Science Elect New Core, Social Science Old/Trans Core

Levels: Undergraduate

College of Professional Sci Criminal Justice

CJUS 102 - Intro to Law Enforcement

CJUS 102 - Intro to Law Enforcement

3 Credit Hours

Overview of policing problems and procedures; legal and philosophical issues in law enforcement; organization and administration of police agencies.

Levels: Undergraduate

College of Professional Sci Criminal Justice

CJUS 103 - Intro to Corrections

CJUS 103 - Intro to Corrections

3 Credit Hours

Explores both institutional and non-institutional corrections in contemporary society. The operations of prisons and jails and their internal procedures, including safety, security, supervision, classification and programming are explored, along with alternatives to incarceration, probation, and parole. All of these are reviewed in relation to contemporary social and political realities, along with their ethical dimension.

Levels: Undergraduate

College of Professional Sci Criminal Justice

CJUS 167 - Survey of Society Social Work

CJUS 167 - Survey of Society Social Work

3 Credit Hours

The course is designed to offer students a basic knowledge and understanding of societal institutions and the core concepts, skills and activities necessary to practice within them. The course also examines the historical roots of the profession; social work interventions in practice, policy, and research; the knowledge, values, ethics and skills underpinning the practice of social work with diverse populations. Students will gain an understanding of the various roles social workers perform and the settings in which they practice.

Course Attributes: Diversity Flag, Gender & Diversity Studies, Social Science Elect New Core, Social Science Old/Trans Core

Levels: Undergraduate

College of Professional Sci Criminal Justice

CJUS 206 - Criminology

CJUS 206 - Criminology

3 Credit Hours

This course explores the cause of crime and deviance from varying theoretical perspectives in the social sciences. As an introductory survey of the classical and positivist schools of criminology, theories covered include human ecology, social structural approaches, social process (learning) theories, socio-biological theories, developmental theories and control theories.

Course Attributes: Oral Communication Flag, Writing Flag Core

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 210 - Basic Const Law & Amer Justice

CJUS 210 - Basic Const Law & Amer Justice

3 Credit Hours

Studies the ratification and incorporation of the Bill of Rights. Examines judicial review, the jurisdiction and organization of federal and state court systems, and the Fourth, Fifth, Sixth and Fourteenth Amendment provisions relevant to law enforcement and judicial process.

Prerequisites: CJUS101

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 230 - Legal Aspects of Corrections

CJUS 230 - Legal Aspects of Corrections

3 Credit Hours

Explores the structure and function of the Federal and State criminal court systems from institutional and behavioral perspectives, First, Sixth, Eighth and Fourteenth Amendment provisions relevant to law enforcement, judicial process and corrections. Ethical aspects are considered, especially the rights and obligations of correctional staff.

Prerequisites: CJUS103

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 239 - Criminalistics I

CJUS 239 - Criminalistics I

3 Credit Hours

Study of legal scientific physical evidence: e.g. fingerprinting, DNA analysis, serology, hair and fiber, and famous crime scene investigations.

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 240 - Criminal Law

CJUS 240 - Criminal Law

3 Credit Hours

An overview of law in society, and especially the development, substance and application of the criminal law. This course complements the course in constitutional law and adds a strong legal and ethical component.

Prerequisites: CJUS101

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 241 - Criminal Law II

CJUS 241 - Criminal Law II

3 Credit Hours

An in-depth study of the criminal justice process with focus on the actors, strategies, institutions and processes which constitute law enforcement and relates the events of major cases to academic literature and policies.

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 243 - Correctional Counseling & Comm

CJUS 243 - Correctional Counseling & Comm

3 Credit Hours

Deals directly with necessary verbal, nonverbal, and writing skills. It also emphasizes cross-cultural communications and presents practical skills exercises relating to all of the above.

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 245 - Private Security

CJUS 245 - Private Security

3 Credit Hours

This course provides a rigorous introductory foundation to the field of Private Security, including its development, philosophies, responsibilities and functions, plus its principles, legal authority, and effects on society.

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 246 - Risk Management

CJUS 246 - Risk Management

3 Credit Hours

This course presents a rigorous introduction to the theoretical concepts of Risk Management, through various analytical concepts, survey techniques, insurance requirements, program development and operational activities, from a security practitioner's perspective.

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 260 - Current Issues in Crim Justice

CJUS 260 - Current Issues in Crim Justice

3 Credit Hours

A required course which complements CJUS 101 Introduction to Criminal Justice; CJUS 103 Introduction to Corrections; CJUS 321 Juvenile Justice; and relates numerous current political and social issues to adult and juvenile corrections.

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 265 - Class and Class Conflict

CJUS 265 - Class and Class Conflict

3 Credit Hours

Class, status, and power in social life. Systems of inequality examined within a cross-cultural perspective.

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 266 - Crime & Personality

CJUS 266 - Crime & Personality

3 Credit Hours

Root causes of crime in the individual and in the culture. Consideration of personality dynamics and treatment approaches are major elements of this course.

Course Attributes: Social Science Old/Trans Core

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 276 - Psychology of Delinquency

CJUS 276 - Psychology of Delinquency

2 Credit Hours

An elective course dealing with types and causes of juvenile delinquency together with brief case history analysis.

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 304 - Crime Prevention

CJUS 304 - Crime Prevention

3 Credit Hours

This course is designed to provide an exploration of various methods of community crime prevention (prevention outside the traditional confines of the CJS). The relevant theory and research related to neighborhood efforts at crime prevention, community policing, school crime prevention, and other situational prevention measures will be explored critically. As such, this course aims to provide a foundation for a better understanding of the objectives of various crime prevention efforts, as well as the proven effectiveness of these various strategies.

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 316 - Crime In Film

CJUS 316 - Crime In Film

3 Credit Hours

The course will examine the portrayal of the criminal justice system in either fictinal and non-fictional films or documentaries. At the end of the course students will be able to: identify both the accurate and inaccurate ways in which the film media present the justice system and its agents; understand how the images and portrayal of criminal justice professions within film media may impact on the manner in which they are treated in society; and link the depiction of criminal behavior within the film media to empirical criminological perspectives.

Course Attributes: Social Science Old/Trans Core

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 321 - Juvenile Justice

CJUS 321 - Juvenile Justice

3 Credit Hours

A required course which emphasizes juvenile court philosophy and practices, prevailing case law, applicable federal and state legislation, historical and current trends and development of standards, alternatives to incarceration, and a comparison of the treatment of the juvenile offender in the juvenile justice system as opposed to the adult system.

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 335 - Inside-Out Prison Exchange

CJUS 335 - Inside-Out Prison Exchange

3 Credit Hours

This course take a pedagogical approach to topics of crime, justice, social action, and the role people inside and outside of correctional institutions play in shaping such matters. By bringing university students and correctional students together behind walls of an institution, this course is an opportunity for all participants to gain a deeper understanding of the criminal justice system through a marriage of theoretical knowledge and practical experience.

Course Attributes: Diversity Flag, Immersive Learning Experience, Peace & Justice Studies Minor, Social Science Old/Trans Core

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 336 - Inside Out Prison Exchange II

CJUS 336 - Inside Out Prison Exchange II

3 Credit Hours

This course take a pedagogical approach to topics of crime, justice, social action, and the role people inside and outside of correctional institutions play in shaping such matters. By bringing university students and correctional students together behind walls of an institution, this course is an opportunity for all participants to gain a deeper understanding of the criminal justice system through a marriage of theoretical knowledge and practical experience.

Course Attributes: Gender & Diversity Studies, Immersive Learning Experience, Peace & Justice Studies Minor

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 350 - Treating Sex Offenders&Victims

CJUS 350 - Treating Sex Offenders&Victims

1 Credit Hours

This workshop will explore treatment issues and approaches for working with sex offenders, victims, and other family members.

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 364 - Overview of Contemp Correction

CJUS 364 - Overview of Contemp Correction

3 Credit Hours

Compares historical and contemporary methodologies, presents and critiques jail and prison programs, applies court decisions to current practices, and generally analyzes institutional and non-institutional corrections in relation to today's social and political realities. Staff and inmate rights and responsibilities are presented within the context of ethical and legal requirements.

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 365 - Women in Criminal Justice Syst

CJUS 365 - Women in Criminal Justice Syst

3 Credit Hours

This course is designed to explore the perceptions and treatment of women in and by the criminal justice system. Emphasis will be placed on how the image and portrayal of females in American society impact on the manner in which they are treated as perpetrators of crime, victims of crime, and criminal justice professionals. Students will also gain an understanding of the historical treatment of women by the agents of the criminal justice system.

Course Attributes: Diversity Flag, Gender & Diversity Studies, GDST Women and Gender Conc, Social Science Old/Trans Core

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 381 - Methods of Research in CJUS

CJUS 381 - Methods of Research in CJUS

3 Credit Hours

This course is designed to acquaint students with basic research methodology that is useful in understanding criminological and criminal justice scholarship. By the end of the course the students should: (1) understand the language of research, (2) understand and apply the research process and data gathering strategies, and (3) have a basic

understanding of research appearing in professional journals.

Course Attributes: Scientific Perspectives Lab, Scientific Perspectives Lect

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 391 - Practicum / Ethics

CJUS 391 - Practicum / Ethics

3 Credit Hours

This practicum requires a minimum of 150 clock hours. Provides an opportunity for the student to integrate theory and concepts presents in the classroom with day to day reality and actual practice of the profession.

Prerequisites: Undergraduate level CJUS101 Minimum grade of D

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 392 - Criminal Justice Practicum II

CJUS 392 - Criminal Justice Practicum II

1-3 Credit Hours

An elective, non-classroom, on-the-job experience which provides the student additional opportunity to integrate the theory and concepts presented in the classroom with day to day reality and actual practice of the profession. This practicum requires 150 clock hours. See CJUS 391 for more information about the types of activities that might be included.

Prerequisites: Undergraduate level CJUS101 Minimum grade of D

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 408 - Women & Societal Violence

CJUS 408 - Women & Societal Violence

1 Credit Hours

A historical perspective on violence against women. Modern day forms of violence against women and intervention will be studied. Prosecution of cases will be presented and treatment strategies for offenders will be explored.

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 430 - Intro to Rational Behav Therap

CJUS 430 - Intro to Rational Behav Therap

0 - 2 Credit Hours

Rational emotive behavioral therapy is a self-help form of counseling which teaches people how to increase their skill in reasoning so that they will be better able to deal with problems and stresses of daily living. It can enable normal people to improve their lives and disturbed people to regain emotional and mental health.

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 435 - Terrorism & Homeland Security

CJUS 435 - Terrorism & Homeland Security

3 Credit Hours

An introduction to terrorism and homeland security. The course is divided into two parts. In the first part (8 weeks), the student will be exposed to definitions, history, typologies, evolutions, causation, ideology, and conduct of terrorism. This provides the student with a solid foundation to digest the materials in the second part, which instructs the student on the U.S. response to the 9/11 attack, i.e. counter-terrorism legislation and programs.

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 439 - Criminalistics II

CJUS 439 - Criminalistics II

3 Credit Hours

Reviews the more intricate areas of anthropology, questioned documents, DNA processes, legalities of homicide scenes, and scientific applications of homicide.

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 441 - Rational-Emotive Behav Therp I

CJUS 441 - Rational-Emotive Behav Therp I

1 Credit Hours

The course is designed to assist the graduate and undergraduate student in the intricacies of REBT theory, concepts, comprehension, and application.

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 444 - Addictive Behaviors

CJUS 444 - Addictive Behaviors

3 Credit Hours

Examination of addiction theory and process through comparison of variety of substance and process addictions.

Prerequisites: Undergraduate level PSYC101 Minimum grade of D and Undergraduate level SOCI101 Minimum grade of D and Undergraduate level SOCW167 Minimum grade of D

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 449 - Criminalistics III

CJUS 449 - Criminalistics III

3 Credit Hours

This course is designed to familiarize the undergraduate and graduate student in specific areas of forensic science. The areas included in this course are forensic psychology, drug analysis, hostage negotiation techniques, legal considerations in crime scene investigations, and reconstruction of accident/crash scenes.

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 463 - Counseling Challenging Youth

CJUS 463 - Counseling Challenging Youth

3 Credit Hours

Workshop participants will learn a number of practical strategies for building and maintaining therapeutic relationships with challenging youth and families. The strategies will be formatted around six guiding principles common to most human services professionals who successfully engage this population. Participants will be challenged to assess their own attitudes, beliefs, and behaviors related to challenging youth via lecture, demonstrations, small group activities, and role plays.

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 482 - Planned Change in Crim Justice

CJUS 482 - Planned Change in Crim Justice

3 Credit Hours

The course is designed as a reading, thinking, and discussion course. The emphasis will be on how to participate in CJ issues debate, as analysts, practitioners, or advocates: identifying, framing, analyzing, critiquing, presenting, advocating issues, policies and programs.

Levels: Graduate Undergraduate

College of Professional Sci Criminal Justice

CJUS 609 - Forensic Aspects Pop Health

CJUS 609 - Forensic Aspects Pop Health

3 Credit Hours

The CJUS 609, Forensic Aspects in Population Health course provides a review of forensic nursing science, forensic science/criminalistics, forensic anthropology, and the criminal justice system through the lens of interprofessional collaboration, and population-health. Forensic nursing concepts addressed in the course will include a review of the expanded and collaborative roles in working with forensic scientists, criminalists, and the criminal justice system. The specific areas for this course related to forensic science/criminalistics include: the crime scene, death investigation, physical evidence, drugs, and DNA. The introduction of population-health concepts will allow graduate MSN/MSJ students to identify a population of interest (aggregate) related to forensic nursing, while using evidence-based practices to develop effective approaches to care for victims of trauma, violence and crime. This course is intended to prepare graduate MSN/MSJ dual degree nurses the opportunity to apply the nursing process to public or legal proceedings, and apply forensic health care in the scientific investigation of trauma and/or death to abuse, violence, criminal activity, liability, and accidents (Lynch, 2004 as cited in Hammer, Moynihan, & Pagliaro, 2013).

CJUS 792 - Internship

CJUS 792 - Internship

3 Credit Hours

Non-classroom program of 150 clock hours placement in correctional, law enforcement, or court setting under academic supervision gives student opportunity to actually apply criminal justice theory, knowledge and intervention skills in the "real world" of law enforcement, court, or correctional practice. Opportunity is presented to acquire understanding of the criminal justice complex and the service delivery system in the community. This "hands-on" experience enables students to begin to appreciate the need for functional professional relationships, differing organizational needs within the institutional or non-institutional setting, and especially to evaluate their own response to the demands and challenges of actual work in a correctional setting. This is an essential part of the student's program and is absolutely required and can never be waived for graduation from the program.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

CLAS 101 - Ancient Mediterran Civ I: Gree

CLAS 101 - Ancient Mediterran Civ I: Gree

3 Credit Hours

An introduction to the methodologies of ancient historical study and an account of the growth and development of ancient Greek civilization from the prehistoric to the Roman era.

Course Attributes: History Old/Trans Core, Humanities Elective

Levels: Undergraduate

CLAS 102 - Ancient Mediterran Civ II: Rom

CLAS 102 - Ancient Mediterran Civ II: Rom

3 Credit Hours

An introduction to the methodologies of ancient historical study and an account of the growth and development of ancient Roman civilization from its archeological and legendary beginnings through the Roman republic into the time of the emperors.

Course Attributes: History Old/Trans Core, Humanities Elective

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 120 - From Homer to Plato

CLAS 120 - From Homer to Plato

3 Credit Hours

This course provides an understanding of the development of ancient Greek culture and history by examining the values, customs, institutions, and major historical events that shaped the Greek world, in particular Athens and Sparta, through primary and secondary source readings. An important goal is to gain insight into the Greek origins of key social, political, and cultural ideas and concepts that have contributed to the formation of Western civilization.

Course Attributes: Historical Perspectives, History Old/Trans Core, Humanities Elective

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 121 - From Alexander to Cleopatra

CLAS 121 - From Alexander to Cleopatra

3 Credit Hours

This course is designed to continue the investigation of the ancient Greek world, as the Greeks begin to spread across the Levant into the Middle East (momentarily as far as India). Many of the social, political, and cultural ideas and concepts developed by the Greeks that were studied in CLAS120 will continue to be explored for their contribution to the formation of Western civilization.

Course Attributes: Historical Perspectives, History Old/Trans Core, Humanities Elective

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 130 - Epic and Adventures of Heroes

CLAS 130 - Epic and Adventures of Heroes

3 Credit Hours

An inquiry into the epic genre, the epic hero, and epic values through a careful reading of several ancient and medieval poems.

Course Attributes: Humanities Elective

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 142 - Classical Tragedy

CLAS 142 - Classical Tragedy

3 Credit Hours

A study of the tragic form, its poetry, and its use of myth through a careful reading of several plays of Aeschylus, Sophocles, Euripides, and Seneca.

Course Attributes: Humanities Elective, Theatre Minor

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 146 - Classical Comedy & Satire

CLAS 146 - Classical Comedy & Satire

3 Credit Hours

A study of ancient classical writings, comedies, which were presented on the stage, and satirical poems.

Course Attributes: Humanities Elective, Theatre Minor

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 160 - From Romulus to Octavian

CLAS 160 - From Romulus to Octavian

3 Credit Hours

This course aims to provide students with an understanding and appreciation of the roots of Western civilization by exploring the culture of the ancient Romans. The purpose of this course is to build an appreciation of early Roman culture and life through a study of its history, government, social changes, and prominent personalities.

Course Attributes: Historical Perspectives, History Old/Trans Core, Humanities Elective

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 161 - From Augustus to Attila

CLAS 161 - From Augustus to Attila

3 Credit Hours

This course aims to provide students with an understanding and appreciation of the roots of Western civilization by exploring the politics and culture of the Roman Empire. This complex period of history will be examined through a study of its history, government, social changes, and prominent personalities.

Course Attributes: Historical Perspectives, History Old/Trans Core

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 170 - Ancient Egypt & Nubia

CLAS 170 - Ancient Egypt & Nubia

3 Credit Hours

The purpose of this course is to acquaint the students with the richness and complexity of the history of Egypt, particularly looking at how its relations with its neighbors changed over time as it looked first in one direction and then another for commercial and political links.

Course Attributes: Africana Studies Minor, Historical Perspectives, History Old/Trans Core

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 171 - Ancient Iraq & Bible Lands

CLAS 171 - Ancient Iraq & Bible Lands

3 Credit Hours

The purpose of this course, one which should be key for an institution such as Xavier, is to explore the integrated histories of the lands of the Bible. Students will read, hear, speak, and write about the history of the early civilizations which jockeyed for power and control of the two great commercial-military prizes: ports on the Mediterranean and control of the Tigris-Euphrates catchments.

Course Attributes: Historical Perspectives, History Old/Trans Core, Humanities Elective, Jewish Studies Minor

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 173 - Intro to Biblical Hebrew

CLAS 173 - Intro to Biblical Hebrew

3 Credit Hours

The purpose of this course is to provide basic instruction in the grammar, vocabulary, and syntax of Hebrew. This course is Classical Hebrew for students of the Old Testament who want to read and translate the Hebrew Bible, use a critical edition, and consult dictionaries, grammars, concordances, and commentaries.

Course Attributes: Humanities Elective, Jewish Studies Minor

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 174 - Readings in Biblical Hebrew

CLAS 174 - Readings in Biblical Hebrew

3 Credit Hours

The purpose of this course is to provide basic instruction in the grammar, vocabulary, and syntax of Hebrew. This course is Classical Hebrew for students of the Old Testament who want to read and translate the Hebrew Bible, use a critical edition, and consult dictionaries, grammars, concordances, and commentaries.

Course Attributes: Humanities Elective, Jewish Studies Minor

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 205 - Classical Lit & Moral Imagina

CLAS 205 - Classical Lit & Moral Imagina

3 Credit Hours

An examination of ethical and social issues drawn from the Greco-Roman past which illuminate contemporary society.

Course Attributes: Diversity Flag, Lit and Moral Imagination

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 210 - Word Origins & Vocabulary Dev

CLAS 210 - Word Origins & Vocabulary Dev

3 Credit Hours

This is a course on the etymology of English words, especially those of classical (Greek or Latin) origin. It introduces students to some basic principles of word formation, the history of the English language, and the influence of other cultures on their own. Emphasis is placed on medical, legal, and scientific terminology.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 211 - The Dead Sea Scrolls

CLAS 211 - The Dead Sea Scrolls

3 Credit Hours

This course introduces undergraduates to the Dead Sea Scrolls (DSS), their history, their (mis-?) representation in the popular media, the scandal surrounding them, what English translations of them are available, and what is currently being done with them.

Course Attributes: Humanities Elective, Jewish Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 217 - Intro to the Church Fathers

CLAS 217 - Intro to the Church Fathers

3 Credit Hours

This course examines the first centuries of Christianity as reflected in the patristic writers; the chief Fathers; the evolution of doctrine; the unfolding of revelation; the consciousness of the indwelling spirit.

Course Attributes: Catholicism & Culture Minor, Humanities Elective

Levels: Graduate Undergraduate

CLAS 236 - Gender & Sex/Ancient Gr & Rome

CLAS 236 - Gender & Sex/Ancient Gr & Rome

3 Credit Hours

What does it mean to be male, female, masculine, feminine, man, woman, boy, girl? What can be discovered about you from the way(s) you have sex and with whom? How are these things related to life, love, power? These are just some of the things that this course considers with reference to the peoples of ancient Greece and Rome and also (eventually) with reference to ourselves.

Course Attributes: Diversity Flag, Gender & Diversity Studies, Humanities Elective, Social Science Old/Trans Core, Writing Flag Core

Levels: Graduate Undergraduate

CLAS 239 - Ancient Lit, Magic & Occult

CLAS 239 - Ancient Lit, Magic & Occult

3 Credit Hours

This course focuses on the influence myth and magic had on the Greco-Roman cultures. The interrelation between ritual magic, derivative superstition, and women is a major component of this course. Emphasis will be placed on the study of witchcraft, the correlation between magic and religion, the influence of the occult on ritual, and the psychology of magic.

Course Attributes: Diversity Flag, Gender & Diversity Studies, Humanities Elective, Writing Flag Core

Levels: Graduate Undergraduate

CLAS 240 - World Mythology

CLAS 240 - World Mythology

3 Credit Hours

The western tradition will be examined through in-depth comparative studies of classical mythology with the mythologies of the world (myths from but not limited to Asia, Central, South, and North America, Africa, the Near East, and Polynesia). This course emphasizes understanding mythologies as symbolic cultural systems expressing societal values.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core, Humanities Elective

Levels: Graduate Undergraduate

CLAS 241 - Classical Mythology: Art

CLAS 241 - Classical Mythology: Art

3 Credit Hours

A study of ancient classical myths, primarily through artifacts and works of art, highlighting the meaning and influence of its myths.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 242 - Classical Mythology: Literatur

CLAS 242 - Classical Mythology: Literatur

3 Credit Hours

A study of the ancient classical myths, primarily through its surviving literature, highlighting the meaning and influence of its myths.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 245 - Myth and Film

CLAS 245 - Myth and Film

3 Credit Hours

An examination of the great influence of Greco-Roman mythology on the modern cinema. The course focuses on how the films we view enhance the mythic stories being presented through artistic manipulation of visual images and sound.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 251 - Near Eastern Mythology: Art

CLAS 251 - Near Eastern Mythology: Art

3 Credit Hours

The major monuments of the ancient Near East are explored as a backdrop to the art, history, and literature of Near Eastern cultures.

Course Attributes: Fine Arts Old/Transition Core, Humanities Elective, Jewish Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 252 - Near Eastern Mythology: Lit

CLAS 252 - Near Eastern Mythology: Lit

3 Credit Hours

The major literary works of the ancient Near East are explored as a backdrop to the art, history, and literature of Near Eastern cultures.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 261 - Greek Archaeology

CLAS 261 - Greek Archaeology

3 Credit Hours

The major monuments of Greek antiquity explored as a backdrop to the art, history, and literature of ancient Greece.

Course Attributes: Humanities Elective, Quantitative Reason Flag Full, Social Science Elect New Core, Social Science Old/Trans Core

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 262 - Roman Archaeology

CLAS 262 - Roman Archaeology

3 Credit Hours

The major monuments of Roman antiquity explored as a backdrop to the art, history, and literature of ancient Rome.

Course Attributes: Humanities Elective, Quantitative Reason Flag Full, Social Science Elect New Core, Social Science Old/Trans Core

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 265 - The Glory That Was & Is Greece

CLAS 265 - The Glory That Was & Is Greece

3 Credit Hours

The purpose of this class is to introduce students to a range of Greek contributions to modern thought, art and architecture, and literature. We will visit the major sites from Greek antiquity to get an idea of what Greek cities were like in different periods of history and how they were situated from the Minoan and Mycenaean times to the present. Classical sites of interest will include Athens (where we will spend roughly half of our time), Sparta, Mycenae, Epidauros, Corinth, Pella, Knossos, and Thera. At the same time we will visit sites from Roman, late antiquity, Byzantine, and modern Islam influenced change. In this way students will truly come to appreciate the glory that was and is Greece.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 371 - Art/Arch/Econ/Soc-Late Antiqui

CLAS 371 - Art/Arch/Econ/Soc-Late Antiqui

3 Credit Hours

A study of the coexistence of several religious and ethical systems, highlighting symbiosis and cross-fertilization.

Prerequisites: Undergraduate level PHIL100 Minimum grade of D and Undergraduate level THEO111 Minimum grade of D

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 372 - Women in Antiquity

CLAS 372 - Women in Antiquity

3 Credit Hours

A multi-media study of the lives of Greek and Roman women and minorities organized around topics and issues of contemporary interest.

Prerequisites: Undergraduate level PHIL100 Minimum grade of D and Undergraduate level THEO111 Minimum grade of D

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 380 - Classics and the Modern World

CLAS 380 - Classics and the Modern World

3 Credit Hours

The goal of this course is to create dialogues between the past and present in order to explore how the study of the past can enrich and inform our understanding of the present(2014and vice versa. CLAS 380 will bring classical antiquity into dialogue with the present for students who will engage with primary ancient texts in English translation. Students will explore the congruencies and contradictions in ancient and modern practices and thought. This course invites students to engage in critical reflection on questions of deep ethical significance regarding both our own society and an ancient culture that has had a major impact on the modern world. This course may have as its focus different topics from different periods of classical antiquity and the modern world depending on the instructor. CLAS 380 is designed to facilitate community engaged learning, and the syllabus we have submitted includes that component, but this is not a requirement of the course every time it is taught. Whether or not the course incorporates community engaged learning will be at the discretion of the faculty member teaching it.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 397 - Directed Study

CLAS 397 - Directed Study

1-3 Credit Hours

Credit and content of course by advance agreement between the professor and student.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 398 - Capstone Preparation

CLAS 398 - Capstone Preparation

3 Credit Hours

This is the first part of the senior thesis/pre-seminar course that fulfills the Capstone Course requirement necessary for the completion of the Honors Bachelor of Arts curriculum. This course has as its goal the preparation of the thesis mandated for the completion of the HAB curriculum. This course will serve two purposes: (1) to prepare the student practically for the thesis in such areas as format, deadlines, selection of director and committee, presentation, organizing content, style, expectation, etc.; and (2) to help the student research and reflect on/discuss areas related to ideas and subject matter previously studied throughout the HAB program.

Restrictions: Must be assigned one of the following Student Attributes: University Scholar PPPU & Honors

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

CLAS 399 - HAB Capstone Thesis

CLAS 399 - HAB Capstone Thesis

1-3 Credit Hours

Senior thesis/pre-seminar course.

Prerequisites: CLAS398

Restrictions: Must be enrolled in one of the following Classifications: Senior

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

COMM 101 - Oral Communication

COMM 101 - Oral Communication

3 Credit Hours

Speech fundamentals as applied to public speaking and listening skills. Develops conceptual understanding of basic communication principles and the ability to think theoretically and understand the process of developing theory. Encompasses communication in the context of related areas.

Course Attributes: Oral Communication Flag

Levels: Undergraduate

College of Arts & Sciences Communication

COMM 123 - Intro To Comm and Media

COMM 123 - Intro To Comm and Media

3 Credit Hours

Examines the history, structure, and organization of media industries, including print, electronic media, and the World Wide Web. Includes discussion of law and policy, effects, and the media's role in a democratic society.

Levels: Undergraduate

COMM 197 - A Soc & Cult Hist of Amer Movi

COMM 197 - A Soc & Cult Hist of Amer Movi

2 Credit Hours

Hollywood has always taken historical themes for some of its most ambitious projects, a trend that has become even more pronounced in the past decade. What has not always been understood is that Hollywood and the development of the American movie industry has been a central element in the social and cultural history of 20th century America. Thus, this workshop has two purposes: to critically examine various film images of American history and equally important, to place Hollywood and its products in the larger context of 20th century American history.

Levels: Undergraduate

COMM 199 - Special Study

COMM 199 - Special Study

1-3 Credit Hours

An in-depth study of a specific topic or area in communication. Requires permission of advisor/Chair

Levels: Undergraduate

COMM 200 - PR Agency Practicum

COMM 200 - PR Agency Practicum

1 Credit Hours

The invitation-based practicum course provides students with an active learning experience that is process-oriented. Students develop skills in leadership, teamwork, time and project management, organization, prioritization, and take charge of a campus club and other community partners in an agency-like atmosphere. The practicum is largely rooted in management.

Prerequisites: COMM270

Levels: Graduate Undergraduate

COMM 206 - Writing for the Media

COMM 206 - Writing for the Media

3 Credit Hours

Introductory level course on writing for the media, including public media and controlled media, in print, broadcast or online form. Develops skills in journalistic, news-style writing and feature writing, as well as other styles used in advertising, news and public relations. Workshop/laboratory setting with deadline writing experience.

Prerequisites: Undergraduate level ENGL101 Minimum grade of D or Undergraduate level ENGL115 Minimum grade of D

Restrictions: Must be enrolled in one of the following Fields of Study (Major, Minor, or Concentration): Advertising Communication Arts Communication Studies Digital Innovation, Film & TV Digital Media Political Communication Public Relations Sport Management Sport Marketing Writing

Course Attributes: Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 207 - Interpersonal Communication

COMM 207 - Interpersonal Communication

3 Credit Hours

Understanding of and classroom practice in effective communication between persons.

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 209 - Group Dynamics

COMM 209 - Group Dynamics

3 Credit Hours

Dynamic and participative strategies in group process skills. Learn by participating and doing.

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 211 - Media Literacy

COMM 211 - Media Literacy

3 Credit Hours

Designed to help students become more intelligent and discriminating consumers of media. Develops the ability to analyze, assess, and critically evaluate media texts, images, sounds and representations. Develops awareness and understanding the media's role in news, entertainment, ideology, and power.

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 221 - Introduction to Digital Media

COMM 221 - Introduction to Digital Media

3 Credit Hours

In this course, students will develop the skills of communication in digital media by exploring theories of digital media, locating and assessing arguments in and about digital media, making arguments in digital media, and interrogating the implications of digital media on communication. In this course, students will address several key questions, including: what is digital media? How does digital media affect communication? How do text, speech, and visual and auditory modes of communication work in relationship to each other in digital media?

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 230 - Principles of Advertising

COMM 230 - Principles of Advertising

3 Credit Hours

A comprehensive examination of the advertising process and the principles involved in its preparation and production. Focus is on the three major components of advertising: the audience, the message, and the channels.

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 235 - Digital Design

COMM 235 - Digital Design

3 Credit Hours

Students will be given a basic knowledge of and hands-on training in the use of Adobe Photoshop software.

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 237 - Elements of Copy & Design

COMM 237 - Elements of Copy & Design

3 Credit Hours

Provides fundamental knowledge and skill in advertising copywriting, layout and design, Course topics will include interpreting target audiences, creative concept formulation, advertising copywriting, design and layout. The vocabulary and language associated with graphic design/advertising and production processes will be covered. Students will develop a variety of sample advertisements during the course.

Restrictions: Must be enrolled in one of the following Fields of Study (Major, Minor, or Concentration): Advertising Communication Arts Communication Studies Digital Media Public Relations Sport Management Sport Marketing Writing

Course Attributes: Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 247 - Understanding New Media

COMM 247 - Understanding New Media

3 Credit Hours

Explores the concepts and theories pertaining to the Internet and other new media technologies, their role in the communication process, and their consequences for society and culture. Issues addressed: content (news to hate speech to pornography), effects (i.e., Internet addiction), commerce (i.e., online shopping and advertising), and democracy (i.e., the digital divide). This course is intended for anyone interested in making sense of new media. Although the ability to use the Internet is expected, this is not a course on how to design web pages or how to improve your surfing skills.

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 260 - Organizational Communication

COMM 260 - Organizational Communication

3 Credit Hours

Organization theories and key concepts provide the framework for addressing contemporary communication issues and how these issues affect individual, group, and organization performance and effectiveness.

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 264 - Persuasion

COMM 264 - Persuasion

3 Credit Hours

Teaches consumers of information how to analyze, respond to, and generate persuasive messages. A variety of organizational contexts are examined, including politics, business, religion, and advertising.

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 270 - Principles of Strategic Comm

COMM 270 - Principles of Strategic Comm

3 Credit Hours

An overview of the theories and practices of strategic communications, its function in organizations, its history and development, and its role in society.

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 299 - Special Study

COMM 299 - Special Study

1-3 Credit Hours

An in-depth study of a specific topic or area in communication. Requires permission of advisor/Chair

Levels: Graduate Undergraduate

COMM 332 - Media Strategies in Advtising

COMM 332 - Media Strategies in Advtising

3 Credit Hours

A study of the characteristics of the various communication media and the methods employed in measuring their relative efficiencies in delivering the advertising message to the target audiences.

Prerequisites: Undergraduate level COMM329 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 334 - Issues in Advertising

COMM 334 - Issues in Advertising

3 Credit Hours

Designed to foster a critical understanding of advertising and promotion as an institution, and its role in communication, society, culture, and our economy. Topics include the continuing dialogue between supporters and critics, confronting issues related to the institution's ethical conduct, regulatory issues, and social responsibility.

Restrictions: Must be enrolled in one of the following Majors: Advertising Communication Studies Electronic Media Organizational Communication Public Relations Must be enrolled in one of the following Classifications: Senior Junior

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 360 - Adv Organizational Comm

COMM 360 - Adv Organizational Comm

3 Credit Hours

Critical case study analysis of communication processes and practices. Along with the analysis, students will be expected to construct proposals for interventions. Explores contemporary organizational communication theories. Students will learn the Case Analysis Method and how to apply behavioral interviewing methods for employment and performance appraisals.

Prerequisites: COMM221 or COMM260 or COMM270

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 362 - Org Communication Research

COMM 362 - Org Communication Research

3 Credit Hours

Offers a basic understanding of the methods used to test hypotheses and answer research questions in organizational communication research. Study of how to use focus groups, surveys, and communication audits, how to construct a basic research study, how to critically evaluate industry and academic research, and how to select and evaluate appropriate methodology for a variety of research questions.

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 366 - Marketing Comm Practicum

COMM 366 - Marketing Comm Practicum

3 Credit Hours

This is an interdisciplinary course for communication, marketing, sport management and sport marketing majors. Students apply knowledge and skills to create real marketing and communication campaigns for sport organizations. The course examines the strategic and tactical use of brand engagement programs in integrated marketing communications. Students are divided into teams and work with real-world clients to develop marketing and communication campaigns for existing sport brands. The class requires teamwork, creativity and problem-solving abilities. In addition to the course prerequisites, students must also have one upper-level COMM, MKTG, or SPMG course; a 3.0 GPA; and the approval of instructor.

Prerequisites: COMM270 or MKTG300 or SPMG310

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 371 - Public Relations Writing

COMM 371 - Public Relations Writing

3 Credit Hours

Develops advanced writing skills for public relations programs; gives particular attention to backgrounds, brochures, handbooks, annual and quarterly reports, and scripts for broadcast, AV and film.

Prerequisites: COMM206

Restrictions: Must be enrolled in one of the following Fields of Study (Major, Minor, or Concentration): Advertising Communication Studies Digital Media Public Relations Sport Management Sport Marketing Writing

Course Attributes: Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 372 - PR Cases and Planning

COMM 372 - PR Cases and Planning

3 Credit Hours

A comprehensive seminar course about public relations case studies and planning.

Prerequisites: Undergraduate level COMM270 Minimum grade of D

Restrictions: Must be enrolled in one of the following Classifications: Senior Junior

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 385 - Media, Democracy & the Public

COMM 385 - Media, Democracy & the Public

3 Credit Hours

This course examines the role mass media play in creating and sustaining a democratic and civil society. The major emphasis of the course is to understand the current state of the media and their impact on the citizenry and democratic institutions. The course also reviews the historical turning points that gave birth to major media institutions and scrutinizes the role media played to convert the "public" into "masses."

Course Attributes: Peace & Justice Studies Minor

COMM 426 - Media Law & Policy

COMM 426 - Media Law & Policy

3 Credit Hours

Examines laws, statutes and policies as they apply to mass media. This course is designed to provide the student with an understanding of rationale and origins of laws and the policy making process, the challenges policy makers and court systems face forming, implementing and interpreting laws and statutes. Special emphasis will be paid to First Amendment, copyright, trademark and patent issues as they apply to the media and the workings of FCC and FTC.

Restrictions: Must be enrolled in one of the following Classifications: Senior Junior

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 430 - Creative Strategies Advrtsing

COMM 430 - Creative Strategies Advrtsing

3 Credit Hours

A study of the theoretical foundations and the process of developing advertising and promotional strategy; methods of utilizing research data for developing and evaluating advertising strategy.

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 433 - Social Media Strategies

COMM 433 - Social Media Strategies

3 Credit Hours

This course addresses social media strategy development and execution with a vast experiential learning component.

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 439 - Senior Sem-Adv: Campaigns

COMM 439 - Senior Sem-Adv: Campaigns

3 Credit Hours

The capstone advertising course requiring the student to prepare and produce a complete general advertising campaign utilizing concepts learned in previous advertising courses.

Prerequisites: Undergraduate level COMM332 Minimum grade of D

Restrictions: Must be enrolled in one of the following Classifications: Senior

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 469 - Sr Sem: Comm Studies

COMM 469 - Sr Sem: Comm Studies

3 Credit Hours

The capstone course of the organizational communication major, this course asks students to use and reflect on the theories and skills they have learned throughout the major to complete a senior project.

Restrictions: Must be enrolled in one of the following Classifications: Senior

Course Attributes: Service Learning

Levels: Graduate Undergraduate

COMM 477 - Strat Comm Ethics Society

COMM 477 - Strat Comm Ethics Society

3 Credit Hours

A comprehensive course that examines the major ethical and legal principles that guide the responsible practice of strategic communications in American society.

Prerequisites: COMM270

Restrictions: Must be enrolled in one of the following Fields of Study (Major, Minor, or Concentration): Advertising Communication Studies Digital Media Public Relations Sport Management Sport Marketing Must be enrolled in one of the following Classifications: Senior Junior

Course Attributes: ERS Focus Elective

Levels: Graduate Undergraduate

COMM 479 - SR Sem: PR Management

COMM 479 - SR Sem: PR Management

3 Credit Hours

Presents management theories and techniques as applied to public relations activities and functions; workshop approach provides students skills for developing public relations campaigns. Requires 18 hours of previous work in public relations major, including COMM 270 and Senior status

Prerequisites: COMM270

Restrictions: Must be enrolled in one of the following Classifications: Senior

Levels: Graduate Undergraduate

COMM 489 - Senior Seminar: Digital Media

COMM 489 - Senior Seminar: Digital Media

3 Credit Hours

Capstone course for the Digital Media Major. In the course, students complete a senior project that uses the theories, research, and technical skills they have learned throughout the Digital Media Major.

Prerequisites: COMM221 and COMM321

Levels: Graduate Undergraduate

COMM 498 - Communication Internship II

COMM 498 - Communication Internship II

1-3 Credit Hours

Internship II provides Communication Arts students in any of the department's majors with advanced hands-on experience in a professional setting related to the major. Students must secure approval for the internship from the department chair prior to beginning the internship.

Prerequisites: COMM398

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 499 - Special Study

COMM 499 - Special Study

1-3 Credit Hours

An in-depth study of a specific topic or area in communication. Requires permission of advisor/Chair

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

COMM 560 - Strategic Organizational Comm

COMM 560 - Strategic Organizational Comm

3 Credit Hours

Organizational communication is strategic in two ways. Organizations emerge from strategic choices made that determine how they will function, govern, and carry out their business on a day to day basis. This in turn leads employees to make strategic choices on how they will manage daily life as an employee and more importantly how they will assist the organization in accomplishing its goals. This course is designed to assist students in understanding how organizations make strategic decisions and develop communication skills to respond effectively to organizational needs. Urban sustainability efforts will require considerable public education and persuasion and will also have to be engaged, embraced, and implemented by a wide variety of citizens and organizations. Practitioners of urban sustainability will need to be able to design and communicate organizational strategies which include communicating complex ideas, integrating various perspectives, building coalitions among groups, and keeping the public informed. In this course students can expect to study a wide array of topics such as persuasion, public relations/crisis management, strategic alignment, group communication, and communication in organizational systems.

3 Credit Hours

Levels: Undergraduate

No College Applicable Department Not Declared

CORE 499 - Core Capstone

CORE 499 - Core Capstone

0 Credit Hours

This satisfactory/unsatisfactory requirement is for undergraduate graduating seniors only. It requires an on-line response to a question related to one of the 12 core curriculum goals, requiring approximately 45 minutes. These data are designed to assess what our students are learning through the core. In this assessment, only group data/analysis are reported, not individual responses. Committing to quality education means setting clear goals for student achievement, regularly assessing performance against those goals, reporting evidence of success, and continuously working to improve the educational experience. These assessment results are integrated into the work of the faculty and staff to improve student learning.

COUN 507 - Presence Practice: Deeper Ther

COUN 507 - Presence Practice: Deeper Ther

0 - 2 Credit Hours

This course will deeply examine styles of presence, styles of therapeutic relationship, especially the classic and demanding notions of empathy and congruence as ways of attaining more powerful connection with oneself and clients or students. The work of Martha Stark that examines three therapeutic models: offering insight, providing corrective experience, being an authentic subject will also be explored.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Counseling

COUN 508 - Supporting Recov From Trauma

COUN 508 - Supporting Recov From Trauma

0 - 2 Credit Hours

This course will provide information and experience to help counselors and educators further their understanding of trauma and their ability to recognize hidden signs of trauma. Dialogue with professionals working in the field of trauma will provide different ways of supporting the healing of trauma and its aftermath, and caring for one's self in the process. Specific emphasis is given to the body because of the nervous system damage which occurs in trauma and which needs to be attended to if a thorough treatment is to be designed. These will include Sensorimotor Psychotherapy, EDMR, Movement Therapy, and Presence Practice. Presentations, readings, video, art, movement, and reflective writing will support the learning process.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Counseling

COUN 509 - Counseling Research Methods

COUN 509 - Counseling Research Methods

2 Credit Hours

Investigation into counseling research. Review of literature, planning research, and methods of conducting research. Restricted to Counseling or Clinical Mental Health Counseling majors.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Counseling

COUN 519 - Coping With Death and Dying

COUN 519 - Coping With Death and Dying

2 Credit Hours

Awareness of the grief process. Counseling techniques to assist those experiencing loss.

Levels: Graduate

College of Professional Sci Counseling

COUN 520 - Treating Anxiety Disorders

COUN 520 - Treating Anxiety Disorders

1 Credit Hours

According to 2005 data from the National Institute of Mental, 40 million American adults ages 18 and older, or about 18.1% of people, meet the criteria for an anxiety disorder. It is also a common disorder in school-age children. Clinicians will be faced with diagnosing and treating these common disorders. In the course, an overview of

anxiety disorders and treatment modalities will be obtained. Panic disorder, Obsessive-Compulsive Disorder, Post Traumatic Stress Disorder, Generalized Anxiety Disorder, Phobias and Agoraphobia will be explored through DSM-IV TR criteria, case examples and treatment strategies. Cognitive Behavioral Therapy, Relaxation and Stress Reduction Techniques, EDMR and Dialectical Behavioral Therapy modalities will be discussed as successful treatment techniques. Use of these techniques in a clinical vs. school setting will be considered.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Counseling

COUN 526 - WDEP System of Reality Therapy

COUN 526 - WDEP System of Reality Therapy

0 - 1 Credit Hours

This interactive workshop focuses on practical skills immediately useful on the job; skills hand can be integrated into other theories. It includes discussion, role-play demonstrations of cases presented by participants, small group practice, and viewing/critiquing video recordings. Participants will gain a working knowledge of choice theory, the basis of reality therapy, followed by an explanation and demonstration of the WDEP system (wants, doing, evaluation, planning). Integrated into the session will be a review of the research on reality therapy and a discussion about the misconceptions about the practice and implementation of the principles of reality therapy. The connections between choice theory and neuroscience will be discussed as well as the relationship between choice theory and mindfulness and Ericksonian principles.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Counseling

COUN 533 - Counseling Theories & Tech

COUN 533 - Counseling Theories & Tech

3 Credit Hours

Theory of counseling, case method, ethics, relationships to testing and to other sources of data, interviewing, place and value of records, clinical procedures. Restricted to Counseling or Clinical Mental Health Counseling majors.

COUN 537 - Intro To School Counseling

COUN 537 - Intro To School Counseling

3 Credit Hours

Administrative operations related to school counseling services, personnel and staffing, budget, and public relations. Restricted to Counseling majors.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Counseling

COUN 538 - Adv School Counseling Practice

COUN 538 - Adv School Counseling Practice

3 Credit Hours

This course is designed to provide students with further understanding of the role and identity of professional school counselors. Students will explore content and process for the implementation of 21st century school counseling programs. The course will assist students in obtaining and developing skills necessary for development of a comprehensive developmental school counseling program based on national standards for school counseling programs, including those skills utilized in collaboration, consultation, and team building.

Prerequisites: COUN537 or EDCO537

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Counseling

COUN 539 - Childhood Psychopathology

COUN 539 - Childhood Psychopathology

3 Credit Hours

This course will provide a conceptual overview of the foundations of psychodiagnostics. School counseling students will learn to identify signs and symptoms of various childhood psychological disorders including: neurodevelopment disorders; disruptive, impulse-control, and conduct disorders; schizophrenia spectrum and other psychotic disorders; bipolar and related disorders, depressive disorders, anxiety disorders, obsessive-compulsive and related disorders; trauma- and stressor- related disorders; dissociative disorders; eating disorders; substance-related disorders; and nonsuicidal self-injury.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Counseling

COUN 540 - School Culture and Climate

COUN 540 - School Culture and Climate

2 Credit Hours

This course is designed to introduce, expose, and provide skills in navigating school culture and climate to counselors-in-training including key factors of leadership, advocates and systems change agents in P-12 schools. It is also designed to equip counselors-in-training with sufficient skills and knowledge to design and implement effective comprehensive developmental school counseling programs that address the career, personal/social, and academic needs of students in grades K-12.

Levels: Graduate

College of Professional Sci Counseling

COUN 545 - Treating Self Injury

COUN 545 - Treating Self Injury

0 - 1 Credit Hours

Cutting and other forms of self-injury are a growing concern for educators and mental health professionals. Research suggests that more and more individuals, particularly adolescent and college-aged females are engaging in this behavior. This workshop will help attendees better understand this coping mechanism and learn pragmatic strategies to assist these adolescents and young adults. The workshop is applicable for practicing counselors as well as graduate students in school or clinical mental health counseling.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Counseling

COUN 563 - Counseling Challenging Youth

COUN 563 - Counseling Challenging Youth

1 Credit Hours

Workshop participants will learn a number of practical strategies for building and maintaining therapeutic relationships with challenging youth and families. The strategies will be formatted around six guiding principles common to most human services professionals who successfully engage this population. Participants will be challenged to assess their own attitudes, beliefs, and behaviors related to challenging youth via lecture, demonstrations, small group activities, and role plays.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

COUN 766 - Intervention Skills

COUN 766 - Intervention Skills

3 Credit Hours

Specific interventions and treatment strategies with severely mentally disabled individuals in both individual and group settings including developing and implementing a treatment plan, reporting and assessing progress of treatment, appropriate psychological, educational, and specialized intervention techniques for use with clients. Restricted to Clinical Mental Health Counseling majors.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

COUN 767 - Treating Addictive Disorders

COUN 767 - Treating Addictive Disorders

3 Credit Hours

This course will explore advanced concepts in the field of substance abuse and addictions counseling. The primary goals for the course are to deepen students' understanding of substance use disorders and psychopharmacology, to facilitate the development of addiction counseling competencies that are associated with positive treatment outcomes, and to increase the student's level of confidence relative to providing substance abuse evaluation, education and treatment. Emphasis will be placed on developing and practicing substance abuse counseling skills. Students will be introduced to different theoretical models of alcohol and other drug abuse and will explore a variety of treatment approaches. Special populations within the addictions field will be presented including co-occurring substance abuse and mental health disorders, and process addictions. The course addresses aspects of the 2009 CACREP CORE area in Helping Relationships as well as topics included in the Program Area Standards for School and Clinical Mental Health counseling programs.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

COUN 773 - Counseling Practicum

COUN 773 - Counseling Practicum

3 Credit Hours

This course addresses the Clinical instruction requirements for the 2009 CACREP Standards for the Department of Counseling. This practicum experience involves completing recorded interviews with bona fide clients and producing appropriate client reports and student self-evaluation forms. All students are expected to have COUN 533, COUN 536, COUN631, COUN579, COUN 669 successfully completed prior to enrolling in COUN 773. Students in COUN 773 must carry liability insurance purchased through the University. Students must complete a total of 40 clock hours of counseling sessions with approximately four clients, eight hours of which must be recorded on CD or other device for supervisor review. Students will also be expected to lead a group counseling experience. Progress notes on the other sessions are due on a regular basis.

Prerequisites: (COUN533 or EDCO533) and (COUN536 or EDCO536) and (COUN579 or EDCO579) and (COUN631 or EDCO631) and (COUN669 or EDCO669)

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

CSCI 170 - Computer Science I

CSCI 170 - Computer Science I

3 Credit Hours

This course is an overview of computer science. Topics include problem solving and algorithms, machine architecture, operating systems, assembly language, higher level programming languages, compilers, limits of computation, networking, applications, and social/ethical issues.

Course Attributes: Mathematical Perspectives

Levels: Undergraduate

CSCI 174 - Programming in "C"

CSCI 174 - Programming in "C"

1 Credit Hours

Introduction to the basic syntax of C through a series of weekly two-hour laboratory exercises and programming projects.

Prerequisites: Undergraduate level CSCI170 Minimum grade of D and Undergraduate level CSCI180 Minimum grade of D

Levels: Undergraduate

College of Arts & Sciences Computer Science

CSCI 175 - C/C ++

CSCI 175 - C/C ++

3 Credit Hours

Structured programming and problem solving. Data manipulation, functions, arrays, structures, pointers, and files. Fundamental algorithms.

Levels: Undergraduate

College of Arts & Sciences Computer Science

CSCI 180 - Computer Science II

CSCI 180 - Computer Science II

3 Credit Hours

Program design: advanced syntax of a programming language; dynamic memory; recursion; sorting; searching; stacks; queues; social and ethical issues related to software design and reliability.

Prerequisites: Undergraduate level CSCI170 Minimum grade of D

Levels: Undergraduate

College of Arts & Sciences Computer Science

CSCI 181 - Computer Science Lab

CSCI 181 - Computer Science Lab

1 Credit Hours

Introduction to the syntax of a programming language and to program design techniques.

Co-requisites: CSCI180

Levels: Undergraduate

CSCI 210 - Machine Org & Assembly Lang

CSCI 210 - Machine Org & Assembly Lang

3 Credit Hours

Machine level representation of data, assembly level machine organization, memory system organization and architecture, number representation and errors, assembly language.

Prerequisites: Undergraduate level CSCI170 Minimum grade of D

Levels: Graduate Undergraduate

CSCI 220 - Data Structures & Algorithms

CSCI 220 - Data Structures & Algorithms

3 Credit Hours

Trees, hashing, advanced sorts, numerical algorithms, algorithm analysis, algorithm design and problem solving strategies.

Prerequisites: Undergraduate level CSCI180 Minimum grade of D

Course Attributes: Quantitative Reason Flag Full

Levels: Graduate Undergraduate

CSCI 240 - Systems Security Fundamentals

CSCI 240 - Systems Security Fundamentals

3 Credit Hours

Introduction to system level security issues. Operating systems, networks, and databases are examined from a design perspective to recognize the security threats in current systems and design principles for secure systems. Includes examination and use of tools for monitoring and administering systems securely.

Prerequisites: CSCI170 and CSCI180 and CSCI220

Levels: Graduate Undergraduate

CSCI 250 - Languages & Automata

CSCI 250 - Languages & Automata

3 Credit Hours

Finite-state-automata and regular expressions, context-free grammars, pushdown automata. Turing machines, computability and undecidability, complexity classes.

Prerequisites: (Undergraduate level MATH180 Minimum grade of D or Undergraduate level MATH225 Minimum grade of D) and Undergraduate level CSCI170 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Computer Science

CSCI 260 - Software Engineering

CSCI 260 - Software Engineering

3 Credit Hours

Software development process; software requirements and specifications; software design and implementation; verification and validation.

Prerequisites: Undergraduate level CSCI220 Minimum grade of C

Levels: Graduate Undergraduate

College of Arts & Sciences Computer Science

CSCI 300 - Programming Languages

CSCI 300 - Programming Languages

3 Credit Hours

History of programming languages; virtual machines; sequence control; data control; scoping; parameter passing; sharing and type checking; run-time storage management; programming language semantics; programming paradigms. Includes a brief introduction to several different languages as examples of paradigms.

Prerequisites: Undergraduate level CSCI220 Minimum grade of C and Undergraduate level CSCI250 Minimum grade of D

Course Attributes: Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences Computer Science

CSCI 310 - Compiler Construction

CSCI 310 - Compiler Construction

3 Credit Hours

Study of grammars, syntax, semantics, interpreters, and compilers. Including the construction of a simple language and a compiler/interpreter.

Prerequisites: Undergraduate level CSCI220 Minimum grade of C and Undergraduate level CSCI250 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Computer Science

CSCI 320 - Operating Systems

CSCI 320 - Operating Systems

3 Credit Hours

Operating system software and hardware design and implementation; tasks and processes; process coordination, synchronization, and scheduling; physical and virtual memory organization; file systems and naming; security and protection.

Prerequisites: Undergraduate level CSCI210 Minimum grade of D and Undergraduate level CSCI220 Minimum grade of C

Levels: Graduate Undergraduate

College of Arts & Sciences Computer Science

CSCI 321 - Numerical Analysis

CSCI 321 - Numerical Analysis

3 Credit Hours

Accuracy; function evaluation and approximation; systems of linear equations; nonlinear equations; numerical differentiation and integration; solutions to differential equations.

Prerequisites: Undergraduate level CSCI170 Minimum grade of D and Undergraduate level MATH171 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Computer Science

CSCI 335 - Databases

CSCI 335 - Databases

3 Credit Hours

Database systems are the software systems used to manage large volumes of data. The principles of database systems, hardware characteristics, file organization and evaluation, data models, database schemas, etc., are studied from both a theoretical and practical viewpoint. The emphasis will be on solving the problems encountered in designing and using a database system, regardless of the underlying hardware and operating system on which the database system will run.

Prerequisites: Undergraduate level CSCI220 Minimum grade of C

Levels: Graduate Undergraduate

College of Arts & Sciences Computer Science

CSCI 340 - Networking

CSCI 340 - Networking

3 Credit Hours

Principles of abstraction underlying modern networks with an emphasis on the technologies underlying the Internet. Applications, transport protocols, routing protocols, network protocols and link protocols will be covered. Problem solving, including programming, at all layers of the networking model will be emphasized.

Prerequisites: Undergraduate level CSCI220 Minimum grade of C

Levels: Graduate Undergraduate

College of Arts & Sciences Computer Science

CSCI 341 - Network Vuln, Penetration, Def

CSCI 341 - Network Vuln, Penetration, Def

3 Credit Hours

This course will cover the skills necessary to understand different types of attacks and exploits against hosts and networks. Students will utilize hands-on labs to learn reconnaissance, scanning, exploitation, post-exploitation, and other penetration testing methodologies used by ethical hackers. The course will also cover the computer security resources that cover new vulnerabilities and innovative methods to protect networks. Fundamentals of information assurance including legal, ethical, and compliance issues will be taught and enforced.

Prerequisites: Undergraduate level CSCI240 Minimum grade of C and Undergraduate level CSCI340 Minimum grade of C

Levels: Graduate Undergraduate

College of Arts & Sciences Computer Science

CSCI 350 - Advanced Algorithms & Theory

CSCI 350 - Advanced Algorithms & Theory

3 Credit Hours

Advanced algorithm design and analysis of algorithms; NP-Completeness, parallel algorithms; heuristic techniques for intractable problems.

Prerequisites: Undergraduate level CSCI220 Minimum grade of C

Levels: Graduate Undergraduate

College of Arts & Sciences Computer Science

CSCI 370 - Artificial Intelligence

CSCI 370 - Artificial Intelligence

3 Credit Hours

Methods of problem solving in artificial intelligence. Heuristics, evaluation functions, search strategies, and a survey of AI projects. Introduction to LISP or other language used for AI programming.

Prerequisites: Undergraduate level CSCI220 Minimum grade of C

Levels: Graduate Undergraduate

College of Arts & Sciences Computer Science

CSCI 380 - Topics in Computer Science

CSCI 380 - Topics in Computer Science

1-3 Credit Hours

Advanced computer science topics, specified by instructor.

Prerequisites: Undergraduate level CSCI220 Minimum grade of C

Levels: Graduate Undergraduate

College of Arts & Sciences Computer Science

CSCI 381 - Topics In Cybersecurity

CSCI 381 - Topics In Cybersecurity

3 Credit Hours

Prerequisites: Undergraduate level CSCI240 Minimum grade of C and Undergraduate level CSCI340 Minimum grade of C

Levels: Graduate Undergraduate

College of Arts & Sciences Computer Science

CSCI 390 - Senior Seminar & Project

CSCI 390 - Senior Seminar & Project

2-3 Credit Hours

Design, implementation, documentation, and presentation of a significant computer science project.

Prerequisites: Undergraduate level CSCI220 Minimum grade of C

Restrictions: Must be enrolled in one of the following Majors: Computer Science Computer Science Must be enrolled in one of the following Classifications: Senior

Levels: Graduate Undergraduate

College of Arts & Sciences Computer Science

CSCI 395 - Co-Op Education in Comp Sci

CSCI 395 - Co-Op Education in Comp Sci

3 Credit Hours

Integrates professional work experience with classroom training by providing students with advanced hands on work experience in a real software engineering environment under the direct supervision of a professional software developer. Student must meet Co-Op program requirements and have the approval of their departmental advisor.

Prerequisites: Undergraduate level CSCI220 Minimum grade of C

Levels: Graduate Undergraduate

College of Arts & Sciences Computer Science

CSCI 397 - Special Reading in Comp Sci

CSCI 397 - Special Reading in Comp Sci

3 Credit Hours

Credit by arrangement with instructor.

Levels: Graduate Undergraduate

College of Arts & Sciences Computer Science

DANC 153 - Stretch Class

DANC 153 - Stretch Class

1 Credit Hours

This is a study of exercises and movement to music to promote fitness and body control in preparing for dance development. The class combines elements of stretching and strength building exercises using yoga, Pilates and ballet. Basic anatomy is covered as a foundation for control of the muscles and bone structure of the body.

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

DANC 154 - Dance & Movement Beginner Tap

DANC 154 - Dance & Movement Beginner Tap

1 Credit Hours

Technical aspects of dance through medium of theatrical dance movement. Ideas and movement problems explored through rhythmic, stretching and body strengthening activities. Students with no dance exposure can participate to improve body coordination and natural aptitudes for dance.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core, Musical Theatre Minor

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

DANC 155 - Dance & Movement Beginner Jazz

DANC 155 - Dance & Movement Beginner Jazz

1 Credit Hours

Technical aspects of dance through medium of theatrical dance movement. Ideas and movement problems explored through rhythmic, stretching and body strengthening activities. Students with no dance exposure can participate to improve body coordination and natural aptitudes for dance.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core, Musical Theatre Minor

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

DANC 156 - Dance & Movement Advanced Tap

DANC 156 - Dance & Movement Advanced Tap

1 Credit Hours

Continuation of MUSC 154/155.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core, Musical Theatre Minor

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

DANC 157 - Dance & Movement Advanced Jazz

DANC 157 - Dance & Movement Advanced Jazz

1 Credit Hours

A continuation of MUSC 154/155.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core, Musical Theatre Minor

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

DANC 158 - Ballet I

DANC 158 - Ballet I

1 Credit Hours

Ballet techniques presented and practiced. An introduction to the fundamentals of ballet technique and body mechanics that govern ballet's classical foundation. Designed to establish groundwork for developing proper working patterns, in placement, turnout, breathing and balance.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core, Musical Theatre Minor

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

DANC 159 - Ballet II

DANC 159 - Ballet II

1 Credit Hours

This course is a continuation of ballet dancing, (Ballet I, MUSC 158). This discipline challenges the body and the mind. The execution of ballet technique provides exercises, improves posture and promotes grace and coordination. Learning the joy of movement and the appreciation of aesthetic beauty will be emphasized.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core, Musical Theatre Minor

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

DANC 160 - Ballet Intermediate/Advance

DANC 160 - Ballet Intermediate/Advance

1 Credit Hours

This is a systematic and comprehensive study of classical ballet presented as an exploration of ballet technique in the dance studio. The course outlines the traditional ballet class including work at the barre and center, using combinations and choreography which challenges the mind and body. French terminology will be used. This is a continuation of Ballet II with more advanced steps added.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core, Musical Theatre Minor

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

DANC 162 - Dance Sport

DANC 162 - Dance Sport

1 Credit Hours

This course is an introduction to the fundamentals of Dance Sport/Ballroom dancing techniques. Students will learn about the history of Couples dancing, as a dance form, emerged in the 15th century Europe as an adaptation of folk dancing and was refined by the dancing masters of the time. The class will study five ballroom dances: Modern Waltz, Tango, Viennese Waltz, Slow Foxtrot, and quickstep, which are danced the world over both socially and in Dance Sport Competitions.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

DANC 163 - World Fusion Dance

DANC 163 - World Fusion Dance

1 Credit Hours

This course will explore a variety of world dance styles as a means of expression and culture. This will be accomplished through technique instruction, critique of video performances and improvisational exercises. Students will learn dance styles independent of each other, and later learn how styles of dance can be fused together to form an eclectic genre. Each class will begin with a proper stretching followed by technique instruction. Improvisational exercises will be used to enhance students' creativity, and choreographic sensibilities. As the class progresses, students will learn routines which strengthen choreographic phrasing skills.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

DANC 166 - Modern Dance

DANC 166 - Modern Dance

1 Credit Hours

The class will explore the genre of modern dance. This will be accomplished through technique instruction, critique of DVD performances and improvisational exercises. Throughout the course various approaches to modern dance will be studied including: Dunham, Graham and Pedestrian styles. The course will culminate with the study of contemporary choreographers influenced by the modern dance movement. Each class will begin with proper stretching, followed by technique instruction. Improvisational exercises will be used to enhance students' creativity, and choreographic sensibilities. As the class progresses, students will learn routines which strengthen choreographic phrasing skills.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

DANC 170 - Beginning Ballroom Dance

DANC 170 - Beginning Ballroom Dance

1 Credit Hours

The course presents American traditional ballroom dance styles as used for social occasions. Instruction will be for dance styles in which the participants move around the floor in a circular pattern and these will be the Waltz, two versions of the Foxtrot, Rumba and Tango.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

DANC 171 - Beginning Ballroom Dance II

DANC 171 - Beginning Ballroom Dance II

1 Credit Hours

The course presents American traditional ballroom dance styles as used for social occasions. Instruction will be for dances in which the participants dance in a given spot and these will be the Lindy, Jive, Jitterbug, two versions of Swing, plus the Bolero, Mambo, and Cha-cha.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

DANC 172 - Adv Ballroom Dance

DANC 172 - Adv Ballroom Dance

1 Credit Hours

This course presents American traditional ballroom dance styles as used for social occasions. Instruction will be for dance styles in which the participants move around the floor in a circular pattern and these will be the Waltz, two versions of the Foxtrot, Rumba and Tango. Students will receive instruction in the social customs associated with ballroom dancing. Short lectures will be presented on the social history and development of each type of dance and also the music to which that dance is performed. Demonstration will be given on the correct dancing stance and hold positions, correctly leading and following the different required steps, and signaling to your partner during the dances, plus the appropriate skills for moving in Line of Dance versus Promenade. Lecture and demonstration will be given on selecting the types of recorded music which have appropriate rhythm for each of those dances. Demonstration will be given as to how the dance steps are coordinated to the music.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

DANC 173 - Adv Ball Dance Rhythm & Latin

DANC 173 - Adv Ball Dance Rhythm & Latin

1 Credit Hours

This course presents American traditional ballroom dance styles as used for social occasions. Instruction will be for dances in which the participants dance in a given spot and these will be the Lindy, Jive, Jitterbug, Swing, plus the Bolero, Mambo, and Cha-cha.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

DANC 201 - Musical Theatre Dance

DANC 201 - Musical Theatre Dance

1 Credit Hours

This course is designed to introduce the fundamentals of musical theatre dance. The class will focus on the students ability to learn various styles of dance from past to present as related to musical theatre.

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

DIFT 104 - Video Production non DIFT

DIFT 104 - Video Production non DIFT

3 Credit Hours

This course introduces the field of television production beginning with its terms, practices, and techniques. Emphasis is placed on field production, studio production, editing, graphics, audio and lighting.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Communication

DIFT 207 - News Producing Practicum

DIFT 207 - News Producing Practicum

3 Credit Hours

Course Attributes: Writing Flag Core

Levels: Undergraduate

College of Arts & Sciences Communication

DIFT 210 - Art of Film

DIFT 210 - Art of Film

3 Credit Hours

Film as a modern art form, treating motion, sound, editing, light, acting, director's style, and film analysis.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

DIFT 213 - Non-Fiction Film

DIFT 213 - Non-Fiction Film

3 Credit Hours

Development of the nonfiction film from Flaherty to "cinema of truth." Current documentaries on controversial topics will be stressed.

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

DIFT 214 - Film Criticism

DIFT 214 - Film Criticism

3 Credit Hours

Cultivating criteria for judging film from viewing and analysis. Leading theories will be discussed.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

DIFT 215 - Aesthetics & Tech of Post Prod

DIFT 215 - Aesthetics & Tech of Post Prod

3 Credit Hours

Rules and principles involved in the art of video post-production. Through practice and hands-on instruction, this course explores cinematic grammars and a variety of storytelling strategies and techniques.

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

DIFT 216 - Photography I

DIFT 216 - Photography I

3 Credit Hours

This course is an introduction to the art of shooting traditional black and white photography and modern SLR digital color photography. This course is also an introduction to the fine art of digital imaging as a practical and artistic enhancement to basic photography. Photography will be discussed as both a fine art form and a commercial art

medium.

Course Attributes: Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

DIFT 250 - Screenwriting & Story Craft

DIFT 250 - Screenwriting & Story Craft

3 Credit Hours

Screenwriting focuses on the conceptualization, design, organization, communication strategies, and formatting of messages and experiences for television and film. Story craft focuses on the components of storytelling including drama, narrative and scene development, characterization, and literary techniques that apply to scriptwriting.

Prerequisites: COMM206

Course Attributes: Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

DIFT 254 - Intro to Video Production

DIFT 254 - Intro to Video Production

3 Credit Hours

Revolves around whole-systems thinking, including the design and development of "live," script-to-screen segments and programs. Skills are developed in the areas of scripting, directing, technical directing, camera operation, floor management, lighting, audio, and video recording. Industry roles & responsibilities are treated, including the strategies for gaining entrance.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

DIFT 280 - Alfred Hitchcock in Hollywood

DIFT 280 - Alfred Hitchcock in Hollywood

2-3 Credit Hours

This course is designed for undergraduates and serves as both an in-depth investigation of a major artist and an exploration of American attitudes and institutions during World War II, the Cold War, and the upheavals of the 1960s and early 70s. Students are required to do a significant amount of reading and writing.

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

DIFT 297 - America Through the Lens

DIFT 297 - America Through the Lens

2-3 Credit Hours

Films and television programs will be analyzed in order to both identify the cultural and historical messages they contain. The formulas and conventions of Hollywood genres will be examined. This understanding of genre will serve as a primary analytical tool as we de-construct the films and television programs studied in class.

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

DIFT 310 - The Horror Film

DIFT 310 - The Horror Film

3 Credit Hours

An analysis and history of the horror film, with attention to the myths behind the subject matter. Gender related issues will be emphasized.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

DIFT 340 - Audio Production

DIFT 340 - Audio Production

3 Credit Hours

Technical and theoretical basis. Digital sound editing, special effects, commercial production and documentary production. Lab

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

DIFT 348 - Internship in DIFT I

DIFT 348 - Internship in DIFT I

3 Credit Hours

Levels: Undergraduate

College of Arts & Sciences Communication

DIFT 354 - Field Prod and Story Telling

DIFT 354 - Field Prod and Story Telling

3 Credit Hours

Producing video on-location from a script. News, interview, documentary, corporate, and film-style productions are covered, along with the requisite skills in directing, teamwork, camera operation and aesthetics, sound recording, lighting, and non-linear editing. Throughout, the emphasis is on the whole-systems thinking and effective communication.

Prerequisites: DIFT254 or COMM254

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

DIFT 401 - Politics Reporting Practicum

DIFT 401 - Politics Reporting Practicum

1 Credit Hours

Collaborative (interdisciplinary) hands-on course, that focuses on the fall national and local election cycle. Advanced Electronic Media students and Mass Media and Politics students, will collaborate to produce high value news packages, focusing on the fall elections. Target audience is Xavier News and the Web. The course is open to Electronic Media majors and PPP majors taking the Mass Media and Politics course with instructor permission.

Restrictions: Must be enrolled in one of the following Majors: Electronic Media Philos, Politics & The Public

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

DIFT 402 - Brand X Production Practicum

DIFT 402 - Brand X Production Practicum

1 Credit Hours

This course is a collaborative hands-on course that will focus on creating completed Brand X programming to be aired on our student channel and the web. Electronic Media students will collaborate to write and produce a high production value music shows. The course is open to Electronic Media majors and other majors who belong to the television association and have experience working in the TV studio. Other students must receive permission from the instructor.

Restrictions: Must be enrolled in one of the following Majors: Electronic Media

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

DIFT 403 - Brand X Practicum II

DIFT 403 - Brand X Practicum II

1 Credit Hours

This sequential course to DIFT 402 is a collaborative hands-on course that will focus on creating completed Brand X programming to be aired on our student channel and the web. Electronic Media students will collaborate to write and produce high production value music shows. The course is open to Electronic Media majors and other majors who belong to the television association and have experience working in the TV studio. Other students must receive permission from the instructor.

Prerequisites: COMM101

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

DIFT 451 - Introduction to Video Graphics

DIFT 451 - Introduction to Video Graphics

3 Credit Hours

Creative elements of conceptualizing, generation, and 2D animation within a high resolution paint system. Integration of paint system with live/video and character generation.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

DIFT 452 - Aesthetics & Tech of Post Prod

DIFT 452 - Aesthetics & Tech of Post Prod

3 Credit Hours

Rules and principles involved in the art of video post-production. Through practice and hands-on instruction, this course explores cinematic grammars and a variety of storytelling strategies and techniques.

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

DIFT 454 - Advanced Video Editing

DIFT 454 - Advanced Video Editing

3 Credit Hours

Teaches students how to use the AVID, non-linear editing system; also covers aesthetics and editor-client interaction.

Prerequisites: DIFT254 or COMM254

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

DIFT 458 - Internship in DIFT II

DIFT 458 - Internship in DIFT II

3 Credit Hours

Levels: Undergraduate

College of Arts & Sciences Communication

DIFT 459 - Senior Sem in EMED Adv Prod I

DIFT 459 - Senior Sem in EMED Adv Prod I

3 Credit Hours

This capstone course calls into play the full range of theoretical knowledge, creativity, skills, and talents that students developed in the lower-level production courses. Students design and produce professional quality, scripted videos or a whole program.

Restrictions: Must be enrolled in one of the following Classifications: Senior

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

DIFT 460 - Senior Sem in DIFT Adv Prod II

DIFT 460 - Senior Sem in DIFT Adv Prod II

3 Credit Hours

Second semester of capstone experience.

Prerequisites: DIFT459

Restrictions: Must be enrolled in one of the following Classifications: Senior

Levels: Graduate Undergraduate

College of Arts & Sciences Communication

ECON 200 - Microeconomic Principles

ECON 200 - Microeconomic Principles

3 Credit Hours

Principles governing the efficient allocation of the nation's scarce resources. Economic behavior of consumers, producers, and resource owners.

Restrictions: Must be enrolled in one of the following Levels: Undergraduate

Course Attributes: Social Science Elect New Core, Social Science Old/Trans Core

Levels: Graduate Undergraduate

Williams College of Business Economics

ECON 201 - Macroeconomic Principles

ECON 201 - Macroeconomic Principles

3 Credit Hours

Economic activity of the economy as a whole. The role of public policy in relation to issues of full employment, price stability, economic growth, government finance, and international trade.

Prerequisites: Undergraduate level ECON200 Minimum grade of D

Course Attributes: Social Science Elect New Core, Social Science Old/Trans Core

Levels: Undergraduate

Williams College of Business Economics

ECON 209 - Economics and Public Issues

ECON 209 - Economics and Public Issues

3 Credit Hours

Analysis of a series of public issues from economic and ethical perspectives. ECON 209 does not count as either an economics elective or a business elective, but does count as an E/RS Focus elective.

Prerequisites: Undergraduate level PHIL100 Minimum grade of D and Undergraduate level THEO111 Minimum grade of D

Course Attributes: ERS Focus Elective, Social Science Old/Trans Core

Levels: Undergraduate

Williams College of Business Economics

ECON 300 - Int'l Trade & Bus Environment

ECON 300 - Int'l Trade & Bus Environment

3 Credit Hours

An analysis of International Trade and Finance; the behavior of the multinational enterprise; the impact of the global economy on traditional business strategies.

Prerequisites: Undergraduate level ECON201 Minimum grade of D

Levels: Undergraduate

Williams College of Business Economics

ECON 303 - Internship / Econ

ECON 303 - Internship / Econ

1-3 Credit Hours

An elective cooperative experience where students earn academic credit while performing approved economic-related work experience. Student must have 55 credit hours completed, a 2.750 GPA, and departmental approval.

Prerequisites: Undergraduate level MGMT301 Minimum grade of D

Levels: Undergraduate

Williams College of Business Economics

ECON 305 - Microeconomic Analysis

ECON 305 - Microeconomic Analysis

3 Credit Hours

An in-depth study of consumer behavior, production costs, the firm, market structure, factor markets, and general equilibrium analysis.

Prerequisites: ECON200 and (MATH140 or MATH150 or MATH170)

Levels: Undergraduate

Williams College of Business Economics

ECON 306 - Macroeconomic Analysis

ECON 306 - Macroeconomic Analysis

3 Credit Hours

Theoretical foundations of macro models integrating real and monetary sectors in both open and closed economies. Controversies in modern macro theory, with emphasis on business cycle theory.

Prerequisites: Undergraduate level ECON201 Minimum grade of D and (Undergraduate level MATH140 Minimum grade of D or Undergraduate level MATH150 Minimum grade of D or Undergraduate level MATH170 Minimum grade of D)

Levels: Undergraduate

Williams College of Business Economics

ECON 307 - Empirical Analysis In Economic

ECON 307 - Empirical Analysis In Economic

3 Credit Hours

The construction and testing of economic models. Emphasis given to linear regression techniques, special problems in estimating economic relationships, and interpretation of results.

Prerequisites: ECON200 and ECON201 and (STAT210 or BAIS210 or MATH156)

Course Attributes: Quantitative Reason Flag Full

Levels: Undergraduate

Williams College of Business Economics

ECON 315 - History of Economic Thought

ECON 315 - History of Economic Thought

3 Credit Hours

Ideas and theories of major contributors to economic thought, including, Smith, Mill, Marx, and Keynes. Primary sources will be used.

Prerequisites: Undergraduate level ECON201 Minimum grade of D and Undergraduate level PHIL100 Minimum grade of D and Undergraduate level THEO111 Minimum grade of D

Course Attributes: ERS Focus Elective, Peace & Justice Studies Minor, Social Science Old/Trans Core

Levels: Undergraduate

Williams College of Business Economics

ECON 320 - Natural Resource Economics

ECON 320 - Natural Resource Economics

3 Credit Hours

Economic analysis of managing the environment and allocating natural resources. Historical roots and ethical consequences of existing problems and policies are explored.

Prerequisites: Undergraduate level ECON200 Minimum grade of D and Undergraduate level PHIL100 Minimum grade of D and Undergraduate level THEO111 Minimum grade of D

Course Attributes: ERS Focus Elective

Levels: Undergraduate

Williams College of Business Economics

ECON 323 - Intro to Mathematical Econ

ECON 323 - Intro to Mathematical Econ

3 Credit Hours

Synthesis of mathematical techniques and economic theory. A mathematical review of economic models, static equilibrium, comparative statics, optimization, dynamic analysis, and mathematical programming.

Prerequisites: Undergraduate level ECON201 Minimum grade of D and Undergraduate level MATH150 Minimum grade of D

Levels: Undergraduate

Williams College of Business Economics

ECON 340 - Econ Th & App in Pub Pol

ECON 340 - Econ Th & App in Pub Pol

3 Credit Hours

The purpose of this course is to provide students with a set of conceptual frameworks for analyzing the social, economic and political environment for public policy analysis and policy design based on basic economic principles.

Prerequisites: ECON200 and ECON201

Restrictions: Must be assigned one of the following Student Attributes: Smith Scholar

Levels: Undergraduate

Williams College of Business Economics

ECON 341 - Econ of Developing Countries

ECON 341 - Econ of Developing Countries

3 Credit Hours

Analysis of the main problems of developing countries, methods of generating growth and development, and consideration of the international distribution of wealth.

Prerequisites: Undergraduate level ECON201 Minimum grade of D

Levels: Undergraduate

Williams College of Business Economics

ECON 350 - Business Cycles & Forecasting

ECON 350 - Business Cycles & Forecasting

3 Credit Hours

The study of macroeconomic theories that explain business cycles and use of macroeconomic data and economic indicators that can be used to predict cycles. The development of statistical tools for forecasting economic trends and fluctuations.

Prerequisites: ECON200 and ECON201 and STAT211

Levels: Undergraduate

Williams College of Business Economics

ECON 360 - Economics and Politics

ECON 360 - Economics and Politics

3 Credit Hours

An introduction to the economic analysis of political decision making in a modern democracy. Present models and examination of policy choices as an outcome of strategic interaction among rational individuals. Other topics include: rational choice theory, models of electoral competition, role of institutions in policy making, general and special interest politics and lobbying and international policy coordination.

Prerequisites: ECON200

Levels: Undergraduate

Williams College of Business Economics

ECON 370 - Historic Dev of Amer Econ

ECON 370 - Historic Dev of Amer Econ

3 Credit Hours

This course provides an introduction to the historical development of the American economy. Additionally, our course will provide you the opportunity to learn about and practice writing in economics. We will explore a number of applied microeconomic topics across a variety of historical settings that include colonial institutions, slavery, transportation, agricultural development, immigration, discrimination and mobility. We will attempt to answer a number of different questions through our discussion. What can we learn about modern development from historical examples? What is \201Cgood\201D economic history? How did events, policies, institutions, etc. affect the economic and human development of the Americas? What can we learn from economic history?

Prerequisites: ECON200 and ECON201

Course Attributes: Writing Flag Core

Levels: Undergraduate

Williams College of Business Economics

ECON 390 - Topics in Economics

ECON 390 - Topics in Economics

3 Credit Hours

Selected problems. Examples include: energy, natural resource, environmental and urban economics. May be taken for credit more than once.

Prerequisites: Undergraduate level ECON201 Minimum grade of D

Levels: Undergraduate

Williams College of Business Economics

ECON 391 - Money and Capital Markets

ECON 391 - Money and Capital Markets

3 Credit Hours

Various financial markets including markets for money, bond, mortgage, stock, and derivatives will be covered. The student will gain a basic understanding of the role these markets play in every day economic activity. There will be considerable time learning the key economic concepts and financial institutions that play such an important role in financial markets. Emphasis will be placed on the key role of the Federal Reserve System and its monetary policy as well as commercial banks and how they are affected by the monetary policy. Nonbank financial institutions will also be examined, including Fannie Mae and Freddie Mac.

Prerequisites: ECON200 and ECON201

Levels: Undergraduate

Williams College of Business Economics

ECON 394 - Sports Economics

ECON 394 - Sports Economics

3 Credit Hours

Sports economics is the application of economic models to sports questions. That sounds boring, but it's not. Sports bring MANY humans together, often organizing groups of humans around a common goal. The problem is that each individual has their own wants and needs as well. This creates tension and leads to difficult questions within teams, leagues, cities, and society as a whole. For example: Should D1 Student Athletes be paid to play? Is the level of US Women's National Team player compensation unfair? Should teams from large markets (e.g., New York or LA) be forced to share revenues with the rest of the league? Should cities use tax dollars to subsidize new stadiums? Should we be able to gamble on sports? And much more.

Prerequisites: ECON200 and ECON201

Levels: Undergraduate

Williams College of Business Economics

ECON 395 - Economics of Poverty

ECON 395 - Economics of Poverty

(3) Credit Hours

This course explores the issues of poverty and discrimination from the perspective of an economist. We will examine the causes and consequences of poverty and discrimination, as well as the various policies meant to reduce their prevalence. The primary focus is poverty in the United States, but some aspects of international poverty will also be addressed.

Course Attributes: Cultural Diversity - Univ Core

Levels: Undergraduate

Williams College of Business Economics

ECON 410 - Economic Growth

ECON 410 - Economic Growth

3 Credit Hours

This course introduces students to stylized facts about economic growth and the economic models that help to explain these facts. The course starts with the simple Solow model and study the contribution of physical capital and human capital. Then we will take technology growth as endogenous and discuss its determinants. We will conclude by studying the micro and macroeconomics behind population dynamics and learning how it relates to economic growth.

Prerequisites: ECON305 and ECON306

Levels: Undergraduate

Williams College of Business Economics

ECON 420 - Urban and Regional Economics

ECON 420 - Urban and Regional Economics

3 Credit Hours

An analysis of the economic reasons for city formation and spatial density patterns, with a focus on cities in the United States. Within this framework, we explore issues of transportation, housing, local government finance, crime and poverty.

Prerequisites: ECON305

Levels: Undergraduate

Williams College of Business Economics

ECON 421 - Environment, Econ and Policy

ECON 421 - Environment, Econ and Policy

3 Credit Hours

Analysis of concepts and models concerning economics and the environment, with applications to policy questions. Project work will focus on particular natural resources or ecosystem services.

Prerequisites: ECON320 and ECON305

Course Attributes: Environ Science/Studies Elect, Peace & Justice Studies Minor

Levels: Undergraduate

Williams College of Business Economics

ECON 440 - Public Economics

ECON 440 - Public Economics

3 Credit Hours

Study of economic efficiency, distribution and role of government in the economy. Topics include: market failure, public and private provision of public goods, an analysis of the principles of government expenditure and taxation.

Prerequisites: Undergraduate level ECON305 Minimum grade of D and (Undergraduate level MATH140 Minimum grade of D or Undergraduate level MATH150 Minimum grade of D) or Undergraduate level MATH170 Minimum grade of D

Levels: Undergraduate

Williams College of Business Economics

ECON 441 - Econ of Developing Country II

ECON 441 - Econ of Developing Country II

3 Credit Hours

This course analyzes the problems and issues that are fundamental to developing countries by focusing on topics that are "external" to developing countries, such as International Migration, Foreign Aid, and Technology Diffusion. At the heart of this course lies the complex relationship between market and government failure: while markets do not usually deliver socially desirable outcomes, governments also do not pursue socially desirable objectives.

Prerequisites: ECON305 and (MATH140 or MATH150 or MATH170)

Levels: Undergraduate

Williams College of Business Economics

ECON 450 - International Economics

ECON 450 - International Economics

3 Credit Hours

Basis for trade between nations. Barriers to trade. Balance of payments. Exchange rate determination. Monetary and fiscal policies in an open economy.

Prerequisites: Undergraduate level ECON305 Minimum grade of D and Undergraduate level ECON306 Minimum grade of D and (Undergraduate level MATH140 Minimum grade of D or Undergraduate level MATH150 Minimum grade of D or Undergraduate level MATH170 Minimum grade of D)

Levels: Undergraduate

Williams College of Business Economics

ECON 460 - Labor Economics

ECON 460 - Labor Economics

3 Credit Hours

Analysis of labor market behavior. Issues of compensation, human capital investment, unionization, discrimination, and the influence of the labor market on the macro economy.

Prerequisites: Undergraduate level ECON305 Minimum grade of D and (Undergraduate level MATH140 Minimum grade of D or Undergraduate level MATH150 Minimum grade of D or Undergraduate level MATH170 Minimum grade of D)

Levels: Undergraduate

Williams College of Business Economics

ECON 480 - Appl Research Methods in Econ

ECON 480 - Appl Research Methods in Econ

3 Credit Hours

This course will provide an opportunity to learn about research design in applied microeconomics. Students will extend the theory they learn in their econometrics course to a wide variety of advanced empirical techniques that economists employ in the pursuit of the holy grail of research\2014the causal effect. Students will gain a basic knowledge of the theory behind these techniques. More importantly, they will learn how to implement them in their own work and to critique their implementation in the work of others.

Prerequisites: ECON305 and ECON307

Levels: Undergraduate

Williams College of Business Economics

ECON 494 - Economics Capstone

ECON 494 - Economics Capstone

0 Credit Hours

The primary aim of the capstone course is to use economic theory and data analysis to complete an original research project. In this course, students will learn about the process of developing, researching, writing and presenting an economics capstone. In class, students will learn how to decide on an appropriate research topic, formulate hypotheses using economic theory, fit the topic into a broader literature, collect and analyze data and write the capstone paper based on the results from data analysis. At the end of the term, students will present their capstone to the economics faculty throughout the second half of the term. The research paper and the oral presentation of the research will be assessed by the faculty.

Levels: Undergraduate

Williams College of Business Economics

ECON 495 - Markets, Strategy & Rivalry

ECON 495 - Markets, Strategy & Rivalry

3 Credit Hours

Applied microeconomic analysis for decision-making within the business firm. Topics include pricing decisions, internal labor issues, and external market pressures.

Prerequisites: Undergraduate level ECON305 Minimum grade of D and Undergraduate level STAT211 Minimum grade of D and (Undergraduate level MATH140 Minimum grade of D or Undergraduate level MATH150 Minimum grade of D or Undergraduate level MATH170 Minimum grade of D)

Levels: Undergraduate

Williams College of Business Economics

ECON 499 - Tutorial Course

ECON 499 - Tutorial Course

1-3 Credit Hours

Special reading and study for advanced students. Approval of department chair and dean required.

Prerequisites: Undergraduate level MATH140 Minimum grade of D or Undergraduate level MATH150 Minimum grade of D or Undergraduate level MATH170 Minimum grade of D

Levels: Undergraduate

Williams College of Business Economics

ECON 550 - Managerial Economics

ECON 550 - Managerial Economics

3 Credit Hours

Managerial economics analyzes consumer and firm behavior in order to provide a strong, theoretical understanding of how consumer and firm behavior in order to provide a strong, theoretical understanding of how consumers make decisions and firms maximize profit. With this foundation, the second part of the course examines how firms are organized and their behavior in a variety of market situations. The course concludes with an analysis of how to make effective decisions regarding hiring, managing, and motivating workers.

Restrictions: Must be enrolled in one of the following Levels: Graduate

EDAD 771 - Internship:Principal I

3 Credit Hours

This course is the administrative internship that satisfies one of Ohio's requirements for the Administrative Licensure. The purpose of this course is to provide the student with an opportunity to work under the direction of a certified administrator/supervisor in an education setting to see how what is discussed in the classroom courses is practically applied in the field. The internship consists of a minimum of 100 hours under the direction of an administrative mentor. The curriculum is based on the standards for preparation of the school administrator adopted by the Professional Associations (i.e. NAESP, NASSP, AASA, ASCD, NCATE.). The length of the internship spans two semesters (Internship: Principal I & Internship: Principal II, for a total of six semester hours.) For this course, Internship: Principal I, the internship will be mutually planned and supervised by the student, the professor, and the mentor. The internship will include at least one significant experience in at least two of the areas listed in the National Educational Leadership Preparation (NELP) or the Ohio Principal Standard Framework.

All internships shall contain the following characteristics and components: The length of the internships will be a full academic year, consisting of two semesters. The internships will equal a total of six semester hours of credit. The internships will be mutually planned and supervised by Xavier University personnel and administrators from allied schools and organizations. School and other outside organizational personnel will also serve as mentors for the graduate students enrolled in the internships. The internships will be further implemented through a social systems approach; meaning that the student must have experiences with agencies and people outside the school structure. Examples would be social service agencies that assist the schools or are directly involved in services to children who are enrolled in schools. However, the internship will not be limited to agencies and people who have natural connections with the schools. Any experiences that will train the future administrator to successfully communicate with the community will be included. The internships will include at least one significant experience in each of the following four leadership areas: organizational leadership; strategic leadership; curriculum, instructional, staff development leadership; community, political leadership.

Restrictions: Must be enrolled in one of the following Levels: Graduate

EDEC 336 - Early Childhood LA/Soc St Cohr

EDEC 336 - Early Childhood LA/Soc St Cohr

4 Credit Hours

This course is designed to prepare students to integrate language arts and social studies using instructional strategies, oral and written language skills, reading and children's literature for the integrated curriculum, formal and informal assessment strategies, adaptations for diverse learners, as well as review the Ohio Model Competency - Based Language Arts and Social Studies Programs for children age 3 to grade 3. Requires Cohort admission and progression.

Co-requisites: EDEC331

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDEC 340 - Integrated Curr-Early Childhd

EDEC 340 - Integrated Curr-Early Childhd

3 Credit Hours

Planning of integrated curriculum for preschool through primary grades. Developmentally appropriate practice. Ohio and local curriculum models. Formal and informal assessment strategies. Diverse populations of children in urban and suburban settings.

Prerequisites: (Undergraduate level EDFD100 Minimum grade of B or Undergraduate level EDEL100 Minimum grade of B) and Undergraduate level EDFD110 Minimum grade of C and Undergraduate level EDEC325 Minimum grade of C and Undergraduate level EDEC210 Minimum grade of C and (Undergraduate level EDEC330 Minimum grade of C or Undergraduate level EDEC335 Minimum grade of C)

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDEC 350 - Primary Integrated Art

EDEC 350 - Primary Integrated Art

3 Credit Hours

Course objectives include exposure to art theory and experience with art techniques as appropriate in school environments for preschool and primary children. The integrated approach considers developmentally appropriate practices for enhancing all curricular areas in preschool through primary education. Application of Ohio Learning Standards for Fine Arts: perceiving/ knowing/creating, producing/performing and responding/reflecting will be applied in lesson planning. Current theories of art education examined, along with prominent programs for the development of creativity and the arts. Social-emotional aspects of learning through the arts will be correlated with prior knowledge of child development. The importance of the study of current neuroscience developments about the arts and learning will be introduced.

Prerequisites: EDEL100 and EDEC210 and EDCH324 and EDRE312 and (EDEC330 or EDEC335)

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDEC 450 - Student Teaching Primary

EDEC 450 - Student Teaching Primary

9 Credit Hours

Fourteen weeks of supervised full day student teaching under a master teacher. Reflective practice and co-teaching. Student teaching is under the daily guidance of a qualified cooperating teacher and regular supervision visits from the assigned University supervisor.

EDEL 327 - Adolescent Literature

3 Credit Hours

Survey of literature available for adolescents; how to use literature in the classroom.

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDEL 350 - Foundations of TESOL

EDEL 350 - Foundations of TESOL

3 Credit Hours

EDEL 350 is designed to introduce the core foundations of second language acquisition. These foundations include, history of ESL teaching in the United States, legal obligations, content standards for English Language Learners (ELLs) and process of identification and services administered to ELLs. The course will be interactive and include technical supports for students to engage in conversation. Research will be explored and students will be required to critically read research and present upon a journal article. Students will understand the fundamentals of accommodation for ELLs both in the tutoring or sheltered environment and the content areas.

Levels: Undergraduate

College of Professional Sci School of Education

EDEL 351 - Instruct Strat for EL

EDEL 351 - Instruct Strat for EL

3 Credit Hours

Instructional Strategies for English Learners is designed for both undergraduate and Master\2019s level students. Participants of this course will learn about second language acquisition, cultural transmission, legal requirements for serving English Learner (ELs), explore state content standards for English Language Proficiency, and learn methodology such as Sheltered Instruction Observation Protocol that content teachers may utilize in instruction with English Learners.

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDEL 352 - Culturally Responsive Teaching

EDEL 352 - Culturally Responsive Teaching

3 Credit Hours

Culturally Responsive Teaching for English Language Learners is designed to address cultural competence, teaching strategies and increasing funds of knowledge regarding cultural differences. An in depth study of culturally responsive practice will be explored, including self- examination of culture. ESL teachers encounter students internationally and nationally and need to be able to code switch from various cultures and to understand how culture impacts learning and achievement.

Course Attributes: Diversity Flag

Levels: Undergraduate

College of Professional Sci School of Education

EDEL 353 - Effective Assessment Practices

EDEL 353 - Effective Assessment Practices

3 Credit Hours

Effective Assessment Practices for ELLs, will explore different avenues for assessment and bridge the gap regarding cultural bias in assessment. Students will examine strategies to assess reading, writing, listening and speaking and will learn measures of English Language Proficiency. Participants will learn to select appropriate assessments for their students and learn to differentiate between learning and language barriers. Various rubrics and authentic assessments will be investigated and utilized by participants.

Levels: Undergraduate

College of Professional Sci School of Education

EDEL 354 - Aspects of Lang & Socioling

EDEL 354 - Aspects of Lang & Socioling

3 Credit Hours

Aspects of Language and Sociolinguistics will explore more in-depth second language acquisition including how L1 [native language] affects L2 [second language] and language transfer. The teaching of grammar, syntax and structure will be explored including differences for English Language Learners. Aspects of intercultural communication will be covered. Participants will develop an appreciation for home culture and native language (L1) and how to use it effectively in instruction. Students will understand and apply knowledge of social, political and psychological variables that affect education. Students will explore technical supports and supplemental aides for effective instruction of ELLS.

Course Attributes: Writing Flag Core

Levels: Undergraduate

College of Professional Sci School of Education

EDEL 370 - Junior Field Experience

EDEL 370 - Junior Field Experience

2 Credit Hours

Observation, teaching and evaluation; major subject areas: reading, language arts, mathematics, social studies, and science.

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDEL 401 - Non Violent Crisis Intervent

EDEL 401 - Non Violent Crisis Intervent

0 - 1 Credit Hours

This course will train students and professionals how to deal effectively with clients who are angry and whose behavior is escalating out of control. This course emphasizes the use of tehcniques that will prevent physical crisis but will also present non-violent physical intervention technique training as well. A series of research-based protocols will be presented, demonstrated and explained that have proven to be best practice in de-escalating violent behaviors.

Levels: Undergraduate

College of Professional Sci School of Education

EDEL 440 - Middle Childhood Trans

EDEL 440 - Middle Childhood Trans

3 Credit Hours

Course studies development of the 9-11 year old child within the context of the classroom, with emphasis on developmentally appropriate teaching strategies and management.

Prerequisites: EDEC330 or EDEC335

Levels: Undergraduate

College of Professional Sci School of Education

EDEL 441 - Intermediate Math Methods

EDEL 441 - Intermediate Math Methods

2 Credit Hours

This course examines the discipline of math as it relates the content and practices in grades 4-6 based on the Ohio Learning Standards for Mathematics, (revised 2017). It is designed to prepare classroom teachers with an early childhood background to teach inquiry based mathematics at the intermediate level.

Prerequisites: EDEC330

Levels: Undergraduate

College of Professional Sci School of Education

EDEL 442 - Intermediate Science Methods

EDEL 442 - Intermediate Science Methods

2 Credit Hours

This course examines the discipline of science as it relates to the content, practices, and themes in grades 4-6 based on Ohio's Learning Standards and Model Curriculum for Science (adopted 2018-2019) and the Next Generation Science Standards. It is designed to prepare classroom teachers with an early childhood background to teach inquiry-based science at the intermediate level.

Prerequisites: EDEC330 and EDEC335

Levels: Undergraduate

College of Professional Sci School of Education

EDEL 443 - Inter Language Arts Methods

EDEL 443 - Inter Language Arts Methods

2 Credit Hours

Course designed to prepare primary teachers with the content, knowledge, and skills for grades four to six in the areas of writing, reading, speaking, and listening, as specified in the Ohio Learning Standards for English Language Arts, 2017. Grade appropriate College and Career Readiness Literacy Standards are aligned with content in Social Studies, Mathematics and Science.

Prerequisites: EDEC330 and EDEC335

Levels: Undergraduate

College of Professional Sci School of Education

EDEL 444 - Inter Social Studies Methods

EDEL 444 - Inter Social Studies Methods

2 Credit Hours

The course examines the discipline of social studies, and provides the primary teacher with the content, knowledge, and skills required to teach grades four and five. Content based on the Ohio Learning Standards for Social Studies, 2018, including examination of sixth grade content. Course content will be organized around the four disciplines of history, geography, government, and economics. In addition, essential skills of civic literacy, financial and economic literacy and global awareness will be linked to 21st Century skills such as problem solving, communication, media literacy and leadership.

Prerequisites: EDEC330 and EDEC335

Levels: Undergraduate

College of Professional Sci School of Education

EDEL 471 - Elem Student Teaching & Semina

EDEL 471 - Elem Student Teaching & Semina

9 Credit Hours

Classroom teaching, five days a week for 15 weeks.

Levels: Undergraduate

College of Professional Sci School of Education

EDEL 472 - Curr Design & Teach Strategies

EDEL 472 - Curr Design & Teach Strategies

3 Credit Hours

Final preparation course for entry into the profession. Integrates the diverse learning of classroom and field work.

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDEL 474 - Elem Stu Tea & Sem: Spec Ed DH

EDEL 474 - Elem Stu Tea & Sem: Spec Ed DH

Levels: Graduate

College of Professional Sci School of Education

EDEL 550 - Mathematics as Second Lang

EDEL 550 - Mathematics as Second Lang

3 Credit Hours

This course lays the groundwork for the Vermont Mathematics Initiative courses that follow. A major theme is the understanding of algebra and arithmetic through language. The objective is to provide a solid conceptual understanding of the operations of arithmetic, as well as the interrelationships among arithmetic, algebra, and geometry. Topics include arithmetic vs. algebra; solving equations; place value and the history of counting; inverse processes; the geometry of multiplication; the many faces of division; rational vs. irrational numbers; and the one-dimensional geometry of real numbers. In K-12 application of content, teachers will examine the Ohio Mathematics Common Core Standards and Model Curriculum in Number/ Number Sense and demonstrate an understanding of how the concepts associated with this strand of mathematics develop across the grades.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDEL 551 - Algebra and Functions

EDEL 551 - Algebra and Functions

3 Credit Hours

This course builds upon the prior course Mathematics as a Second Language and extends and reinforces the learning from that course. Participants will obtain deep understanding of the concept of a function, utilize functions in problem solving, appreciate the pervasiveness of the function idea in the K-8 mathematics curriculum as well as everyday life, and engage in a variety of problem-solving activities that relate directly to the K-8 mathematics classroom. Topics include functions, graphs, inverse functions, linear functions, the algebra and geometry of straight lines, solving linear equations and inequalities, and an introduction to nonlinear functions. In K-12

application of content, teachers will examine the Ohio Mathematics Common Core Standards and Model Curriculum in Number/ Number Sense and Algebraic Thinking and demonstrate an understanding of how the concepts associated with this strand of mathematics develop across the grades.

Prerequisites: EDEL550

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDEL 552 - Algebra and Geometry II

EDEL 552 - Algebra and Geometry II

3 Credit Hours

This course builds on the arithmetic, algebra, and geometry developed in prior courses. The first part of the course develops the subject of trigonometry from the perspective of the K-8 mathematics classroom. Topics include similar triangles, the trigonometric functions and their graphs, the number pi, and applications to measurement, wave motion, and problem solving. The second part of the course continues the study of algebra from the perspective of K-8 mathematics. Topics include quadratic functions, parabolas, and related problem solving. Teachers will relate their learning to the K-8 classroom by examining the Ohio Mathematics Common Core Standards and Model Curriculum to identify the foundational concepts of Trigonometry. Also, teachers will develop effective content-based questioning techniques and explore the components of building successful mathematics lessons.

Prerequisites: EDEL550 and EDEL551 and EDEL553 and EDEL554 and EDEL557

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDEL 553 - Measurement Geometry Prob

EDEL 553 - Measurement Geometry Prob

3 Credit Hours

This course builds on prior courses in algebra and geometry. Topics include measurement (length, area and volume), experimental and theoretical probability, and the ways in which these concepts develop across the elementary, middle and high school curricula. Topics are presented in the context of problem solving, and there is an emphasis on reinforcing one's understanding of functions, function notation, and topics from algebra. In K -12 application of content, teachers will examine the Ohio Mathematics Common Core Standards and Model Curriculum in Measurement, Geometry and Probability and demonstrate an understanding of how the concepts associated with this strand of mathematics develop across the grades.

Prerequisites: EDEL550 and EDEL551 and EDEL554

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDEL 554 - Number Theory

EDEL 554 - Number Theory

3 Credit Hours

This course builds upon the prior course Mathematics as a Second Language and Functions and Algebra and extends and reinforces the learning from those courses. This course introduces teachers to the branch of mathematics known as number theory, in which one studies properties of positive integers with respect to the operations of multiplication and division. Emphasis in this course is placed on the mathematical content of number theory and on how number theory is taught in grades K -8, with particular attention to student learning of number theory in these grades. Topics include the division algorithm, properties of prime and composite numbers, the sieve of Eratosthenes as a way of understanding distributions of primes and composites, the infinitude of primes, the fundamental theorem of arithmetic, properties of the greatest common factor and methods of computing the greatest common factor including the Euclidean algorithm, properties of least common multiples, use of base ten and expanded notation, writing numbers and computing in different bases, and arithmetic progressions. In K-12 application of content, teachers will examine the Ohio Mathematics Common Core Standards and Model Curriculum in Number/ Number Sense and Algebraic Thinking and demonstrate an understanding of how the concepts associated with this strand of mathematics develop across the grades.

College of Professional Sci School of Education

EDEL 555 - Math Specialist Assess Pract

EDEL 555 - Math Specialist Assess Pract

3 Credit Hours

This course is specifically designed to enable the graduate student and practicing professional the opportunity to work in a clinical math assessment and targeted tutoring setting. It is time for the master teacher, completing his/her Elementary Math Specialist Endorsement to put learned theory into practice.

Prerequisites: EDEL550 and EDEL551 and EDEL552 and EDEL553 and EDEL554 and EDEL556 and EDEL557

Levels: Graduate

College of Professional Sci School of Education

EDEL 556 - Algebra & Geometry For Teacher

EDEL 556 - Algebra & Geometry For Teacher

3 Credit Hours

This course continues the study of functions, algebra, and geometry from prior CVMI courses. In this course the focus is on exponential processes and inverse processes, with an emphasis on problem solving. Topics include the laws of exponents; the transition from simple to compound interest; calculations with compound interest; exponential functions, including domain, range, graph, and different bases; logarithm functions as the inverse of exponential functions; the natural base e and natural logarithms; applications to growth and decay; applications of logarithms in everyday life; and the history of exponential functions and logarithms. This course, and the ones that precede it, ready the participant for the year-long curriculum project. Participants study current research on mathematics education and analyze the mathematics content and teaching skills necessary to help students develop additive, multiplicative, and proportional reasoning. The year-long curriculum project involves the collection and analysis of student work, the adaptation or creation of lessons designed to build high-level mathematics understanding, learning about and engaging in formative assessment in the mathematics classroom, and examining the continuum of concept development in the elementary and middle grades.

EDEL 557 - Stats, AR, Inq Into Eff Pract

EDEL 557 - Stats, AR, Inq Into Eff Pract

3 Credit Hours

This course provides an introduction to statistics and begins to incorporate research in mathematics education. Topics include graphical and numerical organization and presentation of data, summary statistics for quantitative data, measures of relationship between variables, and inference from sample data to populations. This course forms the foundation for later work in statistics and school-based research, and is followed by the completion of a small-scale classroom inquiry. The inquiry allows participants to bring together the research they read with the statistics they learn to formulate the study, develop an intervention, and analyze the resulting data.

EDEL 600 - Differentiated Math Strategies

EDEL 600 - Differentiated Math Strategies

3 Credit Hours

This course is designed to prepare both special educators and classroom teachers with the knowledge and skills needed to collaborate, co-teach and remediate elementary mathematics. Benchmark Strategies and techniques will be explored to enable all students to meet the standards and improve performance on high stakes assessment. Ohio Academic Mathematics Content Standards will be examined in context with the latest NCTM publication, Curriculum Focal Points for Pre-Kindergarten through Grade 8 mathematics, which prioritizes the focus of mathematics in a more coherent, focus taken from NCTM, Principles and Standards for teaching Mathematics. The general learning format for the course will consist primarily of hands-on, minds-on activities, demonstrations, peer teaching, class discussions and collaboration between classroom teachers and special educators. Participants are required to be active in their own learning and to be reflective about information presented in this course, their own teaching and the learning of elementary math students.

EDFD 825 - Statistical Methods

3 Credit Hours

This course covers descriptive and inferential statistics including measures of central tendency and dispersion, simple correlation and regression, one sample z and t-tests, two

sample independent and dependent t-tests, and chi-square.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDFD 826 - Advanced Statistics

EDFD 826 - Advanced Statistics

3 Credit Hours

This course will effectively help the student use the SPSS statistical package to analyze data, explain and apply multivariate data analysis approaches and their application to different quantitative research designs, interpret correctly the results of the data analyses, and formulate and write the results section of a research report that is suitable for a dissertation or refereed journal.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDFD 827 - Qualitative Methodology

EDFD 827 - Qualitative Methodology

3 Credit Hours

This course will focus upon the use of qualitative methods for educational research. Methods such as interviewing, focus groups, participant observation, and ethnography will be taught and practiced. The final research proposal requires students to implement selected methods from this course and to become familiar with one area of the research literature in the field.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDFD 828 - Data Analysis In Educ Res

EDFD 828 - Data Analysis In Educ Res

3 Credit Hours

Using statistical reasoning in applied situations, candidates will determine the appropriate statistics to use in a given situation, conduct the analysis of the data, interpret the results, and present the findings in a format suitable for a dissertation or a journal article.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDFD 829 - Educ / Psych Measurement

EDFD 829 - Educ / Psych Measurement

3 Credit Hours

This is a course in measurement and instrument development covering the basics of reliability, validity, classical test theory, item writing, instrument development, interpretation of standardized test scores, and evaluation and use of standardized achievement, aptitude, and personality instruments.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDFD 830 - Dissertation Design

EDFD 830 - Dissertation Design

3 Credit Hours

This course provides direction, support, and assistance to the students in the Xavier University doctoral program for the purpose of developing a dissertation proposal. The course is focused on the topics, skills, and methods required for successful completion of the student's dissertation research.

Restrictions: Must be enrolled in one of the following Levels: Graduate

EDME 353 - Mont Math & Geometry Methods

EDME 353 - Mont Math & Geometry Methods

3 Credit Hours

Montessori Math and Geometry materials, methods, and instructional strategies for the 6 to 9 year old child. Course content includes progression from concrete to abstract materials, the four operations, math process, fact based materials, the foundations of Geometry-plane figures, angles, lines, triangles, quadrilaterals, and polygons. Lessons integrated with state and national academic content standards. Supplemental resources, assessments, and lesson plans created.

Levels: Graduate Undergraduate

EDME 354 - Mont Language Arts & Read Meth

EDME 354 - Mont Language Arts & Read Meth

3 Credit Hours

Montessori materials, methods, and instructional strategies for the teaching of phonics, word study, creative writing, mechanics, grammar to the 6 to 9 year old child. Literature integrated across the curriculum unit of study developed. Lessons integrated with state and national academic content standards. Supplemental resources, assessments, and lesson plans created.

Levels: Graduate Undergraduate

EDME 355 - Mont Cultural Subjects Method

EDME 355 - Mont Cultural Subjects Method

3 Credit Hours

Montessori materials, methods, and instructional strategies for the Montessori Cultural subjects and cosmic education for the elementary classroom. Course content includes Montessori history, geography, botany, and zoology. Lessons integrated with state and national academic content standards. Supplemental resources, assessments, and lesson plans created.

Levels: Graduate Undergraduate

EDME 356 - Mont Integration of Curr: Prim

EDME 356 - Mont Integration of Curr: Prim

3 Credit Hours

Course designed as a seminar for candidates in Montessori elementary classrooms during their second semester of Practicum. During this course, candidates solidify their understanding, application, and enrichment of the integrated Montessori cosmic curriculum. Learning experiences in the areas of differentiated instruction, and understanding and application of state and national education data.

Levels: Graduate Undergraduate

EDME 359 - Community & Advocacy in Educ

EDME 359 - Community & Advocacy in Educ

3 Credit Hours

Research supported theories and issues concerning developmentally appropriate practices for early childhood centers, birth to eight years of age. Topics include: Day Care Licensing, transitions, administration, use of community resources, children's home experiences, child abuse, program planning, making adaptations for the special needs child, and parent involvement. Students will participate in field experiences in classrooms with children from births to eight years of age.

Course Attributes: ERS Focus Elective, Immersive Learning Experience, Oral Communication Flag

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDME 362 - Phonics and Orton-Gillingham

EDME 362 - Phonics and Orton-Gillingham

3 Credit Hours

This course provides a comprehensive study of the English language and the Orton-Gillingham approach to teaching children to read and spell. It includes extensive studies of the characteristics of dyslexia, the patterns of the English language, multisensory techniques for teaching the elements of literacy, and the application of skills through practice activities. The skills taught in the course are based on current research on the characteristics and needs of children with difficulties in the area of literacy, including brain research, and best teaching practices. The participants will learn about dyslexia and appropriate approaches for teaching children with learning difficulties. With the complexity of both dyslexia and the English language, the participants develop a deep appreciation for ongoing research and study so that they continue to refine their skills. They complete the course with a respect for the children and a desire to serve as them, as both teachers and advocates.

Levels: Undergraduate

College of Professional Sci School of Education

EDME 363 - Human Development

EDME 363 - Human Development

3 Credit Hours

This course introduces candidates to early childhood development. Content includes basic developmental theory as well as current research in development and the application of theory in developmentally appropriate classroom curriculum development and instruction.

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDME 364 - Early Childhood/Mont Meth

EDME 364 - Early Childhood/Mont Meth

It includes extensive studies of the characteristics of dyslexia, the patterns of the English language, multisensory techniques for teaching the elements of literacy, and the application of skills through practice activities. The skills taught in the course are based on current research on the characteristics and needs of children with difficulties in the area of literacy, including brain research, and best teaching practices. The participants will learn about dyslexia and appropriate approaches for teaching children with learning difficulties. With the complexity of both dyslexia and the English language, the participants develop a deep appreciation for ongoing research and study so that they continue to refine their skills. They complete the course with a respect for the children and a desire to serve as them, as both teachers and advocates.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDME 563 - Human Development

EDME 563 - Human Development

3 Credit Hours

This course introduces candidates to early childhood development. Content includes basic developmental theory as well as current research in development and the application of theory in developmentally appropriate classroom curriculum development and instruction.

EDMS 570 - Bring Your Own Device

EDMS 570 - Bring Your Own Device

3 Credit Hours

This course will introduce teachers to a Bring Your Own Device initiative. BYOD initiatives are beginning to take place all over the country as a way to engage students with devices they already own and to save districts the cost of purchasing every child a computer. Devices that students bring to school can include laptops, tablets, eReaders, cell phones, smartphones or portable media players (like the iPod Touch). Teachers will gain experience with multiple devices, while creating an integrated unit utilizing the

advantages of BYOD in their classrooms. Units will be developed over the course, while being informed by theoretical and empirical readings and group discussions. Teachers will also take a closer look at the challenges of teaching in a classroom with many different devices by implementing their unit and reflecting on and sharing classroom management strategies necessary to make a BYOD initiative effective.

EDMS 572 - Cloud Computing

EDMS 572 - Cloud Computing

3 Credit Hours

One challenge in integrating technology in the classroom today is the availability of the tools. In this course, teachers will gain experience with many free, cloud-based tools that can be used on any device, anytime and from anywhere there is Internet access. K-12 students who are proficient using technology tools in powerful ways will benefit both in college and career. The tools used in the class will all be available to students even after they graduate from high school. Teachers will gain experience integrating the tools with instruction. Units will be developed over the course, while being informed by theoretical and empirical readings and group discussions. Teachers will also gain an understanding of the benefits of incorporating technology with cloud-based tools as well as the importance of teaching the powerful use of the tools by implementing their unit and in reflecting on and sharing instructional and classroom management strategies.

EDMS 576 - Gamification in the Classroom

EDMS 576 - Gamification in the Classroom

3 Credit Hours

Gamification does not imply creating a game. It means making education more fun and engaging, without undermining its credibility, 201D (Lee and Hammer, 2011). This course will introduce students to gamification in education. Teachers will gain experience with several tools for incorporating games in the classroom (both face-to-face and online classrooms), and elements of good game design. Teachers will benefit from a gaming experience that requires learning and acting in a team. Units will be developed over the course, while being informed by theoretical and empirical readings and group discussions. Teachers will also gain an understanding of the benefits of gamification by implementing their unit and reflecting on and sharing instructional and classroom management strategies necessary to make a game educationally relevant and powerful.

EDMS 578 - Instruction & Technology

EDMS 578 - Instruction & Technology

3 Credit Hours

Differentiation requires the teacher to provide "different avenues to acquiring content, to processing or making sense of ideas, and to developing products so that each student can learn effectively."(Tomlinson, 2001). Technology offers many tools to make this possible in every lesson. In this course, teachers will understand differentiation and explore tools that can be used to facilitate differentiated instruction and learning. Students will develop classroom mini-lessons throughout this course that facilitate differentiated learning using multiple technology tools. Teachers will also gain an understanding of the benefits of differentiation by implementing their mini-lessons and reflecting on and sharing instructional and classroom management strategies.

EDRE 296 - Adult and Family Literacy

EDRE 296 - Adult and Family Literacy

3 Credit Hours

The literature and key figures working in the area of literacy; the Literacy Volunteers of America certified training in Basic Reading Tutor Training. Research into the problem of illiteracy. Weekly in-service practice in a neighborhood literacy center. EDRE 296 is offered as part of the reading program and as an E/RS Focus elective course. This course cannot be used towards the Reading Endorsement K-12.

Prerequisites: Undergraduate level PHIL100 Minimum grade of D and Undergraduate level THEO111 Minimum grade of D

Course Attributes: ERS Focus Elective

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDRE 312 - Reading Methods

EDRE 312 - Reading Methods

3 Credit Hours

This course is designed to prepare undergraduate and graduate teaching candidates to help all students become effective, strategic readers who read and write enthusiastically and purposefully. This course will discuss not only reading theory and practice, but also more broadly, holistic language theory and practice, within which reading is a part. Children's growth and development in literacy depends on their having knowledgeable, caring and thoughtful teachers; helping students learn to read and write is an exciting, rewarding and honorable responsibility. Individual principles of reading instruction presented will serve as fundamental guiding ideas during this semester. In addition, this course will focus on the overwhelming importance of the teacher in a successful literacy program.

Prerequisites: (Undergraduate level EDFD100 Minimum grade of B and Undergraduate level EDFD110 Minimum grade of C and Undergraduate level EDEC210 Minimum grade of C) or (Undergraduate level EDEL100 Minimum grade of B and Undergraduate level EDFD110 Minimum grade of C and Undergraduate level EDEC210 Minimum grade of C) or (Undergraduate level EDRE269 Minimum grade of C)

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDRE 314 - Reading Methods for Middle Chd

EDRE 314 - Reading Methods for Middle Chd

3 Credit Hours

Developmental process of reading for the middle school child. Holistic philosophy as it relates to content reading material and determining the needs of children in the content classroom. Skills and strategies for higher level thinking, creative and informational writing, study skills and the use of multiple genres of children's literature. A minimum of 10 hours of field work required.

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDRE 376 - Writing Theory & Process

EDRE 376 - Writing Theory & Process

3 Credit Hours

This course will explore current ideas and methods in teaching of writing P-12. Attention to the teacher's own writing and to understand developmental and recursive process. Study of effective writing workshops and conference techniques, strategies for improving writing in all genres, reading/writing connections and writing across the curriculum.

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDRE 471 - Content Area Literacy

EDRE 471 - Content Area Literacy

3 Credit Hours

The teaching of reading across the curriculum. Skill development, diagnostic techniques, prescriptive teaching, readability formulas and strategies, and materials for early childhood through secondary teaching. A minimum of 15 hours of field work required. Prerequisite of (EDRE 269 or EDME 376) and (EDRE 312 or EDRE 314) or Professional Education minor.

Prerequisites: (Undergraduate level EDRE269 Minimum grade of C or Undergraduate level EDME376 Minimum grade of C) and (Undergraduate level EDRE312 Minimum grade of C or Undergraduate level EDRE314 Minimum grade of C)

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDRE 472 - Theories of Reading

EDRE 472 - Theories of Reading

3 Credit Hours

An historic study and comprehensive analysis of the reading process from definition to application. Cyclical changes, current research and classroom application demonstration. field work required.

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDRE 478 - Literary Assess: Adm, Ana, App

EDRE 478 - Literary Assess: Adm, Ana, App

3 Credit Hours

Formal and informal testing for reading related disabilities surveyed. Factors associated with reading problems. Miscue analysis, portfolio assessment emphasized. Assessment portfolio for classroom use developed. Minimum of 25 hours of field work required.

Prerequisites: (Undergraduate level EDRE269 Minimum grade of C or Undergraduate level EDME376 Minimum grade of C) and (Undergraduate level EDRE312 Minimum grade of C or Undergraduate level EDRE314 Minimum grade of C)

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDRE 479 - Practicum in Reading

EDRE 479 - Practicum in Reading

3 Credit Hours

Application of reading strategies and philosophical understandings of the reading process in a clinical setting. Holistic lesson planning and tutoring based upon portfolio assessment in EDRE 478.

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDRE 512 - Reading Methods

EDRE 512 - Reading Methods

3 Credit Hours

This course is designed to prepare undergraduate and graduate teaching candidates to help all students become effective, strategic readers who read and write enthusiastically and purposefully. This course will discuss not only reading theory and practice, but also more broadly, holistic language theory and practice, within which reading is a part. Levels: Graduate

College of Professional Sci School of Education

EDRE 685 - Teach Read Children w/Spc Need

EDRE 685 - Teach Read Children w/Spc Need

3 Credit Hours

Graduate course that extends the holistic teaching of reading to those students who process language and language learning in a multitude of ways. Focus will include developmentally appropriate practices and strategies for identified special needs students, ESL students, and gifted students. A minimum of 15 hours of field work required.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDSP 200 - Sp Ed: Identification & Issues

EDSP 200 - Sp Ed: Identification & Issues

3 Credit Hours

This course provides an overview of national and state policies, the etiology, assessments, classification, and issues of individuals and families with exceptional needs as well as the need for special education services and adaptations to the general education classroom. This course also addresses the process of collaborating to develop and write an individualized education program (IEP) to identify the adaptations and services needed by a student with a disability. Required field experience in diverse settings - 5 field hours.

Course Attributes: Social Science Old/Trans Core

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 201 - Intro to Emotionally Dist Chld

EDSP 201 - Intro to Emotionally Dist Chld

3 Credit Hours

This course provides an overview of maladaptive behavior in school aged children and adolescents which addresses the psychological and medical factors affecting development. Other areas addressed are: social/emotional/family aspects, adaptive behaviors, social imperceptiveness, social competence, social isolation, learned helplessness, juvenile delinquency, medications, and evaluation of etiological factors. 5 field hours.

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 203 - Sp Ed: Comm & Collaboration

EDSP 203 - Sp Ed: Comm & Collaboration

3 Credit Hours

This course addresses Teambuilding. Teambuilding covers Team Purpose, Stages of Team Development, Team Member Roles, Team Communication, Team Processes, and Team Leadership. More specifically, this course will look at the following: the issues and practices concerning family systems and role of family; models and strategies for consultation and collaboration; effective communication with families, school personnel; and, professional ethics, responsibilities and confidentiality. Learning Leaders experience self-assessment and interpersonal skills needed for teaming and collaboration in educational settings with parents, teachers, administrators, paraprofessionals, and other specialists covering all exceptionalities and cultural settings as well as role playing, and small group practices in teaming and collaboration. Required field experience in diverse settings - 5 hours.

Prerequisites: Undergraduate level EDFD110 Minimum grade of B

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 204 - Read Assess & Strat-Lang Proc

EDSP 204 - Read Assess & Strat-Lang Proc

3 Credit Hours

This course provides the students with the knowledge and skills for diagnostic assessment of developmental language processing problems related to literacy skills of reading, writing, listening and speaking for students with and without disabilities; reading remediation strategies including technology; speech and language acquisition and learning theories (first and second language); and supervision of reading/language instruction across the curriculum K-12 in diverse cultural school settings. Review Ohio curriculum for foreign instruction and Ohio Model Competency-Based Language Arts. Required field experiences in diverse settings - 10 field hours.

Prerequisites: Undergraduate level EDRE471 Minimum grade of B

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 205 - Foundations in ECSPED

EDSP 205 - Foundations in ECSPED

3 Credit Hours

Students in this course address the historical and philosophical foundations of services for young children; impact of sensory impairments, physical and health disabilities for individuals, families, and society. Research supported theories and issues concerning early childhood special education practices and methods; identification of at risk needs awareness, IFSP and IEP procedures and issues, developmentally appropriate practices; biological and environmental learning and developmental factors; medical/health issues, responsibilities, training, and implications for learning and prevention for educational settings. Articulation of personal philosophy of special education. CPR and First Aid Training and certification required. Required field experiences in diverse settings - 10 field hours.

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 348 - Physical/Mental/Med Disabil

EDSP 348 - Physical/Mental/Med Disabil

3 Credit Hours

This course will expose students to the different types and causes of disabilities they are likely to find in their employment; learning about many of the different therapies, both pharmacological and other forms that have been proposed and presented to treat these disabilities; gaining of the knowledge and skills to help individuals and families with disabilities sort out the helpful from the hopeless therapies and treatments.

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 360 - M/M Characteristics & Strategi

EDSP 360 - M/M Characteristics & Strategi

3 Credit Hours

This course is designed to provide the students with a basic knowledge of mild to moderate disabilities. The course focuses on definitions and diversity in characteristics (including perceptual, cognitive, linguistic, academic, and social/emotional qualities) for individuals with mild to moderate disabilities as well as the major past and present educational and legal issues relevant to those individuals. Required field experience in diverse settings - 6 field hours.

Prerequisites: Undergraduate level EDSP200 Minimum grade of B and Undergraduate level EDFD110 Minimum grade of B

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 362 - M/M Support Services

EDSP 362 - M/M Support Services

3 Credit Hours

Students in this course address service, transitional and resources issues, strategies, techniques used to integrate students with mild/moderate disabilities into diverse educational, social and community settings. Emphasis is on service delivery needs and issues for families; career vocational, health/medical and safety issues, training and intervention/prevention services; working with and guiding paraprofessionals; and support services for at risk students which includes legal aspects and responsibilities. First Aid and CPR training and certification required. Required field experience in diverse settings - 10 field hours.

Prerequisites: Undergraduate level EDSP360 Minimum grade of B

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 363 - Sp Ed: Assessment & Evaluation

EDSP 363 - Sp Ed: Assessment & Evaluation

3 Credit Hours

The student taking this course will demonstrate the ability to administer non-biased formal assessments. They will be able to make the connection between assessment and instruction, use assessment information in eligibility program and placement decisions for individuals with mild/moderate learning needs, including those from culturally and/or linguistically diverse backgrounds. Students will also demonstrate the ability to select, adapt, and modify assessments to accommodate the unique abilities and needs of individuals with mild/moderate and at-risk disabilities. This is a LAB class that requires administering, scoring, and explaining test results. Students will keep a test log to document the field hours.

Prerequisites: Undergraduate level EDSP360 Minimum grade of B

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 364 - DAP Instructional Materials

EDSP 364 - DAP Instructional Materials

3 Credit Hours

University students will demonstrate the ability to select and use specialized instructional strategies for students with mild/moderate learning needs that are age and ability appropriate. This will include multiple theoretical approaches as well as instructional methods to strengthen and compensate for deficits in perception, comprehension, memory, and retrieval. Students use strategies to facilitate maintenance and generalization across environments. Students use methods to teach mathematics appropriate to students with disabilities. This is a lab class, students are expected to create developmentally appropriate educational materials after class and demonstrate their use in class.

Prerequisites: EDSP360 or EDSP392

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 365 - Curr Practices:Mild Disabiliti

EDSP 365 - Curr Practices:Mild Disabiliti

3 Credit Hours

This course focuses on the role or responsibilities of the intervention specialists as it relates to curriculum adaptations and modifications and research supported instructional strategies and practices related to individual mild learner needs with a variety of disabilities. Students will develop and implement instructional plans for active learner participation which incorporates application of assessment, planning, implementing, and managing procedure for individual learners with mild cognitive and mild to severe affective/social/emotional behavioral needs across the curriculum. Required field experiences in diverse settings - 30 hours.

Prerequisites: (EDSP363 and EDSP364 and EDSP374) or (EDSP363 and EDSP393)

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 367 - Sp Ed: Behav & Soc Skills Mgmt

EDSP 367 - Sp Ed: Behav & Soc Skills Mgmt

3 Credit Hours

This course is designed to provide the student with the knowledge to develop and implement instructional and behavioral plans and programs for students with emotional and behavior problems that address social skills; strategies for crises prevention and intervention; self advocacy; procedures to increase self-awareness, self-management, self control; self-reliance, and self-esteem; self-enhancing behavior in response to societal attitudes and actions. Students will be prepared to manage verbal and physical acting out behaviors. Required field experiences in diverse settings - 8 hours.

Prerequisites: Undergraduate level EDSP380 Minimum grade of B

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 370 - M/I Characteristics & Strateg

EDSP 370 - M/I Characteristics & Strateg

3 Credit Hours

This course is designed to provide the student with a basic knowledge of moderate to severe disabilities. Topics include definitions, identification procedures, due process rights, cultural and linguistic diversity, and characteristics for individuals with intellectual disabilities, including medical aspects; individuals who display developmental as well as multiple handicaps; and other conditions. The course will also deal with the major past and present educational, social/emotional, and legal issues relevant to those individuals. These issues will be referenced to inclusive practices that focus on the similarities between students with moderate to severe disabilities and their typical peers. Required field experience in diverse settings - 6 hours.

Prerequisites: Undergraduate level EDSP200 Minimum grade of B and Undergraduate level EDFD110 Minimum grade of B

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 372 - Communication Strategies & Tec

EDSP 372 - Communication Strategies & Tec

3 Credit Hours

This course will focus on understanding and implementation of everyday functional communication methods and techniques through various theories, systems and technologies for individual students with moderate and intensive needs; classroom strategies and techniques in learning environment; selection/implementation of augmentative or alternative communication devices/systems; adaptations/assistive technology; medical care and methods with technology/family support and resources. LAB field experience is required with documentation.

Prerequisites: EDSP370

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 373 - M/I Assessment & Evaluation

EDSP 373 - M/I Assessment & Evaluation

3 Credit Hours

University students taking this class will demonstrate the ability to administer nonbiased formal and informal assessments. They will be able to make the connection between assessment and instruction. Students will also demonstrate the ability to select, adapt, and modify assessments to accommodate the unique abilities and needs of individuals with moderate/severe disabilities (including functional assessments, task analysis and alternate assessments). Students will demonstrate the procedures for assessing and reporting both appropriate and problematic social behaviors of individuals with disabilities. Students demonstrate the reliable methods of response of individuals who lack typical communication and performance behaviors. This is a LAB class which requires that students administer, score and explain test results. Students will keep a test log to document field hours.

Prerequisites: Undergraduate level EDSP370 Minimum grade of B

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 374 - Curr Prac:Moderate Disabilitie

EDSP 374 - Curr Prac:Moderate Disabilitie

3 Credit Hours

This course focuses on curriculum theories and practices related to students with moderate disabilities in elementary through secondary education programs. Course content will focus on designing applied curriculum and multi-leveled instruction for active learner participation in inclusive educational environments which incorporate evaluating, planning, implementing, and managing procedures that are appropriate for individual needs. Required field experience in diverse settings - 30 hours.

Prerequisites: (EDSP370 and EDSP373) or (EDSP360 and EDSP364)

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 376 - M/I Support Services

EDSP 376 - M/I Support Services

3 Credit Hours

This course focuses on the relationship between local and state support delivery services for individuals with moderate and intensive physical, mental and medical disabilities K-12; networks, organizations, resources, strategies and techniques used to integrate students requiring moderate/intensive services into diverse educational, social, and community settings including assistive technology/devices, residential treatment, rehabilitation, career/vocational, health/medical; use strategies that promote successful transitions for individuals with exceptional learning needs; identify supports needed for integration into various program placements; structure, direct and support the activities of paraeducators, volunteers, and tutors; assist family in planning transitions; and, act ethically in advocating for appropriate service. Required field experiences in diverse settings - 10 hours. CPR and First Aid Training and Certification required.

Prerequisites: EDSP370 or EDSP391

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 380 - Classroom Management

EDSP 380 - Classroom Management

3 Credit Hours

Seminar course for teacher preparation (K - 12) concerning laws, polices, and ethical principles regarding behavior management, planning and implementation; establishing and maintaining positive classroom management; effective teaching/learning conditions and adaptations necessary for a healthy learning environment; useful and practical organizational procedures; problem solving/decision making techniques and strategies; communication skills necessary for classroom management; management practices concerning diverse classroom population and individualized learning. Required field experiences in diverse settings - 10 hours.

Prerequisites: Undergraduate level EDSP200 Minimum grade of B and Undergraduate level EDFD110 Minimum grade of B

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 381 - Play & Its Role in Dev & Learn

EDSP 381 - Play & Its Role in Dev & Learn

3 Credit Hours

Students will focus on demands and management of the learning environment. This includes teacher attitudes and behavior. Course will also address play based skills and techniques; behavior management techniques; social skills planning and implementation; creating, supporting, facilitating interactive safe diverse learning. Required field experience in diverse settings - 8 hours.

Prerequisites: Undergraduate level EDSP205 Minimum grade of B

Levels: Undergraduate

College of Professional Sci School of Education

EDSP 389 - Prog Prac:Severe/Intensive Dis

EDSP 389 - Prog Prac:Severe/Intensive Dis

3 Credit Hours

This course focuses on specialized interventions for individuals with physical and health disabilities in educational settings; specialized materials for individuals with disabilities; prevention and intervention strategies for individuals with disabilities; technology for planning and managing the teaching and learning environment; select and plan for integration of related services into the instructional program, create or adapt appropriate learning plans; design and implement curriculum strategies for medical self-management procedures; use appropriate adaptations and assertive technology for all individuals with disabilities. Required field experiences in diverse settings - 30 hours.

Prerequisites: EDSP370 or EDSP373 or EDSP392

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 391 - EDSPED Primary Learn & Theory

EDSP 391 - EDSPED Primary Learn & Theory

3 Credit Hours

Students will investigate and observe learning theory models as a foundation for early childhood intervention, understand development of infants and young children (birth through 5th grade), identify specific disabilities and describe implications for development and learning; use instructional practices based on knowledge of the child, family, community, and the curriculum; and support and facilitate family and child interactions as primary context for learning and development. This course requires field experiences in diverse settings \20136 hours. This course will be a blended class offering including interactive field research and classroom meetings.

Prerequisites: Undergraduate level EDSP205 Minimum grade of B

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 392 - ECSPED Primary: Observ & Asmt

EDSP 392 - ECSPED Primary: Observ & Asmt

3 Credit Hours

Students will demonstrate knowledge of Early Childhood/Special Education intervention assessment, evaluation, techniques and report writing for children/students ages birth to 5th grade. This course includes how formal and informal, norm and criterion referenced assessments are chosen in the areas of sensory, motor, cognitive, and social/emotional. Additionally, the relevance of observation, data collection, summarization, information integration and team collaboration are addressed in various settings (home, preschool, school classrooms (K-5) and community agencies). Program assessment, evaluation and its importance to IDEA compliance is discussed. This is a blended class offering interactive field observations/research and classroom meetings. 5 hours field experience required - undergrad. VALID BCI/FBI REQUIRED.

Prerequisites: Undergraduate level EDSP391 Minimum grade of B

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 393 - ECSPED: Primary Curr & Pract

EDSP 393 - ECSPED: Primary Curr & Pract

3 Credit Hours

Students in this course will demonstrate the curriculum practices of selection, design, and development of P-5 primary intervention classroom methods/materials that are developmentally appropriate for individual/family activities; systematic instruction; assessment of development/progress; participation with interdisciplinary, interagency and intra-agency teams. Students will design/plan/implement process and strategies for transitions and demonstrate understanding of foundations of curriculum based in research-based practices. Required field experiences in diverse settings - 30 hours.

Prerequisites: EDSP391 and EDSP392

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 395 - Independent Study & Research

EDSP 395 - Independent Study & Research

1-6 Credit Hours

Special topics examined through independent research.

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 400 - M/M Student Teaching

EDSP 400 - M/M Student Teaching

10 Credit Hours

This clinical experience course is taken when the student has finished all of the required coursework, completed the application process. Required 16 week clinical experience. In order to take this course, students must have passed all licensure tests and have permission of the program director.

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 401 - Teaching Seminar

EDSP 401 - Teaching Seminar

2 Credit Hours

Students will demonstrate and articulate professional and personal philosophies of special education, including ethics and standards, objective judgments; research applications and reflective practices concerning teaching/learning. Completion of professional portfolio is required. Students must have completed all licensure tests and have the permission of the program director to enroll in this course.

Co-requisites: EDSP400

Levels: Graduate Undergraduate

College of Professional Sci School of Education

EDSP 402 - M/I Student Teaching

EDSP 402 - M/I Student Teaching

10 Credit Hours

This clinical experience course is taken when the student has finished all of the required coursework, and completed the application process, and passed all required tests. Required 16 week clinical experience. To enroll in this course, students must have passed all licensure tests and have the permission of the program director.

Levels: Undergraduate

College of Professional Sci School of Education

EDSP 403 - P-5 Prim Interv Spec Stud Teac

EDSP 403 - P-5 Prim Interv Spec Stud Teac

10 Credit Hours

This clinical experience course is taken when the student has finished all of the required coursework, and completed the application process, and passed all required tests. Required 16 week clinical experience. To enroll in this course, students must have passed all licensure tests, completed all coursework, and have permission of the program director.

Levels: Undergraduate

College of Professional Sci School of Education

EDSP 448 - Service Providers: Internship

EDSP 448 - Service Providers: Internship

9 Credit Hours

Participation in two (2) separate field placements, each eight (8) weeks in duration. From pre-internship experiences, these placements will be planned, supervised and evaluated through collaboratively developed goals and objectives. Student will assume duties of the placement as a transition specialist.

Levels: Undergraduate

College of Professional Sci School of Education

EDSP 500 - Sp Ed: Identification & Issue

EDSP 500 - Sp Ed: Identification & Issue

3 Credit Hours

This course provides an overview of national and state policies, the etiology, assessments, classification, and issues of individuals and families with exceptional needs as well as the need for special education services and adaptations to the general education classroom. The course also addresses the process of collaborating to develop and write and individualized education program (IEP) to identify the adaptations and services needed by a student with a disability. Required field experience in diverse settings - 5 field hours.

EDSP 504 - Read Assess & Strat-Lang Proc

3 Credit Hours

This course provides the candidate with the knowledge and skills for diagnostic assessment of developmental language processing problems related to literacy skills of reading, writing, listening, and speaking for students with and without disabilities; reading remediation strategies including technology; speech and language acquisition and learning theories (first and second language); and, supervision of reading/language instruction across the curriculum K-12 in diverse cultural school settings. Review Ohio curriculum for foreign instruction and Ohio Model Competency-Based Language Arts. Required field experiences in diverse settings - 10 hours. Pre-requisite: EDRE 671 Secondary Program students; EDRE 569; EDRE 671; EDRE 512 or EDRE 514 Special Education Program students.

Prerequisites: Graduate level EDRE671 Minimum grade of B or EDMS999

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDSP 505 - Foundations in ECSPED

EDSP 505 - Foundations in ECSPED

3 Credit Hours

Students in this course address the historical and philosophical foundations of services for young children; impact of sensory impairments, physical and health disabilities on individuals, families and society. Research supported theories and issues concerning early childhood special education practices and method; identification of at risk needs awareness, IFSP and IEP procedures and issues; developmentally appropriate practices; biological and environmental learning and developmental factors; medical/health issues, responsibilities, training and implications for learning and prevention for educational settings. Articulation of personal philosophy of special education. CPR and First Aid Training and certification required. Required field experience in diverse settings - 10 hours.

Levels: Graduate

College of Professional Sci School of Education

EDSP 522 - Gifted Mini Course 2

EDSP 522 - Gifted Mini Course 2

1 Credit Hours

This course will focus on theories, strategies and methods to better meet the needs of gifted students within the regular education classroom based on the characteristics of the gifted student. The course will expand the strategies presented in Mini-course #1 to differentiate instruction and also discuss the characteristics of gifted students by examining the theories of mindset and brain's executive function. Methods of meeting the legal requirements for serving the gifted student will be discussed through examining the RTII process and service options.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDSP 523 - Gifted Mini Course 3

EDSP 523 - Gifted Mini Course 3

1 Credit Hours

This course will discuss the gifted identification of students in the areas of creative thinking and the performing arts. It will also encompass the identification and needs of students who are twice exceptional, students who for whom English is a second language and students who are underserved. The characteristics of anxiety and perfectionism in gifted students will be explored. As a conclusion to this mini-course series, the course will examine the many renowned theorists in gifted education and how their work is affecting the delivery of services in our schools today.

EDSP 551 - Hist, Theory & Prac Transition

EDSP 551 - Hist, Theory & Prac Transition

3 Credit Hours

This course focuses on the historical and theoretical models of transition including related legislation in fields of special and vocational education, rehabilitation, labor and civil rights. Implications of student characteristic as it relates to post-school outcomes, services, environments and support needs.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDSP 553 - Asmt&Prog Plan Transition Ed

EDSP 553 - Asmt&Prog Plan Transition Ed

3 Credit Hours

This course focuses on administering, scoring, and applying formal & informal career and vocational assessment for identification, planning and program implications for post-secondary options and services.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDSP 554 - Cog & Soc Skills - Transition

EDSP 554 - Cog & Soc Skills - Transition

3 Credit Hours

This course focuses on transitional education and service types of programs to include: the methods, techniques, skills, and roles of the specialist in the transition to work areas. In addition to general course activities, the candidate will schedule and complete field experience hours observing and participating in transitional knowledge/skills, and disposition areas outlined in the course objectives. Required field experience hours: 10 hours in transitional educational setting and 10 hours in transitional service setting.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDSP 555 - Com/Coll Partship Trans Ed&Ser

EDSP 555 - Com/Coll Partship Trans Ed&Ser

3 Credit Hours

This course focuses on the interpersonal knowledge and skills necessary of a transition to work specialist. Through the development of understanding and awareness of the methods and techniques needed for servicing clients in this area during course time instructions, the candidates under supervision will also practice these transitional skills during 10 hours of field experience in transitional educational setting and 10 hours of field experience in a transitional service setting.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDSP 556 - Resources in Trans. Ed & Serv

EDSP 556 - Resources in Trans. Ed & Serv

3 Credit Hours

Candidate will spend 15 hours participating in supervised field experience in a transitional educational setting and 15 hours participating in supervised field experience in a transitional service setting that is designed to address the practicing skills of a transition to work specialist. During these field experiences, the candidate will attend the scheduled seminars of the course that address the students, families, community agencies needs and coordination, future directions, leadership to promotion of programs; and, systematic processes.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDSP 557 - Transitions: Field Practicum

EDSP 557 - Transitions: Field Practicum

3 Credit Hours

The candidate will design with the guidance of the clinical field placement faculty and their program mentor a field practicum experience addressing both transitional educational settings and transitional service settings. Considering the roles and responsibilities of these settings, the candidate will design a learning field experience based on specific professional development need areas; establish goals that address those areas; and develop the activities and outcomes to those with a defined program process with reflective evaluation. Permission of the program director is required.

College of Professional Sci School of Education

EDSP 560 - M/M Characteristics & Strategi

EDSP 560 - M/M Characteristics & Strategi

3 Credit Hours

This course is designed to provide the candidates with a basic knowledge of mild to moderate disabilities. The course focuses on definitions and diversity in characteristics (including perceptual, cognitive, linguistic, academic, and social/emotional qualities) for individuals with mild to moderate disabilities as well as the major past and present educational and legal issues relevant to those individuals. Required field experience in diverse settings - 6 hours.

Prerequisites: Graduate level EDSP500 Minimum grade of B and Graduate level EDFD510 Minimum grade of B

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDSP 562 - M/M Support Services

EDSP 562 - M/M Support Services

3 Credit Hours

Students in this course address service, transitional and resource issues, strategies, techniques used to integrate students with mild/moderate disabilities into diverse educational, social, and community settings. Emphasis is on service delivery needs and issues for families; career/vocational, health/medical, and safety issues, training and intervention/prevention services; working with and guiding paraprofessionals; and, support services for at risk students which includes legal aspects and responsibilities. First

Aid and CPR training and certification required. Required field experience in diverse settings - 10 hours.

Prerequisites: Graduate level EDSP560 Minimum grade of B

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDSP 563 - Sp Ed: Assessment & Evaluation

EDSP 563 - Sp Ed: Assessment & Evaluation

3 Credit Hours

The student taking this course will demonstrate the ability to administer non-biased formal assessments. They will be able to make the connection between assessment and instruction, use assessment information in eligibility program and placement decisions for individuals with mild/moderate learning needs, including those from culturally and/or linguistically diverse backgrounds. Students will also demonstrate the ability to select, adapt, and modify assessments to accommodate the unique abilities and needs of individuals with mild/moderate and at-risk disabilities. This is a LAB class that requires administering, scoring, and explaining test results. Students will keep a test log to document the field hours.

Prerequisites: Graduate level EDSP560 Minimum grade of B

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDSP 564 - DAP Instructional Materials

EDSP 564 - DAP Instructional Materials

3 Credit Hours

University students will demonstrate the ability to select and use specialized instructional strategies for students with mild/moderate learning needs that are age and ability appropriate. This will include multiple theoretical approaches as well as instructional methods to strengthen and compensate for deficits in perception, comprehension, memory, and retrieval. Students use strategies that facilitate maintenance and generalization across environments. Students use methods to teach mathematics appropriate to students with disabilities. This is a lab class, students are expected to create developmentally appropriate educational materials after class and demonstrate their use in class.

Prerequisites: EDSP560 or EDSP592

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDSP 565 - Curr Practices:Mild Disabiliti

EDSP 565 - Curr Practices:Mild Disabiliti

3 Credit Hours

This course focuses on the role or responsibilities of the intervention specialists as it relates to curriculum adaptations and modifications and research supported instructional strategies and practices related to individual mild learner needs with a variety of disabilities. Students will develop and implement instructional plans for active learner participation which incorporates application of assessment, planning, implementing, and managing procedure for individual learners with mild cognitive and mild to severe

affective/social/emotional/behavioral needs across the curriculum. Required field experience in diverse settings - 30 hours.

Prerequisites: EDSP563 or EDSP564 or EDSP574 or EDSP593

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDSP 567 - Sp Ed: Behav & Soc Skills Mgmt

EDSP 567 - Sp Ed: Behav & Soc Skills Mgmt

3 Credit Hours

This course is designed to provide the candidate with the knowledge to develop and implement instructional and behavioral plans and programs for students with emotional and behavioral problems that address social skills; strategies for crises prevention and intervention; self-advocacy; procedures to increase self-awareness, self-management, self-control, self-reliance, and self-esteem; self-enhancing behavior in response to societal attitudes and actions. Students will be prepared to manage verbal and physical acting out behaviors. Required field experience in diverse settings - 6 hours.

Prerequisites: Graduate level EDSP580 Minimum grade of B

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDSP 570 - M/I Characteristics & Strategy

EDSP 570 - M/I Characteristics & Strategy

3 Credit Hours

This course is designed to provide the student with a basic knowledge of moderate to severe disabilities. Topics include definitions, identification, procedures, due process rights, cultural and linguistic diversity, and characteristics for individuals with intellectual disabilities, including medical aspects; individuals who display developmental as well as multiple handicaps; and other conditions. The course also will deal with the major past and present educational, social/emotional, and legal issues relevant to those individuals. These issues will be referenced to inclusive practices that focus on the similarities between students with moderate to severe disabilities and their typical peers. Required field experience in diverse settings - 6 hours.

Prerequisites: Graduate level EDSP500 Minimum grade of B and Graduate level EDFD510 Minimum grade of B

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDSP 572 - Comm Strategies & Techniques

EDSP 572 - Comm Strategies & Techniques

3 Credit Hours

This course will focus on the understanding and implementation of everyday functional communication methods and techniques through various theories, systems, and technologies for individual students with moderate and intensive needs; classroom strategies and techniques in learning environment; selection/implementation of augmentative or alternative communication devices/systems; adaptations/assistive technology; medical care and methods with technology/family support and resources. LAB

field experience is required with documentation.

Prerequisites: EDSP570

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDSP 573 - M/I Assessment & Evaluation

EDSP 573 - M/I Assessment & Evaluation

3 Credit Hours

University students taking this class will demonstrate the ability to administer nonbiased formal and informal assessments. They will be able to make the connection between assessment and instruction. Students will also demonstrate the ability to select, adapt, and modify assessments to accommodate the unique abilities and needs of individuals with moderate/severe disabilities (including functional assessments, task analysis and alternate assessments). Students will demonstrate the procedures for assessing and reporting both appropriate and problematic social behaviors of individuals with disabilities. Students demonstrate the reliable methods of response of individuals who lack typical communication and performance behaviors. This is a LAB class which requires that students administer, score and explain test results. Students will keep a test log to document field hours.

Prerequisites: Graduate level EDSP570 Minimum grade of C

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDSP 574 - Curr Prac:Mod Disabilities

EDSP 574 - Curr Prac:Mod Disabilities

3 Credit Hours

This course focuses on curriculum theories and practices related to students with moderate disabilities in elementary through secondary education programs. Course content will focus designing applied curriculum and multi-leveled instruction for active learner participation in inclusive educational environments which incorporate evaluating, planning, implementing, and managing procedures that are appropriate for individual needs. Required field experience in diverse settings - 30 hours.

Prerequisites: (EDSP570 and EDSP573) or (EDSP360 and EDSP364)

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDSP 576 - M/I Support Services

EDSP 576 - M/I Support Services

3 Credit Hours

This course focuses on the relationship local and state support delivery services for individuals with moderate and intensive physical, mental, and medical disabilities K-12; networks, organizations, resources, strategies and techniques used to integrate students requiring moderate/intensive services into diverse educational, social, community settings including assistive technology/devices, residential treatment, rehabilitation, career/vocational, health/medical; use strategies that promote successful transitions for

individuals with exceptional learning needs; identify supports needed for integration into various program placements; structure, direct, and support the activities of paraeducators, volunteers, and tutors; assist family in planning transitions; and, act ethically in advocating for appropriate service. Required field experience in diverse settings - 10 hours. CPR and First Aid Training and Certification required.

Prerequisites: EDSP570 or EDSP591

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci School of Education

EDSP 579 - Autism and PDD

EDSP 579 - Autism and PDD

3 Credit Hours

Students in this course focus on autism and PDD problems, needs and issues. This also includes informal classroom assessment; management; instructional planning; implementing IEP goals and objectives into instructional methods and techniques; family and cultural issues; curriculum designing, development, implementation, adaptation/modification; communication/technology issues; and social/relationship problems. Required 5 hours of field experience.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

Levels: Graduate

EDSP 616 - Philosophy & Cultural Diversit

EDSP 616 - Philosophy & Cultural Diversit

3 Credit Hours

This course explores the impact of the American political and legal systems, and social and cultural identity theory upon special education. As the expectations and requirements for educators working with students on disabilities constatly evolve, educators much understand the fundamental political and legal pricniples which underlie state, federal and constitutional law in order to advocate for students with disabilities. By examining social and cultural identity theory, the course will provide a framework for students to analyze which claims about educational practices are the most congruent with meeting the needs of learners. Students will also have opportunities to reflect on their own cultural identity and biases; and the culture of the schools and students they serve. The course will survey the sociological problem of the over identification of minorities in special education and suggest strategies to minimize this practice in schools. This course has an online component.

Restrictions: Must be enrolled in one of the following Levels: Graduate

2 Credit Hours

This course is designed for undergraduates and serves to introduce students to the study of mass media as well as a crucial decade in American history. It also explores the use and misuse of history, calling into question the tendency to serve up history in ten year units (i.e., the opening lecture is "The Fifties: 1935-1992"). Students are required to do a significant amount of reading (two books and a handful of reviews) and writing (five short reaction papers and a longer analytical paper).

College of Professional Sci School of Education

EDWS 336 - The "Sixties": 1945-1975

EDWS 336 - The "Sixties": 1945-1975

2 Credit Hours

Taking issue with the ideology that history comes in neat ten-year packages, this course places the period of upheaval often called "the sixties" into a larger historical framework. We will identify and analyze movements and ideologies that preceded, overlapped and followed the 1960's in order to place the events of the decade into a purposeful context. We will examine the cold war state, Vietnam, Watergate, and the cultural and the political polarization exacerbated by the 2004 Presidential election, among other historical benchmarks. The point is to define the historical precedents that provoked the events of the 1960's, and to show how the beliefs and actions of that decade continue to have a transformative effect on contemporary America. In addition to historical documents, we will make extensive use of other cultural artifacts, including literature, music, television programs and, in particular, the American films of the 1960's and 1970's.

ENGL 305 - Professional Writing

ENGL 305 - Professional Writing

3 Credit Hours

This course teaches students the rhetorical principals and writing practices necessary for shaping their professional writing for multiple audiences, and a variety of professional situations. It begins with a short introduction to rhetorical theory, examining how the concepts of writer, audience, purpose, and language interact in public and professional rhetorical situations.

Prerequisites: ENGL101 or ENGL115

Course Attributes: Humanities Elective, Immersive Learning Experience, Oral Communication Flag, Writing Flag Core

Levels: Graduate Undergraduate

ENGL 307 - Writing Internship

ENGL 307 - Writing Internship

3 Credit Hours

This course prepares students for workplace experiences in a professional setting.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

ENGL 308 - Creative Writing

ENGL 308 - Creative Writing

3 Credit Hours

Introduction to creative writing, including practice in poetry, drama, and fiction.

Course Attributes: Creative Perspectives, Humanities Elective, Writing Flag Core

Levels: Graduate Undergraduate

ENGL 309 - Creative Writing: Poetry

ENGL 309 - Creative Writing: Poetry

0 - 3 Credit Hours

Instruction and intensive practice in writing poetry.

Course Attributes: Creative Perspectives, Humanities Elective, Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 310 - Creative Writing: Fiction

ENGL 310 - Creative Writing: Fiction

3 Credit Hours

Instruction and intensive practice in writing fiction.

Restrictions: Must be enrolled in one of the following Classifications: Senior Junior

Course Attributes: Creative Perspectives, Humanities Elective, Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 311 - Popular Writing

ENGL 311 - Popular Writing

3 Credit Hours

Critical study of popular culture forms and instruction in writing them.

Prerequisites: Undergraduate level ENGL101 Minimum grade of D or Undergraduate level ENGL115 Minimum grade of D

Course Attributes: Humanities Elective, Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 312 - Technical Writing

ENGL 312 - Technical Writing

3 Credit Hours

An introduction to the various modes of technical writing, including manuals, reports and critical analyses.

Course Attributes: Humanities Elective, Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 314 - Writing Journals&Autobiography

ENGL 314 - Writing Journals&Autobiography

3 Credit Hours

Critical study of these forms and instruction in writing them.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 315 - Composition Tutoring

ENGL 315 - Composition Tutoring

3 Credit Hours

Training in the theory and practice of composition tutoring.

Course Attributes: Diversity Flag, Humanities Elective, Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 318 - Creative Nonfiction

ENGL 318 - Creative Nonfiction

3 Credit Hours

Instruction and intensive practice in writing essays, articles and other nonfiction genres.

Prerequisites: Undergraduate level ENGL101 Minimum grade of D or Undergraduate level ENGL115 Minimum grade of D

Course Attributes: Creative Perspectives, Humanities Elective, Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 319 - Writing as Social Action

ENGL 319 - Writing as Social Action

3 Credit Hours

This writing intensive course will examine the history and practice of writing as social action, promoting the Jesuit rhetorical tradition of eloquentia perfecta, the art of communicating well for the common good.

Course Attributes: ERS Focus Elective, Humanities Elective, Peace & Justice Studies Minor, Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 320 - Topics in Linguistics

ENGL 320 - Topics in Linguistics

3 Credit Hours

The socio-synchronic study of language theory and practice.

Course Attributes: Gender & Diversity Studies, Humanities Elective, Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 321 - Hist of the English Language

ENGL 321 - Hist of the English Language

3 Credit Hours

The socio-historical story of English. Origins, variation, change, legitimization, maintenance and spread of a world language.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 322 - Ethnolinguistics

ENGL 322 - Ethnolinguistics

3 Credit Hours

A socio-anthropological study of language, culture, and communication. Conversational and discourse analysis. No linguistics background necessary.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 323 - Media and Its Discourses

ENGL 323 - Media and Its Discourses

3 Credit Hours

This course is about media and its use of language to convey messages about politics, social organization and personal identity.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 328 - Gender, Religion and Violence

ENGL 328 - Gender, Religion and Violence

3 Credit Hours

This course looks at gendered violence from the perspectives of language and religious studies. Topics include intimate partner violence, sexual assault, sex trafficking and sex work.

Course Attributes: Gender & Diversity Studies, Humanities Elective, Peace & Justice Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 330 - Women of the World

ENGL 330 - Women of the World

3 Credit Hours

Women of the World is an upper-level world literature course in which students explore writing by or about women, set in Africa, Asia, South America, and elsewhere.

Prerequisites: ENGL101 or ENGL115

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 331 - World Literature

ENGL 331 - World Literature

3 Credit Hours

This course will examine a number of novels by authors from Turkey, Japan, United States, and other countries. Students will begin to develop a global perspective on literature from this course.

Course Attributes: Humanities Elective

Levels: Undergraduate

College of Arts & Sciences English

ENGL 337 - Theories & Research in Writing

ENGL 337 - Theories & Research in Writing

3 Credit Hours

Course Attributes: Humanities Elective, Quantitative Reason Flag Full, Writing Flag Core

Levels: Undergraduate

College of Arts & Sciences English

ENGL 339 - Digital Writing

ENGL 339 - Digital Writing

3 Credit Hours

The study and production of thoughtful web-based genres.

Prerequisites: ENGL101 or ENGL115

Course Attributes: Humanities Elective, Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 340 - World Drama

ENGL 340 - World Drama

3 Credit Hours

This course will direct students through a broad survey of international plays. We will focus our studies on plays on non-American (including non-Western) origin. course requirements will include an oral presentation and a research paper. Readings will be drawn from some of the following playwrights: Sophocles and Euripides (Greek), Shakespeare and Churchill (English), Ibsen (Norwegian), Brecht (German), Beckett and Friel (Irish), Soyinka (Nigerian), Fugard (South African), Makoto (Japanese), Gambaro (Argentinean), Wertebaker (Australian), Cesaire (West Indian).

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 342 - Literature & Poverty

ENGL 342 - Literature & Poverty

3 Credit Hours

This course explores literature written about, and by, those who find themselves at the margins of a culture. This course is wide in breadth and depth, covering writers from Gwendolyn Brooks and Euripides to John Steinbeck and writers living in the Over-the-Rhine section of Cincinnati, Ohio.

Prerequisites: Undergraduate level ENGL101 Minimum grade of D or Undergraduate level ENGL115 Minimum grade of D

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 344 - Major Black Writers of World

ENGL 344 - Major Black Writers of World

3 Credit Hours

Study of black authors from around the world with emphasis on African, Caribbean, and British Commonwealth writers.

Course Attributes: Africana Studies Minor, GDST Race and Ethnicity Conc, Gender & Diversity Studies, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 348 - Lit & the Environment

ENGL 348 - Lit & the Environment

3 Credit Hours

This course examines literature's role in Western environmentalism from the 1700s to the present. course readings include British and American fiction, poetry, and nonfiction, as well as canonical works of literary ecocriticism.

Prerequisites: ENGL101 or ENGL115

Course Attributes: Environ Science/Studies Elect, Humanities Elective, Literature Old/Trans Core

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 350 - Modern Jewish Fiction

ENGL 350 - Modern Jewish Fiction

3 Credit Hours

The narrative tradition of European and American Jewish writers from the late nineteenth century to the present.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 351 - Jewish American Literature

ENGL 351 - Jewish American Literature

3 Credit Hours

This course examines Jewish American literature from the late 19th century to the present, with particular emphasis on prose fiction and poetry. Themes include immigration, assimilation, anti-Semitism, the effect of the Holocaust, gender relations, Jewish religious belief and spirituality, Jewish textual traditions and American/Israeli relations. Frequently studies authors include Reznikoff, Bellow, Roth, Malamud, Ozick, Rothenberg and Grossman.

Prerequisites: Undergraduate level ENGL101 Minimum grade of D or Undergraduate level ENGL115 Minimum grade of D

Course Attributes: Humanities Elective, Jewish Studies Minor

Levels: Undergraduate

College of Arts & Sciences English

ENGL 352 - African Literature

ENGL 352 - African Literature

3 Credit Hours

A survey of literature produced by Africans focusing on historical, thematic, and generic connections, while also paying attention to factors which influence African authors as individuals and as part of literary movements.

Prerequisites: ENGL101 or ENGL115

Course Attributes: GDST Race and Ethnicity Conc, Gender & Diversity Studies, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 358 - Black America Since 1865

ENGL 358 - Black America Since 1865

3 Credit Hours

Examination of historical and literary texts by black Americans from 1865 through the mid-1960s.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 359 - Gender & Diversity in Film

ENGL 359 - Gender & Diversity in Film

3 Credit Hours

Critical study of Hollywood and independent film representations of women, people of color, and gays, lesbians and transgendered people with an emphasis on applying contemporary critical theories of film.

Course Attributes: Diversity Flag, Gender & Diversity Studies, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 360 - Women Writers

ENGL 360 - Women Writers

3 Credit Hours

Study of literature by women and some feminist theoretical approaches to women's literature in selected genres and periods.

Course Attributes: Diversity Flag, Gender & Diversity Studies, GDST Women and Gender Conc, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 362 - Technologies of Gender

ENGL 362 - Technologies of Gender

3 Credit Hours

Examination of the ways in which women's bodies are both constructed and deconstructed in postmodern culture and the ethical, social, and political implications of these processes for the well-being of women. We will focus on technologies of gender, i.e., those sets of cultural practices that make the body gendered.

Prerequisites: Undergraduate level PHIL100 Minimum grade of D and Undergraduate level THEO111 Minimum grade of D

Course Attributes: ERS Focus Elective, Gender & Diversity Studies, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 364 - Jane Austen: Then & Now

ENGL 364 - Jane Austen: Then & Now

3 Credit Hours

This course explores the historical context and enduring popularity of the works of Jane Austen. We will discuss Austen's six novels, five film adaptations, some contemporary criticism, and some other recent adaptations of her work.

Course Attributes: Gender & Diversity Studies, GDST Women and Gender Conc, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 366 - Feminist Theory

ENGL 366 - Feminist Theory

3 Credit Hours

This course considers some of the major tenets of and issues in contemporary feminist theories and their applications to literary texts.

Course Attributes: Gender & Diversity Studies, GDST Women and Gender Conc, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 368 - British Women Writers

ENGL 368 - British Women Writers

3 Credit Hours

This course examines literature written by British women from the Renaissance to the mid-twentieth century. Course includes poetry, fiction, and drama.

Course Attributes: Humanities Elective, Literature Old/Trans Core

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 370 - Writings by Sexual Minorities

ENGL 370 - Writings by Sexual Minorities

3 Credit Hours

This course focuses on the literature produced by gay and lesbian writers.

Course Attributes: Diversity Flag, Gender & Diversity Studies, GDST Women and Gender Conc, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 371 - War & Peace in Wrld Literature

ENGL 371 - War & Peace in Wrld Literature

3 Credit Hours

The representation and interpretation of war and peace in literature of the last 100 years from Europe, Asia, Africa, and Latin America. The Middle East receives special attention.

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 372 - War & Peace in Lit & Film

ENGL 372 - War & Peace in Lit & Film

3 Credit Hours

This course examines the debates and arguments concerning war and pacifism in a variety of literary texts and popular films.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 374 - Marxism and Literature

ENGL 374 - Marxism and Literature

3 Credit Hours

This course offers a critical reading of literary texts through the lens of various modes of Marxist critical methodology.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 375 - Literature & Arts in Ireland

ENGL 375 - Literature & Arts in Ireland

3 Credit Hours

Poetry, drama, fiction, music, and art from various Irish artists. Study takes place abroad in Ireland and is supplemented by several field trips, tours, performances, and cultural events.

Prerequisites: Undergraduate level ENGL101 Minimum grade of D or Undergraduate level ENGL115 Minimum grade of D

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 376 - Lit and the Arts In Britain

ENGL 376 - Lit and the Arts In Britain

3 Credit Hours

This course explores the historical contexts of a range of British literary works, each related to a place or theatrical production that students experience during Xavier's five week summer program in London. Students will acquire basic tools for understanding how literature is written in relation to the times and places for which it is produced.

Prerequisites: Undergraduate level ENGL101 Minimum grade of D or Undergraduate level ENGL115 Minimum grade of D

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 385 - Science Fiction

ENGL 385 - Science Fiction

3 Credit Hours

This course examines the work of a literary genre often underestimated in terms of its impact on ideas about the future, ethics and politics.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 390 - Sem: Modern Jewish Fiction

ENGL 390 - Sem: Modern Jewish Fiction

3 Credit Hours

A seminar for majors, minors and honor students, focusing on contemporary Jewish fiction - Philip Roth and Cynthia Ozick, for example.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 391 - Sem: Major Women Authors

ENGL 391 - Sem: Major Women Authors

3 Credit Hours

A seminar for majors, minors and honor students, focusing on women writers across the centuries, from Charlotte Bronte to Alice Walker.

Course Attributes: Gender & Diversity Studies, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 397 - Sem: Electronic Literacy

ENGL 397 - Sem: Electronic Literacy

3 Credit Hours

This course is an introduction to computer use and facility. Primarily for the novice unfamiliar with the Internet and its potential.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 408 - Dante and the Modern Reader

ENGL 408 - Dante and the Modern Reader

3 Credit Hours

Close reading of Dante's "Vita Nuova" and the canticles of the "Commedia."

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 410 - Chaucer: The Canterbury Tales

ENGL 410 - Chaucer: The Canterbury Tales

3 Credit Hours

A close reading of the major Tales in Middle English. This course emphasizes the cultural, historical, and philosophical elements in the texts with a special consideration of Chaucer's response to the antifeminist tradition of the Middle Ages.

Course Attributes: Catholicism & Culture Minor, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 411 - Medieval Women's Writing

ENGL 411 - Medieval Women's Writing

3 Credit Hours

Students will read modern-English translations of works in multiple genres composed by women in Europe between the eighth and fifteenth centuries. Primary texts will also be supplemented by works of literary and historical criticism.

Prerequisites: ENGL101 or ENGL115

Course Attributes: Gender & Diversity Studies, GDST Women and Gender Conc, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 414 - Tolkien

ENGL 414 - Tolkien

3 Credit Hours

Students will explore medieval themes in the fiction of J.R.R. Tolkien. Critical scholarship by Tolkien and others will serve as a crucial backdrop for our analysis.

Course Attributes: Literature Old/Trans Core

Levels: Undergraduate

College of Arts & Sciences English

ENGL 415 - Early English Literature

ENGL 415 - Early English Literature

3 Credit Hours

Critical and cultural study of classic texts from Beowulf through Spenser.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 425 - Shakespeare

ENGL 425 - Shakespeare

3 Credit Hours

Major plays in the genres of tragedy, comedy, tragicomedy, and history.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 429 - Renaissance Drama

ENGL 429 - Renaissance Drama

3 Credit Hours

Non-Shakespearean drama of the Elizabethan and Jacobian periods: Marlowe, Jonson, Webster, and others.

Course Attributes: ERS Focus Elective, Humanities Elective, Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 430 - 17th Century Literature

ENGL 430 - 17th Century Literature

3 Credit Hours

The poetry and prose of the 17th century from Donne to Milton.

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 435 - Milton

ENGL 435 - Milton

3 Credit Hours

This course focuses on the major works of poet/critic John Milton.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 441 - 18th Cent British Literature

ENGL 441 - 18th Cent British Literature

3 Credit Hours

British poetry, drama, and fiction including works by Dryden, Behn, Pope, Swift, Defoe, Sterne, and Wollstonecraft.

Course Attributes: Gender & Diversity Studies, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 450 - British Romantic Literature

ENGL 450 - British Romantic Literature

3 Credit Hours

Poetry and selected nonfiction prose from 1780 to 1830.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 460 - Love, Sex, Gender: Vict Poetry

ENGL 460 - Love, Sex, Gender: Vict Poetry

3 Credit Hours

The interrelated subjects of love, sex, and gender as treated by the major Victorian poets such as Tennyson, Browning, Clough, Patmore, Hopkins, and Housman.

Course Attributes: Gender & Diversity Studies, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 462 - Victorian Writing

3 Credit Hours

This course focuses on the aesthetics of the Victorian authors.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 463 - Victorian Poetry and Poetics

ENGL 463 - Victorian Poetry and Poetics

3 Credit Hours

This course is a study of Victorian poetry and Victorian theories of Arnold, Dante and Christina Rossetti, Elizabeth Barrett Browning, William Morris, and Gerald Manley Hopkins. Attention is also given to recent scholarship and criticism of Victorian poetry.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 464 - Engl Novel: Dickens to Conrad

ENGL 464 - Engl Novel: Dickens to Conrad

3 Credit Hours

A close reading of the major novels of the mid and late nineteenth century. Attention will be given to three long (700-900) page novels as well as two shorter novels. Emphasis will be on the treatment of significant themes such as gender relations, class relations, imperialism, sexuality, social and historical change, and moral conflict and ambiguity.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 465 - 18th C Novel: Behn to Austen

ENGL 465 - 18th C Novel: Behn to Austen

3 Credit Hours

Focus on development of the British novel with attention to the dynamic social and cultural conditions of eighteenth-century England, the fluidity of the term "novel" at the time, and the particular contributions of women writers (Behn, Defoe, Richardson, Fielding, Smollett, Sterne, Lennox, Burney and Austen).

Prerequisites: ENGL101 or ENGL115 or EDMS999

Course Attributes: Gender & Diversity Studies, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 466 - Transgressive Texts & Alt Pub

ENGL 466 - Transgressive Texts & Alt Pub

3 Credit Hours

This course will treat texts/books that have been forbidden, altered, and suppressed by political or ecclesiastical authorities. The question raised throughout the course will be what alternative publics does the transgressive text seek to define and create.

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 468 - Transatlantic Literature

ENGL 468 - Transatlantic Literature

3 Credit Hours

Study of British and American texts from the 19th and early 20th centuries, with particular emphasis on artistic, theoretical, and formal exchanges of influence between these two national literary traditions.

Prerequisites: ENGL101 or ENGL115

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 470 - Modern British Literature

ENGL 470 - Modern British Literature

3 Credit Hours

Twentieth-century British poetry, fiction, and drama. Student should have some background in the analysis of poetry.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 472 - Modern Drama

ENGL 472 - Modern Drama

3 Credit Hours

British, American, and European drama from Ibsen to the present.

Course Attributes: Humanities Elective, Theatre Minor

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 475 - Modern Irish Literature

ENGL 475 - Modern Irish Literature

3 Credit Hours

Poetry, drama, and fiction by a variety of Irish authors, including Yeats, Synge, Joyce, and Friel.

Prerequisites: Undergraduate level ENGL101 Minimum grade of D or Undergraduate level ENGL115 Minimum grade of D or EDMS999

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 479 - Literature of the America West

ENGL 479 - Literature of the America West

3 Credit Hours

Literature of the American West: Examines novels and short stories set in the American West, past and present, by authors such as Stephen Crane, Dorothy Johnson, Cormac McCarthy, Sherman Alexie, E.L. Doctorow, and Annie Proulx.

Prerequisites: ENGL101 or ENGL115 or EDMS999

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 480 - Amer Renaissance: 1830-1865

ENGL 480 - Amer Renaissance: 1830-1865

3 Credit Hours

Textual and cultural study of Transcendentalism, the American romance, and other writing of this period.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences English

ENGL 481 - American Realism: 1865-1915

ENGL 551 - Jewish American Literature

3 Credit Hours

This course examines Jewish American literature from the late 19th century to the present, with particular emphasis on prose fiction and poetry. Themes include immigration, assimilation, anti-Semitism, the effect of the Holocaust, gender relations, Jewish religious belief and spirituality, Jewish textual traditions and American/Israeli relations. Frequently studies authors include Reznikoff, Bellow, Roth, Malamud, Ozick, Rothenberg and Grossman. Because this is a graduate level course, students are required to write a long research paper, lead class discussion, and engage extensively in the study of secondary as well as primary texts.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Arts & Sciences English

ENGL 552 - African Literature

ENGL 552 - African Literature

3 Credit Hours

This course explores modern African fiction from a number of writers from different countries, including Soyinka and Achebe.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Arts & Sciences English

ENGL 560 - Women Writers

ENGL 560 - Women Writers

1-3 Credit Hours

Study of women's writing and theoretical approaches to women's literature.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Arts & Sciences English

ENGL 566 - Feminist Theory

ENGL 566 - Feminist Theory

3 Credit Hours

This course considers some of the major tenets of and issues in contemporary feminist theories and their applications to literary texts.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Arts & Sciences English

ENGL 569 - Women & Sacred Language

ENGL 569 - Women & Sacred Language

3 Credit Hours

This course explores sacred and gendered discourses by and about women in translated and English-medium texts. Readings begin with Indo-Tibetan Buddhist texts and end with writing in the Tibetan diaspora and the west. Thematic issues include language creativity and the linguistics of social change.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Arts & Sciences English

ENGL 570 - Writings by Sexual Minorities

ENGL 570 - Writings by Sexual Minorities

3 Credit Hours

Course focuses on writings by gay and lesbian writers.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Arts & Sciences English

ENGL 601 - Language of Humanities

ENGL 601 - Language of Humanities

3 Credit Hours

Critical study of topic-, audience-, and author-directed discourse. Intensive practice in writing.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Arts & Sciences English

ENGL 610 - Chaucer-Major Works

ENGL 610 - Chaucer-Major Works

3 Credit Hours

Study of such texts as The Canterbury Tales and Troilus and Criseyde.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Arts & Sciences English

ENGL 614 - Tolkien

ENGL 614 - Tolkien

3 Credit Hours

Students will explore medieval themes in the fiction of J.R.R. Tolkien. Critical scholarship by Tolkien and others will serve as a crucial backdrop for our analysis.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Arts & Sciences English

ENGL 615 - Early English Lit

ENGL 615 - Early English Lit

3 Credit Hours

Examines the literature of medieval England.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Arts & Sciences English

ENGL 630 - Studies in 17th Cent Literatur

ENGL 630 - Studies in 17th Cent Literatur

3 Credit Hours

A survey course which examines the literature of 17th century Europe, including the Metaphysical Poets.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Arts & Sciences English

ENGL 640 - Studies in 18th Cent Literatur

ENGL 640 - Studies in 18th Cent Literatur

3 Credit Hours

A survey course which examines the literature of 18th century Europe, including the poetry of Alexander Pope.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Arts & Sciences English

ENGL 650 - English Romanticism

ENGL 650 - English Romanticism

3 Credit Hours

This course examines the work of Wordsworth, Keats, Shelley, Coleridge, Byron and Clare.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Arts & Sciences English

ENGL 655 - Studies in Victorian Authors

ENGL 655 - Studies in Victorian Authors

3 Credit Hours

A survey of major English writers of the late 19th century.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Arts & Sciences English

ENGL 670 - Modern British Literature

ENGL 670 - Modern British Literature

3 Credit Hours

Poetry, drama, and fiction from the late 19th century to the present, by writers from Great Britain or one of its former colonies

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Arts & Sciences English

ENGL 672 - Modern Drama

ENGL 672 - Modern Drama

3 Credit Hours

A survey of major dramatists and plays from around the world, focusing on the 20th and 21st centuries.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Arts & Sciences English

ENGL 680 - SEM: Amer Renaissance

ENGL 680 - SEM: Amer Renaissance

3 Credit Hours

Tocqueville's America. In the 1830's French social philosopher Alexis de Tocqueville offered a profound analysis of the new United States, which has remarkable applicability to American culture even today. We'll read selections from Tocqueville's Democracy In America and test his views against those of canonical and non-canonical American literary works written before the Civil War. We will read political essays by Ralph Waldo Emerson, novellas by Herman Melville, poems by Emily Dickinson, the novel Ruth Hall by Fanny Fern, and autobiographical works by Native American William Apess and former slave Harriet Jacobs.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Arts & Sciences English

ENGL 681 - American Realism: 1865-1915

ENGL 681 - American Realism: 1865-1915

3 Credit Hours

Focus on the realist writers of the late 19th and early 20th century.- Twain, Crane, Wharton, and Cather.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Arts & Sciences English

ENGL 682 - Modern American Fiction

ENGL 682 - Modern American Fiction

3 Credit Hours

Focuses on early 20th century American fiction from Faulkner, Hemingway, Fitzgerald and others.

ENGR 101 - Workshop Course

ENGR 101 - Workshop Course

1 Credit Hours

In this course students will learn to work with traditional and modern production and manufacturing methods using wood and metal. A foundational knowledge of the various production techniques is a necessary prerequisite for engineering students who will work in manufacturing companies. Even so they will not perform these labors themselves, engineers will have to design and plan knowing the limits imposed by the production technology.

Levels: Undergraduate

College of Arts & Sciences Physics

ENGR 173 - Explorations in Engineering

ENGR 173 - Explorations in Engineering

1 Credit Hours

This hands-on course is designed to enable students to gain basic engineering experimentation and measurement skills. It provides exposure to fundamental concepts like vibrations, frequency spectra, material constants, electric currents and digital logic. In a project, students develop and conduct an experiment that is aimed at answering a scientific or engineering question in a field of their interest.

Prerequisites: Undergraduate level PHYS160 Minimum grade of C- or Undergraduate level PHYS170 Minimum grade of C-

Course Attributes: Scientific Perspectives Lab

Levels: Undergraduate

College of Arts & Sciences Physics

ENGR 180 - Intro to Comp with MATLAB

ENGR 180 - Intro to Comp with MATLAB

1 Credit Hours

This hands-on course introduces the fundamentals of computer programming such as loops, conditional statements, functions, and scientific plotting utilizing MATLAB, a user-friendly language for engineers and scientists. Graphical user interface and engineering systems simulation methods will also be introduced.

Prerequisites: MATH170 or MATH180

Levels: Undergraduate

College of Arts & Sciences Physics

ENGR 244 - Electronics

ENGR 244 - Electronics

3 Credit Hours

This course introduces the theory, characteristics and operation of semiconductor electronics such as diodes, bipolar junction transistors, MOSFET transistors, and operational amplifiers. Design and analysis of analog and digital electronic circuits such as filters and amplifiers will also be covered.

Prerequisites: PHYS242

Levels: Undergraduate

College of Arts & Sciences Physics

ENGR 245 - Electronics Lab

ENGR 245 - Electronics Lab

1 Credit Hours

Laboratory work to accompany ENGR 244 based on computer simulation design of electronic circuits involving devices such as diodes and transistors. Students will be able to design, build and test electronic circuits such as filters and amplifiers.

Prerequisites: PHYS243

Co-requisites: ENGR244

Course Attributes: Writing Flag Core

Levels: Undergraduate

College of Arts & Sciences Physics

ENGR 342 - Material Science

ENGR 342 - Material Science

3 Credit Hours

Prerequisites: Undergraduate level PHYS172 Minimum grade of C-

Levels: Undergraduate

College of Arts & Sciences Physics

ENGR 346 - Signals and Systems

ENGR 346 - Signals and Systems

4 Credit Hours

This course covers the fundamentals of signals and systems, namely the properties of linear time invariant systems and the analysis of continuous-time and discrete-time signals and systems. The course will encompass some experimental exercises using MATLAB programming to support the understanding of time and frequency domain analysis of systems and signals.

Prerequisites: MATH230 and ENGR180

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

ENGR 350 - Digital Logic & Design

ENGR 350 - Digital Logic & Design

3 Credit Hours

This course introduces numbering systems, Boolean algebra, logic gates, sequential circuits, and computer architecture. Minimization techniques, combinatorial logic and analysis and design of combinatorial circuits, flip-flops, registers, and counters, sequential circuits and electronic circuits for basic logic gates will also be introduced. Laboratory work will include designing, building and testing of digital circuits, logic and sequential circuits.

Prerequisites: ENGR244

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

ENGR 354 - Microprocessors

ENGR 354 - Microprocessors

4 Credit Hours

This hands-on course focuses on a wide range of microcontroller or microprocessor design aspects. Topics include CPU architecture, interfacing techniques, addressing, memory organization, Input and Output devices, assembly language programming, and interrupts.

Prerequisites: ENGR244

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

ENGR 358 - Analog and Digital Comm

ENGR 358 - Analog and Digital Comm

3 Credit Hours

This course introduces the basic principles that are used in the analysis and design of analog and digital communication systems. Topics such as AM, FM, wireless communication technologies, cellular and satellite communication will be covered.

Prerequisites: ENGR346 and PHYS360

Levels: Undergraduate

College of Arts & Sciences Physics

ENGR 370 - Fluid Mechanics

ENGR 370 - Fluid Mechanics

3 Credit Hours

This course is designed to introduce students to the basic principles of fluid mechanics and their application to a wide range of domains including chemical, metallurgical, biological and ecological fields. The course introduces students to the basic equations governing the mechanics of fluid flows, emphasizing a physical understanding and fundamental approaches for the analysis of a variety of fluid flow problems. Fundamentals of fluid-flow design are also explored through ANSYS simulation software.

Prerequisites: MATH220 and PHYS172

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

ENGR 380 - Control Systems

ENGR 380 - Control Systems

3 Credit Hours

Modeling, analysis, and performance of feedback control systems are introduced in this course. Essential control theory topics such as stability, root locus, design of feedback (Proportional, Integral, and Derivative (PID)) controllers will be covered in details.

Prerequisites: ENGR346

Levels: Undergraduate

College of Arts & Sciences Physics

ENGR 384 - Heat Transfer

ENGR 384 - Heat Transfer

3 Credit Hours

This course introduces the basic principles of heat transfer from an engineering perspective. Topics include steady and unsteady conduction, laminar and turbulent convection, and black-body radiation and radiant exchange between objects.

Prerequisites: MATH220 and PHYS172

Levels: Undergraduate

College of Arts & Sciences Physics

ENGR 395 - Senior Design Project I

ENGR 395 - Senior Design Project I

2 Credit Hours

A senior capstone experience is provided through a two-semester sequence that focuses on the product development process typically utilized in the engineering community. This two-course sequence enables students to experience the process from idea conception through product production, and learn the basic steps while understanding the management processes required to be successful.

Prerequisites: ENGR346 and ENGR354

Restrictions: Must be enrolled in one of the following Majors: Engineering Physics

Levels: Undergraduate

College of Arts & Sciences Physics

ENGR 398 - Senior Design Project II

ENGR 398 - Senior Design Project II

2 Credit Hours

Prerequisites: ENGR395

Restrictions: Must be enrolled in one of the following Majors: Engineering Physics

Levels: Undergraduate

College of Arts & Sciences Physics

ENTR 301 - Intro to Entre & Innovation

ENTR 301 - Intro to Entre & Innovation

3 Credit Hours

This is the introductory course into Entrepreneurship and Innovation. The course is designed to be taken by any student in any of the Colleges at Xavier University. It will serve as a gateway to learn about the world of entrepreneurship and innovation and how it can be applied to a student's educational journey at Xavier, regardless of the student's major. The course will explore the questions of how and why entrepreneurship and innovation can serve the greater good and its potential role in one's professional career, no matter what career one decides to pursue. This course will require students to invest in their own learning by participating in class discussions, interacting with members of Cincinnati's entrepreneurial community, and exploring core principles of entrepreneurship and innovation. It will also serve to provide a

pathway into other courses for students interested in a major or minor in Entrepreneurship and Innovation.

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

ENTR 303 - Co-Op Education/Entrep St: JR

ENTR 303 - Co-Op Education/Entrep St: JR

3 Credit Hours

An elective cooperative experience where students earn academic credit while performing approved entrepreneurial-related work experience.

Prerequisites: Undergraduate level MGMT301 Minimum grade of D

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

ENTR 305 - Creativity & Innovation

ENTR 305 - Creativity & Innovation

3 Credit Hours

This course covers techniques and process of innovation and creativity that leads to new business development as an independent new venture or in existing organizations. Lectures, experiential learning, discussions and guest speakers

Prerequisites: MGMT200 or MGMT300

Course Attributes: Population Health

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

ENTR 311 - New Venture Planning

ENTR 311 - New Venture Planning

3 Credit Hours

Identification and screening of business opportunities; analysis of personal, marketing, financial, and operational factors for start-ups; writing a business plan.

Prerequisites: Undergraduate level ACCT200 Minimum grade of D and Undergraduate level MKTG300 Minimum grade of D and (Undergraduate level ENTR305 Minimum grade of D or Undergraduate level MGMT305 Minimum grade of D)

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

ENTR 335 - Social Entrepreneurship

ENTR 335 - Social Entrepreneurship

3 Credit Hours

Introduces students to entrepreneurial processes and practices with visual arts, theatre, dance, and music. Class involves encounters with the arts entrepreneurs, investigation of core studies, and analysis of the creative application of entrepreneurial practices in the arts. Open to business and non-business majors.

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

ENTR 368 - Small Business Consulting

ENTR 368 - Small Business Consulting

3 Credit Hours

This is a highly applied course in which the instructor plays the role of facilitator and managing consultant. The student will fill the role as a consultant assigned to and engaged with a real client. The course should be considered partially as an independent study class as the student will work with the client outside of the regular class to achieve specific agreed upon objectives.

Prerequisites: MGMT300 and SHRM200

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

ENTR 403 - Co-Op Education/Entrep St: SR

ENTR 403 - Co-Op Education/Entrep St: SR

3 Credit Hours

An elective cooperative experience where students earn academic credit while performing approved entrepreneurial related work experience.

Prerequisites: Undergraduate level MGMT301 Minimum grade of D

Restrictions: May not be enrolled in one of the following Majors: Entrepreneurial Studies

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

ENTR 494 - Contemporary Issues in ENTR

ENTR 494 - Contemporary Issues in ENTR

1-3 Credit Hours

The field of entrepreneurship changes rapidly and successful entrepreneurs must continually stay abreast of current trends and developments. This course focuses on current issues of importance to those involved in innovation and entrepreneurship.

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

ENTR 495 - Entr & Innovation Capstone

ENTR 495 - Entr & Innovation Capstone

3 Credit Hours

With a practice-driven approach, the course will provide experiential learning that cuts across three key areas \2013 academics, outreach, and activities. From an academic perspective, concepts learned throughout the curriculum will be reflected in the creative and innovative careers of successful entrepreneurs. Students will learn what it takes to be a successful entrepreneur from a multitude of community business owners and/or alumni entrepreneurs, learning from their extensive professional backgrounds and personal experiences. From an outreach perspective, students will engage with entrepreneurial entities in the greater Cincinnati area, such as the Hamilton County Development Center (HCDC), Cintrifuse, CincyTech, OCEAN, and Aviatra. Several start-ups incubated in one or more of these organizations will partner with our students to share their day-to-day entrepreneurial operations. From an activity perspective, students will perform several key tasks, such as, pitching, consulting, shadowing CEOs, and participating in live cases.

Prerequisites: ENTR301 and ENTR305 and ENTR335

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

ENTR 605 - Strategic Innovation

ENTR 605 - Strategic Innovation

3 Credit Hours

This course examines the critical elements that drive an innovative culture and processes in organizations, and focuses on tools, including design thinking, to develop innovative alternatives for addressing strategic business problems. Coursework relies on practical, experiential learning pedagogy.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Colleges: Williams College of Business

ESLG 100 - Pronunciation

ESLG 100 - Pronunciation

0 Credit Hours

Open to students at all levels. Students learn and practice basic articulation of the sounds of English, with additional emphasis on stress, intonation, and rhythm.

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

ESLG 101 - Individualized Instruction

ESLG 101 - Individualized Instruction

0 Credit Hours

Independent study/tutorial; English language and business communication skills.

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

ESLG 105 - Speaking Fundamentals

ESLG 105 - Speaking Fundamentals

0 Credit Hours

An introduction to essential speaking skills for non-native speakers. Recommended for beginning and low-intermediate speakers of English.

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

ESLG 110 - Beginning Reading/Writing

ESLG 110 - Beginning Reading/Writing

0 Credit Hours

Writing objectives for students include development of basic sentence structure, punctuation, and paragraph skills. Focus in reading is on comprehending main ideas; vocabulary study supports both reading and writing.

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

ESLG 111 - Beginning Grammar

ESLG 111 - Beginning Grammar

0 Credit Hours

The form, meaning and use of basic English grammar is reviewed.

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

ESLG 113 - Beginning Listening/Speaking

ESLG 113 - Beginning Listening/Speaking

0 Credit Hours

Covers the basics of listening for content, with emphasis on understanding main ideas. Note-taking is introduced. Speaking practice reinforces simple grammatical structures.

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

ESLG 115 - Conv English Through Video I

ESLG 115 - Conv English Through Video I

0 Credit Hours

Open to students of all levels; suggested for beginning and intermediate levels. With a story-based video series, students improve listening comprehension and learn and practice American English vocabulary, culture, and speech conventions.

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

ESLG 120 - Intermediate Reading/Writing

ESLG 120 - Intermediate Reading/Writing

0 - 2 Credit Hours

Simple academic-style texts form the major reading component. Students work to improve comprehension of main ideas and supporting details. Writing is done primarily at the paragraph level, with emphasis on organization, development, and improving grammar.

Prerequisites: ESLG110

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

ESLG 121 - Intermediate Grammar

ESLG 121 - Intermediate Grammar

0 - 2 Credit Hours

This course covers the form, meaning and use of selected grammatical structures, presented at the intermediate level.

Prerequisites: Undergraduate level ESLG111 Minimum grade of D

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

ESLG 122 - Intermediate Listen/Discussion

ESLG 122 - Intermediate Listen/Discussion

0 - 1 Credit Hours

Listening to academic lectures for main ideas and supporting details, note-taking and test-taking strategies are covered. Informal listening and speaking includes group discussion, basic presentation skills and role-play. .

Prerequisites: Undergraduate level ESLG113 Minimum grade of D

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

ESLG 125 - High Intermediate Read/Writing

ESLG 125 - High Intermediate Read/Writing

0 - 2 Credit Hours

Reading skills are practiced and applied to academic texts and fiction. In writing, students learn to self-edit for typical grammar and word-choice errors. Common rhetorical styles are practiced, with more emphasis on essay-length papers.

Prerequisites: Undergraduate level ESLG120 Minimum grade of D

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

ESLG 127 - High Intermediate Grammar

ESLG 127 - High Intermediate Grammar

0 - 2 Credit Hours

The course covers the form, meaning and use of selected grammatical structures, presented at the high-intermediate level.

Prerequisites: Undergraduate level ESLG121 Minimum grade of D

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

ESLG 129 - High Intermediate Listen/Discu

ESLG 129 - High Intermediate Listen/Discu

0 - 1 Credit Hours

Course includes listening for advanced-level content, taking notes, and recalling information. Functional speaking tasks, group work, and formal and informal presentation skills are practiced.

Prerequisites: Undergraduate level ESLG122 Minimum grade of D

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

ESLG 130 - Advanced Reading/Writing

ESLG 130 - Advanced Reading/Writing

0 - 2 Credit Hours

College-level reading skills are practiced and applied to academic textbooks, current news periodicals and journals. (Fiction and literature are not emphasized.) Students work to expand vocabulary and refine editing skills. Longer academic writing tasks are covered, including argumentation, summarizing and paraphrasing, synthesis, and a documented "mini" research paper.

Prerequisites: Undergraduate level ESLG125 Minimum grade of D

Course Attributes: Writing Flag Core

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

ESLG 131 - Advanced Grammar

ESLG 131 - Advanced Grammar

0 - 2 Credit Hours

This course covers the form, meaning and use of selected grammatical structures, presented at the advanced level.

Prerequisites: Undergraduate level ESLG127 Minimum grade of D

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

ESLG 133 - Advanced Listening/Discussion

ESLG 133 - Advanced Listening/Discussion

0 - 1 Credit Hours

Course includes listening for advanced-level content, taking notes, and recalling information. Functional speaking tasks, group work, and formal and informal presentation skills are practiced.

Prerequisites: Undergraduate level ESLG122 Minimum grade of D

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

ESLG 138 - Toefl Preparation

ESLG 138 - Toefl Preparation

0 - 1 Credit Hours

Review and practice of the language skills needed for the Test of English as a Foreign Language. Must be at high intermediate or advanced level to enroll. Prerequisite: successful completion of one semester of core courses.

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

ESLG 139 - Career English

ESLG 139 - Career English

0 Credit Hours

Functional business speaking and writing tasks are practiced, with emphasis on American cultural values in the workplace. Students apply concepts from class in a semester-long project requiring interviews and a presentation. Must be at the high intermediate or advanced level to enroll.

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

ESLG 140 - Oral Fluency

ESLG 140 - Oral Fluency

0 Credit Hours

A course designed to improve students' ability to speak in groups and make presentations. Cultural notions of appropriate participatory style and behavior are emphasized. Must be at high intermediate or advanced level to enroll.

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

EXSC 100 - Intro to Exercise Science

EXSC 100 - Intro to Exercise Science

3 Credit Hours

Provides a basic overview of exercise science, career opportunity related to exercise science, and the activities related to exercise science professions.

Levels: Undergraduate

College of Professional Sci Sport Science and Management

EXSC 200 - Kinesiology

EXSC 200 - Kinesiology

3 Credit Hours

The study of human movement including analysis of muscular physiology, biomechanics, and principles of physics as applied to joint movement through muscular contractions.

Prerequisites: (BIOL140 and BIOL141) or (BIOL160 and BIOL161)

Levels: Graduate Undergraduate

College of Professional Sci Sport Science and Management

EXSC 220 - Independent Study

EXSC 220 - Independent Study

1-3 Credit Hours

An independent study under the supervision of an exercise science faculty member. Students may complete 1 \2013 3 credit hours depending on the scope of the work.

Prerequisites: Undergraduate level EXSC100 Minimum grade of C

Levels: Undergraduate

College of Professional Sci Sport Science and Management

EXSC 260 - Sports Medicine

EXSC 260 - Sports Medicine

3 Credit Hours

Introduction to the prevention, recognition, evaluation, and treatment of common musculoskeletal injuries and conditions.

Prerequisites: EXSC200 and EXSC300

Co-requisites: EXSC261

Levels: Graduate Undergraduate

College of Professional Sci Sport Science and Management

EXSC 261 - Sports Medicine Laboratory

EXSC 261 - Sports Medicine Laboratory

1 Credit Hours

Laboratory experiences emphasize basic injury evaluation and management as well as techniques for injury prevention.

Prerequisites: EXSC200 and EXSC300

Co-requisites: EXSC260

Levels: Graduate Undergraduate

College of Professional Sci Sport Science and Management

EXSC 300 - Exercise Physiology

EXSC 300 - Exercise Physiology

3 Credit Hours

Human physiology as it relates to acute and chronic bouts of exercise and physical activities.

Prerequisites: (BIOL140 and BIOL141 and BIOL142 and BIOL143) or (BIOL160 and BIOL161 and BIOL162 and BIOL163) and EXSC100 and EXSC200

Levels: Graduate Undergraduate

College of Professional Sci Sport Science and Management

EXSC 320 - Fitness Training Principles

EXSC 320 - Fitness Training Principles

3 Credit Hours

The design and implementation of fitness programs based on the principles of resistance, cardiovascular, and flexibility training and conditioning

Prerequisites: Undergraduate level EXSC200 Minimum grade of C and Undergraduate level EXSC300 Minimum grade of C

Levels: Undergraduate

College of Professional Sci Sport Science and Management

EXSC 325 - Resistance Training

EXSC 325 - Resistance Training

1 Credit Hours

Instruction in proper techniques used to develop muscular strength, power, endurance, and flexibility.

Prerequisites: Undergraduate level EXSC200 Minimum grade of C and Undergraduate level EXSC300 Minimum grade of C

Levels: Undergraduate

College of Professional Sci Sport Science and Management

EXSC 360 - Nutrition for Sport & Exercise

EXSC 360 - Nutrition for Sport & Exercise

3 Credit Hours

Nutrition and its role in human performance and wellness. Nutritional supplements and ergogenic aids will also be addressed.

Prerequisites: Undergraduate level EXSC300 Minimum grade of C

Levels: Undergraduate

College of Professional Sci Sport Science and Management

EXSC 380 - Fitness Assessment & Design

EXSC 380 - Fitness Assessment & Design

3 Credit Hours

Knowledge necessary to effectively assess, develop, and implement an appropriate exercise prescription for adults.

Prerequisites: EXSC300 and EXSC320 and EXSC325 and EXSC360

Course Attributes: Quantitative Reason Flag Full

Levels: Undergraduate

College of Professional Sci Sport Science and Management

EXSC 381 - Fitness Assess & Design Lab

EXSC 381 - Fitness Assess & Design Lab

1 Credit Hours

Skills necessary to effectively assess, develop, and implement an appropriate exercise prescription for adults.

Prerequisites: EXSC300 and EXSC320 and EXSC325 and EXSC360

Levels: Undergraduate

College of Professional Sci Sport Science and Management

EXSC 400 - Biomechanics

EXSC 400 - Biomechanics

3 Credit Hours

Application of mechanical principles to and quantitative analysis of human movement during sport and physical activity.

Prerequisites: EXSC200 and (Undergraduate level PHYS160 Minimum grade of C and Undergraduate level PHYS161 Minimum grade of C) or (Undergraduate level PHYS140 Minimum grade of C and Undergraduate level PHYS141 Minimum grade of C)

Levels: Undergraduate

College of Professional Sci Sport Science and Management

EXSC 420 - Cardiopulmonary Fitness

EXSC 420 - Cardiopulmonary Fitness

3 Credit Hours

Prerequisites: Undergraduate level EXSC300 Minimum grade of C

Levels: Undergraduate

College of Professional Sci Sport Science and Management

EXSC 460 - Exercise Science Practicum

EXSC 460 - Exercise Science Practicum

1-6 Credit Hours

A planned, supervised, and approved exercise science related learning experience. Students must complete a total of 400 clock hours (6 credit hours), which may be divided into 1 \2013 6 credit hour blocks. Student must become certified in both CPR and First Aid prior to internship approval. Prerequisites: EXSC 380, 381 and 3 credits of Exercise Science Elective.

Prerequisites: EXSC380 and EXSC381

Levels: Graduate Undergraduate

College of Professional Sci Sport Science and Management

FINC 300 - Business Finance

FINC 300 - Business Finance

3 Credit Hours

The basic principles and techniques used in the financial management of a business with special emphasis on the corporation.

Prerequisites: Undergraduate level ACCT200 Minimum grade of D

Course Attributes: Quantitative Reason Flag Full

Levels: Undergraduate

Williams College of Business Finance

FINC 303 - Internship / Finance Junior

FINC 303 - Internship / Finance Junior

3 Credit Hours

An elective cooperative experience where students earn academic credit while performing approved finance-related work experience. Student must have 55 credit hours completed, 2.750 GPA, department approval

Prerequisites: Undergraduate level MGMT301 Minimum grade of D and Undergraduate level FINC300 Minimum grade of B-

Levels: Undergraduate

Williams College of Business Finance

FINC 305 - Personal Investing

FINC 305 - Personal Investing

3 Credit Hours

Introductory course in investments designed to introduce students to the world of investing. Topics include the stock and bond markets, mutual funds, retirement planning, home mortgages and insurance.

Levels: Undergraduate

Williams College of Business Finance

FINC 350 - Financial Statement Analysis

FINC 350 - Financial Statement Analysis

3 Credit Hours

An overview of methods to evaluate a firm's financial statements in order to determine the firm's value and ability to meet its financial obligations.

Prerequisites: Undergraduate level ACCT200 Minimum grade of C and Undergraduate level FINC300 Minimum grade of B-

Levels: Undergraduate

Williams College of Business Finance

FINC 365 - Investments

FINC 365 - Investments

3 Credit Hours

Evaluation, selection and management of securities and portfolios including a study of theory using analytical approaches.

Prerequisites: Undergraduate level FINC300 Minimum grade of B-

Levels: Undergraduate

Williams College of Business Finance

FINC 370 - Finan Markets & Institutions

FINC 370 - Finan Markets & Institutions

3 Credit Hours

A study of the operations and management of the major financial institutions in the U.S. and the regulatory environment in which they operate.

Prerequisites: Undergraduate level FINC300 Minimum grade of B-

Levels: Undergraduate

Williams College of Business Finance

FINC 385 - Financial Modeling

FINC 385 - Financial Modeling

3 Credit Hours

The course is designed to develop the students' ability to integrate an electronic spreadsheet into the identification, analysis and solution stages of financial problems. Through this course, students will gain a conceptual as well as a practical understanding of spreadsheets and will be equipped with the spreadsheet skills needed to engage in economic financial modeling. Consent of instructor required for non-finance majors.

Prerequisites: (INFO120 or BAIS120 or INFO200 or INFO220 or BAIS220) and Undergraduate level FINC300 Minimum grade of B-

Levels: Undergraduate

Williams College of Business Finance

FINC 388 - Entrepreneurial Finance

FINC 388 - Entrepreneurial Finance

3 Credit Hours

The course examines new business ventures from the development stage through maturity and will cover the basic principles, concepts and analytical tools of financial management for small businesses. The managerial challenges for these firms are different from those of larger, public firms and often require a different approach because of their small scale, lack of liquidity and difficulty attracting and deploying capital. The course will provide a relevant financial analysis base for the entrepreneur in each of the various stages as he or she develops the idea, brings it to market, grows the venture/2019s value and ultimately provides an exit for the venture investors. The course will identify and explain the types and sources of financing available during the various stages and introduce the relevant legal and regulatory environment the entrepreneur must consider when seeking financing.

Prerequisites: Undergraduate level FINC300 Minimum grade of C

Levels: Undergraduate

Williams College of Business Finance

FINC 390 - Firm Valuation

FINC 390 - Firm Valuation

3 Credit Hours

Equity Analysis class. Topics include: financial statement analysis, stock valuation, discounted cash flow approaches, relative valuation and equity derivatives.

Prerequisites: Undergraduate level FINC300 Minimum grade of B-

Levels: Undergraduate

Williams College of Business Finance

FINC 401 - Intermediate Financial Mgmt

FINC 401 - Intermediate Financial Mgmt

3 Credit Hours

Financial theory and its applications to corporation finance.

Prerequisites: Undergraduate level FINC300 Minimum grade of B-

Levels: Undergraduate

Williams College of Business Finance

FINC 403 - Internship / Finance Senior

FINC 403 - Internship / Finance Senior

3 Credit Hours

An elective cooperative where students earn academic credit while performing approved finance-related work experience. Student must have 55 credit hours completed, 2.750 GPA, departmental approval required

Prerequisites: Undergraduate level MGMT301 Minimum grade of D and Undergraduate level FINC300 Minimum grade of B-

Levels: Undergraduate

Williams College of Business Finance

FINC 465 - Options & Futures Markets

FINC 465 - Options & Futures Markets

3 Credit Hours

Options and futures strategies, the valuation of options and futures, and the theory of hedging.

Prerequisites: FINC365

Levels: Undergraduate

Williams College of Business Finance

FINC 475 - Real Estate Finance

FINC 475 - Real Estate Finance

3 Credit Hours

Properties and principles of institutions, instruments, and methods used to finance commercial, industrial and residential real estate.

Prerequisites: Undergraduate level FINC300 Minimum grade of B-

Levels: Undergraduate

Williams College of Business Finance

FREN 101 - Elementary French I

FREN 101 - Elementary French I

3 Credit Hours

An introduction to basic language skills through emphasizing the acquisition of high-frequency vocabulary and the development of cultural awareness.

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

FREN 102 - Elementary French II

FREN 102 - Elementary French II

3 Credit Hours

The second semester elementary course which is a continuation of FREN 101. Pre-requisite: FREN 101 unless waived

Prerequisites: Undergraduate level FREN101 Minimum grade of D or Placement - French 102 or Graduate level EDMS999

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

FREN 103 - Accelerated Elem French

FREN 103 - Accelerated Elem French

3 Credit Hours

This is an accelerated beginning French course for students who score 235 or below on the Language Placement Test and have had 2+ years of previous French study. Please consult with the instructor if you have questions regarding placement. The principal goals of language study are to practice the four language skills (speaking, listening, reading and writing) in order to learn to communicate in French (talk with others, express ideas in writing, read and understand what others have written) and learn about the francophone world. This course reviews Elementary French vocabulary and grammar, and moves at an accelerated pace through material normally covered in French 102. Upon successful completion of French 103, students will enroll in Intermediate French I (201) to complete the core language requirement.

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

FREN 201 - Intermediate French I

FREN 201 - Intermediate French I

3 Credit Hours

The first semester intermediate course which is a continuation of FREN 102 with a particular emphasis on the development of more creative use of the language. Pre-requisite: FREN 102 unless waived

Prerequisites: FREN102 or Placement - French 201 or Graduate level EDMS999 or FREN103

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

FREN 202 - Intermediate French II

FREN 202 - Intermediate French II

3 Credit Hours

A communicative-oriented course emphasizing reading and writing skills through the study of authentic materials dealing with francophone culture. This course includes a comprehensive grammar review. Pre-requisite: FREN 201 unless waived

Prerequisites: Undergraduate level FREN201 Minimum grade of D or Placement - French 202 or Graduate level EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

FREN 203 - Intro to Business French

FREN 203 - Intro to Business French

3 Credit Hours

Development of four skills in the context of the contemporary francophone business world by means of readings, discussions and written practice. Emphasis on the terminology of commercial French. May be taken as an alternative to FREN 202.

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

FREN 205 - French Lit & Moral Imagination

FREN 205 - French Lit & Moral Imagination

3 Credit Hours

This course is designed to contribute to the Ethics, Religion and Society focus of the core curriculum. Students will study the French philosopher Henri Bergson's analysis of what makes human's laugh and, then, see how this analysis is played out in the comedies of the classical French comic genius, Moliere. Several of his "comedies of manners" and "comedies of character" will be studied and discussions will focus on the universal aspect of the societal or personal problem or foible that is being held up to ridicule.

Course Attributes: Diversity Flag, Gender & Diversity Studies, Lit and Moral Imagination

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

FREN 300 - Advanced French I

FREN 300 - Advanced French I

3 Credit Hours

An upper-division course which is a continuation of FREN 202 in that it builds on the language skills and cultural knowledge acquired in FREN 202. Prerequisite: FREN 202/203 or the equivalent.

Prerequisites: Undergraduate level FREN202 Minimum grade of D or Graduate level EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

FREN 301 - Advanced French II

FREN 301 - Advanced French II

3 Credit Hours

An upper-division course which offers advanced grammar study and further language skill development through the study of authentic texts. Prerequisite: FREN 202/203 or the equivalent.

Prerequisites: Undergraduate level FREN202 Minimum grade of D or Graduate level EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

FREN 302 - French Conversation

FREN 302 - French Conversation

3 Credit Hours

An upper-division course designed for the development of speaking and listening skills through active participation by students. Discussions and activities are based on contemporary issues. Pre-requisite: FREN 202/203.

Prerequisites: Undergraduate level FREN202 Minimum grade of D or Placement - French 300 or EDMS999

FREN 462 - Paris & Parisians in Lit

FREN 462 - Paris & Parisians in Lit

3 Credit Hours

This course is to introduce students to the changing manner in which Paris and its inhabitants were viewed by means of an in-depth study of their reflection in selected texts from the literary canon - one text from each the seventeenth-, eighteenth-, nineteenth- and twentieth-centuries. The readings will expose students to the genres of theatre, political and philosophical writings, and the novel. While enhancing their vocabulary, students will develop their linguistic skills of reading, writing, speaking, listening and their cultural competence. At its conclusion, students should be able to discuss with confidence the changing attitudes toward Paris and Parisians from the seventeenth through the first half of the twentieth century. As well, they will be able to highlight the evolution of the capital itself throughout this time period.

Course Attributes: Humanities Elective

GDST 498 - Capstone

GDST 498 - Capstone

1 Credit Hours

This 1 credit hour capstone course is designed to guide the GDST student through the process of planning their senior thesis. In the Spring of their senior year, all GDST students must submit a research thesis for public defence. Students are expected to independently design and complete a research-based project on a specific diversity studies topic that synthesizes the scholarly literature in at least two of the disciplines that inform diversity studies and presents a clear, arguable thesis supported by evidence drawn from appropriate sources. In the Fall semester (GDST 498), the student designs their project, identifies two faculty readers from two different disciplines and submits a polished proposal by the end of the course to both the capstone director and their second reader. The following semester, they sign up for GDST 499 a 2 CH course designed to facilitate the writing and completion of the student's thesis. Note that all thesis readers must be GDST affiliated faculty and must be approved by the director of the program as well as the chairs of the faculty members' respective home departments. The focus of the thesis is multidisciplinary and addresses issues concerning gender and diversity studies that stem from the student's own elective concentration or interests. For example, projects may include an internship component or be limited to textual analysis depending on the primary methodologies of the disciplines with which they are working.

Restrictions: Must be enrolled in one of the following Majors: Gender & Diversity Studies Must be enrolled in one of the following Classifications: Senior

Levels: Undergraduate

GERM 497 - Directed Study: Literature

GERM 497 - Directed Study: Literature

1-3 Credit Hours

Independent study. Pre-requisite: GERM 202 or by placement test.

Prerequisites: Undergraduate level GERM202 Minimum grade of D

Levels: Graduate Undergraduate

GERM 499 - Senior Research Project

GERM 499 - Senior Research Project

1 Credit Hours

Research for senior project is required for all majors in German. Most of the required upper-division coursework for the major must be completed before enrolling in this course.

Levels: Graduate Undergraduate

GERM 616 - Advanced Business German

GERM 616 - Advanced Business German

3 Credit Hours

Advanced Business German is a continuation of GERM 315: Business German. The emphasis is on intercultural conduct in business situations, the vocabulary of German business and economics, advanced grammar review, and ultimately the preparation for the international Business German examination "Prüfung Wirtschaftsdeutsch" (PWD) which is usually administered in April of each year. The course offers an in-depth exposure to the spoken and written language of the German-speaking business world: formalities and conventions of business correspondence, Lebenslauf, business in the media, conference terms and codes of behavior, abbreviation usage in the corporate world, documents relating to forms of enterprises and their financing, taxes, reports on the economics of German-speaking countries, and simulations of business situations. This course is taught entirely in German. Pre-requisite: GERM 202 or by placement test.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

GERM 640 - German History & Civilization

GERM 640 - German History & Civilization

3 Credit Hours

This overview of the history and culture of the German speaking world offers an introduction to the socio-political, economic, and philosophical issues from 800 A.D. to the present. This content based advanced German course is intended to sharpen the oral and written communication skills of the students as well as deepen their knowledge of Central European history and thought. This course is taught entirely in German. Pre-requisite: GERM 202 or by placement test.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

GERM 700 - Graduate Research: German

GERM 700 - Graduate Research: German

3 Credit Hours

Research for the M.A. Degree. Pre-requisite: Students must have successfully completed at least one upper-division course.

College of Arts & Sciences Classics & Modern Languages

GREK 331 - Plato: The Republic

GREK 331 - Plato: The Republic

3 Credit Hours

A critical reading of selections from the Republic.

Restrictions: Must be assigned one of the following Student Attributes: University Scholar PPPU & Honors

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

GREK 341 - Thucydides

GREK 341 - Thucydides

3 Credit Hours

A critical reading of selections from the Histories.

Restrictions: Must be assigned one of the following Student Attributes: University Scholar PPPU & Honors

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

GREK 351 - Aeschylus

GREK 351 - Aeschylus

3 Credit Hours

A selection of readings from several plays.

Restrictions: Must be assigned one of the following Student Attributes: University Scholar PPPU & Honors

Course Attributes: Theatre Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

GREK 355 - Attic Orators

GREK 355 - Attic Orators

3 Credit Hours

In this course we will gain an understanding of ancient Greek rhetorical usage and style through a close reading of famous Athenian orators. We will furthermore learn about rhetorical figures and the parts of a speech, and consider why the precision, beauty, and point of Attic oratory influenced the rhetorical practices of subsequent cultures starting with the Romans and continuing to our own day.

Prerequisites: GREK201

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

GREK 361 - History of Greek Literature

GREK 361 - History of Greek Literature

3 Credit Hours

A final Greek course meant to be a summation and synthesis of the achievement of Greek literature.

Restrictions: May not be assigned one of the following Student Attributes: University Scholar PPPU & Honors

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

GREK 371 - Greek Patristics

GREK 371 - Greek Patristics

3 Credit Hours

This course will guide students through biblical Greek excerpts from notable figures and writing within the early Church. The readings will broaden students' understanding of biblical Greek by translating less familiar Greek readings. Excerpts will be taken from such writings as: The Didache, Martyrdom of Ignatius, Martyrdom of Carpus, Martyrdom of Polycarp, Justin Martyr's Apology, Luian's view of Christians, the Liturgy of Chrysostom. Students will memorize some of the early creeds in Greek and become familiar with the Greek liturgy of Chrysostom, which is still used today in the Greek Orthodox Church.

Course Attributes: Honors

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

GREK 380 - Greeks and Moderns

GREK 380 - Greeks and Moderns

3 Credit Hours

In addition to reading Greek texts in the original language, Greek 380 is designed to have an academic service learning component and/or a topic that engages a modern question to which ancient thought can be applied. The focus of the course will vary from semester to semester, but examples could include: war and peace, class, aesthetics, modern Italy, classics and the civil rights movement, feminism and classical literature, immigration, criminal justice, race, education; This requirement will make explicit the enduring connection between antiquity and the present.

Prerequisites: GREK201

Course Attributes: Humanities Elective

HECO 521 - Intro to Stats for HECOR

HECO 521 - Intro to Stats for HECOR

3 Credit Hours

This is the first in a three-course series on applied statistics for health economics and clinical outcomes research. It will provide a detailed overview of descriptive statistics, and will also cover basic inferential statistics using univariate analysis methods. This course will introduce students to the concepts of multivariable and multivariate analysis procedures.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HECO 522 - Applied Analysis for HECOR I

HECO 522 - Applied Analysis for HECOR I

3 Credit Hours

This course is intended as the second in a three-course series on applied statistics for health economics and clinical outcomes research. The first course is a detailed overview of statistical methods with emphasis on descriptive statistics, univariate analysis, and categorical data analysis. The second course goes deeper into univariate analysis and introduces non-parametric methods and sample size estimation. In the third course, simple and multiple regression methods will be covered in great depth. A strong emphasis on applied methods of data analysis using programming software will be present in all three courses in this series.

Prerequisites: HECO521

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HECO 523 - Applied Analysis for HECOR II

HECO 523 - Applied Analysis for HECOR II

3 Credit Hours

This course is the third in a three-course series on applied statistics for health economics and clinical outcomes research. It will provide a survey of more advanced statistical methods with a focus on causal inference, i.e. methods designed to address research questions that concern the impact of some potential cause (e.g., a medical intervention, a change in treatment, economic conditions, or policies) on some outcome (e.g., time to event, comorbidity, health-care utilization and expenditures). Students will be introduced to propensity score theory and time-dependent statistics; they will also reinforce and apply the concepts and skills learned in HECO 521 and 522 on a data-analysis project.

Prerequisites: HECO522

Levels: Graduate

College of Professional Sci Health Services Administration

HECO 567 - Applied Epidemiology

HECO 567 - Applied Epidemiology

3 Credit Hours

Knowledge and skills useful to health service managers related to population health management, and also managerial epidemiologic analyses and assessment of medical care processes/outcomes are taught in this course. Epidemiology is defined and its applications in health services management and health policy are discussed. Population based epidemiologic assessment methods are presented and utilized. Methods for assessing outcomes of health programs are discussed. Students are introduced to the application of risk factor epidemiological literature in health services management through an applied project.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HECO 571 - Introduction HECOR

HECO 571 - Introduction HECOR

3 Credit Hours

This course will expose students to a general overview of health economics and clinical outcomes research (HECOR). The topics covered in this course represent a broad selection of major themes in the field; each topic will provide students with the opportunity to develop their understanding of the field as well as learn how economists, epidemiologists, and statisticians think about and conduct HECOR research.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HECO 575 - Health Economics

HECO 575 - Health Economics

3 Credit Hours

This course will examine the application of economic principles to the allocation of scarce resources in health care; the use of economic theory to understand problems of organization, delivery, and financing of health services; and the choices available to society regarding these issues. In this course we will use methods from microeconomics to investigate how different aspects of the health care system function and to assess the implications for different policies designed to improve that functioning. We will use economic tools and techniques from the sub-disciplines of information economics, industrial organization, labor economics, public economics, behavioral economics, and decision theory to think about these questions.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HECO 585 - Health Ethics: Inform/Research

HECO 585 - Health Ethics: Inform/Research

3 Credit Hours

This course is a graduate-level introduction to basic ethical theory, language, and methodology needed to critically examine contemporary cases in HECOR including such topics as health informatics, health data use, patient confidentiality, large-scale data management, fraud, and retrospective analyses. The course will cover the tension of patient-centered vs. population health research, and the use of personal health records for post-market studies. Students will investigate ethical and practical issues by participating in and leading discussion, and written reflective case analysis.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HECO 598 - Independent Study

HECO 598 - Independent Study

.5 - 4 Credit Hours

An independent study course is defined as an area of study or research necessitating a high level of self-directed learning in the field of HECOR. This learning requires students to read, conduct research, or complete written examinations, reports, projects, research papers, portfolios, or similar assignments that are designed to measure competency in the stated educational objectives. Opportunities to enroll in course work on an Independent Study basis are limited. A student interested in this option should complete the Independent Study Registration Form and this syllabus template. The student shall fill in all sections with italicized descriptors. The instructor and program director must approve both documents prior to the student proceeding with the Independent Study.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HECO 601 - Intro to Stat. Prog. for HECOR

HECO 601 - Intro to Stat. Prog. for HECOR

1 Credit Hours

This course will introduce statistical programming for HECOR. Students will learn the basics of a common statistical language and how to conduct simple data programming. This course is designed to give students the universal tools all HECOR practitioners should know when performing statistics with large data sets common to HECOR.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HECO 631 - Global Health Systems

HECO 631 - Global Health Systems

3 Credit Hours

HECO631 compares the structure and function of health systems to improve population health and connect your understanding of the full breadth of health economics and clinical outcomes research (HECOR) in various types of health systems around the world. Students will study health needs (health indicators, burden of disease measures) and innovative solutions, through financing, regulation and reimbursement systems, under vastly different economic, political and cultural structures. Students will apply information from current "real world" observational and economic analyses to inform healthcare decision-making and adoption by clinicians and consumers. You will learn about the latest global regulatory changes for technology and software that will impact HECOR professionals over the next several years.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HECO 674 - Intro to Cost Benefit Analysis

HECO 674 - Intro to Cost Benefit Analysis

3 Credit Hours

This course will introduce students to the basics of economic evaluations of health care interventions or technology. This value depends not only on how effective a treatment is, but also how costly it is. Economic evaluations provide a method for assimilating different costs and health outcomes associated with medical treatments into a common metric that allows one to assess that treatment's worth in relation to other possible alternatives. By the end of this course, students should be familiar with the basic types of economic evaluations and should understand what issues should be addressed in performing a sound economic evaluation. Through examples and applications, students should also become familiar with how specific economic evaluations are performed, and what are the major challenges and limitations of these approaches.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HECO 675 - Economic Eval & Sim Modeling

HECO 675 - Economic Eval & Sim Modeling

3 Credit Hours

This course will introduce the development, methodological approach, and application of quantitative models used to inform health care decisions. The course will emphasize decision trees and Markov models and introduce agent based modeling techniques. Approaches to uncertainty in the model will be addressed through one-way, two-way, and probabilistic sensitivity analyses. The course will consider the application and presentation of the model to stakeholders with an emphasis on the ethical use and proper disclosure of the limitations inherent in the data and methods.

Prerequisites: HECO674

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

HECO 692 - HECOR Capstone I

HECO 692 - HECOR Capstone I

3 Credit Hours

This course is the first in a two-course series that integrates the specialized disciplines and knowledge learned from previous HECOR courses through the use of case analyses. Students will be challenged to identify the specific research question, methodologies to answer the question, conduct the analysis, and disseminate the results. This course will focus on how to formulate an answerable research question, query the literature, search for evidence, develop the study design, assemble data, and prepare a research proposal. Student must have completed 24 program credit hours before enrolling in this course.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

HECO 693 - HECOR Capstone II

HECO 693 - HECOR Capstone II

3 Credit Hours

This course is the second in a two-course series that integrates the specialized disciplines and knowledge learned from previous HECOR courses through the use of case analyses. Students will execute their research proposal prepared in HECO 692. The course will emphasize the dissemination of scientific research covering the principles of good scientific writing for publication and peer-review, and will culminate in the development of an abstract and oral presentation of their research. Student must have completed 27 program credit hours before enrolling in this course.

Restrictions: Must be enrolled in one of the following Levels: Graduate

HESA 101 - Intro To US Health Care

HESA 101 - Intro To US Health Care

3 Credit Hours

This course is an introduction to the structure, operation and financing of the US healthcare system. It examines the major industry participants; how healthcare services

Prerequisites: opposing positions on the future of healthcare reform.

Restrictions: are allocated and financed; the factors that influence the cost and quality of care; and

Course Attributes: Population Health, Writing Flag Core

Levels: Undergraduate

HESA 110 - Medical Terminology

HESA 110 - Medical Terminology

3 Credit Hours

This course introduces students to the language of medicine while reviewing the major organ systems of the body.

Levels: Undergraduate

College of Professional Sci Health Services Administration

HESA 120 - Health Care Management

HESA 120 - Health Care Management

3 Credit Hours

This course is about learning how to manage in health care organizations. Students will learn key principles, practices and personalities of management. As an introductory course, the purpose is to expose participants to a wide range of areas and topics relevant to management, including the four major topical divisions: Plan, Organize, Lead, and Control.

Prerequisites: HESA101 and HESA110

Levels: Undergraduate

College of Professional Sci Health Services Administration

HESA 201 - Health Policy

HESA 201 - Health Policy

3 Credit Hours

This course provides students with a basic framework for health policy analysis and examines major strands of the US health policy. Detailed consideration and discussion are given to the relationship of national policy to the planning, implementation, and funding of health care services, with particular emphasis on low income and minority populations. This course will cover topics such as healthcare policy environment in the U.S., government-funded healthcare through Medicaid and Medicare.

Prerequisites: HESA101 and ECON200 and HESA110 and (MATH116 or MATH156)

Levels: Undergraduate

College of Professional Sci Health Services Administration

HESA 210 - HC Marketing & Strategic Mgmt

HESA 210 - HC Marketing & Strategic Mgmt

3 Credit Hours

Marketing in health care has changed drastically in the last ten years. In the past, most health care professionals scorned the idea and interpreted it solely as advertising. This has changed as the health care environment continues to evolve at a fast pace and it is necessary for all health care professionals to understand the principles and applications of marketing in a new competitive environment.

Prerequisites: HESA101 and HESA110

Levels: Undergraduate

HESA 220 - HC Reimbursement Systems

HESA 220 - HC Reimbursement Systems

3 Credit Hours

In this course, the student will become familiar with common medical billing practices, the health insurance industry, legal and regulatory issues and differences in reimbursement methodologies. The student will learn principles of medical billing related to proper claim form preparation, submission and payment processing. This course is recommended for anyone who is preparing for a career in a medical billing department at a physician's office, clinic or similar positions.

Prerequisites: HESA110 and HESA101

Levels: Undergraduate

HESA 230 - Health Care Finance

HESA 230 - Health Care Finance

3 Credit Hours

Managerial aspects of financial analysis. Includes analysis of financial statements, costs, capital projects, and working capital; Medicare, Medicaid, changes and rate setting under reimbursement schedules; budgeting, return on investment methodology, forecasting, and strategic planning.

Prerequisites: ACCT200 and HESA101 and HESA110

Levels: Undergraduate

HESA 245 - Intro to Population Health

HESA 245 - Intro to Population Health

3 Credit Hours

This course will introduce the concept of population health. Unlike the medical model of healthcare, population health aims to address health on a level of a population not on the level of an individual. Population health describes a collaborative interdisciplinary, customizable approach to prevention of medical illness. We will discuss the precursors of disease, and specifically the role social and environmental determinants of health (such as education, wealth, and environmental factors) on the genesis of disease. This course will introduce interventions for improvement of health on the level of the population in the context of a value-based care delivery system. It will introduce the skills and tools necessary to assess the needs of a population (including subpopulations), and social determinants that influence access and delivery of healthcare within a population. The course will also introduce the application of population health concepts in different careers, from healthcare, to economics, and business.

Levels: Undergraduate

HESA 341 - Health Informatics

HESA 341 - Health Informatics

3 Credit Hours

Students will learn how informatics expands both provider and patient access to health care, with an emphasis on information and knowledge management. Current applications in informatics are presented, including bibliographic, numeric, and geographic databases.

Prerequisites: HESA101 and HESA110

Levels: Undergraduate

College of Professional Sci Health Services Administration

HESA 345 - Population Health

HESA 345 - Population Health

3 Credit Hours

Health systems have ever-increasing responsibilities to the population they serve as the United States moves to a value-based care delivery system. It is imperative for a health system to meet the needs of the population it serves to be successful. This course will define population health in the context of a value-based care delivery system. It will introduce the skills and tools necessary to assess the needs of a population (including subpopulations), and determinants that influence access and delivery of healthcare within a population.

Prerequisites: HESA101 and HESA110

Course Attributes: Population Health

Levels: Undergraduate

College of Professional Sci Health Services Administration

HESA 351 - Electronic Health Records

HESA 351 - Electronic Health Records

3 Credit Hours

This course serves as an introduction to Electronic Health Record (EHR) systems. The course covers the background, history, issues and barriers to system adoption and health information technology. Students will be exposed to various types of EHR systems and understand the strengths and weaknesses of the various EHR systems.

Prerequisites: HESA341 and HESA101 and HESA110

Levels: Undergraduate

College of Professional Sci Health Services Administration

HESA 355 - Quant Methods for Health Serv

HESA 355 - Quant Methods for Health Serv

3 Credit Hours

An introduction to the importance of biostatistics in guiding health care decision makers.

Prerequisites: (HESA341 or HESA345) and HESA101 and HESA110

Levels: Undergraduate

College of Professional Sci Health Services Administration

HESA 361 - Health Data Management

HESA 361 - Health Data Management

3 Credit Hours

The purpose of this course is to provide students with the ability to define operational and strategic objectives for health services management information systems and to guide the design of systems to meet those objectives. Particular emphasis will be placed upon the conceptualization of variables to be included in such systems; the design of systems (including an understanding of the hardware, software and communication links); and the proper interpretation and utilization of processed information for program management purposes. Software for employee management will be addressed; and software for clinical data collection, storage and patient management, including the maintenance of confidentiality, will also be addressed. The exercises will emphasize the application of these concepts to practical examples that one may encounter in the health services industry.

Prerequisites: (HESA341 or HESA345) and HESA101 and HESA110 and BAIS220

Levels: Undergraduate

College of Professional Sci Health Services Administration

HESA 370 - Internship Preparation

HESA 370 - Internship Preparation

1 Credit Hours

This course focuses on preparing students for a summer internship through conversations with internship preceptors in various areas of health care. These conversations focus on current topics in health care, such as innovations in health care and issues facing providers. Students will also be given instruction in writing cover letters, resumes and interviewing strategies.

Prerequisites: HESA101 and HESA110

Levels: Undergraduate

College of Professional Sci Health Services Administration

HESA 371 - Internship I

HESA 371 - Internship I

1-3 Credit Hours

The administrative internship is a 10 to 12 week, full time work experience. It provides students with an opportunity to apply their developing knowledge and skills in the health services field. The internship experience uniquely prepares students by exposing them to other professionals in the field and to the work environment in a way that cannot be duplicated in the classroom. Students gain a better appreciation for the pressures that affect decision making in today's healthcare environment and are able to identify additional skills they will need to better prepare them for a rewarding career in health services. Students must have a 2.0 GPA, cannot be on departmental probation, and have must completed at least 15 hours within their Health Services major in order to register.

Prerequisites: Undergraduate level HESA370 Minimum grade of B- and HESA101 and HESA110

Restrictions: Must be enrolled in one of the following Majors: Health Services Health Services Administration Must be enrolled in one of the following Classifications: Senior Junior

Levels: Undergraduate

College of Professional Sci Health Services Administration

HESA 372 - Internship II

HESA 372 - Internship II

1-3 Credit Hours

The administrative internship is a 10 to 12 week, full time work experience. It provides students with an opportunity to apply their developing knowledge and skills in the health services field. The internship experience uniquely prepares students by exposing them to other professionals in the field and to the work environment in a way that cannot be duplicated in the classroom. Students gain a better appreciation for the pressures that affect decision making in today's healthcare environment and are able to identify additional skills they will need to better prepare them for a rewarding career in health services.

Course Attributes: Population Health, Service Learning

Levels: Undergraduate

College of Professional Sci Health Services Administration

HESA 380 - Qual Mgmt & Performance Imp

HESA 380 - Qual Mgmt & Performance Imp

3 Credit Hours

Understand and manage quality principles and process management systems in the context of contemporary quality systems, their history and commitment to customer focus. This course gives students a broad based understanding of quality principles, management systems, place present day quality systems and initiatives in historical context, and manage and modify quality systems to maintain customer focus.

Prerequisites: HESA101 and HESA110

Levels: Undergraduate

College of Professional Sci Health Services Administration

HESA 389 - Applied Health Sciences Sem

HESA 389 - Applied Health Sciences Sem

3 Credit Hours

This course provides an overview of professional careers and educational paths in health sciences. Professionals from a variety of fields of health science are recruited to present information and prompt discussions concerning scope of professional practice, years of education, admission competitiveness, job market, professional progression (e.g., degree levels, graduate school, and certifications), resources helpful for making career decisions, and career progression in health science professions. Each student completes a career course completion plan for the applied health sciences minor and links the plan to health science careers to explore each student's professional progression and development.

Levels: Undergraduate

College of Professional Sci Health Services Administration

HESA 390 - Foundation of HC Law & Ethics

HESA 390 - Foundation of HC Law & Ethics

3 Credit Hours

This interdisciplinary course will explore interconnections among ethics, law and health care by examining classic legal-medical ethics cases, legal rules and ethical principles, controversial issues such as access to health care, beginning of life issues, patients' rights, end-of-life issues, disorders of consciousness, and organ transplantation. Special attention will be given to ethical conflicts, as well as the roles of ethics consultants and ethics committees.

Prerequisites: PHIL100 and HESA101 and HESA110

Course Attributes: ERS Focus Elective, Oral Communication Flag, Population Health

Levels: Undergraduate

College of Professional Sci Health Services Administration

HESA 401 - Health Policy

HESA 401 - Health Policy

3 Credit Hours

This course provides students with a basic framework for health policy analysis and examines major strands of the US health policy. Detailed consideration and discussion are given to the relationship of national policy to the planning, implementation, and funding of health care services, with particular emphasis on low income and minority populations. This course will cover topics such as healthcare policy environment in the U.S., government-funded healthcare through Medicaid and Medicare.

Prerequisites: HESA101 and HESA110 and ECON200

Levels: Undergraduate

College of Professional Sci Health Services Administration

HESA 410 - Public Health

HESA 410 - Public Health

3 Credit Hours

This course examines the major domains of the public health especially introducing what is public health and how to potentially apply public health to dealing with health issues in the United States of America. A review will be integrated to include the biomedical basis of public health, some historical developments of public health, the role of health ethics especially in research and the future challenges to public health. The course will also present an introduction to the cross-cutting areas of public health including: communication and informatics, diversity and culture, leadership, public health biology, professionalism, program planning, and systems thinking.

Prerequisites: HESA101 and HESA110

Levels: Undergraduate

College of Professional Sci Health Services Administration

HESA 451 - Aging In Society

HESA 451 - Aging In Society

3 Credit Hours

Examines the areas of biology, sociology, and psychology of aging to provide students with a better context for understanding how health-related services are provided to this population.

Prerequisites: HESA101 and HESA110

Levels: Undergraduate

College of Professional Sci Health Services Administration

HESA 455 - Admin Of Agencies Serv Aged

HESA 455 - Admin Of Agencies Serv Aged

3 Credit Hours

Examines and evaluates the spectrum of community services and health care delivery systems that serve an aging population, the relationships between such entities, and potential future directions for care delivery to this population.

Prerequisites: HESA101 and HESA110 and HESA451

Levels: Undergraduate

College of Professional Sci Health Services Administration

HESA 459 - Admin of Post-Acute Care

HESA 459 - Admin of Post-Acute Care

3 Credit Hours

Examines the role of the administrator in developing and administering policies and programs to meet the needs of chronically ill patients and an aging population.

Prerequisites: HESA101 and HESA110 and HESA451

Levels: Undergraduate

College of Professional Sci Health Services Administration

HESA 498 - Indep Study in Health Admin

HESA 498 - Indep Study in Health Admin

1-4 Credit Hours

This course prepares the student to design and complete projects that will provide them with advanced skill development in an area of their choosing within health services administration (e.g. finance, process improvement, marketing). Student will apply lessons learned in courses related to their project as they work with faculty in the creation and implementation of their project.

Prerequisites: HESA101 and HESA110

Course Attributes: Population Health

Levels: Undergraduate

College of Professional Sci Health Services Administration

HESA 511 - Managerial Concppts in H.C Org

HESA 511 - Managerial Concppts in H.C Org

3 Credit Hours

Discusses behavioral theory and its underlying principles as applied to the development of managerial and team work skills for health services administrators.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HESA 515 - Health Care Workforce Strategy

HESA 515 - Health Care Workforce Strategy

2 Credit Hours

Introduces students to fundamental human resource functions: recruitment and selection, performance management, compensation and benefits, training and development, employee labor relations as they are implemented in health care organizations. The course will explore the unique strategic imperatives and challenges of workforce development in a health care organization.

Prerequisites: Graduate level HESA511 Minimum grade of C

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HESA 516 - Human Resource Mgmt in HC

HESA 516 - Human Resource Mgmt in HC

3 Credit Hours

The course introduces students to human resource functions as they are implemented in health care organizations and explore the specific issues related to workforce development in health care organizations.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HESA 519 - Strategic Mgmt & Marketing

HESA 519 - Strategic Mgmt & Marketing

3 Credit Hours

Applies organizational theories to the understanding and management of the processes by which leaders and their top management teams formulate organizational mission, assess external environments and align internal resources in the implementation of organizational strategies designed to maximize strengths and opportunities and to eliminate weaknesses and threats.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HESA 521 - Quant Methods for H.C. Mgmt

HESA 521 - Quant Methods for H.C. Mgmt

3 Credit Hours

Discusses the nature and application of various quantitative methods for analyzing and improving organizational systems and processes within the health care field.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HESA 523 - Qual Improve Tech in H.C. Mgmt

HESA 523 - Qual Improve Tech in H.C. Mgmt

3 Credit Hours

Introduces the theoretical application of statistical quality management in health care as well as the practical application of quality improvement methods in health care settings.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HESA 529 - Info Systems for Health Servs

HESA 529 - Info Systems for Health Servs

2 Credit Hours

This course introduces students to theory, technology, and practical application of information systems. Emphasis is placed on preparing managers to interact with multidisciplinary personnel to design, acquire and maintain information systems for integrated health care delivery.

Prerequisites: Graduate level HESA511 Minimum grade of C and Graduate level HESA561 Minimum grade of C

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HESA 534 - Health Information Systems

HESA 534 - Health Information Systems

3 Credit Hours

This course introduces students to theory, technology, and practical application of information systems. Emphasis is placed on preparing managers to interact with

multidisciplinary personnel to design, acquire and maintain information systems for integrated health care delivery.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HESA 539 - Informatics for Hlth Industr

HESA 539 - Informatics for Hlth Industr

2 Credit Hours

Prerequisites: HESA529

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HESA 551 - Financial Mgmnt of HC Orgs

HESA 551 - Financial Mgmnt of HC Orgs

3 Credit Hours

Examines basic concepts of the structure and use of information to support managers' decision models. Introduces activity-based techniques for costing sales of health services, delivery activities and alternative organization structures. Covers accounting techniques to support the control of operations. Focuses on the relationship of costs to revenues in competitive, integrated care delivery systems.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HESA 552 - HC Revenue Cycle & Insurance

HESA 552 - HC Revenue Cycle & Insurance

3 Credit Hours

All healthcare providers need to get paid to keep their doors open. The vast majority of that payment comes from insurance, both commercial and governmental. This course breaks down the key elements within the chain of events that most occur accurately and timely to turn clinical activity into cash flow. The course also covers the principles of healthcare insurance and the evolving models of payment and the impact that has on providers and patients.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HESA 555 - Capital Acquisition in HC Orgs

HESA 555 - Capital Acquisition in HC Orgs

3 Credit Hours

Examines basic principles and techniques used in the financial management of a health care facility, with special emphasis on the capital acquisition problems within the health care industry and their relationship to external pressures on the industry's structure.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HESA 559 - Project Devt & Mgmnt of HC Org

HESA 559 - Project Devt & Mgmnt of HC Org

3 Credit Hours

Examines special financial management topics in the health care industry, such as leasing, refunding debt, risk analysis, outsourcing and merging. Places special focus on the management implications of revenue flows under various payment systems within integrated delivery systems and the effects of regulation.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HESA 561 - Clinical Proc for H.C. Adm

HESA 561 - Clinical Proc for H.C. Adm

3 Credit Hours

Prepares students to become conversant with clinicians by introducing them to basic concepts, terminology, disease processes and clinical issues, and by exposing them to clinical experiences in the classroom and in patient care environments.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HESA 567 - Epidemiology & Pop Health

HESA 567 - Epidemiology & Pop Health

3 Credit Hours

Students are introduced to epidemiologic concepts, skills and data, the application of epidemiology to population health and health services and to the application of epidemiologic literature in health services management through an applied project using a health status analysis. Methods to determine risk factors for health problems are discussed and examined in this project.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

HESA 571 - Healthcare Services in the U.S

HESA 571 - Healthcare Services in the U.S

2 Credit Hours

Provides (1) an historical perspective on the development of health care services in the United States, (2) a description of the key factors and issues which influence the development of the current health care delivery systems and (3) a description of the current health care delivery systems.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

HESA 572 - Health Services Past Future

HESA 572 - Health Services Past Future

3 Credit Hours

Provides (1) an historical perspective on the development of healthcare services in the USA, (2) a description of the key factors and issues which influence the development of the current healthcare delivery systems, (3) a description of the current healthcare delivery systems, including reimbursement and (4) discussion of the future US healthcare system.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

HESA 575 - Econ For Health Mgmt & Pol

HESA 575 - Econ For Health Mgmt & Pol

3 Credit Hours

Examines the application of economic principles to the allocation of scarce resources in health care; the use of economic theory to understand problems of organization, delivery, and financing of health services; and the choices available to society regarding these issues.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

HESA 579 - Health Policy & Policy Analyisi

HESA 579 - Health Policy & Policy Analyisi

3 Credit Hours

Provides an overview of health policy in the United States and introduces both qualitative and quantitative methods for analyzing health policy with attention given to the political and economic perspectives on health policy questions.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HESA 581 - Health Care Legal Aspects

HESA 581 - Health Care Legal Aspects

3 Credit Hours

Describes the legal climate within which the health care institution operates with an emphasis on the legal concepts that influence the activities of health care administrators.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HESA 583 - Ethical Issues in Health Care

HESA 583 - Ethical Issues in Health Care

3 Credit Hours

Introduces students to the dominant ethical theories and principles, and the current ethical issues in health care (professional, clinical, social, business, organizational). Provides students with the opportunity to begin to formulate an ethical position related to these issues.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

HESA 599 - Integ Sem in Hlth Svcs Admin.

HESA 599 - Integ Sem in Hlth Svcs Admin.

2 Credit Hours

Integrates the specialized disciplines and knowledge learned from previous HESA courses through the use of case analyses. Students are challenged to formulate strategies that address complex problem situations faced by managers of health services organizations. This course will utilize an industry case study to examine issues associated with the strategic change and the alignment of health services organizations within their environment. Member of the faculty and experts from the community will present views on these issues and challenge students to formulate and implement strategies and business plans to address problems faced today in the world of health care delivery.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HESA 601 - Professional Development I

HESA 601 - Professional Development I

1 Credit Hours

Introduces students to executive basics, including communication skills, presentation skills, business success skills, networking skills, and healthcare administration career opportunities. Executive guest speakers present the class sessions.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HESA 602 - Professional Development II

HESA 602 - Professional Development II

1 Credit Hours

Interprofessional care recognizes a culture of respect, concisely clear communication, interdependent care for client-centered outcomes, and integration of services through shared decision making. This course will provide students with an opportunity to practice across disciplines in teams to meet the needs of individuals, families and the community.

Prerequisites: Graduate level HESA601 Minimum grade of S

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HESA 603 - Professional Development III

HESA 603 - Professional Development III

1 Credit Hours

Focuses on the administrative residency and beyond, and includes contemporary topics such as facility planning, change management, sustainability, etc. Executive guest speakers present the class sessions.

Prerequisites: HESA601 and HESA602

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HESA 604 - Professional Development IV

HESA 604 - Professional Development IV

1 Credit Hours

Prepares students for the administrative residency through interaction with senior level healthcare executives on a variety of high-level topics. These executive guest speakers present the class sessions.

Prerequisites: HESA601 and HESA602 and HESA603

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HESA 634 - Adv Quality Improvemnt Methods

HESA 634 - Adv Quality Improvemnt Methods

3 Credit Hours

Applies quality improvement practices including total quality management and quality function deployment to service organizations at an advanced level.

Prerequisites: Graduate level HESA523 Minimum grade of C

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Health Services Administration

HESA 646 - Marketing in Managed Care Env

HESA 646 - Marketing in Managed Care Env

2 Credit Hours

Examines the use of marketing concepts, functions and policies as well as the role of marketing within the current managed health care environment. Data sources on the Internet and software/databases related to health care marketing are utilized in class experiences and in a project.

Prerequisites: Graduate level HESA571 Minimum grade of C

HIST 101 - American Roots 1400-1700

HIST 101 - American Roots 1400-1700

3 Credit Hours

This course examines the history of North America during the early period of colonization. We will study Native American societies on the eve of contact; the cultural encounter between peoples of the Old and New Worlds; the ecological transformation of the continent; and the creation and development of key European colonies. We will also reflect on how patterns established hundreds of years ago continue to influence life in North America today.

Course Attributes: Historical Perspectives

Levels: Undergraduate

College of Arts & Sciences History

HIST 103 - Immigration to America

HIST 103 - Immigration to America

3 Credit Hours

This course examines the impact of immigration and ethnicity on American culture. It covers both the immigrant experience as well as the emergence of ethnic identities, communities, and customs. The course also analyzes the politics of immigration, nativist backlash to immigration, and the ways in which ethnicity has transformed notions of class, gender, nationalism, popular culture, and race. We will study the global economics of immigration, the politics of identity, and the impact that multiculturalism has had on American ethnicity.

Course Attributes: Historical Perspectives, Peace & Justice Studies Minor

Levels: Undergraduate

College of Arts & Sciences History

HIST 104 - Africans in the Americas

HIST 104 - Africans in the Americas

3 Credit Hours

From the early 1500s through the 1860s, more than 12 million Africans\2014almost all of them enslaved\2014crossed the Atlantic Ocean. In the plantation societies, port cities, and mining centers of the Americas, Africans and their descendants struggled to survive under brutal conditions, negotiated new relationships with one another and with their enslavers, and reconfigured African cultural practices. This course will examine the everyday lives, cultures, and survival strategies of these African and African-descended people, with an emphasis on plantation societies in Latin America and the Caribbean.

Course Attributes: Africana Studies Minor, Historical Perspectives, Peace & Justice Studies Minor

Levels: Undergraduate

College of Arts & Sciences History

HIST 105 - World Civilizations I

HIST 105 - World Civilizations I

3 Credit Hours

A survey of pre-1500 non-Western world societies, including the Pre-literate Period, Ancient Mesopotamia and Egypt, Ancient India, Early and Imperial China, Islamic Middle East, Pre-Modern Japan, and Africa below the Sahara.

Course Attributes: Historical Perspectives, History Old/Trans Core

Levels: Undergraduate

College of Arts & Sciences History

HIST 106 - World Civilizations II

HIST 106 - World Civilizations II

3 Credit Hours

A survey of non-Western world societies since 1500, with emphasis on the modern historical development of China, Japan, the Middle East, India, and Africa below the Sahara.

Levels: Undergraduate

College of Arts & Sciences History

HIST 110 - American Women Win the Vote

HIST 110 - American Women Win the Vote

3 Credit Hours

This course examines the woman suffrage movement from the demand for enfranchisement in the Seneca Falls Declaration of Sentiments in 1848 to the ratification of the Nineteenth Amendment in 1920. We will study primary and secondary sources focusing on arguments for and against women\2019s enfranchisement, suffragists\2019 political strategies, and the relationship of the women\2019s rights movement to other social and political movements.

Course Attributes: Historical Perspectives, Peace & Justice Studies Minor

Levels: Undergraduate

College of Arts & Sciences History

HIST 113 - Law & Order 19th-C US West

HIST 113 - Law & Order 19th-C US West

3 Credit Hours

This course examines contact, conflict, and conflict resolution in the 19th-century American West. It studies encounters between/among Native Americans, Spanish/Mexicans, Americans, and other peoples in a variety of contexts, including the fur trade, settlement, mining and industrialization.

Course Attributes: Historical Perspectives

Levels: Undergraduate

College of Arts & Sciences History

HIST 114 - History of Native Am Health

HIST 114 - History of Native Am Health

3 Credit Hours

This course will examine the health-related impact of European contact and colonization on Native peoples in North America since 1600. The course will blend elements of history, anthropology, and public health in studying the effects of disease, forced acculturation, and mental and physical health issues (including those linked to poverty and substance abuse), and the effects of resource extraction on Native American communities, as well as those communities' 2019 responses to those problems.

Course Attributes: Historical Perspectives, Peace & Justice Studies Minor

Levels: Undergraduate

College of Arts & Sciences History

HIST 115 - Women in the American West

HIST 115 - Women in the American West

3 Credit Hours

This course examines the history of women in what would become the American West from 1500 to the present. It will examine the roles of women in various societies and cultures in the West, and the ways in which women shaped (and were shaped by) the history of the region.

Course Attributes: Diversity Flag, Historical Perspectives

Levels: Undergraduate

College of Arts & Sciences History

HIST 123 - African History I

HIST 123 - African History I

3 Credit Hours

A survey of African societies from human evolution and hunter-gathering societies to the mighty states of West Africa in the medieval era. Attention is paid as well to historiography and historical sources in early African history.

Course Attributes: Africana Studies Minor, Diversity Flag, Environ Science/Studies Elect, GDST Race and Ethnicity Conc, Gender & Diversity Studies, History Old/Trans Core, Peace & Justice Studies Minor

Levels: Undergraduate

College of Arts & Sciences History

HIST 124 - African History II

HIST 124 - African History II

3 Credit Hours

A survey of African societies from 1500 on. Examines both internal political and economic developments as well as the trans-Atlantic slave trade and the era of colonialism that result from European contact.

Prerequisites: Undergraduate level HIST123 Minimum grade of D

Course Attributes: Africana Studies Minor, Diversity Flag, GDST Race and Ethnicity Conc, Gender & Diversity Studies, History Old/Trans Core, Peace & Justice Studies Minor

College of Arts & Sciences History

HIST 125 - Latin America Cortes to Castro

HIST 125 - Latin America Cortes to Castro

3 Credit Hours

This course will examine the development of Latin American societies over more than five hundred years of history. A primary goal of the course will be to understand continuity and change in a complex range of social, economic, and cultural structures. The course will explore topics such as the impact of religion, colonialism, and movements for social change on the long-term development of Latin American societies, and the rise of cities, from the first urban settlements to the \201Cmega-cities\201D of the 21st century.

Course Attributes: Historical Perspectives, Peace & Justice Studies Minor

Levels: Undergraduate

College of Arts & Sciences History

HIST 133 - European History I

HIST 133 - European History I

3 Credit Hours

A topical survey of Western Civilization from Greece to the Reformation emphasizing aspects of political, social and cultural history.

Course Attributes: History Old/Trans Core

Levels: Undergraduate

College of Arts & Sciences History

HIST 134 - European History II

HIST 134 - European History II

3 Credit Hours

A topical survey of European history from the 16th century to the 20th century emphasizing aspects of political, social, and economic and intellectual history.

Course Attributes: History Old/Trans Core

Levels: Undergraduate

College of Arts & Sciences History

HIST 136 - Europe at War 1914-1945

HIST 136 - Europe at War 1914-1945

3 Credit Hours

This course examines the history of Europe during and between the twin military conflicts that devastated the continent.

Course Attributes: Historical Perspectives

Levels: Undergraduate

College of Arts & Sciences History

HIST 138 - Francis: The Making of a Saint

HIST 138 - Francis: The Making of a Saint

3 Credit Hours

St. Francis of Assisi is the most famous Catholic saint of all time. Why is St. Francis historically important? How can we know anything about him now, hundreds of years after his death? Why do historians, and others, find Francis interesting and relevant? This course examines St. Francis in the time, place, and culture that gave rise to his own piety and his reputation of sanctity: medieval Europe.

Course Attributes: Historical Perspectives

Levels: Undergraduate

College of Arts & Sciences History

HIST 140 - Britain Sherlock to Britpop

HIST 140 - Britain Sherlock to Britpop

3 Credit Hours

This class will explore the social, political, and cultural history of Britain from the late 19th century to the late 20th century. In particular, we will consider the impact of the

British Empire on British society, the rise and (perhaps) fall of the working class, the nature and effect of World War I, the rise and (perhaps) fall of the Welfare State, and the nature and significance of youth culture. Primary source material will largely be drawn from popular culture, including novels, music, films, plays, advertisements, and propaganda.

Course Attributes: Historical Perspectives

Levels: Undergraduate

College of Arts & Sciences History

HIST 143 - U.S. History I

HIST 143 - U.S. History I

3 Credit Hours

Study of the United States from its colonial beginnings through the Civil War, with particular emphasis on the American Revolution, the formative years of the new nation, and the coming of the Civil War.

Course Attributes: History Old/Trans Core

Levels: Undergraduate

College of Arts & Sciences History

HIST 144 - U.S. History II

HIST 144 - U.S. History II

3 Credit Hours

Study of the United States from the aftermath of the Civil War to the present, with particular emphasis on Reconstruction, impact of industrialization and urbanization, foreign policies, and post-World War II American culture. Pre-requisite: HIST 143.

Course Attributes: History Old/Trans Core

Levels: Undergraduate

College of Arts & Sciences History

HIST 151 - Latin American History I

HIST 151 - Latin American History I

3 Credit Hours

This course will survey major developments in Latin American history and civilization from pre-conquest times through the Independence era of the nineteenth century. Our particular emphasis will be on understanding the unique ethnic and cultural interaction that resulted from the diverse encounters among indigenous peoples, Europeans, and Africans in the Americas.

Course Attributes: Diversity Flag, GDST Race and Ethnicity Conc, Gender & Diversity Studies, History Old/Trans Core, Latin American Studies Minor, Peace & Justice Studies Minor

Levels: Undergraduate

College of Arts & Sciences History

HIST 154 - Papyrus, Parchment and Paper

HIST 154 - Papyrus, Parchment and Paper

3 Credit Hours

For most of history, only the tiniest proportions of human beings were capable of reading and writing. Written texts nevertheless played a central role in most pre-modern civilizations, and ancient texts passed down across thousands of years continue to shape our world today. This course focuses on the diffusion of writing before the industrial age, especially around the Mediterranean basin, with special attention to the preservation of lightweight, portable texts, and to their modern discovery.

Course Attributes: Historical Perspectives

Levels: Undergraduate

College of Arts & Sciences History

HIST 161 - Asian History I

HIST 161 - Asian History I

3 Credit Hours

In our modern-day, interconnected world, events in Asian countries such as Afghanistan, India, Iraq or Indonesia, for example, directly affect our lives in the US. Yet cross-cultural encounters - both friendly and hostile - have taken place for thousands of years. Moreover, modern-day interactions are deeply rooted in past experiences and events, and can only be fully understood with knowledge of this history. We will examine Asian history until 1500 CE, giving special attention to the role of religions in Asian societies, including Islam, Buddhism, and Hinduism. Forms of government, types of economies, and art and culture will also be explored.

Course Attributes: GDST Race and Ethnicity Conc, Gender & Diversity Studies, History Old/Trans Core

Levels: Undergraduate

College of Arts & Sciences History

HIST 162 - Asian History II

HIST 162 - Asian History II

3 Credit Hours

In this course we will examine the history of Asia from 1500 CE to the present, looking at how societies developed, changed, and interacted with one another in a pre-modern context. In the current day, there is an ever greater amount and intensity of contact between peoples and cultures from different parts of the world. In our interconnected world, what happens in Afghanistan, India, Iraq or Indonesia, for example, directly affects our lives in the United States. These modern-day interactions are deeply rooted in past experiences and events, and can only be fully understood when we have knowledge of this history. In the course we will pay special attention to the impact of and responses to European colonial expansion in Asia. Pre-requisite: HIST 161.

HIST 164 - Middle East 1800 to Today

HIST 164 - Middle East 1800 to Today

3 Credit Hours

This course will explore themes and issues in the Mideast since 1800. Topics will include: the fall of the Ottoman Empire; national realignment after W.W. I; Colonialism and Independence; Palestinian-Israeli Conflict; Arab Spring; and the resurgence of Fundamentalism.

Course Attributes: Historical Perspectives

Levels: Undergraduate

College of Arts & Sciences History

HIST 199 - Historical Perspectives

HIST 199 - Historical Perspectives

3 Credit Hours

The course introduces students to the study of history through a particular topic in global history. Students will learn how to identify and analyze sources, construct arguments about the past and explain change over time. Each section will be identified by a descriptor.

Course Attributes: Historical Perspectives

Levels: Undergraduate

HIST 200 - Eur Antiquity To Reformation

HIST 200 - Eur Antiquity To Reformation

3 Credit Hours

A topical survey of European history from Rome to the Reformation with particular attention paid to aspects of political, social and cultural history. Special emphasis will be placed upon methods of historical inquiry.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

HIST 201 - Europe Reform to Present

HIST 201 - Europe Reform to Present

3 Credit Hours

An overview of European history from the Protestant Reformation to the present. Special emphasis will be placed upon methods of historical inquiry.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

HIST 210 - Sophomore Colloquium

HIST 210 - Sophomore Colloquium

3 Credit Hours

This team-taught course introduces history majors to the sources and methods of historical inquiry and thereby prepares them for upper-level electives and seminars. A cross-cultural set of issues or events will serve as the vehicle for the investigation of sources and methods and will also acquaint history majors with the uses of comparative history. The specific issues of events as well as the geographic and chronological focus will vary from year to year.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

HIST 231 - Transatlantic Slave Trade

HIST 231 - Transatlantic Slave Trade

3 Credit Hours

Scholars are continually exploring the historical connections between continents and regions of the world. One major area of study that has emerged from this effort has been the Atlantic World. The slave trade that occurred between the early 1500s to the mid-1880s is one of the experiences that link the continents of Europe, Africa and the

Americas. Using the Atlantic World as the focus, we will examine the themes of slave trade, slavery, abolition, and emancipation on both sides of the Atlantic over three and a half centuries. We will be particularly interested in comparing experiences of slavery and emancipation in different parts of the New World and Africa. This course is very much a history from below in which we examine the lives and experiences of those who were enslaved. The role of slave owners and slave traders will be considered as well, but the will not be the focus of the course.

Course Attributes: Peace & Justice Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 233 - Women In American History

HIST 233 - Women In American History

3 Credit Hours

This course examines the central experiences of diverse groups of American women from the colonial era to the present. We will focus on women's political activism, paid and unpaid labor, individual and collective relationships, the emergence of modern feminism, women and war, and consumer culture. The course will also explore the changing nature and meanings of masculinity and femininity.

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 285 - Hollywood: A Soc & Cult Hist

HIST 285 - Hollywood: A Soc & Cult Hist

0 - 3 Credit Hours

Hollywood has always taken historical themes for some of its most ambitious projects, a trend that has become even more pronounced in the past decade. What has not always been understood is that Hollywood and the development of the American movie industry has been a central element in the social and cultural history of 20th century America. Thus, this workshop has two purposes: to critically examine various film images of American history and equally important, to place Hollywood and its products in the larger context of 20th century American history.

Course Attributes: Humanities Elective, Theatre Minor

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 286 - America Through the Lens

HIST 286 - America Through the Lens

0 - 3 Credit Hours

Films and television programs will be analyzed in order to both identify the cultural and historical messages they contain. The formulas and conventions of Hollywood genres will be examined. This understanding of genre will serve as a primary analytical tool as we de-construct the films and television programs studied in class.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 287 - Baseball & American Culture

HIST 287 - Baseball & American Culture

2-3 Credit Hours

Commentators have long argued that baseball is a key to understanding American culture and the American character. Over the past two decades historians of the sport have unearthed an enormous amount of material that not only verifies this insight but allows us to be more precise about the connection between baseball and the development of American culture.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

HIST 288 - Un-"Happy Days": Fear in 1950

HIST 288 - Un-"Happy Days": Fear in 1950

2 Credit Hours

This course is designed for undergraduates and serves to introduce students to the study of mass media as well as a crucial decade in American history. It also explores the use and misuse of history, calling into question the tendency to serve up history in ten year units (i.e. the opening lecture is "The Fifties: 1935-1992"). Students are required to do a significant amount of reading (two books and a handful of reviews) and writing (five short reaction papers and a longer analytical paper).

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

HIST 289 - Movies & Cities

HIST 289 - Movies & Cities

0 - 3 Credit Hours

The course is designed for undergraduates and serves as an introduction to both American urban history and the history of movies. It also acquaints students with interdisciplinary methods. Students are required to do a significant amount of reading and writing.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

HIST 290 - Introduction to Public History

HIST 290 - Introduction to Public History

3 Credit Hours

This course will introduce students to the practice of presenting history to the public at large. It will provide students with basic preparation for work in cultural resource management, historic preservation, and museum fields. This is the required introductory course for Xavier's 2019s minor and concentration in Public History.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

HIST 300 - Writing in Public

HIST 300 - Writing in Public

3 Credit Hours

Writing in Public is a tutorial for sophomores in the philosophy, politics, and the public honors program. Designed to promote the development of public intellectuals, the

tutorial emphasizes writing on public issues for a general audience. Writing in Public is taught in conjunction with POLI 324 Legislative Politics.

Co-requisites: PPUB211

Restrictions: Must be enrolled in one of the following Majors: Philos, Politics & The Public

Course Attributes: Humanities Elective, Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 301 - Colonial America

HIST 301 - Colonial America

3 Credit Hours

Examines the establishment and evolution of Anglo-American colonial societies to 1754, emphasizing their social, economic, cultural, and political development.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 302 - Formative Yrs of Rep:1763-1789

HIST 302 - Formative Yrs of Rep:1763-1789

3 Credit Hours

Thirteen colonies become a national state. Emphasis on the causes of the American Revolution and the writing of the Constitution of 1789.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 303 - The New Nation 1785-1825

HIST 303 - The New Nation 1785-1825

3 Credit Hours

The U.S. Constitution and the ideas and issues which conceived and influenced the shaping of the new nation.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 304 - The Age of Jackson

HIST 304 - The Age of Jackson

3 Credit Hours

Probes the origins of the market revolution in America and its impact upon social, cultural and political institutions.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 306 - Civil War & Reconstruction

HIST 306 - Civil War & Reconstruction

3 Credit Hours

Examines the causes and consequences as well as the experience of civil war, focusing on 1848 to 1877.

Course Attributes: Diversity Flag, GDST Race and Ethnicity Conc, Gender & Diversity Studies, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 308 - Urban History, Geography & GIS

HIST 308 - Urban History, Geography & GIS

3 Credit Hours

GIS tools and the skills to use them are a critical part of what is expected of professionals in the various fields related to urban sustainability. This requires an understanding of when and why to display information geographically. Introducing students to geographic mapping skills, this course is designed to develop an understanding of the geography of place at many levels (site, community, city, region, watershed, national, and global). Students will learn how maps are constructed, what information is best presented in geographic form, and how to analyze information in geographic format. As students work through this course they will also gain a better understanding of the geographic relationships between uses and places and how geography and distance shape urban development, urban systems, and their sustainability. The past, present, and future of the city of Cincinnati will provide the foundation for practical applications of GIS.

Levels: Undergraduate

College of Arts & Sciences History

HIST 309 - Age of Big Business:1869-1912

HIST 309 - Age of Big Business:1869-1912

3 Credit Hours

A survey of the period emphasizing political, social, and economic topics.

Course Attributes: Gender & Diversity Studies, Humanities Elective

Levels: Graduate Undergraduate

HIST 313 - United States Since 1932

HIST 313 - United States Since 1932

3 Credit Hours

Beginning with an analysis of the Great Depression and the federal response in the New Deal, this course traces the development of domestic and foreign policy in terms of New Deal liberalism and its challengers.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

HIST 315 - The Great Depression

HIST 315 - The Great Depression

3 Credit Hours

This course examines the Great Depression as a cultural event that challenged Americans core assumptions about the economy, the state, and the progress of modernity. We will examine not only origins, politics, and legacies of the Depression, but also how Americans made sense of this event through art, literature, music, film, politics, protests, and new amusements. We will examine the culture of the Depression and its place within American iconography and memory. We will ask what the Depression meant to those who experienced it and what it has meant to us since.

Course Attributes: Gender & Diversity Studies, Humanities Elective

Levels: Graduate Undergraduate

HIST 317 - Religion in American Life

HIST 317 - Religion in American Life

3 Credit Hours

Surveys American religious life from Puritanism to Televangelism, exploring such topics as revivalism as a distinctly American mode of religious expression and the relationship between religion and society.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

HIST 320 - U.S. Economic History

HIST 320 - U.S. Economic History

3 Credit Hours

A brief overview of the historical development of the American economy, examines in depth such topics as industrialization and its discontents, the rise and demise of slave labor, and the economic history of women.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 321 - Native American History

HIST 321 - Native American History

3 Credit Hours

This course provides an overview of Native American history from the peopling of the Americas to the present. It challenges students to consider the ways in which the history of Indian peoples is intertwined with the larger narrative of American history. Topics covered include the development of agriculture in North America, Native American cultural diversity, the encounter with European and African peoples, the ongoing struggle for sovereignty. Emphasis is placed upon the ways Native American peoples coped with the colonization of their continent and continue to perpetuate their cultural identities in the midst of a non-Native American population.

Course Attributes: Gender & Diversity Studies, Humanities Elective, Peace & Justice Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 324 - African-Am Struggle for Equity

HIST 324 - African-Am Struggle for Equity

3 Credit Hours

Examines African-American movements for racial equality within a chronological framework. Focusing on African-American writers and activists, it will stress relationships between racial and national identities. The course will examine continuing debates over the meaning of equality. Based on their historical understanding, students will discuss current arguments about Black identity, affirmative action, and multiculturalism.

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 329 - Urban America

HIST 329 - Urban America

3 Credit Hours

Focused on the period from the Civil War to the end of the New Deal this course examines urban industrialization and its impact on American society, politics, and culture.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 333 - Hist of American Childhood

HIST 333 - Hist of American Childhood

3 Credit Hours

Modern Americans generally view childhood as a natural stage in the human life cycle distinct from the work and responsibilities of adulthood. Since the pathbreaking work of Philippe Aries (*Centuries of Childhood*, 1962), historians have challenged this popular assumption, arguing that far from being natural or universal, childhood is socially constructed. From this perspective, individual experiences and cultural expectations have been shaped by historical context, including social and economic conditions, race, ethnicity, religion, class, and gender. Students in this class will examine critically both popular and historical definitions of childhood, adolescence, and youth through reading in primary and secondary sources, class discussion, and formal written exercises. Common readings in Harvey Graff, ed., *Growing Up in America* (1987), and anthology designed for classroom use will provide a chronological and thematic framework for the course. Each student will also read, discuss, and prepare brief essays on autobiographical accounts, which may include works by Benjamin Franklin, Lucy Larcom, Frederick Douglass, Richard Wright, Sandra Cisneros, or Ann Moody. Each student will also write a review of the secondary literature on a topic in the history of childhood to be chosen in consultation with the instructor.

Course Attributes: Gender & Diversity Studies, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 335 - The "Sixties" : 1945-2008

HIST 335 - The "Sixties" : 1945-2008

0 - 3 Credit Hours

Taking issue with the ideology that history comes in neat ten-year packages, this course places the period of upheaval often called "the sixties" into a larger historical framework. We will identify and analyze movements and ideologies that preceded, overlapped and followed the 1960's.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 336 - Sports & Leisure in the US

HIST 336 - Sports & Leisure in the US

3 Credit Hours

This course examines the histories of American sport as not only a form of exercise, leisure, competition and entertainment but also as a form of monopolistic business, nationalism, and contesting identities of race, class and gender. We trace the multiple histories of sport (including colonial notions of play, bare-knuckle boxing in the early republic, the Victorian bifurcation of \201Camateur\201D and \201Cprofessional,\201D the rise of folk heroes, racial inclusion and exclusion, the nationalistic struggles of the Olympics, the industry of sport, gender equality and inequalities, and medical understandings of brain injuries dating back to the 19th century) because sport and sport culture serves as a useful mirror of American society.

Course Attributes: Diversity Flag, ERS Focus Elective, Humanities Elective, Population Health

HIST 347 - Modern China

HIST 347 - Modern China

3 Credit Hours

A survey of China since 1600, including the Rise of the Qing Dynasty, the Decline of the Manchus, the Chinese Revolution, the Warlord and Guomindang Periods, the Anti-Japanese War of Resistance, and the Communist Era.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 350 - Globalization

HIST 350 - Globalization

3 Credit Hours

One can hardly open a book or newspaper or turn on the television without hearing something about "globalization." We hear about the promise and the problems of economic globalization, about newly emerging global cultural forms, and we have now fully entered an era of global terrorism. Businesses attempt to strategize about it, students and workers both in the United States and abroad protest it, and scholars attempt to define it and to understand its impacts upon our laws, our economies, our identities and our values. Even a cursory review of the range of treatments leaves one convinced of the importance of the topic; at the same time it leaves one confused about the term's meaning(s), about whether we should feel hopeful or threatened by it, and about what it will mean for our individual, communal and national lives. One thing is certain: "globalization" is and will continue to define critical dimensions of our present and our future. This course will employ interdisciplinary, integrative approach to explore globalization in its economic, political, culture, environmental and ethical dimensions.

Course Attributes: ERS Focus Elective, Gender & Diversity Studies, Humanities Elective, Peace & Justice Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 351 - Zionism & Modern Israel

HIST 351 - Zionism & Modern Israel

3 Credit Hours

This course traces the growth of the Zionist movement at the end of the 19th century, first in Russia and then in Western Europe and the U.S., and its role in the creation of modern Israel coupled with an examination of Israel's history since 1948. There are two major goals in this course: to trace the development of modern Jewish nationalism as a response to 19th century anti-Semitism and understand its relationship to the creation of Israel; and second, to examine how new interpretations of Israel's history published in the past decade challenge the myths and presuppositions underlying the creation and development of the state.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 352 - Modern Middle East

HIST 352 - Modern Middle East

3 Credit Hours

This course will survey Middle Eastern History from 1500 until the present. Topics include: The Rise and Fall of the Ottoman Empire, European Colonization, World War I and World War II and the Formation of New Nations, and the critical importance of Oil, Secularism, Zionism, and Islam in the Modern Period.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 364 - Vikings!

HIST 364 - Vikings!

3 Credit Hours

What do we know about Vikings? Scandinavian marauders who pillaged at will throughout Europe, or highly efficient tradesmen who built kingdoms on their success? Or perhaps they were great poets who tamed time, space, and gods with their words and raised memorials in stone to their loved ones? Or men with horned helmets and furry leg-warmers who quaffed mead in copious quantities while yearning to die in battle and fly to Valhalla, the sky-hall of the gods? We will use their own words, as well as the words of their enemies, friends and descendants, to address these questions.

Course Attributes: Humanities Elective, Oral Communication Flag

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 365 - Tudor England

HIST 365 - Tudor England

3 Credit Hours

The course will examine how different cultures, Roman and German, dealt with marriage and sexual activity outside marriage; it will also examine how Christian moralists began to influence marriage customs and morality and how Christian morality was influenced by those customs. Changes brought about by feudalism and the urban revolution of the eleventh century will also be covered.

Course Attributes: Catholicism & Culture Minor, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 366 - Movie Knights

HIST 366 - Movie Knights

3 Credit Hours

Knights in shining armor, bow-wielding vigilantes in green tights and a cart-pushing cretin admonishing his neighbors to "bring out your dead" - all these well-known images come to us from films, the primary means by which most of us encounter medieval history. The Middle Ages seem to us at once terribly romantic (think of chivalrous knights) and horribly uncivilized (think of "medieval" table manners). This class will explore modern popular imaginings of the Middle Ages through film. We will view several feature-length films and numerous clips, interspersed with readings from and about the Middle Ages. Our aim will be to develop a more critical perspective on historical films and other historical genres, allowing us to evaluate historical films critically without sacrificing our enjoyment of them. Films will range from Monte Python's "Holy Grail" to "The Seventh Seal" and "The Kingdom of Heaven." Themes will include Robin Hood, the Crusades, the Black Death and Joan of Arc. Some reading will need to be completed before the course begins.

Course Attributes: Humanities Elective

HIST 377 - Modern France

HIST 377 - Modern France

3 Credit Hours

Survey of French history and culture since 1789.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 378 - French Revolution

HIST 378 - French Revolution

3 Credit Hours

The French revolution entailed far more than just the toppling of a king. It also included massive changes in religious practice, warfare, national identity, language and even clothing. The very institutions that made up French society - the Catholic Church, the Absolutist state, noble privilege-came under attack, but it was not clear what would take their place. Europe went to war for over twenty years, and the French underwent periods of civil war, terror and dictatorship. We will examine the influence of prominent individuals, such as Marie Antoinette, Robespierre and Napoleon, on the course of these events, while also considering long-term social, political and cultural change. We study these events in order to understand modern France, the revolutionary process, and the world we live in today.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 380 - Post-1945 Europe

HIST 380 - Post-1945 Europe

3 Credit Hours

This class will explore the recovery of Europe after the devastation of World War II. Topics will include: collective memory of the war, the Cold War, and European unity.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 386 - Russia 1801-1917

HIST 386 - Russia 1801-1917

3 Credit Hours

A general survey of the late imperial period from the reign of Alexander I to the 1917 Revolution.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 387 - Lenin to Putin 20th Cent Russi

HIST 387 - Lenin to Putin 20th Cent Russi

3 Credit Hours

This course covers the history of the Soviet Union from the Russian revolution of 1917 to the end of the Khrushchev era. Rather than developing a straight chronology of events, during the semester we will explore various approaches to the "big" problems of Soviet history, contrasting the views of various historians and incorporating a variety of primary documents. Readings and class discussions will explore the Bolshevik seizure of power, the experimental nature of Soviet society during the 1920s, collectivization and industrialization during the 1930s, interpretations of the purges and terror of the 1930s, the impact of the Second World War, Stalin's last years, and the post-Stalin era, especially concentrating on Khrushchev's rule.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 389 - Women in European History

HIST 389 - Women in European History

3 Credit Hours

This course examines the central experiences of European women from the French Revolution to the Present. We will focus on women's involvement in social and political movements (progressive and reactionary), women's work, the changing relationship to the state (suffrage, welfare, legislation), the family, the emergence of modern feminism, women and war, and consumer culture. The course will also explore the evolution of the nature and meanings of masculinity and femininity.

Course Attributes: Humanities Elective

College of Arts & Sciences History

HIST 393 - History of the Jesuits

HIST 393 - History of the Jesuits

3 Credit Hours

This course will introduce students to religion in the late Middle Ages and the place of organized religious life in that Society. Students will then read about Ignatius Loyola and the formation of the Society of Jesus and its place in changing religious life because of the criticisms of the Christian Humanists. The students will then read about the work of the Society in education, in Latin and South America, in China and Japan, in exploring the North American continent and in astronomy. The Jesuits ran the only world wide school system from its beginnings in Messina in 1540 until the suppression of the Society in 1784.

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 395 - History of South Africa

HIST 395 - History of South Africa

3 Credit Hours

South Africa is one of the wealthiest nations on the African continent and yet for the last three hundred years its riches have been in the hands of the white minority. The

history of South Africa cannot be understood only within the context of European/African relations. For Dutch (Afrikaaner) and British settlers often have not shared economic and political interests. Moreover, Africans, such as Khoi, Xhosa, and Zulu have also been in conflict. The history of South Africa then, provides the opportunity to study a racially complex society in which interracial relations, and sometimes intraracial relations, were (and still are) troublesome.

HIST 397 - A History of Saving the World

HIST 397 - A History of Saving the World

3 Credit Hours

This course will examine the various ways that Europeans have tried to "save the world" from the Enlightenment to the present. Topics include human rights, humanitarianism, charity, abolition and environmentalism.

Course Attributes: Humanities Elective, Peace & Justice Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 398 - History of Agriculture

HIST 398 - History of Agriculture

3 Credit Hours

Agriculture is both viewed as essential to civilization and as the critical development in fundamentally altering the human relationship to the environment (its soil, air and water systems). It is the examination of these contrasting realities that is at the heart of this course. Using Mazoyer and Roudart's 2019s History of World Agriculture, this course examines the 10,000 year trajectory of agricultural intensification in multiple places in the world with an emphasis in Africa, Europe and the United States.

HIST 409 - Travel in the Middle Ages

HIST 409 - Travel in the Middle Ages

3 Credit Hours

Historians conventionally date the start of globalization to either the 1500s (when Europeans reached the Americas) or as late as the 1970s. Yet many characteristics of global societies were present much earlier, during the middle ages: These include long-distance trade, voluntary and forced migration, multi-ethnic empires, and the transmission of cultural forms across long distances. In fact, medieval people routinely traveled across thousands of miles and encountered people with different cultures, religions, social structures, and beliefs. Many wrote about the experience of doing so. This upper-level seminar will introduce students to the global middle ages and the history of travel in the medieval period. Students will learn about how and why medieval people traveled, and they will read and analyze a variety of medieval travel narratives originally composed in Latin, Hebrew, Arabic, Norse, and Chinese.

HIST 433 - Saints:Origins to the Internet

HIST 433 - Saints:Origins to the Internet

3 Credit Hours

Histories, legends, and stories of saints - they tell the tales of ages past and cultures present. Saints are created by and for those who admire their holy way of life, miracles, or witness for the faith. Saints and sanctity are also the focus of rich and varied sources that historians can draw from to understand the past. As such, studying holy men and women tell us much about the societies that venerated them, wrote about them, and included them in official lists of holy intercessors and role models.

HIST 476 - SEM: Britain and World War II

HIST 476 - SEM: Britain and World War II

3 Credit Hours

This class offers an intensive study of the historiography of the British experience during World War II. For many years, a rather rosy picture of the home front prevailed: ordinary Britons worked together harmoniously to preserve their nation against the Nazis and, in the process, demanded a more equal society after the war. Recent historians have questioned, however, whether the home front was as harmonious as once assumed. We will read scholarship that addresses significant social divisions and tensions within Britain during the war, particularly those related to class, race and gender. As with all 400 level courses in the history department, students will also produce a significant research paper by the end of the semester. The first half of the course will prepare students to select a research topic related to Britain and World War II. The second half of the course will emphasize the careful development and completion of the research paper.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences History

HIST 481 - The U.S.-Mexico Borderlands

HIST 481 - The U.S.-Mexico Borderlands

3 Credit Hours

This course is an advanced research seminar that will examine the historical evolution of the U.S.-Mexico border region from its earliest indigenous civilizations to the present. Through both common readings and individual research, students in this course will develop the ability to evaluate and take part in the ongoing political, economic, and social debates over how best to meet the many promises and challenges of the border region. The nearly 2,000-mile border shared by the United States and Mexico has been described as a "third country," neither American nor Mexican, but also both at the same time. Since the delineation of the current borderline in 1848, this region has been the site of metaphoric and literal "crossings," intercultural exchanges, and conflicts. How did this region transform from a frontier on the fringes of European empires to a "border" marked by a line of demarcation between two sovereign nations? What meaning does this border have for the people of Mexican, Anglo-American, African-American, and Native-American descent who live in the region? And what challenges does the border region, at once a shared and a contested space, pose for both the Mexican and U.S. national cultures and the political, economic, social, and environmental boundaries of both nations? This course will tackle these and other conceptual questions throughout the semester. We will also explore the concrete ways in which our own community (Cincinnati) has become inextricably linked to the border region in recent years, and the ways that contemporary actors are working to achieve peace and justice in public policy and everyday life in the borderlands. Readings of both primary sources (including novels, memoirs, oral histories, and government documents) and secondary sources (including scholarly articles, monographs, and documentary films) provide a framework for in-class discussions and for students' individual research on topics that they choose in consultation with the professor. This is a small, seminar-style class; unlike larger history survey classes, it does not revolve around lectures from the professor. Rather, each student's learning is dependent on his or her reading of the assigned material, the scheduled in-class discussions of that material, and each student's presentations of his or her own independent research.

HIST 554 - Urban History, Geography & GIS

3 Credit Hours

GIS tools and the skills to use them are a critical part of what is expected of professionals in the various fields related to urban sustainability. This requires an understanding of when and why to display information geographically. Introducing students to geographic mapping skills, this course is designed to develop an understanding of the geography of place at many levels (site, community, city, region, watershed, national, and global). Students will learn how maps are constructed, what information is best presented in geographic form, and how to analyze information in geographic format. As students work through this course they will also gain a better understanding of the geographic relationships between uses and places and how geography and distance shape urban development, urban systems, and their sustainability. The past, present, and future of the city of Cincinnati will provide the foundation for practical applications of GIS.

3 Credit Hours

A continuation of ITAL 102 with a particular emphasis on the development of more creative use of the language.

Prerequisites: Undergraduate level ITAL102 Minimum grade of D or Placement - Italian 201

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

ITAL 202 - Intermediate Italian II

ITAL 202 - Intermediate Italian II

3 Credit Hours

A communicative-oriented course emphasizing reading and writing skills through a study of authentic materials dealing with Italian culture.

Prerequisites: Undergraduate level ITAL201 Minimum grade of D or Placement - Italian 202

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

ITAL 258 - Language & Culture in Italy

ITAL 258 - Language & Culture in Italy

3 Credit Hours

This communicative course will provide students participating in the Xavier summer program in Rome with an opportunity to use their language skills in context as well as learn and use other high-frequency structures and vocabulary. Through conversational practice, vocabulary building, and task completion, students will build on their language and skills and cultural knowledge of Italy while being able to communicate more comfortably in everyday situations. The class will also have the opportunity to discuss culturally relevant themes while reinforcing new grammar and vocabulary through the reading of short stories, articles, and essays. This course does not count towards language credits in the undergraduate core curriculum.

Prerequisites: ITAL102

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

ITAL 300 - Advanced Italian I

ITAL 300 - Advanced Italian I

3 Credit Hours

This course is designed for students who have completed intermediate-level studies of Italian. It will increase vocabulary and communicative ability and fluency through the use of grammar review and usage, in-class conversational activities and presentations, the reading of authentic texts, and writing on a variety of topics. Grammar will be reviewed and practiced in context, focusing on seven communicative functions of language: describing, comparing, recommending and expressing opinions, talking about the past, expressing likes and dislikes, making hypotheses, and talking about the future.

Prerequisites: Undergraduate level ITAL202 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

ITAL 301 - Advanced Italian II

ITAL 301 - Advanced Italian II

3 Credit Hours

This upper-level course emphasizes a strengthening of the skills of listening, speaking, reading, and writing in Italian through conversational activities, vocabulary building, and reading of authentic texts. The course will focus on improving conversation skills and will include a review of advanced grammar structures.

Prerequisites: Undergraduate level ITAL300 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

JAPN 101 - Elementary Japanese I

JAPN 101 - Elementary Japanese I

3 Credit Hours

An introduction to basic language skills such as reading and writing hiragana, katakana, and about 30 kanji. Emphasizes the acquisition of high-frequency vocabulary and practical conversation.

Course Attributes: Asian Studies Minor

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

JAPN 102 - Elementary Japanese II

JAPN 102 - Elementary Japanese II

3 Credit Hours

The second semester elementary course which is a continuation of JAPN 101. Emphasizes listening and situational conversation.

Prerequisites: Undergraduate level JAPN101 Minimum grade of D

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

JAPN 201 - Intermediate Japanese I

JAPN 201 - Intermediate Japanese I

3 Credit Hours

The first semester intermediate course which is a continuation of JAPN 102 with a particular emphasis on the development of more creative use of the language

Prerequisites: Undergraduate level JAPN102 Minimum grade of D

Course Attributes: Asian Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

JAPN 202 - Intermediate Japanese II

JAPN 202 - Intermediate Japanese II

3 Credit Hours

A communicative-oriented course integrating the skills of reading, writing, listening, and speaking situational, functional Japanese through the study of authentic materials. The course includes a comprehensive grammar review.

Prerequisites: Undergraduate level JAPN201 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

JAPN 300 - Advanced Japanese I

JAPN 300 - Advanced Japanese I

3 Credit Hours

An upper-division course that is a continuation of JAPN 202 in that it builds on the basic language skills of listening, speaking, reading, writing and cultural understanding along with an intensive study of grammar.

Prerequisites: Undergraduate level JAPN202 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

JAPN 301 - Advanced Japanese II

JAPN 301 - Advanced Japanese II

3 Credit Hours

An upper-division course which emphasizes listening, speaking, reading, writing and culture with development of advanced structures. Requires permission of instructor.

Prerequisites: Undergraduate level JAPN202 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 101 - Elementary Latin I

LATN 101 - Elementary Latin I

3 Credit Hours

The ancient Latin language. Syntax, vocabulary, and morphology. The skills necessary to read Latin.

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 102 - Elementary Latin II

LATN 102 - Elementary Latin II

3 Credit Hours

A continuation of LATN 101 with readings from simpler Latin texts.

Prerequisites: Undergraduate level LATN101 Minimum grade of D or Placement - Latin 102

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 111 - Intensive Elementary Latin I

LATN 111 - Intensive Elementary Latin I

3 Credit Hours

An accelerated introduction and review of the ancient Latin language syntax, vocabulary, and morphology. The skills necessary to read Latin.

Prerequisites: Placement - Latin 102

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 112 - Intensive Elementary Latin II

LATN 112 - Intensive Elementary Latin II

3 Credit Hours

For students who have had six hours of college level Latin , or its equivalent. Selected, short readings from Vergil with an emphasis on intensive grammar review.

Prerequisites: Undergraduate level LATN111 Minimum grade of D

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 201 - Intermediate Latin I: Prose

LATN 201 - Intermediate Latin I: Prose

3 Credit Hours

For students who have had six hours of college level Latin, or its equivalent. Short readings from various Latin prose authors and genres.

Prerequisites: Undergraduate level LATN102 Minimum grade of D or Placement - Latin 102

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 202 - Intermediate Latin II: Poetry

LATN 202 - Intermediate Latin II: Poetry

3 Credit Hours

For students who have had six hours of college level Latin or its equivalent. Selected short readings from Vergil with an emphasis on intensive grammar review.

Prerequisites: Undergraduate level LATN201 Minimum grade of D or Placement - Latin 202

Course Attributes: Oral Communication Flag

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 211 - Cicero: Orations

LATN 211 - Cicero: Orations

3 Credit Hours

A critical reading of selections from the orations.

Restrictions: Must be assigned one of the following Student Attributes: University Scholar PPPU & Honors

Course Attributes: Humanities Elective, Oral Communication Flag

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 212 - Vergil: Aeneid

LATN 212 - Vergil: Aeneid

3 Credit Hours

A comprehensive, critical, and in depth reading of the Aeneid.

Course Attributes: Humanities Elective, Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 231 - Horace: Odes and Epodes

LATN 231 - Horace: Odes and Epodes

3 Credit Hours

Reading and study of the majority of the shorter poems.

Restrictions: Must be assigned one of the following Student Attributes: University Scholar PPPU & Honors

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 232 - Catullus

LATN 232 - Catullus

3 Credit Hours

Examination and explication of his poems.

Restrictions: Must be assigned one of the following Student Attributes: University Scholar PPPU & Honors

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 241 - Latin Prose Composition

LATN 241 - Latin Prose Composition

3 Credit Hours

Intensive grammar instruction through composition into Latin from English.

Restrictions: Must be assigned one of the following Student Attributes: University Scholar PPPU & Honors

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 253 - Livy

LATN 253 - Livy

3 Credit Hours

A critical reading of selections from the Histories, the main source for the history of the Roman Republic.

Restrictions: Must be assigned one of the following Student Attributes: University Scholar PPPU & Honors

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 263 - Caesar

LATN 263 - Caesar

3 Credit Hours

Readings from the de Bello gallico and de Bello civili.

Restrictions: Must be assigned one of the following Student Attributes: University Scholar PPPU & Honors

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 273 - Cicero: Letters

LATN 273 - Cicero: Letters

3 Credit Hours

An examination of the society and history revealed through Cicero's private correspondence.

Restrictions: Must be assigned one of the following Student Attributes: University Scholar PPPU & Honors

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 283 - Cicero: Essays

LATN 283 - Cicero: Essays

3 Credit Hours

A critical reading of the importance of Cicero's contribution to the history of philosophy through his essays.

Restrictions: Must be assigned one of the following Student Attributes: University Scholar PPPU & Honors

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 293 - Horace Satires and Epistles

LATN 293 - Horace Satires and Epistles

3 Credit Hours

Reading and study of Horace's longer poems, which wittily upbraid contemporary Roman society.

Restrictions: Must be assigned one of the following Student Attributes: University Scholar PPPU & Honors

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 307 - Martial's Epigrams

LATN 307 - Martial's Epigrams

3 Credit Hours

This course focuses on Martial's epigrams and the main purpose is to gain experience and proficiency in translating his Latin while becoming familiar with his meters and themes.

Course Attributes: Honors

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 311 - History of Ancient Rome

LATN 311 - History of Ancient Rome

3 Credit Hours

An intensive introduction to the history of Rome from the early Republican period to the rise of Christianity, relying upon a reading of primary sources.

Restrictions: Must be assigned one of the following Student Attributes: University Scholar PPPU & Honors

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 321 - Roman Comedy

LATN 321 - Roman Comedy

3 Credit Hours

Selections from Plautus and Terence with a view to their influence on Renaissance and modern comedy.

Restrictions: Must be assigned one of the following Student Attributes: University Scholar PPPU & Honors

Course Attributes: Theatre Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 331 - Lucretius

LATN 331 - Lucretius

3 Credit Hours

Detailed reading of selections from Lucretius' philosophical epic poem.

Restrictions: Must be assigned one of the following Student Attributes: University Scholar PPPU & Honors

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 341 - Tacitus

LATN 341 - Tacitus

3 Credit Hours

A critical reading of selections from the Annales, the main source for the history of the early Roman Empire.

Restrictions: Must be assigned one of the following Student Attributes: University Scholar PPPU & Honors

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 351 - Roman Satire

LATN 351 - Roman Satire

3 Credit Hours

Translation and comparison of selections from the satirical works of Varro, Horace, Seneca, Persius, and Juvenal.

Restrictions: Must be assigned one of the following Student Attributes: University Scholar PPPU & Honors

Course Attributes: Humanities Elective, Theatre Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 361 - History of Latin Literature

LATN 361 - History of Latin Literature

3 Credit Hours

A final Latin course meant to be a summation and synthesis of the achievement of Latin literature.

Restrictions: Must be assigned one of the following Student Attributes: University Scholar PPPU & Honors

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 371 - Medieval Latin

LATN 371 - Medieval Latin

3 Credit Hours

Students will closely read and translate Latin texts from the close of antiquity to around 1400. A review of the basics of Latin grammar empirically, analyzing the language and style of each text and attending to variations in usage and vocabulary in "medieval" Latin.

Restrictions: Must be enrolled in one of the following Degrees: Honors Bachelor of Arts

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

LATN 380 - Romans and Moderns

LATN 380 - Romans and Moderns

3 Credit Hours

In addition to reading Latin texts in the original language, Latin 380 is designed to have an academic service learning component and/or a topic that engages a modern question to which ancient thought can be applied. The focus of the course will vary from semester to semester, but examples could include: war and peace, class, aesthetics, modern Italy, classics and the civil rights movement, feminism and classical literature, immigration, criminal justice, race, and education. This will make explicit the enduring connection between antiquity and the present.

Prerequisites: LATN211

LEAD 880 - Comparative Leadership Theory

LEAD 880 - Comparative Leadership Theory

3 Credit Hours

This doctoral seminar provides a context for the scholarly and practical analysis, critique and synthesis of foundational theories of leadership, including classical, neo-classical, contemporary and emergent perspectives. Guided by an understanding of the principles of theory construction, the fundamental tenets of each theory are considered in relation to stated propositions, accrued evidence, organizational utility and unanswered questions. Throughout the course, comparative analysis and critique of leadership theory is fostered with respect to the perennial questions informing research, scholarship and practice in the field of leadership studies. The outcomes of the course are focused on promoting an understanding of the multifaceted nature of leadership; the limitations of adopting a single theoretical perspective, an appreciation for the roles and functions framing leadership: individuals, groups, processes, contexts & relationships; the synergistic framework shaping leadership emergence & practice; the fallacy of leader-centric perspectives, and the importance of developing theoretical fluidity as scholars and practitioners.

Prerequisites: LEAD870

LEAD 883 - Eth, Spirit & Char Dimen of Ld

LEAD 883 - Eth, Spirit & Char Dimen of Ld

3 Credit Hours

This integrative leadership seminar explores ethical, spiritual and character-based theories of leadership. Traditional justifications underlying leader's deviation from ethical norms of behavior are interpreted through multiple philosophical lenses rooted in the moral psychology of leadership. Individual character strengths and virtues are explicated, as well as character flaws and the processes of self-deception that lead to leadership failure and leader derailment. Practical strategies for assessing and developing character strengths and overcoming character flaws rooted in unconscious dynamics of self-deception provide a framework for overcoming habitual patterns of destructive leader behavior and building leadership capacity in individuals, organizations and communities. Theoretical perspectives on spiritual leadership are examined through the lens of multiple religious traditions, stewardship, self-sacrifice and social responsibility. Jesuit values and spiritual exercises are explored with respect to their alignment (or misalignment) with various leadership theories. Consideration is given to the extent to which leadership practice itself represents a set of disciplines that promote higher forms of consciousness and stewardship in organizations and societies.

College of Professional Sci Leadership Studies & HRD

LEAD 884 - Dev Lead Capac in Ind Org Comm

LEAD 884 - Dev Lead Capac in Ind Org Comm

3 Credit Hours

This capstone course in the doctoral Leadership Core integrates knowledge of leadership theory and practice through a systematic exploration of techniques for assessing and developing leadership capacity in individuals, groups, organizations and communities. Students will master state-of-the-art strategies for developing integrated leadership development programs targeting identified populations based on diagnostic assessment and interpretation of existing leadership capacities. Theories of adult development and comparative models of leadership development provide a foundation for introducing an array of effective strategies proven to enhance leadership potential. Research on the efficacy of alternative intervention strategies guides the selection and application of leadership theories for purposes of assessment, interpretation and construction of targeted developmental plans.

Prerequisites: LEAD870 and LEAD880 and LEAD882 and LEAD883

Levels: Graduate

College of Professional Sci Leadership Studies & HRD

LEAD 885 - Independent Study

LEAD 885 - Independent Study

1-3 Credit Hours

This 1-3 credit independent study will be focused on topics and specialized study related to the field of leadership.

Restrictions: Must be enrolled in one of the following Majors: Leadership Studies

Levels: Graduate

College of Professional Sci Leadership Studies & HRD

LEAD 890 - Dissertation Advisement

LEAD 890 - Dissertation Advisement

1-15 Credit Hours

This 1-15 credit hour course is the culminating scholarly activity required for completion of the doctoral degree in Leadership Studies. Work on the dissertation commences with the selection of a faculty advisor to supervise the development and completion of an approved doctoral research project. All dissertation advisement credits are completed under the supervision of this faculty advisor who serves as co-investigator on the dissertation. Dissertation advisement includes guidance in the development of a viable research question, a comprehensive review of relevant literature, an effective plan of inquiry and data analysis, thorough articulation of findings and appropriate presentation and interpretation of results. Preparation and oral defense before a dissertation committee chaired by the faculty advisor are required for both the dissertation proposal and the final dissertation. Committee approval is required before the proposed research can be conducted. A successful defense of the final dissertation is required for graduation. Fifteen total hours of dissertation advisement are required but may be spaced out over multiple semesters. Continuous enrollment in Dissertation Advisement is required until graduation to maintain degree eligibility, until the nine-year statute of limitation expires.

Restrictions: Must be enrolled in one of the following Majors: Leadership Studies

Levels: Graduate

College of Professional Sci Leadership Studies & HRD

MACC 504 - Acct Info Systems & Controls

MACC 504 - Acct Info Systems & Controls

3 Credit Hours

A business process approach is used to illustrate how information flows through an organization and its effect on information system integration risk and internal control. Students learn how to document, evaluate and analyze accounting systems.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

Williams College of Business Accountancy

MACC 507 - Financial Acct & Reporting

MACC 507 - Financial Acct & Reporting

3 Credit Hours

Levels: Graduate

Williams College of Business Accountancy

MACC 514 - Corporate Taxation

MACC 514 - Corporate Taxation

3 Credit Hours

This course introduces students to income tax planning and compliance under U.S. tax law, and financial reporting under U.S. GAAP, for business entities taxed as C-corporations.

Prerequisites: Graduate level MACC511 Minimum grade of C

Restrictions: Must be enrolled in one of the following Majors: Accountancy

Levels: Graduate

Williams College of Business Accountancy

MACC 521 - Nonprofit & Govt Acct

MACC 521 - Nonprofit & Govt Acct

3 Credit Hours

This course is designed to introduce students to Governmental Accounting Standards and reporting for governmental entities at the municipal, state and federal level as well as other non-governmental not-for-profit organizations.

Prerequisites: Graduate level MACC508 Minimum grade of C

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Accountancy

Course Attributes: Service Learning

Levels: Graduate

Williams College of Business Accountancy

MACC 525 - Cost Accounting

MACC 525 - Cost Accounting

3 Credit Hours

The study of the integrated audit process from the perspectives of standards, audit planning, internal controls, ethics and the application of sound judgement in the decision making process.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Accountancy

Levels: Graduate

Williams College of Business Accountancy

MACC 529 - Adv Fin Actg & Reporting

MACC 529 - Adv Fin Actg & Reporting

3 Credit Hours

Study of financial accounting theory and principles applicable to the accumulation, analysis, measurement, reporting and interpretation of selected economic events

Prerequisites: Graduate level MACC508 Minimum grade of B-

Restrictions: Must be enrolled in one of the following Majors: Accountancy

Levels: Graduate

Williams College of Business Accountancy

MACC 531 - Advanced Financial Accounting

MACC 531 - Advanced Financial Accounting

MACS 101 - Intro To Actuarial Science

MACS 101 - Intro To Actuarial Science

3 Credit Hours

This course is an introduction to Actuarial Science. The course consists of presentations introducing various topics dealt with by actuaries, weekly lab activities to provide in-depth work with these ideas, and presentations from actuaries regarding their work. Specific topics include mortality tables, interest theory, probability, principles of insurance and reserves.

Prerequisites: MATH150 or Placement - Math 150

Levels: Undergraduate

College of Arts & Sciences Mathematics

MACS 201 - Actuarial Mathematics

MACS 201 - Actuarial Mathematics

3 Credit Hours

This course is an introduction to Actuarial Mathematics. Topics include survival distributions and life tables, force of mortality, laws of mortality, life insurance, life annuities, benefit premiums, and benefit reserves.

Prerequisites: MATH256 and MATH311

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MAKE 101 - Introduction to Making

MAKE 101 - Introduction to Making

3 Credit Hours

This course is an introduction to physical and digital creation. The course includes an introduction to human-centered design, programming, agile/scrum development, and digital fabrication. Students complete multiple projects including a community-engaged project involving design and creation of a digital or physical artifact.

Levels: Undergraduate

College of Arts & Sciences Interdisciplinary Studies

MAKE 102 - Making the User Experience

MAKE 102 - Making the User Experience

3 Credit Hours

This course introduces processes to improve creation of artifacts for better user satisfaction. Topics include an introduction to UX, interface building, testing, verification, requirement gathering and analysis, and fault gathering analysis and debugging.

Levels: Undergraduate

College of Arts & Sciences Interdisciplinary Studies

MAKE 201 - Objects of Digital Fabrication

MAKE 201 - Objects of Digital Fabrication

3 Credit Hours

Students learn the details behind the machines of digital fabrication. Topics include gcode, the structure and mechanics of 3D printers, laser etchers, and CNC mills, and microprocessors. Students assemble fabrication devices and learn to program microcontrollers to negotiate digital interactions with the physical world.

Prerequisites: MAKE101

Levels: Undergraduate

College of Arts & Sciences Interdisciplinary Studies

MAKE 202 - Modeling Digital Objects

MAKE 202 - Modeling Digital Objects

3 Credit Hours

Continued study of modeling complex objects digitally. Topics include design patterns and CAD techniques, advanced design tools, programming for embedded devices, unit and regression testing, cycles of prototyping, and incremental improvement.

Prerequisites: MAKE102

Levels: Graduate Undergraduate

College of Arts & Sciences Interdisciplinary Studies

MATH 105 - Fundamentals of Math

MATH 105 - Fundamentals of Math

3 Credit Hours

Integers, rational numbers, exponents, order of operations. Functions in context, and their algebraic and graphical representation. Linear and quadratic equations. Introduction to the graphing calculator. This course does not count toward the core requirement in mathematics.

Levels: Undergraduate

College of Arts & Sciences Mathematics

MATH 113 - Mathematics of Finance

MATH 113 - Mathematics of Finance

3 Credit Hours

Simple and compound interest, discounting, annuities, amortization and sinking funds, stocks, bonds, insurance.

Levels: Undergraduate

College of Arts & Sciences Mathematics

MATH 115 - Topics in Applied Mathematics

MATH 115 - Topics in Applied Mathematics

3 Credit Hours

Topics in the application of elementary mathematics to real world problems: management science, voting schemes, theory of games, population growth, other models.

Levels: Undergraduate

College of Arts & Sciences Mathematics

MATH 116 - Elementary Statistics

MATH 116 - Elementary Statistics

3 Credit Hours

An introduction to statistical thinking and its applications to a wide variety of areas. Topics include: statistical and visual methods for summarizing data, basic principles of probability, regression, and fundamentals of hypothesis testing and confidence intervals. Critical examination of the results of a statistical analysis is emphasized.

Course Attributes: Mathematical Perspectives, Quantitative Reason Flag Full

Levels: Undergraduate

College of Arts & Sciences Mathematics

MATH 120 - Elementary Functions

MATH 120 - Elementary Functions

3 Credit Hours

Graphs and properties of functions, including polynomial functions, exponential functions, logarithmic functions, inverse functions and composition of functions. Applications to real world situations using algebraic, numerical, and graphical methods.

Course Attributes: Mathematical Perspectives, Quantitative Reason Flag Full

Levels: Undergraduate

College of Arts & Sciences Mathematics

MATH 125 - Explorations in Mathematics

MATH 125 - Explorations in Mathematics

3 Credit Hours

Exploration of easily accessible, engaging, and thematically connected mathematical ideas as a vehicle to lead students to experiences that are characteristic of the mathematical enterprise.

Course Attributes: Mathematical Perspectives

Levels: Undergraduate

College of Arts & Sciences Mathematics

MATH 140 - Concepts of Calculus

MATH 140 - Concepts of Calculus

3 Credit Hours

Concepts of Calculus is an informal introduction to a study of quantities that change relative to each other and the fundamental concepts of the calculus which measure this change: the derivative and the integral.

Course Attributes: Mathematical Perspectives

Levels: Undergraduate

College of Arts & Sciences Mathematics

MATH 147 - Calculus From Historical Persp

MATH 147 - Calculus From Historical Persp

3 Credit Hours

An overview of concepts from differential and integral calculus through excerpted readings in English translation of original texts which emphasizes connections with developments in science and philosophy.

Levels: Undergraduate

College of Arts & Sciences Mathematics

MATH 150 - Elements of Calculus I

MATH 150 - Elements of Calculus I

3 Credit Hours

Modeling data with polynomial functions, exponential functions, and logistic functions. Rates of change and the derivative. Application of the derivative including optimization and inflection points. Result of cumulative change and the definite integral.

Levels: Undergraduate

College of Arts & Sciences Mathematics

MATH 151 - Elements of Calculus II

MATH 151 - Elements of Calculus II

3 Credit Hours

Modeling with trigonometric functions, functions of several variables, contour maps, partial derivatives, and optimization with and without constraints.

Prerequisites: Undergraduate level MATH150 Minimum grade of D

Levels: Undergraduate

College of Arts & Sciences Mathematics

MATH 154 - Milestones in Mathematics

MATH 154 - Milestones in Mathematics

3 Credit Hours

Charts milestones in various branches of mathematics through the reading of original sources: number theory, infinity, Euclidean and non-Euclidean geometry, and algebra are all possible threads of development.

Prerequisites: Placement Math Score MTH1: 20 or Undergraduate level MATH120 Minimum grade of D

Levels: Undergraduate

College of Arts & Sciences Mathematics

MATH 156 - General Statistics

MATH 156 - General Statistics

3 Credit Hours

An introduction to the major concepts and tools used for collecting, analyzing, and making inferences from data. Topics include: graphical displays, correlation, regression, design of experiments, probability, simulation, random sampling, confidence intervals and hypothesis testing.

Restrictions: May not be enrolled in one of the following Colleges: Williams College of Business

Course Attributes: Mathematical Perspectives, Quantitative Reason Flag Full

Levels: Undergraduate

MATH 158 - General Statistics II

MATH 158 - General Statistics II

3 Credit Hours

A second course in statistics covering various methods of data analysis. Topics include: t-tests, analysis of categorical data, estimation and inference of multiple regression models, Analysis of Variance, and multiple comparisons. The ability to communicate and correctly interpret the results of a statistical data analysis is emphasized.

Prerequisites: MATH156 or Undergraduate level MATH116 Minimum grade of B

Course Attributes: Quantitative Reason Flag Full

Levels: Undergraduate

MATH 169 - Precalculus

MATH 169 - Precalculus

3 Credit Hours

This is a study of linear, polynomial, rational, exponential, logarithmic, and trigonometric functions from symbolic, graphical, and numerical perspectives. Topics include algebraic and analytic properties of functions; sums, differences, products, quotients, and composites of functions; inverse functions; and functions as models.

Levels: Undergraduate

MATH 170 - Calculus I

MATH 170 - Calculus I

4 Credit Hours

Limits and continuity. Transcendental functions. The derivative, techniques of differentiation, and applications of the derivative. Parametric equations. The definite integral, numerical integration, antiderivatives, and method of substitution.

Course Attributes: Mathematical Perspectives, Quantitative Reason Flag Full

Levels: Undergraduate

MATH 171 - Calculus II

MATH 171 - Calculus II

4 Credit Hours

Numerical integration, applications of the definite integral, techniques of integration, and improper integrals. Taylor polynomials. Sequences and series. Polar coordinates.

Prerequisites: MATH170

Course Attributes: Mathematical Perspectives

Levels: Undergraduate

College of Arts & Sciences Mathematics

MATH 180 - Differential Calculus

MATH 180 - Differential Calculus

3 Credit Hours

This is a first course in single-variable calculus, which focuses on thoroughly investigating the theory and application of derivatives. Topics include: classes of functions, limits, continuity, L'Hôpital's Rule, interpretation of derivatives, derivative rules, related rates, the Mean Value Theorem, and optimization.

Course Attributes: Math Persp or Quant Reas Flag

Levels: Undergraduate

College of Arts & Sciences Mathematics

MATH 181 - Integral Calculus

MATH 181 - Integral Calculus

3 Credit Hours

This is a second course in single-variable calculus, which focuses on a thorough investigation of the theory and application of definite and indefinite integrals. Topics include: the definite integral as a limit of sums, the indefinite integral and antiderivatives, The Fundamental Theorem of Calculus; techniques of integration and approximate integration; applications to accumulation of change, physical work, computation of area, volumes of solids, arclength, surface area; integration in the context of parametric functions and polar coordinates.

Prerequisites: Undergraduate level MATH180 Minimum grade of C-

Course Attributes: Mathematical Perspectives

Levels: Undergraduate

College of Arts & Sciences Mathematics

MATH 182 - Sequences and Series

MATH 182 - Sequences and Series

3 Credit Hours

This is a third course in single-variable calculus, which focuses on a thorough investigation of sequences and series. This includes the foundational topics regarding sequences and series, as well as the applications of differential and integral calculus to sequences and series. Topics include: the foundational definitions of sequences and series, the study of convergent series and their test for convergence, geometric series, alternating series and absolute convergence, error approximation for convergent series, power series, Taylor and Maclaurin series, and their use as representations of functions.

Prerequisites: Undergraduate level MATH181 Minimum grade of C-

Levels: Undergraduate

MATH 211 - Mathematics for Education 1

MATH 211 - Mathematics for Education 1

3 Credit Hours

Concepts necessary for understanding the structure of arithmetic, its algorithms and properties (with whole numbers, integers, rational and irrational numbers), basic set theory and introductory number theory.

Restrictions: Must be enrolled in one of the following Programs: Master of Education BS in Education areas

Course Attributes: Mathematical Perspectives

Levels: Graduate Undergraduate

MATH 212 - Mathematics for Education 2

MATH 212 - Mathematics for Education 2

3 Credit Hours

Concepts necessary for an understanding of basic geometry: shapes in one, two, and three dimensions, scientific measurement and dimensional analysis, congruence and similarity of figures, compass and straightedge constructions, transformations, coordinate geometry, conjecture and proof, perspective drawing and introductory trigonometry. Use of computer software to explore geometric concepts.

Restrictions: Must be enrolled in one of the following Programs: Master of Education BS in Education areas

Course Attributes: Mathematical Perspectives

Levels: Graduate Undergraduate

MATH 213 - Algebra Concepts -MCED

MATH 213 - Algebra Concepts -MCED

3 Credit Hours

Development of algebraic problem solving, polynomials, linear, quadratic and exponential equations and functions, pattern representation, sequences and series. Use of technology and manipulative materials in the teaching of algebra.

Restrictions: Must be enrolled in one of the following Programs: Master of Education BS in Education areas

Course Attributes: Mathematical Perspectives

Levels: Graduate Undergraduate

MATH 214 - Math Problem Solving -MCED

MATH 214 - Math Problem Solving -MCED

3 Credit Hours

Problem solving, drawing from a wide range of school mathematics topics, logic, combinatorics, and basic probability theory.

Prerequisites: MATH211 and MATH212 and MATH213

Course Attributes: Mathematical Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 220 - Multivariable Calculus

MATH 220 - Multivariable Calculus

5 Credit Hours

Vectors, lines and planes. Functions of several variables, partial derivatives and applications, gradient and directional derivative. Multiple integrals, line integrals, Green's Theorem.

Prerequisites: MATH171

Course Attributes: Mathematical Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 222 - Applied Linear Algebra

MATH 222 - Applied Linear Algebra

3 Credit Hours

An introduction to elementary linear algebra with an emphasis on application and interpretation. Topics include systems of linear equations and their solutions, matrix algebra, linear transformations, determinants, inverses, eigenvalues and eigenvectors, orthogonality. Selected applications to physical and social sciences.

Prerequisites: MATH169

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 225 - Foundations Of Higher Math

MATH 225 - Foundations Of Higher Math

3 Credit Hours

Propositional and predicate logic; methods of proof, including direct approaches, contradiction, contraposition, mathematical induction; sequences, recursion, recurrence relations; set theory; functions and relations. Primary emphasis on proof-writing.

Course Attributes: Mathematical Perspectives, Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 230 - Intro to Ordinary Diff Equat

MATH 230 - Intro to Ordinary Diff Equat

3 Credit Hours

Modeling with ordinary differential equations. Analytical, qualitative, and numerical techniques for first-order equations, first-order nonlinear systems, and linear systems. MATH 240 is recommended as a prerequisite to this course.

Prerequisites: Undergraduate level MATH171 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 240 - Linear Algebra

MATH 240 - Linear Algebra

3 Credit Hours

Systems of linear equations, Gaussian elimination, echelon forms, algebraic structure of solutions; vector and matrix arithmetic, invertibility; linear transformations and their matrices; vector spaces and subspaces, bases, coordinates, dimension, rank; change of basis; determinants, Cramers Rule; eigenvectors and eigenvalues; diagonalization; inner products, the Gram-Schmidt process. MATH 220 is a recommended prerequisite for this course

Prerequisites: MATH225 or EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 256 - Intro to Probability & Stats

MATH 256 - Intro to Probability & Stats

3 Credit Hours

Calculus-based introduction to probability and descriptive and inferential statistics. Topics include: numerical and graphical summaries of data, conditional probability, Bernoulli trials, normal distribution, the central limit theorem, estimation, t-tests, chi-square tests, type I and II errors, regression and correlation.

Co-requisites: MATH181

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 257 - Data Modeling

MATH 257 - Data Modeling

3 Credit Hours

Exploratory data analysis and visualization, logistic regression, estimation and inference of multiple regression models, model selection, Analysis of Variance, multiple comparisons, and experimental design.

Prerequisites: MATH256

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 280 - Combinatorics

MATH 280 - Combinatorics

3 Credit Hours

An introduction to counting techniques of discrete objects. The enumeration of sets, permutations and combinations, the binomial and multinomial theorem will serve as an appetizer; counting methods including the inclusion-exclusion principle; the pigeonhole principle, generating functions, and recurrence relations will be the main course. Applications of combinatorial techniques and problem solving will be emphasized. [Optional: finite geometries, permutation groups, latin squares, designs, and codes.]

Prerequisites: MATH225

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 300 - History of Mathematics

MATH 300 - History of Mathematics

3 Credit Hours

Some of the highlights in the historical development of mathematics with special attention given to the invention of non-Euclidean geometry and its importance for mathematics and Western thought.

Prerequisites: (Undergraduate level MATH220 Minimum grade of D and Undergraduate level MATH240 Minimum grade of D) or Graduate level EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 301 - Geometry

MATH 301 - Geometry

3 Credit Hours

Axiom systems, models and finite geometries, convexity, transformations, Euclidean constructions, and the geometry of triangles and circles. Introduction to projective and non-Euclidean geometries.

Prerequisites: Undergraduate level MATH180 Minimum grade of D or Undergraduate level MATH225 Minimum grade of D or EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 302 - Number Theory

MATH 302 - Number Theory

3 Credit Hours

Divisibility and primes, linear congruences, quadratic residues and reciprocity. Diophantine equations, multiplicative functions, distribution of primes.

Prerequisites: Undergraduate level MATH240 Minimum grade of D or Graduate level EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 303 - Mathematical Logic

MATH 303 - Mathematical Logic

3 Credit Hours

Axiomatic development of propositional calculus, functional complete sets of operators, axiomatic development of the first order function calculus, the existential operator, the algebra of logic.

Prerequisites: Undergraduate level MATH225 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 311 - Probability Theory

MATH 311 - Probability Theory

3 Credit Hours

Sample spaces, basic axioms of probability, Bayes' theorem, expectation, common discrete and continuous distributions, moment generating functions, central limit theorem, inequalities, convergence of random variables, and transformations of random variables.

Prerequisites: MATH171 or Graduate level EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 312 - Statistical Inference

MATH 312 - Statistical Inference

3 Credit Hours

Maximum likelihood principle, Bayesian estimation, properties of estimators, sufficiency, likelihood ratio tests, chi-square distribution, t distribution, F distribution, power, nonparametrics, bootstrap, and Markov Chain Monte Carlo.

Prerequisites: MATH311

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 316 - Cryptology

MATH 316 - Cryptology

3 Credit Hours

The making and breaking of secret ciphers and codes. Classical ciphers: shift, affine, Vigenere, substitution, Hill, one-time pads, and Enigma. A brief introduction to number theory. Modern methods: RSA algorithm, DES, AES: Rijndael, discrete logarithms and elliptic curves.

Prerequisites: Undergraduate level MATH225 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 321 - Numerical Analysis

MATH 321 - Numerical Analysis

3 Credit Hours

Accuracy, function evaluation and approximation, systems of linear equations, nonlinear equations, numerical differentiation and integration, and solutions to differential equations.

Prerequisites: CSCI170 and MATH171

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 325 - Mathematical Modeling

MATH 325 - Mathematical Modeling

3 Credit Hours

The synthesis, formulation and solution of various problems in applied mathematics and related fields.

Prerequisites: Undergraduate level MATH181 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 330 - Graph Theory

MATH 330 - Graph Theory

3 Credit Hours

Graphs, subgraphs, trees, isomorphism, Eulerian and Hamiltonian paths, planarity, digraphs, connectivity, and chromatic number. Other topics may be included.

Prerequisites: Undergraduate level MATH225 Minimum grade of D or Graduate level EDMS999 or Undergraduate level MATH180 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 340 - Abstract Algebra I

MATH 340 - Abstract Algebra I

3 Credit Hours

Groups, isomorphism, homomorphism, normal subgroups, rings, ideals, fields.

Prerequisites: (Undergraduate level MATH225 Minimum grade of D or Undergraduate level MATH180 Minimum grade of D) and Undergraduate level MATH240 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 341 - Abstract Algebra II

MATH 341 - Abstract Algebra II

3 Credit Hours

A continuation of MATH 340. Topics may include Boolean algebra, lattice theory, combinational group theory, coding theory, Galois theory, commutative rings.

Prerequisites: Undergraduate level MATH340 Minimum grade of D or Graduate level EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 360 - Elementary Topology

MATH 360 - Elementary Topology

3 Credit Hours

Metric spaces, topological spaces, continuity, convergence, compactness, connectedness, and separation axioms.

Prerequisites: Undergraduate level MATH240 Minimum grade of D or Graduate level EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 370 - Real Analysis

MATH 370 - Real Analysis

3 Credit Hours

Rigorous development of calculus of functions of a single variable. The real number system, topology of the real line, continuity, uniform continuity, the derivative, the Riemann integral, sequences and series of real numbers, and uniform convergence.

Prerequisites: (Undergraduate level MATH225 Minimum grade of D or Undergraduate level MATH180 Minimum grade of D) and Undergraduate level MATH220 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 372 - Applied Analysis

MATH 372 - Applied Analysis

3 Credit Hours

Special functions, orthogonal sets of functions. Sturm-Liouville theory. Partial Differential Equations. Fourier series, integrals and transforms.

Prerequisites: Undergraduate level MATH230 Minimum grade of D or Graduate level EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 380 - Intro to Complex Variables

MATH 380 - Intro to Complex Variables

3 Credit Hours

Complex numbers, analytic functions, complex integration, series representation of analytic functions, the calculus of residues.

Prerequisites: (MATH225 or MATH180) and MATH220

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 385 - Sec Math From Adv Perspective

MATH 385 - Sec Math From Adv Perspective

3 Credit Hours

A capstone course for prospective high school teachers focusing on connections between secondary and undergraduate mathematics. Emphasis on analysis and algebra. The real numbers, sequences and series, countability, concepts of infinity. Functions, logarithms, solving equations, the Fundamental Theorem of Algebra and its consequences. Complex numbers and functions.

Prerequisites: MATH340

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 391 - Mathematics Seminar I

MATH 391 - Mathematics Seminar I

1 Credit Hours

Juniors (MATH 391) and seniors (MATH 393) meet together in the spring semester: students will read selections from the mathematical literature, explore how to write mathematics effectively, learn how to use technical word processing tools, practices how to communicate mathematical ideas and give oral presentations.

Restrictions: Must be enrolled in one of the following Majors: Mathematics

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 392 - Mathematics Seminar 2

MATH 392 - Mathematics Seminar 2

1 Credit Hours

Each senior will meet with a faculty advisor to work on an individual research project.

Restrictions: Must be enrolled in one of the following Majors: Mathematics

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 393 - Mathematics Seminar 3

MATH 393 - Mathematics Seminar 3

1 Credit Hours

The student will write a paper and give a formal presentation describing the project developed during MATH 392.

Prerequisites: MATH392

Restrictions: Must be enrolled in one of the following Majors: Mathematics

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MATH 397 - Special Study

MATH 397 - Special Study

0 - 6 Credit Hours

Credit by special arrangement. Area to be specified.

Prerequisites: MATH225

Levels: Graduate Undergraduate

College of Arts & Sciences Mathematics

MDLN 101 - Elementary Twi I

MDLN 101 - Elementary Twi I

3 Credit Hours

An introduction to basic language skills through emphasizing the acquisition of high-frequency vocabulary and the development of cultural awareness. This course is offered ONLY to participants in the Service Learning Program in Ghana and will be offered only in Ghana.

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

MDLN 102 - Elementary Twi II

MDLN 102 - Elementary Twi II

3 Credit Hours

Continuing basic language skills through emphasizing the acquisition of high-frequency vocabulary and the development of cultural awareness. This course is offered ONLY to participants in the Academic Service Learning Program in Ghana and will be offered only in Ghana.

Prerequisites: Undergraduate level MDLN101 Minimum grade of D

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

MGMT 200 - Organizational Management

MGMT 200 - Organizational Management

3 Credit Hours

This is a survey course introducing students to the principles of managerial behavior, human resource management, and strategic management. Students will learn about relevant theories, concepts, and frameworks as well as how to apply them to actual business situations.

Course Attributes: Diversity Flag

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

MGMT 201 - Business & Professional Comm

MGMT 201 - Business & Professional Comm

3 Credit Hours

This course is intended to help students communicate effectively in business and professional settings. The course covers the essentials of effective written, oral and digital business communication.

Prerequisites: ENGL101 or ENGL115

Course Attributes: Oral Communication Flag, Writing Flag Core

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

MGMT 300 - Managerial Behavior

MGMT 300 - Managerial Behavior

3 Credit Hours

Lectures, cases, and experiential exercises are used to introduce the management functions of planning, organizing, staffing, leading, improving and controlling.

Restrictions: May not be enrolled as the following Classifications: Freshman

Course Attributes: Social Science Old/Trans Core

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

MGMT 301 - Managerial Communications

MGMT 301 - Managerial Communications

2 Credit Hours

Essentials of effective written and oral business communication with a focus on career communication skills.

Course Attributes: Oral Communication Flag

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

MGMT 303 - Co-Op Education/Management: Jr

MGMT 303 - Co-Op Education/Management: Jr

3 Credit Hours

An elective cooperative experience where students earn academic credit while performing approved management-related work experience. Student must have 55 credit hours completed, 2.75 GPA, departmental approval required.

Prerequisites: Undergraduate level MGMT301 Minimum grade of D

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

MGMT 305 - Creativity & Innovation

MGMT 305 - Creativity & Innovation

3 Credit Hours

This course covers techniques and process of innovation and creativity that leads to new business development as an independent new venture or in existing organizations.

Lectures, experiential learning, discussions and guest speakers.

Prerequisites: Undergraduate level MGMT200 Minimum grade of D

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

MGMT 309 - Change Management

MGMT 309 - Change Management

3 Credit Hours

Theory and design of organizational systems, organizational performance, culture, training and development and change processes; course also includes a focus on performance appraisal.

Prerequisites: MGMT200 or MGMT300

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

MGMT 310 - Teamwork & Team Building

MGMT 310 - Teamwork & Team Building

3 Credit Hours

Analysis of forces controlling group formulation and development in business and organizational work situations. Techniques for analyzing and productively managing informal groups.

Prerequisites: Undergraduate level MGMT300 Minimum grade of D

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

MGMT 312 - Negotiation & Conflict Mgmt

MGMT 312 - Negotiation & Conflict Mgmt

3 Credit Hours

Examination of the theory and practice of negotiation and conflict management in business and other organizational settings. The course utilizes simulations and cases to develop negotiation skills, with an emphasis on distributive and integrative techniques, and an understanding of the negotiation process and strategies.

Prerequisites: MGMT300 or MGMT200

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

MGMT 314 - Leadership

MGMT 314 - Leadership

3 Credit Hours

An analysis of various theories and approaches to leadership emphasizing team building and situational leadership. The course includes skill development, experiential activities, theoretical constructs, and guest speakers who are leaders in a variety of settings.

Prerequisites: MGMT200 or MGMT300

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

MGMT 321 - Industrial-Organizationl Psyc

MGMT 321 - Industrial-Organizationl Psyc

3 Credit Hours

Psychological bases for organizational decisions from employment to the maintenance of motivation and job satisfaction of people. Research, measurement, and practical application are emphasized.

Prerequisites: Undergraduate level MGMT300 Minimum grade of D

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

MGMT 322 - Managing For Sustainability

MGMT 322 - Managing For Sustainability

3 Credit Hours

This course provides an overview of the issues faced by business managers related to the topic of Triple Bottom Line Sustainability: economic vitality, environmental stewardship and corporate social responsibility. The course emphasizes experiential learning and practical application of concepts.

Prerequisites: MGMT200 or MGMT300

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

MGMT 325 - International Management

MGMT 325 - International Management

3 Credit Hours

The purpose of this course is to create a framework for understanding competitive positioning of organizations, human resource and cultural issues related to international management. Lectures and country projects, discussion group projects, and guest speaker visits.

Prerequisites: (MGMT200 or MGMT300) and ECON300

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

MGMT 333 - Global Supply Chain Mgmt

MGMT 333 - Global Supply Chain Mgmt

3 Credit Hours

This course provides undergraduate business students with a thorough introduction to the field of Supply Chain Management with an emphasis on current practice and emerging trends. Course topics will include supply chain design and strategies in a global business environment; selection and management of supply chain partners; inventory, warehousing, and materials management; logistics and transport systems; information flows and technology; and measurement of supply chain performance with regard to quality, responsiveness, cost, and sustainability.

Prerequisites: MGMT302

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

MGMT 368 - Small Business Consulting

MGMT 368 - Small Business Consulting

3 Credit Hours

This is a highly applied course in which the instructor plays the role of facilitator and managing consultant. The student will fill the role as a consultant assigned to and engaged with a real client. The course should be considered partially as an independent study class as the student will work with the client outside of the regular class to achieve specific agreed upon objectives.

Prerequisites: MGMT300 and SHRM200

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

MGMT 385 - Project Management

MGMT 385 - Project Management

3 Credit Hours

The purpose of this course is to prepare students to plan, organize, lead, participate in, control, and improve projects, via lectures, cases, and participation in experiential projects.

Prerequisites: MGMT200 or MGMT300

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

MGMT 403 - Co-Op Education/Management: Sr

MGMT 403 - Co-Op Education/Management: Sr

3 Credit Hours

An elective cooperative experience where students earn academic credit while performing approved management-related work experience. Students must have 55 credit hours completed, 2.750 GPA, departmental approval required.

Prerequisites: Undergraduate level MGMT301 Minimum grade of D

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

MGMT 410 - Quality Planning & Improvement

MGMT 410 - Quality Planning & Improvement

3 Credit Hours

A comparison of modern approaches to quality. In quality planning, product and process are developed to satisfy customers. In quality improvement, both organization-wide and process improvements are studied. Quality function deployment and management planning tools are used.

Prerequisites: Undergraduate level STAT200 Minimum grade of D and Undergraduate level MGMT302 Minimum grade of D

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

MGMT 495 - Management Capstone

MGMT 495 - Management Capstone

3 Credit Hours

This course creates a process which enables students to develop the ability to integrate business function courses, such as marketing, finance, accounting, economics, and management. Via lectures, case studies, group projects and individual assignments, students learn and design strategies for sustainable competitive advantage for all types of organizations in various stages of growth in domestic and foreign markets.

Prerequisites: MGMT200 or MGMT300

Restrictions: Must be enrolled in one of the following Majors: Entrepreneurial Studies Management Strategic Human Resource Mgmt Must be enrolled in one of the following Classifications: Senior

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

MGMT 499 - Tutorial Course: Senior Level

MGMT 499 - Tutorial Course: Senior Level

3 Credit Hours

Research in scholarly journals on a management topic of current import. Open to students only with consent of instructor.

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

MGMT 550 - Strategy and Organizations

MGMT 550 - Strategy and Organizations

3 Credit Hours

This is a survey course introducing students to the principles of managerial behavior (managing people and leading organizations), strategic management (setting and implementing strategic direction for the company), and strategic human resource management (employee recruitment, selection, and performance evaluation). Students will learn about relevant management theories, concepts, and frameworks as well as how to apply them to actual business situations.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

Williams College of Business Mgmt, Entrepreneurship & HR

MGMT 605 - Strategic Innovation

MGMT 605 - Strategic Innovation

3 Credit Hours

This course examines the critical elements that drive an innovative culture and processes in organizations, and focuses on tools, including design thinking, to develop innovative alternatives for addressing strategic business problems. Coursework relies on practical, experiential learning pedagogy.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Colleges: Williams College of Business

MGMT 616 - Ethics and Leadership

MGMT 616 - Ethics and Leadership

3 Credit Hours

Our objective in this course is to embark on a journey in self-growth and development so that we emerge as strong ethical leaders. In today's global workplace, leaders are faced with the challenges of developing a vision for their organizations, formulating and communicating objectives to key stakeholder groups, mobilizing resources around opportunities, combating threats without compromising on ethical practices or principles, and creating a culture to deliver on the opportunities. Via a simple model that will serve as the foundation for ethical leadership, and application exercises surrounding the key variables, our journey will culminate with a better understanding of the challenges listed above and an understanding of the needs of the multiple stakeholder groups such as shareholders/owners, customers, employees, suppliers, and special interest groups that influence the actions of any organization. We will be drawing on theories of ethics and social responsibility, social and human capital, and social justice in this course.

MKTG 366 - Marketing Comm Practicum

3 Credit Hours

This is an interdisciplinary course for communication, marketing, sport management and sport marketing majors. Students apply knowledge and skills to create real marketing and communication campaigns for sport organizations. The course examines the strategic and tactical use of brand engagement programs in integrated marketing communications. Students are divided into teams and work with real-world clients to develop marketing and communication campaigns for existing sport brands. The class requires teamwork, creativity and problem-solving abilities. In addition to the course prerequisites, students must also have one upper-level COMM, MKTG, or SPMG course; a 3.0 GPA; and the approval of instructor.

Prerequisites: COMM270 or MKTG300 or SPMG310

Levels: Undergraduate

Williams College of Business Marketing

MKTG 368 - Brand Building

MKTG 368 - Brand Building

3 Credit Hours

This course takes a consumer-centric and real world approach to explore how companies create, build and sustain compelling and inspired brands. Students will be exposed to how brand strategy and actions plans are crafted and developed within successful consumer-led companies, brought to life through the professor's 25-year, first-hand experience as a brand builder and brand consultant with P&G (as well as 3M, McDonalds, Kraft, Coty, Jim Beam). As much as possible, the class will be experienced as if the students are working as brand builders within a consumer-driven company, learning the concepts of brand-building while seeing how real work gets done. The course will be heavy on cases, project work and in-class engagement where students will often role play, dialogue in real time business meetings, and learn to communicate persuasively their points of view about driving brands forward. Student must complete six hours of upper division Marketing courses with a grade of C or better prior to taking this course.

Prerequisites: Undergraduate level MKTG300 Minimum grade of C

Levels: Undergraduate

Williams College of Business Marketing

MKTG 369 - Brand Building Practicum

MKTG 369 - Brand Building Practicum

3 Credit Hours

Brand Building Practicum is an advanced brand strategy class that builds on the brand fundamentals learned in the first course and explores more complex brand strategy choices including Brand Architecture, Building Brands through Innovation and Extensions, Brand Visual Identity, Packaging and Brand Voice, Strategic Brand Communication and more. The capstone of the course will be a complex real-world brand project for a local brand company, giving students direct interaction with professionals. The course is heavy on class engagement, discussion, mock business meetings and group projects.

Prerequisites: MKTG300 and MKTG368

Levels: Undergraduate

Williams College of Business Marketing

MKTG 370 - Consumer Behavior

MKTG 370 - Consumer Behavior

3 Credit Hours

Marketing strategy implications of consumer behavior. Provides a basic understanding of the major concepts and theories in consumer decision making and behavior. Considers psychology and other social sciences as they contribute to the understanding of these notions.

Prerequisites: Undergraduate level MKTG300 Minimum grade of C

Levels: Undergraduate

Williams College of Business Marketing

MKTG 375 - Customer Relationship Mgmt

MKTG 375 - Customer Relationship Mgmt

3 Credit Hours

The goal of this course is to provide exposure to the techniques and technologies of customer relationship management (CRM). The course will explore examples of customer relationship management that work - and those that don't. The student will come to appreciate the many uses of CRM, from actively developing a following of profitable customers to turning non-profitable customers away in cost-savings maneuvers.

Prerequisites: Undergraduate level MKTG300 Minimum grade of C

Levels: Undergraduate

Williams College of Business Marketing

MKTG 385 - Digital Mktg and Analytics

MKTG 385 - Digital Mktg and Analytics

3 Credit Hours

Through relevant and applied business examples, Digital Marketing and Analytics provides learners the opportunity to interpret, evaluate, and integrate digital marketing data. Students will learn to formulate and enact intelligent data-driven strategies and incorporate fundamental web marketing analytics into existing business practices. Core content will focus on identifying and understanding digital marketing metrics to gauge success of traditional, digital, interactive, and social media marketing efforts. Through an examination of available systems and relevant examples, learners will further their understanding of the digital value chain and how to capitalize on emerging trends.

Prerequisites: MKTG300

Levels: Undergraduate

MKTG 751 - Marketing Strategy

3 Credit Hours

Good marketing strategy is performance-based and the primary goal of marketing is to generate profits through products and services that satisfy customer needs. Performance-based marketing strategy is intuitively easy but deceptively difficult. While it is easy to describe in some detail the marketing strategies of companies, the analysis that is needed for sound marketing strategies is much more difficult. This Phase 3 course provides a senior management level analysis of the major issues in the marketing management function. Class discussions are used to provide an understanding how companies deliver superior customer value and profitability. Students will have an opportunity to develop strategy analysis and planning skills by applying concepts and methods in case analysis of a variety of U.S. and multinational companies.

MSCA 689 - Data Visualization

MSCA 689 - Data Visualization

3 Credit Hours

We live in a data-rich world in which seemingly simple visualizations represent complex realities. Data has the potential to inform decision-making and influence public or corporate policy, and when visualized with appropriate context, data has the power to be an impetus for change in the world. In this hands-on introduction to data visualization, key design principles and techniques for interactively visualizing data will be introduced. The major goals of this course are to understand how visual representations can help in the analysis and understanding of complex data, how to design effective visualizations, how to create interactive dashboards & visualizations and how to storyboard and effectively communicate using visualization. By the end of the semester, students will be able to use visualization to discover insights in data. Students will be able to choose appropriate visualizations to perform exploratory analysis and investigate data, and create explanatory visualizations to communicate findings. To do this, students will leverage knowledge of a collection of different visualization techniques along with understanding of how to appropriately apply them and optimize their appearance for clarity and integrity

MUSC 100 - Basic Music Theory

MUSC 100 - Basic Music Theory

3 Credit Hours

Introduction to the rudiments of music theory for non-music majors including basic theoretical aspects of music such as notation of pitch, rhythm, scales, etc. Also emphasizes relationship between theoretical concepts and musical context. Credits may not be applied toward a music major. Course includes how to write simple folk, pop and blues songs.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core, Musical Theatre Minor

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 101 - Basic Jazz Preparation

MUSC 101 - Basic Jazz Preparation

2 Credit Hours

The preliminary study of basic jazz theory and practices as well as the analysis, study and exercise of scales, chords, and harmonic usage.

Course Attributes: Africana Studies Minor, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 103 - Classical Music Through Film

MUSC 103 - Classical Music Through Film

3 Credit Hours

Using documentaries, biopics, opera films, and concert videos, this music appreciation course introduces students to the central periods, genres, styles, and composers of classical music. In addition to examining the music of composers such as Bach, Mozart, Beethoven, Chopin, Tchaikovsky, Wagner, Copland, and Glass, we will investigate its use in feature films such as Fantasia, A Clockwork Orange, The Pianist, Melancholia, and Koyaanisqatsi.

Course Attributes: Creative Perspectives

Levels: Undergraduate

College of Arts & Sciences Music & Theater

MUSC 105 - Hip Hop: Music and Culture

MUSC 105 - Hip Hop: Music and Culture

3 Credit Hours

The rise of Hip-Hop over the last 40 years is one of the most significant developments in popular music since the emergence of Rock & Roll. This course will examine this often controversial music by defining its key musical characteristics, tracing its history from its origins in the Bronx in the 1970s to contemporary rappers and Hip-Hop\2019s international status and influence. Besides surveying artists, albums, and songs, we will also explore issues such as the representation of gender and sexuality in lyrics and videos, racial identity, urban gang culture, intersections between music and politics, and Hip-Hop\2019s representation in media outlets such as mainstream news, MTV, and BET.

Course Attributes: Africana Studies Minor, Creative Perspectives, EPU, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 106 - Music In Film

MUSC 106 - Music In Film

3 Credit Hours

This course traces the history of music in film from silent films to contemporary cinema. Students will learn key vocabulary for describing the use of sound in film and how genres and styles in music relate to corresponding scenes on the silver screen. A recurring theme will be the ways in which songs are used to enhance, comment on, negate, or distract from meaning in cinematic narratives.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 108 - Music Love & Death: The Earth

MUSC 108 - Music Love & Death: The Earth

3 Credit Hours

This course studies American and European music with additional material taken from around the world and mostly of a current nature. The focus is upon the intersection of the human experience of love and death as recorded in music. The student studies popular music from many countries, classical music, contemporary art music, and ancient music, the texts of the music, the social structure that that music was created in, and finally the morals that sit behind the music are all investigated and critiqued. This course fulfills the undergraduate fine arts core requirement and the fourth E/RS course requirement of the core curriculum.

Course Attributes: Creative Perspectives, Environ Science/Studies Elect, ERS Focus Elective, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 109 - Music, War and Peace

MUSC 109 - Music, War and Peace

3 Credit Hours

A study of select historical moments from primarily European and American culture as viewed through the lens of music about war and peace. A limited number of international musical excerpts and readings are also included. Musical selections range from antiquity to the present and include serious art music and popular art music of an era. Students critically evaluate the historical record, philosophical attitudes and values embedded in the society about war and peace as presented by the musical works. This course is managed as a seminar that meets the fine arts core requirement.

Course Attributes: Creative Perspectives, ERS Focus Elective, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 110 - World Music

MUSC 110 - World Music

3 Credit Hours

This course explores music as it exists in many cultures, including Africa, India and Latin America. Emphasis is on traditional and popular music.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core, Gender & Diversity Studies

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 111 - Music: The Art of Listening

MUSC 111 - Music: The Art of Listening

3 Credit Hours

This course helps the student listen to music more perceptively through an understanding of its various elements. Beginning with the basic elements of music (rhythm, melody, harmony, instruments, texture, and form), it examines their use in various musical styles from the Middle Ages to the present day. The course focuses primarily on classical music but may include discussion of popular styles such as Blues, Jazz, Broadway, and Rock, and of music from non- Western cultures.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 112 - Music: Now!

MUSC 112 - Music: Now!

3 Credit Hours

This course surveys the wide variety of American vernacular music as experienced in contemporary popular culture. This includes the rich heritage of music from the past as well as music from the contemporary music scene (1840 to the present).

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 113 - American Popular Music

MUSC 113 - American Popular Music

3 Credit Hours

This course surveys American popular music from the nineteenth century to the present day. Beginning with the minstrel show and the songs of Stephen Foster, it traces the development of dance music, Tin Pan Alley song, Ragtime, Blues, Jazz, Country, and R&B during the first half of the twentieth century, then covers the rise of Rock and Roll in the 1950s and a selection of later styles, such as Folk, British Invasion, Soul, Fun, Disco, Punk, Hip-Hop, and Latin music.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 114 - Jazz: American Creative Music

MUSC 114 - Jazz: American Creative Music

3 Credit Hours

Study of the trends and styles, innovators and influential pioneers, and the evolution of the Jazz idiom in the 20th century.

Course Attributes: Africana Studies Minor, Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 115 - African-American Music

MUSC 115 - African-American Music

3 Credit Hours

Survey of Black music styles from the 17th to 20th century; emphasis on African roots of this tradition and historical and socio-cultural contexts that give birth to a Black music tradition.

Course Attributes: Africana Studies Minor, Fine Arts Old/Transition Core, Gender & Diversity Studies

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 116 - Women in Music

MUSC 116 - Women in Music

3 Credit Hours

Historical survey of music by or involving women from medieval period to the present. Emphasis on women composers, but includes women as performers, teachers, patrons, and in the jazz and pop fields.

Course Attributes: Creative Perspectives, Diversity Flag, Fine Arts Old/Transition Core, Gender & Diversity Studies, GDST Women and Gender Conc

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 117 - History of Rock

MUSC 117 - History of Rock

3 Credit Hours

Defining Rock broadly as a family of styles, the course presents an overview of rock/pop styles from the 1950s to the present. Beginning with Blues, R&B, and Rock & Roll, we will survey (among others) Motown, Soul, British Invasion, Folk Rock, Psychedelic Rock, Progressive Rock, Punk, Metal, Funk, Disco, Reggae, Hip-Hop, Grunge, and Alternative. While the focus will be on the musical styles themselves (i. e., what makes up their sound), we will situate the styles within their historical, social, and cultural context by addressing issues such as race, class conflict, gender roles, and artistry vs. commerce.

Course Attributes: Creative Perspectives, Diversity Flag, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 118 - Heavy Metal: Music and Culture

MUSC 118 - Heavy Metal: Music and Culture

3 Credit Hours

Now over 40 years old, Heavy Metal continues to reflect the hopes and fears of its audience - especially its fears - and has sparked more controversy and heated debate than any other genre. We will examine the music itself along with its cultural context; issues such as the impact of music on its listeners, censorship and freedom of expression, the role of women (as fans, artists, and objects of misogyny), sexual liberation, fear of nuclear holocaust, and witchcraft/Satanism will figure prominently. We will examine Metal's emergence around 1970 in bands such as Black Sabbath, Led Zeppelin and Deep Purple, then study styles and issues from the 70's to the present. Bands covered include Judas Priest, Scorpions, Kiss, Iron Maiden, Venom, Motley Crue, Anthrax, Cannibal Corpse and Cradle of Filth.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 121 - Intro To Music Literature I

MUSC 121 - Intro To Music Literature I

0.5 Credit Hours

This course surveys the history of Western classical music at an introductory level. For each class meeting students do assigned reading and class time is spent listening to and discussing music with the aid of recordings and scores. This course is limited to freshman music majors.

Restrictions: Must be enrolled in one of the following Majors: Music Must be enrolled in one of the following Classifications: Freshman

MUSC 206 - Techniques of Jazz Improvisati

MUSC 206 - Techniques of Jazz Improvisati

2 Credit Hours

The presentation, examination, practice and exercise of techniques and methods utilized and applied in the execution and performance of improvisational jazz. Includes a summary of theory, form and styles.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 208 - Keyboard Skills I

MUSC 208 - Keyboard Skills I

1 Credit Hours

The first in a sequence of courses for music majors. Skills learned include elementary scales, arpeggios, triads, chord progressions, and solo repertoire as well as sight-reading, accompaniment, harmonization, transposition, and improvisation.

Restrictions: Must be enrolled in one of the following Majors: Music Education Music

Course Attributes: Creative Perspectives

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 209 - Keyboard Skills II

MUSC 209 - Keyboard Skills II

1 Credit Hours

The second in a sequence of courses for music majors. Skills learned include intermediate scales, arpeggios, chord progressions, and solo repertoire as well as sight-reading, accompaniment, harmonization, transposition, and improvisation.

Prerequisites: Undergraduate level MUSC208 Minimum grade of C

Restrictions: Must be enrolled in one of the following Majors: Music Education Music

Course Attributes: Creative Perspectives

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 210 - Music History I

MUSC 210 - Music History I

3 Credit Hours

This course traces the path of Western classical music from antiquity to the end of the Baroque era around 1750, situating the music in its historical and cultural context. The main objectives of the survey include acquiring the basic facts of music history, understanding its terminology, and identifying the stylistic traits that characterize the various eras, genres, nations, and composers.

Prerequisites: MUSC200

Restrictions: Must be enrolled in one of the following Fields of Study (Major, Minor, or Concentration): Music Music Education Performance

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 211 - Music History II

MUSC 211 - Music History II

3 Credit Hours

A continuation of Music History I, this course traces the path of Western Classical music from the early Classical period to the present, situating the music in its historical and cultural context. The main objectives of the survey include acquiring the basic facts of music history, understanding its terminology, and identifying the stylistic traits that characterize the various eras, genres, nations and composers.

Prerequisites: MUSC210

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 221 - Elementary Methods

MUSC 221 - Elementary Methods

3 Credit Hours

For music majors or with permission of instructor.

Restrictions: Must be enrolled in one of the following Majors: Music Education

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 223 - IPA / Lyric Diction

MUSC 223 - IPA / Lyric Diction

2 Credit Hours

This course is constructed to provide the student with a basic understanding of the vocal apparatus, a basic understanding of phonetics as it applies to singing, a basic understanding of the IPA-both reading and transcribing. This course will help the student develop the critical listening skills necessary for accurate diction. Cultivating proficiency in lyric diction will help the student sing accurately, idiomatically and expressively in English, Italian, German and French, and provide the fundamental tools for approaching repertoire in other languages.

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 251 - Class Piano II

MUSC 251 - Class Piano II

1 Credit Hours

Continuation of Class Piano (MUSC 150), offering group instruction in more advanced piano techniques.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 252 - Advanced Class Guitar

MUSC 252 - Advanced Class Guitar

1 Credit Hours

Group instruction in guitar techniques for the more experienced guitar student.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 259 - XU Men's Chorus

MUSC 259 - XU Men's Chorus

1 Credit Hours

The Xavier University Men's Chorus is designed to be a rewarding challenge for both music majors and non-music majors. The class will consist of weekly rehearsals where everyone's attendance is not just mandatory, but necessary for the success of the ensemble. Most importantly, this class is designed to be a fun musical outlet, which will also expose participants to the fundamentals of choral singing and will open doors to new artistic endeavors.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 260 - Concert Choir

MUSC 260 - Concert Choir

1 Credit Hours

The Concert Choir performs four on-campus concerts per year. In addition, the ensemble tours annually and regularly appears in concert with Cincinnati Pops Orchestra, Cincinnati Baroque Orchestra and in combination with local high schools for a bi-annual high school choral festival. By audition only.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 261 - XU Women's Chorus

MUSC 261 - XU Women's Chorus

1 Credit Hours

The Xavier University Women's chorus is designed to be a rewarding challenge for both music majors and non-music majors. The class will consist of weekly rehearsals where everyone's attendance is not just mandatory, but necessary for the success of the ensemble. Most importantly, this class is designed to be a fun musical outlet, which will also expose participants to the fundamentals of choral singing and will open doors to new artistic endeavors.

MUSC 263 - Edgecliff Vocal Ensemble

MUSC 263 - Edgecliff Vocal Ensemble

1 Credit Hours

By audition only-must be in Concert Choir to participate.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 265 - Symphonic Wind Ensemble

MUSC 265 - Symphonic Wind Ensemble

1 Credit Hours

The select ensemble performs a wide array of traditional and contemporary literature including the music of Eric Whitacre, Jack Stamp, Krzysztof Penderecki, Aulos Sallinen, David Maslanka, and Ivan Tcherepnin. Past tours have taken the students to such cities as Boston, Chicago, New York, Toronto, and Washington, D.C.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 266 - Chamber Winds

MUSC 266 - Chamber Winds

1 Credit Hours

A select ensemble consisting of wind, brass, and percussion. Through the study and performance of original works from the 15th to the late 20th century, students will learn ensemble and chamber music skills.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 267 - Percussion Ensemble

MUSC 267 - Percussion Ensemble

1 Credit Hours

Performs modern literature as well as arrangements of classical repertoire. The group is open to all students by permission of the instructor.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 268 - Guitar Ensemble

MUSC 268 - Guitar Ensemble

1 Credit Hours

Study and performance of music for guitar ensemble from all style periods. Participation with consent of director.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 269 - String Quartet

MUSC 269 - String Quartet

1 Credit Hours

Small ensembles of various instrumental combinations ranging from two to five players. Performance of standard chamber music literature. Participation with consent of instructor.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 270 - Chamber Orchestra

MUSC 270 - Chamber Orchestra

1 Credit Hours

The orchestra performs works from the Baroque to the 20th century for strings and other instruments. The orchestra presents concerts each semester, frequently in conjunction with the concert choir.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 271 - Jazz Orchestra

MUSC 271 - Jazz Orchestra

1 Credit Hours

Performing all the jazz, funk, rock, and fusion that's fit to play and fun to hear, the jazz ensemble is an elite and contemporary studio jazz band whose repertoire includes custom arrangements and originals from all periods of the jazz spectrum. Appearing at jazz festivals, jazz clubs and other choice venues throughout the Midwest, the jazz ensemble plays authentic jazz for inspired and spirited audiences wherever they perform.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 272 - Pep Band

MUSC 272 - Pep Band

1 Credit Hours

The student will learn to rehearse, and perform in a 'professional' manner by taking individual responsibility to properly learn his or her part. Students are required to preform at all assigned games.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 273 - Brass Ensemble

MUSC 273 - Brass Ensemble

1 Credit Hours

The ensemble performs music from the Renaissance period through the Twentieth Century on several programs each semester. It is open to all students by audition.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 275 - Handbell Ensemble

MUSC 275 - Handbell Ensemble

0.5 Credit Hours

Participants will learn basic handbell ringing techniques as well as strengthen their sightreading and musicianship skills through independent part reading. The ensemble aims to participate in concerts and worship services sponsored by the University throughout the semester. Ability to read music preferred, but not required. Open to all Xavier students, faculty and staff.

Course Attributes: Creative Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 277 - Piano Ensemble

MUSC 277 - Piano Ensemble

1 Credit Hours

Piano Ensemble is an academic course of study designed to advance technical and interpretive skills and to artistically perform ensemble compositions of all styles and periods. Public performance is required.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 278 - Private Lesson: Composition

MUSC 278 - Private Lesson: Composition

.5 - 2 Credit Hours

Students begin by studying and creating simple musical works in styles that they have some degree of familiarity with. Works for one or two performers and standard instrumentation and voice categories are studied and applied to the new development of the "creative voice within the individual" and encourages the student to continually develop skills in harmony, melody, rhythm and timbre that will enable that voice to be realized in a written composition and live performance. More advanced students will write for more performers and in varied styles and more varied instrumentation and voices. All students are encouraged to experiment and venture into new areas. It is the creation and recreation (musical score or performance) that is emphasized, not just the discovery of new ideas. Students that wish to pursue traditional avenues of musical composition are expected to develop a high degree of craft. The course is open to music majors, music minors, and talented students of music. Majors or Minors only.

Restrictions: Must be enrolled in one of the following Majors: Music Education Music

MUSC 310 - Music History III: Seminar

MUSC 310 - Music History III: Seminar

3 Credit Hours

An extension of the 2 semester survey (MUSC 210, 211), this course aims to deepen the study of music history by using a series of mostly 20th century operas as a lens through which to address topics that have become central to the study of music during the past few decades, such as high vs. low art, gender and sexuality, emotion, and the canon. The seminar format emphasizes student contributions in the form of discussion of prepared readings, presentations and written work.

Prerequisites: MUSC211

MUSC 319 - Music & Movement for Classroom Teachers

1 Credit Hours

This workshop is designed to integrate music and movement into the classroom connecting to all subjects through the arts. Multi-cultural interdisciplinary in structure and interactive. Class members create materials to use in the classroom to extend learning. This workshop is for arts teaching, movement and physical movement for all ages and special interests. A student and performer of the Dalcroze method will present the work of Dalcroze to develop mind and body coordination.

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 320 - Instrumental Methods

MUSC 320 - Instrumental Methods

3 Credit Hours

Overview of role, and responsibility of music teacher. Vocal, instrumental, and general music education. (For music education majors only)

Restrictions: Must be enrolled in one of the following Majors: Music Education Music

Course Attributes: Oral Communication Flag

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 321 - Choral Methods

MUSC 321 - Choral Methods

3 Credit Hours

Emphasis on instrumental and choral methods and materials. Practical guide for the music educator.

Restrictions: Must be enrolled in one of the following Majors: Music Education

Course Attributes: Creative Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 340 - Music Production Workshop

MUSC 340 - Music Production Workshop

1 Credit Hours

An introduction to musical performance including body movement, vocal and dramatic projection, stagecraft and the musical and dramatic preparation and performance of a variety of musical styles. Permission of instructor required.

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core, Musical Theatre Minor, Theatre Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 341 - Opera Workshop II

MUSC 341 - Opera Workshop II

1-3 Credit Hours

Continuation of MUSC 340.

Prerequisites: Undergraduate level MUSC340 Minimum grade of D

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core, Theatre Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 350 - Functional Piano

MUSC 350 - Functional Piano

2 Credit Hours

Development of basic skills needed for playing accompaniments and harmonizations at the keyboard. Designed for students who wish to teach school music. Permission of instructor required.

Course Attributes: Creative Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 351 - String Techniques

MUSC 351 - String Techniques

1 Credit Hours

Provides an understanding of techniques and teaching strategies of string instruments. Designed for those interested in teaching music, it will lead toward basic performance competence and pedagogy.

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 352 - Woodwind Techniques

MUSC 352 - Woodwind Techniques

1 Credit Hours

Provides an understanding of techniques and teaching strategies of woodwind instruments. Designed for those interested in teaching music, it will lead toward basic performance competence and pedagogy.

Course Attributes: Creative Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 353 - Brass Techniques

MUSC 353 - Brass Techniques

1 Credit Hours

Provides an understanding of techniques and teaching strategies of brass instruments. Designed for those interested in teaching music, it will lead toward basic performance competence and pedagogy.

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 354 - Percussion Techniques

MUSC 354 - Percussion Techniques

1 Credit Hours

Provides an understanding of techniques and teaching strategies of percussion instruments. Designed for those interested in teaching music, it will lead toward basic performance competence and pedagogy.

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 380 - Make & Take K-8 Wrld Mus Instr

MUSC 380 - Make & Take K-8 Wrld Mus Instr

0 - 2 Credit Hours

Hands-on workshop building and playing simple musical instruments. No musical or technical skills are required. Designed for the general kindergarten to 8th grade classroom teacher. Along with musical activities creative ways of teaching math, science, history, the visual arts, and multi-cultural awareness will be explored.

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 399 - Independent Study

MUSC 399 - Independent Study

1-3 Credit Hours

Areas of study related to the music field, although not specifically included in the catalog, may be requested by the student and elected with the approval of the instructor and permission of the chair.

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 400 - Form and Analysis

MUSC 400 - Form and Analysis

3 Credit Hours

Areas of study related to the music field, although not specifically included in the catalog, may be requested by the student and elected with the approval of the instructor and permission of the chair.

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 401 - Orchestration Arranging

MUSC 401 - Orchestration Arranging

3 Credit Hours

The technique of scoring for orchestra, band, and diverse instrumental ensembles.

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 402 - Composition

MUSC 402 - Composition

3 Credit Hours

Introduction to creative writing in simple musical forms.

Prerequisites: Undergraduate level MUSC400 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 424 - Private Lesson: Conducting

MUSC 424 - Private Lesson: Conducting

.5 - 1 Credit Hours

More advanced and in depth study of conducting techniques, score analysis and performance skills.

Prerequisites: MUSC312

Course Attributes: Creative Perspectives, Fine Arts Old/Transition Core

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 426 - Foundations of Music Education

MUSC 426 - Foundations of Music Education

3 Credit Hours

A comprehensive study of Music Education: history, philosophy, theory, and practical application.

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 427 - Contemp Approaches in Music Ed

MUSC 427 - Contemp Approaches in Music Ed

3 Credit Hours

Introduction to Orff and Kodaly methodology; curricular innovations for all levels of school music, Pre-K - 12.

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 450 - Senior Recital

MUSC 450 - Senior Recital

1-2 Credit Hours

Levels: Undergraduate

College of Arts & Sciences Music & Theatre

MUSC 479 - Independent Study

MUSC 479 - Independent Study

1-3 Credit Hours

Areas of study related to music field, although not specifically included in the catalog, may be requested by the students and elected with the approval of the instructor and permission of chair.

Levels: Graduate Undergraduate

College of Arts & Sciences Music & Theatre

NEPL 101 - Elementary Nepali I

NEPL 101 - Elementary Nepali I

3 Credit Hours

An introduction to basic language skills through emphasizing the acquisition of high-frequency vocabulary and the development of cultural awareness. This course is ONLY OFFERED to participants in the Service Learning Program in Nepal and will only be offered in Nepal.

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

NEPL 102 - Elementary Nepali II

NEPL 102 - Elementary Nepali II

3 Credit Hours

The second semester elementary course with added emphasis on reading and speaking in the target language. This course is ONLY OFFERED to participants in the Service Learning Program in Nepal and will only be offered in Nepal.

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

NURS 100 - Survey of Professional Nursing

NURS 100 - Survey of Professional Nursing

2 Credit Hours

This course introduces the student to nursing as a profession including the program philosophy, framework, and curriculum of the course of study at Xavier. Content includes the roles and values of the professional nurse, the scope of nursing practice, interprofessional collaboration, key issues in nursing history with emphasis on the holism philosophy that emanated directly from Florence Nightingale, professional organizations, ethical/legal rights and responsibilities, introduction to Quality and Safety Education for Nurses (QSEN) competencies, and holistic nursing practice. Curricular concepts/skills introduced include development of self-awareness, informatics, critical thinking, and communication (verbal and written). Accelerated course for ABSN students only.

Restrictions: Must be enrolled in one of the following Majors: Nursing - Accelerated

Course Attributes: 100 Percent Online No Set Meet, Accelerated BSN

Levels: Undergraduate

College of Nursing Nursing

NURS 110 - Health, Culture and Diversity

NURS 110 - Health, Culture and Diversity

3 Credit Hours

This course focuses on culture, cultural diversity, and holistic culturally sensitive care as it relates to the universal properties of transition and health. Culture as it impacts health and magico-religious traditions are explored related to health-wellness-disease-illness and the psycho-physiology of body, mind and spirit. The student will begin to develop self-awareness and sensitivity toward others. Issues related to diversity and inclusion will be discussed. Approved substitute for UNST 100. This course has been approved as a University Diversity flag course. Online course for ABSN students only.

Prerequisites: Undergraduate level NURS100 Minimum grade of C

Restrictions: Must be enrolled in one of the following Majors: Nursing - Accelerated

Course Attributes: 100 Percent Online No Set Meet, Accelerated BSN

Levels: Undergraduate

College of Nursing Nursing

NURS 130 - Ways of Knowing

NURS 130 - Ways of Knowing

3 Credit Hours

Introduces the student to nursing as a profession. Content includes discussion of the roles of the professional nurse, the scope of practice, nursing history with emphasis on the holism philosophy that emanated directly from Florence Nightingale, professional organizations, ethical/legal rights and responsibilities, and the discipline of holistic nursing practice. Curricular concepts introduced include transition, critical thinking, communication, and nurse as an instrument of healing.

Restrictions: Must be enrolled in one of the following Majors: Nursing Nursing

Course Attributes: Oral Communication Flag

Levels: Undergraduate

College of Nursing Nursing

NURS 132 - Health and Culture I

NURS 132 - Health and Culture I

3 Credit Hours

Focuses on culture, cultural diversity, and holistic culturally sensitive care as it relates to the universal properties of transition and health. Culture as it impacts health and magico-religious traditions are explored related to health-wellness-disease-illness and the psycho-physiology of body, mind and spirit. The student will begin to develop self-awareness and sensitivity toward others in relation to population health. Issues related to diversity will be discussed.

Course Attributes: Africana Studies Minor, Diversity Flag, EPU, Gender & Diversity Studies, Population Health

Levels: Undergraduate

College of Nursing Nursing

NURS 200 - Foundations of Nsg Practice I

NURS 200 - Foundations of Nsg Practice I

3 Credit Hours

The first in a series of two, this course introduces theoretical frameworks for the holistic assessment of patients experiencing developmental transitions. Quality and Safety Education for Nurses (QSEN) competencies and evidence-based practice are discussed. Major components for holistic assessment including nutritional, physical, psychological, and spiritual development across the lifespan are discussed with an emphasis on the adult. Life style patterns and habits that maintain healthy living are explored. Components of the therapeutic relationship as they relate to the holistic assessment process are introduced. Therapeutic and inter-professional communication is analyzed. Emphasis on the patient and family as an active partner in the healing process and attentiveness to one's spirit is examined as a critical component of the

healing interaction. The role of transpersonal human caring and healing is emphasized with therapeutic relationships. Accelerated course for ABSN students only.

Co-requisites: NURS201

Restrictions: Must be enrolled in one of the following Majors: Nursing - Accelerated

Course Attributes: 100 Percent Online No Set Meet, Accelerated BSN

Levels: Undergraduate

College of Nursing Nursing

NURS 201 - Found of Nurs Prac I Practicum

NURS 201 - Found of Nurs Prac I Practicum

2 Credit Hours

The first in a series of two, this laboratory practicum introduces students to methods of holistic health assessment for adult patients and families across the life span with an emphasis on adults. Focus and application will be on an introduction to all aspects of health assessment, therapeutic and inter-professional communication skills, helping relationships, the nursing process and self-assessment in a variety of lab and clinical settings. Quality and Safety Education for Nurses (QSEN) initiative beginner competencies are explored. Accelerated course for ABSN students only.

Co-requisites: NURS200

Restrictions: Must be enrolled in one of the following Majors: Nursing - Accelerated

Course Attributes: 100 Percent Online No Set Meet, Accelerated BSN, Immersive Learning Experience

Levels: Undergraduate

College of Nursing Nursing

NURS 202 - Foundations of Nsg II

NURS 202 - Foundations of Nsg II

3 Credit Hours

The second in a series of two, this course builds on the exploration of holistic nursing therapeutics and observation of Quality and Safety Education for Nurses (QSEN) competencies used with individuals experiencing transitions. Promotive, preventive, and interventional strategies including pharmacology, nutrition and integrative therapies are discussed. The research and theoretical bases for the selection of evidence-based holistic therapeutics is emphasized. The importance of empowered decision making in selecting appropriate therapeutics to achieve and manage outcomes is discussed. Accelerated course for ABSN students only.

Prerequisites: Undergraduate level NURS200 Minimum grade of C and Undergraduate level NURS201 Minimum grade of C

Co-requisites: NURS203

Levels: Graduate Undergraduate

NURS 231 - Nurs Therapeutics II Practicum

NURS 231 - Nurs Therapeutics II Practicum

2 Credit Hours

Foundations of holistic, safe nursing therapeutics are implemented with adults experiencing transitions in a variety of health care settings. Emphasis is on the development of critical thinking through the use of the nursing process, self-assessment and inter-professional communication.

Prerequisites: Undergraduate level NURS224 Minimum grade of C and Undergraduate level NURS225 Minimum grade of C

Co-requisites: NURS230, NURS364

Course Attributes: Immersive Learning Experience

Levels: Graduate Undergraduate

NURS 260 - Pathophysiology I

NURS 260 - Pathophysiology I

2 Credit Hours

The first in a series of two, this course builds on the students' knowledge of anatomy and physiology. The course will cover altered states of homeostasis and the effect on body functioning primarily at the cellular level. The body's ability to compensate to these changes is also addressed. The course focuses on the mechanisms of the underlying disease, considering the unique factors that influence disease, and the basic processes of the development of disease. This will provide the background for holistic preventive and therapeutic health care measures and practices. Accelerated course for ABSN students only.

Prerequisites: Undergraduate level NURS100 Minimum grade of C and Undergraduate level NURS110 Minimum grade of C and Undergraduate level NURS200 Minimum grade of C and Undergraduate level NURS201 Minimum grade of C and Undergraduate level NURS202 Minimum grade of C and Undergraduate level NURS203 Minimum grade of C

NURS 343 - Pediatric Nursing Pract

NURS 343 - Pediatric Nursing Pract

1 Credit Hours

Application of promotive, preventive, and interventive holistic nursing therapeutics to be used with child-rearing families experiencing transitions. Experiences are provided with families in various stages of development. Skills in assessing, planning, implementing and evaluating quality are emphasized to provide holistic family-centered, community-based care to families with infants, children, and adolescents. Key psychological and cultural influences will be examined related to care provided for child-rearing families in the context of a complex healthcare system, and the wider global community. Accelerated course for ABSN students only.

Prerequisites: Undergraduate level NURS100 Minimum grade of C and Undergraduate level NURS110 Minimum grade of C and Undergraduate level NURS200 Minimum grade of C and Undergraduate level NURS201 Minimum grade of C and Undergraduate level NURS202 Minimum grade of C and Undergraduate level NURS203 Minimum grade of C and Undergraduate level NURS260 Minimum grade of C and Undergraduate level NURS261 Minimum grade of C and Undergraduate level NURS270 Minimum grade of C and Undergraduate level NURS271 Minimum grade of C and Undergraduate level NURS300 Minimum grade of C and Undergraduate level NURS301 Minimum grade of C and Undergraduate level NURS302 Minimum grade of C and Undergraduate level NURS303 Minimum grade of C and Undergraduate level NURS350 Minimum grade of C and Undergraduate level NURS351 Minimum grade of C

NURS 349 - Applied Interprof Collab

NURS 349 - Applied Interprof Collab

1 Credit Hours

The vision of interprofessional collaborative practice is safe, high quality accessible, student/patient/client-centered care. This course challenges students to explore how your profession could contribute to integrating roles that would promote healthy lifestyles, creating a productive learning environment, a productive workforce, and thriving

communities. Interprofessional collaboration recognizes a culture of respect, concise, clear communication, interdependent care for person-centered outcomes, and integration of services through shared decision-making. This course will provide students with an opportunity to envision practice across disciplines and or microsystems in teams to meet the needs of individuals, families, and the community.

NURS 442 - The Community as Partner

NURS 442 - The Community as Partner

3 Credit Hours

This course is designed to introduce students to the skills necessary to assess and critically analyze communities. By utilizing an epidemiologic approach to public health, students will relate cultural influences of communities to current health practices and outcomes. They will explore the contributions of cultural imposition, ethnocentrism, and human rights violations to adverse health outcomes in the U.S. and the world. By examining human beings as inseparable and integral with their environment and their world, students will develop an understanding of holistic nursing principles. From this perspective, students will develop skills to prioritize, and plan culturally sensitive care with an emphasis on health promotion, illness prevention, and social justice. The major concepts to be explored are the nurse leaders' responsibility in: the assessment of health practices of the community; healthcare resource accessibility; health policy making; and the care and protection of vulnerable populations. This course fulfills the cultural diversity elective requirement. This course is not open to pre-licensure nursing majors. Student must have minimum 2.7 cumulative GPA.

Levels: Graduate Undergraduate

NURS 443 - NSG Practice & Application II

NURS 443 - NSG Practice & Application II

2 Credit Hours

Health care management and various nursing roles within communities of increasing complexities. Nursing strategies aimed at disease prevention, promotion and restoration of health will be applied to the management of identified community health problems. Six hours of practicum weekly. Student must have minimum 2.7 cumulative GPA.

Co-requisites: NURS442

Levels: Graduate Undergraduate

NURS 450 - Mental Health Nursing

NURS 450 - Mental Health Nursing

1 Credit Hours

This course will focus on facilitating holistic healthy outcomes in adults experiencing mental health-illness transitions. Information regarding pharmacological, nutritional, behavioral, and psychiatric interventions which may be prescribed to assist individuals in achieving optimum mental health outcomes is discussed. Student must have minimum 2.7 cumulative GPA.

Prerequisites: Undergraduate level NURS360 Minimum grade of C and Undergraduate level NURS361 Minimum grade of C and Undergraduate level NURS370 Minimum grade of C and Undergraduate level NURS372 Minimum grade of C and Undergraduate level NURS373 Minimum grade of C

Co-requisites: NURS451

NURS 465 - Care of the Older Adult

NURS 465 - Care of the Older Adult

2-3 Credit Hours

Emphasis placed on the normal aging process and the continuing development of care of the older adult. Health promotion, prevention, diagnosis and treatment, maintenance, and restoration of individuals in their later years. (Open to non-nursing students.) Elective course. Student must have minimum 2.7 cumulative GPA.

Levels: Graduate Undergraduate

College of Nursing Nursing

NURS 466 - Expressions of Hope

NURS 466 - Expressions of Hope

2-3 Credit Hours

Examines expressions of hope and suffering through art, music, history, and the religious values, beliefs and mysteries that surround the needs of the human spirit. Examination of the relevance of issues of faith, hope and the ethical aspects of personal responsibility in sharing in the needs of others. (Open to non-nursing students.) Elective course. Student must have minimum 2.7 cumulative GPA.

Levels: Graduate Undergraduate

College of Nursing Nursing

NURS 468 - From Acupuncture-Zinc: Pain Mg

NURS 468 - From Acupuncture-Zinc: Pain Mg

3 Credit Hours

Explores traditional methods of pain management and comfort measures as well as complementary modalities that can be applied to bring about a sense of wellness and calm. (Open to non-nursing students.) Elective course. Student must have minimum 2.7 cumulative GPA.

Levels: Graduate Undergraduate

College of Nursing Nursing

NURS 469 - Death: The Universal Experienc

NURS 469 - Death: The Universal Experienc

3 Credit Hours

Examine current and past issues related to death and dying. Explore pertinent theories on death and dying, and bereavement care provided to clients and families. Applicable, historical and current perceptions and rituals will be discussed, as well as ethical and spiritual issues. (Open to non-nursing majors.) Elective course. Student must have minimum 2.7 cumulative GPA.

Levels: Graduate Undergraduate

College of Nursing Nursing

NURS 470 - Community Public Health Nurs

NURS 470 - Community Public Health Nurs

3 Credit Hours

Emphasis is on the knowledge and skills required to practice community/public health nursing within the context of population health. The student begins to examine the expanding focus of the nursing process in the various roles of the community/public health nurse with attention to holistic nursing appropriate for optimal community and population health outcomes. The significance of primary, secondary and tertiary levels of prevention and implementing health promotion activities for individuals, families, communities, and population aggregates are addressed. Various environmental, ethical, cultural, legal, financial issues related to quality and safety and community/public/population health are explored. Student must have minimum 2.7 cumulative GPA.

Prerequisites: NURS360 and NURS361 and NURS370 and NURS374 and NURS375 and NURS376 and NURS377

Co-requisites: NURS471

Course Attributes: Population Health

Levels: Graduate Undergraduate

College of Nursing Nursing

NURS 471 - Community Public Health Pract

NURS 471 - Community Public Health Pract

3 Credit Hours

Application of promotive, preventive, and interventive holistic nursing therapeutics to be used with communities experiencing transitions. Practicum experience within community based organization is provided. Community assessment skills, accessing community resources and evaluation of policy are emphasized. The partnership role of the community as the client/teacher with the holistic nurse is emphasized.. Student must have minimum 2.7 cumulative GPA.

Prerequisites: NURS360 and NURS361 and NURS370 and NURS374 and NURS375 and NURS376 and NURS377

Co-requisites: NURS470

Course Attributes: Immersive Learning Experience, Population Health

Levels: Graduate Undergraduate

College of Nursing Nursing

NURS 472 - Care of the Complex Client

NURS 472 - Care of the Complex Client

4 Credit Hours

This course prepares the student to integrate knowledge from all previous courses in emphasizing the holistic interrelatedness of the mind, body, and spirit in order to assess, plan, implement, and evaluate care of the complex client. The various roles of the nurse as a participant within the health care system will be examined. Introduction to health care delivery systems, resource management, and quality improvement will be explored.

Prerequisites: NURS360 and NURS361 and NURS370 and NURS374 and NURS375 and NURS376 and NURS377

Co-requisites: NURS473

Levels: Graduate Undergraduate

College of Nursing Nursing

NURS 473 - Care of Complex Client Practic

NURS 473 - Care of Complex Client Practic

4 Credit Hours

This course provides clinical experiences enabling the student to participate in the care of the complex client. Management and coordination of care in various health care settings are emphasized. Holistic assessment, intervention, and evaluation are emphasized. This course offers the opportunity to practice as a holistic nurse by honoring a person's journey through truly knowing, partnering, and being present with that client.

Prerequisites: NURS360 and NURS361 and NURS370 and NURS374 and NURS375 and NURS376 and NURS377

Co-requisites: NURS472

Course Attributes: Immersive Learning Experience

Levels: Graduate Undergraduate

College of Nursing Nursing

NURS 480 - Nurs Care of Complex Client I

NURS 480 - Nurs Care of Complex Client I

2 Credit Hours

The first in a series of two, this course prepares the student to integrate knowledge from all previous courses emphasizing the interrelatedness of the mind, body, and spirit. Emphasis is placed on advanced nursing assessment of the whole person including physiologic, psychological, cultural, social/family, spiritual and quality of life impact due to illness. Acute critical illness, chronic illness, and end of life care models are studied. Emphasis is on preservation of physiologic, psychological, and sociocultural integrity and human dignity of person and families. Evidence-based practice models are used to identify the best practice in the care of the complex client and family. Accelerated course for ABSN students only.

Prerequisites: Undergraduate level NURS100 Minimum grade of C and Undergraduate level NURS110 Minimum grade of C and Undergraduate level NURS200 Minimum grade of C and Undergraduate level NURS201 Minimum grade of C and Undergraduate level NURS202 Minimum grade of C and Undergraduate level NURS203 Minimum grade of C and Undergraduate level NURS260 Minimum grade of C and Undergraduate level NURS270 Minimum grade of C and Undergraduate level NURS271 Minimum grade of C and Undergraduate level NURS300 Minimum grade of C and Undergraduate level NURS301 Minimum grade of C and Undergraduate level NURS302 Minimum grade of C and Undergraduate level NURS303 Minimum grade of C and Undergraduate level NURS350 Minimum grade of C and Undergraduate level NURS351 Minimum grade of C and Undergraduate level NURS330 Minimum grade of C and Undergraduate level NURS340 Minimum grade of C and Undergraduate level NURS341 Minimum grade of C and Undergraduate level NURS342 Minimum grade of C and Undergraduate level NURS343 Minimum grade of C and Undergraduate level NURS352 Minimum grade of C and Undergraduate level NURS353 Minimum grade of C and Undergraduate level NURS354 Minimum grade of C and Undergraduate level NURS355 Minimum grade of C

NURS 580 - Patho Pharm & Assess Nurse Ed

NURS 580 - Patho Pharm & Assess Nurse Ed

3 Credit Hours

This course combines needed knowledge of pathophysiology, pharmacology, and assessment for the student nurse educator. This course assumes knowledge of basic pharmacology, assessment, and pathophysiology. The course focuses on advanced pharmacology and the role of masters prepared nurse on pharmacotherapeutics. Advanced clinical application of drug therapy and concepts relating to the mechanisms of drug actions, interactions, and adverse reactions, including immunologic-idiosyncratic-allergy drug responses will be explored. In addition, emphasis is on advanced pathophysiology clinical problem-solving as it relates to adverse effects and illnesses in persons having acute, chronic, and long-term health care problems. Knowledge of pathophysiology is used to predict illness progression and response to therapy, which is used to guide and teach patients and families regarding holistic care. In addition to advanced pharmacology and pathophysiology this course prepares nurses to conduct and communicate accurate comprehensive holistic, health assessments for clients and families across the lifespan. The students learn how to perform, organize, analyze and document complete physical, psycho-social assessments. As part of health assessment the student will identify pertinent health or potential health issues including the cultural, occupational, and environmental factors integral to those issues. The student will define appropriate health preventative and maintenance strategies to address common and complex health care concerns within an evidence-based practice framework.

NURS 630 - Org Behavior for Nursing Leade

3 Credit Hours

Administrative theory from a macro perspective including organizational structure, culture, leadership, management functions, and power. Theories and research from nursing and related disciplines will be studied.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Nursing Nursing

NURS 632 - Mgmt Processes - Nursing Leade

NURS 632 - Mgmt Processes - Nursing Leade

3 Credit Hours

Position of the nurse administrator within the complex organizational structure of health care systems (a micro perspective) The role of the nurse administrator in planning, decision making, and change is explored.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Nursing Nursing

NURS 634 - Nurs Admin In Complex Health

NURS 634 - Nurs Admin In Complex Health

3 Credit Hours

Building on content from prior courses, the focus of this course is on the holistic nurse administrator as a leader within complex health care systems at the mesosystem level. The role of the nurse administrator is explored with an emphasis on organizational theory, culture and structure, systems, leadership, strategic visioning, change, influencing behaviors, succession planning, mentoring, resource management and influences of the external and internal environment. Organizational theory and research findings from nursing and related fields are used to promote research based administrative practice. With an interdisciplinary focus and application of leadership concepts, legal and ethical concepts, project management, outcomes, safety, quality management, and stakeholder satisfaction will be examined. External regulations and reporting requirements will be discussed.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Nursing Nursing

NURS 636 - Financial Mgmt for Nursing Adm

NURS 636 - Financial Mgmt for Nursing Adm

2 Credit Hours

Fiscal accountability: cost accounting, budgeting and cost benefit and effectiveness analysis.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Nursing Nursing

NURS 640 - Foray into Forensic Nursing

NURS 640 - Foray into Forensic Nursing

2 Credit Hours

An exploration into a new specialty area of practice for registered nurses. Forensic role behaviors in several settings will be identified, and the role of the forensic nurse specialist will be introduced. This course will explore practice issues within the subspecialties of sexual assault nurse examiner, child abuse specialist, elder abuse specialist, battered woman specialist, psychiatric forensic examiner, and legal nurse consultant.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Nursing Nursing

NURS 642 - Psycho/Social/Legal Forensics

NURS 642 - Psycho/Social/Legal Forensics

2 Credit Hours

A comprehensive examination of the behavior, emotional responses, and cognitive decision-making of both victims and perpetrators of crime. Elements of victimology as well as the psychosocial ramifications of the criminal act on the person, the family, and the community will be explored. The expanded role of the psychiatric forensic nurse will be explored.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Nursing Nursing

NURS 646 - Violence as a Healthcare Issue

NURS 646 - Violence as a Healthcare Issue

3 Credit Hours

This course examines the ethical and legal responsibilities of healthcare providers and agencies working with populations at risk for interpersonal violence. Emphasis will be placed on the forensic role behaviors of the nurse specialist dealing with child abuse, elder abuse, and domestic violence.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Nursing Nursing

NURS 648 - Found of Forensic Nursing

NURS 648 - Found of Forensic Nursing

4 Credit Hours

This course provides an evidenced-based practice (EBP) framework for nursing care of forensic population, their families as well as communities impacted by acts of

violence and/or traumatic events. The EBP framework incorporates empirical and theoretical aspects from a multidisciplinary perspective in the planning and delivering nursing care. This course is intended to prepare nursing graduate students for further studies in various clinical roles such as Sexual Assault Nurse Examiner, Forensic Psychiatric Nurse, Legal Nurse Consultant, Forensic Nursing Death Investigator and/or Nurse Coroner.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Nursing Nursing

NURS 650 - Art & Sci of Adv Nursing

NURS 650 - Art & Sci of Adv Nursing

6 Credit Hours

This course prepares the student to integrate knowledge from all previous courses emphasizing the interrelatedness of the mind, body, and spirit. Emphasis is placed on advanced nursing assessment of the whole person including physiologic, psychological, cultural, social/family, spiritual and quality of life impact due to illness. Acute critical illness, chronic illness, and end of life care models are studied. Emphasis is on preservation of physiologic, psychological, and sociocultural integrity and human dignity of persons and families. Evidence-based practice models are used to identify the best practice in the care of the complex client and family.

Prerequisites: NURS560 and NURS562 and NURS563 and NURS564 and NURS565

Co-requisites: NURS651

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be assigned one of the following Student Attributes: MIDAS Nursing Program

Levels: Graduate

College of Nursing Nursing

NURS 651 - Art & Sci Adv Nurs Practicum

NURS 651 - Art & Sci Adv Nurs Practicum

3 Credit Hours

This course provides students intense opportunities to collect a holistic comprehensive health history and perform a holistic health assessment for individuals from diverse heritages across the lifespan and experience in recording and communicating a comprehensive health history. Students participate in the safe and holistic care of complex clients and manage and coordinate culturally competent client/family centered care within the interprofessional team. Holistic assessment, intervention, and evaluation are emphasized. There is opportunity to practice as a holistic nurse by honoring a client's journey through truly knowing, partnering, and being present with that client. Students utilize evidence-based practice to select the best practice in the care of the complex client.

Prerequisites: NURS560 and NURS562 and NURS563 and NURS564 and NURS565

Co-requisites: NURS650

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be assigned one of the following Student Attributes: MIDAS Nursing Program

Levels: Graduate

College of Nursing Nursing

NURS 652 - Art & Sci of Psych Nursing

NURS 652 - Art & Sci of Psych Nursing

2 Credit Hours

The course will focus on facilitating holistic health outcomes in individuals experiencing psychiatric mental health-illness transitions. Focuses on evidence-based therapeutics utilized to assist individuals in achieving optimum mental health outcomes within a safe milieu.

Prerequisites: NURS560 and NURS562 and NURS563 and NURS564 and NURS565

Co-requisites: NURS653

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be assigned one of the following Student Attributes: MIDAS Nursing Program

Levels: Graduate

College of Nursing Nursing

NURS 654 - Advanced Pharmacology

NURS 654 - Advanced Pharmacology

2 Credit Hours

This course assumes knowledge of basic pharmacology and focuses on advanced pharmacology and the role of the clinical nurse leader on pharmacotherapeutics. Advanced clinical application of drug therapy and concepts relating to the mechanisms of drug actions, interactions, and adverse reactions, including immunologic-idiosyncratic-allergic drug responses will be explored. Emphasis is on pharmacotherapeutics and cultural/ethnic considerations. Current pharmacologic research is also incorporated in the course.

Prerequisites: NURS560 and NURS562 and NURS563 and NURS564 and NURS565

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be assigned one of the following Student Attributes: MIDAS Nursing Program

Levels: Graduate

College of Nursing Nursing

NURS 656 - Advanced Pathophysiology

NURS 656 - Advanced Pathophysiology

2 Credit Hours

This course is a continuation of NURS 554 Essentials of Pathophysiology. Emphasis is on Advanced Pathophysiology. Bedside problem-solving as it relates to adverse effects and illnesses in persons having acute, chronic and long-term health care problems are discussed. Knowledge of pathophysiology is used to predict illness progression and response to therapy which is used to guide and teach patients and families regarding care.

Prerequisites: NURS560 and NURS562 and NURS563 and NURS564 and NURS565

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be assigned one of the following Student Attributes: MIDAS Nursing Program

Levels: Graduate

College of Nursing Nursing

NURS 658 - Advanced Clinical Pharmacology

NURS 658 - Advanced Clinical Pharmacology

3 Credit Hours

This course assumes basic knowledge of pharmacology and focuses on advanced pharmacology and the role of the clinical nurse leader on pharmacotherapeutics. Advanced clinical application of drug therapy and concepts relating to the mechanisms of drug actions, interactions, and adverse reactions, including immunologic-idiosyncratic-allergic drug responses will be explored. Emphasis is on pharmacotherapeutics and cultural/ethnic considerations. Current pharmacologic research is also incorporated in the course.

College of Nursing Nursing

NURS 660 - Adult Learners HC Academia

NURS 660 - Adult Learners HC Academia

3 Credit Hours

This course provides a framework for facilitating learning and understanding the adult learner within academia and the healthcare environment. It explores theoretical foundations, principles for teaching/learning, factors that impact readiness to learn, tips for on-line teaching, and how to create learning objectives.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Nursing Nursing

NURS 662 - Adv Technology & Simulation

NURS 662 - Adv Technology & Simulation

2 Credit Hours

This course is designed for the educator who will be incorporating human patient simulation into educational programs. The course investigates the use of simulation training in health care, capabilities of human patient simulators and programming skills and techniques. The course will lead participants to understand how to implement simulation training into current and new educational opportunities.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Nursing Nursing

NURS 664 - Teaching Strategies

NURS 664 - Teaching Strategies

2 Credit Hours

This course provides the student with information concerning the selection and utilization of pertinent teaching strategies that can be used with adult learners pursuing knowledge within the healthcare environment. The student will obtain knowledge concerning how these teaching strategies can be used in this endeavor as well as the advantages and disadvantages of each. Selection of appropriate teaching strategies will be explored in relationship to learning styles and information to be presented. Evaluation means to ascertain the effectiveness of each strategy will also be presented.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Nursing Nursing

NURS 670 - Curr Assess Plan Dev Eval

NURS 670 - Curr Assess Plan Dev Eval

3 Credit Hours

This course provides the student with necessary information needed to pursue the nurse educator role. After completion of this course, the student will be able to function as either an academic nursing faculty member or a corporate/staff nurse educator. Roles and responsibilities of nurse educators will be addressed. These responsibilities include teaching; service; scholarship; curriculum planning; curriculum/educational offering development; maintaining records; mentoring; student advising; student accommodation; application for continuing education; implementing and educational offering/didactic content; test development; and evaluation of educational offerings, students/staff, courses, and programs.

Prerequisites: NURS664 and NURS660

NURS 752 - Com Nurs/Pub Hlth Policy

NURS 752 - Com Nurs/Pub Hlth Policy

4 Credit Hours

Provides students with exploration of the four key nursing modes in the community: community-oriented nursing practice, public health nursing, community health nursing practice and, community-based nursing practice. Promotion of health, prevention of disease in the context of a culturally diverse population is studied. Equally emphasized are the effects of changing governmental roles and structures on healthcare and the nurse's role in the political process with the goal of nurses shaping nursing practice. The nature of ethical problems, care of the environment and the role of holistic nursing in health care reform is discussed. Use of the nursing process to assess aggregates and communities, and to intervene through health education, advocacy, and with epidemiologic methods is emphasized.

Prerequisites: NURS650 and NURS651 and NURS652 and NURS653 and NURS654 and NURS656

NURS 754 - Ldrshp/Management Concepts

3 Credit Hours

This course focuses on leadership and management concepts that are essential for holistic nurse leaders at various levels throughout the healthcare organization. The focus is to prepare holistic nurse leaders for collaborative practice in complex healthcare organizations through examination and application of effective leader behaviors.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Nursing Nursing

NURS 756 - Advanced Health Assess RN

NURS 756 - Advanced Health Assess RN

3 Credit Hours

This course prepares nurses to conduct and communicate accurately comprehensive holistic, health assessments for clients and families across the lifespan. The students will learn how to perform, organize, analyze and document complete physical, psycho-social assessments. As part of health assessment the student will identify pertinent health and potential health issues including the cultural, occupational, and environmental factors integral to those issues. The student will define appropriate health preventive and maintenance strategies to address common and complex health care concerns within an evidence-based practice framework. In addition to didactic and online discussions, students will practice advanced physical assessment skills in simulation laboratories and clinical setting under the guidance of preceptors.

Prerequisites: NURS680

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

NURS 764 - Administrative Informatics

NURS 764 - Administrative Informatics

3 Credit Hours

The focus of this course is to prepare holistic nurse leaders to analyze current and emerging technologies within a microsystem and mesosystem that support safe practice environments, optimize patient safety, reduce risk and promote desired clinical outcomes. Integrate administrative decision making within an informatics systems lifecycle model. Technology policies and procedures that incorporate ethical, administrative and complexity principles for regulatory, accreditation and payer requirements will be critiqued.

NURS 770 - Primary Care Fam Pract Role

NURS 770 - Primary Care Fam Pract Role

3 Credit Hours

This course is foundational to the Family Nurse Practitioner curriculum. Within this course the student will utilize family and holistic theories needed to provide family-centered nursing care to families across the life span. This course will prepare the student to assist the family in improving or maintaining health for all members in diverse populations. Other key principles to be examined are the impact of acute/chronic or common illnesses on the family and methodologies used to promote self-care within families, particularly with family members with disabilities. Students will be prepared to provide holistic care to families experiencing transition across the lifespan. The impact of professional organizations, key leadership and management principles will be examined in relation to the care provided within a complex global healthcare area. Students must be admitted to the FNP track in order to enroll in this course.

Prerequisites: NURS501 and NURS502

Levels: Graduate

NURS 772 - Women's and Family Health Care

NURS 772 - Women's and Family Health Care

3 Credit Hours

The purpose of this course is to prepare the Family Nurse Practitioner student to provide holistic family-centered, community-based care to families including a focus on the specific periods of transition during the childbearing years. Key psychosocial influences will be examined related to care provided for women and men in the context of reproductive health, a complex healthcare system, and the wider global community. Focused areas of study will include relevant reproductive physiology, advanced physical assessment, the range of concerns specific to women's health including the pharmacodynamics and pharmacokinetics that can affect pregnant, lactating women and their infants. Students will engage in comprehensive assessment, development of differential diagnosis and management of common health variations including appropriate prescription medications. The course will prepare the student to work collaboratively with other interprofessional healthcare providers to provide family-centered primary, secondary and tertiary prevention to childbearing families across the lifespan. Students will explore the components of an artistic nursing practice to the family throughout their childbearing years while considering an Ignatian and holistic worldview.

NURS 855 - CNL Leadership Scholarly Proj

NURS 855 - CNL Leadership Scholarly Proj

2 Credit Hours

This course requires the student to demonstrate mastery of the knowledge and behaviors expected of a clinical nurse leader. This course is the implementation and evaluation of an outcomes study that addresses a quality and safety patient care delivery issue proposed in a previous course. The outcome of this course is the scholarly project presented by the student as a demonstration of their scholarly progression through their course of study. Project management skills are demonstrated as the CNL provides leadership for ensuring interprofessional and holistic care for individual and community clients. As a capstone course, demonstration of synthesis of previous course work is expected.

Co-requisites: NURS853

Levels: Graduate

College of Nursing Nursing

NURS 857 - Lead Prac & Scholar Project

NURS 857 - Lead Prac & Scholar Project

6 Credit Hours

This course is designed for synthesis and application of theory and principles from all previous courses, with particular emphasis on the role of the Clinical Nurse Leader in clinical practice and in the completion of a scholarly project. As an experiential course, it is designed for application and immersion of the student into the practice of a registered nurse as well as the practice of the Clinical Nurse Leader with oversight by partner facility preceptors. As a capstone course, the student will be required to demonstrate mastery of the knowledge and behaviors expected of a registered nurse as well as a Clinical Nurse Leader. Professional nursing concepts include CNL competencies, holism, ethics, quality, safety, and interprofessional collaboration for individuals and communities. The scholarly project, focused within a microsystem, may include but is not limited to: conducting an outcomes focused project, implementing an evidence based practice strategy, or providing an innovative solution to care delivery.

Restrictions: Must be assigned one of the following Student Attributes: MIDAS Nursing Program

Levels: Graduate

College of Nursing Nursing

NURS 864 - Epidemiologic Methods

NURS 864 - Epidemiologic Methods

3 Credit Hours

Principles and biostatistical methods used in the study of the distribution and determinants of injury and disease through the interaction of environment and genetics in human populations (HP2020) are presented for use in the holistic development, implementation, and evaluation of primary, secondary and tertiary preventive and acute health care services in a variety of settings. Resources for epidemiological investigations within organizations and communities are introduced. Opportunities are provided to use the epidemiological and biostatistical methods of reasoning for determining causal inferences about the distribution and determinants of injury and disease (HP2020). Evidence-based innovative and evaluative health care delivery plans for clinical prevention and population health are developed using epidemiological and biostatistical data.

Prerequisites: NURS502

Restrictions: Must be enrolled in one of the following Levels: Graduate

Course Attributes: Population Health

Levels: Graduate

College of Nursing Nursing

NURS 900 - DNP Foundations

NURS 900 - DNP Foundations

3 Credit Hours

This course is foundational to the Doctor of Nursing Practice (DNP) curriculum and facilitates the dynamic interplay that will occur throughout the curriculum between faculty and students as they progress on their journey of discovery. The goal of this course is to build a comprehensive perspective for students regarding the DNP role and its function within the complexities of present and future health care and the wider global community. The scientific and philosophical underpinnings of the discipline will be examined along with traditional and contemporary conceptual models. Students will explore the components of an ethical and artistic nursing practice while considering an Ignatian and holistic worldview.

Restrictions: Must be enrolled in one of the following Programs: Doctor of Nursing Practice Doctor of Nursing Practice

Levels: Graduate

College of Nursing Nursing

NURS 902 - Adv Evidence Based Practice

NURS 902 - Adv Evidence Based Practice

3 Credit Hours

As a course that supports an essential element of advanced nursing practice within the Doctor of Nursing Practice curriculum, the goal of the course is to provide an opportunity to explore frameworks within which to examine translation of evidence into nursing practice. Critical appraisal of scholarly literature for support of best practices will be a focus of the course. Synthesis of knowledge using theories, models, and strategies for translating evidence into practice within a holistic, ethical, and artful nursing practice will continue the focus of the course within which translational science is explored. Students will integrate systems thinking with innovations that support positive patient care outcomes. Exploring the transformation of a culture that will accept proposed changes in practice is also component of the course.

Prerequisites: NURS900 and NURS904

Restrictions: Must be enrolled in one of the following Programs: Doctor of Nursing Practice

Levels: Graduate

College of Nursing Nursing

NURS 903 - Leadership in Complex Systems

NURS 903 - Leadership in Complex Systems

4 Credit Hours

This course is designed to enhance leadership skills to strengthen practice and health care delivery to individuals and populations. Care delivery models in complex healthcare systems will be explored from a framework of contemporary nursing science that is consistent with ethical, holistic nursing and healthcare goals to eliminate health disparities and lead changes that will promote safety and quality outcomes. The course will encompass in-depth analysis of select concepts or topics using an analytic framework, including advanced communication and collaboration skills, innovation and quality.

Prerequisites: NURS900

Restrictions: Must be enrolled in one of the following Programs: Doctor of Nursing Practice

Levels: Graduate

College of Nursing Nursing

NURS 904 - Application Adv Research

NURS 904 - Application Adv Research

3 Credit Hours

This course prepares the doctor of nursing practice student with the knowledge and skills of advanced research design and statistical methods for the translations of research to practice. A holistic approach to nursing care within an evidence based practice framework serves as the context to understand advanced qualitative and quantitative research design and appropriate analysis of healthcare data. The ethics of clinical research will be considered from a Jesuit tradition perspective.

Restrictions: Must be enrolled in one of the following Programs: Doctor of Nursing Practice

Levels: Graduate

College of Nursing Nursing

NURS 905 - Healthcare Fin and Econ

NURS 905 - Healthcare Fin and Econ

4 Credit Hours

This course is designed to prepare the holistic nurse leader with the business, financial, and dialogue acumen needed for the analysis of practice quality, risks, and costs. Changes in financial structures required to support practice will be explored. Economic and ethical principles and perspectives in healthcare will be discussed in relationship to care delivery models. Budgets for practice initiatives will be examined.

Restrictions: Must be enrolled in one of the following Programs: Doctor of Nursing Practice

Levels: Graduate

College of Nursing Nursing

NURS 906 - Informatics for Adv Nurs Pract

NURS 906 - Informatics for Adv Nurs Pract

3 Credit Hours

This course builds upon knowledge of healthcare technologies and the management of individual and aggregate level data. Leadership, knowledge, project management, and technical skills are applied within an interprofessional healthcare environment to select, use and evaluate population based healthcare information systems. Programs that evaluate and monitor outcomes of care, quality improvement, consumer use of healthcare information systems, and patient care technology will be analyzed. Legal, ethical, global, holistic and interprofessional considerations will be emphasized.

Restrictions: Must be enrolled in one of the following Programs: Doctor of Nursing Practice

Levels: Graduate

College of Nursing Nursing

NURS 907 - Eval & Analysis of Outcomes

NURS 907 - Eval & Analysis of Outcomes

4 Credit Hours

This course will provide a framework for developing evaluation and analysis of population health outcomes. It will assist the student to develop skills in planning, measuring,

and testing change for the purpose of improvement in nursing practice, patient experience, and value. Students will utilize tools for evaluation of variation in systems and learn to recognize and interpret patterns in data that demonstrate a change has occurred. Included will be the application of research/evaluation methods for appropriately collecting and analyzing data for the purpose of improving the practice environment toward the formation of a holistic and ethical healthcare system.

Prerequisites: NURS902

Restrictions: Must be enrolled in one of the following Programs: Doctor of Nursing Practice

Levels: Graduate

College of Nursing Nursing

NURS 908 - Health Care Policy

NURS 908 - Health Care Policy

3 Credit Hours

This course is designed to provide a framework with which to examine health policy issues and better comprehend the policy-making process at all levels, including institutional, local, state, regional, federal and international levels. Health policy issues related to ethics, social determinants as well as healthcare delivery regulation and financing are addressed. The leadership role as an advocate influencing health policy formation is explored. Emphasized are skills for analyzing policy processes and engaging in politically competent actions for the transformation of a holistic and ethical healthcare system which meets the needs of the public and the nursing profession.

Restrictions: Must be enrolled in one of the following Programs: Doctor of Nursing Practice

Levels: Graduate

College of Nursing Nursing

NURS 910 - Scholar of Adv Applic & Innov

NURS 910 - Scholar of Adv Applic & Innov

3 Credit Hours

This course explores the activities that link scholarship and population health practice including grant-writing, institutional review board (IRB) process, writing for publication, and scholarly dissemination through publications and presentations. Emphasis will be placed on holistic skills to synthesize information from a variety of sources to support innovation and on clear and articulate presentation of ideas. Students will learn to use transformative leadership strategies to critically analyze their work, reflect on the work, and determine their scholarly contributions to the body of nursing knowledge particularly in regards to population health.

Restrictions: Must be enrolled in one of the following Programs: Doctor of Nursing Practice

Levels: Graduate

College of Nursing Nursing

NURS 911 - DNP Project Immersion I

NURS 911 - DNP Project Immersion I

3 Credit Hours

This course provides an opportunity for students to apply population health leadership skills in a practice setting by planning the implementation and evaluation of a scholarly DNP project. Students develop a project proposal in collaboration with organizational stakeholders and a faculty mentor. The practice based project proposal builds upon foundations in evidence translation and implementation science acquired from previous coursework.

Prerequisites: NURS900 and NURS902 and NURS903 and NURS904 and NURS905 and NURS906 and NURS907 and NURS908 and NURS910

Restrictions: Must be enrolled in one of the following Programs: Doctor of Nursing Practice

Levels: Graduate

College of Nursing Nursing

NURS 915 - DNP Project Immersion II

NURS 915 - DNP Project Immersion II

3 Credit Hours

Doctoral candidates for the DNP in population health leadership degree implement an approved project plan in a clinical immersion setting in this second of three scholarly project courses. This course focuses on ethical principles in data collection, data security, and privacy. Continued collaboration with organizational stakeholders provides an opportunity for leadership of clinical scholarship initiatives. The scholarly project plan is implemented after completion of the institutional review board process. Students begin the collection and analysis of data for evaluation of the project plan in this course.

Prerequisites: NURS911

Restrictions: Must be enrolled in one of the following Programs: Doctor of Nursing Practice

Levels: Graduate

College of Nursing Nursing

NURS 917 - DNP Project Immersion III

NURS 917 - DNP Project Immersion III

3 Credit Hours

Implementation and evaluation of an approved project plan is completed in the third of three scholarly project courses. Candidates for the DNP in population health leadership degree continue immersion in a clinical practice setting to complete the collection and analysis of data and to report results to organizational stakeholders. Reporting and dissemination of clinical scholarship is the focus of this course.

Prerequisites: NURS915

Restrictions: Must be enrolled in one of the following Programs: Doctor of Nursing Practice

Levels: Graduate

College of Nursing Nursing

OCTD 502 - Occupational Science

OCTD 502 - Occupational Science

3 Credit Hours

History of occupational science including its role in informing occupational therapy practice. Introduction to the Occupational Therapy Practice Framework, including meaning of and dynamic interplay between aspects of domains in health promotion and disease prevention. Introduction to analysis, adaptation, and grading of the Domains.

Co-requisites: OCTD501, OCTD505, OCTD508, OCTD510, OCTD512

Levels: Graduate

College of Professional Sci Occupational Therapy

OCTD 508 - Occupational Therapy Theory

OCTD 508 - Occupational Therapy Theory

3 Credit Hours

Overview of theoretical constructs that inform occupational therapy practice with focus on process of theory development, analysis, critique, and evaluation. Emphasis on occupation-based models of practice and frames of reference, and clinical reasoning for decision making in practice.

Co-requisites: OCTD501, OCTD502, OCTD505, OCTD510, OCTD512

Restrictions: Must be enrolled in one of the following Programs: Occupational Therapy Doctorate

Levels: Graduate

College of Professional Sci Occupational Therapy

OCTD 510 - Therapeutic Skills

OCTD 510 - Therapeutic Skills

2 Credit Hours

Introduction to Kinesiology. Skill development and proficiency demonstration of techniques covered in OCTD 510.

Co-requisites: OCTD501, OCTD502, OCTD505, OCTD508, OCTD512

Restrictions: Must be enrolled in one of the following Programs: Occupational Therapy Doctorate

Levels: Graduate

College of Professional Sci Occupational Therapy

OCTD 512 - Therapeutic Skills Lab

OCTD 512 - Therapeutic Skills Lab

2 Credit Hours

Introduction to Kinesiology. Skill development and proficiency demonstration of techniques covered in OCTD 510.

Co-requisites: OCTD501, OCTD502, OCTD505, OCTD508, OCTD510

Restrictions: Must be enrolled in one of the following Programs: Occupational Therapy Doctorate

Levels: Graduate

College of Professional Sci Occupational Therapy

PAEA 600 - Philosophy & Public Affairs

PAEA 600 - Philosophy & Public Affairs

3 Credit Hours

This course examines critical questions in the fields of public and environmental affairs from a philosophical perspective, with particular attention to liberalism as a political and philosophical tradition and questions of justice, fairness and equity in political and social systems.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate Undergraduate

College of Arts & Sciences Interdisciplinary Studies

PHIL 100 - Ethics as Intro to Philosophy

PHIL 100 - Ethics as Intro to Philosophy

3 Credit Hours

An introduction to philosophical thought by way of Plato's Republic and other readings in moral philosophy. Special emphasis on justice.

Levels: Undergraduate

College of Arts & Sciences Philosophy

PHIL 200 - Philosophical Perspectives

PHIL 200 - Philosophical Perspectives

3 Credit Hours

An investigation of fundamental human questions by way of classic works of philosophy.

Prerequisites: PHIL100 or CORE105

Course Attributes: Philosophy Perspectives

Levels: Undergraduate

College of Arts & Sciences Philosophy

PHIL 290 - Theory of Knowledge

PHIL 290 - Theory of Knowledge

3 Credit Hours

An introduction to philosophical questions regarding knowledge, truth, and science by way of Descartes's Discourse on Method and other texts.

Prerequisites: Undergraduate level PHIL100 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 300 - Origins of Philosophy

PHIL 300 - Origins of Philosophy

3 Credit Hours

A study of the revolution in thought which created philosophy and science in ancient Greece. Pre-socratic philosophers and Sophists.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 301 - Ancient Philosophy

PHIL 301 - Ancient Philosophy

3 Credit Hours

A survey of Ancient Greek Philosophy, with emphasis on Plato and Aristotle.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 302 - Medieval Christian Philosophy

PHIL 302 - Medieval Christian Philosophy

3 Credit Hours

A survey of the central medieval Christian philosophers from Augustine to Ockham.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 303 - Hellenistic Philosophy

PHIL 303 - Hellenistic Philosophy

3 Credit Hours

A survey of the major Hellenistic Schools in their historical context, including Epicureanism, Stoicism, Skepticism, and Neo-Platonism.

Prerequisites: (PHIL100 or CORE105) and (PHIL200 or PHIL290)

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 304 - Early Modern Philosophy

PHIL 304 - Early Modern Philosophy

3 Credit Hours

Seventeenth and eighteenth century philosophers; conflict of ancients and moderns; response of moderns to each other on system, nature, knowledge, method, morals.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 305 - Contemporary Philosophy

PHIL 305 - Contemporary Philosophy

3 Credit Hours

A treatment of philosophical movements and issues in the new millennium.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 306 - 20th Cent Continental Phil

PHIL 306 - 20th Cent Continental Phil

3 Credit Hours

One or more of the important continental philosophical movements in the twentieth century, such as phenomenology, existentialism, Marxism, post-structuralism.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 307 - 20th Century Analytic Phil

PHIL 307 - 20th Century Analytic Phil

3 Credit Hours

An examination of the movements in analytic philosophy of the past century, including the rise of logical and linguistic analysis and logical positivism.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 308 - Late Modern Philosophy

PHIL 308 - Late Modern Philosophy

3 Credit Hours

Nineteenth century philosophers. A study of the primary sources from Hegel to Nietzsche, with emphasis on continental philosophy and the consequences of Kant's thought.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 309 - Medieval Islamic Phil & Influe

PHIL 309 - Medieval Islamic Phil & Influe

3 Credit Hours

The course treats the main figures in the \201Cgolden age\201D of Islamic philosophy, namely, Al-Farabi, Ibn Sina (Avicenna), Al-Ghazali, and Ibn Rush\2019d (Averroes). It also examines how their philosophies influenced and were developed by medieval Jewish and Christian thought.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 310 - Existentialism

PHIL 310 - Existentialism

3 Credit Hours

A study of authors such as Kierkegaard, Dostoyevsky, Nietzsche, Unamuno, Jaspers, Heidegger, Sartre, Marcel, and Camus who have investigated what it means to be an existing individual.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 311 - Logic

PHIL 311 - Logic

3 Credit Hours

An introduction to formal logic (the study of necessary or deductive reasoning) in historical context. Both classical syllogistic logic and modern symbolic logic will be examined in connection with broader philosophical questions about the nature of thought, language, and reality.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 315 - Philosophy of Religion

PHIL 315 - Philosophy of Religion

3 Credit Hours

Study of classic philosophical texts on religion, addressing topics such as philosophical criticisms of religious belief, attempts to prove God's existence, the problem of evil, the problem of divine foreknowledge and human freedom, and religious language.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 317 - Philosophy of Human Nature

PHIL 317 - Philosophy of Human Nature

3 Credit Hours

The principal philosophical topics relating to the nature of the human being, such as life, intellection, freedom, personhood, and community.

Prerequisites: (PHIL100 or CORE105) and THEO111 and (PHIL290 or PHIL200)

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 318 - Philosophy of Sex

PHIL 318 - Philosophy of Sex

3 Credit Hours

The course will focus on whether there is a natural purpose or teleology to human sexuality, and, if so, what it is. Is there a natural hierarchy of goods to be gained from human sexuality, or are all pleasures from human sexuality equal? The course will be divided into two parts: a naturally teleological view of sexuality in Plato, Aristotle and Aquinas; a non-teleological view of human sexuality in Freud, Firestone and Foucault; the non-teleological view will be introduced by passages from Descartes that were read in the PHIL 200 course.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 319 - Reason and Desire

PHIL 319 - Reason and Desire

3 Credit Hours

A consideration of different conceptions of human desire in Classical and Modern philosophers. Among the questions to be addressed are the general relation between reason and desire, whether we can act from reason instead of from desire, and whether we can, or should, control what desires we have.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 320 - Philosophy of Science

PHIL 320 - Philosophy of Science

3 Credit Hours

A study of philosophical problems arising out of the presuppositions, methods and results of the natural sciences, focusing particularly on the effectiveness of science as a means for obtaining knowledge.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 321 - Business Ethics

PHIL 321 - Business Ethics

3 Credit Hours

Case studies of several critical issues in business, analyzed according to the contemporary context and ethical principles.

Prerequisites: (PHIL100 or CORE105) and (THEO111 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 323 - Markets & Morals

PHIL 323 - Markets & Morals

3 Credit Hours

This course will explore the philosophical, especially the ethical, foundations of modern commerce and economics, raising questions about the limits, advantages and disadvantages of "market" forces in social life. We explore how thinkers such as Mandeville, Hume, Smith, Ricardo, and Malthus apply the concept of a market to topics such as manners, currency, trade, scientific invention, education, land use, population, national defense and religion.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 328 - Existentialist Phenomenology

PHIL 328 - Existentialist Phenomenology

3 Credit Hours

This course examines the origins of the rigorous description of existential phenomena - including perception, knowledge, passivity, the body, finitude, death, and intersubjectivity - in the early 20th century phenomenological tradition of its founder Edmund Husserl and his student Martin Heidegger. Then the mid-20th century French existentialist appropriation of these phenomenological themes will be critically studied in some of the shorter works of, among others, Jean-Paul Sartre and Maurice Merleau-Ponty.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 329 - Bioethics

PHIL 329 - Bioethics

3 Credit Hours

Moral issues arising in health care delivery, including social policy as well as clinical problems.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

PHIL 331 - Philosophy and Literature

PHIL 331 - Philosophy and Literature

3 Credit Hours

This course explores the relation between philosophy and literature, and the way they shape our worldview. It includes the study of philosophical interpretations of various literary genres.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

PHIL 333 - Phil Art-Beauty (Aesthetics)

PHIL 333 - Phil Art-Beauty (Aesthetics)

3 Credit Hours

Principal theories of beauty and contemplation, of art and creative intuition, of truth and symbolism of works of art.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

PHIL 338 - Enlightenment & Revolution

PHIL 338 - Enlightenment & Revolution

3 Credit Hours

Evaluates the nature of political revolutions by examining the political thought preceding the French Revolution. Specific attention is paid to the meaning of revolution as a means of political change and the role of justification of violence.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

PHIL 339 - Revolution & Its Aftermath

PHIL 339 - Revolution & Its Aftermath

3 Credit Hours

This course explores the theoretical articulation and response to the American and French Revolutions, paying attention to how modern political thought emerges as a dialogue about the meaning of these revolutions.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 340 - Metaphysics

PHIL 340 - Metaphysics

3 Credit Hours

Metaphysics is the science that investigates what it means to be or exist. This course will examine the nature of metaphysics, and the role it has played in the history of philosophy. Majors and minors only.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 341 - Philosophy of Time

PHIL 341 - Philosophy of Time

3 Credit Hours

What is time? How is it related to change, space, and the human mind? Authors read may include Aristotle, Augustine, Kant, and Heidegger.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 342 - German Idealism

PHIL 342 - German Idealism

3 Credit Hours

Study of major late eighteenth and early nineteenth century German philosophers, such as Fichte, Schelling, and Hegel. Kant may be presented as background to these thinkers. Major topics may include nature, freedom, and history.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 343 - History of Ethics

PHIL 343 - History of Ethics

3 Credit Hours

Survey of the ethical theories of the ancient philosophers, of the Christian appropriation, rejection and/or development of these theories, and the relation of these theories to the distinctively modern types of ethics.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 344 - Chinese Philosophy

PHIL 344 - Chinese Philosophy

3 Credit Hours

Focus on some early works of three main philosophical schools in Chinese philosophy: Confucianism, Taoism, and Zen (Ch'an) Buddhism. Other schools will be compared to these three main schools and some later developments will also be mentioned.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Asian Studies Minor, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 346 - The Scottish Enlightenment

PHIL 346 - The Scottish Enlightenment

3 Credit Hours

Explores the work of several 18th-century Scottish thinkers, with particular focus on the moral, political, and economic aspects of this distinct tradition of thought. Philosophers covered will include Hutcheson, Hume, Smith, and Reid.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 348 - God & Nature in Amer Phil

PHIL 348 - God & Nature in Amer Phil

3 Credit Hours

A study of the concepts of God, religious experience, and the relation between the divine and the natural in American philosophy, with emphasis on thinkers such as Edwards, Emerson, Thoreau, James, Royce, and Dewey.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 351 - Italian Philosophy

PHIL 351 - Italian Philosophy

3 Credit Hours

The main conceptual currents in the history of Italian philosophy through representative texts. Topics may include the epistemological role of the imagination as well as theories of history and politics, in such thinkers as Machiavelli, Vico, and Croce.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 354 - Classical American Philosophy

PHIL 354 - Classical American Philosophy

3 Credit Hours

A study of distinctive American philosophical movements of the nineteenth and twentieth centuries.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 355 - Foundations of Critical Theory

PHIL 355 - Foundations of Critical Theory

3 Credit Hours

An examination of the philosophical foundations of critical theory through the writings of its theoretical forerunners and representatives. Topics for consideration include philosophical conceptions of society, nature, power, oppression, justice, freedom, and art.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 357 - Natural Law & Int'l Relations

PHIL 357 - Natural Law & Int'l Relations

3 Credit Hours

This course takes a historical approach to the philosophical foundations of international law. Focused on the 17th and 18th centuries, readings include Grotius, Hobbes, Pufendorf, Vattel, and Kant.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 359 - Philosophy & Slavery

PHIL 359 - Philosophy & Slavery

3 Credit Hours

A philosophical exploration of the nature of enslavement and its moral and political dimensions. Readings may include texts by Aristotle, Locke, Hegel, Douglass, and Nietzsche.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Diversity Flag, ERS Focus Elective, Gender & Diversity Studies, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 360 - Social Contract Theory

PHIL 360 - Social Contract Theory

3 Credit Hours

This course explores the history of social contract theory as a framework for political philosophy. Readings will involve the most prominent classical formulations (Hobbes, Locke, Rousseau), critical commentary (Astell, Hume), and the influence of the contractarian tradition on later political theorizing (Kant, Rawls).

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 362 - Ancient Political Philosophy

PHIL 362 - Ancient Political Philosophy

3 Credit Hours

A study of ancient political philosophy with emphasis on classic texts of Plato and Aristotle.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 363 - Medieval Political Philosophy

PHIL 363 - Medieval Political Philosophy

3 Credit Hours

An examination of four of the principal political philosophers of the Middle Ages (Augustine, Thomas Aquinas, William of Ockham and Marsilius of Padua) focusing on two central issues: the relation of church and state within the single entity "Christendom" and the problem of the relation of law and natural right.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Catholicism & Culture Minor, ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 364 - Modern Political Philosophy

PHIL 364 - Modern Political Philosophy

3 Credit Hours

A study of the principal problems and texts of modern political philosophy starting from Machiavelli.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 366 - Aristotle

PHIL 366 - Aristotle

3 Credit Hours

Study of the main philosophical works.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 367 - Plato

PHIL 367 - Plato

3 Credit Hours

Study of selected dialogues.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 368 - Thomas Aquinas

PHIL 368 - Thomas Aquinas

3 Credit Hours

A study of Aquinas' principal philosophical texts, especially concerning the existence and nature of God, creation, the nature of the human being, and the purpose of human life.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Catholicism & Culture Minor, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 369 - St. Augustine

PHIL 369 - St. Augustine

3 Credit Hours

An introduction to the thought of St. Augustine of Hippo, one of the greatest leaders of the early Catholic Church and one of the most important figures in medieval philosophy.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 371 - C. S. Peirce

PHIL 371 - C. S. Peirce

3 Credit Hours

An investigation of some of Peirce's most important works in metaphysics, phenomenology, philosophy of science and theory of signs.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 372 - John Locke

PHIL 372 - John Locke

3 Credit Hours

A study of the philosophy of John Locke. The course will consider a range of topics, such as epistemology, psychology, education, politics, and the relations among Locke's work in these different fields.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 373 - William James

PHIL 373 - William James

3 Credit Hours

A survey of William James' major writings including selections from his landmark work in psychology, philosophy of religion, and voluntarism. The course will conclude with an examination of his later Pragmatism and Radical Empiricism, as well as a discussion of his influence upon subsequent thought in America and Europe.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 374 - Hobbes

PHIL 374 - Hobbes

3 Credit Hours

A study of major philosophical works of Thomas Hobbes.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 375 - Kant

PHIL 375 - Kant

3 Credit Hours

A study of major philosophical works of Immanuel Kant.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 376 - Hegel

PHIL 376 - Hegel

3 Credit Hours

Introduction to the philosophical system of Hegel.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 377 - Schopenhauer

PHIL 377 - Schopenhauer

3 Credit Hours

An examination of the philosophical pessimism of Arthur Schopenhauer including his central work, "The World As Will and Representation".

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 378 - Vico

PHIL 378 - Vico

3 Credit Hours

Examination of several key texts in the development of Giambattista Vico's thought, culminating in the Scienza Nuova. Themes include Vico's method, his critique of Cartesianism, his theory of history, and his rethinking of natural law.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 379 - Nietzsche

PHIL 379 - Nietzsche

3 Credit Hours

An in-depth reading of several of Nietzsche's works.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 380 - Husserl

PHIL 380 - Husserl

3 Credit Hours

A study of major works by Edmund Husserl, the father of phenomenology, such as Logical Investigations and Ideas I.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 382 - John Stuart Mill

PHIL 382 - John Stuart Mill

3 Credit Hours

A study of the philosophy of John Stuart Mill, the 19th century proponent of utilitarian ethics and liberal political theory.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 383 - Spinoza

PHIL 383 - Spinoza

3 Credit Hours

An introduction to the philosophy of Baruch Spinoza by a close reading of his most important texts, including the Ethics, the Theological Political Treatise, and the Political Treatise. The course will also attempt to understand the main themes of Spinoza's work by placing his thought in context and comparing it to the work of other philosophers, including Hobbes, Descartes, and Leibniz.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 384 - Topics In Ancient Philosophy

PHIL 384 - Topics In Ancient Philosophy

3 Credit Hours

Study of selected issues and texts in ancient thought. Focus varies. This course may be taken more than once for credit if it has a different focus each time.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 385 - Topics In Medieval Philosophy

PHIL 385 - Topics In Medieval Philosophy

3 Credit Hours

Study of selected issues and texts in medieval thought. Focus varies. This course may be taken more than once for credit if it has a different focus each time.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 386 - Topics In Modern Philosophy

PHIL 386 - Topics In Modern Philosophy

3 Credit Hours

Study of selected issues and texts in modern philosophy (17th-19th centuries). Focus varies. This course may be taken more than once for credit if it has a different focus each time.

Prerequisites: (PHIL100 or CORE105) and (PHIL200 or PHIL290)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 387 - Topics In Contemporary Phil

PHIL 387 - Topics In Contemporary Phil

3 Credit Hours

Study of selected issues and texts in contemporary philosophy (20th-21st centuries). Focus varies. This course may be taken more than once for credit if it has a different focus each time.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 388 - Freud and Philosophy

PHIL 388 - Freud and Philosophy

3 Credit Hours

Examines the thought of Sigmund Freud as a coherent philosophical worldview. Building on Freud's reconstruction of human nature, we shall examine and evaluate his views on culture, society, religion, and aggression. What is more, we shall analyze and evaluate his claim to have founded a new science. Readings will cover a selection of work from Freud's career.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 389 - Topics In Ethics

PHIL 389 - Topics In Ethics

3 Credit Hours

Study of selected issues and texts in moral theory or applied ethics. Focus varies. This course may be taken more than once for credit if it has a different focus each time.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 390 - Topics In Political Philosophy

PHIL 390 - Topics In Political Philosophy

3 Credit Hours

Study of selected issues and texts in political theory. Focus varies. This course may be taken more than once for credit if it has a different focus each time.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 391 - Heidegger

PHIL 391 - Heidegger

3 Credit Hours

Study of Heidegger's great work, Being and Time, and of his later thought.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective, Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 395 - Directed Study

PHIL 395 - Directed Study

1-3 Credit Hours

Independent study related to the field of philosophy.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 396 - Topics In Theory of Knowledge

PHIL 396 - Topics In Theory of Knowledge

3 Credit Hours

Study of selected issues and texts in epistemology. Focus varies. This course may be taken more than once for credit if it has a different focus each time.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 397 - Paris Seminar Political Theory

PHIL 397 - Paris Seminar Political Theory

3 Credit Hours

This program brings together faculty and students from a French university with students from Xavier to discuss realtions between the United States and Europe. Topics include economic policy, environmental issues, church-state relations, federalism, international relations and international law.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Course Attributes: ERS Focus Elective, Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 398 - Thesis Review I

PHIL 398 - Thesis Review I

1 Credit Hours

Preparation for writing the Senior Thesis.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200)

Restrictions: Must be enrolled in one of the following Majors: Philosophy Philos, Politics & The Public

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 399 - Thesis Review II

PHIL 399 - Thesis Review II

2 Credit Hours

A review of progress on the Senior Thesis. Graduating senior majors.

Prerequisites: (PHIL100 or CORE105) and (PHIL290 or PHIL200) and PHIL398

Restrictions: Must be enrolled in one of the following Majors: Philosophy Philos, Politics & The Public

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 404 - Topics in Contemporary Philos

PHIL 404 - Topics in Contemporary Philos

3 Credit Hours

Study of selected issues and texts in contemporary philosophy (20th-21st centuries). Focus varies. This course may be taken more than once for credit if it has a different focus each time.

Prerequisites: PHIL100 and (PHIL290 or PHIL200)

Restrictions: Must be enrolled in one of the following Majors: Philos, Politics & The Public

Course Attributes: Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences Philosophy

PHIL 408 - Topics in Theory of Knowledge

PHIL 408 - Topics in Theory of Knowledge

3 Credit Hours

Study of selected issues and texts in epistemology. Focus varies. This course may be taken more than once for credit if it has a different focus each time.

Prerequisites: PHIL100 and PHIL290

Levels: Graduate Undergraduate

PHIL 442 - Seminar in Israel

PHIL 442 - Seminar in Israel

3 Credit Hours

Media, history, even our own faith communities, tend to provide us with simple narratives that boil down complex cultures, religions and conflicts into simple headlines and tweets that leave much invisible. To understand the role of religion in democracy, to understand the philosophy and approach of pluralism, we must understand the faiths themselves, but not in simple ways. In partnership with Hebrew Union College, both in Cincinnati and Jerusalem, the Philosophy, Politics and the Public program will travel to Israel to accomplish these learning goals. This course is a required preparation for that trip, as well as covering the academic work on the trip itself.

Prerequisites: THEO111 and PHIL100

Restrictions: May not be enrolled as the following Classifications: Freshman

Course Attributes: Philosophy Perspectives, Theology Perspectives

Levels: Graduate Undergraduate

PHYS 108 - Our Universe:Environmental Phy

PHYS 108 - Our Universe:Environmental Phy

2 Credit Hours

This course will examine natural and human-induced causes affecting the environment from a physics/engineering perspective. Students will first address the way science interfaces with the climate change, energy policy and sustainability, urban infrastructure, environmental health and the impact of developing economies, and the role of technology and scientific innovation in addressing the environmental problems.

Co-requisites: PHYS109

Course Attributes: Physics Lect Old/Trans Core

Levels: Undergraduate

PHYS 109 - Our Universe:Environ Phy Lab

PHYS 109 - Our Universe:Environ Phy Lab

1 Credit Hours

Laboratory required to accompany PHYS 108.

Co-requisites: PHYS108

Course Attributes: Physics Lab Old/Trans Core

Levels: Undergraduate

PHYS 110 - Our Universe: Forensic Studies

PHYS 110 - Our Universe: Forensic Studies

2 Credit Hours

This course will explain the intriguing work of crime scene investigators from a physics standpoint. Included are techniques to find out how a crime happened, e. g. ballistics, blood pattern analysis and skid marks, and techniques to investigate traces that lead to an identification of the perpetrator like bite marks, fingerprints and body fluids.

Co-requisites: PHYS111

Course Attributes: Physics Lect Old/Trans Core, Quantitative Reason Flag Pt. 1, Scientific Perspectives Lect

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 111 - Our Universe: Forensic Lab

PHYS 111 - Our Universe: Forensic Lab

1 Credit Hours

Hands-on experiences will support the material presented in the lecture.

Co-requisites: PHYS110

Course Attributes: Physics Lab Old/Trans Core, Quantitative Reason Flag Pt. 2, Scientific Perspectives Lab

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 112 - Our Universe: Color & Images

PHYS 112 - Our Universe: Color & Images

2 Credit Hours

Fascinating introductory course on light color, mirrors, lenses, photographic film, lasers, and holograms.

Co-requisites: PHYS113

Course Attributes: Physics Lect Old/Trans Core, Nat Sci Elect Lecture New Core, Quantitative Reason Flag Pt. 1, Scientific Perspectives Lect

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 113 - Our Universe:Color&Images Lab

PHYS 113 - Our Universe:Color&Images Lab

1 Credit Hours

Laboratory required to accompany PHYS 112.

Co-requisites: PHYS112

Course Attributes: Physics Lab Old/Trans Core, Nat Sci Elect Lab New Core, Quantitative Reason Flag Pt. 2, Scientific Perspectives Lab

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 114 - Our Universe: Physical Science

PHYS 114 - Our Universe: Physical Science

2 Credit Hours

An investigation of the physical properties of matter, mechanics, electricity, and magnetism. Inquiry is the primary method of instruction in a combined lecture and laboratory. Intended for Early and Middle Childhood Education, and Montessori Education Majors with an emphasis placed on the Ohio Academic content Standards. Satisfies science core requirement.

Co-requisites: PHYS115

Restrictions: Must be enrolled in one of the following Majors: Early Childhood Education Elementary Education Middle Childhood Education Montessori Education Primary Education (P-5) Secondary Education Special Education

Course Attributes: Physics Lect Old/Trans Core, Quantitative Reason Flag Pt. 1, Scientific Perspectives Lect

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 115 - Our Universe: Physical Sci Lab

PHYS 115 - Our Universe: Physical Sci Lab

1 Credit Hours

Laboratory required to accompany PHYS 114.

Co-requisites: PHYS114

Restrictions: Must be enrolled in one of the following Majors: Early Childhood Education Elementary Education Middle Childhood Education Montessori Education Primary Education (P-5) Secondary Education Special Education

Course Attributes: Physics Lab Old/Trans Core, Quantitative Reason Flag Pt. 2, Scientific Perspectives Lab

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 116 - Our Universe: The Earth

PHYS 116 - Our Universe: The Earth

2 Credit Hours

An introductory course on earth, energy, and environmental science from a physics perspective.

Co-requisites: PHYS117

Course Attributes: ERS Focus Elective Pt. 1, Physics Lect Old/Trans Core, Nat Sci Elect Lecture New Core

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 117 - Our Universe: The Earth Lab

PHYS 117 - Our Universe: The Earth Lab

1 Credit Hours

Laboratory required to accompany PHYS 116.

Co-requisites: PHYS116

Course Attributes: ERS Focus Elective Pt. 2, Physics Lab Old/Trans Core, Nat Sci Elect Lab New Core

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 118 - Our Universe: The Sky

PHYS 118 - Our Universe: The Sky

2 Credit Hours

Introductory course in astronomy, focusing on basic astronomical phenomena, light, and the life cycle of stars including supernovae and black holes.

Co-requisites: PHYS119

Course Attributes: Physics Lect Old/Trans Core, Nat Sci Elect Lecture New Core, Quantitative Reason Flag Pt. 1, Scientific Perspectives Lect

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 119 - Our Universe: The Sky Lab

PHYS 119 - Our Universe: The Sky Lab

1 Credit Hours

Laboratory required to accompany PHYS 118.

Co-requisites: PHYS118

Course Attributes: Physics Lab Old/Trans Core, Nat Sci Elect Lab New Core, Quantitative Reason Flag Pt. 2, Scientific Perspectives Lab

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 120 - Our Universe: The Planets

PHYS 120 - Our Universe: The Planets

2 Credit Hours

The Planets (2) Introductory course in astronomy, focusing on cycles of the sky, and description, formation, and life-cycle of our Solar System and extra-solar planetary systems. Fundamentals of astronomy are included, and this course may be taken in any sequence with PHYS 118 Our Universe: The Sky, if desired.

Co-requisites: PHYS121

Course Attributes: Physics Lect Old/Trans Core

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 121 - Our Universe: The Planets Lab

PHYS 121 - Our Universe: The Planets Lab

1 Credit Hours

The Planets Laboratory required to accompany PHYS 120.

Co-requisites: PHYS120

Course Attributes: Physics Lab Old/Trans Core

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 122 - Our Universe: Renewable Energy

PHYS 122 - Our Universe: Renewable Energy

2 Credit Hours

This course introduces the basic physical principles underlying various forms of renewable energy, which is contrasted with energy from fossil fuels. The present and future use of wind, solar and hydroelectric technology in our civilization is discussed. The application to the energy use in buildings is also part of this course.

Co-requisites: PHYS123

Course Attributes: Physics Lect Old/Trans Core

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 123 - Our Universe: Renew Energy Lab

PHYS 123 - Our Universe: Renew Energy Lab

1 Credit Hours

Laboratory to accompany PHYS 122.

Co-requisites: PHYS122

Course Attributes: Physics Lab Old/Trans Core

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 124 - Our Universe: In the Beginning

PHYS 124 - Our Universe: In the Beginning

2 Credit Hours

This course explores the historical progression of our beliefs regarding the origin and structure of the universe. Specifically, the course will present and critique cosmological models put forth by Greek philosophers, medieval theologians, and modern scientists (but with the greatest emphasis placed on modern Big Bang cosmology). One of the overall goals of the course will be to show how astronomical observations were used by each of these groups to build up their view of cosmology.

Co-requisites: PHYS125

Course Attributes: Physics Lect Old/Trans Core, Nat Sci Elect Lecture New Core, Quantitative Reason Flag Pt. 1, Scientific Perspectives Lect

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 125 - Our Universe: In the Beg. Lab

PHYS 125 - Our Universe: In the Beg. Lab

1 Credit Hours

Laboratory required to accompany PHYS 124 and designed to support concepts being explored in the lecture such as motion, spectra, astronomical distances and cosmological time.

Co-requisites: PHYS124

Course Attributes: Physics Lab Old/Trans Core, Nat Sci Elect Lab New Core, Quantitative Reason Flag Pt. 2, Scientific Perspectives Lab

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 126 - Science In Art & Arch

PHYS 126 - Science In Art & Arch

2 Credit Hours

In the course, students explore both the science of art and architecture and the science depicted in art and architecture. The first part of the course focuses on engineering. Specifically, engineering principles will be explored through a study of structures such as the Pantheon, aqueducts, the Colosseum, and Brunelleschi's dome. The second part of the course focuses on astronomy. In particular, the astronomical observations that informed the Copernican revolution and the Gregorian calendar will be explored through the use of the meridian line in the Church of Santa Maria degli Angeli (in Rome), and enriched through a visit to Giordano Bruno's statue in the Campo de' Fiori and Michelangelo's The Last Judgement in the Sistine Chapel. The last part of the course will focus on physics. Basic physics principles will be used to understand numerous topics including the properties of marble that make it ideal for sculpting figures, the principles of siphons used in Roman aqueducts, and how particle

accelerators can be used to uncover hidden text in ancient writings and renaissance paintings.

Co-requisites: PHYS127

Course Attributes: Nat Sci Elect Lecture New Core, Quantitative Reason Flag Pt. 1, Scientific Perspectives Lect

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 127 - Science In Art Lab

PHYS 127 - Science In Art Lab

1 Credit Hours

This course, intended to serve the Rome program, explores both the science of art and architecture and the science depicted in art and architecture. The first part of the course will focus on engineering. Specifically, engineering principles will be explored through a study of structures such as the Pantheon, aqueducts, the Colosseum, and Brunelleschi's dome, as well as through a study of several of Leonardo da Vinci's inventions. The second part of the course will focus on astronomy. In particular, the astronomical observations that drove the Copernican revolution will be explored through the use of the meridian line in the Church of Santa Maria degli Angeli (in Rome), and enriched through a visit to Giordano Bruno's statue in the Campo de' Fiori and Michelangelo's The Last Judgement in the Sistine Chapel. The last part of the course will focus on physics. Basic physics principles will be used to understand the structural issues that put Michelangelo's David in peril and why the acoustics in Roman amphitheaters are so good (with the one in Ostia Antica serving as our laboratory). Finally, modern physics principles will be explored to understand how hidden text in ancient writings and early paintings by great masters can be uncovered using particle accelerations.

Co-requisites: PHYS126

Course Attributes: Nat Sci Elect Lab New Core, Quantitative Reason Flag Pt. 2, Scientific Perspectives Lab

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 132 - Radiologic Physics II

PHYS 132 - Radiologic Physics II

2 Credit Hours

For radiologic technology students. Energy, the structure of matter, electricity, magnetism, optics, radioactivity, and the nature and production of X-Rays.

Prerequisites: PHYS130

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 140 - Technical Physics

PHYS 140 - Technical Physics

2 Credit Hours

For students of exercise science or occupational therapy. Kinematics, Force, Momentum. Energy. Work, Power, Heat, Temperature, Waves

Co-requisites: PHYS141

Course Attributes: Physics Lect Old/Trans Core, Scientific Perspectives Lect

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 141 - Technical Physics Lab

PHYS 141 - Technical Physics Lab

1 Credit Hours

This lab accompanies PHYS 140. For students of exercise science or occupational therapy. Kinematics, Force, Momentum. Energy. Work, Power, Heat, Temperature, Waves

Prerequisites: Placement - Math 105 or Placement - Math 110 or Placement - Math 120 or Undergraduate level MATH105 Minimum grade of C- or Undergraduate level MATH110 Minimum grade of C- or Undergraduate level MATH120 Minimum grade of C-

Co-requisites: PHYS140

Course Attributes: Physics Lect Old/Trans Core

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 160 - College Physics I

PHYS 160 - College Physics I

3 Credit Hours

This algebra and trig-based course explores fundamental concepts in mechanics, including: i) kinematics; ii) force analysis; iii) conservation of energy; and iv) conservation of momentum. Strong emphasis is placed on the application of these concepts toward problem solving. Students taking this course are expected to be proficient in basic trigonometry and algebra.

Course Attributes: Physics Lect Old/Trans Core, Nat Sci Elect Lecture New Core

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 161 - Introductory Physics Lab I

PHYS 161 - Introductory Physics Lab I

1 Credit Hours

This lab course reinforces concepts from PHYS 160 through a direct, hands on exploration of forces and motion. Emphasis is placed on conceptual understanding of lecture material, data acquisition & analysis, experimental design, and effective presentation of results.

Course Attributes: Physics Lab Old/Trans Core, Nat Sci Elect Lab New Core

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 162 - College Physics II

PHYS 162 - College Physics II

3 Credit Hours

This algebra and trig-based course utilizes fundamental concepts explored in PHYS 160 toward the study of topics including: i) waves; ii) electric and magnetic phenomena; and iii) optics. Strong emphasis is placed on the application of basic principles toward problem solving and the calculation of field structures.

Prerequisites: Undergraduate level PHYS160 Minimum grade of C-

Course Attributes: Physics Lect Old/Trans Core, Scientific Perspectives Lect

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 163 - Introductory Physics Lab II

PHYS 163 - Introductory Physics Lab II

1 Credit Hours

This lab course reinforces concepts from PHYS 162 through a direct, hands on exploration of wave and electromagnetic phenomena. Emphasis is placed on conceptual understanding of lecture material, data acquisition & analysis, experimental design, and effective presentation of results.

Prerequisites: Undergraduate level PHYS161 Minimum grade of C-

Course Attributes: Physics Lab Old/Trans Core, Scientific Perspectives Lab

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 170 - University Physics I

PHYS 170 - University Physics I

3 Credit Hours

This calculus-based course explores fundamental concepts in mechanics, including: i) kinematics; ii) force analysis; iii) conservation of energy; and iv) conservation of momentum. Strong emphasis is placed on the application of these concepts toward problem solving. Students taking this course are expected to be proficient in basic trigonometry and algebra.

Course Attributes: Physics Lect Old/Trans Core, Nat Sci Elect Lecture New Core

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 171 - Explorations in Physics I

PHYS 171 - Explorations in Physics I

1 Credit Hours

This lab course reinforces concepts from PHYS 170 through a direct, hands on exploration of forces and motion. Emphasis is placed on data acquisition and analysis,

experimental design, proper notebook techniques, and effective presentation of results. A non-credit bearing component is designed to facilitate a successful student transition into the major.

Co-requisites: PHYS170

Course Attributes: Physics Lab Old/Trans Core, Nat Sci Elect Lab New Core

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 172 - University Physics II

PHYS 172 - University Physics II

3 Credit Hours

This calculus-based course utilizes fundamental concepts explored in PHYS 170 toward the study of topics including: i) simple harmonic motion; ii) waves; iii) ray and wave optics; and iv) electric and magnetic phenomena. Strong emphasis is placed on the application of basic principles toward problem solving and the calculation of field structures. The pre-requisites of PHYS 163 or PHYS 173 and MATH 170 or MATH 171 may also be taken as co-requisites. PHYS 173 should be taken by students considering a major in physics, applied physics, biophysics, or engineering physics.

Prerequisites: (Undergraduate level PHYS170 Minimum grade of C- or Undergraduate level PHYS160 Minimum grade of C-) and (MATH169 or MATH180)

Course Attributes: Physics Lect Old/Trans Core, Scientific Perspectives Lect

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 173 - Explorations in Physics II

PHYS 173 - Explorations in Physics II

1 Credit Hours

This Lab course reinforces concepts from PHYS 172 through a direct, hands on exploration of wave and electromagnetic phenomena. Emphasis is placed on data acquisition and analysis, proper notebook techniques, experimental design, and effective presentation of results. In addition, students design, construct and test a current/voltage/ohm meter.

Co-requisites: PHYS172

Course Attributes: Physics Lab Old/Trans Core, Scientific Perspectives Lab

Levels: Undergraduate

College of Arts & Sciences Physics

PHYS 206 - Adv Study Basic Physics I

PHYS 206 - Adv Study Basic Physics I

3 Credit Hours

The broad implications of the fundamental principles of general physics.

Prerequisites: Undergraduate level PHYS160 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

PHYS 207 - Adv Study Basic Physics II

PHYS 207 - Adv Study Basic Physics II

3 Credit Hours

The broad implications of the fundamental principles of general physics.

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

PHYS 242 - Circuit Analysis

PHYS 242 - Circuit Analysis

3 Credit Hours

This course significantly extends the basic principles of A. C. and D.C. circuits explored in PHYS 172 toward a more rigorous and comprehensive analysis of circuits constructed from resistors, capacitors, inductors, diodes, transistors, op. amps, and logic gates. Standard methods of analysis such as: i) Kirchhoffs rules; ii) node voltages; iii) equivalent resistance, capacitance, and inductance; iv) Thevenin's and Norton's theorems; and v) Karnaugh maps are introduced. Strong emphasis is placed on the application of these methods toward the analysis of both analog and digital circuits.

Prerequisites: MATH170 or Graduate level EDMS999

Co-requisites: PHYS243

Course Attributes: Quantitative Reason Flag Pt. 1

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

PHYS 243 - Circuit Analysis Lab

PHYS 243 - Circuit Analysis Lab

1 Credit Hours

This lab course reinforces concepts from PHYS 242 through the construction and analysis of analog and digital circuits. Students are expected to become proficient with the use of meters, function generators, and oscilloscopes, and are required to design and construct an electronic device that operates from a single-board microcontroller.

Co-requisites: PHYS242

Course Attributes: Quantitative Reason Flag Pt. 2

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

PHYS 330 - Modern Physics I

PHYS 330 - Modern Physics I

3 Credit Hours

This course explores how the experiments of the late 19th and early 20th century revolutionized our understanding of nature, and presents the basic principles of the two theories that emerged as a result- special relativity and quantum physics. The application of quantum theory toward an understanding of hydrogen-like atoms is presented. Emphasis is placed on the conceptual understanding of the course material and on the quantitative analysis of the physical systems explored in the course. The pre-requisite of MATH 171 or MATH 220 may also be taken as a co-requisite.

Prerequisites: Undergraduate level PHYS172 Minimum grade of C- and (MATH171 or MATH220)

Course Attributes: Scientific Perspectives Lect

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

PHYS 331 - Modern Physics I Lab

PHYS 331 - Modern Physics I Lab

2 Credit Hours

The lab course reinforces concepts from PHYS 330 through the performance of several classic experiments of the late 19th and early 20th century such as the photoelectric effect, e_{jm} for electrons, and the muon experiment. Students also learn techniques for obtaining atomic and X-ray spectra. The course builds on the basic experimental techniques developed in Explorations II, with emphasis on data and error analysis using computer software, proper notebook techniques, and effective presentation of results.

Prerequisites: PHYS173 or PHYS163 or ENGR173

Co-requisites: PHYS330

Course Attributes: Oral Communication Flag, Scientific Perspectives Lab

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

PHYS 340 - Modern Physics II

PHYS 340 - Modern Physics II

3 Credit Hours

This course uses the principles of quantum theory developed in PHYS 330 toward the analysis of multi-electron atoms, molecular structure, and solid-state crystal structure. The course also covers natural and artificial radioactivity, nuclear reactions, high-energy physics, and fundamental particles. Emphasis is placed on the conceptual understanding of the course material and on the quantitative analysis of the physical systems explored in the course. The pre-requisites of MATH 220 or MATH 230 may be taken as co-requisites.

Prerequisites: Undergraduate level PHYS330 Minimum grade of C- and (MATH220 or MATH230)

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

PHYS 341 - Modern Physics II Lab

PHYS 341 - Modern Physics II Lab

1 Credit Hours

This lab course reinforces concepts introduced in PHYS 340 through direct, hands on exploration of alpha and beta decays of activated sources, gamma decay of radioactive sources, and gamma-ray attenuation. Students also learn basic principles of Geiger counters, NaI and Ge detectors, and counting statistics. The course builds on the basic experimental techniques developed in PHYS 331, with emphasis on data and error analysis, experimental design, proper notebook techniques, and effective presentation of results.

Prerequisites: PHYS331

Co-requisites: PHYS340

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

PHYS 350 - Theoretical Mechanics I

PHYS 350 - Theoretical Mechanics I

3 Credit Hours

This course reinforces concepts from PHYS170 through the study of classical mechanics via the application of advanced mathematics. The course covers linear and 3D motion; oscillations (simple, damped and driven); gravitational forces; within the Newtonian and Lagrangian frameworks. Emphasis is placed on examples that use mathematical treatment of fundamental concepts.

Prerequisites: PHYS170 and MATH220

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

PHYS 351 - Theoretical Mechanics II

PHYS 351 - Theoretical Mechanics II

3 Credit Hours

Dynamics, kinematics of particles and rigid bodies, conservation of energy and momentum, inertial matrices.

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

PHYS 355 - Advanced Physics Lab

PHYS 355 - Advanced Physics Lab

2 Credit Hours

The lab experiences will complement material covered in lecture courses and/or introduce students to research grade equipment as it is used by faculty in the department. Experimental design, advanced calculus based error analysis, graphical representation of data, and effective presentation of results will be emphasized.

Prerequisites: PHYS330 and PHYS331

Course Attributes: Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

PHYS 360 - Electromagnetism I

PHYS 360 - Electromagnetism I

3 Credit Hours

This course puts the emphasis on conceptual thinking in terms of i) electric and magnetic fields; ii) electric and magnetic potentials; iii) currents and magnetic fields; iv) induction and v) Maxwell's equations in vacuum. Rigorous, higher level mathematical methods like Gauss's law, Stokes law, path integrals, polar and spherical coordinate systems will be used.

Prerequisites: PHYS172 and MATH220

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

PHYS 361 - Electromagnetism II

PHYS 361 - Electromagnetism II

3 Credit Hours

Continuation of PHYS 360.

Prerequisites: Undergraduate level PHYS360 Minimum grade of D

Co-requisites: PHYS360

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

PHYS 364 - Physical Optics

PHYS 364 - Physical Optics

3 Credit Hours

This course builds on the principles of the electromagnetic theory to develop a fundamental understanding of light waves and how they interact with matter and objects: Topics covered include: i) mathematics of wave motion; ii) the origin of the refractive index; iii) waves at interfaces; iv) wave packets; and v) diffraction. Emphasis is placed on the application of mathematical techniques such as Fourier integrals toward the solution of problems.

Prerequisites: PHYS172 and MATH220

Co-requisites: PHYS365

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

PHYS 365 - Physical Optics Lab

PHYS 365 - Physical Optics Lab

1 Credit Hours

The lab course reinforces concepts from PHYS 364 through the performance of several experiments in Physical Optics such as the optics of the eye, diffraction, Michelson's interferometer, spatial filtering as the fundamental imaging process, polarization, fiber optics, and photography or holography. Students are expected to draw from prior lab experiences so as to work in a fairly independent manner. Emphasis is placed on experimental design, teamwork, analysis of results (including calculus based error analysis), and effective presentation of results.

Co-requisites: PHYS364

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

PHYS 376 - Quantum Mechanics I

PHYS 376 - Quantum Mechanics I

3 Credit Hours

This course explores the foundations of Quantum Mechanics through a rigorous, mathematically based formalism. Solutions to Schrodinger's equation for several potential wells are presented, including the infinite and finite square well potentials, the harmonic-oscillator potential, and the Dirac delta-function potential. A matrix formalism is used to develop the theory of particle spin and its coupling to angular momentum. Emphasis is placed on mastering the mathematical techniques required for the course, and the application of those techniques toward obtaining solutions to Schrodinger's equation for various potential functions.

Prerequisites: MATH230

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

PHYS 377 - Quantum Mechanics II

PHYS 377 - Quantum Mechanics II

3 Credit Hours

This course applies the formalism developed in PHYS 376 to central potential systems, reflection and transmission, and scattering. Several techniques are introduced for obtaining approximate solutions to Schrodinger's equations for the systems being explored. Emphasis is placed on mastering the mathematical techniques required for the course, and the application of those techniques toward obtaining approximate solutions to Schrodinger's equation for various physical systems.

Prerequisites: PHYS376

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

PHYS 382 - Thermodynamics

PHYS 382 - Thermodynamics

3 Credit Hours

Starting from the ideal gas law, this course introduces the statistical interpretation of thermodynamics. Topics covered include: i) thermal energy and heat capacity, ii) entropy and irreversibility, iii) heat engines and refrigerators, and iv) Boltzmann Statistics.

Prerequisites: PHYS172 or PHYS160

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

PHYS 387 - Biophysics

PHYS 387 - Biophysics

3 Credit Hours

This is an upper division physics course introducing physical techniques used to address the complexity of biological systems.

Prerequisites: PHYS162 or PHYS172

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

PHYS 388 - Astrophysics

PHYS 388 - Astrophysics

3 Credit Hours

This course serves as a capstone course for the physics major. Emphasis is placed on applying concepts and principles of classical and modern physics developed throughout the major toward an analysis of astronomical phenomena. Topics include orbital motion, star formation and evolution, compact objects, galaxy structure and formation, and cosmology.

Prerequisites: PHYS340

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

PHYS 389 - Solid State Physics

PHYS 389 - Solid State Physics

3 Credit Hours

This course serves as a capstone course for the physics major. Emphasis is placed on applying concepts and principles of classical and modern physics developed throughout the major toward an analysis of structural, thermal, electrical, and magnetic properties of matter in solid state. Topics include crystallography, specific heat, phonons, band theory, Fermi surfaces, and superconductivity .

Prerequisites: PHYS340

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

PHYS 390 - Special Studies

PHYS 390 - Special Studies

3 Credit Hours

Area to be specified.

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

PHYS 395 - Physics Research

PHYS 395 - Physics Research

1-3 Credit Hours

The senior capstone experience provides students with an opportunity to undertake an independent and creative exploration of a topic in physics that is of interest to them under the guidance of a faculty mentor. This exploration can be a new endeavor, or the continuation of an ongoing project in which the student has been involved.

Restrictions: Must be enrolled in one of the following Majors: Applied Physics Biophysics Physics Must be enrolled in one of the following Classifications: Senior

PHYS 397 - Special Readings

1-3 Credit Hours

Area to be specified.

Levels: Graduate Undergraduate

College of Arts & Sciences Physics

PHYS 398 - Physics Thesis

PHYS 398 - Physics Thesis

1 Credit Hours

This senior capstone experience provides students with an opportunity to present the results of their senior research project to the Xavier community. Specifically, students are required to present a talk to members of the Physics department, present a poster at Xavier's Celebration of Student Research and Creative Activities, and write a senior thesis.

Prerequisites: PHYS395

Course Attributes: Oral Communication Flag

Levels: Graduate Undergraduate

POLI 120 - Comparative Govt and Politics

POLI 120 - Comparative Govt and Politics

3 Credit Hours

Introduction to and comparison of political systems in several national settings.

Course Attributes: Social Science Elect New Core, Social Science Old/Trans Core

Levels: Undergraduate

POLI 140 - American Government and Politi

POLI 140 - American Government and Politi

3 Credit Hours

Introduction to the theory and practice of the American political system.

Course Attributes: Social Science Elect New Core, Social Science Old/Trans Core

Levels: Undergraduate

POLI 211 - Cincinnati History & Politics

POLI 211 - Cincinnati History & Politics

3 Credit Hours

A political history of Cincinnati with an analysis of contemporary urban politics.

Levels: Graduate Undergraduate

POLI 212 - Urban Admin & Public Policies

POLI 212 - Urban Admin & Public Policies

3 Credit Hours

Overview of the administration issues involved in governing and managing cities, particularly as they pertain to the policy making process.

Levels: Graduate Undergraduate

POLI 215 - French Politics

POLI 215 - French Politics

3 Credit Hours

Examination of government, political processes and issues in contemporary France, including relations with the U.S.

Levels: Graduate Undergraduate

College of Arts & Sciences Political Science

POLI 219 - Irish Government and Politics

POLI 219 - Irish Government and Politics

3 Credit Hours

Examination of Irish politics, North and South, with emphasis on changes due to socioeconomic and cultural change.

Course Attributes: Gender & Diversity Studies

Levels: Graduate Undergraduate

College of Arts & Sciences Political Science

POLI 220 - Gov't & Politics of S E Asia

POLI 220 - Gov't & Politics of S E Asia

3 Credit Hours

A political and geographic survey of the varied and colorful countries of East Asia, in which the technological revolution is proceeding at a fast pace.

Levels: Graduate Undergraduate

College of Arts & Sciences Political Science

POLI 224 - Middle East Politics

POLI 224 - Middle East Politics

3 Credit Hours

Examination of recent history, government, political processes and issues in the contemporary Middle East, including relations with the U.S.

POLI 246 - Mass Media and Politics

POLI 246 - Mass Media and Politics

3 Credit Hours

Examination of the ways in which the mass media interact with and influence political processes, including campaign politics and policy-making.

Course Attributes: Oral Communication Flag

Levels: Graduate Undergraduate

College of Arts & Sciences Political Science

POLI 250 - American Political Humor

POLI 250 - American Political Humor

3 Credit Hours

This course will examine the role of political humor and satire in American politics and how political humor, comedy and satire shape public opinion and political outcomes. Students will analyze historical and contemporary examples of humor, comedy and satire and the impact of these forms of political communication on politics and society. Students will examine how political humor has changed over time, the different forms it has taken, and the different purposes that it has served. Students will also discuss the limits of political humor as a vehicle for social and political change and critically evaluate arguments about political humor and free speech, civility and power in modern society. Individually and in small-groups, students will develop and present humorous and satirical content of their own that speaks to historical or contemporary political or social issues.

Course Attributes: Oral Communication Flag

Levels: Graduate Undergraduate

College of Arts & Sciences Political Science

POLI 275 - Politics of War and Peace

POLI 275 - Politics of War and Peace

POLI 307 - Pol of Commerce & Character

POLI 307 - Pol of Commerce & Character

3 Credit Hours

Detailed reading of major works on the subject of politics, commerce and character, including Locke, Montesquieu, Smith and Tocqueville. Discussion of the philosophic, moral, and political issues raised in the readings.

Levels: Graduate Undergraduate

College of Arts & Sciences Political Science

POLI 308 - Rousseau's Human Poli Vision

POLI 308 - Rousseau's Human Poli Vision

3 Credit Hours

Detailed reading of major works by Rousseau. Emphasis is on student discussion of the philosophic, moral and political issues raised by the books.

Levels: Graduate Undergraduate

College of Arts & Sciences Political Science

POLI 316 - Globalization

POLI 316 - Globalization

3 Credit Hours

Over the last decade globalization has been the cause of much hope and promise; at the same time it has been the cause of the student, worker, and environmentalist protests all over the world. The course will be an interdisciplinary examination of the political, cultural, economic, theological, and ethical dimensions of globalization. It will be team-taught by faculty from economics, political science, theology, and the E/RS program. There will also be a number of invited experts from the US and abroad who will meet with the class.

Course Attributes: Environ Science/Studies Elect, ERS Focus Elective, Gender & Diversity Studies

Levels: Graduate Undergraduate

College of Arts & Sciences Political Science

POLI 320 - Global Islamic Politics

POLI 320 - Global Islamic Politics

3 Credit Hours

Introduction to the issues of global Islamic politics. Topics include the complex relationships between Islam, Muslim communities, political Islam, the modernity-tradition dichotomy, the international relations of the Muslim world, Muslim minorities, political participation, culture, economy, violence and conflict dynamics.

Course Attributes: Gender & Diversity Studies, Peace & Justice Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Political Science

POLI 321 - Politics of the Anthropocene

POLI 321 - Politics of the Anthropocene

3 Credit Hours

Examination of the links between political conflict and economic and political development. Challenges to a status quo and efforts to address problems in developing areas often framed in terms of "justice." Theoretical material for the course will be drawn primarily from the literature on the international political economy of development. References will be made to case studies from the Middle East, South Asia and other contemporary and historical cases.

Course Attributes: Peace & Justice Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Political Science

POLI 329 - Public Policy Practice

POLI 329 - Public Policy Practice

3 Credit Hours

The object of this course is to provide students with the analytical and practical skills to effectively influence the public policy process. It is about understanding what public policy is, who the players are, what power they have and how they use it. Students will attack these questions using research, analysis and practical engagement with legislators, administrators, interest groups, think tanks and the media.

Prerequisites: POLI246 and HIST408

Co-requisites: HIST300

Restrictions: Must be enrolled in one of the following Majors: Philos, Politics & The Public

Levels: Undergraduate

College of Arts & Sciences Political Science

POLI 330 - Politics of Cent/East Europe

POLI 330 - Politics of Cent/East Europe

3 Credit Hours

This course will concentrate on post, present, and future political developments in those eight East European countries where communist parties once ruled. Our goal is to understand the region's diversity and analyze common and diverging points of the communist and post-communist experiences.

Levels: Graduate Undergraduate

College of Arts & Sciences Political Science

POLI 340 - The Presidency

POLI 340 - The Presidency

3 Credit Hours

The nature and function of executive power in the American political system.

POLI 367 - Gender & Politics

POLI 367 - Gender & Politics

3 Credit Hours

This writing intensive course examines the role of gender in politics, with particular attention to the causes and consequences of the underrepresentation of women in political institutions. The class considers the impact of cultural, institutional, situational and economic factors on the descriptive and substantive representation of men and women.

Course content is drawn (primarily) from scholarly research in the subfield of gender and politics. The intersection of gender, race, and class are also featured prominently in course readings and class discussions. The relevance of political participation from diverse segments of society to the workings of democracy and the representation of interests in political and social institutions is central to the course.

Course Attributes: Diversity Flag, Gender & Diversity Studies

POLI 393 - Advanced Political Analysis

POLI 393 - Advanced Political Analysis

3 Credit Hours

Advanced Political Analysis provides students with the knowledge and skills needed to complete a political science research project that is worthy of submission to a journal and/or conference. In this course, students learn the basics of political analysis, with an emphasis on research design, data collection and quantitative methods. Advanced Political Analysis complements our department's senior seminar courses by providing students with an understanding of quantitative research methods and a familiarity with analytical tools that they can use to test their own hypotheses. The course would also be of interest to non-majors who are interested in gaining practical experience collecting and analyzing data.

Prerequisites: MATH116 or MATH156

Course Attributes: Quantitative Reason Flag Full, Social Science Elect New Core

Levels: Graduate Undergraduate

College of Arts & Sciences Political Science

POLI 394 - Advanced Reading & Research

POLI 394 - Advanced Reading & Research

3 Credit Hours

In-depth analysis of a topic or project of individual interest. Open to exceptional students upon faculty recommendation and with approval of department chairperson.

College of Arts & Sciences Political Science

POLI 395 - Campaign Internship

POLI 395 - Campaign Internship

3-6 Credit Hours

POLI 395 is a guided internship course designed to be taken in conjunction with a 10-14 week campaign internship. Course readings and assignments focus on providing students with a thorough understanding of the governmental and non-governmental institutions that shape campaigns, including constitutional foundations, election systems, and ballot requirements, the districting process, and the role of parties, interest groups, and political consultants. The course also examines key theories in the discipline, including those related to incumbency advantage, strategic politicians, political ambition, descriptive and substantive representation, the influences and motivations of the American voter, the role of money in the U.S. political system, the value of incumbency, and democratic theory. This course will also provide students with the opportunity to assess major theories in light of the firsthand interactions with political actors and the direct observation of political institutions and processes that they experience over the course of their internship.

POLI 398 - Internship: City Government

3 Credit Hours

Examination of the processes and issues in local government through hands-on experience in a political office or related organization.

Levels: Graduate Undergraduate

College of Arts & Sciences Political Science

POLI 399 - Political Comm Internship

POLI 399 - Political Comm Internship

3 Credit Hours

This course offers students an opportunity to investigate and participate in public policy from the vantage of politicians, campaign managers, public administrators and community-based activists. Students will analyze, compare, contrast and critique the sources, methods and motivations of elected officials, campaign strategist, voters, the media, public administrators, community council organizations, and neighborhood-based non-profits. The primary resource for the course is the on-going political process, including participating in electoral campaigns, engagement in contemporary public policy issue-examined from various perspectives in and out of government-and active involvement in neighborhood organizations and issues. The goal of the course is to teach students the theory and skills necessary to be effective public policy advocates through campaign politics, legislative politics and community-based activism.

Course Attributes: Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences Political Science

POLI 401 - Washington DC Internship

POLI 401 - Washington DC Internship

3-9 Credit Hours

See department for application materials.

Levels: Graduate Undergraduate

College of Arts & Sciences Political Science

POLI 402 - Washington DC Intern Course

POLI 402 - Washington DC Intern Course

3 Credit Hours

An elective course taken through the Washington Center for Internships and Academic seminars.

Levels: Graduate Undergraduate

College of Arts & Sciences Political Science

POLI 410 - War & Peace in Lit & Film

POLI 410 - War & Peace in Lit & Film

3 Credit Hours

Overview of political issues related to war and peace illustrated with examples from literature and film. Treatment of war and peace in the media from Civil War to Vietnam War.

Levels: Graduate Undergraduate

College of Arts & Sciences Political Science

POLI 415 - Paris Seminar Political Theory

POLI 415 - Paris Seminar Political Theory

3 Credit Hours

This program brings together faculty and students from a French university with students from xavier to discuss realtions between the United States and Europe. Topics include economic policy, environmental issues, church-state relations, federalism, international relations and international law.

Prerequisites: PHIL100 and PHIL290

Course Attributes: ERS Focus Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Political Science

POLI 490 - Directed Study

POLI 490 - Directed Study

1-4 Credit Hours

Opportunity to pursue a topic or project of individual interest. Subject to approval of department chairperson.

Levels: Graduate Undergraduate

College of Arts & Sciences Political Science

PPUB 200 - Power and the Public

PPUB 200 - Power and the Public

3 Credit Hours

An introduction to interdisciplinary work around themes relevant to thinking about power and the public sphere, from global (non-west or global south) and/or diversity (e.g. race, class, gender, disability) perspectives.

Restrictions: Must be enrolled in one of the following Majors: Philos, Politics & The Public

Course Attributes: Diversity Flag, Honors, Philosophy-Politics-Public PPP

Levels: Graduate Undergraduate

College of Arts & Sciences Interdisciplinary Studies

PPUB 211 - Public Policy Practice

PPUB 211 - Public Policy Practice

3 Credit Hours

The object of this course is to provide students with the analytical and practical skills to effectively influence the public policy process. It is about understanding what public policy is, who the players are, what power they have and how they use it. Students will attack these questions using research, analysis and practical engagement with legislators, administrators, interest groups, think tanks and the media.

Restrictions: Must be enrolled in one of the following Majors: Philos, Politics & The Public

Course Attributes: Honors, Philosophy-Politics-Public PPP

Levels: Graduate Undergraduate

College of Arts & Sciences Interdisciplinary Studies

PPUB 246 - Civil Society and Government

PPUB 246 - Civil Society and Government

3 Credit Hours

An investigation of the nature of civil society and its relation to government, by means of a consideration of specific institutions prominent in their interaction. Includes a student internship.

Course Attributes: Oral Communication Flag, Service Learning

Levels: Graduate Undergraduate

PPUB 301 - Legal Internship

PPUB 301 - Legal Internship

3 Credit Hours

The course includes an internship with a public interest law, nonprofit, or government office. Interns must successfully complete 75 hours over the course of the semester with a government or public interest law organization (PILO). The internship is designed to expand the depth of academic learning through a high impact, experiential learning opportunity in law and policy. Through your internship organization, you will learn about the populations served and understand the critical role they play in our legal and political systems. All students will participate in a preparatory module before beginning their internship, mid-semester individual meetings, and weekly readings and discussions that include prompts to promote critical analysis and exploration of the tensions and challenges that exist within our legal and political systems

Restrictions: Must be enrolled in one of the following Classifications: Senior Junior

Course Attributes: Immersive Learning Experience, Service Learning

Levels: Undergraduate

PPUB 400 - Senior Supervision

PPUB 400 - Senior Supervision

3 Credit Hours

Intensive research, writing, and discussion of an issue relevant to the public.

Restrictions: Must be enrolled in one of the following Majors: Philos, Politics & The Public

Course Attributes: Honors, Philosophy-Politics-Public PPP

Levels: Undergraduate

PPUB 554 - Advanced Policy Analysis

PPUB 554 - Advanced Policy Analysis

3 Credit Hours

This graduate course explores the relationships among public policy development and implementation, urban sustainability, and private for-profit and not-for-profit interests. We will explore different elements of urban sustainability and how private and public interest collide and/or collude in advancing and/or impeding policies that drive sustainable practices. We will pay particular attention to government administrative entities and how policies are realized through those bureaucracies. We will then explore case studies where public investment spurred private investment successfully. And finally we will explore current public policies and private interests in the greater Cincinnati region.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

PPUB 600 - Private Interests & Public I

PPUB 600 - Private Interests & Public I

3 Credit Hours

This course is an introduction to the historical origins of both \2018private interests\2019 and \2018public goods\2019 within the contexts of 19th- and 20th-century US economic and political history. Students will trace the overlapping histories of economic capitalism, political liberalism, and cultural modernity. We will examine how notions of private interests and public goods reflected the larger historical contexts of their age, how these concepts have changed over time, and how these concepts either conflicted or connected to create moments of reform.

PSYC 101 - General Psychology

PSYC 101 - General Psychology

3 Credit Hours

General Psychology provides students with a broad introduction and appreciation for the scientific study of psychology. Psychology is a large and diverse field, and this course provides an overview of the five fundamental precepts of psychology, that is, biological psychology (e.g., neuroscience, sensation), cognitive psychology (e.g., cognition, memory), development (e.g., learning, life span development), social and personality psychology (e.g., multicultural, emotion, gender), and mental and physical health (e.g., psychological disorders, psychological therapies).

Course Attributes: Social Science Elect New Core, Social Science Old/Trans Core

Levels: Undergraduate

College of Professional Sci Psychology

PSYC 130 - Psychology Science Perspective

PSYC 130 - Psychology Science Perspective

2 Credit Hours

Psychology Science Perspectives is designed to provide an introduction to the scientific method used in psychological research within the context of the field of psychology. This prepares students to understand basic human mental processes and behaviors, the biopsychosocial framework and sociocultural diversity of the human experience, as well as the consequences of social institutions within a changing world. Students will learn fundamentals of research design, sensation and perception, learning, memory, and other core psychological topics such as social psychology. Psychology Science Perspectives and its attached laboratory experience (Psyc 131) emphasize the importance of critical thought in evaluating psychological research.

Co-requisites: PSYC131

Course Attributes: Scientific Perspectives Lect

Levels: Undergraduate

College of Professional Sci Psychology

PSYC 131 - Psych-Science Perspective Lab

PSYC 131 - Psych-Science Perspective Lab

1 Credit Hours

Co-requisites: PSYC130

Course Attributes: Scientific Perspectives Lab

Levels: Undergraduate

College of Professional Sci Psychology

PSYC 200 - Orientation to the Major

PSYC 200 - Orientation to the Major

1 Credit Hours

The objective of this course is to provide psychology majors with an overview of a career in psychology. You will receive exposure to various careers in psychology and reflect on the psychology major as the right choice for you. You will complete self-reflection assignments regarding psychology as a choice for your major and discern the best career paths for your abilities, strengths, values, and experiences. You will also learn about career-related skills such as securing employment, writing a resume and cover letter, researching areas of interest, and networking. You will reflect on skills obtained as a psychology major (e.g., research design, critical and scientific thinking, and oral presentation skills).

Prerequisites: PSYC101 and PSYC130 and PSYC131

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 210 - Statistical Techniques

PSYC 210 - Statistical Techniques

3 Credit Hours

This course covers different statistical concepts and techniques, particularly as they relate to the discipline of psychology. In this course, students will learn the basic terminology and concepts of descriptive and inferential statistics used in the field of psychology. Students will also solve basic statistics problems by learning to apply appropriate statistical methods with accurate computations and interpretations. A portion of the course will be devoted to students' reading, communicating, and reasoning with quantitative information. Upon successful completion of this course, students will have the foundational and critical thinking skills to evaluate real-world problems using statistical methods and quantitative arguments.

Co-requisites: PSYC212, PSYC221, PSYC223

Restrictions: Must be enrolled in one of the following Fields of Study (Major, Minor, or Concentration): Psychology

Course Attributes: Quantitative Reason Flag Full

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 212 - Computer Statistical Analysis

PSYC 212 - Computer Statistical Analysis

1 Credit Hours

In this course, students will gain knowledge about the Statistical Package for the Social Sciences (SPSS). Students will develop the skills necessary to enter and work with data in SPSS. Students will also learn how to analyze data for both descriptive and inferential statistics using SPSS. Students will also develop the skills necessary to correctly interpret results found in SPSS output and communicate those results in scientific write-ups. Upon successful completion of this course, students will have the foundational skills to manage and analyze data using SPSS, as well as appropriately interpret and communicate in writing results found in SPSS.

Co-requisites: PSYC210

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 220 - Psychology Research

PSYC 220 - Psychology Research

3 Credit Hours

Psychology Research provides a basic exploration of the scientific method as applied to psychology. The course prepares students to understand the scientific process and the importance of sound methodology in psychological research, identify the strengths and weaknesses of various types of research designs, and develop the skills necessary to critically evaluate scientific and pseudoscientific claims. Work in this course will enhance your critical thinking and reasoning skills so that you can be an informed consumer information.

Prerequisites: MATH116 or MATH156 or (PSYC210 and PSYC212) or BAIS210

Restrictions: Must be enrolled in one of the following Minors: Psychology

Levels: Undergraduate

College of Professional Sci Psychology

PSYC 221 - Research Meth & Design I

PSYC 221 - Research Meth & Design I

2 Credit Hours

Research Methods & Design I provides a basic exploration of the scientific method as applied to psychology. The course prepares students to understand the scientific process and the importance of sound methodology in psychological research, develop the skills necessary to critically evaluate research, as well as design research studies to answer questions of relevance to psychology. Research Methods & Design I and its associated laboratory experience (Psyc 223) emphasize the importance of critical thought in consuming psychological research.

Co-requisites: PSYC210, PSYC212, PSYC223

Restrictions: Must be enrolled in one of the following Fields of Study (Major, Minor, or Concentration): Psychology

Course Attributes: Scientific Perspectives Lect, Writing Flag Pt. 1

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 222 - Research Meth & Design II

PSYC 222 - Research Meth & Design II

2 Credit Hours

Building on the information obtained in Research Method and Design I (Psyc 221), Research Methods & Design II offers an advanced exploration of how scientists perform

and report experimental research in the psychological sciences. The course provides students the opportunity to experience conducting, analyzing, and reporting (i.e., writing and presenting) basic psychological research. Research Methods & Design II and its associated laboratory experience (Psyc 224) emphasize the importance of critical thought in consuming and producing psychological research.

Prerequisites: PSYC221

Co-requisites: PSYC224

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 223 - Research Meth & Design I Lab

PSYC 223 - Research Meth & Design I Lab

1 Credit Hours

Development of hypotheses, design and carry out psychological research, analyze data and interpret results. Required for psychology majors, minors and honors students.

Co-requisites: PSYC221

Restrictions: Must be enrolled in one of the following Fields of Study (Major, Minor, or Concentration): Psychology

Course Attributes: Scientific Perspectives Lab, Writing Flag Pt. 2

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 224 - Research Meth & Design II Lab

PSYC 224 - Research Meth & Design II Lab

1 Credit Hours

Development of hypotheses, design, and carry out psychological research, analyze data and interpret results. Required for psychology majors.

Co-requisites: PSYC222

Restrictions: Must be enrolled in one of the following Majors: Psychology

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 231 - Developmental Psychology

PSYC 231 - Developmental Psychology

3 Credit Hours

Review of human physical, cognitive, social, and personality development across the lifespan from conception to death. Students will encounter theories and research examining important developmental questions such as the relative influences of nature and nurture, and the role of cultural and individual diversity in human development. Emphasis is placed on both normal development and problems that can arise during each period of the lifespan.

Course Attributes: Social Science Elect New Core, Social Science Old/Trans Core

Levels: Graduate Undergraduate

PSYC 233 - Adolescent Psychology

PSYC 233 - Adolescent Psychology

3 Credit Hours

This course examines a broad range of topics related to adolescent development, including biological, cognitive, emotional, and social development. Students will be exposed to theories of adolescent development as well as contemporary research findings regarding adolescence. Students will also explore various contexts of adolescent development, including culture, schools, peers, and family. This course also examines factors related to healthy adolescent development as well as problems in development. Through this course, students will be able to apply theory and research evidence related to adolescent development to enhance their understanding of key developmental tasks and challenges facing youth.

Levels: Graduate Undergraduate

PSYC 245 - Culture and Psychology

PSYC 245 - Culture and Psychology

3 Credit Hours

This course examines the important (and wonderful) influence of culture on our lives. Students will examine psychological principles, theory, and research through exploration of cultural similarities and differences, both within and across cultures. Topics include the interplay between culture and cognition, emotion, development, communication, and social behavior. Students will have the opportunity to apply and build upon what they learn in the course through projects, reflection, and community engaged learning (when the course is listed with this designation).

Prerequisites: PSYC101 or PSYC130

Course Attributes: Diversity Flag

Levels: Graduate Undergraduate

PSYC 261 - Social Psychology

PSYC 261 - Social Psychology

3 Credit Hours

This course is to introduce the concepts, theories, and research in the field of Social Psychology. Students will learn to apply these concepts to understanding social interactions and how the environment can affect one's behavior. Students will also learn about current social psychological research and to evaluate these concepts and theories in a critical manner.

Course Attributes: Social Science Elect New Core, Social Science Old/Trans Core

Levels: Graduate Undergraduate

PSYC 267 - Treating Sex Offenders & Vict

PSYC 267 - Treating Sex Offenders & Vict

1 Credit Hours

This workshop is intended to be an introduction to assessing and treating sex offenders, the people they have abused, and other family members. Models of understanding different types of sex offense will be discussed as a means of articulating how best to understand and treat offenders. The impact of the offense on the family will be discussed on a theoretical level will be discussed along with means to assess this with particular families and treatment goals to work towards in family reconciliation where that is a relatively safe, desirable and achievable outcome.

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 271 - Intro to Emotionally Dist Chld

PSYC 271 - Intro to Emotionally Dist Chld

3 Credit Hours

Symptoms of maladaptive behavior in youngsters. Evaluation of etiological factors. Personality disorders, services, facilities, and agencies for treatment.

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 276 - Psychology of Delinquency

PSYC 276 - Psychology of Delinquency

2 Credit Hours

Types and causes of juvenile delinquency together with brief case histories.

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 277 - Psychological Disorders

PSYC 277 - Psychological Disorders

3 Credit Hours

Introduction to mental disorders from several different theoretical and treatment perspectives. Focus will be on diagnosis, etiology, and treatment. The goals of the course include greater awareness and knowledge of psychopathology in hopes that we can reduce the suffering and stigma associated with mental disorders.

Course Attributes: Population Health, Social Science Elect New Core, Social Science Old/Trans Core

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 285 - Psychology of Religion

PSYC 285 - Psychology of Religion

3 Credit Hours

Examines religiousness and the religious personality from a psychological perspective.

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 301 - History&Systems of Psychology

PSYC 301 - History&Systems of Psychology

3 Credit Hours

The field of psychology is studied from an historical context. The ways in which ancient interest in the human condition evolved into the scientific study of sensation, perception, consciousness, behavior, motivation, emotion, learning, child development, personality, psychopathology and social interaction are charted. The contributions and influence of both individuals and the larger cultural context are examined. The student will be able to articulate the context of modern psychological ideas and the sources from which they developed.

Restrictions: Must be enrolled in one of the following Fields of Study (Major, Minor, or Concentration): Psychology

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 310 - Marriage and the Family

PSYC 310 - Marriage and the Family

3 Credit Hours

An interdisciplinary course taught simultaneously by a psychologist, sociologist, and theologian, each looking at marriage and family from his/her perspective. In addition, married couple specialists from law and medicine present as guest speakers.

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 321 - Industrial-Organizational Psyc

PSYC 321 - Industrial-Organizational Psyc

3 Credit Hours

Industrial-organizational (I-O) psychology is the study of human behavior in the workplace. Core topics involve psychology as applied to personnel selection, performance evaluation, work motivation, job satisfaction and other work attitudes, training, and leadership. Themes of fairness and diversity/inclusion exist in relation to many core I-O topics. Emphasis is placed on scientific rigor and the development and implementation of best practices based on empirical literature. Students should be able to apply the concepts and knowledge learned in this class to real world situations, thinking broadly about issues in the workplace and the meaning of "work" in the 21st century.

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 330 - Intro to African/Black Psych

PSYC 330 - Intro to African/Black Psych

3 Credit Hours

This course will provide an introduction to the field of African-centered and Black psychology, one of the social sciences. It will utilize an African-centered framework to examine salient themes in the psychology of the people of African descent. It is my hope , that through this examination, the learner will become more knowledgeable about the psychological experiences of people of African descent and the role of history and culture in human development.

Course Attributes: Africana Studies Minor, Diversity Flag, Gender & Diversity Studies

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 332 - Child Psychology

PSYC 332 - Child Psychology

3 Credit Hours

An in depth look at influential child psychology theories and research studies with the goal of helping students to understand factors that influence child development and to promote positive developmental outcomes for children. Focus is placed on cognitive and social-emotional aspects of child development. Students explore applications of course material to real children through discussion, reflection papers, and an immersive/service learning project.

Prerequisites: PSYC101 or PSYC130

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 340 - Sexism & Racism in Society

PSYC 340 - Sexism & Racism in Society

1 Credit Hours

This workshop explores the causes and effects of racial and gender stereotyping, prejudice, and discrimination on the individual, institutional, and cultural level. Emphasis is on education, the workplace, interpersonal relations, and communication.

Course Attributes: Africana Studies Minor

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 350 - Psychology and the Law

PSYC 350 - Psychology and the Law

3 Credit Hours

This is an advanced level course for psychology majors that is designed to introduce students to the many ways that psychology research and practice inform public policy and the law enforcement and legal systems.

Prerequisites: PSYC101 or PSYC130

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 353 - Violence Against Women & Girls

PSYC 353 - Violence Against Women & Girls

3 Credit Hours

This course is on violence against women and girls, but also makes comparisons regarding violence against men and boys. Course lectures and reading materials address the

issue of violence against women and girls in terms of how gender inequality is related to the violence against them. The feminist approach incorporates the intersection of sexism with other forms of oppression, such as racism, classism, and heterosexism. The topics covered focus on sexual abuse (physical and non-physical) and intimate partner abuse, including sexual harassment and stalking. Psychological aftereffects of sexual victimization, including Post Traumatic Stress Disorder and Complex Post Traumatic Stress Disorder are covered.

Course Attributes: Diversity Flag, Gender & Diversity Studies, GDST Women and Gender Conc, Peace & Justice Studies Minor

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 365 - Psychology of Women

PSYC 365 - Psychology of Women

3 Credit Hours

In this course students will learn to identify the effects of social forces on women's psychologies, women's psychological concerns over the lifespan, and consider the relationship between differences and similarities among women.

Course Attributes: Gender & Diversity Studies, GDST Women and Gender Conc

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 366 - Crime & Personality

PSYC 366 - Crime & Personality

3 Credit Hours

This course provides an overview of basic concepts of criminology, incorporating psychological methods and principles to criminology, as well as an examination of root causes of crime in the individual and in the culture with consideration to personality dynamics and treatment approaches

Course Attributes: Social Science Old/Trans Core

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 367 - Psychology of Aging

PSYC 367 - Psychology of Aging

3 Credit Hours

This course focuses on the biological, psychological, and social changes older adults experience and those associated with aging. This course also focuses on ethics and common ethical issues encountered when engaging with older adults, including those from diverse backgrounds. Topics that may be covered include: the heterogeneity and diversity of older adults; ageism; biopsychosocial model of aging; normal and abnormal physical and psychological changes in later life; common mental disorders; suicide; relationships and sexuality; elder abuse; caregiving; work, retirement, and leisure; living environments; death and dying; bereavement; and, successful aging. \2003

Prerequisites: PSYC101 and (PSYC130 or PSYC131)

Course Attributes: Diversity Flag, ERS Focus Elective, Service Learning

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 368 - Health Psychology

PSYC 368 - Health Psychology

3 Credit Hours

In this course students will learn how to apply the scientific method to information about health and wellness. Students will gain an understanding of the complex interaction between mind and body as it relates to overall health and wellbeing. Students will be able to apply critical thinking skills to real world problems and their own lives related to health and wellness. Finally, students will learn to evaluate, critique, and communicate to others about professional scientific literature and news reports related to health psychology.

Course Attributes: Population Health

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 370 - Human Sexuality

PSYC 370 - Human Sexuality

3 Credit Hours

Human Sexuality is a psychology course during which students explore sexual attitudes, values, beliefs, customs, and practices as well as the biology, personal experiences and thoughts, cultural influences, social forces, and ethical beliefs which help to shape them.

Prerequisites: PSYC101 or PSYC130

Course Attributes: Diversity Flag

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 375 - Drugs in Society

PSYC 375 - Drugs in Society

3 Credit Hours

Material covered in this course includes historical and current perspectives on drug addiction. Basic pharmacology and neuroanatomy will be reviewed. Current empirical understanding of the nature and effects of stimulants, nicotine, caffeine, alcohol, depressants, opiates, marijuana, hallucinogens and psychiatric drugs will be covered. Additionally, students will be exposed to current controversies regarding drugs, drug regulation and drug use prevention.

Prerequisites: PSYC221

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 379 - Test & Measures in Psych

PSYC 379 - Test & Measures in Psych

3 Credit Hours

This course provides an overview of psychological tests and measures, and the principles that underlie psychological assessment. This course is designed to provide potential test users with the background necessary to evaluate and use psychological tests, such as measures of intelligence, achievement, and personality.

Levels: Undergraduate

College of Professional Sci Psychology

PSYC 380 - Counseling Challenging Youth

PSYC 380 - Counseling Challenging Youth

1 Credit Hours

Workshop participants learn a number of practical strategies for building and maintaining therapeutic relationships with challenging youth and families. The strategies are formatted around six guiding principles common to most human services professionals who successfully engage this population. Participants are challenged to assess their own attitudes, beliefs, and behaviors related to challenging youth via lecture, demonstrations, small group activities, and role plays.

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 385 - Proc of Intergroup Dialogue

PSYC 385 - Proc of Intergroup Dialogue

3 Credit Hours

This course is designed to give students a foundation to effectively facilitate group interactions and specifically structured multicultural inter-group dialogues. The topics of this course include social identity, group development, prejudice, and stereotyping and their effects on groups; difference and dominance and the nature of social oppression; culture, cultural cues, and judgments; basic group facilitation skills and their application in multicultural settings. Subsequently, the class will view films, participate in class exercises or role plays, practice facilitation and reflect on the readings, processes, and assignments in class discussions.

Course Attributes: Gender & Diversity Studies

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 407 - Addiction: An Epidemic

PSYC 407 - Addiction: An Epidemic

1 Credit Hours

This workshop examines the various forms of addiction that are becoming the leading social problems of this century. An overview of addiction is imparted as well as manifestations such as sex, gambling, eating disorders, and drugs. The impact of addiction on the individual, family, and society are discussed.

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 408 - Women & Societal Violence

PSYC 408 - Women & Societal Violence

1 Credit Hours

A workshop that takes a historical perspective on violence against women. Violence against women and intervention are studied. Prosecution of cases is presented and treatment strategies for offenders are explored.

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 409 - Group Dynamics

PSYC 409 - Group Dynamics

3 Credit Hours

In-depth consideration of basic dynamics and processes operating in groups and the various strategies used in the group approach as they relate to educational, business, social and personal interactions and problems.

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 426 - Physiological Psychology

PSYC 426 - Physiological Psychology

3 Credit Hours

This is an advanced level course for psychology majors that is designed to provide students with an appreciation of the role physiological mechanisms play in human behavior. This course will focus on those behaviors mediated by the central nervous system (CNS). Students will be introduced to the scientific discipline of psychophysiology, the study of the brain, physiological processes, psychopharmacology, and behavior. After a review of the anatomy and basic functioning of the CNS, we will cover the role the CNS plays in learning and memory, emotion, cognition, the development of mental disorders, and the intersection of some mental and physical health conditions. We will examine the most recent findings in physiological psychology, including the use of physiological treatment for mental disorders.

Prerequisites: PSYC101 or PSYC130

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 427 - Cognitive Psychology

PSYC 427 - Cognitive Psychology

3 Credit Hours

This course provides a survey of the concepts, theories, and research in cognitive psychology. Topics such as attention, memory, problem solving, language, and decision making will be covered, focusing on the theoretical and empirical underpinnings of these topics. The objective of the course is to provide advanced undergraduates with an evidence-based understanding of the major topics of research in cognitive psychology. The pedagogical strategies used in this class include lectures, videos, active learning exercises, and exams.

Prerequisites: PSYC221 and PSYC223

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 429 - Psyc of Sensation & Perception

PSYC 429 - Psyc of Sensation & Perception

3 Credit Hours

Examines how the senses gather information from the outside world and how that information is transformed and interpreted by the nervous system. Topics include visual and

auditory processing, perceptual organization, illusions, movement and time perception, and perceptual development.

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 435 - Brain and Behavior

PSYC 435 - Brain and Behavior

3 Credit Hours

This is an advanced level course for psychology majors that is designed to provide students with an appreciation of the role that the brain plays in human behavior. After a review of the anatomy and basic functioning of the CNS, we will cover the role the CNS plays in topics such as learning and memory, emotion, language and cognition, sleep, the development of mental disorders, violence and criminal behavior, and addiction. In addition, we may address the evidence supporting brain-based treatment for aberrant behavior and mental disorders.

Prerequisites: PSYC101 or PSYC130

Levels: Undergraduate

College of Professional Sci Psychology

PSYC 452 - Intro to Clinical Psychology

PSYC 452 - Intro to Clinical Psychology

3 Credit Hours

Provides an understanding of the different types of activities typically engaged in by clinical psychologists.

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 460 - Learning and Behavior

PSYC 460 - Learning and Behavior

3 Credit Hours

This course provides a review of the basic principles of conditioning and learning. The fundamental concepts of classical and operant conditioning will be covered, including the methodologies used and the application of learning principles to everyday behaviors. The goals of this course will be met through various activities, such as reading relevant texts, lectures of course material, small group activities, applied exercises, and exams.

Prerequisites: PSYC101 or PSYC130

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 464 - Theories of Personality

PSYC 464 - Theories of Personality

3 Credit Hours

This course will survey psychological theories of personality. The course will focus on description and evaluation of these theories and equip students to be able to compare

and contrast these theories. Students will leave this course with increased knowledge about theories of personality and be able to apply that knowledge to better understand behavior and mental processes of self and others. Students will be able to recognize and practice respect for the complexity of sociocultural diversity as it relates to personality.

Restrictions: Must be enrolled in one of the following Fields of Study (Major, Minor, or Concentration): Psychology

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 470 - Consumer Behavior

PSYC 470 - Consumer Behavior

3 Credit Hours

Marketing strategy implications of consumer behavior. Provides a basic understanding of the major concepts and theories in consumer decision making and behavior. Considers psychology and other social sciences as they contribute to the understanding of these notions.

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 477 - Sports Psychology

PSYC 477 - Sports Psychology

3 Credit Hours

The course focuses on the study of psychological and social factors that influence sport and physical activity participation. Sport psychology involves the scientific study of affect, cognition in recreational and competitive sport including personality and sports, anxiety and arousal in sports motivation, aggression, group dynamics, socialization, coaching and leadership effectiveness.

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 481 - Readings in Psychology

PSYC 481 - Readings in Psychology

1-3 Credit Hours

Library research project assisted and supervised by faculty member. Required research paper. Psychology majors only. Approval of Dept. Chair required.

Prerequisites: Undergraduate level THEO111 Minimum grade of D and Undergraduate level PHIL100 Minimum grade of D

Restrictions: Must be enrolled in one of the following Majors: Psychology

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 490 - Research Practicum

PSYC 490 - Research Practicum

1-3 Credit Hours

Students will gain experience conducting research. This is achieved through research with a faculty member or with an agency focused on conducting applied research including creating and testing the effectiveness of applied interventions, working on basic research in a lab, as well as other research opportunities.

Restrictions: Must be enrolled in one of the following Majors: Psychology

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 491 - Applied Practicum Psych

PSYC 491 - Applied Practicum Psych

1-3 Credit Hours

Students will gain experience applying psychology to the workplace. This is achieved through on the job training with an agency focused on providing psychological services, by conducting applied research, creating and testing the effectiveness of applied interventions, applying course content to understanding the workplace \2013 employees and clients, as well as other applied opportunities.

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 499 - Capstone in Psych Science

PSYC 499 - Capstone in Psych Science

3 Credit Hours

This course is the capstone experience for senior psychology majors and is designed to provide both integration of content areas of psychology as well as self-reflection. The objective is to help solidify the body of knowledge and the skills you have acquired as a psychology major at Xavier. It includes a review of fundamental areas of psychology and integration of psychology within a liberal arts education, guided by the learning goals for a Psychology Major set forth by the American Psychological Association.

Restrictions: Must be enrolled in one of the following Classifications: Senior

Levels: Graduate Undergraduate

College of Professional Sci Psychology

PSYC 502 - History & Philosophical Issues

PSYC 502 - History & Philosophical Issues

3 Credit Hours

Review conceptual foundations of modern psychology. This review traces the roots of modern psychology, highlights the major figures of psychology, including the contributions of women and ethnic minorities.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 504 - Theories of Personality

PSYC 504 - Theories of Personality

3 Credit Hours

Advanced study regarding the structure and functions of personality as well as an evaluation of current personality theories.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 505 - Prof Problems & Ethics in Psyc

PSYC 505 - Prof Problems & Ethics in Psyc

3 Credit Hours

Professional issues in psychology including principles of ethics and their applications.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 506 - Advanced Social Psychology

PSYC 506 - Advanced Social Psychology

3 Credit Hours

This course provides an overview of social psychological theories. Applications of those theories and relevant research are examined in terms of clinical themes, and multicultural themes.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 508 - Diversity

PSYC 508 - Diversity

3 Credit Hours

This is an applied course on cultural diversity. Study of various ethnic and cultural norms are evaluated for their impact on clinical presentation. Appreciation and respect for differences are balanced with the importance of recognizing clinical needs within a variety of settings.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 509 - Cognitive Aspects of Behavior

PSYC 509 - Cognitive Aspects of Behavior

3 Credit Hours

This course covers theories and empirical literature in the areas of cognition, including areas such as classical and operant conditioning, memory, attention, and decision making. The application of these areas and the interactions between cognition and affect is also examined.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 510 - Biol & Affect Aspects of Behav

PSYC 510 - Biol & Affect Aspects of Behav

3 Credit Hours

This course surveys the biological underpinning of human behavior with an emphasis on structure and function of the human nervous system particularly as it pertains to processes such as learning, memory, emotions, and psychological disorders.

Restrictions: Must be enrolled in one of the following Programs: Doctor of Psychology MA in Psychology Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Psychology

PSYC 511 - Advanced Statistics I

PSYC 511 - Advanced Statistics I

2 Credit Hours

Statistical analyses emphasizing partial and semi-partial correlations, multiple regression, ANOVA, MANOVA, ANCOVA, logistic regression, discriminant analysis, and factor analysis.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology I-O Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 512 - Advanced Statistics II

2 Credit Hours

Continuation of PSYC 511.

Prerequisites: Graduate level PSYC511 Minimum grade of C

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology I-O Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 520 - Computer Statistics Language I

PSYC 520 - Computer Statistics Language I

1 Credit Hours

Application and interpretation of statistical packages for use in psychological research.

Prerequisites: Graduate level PSYC511 Minimum grade of C

Co-requisites: PSYC511

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology I-O Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 521 - Computer Stats Language II

PSYC 521 - Computer Stats Language II

1 Credit Hours

Continuation of PSYC 520.

Prerequisites: Graduate level PSYC520 Minimum grade of C

Co-requisites: PSYC512

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology I-O Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 522 - Personnel Psychology

PSYC 522 - Personnel Psychology

3 Credit Hours

Psychological dimensions of human resource functions in organizations, primarily focusing on personnel selection, employee orientation and placement, employment legislation and related topics with a strong emphasis upon current research and literature.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology I-O Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 530 - Learning & Motivation

PSYC 530 - Learning & Motivation

3 Credit Hours

Theories of learning and motivation mainly within the context of education. Three families of learning theory: mental discipline, stimulus-response conditioning, cognitive psychology. Particular emphasis upon the place of intrinsic motivation.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 549 - Intro to Clinical Interactions

PSYC 549 - Intro to Clinical Interactions

3 Credit Hours

This course is designed to introduce graduate students to the knowledge, attitudes and skills which are basic to clinical practice especially interviewing and therapy. It includes a survey of research related to the aspects of therapy common across theoretical orientations and the process variables which have been found to lead to positive outcomes. The course includes a lecture and discussion period for the whole group and a lab with a group of four students and an advanced graduate student. .

Restrictions: Must be enrolled in one of the following Programs: Doctor of Psychology MA in Psychology Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Psychology

PSYC 553 - Marketing Research

PSYC 553 - Marketing Research

3 Credit Hours

Methods and techniques of marketing research; its use as a tool of management; cases in marketing research.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 579 - ProSem: Applied I/O Psychology

PSYC 579 - ProSem: Applied I/O Psychology

3 Credit Hours

An overview of topic areas in personality, social, and cognitive psychology, and their application to Industrial-Organizational Psychology.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology I-O Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 580 - Clinical Psychopathology

PSYC 580 - Clinical Psychopathology

3 Credit Hours

This course provides an overview of psychopathology, focusing on, etiology, phenomenology, course, epidemiology, and correlates. The course also examines different models of classification (e.g., DSM-5, RDoC) and their costs and benefits.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 582 - Assessment I: Intelligence

PSYC 582 - Assessment I: Intelligence

3 Credit Hours

Students learn to correctly administer and score individual tests of intelligence (Wechsler scales) and cognitive functioning (WMS). There is also an introduction to test score interpretation and report writing, ethical issues in testing are also emphasized throughout the course.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 584 - Psychometrics & Intell Testing

PSYC 584 - Psychometrics & Intell Testing

4 Credit Hours

This course develops the students' understanding of psychometrics, providing them with the opportunity to apply this knowledge to intelligence testing. Students also learn to correctly administer, score, and interpret results of Wechsler individual tests of intelligence and write accurate and understandable reports. Diversity and ethical issues in testing are emphasized throughout the course.

Restrictions: Must be enrolled in one of the following Programs: Doctor of Psychology Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Psychology

PSYC 585 - Assessment II: Personality

PSYC 585 - Assessment II: Personality

3 Credit Hours

The fundamental principles involved in the administration, scoring, analysis, and evaluation of the MMPI-2, MMPI-A, MCMI-3, and several other tests are covered in this course.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 586 - Assess III Assess Cog Domains

PSYC 586 - Assess III Assess Cog Domains

3 Credit Hours

This course deepens understanding of cognitive assessment across the following domains and associated disorders: Attention, memory, and learning/ achievement. Students

will be exposed to, become familiar with, and understand standardized administration of instruments used to assess attention, memory, and learning/ achievement.

Restrictions: Must be enrolled in one of the following Programs: Doctor of Psychology Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Psychology

PSYC 590 - Internship: Gen Exper Psycholo

PSYC 590 - Internship: Gen Exper Psycholo

3 Credit Hours

Supervised experience in the student's area of interest/concentration.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 593 - Internship in I-O Psychology

PSYC 593 - Internship in I-O Psychology

3 Credit Hours

A 120-hour field experience within the general area of I-O psychology. In some instances, students design and carry out projects in the service of organizations. In other situations, students participate in on-going activities in ways to help serve organizational needs.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology I-O Psychology Psychology

Levels: Graduate

Supervised experiences in a clinical setting. In addition to field-based clinical training, enrollment in this class entails weekly class meetings. These meetings provide a forum for discussing clinical, professional, and ethical issues encountered in practicum experiences. In addition, didactics focus on improving students' case conceptualization skills and applying these to their field-based training experience.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 761 - Clinical Practicum IV

PSYC 761 - Clinical Practicum IV

3 Credit Hours

Continuation of PSYC 760. Supervised experiences in a clinical setting. In addition to field-based clinical training, enrollment in this class entails weekly class meetings. These meetings provide a forum for discussing clinical, professional, and ethical issues encountered in practicum experiences. In addition, didactics focus on improving students' case conceptualization skills and applying these to their field-based training experience.

Prerequisites: Graduate level PSYC760 Minimum grade of C

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 787 - Research I

PSYC 787 - Research I

1-3 Credit Hours

A culminating scholarly activity requiring a review of relevant literature, collection and analysis of data, and discussion of results under the supervision of a faculty member. A formal proposal meeting and oral defense of the written dissertation are required.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 788 - Research II

PSYC 788 - Research II

1-3 Credit Hours

Continuation of PSYC 787.

Prerequisites: PSYC787

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 789 - Research III

PSYC 789 - Research III

1-3 Credit Hours

Continuation of PSYC 788.

Prerequisites: PSYC788

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 790 - Continuous Major Research

PSYC 790 - Continuous Major Research

1-12 Credit Hours

Continuation of PSYC 699 & 789.

Prerequisites: PSYC699 or PSYC789

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology I-O Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 803 - Psychopharmacology

PSYC 803 - Psychopharmacology

3 Credit Hours

This course is intended to provide students having a general interest in pharmacology and related studies with a background of current information, and to provide the student with effective methods for updating and keeping current with developments in psychopharmacology, especially with an area of concentration being child and adolescent,

geriatric and serious mental disabilities.

Restrictions: Must be enrolled in one of the following Programs: Doctor of Psychology MA in Psychology Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Psychology

PSYC 805 - Clinical Neuropsychology

PSYC 805 - Clinical Neuropsychology

3 Credit Hours

Study of brain-behavior relationships. This course reviews classic neuropsychological presentations of frequently encountered neurological disorders.

Restrictions: Must be enrolled in one of the following Programs: Doctor of Psychology MA in Psychology Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Psychology

PSYC 806 - Alcohol & Substance Abuse

PSYC 806 - Alcohol & Substance Abuse

3 Credit Hours

This course examines the concept of addiction as it is understood by psychologists. It is designed to provide exposure to leading theories of drug initiation, abuse and dependence. Information about the physical and psychoactive effects of the major categories of abuse and dependence producing drugs are covered. Assessment strategies and treatment modalities are discussed.

Restrictions: Must be enrolled in one of the following Programs: Doctor of Psychology MA in Psychology Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Psychology

PSYC 810 - Intervention: Group Therapy

PSYC 810 - Intervention: Group Therapy

3 Credit Hours

This course is designed to teach the significant theoretical aspects of group therapy. Students will become familiar with the stages of development of groups, the goals of each stage, the characteristic behavior of members within each stage as well as the appropriate leader interventions. Knowledge of factors that make groups effective, ethical guidelines and qualities/behaviors that make effective group leaders, and cultural issues that impact groups will be addressed.

Restrictions: Must be enrolled in one of the following Programs: Doctor of Psychology Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Psychology

PSYC 820 - Psychology In Primary Care

PSYC 820 - Psychology In Primary Care

3 Credit Hours**Co-requisites:** PSYC821**Restrictions:** Must be enrolled in one of the following Levels: Graduate**Levels:** Graduate*College of Professional Sci Psychology***PSYC 821 - Interprofessional Education**

PSYC 821 - Interprofessional Education

1 Credit Hours

Interprofessional care recognizes a culture of respect, concisely clear communication, interdependent care for client-centered outcomes, and integration of services through shared decision making. This course will provide students with an opportunity to practice across disciplines in teams to meet the needs of individuals, families and the community.

Co-requisites: PSYC820**Restrictions:** Must be enrolled in one of the following Levels: Graduate**Levels:** Graduate*College of Professional Sci Psychology***PSYC 822 - Applied Interprofessional Team**

PSYC 822 - Applied Interprofessional Team

1-2 Credit Hours**Restrictions:** Must be enrolled in one of the following Programs: Doctor of Psychology**Levels:** Graduate*College of Professional Sci Psychology***PSYC 835 - Intervention: DBT**

PSYC 835 - Intervention: DBT

3 Credit Hours

Students will become familiar with Dialectical Behavior Therapy (DBT) as it can be applied to a variety of clients including suicidal adolescents and adults with Borderline Personality Disorder (BPD). Students will study four components of DBT: individual therapy, skills training, phone coaching, therapist consultation teams. Students will also learn how to teach the DBT skills of mindfulness, interpersonal effectiveness, emotion regulation, and distress tolerance. The course will also survey the theory and research behind DBT.

Restrictions: Must be enrolled in one of the following Programs: Doctor of Psychology Must be enrolled in one of the following Levels: Graduate**Levels:** Graduate*College of Professional Sci Psychology***PSYC 847 - Interv Tech: Marital & Fam The**

PSYC 847 - Interv Tech: Marital & Fam The

3 Credit Hours

Designed to educate students in the systems perspective in dealing with a range of psychological disorders. Diagnostic and treatment strategies presented along with practical training in marital and family interventions.

Restrictions: Must be enrolled in one of the following Programs: Doctor of Psychology Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Psychology

PSYC 850 - Clinical Practicum V

PSYC 850 - Clinical Practicum V

3 Credit Hours

Supervised experiences in a clinical setting. In addition to field-based clinical training, enrollment in this class entails weekly class meetings. These meetings provide a forum for discussing clinical, professional, and ethical issues encountered in practicum experiences. In addition, didactics focus on improving students' supervision skills and applying these to their field-based training experience.

PSYC 851 - Clinical Practicum VI

3 Credit Hours

Continuation of PSYC 850. Supervised experiences in a clinical setting. In addition to field-based clinical training, enrollment in this class entails weekly class meetings. These meetings provide a forum for discussing clinical, professional, and ethical issues encountered in practicum experiences. In addition, didactics focus on improving students' supervision skills and applying these to their field-based training experience.

Prerequisites: Graduate level PSYC850 Minimum grade of C

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 852 - Extended Practicum

PSYC 852 - Extended Practicum

1-3 Credit Hours

This course is designed to allow advanced level (5th year) doctoral students to continue field experiences beyond those required. The focus of the course is acquiring further experience in applying clinical skills in "real-world" settings.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Psychology

PSYC 885 - Assessment: Rorschach

PSYC 885 - Assessment: Rorschach

3 Credit Hours

This course furthers training in the assessment of personality functioning by presenting the administration, scoring and interpretation of the Rorschach Test, based upon Exner's Comprehensive System.

Restrictions: Must be enrolled in one of the following Programs: Doctor of Psychology MA in Psychology Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Professional Sci Psychology

PSYC 896 - Research & Clinical Issue: SMD

PSYC 896 - Research & Clinical Issue: SMD

3 Credit Hours

A knowledge-based introduction to the research and clinical issues involved in working with severely mentally ill persons and their families. Takes a broad-based approach to the overview of the field and addresses theory and practice methods in this area. Students are acquainted with the social, political and professional context in which mental health practice and research take place.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 897 - Intervent Tech: SMD Population

PSYC 897 - Intervent Tech: SMD Population

3 Credit Hours

This course is designed to teach assessment and intervention techniques for working with severely mentally ill persons and their families. Uses psychological and psychosocial development theory and research as a basis for case and treatment conceptualization. Further acquaints students with the social, political, and professional context in which mental health practice and research take place.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 900 - Tutorial in Psychology

PSYC 900 - Tutorial in Psychology

1-3 Credit Hours

Content to be determined according to the needs of the student in regards to a particular skill/knowledge area.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 998 - Internship Planning

PSYC 998 - Internship Planning

1 Credit Hours

Continuation of doctoral student preparation for internship experience.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology Psychology

Levels: Graduate

College of Professional Sci Psychology

PSYC 999 - Internship

PSYC 999 - Internship

1-2 Credit Hours

Intensive, full-time supervised experience in a clinical setting approved by the director of clinical training.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Majors: Clinical Psychology

Levels: Graduate

College of Professional Sci Psychology

RADT 150 - Medical Terminology

RADT 150 - Medical Terminology

1 Credit Hours

Medical word roots, stems, prefixes and suffixes. Common medical abbreviations.

Restrictions: Must be enrolled in one of the following Majors: Radiologic Technology

Levels: Undergraduate

College of Professional Sci Radiologic Technology

RADT 152 - Patient Care in Radiography

RADT 152 - Patient Care in Radiography

1 Credit Hours

Basic patient care, communication skills, professional ethics, emergency procedures and isolation techniques.

Co-requisites: RADT160, RADT161, RADT170

Restrictions: Must be enrolled in one of the following Majors: Radiologic Technology

Levels: Undergraduate

College of Professional Sci Radiologic Technology

RADT 154 - Ethics & Law in Radiography

RADT 154 - Ethics & Law in Radiography

1 Credit Hours

This course will provide students with a fundamental background in ethics as well as elements of ethical and professional behavior. Students will be introduced to legal terminology, principles, and professional organizations.

Restrictions: Must be enrolled in one of the following Majors: Radiologic Technology

Levels: Undergraduate

College of Professional Sci Radiologic Technology

RADT 160 - Radiographic Procedures I

RADT 160 - Radiographic Procedures I

2 Credit Hours

Didactic and laboratory instruction in routine radiographic positioning of the chest, abdomen, upper extremities, bony thorax, esophagus, stomach, large intestines, biliary and urinary systems.

Co-requisites: RADT152, RADT161, RADT170

Restrictions: Must be enrolled in one of the following Majors: Radiologic Technology

Levels: Undergraduate

College of Professional Sci Radiologic Technology

RADT 161 - Radiographic Practicum I

RADT 161 - Radiographic Practicum I

1 Credit Hours

Radiographic clinical competency training and evaluation, Tuesdays and Thursdays during the fall semester at an affiliate hospital (16 hours/week).

Co-requisites: RADT152, RADT160, RADT170

Restrictions: Must be enrolled in one of the following Majors: Radiologic Technology

Levels: Undergraduate

College of Professional Sci Radiologic Technology

RADT 162 - Radiographic Procedures II

RADT 162 - Radiographic Procedures II

2 Credit Hours

Didactic and laboratory instruction in routine radiographic positioning of the lower extremities, pelvis, cervical, thoracic, and lumbar spine, skull and facial bones.

Prerequisites: Undergraduate level RADT160 Minimum grade of C and Undergraduate level RADT161 Minimum grade of C

Co-requisites: RADT163

Restrictions: Must be enrolled in one of the following Majors: Radiologic Technology

Levels: Undergraduate

College of Professional Sci Radiologic Technology

RADT 163 - Radiographic Practicum II

RADT 163 - Radiographic Practicum II

1 Credit Hours

Radiographic clinical competency training and evaluation, Tuesdays and Thursdays during the spring semester at an affiliate hospital (16 hours/week).

Prerequisites: Undergraduate level RADT150 Minimum grade of C- and Undergraduate level RADT152 Minimum grade of C- and Undergraduate level RADT160 Minimum grade of C- and Undergraduate level RADT161 Minimum grade of C- and Undergraduate level RADT170 Minimum grade of C-

Co-requisites: RADT162

Restrictions: Must be enrolled in one of the following Majors: Radiologic Technology

Levels: Undergraduate

College of Professional Sci Radiologic Technology

RADT 165 - Radiographic Practicum III

RADT 165 - Radiographic Practicum III

3 Credit Hours

Radiographic clinical competency training and evaluation during the summer months. First summer session, Monday and Wednesday at an affiliate hospital (16 hours/week). Second summer session, Monday through Friday at an affiliate hospital (40 hours/week).

Prerequisites: Undergraduate level RADT162 Minimum grade of C- and Undergraduate level RADT163 Minimum grade of C- and Undergraduate level RADT172 Minimum grade of C- and Undergraduate level RADT180 Minimum grade of C-

Restrictions: Must be enrolled in one of the following Majors: Radiologic Technology

Levels: Undergraduate

College of Professional Sci Radiologic Technology

RADT 170 - Prin of Radiographic Expos I

RADT 170 - Prin of Radiographic Expos I

2 Credit Hours

Basic concepts of radiation protection, the process of radiographic image production, and the specific equipment accessories used to produce high quality images.

Co-requisites: RADT152, RADT160, RADT161

Restrictions: Must be enrolled in one of the following Majors: Radiologic Technology

Levels: Undergraduate

College of Professional Sci Radiologic Technology

RADT 172 - Prin of Radiographic Expos II

RADT 172 - Prin of Radiographic Expos II

2 Credit Hours

Controlling and influencing factors of radiographic image quality.

Prerequisites: Undergraduate level RADT150 Minimum grade of C- and Undergraduate level RADT152 Minimum grade of C- and Undergraduate level RADT160 Minimum grade of C- and Undergraduate level RADT161 Minimum grade of C- and Undergraduate level RADT170 Minimum grade of C-

Restrictions: Must be enrolled in one of the following Majors: Radiologic Technology

Levels: Undergraduate

College of Professional Sci Radiologic Technology

RADT 180 - Radiation Protection and Biolo

RADT 180 - Radiation Protection and Biolo

2 Credit Hours

How to use ionizing radiation in a safe and prudent manner, maximum permissible doses, effects of ionizing radiation on living tissue.

Prerequisites: Undergraduate level RADT150 Minimum grade of C- and Undergraduate level RADT152 Minimum grade of C- and Undergraduate level RADT160 Minimum grade of C- and Undergraduate level RADT161 Minimum grade of C- and Undergraduate level RADT170 Minimum grade of C-

Restrictions: Must be enrolled in one of the following Majors: Radiologic Technology

Levels: Undergraduate

College of Professional Sci Radiologic Technology

RADT 200 - Digital Imaging

RADT 200 - Digital Imaging

1 Credit Hours

To advance students' knowledge of how computers are used in radiology to form images. Students are introduced to the components and operations of digital imaging equipment. Student must have completed all first year Radiologic Technology courses prior to taking this course.

Levels: Undergraduate

RADT 250 - General Radiography

RADT 250 - General Radiography

2 Credit Hours

Specialized radiographic positioning procedures including radiographic anatomy.

Prerequisites: Undergraduate level RADT165 Minimum grade of C-

Co-requisites: RADT260, RADT261, RADT270

Restrictions: Must be enrolled in one of the following Majors: Radiologic Technology

Levels: Graduate Undergraduate

RADT 260 - Special Procedures

RADT 260 - Special Procedures

2 Credit Hours

Special radiographic procedures including myelography, tomography, arthrology and vascular studies. Contrast media.

Prerequisites: Undergraduate level RADT165 Minimum grade of C-

Co-requisites: RADT250, RADT261, RADT270

Restrictions: Must be enrolled in one of the following Majors: Radiologic Technology

Levels: Graduate Undergraduate

RADT 261 - Radiographic Practicum IV

RADT 261 - Radiographic Practicum IV

2 Credit Hours

Advance radiographic clinical competency training and evaluation, fall semester on Mondays, Wednesdays and Fridays at an affiliate hospital (24 hours/week).

Prerequisites: Undergraduate level RADT165 Minimum grade of C-

Co-requisites: RADT250, RADT260, RADT270

Restrictions: Must be enrolled in one of the following Majors: Radiologic Technology

Levels: Graduate Undergraduate

RADT 262 - Pharmacology & Drug Admin

RADT 262 - Pharmacology & Drug Admin

1 Credit Hours

Content is designed to provide basic concepts of pharmacology and drug administration. The administration of diagnostic contrast agents and/or intravenous medications is emphasized.

Restrictions: Must be enrolled in one of the following Majors: Radiologic Technology

Levels: Undergraduate

College of Professional Sci Radiologic Technology

RADT 263 - Radiographic Practicum V

RADT 263 - Radiographic Practicum V

2 Credit Hours

Advance radiographic clinical competency training and evaluation, spring semester on Mondays, Wednesdays and Fridays at an affiliate hospital (24 hours/week).

Prerequisites: Undergraduate level RADT115 Minimum grade of C- and Undergraduate level RADT250 Minimum grade of C- and Undergraduate level RADT260 Minimum grade of C- and Undergraduate level RADT261 Minimum grade of C- and Undergraduate level RADT270 Minimum grade of C-

Co-requisites: RADT280, RADT292, RADT294

Restrictions: Must be enrolled in one of the following Majors: Radiologic Technology

Levels: Graduate Undergraduate

College of Professional Sci Radiologic Technology

RADT 265 - Radiographic Practicum VI

RADT 265 - Radiographic Practicum VI

1-3 Credit Hours

Continuation of RADT 263, summer semester, Monday through Friday (2 months 40 hours/week).

Prerequisites: Undergraduate level RADT263 Minimum grade of C- and Undergraduate level RADT280 Minimum grade of C- and Undergraduate level RADT292 Minimum grade of C- and Undergraduate level RADT294 Minimum grade of C-

Restrictions: Must be enrolled in one of the following Majors: Radiologic Technology

Levels: Graduate Undergraduate

College of Professional Sci Radiologic Technology

RADT 270 - Prin of Radiographic Expos III

RADT 270 - Prin of Radiographic Expos III

2 Credit Hours

Radiographic technique charts and designs. Exposure conversion problems. Anodecooling and tube rating.

Prerequisites: Undergraduate level RADT165 Minimum grade of C-

Co-requisites: RADT250, RADT260, RADT261

Restrictions: Must be enrolled in one of the following Majors: Radiologic Technology

Levels: Graduate Undergraduate

College of Professional Sci Radiologic Technology

RADT 272 - Principles Computed Tomography

RADT 272 - Principles Computed Tomography

1 Credit Hours

Content is designed to impart basic principles and instrumentation related to computed tomography (CT imaging). Computed tomography systems and operations will be explored with attention given to radiation safety.

Restrictions: Must be enrolled in one of the following Majors: Radiologic Technology

Levels: Undergraduate

College of Professional Sci Radiologic Technology

RADT 280 - Pathology

RADT 280 - Pathology

2 Credit Hours

Study of diseases and the radiographic evaluation of the disease processes.

Prerequisites: Undergraduate level RADT115 Minimum grade of C- and Undergraduate level RADT250 Minimum grade of C- and Undergraduate level RADT260 Minimum grade of C- and Undergraduate level RADT261 Minimum grade of C- and Undergraduate level RADT270 Minimum grade of C-

Co-requisites: RADT263, RADT292, RADT294

Restrictions: Must be enrolled in one of the following Majors: Radiologic Technology

Levels: Graduate Undergraduate

College of Professional Sci Radiologic Technology

RADT 292 - Imaging Equipment & Film Proce

RADT 292 - Imaging Equipment & Film Proce

2 Credit Hours

Defines the design, maintenance, and quality assurance of radiologic equipment and film processing equipment.

Prerequisites: Undergraduate level RADT115 Minimum grade of C- and Undergraduate level RADT250 Minimum grade of C- and Undergraduate level RADT260 Minimum grade of C- and Undergraduate level RADT261 Minimum grade of C- and Undergraduate level RADT270 Minimum grade of C-

Co-requisites: RADT263, RADT280

Restrictions: Must be enrolled in one of the following Majors: Radiologic Technology

Levels: Graduate Undergraduate

College of Professional Sci Radiologic Technology

RADT 294 - Radiographic Sectional Anatomy

RADT 294 - Radiographic Sectional Anatomy

2 Credit Hours

Gross sectional anatomy of the head, neck, thorax, abdomen, pelvis and vertebral column as they appear on diagrams, computed tomography and magnetic resonance scans.

Prerequisites: Undergraduate level RADT115 Minimum grade of C- and Undergraduate level RADT250 Minimum grade of C- and Undergraduate level RADT260 Minimum grade of C- and Undergraduate level RADT261 Minimum grade of C- and Undergraduate level RADT270 Minimum grade of C-

Co-requisites: RADT263, RADT280, RADT292

Restrictions: Must be enrolled in one of the following Majors: Radiologic Technology

Levels: Graduate Undergraduate

College of Professional Sci Radiologic Technology

RADT 300 - Introduction to MRI

RADT 300 - Introduction to MRI

1 Credit Hours

This course will provide the student with an overview of magnetic imaging including the evolution of MR Imaging. This introduction course will provide basic knowledge of terminology, imaging equipment, safety, patient preparation and monitoring the patient in MRI. The information will enable the student to better communicate with the MRI staff and to ensure the safety of the patient and co-workers while in the MRI area. Student must have ARRT certification and permission of RT Program Director to enroll.

Levels: Undergraduate

College of Professional Sci Radiologic Technology

RADT 310 - MRI Imaging Procedures

RADT 310 - MRI Imaging Procedures

2 Credit Hours

This course will provide the students with imaging techniques and standard protocols related to the CNS, neck, thorax, musculoskeletal system, abdomen and pelvis. Positioning criteria will be covered with the proper application of coils and their use in scanning will be covered. Emphasis on patient safety issues will be stressed throughout the course. Student must have ARRT certification and permission of RT Program Director to enroll.

Levels: Undergraduate

College of Professional Sci Radiologic Technology

RADT 311 - MRI Practicum I

RADT 311 - MRI Practicum I

2 Credit Hours

The clinical practice experiences are designed to sequentially develop the student from entry level skills to advance imaging skills. In this course, the student will gain experience in providing a safe working environment for the patient and others around the magnetic area, and entry level scanning protocols.

Prerequisites: RADT300

Levels: Undergraduate

College of Professional Sci Radiologic Technology

RADT 313 - MRI Practicum II

RADT 313 - MRI Practicum II

2 Credit Hours

The clinical practice experiences are designed to sequentially develop the student from entry level skills to advance imaging skills. In this course, the student will build on the objectives from RADT 311 and will recognize the need for altering the stand protocol to produce quality diagnostic images. Students will gain experience in altering the protocol to meet the needs of the patients.

Prerequisites: RADT300 and RADT310 and RADT311 and RADT320 and RADT330

Levels: Undergraduate

College of Professional Sci Radiologic Technology

RADT 320 - Physical Principles of MRI I

RADT 320 - Physical Principles of MRI I

2 Credit Hours

The course will introduce the student to the fundamentals of MR image acquisition. The information is useful to enable the student to maximize MR image acquisition by understanding image weighting and contrast, encoding and image formation, pulse-sequencing, setting parameters and trade-offs. Student must have ARRT certification and permission of RT Program Director to enroll.

Prerequisites: RADT300

Levels: Undergraduate

College of Professional Sci Radiologic Technology

RADT 321 - Physical Principles of MRI II

RADT 321 - Physical Principles of MRI II

2 Credit Hours

The course is designed to provide the student with a comprehensive overview of MRI imaging. Building upon the knowledge the students learned in Physical Principles of MRI Part I, the new topics include nuclear MR signal production, tissue characteristics, imaging parameters/options, image formation, flow phenomena, artifacts and their compensation, vascular and cardiac imaging, instrumentation and equipment, MRI safety, and contrast media agents used in MRI.

Prerequisites: RADT320

Levels: Undergraduate

College of Professional Sci Radiologic Technology

RADT 325 - Radiography Capstone

RADT 325 - Radiography Capstone

2 Credit Hours

This course is designed to prepare the radiologic technology students for the American Registry for Radiologic Technologists (ARRT) examination. The course topics will focus on the five sections of the ARRT national examination which are patient care and education, radiation protection and biology, equipment operation and quality control and imaging procedures. Students will present a topic to reflect their understanding of a particular radiographic procedure, disease process, patient tissues, radiation protection or biology or imaging equipment.

Prerequisites: RADT250 and RADT260 and RADT262 and RADT270

Co-requisites: RADT263, RADT280, RADT292

Restrictions: Must be enrolled in one of the following Majors: Radiologic Technology

Levels: Undergraduate

College of Professional Sci Radiologic Technology

RADT 330 - Advance Sectional Anatomy

RADT 330 - Advance Sectional Anatomy

2 Credit Hours

This course is a study of human anatomy as seen in axial, sagittal and coronal planes. Correlation to MR images is practiced in this course. Sectional anatomy of the head, neck, thorax, abdomen, pelvis, vertebral column and extremities as they appear on magnetic resonance scans. Student must have ARRT certification and permission of RT Program Director to enroll.

Levels: Undergraduate

College of Professional Sci Radiologic Technology

RADT 340 - MRI Pathology

RADT 340 - MRI Pathology

2 Credit Hours

This course familiarizes the student with the common pathologies found in magnetic resonance imaging and the appearance of these pathologies in various imaging protocols. The course content is inclusive of all commonly-imaged body systems and areas. Student must have permission of RT Program Director to enroll.

Prerequisites: RADT330

Levels: Undergraduate

College of Professional Sci Radiologic Technology

RADT 350 - Management of a MRI Center

RADT 350 - Management of a MRI Center

2 Credit Hours

This course provides an overview of the mechanics involved in operating an MRI center including considerations that must be addressed before placing an MRI system. the course will focus on the various management styles, staffing matrix, policy development and current issues facing MRI centers. Student must have ARRT certification and permission of RT Program Director to enroll.

Levels: Graduate Undergraduate

College of Professional Sci Radiologic Technology

SHRM 200 - Human Resources In a Diverse S

SHRM 200 - Human Resources In a Diverse S

3 Credit Hours

A survey of the theory, policies, and practices that guide the management of human resources within organizations. Topics addressed include: strategic HR, employment law, HR planning and job analysis, staffing, training and development, performance management, compensation and benefits, diversity management, labor relations, and international human resource management.

Course Attributes: Diversity Flag, EPU, Gender & Diversity Studies

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

SHRM 300 - Human Resource Management

SHRM 300 - Human Resource Management

3 Credit Hours

A survey of the theory, policies, and practices that guide the management of human resources within organizations. Topics addressed include: strategic HR, employment law, HR planning and job analysis, staffing, training and development, performance management, compensation and benefits, diversity management, labor relations, and international human resource management.

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

SHRM 302 - Labor Relations

SHRM 302 - Labor Relations

3 Credit Hours

An examination of the field of labor relations including the evolution and current state of the labor movement, key labor legislation, and the collective bargaining process.

Prerequisites: SHRM200

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

SHRM 303 - Human Resources Internship I

SHRM 303 - Human Resources Internship I

3 Credit Hours

An elective cooperative experience where students earn academic credit while performing approved human resources related work experience. Student must have 55 credit hours completed, 2.75 GPA, department approval required.

Prerequisites: MGMT301 and SHRM200

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

SHRM 309 - Change Management

SHRM 309 - Change Management

3 Credit Hours

Theory and design of organizational systems, organizational performance, culture, training and development and change processes; course also includes a focus on performance appraisal.

Prerequisites: Undergraduate level MGMT300

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

SHRM 325 - International Human Resources

SHRM 325 - International Human Resources

3 Credit Hours

Compare and contrast labor markets in Asia, Europe and the US. Compare and contrast human resource decisions and practices in different countries (Canada, Great Britain, Germany, France, Sweden, Japan, China and Mexico), Analyze human resource issues and practices that today's multinational firms are facing. Topics include: international recruitment and selection, repatriation, training and development, performance management, compensation and labor relations.

Prerequisites: SHRM200

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

SHRM 345 - Compensation

SHRM 345 - Compensation

3 Credit Hours

An examination of the use of compensation and benefits systems to attract, retain, motivate, and reward employees. Topics include: job analysis, compensation system design, strategies to ensure a system that is internally consistent and externally competitive, challenges in compensating special employee groups, employee benefits, and the legal context.

Prerequisites: (STAT210 or MATH156) and SHRM200

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

SHRM 360 - Staffing

SHRM 360 - Staffing

3 Credit Hours

An examination of the field of staffing within the human resource function, including job analysis, legal issues, and internal and external recruitment and selection.

Prerequisites: (MATH156 or STAT210) or BAIS210 and (SHRM200 or SHRM300)

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

SHRM 370 - Training and Development

SHRM 370 - Training and Development

3 Credit Hours

A study of training and development of human resources in organizations. Topics include the design, implementation and evaluation of training and development programs as well as career management and organizational development activities.

Prerequisites: SHRM200

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

SHRM 403 - Human Resources Internship II

SHRM 403 - Human Resources Internship II

3 Credit Hours

An elective cooperative experience where students earn academic credit while performing approved human resources related work experience. Student must have 55 credit hours completed, 2.75 GPA, departmental approval required.

Prerequisites: MGMT301 and SHRM200

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

SHRM 404 - Advanced Topics In SHRM

SHRM 404 - Advanced Topics In SHRM

3 Credit Hours

Analysis of current human resources issues facing organizations. Topics will vary to keep course current.

Prerequisites: SHRM200

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

SHRM 490 - Integ Capstone In Strat HR Mgt

SHRM 490 - Integ Capstone In Strat HR Mgt

3 Credit Hours

Integration and application of human resource knowledge for a real company or simulation; analysis of current human resource issues facing organizations. Required capstone course for SHRM majors. Prerequisite: SHRM 301 and 6 hours of SHRM 300-400 level courses.

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

SHRM 495 - SHRM Capstone

SHRM 495 - SHRM Capstone

3 Credit Hours

This course emphasizes the strategic importance of HRM in organizational effectiveness and the internal assessment of HRM systems for alignment with organizational goals. Key topics include metrics and measurement of HR, trends and forecasting in HR, outsourcing, downsizing, sustainability/corporate social responsibility, ethics, and internal consulting.

Prerequisites: SHRM200

Restrictions: Must be enrolled in one of the following Classifications: Senior

Levels: Undergraduate

Williams College of Business Mgmt, Entrepreneurship & HR

SHRM 600 - Introduction To Human Resource

SHRM 600 - Introduction To Human Resource

3 Credit Hours

Key processes of human resource management including selection, employee development, performance management, reward systems, and employee relations.

Restrictions: Must be enrolled in one of the following Levels: Graduate Must be enrolled in one of the following Colleges: Williams College of Business

Levels: Graduate

Williams College of Business Mgmt, Entrepreneurship & HR

SOCI 101 - Introduction to Sociology

SOCI 101 - Introduction to Sociology

3 Credit Hours

Social behavior within the context of group structure, society, and culture. Basic sociological terminology and methodology.

Course Attributes: Diversity Flag, Gender & Diversity Studies, Social Science Elect New Core, Social Science Old/Trans Core

Levels: Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 167 - Survey of Society Social Work

SOCI 167 - Survey of Society Social Work

3 Credit Hours

The social welfare institution and social work. The three major purposes of social work: (1) enhancement of problem solving; (2) knowledge of systems that provide people with resources and services; and (3) the successful linkage of people with these systems.

Course Attributes: Gender & Diversity Studies

Levels: Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 180 - Culture & Society

SOCI 180 - Culture & Society

3 Credit Hours

Cross cultural study of human values, norms, and behavior. Contemporary American as well as remote and prehistoric cultures will be investigated from the anthropological perspective.

Course Attributes: Gender & Diversity Studies, Social Science Old/Trans Core

Levels: Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 200 - Foundational Social Thought

SOCI 200 - Foundational Social Thought

3 Credit Hours

An introduction to classical sociological theory through the mid-twentieth century including an examination of basic concepts and theoretical projects and application to contemporary social contexts.

Course Attributes: Diversity Flag, Gender & Diversity Studies

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 216 - Sociology of Religion

SOCI 216 - Sociology of Religion

3 Credit Hours

Examination of the major components of religion, the interdependence between religion and other societal institutions, and religion's role in social conflict and change.

Course Attributes: ERS Focus Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 232 - Sociology of Sport

SOCI 232 - Sociology of Sport

3 Credit Hours

Organized sport as an important institutional component of American culture and society.

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 240 - Population & Globalization

SOCI 240 - Population & Globalization

3 Credit Hours

Introduction to the basic methods and theories of demography.

Course Attributes: Diversity Flag, Environ Science/Studies Elect, Gender & Diversity Studies, Peace & Justice Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 245 - Appalachian in Urban Life

SOCI 245 - Appalachian in Urban Life

3 Credit Hours

Subcultural contact with the urban community. Social and economic adjustment problems of this group.

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 250 - Racial Ethnic Minorities

SOCI 250 - Racial Ethnic Minorities

3 Credit Hours

Minority groups in contemporary United States. Social processes involved in dominant minority relations.

Course Attributes: Diversity Flag, GDST Race and Ethnicity Conc, Gender & Diversity Studies, Peace & Justice Studies Minor, Social Science Old/Trans Core

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 262 - Gender and Society

SOCI 262 - Gender and Society

3 Credit Hours

Women in social, economic, and structural (bureaucratic) settings. An examination of changing roles and status.

Course Attributes: Diversity Flag, Gender & Diversity Studies, GDST Women and Gender Conc, Peace & Justice Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 264 - Social Change

SOCI 264 - Social Change

3 Credit Hours

Studying alterations in cultural patterns, social structure, and social behavior.

Course Attributes: Peace & Justice Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 265 - Collective Behavior

SOCI 265 - Collective Behavior

3 Credit Hours

Overview of theory and research on various forms of collective behavior, including fads, fashions, urban legends, crowds, riots, and social movements.

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 269 - Popular Culture

SOCI 269 - Popular Culture

3 Credit Hours

Critical perspectives on the production, interpretation, and effects of popular culture.

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 270 - Irish Historical Sociology

SOCI 270 - Irish Historical Sociology

3 Credit Hours

This course entails readings, lectures, and travel to the most important sites in Ireland that explain the evolution of Irish identity based on different migrations.

Course Attributes: Diversity Flag, Gender & Diversity Studies, Social Science Elect New Core, Social Science Old/Trans Core

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 271 - Social Movements

SOCI 271 - Social Movements

3 Credit Hours

This course explores sociological perspectives on a variety of social movements including the civil rights movement, the feminist movement, environmental movements and global movements for social change.

Course Attributes: Peace & Justice Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 285 - Magic & Witchcraft

SOCI 285 - Magic & Witchcraft

3 Credit Hours

Mysticism and the supernatural in social context. The meanings and functions of magic and witchcraft within various cultural contexts.

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 287 - Amer Music & the Roots of Cool

SOCI 287 - Amer Music & the Roots of Cool

3 Credit Hours

This course addresses the influence of music in everyday living - the impact of music in society as well as social problems expressed through music. With emphasis on the American experience, special attention is paid to popular cultural and mass cultural forms of music - especially soul, jazz, rhythm and blues and country - as well as how people use music to claim a social identity and to establish social boundaries between themselves and others.

Course Attributes: Africana Studies Minor, Diversity Flag

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 289 - Movies and Cities

SOCI 289 - Movies and Cities

2 Credit Hours

The course is designed for undergraduates and serves as an introduction to both American urban history and the history of movies. It also acquaints students with interdisciplinary methods. Students are required to do a significant amount of reading and writing.

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 290 - Criminology and Penology

SOCI 290 - Criminology and Penology

3 Credit Hours

Causative theories of crime. Crimes and criminals in the context of behavioral systems. Policies and programs of legal treatment.

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 292 - Juvenile Delinquency

SOCI 292 - Juvenile Delinquency

3 Credit Hours

Multiple factors involved in delinquent behavior. Definition, extent, causation, and treatment.

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 310 - Family In the 21st Century

SOCI 310 - Family In the 21st Century

3 Credit Hours

Sociological insights concerning marriage and family systems. Dating, love, sex roles, and parenting.

Course Attributes: Gender & Diversity Studies

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 316 - Complex Organizations

SOCI 316 - Complex Organizations

3 Credit Hours

A critical survey of formal organizations and the social processes and behaviors associated with them. Authority, control, motivation, socialization, and alienation are among the areas to be discussed.

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 352 - Investigating Social Life I

SOCI 352 - Investigating Social Life I

3 Credit Hours

In-depth study of the basic steps and processes in scientific inquiry.

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 353 - Investigating Social Life II

SOCI 353 - Investigating Social Life II

3 Credit Hours

Ethnographic research methods. Senior comprehensive research paper.

Prerequisites: Undergraduate level SOCI352 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 358 - Urban America

SOCI 358 - Urban America

3 Credit Hours

Historical development and demographic patterns of the city and its environs. Socio-cultural and ecological perspectives used to examine urban, suburban, and rural areas.

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 360 - Urban Anthropology

SOCI 360 - Urban Anthropology

3 Credit Hours

Introduction to the field of urban anthropology and to "the city" as an object of study. Explores urban life, culture and institutions by examining essays, ethnographies and films that reflect the research of observers of urban culture.

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 362 - Technologies of Gender

SOCI 362 - Technologies of Gender

3 Credit Hours

Examination of the ways in which women's bodies are both constructed and deconstructed in post modern culture and the ethical, social, and political implications of these processes for the well-being of women. We will focus on technologies of gender, i.e., those sets of cultural practices that make the body gendered.

Prerequisites: Undergraduate level THEO111 Minimum grade of D and Undergraduate level PHIL100 Minimum grade of D

Course Attributes: ERS Focus Elective, Gender & Diversity Studies

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 365 - Contemporary Social Theory

SOCI 365 - Contemporary Social Theory

3 Credit Hours

Class, status, and power in social life. Systems of social inequality examined within a cross-cultural perspective.

Course Attributes: Diversity Flag, Gender & Diversity Studies

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 366 - Utopian Communities

SOCI 366 - Utopian Communities

3 Credit Hours

Course examines, in historical and contemporary settings, Utopian writings and actual attempts at establishing Utopian situations.

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 375 - Sociology of Health

SOCI 375 - Sociology of Health

3 Credit Hours

Critical perspective on issues in the health status of populations and distribution of medical services in society.

Course Attributes: Gender & Diversity Studies, Peace & Justice Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 382 - Social Systems in the Life Cyc

SOCI 382 - Social Systems in the Life Cyc

3 Credit Hours

The importance of organizations, communities, society, and global influences in assessing human behavior in the social environment.

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 398 - Internship: Social Service

SOCI 398 - Internship: Social Service

3 Credit Hours

Examination of the processes and issues involved in social service programs through hands-on experience in a social service agency or organization.

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 412 - Dynamics of Older Adults

SOCI 412 - Dynamics of Older Adults

3 Credit Hours

The process and experience of aging in social, political, and economic context.

Course Attributes: Gender & Diversity Studies

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 495 - Directed Study

SOCI 495 - Directed Study

1-3 Credit Hours

Opportunity to pursue a topic or project of individual interest.

Levels: Graduate Undergraduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 552 - Quantitative Analysis

SOCI 552 - Quantitative Analysis

3 Credit Hours

This course provides students with the analytical skills they need to understand and use the myriad of data, from many different sources with many different intended outcomes, which are central to understanding the issues of urban sustainability. Students will learn how to use statistical methods, gain experience interpreting and analyzing different data sets (demographic, social-economic, environmental-scientific, financial, geographic, etc.), and develop a critical understanding of how data is used in decision-making. Students will be able to make inferences from one type of data to another in order to provide high-level analysis on topics that require an understanding of data from multiple sources and disciplines. For example, student might be asked to connect air quality data to the incidence of children's asthma rates in poor inner city neighborhoods, and further to look at land use and building condition maps of those same neighborhoods to understand the additional risk presented by poor building

conditions and the incidence of mold and lead paint clustered in particular parts of the community.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 554 - Intro to Urban Systems

SOCI 554 - Intro to Urban Systems

3 Credit Hours

This course will provide an overview of the natural and built systems that make up contemporary urban places. It also examines the ecological, social, economic and political forces that mold that urban environments and shape the people who live in them. The course is designed to give students a framework to understand the complexity of urban systems and provide a foundation for the interdisciplinary work in the program. This course will rely heavily on the Cincinnati metropolitan area to explore the intersection of natural, built, economic, political, and social systems. It will also provide examples and case studies nationally and globally as context. Examples of topics covered in this class would include the treatment of the Mill Creek over the history of the development of Cincinnati; the food distribution system and the evolution from small neighborhood stores to the 201Cbig box\201D system, and from family farms to agri-business.

Restrictions: Must be enrolled in one of the following Levels: Graduate

Levels: Graduate

College of Arts & Sciences Race, Intersect, Gender & Soci

SOCI 555 - Urban Development & Space

SOCI 555 - Urban Development & Space

3 Credit Hours

This course is a careful investigation of urban development patterns and the organization of urban space. We will cover the history of human development patterns from a design perspective. This will include the move of populations from rural environments to cities, the Greek city, the Roman city, the Industrial revolution, suburban development and the megalopolis, again each focused on the physical aspects of these development periods. This course will promote an understanding of organic urban forms, concentric ring development, sector development, and multi-centric development patterns. The social and economic implications of these various development patterns will be explored. The course will include a detailed look at land use, transportation, and density as critical elements of urban form. This section of the class will cover land use regulatory structures (zoning and environmental law) and the various funding and taxing mechanisms that impact decision making. It will also include a review of metropolitan areas and how they include rural hinterlands, exurbs, suburbs and urban centers and issues of urban sprawl. This course will also examine urban design, good design principals, place making, and what makes places walkable, enjoyable urban environments. The course will also present the principals of sustainable design, and provide students with an understanding of how development and design choices impact sustainability outcomes.

College of Professional Sci Social Work

SOCW 206 - Intro to Gender & Diversity St

SOCW 206 - Intro to Gender & Diversity St

3 Credit Hours

This course is designed to help students develop a critical framework for analyzing and exploring the nature of social diversity, including privilege and oppression, with respect to race, ethnicity, gender, sexual orientation, socioeconomic class, age, religion, and mental/physical abilities. It provides tools for ethical analysis of questions relating to the individual and collective experience of disenfranchisement as well as resiliency in society. Students will be introduced to interdisciplinary scholarship that examines oppression and privilege through the lens of society's social institutions.

Course Attributes: Diversity Flag, ERS Focus Elective, Gender & Diversity Studies, Peace & Justice Studies Minor, Social Science Elect New Core

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 208 - Economics of Society

SOCW 208 - Economics of Society

3 Credit Hours

This course investigates the issues of poverty and inequality by examining these issues in the U.S. along with international comparisons. Past and present efforts to define poverty and to address related social problems will be explored. Underlying theories and beliefs about the causes of poverty and income inequality will be assessed using critical thinking skills.

Course Attributes: Diversity Flag, Gender & Diversity Studies, Peace & Justice Studies Minor, Population Health

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 221 - Juvenile Justice

SOCW 221 - Juvenile Justice

3 Credit Hours

Emphasizes juvenile court philosophy and practices, prevailing case law, applicable federal and state legislation, historical and current trends and development of standards, alternatives to incarceration, and a comparison of the treatment of the juvenile offender in the juvenile justice system as opposed to the adult system.

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 260 - Current Issues in Crim Justice

SOCW 260 - Current Issues in Crim Justice

3 Credit Hours

Complements CJUS 101 Introduction to Criminal Justice; CJUS 103 Introduction to Corrections; CJUS 321 Juvenile Justice; and relates numerous current political and social issues to adult and juvenile corrections.

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 261 - Social Psychology

SOCW 261 - Social Psychology

3 Credit Hours

The individual's personality, attitudes, and behavior in multi-individual situations.

Course Attributes: Social Science Elect New Core, Social Science Old/Trans Core

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 264 - Social Change

SOCW 264 - Social Change

3 Credit Hours

Studying alterations in cultural patterns, social structure, and social behavior.

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 265 - Overview of Contemp Correction

SOCW 265 - Overview of Contemp Correction

3 Credit Hours

Compares historical and contemporary methodologies, presents and critiques jail and prison programs, applies court decisions to current practices, and generally analyzed institutional and non-institutional corrections in relation to today's social and political realities. Staff and inmate rights and responsibilities are presented within the context of ethical and legal requirements.

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 270 - Families in Poverty

SOCW 270 - Families in Poverty

3 Credit Hours

Analyzes the causes and consequences of poverty for families in America. Antipoverty policy responses are also considered.

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 299 - Child Welfare and Development

SOCW 299 - Child Welfare and Development

3 Credit Hours

This course provides the student knowledge of human development in the social environment from conception through fetal development, birth, infancy, early childhood, and middle childhood. An overview of both healthy and non-healthy development through the lens of diversity and within the context of social institutions, most notably the child welfare system and the family is presented. Students will learn about developmental niche, family pluralism with specific focus on grandparents parenting grandchildren, disproportional representation and disparity of outcomes for children of color in the child welfare system, and racial and gender identify development in childhood. Foundational theories and concepts are presented to prepare the student with knowledge for viewing development and human transitions through social interactions. Students will learn about child maltreatment, the child welfare system and services. This course is appropriate for many disciplines, especially in health related disciplines.

Course Attributes: Diversity Flag, Gender & Diversity Studies, Social Science Elect New Core, Social Science Old/Trans Core

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 300 - Adolescence - Older Adulthood

SOCW 300 - Adolescence - Older Adulthood

3 Credit Hours

This course provides the student knowledge of human development in the social environment from adolescence through older adulthood and end of life, stressing both healthy and non-healthy aspects of development and behavior. A core of theories, concepts, and skills is presented so that the student can effectively apply this content to practice with client systems. This course will ground the student in the person-in-environment perspective by considering biological, psychological, social, spiritual and environmental aspects of development, making the course appropriate for many disciplines.

Course Attributes: Population Health, Social Science Old/Trans Core

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 310 - Family and Society

SOCW 310 - Family and Society

0 - 2 Credit Hours

A study of marriage preparation, partner selection, marital adjustment, family structure and functions, and marital dissolution. Current problems facing the family will be explored with an emphasis on macro and micro intervention strategies which may be employed for problem resolution.

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 313 - Lifestyles in Changing Society

SOCW 313 - Lifestyles in Changing Society

2-3 Credit Hours

An in-depth study of American culture and the effects it has upon the relationship of the individual to the social order; a look at societal child-rearing practices, autonomy, and self-actualization.

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 315 - Values, Human Rights, Advocacy

SOCW 315 - Values, Human Rights, Advocacy

3 Credit Hours

This course is designed to offer students basic knowledge and understanding of the social institution of social welfare as it relates to the collective well-being of all in our society. Social welfare as a social institution is examined in relationship to the seven other social institutions considered to be pillars of any society: the political, economic, education, religious, health, family, and mass media institutions. This examination occurs through a cultural humility and human rights lens using the premise that every person, regardless of position in society, has fundamental rights such as freedom, safety, privacy, an adequate standard of living, health care, and education. Global interconnections are made regarding oppression, privilege, human rights, and advocacy strategies to promote social, racial, economic, and environmental justice.

Prerequisites: SOCW167

Course Attributes: Diversity Flag, ERS Focus Elective, Gender & Diversity Studies, Peace & Justice Studies Minor, Social Science Old/Trans Core

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 316 - Soc Policy & Contemporary Issu

SOCW 316 - Soc Policy & Contemporary Issu

3 Credit Hours

This course is designed to provide students with an understanding of American social welfare policy analysis. This course will review the historical, current and emerging social problems and critique policies created or proposed to respond to these problems. Students will learn how to understand and critically analyze social policy, while taking into account the basic principles of economic and social justice. Specific focus will be given to the intersection of diversity with the formation and implementation of social welfare policies.

Course Attributes: Gender & Diversity Studies, Peace & Justice Studies Minor, Writing Flag Core

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 318 - Trends in Modern Soc: Race Rel

SOCW 318 - Trends in Modern Soc: Race Rel

3 Credit Hours

This course provides a solid knowledge base regarding the role of race in professional and personal lives. The goal is to deepen students' perspective of what race/ethnicity means. Students will learn various theoretical frameworks used to promote diversity and as such race relations. The course will encourage self-reflection and examination of beliefs about the intrinsic value of all human beings. Students will explore barriers which historically have hindered greater positive growth for racial and ethnic minority groups.

Prerequisites: SOCW206

College of Professional Sci Social Work

SOCW 393 - Practice II: Groups & Families

SOCW 393 - Practice II: Groups & Families

3 Credit Hours

Students are introduced to theories, methods, and skills of generalist social work practice with groups and families. This includes the stages of group development as well as the dynamics of working with multiple clients at one time to accomplish mezzo level interventions.

Prerequisites: Undergraduate level SOCW392 Minimum grade of C

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 394 - Practice III: Comm & Org

SOCW 394 - Practice III: Comm & Org

3 Credit Hours

This course is designed to offer the student knowledge and application of the fundamentals of social work practice, the problem-solving process, and effective use of self as an agent of change with an emphasis on macro level social work practice in organizations, communities, and society.

Prerequisites: SOCW393

Co-requisites: SOCW417, SOCW419

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 395 - Directed Study

SOCW 395 - Directed Study

1-3 Credit Hours

Individualized study in an area of faculty expertise.

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 402 - Child Maltreatment & Fam Viol

SOCW 402 - Child Maltreatment & Fam Viol

3 Credit Hours

This course introduces students to the topics of child maltreatment, human trafficking, intimate partner violence, and elder abuse. Students will have an opportunity to explore all of these topics in-depth beginning with a basic understanding of history, terminology, scope, and severity. They will learn about the laws and governing bodies for those who have been abused or exploited, and of those who have committed such atrocities. Students will become aware of signs, symptoms and short/long term effects of various abuses. This course exposes students to an often hidden dynamic within many families, communities, and schools. Students will look at current events as they relate to the areas of focus, as well as participate in off-sight shadowing opportunities as they are available.

Course Attributes: Peace & Justice Studies Minor

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 404 - Rel/Ethics & Profession Pract

SOCW 404 - Rel/Ethics & Profession Pract

3 Credit Hours

This course will enable students to recognize and appropriately respond to religious, spiritual, and ethical issues that arise in the context of practice in professional fields such as social work, criminal justice, nursing, psychology and occupational therapy. The main goal is to be able to understand and use a justified reasoning process for ethical decision making that recognizes the role of spirituality for clients and professionals. The following components will be include: critical analysis of the similarities and differences between religion and spirituality; elements of professional ethics such as values, principles, and professional codes; one's own personal ethical and religious/spiritual perspective; comparison of similarities and differences between and among professional code of ethics across disciplines, steps involved in ethical decision making models; inclusive diversity terminology and how power and privilege influence ethical decision making; and the collaborative application of ethical decision-making to clinical cases in order to learn from one another's ethical and religious/spiritual wisdom.

Prerequisites: Undergraduate level PHIL100 Minimum grade of D and Undergraduate level THEO111 Minimum grade of D

Course Attributes: Diversity Flag, ERS Focus Elective, Gender & Diversity Studies

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 407 - Addiction: An Epidemic

SOCW 407 - Addiction: An Epidemic

0 - 1 Credit Hours

Various forms of addiction are becoming the leading social problems of this century. An overview of addiction will be imparted as well as specific manifestations such as sex, gambling, eating disorders, and drugs. The impact of addiction on the individual, family, and society will be discussed.

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 408 - Women & Societal Violence

SOCW 408 - Women & Societal Violence

0 - 1 Credit Hours

A historical perspective on violence against women. Modern day forms of violence against women and intervention will be studied. Prosecution of cases will be presented and treatment strategies for offenders will be explored.

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 409 - Group Dynamics

SOCW 409 - Group Dynamics

3 Credit Hours

In depth consideration of basic dynamics and processes operating in groups and various strategies used in the group approach as they relate to educational, business, social and personal interactions and problems.

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 412 - Gerontological Social Work

SOCW 412 - Gerontological Social Work

3 Credit Hours

This course critically examines the social, psychological and biological aspects of aging; focuses on the social constraints encountered by the aged, the social welfare systems which serve the aged, and the role of the social work practitioner in serving the aged.

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 414 - Child & Adolescent Chronic Ill

SOCW 414 - Child & Adolescent Chronic Ill

1 Credit Hours

This intensive course will examine the child and adolescent with chronic illness and discuss treatment approaches from a multi-disciplinary or bio-psycho-social intervention model. The instructor will draw upon extensive experience and observations from working in clinics, hospitals or in the field with children who have been diagnosed with such disorders as: cancer, hemophilia, AIDS, diabetes, sickle cell anemia, endocrine/growth problems, cleft palate, genetic anomalies, mental health DSM-IV disorders, as well as children with multiple handicaps and disabilities. Emphasis will be given to practical ways counselors and other mental health professionals and teachers can build and maintain therapeutic relations with children who have been dealt this difficult challenge of handling a chronic or life threatening illness. Additionally, this course will give special attention to identifying needs, assessing, and treating families and siblings of children who have a chronic illness.

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 417 - Social Work Field Instruction

SOCW 417 - Social Work Field Instruction

3 Credit Hours

This course provides the student an opportunity to work directly with client systems in an approved social service agency under the supervision of a professional social worker. Students will have an opportunity to integrate the knowledge, values and skills acquired in the classroom with real life practice experiences, and thus prepare themselves as generalist practitioners. This course will focus on the processes of intake, engagement, and assessment with individuals, families, groups, organizations and communities utilizing a generalist practice approach. The course will increase the student's awareness and understanding of both their personal and professional selves within their role as a social work student and soon to be professional through the use of reflection and discernment.

Prerequisites: Undergraduate level SOCW394 Minimum grade of C and Undergraduate level SOCW419 Minimum grade of C

Co-requisites: SOCW394, SOCW419

Course Attributes: Immersive Learning Experience

Levels: Graduate Undergraduate

SOCW 418 - Social Work Field Instruction

SOCW 418 - Social Work Field Instruction

3 Credit Hours

This course provides the student an opportunity to work directly with client systems in an approved social service agency under the supervision of a professional social worker. Students will have an opportunity to integrate the knowledge, values and skills acquired in the classroom with real life practice experiences, and thus prepare themselves as generalist practitioners. This course will focus on the processes of planning, intervention and evaluation with individuals, families, groups, organizations and communities utilizing a generalist practice approach. The course will increase the student's awareness and understanding of both their personal and professional selves within their role as a social work student and soon to be professional social worker through the use of reflection and discernment.

Prerequisites: Undergraduate level SOCW417 Minimum grade of C and Undergraduate level SOCW419 Minimum grade of C

Co-requisites: SOCW420

Course Attributes: Immersive Learning Experience

Levels: Graduate Undergraduate

SOCW 419 - Social Work Seminar

SOCW 419 - Social Work Seminar

3 Credit Hours

This seminar course provides the student an opportunity to discuss and analyze the knowledge, values and skills acquired in the classroom with the real life practice experiences gained in field. Students will conduct an analysis of their field agency, present findings in class and learn about a wide variety of social work settings. Student will also have an opportunity to explore and resolve an ethical dilemma in their practice and present the outcome of the situation. The course will increase the student's awareness and understanding of both their personal and professional selves within their role as a social work student and soon to be professional social worker through the use of reflection and discernment.

Prerequisites: Undergraduate level SOCW417 Minimum grade of C and Undergraduate level SOCW394 Minimum grade of C

Co-requisites: SOCW394, SOCW417

Levels: Graduate Undergraduate

SOCW 420 - Social Work Seminar

SOCW 420 - Social Work Seminar

3 Credit Hours

This seminar course provides the student an opportunity to discuss and analyze the knowledge, values and skills acquired in the classroom with the real life practice experiences gained in field. Students will conduct an analysis of his or her professional development of self-utilizing a spiritually sensitive perspective. The student will also have an opportunity to conduct a case analysis integrating understanding of generalist practice with an emphasis on the planned change process. The course will increase the student's awareness and understanding of both their personal and professional selves within their role as a social work student and soon to be professional social worker through the use of reflection and discernment.

Prerequisites: Undergraduate level SOCW417 Minimum grade of C and Undergraduate level SOCW419 Minimum grade of C

Co-requisites: SOCW418

Levels: Graduate Undergraduate

College of Professional Sci Social Work

SOCW 423 - Research Methodology

SOCW 423 - Research Methodology

3 Credit Hours

Social workers use research findings to improve practice, inform policy, and provide effective social service delivery. This course will provide an in-depth study of the processes of scientific inquiry (research). We will explore the research method, approaches to building knowledge (quantitative vs. qualitative), and the application of research to social work practice (evidence based practice).

Course Attributes: Quantitative Reason Flag Full

Levels: Undergraduate

College of Professional Sci Social Work

SOCW 424 - Research Project

SOCW 424 - Research Project

1 Credit Hours

Students will conduct a piece of original research at their field placement or other agreed upon setting. Students will present their research project to the class in the form of a professional poster.

Prerequisites: Undergraduate level SOCW352 Minimum grade of C or Undergraduate level SOCW423 Minimum grade of C

Levels: Graduate Undergraduate

SPAN 101 - Elementary Spanish I

SPAN 101 - Elementary Spanish I

3 Credit Hours

An introduction to basic language skills emphasizing the acquisition of high-frequency vocabulary and the development of cultural awareness.

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 102 - Elementary Spanish II

SPAN 102 - Elementary Spanish II

3 Credit Hours

The second semester elementary course which is a continuation of SPAN 101. Pre-requisite: SPAN 101 (unless waived).

Prerequisites: SPAN101 or Placement - Spanish 102 or Graduate level EDMS999

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 103 - Accelerated Intro Spanish

SPAN 103 - Accelerated Intro Spanish

3 Credit Hours

This is an accelerated beginning Spanish course for students who have had some prior study of the language, have placed into the course by examination, or who have chosen this course after having placed in SPAN 102. Students will practice the three modes of communication (Interpersonal, Interactive and Presentational) as they work towards developing language proficiency, both in speaking and writing. Instruction and coursework is entirely in Spanish in order to emphasize the development of proficiency. Upon successful completion of Spanish 103, students will enroll in SPAN 201: Intermediate Spanish I to complete the core language requirement.

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 201 - Intermediate Spanish I

SPAN 201 - Intermediate Spanish I

3 Credit Hours

The first semester intermediate course which is a continuation of SPAN 102 with a particular emphasis on the development of more creative use of the language. {requisite: SPAN 102 (unless waived)}

Prerequisites: SPAN102 or Placement - Spanish 201 or SPAN103

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 202 - Intermediate Spanish II

SPAN 202 - Intermediate Spanish II

3 Credit Hours

The second semester intermediate course emphasizing reading and writing skills through the study of authentic materials dealing with the Hispanic world. Pre-requisite: SPAN 201 (unless waived)

Prerequisites: Undergraduate level SPAN201 Minimum grade of D or Placement - Spanish 202 or Graduate level EDMS999

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 205 - Hispanic Lit & Moral Imagin

SPAN 205 - Hispanic Lit & Moral Imagin

3 Credit Hours

An examination of ethical and moral issues from the literature of the Spanish-speaking world that illuminate contemporary society. Course given in translation does not fulfill requirements for Spanish major or minor. Fulfills E/RS focus Lit and the Moral Imagination requirement.

Course Attributes: Lit and Moral Imagination

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 253 - Intro to Latin American Stud

SPAN 253 - Intro to Latin American Stud

3 Credit Hours

An introduction to Latin American Studies concentrating on historical, sociopolitical and cultural issues. Taught in English. Does not count towards major, minor, or language certification in Spanish.

Prerequisites: PHIL100 or THEO111

Course Attributes: ERS Focus Elective, Gender & Diversity Studies, Latin American Studies Minor, Peace & Justice Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 300 - Advanced Spanish I

SPAN 300 - Advanced Spanish I

3 Credit Hours

A language development course which emphasizes equally listening, speaking, reading, writing, and cultural aspects with an extensive grammar review. Pre-requisite: SPAN 202 or its equivalent.

Course Attributes: Latin American Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 301 - Advanced Spanish II

SPAN 301 - Advanced Spanish II

3 Credit Hours

This course offers advanced and comprehensive structure of the Spanish language, emphasizing listening, writing, reading, and cultural aspects. Pre-requisite: SPAN 202 or equivalent

Prerequisites: Undergraduate level SPAN202 Minimum grade of D or Placement - Spanish 300 or EDMS999

Course Attributes: Humanities Elective, Latin American Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 302 - Spanish Conversation

SPAN 302 - Spanish Conversation

3 Credit Hours

Designed for the development of speaking and listening skills through active participation by students. Discussions and activities are based on contemporary issues. Pre-requisite: SPAN 300 or SPAN 301 or equivalent.

Prerequisites: Undergraduate level SPAN300 Minimum grade of D or Undergraduate level SPAN301 Minimum grade of D or Graduate level EDMS999

Course Attributes: Latin American Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 303 - Spanish Composition

SPAN 303 - Spanish Composition

3 Credit Hours

Designed for the development of both formal and informal writing skills. Types of writing include journal, letter, summary, and analytical. Pre-requisite: SPAN 300, SPAN 301 or its equivalent.

Prerequisites: Undergraduate level SPAN300 Minimum grade of D or Undergraduate level SPAN301 Minimum grade of D or Graduate level EDMS999

Course Attributes: Latin American Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 304 - Spanish Vocabulary in Context

SPAN 304 - Spanish Vocabulary in Context

3 Credit Hours

Study of technical and functional vocabulary in selected situations not found in traditional textbooks. Pre-requisite: SPAN 300, SPAN 301 or its equivalent

Prerequisites: Undergraduate level SPAN300 Minimum grade of D or Undergraduate level SPAN301 Minimum grade of D or Graduate level EDMS999

Course Attributes: Latin American Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 305 - Readings in Spanish

SPAN 305 - Readings in Spanish

3 Credit Hours

Readings from literary and nonliterary sources chosen to improve reading skills, with continued practice of listening, speaking and writing skills. Pre-requisite: SPAN 300, SPAN 301 or equivalent.

Prerequisites: Undergraduate level SPAN300 Minimum grade of D or Undergraduate level SPAN301 Minimum grade of D or Graduate level EDMS999

Course Attributes: Latin American Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 306 - Business Spanish

SPAN 306 - Business Spanish

3 Credit Hours

Development of the four skills in the context of the contemporary Hispanic business world by readings, discussions, and written practice. Emphasis on the terminology of commercial Spanish. Pre-requisite: SPAN 300, SPAN 301 or its equivalent.

Prerequisites: Undergraduate level SPAN300 Minimum grade of D or Undergraduate level SPAN301 Minimum grade of D or Graduate level EDMS999

Course Attributes: Latin American Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 309 - Con Issues in Span Speak World

SPAN 309 - Con Issues in Span Speak World

3 Credit Hours

This course will offer students the opportunity to examine and analyze contemporary issues in Peru society along with the broad themes of Peruvian history and cultural heritage that continue to influence the lives of Peruvians. Through the incorporation of a variety of authentic texts, students investigate, discuss, and compose position papers on social justice issues. An online collaborative component engages students in interaction with Peruvian students enrolled at the Jesuit University of Antonio Ruiz de Montoya in Lima, Peru. The course will feature virtual collaborative tasks and activities related to social issues of global dimension, a research project and presentation. Possible themes include existence of multiple linguistic and cultural ethnicities, economic and political issues, religious traditions, family patterns and violence against women, access to education and clean water, societal ethics and philosophy, artistic and musical forms. Taught in Spanish.

Prerequisites: SPAN300

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 310 - Text and Cultural Analysis

SPAN 310 - Text and Cultural Analysis

3 Credit Hours

This course is designed to develop writing and analytical skills in Spanish. Built around the questions, "What is literature?" and "What is a text?", the course examines literary texts divided by genres (poetry, short story, theatre, novel, essay) and non-literary texts (autobiography, testimony, documentary film, chronicles), and looks to examine textual structure, narrative point of view, and focalization as principal analytical considerations. Students in this course develop skills for close textual readings in class discussions and engage in writing as a collaborative process that includes self-correction, peer correction and correction by the instructor. The course includes a final research paper that is developed throughout the semester and has readings from the Golden Age in Spain or slave narratives in the Caribbean to modern theatre and the novel. Critical Approaches counts for all Spanish majors and minors in the Department of Classic and Modern Languages.

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 323 - Topics in Global Spanish

SPAN 323 - Topics in Global Spanish

3 Credit Hours

SPAN323 is an advanced Spanish course for students who have taken SPAN300/SPAN301 and another advanced Spanish course in the 302-310 range. This class will examine a specific theme such as immigration, racism, nationalism, feminism, and social media (among other possibilities) in Spanish-speaking cultures and contexts around the world. The unique relevance of that semester's individual theme to the Spanish-speaking world will be made clear, as the term itself ("nationalism," for example) will be defined at the beginning of the course. .

Prerequisites: SPAN300 or SPAN301

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 325 - History of the Spanish Language

SPAN 325 - History of the Spanish Language

3 Credit Hours

Study of the evolution and development of the Spanish language from Latin to present day Spanish. Students MUST take at least two of the following before enrolling in this course: SPAN 300, 301, 302, 303, 304, 305, and 306.

Course Attributes: Latin American Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 326 - Spanish: Applied Linguistics

SPAN 326 - Spanish: Applied Linguistics

3 Credit Hours

Study of the Spanish language designed to increase knowledge and competence through discussion and practice of language usage. Students MUST take at least two of the following before enrolling in this course: SPAN 300, 301, 302, 303, 304, 305, and 306.

Course Attributes: Latin American Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 328 - Phonetics and Dialectology

SPAN 328 - Phonetics and Dialectology

3 Credit Hours

Study of the phonetic system of the Spanish language, including transcription and identification of dialectal features. Students MUST take at least two of the following before enrolling in this course: SPAN 300, 301, 302, 303, 304, 305, and 306.

Course Attributes: Latin American Studies Minor, Oral Communication Flag

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 329 - Spanish for Elem Teachers

SPAN 329 - Spanish for Elem Teachers

3 Credit Hours

Emphasis placed on continued development of oral proficiency and a strong vocabulary base essential of thematic units. Program models, theories of first and second language acquisition, appropriate activities, and the principles of thematic planning will be investigated. Field experiences involving on-campus teaching of unit designs are an integral part of the course. Students MUST take at least two of the following before enrolling in this course: SPAN 300, 301, 302, 303, 304, 305 and 306.

Prerequisites: Undergraduate level SPAN300 Minimum grade of D or Undergraduate level SPAN301 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 330 - Methods Curr Assess For Lang

SPAN 330 - Methods Curr Assess For Lang

3 Credit Hours

This course provides an introduction to curriculum content, teaching methodologies and assessment techniques as they pertain to candidates preparing for initial licensure in the teaching of foreign languages. Field experiences will also be incorporated into the course curriculum. Individual interview with instructor is required prior to registering for course.

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 331 - Latino Voices in the Community

SPAN 331 - Latino Voices in the Community

3 Credit Hours

Prerequisites: SPAN300 or SPAN301

Course Attributes: Peace & Justice Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 332 - Span Community Health Settings

SPAN 332 - Span Community Health Settings

3 Credit Hours

Spanish in Community Health Settings is an advanced Spanish course designed to develop effective communication with Spanish-speaking patients in community healthcare settings. Students will engage with local community health providers and examine population health issues that face the Spanish-speaking population both locally and nationally. Students actively engage in local health care and social service organizations.

Prerequisites: SPAN300

Course Attributes: Peace & Justice Studies Minor, Population Health, Service Learning

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 340 - Colonial Shadows

SPAN 340 - Colonial Shadows

3 Credit Hours

SPAN340 uses colonial and postcolonial theory to study a number of literary and artistic works (painting, sculpture, etc.) and examine these within their specific historical contexts. The unique characteristics of each work will be studied in conjunction with other works and within discrete themes that will serve to unify the study of colonial and postcolonial letters, poems, short stories, essays, theater, and fragments of novels alongside paintings, drawings, sculptures and works of architecture, among other examples.

Prerequisites: SPAN300 or SPAN301

Course Attributes: Humanities Elective, Latin American Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 345 - Comtemporary Lat Amer Cinema

SPAN 345 - Comtemporary Lat Amer Cinema

3 Credit Hours

This course explores contemporary cinema from diverse parts of Latin America, from the 1990s to the present. It examines how films are part of, represent, and respond to Latin American historical, political and cultural contexts. The course will focus on prevailing trends and dominant themes in contemporary Latin American cinema. Students will analyze how contemporary Latin American filmmakers engage with societies where economic precarity and inequality are the norm, and how they respond aesthetically to the globalization of film spectatorship.

Prerequisites: SPAN300 or SPAN301

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 354 - Pop Culture/Spain Civil War

SPAN 354 - Pop Culture/Spain Civil War

3 Credit Hours

This course introduces the advanced Spanish student to the study of literary texts within a specific cultural context.

Prerequisites: SPAN300 or SPAN301

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 357 - Language and Culture in Guatem

SPAN 357 - Language and Culture in Guatem

3 Credit Hours

This course offers the opportunity to examine the Guatemalan culture in the context of social justice issues, both locally and internationally. Each class session will include an integration of the history, culture, practices, products and perspectives of the Guatemalan people. Through interactions with Guatemalans, coursework is designed to enhance students' acquisition of the Spanish language and to develop intercultural communicative competence. This course is taught in Spanish and is held in both Cincinnati and Guatemala.

Prerequisites: SPAN300 or SPAN301

Course Attributes: Humanities Elective

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 358 - Central Amer Society & Culture

SPAN 358 - Central Amer Society & Culture

3 Credit Hours

This course is designed for students on the Nicaragua Service Learning Semester (there will also be courses in Spanish language, literature, theology, and service learning). Starting from the belief that culture and society are better understood in relation to the historical, sociopolitical, economic, and religious context, this course will provide an introduction to these major topics as well as to the art, music, and literature of the Central American region (focusing primarily on Nicaragua and El Salvador). It is also designed to help students integrate all aspects of their experience during the semester. Two major foci within this will be to examine the role of the Church (in conjunction with your theology class) and the United States' influence and actions in the area. This will be done from the perspective of different groups in the U.S. and Central America. We will discuss both positive and negative aspects of the U.S. relationship with Central American and the issues involved (political, economic, ethical, and moral). We will

also discuss what we as individuals might do to ensure that, in this new century, the attitudes, policies, and actions of our country might be more coherent and responsible. This course would count for the Latin American Studies minor, and an E/R&S or Peace Studies elective. Only if the majority of the reading and all the written work is done in Spanish with an extra discussion section in Spanish would it count for a Spanish major or minor (Section 02).

Prerequisites: Undergraduate level THEO111 Minimum grade of D and Undergraduate level PHIL100 Minimum grade of D and Undergraduate level HIST151 Minimum grade of D and Undergraduate level SPAN102 Minimum grade of D and Undergraduate level UNST200 Minimum grade of D

Co-requisites: UNST300

Course Attributes: ERS Focus Elective, Latin American Studies Minor, Peace & Justice Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 359 - Community Engagement Peru

SPAN 359 - Community Engagement Peru

3 Credit Hours

Solidarity, Sustainability and Community Engagement in Peru is an advanced Spanish course designed to immerse students in the Spanish language and the culture of Peru. This course examines Contemporary Peruvian society and cultures, Andean sustainable practices and rituals, and social justice issues related to global citizenship. Immersive experiences, both virtual and during field study in Peru, provide the opportunity for ongoing student growth related to intercultural communicative competence. Emphasis is placed on global learning and the inextricable connection of languages and cultures.

Prerequisites: SPAN300 or SPAN301

Course Attributes: Immersive Learning Experience, Peace & Justice Studies Minor, Service Learning

Levels: Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 370 - Intro Lit Analysis & Criticism

SPAN 370 - Intro Lit Analysis & Criticism

3 Credit Hours

SPAN 370 is an advanced course for students who have taken SPAN 300 and/or SPAN 301 and are preparing to take a 400-level literature course. In the class, we will read selections of different canonical and non-canonical works by Spanish and Latin American authors and learn how to apply a series of distinct literary analytical tools that stem from--but are not limited to--a variety of theoretical perspectives (including postcolonial, feminist, neoliberal, and marxist points of reference, for example). The unique characteristics of each individual literary genre (poetry, the novel, the short story, the essay, and theatre) will also be studied, as well as the history of literary criticism in Spain and Latin America.

Prerequisites: Undergraduate level SPAN303 Minimum grade of D or Undergraduate level SPAN300 Minimum grade of D or Undergraduate level SPAN301 Minimum grade of D

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 415 - Hispanic Lit in the Classroom

SPAN 415 - Hispanic Lit in the Classroom

3 Credit Hours

Study of strategies for integrating literature with language and culture in the secondary Spanish classroom. Students MUST take at least two courses above SPAN 306 before enrolling in this course.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 421 - Spanish Literature & Civ I

SPAN 421 - Spanish Literature & Civ I

3 Credit Hours

A chronological study of Spanish literature and civilization from medieval period through the 17th century. Students **MUST** take at least two courses above SPAN 306 before enrolling in this course.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 422 - Spanish Literature & Civ II

SPAN 422 - Spanish Literature & Civ II

3 Credit Hours

A continuation of SPAN 421 covering the 18th and 19th centuries. Students **MUST** take at least two courses above SPAN 306 before enrolling in this course.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 423 - Spanish Literature & Civ III

SPAN 423 - Spanish Literature & Civ III

3 Credit Hours

A continuation of SPAN 422 covering the 20th century. Students **MUST** take at least two courses above SPAN 306 before enrolling in this course.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 427 - Spanish-American Lit & Civ I

SPAN 427 - Spanish-American Lit & Civ I

3 Credit Hours

A chronological study of Spanish-American literature and civilization from the colonial period through the 18th century. Students **MUST** take at least two courses above SPAN 306 before enrolling in this course.

Course Attributes: Humanities Elective, Latin American Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 428 - Spanish-American Lit & Civ II

SPAN 428 - Spanish-American Lit & Civ II

3 Credit Hours

A continuation of SPAN 427 covering the 19th and early 20th centuries. Students **MUST** take at least two courses above SPAN 306 before enrolling in this course.

Course Attributes: Humanities Elective, Latin American Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 429 - Spanish-American Lit & Civ III

SPAN 429 - Spanish-American Lit & Civ III

3 Credit Hours

A continuation of SPAN 428 covering the latter part of the 20th century. Students **MUST** take at least two courses above SPAN 306 before enrolling in this course.

Course Attributes: Humanities Elective, Latin American Studies Minor

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 433 - Spanish Literature of Golden A

SPAN 433 - Spanish Literature of Golden A

3 Credit Hours

Representative author(s) and genre(s) of the 16th and 17th centuries. Students **MUST** take at least two courses above SPAN 306 before enrolling in this course.

Course Attributes: Humanities Elective

Levels: Graduate Undergraduate

College of Arts & Sciences Classics & Modern Languages

SPAN 436 - 19th Century Spanish Literatur

SPAN 436 - 19th Century Spanish Literatur

3 Credit Hours

Representative authors and works of romanticism, realism, and naturalism. Students **MUST** take at least two courses above SPAN 306 before enrolling in this course.

SPMG 390 - Contemp Coaching:Issues & Trds

SPMG 390 - Contemp Coaching:Issues & Trds

3 Credit Hours

As sport continues to take a more prominent role in our society, community base sport will assume a stronger role in sport education. It is therefore incumbent of institutions who prepare individuals to be productive and contributing members of society, to educate them about sport development through a sound coaching education program. Coaching education from this perspective is viewed as a social responsibility of an institution of higher learning.

Levels: Graduate Undergraduate

SUST 461 - Sust.Product Innovation

1 Credit Hours

Once a business has established a sustainability program, developing \201Cgreen\201D products through sustainable product innovation can be an important next step. In this course, students will learn the principles of sustainable product innovation by using life cycle assessment to compare the environmental sustainability of selected products and determining why one product is/is not better from an environmental standpoint than another. Students will also learn how to develop environmental advertising claims for \201Cgreen\201D products. To enable students to compare and defend the environmental sustainability of products, lectures will be given on recent \201Cgreen\201D innovations from various industries, principles of life cycle assessment, regulations governing sustainability claims, consumer attitudes toward sustainability, etc.

Restrictions: Must be enrolled in one of the following Levels: Undergraduate

SUST 462 - Challenges Executing Sust Prog

SUST 462 - Challenges Executing Sust Prog

1 Credit Hours

As a company executes its sustainability program and markets its \201Cgreen\201D products, it can confront a host of external issues such as the sustainable sourcing of renewable materials, environmental impacts of growth, issues around product safety, concerns of NGOs/activists, dealing with competing priorities, etc. In this course, students will gain an understanding of such issues and how to prevent them or address them once they arise. The issues discussed will be those typically confronted by businesses and topical issues that arise during the time the course is offered.

SUST 465 - Topics in Sustainability I

SUST 465 - Topics in Sustainability I

1-3 Credit Hours

This 1 to 3 credit hour course covers selected problems in Sustainability. Examples of topics include: green building standards, designing sustainable communities, issues in sustainability organizational leadership, local climate change leadership, sustainability metrics and reporting, and climate change policy and politics. May be taken for credit more than once.

Levels: Undergraduate

College of Arts & Sciences Interdisciplinary Studies

SUST 466 - Topics in Sustainability II

SUST 466 - Topics in Sustainability II

1 Credit Hours

This 1 credit hour course covers selected problems in Sustainability. Examples of topics include: green building standards, designing sustainable communities, issues in sustainability organizational leadership, local climate change leadership, sustainability metrics and reporting, and climate change policy and politics. May be taken for credit more than once.

Levels: Undergraduate

College of Arts & Sciences Interdisciplinary Studies

SUST 467 - Topics in Sustainability III

SUST 467 - Topics in Sustainability III

1 Credit Hours

This course examines selected problems in Sustainability, and incorporates hands-on activities as well as academic readings, discussions, and presentations on the specific topic addressed. Examples of topics offered include: green building standards, designing sustainable communities, issues in sustainability organizational leadership, local climate change leadership, and sustainability metrics and reporting. May be taken for credit more than once, when topic is different, subject to approval by the Director of the academic sustainability program.

Levels: Undergraduate

College of Arts & Sciences Interdisciplinary Studies

SUST 495 - Capstone Exp: Sustainability

SUST 495 - Capstone Exp: Sustainability

1-3 Credit Hours

This course is designed to help students prepare their capstone paper and presentation in sustainability, fulfilling a (3 credit hour) requirement of both the BA in Economics, Sustainability & Society (ECOS) and the BSBA in Sustainability: Economics & Management (SUST) majors. The capstone paper/presentation will be based on a topic for which the student has had direct experience. Through classroom and one-on-one faculty discussions, guidance will be provided that enables the student to complete a scholarly research paper to include a concise thesis statement, data collection and analysis, and exposition. Students will present their work to colleagues and relevant business/government/community contacts. The capstone course will provide students an opportunity to have in-depth discussions in their area of interest and develop oral and written communication skills.

College of Arts & Sciences Interdisciplinary Studies

SUST 554 - Advanced Policy Analysis

SUST 554 - Advanced Policy Analysis

3 Credit Hours

This graduate course explores the relationships among public policy development and implementation, urban sustainability, and private for-profit and not-for-profit interests. We will explore different elements of urban sustainability and how private and public interest collide and/or collude in advancing and/or impeding policies that drive sustainable practices. We will pay particular attention to government administrative entities and how policies are realized through those bureaucracies. We will then explore case studies where public investment spurred private investment successfully. And finally we will explore current public policies and private interests in the greater Cincinnati region.

College of Arts & Sciences Interdisciplinary Studies

SUST 660 - Strategy & Goal Setting: SUST

SUST 660 - Strategy & Goal Setting: SUST

1 Credit Hours

The first step that any business must take in creating a sustainability program is to develop a vision, set a strategy and establish quantifiable goals. In this course students will

gain an understanding of the primary drivers of environmental and social sustainability today, including climate change, solid waste management, water scarcity, supply chain responsibility, etc. They will learn how these drivers can impact business growth/equity and how a company can develop a sustainability program (i.e. vision, strategy and quantifiable goals) to mitigate those impacts and create business opportunities.

THEO 111 - Theological Foundations

THEO 111 - Theological Foundations

3 Credit Hours

A basic study of human and religious faith, especially the Christian faith, the connection between faith and religion, the personal and social value of religion, the diversity of world religions, and the issues connected with religious diversity and global responsibility; a basic understanding of Theology and how it relates to faith, along with different ways of reading scripture and tradition and how those readings affect issues of gender, class, race, violence, evil, and sin. Required course for E/RS.

Levels: Undergraduate

College of Arts & Sciences Theology

THEO 203 - The Eastern Orthodox Church

THEO 203 - The Eastern Orthodox Church

3 Credit Hours

This course is designed as a detailed survey meant to familiarize the students with the history of the Orthodox Church over the course of its existence from the day of Pentecost to the present. The first half of the course (culminating in a Mid-term Exam) will deal primarily with the history of the Orthodox Church. The second half of the course (culminating in a Final Exam) will concentrate on the theology of the Orthodox Church comprehensively understood - doctrine, spiritual life, liturgy, iconography, moral/ethical issues, etc.

Prerequisites: THEO111 or CORE105

Course Attributes: Theology - Comm & Christ Pract, Theology Perspectives, Theology - Historical Theology

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 205 - Christian Mysticism

THEO 205 - Christian Mysticism

3 Credit Hours

This course enables the students to explore the mystical traditions and their implications for theology and spirituality.

Prerequisites: THEO111 or CORE105

Course Attributes: Theology Perspectives, Theology - Historical Theology

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 206 - Christian Worship

THEO 206 - Christian Worship

3 Credit Hours

Ritualization of the Christian experience in Word and Eucharist. Ritualization of Christian initiation, reconversion, marriage, ministry, illness, death, and burial. The arts in ritual.

Prerequisites: THEO111 or CORE105

Course Attributes: Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 207 - Jesus and Power

THEO 207 - Jesus and Power

3 Credit Hours

This course examines Jesus in light of the power dynamics within first century biblical and modern social worlds.

Prerequisites: THEO111 or CORE105

Course Attributes: Peace & Justice Studies Minor, Theology Perspectives, Theology - Scripture

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 209 - Exploring the Christian Past I

THEO 209 - Exploring the Christian Past I

3 Credit Hours

Examines major theological themes of the Christian Tradition from its beginnings until the 15th Century. Blends theological analysis with intellectual and social history.

Prerequisites: THEO111 or CORE105

Course Attributes: Theology Perspectives, Theology - Historical Theology

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 210 - Exploring Christian Past II

THEO 210 - Exploring Christian Past II

3 Credit Hours

A study of select theological themes, events, spiritual movements and thinkers from early modernity, beginning in the early 16th century to the 20th century. This upper-level course blends theological analysis, postcolonial and diversity analysis as well as intellectual, social, and cultural history.

Prerequisites: THEO111 or CORE105

Course Attributes: Catholicism & Culture Minor, Theology Perspectives, Theology - Historical Theology

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 211 - The Dead Sea Scrolls

THEO 211 - The Dead Sea Scrolls

3 Credit Hours

An introduction to the Dead Sea Scrolls, their history, and their impact on biblical criticism.

Prerequisites: THEO111 or CORE105

Course Attributes: Jewish Studies Minor, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 217 - Intro to the Church Fathers

THEO 217 - Intro to the Church Fathers

3 Credit Hours

The Fathers of the first five centuries. The Church's defense against pagans and heretics. Confrontation with the Empire. Development of doctrine.

Prerequisites: THEO111 or CORE105

Course Attributes: Catholicism & Culture Minor, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 223 - Sacraments Today

THEO 223 - Sacraments Today

3 Credit Hours

Meaning of sacraments in general and Catholic sacraments in particular. Historical and theological development of the seven ecclesiastical sacraments and their place in contemporary liturgical, pastoral, and spiritual renewal.

Prerequisites: THEO111 or CORE105

Course Attributes: Theology - Comm & Christ Pract, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 227 - Francis Xavier & Mission Today

THEO 227 - Francis Xavier & Mission Today

3 Credit Hours

This course introduces students to the history, development, and impact of Christian missionary work from the time of Jesus to post Vatican II models. The course places major emphasis on the life and message of St. Francis Xavier, close friend of St. Ignatius Loyola, who was transformed through his ministry in India and East Asia. Also included are critical analysis and reflections by scholars who demonstrate how Eurocentrism, colonialism and paternalism often infected mission history

Prerequisites: THEO111 or CORE105

Course Attributes: Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 230 - Church After Vatican II

THEO 230 - Church After Vatican II

3 Credit Hours

This course studies the event of the Second Vatican Council (1962/2013/1965), its documents, and its reception. It is an overview of the developments in church life and practice after the council, and it examines the extent to which those changes influence and determine the lives of Catholics today.

Prerequisites: THEO111 or CORE105

Course Attributes: Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 231 - Religious Thought of MLK

THEO 231 - Religious Thought of MLK

3 Credit Hours

This course will use the life and work of Martin Luther King Jr. as a vehicle for examining issues of faith and justice in American life. Dr. King's role as a religious leader and agent of social change will be examined with specific attention given to the major themes of Justice, Love, Nonviolence and Civil Disobedience that characterized his public life.

Course Attributes: GDST Race and Ethnicity Conc, Gender & Diversity Studies, Peace & Justice Studies Minor, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 238 - US Catholicism: Past & Present

THEO 238 - US Catholicism: Past & Present

3 Credit Hours

Explores the role of the Catholic Family, the response of Catholics to slavery and racism, the development of Catholic schools, the encounter of Catholicism with the larger culture, the tradition of Catholic social justice, and the growth of the local Ohio church.

Prerequisites: THEO111 or CORE105

Course Attributes: Catholicism & Culture Minor, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 241 - Biblical Greek

THEO 241 - Biblical Greek

3 Credit Hours

Study of the language and theology of the Greek New Testament.

Prerequisites: THEO111 or CORE105

Course Attributes: Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 257 - Franciscan Spirituality

THEO 257 - Franciscan Spirituality

3 Credit Hours

This course provides an understanding of the life and message of Francis and Claire and their spiritual legacy for today. Taught on the site of Assisi, Italy, students gain an appreciation of the theological, spiritual and ethical challenges brought about by medieval urbanization and the increasing institutionalization of the church. The Franciscan response of voluntary poverty, solidarity with the suffering Christ, and apostolic preaching by word and example comes alive in the context in which Francis and Claire faced such challenges. Students will also explore the implications of Franciscan insights and values to today's world.

Prerequisites: THEO111 or CORE105

Course Attributes: Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 261 - Writings of St. Paul

THEO 261 - Writings of St. Paul

3 Credit Hours

A close reading of the Pauline letters within their social and historical situation; the contribution of Paul towards the formation of revolutionary consciousness.

Prerequisites: THEO111 or CORE105

Course Attributes: Theology Perspectives, Theology - Scripture

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 264 - Synoptic Gospels

THEO 264 - Synoptic Gospels

3 Credit Hours

Comparison of the basic theology of Mark, Matthew, and Luke with an analysis of the milieu out of which the gospel message arose and was transmitted.

Prerequisites: THEO111 or CORE105

Course Attributes: Theology Perspectives, Theology - Scripture

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 265 - Gospel of Mark

THEO 265 - Gospel of Mark

3 Credit Hours

Analysis of the Gospel of Mark in light of its historical, literary, and theological context.

Prerequisites: THEO111 or CORE105

Course Attributes: Theology Perspectives, Theology - Scripture

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 266 - Gospel of Matthew

THEO 266 - Gospel of Matthew

3 Credit Hours

Study of this Jewish-Christian Gospel as an alternative to Rabbinic Judaism. Emphasis on the pursuit of wisdom and justice.

Prerequisites: THEO111 or CORE105

Course Attributes: Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 269 - Consumption as Problem

THEO 269 - Consumption as Problem

3 Credit Hours

This course engages students in a historically informed, theo-ethical construction of the problem of consumption with respect to how we understand and maintain relationships with the self, other, and creation.

Prerequisites: THEO111 or CORE105

Course Attributes: Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 273 - Intro to Biblical Hebrew

THEO 273 - Intro to Biblical Hebrew

3 Credit Hours

The goal of the course is to provide the student with a working knowledge of biblical Hebrew. At the end of the semester, the student will have acquired the skills needed to read independently passages directly from the Hebrew Bible, with the aid of a good grammar and lexicon. The initial teaching method is deductive; focusing on rules of grammar and syntax, forms of expression, vocabulary, and meaning. After that, the student will work from selections out of the book of Genesis, preparing annotated translations.

Prerequisites: THEO111 or CORE105

Course Attributes: Jewish Studies Minor, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 280 - Readings in Biblical Hebrew

THEO 280 - Readings in Biblical Hebrew

3 Credit Hours

This course will incorporate an inductive approach to Biblical Hebrew at the undergraduate level. Students will read together in class actual texts from the Hebrew Bible; from Ruth, Jonah, and Deuteronomy (among others). Grammatical forms will be discussed and analyzed as they arise in the reading. Participants will gain knowledge in Hebrew vocabulary and idioms. Students will do this reading and analysis with the aid of a good grammar and lexicon.

Prerequisites: Undergraduate level THEO273 Minimum grade of D and (Undergraduate level THEO111 Minimum grade of D or CORE105)

Course Attributes: Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 282 - Sem: Jesus Seminar

THEO 282 - Sem: Jesus Seminar

3 Credit Hours

An investigation into the historical authenticity of the Jesus traditions through intensive group work and debate.

Prerequisites: THEO111 or CORE105

Course Attributes: Theology Perspectives, Theology - Scripture

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 285 - The Historical Jesus

THEO 285 - The Historical Jesus

3 Credit Hours

A critical investigation to determine the authentic voice and profile of Jesus from sources of the first three centuries and a consideration of the consequences of such a search.

Prerequisites: THEO111 or CORE105

Course Attributes: Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 289 - Death of Jesus

THEO 289 - Death of Jesus

3 Credit Hours

The greatest detective story ever told? This course deals critically with the who, what, when, why and how of the death of Jesus of Nazareth.

Prerequisites: THEO111 or CORE105

Course Attributes: Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 290 - Christian Doctrine Today

THEO 290 - Christian Doctrine Today

3 Credit Hours

A study of selected topics in contemporary systematic/constructive theology.

Prerequisites: THEO111 or CORE105

Course Attributes: Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 293 - Theology and Animals

THEO 293 - Theology and Animals

3 Credit Hours

Using violence as a focus this course will analyze the ethical and religious implications of the way animals are treated in contemporary society. Also, it will examine how this treatment redounds upon human beings in spiritual, psychological, and physical ways. The Judeo-Christian scriptures and tradition will form the context for this exploration.

Course Attributes: Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 295 - Map to Theological Diversity

THEO 295 - Map to Theological Diversity

3 Credit Hours

Examination of the public role and significance of theology in society and church, with special attention to different methodologies. Aims to help the student synthetically articulate and critically defend their own vision of a theology and spirituality responsive to the signs of the times of the new century.

Prerequisites: THEO111 or CORE105

Course Attributes: Theology Perspectives, Theology - Persp on God & Hum, Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 301 - Church After Vatican II

THEO 301 - Church After Vatican II

3 Credit Hours

This course studies the event of the Second Vatican Council (1962\20131965), its documents, and its reception. It is an overview of the developments in church life and practice after the council, and it examines the extent to which those changes influence and determine the lives of Catholics today.

Prerequisites: THEO111 or CORE105

Course Attributes: Humanities Elective, Theology - Comm & Christ Pract, Theology - Contemp Ethical Cha, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 303 - Christian Ethics: Methods & Q

THEO 303 - Christian Ethics: Methods & Q

3 Credit Hours

Introduction to the methods and central questions of Christian ethics. (Limited to majors, minors, and other interested and qualified students.)

Prerequisites: THEO111 or CORE105

Course Attributes: ERS Focus Elective, Humanities Elective, Peace & Justice Studies Minor, Theology - Contemp Ethical Cha, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 305 - Sociology of Religion

THEO 305 - Sociology of Religion

3 Credit Hours

Examination of the major components of religion, the interdependence between religion and other societal institutions, and religion's role in social conflict and change.

Prerequisites: THEO111 or CORE105

Course Attributes: ERS Focus Elective, Humanities Elective, Theology - Contemp Ethical Cha, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 306 - Liberation Issues & Theology

THEO 306 - Liberation Issues & Theology

3 Credit Hours

Origins and developments of the theology of the liberation movements of women, Latin Americans, blacks, and other marginalized groups.

Prerequisites: THEO111 or CORE105

Course Attributes: Humanities Elective, Latin American Studies Minor, Peace & Justice Studies Minor, Theology - Contemp Ethical Cha, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 307 - Women of Catholicism

THEO 307 - Women of Catholicism

3 Credit Hours

The course studies the writings of women such as Julian of Norwich, Hildegard of Bingen, Dorothy Day, Flannery O'Connor, Annie Dillard, Helen Prejean, and Denise Levertov as an entree into discussion of Catholic theology, ethics and spirituality.

Prerequisites: THEO111 or CORE105

Course Attributes: Humanities Elective, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 309 - West African Religions

THEO 309 - West African Religions

3 Credit Hours

This course investigates various manifestations of religion present in West Africa from traditional religions to Islam, Christianity in various forms, and these religions' relation to social justice, the role of women, and politics. Offered for the service learning semester in Ghana.

Prerequisites: THEO111 or CORE105

Course Attributes: Gender & Diversity Studies, Humanities Elective, Peace & Justice Studies Minor, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 310 - Marriage and the Family

THEO 310 - Marriage and the Family

3 Credit Hours

A closer look at human personhood and intimate relationships through the lens of traditional and contemporary teachings in an interdisciplinary approach that integrates theology, philosophy, social sciences, and human experience.

Prerequisites: THEO111 or CORE105

Course Attributes: ERS Focus Elective, Gender & Diversity Studies, Humanities Elective, Theology Perspectives, Writing Flag Core

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 311 - Faith and Justice

THEO 311 - Faith and Justice

3 Credit Hours

Relationship between Christian faith and social justice viewed in Christian tradition and recent thought and documents of the Church.

Prerequisites: (THEO111 and PHIL100) or CORE105

Course Attributes: ERS Focus Elective, Humanities Elective, Peace & Justice Studies Minor, Theology - Contemp Ethical Cha, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 312 - Christian Health Care Ethics

THEO 312 - Christian Health Care Ethics

3 Credit Hours

Reflection on moral methodology and attention to health care policy, human ways of dying and other questions.

Prerequisites: THEO111 or CORE105

Course Attributes: ERS Focus Elective, Humanities Elective, Theology - Contemp Ethical Cha, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 313 - Christian Sexual Ethics

THEO 313 - Christian Sexual Ethics

3 Credit Hours

Ethical criteria Christians use in judging human sexuality from its origins throughout its development. Sex role socialization and common options in sexual behavior. Fulfills the E/RS Focus elective.

Prerequisites: (Undergraduate level THEO111 Minimum grade of D and Undergraduate level PHIL100 Minimum grade of D) or CORE105

Course Attributes: ERS Focus Elective, Humanities Elective, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 314 - Music, Art & Theology

THEO 314 - Music, Art & Theology

3 Credit Hours

This course explores the power of music and art as vehicles of communion with the sacred, and forces for spiritual and social transformation in history. Students will approach the topic through many lenses: through case studies in rock, classical, and protest music; urban mural art and sacred iconography; texts from scripture, science, and the field of theological aesthetics; and through the lens of our own spiritual journeys.

Prerequisites: THEO111 or CORE105

Course Attributes: Humanities Elective, Theology Perspectives

Levels: Graduate Undergraduate

THEO 315 - Contemporary Ethical Issues

THEO 315 - Contemporary Ethical Issues

3 Credit Hours

Explores various contemporary ethical issues from a theological perspective. Recent topics include issues in the areas of ecological ethics and the ethics of emerging biotechnologies.

Prerequisites: (Undergraduate level THEO111 Minimum grade of D and Undergraduate level PHIL100 Minimum grade of D) or CORE105

Course Attributes: ERS Focus Elective, Humanities Elective, Peace & Justice Studies Minor, Theology Perspectives

Levels: Graduate Undergraduate

THEO 318 - Women and Early Christianity

THEO 318 - Women and Early Christianity

3 Credit Hours

An investigation of women, sex and gender in early Christianity in light of the historical, social and religious context.

Prerequisites: THEO111 or CORE105

Course Attributes: Diversity Flag, GDST Women and Gender Conc, Humanities Elective, Peace & Justice Studies Minor, Theology Perspectives, Theology - Scripture, Writing Flag Core

Levels: Graduate Undergraduate

THEO 319 - Anti-Semitism: The Great Hatred

THEO 319 - Anti-Semitism: The Great Hatred

3 Credit Hours

Traces the history and suggested causes of anti-Semitism within various cultural, political, religious and economic settings. Examines the forces which either reinforced or counteracted anti-Semitic attitudes and behavior. Also looks at contemporary manifestations of this ancient hatred.

Prerequisites: THEO111 or CORE105

Course Attributes: GDST Race and Ethnicity Conc, Gender & Diversity Studies, Humanities Elective, Peace & Justice Studies Minor, Theology Perspectives

Levels: Graduate Undergraduate

THEO 322 - Black Theology

THEO 322 - Black Theology

3 Credit Hours

An interior view into the Black theological experience. Need to look at theology from a black perspective. Roots of the Black Church as its response to bigotry in white churches and society.

Course Attributes: Africana Studies Minor, ERS Focus Elective, GDST Race and Ethnicity Conc, Gender & Diversity Studies, Humanities Elective, Peace & Justice Studies Minor, Theology - Comm & Christ Pract, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 323 - African Spirituality

THEO 323 - African Spirituality

3 Credit Hours

The aim of this course is to disclose and articulate the basic world views that mold African Traditional Spiritual unfolding and the consequent foundational and formative element in the ongoing disclosure and emergence of an African's humanity (spirituality).

Prerequisites: THEO111 or CORE105

Course Attributes: Africana Studies Minor, Gender & Diversity Studies, Humanities Elective, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 327 - Religion and Bioethics

THEO 327 - Religion and Bioethics

3 Credit Hours

Introduces students to contemporary philosophical and theological perspectives, methods, and theories in the area of Bioethics. Specific themes explored include human health and well-being, sickness, suffering, disease, and dying.

Prerequisites: THEO111 or CORE105

Course Attributes: ERS Focus Elective, Humanities Elective, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 328 - Intro to Christian Scriptures

THEO 328 - Intro to Christian Scriptures

3 Credit Hours

An introduction to the literature of the New Testament, its interpretation, and theological import. The student will acquire tools for the critical analysis of Scripture as well as explore the Christian Bible's historical, sociological, and cultural contexts.

Prerequisites: THEO111 or CORE105

Course Attributes: Humanities Elective, Theology Perspectives, Theology - Scripture

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 332 - Sacred Ground & New Story

THEO 332 - Sacred Ground & New Story

3 Credit Hours

To better understand the environment and the harm being done to it. To better integrate Christian beliefs with environmental concerns.

Prerequisites: THEO111 or CORE105

Course Attributes: Environ Science/Studies Elect, ERS Focus Elective, Humanities Elective, Peace & Justice Studies Minor, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 338 - Religious Ed & Youth Ministry

THEO 338 - Religious Ed & Youth Ministry

3 Credit Hours

An examination of the key dimensions of religious education and contemporary methods of teaching religious education.

Prerequisites: THEO111 or CORE105

Course Attributes: Humanities Elective, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 339 - SEM: Merton: Witness to Peace

THEO 339 - SEM: Merton: Witness to Peace

3 Credit Hours

This seminar engages the life and writings of Thomas Merton, prophetic witness for peace and interfaith understanding and one of the most beloved spiritual writers of the twentieth century.

Prerequisites: THEO111 or CORE105

Course Attributes: Humanities Elective, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 340 - Health, Religion & Ethics

THEO 340 - Health, Religion & Ethics

3 Credit Hours

The course explores the intersections of religion, spirituality, and healthcare through reflecting on diverse religious perspectives on how Ultimate Reality/God is connected to human suffering, injustices and our responsibility to care for creation and those who are suffering in the world. The course is rooted in the Jesuit vision (GC 34, Decree 12) for practicing theology in an ecumenical, interreligious, and global context and is committed to form students in this broadly open, dialogical and compassionate perspective. It will introduce students to the principles of Ignatian discernment and the formation of reflective self-knowledge. Building on this foundation, we will proceed to examine diverse understandings of the Sacred, the meaning of life, the challenges of evil, suffering, death, and life after death in a manner particularly relevant for those preparing to work in healthcare fields. The course will explore Christian, Jewish, Muslim, and Buddhist traditions to equip students with a deeper understanding of their own spirituality and the spiritualities of those they will care for as healthcare professionals. Students will be empowered to apply their interfaith competence in their professional activities to honor the dignity of all human persons regardless of their creed, race, gender, sexual orientation, class, and ability. The course will also facilitate the development of students' own practices of self-care that are shaped by spiritual literacy to promote resilience and work-life balance in their chosen professions.

THEO 342 - World Religions

THEO 342 - World Religions

3 Credit Hours

This course is an introduction to five of the world's major religious traditions: Islam, Hinduism, Buddhism, Confucianism and Taoism. Using a combination of lectures, video documentaries and discussions, we will approach these religions through their socio-historical developments, major doctrinal and philosophical patterns, moral-ethical teachings, devotional practices, and their place in today's world. Students are highly encouraged to ask questions and engage freely in discussion.

Prerequisites: THEO111 or CORE105

Course Attributes: Humanities Elective, Peace & Justice Studies Minor, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 343 - Dialogue Among World Religions

THEO 343 - Dialogue Among World Religions

3 Credit Hours

The foundations for a greater ecumenism among all religions; how Christians can come to a more positive attitude towards other religions.

THEO 350 - Saints:Origins to the Internet

THEO 350 - Saints:Origins to the Internet

3 Credit Hours

Histories, legends, and stories of saints - they tell the tales of ages past and cultures present. Saints are created by and for those who admire their holy way of life, miracles, or witness for the faith. Saints and sanctity are also the fo~us of rich and varied sources that historians can draw from to understand the past. As such, studying holy men and women tell us much about the societies that venerated them, wrote about them, and included them in official lists of holy intercessors and role models.

Prerequisites: THEO111

Course Attributes: Catholicism & Culture Minor, ERS Focus Elective, Humanities Elective, Theology Perspectives

Levels: Graduate Undergraduate

THEO 364 - Religion in an Age of Science

THEO 364 - Religion in an Age of Science

3 Credit Hours

Study of the recent findings of contemporary science concerning creation and human nature and the implications of these findings for Christian theology. Fulfills the E/RS Focus elective.

Prerequisites: THEO111 or CORE105

Course Attributes: ERS Focus Elective, Humanities Elective, Peace & Justice Studies Minor, Theology - Contemp Ethical Cha, Theology Perspectives

Levels: Graduate Undergraduate

THEO 366 - Early Christianity in Rome

THEO 366 - Early Christianity in Rome

3 Credit Hours

Rome is a uniquely rich environment to study the art, architecture, literature and burial practices of the early Church in Rome. These elements then help us to appreciate the developing theology and community practices of these early Christians. This theology class begins with a discussion about the place of Rome in the imagination of the early Church, drawing on primary texts that relate the city to the experience of the early Church and its founders. Martyrdom in the early Church provides a focal point, and we consider the integral role of martyrdom in the construction of identity, authority and memory among the early Christians. The discussion of martyrdom becomes the basis for examining the catacombs in Rome. The art of the catacombs is one of our best visual witnesses for the developing identity and theology of the early Church. This art demonstrates the prominent place the Hebrew Bible and identity as "Israel" had in those constructions, even as new forms and images specific to Christianity witness theological development. Moreover, the catacombs also became important early on in the church's history as sites of memory and power associated with martyrs. Students explore the acts of imagination that go into the construction of memory and sacred space associated with these martyrs. In addition, since the catacombs also provide some of our best visuals of women in the early Church as they engaged in worship and communal life, we take advantage of this and devote some class time to consider women's activities in terms of early Christian primary documents, while also engaging our knowledge about women's public and private roles in the early Empire.

Prerequisites: THEO111 or CORE105

Course Attributes: Diversity Flag, ERS Focus Elective, Gender & Diversity Studies, Humanities Elective, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 367 - African American Biblical Inte

THEO 367 - African American Biblical Inte

3 Credit Hours

This course will explore African-American biblical interpretation, both from historical and contemporary perspectives (from 1790 to the present). Students will examine a variety of approaches of perspectives among African-American interpreters; including interpretations from the context of slavery, distinctive interpretations from traditional African-American preaching (post-slavery), and interpretations from modern African-American biblical scholars.

THEO 368 - Buddhism

THEO 368 - Buddhism

3 Credit Hours

A study of the historical developments, doctrinal and ethical themes, spiritual practices, and contemporary trends of Buddhism.

Prerequisites: THEO111 or CORE105

Course Attributes: Diversity Flag, Humanities Elective, Peace & Justice Studies Minor, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 370 - New Testament and Politics

THEO 370 - New Testament and Politics

3 Credit Hours

This course will address questions of politics and power with regard to the New Testament. In this course, students will explore the political setting of the early Christian writings. We will devote significant attention to the role of the Roman Empire in the development of Christian theology, identity and practice, even as we consider the place of democratic discourse in early Christian communities. The course will also consider the relationship of politics and the New Testament in the modern era. As part of our work together, we will investigate the role of pwer and politics within modern Biblical interpretation, and the ongoing place of scripture in wider public, political discourse.

Prerequisites: THEO111 or CORE105

Course Attributes: Gender & Diversity Studies, Humanities Elective, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 371 - Book of Revelation

THEO 371 - Book of Revelation

3 Credit Hours

Comparison with other apocalyptic and political thinking of its time. Subsequent use in history of Church and culture (especially U.S.).

Prerequisites: THEO111 or CORE105

Course Attributes: Humanities Elective, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 372 - Disability, Ethics & Theology

THEO 372 - Disability, Ethics & Theology

3 Credit Hours

In the tradition of contextual approaches to theology, like Feminist Theology and Black Theology, this course will reinterpret religious tradition and scriptures from the perspective of disability. There will be a particular focus on an ethical reinterpretation of scriptures and tradition, as it impacts disabled persons. Participants in the course will also reassess some religious practices in light of disability ethics.

Prerequisites: THEO111 or CORE105

Course Attributes: Diversity Flag, ERS Focus Elective, Gender & Diversity Studies, Humanities Elective, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 374 - Buddhist Christian Exploration

THEO 374 - Buddhist Christian Exploration

3 Credit Hours

This course is an introduction to the comparative study of Buddhism and Christianity. It aims 1) to introduce the essential teachings and practices of the Buddhist and Christian traditions; and 2) to explore how comparing their particular theological and ethical perspectives (on the ultimate nature of ourselves, other people, and the cosmos, and how best to live our lives and act in the world) inform our own views. In the process, we will compare texts on Buddhist meditation and Christian contemplation, and modern Buddhist and Christian perspectives on contemporary issues, such as interreligious learning, the ecological crisis, and systemic oppression based on race, gender, sexuality, and class.

Prerequisites: THEO111 or CORE105

Course Attributes: Diversity Flag, Gender & Diversity Studies, Humanities Elective, Peace & Justice Studies Minor, Theology Perspectives, Theology - Interreligious Dial

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 376 - Sufism

THEO 376 - Sufism

3 Credit Hours

This course starts with the investigation of the resources available for the study of Sufism (Islamic mysticism) and various approaches used in this field. It then turns to the study of basic Sufi doctrines and practices followed by its history. It concludes with discussions of the influence of Sufism on various facets of Islamic civilization and society and the situation of Sufism in the contemporary Islamic world and the West.

THEO 389 - Theologies of Food and Farm

THEO 389 - Theologies of Food and Farm

3 Credit Hours

At a time when journalist Michael Pollan describes the United States as a culture with a national eating disorder, what wisdom can we gain from theological sources to shape a renewed ethics and spirituality of food and farming? This course probes this question with special attention to Christian, Jewish, and native American traditions. The course fulfills a Sustainability Major requirement as well as a theology elective.

Prerequisites: THEO111 or CORE105

Course Attributes: Environ Science/Studies Elect, Humanities Elective, Theology - Contemp Ethical Cha, Theology Perspectives

Levels: Graduate Undergraduate

THEO 391 - Dialogue & Global Responsibili

THEO 391 - Dialogue & Global Responsibili

3 Credit Hours

This course explores how the state of the world, its needs and crises, is calling all religions to learn from and to cooperate with each other in creating a world of greater social and ecological justice and well-being.

Prerequisites: THEO111 or CORE105

Course Attributes: ERS Focus Elective, Humanities Elective, Theology Perspectives

Levels: Graduate Undergraduate

THEO 404 - Rel/Ethics & Prof. Practice

THEO 404 - Rel/Ethics & Prof. Practice

3 Credit Hours

This course will enable students to recognize and appropriately respond to religious, spiritual, and ethical issues that arise in the context of professional practice in the fields of social work, criminal justice, nursing, psychology, occupational therapy, and ministry.

Prerequisites: (Undergraduate level PHIL100 Minimum grade of D and Undergraduate level THEO111 Minimum grade of D) or CORE105

Course Attributes: Diversity Flag, ERS Focus Elective, Gender & Diversity Studies, Humanities Elective, Theology Perspectives

Levels: Graduate Undergraduate

THEO 416 - Theology and Trauma

THEO 416 - Theology and Trauma

3 Credit Hours

This course explores the intersection of trauma and theology. In an increasingly traumatic world, this course will help students to think deeply about theological questions of the human person, God, evil, suffering, salvation, and the possibility of hope and healing. Specifically, this course begins with the exploration of the theoretical and clinical studies of trauma. Then the course moves through trauma's illumination of the human condition. Third, this course investigates the nature of God as understood through the experience of trauma and post-trauma. This course finishes with focusing on the role of communities, salvation, and hope as aspects of post-trauma healing.

Prerequisites: THEO111 or CORE105

Course Attributes: ERS Focus Elective, Peace & Justice Studies Minor, Theology Perspectives, Theology - Persp on God & Hum

Levels: Graduate Undergraduate

THEO 425 - Christ & Hope in Hostile World

THEO 425 - Christ & Hope in Hostile World

3 Credit Hours

How do we define, locate, and engage hope in a hostile world? In the face of such suffering, what can keep us from hopelessness, fear, or apathy? In the Christian tradition, hope not only refers to our own sense of psychological agency, but it also includes an understanding of God's promise for the present and future. This promise calls upon humanity's innate capacity for hope, bringing us to embody it through social action as well as in community. Through a robust theological exploration of hope, this course will help students navigate today's social and political climate in light of a rich and complex understanding of the life, death, and resurrection of Jesus Christ.

Prerequisites: THEO111 or CORE105

Course Attributes: Humanities Elective, Peace & Justice Studies Minor, Theology Perspectives, Theology - Persp on God & Hum

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 430 - Ignatian Spirituality

THEO 430 - Ignatian Spirituality

3 Credit Hours

A study of the historical, political, and theological context of Ignatius with a reappraisal of his Spiritual Exercises. How does Ignatius stand within the social, ecclesial and spiritual currents of his world? Where does he fit into the current of mystical thought in sixteenth-century Spain? More importantly: how do the Exercises shed light on the global reality of the 21st century?

Prerequisites: THEO111 or CORE105

Course Attributes: Humanities Elective, Peace & Justice Studies Minor, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 442 - Seminar in Israel

THEO 442 - Seminar in Israel

3 Credit Hours

Media, history, even our own faith communities, tend to provide us with simple narratives that boil down complex cultures, religions and conflicts into simple headlines and tweets that leave much invisible. To understand the role of religion in democracy, to understand the philosophy and approach of pluralism, we must understand the faiths themselves, but not in simple ways. In partnership with Hebrew Union College, both in Cincinnati and Jerusalem, the Philosophy, Politics and the Public program will travel to Israel to accomplish these learning goals. This course is a required preparation for that trip, as well as covering the academic work on the trip itself.

Prerequisites: THEO111 and PHIL100

Restrictions: May not be enrolled as the following Classifications: Freshman

Course Attributes: ERS Focus Elective, Philosophy Perspectives, Theology Perspectives

Levels: Graduate Undergraduate

College of Arts & Sciences Theology

THEO 444 - World Religions & Environment

THEO 444 - World Religions & Environment

3 Credit Hours

This course will begin to construct an environmental theology and ethics using the wisdom of the world religious traditions. It will explore the Qur'an of Islam; the Tanakh, Mishnah, and Talmud of Judaism; Christian Scriptures; and other religious texts in order to see what insights the ancient traditions have to offer to environmental theology and ethics. It will also engage the work of modern interpreters of these religious texts.

Prerequisites: THEO111 or CORE105

THEO 538 - Religious Ed & Youth Ministry

THEO 538 - Religious Ed & Youth Ministry

3 Credit Hours

Religious education and youth ministry are tasks that primarily belong to lay Christian leaders. This course will explore the challenges of education and mentoring adolescent faith and spirituality. This course will include theoretical and theological foundations as well as practical means to address these educations and spiritual challenges. This class will provide opportunities to discuss the field observation sessions that class participants will do in religion classes (Catholic High Schools) and/or youth ministry of various kinds.

THEO 634 - Recovery & Growth Post Trauma

THEO 634 - Recovery & Growth Post Trauma

0 - 3 Credit Hours

By attending to the ways that a person's sense of meaning, integrity, and trust can be violated through trauma and by understanding basic spiritual practices that empower people in the healing process, this course helps educators, professionals and caregivers who come into contact with traumatized people. This course provides a holistic overview with emphasis on the spiritual and pastoral needs of traumatized people and makes accessible spiritual and theological resources to support the healing process. Given the multitude of types of trauma, the frequency of occasions for experiencing trauma over the course of a human lifetime, and the likelihood of encountering traumatized people in a variety of professions, including but not limited to pastoral care and ministry, it is important to have a theologically, spiritually and socially-informed understanding of the phenomenon of trauma in order to respond adequately, sensitively, and effectively to traumatized people.

BBA, MA, MA, PhD (University of Colorado Boulder)
Assistant Professor of Economics

SUPAPORN KRADTAP-HARTWELL (2011)
BS, MS, PhD (University of Cincinnati)
Associate Professor of Chemistry
Faculty Director, Center for Teaching Excellence

HEMA A. KRISHNAN (1993)
MS, MBA, PhD (University of Tennessee)

Professor of Management, Entrepreneurship & HR

MORTEN KRISTIANSEN (2006)

BA, MPhil, PhD (Yale University)

Professor of Music

Program Director, Music

DOMINIQUE KROPP (2020)

BA, BA, MAE, PhD (University of Kansas)

Teaching Professor in Sport Sciences and Management

TIMOTHY A. KRUSE (2007)

BS, MBA, PhD (Purdue University)

Associate Professor of Finance

DEBORA L. KUCHEY (2000)

BA, MA, EdD (University of Cincinnati)

Associate Professor of Education

JULIE KUGLER-ACKLEY (2004)

BA, MEd (Xavier University)

Senior Teaching Professor in School of Education

Program Director, Montessori Education

MICHAEL KUREMSKY (2017)

BA, MBA (Duke University)

Visiting Faculty in Marketing

RUSSELL LACEY (2011)

BBA, MBA, PhD (University of Alabama)

Associate Professor of Marketing

Associate Provost and Dean, Graduate School

LAUREN LAKER (2015)

BS, BA, MBA, PhD (University of Cincinnati)

Assistant Professor of Business Analytics & Information Systems

BETHANY LAM (2019)

BA, MA, PhD (University of North Carolina Chapel Hill)

Teaching Professor in English

SHELAGH J. LARKIN (1998)

BS, MSW (University of Kentucky)

Senior Teaching Professor in Social Work

GAIL LATTA (2014)

BS, MLS, PhD (University of Nebraska)

Associate Professor of Leadership Studies

THOMAS LEBESMUEHLBACHER (2017)

BA, MSc, PhD (University of Georgia)

Assistant Professor of Economics

AHLAM LEE (2015)

BS, MPA, MS, PhD (University of Wisconsin)

Associate Professor of Leadership Studies

MINA LEE (2010)

BA, LL.M., MBA, PhD (Purdue University)

Associate Professor of Management, Entrepreneurship & HR

REGINALD LEE (2018)

BME, MSME, PhD (University of Dayton)

Teaching Professor in Management, Entrepreneurship & HR

MARCIA LENSSES (2016)

BA, MBA, Ph.D. (University of Cincinnati)

Assistant Professor of Management, Entrepreneurship & HR

JOSEPH LEONARD (2015)

BFA, MDIV (Central Baptist Theological Seminary)
Teaching Professor in Music & Theater Program

GARY LEWANDOWSKI (1994)
BS, MS, PhD (University of Wisconsin)
Professor of Computer Science
Associate Provost Strategic Initiatives

ANGELA LIGGETT (2019)
RN, BSN, MSN/APFN, DHA (Capella University)
Teaching Professor in College of Nursing
Director, MSN-Forensic Nursing Track

JUSTIN J. LINK (2008)
BS, MS, PhD (The Ohio State University)
Professor of Physics
Department Chair, Physics

BETSY A. LIST (2015)
BSN, MN, PhD (Walden University)
Teaching Professor in College of Nursing

KELLY LITZ (2022)
AS, AAS, BSN, MSN (Chamberlain College of Nursing)
Teaching Professor in College of Nursing

RICHIE LIU (2020)
BS, MBA, PhD (Washington State University)
Assistant Professor of Marketing

DENNIS D. LONG (2012)
BA, MSW, PhD (University of Cincinnati)
Professor of Social Work
Associate Dean, College of Professional Sciences

JAMES LOVELAND (2014)
BA, MA, PhD (Arizona State University)
Associate Professor of Business Analytics & Information Systems
Program Director, Masters of Science Customer Analytics

KATHERINE LOVELAND (2014)
BA, MPA, PhD (Arizona State University)
Associate Professor of Marketing
Department Chair, Marketing

IRENE B. LUKEN (1991)
BA, MA, PhD (University of Cincinnati)
Associate Professor of Classics & Modern Languages
Program Coordinator, German

MARTIN MADAR (2013)
BA, MA, PhD (Barry University)
Associate Professor of Theology

WILLIAM MADGES (2018)
HAB, MA, PhD (University of Chicago)
Professor of Theology
Department Chair, Theology
Beckman Chair for Jesuit Catholic Theology
Director, Brueggeman Center

ELIZABETH MAFFETONE (2021)
BA, MA, PhD (Indiana University)
Teaching Professor in English

ANAS MALIK (2003)
BA, MA, PhD (Indiana University)
Professor of Political Science
Department Chair, Political Science

PETER MALLOW (2017)
BUP, MCP, PhD (University of Cincinnati)
Associate Professor of Health Services Administration
Director, Health Economic and Clinical Outcomes Research (HECOR)

JOSÉ MARÍA MANTERO (1996)
BA, MA, PhD (University of Georgia)
Professor of Classics & Modern Languages
Program Coordinator, Spanish

BA, MA, PhD (Syracuse University)
Professor of Political Science
Program Director, Public Affairs
Program Director, Urban & Regional Sustainability & Resilience
Director, Take It On Project

LAUREN MARTIN (2022)
BS, MEd (Xavier University)
Teaching Professor in School of Education

MARGARET MARTIN, (1998)
BA, MA (University of Wisconsin)
Senior Teaching Professor in Intensive English Program

M. CHRISTIAN MASTILAK (2007)
BSBA, PhD (Michigan State University)
Associate Professor of Accountancy
Program Director, Master of Science in Accountancy

CELESTE MICHELE MATHERLY (2008)
BSBA, MBA, PhD (University of Alabama)
Associate Professor of Accountancy
Associate Dean, Williams College of Business

NANCY P. MATRE (2000)
BS, PhD (Thomas Jefferson University)
Senior Teaching Professor in Biology

WENDY MAXIAN (2009)
BA, MA, PhD (Texas Tech University)
Associate Professor of Communication

ANNE M. McCARTY (2000)
BA, MA, MFA (Bennington College)
Senior Teaching Professor in English

SARAH J. McGRATH (2015)
RN, MSN (Xavier University)
Teaching Professor in College of Nursing
Assistant Director, Practicum Placement Coordination,
CE Provider Unit Primary Nurse Planner

MOLLIE DAY McINTOSH (2010)
BS, MS, PhD (Michigan State University)
Associate Professor of Biology
Program Director, Applied Biology, Environmental Science, Environmental Studies

AMY McQUATTIE (2016)
RN, BA, MSN (Xavier University)
Teaching Professor in College of Nursing

DUSTIN MEIER (2022)
BA, MA, PhD (The Ohio State University)
Visiting Faculty of History

DAVID C. MENGEL (2003)
BA, MPhil, MA, PhD (University of Notre Dame)
Associate Professor of History
Dean, College of Arts and Sciences

MARCUS MESCHER (2014)
BA, MTS, PhD (Boston College)
Associate Professor of Theology

ANNA MILLER (2010)
BA, MA, MTS, PhD (Harvard University and Radcliffe College)
Associate Professor of Theology
Director, Institute for Spirituality and Social Justice Program and Masters of Art Theology Program

TIMOTHY C. MILLER (2012)
BS, MBA, PhD (University of Kentucky)
Assistant Professor of Accountancy

STEPHEN MILLS (2013)
BS, MA, PhD (University of California: Berkley)
Associate Professor of Chemistry

MADELEINE MITCHELL (1995)
BS, MA (Hunter College)
Senior Teaching Professor in Intensive English Program

HEATHER MOORE (2020)
BSN, MSN, (Lourdes University)
Assistant Professor in College of Nursing

PETER MOORE (2022)
BA, MA, PhD (University of Kentucky)
Visiting Faculty in Philosophy

CLAIRE S. MORRESS (2002)
BS, Med, PhD (Nova Southeastern University)
Senior Teaching Professor in Occupational Therapy

DAVID JONATHAN MORRIS (2014)
BS, MA PhD (The University of Liverpool)
Associate Professor of Physics
Radiation Safety Officer

EULONDIA MORRIS (2012)
BA, MA, PhD (Wright State University)
Associate Professor of Biology

DENA SARA MORTON (2000)
BA, MA, PhD (Johns Hopkins University)
Professor of Mathematics
Associate Dean, College of Arts & Sciences

SUDIPTA MUKHERJEE (2019)
BT, MS, PhD (Virginia Polytechnic Institute)
Assistant Professor of Marketing

MORELL E. MULLINS JR. (2002)
BS, MA, PhD (Michigan State University)
Professor in School of Psychology
Department Chair, School of Psychology

RICHARD J. MULLINS (2004)
BS, PhD (Indiana University)
Professor of Chemistry
Department Chair, Chemistry

KELLY MURESAN (2019)
BSN, MSN (Otterbein University)
Teaching Professor in College of Nursing

ESMERALDA L. NASTASE (2007)
BA, BS, MS, PhD (Emory University)
Professor of Mathematics
Associate Director, Assessment

Program Director, Math

MATTHEW NEATROUR (2010)
BA, MS, PhD (Virginia Tech University)
Teaching Professor in Biology

KAITLIN M. NEWKIRK (2017)
BA, BSBA, MS (University of Cincinnati)
Teaching Professor in Accountancy

LISA A. NIEHAUS (2007)
BSN, MSN (Xavier University)
Senior Teaching Professor in College of Nursing
Coordinator, General Studies

MEGAN NIETO (2019)
BA, PhD (University of Texas, San Antonio)
Teaching Professor in English

KAREN NOEL (2019)
ASN, MSN (Xavier University)
Teaching Professor in College of Nursing

SAJID NOOR (2022)
BBA, MA, DED (New Mexico State University)
Visiting Faculty in Economics

MICH NYAWALO (2020)
BA, MA, MA, PhD (Pennsylvania State University)
Associate Professor of Race, Intersectionality, Gender and Sociology

RHONDA NORMAN (2003)
BA, MA, MEd, EdD (University of Cincinnati)
Associate Professor of Counseling
Department Chair, Counseling

BRYAN OH (2020)
BS, MA, PhD (University of Georgia)
Assistant Professor of Finance

JULIA C. O'HARA (2002)
BS, MA, PhD (Indiana University)
Associate Professor of History

STEPHEN PAUL O'HARA (2004)
BA, MA, PhD (Indiana University)
Associate Professor of History
Director, Private Interests & Public Good Program

ADEKUNLE OKUNOYE (2003)
BS, MSc, PhD (University of Turku, Finland)
Associate Professor of Business Analytics & Information Systems

DOUGLAS OLBERDING (1999)
BA, MA, EdD (University of Kentucky)
Associate Professor of Sport Studies

NIAMH J. O'LEARY (2010)
BA, MA, PhD (The Pennsylvania State University)
Associate Professor of English
Director, First Year Seminar

JOSHUA OLTMANN (2022)
BA, MS, PhD (University of Kentucky)
Assistant Professor of Psychology

JUAN SUAREZ ONTANEDA (2020)
BA, MA, PhD (University of Illinois, Urbana-Champaign, IL)
Assistant Professor of Classics and Modern Languages

CHIOMA ORINGANJE (2022)
BSC, MSC, PhD (University of Arizona)
Teaching Professor in Biology

DANIEL E. OTERO (1989)
BA, MA, PhD (Pennsylvania State University)
Associate Professor of Mathematics

LISA ANN OTTUM (2011)
BA, MA, PhD (Indiana University)
Associate Professor of English

ROGER PARKER (2007)
BS, PhD (The Ohio State University)
Teaching Professor in Chemistry

KRISTIN PARTEE (2021)
AND, BSN, MS (Mount Carmel College of Nursing)
Teaching Professor in College of Nursing

RANDALL PATNODE (1999)
BS, MA, PhD (University of North Carolina, Chapel Hill)
Associate Professor of Communication

WALTKE R. PAULDING (2001)
BS, PhD (University of Florida)
Associate Professor of Biology

JAMES E. PAWLUKIEWICZ (1989)
BA, MS, PhD (University of Kentucky)
Professor of Finance

RACHEL PENDLETON (2022)
BS, MEd (Xavier University)
Teaching Professor in School of Education

KELLY E. PHELPS (2003)
BFA, MFA (University of Kentucky)
Professor of Art

ANGELA PHILLIPS (2019)
AS, BSN, MSN, EdD (Indiana University, Bloomington)
Teaching Professor in College of Nursing
Director, ABSN Program - Columbus

JENNIFER E. PHILLIPS (2018)
BS, MS, PhD (University of Pittsburgh)
Assistant Professor in School of Psychology

VICTORIA PINCIOTTI (2018)
BS, MEd (Xavier University)
Teaching Professor in School of Education

RICHARD F. H. POLT (1992)
BA, MA, PhD (University of Chicago)
Professor of Philosophy
Associate Dean, College of Arts & Sciences

LAURA POWELL (2017)
BA, JD (University of Dayton)
Teaching Professor in Accountancy

LEIGH PRUGH (2019)
BS, MA (Appalachian State University)
Teaching Professor in School of Education
Program Director, Special Education

Alma Mater

Alma Mater Xavier

**Xavier is our family tree,
Rooted in one history.
Nurtured by our legacy,
Xavier's humble pedigree
Branches out to touch the same
God we call by many names,
And aglow in love aflame,
Bear the fruit of Xavier's fame.**

**Fame that no one can impeach
Growing to extend our reach,
Planting fertile seeds in each
Soul and mind we serve and teach.
One community we stand,
Building dreams and hopes with hands
Stretching out across the land
For each woman, child and man.**

*Composed by Dr. Thomas Merrill and Dr. Tyrone Williams
in celebration of Xavier University's 175th anniversary.*
